## Kewaskum May Get Cable Television

Work on bringing cable television to West Bend is progressing ahead of schedule and there is now a good possibility it will be coming to Kewaskum as well.

Donald Jones, head of River Bend Cablevision, Inc., and another representative met with members of the board of directors of the Kewaskum Area Chamber of Commerce at their noon meeting Monday, Jan. 18, at which the members unanimously favored bringing cable TV to the Kewaskum area. Paul Behring, president of the Chamber of Commerce, attended the village board meeting the same evening to report on the chamber's decision.

West Bend had considered a number of different cablevision operations before deciding that River Bend Cablevision, Inc. was best suited for our area. River Bend is now in the process of attempting to pick up Jackson, Slinger and Kewaskum as satellite communities for the service which has options that are fantastic.

Superintendent of Kewaskum schools, Floyd Brenholt, also

attended the Chamber meeting and was impressed with what can be done with cablevision in the area of education.

Jones reported that the monthly charge for cable TV would be in the neighborhood of \$7.50, along with an initial hookup fee which would amount to about \$10. However, there is a possibility the hookup fee is waived if homeowners join the program when it is initiated into the community.

The village would have to award the cablevision corporation a franchise. Some cable companies offer the community a percentage of their revenues for the franchise.

Cable TV would be brought in on existing utility poles and underground cable.

Jones estimated that about 45 percent of the homes passed by will subscribe for the basic service of 27 stations at \$7.25 or \$7.50 per month. Of those who subscribe 85-90 percent will pay the additional \$7.25 per month for Home Box Office, a home movie service. Jones said interest in cable television is "unbelievable."

## Escapes Who Terrorized Local Teacher, Husband, Are Apprehended in Tennessee

Area residents who live in the vicinity of Kettle Moraine Correctional Institution near the Fond du Lac-Sheboygan county line are breathing easier again after learning that two men who escaped from the penal facility and terrorized a rural Cascade couple are back behind bars.

Robert Barber and Edward Eichmann, both 27, who escaped from the institution January 18 by cutting a hole in a barbed wire fence were apprehended last Friday by authorities in Tennessee following home robbery at gunpoint and a high speed chase. They were held in the Franklin County Jail in Winchester, Tennessee, 60 miles west of Chattanooga awaiting a court appearance.

Donald Glick, 34, who is employed by Power Products in Grafton, and his wife, Diana, 27, a teacher at the Kewaskum Elementary School, returned to

their home, located about three miles from the Kettle Moraine Institution, on January 18, and were held at gunpoint by the two men believed to be the escapees. Their German Shepherd dog was shot dead when it lunged at one of the intruders.

Their home was ransacked and the Glicks tied up. The men

took food, clothing and their 1975 Dodge van, which authorities said had not yet been located. It was not determined how Barber and Eichmann arrived in Tennessee since no other vehicle was found.

Glick said law enforcement authorities did not try hard (Continued on Page 3)

### UNDER DOMESTIC EXCHANGE PROGRAM

## Debbie Allmann to Attend Colorado School; Oregon Student Comes Here

Debbie Allmann, daughter of George and Sharon Allmann of Kewaskum, is this year's AFS student choice to participate in the domestic exchange program. Debbie, a sophomore at KHS, will be leaving in the near future to spend this semester in Boulder, Colorado, a community of some 80,000.

Debbie's host family is Mr. and Mrs. William Linfield and their 10 children. Mr. Linfield is employed by the Department of Commerce and his wife is an elementary school teacher.

Debbie will be attending Fairview High School in Boulder. The school of 2,060 will be quite a contrast to good old KHS

which Debbie has grown quite familiar with. A full course of studies, plus a swimming pool, tennis courts and horseback riding, should keep Debbie quite busy this semester.

The Domestic Exchange Program is a part of the American Field Service Organization. The program is open to all high school students and participants are screened according to their adjustment capability, grades, and overall good representation of the sponsoring school. Participating schools must send a student to another participating school and also sponsor a student from another school in the U.S.

