Number 5

NIGH AND BEISBIER NEW OWNERS

Kewaskum Frozen Foods Changes Hands

In a recent transaction, Mr. and Mrs. Greg Nigh have sold their interest in Kewaskum Frozen Foods to David Nigh and Robert Beisbier. David is Greg's brother and has been employed at Kewaskum Frozen Foods since June of 1959. Robert, a son-in-law, has been employed since June, 1961.

Kewaskum Frozen Foods was opened for business in November, 1941, by the late Sylvester Harter with one employee, Walter Schmidt, who is still employed at the plant. Over the years there has been a steady growth requiring four additions to the facility, those being added in 1962, 1966, 1973 and 1976. The plant now employs 20 people and is considered one of the finest small meat processing plants in the state today.

Greg and Anna are well known in the meat processing circles throughout the state. Greg has served on the board of directors of the Wisconsin Association of Meat Processors for 17 years, four of them as President. In January, 1970 a seven page picture story of the plant appeared in the national Meat Processor magazine.

Greg and Anna will continue to work on a limited basis for the new owners, hoping to spend a great deal of their time

on their farm in the Town of Auburn.

Mr. and Mrs. Nigh wish to thank all their customers for the patronage shown them through the years and hope they will give the new owners their support.

MODERN WOODMEN CAMP ACTIVITY FRIDAY

The Modern Woodmen of America Camp 2233 is having a January Thaw and Installation activity on Friday evening, January 26 at 7:45 p.m. at the Labor Center Hall, Kewaskum. Members and their families are invited to attend.

A luncheon and beverages will be served by the camp. Cards and games will be played and drawings held for door prizes. Call 626-2438 or 5338500 for more information.

FIREMEN CALLED TO LaFLEUR HOME

The Kewaskum Fire Department was called out during the snowstorm Tuesday evening at about 5:40 p.m. to the Richard LaFleur home at 224 Forest Avenue. Apparently a furnace backfired and blew open the furnace door, cracking the door. There was no fire damage.

An Open Letter to the Village of Kewaskum Dept. of Public Works

Dear Sirs:

On behalf of the Kewaskum Area Chamber of Commerce, I would like to publicly thank the Village Department of Public Works for your efforts in removing the snow from village streets. The amount of snow we have received this winter would bring many communities to a standstill. Kewaskum, however, has barely even slowed down, and the thanks for that has to go to the village workers, who worked a lot of long hours clearing the village streets.

Thank you for your tremendous effort; the business community, and village as a whole, appreciate it greatly.

Sincerely,

Dan Filzen, President
Kewaskum Area Chamber of Commerce

SNOW REPORT

Another Blizzard

Still another blizzard socked this area Tuesday and Wednesday of this week. Just what we needed! Is there no end? Where should we put it?

An all day snowfall Tuesday which continued through the night and up until Wednesday afternoon added another 6-10 inches to the accumulation of more than record levels of 30 inches on the level on the ground plus mountainous drifts as high as 15 to 20 feet in places.

As though this wasn't enough, 20 to 35 mile-an-hour winds developed during the night, causing extreme blowing and drifting and tying up traffic again. Town roads were drifted shut, county highways were poor to fair, and state highways were open but hazardous. Schools were closed again, the second and third shifts at Regal Ware were cancelled, basketball games were called off and most other social events and functions cancelled.

The snow finally stopped Wednesday afternoon but the winds and drifting continued for hours after. County and village crews were again kept busy day and night. The prediction was for increasingly cold Wednesday night with temperatures dropping to 0-10 below by morning Thursday.

This week's storm wasn't the only snow of the past week. We had precipitation every day but Monday, when it was only cloudy all day. Last Thursday-Snow flurries and below zero in the morning; Friday - About four inches of snow, 15-20 mile-an-hour winds, much blowing and drifting, no school or basketball, Regal Ware second shift shut down and numerous cancellations, etc. Saturday - Rain, freezing drizzle and fog; Sunday - Snow flurries (fortunately we missed another heavy snow that was forecast for the weekend but which missed us); Monday - Cloudy; Tuesday and Wednesday - Blizzard.

The total snowfall for the

Brewer Night Reminder

The Kewaskum Area Chamber of Commerce reminds all interested people that this coming Monday, January 29, is the date for Brewer Night.

Mike Caldwell and Lary Sorensen, the two winningest pitchers on the Milwaukee Brewers pitching staff, will be in the Kewaskum High School cafeteria from 7:00 p.m. to 9:00

p.m.

This will be an excellent opportunity for any local baseball fans to meet and talk baseball with two major league stars. The players will answer any questions, and autograph copies of the What's Brewing booklet following the showing of a short film.

Admission is free.

SNOW EMERGENCY DECLARATION

WHEREAS, the Village of Kewaskum has received an unprecedented amount of snowfall, and

WHEREAS, as the result of the snow accumulation of the last few weeks, parked cars have hampered snow removal crews from doing an adequate job and further has hampered the refuse crews from expediting their job and further does greatly hinder and hamper the Fire Department in carrying out their task in fire protection, ambulance and rescue service

WHEREAS, there seems to be no let up in the type of severe weather we have been experiencing

NOW, LET IT BE KNOWN that I, Charles F. Miller, President of the Village of Kewaskum, Wisconsin, do hereby declare a snow emergency to be effective as of 9 A.M. January 19, 1979 and continue until the end of January or until further notice

LET IT BE KNOWN That this declaration directs the Police Department to remove all illegally parked cars, ticket them and make the owners responsible for towing charges

LET IT BE KNOWN that ALL CITY STREETS between the hours of 1 A.M. and 7 A.M. be devoid of all parked or abandoned vehicles and the Police Department has been ordered that any vehicles so illegally parked shall be ticketed and removed

LET IT BE KNOWN that Individuals and Contractors who plow or blow snow onto City Right of Way will be subject to a maximum fine of \$200.00 per violation

AS PRESIDENT OF THE VILLAGE OF KEWASKUM, I urge all residents to have patience with village crews and to assist the fire department with shoveling out fire hydrants nearest you

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the seal of the Village of Kewaskum, Wisconsin at 9 A.M. this nineteenth day of January 1979.

Charles F. Miller
Village President

season to date is 71.45 inches, compared to the average all season fall in this area of 43.3 inches.

And here's the bad news! Another snowstorm is predicted on the way, possibly by Saturday.

DITCHED - An eastbound semi-truck and trailer owned by Byrd Trucking of Alabama ran into the ditch on Highway 28, one and one-half miles east of Kewaskum at about 2:00 p.m. last Thursday. It was reported the semi was eastbound on 28 when it was being tailgated by a car. The truck driver pulled off the road onto what he believed was the shoulder to let the car pass and landed in the ditch in a snowbank. Two wreckers from the Burg Wrecking Service of Slinger succeeded in towing the truck out.

News Of Nutrition

by ANN CROWLEY R.D., Ph.D.

A LITTLE DAB WILL DO YOU

One of the facts of life is that almost all food contains calories. Calories are a measurement of energy the body gets from food. What has happened in our society is that we tend to use less energy, but have not reduced our food calorie intake.

Nearly half the adult population is overweight. The answer to the problem sounds so easy: just eat fewer calories than your body is burning in energy. The actual doing is much more difficult because we have developed eating patterns and food preferences. Here are some ideas on losing weight without making radical changes in your lifestyle.

1. Take smaller servings of food, and never take second helpings.
2. Cut down or eliminate butter or margarine on bread. Eat fewer fried foods. Fats have twice as many calories as protein or carbohydrates.
3. Use lemon juice on salads instead of salad dressings.
4. Avoid gravies and sauces.
5. Drink non-fat milk in place of whole milk.
6. Don't add sugar or cream to your foods.
7. Stay away from high-calorie snack foods; switch to vegetables for snacks.
8. Eat slowly; take small bites at a time.

I hope some of these suggestions will help you to achieve and maintain a normal weight.

Please send any comments, questions or recipe suggestions to Ann Crowley, c/o The S. C. Shannon Company, P.O. Box 2395, Appleton, WI 54913

TV 6's Tom Hooper Full Agenda To Present Jr. At School Women's Program Board Meeting

"I'll Quit Tomorrow" — a film discussing alcoholism — was viewed by the Kewaskum Junior Woman's Club at the January meeting. Alcoholism is only successfully treated if it involves the entire family. The main problem lies in the fact that alcoholism usually isn't recognized until seven to fifteen years after it has reached the critical stage and untreated alcoholism results in death.

Three new members were installed at the January meeting. They are Kris Becker, Kathi Stephani and Mary Kay Mitchell. Welcome to all of them.

Committee plans for the month include donating four children's books to the Kewaskum Public Library by the Education Committee. The Public Affairs Committee is investigating the possibility of developing a "Meals on Wheels" program in Kewaskum.

The February 8 meeting at the Peace Church will start with refreshments at 7:00 p.m. and pot luck supper at 7:30 p.m. Special guests of the evening will be the husbands and boy friends of club members. Tom Hooper of Channel 6-TV will present the program.

The Kewaskum Board of Education will meet on Monday, January 29, 1979. Beginning at 8 p.m., the meeting will be held in the central administration offices.

