Week's Wit

Most people thought television was impossible some 30 years ago. Today a lot of people still feel that way.

Sunday Is 'CHARLIE MILLER DAY' Salem UCC of Wayne to Celebrate 100th Anniversary

By DAN MEILAHN
Statesman Staff Writer

Sunday, September 30, has been officially proclaimed as "Charlie Miller Day" in Kewaskum. The residents of the village and the surrounding area are invited to attend a program sponsored by the village at the new high school gym beginning at 2 p.m.

The Charlie Miller Day Committee comprised of Orv Behnke (Chairman and representative of the Kiwanis Club), Homer Schaub (Lions Club), Cy Wietor (Past Village Presidents), and Paul Blumer (representing the present village board) has not made the entire program to honor Charlie available, since there will be some "surprises." However, it was disclosed that among the speakers acknowledging Charlie's contributions to the community will be Reuben Schmah, the present County Board Chairman, present Village President Bob Danielson, and past Village President James Reigle. In addition, numerous department heads of the village such as Clerk Bill Martin and Supt. of Public Works Augie Bilgo will recognize the past "mayor" of Kewaskum. All community service organizations were invited to participate. Presently, the Kiwanis Club, Lions Club, the American Field Service, and the Sportsmen's Club are all slated

Charles F. Miller

as having a few words to say or a few honors to bestow on Charlie.

Charlie's wife, Mary, will also be recognized for her 30 years of faithful service to the Kewaskum Library. Refreshments will be served - coffee, soft drinks, and cake (Homer Schaub, that's your responsibility). And once again, there are sure to be some surprises - both for Charlie and those in attendance.

Charlie's Day will actually begin at 12 noon when a luncheon will be held at the Legion Hall for invited guests only - past and present village trustees and very close friends. It is rumored that County Clerk George Nehrbass and Village

Trustee Raynor Herriges will be among the speakers at this affair.

Charles F. Miller has been Kewaskum Village President for over 19 years and has generally surpassed the contributions of those who have worked with him as community leaders, and certainly surpassed those who are less civic-minded. Mr. Miller has also been a County Board Supervisor for almost 12 years. Besides his unique governmental accomplishments, Charlie has also been active throughout the community. He has been a past president of the Kewaskum AFS chapter and a charter member of the Kewaskum Kiwanis Club.

Charlie was also a photographer. Chances are that somewhere most of us have a picture of ourselves taken by him. Charlie - we wish to now take your picture and return through words some of the images we have of you. Hopefully, we will elicit the same smile from you that you so easily coaxed from us so many times.

The Salem United Church of Christ of Wayne is celebrating its 100th anniversary on Sunday, October 14.

Services will be held at 9:00 a.m. Guest speaker will be Rev. A. A. Graf of Kiel, a former pastor. An afternoon service at 2:00 p.m., with former pastors

and sons of the congregation will also be held. Special guest speaker will be Rev. Alfred Bartholmew, General Secretary Division of World Service.

A dinner will follow the afternoon service. Phone 629-5201 for reservations no later than Sunday, September 30.

Legion to Hold Lamb Barbecue

For those interested in finding out what quality lamb tastes like, the Robert G. Romaine American Legion Post 384 is sponsoring a Lamb Barbecue, Sunday, October 7.

Kewaskum's American Legion purchased the lamb at last July's Washington County Fair-Junior Livestock Sales. This lamb was raised by Lisa Mate-naer of Kewaskum. It is choice grade and also won a ribbon at the carcass show held at Kewaskum Frozen Foods.

Commander Clayton Stautz stated that lamb sandwiches would be available for a \$1.25 charge at the Kewaskum Legion Hall, starting at 3:30 p.m. on October 7. For those who prefer, there will also be beef roast sandwiches for \$1.25. Elmer and Celia Yoost will be chief chefs for this event.

Donald Mielke Killed in Crash

Donald R. Mielke, 28, of 623 S. Main Street, Fond du Lac, son of Mr. and Mrs. Arthur Mielke of rural Campbellsport, died Sunday night of injuries suffered when his car collided head-on with another auto on Highway 45 in the Town of Eden.