## Conference Honors Concert At High School

This Saturday, February 2, Kewaskum High School will host the ninth and final All-Conference Honors Band and Choir Concert.

Students in band and choir from the Scenic Moraine Conference schools were selected by their directors to be a part of the honors group. Once selected they are involved in two rehearsals, last Saturday afternoon, January 27, and all day this Saturday, February 2. All of the rehearsal time builds to a climax with the concert on Saturday, February 2, beginning at 7:00 p.m. in the old gym at KHS.

The Honors Choir is directed by Dr. Anthony Barresi from UW-Madison. Albert Asch of UWWC in West Bend will direct the Honors Band.

There is no charge for the concert and everyone is cordially invited to attend what promises to be an excellent evening's entertainment.

## Woodmen Honor Clifford Stautz

Clifford Stautz, Kewaskum, was presented with a plaque in recognition of his conscientious and dedicated community service by Kewaskum Modern Woodmen of America Camp 2233 at their Christmas Party and Recognition Night Dinner held in December.

Stautz is a charter member of the Kewaskum Kiwanis Club, United Fund, Senior Citizens XYZ Club and the Kewaskum Historical Society. He is a member of the Masonic Lodge and served as Master in 1963, also the Eastern Star of West Bend and was a Worthy Patron of that organization. He served on the Kewaskum Village Board. Ke-

waskum School Board, was a member of the Kewaskum Volunteer Fire Department and a Boy Scout leader. Stautz is a member of Peace United Church of Christ, Kewaskum, and has served as its President. He also helped organize the Kewaskum site for the WOW County Nutrition Program.

He and his wife Elsa have three children, Clayton of Kewaskum, Jerome of West Bend, and Floyd of Madison; ten grandchildren and one great-grandchild. Members of his immediate family and other relatives were also guests of the Modern Woodmen at the Labor Center.

### Letter Policy

This week the Statesman received another unsigned letter to the editor. All letters to the editor must be signed, and the name and address of the writer must be given.

The Statesman prefers to use signed letters, however, the name of the writer will be withheld upon request.

The Statesman welcomes letters to the editor on issues of concern to our community. We ask that the letters be legibly written or typed.

Jill Annette Conkey

This semester's domestic exchange student attending KHS is Jill Annette Conkey. She comes from Monmouth, Oregon, a small town of 5,000 near the Oregon coast, located in the mountains in western Oregon. Jill is used to a relatively moderate climate. One of her biggest adjustments will be getting used to the cold Wisconsin winter. Jill comes from a family of five and her AFS host family is Mr. and Mrs. Willard Goeden and their children,

Wendi, Candi, Nanci, Dave and Don. She is excited about her stay with the Goeden family, in particular "Willie" Goeden's stock car racing career.

Jill is taking a typical junior curriculum at KHS and so far says she enjoys Kewaskum and Wisconsin very much.

She is looking forward to skiing and hopes to try her hand at snowmobiling, a sport totally new to her, if the weather cooperates.

enough to capture the convicts. The Glicks have lived at their present address for about two years. Their home is located in a heavily wooded area.

Since June there have been seven escapees from Kettle Moraine. Two area legislators, chairmen from the Towns of Forest and Osceola in Fond du Lac County and the Towns of Greenbush and Mitchell in Sheboygan County, as well as Glick and union employees from Kettle Moraine Institution planned to meet this week to discuss their concerns about the safety of area residents and security measures at the institution.

Barber, from Milwaukee, is serving a 12-year term for armed robbery. Eichmann, a Sheboygan native, was sentenced in 1976 to a total of 20 years for burglary, arson, theft, and attempted arson.

Effective Friday, all four towers at Kettle Moraine were being manned 24 hours per day. In addition, the perimeter of the medium security facility is being patrolled by armed guards in a car.

Russell Clar, a shift supervisor at Kettle Moraine, said authorities believe the Glicks' van is somewhere within a three county area of where the escapees were apprehended in Tennessee.

