Rain Dampens Event

Over 300 Racers in Kettle 20 + 2; Lions Serve 1470 Chicken Dinners

Start of the Kettle 20 foot race.

(Additional photos on page 10)

Despite rain which began during the morning foot races, continued during the bicycle races and most of the afternoon, the Kewaskum Lions Club Chicken Bar-B-Que, Kettle 20 + 2 foot and bicycle races went off on schedule Sunday. However, the rain definitely held down the number of runners and dinners served.

A record 316 runners, compared to 220 last year, entered the Kettle 20 + 2 races held in conjunction with the event held in the old village park. The Kettle 20 began at 9:15 a.m. The threat of rain kept away a number of runners, an estimated 400 being expected under better weather conditions. Besides the Kettle 20, two new events held were the 3.5 mile and 7.5 mile runs.

The rain hampered the 34 bicycle entrants for their race

which started at 12:30 p.m. The races were run in different classes under the sanction of the U.S. Cycling Federation. These are licensed races of Olympic Class Bicycling.

The Lions Club served around 1,470 chicken dinners in the newly built permanent shelter, compared to 1,600 in good weather last year. Due to the inclement weather, a large number of the dinners were carry-outs. With added cooking facilities, the Lions were capable of serving 475 dinners the first hour. Game and refreshment stands were also open in the park.

The Kewaskum Historical Society's fifth annual Early Farm Days exhibit was also held Saturday and Sunday on the west side of the river in the park on Parkview Drive. An added attraction this year was the sweet corn boil, plus refreshments. Items on display included

old time farm equipment, threshing rigs, steam engines, saw mill operation, demonstrations, etc. The exhibit attracted a fair crowd Saturday and in spite of the rain Sunday.

The Kettle 20 was won by Jeff DeMatthew, 24, of Racine, a UW student, and former WISAA state champion. He led the 160 runners, touring the 12.5 mile scenic course in 70 minutes, 41 seconds. Second place went to Mike Dobrient of Milwaukee. The record time for the event is 65 minutes, set by Jim Drews of Green Bay. The weather was a factor and the humidity affected the runners' breathing. Last year DeMatthew had a better time but finished fourth.

Over 100 runners took part in the 3.5 mile race, won by Todd Hausmann, 16, of West Bend, who placed fourth in the Little Ten cross country meet last year. His time was 17 minutes, 57 seconds. In second place was Larry Buvid of Two Rivers at 18:10. Sue Spellman of Waukesha was the first girl to cross the finish line in the 3.5 mile race with a 23:12.3.

In the 7.5 mile race Chuck Dettman of Marinette was the winner in 37 minutes, 38 seconds. He competed in the 18 to 29 division. West Bend Lois Heldt's 59:44.4 was the best time by a woman in the 7.5 in the same division.

Both organizations wish to thank the public for their attendance. The Historical Society also wishes to thank all the exhibitors who were willing to share and show their early farm items.

(See sports pages for complete Kettle 20 + 2 results)

Kewaskum Schools to Resume Classes Monday

Monday, August 27, is the first day of school for all students in the Kewaskum district. Starting times will be the same as they were last year, with elementary classes beginning at 9:05 and Middle School and High School classes at 7:45. Morning kindergarten classes run from 9:05 to 11:35, afternoon classes from 1:05 to 3:40.

Students should bring fees and lunch money with them on the first day. Letters have been sent detailing costs, or parents can call the schools if they have any questions. Lunch costs are 85c for a daily ticket. Five-day tickets are \$3.25 for elementary students and \$3.50 for Middle School and High School students. Extra milk or milk-break milk is 5c per carton.

If there are questions concerning bus routes, parents should call the Kewaskum terminal or the Johnson Bus Company at 626-4414.

Kewaskum Community High School will begin at 7:45 a.m. and be dismissed at 2:45 p.m. Students are to report directly to their homerooms on the first day of school. Homeroom assignments will be posted at the entrances of the high school.

Following is the homeroom assignments list:

- FRESHMEN - CLASS OF 1983**
- Miss Bulette - Room 556 - Alsberg, Anthony - Buckingham, Jay.
 - Mr. Buswell - Room 554 - Burkhalter, Cheryl - Fellenz, Phillip.
 - Miss Burgard - Room 256 - Finch, Tami - Helsell, Mark.
 - Mr. Gosa - Room 154 - Herriges, Janine - Larson, Terry.
 - Mrs. Klitzkie - Room 357 -

Laubenstein, Brenda - Ostrander, Karen.

Mr. Liebetrau - Room 702 - Otten, Judy - Schiefelbein, Daniel.

Mr. Koth - Room 110 - Schleiter, Heide - Stoffel, Thomas.

Mr. Rizzardi - Room 801 - Straub, Mary - Zettler, Robert.

SOPHOMORES-CLASS OF 1982

Miss McCormick - Room 606 - Ader, Kevin - Butcher, Kim. Mr. Chambers - Room 610 - Cardarelle, Lisa - Gavin, Debbie.

Mrs. Jacak - Room 604 - Gavin, Geri - Katchever, Tracy.

Mrs. Froehlich - Room 111 - Katzenberger, Kim - Luedtke, Gina.

Mr. Laffe - Room 403 - Martin, Keith - Perez, Lisa.

Mr. Fifrick - Room 354 - Perkins, Pam - Schacht, DuWayne.

Mr. Stradtman - Room 803 - Schallie, Geneva - Swenson, Carrie.

Mr. Soerens - Room 255 - Tackes, Debra - Zimdars, Sheryl.

JUNIORS - CLASS OF 1981

Mr. Baitinger - Room 252 - Acker, Lynette - Brendemuhl, Paula.

Mr. Czoschke - Room 600 - (Continued on Page 4)

NEW LIBRARY HOURS

The Kewaskum Public Library will be open on Saturday mornings from 9:00 a.m. to 12 noon beginning September 8.

Library hours are Monday, Wednesday and Friday from 2:00 to 8:00 p.m. and Saturday from 9:00 a.m. to 12 noon.

Purchase of Equipment for Sewage Plant Main Concern at Board Meeting

By DAN MEILAHN
Statesman Staff Writer

President Pro-Tem Raynor Herriges presided over Monday night's Kewaskum Village Board meeting which concerned mainly the purchase of various equipment for the sewage treatment plant. There was also authorization for another phone line to the Municipal Building and for tiling of an area in the new park. A certified survey map of the parcel of land for the proposed shopping center was also approved.

Don Wollner, representing Foth and Van Dyke of Green

Bay, Consulting Engineers for the village, opened four bids for the installation of a sludge conditioning device at the sewage treatment plant. The bids ranged from \$20,071 to \$89,450 for the equipment which would remove excess water from the sewage sludge to make it more transportable. Supt. of Wastewater Treatment Peter Albers stated the objective as, "This is what we want to do. We want to cut the volume." He also added that with the right equipment producing sludge the "consistency of wet cement," the village could then haul it with

(Continued on Page 4)

St. John of God Church Named Historic Site

Kewaskum's St. John of God Roman Catholic Church complex has been designated a national historic site by the United States Department of the Interior, Ninth District Congressman Jim Sensenbrenner (R-Shorewood) announced Wednesday, August 22.

The designation ended a long battle by Mrs. Maryanne Merwin and other Kewaskum area residents to secure protection for the church complex, now slated for demolition. The site includes the church, cemetery, and the convent and school of the Sisters of St. Agnes.

The cemetery dates to the 1850's, and the convent and school to 1869. Both buildings were made from fieldstones by early Irish settlers, but they lost their roofs and floors in the 1930's to parishioners in need of firewood. They are the only fieldstone structures in the ar-

ea, according to Mrs. Merwin.

Designation as an historic site qualifies the St. John complex for federal grants-in-aid for preservation, which would include reconstruction of the missing floors and roofs of the convent and school. Many private foundations and trusts also make funding available for the restoration of designated historic sites as well, Sensenbrenner reported.

"I am pleased that the Department of the Interior has acted favorably on St. John's. It is an integral part of the history of northern Washington County and deserves preservation. Mrs. Merwin should be congratulated for her persistence and dedication in securing protection for the site," Sensenbrenner said.

The St. John of God complex is located on County Trunk H east of Kewaskum.

Chuck Boegels Visit Louisiana Plantation

St. Francisville, LA. — Mary and Chuck Boegel, 1438 Parkview Dr., Kewaskum, were recent guests at Rosedown Plantation and Gardens in St. Francisville, LA. Rosedown is a restored plantation empire in the Felicianas, the region made famous by artist-naturalist John James Audubon, who painted more than 30 of his birdlife studies there more than a century ago. Their visit coincided with the peak bloom of thousands of modern and old-fashioned Roses, Crapemyrtles, Caladiums, Allamandas and Marigolds.

Rosedown was originally built in 1835 by a wealthy young planter for his bride at a time when cotton plantations along the Mississippi were creating the country's greatest fortunes. By the mid-1800's the magnificent 17th-century French landscape style gardens were the showplace of the Mississippi.