Mielke was pronounced dead on arrival at St. Agnes Hospital, Fond du Lac. Death was due to severe head and internal injuries, according to Fond du Lac County Coroner Frank Decker.

Fond du Lac county traffic police reported Mielke's car collided with a southbound auto driven by Richard G. Gagan of West Bend.

The collision occurred at 7:41 p.m. on Highway 45, seventenths of a mile north of the County Trunk UU intersection, authorities said.

Richard Gagan, 43, was listed in satisfactory condition Monday at Milwaukee County General Hospital with facial lacerations and head injuries, while a passenger in the Gagan car, James R. Gagan, 50, also of West Bend, was reported in critical condition in the hospital's intensive care section with rib, pelvic and facial injuries.

The Gagans were transferred to the Milwaukee hospital following initial treatment at St. Agnes Hospital. They were conveyed to St. Agnes Hospital after the accident by Campbellsport ambulance.

Mielke is Fond du Lac County's 15th traffic fatality of 1979.

Business People Give Baby Record Book to New Mothers

Miss Gertrude Buczek, Director of Nursing Services, and Mrs. Rita Gantenbein, R.N., OB Supervisor, are shown presenting a copy of Our Baby's First Seven Years Record Book to Mrs. Hollis Muench. This book is being given to mothers of babies born at the hospital before they go home, under the Blessed Event Program through the cooperation and participation of a group of businessmen in the area.

Baby's medical records and important data about baby's physical and emotional growth could very well be scattered about in many different cities in this country or throughout the world. Family changes in business, school, or vacation trips may mean several different doctors will examine and treat the baby. Records may be lost, facts forgotten quickly.

However, thanks to the business people in West Bend and Kewaskum who sponsor the Blessed Event Program which is continuing at the St. Joseph's Community Hospital, West Bend, these records can be complete and safe because every mother of a baby born at the hospital has been receiving the valuable clinically and medically approved baby record book — Our Baby's First Seven Years.

The current edition contains up-to-date pages which provide room for easy recording of medical facts and data about

OTHERS RECOGNIZED

Honor Cypher For 45 Years 4-H Leadership

Paul Cypher of West Bend was honored for 45 years of 4-H Leadership at the annual meeting of the Washington County 4-H Leaders Association. Stan Shaw, President of the Washington County 4-H Leaders Association made the presentation. Paul Cypher started the Good Luck 4-H Club of Barton in 1935. He has been the leader of the group since that time. He has seen second and third generation of families as members of the club.

Cypher has also been active in the County Leaders Association having been its president several times. He helped establish the Belle Albright Memorial Committee which provides funds for 4-H activities. He helped the Good Luck 4-H club establish one of the first tree plantations in the county. Over the years the plantation has yielded income for the club through the sale of Christmas trees and is now a maturing forest.

Mrs. Wilmer Flasch of West Bend was recognized for 25 years of 4-H Leadership. She is the organizational leader of the Trentonaires 4-H Club.

Two leaders received recognition for 20 years of 4-H Leadership. They were Mrs. Jerry Darmody of Allenton and Mrs. Genevieve Kurtz of West Bend.

Leaders who were recognized for 15 years of leadership include Muriel Bast of Hartford, Mrs. Byron Dei, Mrs. Norbert Dettmann and Mrs. Leland Schaub of Kewaskum, Mrs. Susan Kist of West Bend and Mrs. John Klesper of Slinger.

Leaders recognized for 10 years of leadership were Mrs. Emmett Burg, Geraldine Krebs

and Agnes Wagner of Hartford, Carol Kertscher of Random Lake, Mrs. Lloyd Roden and Mrs. Gilbert Stoffel of Kewaskum.

Leaders recognized for five years of leadership were Charlene Leach, Laura Lynn and Harold Schmitt of West Bend, Mrs. Melvin Lubbert and Mrs. Harvey Stroud of Hartford, Jane Martin of Germantown, Erwin Rauh, Edward Wolf and Minette Wolf of Slinger and Carol Orth of Hartford.

