Translates Church Records

Rev. Darrell Joiner and Mrs. Lorina Petermann

On Sunday, October 28, Mrs. Lorina Petermann of rural Campbellsport, presented Peace UCC Church in Kewaskum with a book containing an English translation of their original records which were all in German.

Mrs. Petermann has been working on this project for the last three years. The work involved several steps. First the original records were copied into a more legible German script; secondly, they were translated into English; and thirdly, they were copied into a permanent record book.

There were many times when the old records were unclear or illegible and Mrs. Petermann

had to take several hours checking with others and working out what was said. While the project required a great deal of work and time, it also was very interesting, says Mrs. Petermann.

Her name is the first to appear on the record of Baptisms and she has been a part of Peace Church ever since. The early days were active ones and many of those whose names appear again and again were friends of their family.

On behalf of the church, Rev. Joiner expressed their deep appreciation for her dedication in carrying out this important project.

Plan Commission Meets

Work to Go Ahead on Rounding Off '45' and 2nd St. Intersection

By DAN MEILAHN
Statesman Staff Writer

The Kewaskum Plan Commission met briefly on trick or treat night, October 30. Although there was no scheduled business, the members discussed rounding off the "45" and Second Street intersection and the possibility of an extension of Reigle Drive to the north.

Village Administrator Dan Schmidt reported that the Second Street corner would hopefully be improved by next weekend. The necessary paperwork is being completed in Des Plaines, Illinois, by the Delaware Corporation, which owns Fairmont Foods, to have 136 square feet of the corner deeded to the village. The curb will be moved 10-11 feet south by Barton Construction at a cost under \$3,000. More land could have been acquired, but in order to then have a gas valve moved, a wait of 1½ years would have been necessary. The present situation will be greatly improved and some

commission members felt it was the best thing to happen in years. Schmidt observed that trucks now turning east from the south often go three feet into the northernmost lane.

Schmidt also reported that a meeting will be held on Friday, November 2, between him and a representative of the Chicago and Northwestern Railway to discuss the feasibility of an underpass just north of the small landfill site and south of the small creek near the northern village limits. This possible underpass would be for a hypothetical route intersecting "45" and then turning southeast to intersect Reigle Drive. Regal Ware has already left some space north of its propane tanks and is interested in the proposal which would facilitate factory traffic and school traffic. It was determined that the Plan Commission's role in initiating any action would be to recommend to the village board that a study be made of the feasibility of the project and the possibility

Second Barn Fire Within Days in Town Farmington; Suspect Arson

A second suspicious barn fire within two days last week in the Town of Farmington occurred early Friday morning on the Earl Zimdahl farm at 926 State Highway 84, a short distance east of Boltonville. Firemen and state fire marshals sifted through the ashes but provided no official word on the cause of the blaze but arson was suspected.

Boltonville Fire Chief Joe Enright's department had fought a similar barn fire just two days before on a farm only a half mile away at the Donald Mueller farm at the corner of Kohler and Fillmore roads in the Town of Farmington early Wednesday morning.

Eleven adult pigs died as a result of the Zimdahl fire near Boltonville. Eight of them died in the blaze and three more were put to death after they had been removed from the barn. Firefighters managed to save 27 young pigs, along with four calves and a cow. A grain auger was also destroyed and the tires on two tractors were melted by the flames. The barn also contained a large amount of hay and straw.

The fire broke out about 12:45 a.m. Milton Dehling and his son, Tim, looked out from their house nearby and saw the upstairs ablaze. Zimdahl had re-

cently installed new wiring in the barn, making short circuits an unlikely cause. Zimdahl first heard about the fire while he was at work at the Gehl Company in West Bend.

Zimdahl has owned the farm since 1965 and was uncertain whether he would rebuild.

It took Boltonville firemen and firefighters from Kewaskum, Fillmore and Silver Creek to control the blaze. Boltonville firefighters were still at the scene last Friday morning.

In the other fire, also believed to have been arson-caused at the Mueller farm two days earlier the blaze destroyed a barn and it took firemen from Fillmore, Boltonville, Waubeka and Newburg 2½ hours to bring the blaze under control.

Two calves were said to have died in the fire. Four other Holsteins in the barn were saved. In addition, a combine, new elevator, three snowmobiles and two or three 10-speed bicycles were lost, according to Fillmore Fire Chief Calvin Steinert.

Fillmore firemen were still on the scene at 9 a.m. Wednesday. Steinert estimated the four fire departments used 80,000 gal-

lons of water in extinguishing the fire and damage was estimated at over \$65,000. Arson was suspected because the fire started in the upstairs where there was no electrical wiring or source of combustion.

The blaze was discovered around 3 a.m. and in a short time the whole barn was engulfed. The family was considering rebuilding. They had owned the farm 37 years.

Washington County Sheriff's Deputy David St. Louis, patrolling near the scene, chased a suspicious vehicle at speeds up to 90 miles per hour before losing sight of it. He approached the westbound car from behind on County H when it accelerated. He chased it north on Boltonville Drive to State 144 into Sheboygan County before losing it. He could not obtain a license number.

The Zimdahl fire was the fourth in the area within the past month. The two other suspicious fires occurred in the Beechwood area in the Town of Scott. One was at the Floyd Klug farm on Route 1, Kewaskum, three miles east of New Fane, and the other at the LeRoy Muench farm 8/10 of a mile west of Beechwood.

Wilmer Prosts Celebrate 60 Years of Marriage

Mr. and Mrs. Wilmer Prost celebrated their 60th Wedding Anniversary on September 9 with a dinner for the immediate family at the Hon-E-Kor Country Club, Kewaskum. In the afternoon, they received greetings and well wishes from a host of relatives and friends at the Peace Church Fellowship Hall at an open house.

Wilmer and Viola [Schultz] Prost were married September 6, 1919 in St. Lucas Lutheran Church by Rev. Greve.

They had three children: Willard [Dolores], Burnette [Mrs. Paul Schmitt] who passed away in 1978, and Wilmer Jr. who died in 1927. They also have four granddaughters, Carol [Mrs. James Oelhafen], Debra [Mrs. Jeffrey Watzlawick], Janine and Bonnie Prost, and three great-grandchildren, Brian, Brenda and Brad Oelhafen.

The Prosts are members of the Peace Church, and Kewaskum, Beechwood and West Bend Senior Citizen's Clubs. They also enjoy playing cards and traveling.

Rev. Milton K. Staskal to Serve Richfield Parish

St. Jacobi Congregational Church at Richfield has extended a call to the Rev. Milton K. Staskal of 6741 Jansen Drive, West Bend, to serve as their pastor.

