Scouter, Deaf Since Birth, Wins George Meany Medal

Milton Kreif

Although Milt Kreif has to depend on other people to put his thoughts into English, his actions speak a language of their own.

Earlier this fall, the Washington County Central Labor Council paid tribute to what the AIW Local 865 member has been saying all these years—the Council gave Kreif its George Meany Award for service to Scouting, one of labor's highest honors.

The 56-year-old West Bend resident was born and raised on a farm near New Fane. His parents were the late Mr. and Mrs. Albert Kreif, Sr. He has five brothers, Karl, Albert Jr. and Jerry of Kewaskum, Harold of Eden and Edwin of Waubeka.

Kreif, who has been deaf since birth, communicates best in sign language; his wife, Mildred, often serves as his interpreter. In a recent interview at the West Bend Co., where they both have worked since 1947, the couple talked about Kreif's work in Scouting. His present position is assistant scoutmaster for the Bay Lakes

Council.

"I never had a chance to be a Scout when I was young," he said through his wife. "There wasn't much that could be done for the deaf in those days."

But when the couple's son, Tom, was old enough to join Troop 780, Kreif had an opportunity to participate as well. He taught himself knot-tying through the pictures in the manual; he took an interest in the Council's camp, and he accompanied the troop on dozens of campouts.

The response of the Scout's themselves has been "fantastic," Mildred Kreif reported. While some adults feel awkward around a man who can't hear, "that's never been a problem with the kids. They seem to adjust really well."

Acceptance hasn't always come so easily. Kreif's academic background is slim; after the third grade his parents enrolled him in a lip-reading school in Fond du Lac, one of the few opportunities that existed for deaf people in those

Plan Commission Discusses Alternate Proposal to Railroad Underpass Here

By DAN MEILAHN
Statesman Staff Writer

In a briefer than usual session, the Kewaskum Plan Commission met on Tuesday, November 27. An alternate proposal to a railroad underpass along a possible extension of Reigle Drive was discussed. The commission also made a recommendation to raise the appeals filing fee from \$25 to \$50.

Administrator Dan Schmidt again reported that he had met with Leo Tieman of the Chicago and Northwestern Railroad who indicated that an underpass north of town would be acceptable to the railroad. The village would have to bear the entire cost of about \$500,000 which would not include an approach. Schmidt said some funding for this may be available through the Safe Transportation Act. An arrangement whereby the railroad would assume up to 5 percent of the cost if the village closes down one of its other crossings was deemed impractical. The railroad also said that an overpass at grade level would be acceptable.

John Heisdorfs Celebrate 40 Years of Marriage

On Saturday, December 1, Mr. and Mrs. John H. Heisdorf of 8669 Kettleview Drive, Kewaskum, celebrated their 40th Wedding Anniversary.

They were married November 30, 1939 at St. Boniface Church, Goldendale, Wisconsin, by the Rev. Alexander Kærrells.

They renewed vows at a one o'clock Mass of Thanksgiving at Holy Trinity Church, Kewaskum, after which a reception was held at their home for family, relatives and friends.

They are the parents of 11 children: John of West Bend, Jim (Sue), Judy (Carl) Steiner, Richard (JoAnne), Janice (Alvin) Romaine, Jean (Oscar) Knoeck of Kewaskum, Mary (Ken) Biertzer of West Bend, Sue (Tony) Butschlick, Rosalie (Larry) Williams of Kewaskum, Debbie (Dave) Ray of Davenport, Iowa, and Teresa at home. They also have 30 grandchildren.

The Heisdorfs had the pleasure of having Father Budde, pastor of Holy Trinity Church, Kewaskum, marry seven of their daughters. A picture was taken of the daughters and their husbands with Father Budde after Mass.

They wish to thank Father Budde, their family, friends and relatives for the lovely cards and gifts and also for making their day a happy one to remember.

Charles Miller suggested that the northwesterly extension of Reigle Drive should probably exit on the Old Fond du Lac Road near the "pheasant pens" just south of McElhatton's residence, instead of exiting south of the small creek north of the village. Miller pointed out that no underpass would then be needed since the road would never cross the tracks. He also noted that if there were an underpass, the road might lie so low that pumping of drainage water would be necessary. He also claimed that cars would not be backed up from the possible intersection with "45" when Regal Ware changed shifts. Miller said this alternate route would be a "safer approach to the highway" and that it was "the quickest and cheapest solution." President Danielsen concurred that "Charlie's suggestion was very good" and then enjoined Administrator Schmidt to determine exactly

which property owners would be involved in such an undertaking, although obviously no actual commitments could be made at this time. Schmidt was also directed to check into any possible grants for roads and bridges (when crossing the small creek) and to contact the village engineers, Foth and Van Dyke of Green Bay, as to their suggestions.