Rosedown, after years of neglect in the wake of the Civil War, was rediscovered in 1956 by Mrs. Milton Underwood of Houston and restored to its original grandeur. Today this lavish plantation house and gardens are once again the showplace of the Mississippi. The grounds contain many rare shrubs and trees, some almost a century and a half old. Among them are unusual types of camellias and the hip gardenia.

For information, write Rosedown, Drawer M, St. Francisville, LA. 70775.

Nylac cleans kitchen carpeting beautifully in 15 minutes. Dry in one hour. No machine. Ask Miller's of Kewaskum.

Two Handicapped Adults Attending Camp Wawbeek

It's an unusual sight — a hundred adults, most using crutches, canes or a wheelchair, scattering across 400 acres of woods for cookouts, campouts, horseback riding, archery or riflery.

Or maybe they're doing handicrafts, or swimming, or nature study. Some are relaxing with friends, maybe playing cards.

For these handicapped adults, a two-week session at Easter Seals Camp Wawbeek and Pioneer Camp mean all of this—and more.

These two camps, which make up the Easter Seal Center for Camping and Recreation in the Wisconsin Dells, are operated by the Easter Seal Society of Wisconsin for use by physically handicapped children and adults from Wisconsin.

Adults from Washington County attending this session are Marie Gavin, 223 Braatz Drive, Kewaskum, and Katherine Ramsthal, 1318 Evergreen, West Bend.

Regular Meeting of Board of Education

The Board of Education of the Kewaskum Schools will hold its regular meeting on Monday, August 27, at 8 p.m. in the district administrative offices.

Consideration of curriculum guides will be a major agenda item. Policies on lunches and lunch prices will be acted upon, as will the policy on sex education materials and student participation. Payroll and vouchers payable, some arrangements for special education programs and approval of a teacher contract will be agenda items. Miscellaneous business which may arise will also be considered.

Immunization Clinic Tuesday

Immunization Clinic will be held Tuesday, August 28, 1979 from 9:00 to 12:00 noon at the Washington County Community Health Nursing Service, 515 East Washington Street, West Bend.

All recommended immunizations are available to children and adults and are provided free of charge. There is a \$1.00 charge for the tuberculin skin test for those age 16 and over.

For further information call: Community Health Nursing Service, 334-3491 or 644-5204, Ext. 261.

4-H Club News

WAYNE CRUSADERS

The July meeting of the Wayne Crusaders was held July 10. The meeting was called to order by Vice-president Lori Lloyd. Pledges were led by Jon Etta and Troy Kuphal. The secretary's and treasurer's reports were approved as read.

A demonstration was done by Leah Kuphal and Diane Schulz.

In place of the August meeting a club picnic was held at Kohlsville Park on August 7.

Village Board

(Continued from Page 1)

its own open dump trucks with a rubber tailgate seal and deposit it on farmers' manure piles for eventual distribution on farm fields.

No bid was accepted on this major piece of equipment at this time. Bids must be compared as to advantages of each device as well as to price. Wollner added that, "We will very definitely... make a bid tabulation and evaluation and analysis of the proposals." Albers also mentioned that sites where some of the bidders' equipment is operating will be visited before a decision is made.

There was authorization for the "next step" of installation of the monitoring system at the sewage plant.

The board also approved the purchase of a fume hood for the lab. When chemicals are being mixed or tests are being run, potentially dangerous fumes may be generated. For safety's sake and, as Trustee Paul Blumer stated, to "really do it right, a 5 foot high, 5 foot wide and 30 inch deep fiberglass hood with a sliding glass door will be installed for \$1,850. There was some discussion as to the efficiency of the air exchange system that will be involved. Several board members wondered if incoming cold air would not affect the lab processes, but Albers said that the air would not be that cold. 50% heated outside air and 50% inside air would be circulated through the hood and returned outside rather than merely exhausting only inside air as with another model costing \$1,600.

The Sewage Dept. was also given approval to buy a pick-up truck for \$3,750 and the appropriate decals designating it and several other vehicles as village equipment.

Village Administrator Dan Schmidt requested another incoming phone line to the Municipal Building, since "There are a lot more calls coming in for the building in recent

years," and sometimes people are finding it difficult to get through. This would allow both Clerk-Treasurer Bill Martin and Administrator Schmidt to talk on both new and old lines. At present, the Municipal Building has "police" and "village" lines and there is provision for another line. A new number would have to be assigned for the new phone. The cost for the remainder of this year would be \$239.60 with an \$82.00 installation charge and a \$39.50 monthly rate. Schmidt said that since he saved \$330 of his \$800 allocation for office equipment, the money was available. Herriges noted, "I think we need another line, really!" and the board approved the request.

There was also authorization to put the bath house emergency room phone at the new park and the library phone on the same line. Presently the library is on a 2-party line with a local tavern, and under the new arrangement, the line would be strictly municipal.

Supt. of Public Works Augie Bilgo was authorized to tile an area of the south baseball diamond in the new park to allow for adequate drainage. Most likely plastic roll tile would be installed from the first base area through the outfield and into a drainage ditch east of the pond. A total of 250 to 300 feet of tile would be used at a

depth of 8 to 10 inches. No cost figure was presently available.

Ice skating on the new pond was deemed impractical. Schmidt cautioned that last year the ice was not too good and would probably be too dangerous. This is due to the presence of springs. An alternative was mentioned of allowing water to freeze over the northeast corner of the parking lot as in some other communities like Winnetonka. Trustee Dave Nigh claimed that the blacktopped area would be easier to maintain as a rink as far as snow removal.

In somewhat of a formality, the board approved a certified survey map of 3.257 acres south of Highway 'H', presently owned by Henry and Carole Timblin and eventually developed by Livesey Enterprises of Madison into a small shopping center. Clerk Martin reported that the Plan Commission has the authority to approve certified survey maps. However, the surveyor had left space on the associated description for approval by the village board, and Martin felt if this was not filled in, the Register of Deeds might object.

The subdivider has also applied to the Department of Transportation for a "street opening" onto Highway '45'. What is presently a driveway south of an old farm house has already been dedicated to the village as a street through a previous certified survey map

and will be used as the entrance to the shopping center.

President Pro-Tem Herriges could not indulge in his usual role of moving to adjourn, so the honor fell to Dave Nigh.

WEEKLY HEALTH TIP

from Tom Leitzke, R.P.H.

Dr. Robert Zollinger of Ohio State U. foresees the day when gallstones will be dissolved by diet and drugs in place of removal by surgery. Gallstones are formed in the bladder when cholesterol crystallizes (it normally remains in solution in the bile of healthy persons). Gallstones don't develop if a person's bile contains normal levels of a group of substances called phospholipids. Dr. Zollinger said. Lecithin, contained in vegetable oils and other foods, can raise the phospholipid level and dissolve the gallstones. This was accomplished at Ohio State by feeding lecithin 'cookies' and capsules to patients.

Beach Briefs

The week of August 12 to 19 was so foggy and soggy, and the water in the pond so cold that the lifeguard staff has chosen 'survivors of the week' instead of 'swimmers of the week.' They are: Tony Matenaer, son of Ralph and Estelle Matenaer of 2050 Highway '28', and Mary Straub, daughter of Hugo and Isabelle Straub of 1035 Hillside Drive.

Senior Guard, Andi Wagner, said of the persistent 12-year-old Tony that he, "comes every day - rain, shine, cold, snow!" Tony's favorite activity at the pond is "jumping in," usually from the pier. The Advanced Beginner's favorite strokes are the backfloat and the elementary back stroke. Tony was engaging in one of his hobbies, fishing, just before being called to the phone. He also collects beer cans and enjoys selling sweet corn along the road these hazy August days. Tony likes Italian foods as "spaghetti" and "pizza with cheese, sausage, and mushrooms." As a beverage with this he prefers Kool-Aid or milk with Ovaltine. "Goodbye Stranger" is Tony's favorite song, and he was wracking his brain throughout the interview to name the band that performs it. Later his sister called and told me the song was done by "Supertramp."

If Tony were President of the Village of Kewaskum, he said he'd "have the gas cost cheaper!" Look out, President Pro-Tem Raynor Herriges! Gas wars are just around the corner. The question of the week was: How would you improve the pond? Tony admitted, "It's pretty good already," but later added, "have a game room" with "air hockey" and advocated the addition of a "fishing pond" to

the park.

Mary, age 14, "was a die-hard, too," according to Andi as far as lessons were concerned. Mary has just passed Junior Life Saving under instructor Cathy Johnson. Her favorite thing to do at the pond was the "crawl stroke," because "you can go fast," and the sidestroke when she's tired. Her additional hobbies include "biking, reading, and when I get a chance, horseback riding." Mary is similar to Tony in that she likes "pizza with sausage and cheese." Her favorite song is "Makin' It" by David Naughton. This was the theme of a cancelled TV show.

