## Vil. Board Approves Extending Of Insurance to \$2 Million

By TAMI EDGAR  
Statesman Staff Writer

The Village Board approved extending the current insurance of \$1 million to \$2 million at Monday night's board meeting.

The board acted on this insurance under Raynor Herriges, President Pro-Tem during President Miller's absence. The \$1 million coverage is a low policy to have with all the emergency vehicles involved. The village's umbrella liability insurance is from Employees Mutual. The \$2 million policy would have a \$2200 annual premium. The board felt that extending to the \$2 million policy would be a good idea, but they should keep in mind the \$5 million policy for future speculation. The \$5 million policy now has a \$3050 annual premium.

The board discussed several options for the fencing problem. Members approved contacting a firm requesting fencing for the tennis courts only at the current time, if not, they will obtain different bids.

The board accepted the resignation of Ruben Oppermann from the Police Department due to health problems. They also approved the hiring of John Thorn as a replacement as a part-time patrolman. They sta-

ted that Thorn has finished his training and has experience.

The request of the Civil Disaster Director, Marvin Martin, was granted for permission to attend the Governor's Conference on Disaster. The board also adopted the resolution for the approval of the Outdoor Recreation Plan.

## Over 250 Attend German Festival

Mrs. Susan Schmitz, advisor, and her very industrious German Club members provided an evening of fun and good food Sunday evening at the Kewaskum High School. Over 250 people attended the German Festival.

A reception was held for the German-speaking Americans before the German banquet was begun. Under the direction of Mrs. Robert Medley, a variety of German foods was served, including goulash, sauerbraten, red cabbage, torte and streusel.

Following the dinner, entertainment included music, skits, and a sing-along. A square dance demonstration was provided by a Milwaukee dance group. A very enjoyable evening for all!

## Girl Severely Injured When Struck by Car

A 5-year-old rural Kewaskum girl was listed as slightly improved Monday at Milwaukee Children's Hospital, where she was taken in critical condition Sunday with head injuries.

Sara A. Lemke of 161 Highway S, about one mile northeast of Kewaskum, was injured at 5:35 p.m. Thursday when she was struck by a car driven by Thomas L. Charles of West Allis.

Charles told investigators from the Fond du Lac County Sheriff's Department that the Lemke child was at a mailbox across from her home in the Town of Auburn, just north of the Washington-Fond du Lac county line, as he was driving south on County S. She then ran across the path of the auto without looking. He applied the brakes, but was unable to stop because of the icy road conditions, according to the accident report.

Sara was removed to St. Joseph's Community Hospital, West Bend, by the Kewaskum Rescue Squad.

## Petri, Goyke Nominated for Steiger Seat

State Senators Thomas E. Petri (R-Fond du Lac) and Gary Goyke (D-Oshkosh) Tuesday easily won their parties' nominations for the 6th Congressional District seat, which post was left vacant by the death of Rep. William A. Steiger (R-Wisconsin).

Petri and Goyke were the favorites in the primary, but the size of their victory margins was a surprise.

Petri led a field of seven Republican contenders, while Goyke defeated State Rep. Richard Flintrop (D-Oshkosh).

The two candidates nominated Tuesday will meet in the April 3 general election.

## Fire Causes Damage At Dorn Residence

A fire at the Albert Dorn rural home in the Town of Barton, southeast of Kewaskum, caused damage to the residence last Thursday morning. The Kewaskum fire department was called to extinguish the blaze about 8:30 a.m.

The fire is believed to have been caused by an overheated stovepipe, according to Fire Chief Augie Bilgo. The flames spread through the walls and into the ceiling before they were subdued.

## Area AFS Students Feted

With the arrival of seven AFS students in the Kewaskum area, seven host families and their guests began a very busy week. Four AFS students from foreign countries and three American students planning to visit abroad arrived on Sunday, February 18, and plan to stay until Saturday.

Mrs. Sue Schmitz, AFS advisor, and AFS student members have planned many activities to acquaint the visitors with the Kewaskum area. Sunday evening the visitors attended the German Festival. The students are attending classes at the Kewaskum High School

each day and went to a basketball game and a band and choir concert. A tour of Regal Ware, a visit to the Gerald Stoffel farm and a tobogganing party at the Gerald Yearlings is also planned.

Families hosting the students are the Gerald Yearlings, Gerald Stoffels, Richard Schmidts, Ronald Edgars, Jack Lemkes, Richard Gusts and Marvin Schmidts. Their guests represented the countries of Norway, the Philippines, New Zealand and Venezuela in addition to the American students from the Milwaukee area.

## Cold Weather Record Broken

This area's record setting number of 51 consecutive days with temperatures at or below freezing of 32 degrees was finally broken Tuesday when the thermometer rose to 39 degrees. The former record of 47 days when the temperatures did not reach above freezing was set way back in 1912.

In achieving (?) the record number of continuous cold days, many of them were below the zero mark. The coldest recorded during this period was 28 degrees below zero.

It was good news Tuesday around town in the 39 degree weather when a little of the

snow melted for the first time and residents saw some water in the streets again.

But after getting by with light snows and flurries the past couple of weeks, about three more inches of snow fell during the night Tuesday. Village crews, still cleaning up and widening streets and driveways from the last snowstorm and previous ones, renewed their efforts again.

It is still a common sight to see 12 and 14 foot snowbanks along highways, especially side-roads, even after the snow has settled some what. Many roads are still very narrow.

## Kewaskum Seminarian Will Declare Candidacy For Priesthood March 23

A rural Kewaskum man will be among nine seminarians who will make formal declarations of their intent to continue studying for the Catholic priesthood in a candidacy ceremony March 23 at St. Francis Seminary, Milwaukee.

Thomas E. Biersack of Route 2, Kewaskum, will participate in the ceremony to be held at 7:30 p.m. in Immaculata Chapel at the seminary's School of

Pastoral Ministry.

Biersack, who is a 'second year graduate student at St. Francis, is studying for the Milwaukee archdiocese. His home parish is Immaculate Conception in West Bend.

Milwaukee Archbishop Rembert G. Weakland will preside at the candidacy service.

Biersack is the son of Mr. and Mrs. Leonard J. Biersack of Route 2, Kewaskum.

## Make 275 Mile, 17 Hour Trip From Milwaukee to Crivitz Via Snowmobile

Seven men, including four from Kewaskum, journeyed from Milwaukee to Crivitz on snowmobiles last weekend. The 275 mile trip took 17 hours of actual riding time.

Those taking part on the extensive trip were Gary Esser, Ruben Oppermann, Mike Ruppinger and Daryl Hotz of Kewaskum; Tom Bizjak of Milwaukee, Ron Howden and Ron Pritzlaff of Germantown.

The group started their northern trek Thursday night from North Milwaukee and stayed overnight at the Roy Esser home in Kewaskum. Friday evening they stayed at Howard Johnson's Lodge at De Pere and arrived at Crivitz Saturday. While in Crivitz they stayed at the home of Robert Bizjak, an

uncle of Gary and Tom.

The expedition did not encounter any major problems. It was 28 below when they left De Pere Saturday morning and two of the guys suffered frostbite on their faces.

This is the second year a group went to Crivitz via snowmobile.

## REGISTRATION AT HOLY TRINITY SCHOOL

First grade registration for Holy Trinity School for 1979-80 will be held Sunday morning, February 25, after all of the Masses. It will be held in the school building in the library (upstairs).

## Daniel D. Coulter Designated Certified Residential Specialist

CHICAGO — In recognition of proven professionalism, Daniel D. Coulter has been designated a Certified Residential Specialist (CRS) by the Realtors National Marketing Institute. Coulter is owner of Coulter Realty, West Bend.

He has been in real estate for six years and is a member and president of the Washington County Designated Realtors.

tors, the CRS is a certification of skill, experience and documented activity in the field of residential real estate.

The CRS designation is the latest development in the Marketing Institute's ongoing efforts to promote education and certification of real estate marketing skills.

Coulter is the first realtor in the county to receive this designation.

## READERS RESPOND TO REALIGNMENT ARTICLE

February 20, 1979

Dear Mr. Harbeck:

Thank you for taking the time to do an article on the WIAA realignment issue affecting our school. We too have found that many people are unhappy about the proposed Eastern Wisconsin conference for Kewaskum. Most, however, have been reluctant to speak out because of lack of information about the workings of the WIAA or about the sports that do not exist for our girls' teams.

Some of our leaders have chosen to overlook the whole girls' sports picture with such excuses as "the decision is not ours to make." We cannot have any input with our heads buried in the sand. The number of girls involved in tennis, gymnastics, cross country and golf is large; how can we overlook these sports?

Your mention of the city press coverage was also a point well taken. Most of us don't see ourselves as a "country school."

We would urge other parents to make their feelings known to the four board members who want us in the Eastern Wisconsin Conference. It is interesting to note that these four board members have not recently had students involved in sports nor will they have in the near future; their families thus won't be involved in traveling 50 to 75 miles on school nights for these events.

Howard and Connie Zemlicka

2-17-79

Kewaskum, WI

Dear Bill,

I just finished reading your article on conference realignment and am in full agreement. There must be something better for Kewaskum High School than being assigned to the Eastern Wisconsin Conference. Don't the people of Kewaskum High School district have a voice in this? The traveling distance alone should make parents sit up and take notice. I can't see traveling over 70 miles for a school sponsored activity when we live in a highly populated area of Wisconsin.

I hope you will continue in your efforts to encourage the people of our school district to look outside of the direction proposed by the school board and the WIAA to place Kewaskum in the "right" conference for years to come.

I believe the four small schools of the Scenic Moraine

should stick together. Let's look South or to the Flyway!

A Concerned Parent

To the Editor:

The issue of Kewaskum High School sports joining the Eastern Conference is ridiculous. I, as a parent, would like to voice my opinion. With all the schools right in the area the same size as ours, I would think the members of the WIAA surely could come up with a better alignment than they have. If we go to that conference I would not be able to see any away games at all and with my son or daughter playing only a very short four years, I want to see every game possible. I hope that the WIAA will reconsider and just think of us parents wanting to see our kids play. I agree with the Statesman article in every way.