Agenda items will include a health insurance question, payroll and vouchers payable, action on student admission policies, sales of cars used for training in auto mechanics classes, disposing of an old book-keeping machine, tuition and transportation for a special education student, some busing questions, purchase of a typewriter, selling the cub tractor, issuing of a diploma, summer school programs, an assurance of compliance with federal law, and miscellaneous items as provided by law. Conference re-alignment will also be discussed.

A closed session dealing with staff evaluation will be held in closed session following the regular meeting.

MARRIAGE LICENSE

Guy Douglas Posthuma, Route 1, Campbellsport, and Donna Jean Crook, 184 N. Lincoln Avenue, Fond du Lac.

KHS Presents Play at Woman's Club Dinner

Directed by George Allmann, eight girls from Kewaskum High School presented a one-act comedy satirizing a ladies' club meeting for the members and husbands of the Kewaskum Woman's Club on January 20.

Members of the cast were Kelly and Tracy Coulter, Debbie Allmann, Laurie Lemke, Laurie Kougl, Lisa Taylor, Julie Dettman and Renee Slegler.

The occasion for the program was the 66th annual Founder's Day Dinner held at Hon-E-Kor Country Club. Mrs. Walter Bade, President, greeted the guests and introduced the program. Approximately 40 people attended and enjoyed the dinner and program.

Arrangements were made by Mrs. Charles Miller and Mrs. Donald Koerble.

The February meeting will be held at the Peace Church on Saturday, February 10, at 2:00 p.m. Roger Rief, naturalist, will be the speaker.

When an elephant walks, he sets his hind feet down in the track left by his front feet!

Karoses - Kaehne

Mr. and Mrs. Joseph Karoses, 338 First Street, Kewaskum, are proud to announce the Christmas Eve engagement of their daughter, Janis Jean, to Kenneth Lee Kaehne, son of Mr. and Mrs. Bernard Kaehne, Route 2, Kewaskum.

Janis will be a 1979 graduate of Kewaskum High School. Ken is a 1976 graduate of Kewaskum High School and is employed at Weasler Engineering.

There are no immediate wedding plans.

In the Service

Navy Electronics Technician Third Class Matthew L. Kuciauskas, son of Alexander M. and Gloria Kuciauskas of Route 2, Box 90, Campbellsport, has completed the Basic Electrician's Mate Course.

During the self-paced course at the Service School Command, Naval Training Center, Great Lakes, Ill., the students received instruction on electrical theory and studied the operating principles of the batteries, generators, motors, and transformers used aboard ships and at shore installations. The course was designed to provide a thorough understanding of the operation, maintenance, and repair of electrical systems.

A 1976 graduate of Campbellsport High School, he joined the Navy in March 1977.

Pvt. Patricia R. Beisbier, daughter of Mr. and Mrs. Cornelius Beisbier, 1089 Fond du Lac Avenue, Kewaskum, recently was assigned as a military policewoman with the 385th Military Police Battalion in Augsburg, Germany.

She entered the Army in July 1978.

The private is a 1978 graduate of Kewaskum High School.

Matthew J. Stefanovic, son of Mr. and Mrs. Richard Stefanovic of 9139 Forestview Drive, Kewaskum, has been promoted to senior airman in the U.S. Air Force.

Airman Stefanovic, an aircraft maintenance specialist, is assigned at Langley AFB, Va., with a unit of the Tactical Air Command.

The airman is a 1976 graduate of Washington High School, Germantown.

Eagles mate for life and return to the same nest every year.

Receive Degrees At UW-La Crosse

Faye R. Ebersold, a senior majoring in physical therapy, of Route 2, Box 548, Campbellsport, and Susan K. Schanen, a senior majoring in psychology, of 131 Mill St., Campbellsport, were among the 501 candidates to receive degrees at the 14th annual midyear commencement ceremonies Friday, December 15, at the University of Wisconsin-La Crosse. The 4 p.m. program was held in Mitchell Hall.

A total of 457 undergraduate and 44 graduate degrees were conferred by Chancellor Kenneth E. Lindner. Seventy-five were honored in the College of Education, 161 in the School of

Health, Physical Education and Recreation, 111 in the College of Arts, Letters and Sciences, 79 in the School of Business and 31 in the School of Health and Human Services.

A reception for graduates and their guests was held in Ishnala Cartwright Center following the commencement.

To Show Slide On 'Japan Today'

"Japan Today" will be the subject of a slide presentation sponsored by the Washington County Environmental Council. All interested citizens and their families are invited to attend. It will be held at 8 p.m. January 30 at the Marine Bank on the corner of 8th Avenue and Washington in West Bend.

Roger E. Sacia, a West Bend native, and his wife, Japanese

born, Nobumi, will give the commentary. Sacia was stationed in Sasebo, Japan, for 3½ years while a naval officer in charge of explosive ordinance disposal detachment. He took the slides while in Japan. The pictures include national shrines and monuments, and everyday life in Japan's cities and country. Mrs. Sacia will describe home life in Japan.

A short business meeting will be held at 7:45 p.m.

NOTICE OF ANNUAL MEETING

The annual meeting of the Senior Citizens Activities Inc. of Washington County will be held on Tuesday, January 30, at 2:00 p.m. at the Immanuel Church Annex, at the corner of Sixth and Walnut in the city of West Bend.

Campus Notes

Pamela J. Groeschel, a senior majoring in physical therapy, of 241 Clinton St., Kewaskum, and Debra A. Strack, a senior majoring in recreation therapy, of 1243 Meadow Lane, Kewaskum, have been named to the Dean's List of the University of Wisconsin-La Crosse for the first semester of the 1978-79 academic year.

Qualification for the Dean's List is based on outstanding academic achievement.

Lynn M. Theusch, 9060 Hwy. 144, Kewaskum, is on the All-School Party Committee for Sno-Din, the annual winter carnival which runs January 28-February 1, at the University of Wisconsin-Platteville.

She is majoring in criminal justice.

TIPS ON CUTTING HEATING COSTS
(Third in a series on energy saving)

Clarence L. Butzke, Norma Hansen Pass On

Clarence L. Butzke, 69, of 606 15N Marr St., Fond du Lac, formerly of Campbellsport, passed away Wednesday, January 17 at St. Agnes Hospital, Fond du Lac, where he had been a patient for one day.

Mr. Butzke was born December 15, 1909 in the Town of Auburn to the late Herman and Emma Hinn Butzke.

Before moving to Fond du Lac, Mr. Butzke was Superintendent of Public Works and City Engineer for the Village of Campbellsport.

Survivors include three children, Mrs. Erwin (Alice) Lawrence of Random Lake, Mrs. Kenneth (Doris) Schwartz of Campbellsport and Mrs. Alan (Phyllis) Rajek, also of Campbellsport. He is further survived by 13 grandchildren; eight great-grandchildren; two brothers, Alvin and Marvin, both of the Campbellsport area; other relatives and friends.

Visitation at Miller's Funeral Home, Kewaskum, was Friday, January 19, from 4 p.m. to 8:30 p.m., when services were conducted at the funeral home by Pastor Arthur Haupt of St. John's Lutheran Church, New Fane. Burial was Saturday, January 20, in St. John's Lutheran Cemetery, New Fane.

NORMA E. HANSEN

Norma E. Hansen, nee Koerble, 79, of West Bend, died Friday, January 19, at the Samaritan Home.

She was born April 18, 1899, in Kewaskum, and married Arnold Hansen in Kewaskum on December 27, 1919. He passed away in February of 1946.

Survivors include three children, Gene (Juanita) of West Bend, James of Milwaukee and Phyllis (Donald) Breaker of Neenah; nine grandchildren; and other relatives and friends.

She was predeceased by one sister and two brothers.

She was a member of Trinity Lutheran Church of West Bend.

Funeral services were held Monday at 8 p.m. at the Techtman-Myrhum Funeral Home, West Bend. Rev. Victor Hackbarth officiated and burial was in Washington County Memorial Park.

Visitation at the funeral home was after 4 p.m. Monday until time of services.

MRS. META STOLL

Mrs. Meta Stoll, 81, of Elmore, died Tuesday, January 16. She was dead on arrival at St. Agnes Hospital, Fond du Lac.

She was born September 8, 1897, at Kewaskum, a daughter of the late Henry and Benna

Rauch Rathmann. She was married to Louis Windler in June of 1916 at Milwaukee, and he died in April of 1927. On October 5, 1929, she was married to Fred Stoll, and he died July 21, 1966.

Mrs. Stoll was a member of Campbellsport United Church of Christ and the Campbellsport Senior Citizens.

Survivors include three daughters, Mrs. Elmer (Mildred) Feuerhammer, Mrs. Lester (Florence) Hammen and Mrs. Henry (Betty) Straub, all of Campbellsport; seven grandchildren; 10 great-grandchildren; a great-great-grandchild; and a sister, Mrs. Alex (Esther) Becker of West Bend. Two brothers and a sister preceded her in death.

Funeral services were held at 2 p.m. Saturday at Campbellsport United Church of Christ. The Rev. Carl Jensen officiated and burial was in Elmore Cemetery.