Jerry Boeder of Menomonee Falls, Waukesha County 4-H leader, addressed the Washington County group. One of his

greatest satisfactions in 4-H is seeing the many family activities in the club. Their club has great fun with such family events as a Kite Flying Day, Roller Skating and Field Trip. The youth and adults plan activities together. The entire family participates and enjoys and learns from the activities.

Julie Dettmann Baton Teacher

How does a teenager become an accomplished baton soloist and teacher? Julie Dettmann, 16, sophomore at Kewaskum High School, is just that and more. Having had baton lessons from the age of six, she has also mastered two-baton artistry and fire baton.

Julie was one of the first majorettes with the "Georgie Girls" baton corps when Germaine Christensen of Menomonee Falls initiated the corps and its theme in 1970. Julie was head majorette of the group until Mrs. Christensen disban-

ded the West Bend group last February. She was then featured as the only two-baton soloist with the "All American Holiday" corps of Menomonee Falls at all their parade performances this past summer. The "Holiday" corps will present Julie with a special award medal for her outstanding contribution and showmanship.

Her plans now include teaching youngsters her twirling skills in Kewaskum and at Farmington School in the Township of Farmington.

Anyone interested in lessons may contact her at 692-9080 for more information.

Buswell Attends Driver Workshop

Earl Buswell from Kewaskum Community High School was a participant in the Wisconsin Fall Regional Workshop for Driver and Traffic Safety Education at Waupun High School on September 19. This workshop is one of eight scheduled this fall throughout Wisconsin sponsored by the Department of Public Instruction.

According to Barbara Thompson, State Superintendent of Public Instruction, the purpose of the workshop is to bring teachers together to share their common ideas, concerns and problems related to the improvement of curriculum and instruction in driver education.

Participants on the program were Fran Eckerman, Safety Director, Wisconsin Division of AAA; regional driver license examiners from the Motor Vehicle Division of the Department of Transportation; and Dr. William T. Richards, Driver/Traffic Safety Education Supervisor of the Department of Public Instruction.

Featured in the 1979 program was the advanced driver education course for seniors, a new second course developed for implementation in selected pilot high schools later this year. Dr. Richards led high school students in activity sessions.

New revised state curriculum guides Man, Vehicle, Environment were distributed and discussed with the teachers in attendance.

I. Russell Hutter, Department of Public Instruction, Supervisor of Driver Education was the chairperson and coordinator of the state inservice program.

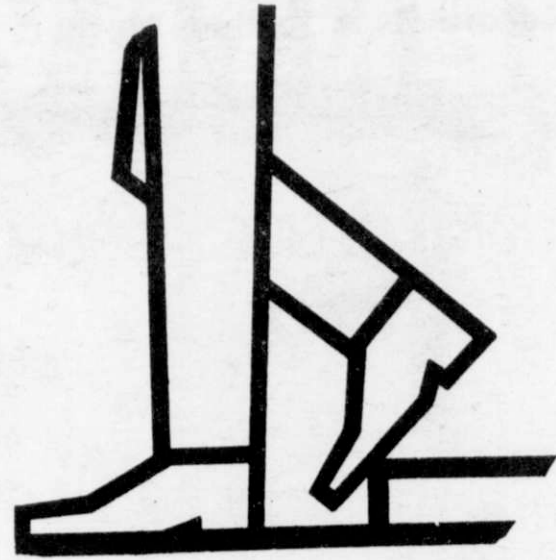

FFA Enters Mid-America Judging Contests

The Future Farmers of America Chapter of Kewaskum High School has entered the Mid-America FFA Judging Contests to be held on Saturday, October 6 at the 1979 World Dairy Expo in Madison, Wisconsin.

Team members will have a chance to watch milking class competition in the Central National Holstein Show. Also, the selection of the Supreme Champion Female of the show, a drawing for five registered dairy heifers, and a tractor pull will be held on Saturday.