Thank you,  
Concerned Parent

February 20, 1979

Dear Mr. Harbeck,

Thank you for waking up the people of the Kewaskum School District to the fact that the Eastern Wisconsin Conference is not the answer for the Kewaskum schools.

A Washington County Conference or a second division in the Flyway Conference sounds very good to us. There could be two six-team divisions. Kewaskum, Mayville, Slinger, Pewaukee, Horicon and Campbell-sport in the southern division and North Fond du Lac, Lomira, Oakfield, Laconia, Markesan and Dodgeand in the northern division.

We do not have any of our children in high school right now, but we will have in the very near future. We do not relish the fact of worrying about our children traveling up to 70 miles in inclement weather for school functions. And are we forgetting that many of the students (who are quite inexper-

enced at driving on slippery roads) take their own cars to these activities?

Also, has anyone given consideration to working parents (mothers as well as fathers) who work until 5 or 6 p.m.? How do we manage to attend the sports functions? We are proud of our children's accomplishments and definitely want to show them our support, but it is next to impossible when you are talking about 2-3 hours traveling time both ways. In some instances, the kids will be spending more time riding the bus than participating in sports!

As for winning, they always say fan support gives a team that "extra edge." How long do you think the KHS teams will put out that "extra effort" when there are very few fans there to appreciate it?

Come on School Board members — don't just sit there and say "there's nothing we can do." Let's fight for what we, the people who elected you, want.

Please sign us:

Disappointed Parents

Kewaskum, Wis.

Dear Sir:

I have one thing to say to the school board, school administrators and WIAA about being realigned to the Eastern Wisconsin Conference.

NO WAY am I going to allow my kids in bad weather to travel all the way to Two Rivers, Valders or Chilton for a school activity.

Two Rivers is still some ways further than Manitowoc. Valders is almost as far as Manitowoc. Chilton is about as far as Oshkosh. And New Holstein and Kiel are far from close by.

A Parent

EDITOR'S NOTE — Copies of the last two issues of the Statesman were sent to John Roberts, Executive Director of the WIAA. For anyone who would care to write to him, his address is: John Roberts, Executive Director, Wisconsin Interscholastic Athletic Association, Stevens Point, WI 54482.

February 19, 1979

To Whom It May Concern:

It seems our Village Board and Superintendent really got carried away with their Snow Emergency! Really went "big time" the first night.

Sock the little guy! It didn't snow — they didn't plow — but they towed the little guy. Now if you park a semi-trailer on the street, or stack pallets on the street for eight nights and days as of this writing, that's O.K.

Did you make your quota and points on the little guys the first night?

If you really want to be fair, give the little guys their fine and tow money back and then get on the stick, open your eyes and treat everyone equal.

Roy Warner

thank my students, the German Club members, who put in countless hours of work cooking, baking, rehearsing, decorating, serving food and cleaning. They made something that was only an idea become a wonderful reality.

Mrs. Susan Schmitz  
German Club Advisor

### Regular Meeting of Board of Education

The regular meeting of the Kewaskum Board of Education will be held on Monday, February 26. Beginning at 8 p.m. the meeting will be held in the central administrative office.

Final consideration of the Title IV projects will be on the agenda, as will final action on two policies dealing with non-discrimination. The committee appointed to consider a request for pay for the Fine Arts Festival will submit its report.

New business items will include consideration of a recommendation to reduce the teaching staff by two next fall. Positions to be eliminated would be one kindergarten and one 1-6 position. High school staffing needs will also be reviewed. The board will also consider making up the day missed only by elementary students, payroll and vouchers payable and miscellaneous items which may come up.

In closed session, following the regular meeting, the board will consider non-renewals and salaries and wages.

To the editor:

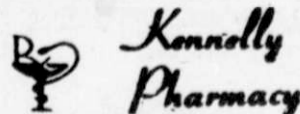

On behalf of the Kewaskum High School German Club, I thank all of you in our community who helped to make our "Fasching" festival last Sunday a success. The cooperation we received from within the school and from the businesses in the community was truly gratifying. Parents, neighbors, and friends were always willing to do that extra favor to help things work smoothly.

Personally, I express my thanks to Mrs. Robert Medley, our volunteer cook, to my fellow teachers, and to the administrators, secretaries, cooks, and custodians who cheerfully gave any aid we requested. Such an undertaking would not have been possible without them. Finally, I would publicly like to

from  
Tom  
Leitzke,  
R.P.H.

A 13 year old girl was very depressed, even suicidal. After many kinds of treatment, allergy tests found the following: exposure to insecticides caused depression, crying, perspiring, tension and nervousness. Exposure to household germicides caused crying, flushing, tremor of hand, rapid heart beat. Today she is a happy college student, minus her depression, by avoiding the foods and chemicals to which she is sensitive. The use of insecticides and germicides can have adverse effects on humans.

### Bridal Shower For Miss Panzer

A surprise bridal shower was given in honor of Miss Jeanne Panzer by Mrs. Kathy Schrefler and Mrs. Dorothy Panzer on Sunday, February 11.

Many lovely gifts were received and a corsage with a miniature egg beater attached, was presented to the future bride. She will be married May 27 to James Hanson Jr.

Those attending were Mrs. Einar Ingman Sr. of Tomahawk, Mrs. Marian Manka and Mrs. Margaret Genz of Beaver Dam, Mrs. James Hanson Sr. and Ms. Sandi Hanson of Sheboygan Falls, Mrs. Diane Panzer, Debbie and Dawn of Silver Creek, Mrs. Lori Schoofs of West Bend, Miss Renae Marchant, Campbellsport, Miss Nancy Theisen, Vickie Key, Robin Acker, Mrs. Arlene

Koepke, Susie and Sandy, Mrs. Bonnie Koepke and Tammy, Mrs. Marcedes Otten and Mrs. Anne Panzer, all of Kewaskum.

Those unable to attend, but who sent gifts were Mrs. Lori Davis of Tomahawk, Miss Dawn Justman of West Bend, Mrs. Ruth Krueger, Mrs. Vera Panzer, Mrs. Arlene Panzer and Barbara of Kewaskum, and Cpl. Janice Panzer of Hawaii.

Games were played and a delicious supper was served.

### Rescue Squad Calls

Tuesday, February 13 — Sharon Bonlender, 1757 Old Fond du Lac Road, Kewaskum, removed to Sison Clinic when she became ill.

Thursday, February 15 — Sara A. Lemke, 5, daughter of the Paul J. Lemkes, 161 Hwy. S, Kewaskum, removed to St. Joseph's Community Hospital, West Bend, with injuries she suffered when she was struck by a car in front of her home.

Monday, February 19 — The rescue squad was called to Townline Drive, 1/10 of a mile south of Hillcrest, after a school bus-milk truck accident. There were minor injuries but no transport was made.

Both of the above accidents were blamed on high snowbanks along highways. The fire department and police department urge people to use extreme caution when driving on roads where snowbanks at intersections and driveways hide one's vision.

### Fischer — Odekirk

Mrs. Arlene Fischer of Route 1, Kewaskum, and James Fischer of West Bend, are pleased to announce the Christmas Eve engagement of their daughter, Mary, to David Odekirk, son of Mr. and Mrs. Jack Odekirk of Route 2, Campbellsport.

Mary is a 1978 graduate of Kewaskum High School. She is currently employed at the West Bend Company.

Dave is a 1974 graduate of Campbellsport High School and a 1976 graduate of MPTI in Fond du Lac. He is employed as an Industrial Engineering Analyst at the Kohler Company in Sheboygan.

# Tellerphone

**Your direct line to our teller for savings-to-checking transfers.**

**Keep your money working**  
You've got nothing to show for your money in a checking account except a monthly statement. Put that idle money to work in a West Bend Savings Check-Sav account — where it earns interest. A simple phone call transfers money from your savings account to your bank checking account. Or from checking to savings. Your money is transferred the same day to any major Washington County bank. And speedy service is available for virtually any bank in the country.

**Make money work even harder.**

Money in West Bend's Check-Sav account earns the highest possible interest — a full 5% compounded daily — more than automatic transfer accounts at banks. Most bank automatic transfer plans require a substantial minimum savings balance — or soon will. Only \$100 will keep your Check-Sav account working free of charge.

**Control every transaction.**  
You'll be given a personal identification number. Use it when you call to transfer funds — to or from your Check-Sav account. You can also transfer money at our automatic teller.

**Available at all seven offices.**  
Stop in or call about "tellerphone" service on West Bend's Check-Sav accounts at any of our seven Washington County locations: Village Square, Slinger; Main St., Kewaskum; Main St., Jackson; Mequon and Division Rds., Germantown; and three convenient West Bend offices.

**Offer Tractor Certification Course for Youth**

If you're under 16, plan to be hired to work on a farm this summer and think you'll be driving a tractor and using

tractor attachments, you should be certified, according to University of Wisconsin-Extension farm safety specialist Don Jensen.

Working with tractors is classified as a "hazardous occupation" by the U.S. Department of Labor, and according to the rules, you have to be certified

before you can be hired.

From now until mid-June, most Wisconsin counties will be offering a tractor certification course through U.W. Extension. The course teaches safety and skill in handling tractors and attachments.

A minimum of 10 hours of study about tractors and tractor safety is required for certification. Time spent in the 4-H

tractor project or in high school vocational agriculture courses can be applied to this requirement.

After completing study of tractor safety and handling, applicants must pass a written test and a practical tractor skills test.

A course will be offered by Washington County Vo-Ag instructors and University Extension

at West Bend starting Saturday, March 17. For information, contact your Vo-Ag instructor or the University of Extension 4-H Agent, Phone 334-3491, 644-5204, or 342-2929.

The small boy said to the little girl, "Are you the opposite sex or am I?"

you're invited to our **WASHINGTON'S BIRTHDAY SALE!**

Virginia Alliet

James Wunderlin

At a recent awards night, Virginia Alliet, 3806 Bonnie Lane, Kewaskum, and James Wunderlin, 5796 Hacker Drive, West Bend, who are associated with Century 21 Klug & Klug, Realtors in West Bend, received plaques from the Century 21 Regional office for high pro-

duction during the last quarter of 1978. They were honored along with many other salespeople from the 95 Century 21 sales offices throughout Wisconsin.