Rev. Staskal is married and has four children (ages 8, 10, 15 and 17) and has served congregations in Farmersville, Ohio, Germantown, New London and Kewaskum (Peace United Church of Christ). He also served as personnel director and assistant chaplain at Cedar Lake Home, West Bend.

St. Jacobi has been serving the religious needs of the Richfield area since 1851.

The congregation is located at the corner of Scenic Road and Highway 167 and is affiliated with the National Association of Congregational Christian Churches.

HYDRANTS TO BE FLUSHED

The village water department will flush hydrants on Wednesday and Thursday, November 7-8. If water appears rusty, do not be alarmed as it is harmless and will clear in a few hours.

John Guenther, Age 18, Orville Kocher, Wm. Hess, Others Die

John M. Guenther, 18, of Route 1, Adell, passed away at his home on Thursday, October 25. The cause of death is under investigation by the Sheboygan County coroner's office.

He had attended Kewaskum High School.

John was born December 20, 1960, in Fond du Lac to Eugene and Judith (Wagner) Guenther.

He worked at the Krier Preserving Company in Random Lake as a forklift operator for a short time.

Along with his parents he is survived by three brothers, David, Allan and Andrew, all at home; his paternal grandfather, Erich Guenther of Campbellsport; his maternal grandfather, Clifford Wagner, of rural Adell; other relatives and friends.

Visitation at Miller's Funeral Home, Kewaskum, was after 4 p.m. Sunday and at the Town of Scott Lutheran Church in the Town of Scott, Sheboygan County, on Monday from 12 noon to the time of services at 2 p.m. Pastor Robert Wilcken officiated and burial was in the church cemetery.

ORVILLE KOCHER

Orville C. Kocher, of 707 S. 16th Avenue, West Bend, died Saturday, October 27, at St. Joseph's Community Hospital, West Bend, at the age of 65.

He was born September 21, 1914, at Kewaskum, and married Lucille Vera Liermann, at Immanuel Lutheran Church, Town of Scott, Sheboygan County on June 29, 1940.

He was a lifetime resident of the Kewaskum and West Bend area.

He was a member of Gehl Company Hexelbank Club.

Survivors include his wife; two children, Kay (Wayland) McAllister of Wausau and O. Charles (Sherry) of Campbellsport; five grandchildren; two brothers, Elroy (Norma) of Milwaukee, and Marlin G. (Helen) of West Bend; a sister-in-law, Mrs. Julia Kocher of West Bend; and other relatives and friends.

He was preceded in death by his parents and one brother, Harold.

Funeral services were held Tuesday at 7:30 p.m. at St. John's Lutheran Church, West Bend. Rev. George A. Mumm officiated and burial was in Washington County Memorial Park.

Visitation at St. John's Lutheran Church, West Bend, was Tuesday from 4-7:30 p.m.

WILLIAM HESS

William E. Hess of 335 Main Street, Allenton, died Tuesday, October 23, at Hartford Memorial Hospital, at the age of 67.

He was born July 20, 1912, at Kewaskum, and at an early age the family moved to New Fane, where he grew up. In 1927 they moved to West Bend where he attended West Bend High School.

After marriage to Mary Zager on January 20, 1932, they settled in West Bend where he was employed at Pick Industries and later at Amity.

In 1940 they moved to Allenton where he operated Hess' Tavern up to the time of his death.

Survivors include his wife; one son, Jim of West Bend; three grandchildren; one broth-

er, Clarence (Adela) of West Bend; four sisters, Verna Hess, Ivah (Harvey) Rosenthal, Hazel (Walter) Becker, all of West Bend, and Kathryn (John) McQuade of Omaha, Nebraska; and other relatives and friends.

One brother, Ervin, preceded him in death.

Funeral services were held Thursday at 8 p.m. at St. John's Lutheran Church, West Bend. Pastor George Mumm officiated and burial was in St. Kilian's Cemetery, Hartford.

Newcomer Really Moves Into Her Community

Nancy Malvick

(The following item, reprinted by permission from the Milwaukee Sentinel, appeared in the Tabloid Special Section, "The Organization Women," of the Sentinel on Thursday, October 18:)

KEWASKUM — Moving to a new community means more than a change of address. For Nancy Malvick, it meant new community involvement and membership in a new organization.

She and her husband, Leonard, moved here six years ago from Milwaukee, where they both were born and raised.

"I felt I needed ties in the new community," Mrs. Malvick recalled. "There was an ad in the paper inviting prospective new members to a meeting of the Kewaskum Junior Woman's Club — so I went. It takes guts to get out in a new community, but the newcomer can't wait for them to come to you."

"Getting out in a new community is hard. Getting acquainted takes a while," Mrs. Malvick found. She believes that it was worth it.

"I had made a personal commitment to be concerned about our environment," she said. "Junior Woman's Club had a conservation department and I joined it."

She had been recycling cans and bottles at home and, the year after she joined the club, she proposed recycling on a larger scale as a project. The club took it on.

"We had girls crushing glass in barrels and my husband towing a trailer full of recycled material to Campbellsport" where it was processed, Mrs. Malvick said.

The Village of Kewaskum "went along in making a public place available" when it became advisable to move the recycling project from the Malvick home. An old village garage near the Milwaukee River was given over to recycling. Since that time, the project has moved again, to a building located on Highway 45 here.

"The hardest part," Mrs. Malvick said, "was establishing steady outlets for collected materials — that, plus how are you going to ship it?" Regal Ware Inc. was willing to store materials, picked up by club members, until time for recycling. Types of glass were separated and tin cans and aluminum cans were washed and labels removed as part of the recycling process.

Volunteers met every third

Saturday, Mrs. Malvick said, and crushed materials for recycling. It became such a large job that "now we have a firm do the crushing," she said, praising the village crew for "doing the back-breaking work."

Throughout the recycling project, Mrs. Malvick said, she continued to serve on the club's environmental committee. As a personal pursuit, she began taking naturalism courses at the Riveredge Nature Center and at the University of Wisconsin Center — Washington County in West Bend.

The Junior Woman's Club president asked her to take on a community improvement project, a nature path in the new Kiwanis Park developed here.

"We hope to have a part of the park devoted to passive recreation rather than active," she said. "We only started last September. The area will have a chip path and an open area for study. We expect to have tags for plant and tree identification and benches made from rough poles."