Schmidt also reported on the three railroad crossings within the village. The C&NW claims they were "fixed" on July 3, and the Dept. of Transportation re-affirmed this. The village informed both the Dept. of Transportation and the railroad that it was dissatisfied with the work. The railroad's latest proposal is that during 1980 and 1981, it would completely "rehabilitate" the track zone of the three crossings by replacing the ballast and ties, and substituting welded continuous rail

Board Discusses Fire Contract With T. Kewaskum; Hears Reports

By DAN MEILAHN
Statesman Staff Writer

The Kewaskum Village Board meeting of Monday, December 3, was a straightforward session that stuck to the new agenda format and consisted mainly of reports of officers and committees.

Prior to the meeting, officials of the Town of Kewaskum met with the board to discuss their fire contract. The town had wished to negotiate for fire protection on an hourly basis, however, it was determined that in the long run, this would cost more than the proposed contract for 18 fire calls at \$28,648. For any additional calls, the town would pay \$4.00 per man-hour to the village's volunteer fire department. The town has until January 1, 1980, to officially approve the contract.

There being no public hearings or appearances by citizens at the regular meeting, various department heads reported on the latest developments. Village Commissioner Bill Martin stated that the tax roll data had been delivered to the computer section at Waukesha, and the prepared bills would hopefully be sent out no later than December 17, 1979.

Superintendent of Public Works Augie Bilgo reported that the salt situation now looks okay. The village will be using a combination of finer sand and salt which is stored in bags and purchased from a local distributor.

Superintendent of Wastewater Treatment Peter Albers informed the board that Permutit's pilot project sludge con-

ditioner will be postponed until after the first of the year, since it will be running at Hillshire Farms in New London during December. The pilot project will be operated in the village shed with the sludge being transported from building to building. Albers said most of the monitoring system had arrived except pressure switches. The telephone lines are being worked on, and the entire unit will be ready sometime this month.

Chief of Police Don Hlavaty was not present but had made a recommendation that parking on the west side of School Street

days. While lip-reading equipped him to cope socially, third-grade reading skills at first seemed to put the good jobs out of his reach. He applied to the West Bend Co. but was turned down; he ended up working in a bakery.

That's when he met Milly. Eventually she found a job in a woolen mill, and he joined her a few months later. They were married in 1944. When the mill burned down in 1947, they both went over to the West Bend Co., which hired Milt this time because of a solid recommendation from supervisors at the mill.

At first he was a gas welder at West Bend, attaching spouts to coffee pots; then he moved to a post as material handler, his present position. He's a charter member of Local 865, and has won several awards from the company for safety and production suggestions.

In the interim, Mildred was moved up to foreman of the department she works in.

In addition to his Scouting, Kreif gardens, paints ("mainly people pictures") and works on models. A replica of Old Ironsides (the frigate Constitution) took four years to complete; now he's working on a eight-horse hitch of Clydesdales. Although he enjoys slinging hash for dozens of hungry Scouts, he says he stays out of the kitchen at home: "Cooking for two just isn't challenging enough."

The award was presented to Kreif by Sen. William Proxmire. The George Meany Award is a national honor bestowed on a union labor man who has shown meritorious

service to the Boy Scouts of America.

Plan Commission

(Continued from Page 1)

for the sectioned rail, and laying stabilization fabric. The village must arrange for any detours, remove debris from the crossing and replace any asphalt. Charles Miller suggested that it be spelled out that the grade of the track should not be raised, because the roadbed was poor and that continuous rail was no solution in itself. Roger Strack advocated a more permanent concrete crossing instead of bituminous "frosting."

The commission agreed to make a recommendation to the village board to raise the fee for filing an appeal with the Board of Appeals to \$50. The charge is presently \$25 or \$5 for each of the five members. Schmidt justified any increase by saying that the fee should at least cover the cost of a Class II publication of the notice of the hearing and the proceedings. Miller warned that the fee should not be excessive or prohibitive to anyone seeking an appeal, and Schmidt noted that other additional fees for permits are often involved. The commission unanimously agreed on the \$50 amount, however.