"YOU TAKE CARE OF THE PARKING,  
 WE'LL TAKE CARE OF THE PRICES!"

## 25 Years Ago

February 26, 1954

The army last week identified 95 additional officers and men, including two from Wisconsin, who are known to have died in Korea. Included in the list was Corp. Claude R. Hess, son of Mrs. Lillian O'Deal, Route 2, Kewaskum.

A marriage license was issued to Glenway W. Backhaus, Route 3, Kewaskum, and Marilyn Ann Buss, Route 3, Kewaskum; wedding February 27.

A southbound Chicago and North Western railway passenger train crushed a two-wheel trailer being towed by a car driven by Edwin Groszklaus, 55, Route 3, Kewaskum, on Friday, February 19. The driver and his car escaped injury and damage.

Mrs. Anna M. Becker, 84, a resident of Kewaskum most of her life, died on Monday, February 22, at the home of her son and daughter-in-law, Mr. and Mrs. Norbert Becker of Milwaukee.

Mrs. Louisa Schmidt, 83, nee Schmidt, of the Town of Scott, near Beechwood, passed away Monday evening, February 22, at the home of her son and daughter, Walter and Mathilda Schmidt.

Funeral services were held for Herman Habeck, 78, Route 2, Kewaskum, who died Saturday, February 20.

## 50 Years Ago

February 23, 1929

Mr. and Mrs. Clifford Stautz of Kewaskum, are rejoicing over the arrival of a baby boy, born to them on Wednesday, February 20.

Mr. and Mrs. Louis Backhaus Sr. of Kewaskum, had the happy occasion of celebrating their 40th wedding anniversary Thursday, February 14.

What proved to be just as it advertised, a very exciting and thrilling game of basketball was played at the High School gymnasium last Friday evening, when the local high school team defeated the fast and strong Slinger team by a score of 28 to 16.

With another six inches of

snow fall last Sunday, the season's record for snow covering the ground was pushed up to 40 1/2 inches.

Mrs. Martin Heftner (nee Metz) daughter of Mr. and Mrs. John Metz of the Town of Kewaskum, died on Sunday, February 17.

## 75 Years Ago

February 27, 1904

H.J. Lay's new residence was completed this week when the decorators finished up their work. Mr. Lay intends to move his family into the new house some time next week, that is if the weather becomes more moderate.

The roads between Kewaskum and Beechwood were drifted so badly last Wednesday

that Oscar Koch, who brought over a large load of live calves, tipped over twice on the way. He experienced quite a time in rounding up the calves again and getting them loaded.

Math. Schladweiler has purchased the William Enright farm near Boltonville for the sum of \$7,100.

A baby boy was born to Mr. and Mrs. Jake Muckerheide, Sunday, February 21, died on Tuesday, and was buried here from the Holy Trinity Church on Thursday.

Anton Kohler, 47, a well known resident of the Town of Ashford, died at his home one mile northwest of St. Kilian on Wednesday, February 24, of tuberculosis.

William Miller, the brick manufacturer, bought the brick making outfit of Mr. Vogt at Boltonville this week. He will move the outfit over here some time this week.

There's more to being a good teacher than a knowledge of a subject.

SALUTING FFA at 50

SALUTING FFA at 50

# FFA at 50

Nationwide FFA WEEK Celebration

February 17-24, 1979

A PROCLAMATION

WHEREAS, the Future Farmers of America is a strong force for America's agriculture and, with vocational agriculture education, plays an outstanding role in assuring the progress and prosperity of our nation; and

WHEREAS, Wisconsin is pleased to commend our Wisconsin Future Farmers of America, recognizing their contributions to furthering Wisconsin's proud agricultural heritage; and

WHEREAS, the FFA motto -- "learning to do, doing to learn; earning to live, living to serve" -- gives a direction of purpose to these future leaders for tomorrow's agriculture; and

WHEREAS, the FFA performs the valuable service of developing leadership, encouraging cooperation, promoting good citizenship, teaching modern agricultural information, and inspiring patriotism among its members;

NOW, THEREFORE, I, LEE SHERMAN DREYFUS, Governor of the State of Wisconsin, do hereby proclaim the week of February 17 through 24, 1979

FFA WEEK

in the State of Wisconsin, and I urge the people of Wisconsin to join in appropriate observances, saluting FFA members and their vocational education teachers, in recognition of their valuable contributions to America's Dairyland.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Wisconsin to be affixed. Done at the Capitol in the City of Madison this eighteenth day of January in the year of our Lord one thousand nine hundred and seventy-nine.

*Lee Sherman Dreyfus*  
LEE SHERMAN DREYFUS

SALUTING FFA at 50

the **FFA**  
Organization

FFA OFFICERS — Left to right, bottom row...Barb Schulz, secretary; Dan Kaehler, sentinel; Mark Hupfer, reporter. Back row...Ed Ruplinger, vice-president; Joe Swanson, treasurer; Pat Hanrahan, president, Mr. Rizzardi, advisor.

PRESIDENT JIMMY CARTER again spoke about his experience as Plains, Georgia, FFA member in a visit with over 80 state FFA officers at the White House in July. "I would say my career that led up to the Presidency of our great country began in the Plains Chapter. I learned how to cut a rafter and how to repair a tractor; how to plant an acre of peanuts, and how to judge a good hog or dairy cow. I learned how to be a leader in a small group which was highly competitive. I learned how to make a speech and how to broaden my area of interests beyond the confines of our own farm and my own community." Carter said he was grateful for what FFA members mean to me and to our country. I am even more grateful for what you will mean in the future.

**PATRICK HANRAHAN — President**

My involvement in the FFA during the past four years has been quite great. During my sophomore year I served as Reporter, and currently I

am serving as President. Upon completion of high school, I plan on running for an office in the Wisconsin Association of Future Farmers of America.

I have received three of the four degrees of membership offered in the FFA. During my freshman year, I received the Greenhand degree, during my sophomore year I received the Chapter farmer degree. Last year I applied for, and received the State farmer degree. My goals are set on someday applying for the fourth and final degree, the degree of American Farmer.

Among other awards which I received are: Star Greenhand, Star Chapter Farmer, Hog Production, Safety, Recognition for Food for America and Building Our American Communities (BOAC), recognition for

my effort in the FFA by "The Wisconsin State Journal" and the Kewaskum Kiwanis Club.

I have served as Chairman of many of the major committees of the FFA. Some include: Food For America (3 years); BOAC (3 years); Concession Stand (4 years); Banquet (4 years); Ear Tag Sales (3 years); Safety (2 years); Community Service (3 years); Fruit Sale Co-Chairman (2 years).

Upon graduation from high school, I plan on staying at home and farming with my father. In November I will enter a fifteen week short course at Moraine Park Technical Institute, Fond du Lac Campus. Upon completion I plan on returning to the home farm again.

**ED RUPLINGER — Vice-President**

While in office, I'll be working closely with our President, Pat Hanrahan, in many activities and helping

him at all meetings. This year I am chairman of the Farm Journal Sales and Scholarships committee.

During the year I was sent to various workshops, such as the leadership workshop held at Lake Mills and the Parliamentary Procedure Workshop held at Oshkosh North High School. I had the honor to be a Chapter Delegate at the State Convention, which was FFA's 50th Golden Anniversary held in Green Lake, also a delegate at the National Convention held in Kansas City, Missouri. Along with these various activities, I went to Jag Lake to get to know the other officers including our new advisor, Mr. Rizzardi.

During my first two years in FFA, I was active in Food for America, Banquet Committee, Creed Speaking Contest, and selling refreshments at football and basketball games.

**JAG LAKE** — On August 21, 1978, six members of the Kewaskum FFA left to spend four days at the state FFA Camp on Jag Lake in Vilas County. Among the people who attended were: Patrick Hanrahan, Joe Swanson, Joel Moths, Ed Ruplinger, Wes Haug, Barbara Schulz, and Mr. Dave Rizzardi, our advisor.

The purpose of this camp was to set our goals for the upcoming year. However, recreation took care of most of the time during the day and was encountered everyday except on our arrival and departure days.

We planned our program of work for this year, discussed Building Our American Communities (BOAC), and several other details.

**MR. DARMODY**, ag teacher, proudly displays the quilt received from the local FFA Chapter as a wedding gift.

**THE EMBLEM**

The emblem of the FFA contains five distinct details, two words, and three letters. The "owl" is symbolic of knowledge and wisdom; the "plow" represents labor and tillage of the soil; the "rising sun" represents the progress and the new day that will dawn when all farmers are trained and have learned to cooperate; the "cross section of an ear of corn" represents common agricultural interests since corn is native to America and grown in every state; and the "eagle" is indicative of the national scope of the organization. Along with the symbols, the words **VOCATIONAL AGRICULTURE** and the letters **FFA** appear on the Emblem.

The Emblem and the letters "FFA" are protected by trademark registration in the U.S. Patent Office, and by the Public Law.

**Learning to do,  
Doing to learn,  
Earning to live,  
Living to serve.**

**Don't Read This**

... unless you're interested in the future. Particularly America's agricultural future. Who will be its leaders? Who will produce the food? Who will know how to market products?

The vocational agriculture — FFA program of career education in agriculture strives to match the student's skills and potentials with likely opportunities.

These young men and women in FFA will be ready for the future.

SALUTING FFA DURING NATIONAL FFA WEEK

David Rizzardi

HELLO KEWASKUM! Not all graduates land a job with all of the diversity that my new position holds. A graduate from the University of Wisconsin-Madison, I received a Bachelor of Science degree in Agriculture in the spring of 1978. Previous to arriving in Kewaskum I interned at a semester at Mishicot High School.