World Dairy Expo, an international trade show for dairy farmers, runs from October 3 through 7 at the Dane County Exposition Center in Madison. Dairy Equipment exhibits are open from 8:00 a.m. to 5:00 p.m. A detailed program may be obtained from World Dairy Expo, 1707 South Park Street, Madison, Wisconsin 53713.

Look All Ways Before Crossing Street

Governor Dreyfus has proclaimed September as Pedestrian Safety Month in Wisconsin.

Look all ways before crossing a street, it is urged by the Wisconsin Office of Highway Safety.

Look left and right to see if vehicles are entering the intersection, and just before stepping from the curb, look back to the left again to make absolutely certain it is safe for you to step from the curb.

POISONOUS HOUSE PLANTS

By Victor S. Falk, Jr., M.D.

Many plants both inside and outside of the home can be poisonous. In 1977 almost 14,000 victims (mostly young persons under age five) were poisoned by plants. Ingestion of some of these plants can cause vomiting and diarrhea and even convulsions, paralysis and respiratory failure. Undoubtedly, many other poisonings due to plants are not reported and some authorities estimate that plants cause more than 40,000 poisonings per year in the United States.

Here are some plants grown in homes that are considered poisonous. The leaves on the philodendrons are poisonous,

especially a species known as "Monstera." The hyacinth, which is often purchased as a flowering plant for indoor display, contains a poison in the bulb. Delphiniums are poisonous if the seeds or leaves are ingested. The bark and foliage of the bird-of-paradise plant is similarly toxic.

Outdoor garden plants make up the majority on the poisonous plant list. Most dangerous is the seed contained in castor beans and all parts of oleander plants. All parts of azalea plants are poisonous. The bulb, leaves and flower stalk of the iris are all said to be toxic. Both the leaves and berries of the Jerusalem cherry are poisonous. All plant parts of the nightshade

are toxic to humans. Leaves and berries of the privet and all parts of the yew, especially the berries, are poisonous. The best way to avoid plant poison is to eliminate the source. If youngsters or toddlers are in the home, remove all house plants that are known to be poisonous, or at least place them well out of reach. In the outdoor garden young children should be instructed not to touch plants or to put the leaves or berries in their mouths. It would probably be safer to remove the poisonous plants from the garden entirely.

In an emergency, identification of the poisonous plants involved will assist the hospital emergency room in providing proper medical attention. If you do not know the plant, bring a specimen to the hospital for quick identification.

On Friday night, October 8, the very first football game will be played under the new lights in Kewaskum. Installation of the lights has just been completed. The Brandon high school football team will clash with Coach Mitchell's Indians in the first conference home game of the season.

Miss Esther Emiley Straub, daughter of Mr. and Mrs. Peter J. Straub, Route 2, Campbellsport, and Leo A. Nigh, son of Mr. and Mrs. Elmer Nigh, Town of Auburn, were married on September 25, at St. Matthew's Church, Campbellsport.

Members of the Kewaskum Kiwanis Club presented Manager Charlie Grimm of the Milwaukee Braves with a 20 pound turkey on Wednesday, September 23, before the Braves-Cincinnati baseball game at Milwaukee County Stadium. The bird was given to Grimm to help advertise the Kiwanis Club's annual turkey shoot October 10 at the Bar-N Ranch.

Jerome Jaeger, Jr., son of Mr. and Mrs. Jerome Jaeger, Sr., Route 1, Campbellsport, claimed as his bride Miss Jeanne Merkt, daughter of Mr. and Mrs. Joseph Merkt, Route 3, Kewaskum, on September 18.

Miss Marion Cudnohoske, Route 1, Kewaskum, returned home from Kansas City, Mo., September 25, for a short visit with her family after completing the study and satisfactorily passing the prescribed course in specialized airline training at Central Technical Institute. Miss Cudnohoske was offered a position with Delta C & S Airlines and was flown to their headquarters in Atlanta, Georgia, to be interviewed. She was accepted as reservations-ticket agent at an opening in Chicago, Illinois.