The park project, Mrs. Malvick said, involves cooperative volunteer efforts by teachers, members of the senior Woman's Club and private citizens

interested in conserving wild-life.

The nature path will occupy about six acres.

Kiwanis Park is in the north-west portion of the community.

KENNELLY PHARMACY

Rules on Better Health in Kewaskum

By R. G. Edwards, M.D., Health Officer

During the last few months your Health Officer has received the following complaints by individuals who were suffering because some neighbor was allowing an unsatisfactory health problem to exist and grow worse on his property.

1) **SWIMMING POOL:** Water is checked frequently for the germ count (B-Coli- the germ in human feces) and has been found excellent on all tests.

2) **BATS:** Flying about your home must not be allowed. One case reported to me in August was promptly corrected by the rental property owner. Bats are serious because their bite often leads to fatal disease, hydrophobia.

3) **FOWL ODORS:** From cesspools, privies, etc. must be cleaned up promptly to avoid flies and mosquitoes which carry many diseases; also many respiratory ailments will be stopped. Imagine the bad odors suffered by two families when a cesspool cleaner hauled his trucks filled with this putrid fluid to be dumped on a 10 acre field lying between the two families.

4) **DOG KENNELS:** Must be kept free of the stench of old food as well as the unpleasant odors of dog stools and dried urine spots. Two very fancy kennels reported to me recently had roofs over the entire pens - which tells me that no rain from heaven is allowed to cleanse the pen floors. Both of these pens had very unpleasant odors.

5) **RATS:** Must be eradicated as they carry many diseases to humans plus their bite is very dangerous to human life. Rats will not be found where there is no food for them to help themselves. Hence all foods must be kept in metal or concrete bins and no EXCESS food can be left in dog pens.

6) **CATS:** A few cat owners allow their pets to go to their neighbors sand box to do their daily job. The neighbor's children suffer when they go to play in the sand box. This must be stopped.

THEFT OF TRAIL BIKE

The Washington County Sheriff's Department is investigating the theft of a trail bike valued at \$500 from a resident along Townline Road in the Town of Kewaskum. The bike was reportedly taken from a field Saturday afternoon.

New Homemaker Club Organized

We, the Eager Beavers, organized a new homemakers club October 18, 1979. There are 12 members in our club. Janet Meyer and Debra Lettow were our hostesses. Joyce Albrecht was the guest speaker.

Officers elected include: President, Karen Ellefson, Vice president, Janet Meyer, Secretary, Carol Butzlaff and Treasurer, Diane Carron. We chose our hostesses for the next 12 months and also decided to have door prizes each month. Ann Neumann won our door prize at the meeting which was a fall wreath made by Debra Lettow. Our monthly dues are 50 cents per meeting.

Christmas was discussed and Judy Steiner and Peggy Volmy are on the committee. The next meeting will be held at the home of Karen Ellefson on November 14 at 8:00 p.m.

Seeing IS Believing

On the front of every Volcano is an inspection port with a swing away cover, through which the observer sees a sheet of bright orange & blue flame sweeping over and around wide, flat steel surfaces of hollow crossflow baffles. He sees the heart of the Volcano, and the significant difference that makes it the most sophisticated wood burner in the world.

This sheet of flame (gases burning in the secondary combustion chamber) superheats room-heating, fan-forced air ducted around the firebox and through the hollow baffles.

1. A precisely controlled volume of combustion air is pre-heated and ducted evenly through the primary firebox.
2. A sheet of flame is produced in the secondary firebox.
3. A sheet of flame is produced in the secondary firebox.
4. A sheet of flame is produced in the secondary firebox.
5. A sheet of flame is produced in the secondary firebox.
6. A sheet of flame is produced in the secondary firebox.
7. A sheet of flame is produced in the secondary firebox.
8. A sheet of flame is produced in the secondary firebox.

This intense secondary burn, observable and fascinating to watch on every Volcano, demonstrates Volcano's lead in woodfiring technology.

When hooked to forced air or hot water systems (hydronic models available), the Volcano literally provides all the heat a homeowner needs with measurably less wood consumption than even the most modern of competitor stoves. Inside, the Volcano is as new as tomorrow, with the outward appearance of the Quaker Box Stove of yesteryear.

Church Women of County Plan World Community Day

The Church Women United of Washington County will observe World Community Day on Friday, November 2, at Emmanuel United Methodist Church located on Hwy. 175 in Richfield. The annual event will begin with the traditional "sack lunch" at 12:30 p.m. Dessert and coffee will be provided by the women of the host church. At 1:00 p.m. the annual meeting of the Church Women United will be held. Election of officers will take place, which will choose a secretary, a president-elect, and a vice president.

Worship and program will follow at 1:30 p.m. The speaker will be Lois Tice, Vice-president of Cultivation for the Church Women United of Wisconsin. The theme will be "Causeway: This Community USA." Lois has been a volunteer worker for many years, is extremely interested in women themselves and their projects and programs as they relate to the sense of fulfillment in today's world.

She was a member of the Southern Travel Team on the national CWU Causeway.

Members of the Church Women will arrive from all county areas to observe World Community Day. The public is invited to attend.

4-H Clubs Build Their Community

Several 4-H clubs were recognized for service to the community at the County 4-H Achievement program on October 26.

The Happy-Go-Lucky 4-H club of Kewaskum is under the leadership of Karen Belger, Mrs. Norbert Dettmann and Anthony Alsberg. The group is working with the Town Board to landscape and beautify around the new Town Hall. The club worked with Wildlife, Inc. to plant trees in the area. The group conducted a community paper drive. They planted and maintained flowers around the Boltonville Fire Hall. The group also cooperated with Washington County when a senior citizens picnic was held. The club helped to serve the food.

The Good-Luck 4-H club under the leadership of Paul Cypher works to maintain the grounds around their community 4-H club house. They conducted a paper drive and made cards and favors for residents of the Samaritan home. The group also helped in the local Red Cross fund drive.

The Trentonaires 4-H club is under the leadership of Wilmer Flasch and Mrs. Beverly Taylor of West Bend. The group took the responsibility during the

year to maintain the Town Cemetery. They donated a Thanksgiving basket to a needy family.

The Addison Achievers 4-H club is under the direction of Ramona Stommel and Mr. and Mrs. LeRoy Doll. The group conducted Christmas caroling for elderly citizens and visited their adopted grandmother at the Samaritan. The group cleaned up litter in Allenton. They also helped serve refreshments at senior citizens picnic.

4-H club members consider themselves as part of the community by working together in their 4-H club. They can improve the lives of the people in their community.