My duties here at Kewaskum involve junior and senior agriculture, welding and power mechanics. I have tried to assume the FFA advisor position to the FFA organization, but find myself referring to Mr. Darmody and Pat Hanrahan. The intramural basketball program has also been taken over by myself and I would like to

**Building Our American Communities**

The FFA stresses the need to provide sound training in leadership, cooperation, the development of responsible citizenship, and experiences in community service. BOAC is designed for total involvement of chapter members in community improvement through constructive action programs to help FFA members to prepare for the future. Through BOAC, FFA members are provided a "vehicle" in which to analyze their community in terms of employment opportunities, environmental control, population trends, recreational needs, and availability of community services and resources.

BOAC is a "self-help" program that will "beckon to rural citizens" and help make all American communities viable and strong. It also provides ways members can get "a piece of the action" and receive awards provided for recognition of outstanding achievement. Awards are presented on community, local, state, and national levels.

The FFA's BOAC program has been given extreme recognition for its outstanding involvement. One outstanding recognition took place in 1970, when the FFA Building Our American Communities Program, was endorsed by President Richard Nixon and leaders in Congress.

Most of us can look with pride to certain things in our community which makes it unique and a rewarding place in which to live and work. Likewise, we can probably find a few things we would like to see improved.

The FFA initiated the BOAC program because every community has room for improvement and because working to improve communities can be a viable experience in leadership and cooperation.

We, the Kewaskum FFA, have been extremely active in this Program for the past two years. Last year, we built 50 picnic tables for the Park in the Village of Kewaskum and this year we will again be offering our services to the Village Park Committee.

begin a soccer club in the spring—but those plans are still in the making.

The FFA at Kewaskum this year has not entirely met up to my expectations. I feel the reasons for this are partly my own fault and partly the student members. Enthusiasm to participate in activities seems to be lacking. I'm not talking about activities like recreation nights, picnics, soda and popcorn eating, I've got plenty of support for those. It's the activities that demand work with minimal reward where participants are lacking. It may be that rewards given by being a strong active member are not easily held in your hand.

Leadership, decision making, speaking abilities are things most individuals use sometime in their lives. Trophies are nice but building and shaping a young persons attitudes, responsibilities and relationships with others offer long lasting reward.

So far this year I have relied on my officers to do most of the work. Pat Hanrahan, president, has always been there when I needed him for support or a last minute job. Ed Ruplinger, vice-president, shows a sense of responsibility and the prospects of becoming an even better leader next year. Joe Swanson,

treasurer, offers the intelligence and mature sense of humor some high school students lack. Mark Hupfer, reporter, is young but consistent in reliability and using his head in decision making. Barb Schulz, secretary, is doing a good job in fighting the odds of being the only female officer. Dan Koehler, sentinel, rounds out the officer list. Dan is a recently elected officer, who I hope, will follow the good leadership already present.

I see this my first year as a rebuilding year in the FFA. I've tried not to push too many things on my officers, though I'm sure they feel overworked. I hope my returning officers can instill some enthusiasm in the members next year to keep the ball rolling from this year.

My outlook is optimistic. Mr. Darmody is doing a good job with the freshman and sophomore classes in preparing them

for the FFA. In the future I hope to see more participation as well as greater enthusiasm.

In closing I would like to extend an invitation to all community members to stop in and say hello. We welcome all ideas and constructive criticisms. The FFA is here to serve the community as well as the students involved. Help me and my officers to make the Kewaskum Chapter of Future Farmers an even greater success than they have been in the past.

David Rizzardi

**More Than 500,000  
Students of Vocational  
Agriculture Are  
Members Of The FFA**

**A GOLDEN PAST TO  
A BRIGHTER FUTURE**

The rising sun of a new era in agriculture. A new generation. A Brighter Future.

Seen through the eyes of an FFA member, tomorrow is as bright as that sun pushing its way between earth and sky. Vocational agriculture instruction, which is the basis for the FFA program, trains a new generation of agriculturists who are ready for action in agricultural careers.

With some prodding to create discovery; with some recommendation to select the right career; with some motivation to apply oneself; with some incentive to go-the-extra-mile; with some guidance to plan ahead and establish goals; with some self-taught respect for the past; and with some encouragement from others who are happy in an agricultural career, a high school freshman is led through the instructional program of vocational agriculture and through participation in the leadership laboratory of FFA.

Emerging is a future leader for America's agriculture.

Currently there are 500,000 trainees, or student-members, involved in over 8,000 local high school programs. Prime motivator, stimulator and advisor is the local vo-ag instructor. It is he who sets the pace of involvement, learning and dedication in the classroom, in the work experience situation on the farm or agribusiness, and in the FFA.

All new horizons of student involvement in FFA lead to that Brighter Future. Raising a job and her first litter. The first sales job at a nursery. Getting the nerve to make a motion in chapter meeting. Earning the Green-hand degree of membership. Delivering that first speech in class and going on to the contest to represent the chapter. Helping with the chapter's test plot or selling citrus. Getting ready for the annual banquet. The first chance to weld in shop. A hail storm that wiped out the five-acre corn project. A pat on the back from Dad and Mom. Borrowing \$7,500 to get started.

Horizons of a golden opportunity to learn by doing.

FFA has been preparing students for their Brighter Future since 1928. FFA AT 50 - A GOLDEN PAST, A BRIGHTER FUTURE.

**Learning to do,  
Doing to learn,  
Earning to live,  
Living to serve.**

**1978 Fruit Sale  
Again Successful**

Once again this year, the Kewaskum FFA successfully conducted a fruit sale. We sold 1,100 cases of oranges and grapefruit. An FFA chapter in Lake City, Iowa handles the fruit distribution. They will sell fruit to any youth group, as long as there is only one group per school or community.

We conducted the sale for this year in early November, and the fruit arrived in early December. We plan on running the sale again next year and hope to be able to sell 1,500 cases.

Top salesman for this year was Tony Ruplinger, with Mark Steger and John Burkhalter second and third respectively.

**THE KEY TO  
SUCCESS**

For FFA members the key to their success in life is vocational agricultural education. This sound program is headed by the local vo-ag instructor — chapter advisor. The program prepares the student-member for tomorrow's agriculture.

## THE FFA CREED

by E. M. Tiffnay

I believe in the future of farming, with a faith born not of words but of deeds—achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agricultural pursuit, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and public interests in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so — for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

## FFA International Programs

The national FFA organization initiated programs on an international scale in 1948 with an exchange program with the National Federation of Young Farmers' Clubs of England and the Scottish associations of Young Farmers' Clubs. In cooperation with State FFA Associations, this program continues today. FFA assisted in the development of similar organizations in Japan, the Philippines, Thailand, Colombia, Costa Rica, Mexico, Panama, South Vietnam, Korea and Australia.

New programs provide opportunities for FFA chapters and members to become actively involved in learning more about agriculture and youth of other countries:

### WORK EXPERIENCE ABROAD

This program is for qualified active, collegiate or alumni FFA members who are interested in living in another country to gain work experience and observe different farming methods. Students learn the history, culture and traditions by living with a farm family for a period of three or six months. Attendance at rural youth meetings, a summer conference, and a two week study tour are part of the program. Cooperating countries include Australia, Austria, Brazil, Colombia, Denmark, England, France, Germany, Ireland, Italy, Jamaica, Japan, Korea, the Netherlands, New Zealand, Norway, Panama, the Philippines, Scotland, Sweden, Switzerland, and Thailand.

### AGRICULTURAL STUDY SEMINARS

Study seminars of two-three week periods to Europe and other continents are arranged for by State FFA Associations. Visits are made to typical farms, agricultural schools, agribusiness firms, and research facilities. Overnight stays with a farm family are an important part of this program.

### DEVELOPMENT PROGRAMS

These programs involve FFA members and chapters nationwide in assisting in solving world hunger problems, improving agricultural education, and advancing rural youth

organizations in the developing countries. Selected projects may range from raising funds, providing books, tools, and seed for a rural youth group to a major development effort involving exchange of members and teachers. Areas of interest include the developing nations of South America, Africa, and Asia. Projects are selected in cooperation with the Young World Development Programme, Food and Agricultural Organization (FAO) of the United Nations, Agency for International Development, Department of State, The Peace Corps or other state or federal agencies.

So as you can see, the FFA is recognized world wide and is willing and wanting to help the developing countries of the world.

### Therapy Student Debra Strack at Cedar Lake Home

Debra Strack has begun her Recreational Therapy field experience at the Cedar Lake Home Campus, West Bend.

She is the daughter of Mr. and Mrs. Roger Strack, Kewaskum.

Miss Strack, majoring in Therapeutic Recreation, will graduate from the University of Wisconsin - La Crosse in May.

During her 16 week field experience at Cedar Lake Home, Miss Strack will develop Recreational Therapy skills through observation and practical experience in the home's total care geriatric setting.

Recreational Therapists at Cedar Lake Home coordinate the total range of activities on campus such as resident clubs, discussion groups, general recreational activities and coordinate activities off campus such as movies, boat rides, tea parties, school-student participation and community involvement.

The Cedar Lake Home Campus accepts health care students from across the nation who come to study in a geriatric setting.

## Girl Scouts Are Thankful

The Girl Scout "Thinking and Thanking Day" is February 22. This year the Kewaskum and Farmington Girl Scouts would like to thank the following businesses, organizations and people who have helped to make this past year a great success in Girl Scouting:

Kewaskum and Farmington public schools, Kewaskum Statesman, Amerahn, Regal Ware, Fairmont Foods, SENTRY Foods, Rosenheimers, Kennel Pharmacy, Kewaskum Floral, Kewaskum Kiwanis, American Legion, Kewaskum Jaycees, West Bend Savings and Loan - Kewaskum Branch, Valley Bank, Johnson School Bus Service (Kewaskum), Fire Department, Police Department, Village crew and Kewaskum Postal Service. Thank you to all the leaders and parents who have helped to make this year a big success. A very big thank you to Arnold Stommel.

Thank you all very much for making this past year the success it was. We hope that we will be able to help you some way in the year to come.

## Births

STOFFEL — A daughter to Michael and Mary Stoffel, Kewaskum, Tuesday, February 13.

