Another Blizzard Saturday, More Snow This Week, Bitter Cold Paralyze Area

Up to now this winter will go down as the most severe in history.

The snows started shortly after Thanksgiving and have been very frequent ever since. The worst was a blizzard on New Year's Eve which left 14-20 inches more of snow cover over that already on the ground (it will be a long time until we see the ground again with spring a long ways off).

Following the New Year's Eve blast, another blizzard hit last Saturday which added 14 inches more snow. As if this wasn't enough, three more inches of snow fell Monday night and two more Tuesday night and early Wednesday. Our season's total this far is over 60 inches, well over the average of 43.3 inches for the entire winter. And this is with the rest of January, all of February and March still ahead of us.

When it isn't snowing, it's bitter cold. The temperatures dropped to 17-20 degrees below zero Monday and Tuesday mornings. As a result of the persistent cold, there have been only a few days since New Year's Day that the thermometer got above the zero mark. The temperature warmed up to

two degrees below zero Monday for the latest snow.

The snow and cold paralyzed the area, keeping traffic almost at a standstill. Vehicles that were on the road slipped and skidded, got stuck in the snow, and were involved in numerous minor accidents. Cars wouldn't start from the cold. Most events were cancelled. Winds of 25-30 miles per hour Sunday piled the snow into mountains. Kewaskum schools were closed on Monday and again on Wednesday when there was much drifting. Some rural roads still weren't plowed out Wednesday and on others there was just one lane of traffic.

County and village crews worked night and day clearing the highways and streets and hauling away the snow. There is just no place left to go with the white stuff.

Milwaukee and Chicago got even more snow, were in much worse shape and were declared disaster areas.

The weather, like a broken record, is getting awfully monotonous. The only cheerful news at this writing is that it will be warmer Thursday.

If you are one of our lucky readers in the South — stay there!

May Establish Nutritional Meal Program for Elderly in Kewaskum

There is a possibility of establishing a nutritional meal program here in Kewaskum. The program is sponsored by the WOW Tri-County Nutrition Program which includes other mealsites in Washington, Ozaukee and Waukesha Counties. This program is for people age 60 and over and their spouses.

Well-balanced meals planned by a registered dietician are served daily (Monday through Friday) at 12:00 noon. The meals are prepared by the Ace Foods, Inc., Milwaukee. An example of a typical meal is shown below:

- Oven Fried Chicken
- Cranberry Sauce
- Baked Potato
- Buttered Sliced Carrots
- Rolls and Butter
- Chocolate Pudding with Whipped Topping
- ½ pint 2% Milk
- Coffee

The cost of the meal is \$1.58, and participants donate what-

ever they can afford or whatever they feel that the meal is worth. Reservations must be made by 2:00 p.m. the day before you plan to attend. Volunteers are a necessary part of the program to help things run smoothly. There are many different activities and programs offered at the mealsites. For example, Bingo, sing-a-longs, fitness programs, birthday parties and any others your group might happen to be interested in.

THIS PROGRAM IS FOR ANYONE AGE 60 AND OVER AND THEIR SPOUSES WHO WOULD LIKE A HOT, NUTRITIONAL MEAL AND GOOD FRIENDS TO ENJOY IT WITH!

If you are interested in this program, please show your support with your signature below and how many times a week you feel you might attend. For more information, contact Katherine Rath, Director, WOW Tri-County Nutrition Program at 334-3491 ext. 288.

Sensenbrenner Announces \$1.9 Million In Aids to District Municipalities

WASHINGTON — Congressman Jim Sensenbrenner (R-Ninth District) Friday announced the distribution of \$1.9 million in federal revenue sharing payments this week to local governments in the Ninth District.

"These funds help keep property taxes down by picking up part of the costs of local services," Sensenbrenner observed. "I am happy to report that with these latest payments, local governments in the Ninth District have received \$43.4 million under this program, which has meant a direct savings to the property taxpayer," he continued.

The latest payments are part of a \$1.7 billion nationwide distribution of FRS monies.

Over \$43.7 billion has been paid to local governments in the U.S. since the program began in 1972. The Federal Revenue Sharing program was created that year to provide funds badly needed by local governments with no strings attached, so they would have complete flexibility in using them to meet local needs.

Sensenbrenner noted that the FRS program is scheduled to expire on September 30, 1980. "This program has provided significant property tax relief, so I will support its continuance beyond 1980," Sensenbrenner pledged.