If Mary were Village President, she'd "keep the city clean" and agreed that she'd install more trash cans. When asked on any possible improvements at the pond, she stated, "Have a diving board!" When I explained there was plans for a stable metal raft and several boards, she agreed that was exactly what she had in mind. Mary commented that the fence "keeps non-paying people

out," although it was not "the fanciest." Mary agreed that the bath house was set up well.

Andi's Banter:
Andrea Wagner reminds you that the beach will close on Sunday, August 26 at 8 p.m. and reopen for the Labor Day weekend on Saturday, Sunday, and Monday, September 1, 2, and 3 with hours being 10-12 and 1-8 daily. Andi says she had a good summer and hopes everyone else had the same, even though the weather was a bit uncooperative at times.

If you passed your swim classes, you may pick up your cards at the beach. If there is any confusion about who passed what, you may consult any instructor now or next year - children will be assigned to classes according to ability. Those in Cathy Johnson's classes should ask Andi (not in the Journal Green Sheet) about their cards.

Kewaskum Statesman, Friday, August 24, 1979, Page 5

TECHNICAL ADVISORY COMMITTEE MEETING

There will be a meeting of the Technical Advisory Committee for the Joint Washington-Waukesha County Solid Waste Management Planning Study on Monday, August 27, at 1:30 p.m., at the Richfield Town Hall, at which time the committee will review and discuss changes made to portions of Chapters 1 and 9 and all of Chapters 3 and 5 which were reviewed by the committee at their July 23 meeting.

There will be new information presented in the form of additional chapters to the project which will be in rough draft form and presented for review by the committee.

Copies of the material will be made available to committee members prior to the meeting for their review.

Save gas and watts

— with the new Carrier Energy Saver furnace

It's like money in the bank. New, exclusive electric spark ignition eliminates continuously burning pilot light so you save nearly 9,000 cubic feet of gas a year. High-efficiency blower motor uses 37% less electricity than cheaper, common motors. For literature and estimate, call...

Monday, Aug. 27 **NEW ENGLAND**

WINNING POSSIBILITIES

Award	No. of Winners	1 Visit/Wk.	2 Visits/Wk.
\$2	2,796	1 in 108	1 in 36
\$5	200	1 in 1,505	1 in 502
\$50	10	1 in 30,100	1 in 10,033
\$500	4	1 in 75,250	1 in 25,083

PROGRAM DATA

\$190,656 prize money available in 18 weeks - \$10,592 each week.
\$4,180 total winning game pieces during program.
1 in 100 are winning game pieces. Number of outlets is 62. Program scheduled through January 20, 1980.

PICK UP YOUR FREE GAME CARD
each time you visit a participating store.

Hold the sponsor or the contact has any connection with any of the teams or with any league or conference of which the teams are members.

It's Easy! It's Fun!

Here's How To Play!

1. Obtain a free "PRO-FOOTBALL" weekly game card each time you visit a participating store. NO PURCHASE NECESSARY. Then watch "PRO-FOOTBALL" each Monday night on network television, or check your local newspaper or result poster at any participating store for the SCORE of both teams at the completion of the game.
2. If the last number of the final SCORE of each TEAM matches the score on your "PRO-FOOTBALL" game card, you win the dollar amount indicated on your card, either \$500, \$50, \$5 or \$2. EXAMPLE: If the score on your card reads: PITTSBURGH 9, NEW ENGLAND 7, it means the PITTSBURGH score could be 9, 19, 29, 39, 49, 59, etc., and the NEW ENGLAND score could be 7, 17, 27, 37, 47, 57, etc. Any combination of scores ending in 9 for PITTSBURGH and 7 for NEW ENGLAND would give you a winning card.
3. If you have a winning card, take it to any participating store by close of business Thursday night following that Monday night's game for verification. Store Manager will redeem authentic \$5 and \$2 winners on the spot and arrange for payment of \$500 and \$50 winners.

Miller-Wojciechowski

The engagement of Janet Miller, daughter of Mr. and Mrs. Wesley Kuehl of Kewaskum and the late Jimmy Miller,

to Jonathan Wojciechowski, son of Mr. and Mrs. Richard Wojciechowski, Sr. of Milwaukee has been announced.

Janet is a 1976 graduate of Kewaskum High School and a recent graduate of Milwaukee College of Beauty Culture and is employed at Kathy's Excel of Milwaukee.

Jon is a 1974 graduate of Pulaski High School and is a police officer for the City of Milwaukee.

A June 28 wedding is being planned.

Marriage Licenses

Janis Narbatovics, Adell, and Colleen Marie Herriges, Kewaskum; wedding August 11.

Steven Joseph Rieden, Kewaskum, and Jeanine Louise Dionne, Campbellsport; wedding August 11.

Thomas Kenneth Storey, West Bend, and Karen Jean Werhanowicz, Kewaskum; wedding August 25.

Reuben Heidtke, Jackson, and Ruth Hyacinth Fellenz, Kewaskum; wedding August 18.

Jay Edward Olson, Stevens Point, and Jeanne Lyn LaMarche, Kewaskum; wedding August 18.

Dennis Robert Wesenberg, Kewaskum, and Carol Ann Muench, Kewaskum; wedding August 25.

Scot Allen Bruesewitz, West Bend, and Jean Ione Petri, Kewaskum; wedding August 25.

Frank Joseph Gasner, West Bend, and Connie Ann Ludwig, Kewaskum; wedding September 1.

James E. Hogenson and Wanda M. Brown, both of Campbellsport.

Mike K. Behnke, Route 3, Campbellsport, and Julie Ann Moore, Route 1, Mount Calvary.

Patrick J. Briggs, Eden, and Rita Ann Feuerhammer, Route 3, Campbellsport.

Buyers Support Kewaskum FFA At County Fair

The Washington County Fair's annual Meat Animal Sale and Carcass Show would not amount to much without the support of local businesses. From the sale at the fairgrounds, the animals are brought to Kewaskum Frozen Foods or Family Farm Meats, Allenton, where they are slaughtered and judged on carcass quality. This year's carcass show saw four Kewaskum FFA members in the top spots.

The hog carcass champion belonged to Mike Kreif. His animal was bought by Miller's Furniture in Kewaskum. The third and fourth place hog carcasses were Jeff Nigh's and Sue Schaub's. Their animals were purchased by Marine Banks, West Bend, and Pine Tree Antiques, Colgate.

The steer carcass champion was won by Bob Schowalter of Hartford FFA. His steer was purchased by Wolf Bros. of Richfield. The reserve champion carcass belonged to Mark Haack of the Kewaskum FFA. His steer was bought by Kewaskum Frozen Foods.

The Kewaskum FFA would like to thank all of the buyers who made this year's sale a big success. Thanks for your continued support of all FFA activities.

Rescue Squad Calls

Wednesday, August 15 — Loran C. Backhaus, 48, 9575 Hwy. 45, Route 2, Kewaskum, removed to St. Joseph's Community Hospital, West Bend, with an injury in a farm accident.

Friday, August 17 — Helen Oniszczuk, 22, 4803 17th Ave., Kenosha, and Kathy Blise, 22, 2317 65th St., Kenosha, removed to St. Joseph's Community Hospital from Hwy. 45 at the Washington-Fond du Lac county line with injuries in a traffic accident.

Sunday, August 19 — Carol Kongslien, 30, 806 Peasantwood Dr., Kewaskum, removed to St. Joseph's Community Hospital with illness.

Sunday, August 19 — Thomas E. Wagner, 19, 8 West McDonald, Prospect Heights, Illinois, removed to St. Joseph's Community Hospital from Kewaskum village park following a bicycle accident.

Monday, August 20 — Alma Benedum, 91, 8674 Prospect Dr., Room 206, Kewaskum removed to St. Joseph's Community Hospital with pain.

CHARGES FILED IN FATAL CRASH

Charges were filed Friday afternoon in the Clerk of Courts office at West Bend against a driver involved in a fatal accident recently in the county.

Sheryl Wood, 21, of 4937 N. 39th St., Milwaukee, was charged with negligent homicide with a motor vehicle in a July 28 car-motorcycle crash.

The criminal complaint against Wood states that she backed her car across State 144-28 in the Town of Farmington where a southbound motorcycle struck her broadside. The complaint further states that Wood did not remove her car from the motorcycle's path although she saw it approaching.

Jacqueline Knutson, 23, 2060 Valley View Drive, of Kewaskum, was killed when she was thrown from the motorcycle. The driver, Douglas Panzer, 22, of 1916 Hwy. 28, Kewaskum, was seriously injured in the crash.

If convicted, Wood could be sentenced to a maximum of two years in jail and fined \$10,000.

MPTI Offers

Clothing Courses

With the rise of clothing costs predicted to continue to increase in 1980, perhaps you can help to cut these costs by enrolling in a clothing course at MPTI. If you're just learning to sew, try Clothing 1 on Monday nights beginning September 10. Students will learn how to operate a sewing machine and all the basics necessary for completing a simple garment. The course fee is \$7.00.