KLESMITH — A daughter, Jodi Mae, to Bob and Diane Klesmith, 4600 Ridge Road, Kewaskum, Thursday, February 15.

STOFFEL — A son to Lee and Elizabeth Stoffel, Kewaskum, Friday, February 16.

VRANA — A daughter to Timothy and Mary Vrana, 2869 East Ridge Road, Kewaskum, Friday, February 16.

## School Menu

### KEWASKUM COMMUNITY SCHOOLS

Menus for week of February 26 - March 2, 1979:

Monday — Hamdinger on bun, cheese, applesauce, buttered peas and fruit cocktail.

Tuesday — Spaghetti and meat balls, lettuce salad, juice and pineapple.

ASH WEDNESDAY — Fish on a bun, cheese, French fries, and pears.

Thursday — Brat on a bun, sauerkraut, pork and beans, peanut butter and chocolate pudding with cream.

Friday — Toasted cheese, tuna salad, bowl of soup, fish crackers, juice and peaches.

Menus are subject to change. Each meal served with bread, butter and/or margarine and milk.

### HOLY TRINITY SCHOOL

Monday — Hamburger, potato rounds, buttered peas, pineapple, O'Henry bar, milk.

Tuesday — Beef stew, po-

tatoes, carrots, dinner roll, pudding, milk.

Wednesday (Ash Wednesday) — Cheese pizza, potato stix, fruit salad, ice cream, milk.

Thursday — Turkey sandwich, green beans, cranberries, berry crunch, milk.

Friday — Fish, French fries, cole slaw, apple slices, cookie, milk.

### Fink Names Assistant D.A.

Fred A. Fink, Jr., Washington County District Attorney, announced this week the appointment of Tom R. Wolfgram as an Assistant District Attorney for the county. The D.A.'s office is comprised of Fink and two assistants.

Fink stated that Wolfgram's experience as a prosecuting attorney for over a year in neighboring Ozaukee County was a controlling factor in the appointment. Wolfgram is a 1977 graduate of Marquette University Law School and has been an Assistant D.A. in Ozaukee County since graduation.

## Mrs. Mary Ann Honeck Dies

Mary Ann Honeck, nee Schmidt, a resident of the Samaritan Home, West Bend, died Thursday, February 15, at the Samaritan at the age of 92.

She was born April 27, 1886, in the Town of Barton, where she grew up. She later taught elementary school until establishing a millinery store in Kewaskum.

After her marriage to Joseph J. Honeck, they settled in Milwaukee, lived there until the death of her husband December 6, 1918, and then moved to the City of West Bend.

In 1924, she started a boarding house which she operated until 1946, after which she continued the operation of a rooming house until her retirement in 1969. Since that time she has been a resident of the Samaritan.

Survivors include one son, Joseph J. (Madelyn) of Racine; three grandchildren; one great-grandchild; one sister, Florence (Michael) Skupniewitz of West Bend; and other relatives and friends.

One sister and two brothers preceded her in death.

She was a member of the Christian Women's Fraternity, the National Society of Catholic Foresters, and the Royal Neighbors of America, Decorah Camp 3763.

Funeral services were held Saturday at 12 noon at the Schmidt Funeral Home, West Bend, and at 12:30 p.m. at Holy Angels Church. Fr. James Hofer officiated and burial was in Holy Angels Cemetery.

Visitation at the funeral home was after 4 p.m. on Friday with a prayer vigil at 8 p.m. on Friday.

### LAURA MAY TWOHIG

Funeral services for Miss Laura May Twohig, 69, of Armstrong, Route 1, St. Cloud, were held at 10:30 a.m. Thursday at Twohig Funeral Home, Campbellsport, and at 11 a.m. at Our Lady of Angels Catholic Church, Armstrong. She died Monday morning, February 19, at her home.

The Rev. Joseph Fischer officiated and burial was in the parish cemetery. Friends of Miss Twohig called after 3 p.m. Wednesday at the funeral home.

She was born May 21, 1909, at Armstrong, a daughter of the late George R. and Mollie Twohig. She was graduated from the former Fond du Lac Senior High School, and received bachelor of arts and master of arts degrees from the University of Wisconsin-Madison.

Miss Twohig taught in rural schools in Fond du Lac County prior to becoming county supervisor of schools in 1941. Later, she was employed in a similar position in the Waupaca area.

She was also an instructor at the University of Wisconsin-Milwaukee, public schools in Ozaukee County and CESA No. 14 in Dane County. She retired in 1974.

Miss Twohig was an active member of various organizations including Delta Kappa Gamma and St. Francis Home Auxiliary. She had been a charter member of Fond du Lac and Ozaukee County Historical Societies and Fond du Lac

County Society for Retarded Children. She was a member of Our Lady of Angels Church, Armstrong.

Survivors include three sisters, Mrs. Herbert (Nora) Niederehe of Fond du Lac, Miss Elizabeth Twohig of Armstrong and Miss Patricia Twohig of Oshkosh; and five brothers, Dr. George J. Twohig of Kiel, David J. Twohig of Campbellsport, John F. Twohig of Fond du Lac, Leo and Robert Twohig, both of Armstrong. A sister preceded her in death.

### ERMA HETZEL

Erma Hetzel, nee Moths, 84, of 848 Lincoln Drive, W, West Bend, died at the Samaritan Home, West Bend, on Monday, February 19.

She was born July 3, 1894, in the Town of Fredonia, and married Walter Hetzel at St. Paul's United Church of Christ, Waubeka, November 19, 1913. He passed away September 13, 1965.

Survivors include six children, Sylvia (Carl) Hauch of Fredonia, Roman (Ruth) of West Bend, Lila (Roy) Anderson of West Bend, Walter (LaMae) of Bell Flower, Calif., Mrs. Carol Hamilton of West Bend, Melvin (Mary) of Lakewood, Calif.; 17 grandchildren; nine great-grandchildren; one sister, Mrs. Edna Wein of St. Louis, Mo.; one brother, Arthur of Kewaskum, and other relatives and friends.

They farmed in the Town of Fredonia until 1960 when they moved to West Bend.

She was a member of the Ladies Aid of St. Paul's UCC in Waubeka and the Ladies Aid of Immanuel UCC, West Bend.

Funeral services will be held Thursday at 9 p.m. at the Techtman-Myrhum Funeral Home, West Bend. Rev. Marwood Rettig will officiate and burial will be in St. Paul's Cemetery, Waubeka.

Visitation at the funeral home will be after 4 p.m. on Thursday until time of services.

## CW Transport Purchases Trans Illinois Express

CW Transport, Inc., of Wisconsin Rapids, Wisconsin, has purchased Trans Illinois Express, pending final approval by the Interstate Commerce Commission.

The ICC has granted CW temporary authority effective February 14, and CW will actually start operating the authority on February 26, 1979.

As a result of the purchase CW will be adding terminals in Decatur, Effingham, Robinson and West Frankfort, Illinois. CW, which is an \$86 million publicly held trucking firm on the American Stock Exchange, already has terminals in Chicago and Aurora, Illinois. Hundreds of other cities are also served by CW in Minnesota, Wisconsin, Michigan, Indiana, Ohio, Missouri, Kentucky, Georgia, and North and South Carolina.

According to CW President Harold E. Clark, Jr., "the Trans Illinois purchase is important to

CW, because Illinois is one of the industrial giants among the Midwest states." Clark added, "the purchase is also important to the communities and shippers who were previously served by Trans Illinois Express, because they now have access to another major carrier with one line service to the many communities served by CW in the Midwest and South East."

In Wisconsin the communities served by CW Transport include: Algoma, Appleton, Beaver Dam, Brillion, Cedarburg, Fond du Lac, Grafton, Green Bay, Horicon, Kenosha, Kewaskum, Kiel, Madison, Manitowoc, Marinette, Marshfield, Milwaukee, New Holstein, Oconto, Oshkosh, Peshigo, Plymouth, Port Washington, Racine, Sheboygan, Stevens Point, Sturgeon Bay, Two Rivers, Waukesha and Wisconsin Rapids.

## Beechwood Fire Dept. Auxiliary Officers Elected

Delores Rammer has been elected President of the Beechwood Fire Department Auxiliary at their February meeting. Other officers are: Vice President, Virginia Benzschawel; Treasurer, Jean Krahn; Secretary, Edna Schultz.

A thank you to the officers who served for 1978.

The chairmen of the committees for 1979 were also named at the February 12 meeting.

Cookbooks are available from any auxiliary member or call Marge Krahn, 994-9316, Jean Krahn, 626-4208 or Edna Schultz, 528-8718.

The next meeting will be held Monday, March 12, at 8 p.m. at the fire house. New members are welcome.

"Never injure a friend, even in jest."

### MODERN WOODMEN TO HOLD MONTHLY SOCIAL

The Modern Woodmen of America Camp 2233, Kewaskum, is holding their regular monthly social for members on Friday, February 23, at 6:45 p.m. at the Labor Center Hall in Kewaskum.

Chili, crackers and beverages will be served free of charge. There will be games for young and old. Drawings will be held for both adult and junior draw prizes.

**UW-Extension  
Offers ETN Courses  
On Varied Topics**

A variety of topics, ranging from beekeeping to sexism and racism in words will be explored in University of Wisconsin-Extension courses which begin next week, according to Carol Coakley, Washington County Extension Agent for Continuing Education.

Courses about church hymns, word usage and bee management will be held over ETN (Educational Telephone Network). Through this system, participants communicate via microphones and loudspeakers with the instructor.

Area residents can attend ETN sessions at the Main Building of the University of Wisconsin Center in West Bend, which is connected by a telephone hookup to 185 other sites across Wisconsin.

"Cultural Roots in the Hymns of the Church begins Tuesday, February 27, and meets again on March 13. Both sessions will be from 1:30-2:50 p.m. The program explores the heritage of hymns of all denominations.

"Sexism and Racism in the World of Words," a course about sexist and racist undertones in verbal and visual material, will meet February 28 and March 7 at 4:30-5:50 p.m.