Daughters were born to Mr. and Mrs. Donald Schuppel, Route 2, Kewaskum, and Mr. and Mrs. Vachos Rodzitis, Route 2, Kewaskum, both on September 28. A son, Terry Lee, was born to Mr. and Mrs. Leland Schaub, Kewaskum, on September 22.

50 Years Ago

September 28, 1929

A quiet wedding took place at St. Michaels Church, Milwaukee, on Saturday, September 21, when Sylvester Marx, son of Mr. and Mrs. John Marx of Kewaskum, was united in marriage to Miss Dolores Chatten.

Through the efforts and courtesy of the H. J. Lay Lumber Company of Kewaskum, the big fir log of the West Coast Manufacturers Association, stopped in Kewaskum for about a half hour to give local people an opportunity to pass through it. Both the high school as well as parochial schools closed for a short time to enable the students to see this wonder. Since the log started on its travel through 32 states, more than a million and a half people have viewed it. The log is in charge of Mr. and Mrs. E. A. Wade,

formerly eastern farmers. They moved to Washington state a number of years ago. While there Mr. Wade became impressed by the immense size of the Douglas fir trees in the northwest. He decided to build a home in a log from one of them and take it East to show his friends that the trees were just as large as he had said. Going into the forest near his home, he obtained a Douglas fir log from a tree that was 311 feet high and more than nine feet in diameter. The tree was so large that he had to take a log cut about 20 feet from the butt in order to get one not more than eight feet in diameter, which was as large as he would be permitted to travel with on some highways. The tree yielded nine more logs, each 22 feet long, besides the one used by Mr. Wade, and contained in all some 50,000 board feet of lumber, or enough to build four six-room houses. Mr. Wade named his log home "Columbus," for by counting the annual rings of growth, he discovered that the tree was 434 years old when cut in 1926, "born" in 1492, the year Columbus discovered America. It took Mr. Wade and two other men five weeks to hollow out the log used in making his home. First they bored a two-inch hole through the center of the log. Then they used a blow torch and burned this hole to a diameter of four feet. They were then able to use wedges and chip the heartwood out in chunks. When they got near the thin sapwood ring at the edge, they finished the job with adzes, smoothing the interior of the log as they worked, and when their work was completed, the interior of the fir log home consisted of a wardrobe, two folding beds, dining table with folding seats at each end, eight-drawer cabinet with work table, two cupboards, china closet, gasoline cook stove, electric lights, elec-

tric heater and fan. During the 30 minutes that the log was here, several hundred people passed through it.

William Stern, who was working for A. G. Koch the past year, and Miss Bertha Kurtz of Farmington, will be married at West Bend today, October 1.

Fred Meilahn commenced putting up his new residence next to the St. Lucas congregation's school house.

Frank Kohn sold his residence property on North Fond du Lac Avenue last week to George Schmidt for \$1700.

The New Fane Town Board met at the town clerk's office last Thursday and appointed

Frank Schultz treasurer to fill the vacancy caused by the death of Fred Brockhaus.

William Foerster of Wayne sold a windmill to Henry Menger this week.

The marriage of Henry Guenther and Miss Emma Guth of Wayne was solemnized at the bride's home on September 19.

John McKee, son of James McKee of Boltonville, was accidentally shot by a companion while out hunting on Sunday, September 18.

A farmer heard so much about football games that he finally took a day off and went to see one. A neighbor asked him about it. "There is nothing to tell," said he, "just let 20 big hogs out on a soft field any day and then throw a peck or so of corn in a sack and see 'em go for it, and you will know what a game of football looks like."

Woodmen Honor Liepert

Modern Woodmen Secretary Wilmer Wendel (left) and President Norbert Dettmann (right) presented a recognition plaque to Willis Liepert of Random Lake.

Members and families from Modern Woodmen of America Camp 2256 of Boltonville met recently to honor Willis Liepert of 321 S. Spring Street, Random Lake.

Liepert joined the Modern Woodmen 34 years ago, at age 16. He was born on a farm near Boltonville. On the occasion he received the camp's Community Service Recognition Award.