The amounts of the latest payments and the totals received since 1972 for area municipalities follow:

 TIP**

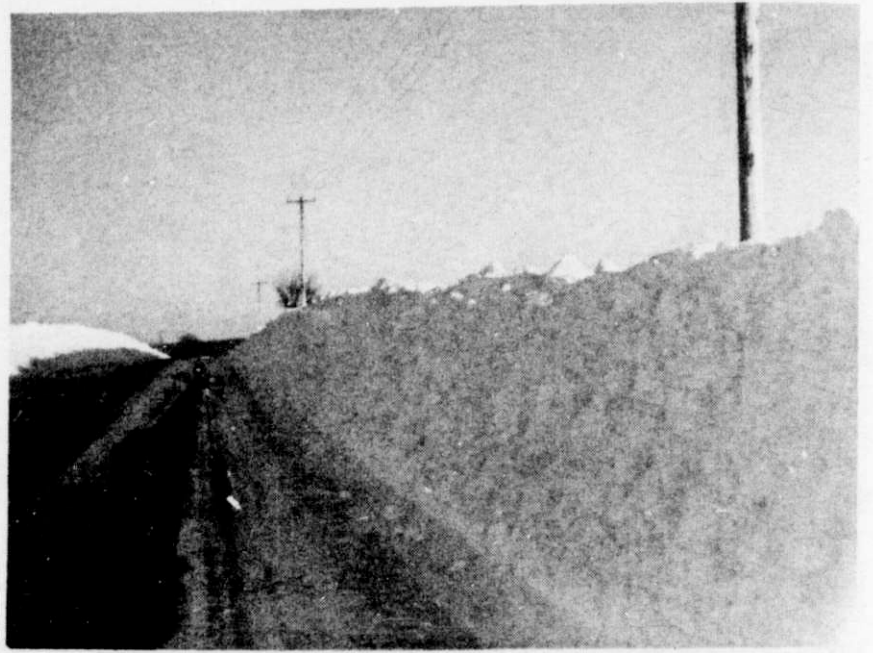

from
 John
 Boray, R.P.H.

Use soft water for washing, but use hard water for drinking and cooking. Hard water has a lot of calcium and magnesium in it—bad for washing, but most essential for a healthy heart. A Ph.D study in Ontario shows a strong correlation between the rate of heart attacks and the degree of calcium, and especially magnesium, in the drinking water. A household water softener should be used only for washing water—not drinking water.

MPTI Offers Legal Rights of Women

How much do you know about your legal rights and responsibilities?

For example, do you believe that if a wife owns property jointly with her husband she can save taxes at his death? Or do you really think that if you buy a product under warranty and it becomes defective, you can insist upon replacement while it is under warranty? And is it true that if the Equal Rights Amendment is ratified that women would be forced to serve in combat duty.

If you want answers to these and other legal questions, be sure to register for Legal Rights of Women, offered through MPTI's Women's Center and taught by Elaine Shanebrook. The course runs from Thursday, February 1-February 22 from 7:00-9:40 p.m. in West Bend and Tuesday, March 6 - March 27 in Hartford. It is geared to women and men who want more information on Estate planning and wills, consumer law, family law and sex discrimination. The class is run on an informal basis with plenty of time for questions and discussion. Ms. Shanebrook is an attorney with Schloemer, Schlaefler and Alderson Law Firm in West Bend, and well known for her dynamic and down to earth teaching approach. She has taught Legal Rights of Women on four previous occasions through the Women's Center.

Participants must register in

person preferably by January 26 at MPTI, 2151 N. Main Street, West Bend, for the class offered in West Bend; to register for the Hartford class call 673-4250. Cost for the four week class is \$4.70.

MPTI's Women's Center is a program of the Community Services Division.

Samaritan Home Employees Recognized; \$8,138 Donated to Bus, Whirlpool Funds

Samaritan Home employees who have dedicated 5, 10 and 15 years to the residents received special recognition recently at the employee Christmas party.

Certificates of appreciation and beautifully engraved plaques were awarded to eleven five-year employees, three ten-year employees, and one fifteen-year employee. Certificates were also given to employees who completed a four week course in Problem Oriented Medical Record Charting, a system geared to provide continued quality care for the residents.