Since the fashion focus for fall is on suits, MPTI will offer a new sewing course, Clothing - The All Around Suit beginning Wednesday, September 12. Students will learn to fit and sew a woman's suit, two or three piece, either skirt or pants. Tuition for the five week course is \$5.00.

Whether you're just begin-

ning clothing construction or have been at it for years, Clothing Workshop can provide personalized instruction geared to your needs. Two separate courses will begin in September. A Monday evening class begins September 10 and a Tuesday morning class begins September 11. Each class is eight weeks long and carries a course fee of \$7.00. Students will find a unique opportunity to receive

individualized help with their sewing projects. The class provides instruction in beginning sewing, pattern fitting and alterations, decorative techniques, sport jackets and trousers and other topics as dictated by student interest.

Pre-register for any of these clothing courses by calling MPTI at 334-3413. All registrations are accepted on a first-come, first-served basis.

Each meal will be served with a choice of 1/2 pint of chocolate or white milk.

Junior Jargon

Ladies in Kewaskum attention! The busy summer is rapidly drawing to a close. The children will soon be in school. Many women at this time feel a void — an emptiness. The Kewaskum Junior Woman's Club will help fill this emptiness.

The Kewaskum Juniors are an energetic group of gals devoted to helping Kewaskum. In addition to being a service group, the Juniors have a good time throughout the year. Any woman between the ages of 18 and 40 is welcome to join Juniors.

The first meeting of the 1979-1980 season will be a joint meeting with the Kewaskum Woman's Club and will be of particular interest to all people in the Kewaskum area. Leslie Lemke is a blind, physically and mentally handicapped young man who displays an amazing musical ability on the piano. The public is encouraged to attend this enlightening program on Thursday, September 13, at 7:30 p.m. at the Kewaskum High School. See you there!

Forestry Field Day Scheduled

A Forestry Field Day entitled "Your Wisconsin Woodland" is being planned for area woodlot owners as well as other land owners who may have forested land in northern Wisconsin.

The bus and walking tour of woodlots in Washington, Fond du Lac and Sheboygan counties will be held on Friday, September 14, from 9:00 a.m. to 3:30 p.m. starting from the Senior Citizens' Center parking lot at 401 East Washington Street, West Bend.

"Your Wisconsin Woodland" is designed to help woodland owners gain more information about forest ecology, planning attractive woodlands, starting plantations, woodlot management and care, selective harvesting and timber sales.

A registration fee of \$2.50 per person is required for bus transportation and handout materials. The pre-registration deadline is September 1, 1979.

For further information on the Field Day being cosponsored by University of Wisconsin Extension and the Department of Natural Resources contact the Resource Agent, UW-Extension, Box 537, West Bend, Wisconsin 53095 or phone 338-4480.

Theisen-Disler

Mr. and Mrs. Alphonse Theisen, Route 3, Kewaskum, are pleased to announce the engagement of their daughter, Jane, to Donald R. Disler, son of Mr. and Mrs. Jacob Disler of West Bend.

Jane is a 1976 graduate of Kewaskum High School and a 1978 graduate of the Practical Nursing Program, MPTI, Fond du Lac. She is presently employed as a Licensed Practical Nurse at Cedar Lake Nursing Home, West Bend.

Don is a 1972 graduate of West Bend West High School and is presently employed as a foreman at Dehling Voight, Newburg.

A May 16, 1980 wedding is being planned by the couple.

For vacation planning information and free travel brochures you may contact the Wisconsin Division of Tourism, Post Office Box 7606, Madison, Wisconsin, 53707.

Jeff DeMatthew, 24, Racine, a UW student, was the Kettle 20 winner in 70 minutes and 41 seconds over the 12.5 mile course.

Chuck Dettman, Marinette, winner of the 7.5 mile race in 37 minutes and 38 seconds.

Todd Hausmann, West Bend, winner of the 3.5 mile race in 17 minutes, 57 seconds.

Start of the 12:30 bicycle races.

Start of the 2:30 bicycle races.

Start of the last bicycle race.

Himalayan Mountain Boys to Give Concert

On August 24 at 7:30 p.m., "The Himalayan Mountain Boys," one of Wisconsin's finest bluegrass music groups and based at UW-Madison, will play bluegrass at the West Bend High School Auditorium, West Bend. This will be the last time Wisconsinites will be able to hear the outstanding fiddler, Glenn Asch, perform with the group before he leaves to accept a position with the Charlotte, North Carolina, Symphony Orchestra.

Glenn Asch, son of Mr. and Mrs. Albert Asch, 7483 Brookhaven Road, Route 3, West Bend, is a 1973 graduate of Kewaskum High School. Asch has been playing violin since the fourth grade and comes from a family of musicians. His father is head of the music department and his mother teaches piano, both at the University of Wisconsin-Washington County. His brothers, Dan and David, play the violin and cello, respectively, his sister, Carol, is majoring in voice and viola at UW-Eau Claire, and his sister, Laura, a senior at Kewaskum High School, plays the piano and violin.

The other members of this

bluegrass group are George Diak, mandolin, guitar and banjo; Herb Van Deventer, dobro and guitar; Bob Stanton, bass and piano; and Jim Erickson, banjo, guitar and mandolin. All are students at UW-Madison.

According to the May 4, 1979, issue of Isthmus, a Madison paper, "(The Himalayan Mountain Boys') music is the most purely bluegrass of any of the local bands covering traditional songs of the early forties, popular bluegrass of the fifties and early sixties as well as more recent innovations of 'new grass'."

Bluegrass is America's true folk music and is now growing rapidly in popularity in Wisconsin.

In this area, the \$3.50 tickets may be purchased in advance at West Bend: Cedarburg-West Bend Music Center, Inc., Dave's Music Center, GW Music Studio, The Added Touch, Tri-County Office Equipment Co., and UW-Washington County Center. Tickets purchased at the door will be \$4.00.

The bluegrass concert is part of a fund-raising effort conducted by Metroplan for Allenton, Hartford, Slinger and West Bend. The Metroplan movement has been attempting to get toll-free phone service to the West Bend area since 1972, according to Bernice Popelka, leader of the county and spokesperson for the Wisconsin Citizen's Telephone Coalition.

10th Family Reunion Held In Beechwood

Families representing the descendants of the Johann H. Klein, Frederick Schuppel, and Friedolin Baumgartner, gathered together at the Beechwood Firemen's Hall to observe their 10th annual family reunion Sunday, August 12. Seventy members were present.

After a delicious pot luck noon luncheon, prizes were awarded to the following members. Youngest member present was Shiloh Garbisch, infant daughter of Mr. and Mrs. Steven Garbisch of Kewaskum. Most recently married couple was Mr. and Mrs. Ed Gessert of Plymouth. The longest married couple prize went to Mr. and Mrs. John Schuppel of rural Kohlsville, 61 years. John Schuppel was also awarded the prize for being the oldest senior gentleman. His sister Caroline (Carrie) Schuppel Landvatter, won the prize for being the oldest senior lady present. Tra-

veling the greatest distance was won by Mr. and Mrs. Kenneth Klein, who came from Florida to attend.

The afternoon was spent in playing bingo, cards, children's games, and in visiting and reminiscing.

After a delicious evening meal the guests departed, each one hoping to influence more of their relatives to attend next year's reunion, which will again be held at the Beechwood Firemen's Hall, August 10, 1980.

Next year's committee members will consist of Mr. and Mrs. Reuben Schultz of rural Kewaskum, Mr. and Mrs. Jerome Klein of Rochester, Minnesota, and Mr. and Mrs. William Witten of Highland Park, Illinois.

BIRTHS

SCHMIDT — A son, Ken Allen, to Mr. and Mrs. Donald J. Schmidt, Route 2, Campbellsport, Thursday, August 9.

West Bend Savings Breaks Ground

Pictured from left to right: City Centro President John Torinus; Mayor John Pick; West Bend Savings and Loan President Richard Larson; and Allyn Raymond, president of Bank Building Central, construction supervisors.

Richard A. Larson used a golden shovel in groundbreaking ceremonies. Tuesday, August 14, to initiate the construction of West Bend Savings and Loan Association's new main office in downtown West Bend.

Joining Larson in the event were Mayor John Pick, John Torinus, representing City Centro and Allyn Raymond, president of Bank Building Central, construction supervisors.

Larson told the assembled group of city dignitaries, West Bend Savings and Loan Association Directors and special guests, that the new construction will provide the association

with much needed office space, as well as expanded drive-in and parking facilities.

Special recognition was given to Miss Edith B. Heidner, West Bend Savings' longest continuous customer. Miss Heidner has maintained an account with the association for 51 of its 52 years of service to the West Bend and Washington County communities. She noted that

West Bend Savings has experienced steady growth along with the West Bend community.

"The City of West Bend was founded by people who had faith and confidence in the future of this area," said Mayor John Pick. "West Bend Savings' new construction demonstrates this same kind of confi-

dence in the future of our downtown area and along with the construction of the new Water Street bridge is the key to the downtown revitalization effort.

The new office is scheduled for completion in early 1981.