He graduated from Washington Grade School and then worked on the home farm until joining the U.S. Navy Air Force. He worked at American Motors' Milwaukee plant in the paint

department for 30 years, retiring in February.

Since 1970 he has helped operate Cherry Hill Fruit Farm near Batavia.

Liepert has been involved in a variety of community activities. He has served on the Random Lake Village Board since 1974. He is president of the Random Lake Rod and Gun Club.

While a young Modern Woodmen member, Liepert was active in drama, appearing in three plays. Woodman President Norbert Dettmann, recalled the plays Sunday and said, "These people still make

up the backbone of our camp."

"I am honored to be chosen for this occasion," Liepert said. "Recognition Day should be every day for the Modern Woodmen. We should be helping our neighbors and benefiting the community."

Liepert married the former Janis Stolper in 1950, and that year they moved to Random Lake. They have two daughters, Lynette of Fond du Lac and Luann (Mrs. Ron) Mueller of Random Lake.

Liepert's hobbies include bowling, golf, fishing, hunting and sheephead.

"Serving West Bend Area for over 25 Years."

A Budget of Hope

Since coming to Congress I have discovered two distinct attitudes among my colleagues toward federal spending and economic policies. They are as different as night and day, and are just as different in their impact on the American economy.

One school of thought holds that federal spending hikes are needed to stimulate a recessionary economy. It further believes that federal budget deficits are acceptable and that the national debt can be used as a crutch for financing government programs they lack the courage to finance on a "pay-as-you-go" basis. It also implies that our system of federal taxes is acceptable, since it has not reformed that system in decades.

This philosophy has prevailed in spending and tax policies passed by the Democrat-controlled Congress for many years. The result? Today we have 13% inflation, a \$30 billion federal budget deficit, \$830 billion in national debt, yearly

federal spending of over \$2300 for each and every American, and taxpayers paying higher taxes because inflation has pushed them into higher brackets. It has also produced 6% unemployment, little growth in productivity, and billions in trade deficits that constantly weaken the dollar abroad.

The other school of thought, to which I subscribe, holds that federal spending should be limited, that the federal budget should be balanced, that tax reductions are needed to stim-

ulate a weak economy, that debt should be used only in emergencies to finance government programs, and that our tax system should be reformed to prevent taxpayers from being forced into higher tax brackets simply because of inflation.

This view is reflected in a Republican proposal put before the House last week in response to the Democratic majority's 1980 federal budget resolution, which provides \$550 billion in spending and a \$30 billion deficit. Our alternative, which we call the "Budget of Hope," would cut taxes by \$29.5 billion and spending by \$18.8 billion, leaving a deficit of \$19.9 billion for 1980. I would prefer greater tax and spending cuts, but at least this is a good first step.

The Republican "Budget of Hope," H. R. 5050, is just that, because it offers to the American people hope for a return to fiscal sanity in federal government economic policies. I challenge my colleagues to muster the courage to pass it.

**Sensenbrenner
Slates Town Hall
Meeting for Area**

Congressman Jim Sensenbrenner (R-Shorewood) will hold a "town hall" meeting for West Bend area residents on Saturday, September 29, from 9:30 to 11:30 a.m. The forum is being held for all residents of West Bend, Kewaskum, Jackson, Newburg, and Theresa. It will be held in the Washington County Court House, which is located at 432 E. Washington Street in West Bend, in the auditorium.

The meeting, the thirty-fifth

Sensenbrenner has held since taking office in January, will begin with an open discussion on national and state issues and problems. Sensenbrenner will respond to those related to Congress and the federal government and area state legislators will respond to those related to state government operations.

Following the discussion, Sensenbrenner and members of his staff will be available to meet individually with persons having problems with federal agencies or programs or seeking information or copies of government publications.

The public is welcome to attend.

Steel shot requirements for waterfowl hunting this year remain the same as last season as far as the areas where use of the non-toxic shot is required. And as in the past, the requirement applies only to 12-gauge shotguns.

For those who pursue big game, only one thing is changed in the deer party permit program this year — the permit is now free rather than costing \$5.00 as in past years.