In addition to employee recognition, employee fellowship and hearty eating, the Christmas party was an excellent opportunity for the various fund raising groups to donate a total of \$8,138.74 to the Bus and

Whirlpool funds. The Samaritan Home Auxiliary fund raising efforts allowed them to donate \$2,500 to the Bus Fund. All the hard work extended by the members of the employee softball tournament committee paid off as \$1,638.74 was donated to the Bus Fund. The employee cookbook committee turned over \$1,000 to the Bus Fund and the employee Whirlpool committee was pleased to be able to donate \$3,000 to the Whirlpool Fund.

It is only with the generous help of concerned citizens, employees and volunteers that the Bus Fund and Whirlpool goals will be met. To date we have \$10,000 in the Bus Fund with a goal of \$16,500, while the Whirlpool Fund presently has \$3,000 with a goal of about \$3,800.

'Survival Skills For Living Alone' Offered at MPTI

The prospect of living alone... living on one's own...hits people hard, with panic, relief, confusion, anger, joy, and any number of other emotions depending, of course, upon the circumstances which are responsible for that status.

Regardless of circumstances, however, many of us who are on our own want to learn skills to help us live comfortably and productively.

"Survival Skills for Living Alone," an eight week course offered by MPTI's Women's Center will focus on many practical and personal skills women and men can develop in order to live successfully in a very couple-oriented society. The course will run from February 5 - March 26, 7-9:40 p.m. in West Bend. Gail Johnson, Psychiatric Social Worker at the Mental Health Center, will teach the course and cover topics ranging from "Becoming an Autonomous Person," to "Effecting Change," "Single Parenting," and "Relationships," and rely on guest speakers to deal with topics such as career planning, financial concerns, legal rights and home and car maintenance. Participants will help to determine the emphasis of the course, and the time spent on each topic. The course will provide not only practical information, but also an oppor-

tunity for people to meet others who are in similar situations or who have been through similar experiences.

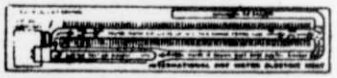

Class enrollment may be limited, so register early by calling 334-3413.

For more information call Mary Thompson at 334-3413. MPTI's Women's Center is a service of the Community Services Division of Moraine Park Technical Institute. Women and men are encouraged to enroll in the class.

Wisconsin Propane Dealers Favor Elimination of Sales Tax on Heating Fuel

Wisconsin propane dealers want the State of Wisconsin to eliminate sales tax on home heating fuels. In action taken during the recent Wisconsin LP Gas Association annual meeting in Stevens Point, a resolution requesting residential heating customers be exempt from paying the 4% retail sales tax on needed fuels was approved unanimously.

Association President, Bob

Losselyong, Appleton, says the LP gas dealers contend that because of the spiraling cost of all fuels, the sales tax based on percentage of dollar sales, creates a windfall of tax dollars unfair for consumers. Its elimination would help ease some financial pressure on thousands of rural Wisconsin families. Losselyong went on to say a telegram stating their request has been sent to Governor Lee Dreyfus.

It contains all sorts of information that can be extremely helpful no matter what you're shopping for.

Like, does the place take credit cards?

What are their hours? Etc. Etc. Etc.

Maybe that's why more people read the Yellow Pages last year than just about any book published.

Minutes of Village Board Meeting

Regular Meeting
January 2, 1979
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building.

President Charles F. Miller presided. Trustee Herriges had asked to be excused and was absent. All other Trustee Members were present.

The minutes of the meetings of December 18 and December 20 were approved as printed. Motion by Trustee D. Nigh, seconded by Trustee Mlodzik. Voice vote was unanimous.

Supt. Albers suggested that the Board consider the possible replacement of the station wagon at the waste water treatment plant.

The Kewaskum Police Association contract for 1979 was approved and ordered placed on file in the Commissioner's office to be open for public inspection during regular office hours. Motion by Trustee Danielsen, seconded by Trustee Mlodzik. Roll call vote - 6 "Aye" 0 "Nay"

Trustee Mlodzik reported that, since the proposals for the replacement of the boiler in the

Motion was made by Trustee Mlodzik that the proposals be rejected and that the Commissioner be authorized to advertise for new bids based upon specific specifications. The motion was seconded by Trustee Danielsen. Voice vote was unanimous.

Trustee Schmidt reported that the Park Committee has scheduled a meeting with the engineering consultant and one of the contractors with reference to the Kewaskum Kiwanis Community Park project. The meeting is scheduled for 7:00 p.m. January 8 in the Council Room of the Municipal Building.