A free, one-session course "Spring and Summer Management of Bees" is set for Thursday, March 1, from 8-9:50 p.m. Topics include supplementary feeding, colony manipulation to assure maximum size, disease control, and nectar secretion as related to honey production.

Managers will be interested in "Motivating Your Work Force," which meets six Thursdays at 8-9:50 p.m., starting March 1. The program will be presented over SEEN (State-wide Extension Education Network). SEEN allows participants, not only to talk with instructors via microphones and loudspeakers, but to also see illustrations drawn by the instructor. SEEN is offered in 23 locations.

For more information, contact Carol Coakley, Washington County Extension Office, at the University of Wisconsin Center in West Bend, Phone: (414)338-1161.

**Schedule Spring and  
Summer Bee Colony  
Management Session**

Beekeepers can learn about "Spring and Summer Bee Colony Management" during an Educational Telephone Network (ETN) conference scheduled for March 1, from 8:00 to 10:00 p.m.

The ETN system functions like a huge telephone party line which links listeners throughout the state with speakers in Madison. Listening points are located in every county.

Beekeeping experts from the University of Wisconsin-Extension and the USDA Bee Research Laboratory in Madison will present the program. There is no cost or pre-registration required for the March 1 session.

Washington County Beekeepers can attend the session in the Conference Room located in the Main Building on the University of Wisconsin, Washington County Campus.

**Feed Additives  
For Dairy Cattle  
Program Here March 1**

An adequate feeding program for dairy cattle includes needed amounts of protein, energy, minerals, trace minerals and vitamins.

Recently there has been a great deal of concern for other feed additive ingredients and the roll that they might play in dairy nutrition. Such items as growth stimulants, buffers, hormones, special trace minerals, vitamins and preservatives have all recently been introduced to dairy feeding programs.

Dr. Jim Crowley, Dairy Scientist with the University of Wisconsin-Extension Dairy Science Department, will discuss the topic "Additives for Dairy Cattle" at a program scheduled for Thursday, March 1, at 8:00 p.m. The program will be held at the Valley Bank building in Kewaskum.

All interested dairy farmers are welcome to attend the session.

**Music Fest at Town of  
Scott Church Sunday**

Immanuel Lutheran Church, Town of Scott, will present a Music Fest on Sunday, February 25, at 8:00 p.m.

Highlighting the program are vocal solos by Regina Ebersold, Lee Kempf, Dale Luedtke and Pastor Wilcken, and a saxophone duet by Bruce and Kathy Kempf. The confirmation class will sing and Immanuel's Adult Choir will also perform. The music will be of several types, from folk to classic to modern, including a German Hymn and a Chorale Concertato - something for everyone.

This Music Fest is sponsored by AAL Branch 2557 and coffee and cake will be served following the program. Everyone is welcome! Immanuel Church is located 1 1/2 miles south of Beechwood.

**ST. JOHN LUTHERAN  
CHURCH, NEW FANE**

Arthur A. Haupt, Pastor

"Remember, O man, that you are dust, and to dust you shall return."

The penitential season of Lent begins with the 7:30 p.m. solemn celebration of the Holy Communion on Ash Wednesday, February 28.

Lenten Vespers will be held every Wednesday at 7:30 p.m. during the five following weeks before Holy Week during which there will be readings and meditations on the history of the Passion and Death of our Lord Jesus Christ. On two of the Wednesdays, some of the high school youth of the L.Y.L. will present a chancel drama in place of the meditation.

You are invited to worship with us in the observance of a holy Lent, and together with us, have put in mind the message of pardon and peace as set forth in the Gospel of our Savior, as well as the need which we as Christians continually have to renew our repentance and faith by the Spirit's power.

Kitchen carpeting can be restored to original brightness in 15 minutes with Nylac. No machine needed. Miller's Fine Furniture recommends Nylac for nylon carpets.

**FLEA MARKET AND SHOW  
AT HORICON SUNDAY**

The 6th Annual Collectors Clique Flea Market and Show will be held at Horicon City Hall, Main Street, Horicon, on Sunday, February 25 from 10 a.m. to 4 p.m.

About thirty members will be selling their antiques and collectibles with an added attraction of seven displays on one end of the hall showing their treasured collections.

There will be lunch available. The public is invited to "Think Spring" and attend this popular event.

**THANK YOU**

My heartfelt thanks to all my thoughtful relatives, neighbors and friends who remembered me with cards, gifts, flowers, visits and phone calls during my recent surgery at St. Mary's Hospital, Milwaukee and while convalescing at home.

Also special thanks to Rev. Hoenecke and to all who offered and gave us transportation.

These many acts of kindness will always be treasured.

Hank and Tudy Becker

**Campus Notes**

Forty-five students at the University of Wisconsin Center-Fond du Lac have been cited for their high scholastic achievement during the fall semester of the 1978-79 academic year, according to Dr. Willard J. Henken, dean.

Nine students won highest honors, representing straight A's or a grade point average of 4.00. High honors representing a grade point average of 3.75 through 3.99 went to ten students; and twenty-six students won honors with grade point averages of 3.50 through 3.74, based on a minimum of 12 semester credits.

Named to the high honors list for the fall term at the University of Wisconsin Center-Fond du Lac was Ann Theusch, 3121 Maple Tree Road, Route 1, Kewaskum, daughter of Mr. and Mrs. Leonard Theusch.

More than 1,400 students have been named to the Honors List for the fall semester at the University of Wisconsin-Eau Claire, announced Dr. John W. Morris, UW-EC vice chancellor.

To be eligible for the honor, a student must receive at least a 3.5 gradepoint average (where 4.0 equals A) for 12 credits or more of college credit courses.

There were 552 seniors, 265 juniors, 362 sophomores, and 280 freshmen who qualified for the honor.

In the UW-EC honor list from Kewaskum is Gay Noree Olson, 330 Braatz Drive, sophomore.

**U.S. Historical  
Calendars Still**

**Available for 1979**

Congressman Jim Sensenbrenner says that his Washington office still has a quantity of 1979 "We, the People" historical calendars available for free distribution. The calendar is issued annually by the U.S. Capitol Historical Society and contains full color scenes from national monuments and sites around Washington, D.C.

Sensenbrenner still has a limited supply of the attractive calendars for anyone who requests them, as long as the supply lasts. He noted that because of concern over the cost of the calendars, this will be the last year that they will be made available for free distribution by Congressmen.

Anyone interested in obtaining one of the calendars, which also notes historical events for every day of the year, should write to Mr. Sensenbrenner at 315 Cannon House Office Building, Washington, D.C. 20515.

Abraham Lincoln was clean-shaven until he was 51 years old.

**Minutes of Village Board Meeting**

Regular Meeting  
February 5, 1979  
8:00 P.M.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building.

President Charles F. Miller presided and all Trustee Members were present.

The minutes of the meeting of January 15 were approved as printed upon motion by Trustee Hergiges, seconded by Trustee Danielsen. Voice vote was unanimous.

The minutes of the meeting of January 30 were approved as printed upon motion by Trustee Schmidt, seconded by Trustee Mlodzik. Voice vote was unanimous.

President Miller read a "Thank You" note from Linda Borchert who recently retired as Librarian from the Kewaskum Public Library.

Motion was made by Trustee Hergiges and seconded by Trustee Danielsen to accept the proposal of Frank K. Krueger Plumbing, Kewaskum, to replace the existing boiler at the Municipal Building with one (1) Burnham-American PF 505 oil fired steam cast iron boiler and one (1) Burnham-American V14 WB oil fired hot water boiler for the amount of \$6,665.00 and that the plumber be instructed that the installation must be completed on or before September 1, 1979. Roll call vote - 7 "Aye"  
0 "Nay"

**RESOLUTION NO. 79-1**

BE IT RESOLVED, by the Village Board of the Village of Kewaskum, Washington County, Wisconsin, that the firm of Kannenberg, Kieckhafer and Company, Certified Public Accountants, of West Bend, Wisconsin, be retained and are hereby authorized to audit the records of all departments of the Village of Kewaskum for the fiscal year ending December 31, 1978.

Introduced by Trustee Daniel Schmidt.

Motion for adoption by Trustee Donald Mlodzik.

Motion for adoption seconded by Trustee Raynor Hergiges.

Roll call vote - 7 "Aye"  
0 "Nay"

Motion was made by Trustee Danielsen, seconded by Trustee Mlodzik that the Village Board does hereby approve of the decision rendered by the Board of Appeals in granting the variances for setback and side

yard requirements on the William A. Edwards Wigwam Hall property located at 100 Clinton Street. Voice vote was unanimous.

Upon motion by Trustee Schmidt, seconded by Trustee Danielsen, Trustee Raynor Hergiges was selected to act as President Pro Tem while President Charles F. Miller is on vacation. Voice vote was unanimous.

The Park Committee reported that the Village's updated park and Recreation report for 1978 had been forwarded to the Wisconsin Department of Natural Resources who had acknowledged receipt of the report with a favorable comment. It was also reported that the committee will meet again on February 19 at 7:00 p.m.

Trustee Nigh reported that the Fire Department had compiled a new set of bylaws and would be submitting a copy to the Village Board for their approval.

Trustee Danielsen volunteered to investigate what the additional premium cost would be to increase the limits of the Village's umbrella liability insurance as had been suggested by the insurance carrier.

The total of all claims, as recommended for payment by the Finance Committee, were as follows:

Village Gen. Fund \$191,764.33  
Water Dept. Fund 1,087.73  
Sewage Dept. Fund 6,096.66

Payment of these claims, as

recorded in the official record, was so ordered upon motion by Trustee Hergiges, seconded by Trustee Mlodzik. Voice vote was unanimous.

Upon motion by Trustee Schmidt, seconded by Trustee D. Nigh, and unanimously carried, the Board adjourned to 8:00 p.m. on February 19, 1979.

William S. Martin,  
Commissioner

**FOND DU LAC COUNTY NUTRITION PROGRAM FOR THE ELDERLY**

**Campbellsport Senior Center**

Menu from Monday, February 26, through Friday, March 2, 1979:

Monday - Chili, buttered noodles, creamed celery, pickled beets, baking powder biscuits, butter, peach shortcake, milk, coffee.