The deadline for getting a permit application in is October 5. Applications received after that date will not be included in the random drawing for permits. As in past years, resident hunters who applied for and were unsuccessful in getting a permit last year will be given preference.

To be eligible for the preferential treatment, the application must include the stubs from this year's deer hunting licenses of

four hunters plus four stubs from last year's licenses which were returned after the appli-

cants were unsuccessful in obtaining a party permit at that time.

Kettle Moraine Blanks Indians, 7-0

After two Scenic Moraine games, the Kewaskum Indians are still looking for their first touchdown and first victory.

The Indians failed to score here Friday and went down to their second straight defeat at the hands of Kettle Moraine, 7-0. Their inability to score cost them the game. They had several good chances but were unable to put any points on the board.

Kewaskum led in first downs, 12-8, and total yards, 185-154, but couldn't take advantage of their opportunities. On several occasions Mike Pettit had good gains but couldn't break into the clear.

Right off the bat on the second play of the game the Indians got a break on a fumble. The fumble was recovered by Scott Brendemihl on the Laser 39. After losing 5 yards in 4 plays Pettit had to punt the ball away.

Later in the same quarter, the Indians punted again. But Kettle had 12 men on the field which resulted in a 15-yard

penalty and a Kewaskum first down. Several Pettit runs and a pass to Rod Schultz gave the Indians a couple of first downs. But the offense bogged down again and Pettit tried a practically out of range 42-yard field goal which was way short.

After a short 17-yard punt, Kettle's scoring drive came in the second quarter. The Lasers got field position on Kewaskum's 22. On the first play Joe Wirth went right up the middle for 16 yards. The Indians then held for several plays but on third and goal from the four reserve quarterback Mike Gilbert hit Jeff Weber in the end zone for the only score. Scott Hetrick kicked the extra point.

Before halftime, Kewaskum again moved down the field on good runs by Pettit of 15 and 18 yards and a couple passes to Schultz. But the drive ended with seconds left on Kettle's 21. Pettit gained 110 yards in 22 attempts.

In the second half it was more of the same. The Indians took the kickoff and drove for 3 first downs to the Lasers' 15. Two penalties gave them the ball on the 5. Still they couldn't score. Pettit was held to no gain, Schultz lost 2 yards, and then the Indians were penalized for a player not having his mouth guard in properly. On 4th and 12, quarterback Joe Herriges (who had trouble slipping although the field was dry) slipped down way back on the 20 on an attempted pass.

The Indians had one last chance in the final period. Following a couple of first downs Herriges completed a screen pass to Pettit who turned it into a 38-yard gain. A roughness penalty of 15 yards and an additional 15 yard penalty from the bench moved the ball all the way to Kettle's 36-yard line. Three plays netted 9 yards but an option pass was stopped for a loss on the 27 and Kettle took over.

The Lasers ran the clock down to 21 seconds before giving the ball up. After 3 in-

After Mixup Indian Girls Win Cross Country Triangular

In a Scenic Moraine cross country triangular scheduled at Germantown Tuesday, Hartland came to the wrong place — Kewaskum. Germantown and Kewaskum were ready to go and instead of waiting for Hartland to arrive, the other two ran their race. The Hartland girls ran alone later at Germantown.

The Indians won both ends of the meet, beating Hartland, 21-34, and Germantown, 22-37.

Germantown's Katie Somers was an easy individual winner in 12:30. Kewaskum's Barb Wilson came in second in 13:08. In third place was KHS freshman Linda Larsen and next came Julann Zemlicka. Laurie Wilson was 6th, Carol Schmidt 7th and Vicky Reif 8th.

The Hawk boys defeated Kewaskum 15-37 and won 15-43 over Germantown. Germantown beat Kewaskum 19-36.

Hartland took the first five places with Rick Beringer taking first in 16:34. For Kewaskum Rick Stefanovic was 11th, Scott Klein 13th, Jeff Decker 14th, Mike Geidel 17th and Fred Batzler 18th.

complete Indian passes the clock ran out.