Schmidt informed the commission that the DNR and Donohue and Associates had finished the remapping of floodplains and floodways around Kewaskum as it related to flood insurance. Elevation statistics for the creeks north and south of the village are now available. Nothing was changed in reference to the Milwaukee River.

Although not a direct concern of the Plan Commission, Dan

Schmidt confronted Charles Miller, who is also a County Supervisor, in regard to Kewaskum possibly being placed on a lower priority for snow plowing of its major highways. Schmidt explained that a county crew would be plowing Highway 33 West prior to '45' into Kewaskum and another crew would be plowing '144' prior to '28' East into Kewaskum. Supposedly, a Fond du Lac county plow would come down '45' as far as the overhead. This last arrangement was unsatisfactory to some village officials. Miller explained that the state determines priorities and that county crews were reduced from 9 to 8 due to less township plowing. He agreed to make some calls to see what could be done.

The commission voted to cancel the December meeting unless some urgent matter arises.

LIONS CLUB CHRISTMAS PARTY SATURDAY, DEC. 8

The annual Lions Club Christmas party for members and wives will be held at Hon-E-Kor Country Club on Saturday, December 8.

Cocktails will be served at 6:30 p.m. followed by dinner at 7:30 p.m. There will be music for dancing after dinner.

Village Board

(Continued from Page 1)

be restricted during school hours. Presently, there is congestion with buses and cars posing hazards to children. The board approved the placement of "no parking" signs on the west side.

Administrator Dan Schmidt repeated the report on the railroad crossing situation that he made at the Plan Commission meeting, and asked that the board determine priorities as to crossing repair. Trustee Dave Nigh suggested that the Second Street crossing be repaired first due to its proximity to Regal Ware. He suggested that the First Street crossing be done next and the Main Street crossing last. Trustee Carl Spoeth noted that a passable detour crossing would be required prior to repairing the Highway 28 crossing. The board approved this priority list and agreed to send a letter to the Chicago and Northwestern Railroad accepting its proposals for crossing improvement.

The board approved a \$25 rent increase per apartment unit at the village's Fond du Lac Avenue property near the fire station.

Schmidt also informed the

board that expenses were prepared for various departments according to a formula determined by the Finance Committee in 1958. 25% is for water; 25% is for sanitation; and 50% is for general purposes. He suggested this be referred to the Administrative Committee for review.

Paul Blumer, Chairman of the Public Services Committee, recommended that two streetlights be installed at Edgewood Road and North Avenue and at Edgewood Road and Braatz Drive using overhead wiring instead of buried cable. Cable would cost \$523 plus the \$6.03 monthly charge, whereas single strand overhead wiring on village property would involve \$144 per year. Carl Spoeth wondered if there were any considerations for going to underground cable throughout the village. Schmidt explained that newly developed subdivisions must go to cable but the presently involved subdivision could be accepted.

Jerry Stollenwerk reported on the Plan Commission's suggestion of extending Reigle Drive

northwest to exit on Old Fond du Lac Road in order to save the \$500,000 required for a railroad underpass. Trustee Raynor Herriges noted that this had been suggested years ago and that he still thought it was a good idea.

In new business, the board approved an amendment of the zoning ordinances to increase the Board of Appeals hearing fee to \$50 as recommended by the Plan Commission. In miscellaneous business, the board directed Dan Schmidt to attend a Risk Management Seminar in Milwaukee on February 7. President Danielsen admonished the board to read over the Kewaskum Police Association contract which will be on the December 17 agenda, particularly as it related to accumulated sick leave pay. And, of course, Raynor Herriges moved to adjourn.

**Mary Panzer Announces Candidacy
For 53rd Assembly Seat**

Mary E. Panzer, Route 1, Brownsville, last week announced that she will be a candidate for the Republican nomination to the 53rd Assembly seat recently vacated by

James R. Lewis. In announcing her candidacy, Panzer said, "As a lifelong resident of the 53rd District, I can identify with the concerns of the people of this area. En-

compassing agricultural, industrial and business areas, this diverse district offers a demanding task to effectively represent. If elected, I look forward to serving the people of my district as a friend as well as an energetic legislator."

Panzer stated areas of concern to her are Wisconsin's burdensome capital gains tax, energy conservation, the stability of the highway fund and excessive government regulation.