School District Announces Policy for Free and Reduced Price Meals and Free Milk for Children

Friday, August 24, 1979, Page 13

The School District of Kewaskum today announced its policy for free and reduced price meals and free milk for children unable to pay the full price for meals and milk served in schools under the Federal Child

Nutrition Programs operating herein, namely Beechwood Elementary School, Route 1, Adell, WI 53001; Farmington Elementary School, Route 1, Kewaskum, WI 53040; Kewaskum Elementary School, 1550 Reigle

Drive, Kewaskum, WI 53040; Wayne Elementary School, Route 3, Campbellsport, WI 53010; Kewaskum Middle School, 1676 Reigle Drive, Kewaskum, WI 53040, and Ke-

waskum High School, 1510 Bilgo Lane, Kewaskum, WI 53040. Local school officials have adopted the following family size income criteria for determining eligibility:

FAMILY INCOME SCALE

FOR DETERMINING ELIGIBILITY FOR FREE MEALS AND FREE MILK AND FOR REDUCED PRICE MEALS

Family (Household) Size	INCOME LEVEL	
	A. For Free Meals & Free Milk Must be at or below figure listed	B. For Reduced Price Meals Must be at or between figures listed
1	\$ 4,590	\$ 4,591 and \$ 7,160
2	6,040	6,041 and 9,420
3	7,490	7,491 and 11,680
4	8,940	8,941 and 13,940
5	10,390	10,391 and 16,200
6	11,840	11,841 and 18,470
7	13,290	13,291 and 20,730
8	14,740	14,741 and 22,990
Each additional family member	1,450	1,451 2,260

Children from families whose income is within the levels shown are eligible for free meals and milk or reduced price meals. In addition, families not meeting this criteria but with special hardship conditions such as unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter or notice to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted anytime during the school year.

In certain cases, foster children are also eligible for free meals and milk or reduced price meals. If a family has such children living with them and wishes to receive such benefits the foster parents should apply on behalf of the child or contact the school officials about their eligibility.

Under the provisions of the School's Policy, the principal of the building which your child attends will review applications and determine eligibility. IF YOU HAVE CHILDREN IN MORE THAN ONE BUILDING, YOU NEED TO SEND THE APPLICATION TO ONLY ONE PRINCIPAL, but YOU MUST BE SURE TO LIST ALL THE CHILDREN, THE GRADE, AND THE SCHOOL EACH ATTENDS.

Victoria Marone — Beechwood Elementary School, Route 1, Adell, WI 53001, Phone 626-2913.

Thomas Larsen — Farmington Elementary School, Route 1, Kewaskum, WI 53040, Phone 692-9032.

Dennis Reha — Wayne Elementary School, Route 3, Campbellsport, WI 53010, 626-4003.

Richard E. Zarling — Kewaskum Elementary School, 1550 Reigle Drive, Kewaskum, WI, 53040, phone 626-2740.

Kenneth T. Erickson — Kewaskum Middle School, 1676 Reigle Dr., Kewaskum, WI 53040, Phone 626-2178.

Clark A. Pearson — Kewas-

kum High School, 1510 Bilgo Lane, Kewaskum, WI 53040, Phone 626-2166.

If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision

with the determining official on an informal basis. If he wishes to make a formal appeal, he may make a request either orally or in writing to Robert C. F. Borch, Business Manager,

Adm. Offices, School District of Kewaskum, 1450 School Street, Kewaskum, WI 53040, phone 626-2160, for a hearing to appeal the decision. The policy contains an outline of the hear-

ing procedure.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. Such changes may make the children of the family eligible for free meals and free milk or reduced price meals if the family income falls at or below the levels shown above.

To discourage the possibility of misrepresentation, the application forms contain a statement above the space for signature certifying that all information furnished in the application is true and correct. An additional statement is added to warn that the application is being made in connection with the receipt of Federal funds, that school officials may, for cause, verify the information in the application, and that deliberate misrepresentation of information may subject the applicant to prosecution under the applicable state and criminal statutes.

In the operation of child feeding programs, no child will be discriminated against because of his race, sex, color or national origin.

Each school and the agency office has a copy of the complete policy which may be reviewed by an interested party.

REACHED THE END OF THE LINE? TALK TO US.

"Whether you want a new extension or just a longer cord I'm the person to talk to. And if you have any questions about your phone bill I can handle that too.

WE'VE UNCOVERED A SMALL, BUT SIGNIFICANT, SOLUTION TO THE ENERGY PROBLEM.

We found a new source of energy: Milwaukee's trash. In the first full-scale test program in the country, Wisconsin Electric and Americology, a division of American Can Company, have been using Milwaukee's burnable waste for power plant fuel since 1977.

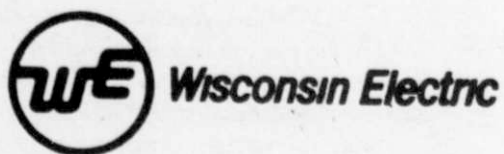

In terms of solving the energy problem, it's still just a small step. Testing so far shows a year's worth of Milwaukee trash would account for less than 1% of Wisconsin Electric's annual fuel needs.

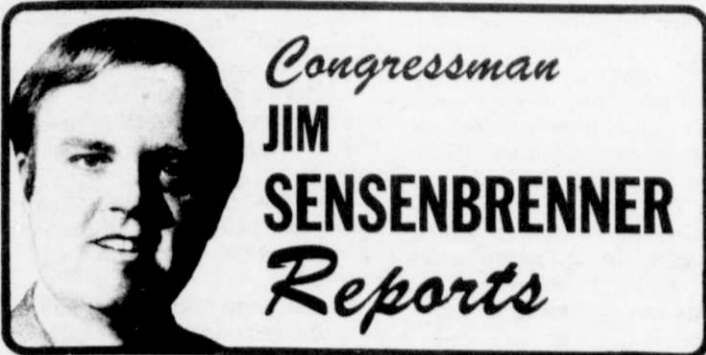

But it's a significant step.

It represents an attitude we have at Wisconsin Electric. That no solution to the energy problem, no matter how

small, should be overlooked. A percent here. A percent there. It all adds up. Just as your efforts to save energy can add up, too.

Conserving a single kilowatt-hour of electricity may not seem significant by itself. But when you multiply it by the 2.3 million people Wisconsin Electric serves, it adds up to a significant savings in energy and money for everyone.

A Monument to Wasteful Spending

Among all the magnificent monuments one can find in Washington, D. C. these days, the half-completed Hart Senate Office Building stands alone and uncontested as our newest and best monument to wasteful government spending. This building, now estimated to cost the taxpayers \$142 million, is a prime example of the arrogant attitudes in Congress of "the taxpayer be damned" and "give the Senator anything he or she wants."

Our Senators, even though there are only two more now than there were 67 years ago, complained about being cramped in their Washington office space. So, in typical Congressional fashion, a new office building, sold in part as a tribute to the late Senator Phillip Hart (D-Michigan), was conceived. In reality this building is intended to house the ever-expanding Senate staff, which has increased by 252% since the older Dirksen Senate Office Building was opened 23 years ago!

The Hart Building was originally estimated to cost \$84 million, which was certainly extravagant to begin with. But as time passed, all the "goodies" the Senators wanted in this building — like a private gymnasium, swimming pool, restaurant, 12-foot ceilings, fire-

places, panelling, and so forth — have boosted its cost to an incredible \$142 million! To keep within that figure the Senators have had to make some sacrifices — like a smaller pool and cheaper carpeting.

This project is ridiculous. It is costing the taxpayers \$142 million just to make sure our Senators are "comfortable" as they legislate, and nothing more. What better example of government waste could you ask for?

It has been suggested by some that perhaps we could make the building pay for itself, by "passing the hat" among the Senators and staff who will use it, or by reducing government spending elsewhere by the \$142 million. Neither one will get anywhere, of course, so the spenders will have their way and their own office building. I predict they will ask for more staff, too, once they have the new office space to put them in.

Recently the House passed an amendment to an appropriations bill to increase the authorized funding for the Hart Building to the \$142 million level. I voted against that, just as I would have voted against this colossal tribute to federal government extravagance in the first place.

Release Terminated On Corn Reserve

The Agricultural Stabilization and Conservation Service (ASCS) recently withdrew the authorization for farmers to redeem corn and sorghum from the grain reserve, although producers may continue to redeem wheat at least through August 31.

Ira A. Oelhafen, Chairperson of the ASCS committee, said that storage will continue for any reserve sorghum or corn loans not repaid during the release period. Farmers redeemed about 71,804 bushels of corn when the crops were in a release status.

Market prices for corn have been going down since mid-July, even though they are above the release levels -- \$2.73 per bushel for corn, according to prices reported by the Economics, Statistics and Cooperatives Service (ESCS). In addition, the Agricultural Marketing Service (AMS) daily average adjusted prices on July 30 were below the release level for both feed grains.