Tuesday - Swedish meat balls, boiled potatoes, peas, lettuce, bread, butter, pumpkin pie, milk, coffee.

Wednesday - Golden cheese bake, green beans, waldorf salad, cornmeal buns, butter, vanilla pudding, milk, coffee.

Thursday - Beef stew with vegetables, boiled potatoes, pickled apples, dilly bread, butter, chocolate cake, milk, coffee.

Friday (Elderly Transport Service Day) - Scrambled eggs, buttered macaroni, creamed spinach, cold tomatoes, bread, butter, sliced peaches, milk, coffee.

**FIREMEN TO MEET**

The regular monthly meeting of the Kewaskum Fire Department will be held at the fire station at 7:30 p.m. Thursday, March 1.

"Poverty may not be a disgrace. But name a time when it was used as a testimonial of ability."

## SENATOR PETRI CAPITOL REPORTS

### Is There Gasohol in Wisconsin's Future?

Last summer, a new sort of history was made here in Wisconsin. The General Manager of the Cottage Grove Farmer's Union Cooperative began distributing gasohol at their service station pumps and by tank truck to Dane County area farmers. Although this quiet event will probably never make its way into the history books, it was an exciting milestone in the search for renewable energy for America.

Gasohol is not a new product. This mixture of 10% ethyl alcohol (ethanol) and 90% unleaded gas has been known for half a century. In the 1930's an alcohol-gasoline compound was sold in the midwest but it never caught on because gasoline was only a dime a gallon at that time. It took the energy shortage of the '70's and the OPEC price rises to revive our interest in alternate energy possibilities.

#### TESTS SHOW PROMISE

A 90-day diagnostic run of 42,000 miles involving 20 automobiles with standard equipment produced some encouraging results. There was a 32.3% reduction in carbon monoxide emissions while using gasohol and a 7.4% reduction in hydrocarbons. Surprisingly, there was also an average increase of more than 6% in miles per gallon.

Gasohol enthusiasts cite a number of points in its favor. If every car on the road today were to operate on 90% gasoline/10% alcohol blend, the nation would save approximately 100 billion gallons of gasoline. With a few modifications, our cars could operate on pure alcohol. Proponents state that the ethanol alcohol burns cleaner, is readily available and is obtained from renewable sources.

Ethanol can be produced from anything containing starch or sugar. This would include corn from Illinois, potatoes from Idaho, sorghum from Texas, wheat from Nebraska, sugar beets from Colorado, sugar cane from Florida, artichokes from Canada, and cheese whey from Wisconsin.

Gasohol can save American dollars by lessening our dependence on foreign oil imports. Its use would increase American employment, reduce dangerous

discharges into the air and establish one grade of fuel for all automobiles.

#### THERE ARE DRAWBACKS

It is also important to consider any possible adverse effects of mass producing ethanol for gasohol. Ethanol can cost as much as \$1.60 per gallon to produce. However, using cornstalks as a base could cut the cost to as low as 40 cents a gallon.

Some opponents say that food should not be used for fuel when people are starving in many parts of the world. Gasohol boosters point out that ethanol takes only the starches and sugars, leaving the protein intact. Moreover, the alcohol is chiefly produced from materials often discarded as waste.

Last November the federal government began a five-year exemption on the 4-cent excise tax on motor fuel if the alcohol in it was made from renewable, agricultural sources. Some members of the Wisconsin Legislature had proposed reducing the state tax on gasohol by as much as 5 cents per gallon. Others say that although the reduction might make gasohol competitive with gasoline, this move could cost the state as much as \$100 million in highway funds.

#### CAREFUL PLANNING FOR TOMORROW

The Wisconsin Legislative Council Committee on Natural Resources, with Senators Roger Murphy and Daniel Theno as members, was sufficiently impressed by the nature of the testimony of a large number of witnesses to direct that a law be introduced to establish a Gasohol Council. If the Legislature votes favorably on the measure, the council will collect, analyze and distribute information regarding alcohol-blended motor fuels. The council would also establish guidelines for the production and distribution in Wisconsin.

I shall be watching the progress of gasohol-related legislation closely. Wisconsin currently imports 98% of all its energy with an annual cost in excess of \$4 billion. It is vitally important for us to develop any renewable energy sources.

### Petri Index On State Workforce Up

As a parting gift to the taxpayers of Wisconsin, Acting Governor Schreiber has left yet another increase in the number of state employees during the month of December, State Senator Thomas E. Petri (R-2nd District) announced recently.

The Petri Index is calculated to show trends in the state's workforce. It sets the number of persons on the state's permanent payroll at 54,954 as of January 1, 1979. This includes an additional 365 employees over the previous month.

Petri has been keeping track of state government's growth by means of the Petri Index. The Index is based on an independent yardstick: the number of state employees covered by state group health insurance contracts. It does not represent the total number of individuals on the state's payroll. However, in past years, increases in Petri's figures have mirrored actual increases reported by the state.

"While state-wide opinion is supporting cutbacks in government spending, the increase in state employees is an affront to the citizenry. The state will now pay 365 more salaries than it did in December. Salaries and fringe benefits for state employees account for approximately 85% of the cost of operating state government," Petri commented.

"Governor Dreyfus has proposed a Revenue Bill which would establish the limits on dollars available for state spending. This should inhibit, if not prohibit, the growth of state employment," Petri added.

"Whether the Revenue Bill is passed or not, I will continue to keep an eye on state employment trends in order to inform Wisconsin residents of the utilization of our tax dollars," Petri concluded.

The latest figures represent an increase of 2,002 since January 1, 1978 when the Petri Index charted 52,952 employees on the permanent state payroll.

"Since the advent of the bikini, swimming has changed from a participation sport into a spectator sport."

## Congressman JIM SENSENBRENNER Reports

This week Congress is being asked to allow the U.S. to go into debt another \$38 billion, bringing the total national debt to \$836 billion. With the country clearly wanting more restraint by its elected officials in spending tax dollars, many questions are being raised about the debt and the necessity — if there really is one — of increasing it again. This issue will be the first real controversial one this session.

The U.S. has been in debt since its independence, and more so during times of war, when resources had to be concentrated on the needs of the military. There are certainly legitimate needs for borrowing. However, since 1970 the use of debt to support federal programs has more than doubled. As a result of the fiscal irresponsibility, just the interest on our debt costs us \$259 for every man, woman and child in this country each year!

Last session the House twice rejected increases in the national debt. On the surface it seemed some were finally displaying courage by saying "No" to more debt. But the way the national debt is constructed — one-half "permanent" debt and one-half "temporary" debt which expires on a given date — allowed liberal Congressmen to blackmail the more conservative members into supporting the

hike. They were scared into supporting it by the dire predictions of the liberals, who painted pictures of economic hardship of Social Security and Medicaid recipients who would not get their checks if the debt limit was not extended.

But this session more Congressmen are promising to resist more hikes in the national debt or to restructure it to prevent the liberals from forcing increases to support their pet social programs. I am hopeful that the national debt will not be increased again. With our economy threatened by recession and our dollar growing weaker every day, we must "bite the bullet" and stop mortgaging our future with debt.

MADISON, WI — Snowmobilers and cross country skiers continue to enjoy very good to excellent conditions for their sports throughout Wisconsin. However, ice anglers in many areas of the state are hampered because of poor travel conditions on many lakes.

In the northwest, slush on lakes in the Brule area makes travel difficult. Established trails in the Cumberland area offer excellent conditions for snowmobiling and cross country skiing. Ice fishing activity in that area is light. Good snowshoe hare hunting is reported in Washburn County, and the deer have not yarded tightly as yet, but are still roaming free.

Farther south in the west central counties, the cross country ski trails in the Black River State Forest are receiving heavy use and wilderness camping along the trails, by permit, is allowed. The cold weather and deep snow are beginning to affect the deer in the area. Fishing is generally slow. Fishing pressure around Eau Claire remains light and fishing is also slow in the La Crosse area. Trout streams in Vernon and Crawford Counties are beginning to open, but deep snow along the banks makes access difficult.

The Woodruff area in north central Wisconsin reports that slush conditions on most area lakes are worsening making travel on the lakes extremely hazardous. Snowmobiling and cross country skiing conditions in the Woodruff and Antigo areas remain excellent. Fishing is very slow around Wisconsin Rapids and deer there are beginning to show the effects of winter.

In the northeastern counties, the east shore of Lake Winnebago is providing walleye anglers with very good action, but travel conditions on the lake are poor. Conditions for both cross country skiing and snowmobiling in the Oshkosh area are excellent. Fishing generally in the area is slow with some exceptions. Dogs chasing deer remains a serious problem and dog owners are reminded to keep their pets confined.

Cross country skiing, snowmobiling and snowshoeing conditions are excellent throughout the southeastern district.

Ice fishing pressure continues to be extremely light throughout the district. Panfish fishing is generally good with some nice catches coming from the Lauderdale Lakes in Walworth County, Tichigan Lake in Racine County, Okauchee Lake in Waukesha County, Big Cedar Lake in Washington County and Crystal Lake in Sheboygan County. Northern pike are continuing to bite well on Big Cedar

Lake in Washington County and Keesus Lake in Waukesha County.

Conditions for snowmobiling and cross country skiing remain very good to excellent throughout the southern and southwestern counties. Several species of fish are being caught in Madison area lakes with good wall-eye action reported in Lakes Mendota and Monona. Excellent cross country skiing, snowshoeing and snowmobiling conditions are reported in the Dodgeville area. Ice conditions on many lakes still are a hindrance to travel. Deer in Dodge County are beginning to show signs of distress because of severe winter conditions. A few sturgeon are being speared in Lake Winnebago.

### Snowmobilers Should Stay Off Railroad Tracks

Snowmobilers should stay off railroad tracks for their own safety and for the protection of train crews and nearby residents, officials warned today.

Harley Lichtenwalner, coordinator of snowmobile safety for the Department of Natural Resources,

said snowmobiling on railroad tracks has led to deaths previously and could lead to more deaths if the warning is not heeded.