A credit analyst for the United Banks of Madison for the past two years, Panzer has extensive experience in state government. She served as administrative assistant to former Senator Walter Hollander and the Legislature's Joint Finance Committee. She has also spent considerable time serving as a member of the staff of both the Attorney General's office and the Wisconsin State Senate.

Panzer, 28, is single and a lifelong resident of Dodge County. An alumnus of Mayville High School, she completed a political science degree from the University of Wisconsin-Madison where she has started work on an advanced degree in business administration majoring in finance and real estate. She is a member of

Immanuel Lutheran Church in Waupun.

**Auction for Charity
To Highlight Realtors
Christmas Party**

A new attraction will be added this year as the Washington County Realtors gather for their annual Christmas Party at the Linden Inn on Big Cedar Lake.

A charity gift auction will be the featured event of the evening. Each Realtor Company belonging to the Board will donate a Christmas wrapped gift and Realtor member auctioneers will be on hand to offer their talents to the "auction sale" of the gifts. The proceeds will go to benefit the residents of the Samaritan Home and possibly other deserving charities. Of course, dining and dancing will also be a part of the festivities beginning at 6:30 p.m. on December 8.

Our electrical energy use has about doubled every decade since 1900.

On Saturday, December 18, the Kewaskum Kiwanis will sponsor a party for all children of the community who are 14 years of age or less. The party will be held in the Kewaskum theatre. Santa Claus will be on hand to pass out presents to the kids. A free one hour movie and four cartoons will be shown.

Fire caused an estimated \$5,000 damage to the tavern section of Jack and Joe's bowling alleys on West Bend's Main Street early Thursday, December 9.

To help give our little city a real Christmas appearance the village board again is offering the incentive of cash prizes for the best decorated homes and commercial buildings during the approaching holiday season. Cash prizes of \$15, \$10 and \$5 will be awarded to the places selected by the judges as the best decorated in keeping with the Christmas season.

At the regular Monday meeting of the Kewaskum Kiwanis club, citations were given out to the following men for perfect attendance records at Kiwanis meetings: Dr. R. G. Edwards, one year citation; John Marx, seven years continuous attendance; Marvin Martin, seven years continuous attendance; Ralph Marx, two year citation. Albert "Dotze" Hron, Scott Dummet and Art Zens, all of Kewaskum, were initiated and became new members.

A supposed attempt to rob the First State Bank of Campbellsport early Friday morning, November 30, failed when a burglar alarm went off while members of the Fond du Lac County vigilantes living in the district were organizing to capture two men who had been seen at the side door of the building. The men driving a large coupe believed to bear an Illinois license, apparently were frightened away when they set off the alarm shortly after 1 a.m. and awakened the residents of the village. However, there was no evidence that the men had actually attempted to enter the bank.

The following pupils from the primary room at the Kewaskum School had perfect attendance for the past six weeks: Edward Bunkelman, Marlin Dreher, Harold Manthei, Curtis Romaine, Kathlee Schaefer, Belinda Backhaus, Roger Bilgo, Lorraine Honeck, Shirley Manthei and Evelyn Weddig.

Alfred White, a pioneer and widely known farmer, residing east of Dundee, was almost instantly killed on Tuesday, December 3, when he was kicked by a horse. The accident happened when Mr. White had gone into the barn to get a horse out into the stable. Medical aid was immediately summoned, but the unfortunate man had already passed away before the arrival of the doctor.

Kewaskum, this year, as last year, will again have another community Christmas tree, according to an agreement reached by a number of businessmen this week. The tree, has already been picked and will be larger than last years, and will be placed on the lot just west of the Bank of Kewaskum.

A baby boy was born to Mr. and Mrs. Norbert H. Gatzke of Kewaskum on November 29.

At the regular monthly session of the Kewaskum village board it was moved and carried that the board engage N. J. Mertes to keep fire in the basement of the village hall when necessary and that he shall receive \$5 for his services for the season.

While playing "shimney" at Cedarburg a short time ago, the 11-year-old son of Nic Altenhofen came near losing his life

by being accidentally struck on the head with the "shimney" club which slipped from a companion's hands after he had made a swing at the ball. The injured lad was unconscious for some time.

Gerhardt Keller, Kewaskum, had his hand badly injured last Tuesday by getting it caught in a friction pulley in Rimmel's sawmill.

Lorena Rimmel sprained her ankle while skating on the mill pond Monday evening.