There is one exception in which a producer may redeem corn from the reserve without penalty, the ASCS official said. No penalty will be assessed if a farmer, before being notified that release is terminated, has negotiated a bonafide sales contract which calls for delivery within 90 days. However, storage stopped for these loans on July 27.

DNR May Acquire K-M Springs Hatchery

The Bureau of Fish Management of the Department of Natural Resources has informed Senator David W. Opitz (R-20th District) that state acquisition of the Kettle Moraine Springs Hatchery is imminent.

Opitz has been told that negotiations between DNR officials and the Sheboygan County hatchery owner, Ben Winton, have been amicable and mutually satisfying to all parties.

"The entire package will be ready for presentation at the September meeting of the Natural Resources Board," Opitz stated. "With that group's approval, it could be on the governor's desk within five or six weeks."

After assuming ownership of the hatchery, the Bureau of Fish Management plan calls for the rearing of 40,000 pounds of fish annually for use in stocking streams which enter Lake Michigan.

The bill that created the cold water fish hatchery fund was first introduced more than two years ago by former Senator Ernest C. Keppler with the

sponsorship of a number of legislators from Door County to the Illinois border. It received the enthusiastic support of such organizations as the Sheboygan Area Great Lakes Sports Fishermen, the Sheboygan Izaak Walton League and a number of sport fishing and conservation groups. The bill passed the Legislature and became law in June, 1978. Acquisition proceedings have been in operation since that time.

"District legislators and area sportsmen have every reason to be pleased and proud at the results of their diligent efforts and close cooperation," Opitz declared. "Their efforts will benefit fishing enthusiasts for many years to come."

Minutes of Village Board Meeting

Regular Meeting
August 6, 1979
8:00 P.M.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building.

President Robert Danielsen presided. All Trustee Members were present.

The minutes of the meeting of July 16 were approved as printed upon motion by Trustee Herriges, seconded by Trustee Spoeth. Voice vote was unanimous.

Mrs. Jean Backhaus met with the Board with reference to some land owned by her on the west side of the Milwaukee River which is in a floodway area.

The annual fee for fire fighting service to the Town of Auburn for the period commencing July 1, 1979, and ending June 30, 1980, was established at \$9,485.00 for the first ten fire calls. The labor rate starting with fire call number 11 was increased to \$4.00 per hour. The Administrator was instructed to present the revised contract to the Town of Auburn for their approval. Motion by Trustee D. Nigh, seconded by Trustee Stollenwerk. Voice vote was unanimous.

The following proposals for improvements at the Waste Water Control Center were approved by the Board:

(1) N and S Construction for concrete work and enclosing large window area, \$7,848.00. Motion for acceptance by Trustee Stollenwerk, seconded by Trustee Blumer. Voice vote was unanimous.

(2) Albert Liegl, cabinets for the proposed lab area, \$2,782.00. Motion for acceptance by Trustee Blumer, seconded by Trustee Spoeth. Voice vote was unanimous.

Administrator Schmidt was authorized to purchase office

equipment and supplies for approximately \$800.00. Motion by Trustee Herriges, seconded by Trustee Mlodzik. Voice vote was unanimous.

The Open Meeting Ordinance was laid over to the September 4 meeting. Motion by Trustee Mlodzik, seconded by Trustee Herriges. Voice vote was unanimous.

Because the regular September meeting falls on Labor Day, motion was made by Trustee Mlodzik, seconded by Trustee Spoeth that the first meeting in September be held on Tuesday, September 4. Voice vote was unanimous.

The application of Gerald Buchel for a bartender's license was approved and the Commissioner was authorized to issue the proper permit upon payment of the required fee. Motion by Trustee Stollenwerk, seconded by Trustee Blumer. Voice vote was unanimous.

The liability limits on the Fire Department Ambulance Attendants was increased from \$200,000 to \$500,000. Motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

Upon the recommendation of President Danielsen, Trustee Raynor Herriges was selected to act as Herriges Pro-tem while President Danielsen is on a business trip. Motion by Trustee D. Nigh, seconded by Trustee Stollenwerk. Voice vote was unanimous.

The Kewaskum Historical Society was granted permission to place a log house on village property near the existing museum building. Motion by Trustee Herriges, seconded by Trustee Stollenwerk. Voice vote was unanimous.

The totals of all claims, as recommended for payment by Finance Committee Chairman David Nigh, were as follows:

Vil. General Fund \$93,363.79
Water Dept. Fund 860.55
Sewage Dept. Fund 10,374.07

Payment of these claims, as recorded in the official record,

was authorized upon motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

Upon motion by Trustee Herriges, seconded by Trustee Mlodzik, and unanimously carried, the Board adjourned until 8:00 p.m. August 20, 1979.

William S. Martin,
Commissioner

Don't Take This With a Grain of Salt

By Debi Streuli
Summer Home Economist
UW-Extension, West Bend

Many scientists agree that routinely eating too much salt in your food raises your risk of high blood pressure, according to nutritionists of the Human Nutrition Center, U.S. Department of Agriculture. And especially if you have ancestors and relatives with hypertension, your doctor may be advising you to ease up on "sodium" — and that's the key word.

First, use less salt at the table, do not salt food before tasting. Second, when you buy food read labels to see whether you can spot the word "sodium."

Examples of sodium words are: monosodium glutamate, disodium phosphate, sodium alginate, sodium benzoate, sodium hydroxide, sodium propionate, sodium sulfide, sodium saccharin and sodium bicarbonate — the 'salt' in our sodas. The order in which label words are listed indicates predominance in prepared products. Avoid foods where sodium is among the first ingredients.

In some foods, sodium is hidden by a taste not salty — such as sweet. Cakes and pies are examples, along with foods produced by fast food restaurants. But whether your buds tell you or not, sodium-loaded foods include:

--Processed foods, such as certain cheeses, instant or other ready-to-eat cereals. Especially note labels for the word "sodium."

--Canned and instant soups, and bouillon cubes.

--Catsup, mustard and prepared horseradish, and salt seasonings, including sea salt and soy, Worcestershire and barbecue sauces.

--pickles, olives and sauerkraut and other foods prepared in brine.

--Salty and smoked meat —

bologna, corned or chipped beef, frankfurters, ham, luncheon meats, salt pork, sausage, smoked tongue.

--Salty or smoked fish — anchovies, caviar, salted and dried cod, herring, sardines, smoked salmon.

--Such snack items as potato chips, French fries, pretzels, salted popcorn, salted nuts and crackers.

Be conscious about the salt-containing foods you are eating, very likely you are getting plenty of salt with out adding extra.

Try experimenting with other seasonings such as cinnamon, nutmeg, oregano, onions and garlic for salts. You may find that you like these flavors even better than the old salt and pepper stand-by.

Remember, when you do buy salt, look for the word iodized on the label. Iodine is a nutrient essential for preventing goiter (enlargement of the thyroid gland).

25 Years Ago

August 27, 1954

Sealed bids for the furnishing and installing of an incinerator were opened and tabulated at the regular meeting of the Kewaskum Village Board, August 2. Motion was made and seconded to accept the bid of the Nickels Engineering and Research Company in the amount of \$27,000.

Miss Janet Haebig, daughter of Mr. and Mrs. Raymond P. Haebig, West Bend, became the bride of Jerome William Guldán, Kewaskum, in a ceremony at Holy Angels Church, West Bend, on Saturday, August 21.

The Kewaskum Public and Community High Schools will open on Tuesday, September 7. This will be the first year of operation for the reorganized grade school district and the Union Free High School. A staff of 18 teachers has been employed to teach the grades of kindergarten through high school. Clifford M. Rose will serve as supervising principal for both schools.

In a ceremony performed at Columbus, Georgia, Miss Dorothy Bone, became the bride of Donald P. Falk, son of Mr. and Mrs. Wilmer Falk, Kewaskum, on August 7.

A reunion of the Weddig family including children and grandchildren of Mr. and Mrs. John Weddig of Kewaskum, was held in the village park on Sunday, August 22.

Sons were born to Mr. and Mrs. Norbert Thull, Route 2, Kewaskum, on August 19; Mr. and Mrs. Hugo Lemke, Route 3, Campbellsport, on August 21; and to Mr. and Mrs. Gerald Backhaus, Route 2, Kewaskum, on August 23.

50 Years Ago

August 24, 1929

Monday, September 9, has been the day set when the Kewaskum High School and public schools will open for the coming term. The entire force of teachers has been engaged and all looks favorable for a large attendance this year.

Rev. Ernst Irion, who accepted the pastorate of the Evangelical Peace Church in March, 1926, tendered his resignation as pastor of the congregation last Sunday, August 18.

William B. Wells of Chicago, owner of the Kewaskum Creamery, has entered into a contract with the Bowman Dairy Company of Chicago who are now buying the entire output of

milk.

The State Senate last Wednesday, August 14, passed 17 to 11, the assembly bill providing for purchase of Kettle Moraine Park in Fond du Lac and Sheboygan counties, and of which Kewaskum is the southern outlet, for state park purposes.