Friends of Mrs. Stoll called after 4 p.m. Friday at Twohig Funeral Home, Campbellsport, and at the church from noon Saturday until the time of services.

HARRY H. FIERKE

Harry H. Fierke, Milwaukee, passed away Sunday, January 21, at the age of 79 years.

He is survived by two sons, Vernon J. (Audrey) Fierke of Kewaskum and Frederick Fierke; one grandson, Michael (Sharon) Fierke of Kewaskum; two great-grandchildren; other relatives and friends.

His wife Esther preceded him in death.

Services were held Thursday at 10:30 a.m. from the Schmidt and Bartelt, Eugene Weind Assoc. Funeral Home, 5050 W. Vliet St., Milwaukee, to St. Thomas Aquinas Church at 11 a.m. for Mass of Christian Burial. Interment was in Valhalla Cemetery.

Friends called at the funeral home Wednesday from 4 to 8 p.m. with vigil service at 6:30 p.m.

Births

BUNKELMAN — A son to Larry and Janice Bunkelman, Kewaskum, Friday, January 19.

ZEHREN — A daughter, Stephany Ann, to Mr. and Mrs. Kenneth Zehren, Route 3, Campbellsport, Thursday, January 18.

McCARTY — A son, Ryan James, to Jim and Deb McCarty, Route 1, Campbellsport, Thursday, January 18.

Americans eat more bananas than any other fruit.

Keeping a business place warm and comfortable without spending an arm and a leg on heating bills can be a real challenge. But energy specialists with the Small Business Energy Project at the University of Wisconsin-Extension in Madison say there are ways to cut heating bills as much as 40 percent without sacrificing sales, customer and employee comfort, or merchandise safety.

SIMPLE THINGS FIRST

The key to saving heating dollars, says Wes Mott, project coordinator is keeping cold air out and warm air in. That means caulking and weatherstripping to seal out drafts around doors and windows. An eighth-inch crack around a door, for instance, wastes about \$300 worth of heat every year.

Replace broken or cracked windows, and consider adding storm windows and doors. A vestibule added to a frequently used outside door also can cut down on drafts.

Check roof and wall insulation, too. If you own your own building, a reputable building contractor can help you discover where added insulation might be needed.

If you rent, urge your landlord to check and improve insulation if necessary.

Make the most of the sun's warmth. Open south-facing drapes or shades during the day to gain heat, then close them at night or on cloudy days to cut heat loss through windows.

Once your building is snug, you should be able to save heat by setting back your thermostat to 65 degrees during the day. For infrequently used areas, set back even further. Remember, however that Occupational Safety and Health Administration requires at least a 60-degree setting in storage areas that may be used by employees.

At night and on weekends, dial down to 50 degrees. (A clock controlled thermostat can make the change automatically). If some merchandise might be damaged by low temperatures, consider a small, separately heated storage area.

A final simple energy-saving idea: don't let heat collect close to the ceiling of your building. A small ceiling fan can circulate the warm air back toward the floor where it will do some good.

HEATING SYSTEM

To get the most useable energy from the fuel you buy, have a certified heating contractor test and adjust furnace burners every six months. Once a year, have the contractor check combustion efficiency by analyzing flue gases, and adjust

damper controls for proper draft.

Certain changes to the furnace itself can improve efficiency even more. For example, replacing a gas pilot light with electronic ignition can cut gas consumption about 4 per cent.

An automatic flue damper kit for existing furnaces (about \$150 installed) can reduce heat loss up the chimney. The damper opens when the furnace is running, but springs shut to prevent air flow up the chimney when the furnace stops.

Be sure any furnace equipment has a fail-safe design and meets the requirements of Underwriters Laboratories and/or the American Gas Association.

In any case, remember the simple furnace maintenance tasks you can do yourself to maintain efficiency. Keep all filters clean, and check steam traps for proper operation if you have a hot-water system.

If you use substantial amounts of hot water, a water heater thermostat setting of 110 degrees Fahrenheit should be adequate for most cleaning.

Food service or health-related industries, however, may have sanitary or process requirements that demand hot water at 140 or 160 degrees, warns Mott.

Clean sediment and scale from the hot water tank and heating elements at least once a year, repair any leaky faucets, and consider installing flow restrictors or aerators to cut hot water use.

DEFICIENCY PAYMENTS MADE BY COUNTY ASCS

Wheat and barley producers in Washington County have received a total of \$15,241 so far in deficiency payments, according to Ira A. Oelhafen, Chairperson of the Washington County Agricultural Stabilization and Conservation (ASC)

committee. Washington County farmers who participated in the 1978 set aside programs are eligible to receive the deficiency payments. "These payments are in addition to the diversion payments paid out earlier under the program," Oelhafen said.

Based on a payment rate of 52 cents per bushel for wheat and 35 cents a bushel for barley, the deficiency payments make up the difference between the target price and the higher of either the national average market price during the first five months of the marketing year, or the national loan rate. The wheat target price is \$3.40 per bushel, with a national average market price of \$2.88. The barley target price is \$2.25 per bushel and the national average market price was \$1.90.

Annual Yarns of Yesteryear Contest

Wisconsin residents who can remember the "good old days" are invited to enter their reminiscences in the sixth annual YARNS OF YESTERYEAR Contest.

The contest, sponsored by the University of Wisconsin Extension Arts Development Unit and the Wisconsin Regional Writers Association, is open to all Wisconsin residents, age 60 and over. Entries may be tales about their families or friends, or activities of bygone days. They may be historical stories with a personal slant; or they may be an essay entitled: Progress vs. the "Good Old Days."

Entries must be postmarked no later than March 1, 1979. Only one manuscript, original and unpublished, may be submitted. It may be typed or neatly handwritten; the word limits are 500 to 1500 words. Since the manuscripts will not be returned, contestants are advised to make and keep a personal copy.

Entrants are also asked to prepare a separate cover page with the title of their manuscript, their name, address (including county), telephone number, age (optional), the name and address of their local newspaper, and the number of words in their entry.

Prizes ranging from \$25 to \$5 will be awarded the top ten winners at the Wisconsin Regional Writers Association Spring meeting in Shawano on May 5, 1979. Ten memberships in the association and twenty honorable mention certificates will also be awarded. Additional "Accent on Living" cash awards will be given to the best entries in the "Winners' Circle," a special competition for those who have previously won a contest prize.

Judges for the contest will be: Doris Platt, Supervisor of Museum Education, Wisconsin State Historical Society; Mark Lefebvre, Editor-in-Chief, Stanton and Lee Publishers, Inc.; Clarice Dunn, free-lance writer and former YARNS OF YESTERYEAR Contest Director; Frank Custer, local history buff

and feature writer for several Madison publications; and Elizabeth Durbin, Managing Editor of the Wisconsin Academy Review.

Entries, or requests for further information about the contest, may be sent to Genevieve Lewis, U.W. Extension, 610 Langdon, Rm. 719B, Madison, WI 53706.

For ideas and suggestions as to what types of stories to write, contestants may tune in to the radio broadcasts of stories from the 1978 contest read each Wednesday on the Wisconsin Educational Radio Network over the "Wisconsin Hear and Now" program. This program is aired from 11 a.m. to 1 p.m. on WERN stations, located on the FM dial between 88.3 and 91.9, and on 930-AM out of Auburndale and 970-AM over WHA in Madison.

Or they may wish to read selections in WE WERE CHILDREN THEN, the anthology of YARNS OF YESTERYEAR Contest entries, published by Stanton and Lee Publishers, Inc. Sauk City, WI 53583 (\$7.23).

Outstanding Young Farmer Named

WEST BEND--Donald Riemer, 32, a hog farmer from Chilton, was named the 1979 Wisconsin Outstanding Young Farmer at a special recognition banquet held here Saturday, January 13.

The program is sponsored by Jaycee chapters from around the state with the West Bend Jaycees hosting the awards weekend.

Riemer farms 180 acres and says he entered farming to produce seed stock for the swine industry. He raises purebred Hampshire and Yorkshire hogs and will farrow 99 sows this year.

Of his 1,700 annual hog production, approximately two-thirds are sold for breeding stock. His achievements to date include breeding the "All American Sow" selected by the Hampshire Registry in national competition in 1975.

Riemer was sponsored at the

contest by the Calumet County Jaycee organization. A total of 36 contestants competed in the competition. Riemer will now represent Wisconsin at the National Outstanding Young Farmer competition to be held at Burlington, Vermont, in February. At that competition he will face other state winners from around the country.

First runner-up in the competition was Eugene C. Peper, 35. Peper farms 500 acres north of Centuria and boasts a 95% registered dairy herd. He was sponsored by the Amery Jaycees.

Second runner-up was Richard C. Rebout, 31, of Janesville. Rebout operates 730 acres and currently plans to build a 300-cow milking parlor on one of his farms.

Mr. and Mrs. Mike J. Sevcik, sponsored by the Kewaunee County Jaycees, were named the Outstanding Young Farm Couple. The Sevciks farm 507 acres south of Kewaunee.

A special "Judges Award" was made by the judges during the banquet. The award went to Ronald L. Ewing, 18, of Richland County. Ewing was sponsored by the Freedom Jaycees, the official Jaycee chapter from the Waupun State Prison.