Couple to Observe 60 Years of Marriage

Mr. and Mrs. Levi L. Melius, Sr., of Batavia, will celebrate their 60th wedding anniversary on Saturday, November 11, at the Hilltop Hall in Batavia with an open house. Relatives and friends are invited to greet the couple from 2:00 to 4:00 p.m.

of securing options on any concerned land. Among the priorities for initiating such a project would be obtaining access onto Highway "45," obtaining lands and securing a method of "crossing" the railroad, and later considering one extension of the route to cross the river at its narrowest point.

After the Plan Commission meeting, Village Clerk Bill Martin informed this reporter that the Board of Appeals, which met at 5:00 p.m. October 30, had granted the zoning variances for William Schaefer to construct a garage on the south side of his property near the river. The long debated issue of constructing and filling within the floodplain seems nearly resolved. The Schaefer's now have apparent permission to build a detached garage in their side yard with only a 3 foot setback. There were further stipulations that the structure be anchored to the concrete slab at 4 foot intervals instead of the usually required 8 foot intervals to insure stability when lying near the floodway. Also, any electrical wiring or equipment shall be 3 feet above the floor.

Junior Jargon

The Kewaskum Junior Woman's Club would like to thank all who attended the Tour of Homes, "Autumn Pathways." A special thanks is extended to Mr. and Mrs. John Baitinger, Mr. and Mrs. Al Hron, Mr. and Mrs. Richard Knoebel and Mr. and Mrs. John McElhatton for allowing us to show their lovely homes in the tour.

The Juniors would like to acknowledge the following for their invaluable help: Just A Bit Crafty, Kewaskum Statesman, Inc., K & R Carpets and Peace United Church of Christ.

A special thanks to Millie Herman and Jane Merkel of Kewaskum Floral. Without their help and advice, this tour would not have been possible.

Last, but not least, all Kewaskum Juniors would like to thank husbands and family members for helping with the tour. Your continued support and assistance is great!

The regular monthly meeting will be held Thursday, November 8. There will be installation of new members by Mrs. Sue Prime, WFWC Junior Director.

Christmas Craft And Bake Sale

The annual Christmas Craft and Bake Sale sponsored by the Ladies Altar Society of Holy Trinity Church, Kewaskum, will be held on Saturday, December 1, from 2:00 to 4:00 p.m.

The craft sale will include all kinds of handcrafted gift items for that extra special someone, such as handmade tree ornaments, holiday centerpieces, wreaths, stuffed animals and pillows, aprons, shoes, knitted and crocheted items, plants, macrame and stocking stuffers.

The bake sale will feature a variety of yeast dough bakery, stollens, breads, delicious homemade candies and jellies and again decorated cake and cookie specialties.

The ladies will again serve homemade desserts and refreshments at the sale.

KIRMES DANCE

The Annual Kermis Dance sponsored by St. Martin Parish, Ashford, will be held at the Amerahn Hall in Kewaskum on Friday, November 9, from 8:30 p.m. to 12:30 a.m. Music will be by "The Keystones." Admission is \$1.00 in advance, and \$2.00 at the door.

Kettle Riders' New Groomer At Green Bay Snow Show

September 30 in Green Bay was a memorable day for members of the New Fane Kettle Riders Snowmobile Club. President Martin Haack accepted the keys to the club's new 1980 Tucker Sno-Cat from Track, Inc. representative, Steve Bauer. The machine had been on display during the entire Green Bay show.

Other members pictured who were on hand for the occasion were Marilyn Bohn, Treasurer; Glen Mueller and Bill Haack, Board Members; Eleanor, Henry, Jane and Dan Haack, Gerry Mueller, Gene Bohn, Mike Kreif and Jack Odekirk.

Purchase of the Tucker has been a year long project which is not ending but just beginning another step up in the efforts of the Kettle Riders to continue providing the super trails for

which the club is becoming known. Through donations and non-interest loans, members of the club made this purchase a reality. Combined with the

"Wisconsin Special" Maxey Drag the club purchased last year, "Hummin" in Kettle Rider Country promises to be great!

New 200-Bed Home For Vets at Wood To Be Dedicated

A new home for veterans, the first of its type in the nation, will be dedicated at the Wood Veterans Administration Medical Center in Milwaukee at 2 p.m. Friday, November 2.

The \$6.5 million, 200-bed, 80,000 square foot building is the first modular-type domiciliary in the VA's health care system. Each of its four wings will allow for a different type of therapy for residents.

Maury S. Cralle Jr., Assistant Deputy Administrator for Financial Management and Construction, VA Central Office, Washington, D.C., will be the main speaker at the dedication which will be held in the new building located on the west end of the medical center, 5000 West National Avenue.

Other speakers will include U.S. Congressmen Clement J. Zablocki and Henry S. Reuss of Wisconsin, Milwaukee County Executive William F. O'Donnell, Milwaukee Mayor Henry Maier, and Dr. Edward J. Lennon, dean and academic vice president, Medical College of Wisconsin.

A. L. Modin, medical center director, invited the public to attend the dedication, as well as a reception and tour afterwards.

The present domiciliary on the north end of the grounds of the medical center is made up of five buildings with 793 beds. Modin said one of these build-

ings is over 113 years old, and the other buildings were built shortly after 1867. The new building will house 200 current residents.

VA's present domiciliary program had its beginning after the Civil War when "Old Soldiers Homes" were established as the first formalized federal program for veterans. From these homes — or domiciliaries, as they later became known — the present VA medical care system grew. The Veterans Administration, which has already started celebrating its 50th anniversary, now incorporates 172 VA hospitals, 220 out-patient clinics, 91 nursing homes and 16 domiciliaries. Most patient-members in the domiciliaries are World War I veterans.

The domiciliary is part of the Wood medical center's varied health care program that includes an active 800-bed hospital and a 200-bed nursing home. The center's out-patient program experienced almost 172,000 medical visits during the past fiscal year.

In addition, the center is a teaching and research hospital, affiliated with 32 universities and other schools. Modin said the center has 2,400 full- and part-time employees and a budget of approximately \$66 million.

The Wood VA medical center also has a 41-acre national cemetery on its grounds with approximately 20,000 burials.

Kettle Riders' Mary Fischer AWSC 'Miss Snowflake' Contestant

Mary Fischer, daughter of Mrs. Arlene Fischer, Kewaskum, and James Fischer, West Bend, was the official representative of the New Fane

Kettle Rider's Snowmobile Club at the Association of Wisconsin Snowmobile Club's annual Fall Workshop in Oshkosh October 19-21.