## Backhaus Infant Baptized Jan. 20

The infant daughter of Steve and Ann Backhaus, Kewaskum, was baptized Sunday, January 20, at Holy Trinity Church by Rev. John C. Budde.

She received the name Tammy Ann and her sponsors were James Ford Jr. of Eagle, Wisconsin, and Nancy Ford of Campbellsport.

Paternal grandparents are Mr. and Mrs. David Backhaus of Kewaskum, and maternal

grandparents are Mr. and Mrs. James Ford Sr. of Milwaukee.

Paternal great-grandparents are Mrs. Ella Hansen and Mrs. Selma Backhaus of Kewaskum and Edward Haack of West Bend.

A dinner followed baptism at the home of the parents for sponsors and relatives.

**UW-Extension Offers Houseplants Program**

On Wednesday, February 13, at 7:00 p.m. there will be a two hour presentation on houseplants - their care, propagation, and how to use them in your home. The instructor will be Terry Humfeld, the UW-Extension Horticulturist from Milwaukee.

The program will be held in the Washington County UW-Extension meeting room in the Courthouse Annex II, 515 East Washington Street, West Bend. There will be a \$2.00 registration fee to cover the cost of materials and refreshments. Pre-registration is required before February 6, or call Jim Fritz, Interim Resource Agent at 338-4480, 644-5204 or 342-2929.

Almost everyone has some houseplants and similarly almost everyone has occasional problems with their plants. Knowing your plants and their individual needs will not only help you have healthy, sharp looking decorations for your home but will also allow you to multiply these plants for friends.

Mr. and Mrs. A. C. Finn announce that the lesson portion of Beaver Dam Music Center has been purchased by Mike Yttri and Janet Voigt, henceforth known as "MIJA MUSIC."

They will continue the accordion instruction in much the same manner as it has been and will offer guitar and drum lessons as well.

Janet has been teaching for the Music Center for many

years as well as playing professionally.

Mike is well known in this area for his professional appearances and has taught guitar for many years in his home town of Cedarburg. More information can be obtained by calling Mike at 377-6829 or by calling Kewaskum 626-8112 anytime after 5:00 p.m. on Tuesday or Thursday.

Mr. and Mrs. Finn wish to thank the many friends they have known through the many years they have been in the accordion business and sincerely hope that the same help and splendid cooperation will be ex-

tended to Mike and Janet.

Mr. Finn will continue to be available at Beaver Dam Music Center for sales, service and repairs on all accordions.

## January Kiwanis Students of the Month

Wendi Goeden

Wendi Goeden, daughter of Mr. and Mrs. Willard Goeden of rural Kewaskum and granddaughter of Mrs. Leo Goeden and Mr. and Mrs. Walter Ohmann of West Bend, and Tom Rosenberger, son of Mr. and Mrs. Thomas Rosenberger of Fredonia, have been chosen as Kiwanis students for the month of January.

Wendi was inducted into the National Honor Society in her junior year. She served two years as a student council representative. She was a member and treasurer of the Key Club for 2 years. Wendi played in the Concert band, Pep band and Symphonic band. She was on the Sadie Hawkins court and prom queen in her junior year. Wendi did the make up for all the plays and musicals during the last four years. She partici-

Tom Rosenberger

pated in gymnastics for one year and cheerleading for three years. She worked on the yearbook in her junior year and this year is editor. Wendi is entered in Who's Who in American High School Students.

Tom has also been involved in various productions during the last four years including, "Mu-

sic Man," "The Mouse That Roared," "The Sound of Music," "My Fair Lady," "You Were Born On a Rotten Day" and "Fiddler On the Roof." He participates in Forensics and is a member of the Chess Club. He sings with the Mixed Chorus and is also a yearbook photographer.

### Terraces-A Conservation Practice

By Leslie Meadows  
County Soil Conservationist

Webster's Dictionary defines terraces as an "open area connected with a house and serving as an outdoor living space." But, in the field of soil conservation, terraces take on a new definition.