High blood pressure is silent. It usually has no symptoms and its victims often don't know they have it. Once detected it can usually be effectively treated and controlled. Undetected, it can lead to heart attack and stroke. See your doctor for a check up.

Reindl Receives Appointment

Time Insurance Company, Milwaukee-based life and health insurer, has announced the appointment of Robert J. Reindl as Manager - Premium Accounting. He is responsible for the overall operation of the premium processing areas. Reindl began his career at Time in 1972 as a correspondent in Policyholder Service. In 1973 he transferred to Underwriting as a Life Underwriter, serving

in this capacity until his promotion to Supervisor of Policy Issue in 1974. Reindl has worked as a Systems Analyst since 1977. Reindl is a graduate of Spencian Business College. He resides at 3421 North Oakland Avenue in Milwaukee. Reindl is the son of Mr. and Mrs. Gilbert Reindl of Kewaskum. He was graduated from Kewaskum High School in 1966.

Put the Ax To Your Tax

Income taxes can take quite a bite out of the disposable income left for a family after income and social security taxes are paid. There are many legitimate means of reducing the income tax bite if you understand the rules. Southeast Wisconsin Agricultural and Farm Management Agents have scheduled a series of programs to help focus on reducing the income tax bite of farm families. Jack Trzebiatowski, Washington County Agricultural Agent, announces that the meetings in Washington County will be held on February 7, 14, 21 and 28, all starting at 1:00 p.m. at the Courthouse Auditorium in West Bend. A working knowledge about Federal and State income tax laws is necessary to avoid the financial embarrassment and social stigma that may result from not knowing about these laws. A recent survey of farmers in Southeast Wisconsin indicates that many farm families could improve upon the way they

handle their income tax situations. This short course is designed to give you an understanding of various State and Federal income tax laws, and how you can use them in managing your income tax without snowing you under with technicalities and legal language. February 7 — HOW WELL ARE YOUR TAX RETURNS PREPARED? -Results of a 1978 survey in this area. -Errors and omissions you make as seen by your tax practitioner. -Information necessary to prepare your State and Federal income tax. -What if you are audited? February 14 — YOUR TWO MOST IMPORTANT TOOLS -Make depreciation work to your advantage. -Tax credits available in 1979. February 21 — AREAS WHERE THE STAKES ARE HIGH -Capital assets - land, buildings, livestock require special understanding. -Taxmanship in buying and selling. February 28 — TAX RECORDS AND A FEW OTHER

THINGS -Records to backup your tax returns. -Allowable business expenses and personal deductions. -Dates to remember. Additional information and registration forms for the session are available from the Washington County UW-Extension Office, Court House Annex No. 2, P. O. Box 537, West Bend, Wis. 53095; phone 334-3491, 644-5204 or 342-2929, Extension 263.

Hephner Intends to Introduce Legislation To Combat Drug Store Burglaries In Area

State Representative Gervase Hephner (D-Chilton) has announced his intention to introduce legislation aimed at dealing with the dramatic increase in drug store burglaries. Under the present law, such a burglary is considered a Class C felony. The maximum sentence for this crime is 10 years imprisonment and a \$10,000 fine. The Hephner bill would place drug store burglary under the Class B felony category which has a maximum \$10,000 fine, but raises the term for imprisonment to 20 years. At present, the crime is a Class B burglary only if the burglar is armed, uses explosives to open a depository or commits battery during the burglary. "Although a stiffer penalty is a very necessary first step in combating this crime, we can't stop there if we truly want to solve this problem," Hephner said. As a further deterrent to the rapid growth of burglary in this area, Hephner is hoping to initiate a program of instructive workshops with pharmacists,

law enforcement officials, legislators and other interested parties. He has been in communication with the Wisconsin District Attorneys Association, Wisconsin Sheriffs and Deputy Sheriffs Association, the Wisconsin Council on Criminal Justice and the Controlled Substances Board of the Bureau of Alcohol and Other Drug Abuse to bring these workshops about. In a letter to these agencies, Hephner indicated that in Calumet County alone, there have been four drug store burglaries within a two month period. "This is especially amazing when you realize that there are only five drug stores in the county," Hephner added. He also cited the example of one drug store owner who kept vigil the entire night in his store with a loaded shotgun. "This is a situation which simply must not be allowed to continue," Hephner commented, "I think it is time that we take positive, definite action to protect our local businessmen."

Snow On The Roof Can Be A Hazard

Snow loads on roofs of buildings can become dangerous at this time of the year, according to the State Department of Industry, Labor and Human Relations. Winter storms leave snow drifts on roofs which exceed the levels set by state code, and can cause them to sag or collapse. In addition, as snow melts and refreezes, uneven pressures can build up and cause an overload in one area of a roof. The problem often occurs when a building has more than one roof elevation, with the melted snow from the higher elevation collecting on the lower levels. State codes require that buildings in the southern half of the state be designed to hold at least 40 inches of light snow; those in the northern half must be able to hold at least 54 inches.

Building owners should check the snow levels on roofs and make arrangements to have the snow removed if it approaches these levels. Owners are also reminded that all building exits must be kept clear of snows so that occupants can easily leave the building.

Program to Provide Paralegal Aid for Senior Citizens

The Southeastern Wisconsin Area Agency on Aging is funding a program providing paralegal assistance for senior citizens who are sixty years of age or older and who are residents of one of the following counties: Waukesha, Washington, Walworth, Racine, Kenosha and Ozaukee. The services provided under this program include such things as probate information, social security and insurance benefit claims, consumer protection and general advocacy work for the elderly. This program covers services that can be performed without the services of an attorney. This program is operated by La Casa de Esperanza, 1009 Ryan Street, Waukesha. The contact person for this program is Anne Marie Abell. She can be reached at 542-0622 (collect calls accepted), or through the Washington County Senior Citizens Coordinator, Karen Trauth, at the Washington County Courthouse: West Bend area, 334-3491 ext. 287; Hartford area, 644-5204 ext. 287; Germantown area, 342-2929 ext. 287.

Lakeland College Students Study at Cedar Lake Home

The Cedar Lake Home Campus has accepted two students from Lakeland College, Sheboygan, for a month long intensive study "Winterim."

Deborah L. Bartelt, Campbellsport, and Cynthia Roemer, Sheboygan, are learning about the various aspects of the campus' operations. The students work along side of employees in each department as they learn how important each member of the team is in the total team concept.

They also learn about the needs of residents, how to provide quality care and become acquainted with elderly residents and learn that they are no different than themselves.

Cynthia Roemer is interested in the Music Therapy program and is studying the Cedar Lake Home's Music Therapy program as her major emphasis during her Winterim here. Miss Roemer has a degree in music and special education and plans to become a registered music therapist in special education.

Deborah Bartelt, a junior, majors in Behavioral Science and Religion. Upon earning her degree, she plans to attend the seminary and sees her experience at Cedar Lake Home as an excellent opportunity to receive the much needed background in geriatric care as she prepares for her life's goal as a clergy-person.

The Cedar Lake Home Campus began participating in Lakeland College's Winterim program in 1965 when the month-long course was instituted.

West Bend Savings Re-elects Directors

West Bend Savings and Loan Association held its annual shareholders meeting on Wednesday, January 17, and re-elected C.J. Schloemer, Ronald J. Larson and John E. Kasten to serve three year terms on the association's board of directors.

Also announced were the promotions of Ms. Naomi R. Engeleiter to Vice President and Secretary and Ms. Ann G. Holz was named Assistant Treasurer.

Richard A. Larson, Chairman of the Board and President of West Bend Savings discussed the association's growth in 1978. According to Larson, the association attained a 14.8% increase in assets to reach a new record high of \$74,614,549. Savings and mortgage loan growth was good and the association was able to add \$571,159 to its reserves which represents a 17.5% increase in reserves over last year.

Larson also mentioned that the association's seventh office which opened in December, at West Washington Street in West Bend, was meeting with widespread customer acceptance. And, the plans for major expansion of the main downtown office at 5th and Walnut should be completed early this year. According to Larson, new construction will be added to the present office to greatly expand lobby and office space, as well as increase teller and drive-in service. Additional parking space is also planned.

Schlaefer Named County Leader for Catholic Appeal

General chairperson Margi Flanagan this week named Leo F. Schlaefer of West Bend as Washington County Leader for the 1979 Catholic Stewardship Appeal.

Schlaefer will coordinate the appeal for funds in the 21 parishes and missions of Washington County. He has led that effort since 1971.

The 1979 Catholic Stewardship Appeal, formerly known as the Archbishop's Fund Appeal, will be conducted next March 4 to April 15 in the ten counties of the Milwaukee archdiocese. This annual appeal is the major source of revenue for the archdiocese. It enables the archdiocese to meet its financial commitments and helps support a variety of agencies, programs and services.

In 1978 gifts from 113,393 donors totaled \$4,752,132. Washington County achieved 104% of its goal with subscriptions totaling \$144,707 from 5,130 donors.