75 Years Ago

August 27, 1904

H. J. Lay commenced building a new shed in his lumber yard which will be 40 feet wide and 175 feet long. This together with the other shed room Mr. Lay already had will give him room enough to keep nearly all of his lumber under roof.

August Schroeder bought the Philip Arnet property on Prospect Avenue last week for \$1,000.

Lightning struck the barn on William Struebing's farm east of Wayne last Sunday, August 21. Only slight damage was done to the roof and a portion of the foundation was torn away.

The marriage of Miss Alma Kohler, daughter of Mrs. Victoria Kohler, and Carl Felix, son of the late Jacob Felix of St. Kilian, was solemnized Tuesday, August 23.

DNR Cautions On Underground Gasoline Storage

The Department of Natural Resources has cautioned people trying to get the upper hand on rising gasoline prices and uncertain supplies that fuel storage tanks should be located away from water wells.

The DNR administrative code requires that water wells be located at least 100 feet from underground gasoline and heating oil storage tanks serving commercial property; residential wells must be a minimum of 25 feet from buried fuel tanks.

Chuck Goethel, DNR Private

Water Supply Section, explained that this rule reduces the risk of well water contamination from fuel tank leaks.

"Over the past five years we have been informed of about 100 cases of petroleum products seeping into private water supplies," Goethel said. "It is usually difficult to locate the source of contamination because of the concentration of fuel tanks in commercial and residential areas and the lapse of time between leakage and discovery in the well water."

The DNR has not received an influx of inquiries concerning location of gasoline tanks, Goethel said; all the more reason to inform people of the required distance between wells and tanks.

"By adhering to these distance requirements, people reduce the possibility that their private water supply may someday be contaminated beyond recovery," he said.

Dry Feed Lots Are Active

Dr. Willis Lyle, chief state veterinarian with the Wisconsin Department of Agriculture, Trade and Consumer Protection reports that "Dry Feed Lots" are active in Wisconsin, with 114 now registered by the department.

According to Dr. Lyle, the department regulates these lots which provide for interstate movement of "feeder cattle" over 500 lbs. or over 6 months of age for feeding purposes with-

out tests. "Feeder cattle" are defined as female bovine animals of the Hereford, Angus, Shorthorn or other recognized beef breeds or mixture of such breeds which are kept for the sole purpose of feeding prior to slaughter. Steers and spayed heifers of any breed may move into or out of feed lots without restrictions.

Any cattle removed from the feed lot for other than slaughter, however, must have written approval and be tested for anaplasmosis, brucellosis and TB.

Dry feed lots must be approved by the department and maintained by the owner exclusively for the feeding of "feeder cattle" prior to slaughter. An approved tag must be inserted in the right ear of each animal by an authorized person and there must be a written certification of the health status of the animals moving interstate.

Approved dry feed lots must have an enclosure to prevent comingling with other animals on the farm, must have separate feeding and watering facilities, the feed lot must be void of any vegetation and records must be maintained.

The Dry Feed Lot Rule is being reviewed and may undergo some changes within the coming year.

It's easy to control your temper when the other fellow outweighs you.

Success In Treating Cancer

Modern medical treatment can now control cancer in half of the patients and cure cancer in a third of the patients. Unfortunately if the cancer had been diagnosed and treated earlier, half of the patients could have been cured. Physicians and scientists at the Wisconsin Clinical Cancer Center in Madison are trying to develop new ways to detect cancer before it has spread and treat the cancer once it has developed.

For more information about new methods of detecting and treating cancer, you may contact the trained counselors at the Cancer Information Service by calling 1-800-362-8038 toll-free.

WE'RE SOLD ON YOUR HOUSE BEFORE WE SELL IT.

Our theory is simple. We take the time to know your house, price it correctly, and discover its distinctive features. Because when we're sold on it, it's much easier to find the right buyers and close the sale.

Then, we even save you time after the sale by helping with the time-consuming paperwork.

It's all a matter of spending our time wisely so it doesn't waste yours. This is another reason why CENTURY 21® helps more people buy or sell their homes than any other real estate sales organization in the world.

NOTICE OF PUBLIC HEARING

Notice is hereby given that on the 31st day of August, 1979, commencing at 1:30 P.M. at the Raymond Schaefer property, there will be heard and considered by the Board of Adjustment, the members of which hold their office by virtue of the Zoning Ordinance of Washington County, Wisconsin, the appeal of Raymond Schaefer. Said property is located in Part of the NE 1/4 of the NW 1/4 of Section 23 in the Town of Kewaskum, Washington County, Wisconsin. Said appeal arising from the refusal to issue a building permit because of:

"Road setback requirements as stated in the Washington County Zoning Ordinance."

Address: 3200 Hwy. "H", Kewaskum, WI 53040

Dated this 3rd day of August, 1979, at West Bend, Wisconsin.

Fred H. Chlupp,
Administrator,
Land Use and
Park Department
8-24-2t

CARD OF THANKS

Our most sincere thanks to all our relatives and friends for their kindness during the time of illness and after the death of our dear father, father-in-law and grandfather, MELVIN KLEIN. Special thanks to Rev. Buck, organist, soloist, pallbearers, donors of floral and memorial tributes, Miller's Funeral Home, sexton, and all who showed their respect.

Mr. and Mrs. Harvey Klein
Mr. and Mrs. Donald Klein

A NOTE OF THANKS

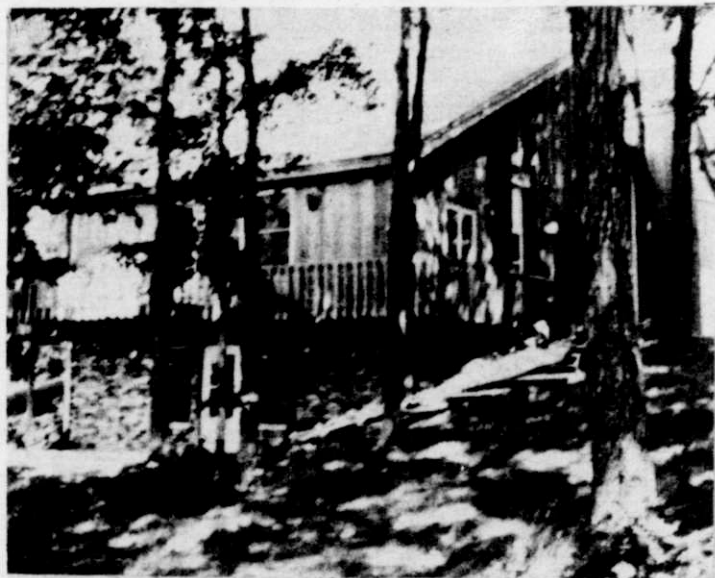

My most sincere thanks to all my relatives, neighbors and friends for the cards, gifts, visits, flowers and phone calls while I was a patient at the hospital. Special thanks to all the nurses in Intensive Care and on the second floor. All these acts of kindness were very much appreciated.

Harry Cundy

PUBLIC NOTICE

Public notice is hereby given that the next meeting of the Village of Kewaskum, Wisconsin, Plan Commission is scheduled for Tuesday evening, Aug. 28, 1979, at 8:00 p.m. in the Council Room of the Municipal Building, First Street.

William Martin,
Recording Sec'y.

CONTEMPORARY SALT BOX

An executive home designed for the professional. Located in the Kettle Moraine area of Kewaskum School District on 5 heavily wooded acres. The red cedar plank walls and ceiling soar above the living room to the bedroom loft balcony. A wall wide antique brick fireplace adds to the warmth of the room. A lower living level features a 27 foot family room with fireplace, rec room and utility-shop area, including your own wine cellar. The rough cedar exterior and redwood deck blend with nature, overlooking a beautifully landscaped hilltop. The small barn provides for horses or other animals. Call for your private showing. Over \$100,000.

COUNTRY ACRE + BILEVEL

Nearly new home with 3-4 exceptionally large bedrooms. Country kitchen with cabinets and counters on three sides. Also handy pantry. Rear entry has boot bench and double closet. Formal dining room with built-in china cabinet for easy entertaining. Central Air, electronic filter and power humidifier. Attached 2 1/2 car garage and shop. Good storage and more. Upper 70's.

GREEN LAKE COUNTY
FOND DU LAC COUNTY

Southeast District

Walleye fishing has improved somewhat in all district waters. Fishing is excellent on Lake

Geneva in Walworth County in the late evening hours. Leeches are a good bait for walleyes. Some walleyes have been taken from Delavan Lake in Walworth County, Wind Lake in Racine County and Pike Lake in Washington County. Northern pike fishing is fair with some fish taken from Lake Geneva in Walworth County and Eagle Lake in Racine County. Recent rains have raised the water levels on the Fox River in Racine and Kenosha Counties and have improved catfishing. Bass fishing has been fair to good with some nice catches coming from Browns Lake in Racine County, Como Lake in Walworth County, Silver Lake in Kenosha County, Eagle Spring Lake in Waukesha County

Kewaskum Statesman, Friday, August 24, 1979, Page 19

ty and Little Cedar Lake in Washington County. Panfish are generally biting good in all district waters.