Mary was among 22 young women from all over the state competing for the AWSC "Miss Snowflake" title. Miss Snowflake is the official representative at all AWSC functions along with any appearance she is invited to make by clubs throughout the state. Our thanks to Mary for her participation in this contest.

Seminars held during the workshop were attended by Mrs. Arlene Fischer, Mr. and Mrs. Martin Haack, Mr. and Mrs. William Haack, Mr. and Mrs. Glen Mueller, Mr. and Mrs. Jack Odekirk, David Odekirk, Mr. and Mrs. LeRoy Peterson, Mr. and Mrs. Dennis Seideman and Mr. and Mrs. Gerald Seideman.

Farmington Students Winners in County Speaking Contest

Three students, Adrienne Thull, Kyle Vogt and Tom Strigenz, students of Farmington Elementary School, were winners in the Washington County Soil and Water Conservation Speaking Contest on October 16.

Adrienne Thull won a trophy for her first place with her speech "What Is Happening to Our Trees?" Adrienne also participated in the southeastern district contest on October 25 in Port Washington.

Kyle Vogt also won a trophy for his second place speech on "The Water Pollution Cycle." Tom Strigenz placed third for his "Concerns About Water Pollution."

The three sixth grade students did research and wrote their speeches with the help of their classroom teacher, Mrs. Domasky in conjunction with their science unit on "Plant Life and Conservation."

Adrienne's speech was concerned with the stress on Sugar Maples and suggested extra fertilizer, better soil or careful pruning to save some of these trees. The Dutch Elm disease and how that has killed and affected our American Elm was also discussed.

Kyle's second place speech gave examples of the pollution occurring in Washington County at every place in the water cycle. Of special concern was the septic systems and safe wells for all the new homes being built in the Farmington area.

Grains Eligible for Reserve; No 1980 Feed Grain Set-Aside

Washington County ASC Chairperson, Ira A. Oelhafen, announced all 1978 grain crops currently under loan to the Commodity Credit Corporation (CCC) and all 1979 grain crops eligible for CCC loans may be placed in the farmer-owned reserve program. The only grain not affected is barley, which currently has a market price above the department's "call" level, thus making it ineligible for the reserve.

Oelhafen also announced there will be no set-aside or diversion for 1980 feed grain crops.

The program decisions were based on projected supply and demand factors for 1979 and 1980. "We see a tighter supply situation in the future. The actions we are announcing today will help meet domestic and export requirements and reduce the risk of rapid food price inflation."

Under actions announced today, all producers of barley and corn will be eligible for target price protection, loans and for participation in the farmer-owned reserve in 1980. Oat producers will be eligible for loans and the reserve program in 1980.

The 1980 feed grain and soybean loan rates will be at least equal to 1979. This means loan levels of at least \$2.00 for corn, \$1.63 for barley and \$1.03 for oats, and \$4.50 for soybeans.

Preliminary feed grain target price ranges will be announced

by March 15. Current estimates based on the formula in the Food and Agriculture Act of 1977 indicate these prices would be \$2.08 per bushel for corn, \$2.46 for sorghum and \$2.35 for barley.

In order to qualify for full target price protection, farmers cannot plant more corn, sorghum or barley in 1980 than was considered planted and set aside from these crops this year. Farmers who exceed this acreage will be subject to an allocation factor that can reduce any target price payment by up to 20 percent.

National Program Acreages (NPA) of 82.1 million acres for corn, 13.9 million for sorghum and 7.9 million for barley were also announced today. The NPA is the number of acres for each crop needed to be planted to meet projected domestic and export requirements as well as provide for an adequate carry-over.

Crops eligible to move immediately into the farmer-owned reserve are 1978 and 1979-crop wheat, corn, sorghum, oats and rice under CCC loan. Barley will be eligible for entry when it is no longer in a call status.

University Council Organized in County

The establishment of a new organization whose chief goal is to cultivate better communications between the University of Wisconsin-Washington County and the Washington County community, was announced recently by its newly elected Chairman, Allan Kieckhafer of West Bend. The recently organized University Council meets monthly, with its fourteen members representing different segments of the community served by the university.

Kieckhafer said that Mrs. Jac Anderson of West Bend was elected vice-chairman and Mrs. Janet Hubbell of Kewaskum secretary-treasurer at the group's September meeting. Other members of the council are: Dr. James Algiers of Hartford; Ms. Diane Bliss of West Bend; Dr. Dwaine Ehrlich of West Bend; Thomas Wiedmer of West Bend; Robert Rosenthal of the Town of West Bend; Larry Tainter of West Bend; Ms. Margaret Nielsen of West Bend; George Prescott of West Bend and University Dean, Robert Thompson.

Kieckhafer said that the membership should be able to provide input as to how the university can serve the people of the community. He pointed out that some of the specific goals of the Council are to make the county community better aware of the center's facilities and resources as well as the facilities needs; to provide resource people to promote career awareness; to make the faculty and staff speakers bureau more available in the community as well as to better utilize community speakers at the university. Kieckhafer said

the council will also serve as goodwill ambassadors at special university events.

Ken Bowman to Speak On His Green Bay Packer Experiences

On November 8, Ken Bowman will speak in Theresa. The occasion is the "Campaign Kickoff Dinner," a benefit for Bob Deters, candidate for the 53rd Assembly District. The place will be the Theresa Firemen's Hall.

People who wish to hear the former all pro center of the Green Bay Packers as well as enjoy one of those famously delicious dinners by Lane Catering may buy tickets from one of the following places before Monday, November 5:

West Bend: Barton Sport Shop, Fleet Feet, Jock Shop.

Lomira: The Oasis.
Theresa: Clarence & Betty's, D. J. Sportsmen's Bar, Ye Olde Village Inn.

Mayville: Denise Leong and 387-4153 after 5 p.m. and weekends.

Waupun: Dick Fanshaw and 324-5646 after 5 p.m. and weekends.

The "Campaign Kick-Off Dinner" with speaker Bowman and a cash bar will be held Thursday, November 8, at 6:00 p.m. Theresa Firemen's Hall is just west of Theresa on Highway 28.

BIG BROTHERS/SISTERS TO HOLD BINGO ON SUNDAY

Big Brothers and Big Sisters of Washington County will be holding a Corn Game on Sunday, November 4, at 7:00 p.m. at St. Francis Cabrini in West Bend.

Proceeds for the event will go to the BB/BS program, which is a United Way agency. We encourage all of you Bingo fans to come and help support our program with your attendance. Many new games have been added, and higher cash prizes will be awarded.