Schlaefer, of 532 S. 15th Avenue, West Bend, is a partner in the West Bend law firm of Schloemer, Schlaefer, Alderson, Hickmann, Seefeldt and Spella S.C. He serves on the board of directors of the West Bend Chamber of Commerce and of the United Way. He was formerly district chairman of the National Conference of Christians and Jews for Dodge, Fond du Lac and Washington counties. He was also chairman of the West Bend chapter of the American Red Cross. He is a member of the Holy Angels parish council and school board.

Archbishop Rembert Weakland recently changed the name of the fund appeal in order to emphasize the biblical idea of responsible sharing of time, talent, and goods.

Petri Comments At Campbellsport Candidates Forum

Campbellsport.....Sixth District congressional candidate Tom Petri Monday evening called for greater openness, honesty and morality in government.

"People have a right to expect the highest ethics from their elected officials," Petri stated. "We have seen too many examples of abuse of the public trust and it is time to change this. Government ser-

vice is an honorable profession but the actions of a few individuals have tarnished the public's outlook toward their leaders. Those seeking the public's confidence must demonstrate through their actions and the positions they take on issues that they are deserving of such trust."

Petri made his comments at a Candidate's Forum sponsored by the Sister's Council of the Milwaukee Archdiocese and Justice and Peace Center of Milwaukee. The Forum was held at St. Joseph's Convent in Campbellsport.

"Those of us in public office have a charge from the voters. We must exhibit the concern, the openness and ethics people demand and deserve from their elected officials," the Fond du Lac Republican continued. "Bill Steiger was this type of person—open, concerned and always honest with the public. Those of us hoping to succeed him have to prove that we are willing and able to bring these same attributes to the Congress. Only by doing so can we hope to bring public trust back to the level where it should be."

Petri is a Fond du Lac resident and has represented the Second District in the Wisconsin Senate since 1973. He is a candidate in the special election being held to choose a successor to the late Congressman William Steiger. The primary election will be held on February 20 and the general election on April 3.

Citizen's Credit Corp. Holds First Annual Meeting

The Shareholders of Citizen's Credit Corp., a wholly owned subsidiary of West Bend Savings and Loan Association, met for the corporation's first annual meeting on Wednesday, January 17.

Robert A. Kasica, President of Citizen's Credit Corp., said that since April, 1978, when the Savings and Loan Commission authorized West Bend Savings to establish the new corporation a substantial increase in business volume has been realized. Over \$400,000 in consumer loans were made to West Bend Savings customers in the first eight months.

Citizen's Credit Corp. was established to offer loans for automobiles, home improvements, boats, personal financing as well as many other consumer-oriented purposes, and, according to Kasica, there is hope to further expand this service to more West Bend

Health and Safety Tip

Grandma's Remedy Still Good for Colds

Colds and other upper respiratory tract illnesses probably cause more discomfort and time lost from work or school than any other American health problem.

A cold is caused by one or more of many viruses, the American Medical Association reminds. Actually, grandma's remedy is still good. If you get a cold, stay home in bed. Keep warm. Gargle with warm salt water to ease a sore throat. Take a mild pain reliever for the discomfort.

None of this will cure the cold, but it will make you feel somewhat more comfortable while your body's natural defense mechanisms are building up enough steam to overcome the virus.

In some circles in recent

years, massive doses of Vitamin C have been advanced as therapy or preventive for the cold. Physicians everywhere hoped it would work, but scientific studies thus far have failed to prove the usefulness of Vitamin C for colds.

Most of us have a cold or two during the course of the winter. Usually we try to keep going to the office, but sometimes we feel too bad to work, and spend a day or two at home.

There are medications now available — antihistamines, pain relievers, cough suppressants, and fever reducers — that can make the symptoms of a cold much less severe. These have their limitations and their problems. Antihistamines can cause drowsiness, which can be highly dangerous when driving an auto. If you get a cold, ask your doctor about the medications that reduce runny nose and sneezing and coughing.

As youngsters heard the old folks say: Treat a cold and cure it in two weeks; let it alone and it will go away in a fortnight. The time element isn't that exact, but the theory is the same.

TRIAL BY FIRE

In a recent study testing the effects of insulation in a house fire, three 8' x 10' test homes were ignited. One with cellulose fiber, one with fiberglass batts and one completely uninsulated.

Ninety minutes after ignition, the test building with Class 1 cellulose insulation, except for the loss of the roof, was intact. The fiberglass insulated test building suffered the loss of roof and ceiling with some wall damage, and the uninsulated building was almost completely consumed.

The test also stated that it was staged to show how much untrue information has been acquired by the public about cellulose insulation and its ability to burn.

Since the majority of fires start in the attic, they demonstrated that with Class 1 cellulose insulation, most damage can be confined to the attic and in this way also, cellulose insulation is more effective than fiberglass.

Vol. II Issue I, Jan. 1979

I, DANIEL S. SCHMIDT, have announced my candidacy for the office of Kewaskum Village President on December 4, 1978. I did this with a knowledge of what the job encompasses and confident I can perform those tasks. I have tried to listen to the public and encourage all to help the Village Board in the decision making. I have attended "all" Village Board meetings including committee meetings. I have attended the majority of State, D.N.R., and other related meetings while serving as a Village Trustee, and would continue to attend all related meetings. I would appreciate the opportunity to continue to work and serve the community and ask for your support and your vote Tuesday, April 3, 1979.

Thank you,
Daniel S. Schmidt

Candidate for Kewaskum Village President

Course for Women In Business and Management at MPTI

If you are one of the growing number of women who hold a management position, or aspire to one, you may want to take advantage of a new course offered by MPTI's Women's Center called "Moving Up: Women in Business and Management" scheduled to begin February 6 from 7:00 - 9:40 p.m. and run for six weeks.

Taught by Diane Bliss, Executive Manager of the West Bend Chamber of Commerce, the course will tackle a wide variety of issues relevant to women and men in management positions. Kicking off the course with the questions, "are you ready and willing for the responsibility a management position requires?" "what's involved?" and "what kinds of effects can it have on your relationship with other employees and with your family?", Ms. Bliss will encourage a lively exchange of ideas and information. Topics will also include how to move up into management positions, effective supervision, education and training requirements, and goal setting.

The course will emphasize some of the special considerations of being a woman in a management position, in a time when the number of women in management is still small. These considerations include how to deal with sex discrimination and how to help women move up and avoid the "Queen Bee" syndrome, how to develop a communications network with both women and men when you are excluded from Thursday afternoon golf dates, and how to juggle the demands of the job and of family.

Both women and men have a number of preconceived notions about how women should behave; as women break down stereotypes by expanding their role in society, both sexes need to reevaluate their expectations and their behavior patterns.

"Moving Up: Women in Business and Management" will provide an opportunity for women and men to participate in this process of reevaluation. Therefore, although the course is geared to the concerns of management women, men are encouraged to enroll as well. Ms. Bliss has invited a number of community men and women in management positions to share their insights and experience with the class.

Participants must register for the class in person at MPTI, 2151 N. Main Street, West Bend, by February 2 and pay a fee of \$6.05. MPTI is open from

8:00 a.m. - 10:00 p.m. Monday - Thursdays and 8:00 - 4:00 p.m. Fridays. For more information call 334-3413 and ask for Mary Thompson, Program Specialist, MPTI's Women's Center.

MPTI's Women's Center is a program of the Community Services Division of Moraine Park Technical Institute and is coordinated by Kay Stellpflug, Beaver Dam.

State, Federal Tax Assistance

The Wisconsin Department of Revenue will again provide assistance to anyone with questions on the filing of Property/Rent Tax Credit, Homestead Credit Claims and State Income Tax forms.

Daniel G. Smith, Administrator of the Income, Sales, Inheritance and Excise Tax Division, noted that almost 325,000 persons contacted the Department for information or assistance in preparing their 1977 returns. This service, for which there is no charge, is available to the public.

Nearly 200 Department of Revenue employees are available at various locations throughout the state to answer questions, either via phone or personal contact, about Property/Rent Tax Credit, Homestead Credit Claims and Individual Income Tax.

The West Bend Office serving Washington County is located at 519 Hickory Street, Second Floor, Monday only from 7:45 a.m. to 5:00 p.m., phone 334-2416.

In addition, the Internal Revenue Service will provide assistance in completing federal returns. Anyone with questions concerning the preparation of federal income tax forms can receive assistance at these locations:

Brookfield Office - 16595 W. Blue Mound Road, Monday thru Friday, 8:00 a.m. to 4:30 p.m., Brookfield, WI 53005.

Milwaukee Office - 517 E. Wisconsin Avenue, Monday thru Friday, 8:00 a.m. to 4:30 p.m., Milwaukee, WI 53202, telephone 271-3780.

Racine Office - 425 Main

Street, Room 101, Monday thru Friday, 8:00 a.m. to 4:30 p.m., Racine, WI 53403. Telephone 1-800-452-9100.

Requesting IRS Forms only, 24 hour a day Service - 1-800-242-9699.

Appoint Hephner To Committees

(MADISON) - State Representative Gervase Hephner (D-Chilton) announced last week that he has again been appointed to serve on the following Assembly Committees: the Committee on Agriculture, the Committee on Excise and Fees, and the Committee on Insurance and Banking.