Trustee Mlodzik volunteered to check into the possibility of obtaining a certified building inspector.

The totals of all claims, as recommended for payment by the Finance Committee, were as follows:

Village Gen. Fund	\$29,544.52
Water Dept. Fund	16,655.89
Sew. Dept. Fund	23,593.28

THANK YOU

Although our hearts are empty now,
We know we must go on somehow.
We pray our God in Heaven above
Will fill us with his gifts of love.
The kindness shown by people here
Makes us feel that help is near.
Thank you seems so small to say
But they are the words I use each day.
When telling God how wonderful it is
To live out here with people like this.
So thank you all for your comfort and prayers
Thank you all for being there.
To lighten our load of grief and sorrow,
Thank you for a brighter tomorrow.

Snowmobilers Brave Blizzard to Push MS Ride Saturday

In spite of the blizzard conditions that enveloped South-eastern Wisconsin January 13, area snowmobilers conducted a short celebrity ride to recognize and promote the forthcoming annual "Snowmobilers for MS" State-wide Ride which will benefit, for the fifth consecutive year, the Southeastern Wisconsin Chapter of the National Multiple Sclerosis Society.

Several media personalities, along with Milwaukee Brewer Pitchers Mike Caldwell and Lary Sorensen were unable to participate due to the prohibitive travel conditions, but other media representatives, including the WOKY Chicken, gave enthusiastic support to those hardy members of the Jackson Moonlighters and Crooked Trails Clubs who negotiated the five mile long ride along Washington county trails, near the town of Jackson. Heidelberg's Restaurant served as the rendezvous site and reception center for the day's activities.

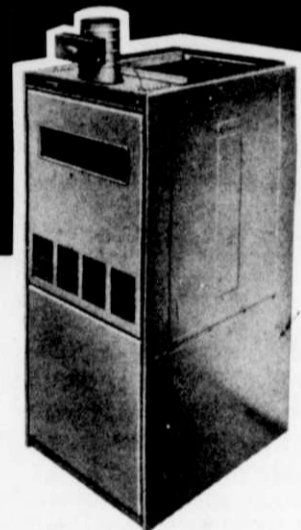

The event was held as out-

lined by Co-Chairmen Ronald Dheim and John Gonzalez of Jackson, to draw community attention to multiple sclerosis and to 30 area snowmobile clubs participating in the aforementioned State-wide Ride, scheduled for January 28th throughout southeastern Wisconsin. Club members from throughout the area raised in excess of \$32,000 for MS last year by conducting trail rides previous to which they solicited monetary pledges for each mile traveled; this year's goal is \$35,000.

According to MS Chapter Trustee and volunteer snowmobile program Chairman Thomas Hinchliffe of Campbellsport, funds raised by this activity are used for internationally coordinated research programs and for local patient services.

Sub Comes Off Bench to Key Germantown Win Over Indians

Germantown's 6-1 reserve guard, Ron Kiebert, came off the bench late in the third quarter, just before Kewaskum's Tom Kern fouled out, and that was all the Warhawks needed to defeat the Indians, 75-61, at Germantown. The Indians are now 1-5.

Kiebert scored 12 points after Kern had scored 12 points and grabbed nine rebounds for Kewaskum. Once Kern was gone, it was no contest.

The Warhawks were in foul trouble in the third period with ace Jerry Vance being charged with his fourth personal, and Jesse Heier and Gary Heilman already having three apiece.

Enter Kiebert, who helped wipe out a five-point deficit. His two free throws helped put Germantown out in front for good, 46-45, after the Indians had led for most of the quarter. Kiebert added two baskets and at the end of the quarter it was 54-51.

The Warhawks pulled away with a 21 point outburst in the last stanza, but the victory was not decided until the closing minutes. Germantown took advantage of some cold shooting by the Indians in the last period, in which they outscored them, 21-10.

Kewaskum missed numerous shots in the closing minutes which would have made the contest closer. It didn't compare to their good shooting in their first and third quarters.

Bob Nigh led the Indians with 16 points, many of them from long range. Henry Schilter chipped in 14, 10 of them in the first half. Junior Mike Franco-uccini paced the Warhawks with 15 points and 16 rebounds. Vance and Heier contributed 14

each. Another sub, Chris Matheus, did a good job for the winners.