A baby girl was born to Mr. and Mrs. Ed Glander of Kewaskum on December 5, and Mr. and Mrs. John Gatzke of Beechwood are celebrating the arrival of a twelve pound baby boy on December 4. A baby girl was also born to Mr. and Mrs. John Jaeger of Ashford.

Home Energy Conservation

The role of energy conservation in solving our nation's energy problems has become increasingly important. It is the cheapest, quickest, safest, and most environmentally sound method to reduce our energy consumption and our dependence on imported oil.

American homes consume the equivalent of 8 million barrels of oil a day, just slightly more than we now import from OPEC nations. Many of our dwellings were built in the days of cheap, plentiful energy, so energy conservation techniques in their design and construction were not considered.

Unfortunately, too many major home modifications to conserve energy are beyond the financial reach of most families. I am happy to report, however, that a House subcommittee has studied this problem and identified a variety of home conservation measures costing less than \$100 each that together could save an average of 25 to 30 percent on annual fuel bills. Here are the subcommittee's suggestions:

1. **Install a water flow controller.** A small plastic device inserted in a shower head can save up to 4,000 gallons of hot water and \$15 to \$50 in fuel bills a year. COST: a few dollars.
2. **Reduce temperature on hot water heaters.** Cutting the setting from 140 to 160 degrees to 110 to 120 degrees can save \$10 to \$20 per year. COST: five minutes of your time.
3. **Add hot water heater tank insulation.** Reducing the heat loss from this tank can save \$10 to \$20 per year. COST: under \$5.
4. **Use cold water for laundry.** Doing the wash in warm water

and rinsing it in cold water can save \$20 to \$50 per year. COST: zero.

5. **Plug the fireplace damper.** Reducing the heat loss by tightly shutting the damper can save up to \$45 per year. COST: minimal.

6. **Adjust your furnace for maximum efficiency.** Clogged flame jets, etc. can increase fuel consumption. Proper adjustments and cleaning can reduce it. Savings and cost vary with the condition of the furnace.

7. **Set the thermostat back.** A 10 degree setback at night can save 10-25 percent on heating bills. COST: zero.

8. **Use shades and drapes.** These can help reduce the heat loss in winter and cool air loss in summer, to save \$15 to \$30 a year. COST: zero.

Minutes of Village Board Meeting

Public Hearing
On 1980 Budget
November 26, 1979
7:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in the Council Room of the Municipal Building to conduct the public hearing on the proposed budget for 1980.

President Robert Danielsen presided. Trustee Paul Blumer was absent. All other Trustee Members were present. Besides the news media, only one citizen was present for the hearing.

Administrator Schmidt recommended two changes in the

proposed budget. Because of anticipated increases in energy costs, he suggested that the street lighting account be increased by \$2,000.00. To compensate for this increase, it was suggested that the building remodeling outlay account be reduced by \$2,000.00. The budget was so amended.

Daniel Meilahn suggested the following items for the expenditure of the Federal Revenue Sharing Funds:

1. Increased water supply and water pressure to the southwestern portion of the village.
2. The addition of a second police car or the possibility of putting two men on the police car for better police protection.
3. An additional crossing over the railroad right-of-way.
4. The installation of larger storm sewers on Clinton Street.
5. Additional topographical maps of the village.

There being no further comments on the proposed budget, motion was made by Trustee Herriges, seconded by Trustee Mlodzik that the hearing be closed. Voice vote was unanimous.

Introduced by Trustee Gerald Stollenwerk

Motion for adoption by Trustee Carl Spoeth, Jr.

Motion for adoption seconded by Trustee Raynor Herriges
Roll Call Vote - 6 "Aye"
0 "Nay"

Dated this 26th day of November, 1979.

It was agreed that the Federal Revenue Sharing Fund for 1980 shall be expended 85% for public safety and 15% for recreation. Motion by Trustee Herriges, seconded by Trustee Mlodzik. Voice vote was unanimous.

The Department of Sanitation was authorized to purchase and install an additional 25 kva transformer, breaker box and breakers for the wastewater treatment plant for the approximate cost of \$1,085.00 plus installation. Motion by Trustee Mlodzik, seconded by Trustee Herriges. Voice vote was unanimous.

Administrator Schmidt reported that, from the information gathered by him, the changing of the street light lamps to smaller wattage lamp would not be economically feasible.

Upon motion by Trustee Herriges, seconded by Trustee D. Nigh and unanimously carried, the Board adjourned to closed session under Chapter 19.85 (c) of the Statutes to review the employee performance evaluation data and to discuss wage and salary adjustments for the coming year. Voice vote was unanimous.