Sheboygan County — Sheboygan had its Coho Derby this past weekend with more than 2,000 fish registered in less than ideal fishing conditions. Rough water prevented many boats from going out for part of the derby. Most of the registered fish were chinook salmon which averaged about 15 pounds. The top fish entered for each category were: chinook salmon at 29.5 pounds, coho salmon at 8.9 pounds, brown trout at 15.0 pounds, lake trout at 15.3 pounds and a rainbow trout at 11.2 pounds.

Ozaukee County — Very good fishing was reported from the piers and boats during the early part of the week. Most of the boaters were fishing north of the harbor in 70 feet of water. J-plugs and black flutter spoons filled boxes with limits. A few chinooks came in, but most action came from the coho. Heavy pier fishing also was catching cohos in the 4-7 pound range. Surface or bottom fishing with live bait produced equal success.

Winnebago County — Fishing is slow on Lake Winnebago for perch and walleyes and also has slowed on Poygan and Butte des Morts.

The Glacier Inn, Kewaskum, was host to a group at a special Glacier Inn Classic at Arlington Park, Illinois race track on August 2. The Kewaskum area group of thirty-five traveled by chartered bus. Shown in the photo, left to right, are: Ken Merz, President of KLM Sales Company, Wayne; Bill Kulas, Lester Francke, Jockey Glynn Louviere, Ken Leitheiser, Barney Strobel and Ed Miller. Needless to say, a good time was had by all.

**KEWASKUM JAYCEES
LITTLE LEAGUE**

For the last week in Little League we had the Honeck Expos playing the Regal Ware Orioles in the last inning tied 1 to 1. The Expos had the bases loaded with no outs and could not score, so the Expos had to take a tie. The Herriges Oil Red Sox took a big game from the West Bend Savings and Loan Indians, 8 to 0. Heppes Pirates couldn't score so they took a 7 to 0 loss to the Miller's Brewers.

FINAL STANDINGS

	W	L
Honeck's Expos	11 1/2	1/2
Regal Ware Orioles	8	4
Ked-Web Cubs	7	5
Herriges Oil Red Sox	6 1/2	5 1/2
Heppes Pirates	5	7
Miller's Brewers	4	8
West Bend Savings & Loan Indians	0	12

There will be playoffs behind the high school Sunday, August 26, at 1:30 for the consolation game between Ked-Web Cubs vs. Herriges Oil Red Sox. The championship game will be played at 3:00 between Honeck's Expos vs. Regal Ware Orioles, which should prove to be exciting.

**KEWASKUM JAYCEES
YOUTH SOFTBALL**

The Bier's Jewelry Gems fitted a two game winning streak into their standings with a close 2 to 1 win over Roger & Dan's Mean Machine and then taking Coulter's Liquor Demons, 7 to 1. K & R Carpet Short Stuff also covered the Ed Laun's Hot Shots, 11 to 4, and then a shutout over the Valley Bank A's, 3 to 0. The A & W Bears went on to win, 10 to 3, over the Valley Bank A's. Roger & Dan's Mean Machine played a doubleheader in which they shut out Laun's Hot Shots, 3 to 0, but then against Coulter's Liquor Demons they lost it in the last inning, 4 to 3. There will be one more week of softball till the finals, which will be listed next week.

	W	L
A & W Bears	10	0
K & R Carpet Short Stuff	8	4
Bier's Jewelry Gems	6	5
Valley Bank A's	5	6
Coulter's Liquor Demons	5	6
Roger & Dan's Mean Machine	3	8
Ed Laun's Hot Shots	2	9

The playoffs will be played Saturday, August 25, with the consolation game at 1:30 and the championship game at 3:00, behind the high school.

**MONDAY NIGHT
TRAPSHOOTING LEAGUE**

Bernie Sarauer Jr., Sec.

Hon-E-Korner

The event on Ladies Day, August 15, was "add odd holes, subtract even holes," which was won by Dianne Hoffman.

Winners of the Class Event were as follows: Class A - Irene Schlefke, 12 putts; Class B - Rosella Schmidt, 13 putts; Class C - Frances Rohlinger, 16 putts; Class D - Jan Koch, 16 putts.

Low net winners for 18 holes were Marge Rosenthal and Frances Rohlinger with scores of 20 each.

The Bill Bartelt Open was played on the same day but ended in a tie; another 18 holes will be played to decide the winner.

Chip-ins were made by Shirley Lemler, Dorothy Schaefer and Irene Schlefke.

To keep grass from growing between bricks in a walk, sprinkle the spaces with salt.

Laurie Hughes — Our Midwest Shrine Queen

The Shrine game will be played Saturday night, August 25, at

Milwaukee County Stadium and will pit the Green Bay Packers against the Atlanta Falcons.

Laurie Hughes, a sweet, dark-haired beauty from Oconomowoc, Wisconsin, is the 30th annual Midwest Shrine Game Queen this year. And Laurie is a vigorous example of courage in the face of adversity and proof that the Shrine Hospitals bring new hope to many a young person.

She is the daughter of an equally proud father, Tom Hughes, but really is the shining light in the life of her grand parents, Noble Hubert (Red) Hughes and his wife, Estell, also of Oconomowoc, Noble Hughes has also served for a number of years in the past as Oconomowoc mayor.

Our 1979 Queen was born in Oconomowoc on April 3, 1963 and will be a sophomore this fall at Oconomowoc High school.

Laurie's problems started at birth since her left foot

Laurie Hughes — 1979 Queen

turned sharply inward. All though her life she had been under medical care and had spent much time in numerous hospitals and suffered through many operations in an attempt to make the correction in her foot which would permit her to walk and play in a normal manner.

But she seemed to make little headway. Then two years ago, her grandfather, "Red" Hughes, a member of Tripoli, was discussing her case with Noble Gerald W. Lemberg, an officer of Tripoli who lived in the same building as the proud grandfather.

Noble Lemberg became acquainted with Laurie and convinced her father and grandfather, that perhaps the Shrine Hospital in Chicago could help.

She was admitted as an outpatient two years ago. Since then she has been at the Chicago Hospital as an outpatient every three months while the doctors there studied her problem.

Normally in cases like this, the medical experts try to correct the problem through a method of hip rotation. But this did not seem to be practical in Laurie's case.

In early May, 1979, she was told by the Shrine Hospital that there was a new technique which involved a

muscle transfer operation. It amounted to operating to twist all the muscles in the left leg to correct the problem.

Laurie had this done. Then followed eight anxious weeks in a body cast. Late in July, the cast was removed. The nail biting moments then were at hand, would the left foot be straightened?

Much to the joy of Laurie, and all who know this sweet girl, the foot was straight, but naturally, the leg was weak. It meant getting around for some time with a walker — until the leg was strong and even now she has some difficulty in walking since in reality she is now just learning to walk in a normal manner.

But Laurie is made of stern material. This did not phase her. In fact, when Tripoli Temple held its ceremonial in mid-June, Laurie was on the curb in downtown Oconomowoc to watch the Shriners in all their glory.

And in an unusual gesture of love for all children, and especially Laurie, Potentate Arnold C. Lange, left the line of march where Laurie was seated, gave her a kiss and a big bouquet of flowers and wished her a full recovery.

This gave new hope to Laurie. After her cast was removed, she spent almost three weeks in the Chicago hospital in therapy, but her time was fully occupied. The nurses at the Shrine Hospital kept her busy.

Her improvement has been rapid. Tonight as she meets the crowd, she will be escorted to the platform by Potentate Lange, but she will only lean on his arm as a gesture since she is rapidly learning to walk.

Laurie, with her captivating smile, will steal the hearts of any one she meets. Behind her smile, are the years of worry over her condition — worry which has now been turned to joy through the efforts of you and every one else who supports the cause of the Shrine Hospitals.

We can rejoice that once again the Shrine has brought a beautiful little girl back into the mainstream of life. Laurie will be able to participate in everything at high school the same as all her class mates. She loves swimming and spends much time reading.

In Junior High she was a whiz at mathematics, even though she confesses she does not particularly like the subject. She has one brother, Jeff, who is 20 years of age and now lives in Miami, Florida.

As Midwest Shrine Game Queen, Laurie will have \$1,000 deposited in a trust fund which she can use for her post-high school education. Perhaps the best tribute for the work of the Shrine was contained in a letter published in the Oconomowoc paper — it tells the true story behind the work of the Shrine. In this public letter, Laurie's father wrote:

"Laurie is living proof of what the Shriners have accomplished for handicapped children. Her operation was developed through Shrine research and performed at their hospital at no charge. Can you imagine a miracle performed and no one asking for a check? Thanks for giving our daughter a chance to walk like any other teenager."

We are all proud of Laurie Hughes, the 1979 Queen — happy that the Shrine has been able to help her — thankful that she stands as a symbol of hope for many other children throughout the world — children who have still to be helped by the philanthropy of the Shriners.