Hephner has had many years of experience with the kinds of issues that come before all of these committees. A farmer himself, he has been especially active in the Committee on Agriculture to which he brings first-hand experience on farm issues. His experience of serving on the board of directors of a local bank has also contributed to his knowledge of money and business matters that come before the Committee on Insurance and Banking and the Committee on Excise and Fees.

In addition, Hephner has been appointed Chairman of the newly created Committee on Debt Management. This Committee was created in the 1977 session of the legislature to better manage the debts of the state. In short, the Committee on Debt Management will have the responsibility of reviewing all bills that would increase or decrease the amount of money borrowed by the state of Wisconsin.

A FARM CENSUS PROCLAMATION

Because the economy of Washington County benefits greatly from farming, the County Board Chairman brings to the attention of all Washington County residents the 1978 Census of Agriculture.

Whereas, the farm census is the source of accurate information on the number of farms and farm operators in our county;

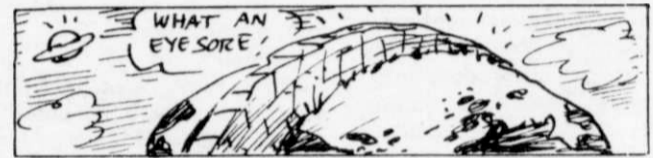

Whereas, it is also the source of information about our basic agricultural assets;

Whereas, it also provides accurate data on farm sales as well as farm production costs in our county;

And whereas, many business decisions made by the county's farmers, as well as those who do business with them, depend heavily upon accurate benchmark data from the Census of Agriculture;

Now, therefore, be it resolved that the County Board Chairman urges all farm operators to fill out and return promptly the farm census questionnaires they have received in the mail and thus help to make the 1978 census the most successful in a series of 21 farm census counts which began in 1840.

Signed
REUBEN J. SCHMAHL, CHAIRMAN
WASHINGTON COUNTY BOARD OF SUPERVISORS

**More things are sold through the Yellow Pages
than any other buying guide.**

If you think the Yellow Pages is just a listing, think again.

It contains all sorts of information that can be extremely helpful no matter what you're shopping for.

Like, does the place take credit cards?

What are their hours? Etc. Etc. Etc.

Maybe that's why more people read the Yellow Pages last year than just about any book published.

Curl up with it the next time you're shopping for something.

GTE

GENERAL TELEPHONE

State Representative James Lewis (R-West Bend) is shown signing the official "Assembly Registry" after reciting the constitutional oath of office before Supreme Court Chief Justice Beilfuss, in the Assem-

bly Chambers, at Madison on January 3, 1979. Representative Lewis represents the 53rd Assembly District which includes portions of Dodge, Fond du Lac and Washington counties.

State Department Mails \$27.5 Million in Transportation Aids

The state department of transportation has mailed checks totaling \$27.5 million to every town, village, city and county in Wisconsin to help pay the cost of improving and maintaining local highways and bridges.

The payment includes \$7.3 million to towns, \$1.6 million to villages and \$8.6 million to cities. The 72 Wisconsin counties will share a total of \$9 million. The payment also included \$1.1 million to municipalities to pay for maintenance work performed on urban portions of state trunk highways.

The payment to Fond du Lac and Washington counties follows:

FOND DU LAC \$438,799.41 — For County of Fond du Lac, \$216,590.93; Cities of Fond du Lac, \$94,621.10, and Ripon, \$19,652.58; Villages of Brandon, \$2,557.41, Campbellsport, \$2,693.12, Eden, \$668.06, Fairwater, \$704.59, Kewaskum, \$4,145.28, Mt. Calvary, \$1,471.82, North Fond du Lac, \$6,873.72, Oakfield, \$1,351.77, Rosendale, \$1,414.40 and St. Cloud, \$1,508.35; and 21 towns, \$84,542.28.

WASHINGTON \$282,278.90 — For County of Washington, \$89,241.56; Cities of Hartford,

\$14,058.59, and West Bend, \$47,087.91; Villages of Germantown, \$46,390.81, Jackson, \$2,369.52, and Slinger, \$3,502.10; and 13 towns, \$79,628.41.

The department said the January payment is the second of four highway aids payments local governments will receive in fiscal 1979. It is some \$1 million ahead of the second quarter payment made in January, 1978 for fiscal 1978.

Transportation aids are distributed on the basis of the mileage and types of traffic different roads serve within the jurisdiction; the responsibility of the various units of government for their construction and maintenance, based, in part, on the type of traffic served, and the per-mile costs borne by local governments.

The department annually returns about 44 per cent of net state motor vehicle revenues to local units of government. In addition, local governments receive state and federal aids for qualified construction projects, state reimbursement to counties for maintenance work performed on state highways, plus state and federal participation in constructing airports and other transportation programs.

25 Years Ago

January 29, 1954

Daniel Scheid, vocational agriculture instructor at Kewaskum High School, is leaving his position here at the end of the first semester of school to teach agriculture at Fort Atkinson, Wis. The new agriculture teacher at Kewaskum High School will be Orval Behnke of Reedsville, who at present is teaching at Princeton High School.

The second place Kewaskum Indians made it six victories in succession at Brandon January 22 when they won, 59-53.

Henry Becker, Kewaskum, was injured while at work in the Kewaskum High School. While shooting rivets into the cement floor with a rivet gun, one of them accidentally glanced off and pierced his right side where it became imbedded in a muscle. Henry lost a considerable amount of blood and was taken to St. Joseph's Hospital, West Bend, where the rivet was removed.

A son was born to Mr. and Mrs. Jac L. Thull, Route 2, Kewaskum, on January 22.

Loran L. Backhaus, Kewaskum, has been given the privilege of the exclusive use of the name "Lorel" as a herd name in registering his purebred Holstein-Friesian cattle. This prefix name is granted and will be recorded by the Holstein-Friesian Association of America, Brattleboro, Vt.

Cpl. Merrill Krueger, son of Mr. and Mrs. Wallace Krueger, Route 2, Campbellsport, arrived home on January 21 from Fort Sam Houston, Texas, after receiving his discharge from the U.S. Army. His wife, Evelyn, accompanied him back.

John H. Kougl, radarman second class, USN, son of Mr. and Mrs. F. J. Kougl of Route 1, Kewaskum, recently celebrated the holiday season in the Far East aboard the destroyer USS Ozbourn.

Seniors on the Kewaskum High School honor roll for the first semester include: Judy Kaniess, Richard Keno, Carl Koepke, Preston Pierce, Thelma Rosenheimer, Carolyn Ruth, Audrey Schaefer, Gerald Schulz, Jeanette Staehler and Elmer Terlinden.

19, when eight cars of an express special, southbound rolled down an 18 foot embankment. Approximately 3,000 feet of track were torn up, two telephone and telegraph poles were smashed and wires tangled and torn. Damage to railroad equipment exceeded \$10,000.

Emden Charles Koepke, 12, son of Charles and Viola Koepke, died at his home in the Town of Ashford on January 17. Funeral services were held January 21. Upon returning from the child's burial, his grandmother, Mrs. Frank Koepke, nee Wilhelmina Bartelt, of the Town of Auburn, was stricken and passed away in death.

Philip Schleif, 86, died at the home of his son, Fred, of the Town of Auburn, on January 19.

Nicholas Thull, one of the first settlers of St. Michaels, passed away on January 21.

Harvey Jandre, eight-year-old son of Mr. and Mrs. August Jandre of the Town of Auburn, suffered a double fracture to his arm and a fracture to the wrist when the cutter in which he was riding tipped over.

son of Mr. and Mrs. Louis Backhaus, of Kewaskum, died on Saturday, January 19.

The Theresa Union Telephone company received their switchboard on Wednesday, January 27, for the Kewaskum village exchange. Connections are now being made and will be finished in a few days. The exchange here will have 26 subscribers to begin with.

Martin Pieper, 98, of Kewaskum, died at the home of his daughter, Mrs. Chas. Kuehn on January 29.

A baby girl was born to Mr. and Mrs. Joseph Marx of Wayne on January 22.

This section of the county experienced the coldest weather in years early this week when the thermometer registered 30 degrees below zero.

The name of the Zilberzahn Manufacturing Company of West Bend has been changed to the Berres-Gehl Manufacturing Company.

The pharmacist is a health professional with at least 5 years of college education. He or she has passed a State licensing examination and studies the new developments in drug therapy and medical science. The pharmacist is an important "traffic cop" in the health care delivery system. In dispensing prescription drugs, the pharmacist is the one who monitors drug use by patients who may be simultaneously treated by a physician, dentist, or other prescriber. If the patient tells our pharmacist about other drugs he is taking, the pharmacist can give him expert advice on avoiding harmful drug interaction.

The Sensenbrenner Weekly Report

The first thing impressed on me by veteran Congressmen after I was sworn into Congress last week was the importance of service to my constituents. So that I may provide high quality service to the Ninth District, I am organizing my Washington and district offices in a manner that will assure prompt, efficient handling of constituent problems and inquiries. To make it an even better system I would like to inform the people of the Ninth District how it will operate.