Chess Team Drubs Sussex Hamilton

The Kewaskum High School chess team opened its conference season with a 4 1/2 to 3 1/2 point victory over Sussex Hamilton. The Indians won five of the six boards and drew on the remaining board.

Dating back to last year's final two games in which Kewaskum defeated Watertown and Oconomowoc by identical 4-0 scores, it was the 3rd consecutive conference game in which the Indians did not lose a single board.

Checkmating their opponents for Kewaskum were Dusti Howell at board one, Chuck Strancke at board two, Kim Manthei at board three, Tom Rosenberger at board five and Jeff Steger at board six. Rick Howell drew his opponent at board four.

Kim Manthei had an excellent come-from-behind win as he forked his opponent's bishop and rook with his knight on the very last move of the two hour time control contest. This move gave Kim sufficient material advantage that his opponent resigned.

The team now has to face its two toughest challengers when it travels to Kettle Moraine on Tuesday, December 11, and hosts Germantown on December 18. The team is advised by Roy Peterson.

Deer hunting dominated the outdoor sports scene during the Thanksgiving week.

Deer hunting pressure in southern Wisconsin appeared down from first reports. Small game hunting should improve with snowfall. Some walleyes and crappie were biting at the Indian Ford Dam on the Rock River. Squirrel and grouse hunting is good to excellent in the Dodgeville area. Raccoon hunting is also good. Fishing pressure is light along the Mississippi River. Late season bow hunting opened December 1.

WEEKLY Health TR

from Tom Leitzke, R.P.H.

An acute attack of croup in a child can be scary, especially at night with breathing difficulty. Quick relief for symptoms is reported by Dr. Adam Moore of Squantum, Mass. His advice to parents: Turn on the cold shower in the bathroom, then sit down in the room with the child sitting comfortably on your lap. The cold mist and the upright posture both help immensely and can be followed by a call to your doctor for more basic treatment.

Indians Defeat Plymouth, St. Mary's Springs; Run Streak to 3

Playing strong competition, the Kewaskum Indians ran their winning streak to three the past week. After beating West Bend East the week before, 64-48, the Indians won a close one at Plymouth Friday, 71-67, and continued their early winning ways at St. Mary's Springs, Fond du Lac, Tuesday, 73-64.

Added satisfaction was the fact that both games were on the road. The Indians beat a very good Plymouth team Friday, thanks to some important free throws by Henry Schilter in the closing minutes.

Kewaskum won in spite of losing center Tom Kern, an important cog on the team, on fouls for the last 4:22 of the game. The rest of the team picked up the slack, something they were unable to do last year, when they had a dismal 3-17 record. It's a different story this year when 8 lettermen are back, 4 of them starters.

Plymouth threw a variety of defenses against the Indians, who didn't quit, even though they were behind most of the first half. The Panthers were ahead 38-34 at halftime, led by 6-5 Dean Kolpin and a 22-12 domination of the boards.

Kewaskum outscored the Panthers in the third quarter 17-12 as turnovers and poor shooting began to take their toll. The Indians took the lead just before the third period ended on Kern's tip-in. Bob Nigh's three baskets kept them ahead but the lead changed hands a number of times in the last quarter before Scott Brendemihl's bucket made it 66-65, Kewaskum. Schilter then sank five out of six free throws to ice the victory.

Schilter wound up with 20 points and Nigh 18. Plymouth was paced by Kolpin with 20, J. Commerford with 17 and Nolte with 13.

In victory No. 3 at St. Mary's Springs, Fond du Lac, Tuesday night, 73-64, Kewaskum got balanced scoring and a new high from Scott Brendemihl, who dropped in 17 points.

The five Indian starters all wound up with 10 points or more. Scott also had a big basket late in the game which helped gain the win. The Indians were ahead by just one point, 61-60, at the time with 1:30 left. The balanced scoring makes it difficult for opposing teams to key on any one or two Indians.

Bob Nigh shared high honors with Brendemihl, each with 17, and Tom Kern was next with 14, 10 of them from the free throw line without a miss. The other two players in double figures were Jim Rohlinger, the only junior, with 11 and Henry Schilter with 10. Rohlinger also played well on defense. Leading St. Mary's were Adema and Bogard with 14 points.

Kewaskum led throughout the contest, 22-16 at the quarter, 39-34 at halftime, and 57-52 at the third period's end.