The Waste of Taxpayers' Money

Abuse of public money by federal agencies is an issue that infuriates every responsible taxpayer. Fortunately, some attempts have been made to correct these abuses, or at least to bring them to light.

Recently, for example, the scandal-ridden General Services Administration (GSA) halted all purchases of government office furniture — which amounts to \$226 million a year — until it is sure that agencies are using the furniture they already have. That is a good idea. GSA buys nearly 1 million new desks, chairs, and filing cabinets each year, even though the number of federal employees has stabilized. An auditor with the General Accounting Office (GAO) recently testified that he discovered 2,000 pieces of furniture in the Agriculture Department's basement, plus another \$38,000 worth of new, unused furniture in its attic. Meanwhile, the department continued to buy other new furniture!

The new GSA order that all present furniture be used before new items are purchased should help curb waste, and is a good example of how government can cut costs without cutting services, through better management techniques.

More effective use of government resources was the theme of a report recently issued by a Republican House task force,

which listed \$10.8 billion in government waste, fraud, and mismanagement it had culled from GAO reports. This abuse of public money included:

- \$4 billion in fraud and abuse in health care costs paid through Medicare and Medicaid;

- \$866 million in waste in the administration of Social Security;

- \$500 million in waste and fraud in the Food Stamp Program.

All this inefficiency and abuse amounts to a rip-off of the taxpayer. That's why the GAO was originally created — to review government programs and detect fraud and abuse. Yet their reports seem to fall on deaf ears, some even issued annually and listing the same abuses year after year.

I think federal agencies and Congress should act on these reports, not just file them away. The GAO is not recommending cuts in services that may hurt deserving programs and people. Rather, this fiscal watchdog is merely trying to bring common-sense management to the federal government. It's time to heed their message.

Corn Prices Trigger Reserve Release Level

Corn prices surged upward recently, triggering the reserve release level for a second time and enabling farmers to withdraw the crop from the reserve without penalty.

Ira A. Oelhafen, Chairperson of the Agricultural Stabilization and Conservation (ASC) committee, said the national average market price for the crop has reached \$2.52 per bushel. Corn is authorized for release from the reserve when this price reaches \$2.50 per bushel, or 125 percent of the national loan rate.

"Producers are not required to redeem their corn at this time. However, they may immediately remove the grain from the reserve by repaying their price support loan," the ASCS official said.

They receive storage payments annually in advance on their reserve crops and when the loan is repaid they are allowed to keep the storage payments earned through the date of repayment.

ASCS will review corn prices on November 30 to determine if the release authorization will remain in effect. All reserve

commodities are now in either release or call status, according to Oelhafen.

WAYNE CRUSADERS 4-H CLUB NEWS

The October meeting of the Wayne Crusaders was called to order at 8:00 p.m. by vice-president Lori Lloyd. Pledges were led by Jon Etta and Troy Kuphal. Roll call was to hand in or pick up enrollment sheets. The secretary's and treasurer's reports were approved as read.

The club held its paper drive on October 2 and 3. Our Halloween Party will be held at our next meeting on November 6. Jon Etta and Troy Kuphal volunteered to be on the game committee. Each member is to wear a costume and bring a decorated bag with a treat inside.

Projects were exhibited and explained how they were done. Tom Stollenwerk told about 4-H camp. Record books, checks, and achievement pins were handed out. Outstanding members and leaders were also awarded.

25 cent dues are due next month for roll call. Refreshment committee is the Allen and Donald Schulz families.

THANKS EXPRESSED

We wish to extend our thanks to the Beechwood Fire Department and to the departments of Batavia, Boltonville, Silver Creek and Kewaskum; to Larry Horning and Irv Lepp for hauling water; to Fritz Kempf for keeping our heifers until we could bring them home; to Alvin "Mike" Schmidt for the use of his trucks; to Gary Burke for hauling our heifers home; to K & D Excavating of Beechwood for coming so quickly to clean up the debris; to all the people who brought food and all others who assisted in any way at our recent barn fire. We will always remember these kind efforts.

The LeRoy Muench Family

CARD OF THANKS

We wish to extend our most sincere thanks to all our relatives and friends for their kindness during her illness and after the death of our dear mother, mother-in-law and grandmother, MARTHA BUNKELMAN. Special thanks to Pastor Hoenecke, organist, pallbearers, drivers, donors of floral and memorial tributes, traffic officer, Miller's Funeral Home, custodian, sexton, and all who showed their respect.

The Surviving Family

THANK YOU

I wish to sincerely thank all my relatives and friends for the cards, visits and phone calls while I was a patient at the hospital. Also thanks to the Kewaskum Rescue Squad. These kindnesses were deeply appreciated.

Minutes of Village Board Meeting

Mid-Monthly Meeting
October 15, 1979

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building.

President Robert Danielsen presided. Trustee Spoeth was asked to be excused and was absent. All other Village Trustee members were present.

Two public hearings were conducted by the Board:

1. A hearing on the petition and application of William and Kathryn Schaefer for a conditional use permit to do filling on their lot at 1339 Riverview and to erect a residential garage (detached) to the south of their residence at the same address. Administrator Schmidt commented that the Wisconsin DNR had indicated that they had no objection to the granting of the permit. There were no objections to the application from the floor. The hearing was declared closed upon motion by Trustee Herriges, seconded by Trustee Stollenwerk. Voice vote was unanimous.

2. A hearing on the application of Randolph Scott and Kevin Kearns for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the premises at 1310 Riverview Drive (Apollo's Lyre). Present for the hearing were Randolph Scott, Kevin Kearns, Robert Scott and Ralph Scott. There were no objections to the granting of the license. The hearing was declared closed upon motion by Trustee Herriges, seconded by Trustee Stollenwerk. Voice vote was unanimous.

The minutes of the meeting of October 1 were approved as printed upon motion by Trustee D. Nigh, seconded by Trustee Blumer. Voice vote was unanimous.

The time for Halloween Trick or Treat was set at 5:00 p.m. to 7:00 p.m. on Tuesday, October 30.

The application of Randolph Scott and Kevin Kearns (a partnership) for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the premises at 1310 Riverview Drive (Apollo's Lyre) was approved and the Commissioner was authorized to issue the proper license upon payment of the required fee. Motion by Trustee Stollenwerk, seconded by Trustee Herriges. Voice vote was unanimous.

Supt. Albers was authorized to attend a one day wastewater treatment seminar at New London on October 31st.