Constituents having problems with federal agencies — a lost Social Security check, cut-offs of veterans benefits, delays in approval of grants or loans, etc. — should contact my district office. That office is located at 333 Bishops Way, Brookfield, WI 53005 and the phone number there is Area Code 414-784-1111.

Constituents wishing to express their views on legislation or issues should contact me at my Washington office. That office is located at 315 Cannon House Office Building, Washington, D.C. 20515 and the phone number there is Area Code 202-225-5101. As I am called upon to vote on legislation on the floor or in committee, your input will be more valuable and timely if I have it with me in Washington.

It is my goal to make my

offices as open and accessible to the people of the Ninth District, and to serve them as much as possible. To do that, I am also beginning a series of "town hall" meetings around the district, which will give everyone an opportunity to meet me face-to-face to talk about the issues and to communicate to me and my staff any problems you may be having we could handle. These will be held on weekends and the times and places of them will be announced soon.

Whether you contact me in Washington, the district, or the "town hall" meetings, I encourage you to let me serve you.

The first week of the 96th Congress was largely ceremonial, as members were sworn and leaders of the House were formally elected. Organization of the Congress also began as committee assignments for the session were handed out.

There are a few committees much sought after because of their influence and the competition for these is fierce. However, committee assignments are generally made on the basis of seniority, so the more desirable assignments, such as the powerful Ways and Means Committee, are given only to those who have served for several sessions.

I was fortunate to be picked to serve on the important House Judiciary Committee. This committee oversees all legislation

dealing with anti-trust regulation, the criminal justice system, civil liberties, espionage and subversive activities, and reapportionment. It also reviews all proposed amendments to the U.S. Constitution, including the one I have co-sponsored which requires a balanced federal budget and planned repayment of the national debt. Being a member of the committee which will be responsible for this amendment will enable me to press for prompt action on it. This is important when considering the fact that this committee has killed this amendment the last three sessions of Congress.

I also was chosen to serve on the House Ethics Committee, which acts as a watchdog over sitting Congressman, whom it may investigate if it believes they are engaged in activities which violate the code of ethics. This committee was very busy last session examining the receipt of illegal cash gifts by several members and the kick-backs of staff salaries to others.

Where the committee feels it is appropriate, it may recommend to the full House of Representatives that a member be punished. That punishment may range from a reprimand to full expulsion from the House.

I am flattered that the leadership has given me these as-

signments. I am looking forward to getting very active in the work of both committees.

"The sixth sick sheik's sixth sheep's sick," is sometimes said to be the world's most difficult tongue twister!

Goodwill Needs Useable Donations

Goodwill Industries, Milwaukee Area, Inc. is asking for donations of useable items. The inclement weather has cut down on contributions made to the rehabilitation agency.

Especially needed are clothes, shoes, toys, dishes and small appliances. Employees refurbish the merchandise, which is then sold at the agency's two retail stores, located at 6055 North 91st Street, and 3305 West Forest Home Avenue.

Proceeds support the vocational training program for more than 600 handicapped clients who come to the agency each day. All donations are tax-deductible, and can be made at your nearest deposit station.

School Menu

KEWASKUM COMMUNITY SCHOOLS

Menus for week of January 29 - February 2, 1979:

Monday — Salisbury steak, mashed potatoes, creamed cabbage, celery and carrot sticks, buns, butter, brownies, milk, coffee.

Tuesday — Turkey on bun, sweet potatoes, cranberries, peanut butter brownie and pineapple.

Wednesday — Pizza buns, juice, potato chips, chicken salad, relishes, buttered peas and peaches.

Thursday — Spaghetti and meat sauce, lettuce salad, whole wheat dinner roll and fruit cocktail.

Friday — Fish portion on a bun, fries, tri-taters and berry crunch.

Menus are subject to change. Each meal served with bread, butter and/or margarine and milk.

HOLY TRINITY SCHOOL

Menus for week of January 29 - February 1:

Monday — Meatballs with gravy, mashed potatoes, buttered corn, cookie, milk.

Tuesday — Pizza burger, cheese slice, shoe strings, vegetable stixs, brownie, milk.

Wednesday — Fried chicken, whipped potatoes, cranberries, green beans, jello with cream, milk.

Thursday — Hot dogs, brats, baked beans, sauerkraut, peanut butter bar, milk.

Friday — Scrambled eggs, hash browns, apple sauce, bread and butter, dessert assortment, milk.

According to Chinese legend, Emperor Shen Nung drank the first cup of tea when leaves from a wild tea bush accidentally fell into his boiling drinking water.

FOND DU LAC COUNTY NUTRITION PROGRAM FOR THE ELDERLY

Menu from Monday, January 29, through Friday, February 2:

Monday — Swedish meat balls, boiled potatoes, creamed cabbage, celery and carrot sticks, buns, butter, brownies, milk, coffee.

Tuesday — Roast beef, mashed potatoes, stewed carrots, jello mold, bread, butter, kolacki, milk, coffee.

Wednesday — Tuna noodle casserole, creamed peas, cottage cheese salad, whole wheat bread, butter, apple crisp, milk, coffee.

Thursday — Braised liver, potato salad, creamed corn, lettuce, bread, butter, glorified rice, milk, coffee.

Friday — Fried pollack, baked potatoes, green beans, cabbage slaw, bran muffins, butter, cubed pears, milk, coffee.

Menu is subject to change. Serving of dinners start at 12:00 for those 60 years of age or over. Suggested contribution per meal is \$1.00 or whatever you feel you can afford. Registration required one day in advance by 3:00 p.m. by sign up at mealsite or by calling 533-8351.

Kewaskum Statesman, Friday, Jan. 26, 1979, Page 15

March and April Weather Key to Wildlife Survival

A heavy snow cover and frigid temperatures have placed stress on Wisconsin's wildlife, but what happens in March and April will tell the story on ultimate overwinter survival.

Snow depths across Wisconsin are now in the two-foot range, and the first half of January was extremely cold, with low temperatures reaching -38 in northern reaches of the state. This type of weather stresses most forms of wildlife.

Despite the stress conditions, Department of Natural Resources wildlife management personnel report that wildlife at this time are in relatively good condition. However, if severe conditions persist into March and April, losses could be commonplace.

Probably the most concern right now is for the bobwhite and quail population in western and southwestern Wisconsin. Wildlife Specialist Ed Frank of Madison says the bobwhite quail is more susceptible to crusted snow and cold temperatures than other state wildlife. "We've seen instances in the past of whole coveys of quail dying from exposure in these types of conditions," Frank said.

Other wildlife species which are watched closely by DNR wildlife managers are pheasants, squirrels and deer.

Heavy snow cover over ice-covered fields has all but eliminated ground food for scratching pheasants, Frank says. "Much depends now on the amount of unpicked corn remaining and whether farmers

continue to spread manure," he noted. Pheasants also pick up waste grain along roadsides and eat wild foods, such as burdock, and nightshade, during periods of stress.

A widespread acorn failure has led many observers to predict that there could be a big winterkill of squirrels. Frank says that DNR doesn't have a lot of research data to support such a conclusion, but does admit that when there is a widespread acorn failure, there usually is a drop in squirrel numbers.

The Wisconsin deer herd is still in fairly good shape, but again March and April will tell the story.

Across northern Wisconsin, there is about a two-foot loose snow cover, temperatures have been extremely cold and deer are beginning to congregate (yard) in green areas.

Chet Botwinski, DNR Woodruff Area Game Manager, says that "up to this point, we've probably experienced the most severe winter conditions since the early 1970s and the stage is set for possible losses."

However, he cautioned that much will depend upon additional snow cover, when the first crust appears on the snow and how long winter holds on in the Northwoods.

"A lot of people over-react to the snows of December and the frigid cold of January," Botwinski concluded, "when in fact the weather in March and April will hold the key to overwinter survival."

Cleaning shag carpeting a problem? Nylac cleans shags without fuzzing or matting. No machine. Ask Miller's of Kewaskum.

MADISON, WI--Bitter cold and heavy snow have brought outdoor activity to a near standstill in the Badger State. Temperatures as low as -48 have been recorded in Washburn County, while southern Wisconsin has received a double dose of bad weather in the form of a weekend blizzard followed by bitter cold.

DNR recreation specialists warn that windchill factors can reach the -80 level and extreme caution should be used when outdoors in these conditions. If you are traveling, take along emergency clothing and boots.

In northwestern Wisconsin, extremely cold weather has slowed all outdoor activity. Some small, shallow lakes are beginning to show signs of winterkill. The cold weather has affected all wildlife, and stress on the deer herd will begin to take its toll unless the weather breaks soon.

Snow conditions are good for snowmobilers and cross country skiers in west central portions of the state, but frigid conditions are limiting these activities. Anglers who have shacks are having fair success on panfish. Winterkill situations have been reported in some lakes.

Extremely cold temperatures continue to grip north central Wisconsin, slowing most outdoor recreational pursuits. Snowmobile and cross country conditions are excellent. Lac Vieux Desert Lake in northern Vilas County is producing some walleyes and panfish.