The Indians converted on 25 of 33 free throws but had three less field goals than Springs.

The Indians now open the Scenic Moraine season at Slinger Friday night. The Owls are winless to date. The next home game is with Grafton December 14.

JV's Defeat West Bend East, Plymouth

Like the varsity, the Kewaskum JV's made a clean sweep of it by also winning their first two games over West Bend East and Plymouth.

The Indian JV's were ahead the entire game in beating West Bend East last Tuesday, 65-44. Dave Donath and Pete Wiedmeyer paced the Indians with 13 points apiece. Bob Lyons and Jeff Maletzke each scored 11 for the Suns.

It was a closer contest at Plymouth Friday when Kewaskum chalked up win No. 2, 40-39, after surviving a bad last quarter. Wiedmeyer's free throw and two by Rick Leitheiser in the closing minutes won it for the Indians. Wiedmeyer led with 11 points.

Girls Crush Campbellsport, Defeat Lomira

Keeping pace with the boys' varsity and JV teams, the Kewaskum girls' basketball team also won their first two non-conference games the past week. Last Wednesday night at Campbellsport the Indians rolled over the Cougars, 52-30, and Monday night here they defeated a strong Lomira squad, 54-42.

At Campbellsport the Indian girls' tenacious full court press had the Cougars baffled. They romped to a 21-6 first quarter lead and coasted to victory. Campbellsport did not get a shot off for the first two minutes.

Sophomore Jill Yearling of the Indians led all scorers with 24 points on 10 baskets and four free throws. The talented Yearling worked hard during the off season to improve her shooting. Sue Russell added 9 and junior Debbie Schlice came off the bench to add 8.

Campbellsport's Kathy Welch and Colleen Shea each scored 8 points.

The Indian JV's also dominated the Cougars, 52-22. Linda Larsen led with 15 points.

Kewaskum had its hands full against scrappy Lomira here Monday night for 3 1/2 quarters before coming out on top, 54-42. Kewaskum held a 6-point lead at the end of the third quarter but the Lions narrowed it to 3 a few times before Diane Bremser sank some key baskets in the closing minutes to help the Indians win going away.

Bremser scored 13 points and also had a fine night rebounding. Bobbi Schmidt played well at point guard. Yearling again was top scorer with 15 points and Russell had 12. Two Lomira players who starred on the Lions' state championship team two years ago, Lisa LaVarda and Kay Widmer scored 19 and 7 points for their team. LaVarda scored 13 of her points in the second half.

The Indians have four star-

ters in the letter winners back, namely Schmidt, Bremser, Janet Matenaer and Yearling. Missing only from last year's starters is all-conference Yvonne Schacht. The other letter winners are Schlice, Russell, and Tracey Schleif. Newcomers moved up from the JV's are Sue Bade, Judy Schoofs, Mary Brenholt and Joan Hanrahan.

Hartland Arrowhead is the pre-season pick by the coaches to defend their Scenic Moraine title, three in a row.

The Indians might have had 3 points from Scott Klein's win but 1 was taken away by the officials because of an unsportsmanlike conduct call on one of their members. Klein won in the 98 pound bout for the first win against Campbellsport this season.

Klein defeated Mark Westemeier 6-3 in the opening bout and after that the Cougars won the next 11, seven of them by pin. Campbellsport's two state runnersup, Mark Schultz at 105 and Rick Gruber at 119, both gained first period wins.

Kewaskum had the opportunities to win two other matches at 145 and 185. The Indians' Joe Gundrum was ahead but

gave up six points to Mike Schrauth in the last two minutes. Mike Pettit gave nearly 20 pounds to Ed Koffman but lost a close 4-2 decision.

The Indians, who finished last in the Scenic Moraine last year, can only go up. Klein, who went unbeaten at 98 pounds in conference action as a sophomore, is the top returnee. Other varsity wrestlers back are senior Steve Beck, Vance Reif, Jeff Gundrum, Andy Strigenz and Pettit.

Non-letter winning candidates are Rick Stefanovic, Tony Strigenz and sophs Jon Davis and the Goeden twins, Dave and Don.

The team started with 45 boys, including 21 freshmen, but close to a dozen have dropped out.

The Indians no doubt met the toughest opponent on their schedule in Campbellsport Tuesday.

The Indians are coached by Fran Charland in his ninth year and he is assisted by Kevin Chambers and Don Liebetrau.