In the feature game last week, Germantown defeated Grafton, 28-21. The Warhawks have now beaten two tough opponents — Hartland and Grafton — in their first 2 games and could have clear sailing for the title except for tough Mayville. In other contests Mayville bested Slinger, 28-13, and Hartland defeated Pewaukee. Germantown is rated as the No. 1 team in Division II in this week's WIAA football rankings.

This Friday the Indians travel to Slinger for an afternoon game at 4:00 o'clock. Both teams are looking for their first victory and are tied for the cellar with 0-2.

JVs, FRESHMEN ALSO BLANKED BY KETTLE

All three of the Kewaskum football teams were shut out by Kettle Moraine last weekend. Not only was the varsity blanked, 7-0, but the JVs were bombed, 35-0, and the freshmen were held scoreless, 14-0.

After beating Grafton the week before, the JVs were plagued by more than 100 yards in penalties.

In their initial game, the freshmen were led by Brian Johnson at defensive end and Randy May at linebacking.

Volleyball Girls Beat Cards Easily

The Kewaskum High girls scored an impressive win over Mayville here last Tuesday in volleyball.

Not only did the Indians take three straight, but even notched a 15-0 shutout in the first game against the Cardinals.

The JVs and freshmen also came through with easy wins. The frosh victory was their fourth straight without a loss.

AFS student Mirjam Sibbil and Diane Bremser led the varsity in scoring and Jill Petermann played well.

Freshman Heide Edgar played an excellent game for the JVs and quite out of the ordinary, scored all 15 points in one of the games.

The varsity is 1-1 in conference and 3-1 overall.

Some Canada Goose Permits Remain

About 4,500 Central Zone Canada goose hunting permits were still available for the split season October 1 through October 7 and October 13 through December 9, according to DNR license sales sources.

They will be allocated on a "first come-first served" basis — applications for permits are available at hunting license outlets. All the permits for the early and late seasons in the Horicon Zone, however, are gone.

The 1979 Wisconsin Migratory Bird Regulations pamphlet is being distributed to license outlets this week and should be available by this weekend.

The deadline for applying for a 1979 deer gun party permit is October 5. Unsuccessful applicants last year will be given preference this year. Remember, there is no charge for the permit this year, as the \$5.00 fee assessed in years past has been eliminated.

To correct an error in the 1979 Wisconsin Trapping Regulations pamphlet it is pointed out that the Voluntary Sportsmen's License does not include a trapping license this year as it did in past years. The pamphlet is in error in stating that it does.

Archers had good success opening weekend of the bow deer season in many areas, the bear harvest is good in several northwestern counties and the fall color show is still some weeks in the future.

Winnebago County — The opening of the bow hunting season was good in the county. Anglers are taking some white bass at Winnebago. Fishing on Lake Winnebago is rather slow. Squirrel hunting is only fair because of the foliage.

Dodge County — A few thousand Canada geese have arrived at Horicon concentrating in the National Wildlife Refuge there. Large flights of ducks can be viewed throughout the county.

Southeast District

The squirrel populations appear to be very good throughout the District, but hunter success has been low because of the heavy leaf cover still on the trees. Bow and arrow deer hunters and woodcock hunters are finding difficult going because of heavy foliage and mosquitos.

Panfish fishing has been good in all inland waters with some excellent catches of jumbo perch coming from the Sheboygan Marsh in Sheboygan County. Both largemouth and smallmouth bass fishing remains very good on all District waters. Good catches of smallmouth bass are still coming from Lake Geneva in Walworth County.

Northern and walleye fishing has been generally good in most District waters with some good catches coming from Pewaukee and Okauchee lakes in Waukesha County and Eagle Lake in Racine County.

A few legal muskies are being taken from Pewaukee Lake.

Rough water limited boat fishing for trout and salmon in Lake Michigan off Sheboygan County, but shore anglers had some excellent fishing at the mouth of the Sheboygan River. Most of the fish taken were Chinooks. Boat trollers had fair success for trout and salmon off Port Washington and shore anglers at the utility plant at Port Washington had very good fishing for Chinooks, rainbows and browns.