Conditions are much the same in northeastern portions of the state, where snow conditions are excellent, but snowmobilers and cross country skiers are few. Lake Winnebago ice conditions are poor due to a slush problem, and sturgeon anglers hope that conditions improve prior to the February 10 opening of the spearing season. Shawano Lake is producing some northerns, while

rabbit hunting is very good in the Navarino Wildlife Area.

Heavy snow in the southeast has limited outdoor activities, although rabbit hunting is good in Washington and Sheboygan Counties. Fishing pressure has been listed as "nonexistent to light" due to a combination of snow and cold temperatures. Vehicular travel, except for snowmobiles is very difficult on ice-bound lakes.

Southern Wisconsin snowmobile and cross country ski trails are in excellent shape due to the recent snowfall, but the heavy snow has hampered lake travel for anglers. Trout fishing in the southwestern counties is nonexistent as streams are ice-bound. Ice anglers have caught some nice catches of perch in Devil's Lake and trout fishing is good in Zander Lake (Green County). In the Madison area, deer are beginning to herd in woodlots and groups of 12 to 14 have been noted. Northerns are biting in Fox Lake (Dodge County). The Rock River in the Horicon area is open to dipnetting due to winterkill conditions.

Sno-Cougars to Hold Poker Run

The Campbellsport Sno-Cougars will be holding a Poker Run from February 4 thru February 18.

The stops will be any of five of the following:

Just Pat's in Campbellsport
The Barn - north of Waucousta

Fuzzy's Tap in Waucousta
Kaszuba's Palace in Elmore
Sand Piper Inn at Lake Bernice

The B's Hive in Ashford
You may start anywhere you want and finish anywhere you want but must stop at a minimum of five places. Your sheet must be handed in by 5:00 p.m. February 18, at Kaszuba's Palace in Elmore.

This event is not limited to snowmobilers -- anyone may participate.

Indians' Games With Kettle Moraine, Mayville Snowed Out

The Kewaskum Indians' two home games scheduled the past week were both snowed out. Snow and considerable blowing and drifting Friday postponed the Kettle Moraine contest and an all day snow Tuesday caused cancellation of the Mayville tilt. All other Friday games were also called off.

The Kettle Moraine game here has been rescheduled for Tuesday, February 6. We have not learned when the Mayville contest will be made up. The undefeated Cardinals lead the conference with a 6-0 mark.

All other Scenic contests scheduled for Tuesday were played, however, with second place Hartland Arrowhead defeating Germantown, 75-65; Kettle Moraine swamping winless Pewaukee 65-43, and Slinger downing Grafton, 55-45.

Statistics after the first 10 games (overall) show junior

guard Henry Schilter leading the Indians in scoring with 124 points for a 12.4 average. He also leads the team in field goals with 48 and is tied with Scott Brendemuhl for the most free throws with 28. Junior forward Bob Nigh is second in scoring with 105 points for a 10.5 average. Junior center Tom Kern is third in scoring but has the second best average with 11.7. Kern missed three games.

This Friday Kewaskum will try again, when the Slinger is scheduled at Slinger. Slinger is 4-3, in a three-way tie for third, while the Indians are 1-5.

Hartland Arrowhead	6	1
Germantown	4	3
Slinger	4	3
Kettle Moraine	4	3
Grafton	2	5
Kewaskum	1	5
Pewaukee	0	7

Friday's schedule — Grafton at Hartland, Kettle Moraine at Germantown, Kewaskum at Slinger, Mayville at Pewaukee.

Indian Girls Beat Mayville, Lose to Slinger

The Kewaskum girls avenged an earlier loss last Tuesday night by beating Mayville here, 51-34. A Parents Night crowd was on hand for the victory.

The first half was close but then the Indians pulled away in the third period, in which they outscored the Cardinals, 16-8. A strong full court press was a big factor in the win and gave Mayville trouble getting the ball across half court.

There were 61 fouls missed in the game. Kewaskum missed 31 free throws.

Diane Bremser and Yvonne Schacht led both teams in scoring with 11.

In girls basketball action Thursday night, Slinger got past Kewaskum, 49-43.

A poor third quarter hurt the Indian girls. Then they scored just 28 points to fall behind, 37-26. Kewaskum came back in the last period to cut the margin to five, 41-36, but the Owls hung on to win by six.

Linda Ritger paced Slinger with 17 points and Debbie Jossart came off the bench to add 15. Yvonne Schacht led Kewaskum with 16 and Diane Bremser chipped in 13. Schacht is sixth in Scenic scoring.

Coach Mike Theiler said his team just did not play good full-court defense. He praised Bremser for an outstanding game on both ends of the court. The Indian girls (4-5 in the conference), play at Grafton Friday.

Indian Matmen Lose to Random Lake, Grafton

In non-conference match at Random Lake last Tuesday, the Rams, with eight wins and one draw, rolled over the Kewaskum Indians, 39-12.

Scott Klein again got the Indians off to a good start with a 10-2 decision at 98 lbs. It was his 14th win against two losses.

Then Kewaskum lost the next three bouts by pins and three more before Jeff Bastian broke the string with a draw against Wayne Kleckner, 4-4, at 145 lbs.

The Indians won two out of the last three bouts on decisions by Andy Strigenz at 167 and Rick Waldkirch at 185. Strigenz won a close 8-7 decision and Waldkirch came up with a take-down to break a 6-6 tie.

In conference wrestling at Grafton Friday night there were many close matches but the Blackhawks won going away, 35-16.

As a result of the draw, two forfeits came first for Kewaskum, giving Grafton a 12-0 lead, and the Indians never recovered, although they won five of the remaining ten bouts.

Soph Scott Klein again led the way at 98 lbs. with a 12-1 win. He is now 6-0 in the conference. Jeff Bastian at 145 was an 8-2 winner and his record is 10-6. Steve Beck (138) is now 12-6, thanks to a 5-3 win. Mike Pettit (155) won 8-6 with a reversal in the closing seconds.

A surprise was Rick Waldkirch's getting pinned at 185. He is 11-5 for the year. The loss dropped Kewaskum's conference record to 1-5 and 4-8 overall.

Unbeaten Lakes Team Tips West Bend; 6th in Row

Kewaskum's unbeaten Land o' Lakes Division "B" leaders won their sixth straight game here Saturday night, defeating last place, winless West Bend, handily, 129-107. Kewaskum now holds a two-game lead over second place Hartford.

The contest was pretty even except for the second quarter, which Kewaskum dominated, 33-17, to give them a 62-41 halftime advantage.

Kewaskum played without their high scoring forward, Ken Loest, out indefinitely with a knee injury. Manager Bill Backhaus was also out. He missed playing in his first game in eight years due to a leg injury. Bill had played in over 100 consecutive games for the Lakes team.

Tom Zoch paced the winners with 30 points, followed by Bob Mertz with 21 and Leon Laatsch with 19. Steve Albrecht led the losers with 22.

In other league action the Menomonee Falls Badgers handed the Menomonee Falls Stingers their first defeat of the season, 143-120; Hartford whipped Port Washington, 123-105; Thiensville-Mequon nipped Oconomowoc, 116-113, and Slinger squeaked by Cedarburg, 93-90.

Kewaskum's winning streak will be jeopardized Saturday, January 27, when they host the "A" Division Menomonee Falls Badgers at 7:30 p.m.

Kewaskum Loses in Mt. Calvary Tourney

The Kewaskum Lakes team participated in the Mt. Calvary tournament Saturday afternoon (preceding the Lakes contest in the evening) and was paired against a team from the "A" Division of the same league, the Menomonee Falls Badgers. The Badgers easily downed Kewaskum, 117-77.

This is a 16-team single elimination tournament held last week and the coming weekend. Kewaskum is thus eliminated.

The team also was without Ken Loest and Bill Backhaus for this game.

Bob Wolf, former Marquette ace, led the Badgers with 36 points and Tom Zoch poured in 26 for the losers.

Kettle Riders Elect New Officers

The New Fane Kettle Riders held their annual meeting and potluck supper January 21, at Hitt's Hall.

Officers elected for 1979 were: Martin Haack, President; Roger Heberer, Vice-President; Arlene Fischer, Secretary; Marilyn Bohn, Treasurer; David Odekirk, Director and Bill Haack and Glen Mueller continue in their terms as Directors. Dennis Seideman will represent the club as delegate to the Northern Kettle Moraine Association.

The members were informed the new \$5,000.00 "Wisconsin Special" Maxey Drag which the club purchased has been delivered. Through the untiring efforts of several men of the club, the Tucker Sno-Cat has been adapted to handle the new drag. Grooming operations are underway even though conditions have caused the efforts to be somewhat short-lived due to the blowing and drifting snow. However, whenever possible, crews have been out grooming the trails.

The club would like to remind all snowmobilers to use extreme caution when snowmobiling this season. PLEASE stay on the trails. Because of the high snow levels, many of the hazards such as fences, stumps, posts, etc., are completely hidden. Leaving the trails could result in serious accident or injury. Above all, please use care when going over the high snow banks when it is necessary to cross roads. Have someone watch for traffic as members in your party make these hazardous crossings. The club is dedicated to safe enjoyable snowmobiling and wants the same for all who enjoy the sport of snowmobiling.

The first workmen's compensation insurance law to go into effect was passed by Wisconsin on May 3, 1911!