Lichtenwalner's comments were echoed by an official of the Chicago and North Western Railroad who said his line in particular was concerned about snowmobiler use of rail rights-of-way. E.D. Pinkston, a C&NW police agent in Green Bay said that, over the years, several snowmobilers have been killed when they collided with trains or were overtaken by locomotives.

Pinkston said buildups of snow and ice on and between the rails can easily derail a train under certain conditions. The threat to train crews is obvious, but bystanders can also be injured.

"A loaded boxcar can weigh more than 200,000 pounds, and when it comes to sudden stop off the tracks, pieces of metal can be thrown a hundred yards or more," Pinkston said.

Pinkston said the Chicago and North Western does not enter into any agreements with snowmobile clubs permitting access to their tracks. Railroad employees have been instructed to remove snowmobile trail signs that have been put up on railroad property, and then inform the club and local DNR personnel.

According to Pinkston, some snowmobile-railroad conflicts could be eliminated if snowmobilers understood that railroad rights-of-way are private property and are usually posted against trespass.

"We ask people not to snowmobile along or between our tracks, and to cross the tracks only at established grade crossings," Pinkston said.

When buying lamb chops remember that ribs chops are likely to be more tender than shoulder chops.

Department of Natural Resources  
Madison, Wisconsin

## Indians Upset by Pewaukee, Also Lose to Germantown

Kewaskum couldn't overcome poor shooting and turnovers at Pewaukee last Tuesday and as a result they were upset by the last place Pirates, 56-45. It was Pewaukee's first win of the season in 15 games.

The Pirates resorted to a zone defense against Kewaskum to stay with the quickness of the Indians' Henry Schilter and Ray

got 14 and Heier 13. The Indians will bring their regular season to a close at Kettle Moraine Friday. The Lasers are in third place with a 9-4 record.

Totals	28	10	22				

### INDIANS DEFEATED BY MAYVILLE'S CO-LEADERS

In the makeup of a game here Tuesday snowed out earlier, Kewaskum lost to Mayville's co-leaders, 72-59. After a hot first half, the Indians were ahead of the Cardinals but faded again in the second half. The victory gave Mayville a tie for first with Hartland, both 11-2.

Dominguez. This strategy, together with their domination on the boards and better shooting made the difference.

After a tight first half, in which the score was tied, 10-10, at the quarter and Pewaukee led by one at halftime, 23-22, the Pirates outscored the Indians in the third period, 19-8, to settle the outcome. Kewaskum had led twice early in the quarter.

The two teams missed 38 shots in the final quarter, 24 of them by the Indians as they had some of their poorest shooting nights ever. Kewaskum hit only 21 of 79 shots for a puny 30%.

Bob Nigh of the Indians was top scorer in the contest with 14 points. Tom Kern and Schilter each had 10. Pewaukee had four players in double figures, led by Pete Opie with 12.

Kewaskum			Pewaukee				
fg	ft	r	fg	ft	r

Schilter	4	2	3	Newmann	1	2	3
Herriges	1	0	0	Totals	25	6	12
Brendemuhl	1	0	0				
Totals	21	3	13				

The Indians returned to the home court Friday and despite having four players in double figures, Kewaskum lost a close one to Germantown, 66-62, to drop their conference record to 2-10.

Again the problem was that the Indians couldn't hang onto a lead. They led at the intermission, 29-26, and it was tied at the end of the third stanza, 45-45. Kewaskum had chances to go ahead but failed to do it. They just don't seem to play well with a lead.

The Warhawks, led by Jesse Heier and ace Jerry Vance, went ahead by as many as nine points early in the second quarter but the Indians came back with balanced scoring to outpoint Germantown 21-11 in the period and lead at halftime by three. Germantown's Mike Francolucci got hot in the third quarter and scored eight points to close the gap.

The Indians again pulled ahead in the final stanza to lead by two, 60-58, with a couple of minutes left on the clock. Then the Warhawks scored to knot it up, followed by two free throws and another bucket to settle the issue.

Nigh scored 14 points for the losers, Kern and Schilter 13 each and Dominguez 11. Germantown's Francolucci topped all scorers with 22 points, Vance

## Girls Win Final Game, Tie for 2nd

The Kewaskum girls came up with a big 59-45 win at Kettle Moraine Thursday night to clinch a tie for second place in the Scenic with Germantown. Both wound up with 8-6 marks. Hartland's awesome girls easily copped the championship with a perfect 14-0 mark. It is their third straight title.

Three seniors ended their regular season careers. Guard Yvonne Schacht scored 21 points in playing one of her best games. Center Sharon Wagner scored 13 points, grabbed many rebounds and played well inside. Reserve Kay Weinreich also closed her three years on the varsity.

Janet Matenaer contributed 11 points and Jill Yearling 8. Jill also had 8 rebounds.

The Indians came on strong the second half of the season after a slow start. Their overall mark was 8-9.

## Kewaskum to Host Girls' Regional Tournament

### Indian Girls Stun Kiel in Sub-Regional

In WIAA Class B sub-regional opening tournament play at Sheboygan Falls Tuesday night, the Kewaskum girls won easily over Kiel, 55-35, to advance to the 4-team regional in Kewaskum Thursday evening, with finals on Saturday.

The Indian girls tore into Kiel right from the start, and stunned them with a half court defense. Kewaskum was way ahead at the quarter, 12-2, and 25-15 at halftime. The Indians again poured it on in the third quarter, 16-5, and the game was as good as over. Leading 41-20, subs took over most of the rest of the game.

Freshman Jill Yearling played an excellent game with 15 points and also grabbed eight rebounds. Yvonne Schacht was next with 14 points and Diane Bremser and Sharon Wagner each had eight. Kiel was led by Sandy Zorn with 15.

KEW.	12	13	14	15	55

KEWASKUM — Schacht 5-4-0, Bremser 3-3-3, Matenaer 1-2-5, Schmidt 0-0-3, Yearling 4-7-0, Schiefel 1-0-1, Wagner 4-0-2, Schlicke 1-2-3, Russell 0-0-1, Stoffel 0-0-4, Totals 19-17-22, FT Missed 12.

KIEL — Heimann 1-3-4, Zorn 7-1-4, Kraus 4-2-5, Polster 1-1-2, Schubert 1-0-4, Totals 14-7-19, FT Missed 5.

### Chess Team Suffers First Loss

The Kewaskum chess team lost its first match of the season Tuesday night. Kewaskum won six of the ten matches, but lost to Hartford by a score of 30-25.

The Indians are now 5-1 with two remaining games. Hartford is 5-0 and has three games remaining on its schedule.

Competing for Kewaskum were: Dusti Howell, Sheldon Langhoff, Chuck Strancke, Kim Manthei, Jeff Steger, Robin Neitzel, Tom Rosenberger, Rob Slegger, Dale Rimmel and Rick Howell.

### FRESHMEN WIN TWO, JVs ONE

Although the varsity lost, both the Kewaskum JVs and freshmen were victorious at Pewaukee last Tuesday. Led by a 20 point performance by Jim Rohlinger, the JVs won, 58-50. The frosh won, 37-29, with Pete Wiedmeyer scoring 10 points for the winners.

Hosting Germantown Friday, all three games were close. The varsity lost by four points, the JVs lost by three, while the freshmen won by four. Rohlinger scored his most points ever, 30, in the JVs' 64-61 loss. Germantown had three players with 13 points or better. The loss brought the JVs' record to 4-8. Pete Wiedmeyer paced the frosh with 17 points in their 50-46 win. Randy Westerman played well to help stop a Germantown rally in the fourth quarter. The victory brought the freshmen's mark to 7-4.

Kewaskum, with its spacious new gym, will again host a WIAA girls' regional basketball tournament with two games Thursday evening and the finals on Saturday.

The opening game Thursday at 6:30 p.m. will pit Sheboygan Falls (winner over Random Lake) against Lomira (winner over North Fond du Lac) and in the second contest about 8:15 p.m. Kewaskum, which drubbed Kiel in the sub-regional at Sheboygan Falls Tuesday night, will face Campbellsport (bye in sub-regional).

Saturday's finals between the two Thursday winners will begin at 7:30 p.m.

Season tickets are on sale at \$3 for adults and \$2 for students. Tickets for Thursday's games only are \$2 for adults and \$1.50 for students. Saturday's tickets are \$1.75 adults and \$1.25 students. Tickets will also be sold at the door.

It might be noted that Lomira is last year's Class B tourney champions.

Kewaskum athletic director Ernest Mitchell is tournament manager.

On Thursday gym doors open at 5:50 p.m. and Saturday at 6:50 p.m. Awards will be presented immediately following the Saturday title game.

### Falls Stingers Sting Lakes Team

The Kewaskum Lakes team went down to its fourth defeat here Sunday night, losing to the Menomonee Falls Stingers, co-leaders in the "A" Division, 159-140. Kewaskum still hung onto its 1½ game lead in the "B" Division as Hartford also was defeated.

The Stingers outscored Kewaskum in each of the first three quarters to take a 121-97 lead before being outpointed in the final period, 43-38, narrowing the final advantage to 19 points.

In the shoot-a-thon, Ron Hayek scored 48 points for Falls, as many as whole teams score in some games. Ron Plahmer added 36 and Dan Hackbarth was next with 32. Leon Laatsch led Kewaskum with 38, followed by newly added Bill Nehls with 30.

Kewaskum's next game is at 7:30 p.m. Sunday, February 25, when they host last place Port Washington.

In other weekend games, Thiensville-Mequon edged Slinger, 125-123; Menomonee Falls Badgers beat Port Washington, 130-112; Oconomowoc whipped West Bend, 153-117, and Cedarburg won over Hartford, 133-124.

### MEN' GOLF LEAGUE TO HOLD MEETING

The annual Tuesday Nite Men's League meeting will be held at Hon-E-Kor Country Club on Sunday, February 25, at 3:00 p.m.

Jim Korth would like to get a league started on Thursday evening, if possible.

All team members and club members interested in joining or forming a team are cordially invited to attend.