The proposal of K and R Carpet Service, Kewaskum, for the furnishing and installing floor tile in the office, lab room, washroom and hallway at the wastewater treatment plant at the quoted cost of \$977.50 was accepted and approved. Motion by Trustee Blumer, seconded by Trustee Herriges. Voice vote was unanimous.

The addendum, prepared by the Village Attorney Kiefer, to the Permutit Company contract for the furnishing and installing of

dewatering equipment at the wastewater treatment plant was accepted and approved upon motion by Trustee Herriges, seconded by Trustee Stollenwerk. Roll call vote was 6 "Aye" and 0 "Nay."

The Administrator was authorized to execute a consent and waiver agreement with the Wisconsin Electric Power Company for future work to be done by the Power Company within the village. Motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

The "adopt a fire hydrant" program as outlined by Administrator Schmidt met with the approval of the Board upon motion by Trustee D. Nigh, seconded by Trustee Stollenwerk. Voice vote was unanimous.

Administrator Schmidt reported that he had sent another letter to the Wisconsin Railroad Commission informing them that the Village of Kewaskum was not satisfied with the work done by the Chicago and Northwestern Railways Company on their crossings and had requested that the work be redone.

The reconstruction of the southeast portion of the intersection of Second Street and Fond du Lac Avenue at a cost of approximately \$2,700.00 was approved upon motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

The transfer of budgeted funds from the equipment outlay account to the street machinery account in the amount of \$5,000.00 was approved upon motion by Trustee Blumer, seconded by Trustee Mlodzik. Voice vote was unanimous.

Supt. Bilgo reported that the availability of road salt was almost non-existent and that his department plans on using torpedo sand for ice control this winter.

The revision of the snow removal ordinance was laid over to the next meeting.

Motion was made by Trustee Mlodzik, seconded by Trustee Herriges that the village attorney be authorized to draft a winter parking ordinance which would ban over night parking on village streets from 2:00 a.m. until 6:00 a.m. for the period of December 1 to April 1. Voice vote was unanimous.

Payment of the following bills was recommended by Finance Committee Chairman D. Nigh:

1. McKenna and Kiefer - legal fees - \$2,407.70.
2. Motorola, Inc. - radio repairs - \$70.00.

Payment of these bills was authorized upon motion by Trustee Mlodzik, seconded by Trustee Herriges. Voice vote was unanimous.

The Library Committee reported that Jean Amerling had been engaged as Assistant Librarian to replace Gerda Hlavaty.

Contingent upon the granting of a variance by the Board of Appeals, the application of William and Kathryn Schaefer for a conditional use permit to do filling and to construct a residential garage to the south of their home at 1339 Riverview Drive was approved. Motion by Trustee Herriges, seconded by Trustee Stollenwerk. Voice vote was unanimous.

The Board approved the hiring of a school crossing guard for the intersection of Parkview Drive and Main Street. Voice vote was unanimous.

Upon motion by Trustee Herriges, seconded by Trustee Mlodzik, and unanimously carried, the Board adjourned to closed session (Chapter 19.85 (c) of the Statutes) to discuss the proposed Police Association Contract for 1980.

An Alternative To Landfill

By Jim Fritz
Interim Resource Agent
UW-Extension-West Bend

Picture this: Authorities have released the new sanitary landfill site, and it is moving right next door. At this point you scream, run to the telephone, and dial every public official within grasp.

It seems that most people are unconcerned about the weekly trash pick-up or where it goes. How appropriate the old cliché, "Out of Sight, Out of Mind" really is!

Extinction of landfills might never be totally reached, however, they could become a vanishing occurrence.

How can this be done? First of all, voluntary waste separation is important. Separate organic matter (waste food), glass, aluminum, and paper. The organic matter can be composted or directly spread on gardens. The other materials could be bagged or stored in boxes for recycling. Therein lies the first problem area. Because there hasn't been a group effort on separation, recycling has not been economically beneficial. The value of recycling is thought of only in the gains of income from the sale of waste. Therefore most collection for recycling has been done by private organizations rather than businesses. Since payoff is low, nobody wants to get involved. However, if this could be done on a large (almost total cooperation) level it could be subsidized by the savings from decreased cost of energy from collection, landfill operational costs, and from land acquisition itself. This brings to light the second problem - participation. Many people feel that it is too much of a bother to separate used materials. If room was available for more than one container it would be as easy as deciding which one to throw it in.

Therefore, we have an alternative to explore. It would take a slight variance in lifestyle, work on a stepped up recycling program and widespread cooperation. The benefits would be long range instead of the short range policies we are accustomed to, including less environmental problems, wise use of our resources, and setting a trend for a better future.

The task isn't an easy one and shouldn't be rushed into, but it is an area that needs to be studied and considered.

4-H Clubs Plan

Own Recreation

Knowing how to use time wisely is important for everyone. Several 4-H clubs were recognized at the County 4-H Achievement program on October 26, for planning and conducting recreational and leisure time activities.

The Myraneers 4-H club of West Bend conducted a 4-H club Parent Night program. The group went Christmas caroling. The club participated with a float in their Newburg parade. Planned a special club tour and picnic and had a rollerskating party. Mrs. Alfred Falk of West Bend is the general leader of the club.

The Good Luck 4-H club under the leadership of Paul

Cypher of West Bend had several recreational activities with the residents of the Samaritan Home. They planned a club picnic and participated in the County Music and Drama Festival.

The Trëntonaires 4-H club under the leadership of Mrs. Wilmer Flasch planned several parties on holidays and conducted one of their monthly meetings with a tour of Lizard Mounds State Park. They also have recreational activities at every monthly meeting.

The Happy-Go-Lucky 4-H club under the leadership of Karen Belger and Mrs. Norbert Dettmann of Kewaskum planned some recreational activities at each meeting and they also had a club hike and a Christmas dance.

By having the opportunity to participate on planning committees, members can learn to provide recreation for themselves in the future.

County Cub Scout

Leaders Invited to Pow Wow at West Bend

All Cub Scout Leaders in Washington and Ozaukee counties are invited to a Pow-Wow on Saturday, November 3 at St. Frances Cabrini School in West Bend. A Pow-Wow is a mini-convention where new and experienced den leaders, assistants, committee persons and others learn and share ideas. The result is an easier job for these volunteers and more interesting activities for the Cubs.

The Pow-Wow involves morning and afternoon sessions with a Blue and Gold banquet at noon. The program begins at 8:30 a.m. and closes at 4:30 p.m. The cost is \$4.50 including a Pow-Wow kit and the banquet. Registration should be made with Mrs. Pam Himes, Chair Person, at 644-6255 (Slinger).