The win moved Germantown into third place (4-2).

This Friday Kewaskum hosts Kettle Moraine (3-3) and next Tuesday starts the second half of the season with Mayville's unbeaten leaders (6-0) coming here.

FRESHMEN WIN, JV's LOSE AT GERMANTOWN

The Kewaskum freshmen won at Germantown Friday, 35-25, for their third victory against two setbacks.

The young Indians' press was effective and Pete Wiedmeyer did a good job on the boards as well as leading the scoring with 10 points. Dale Wadsadelak added nine.

A total of 133 points were scored in the JV contest with Germantown winning, 74-59. Kewaskum trailed by only five at halftime, 37-32, but scored only seven points in the third quarter to fall behind.

Brian Larsen won scoring honors for Kewaskum with 19 points, followed by Jim Rohlinger and Perry Kempf with 15 and 14. For Germantown Dave Doering scored 25 points, his season's high.

Brewers' Top Pitcher, Mike Caldwell, to Appear at Sports Night Here

MIKE CALDWELL

PITCHER

MILWAUKEE BREWERS

The Kewaskum Area Chamber of Commerce will again be sponsoring Milwaukee Brewers Player Night on Monday, January 29, at the high school.

The Brewers will be sending two of their players to Kewaskum on that night to meet with interested fans and answer questions regarding next year's outlook.

The players appearing will be the Brewers' two winningest pitchers, aces Mike Caldwell and Lary Sorensen.

A short baseball film will be shown and a booklet, "What's Brewing?" will be passed out and autographed by the players.

Plan now to attend both the Player Night on January 29 and Kewaskum Night at County Stadium on May 31, also sponsored by the Chamber, when the Brewers will play the World Champion New York Yankees.

If not for the sensational season that Ron Guidry of the New York Yankees had, Mike

Caldwell would have been the top pitcher in the American League in 1978. He had a 22-9 record, the second highest victory total in the league, and he finished third in the league in innings pitched (293.1) and ERA (2.36). He tied for second in the league with 6 shutouts, one of four team records he set in 1978. He broke Brewer season records with 22 wins and 23 complete games, the latter the top total in the American League this year. And he set records for the lowest ERA (2.36) and the most wins in a row (7) to firmly etch his name in the Brewer record books.

Twice named the American League Player of the Week, three times named Brewer Player of the Month and once runnerup for the American League Player of the Month, Caldwell was one of the key players in the Brewers success formula in 1978. An arm injury to Moose Haas moved Mike into the starting rotation on April 22,

He won 11 of 13 decisions from May 24 through August 2 and he became the first pitcher since 1964 to shutout the New York Yankees three times in one season.

Acquired from the Cincinnati Reds on June 15, 1977 for two minor league players, the Brewers were Caldwell's fifth team in the majors, following stints with San Diego, San Francisco, St. Louis and the Reds. His previous best season was a 14-5 record and a 2.95 ERA while with the Giants in 1974. He had surgery to remove a traction bone spur from his left elbow in October of '74.

Mike attended North Carolina State University where he still holds the team record for wins in a season (9) and a career (32) and for most complete games in a season and a career. He was 9-0 his senior year and was named the conference MVP. Mike and his wife Lynda reside in Grafton, Wisconsin.

Girls Win Two In Succession

Good bench help and defense added up to a win for the Kewaskum girls basketball team over Germantown here last Tuesday night, 34-32.

Coach Mike Theiler played all ten of his girls in each quarter and they were fresh in the last period when they were needed. Soph Ann Stoffel fouled out and her ball handling was missed.

Germantown rallied in the closing minute or two to cut Kewaskum's lead from seven down to two points. With the score 34-32, Germantown's Kris Kuells missed a shot with seconds remaining and the Indians' Diane Bremser hauled down the rebound to save the game.

Yvonne Schacht led Kewaskum with 15 points, seven of them in the last quarter. Kuells paced Germantown with 11.

On Friday night the KHS girls defeated Kettle Moraine, 48-40, with a 20-point final quarter, even though they were without their top scorer, Schacht.

The Indians trailed by four at the intermission but with more hustle in the third quarter they tied it up. Then came the 20-point winning outburst. Kewaskum held Kettle to one basket in the third quarter.

Janet Matenaer led Kewaskum with 16 points and Sue Russell contributed 10, eight of them in the final period. Bremser scored eight points and had nine rebounds.