At a Charlie Chaplin look-alike contest in the 1920's, the third place winner was Charlie Chaplin.

Set for State Playoffs

Germantown's Unbeaten Champs Rip Indians in Final Game, 34-13

As expected, Germantown's undefeated Scenic Moraine champions, romped over the last place (tied) Indians in the season's finale on the Warhawk field last Wednesday night, 34-13. The perfect season (7-0 in conference and 9-0 overall) earned Germantown a place in the WIAA Division II state playoffs this weekend.

The Germantown players were elated after the victory, not only because of their win, but it gave them a perfect 9-0 season, the last title in Scenic Moraine history, and their first chance at the WIAA playoffs.

The Warhawks' star quarterback, Jerry Vance, scored on runs of 10 and 26 yards and threw for a third touchdown in the victory. Vance, a highly touted college prospect, led Germantown to 360 yards total offense — 306 of them on the ground — compared to 164 total yards for the Indians in their third quarter.

The game's leading rusher was Warhawk fullback Rick Bagin, who carried the ball 20 times for 168 yards and one touchdown. He was the big play man of the night, skipping through the middle of the Kewaskum line in the second quarter and rambling 65 yards to a score. Bagin was later replaced by fullback Dennis Cornell, who had eight rushes for 79 yards.

After an Indian drive stalled in the first quarter, Germantown put on a 13 play scoring drive with Vance spurting around end for the TD on an

option play. The Indians had good field position all night and after a 35 yard kickoff return by Joel Herriges, started their second drive on the Warhawk 45. After one first down, Herriges was sacked and Germantown took over again. Then Bagin broke a tackle and outran three Indian defenders for another score. His run covered 65 yards. The Indians attempted a fourth down and one at their own 33 on the next series and later Vance scored again on a 26 yard burst. This made it 21-0 at the intermission.

Germantown scored again in their second series in the third quarter. A 50-yard drive was climaxed by a 13-yard pass from Substitute Mike Franzolucci. Substitute Dave Staszak ran the last touchdown in the final period.

The Indians didn't give up even though they were 34 points behind as they scored twice in the final quarter on some good runs and passes of their own. After Randy Heberer and Scott Brendemuhl caught receptions, Rod Schultz turned in a nifty run for a score. The Warhawks fumbled the kickoff and John Melzer recovered. Several plays later Heberer scored on a 10-yard run as he evaded a couple of tacklers.

Indian Coach Mike Fifrick agreed with others that Vance is an outstanding player. He hits like lightning and makes things happen. Fifrick also had praise for his own back, Rod Schultz, a similar player.

The loss ended a long season for the Indians with a 1-6 record, tied for last place with Kettle Moraine and Slinger. Their only victory was over Slinger.

Area Teams in State Playoffs

Several area high school football teams have qualified for the semifinals of the Wisconsin Interscholastic Athletic Association (WIAA) playoffs, to be held Friday night and Saturday afternoon.

The area teams are Germantown, Scenic Moraine champion; Two Rivers, Packerland champion (which will be in the Eastern Wisconsin Conference with Kewaskum next year); Port Washington, Braveland champion; Beaver Dam, Little Ten champion; Howards Grove, Central Lakeshow champion.

Girls Third, Boys Ninth

No Indian Runners Qualify For State in Sectionals

The Kewaskum girls placed third in the Waterloo Class B Sectional cross country meet last week. Slinger, paced by Cathy Branta, defending state champion, won the meet with 47 points. Pardeeville was next with 64 points and Kewaskum third with 67.

Although a windy, unpleasant day, Branta set a course record by 30 seconds with her 12:32 over a rough course, part of it on a steep hill.

TEAM SCORES

Slinger 47, Pardeeville 64, Kewaskum 67, Waterloo 107, Mayville 157, Berlin 179, Wisconsin Dells 195, Campbellsport 199, Rio 209, Princeton 210.

STATE QUALIFIERS

1. Cathy Branta, Slinger, 12:32; 2. Julie Cahoon, Pardeeville, 12:55; 3. Tara Hughes, Pardeeville, 13:12.

The Kewaskum boys team competed in the 17-team Oshkosh North Class B Sectional meet at High Cliff Park Wednesday, but failed to advance any runners to the November 3 State Meet at Yahara Hills golf course in Madison.

Berlin runners finished first, second, third, 10th and 20th to easily capture the team title with 36 points. Kewaskum placed ninth with 227 points.

The top five Indian runners included Scott Klein 26th, 16:59; Rick Stefanovic 29th, 17:05; Craig Larsen 41st, 17:28; Jeff Decker 64th, 17:59; Mike Geidel 67th, 18:06.

Only the top and the top three individual finishers advanced to the state meet.

State wildlife areas were stocked extensively anticipating the pheasant season opener on Saturday. Squirrel hunting has been good throughout the district and should improve as more leaves fall. Fall color is still good in parts of the district where high winds and rain have not knocked down the leaves. Inland water fishing is good with good catches of northern pike from Lake Geneva and the Lauderdale Chain in Walworth County. Walleyes are biting on Wind Lake in Racine County and Pike Lake in Washington County. Duck hunting remains fair to poor. There is still a good population of Canada geese at the Theresa Marsh in Dodge and Washington Counties. Some blue, snow and Canada geese are using the Sheboygan Marsh in Sheboygan County.

Dodge County — Duck hunting at Horicon has dropped off. Beaver Dam Lake is producing excellent walleye and crappie action. Fishers also report 5-8 pound walleyes at Fox Lake.

Fond du Lac County — Bluegills are biting at Long and Mauthe lakes. At Kettle Moraine, grouse and squirrel hunting should be good. Grouse hunting was slow last week but squirrel hunting was very good. Mallards are being taken from cornfields. Duck and goose hunting is good on Eldorado Marsh. Late ducks are showing up on Lake Winnebago. Open water hunting should be picking up. Anglers are catching walleyes on the Fond du Lac River mouth off the big hole.

PARTY PERMITS

Four thousand deer party permits are still available and will be issued on a first come-first served basis by the DNR Licensing Section in Madison.

Of the 52,000 permits available this year, 48,000 are being sent to successful applicants and should be in the mail by November 2. Those receiving permits were chosen by random computer selection with unsuccessful applicants from last year being given preference in the selection process.

The 32,000 unsuccessful applicants the first time around were notified by October 29 and may reapply for one of the 4,000 permits still remaining.