Terraces are a conservation practice, which when constructed across a slope control erosion by diverting or storing surface runoff instead of permitting it to flow uninterrupted down the slope. So, in essence, terraces break up or shorten the slope length and reduce the slope length and reduce the snowballing effect of water runoff.

In addition to reducing soil loss, terraces also protect lowlands from excess water, promote better soil stability and fertility, they can be easily

farmed and allow earlier spring tillage and finally, with terraces, a great deal of nutrients and water remain on the fields for crops to use. Sediment and other pollutants also remain on the field and out of the streams.

There is a myth that terraces are not workable with today's larger machinery. However, landowners with terrace systems farm them easily since they are designed and constructed to allow cropping of channels and broad-based ridges.

Are you curious enough to ask questions? If so, give us a call at the U.S. Soil Conservation Service office. The telephone number is 334-3706 or write us at 2395 West Washington Street, West Bend, 53095. We will be glad to help you increase the value of your land and your yields.

### Lutherans for Life Plan Banquet

Mrs. Jean Garton, President of the National Lutherans for Life, will be the featured speaker at the organization's Wisconsin chapter kickoff banquet on Saturday, February 16.

Mrs. Garton, a member of the Missouri Synod, has been a pioneer in the pro-life cause, and was voted one of the ten most influential Lutherans in America in 1978. Wisconsin Lutherans for Life, founded in 1979, is an organization through which all Lutherans meet to share dialogue and cooperate to give a common witness within the church and society on their concerns for the value and dignity of all human life.

The banquet's social hour will begin at 6:00 p.m., at Dietze's Alpine Cellar, 800 W. Layton Avenue, Milwaukee, with dinner being served at 6:45, followed by Mrs. Garton's program. The cost for the evening is \$8.25 per person. Reservations may be made by sending a check and the names and addresses of all those attending, to: Lutherans for Life, 922 E. Juneau Avenue, Milwaukee, Wisconsin 53202. Tickets and nametags may be picked up at the banquet. For more information, call Jerry Hiller at 1-272-8155.

## Revised Athletic Code Will Be Presented to School Board

By DAN MEILAHN  
Statesman Staff Writer

The Kewaskum Board of Education was informed by High School Principal Clark Pearson that a revised athletic code proposal will be presented to the board later in the year.

Pearson said the committee consists of primarily coaches: Fran Charland, Mike Theiler, Ernest Mitchell, Milt Dickinsen, and Pearson.

Board member Richard Theusch suggested the board should have some input into the proposal. Pearson said it would definitely be presented to the board for any suggestions or changes.

Board president John Tessar noted that the board was receiving complaints about athletes who violate training rules. He also said that often people wish the board members to be the persons reporting violations and sign the complaint. Tessar felt this was wrong and no one but an actual witness should sign such a complaint.

Superintendent of Schools Floyd Brenholt said some people want the board to take action without coming forth themselves as witnesses. Pearson added that if an athlete denies a violation and no witnesses come forward, he is "at a dead end."

About legitimate complaints, Pearson said, "...we do try and investigate to the best of our ability." The board responded that was all he could do.

Pearson also reported that a committee to establish cheerleaders' rules and regulations had been appointed since there were no volunteers. The committee which will meet February 22 consists of: Jean Goeden, representing the school board;

Judy Harlow, representing the community; Debbie Bargman, a senior cheerleader; Dave Drexler, a track coach; Mary McCormick, the cheerleading advisor; and Pearson. A proposal for a cheerleading constitution should be presented to the board for action in late March.

The board adjourned to closed session to discuss staff evaluations by principals and to discuss teacher negotiations.

Sergeant Matthew J. Stefanovic, son of Mr. and Mrs. Richard Stefanovic of 9139 Forestview Drive, Kewaskum, has reenlisted in the U.S. Air Force after being selected for career status.

Sergeant Stefanovic, an aircraft maintenance specialist at Langley Air Force Base, Hampton, Virginia, was approved for reenlistment by a board which considered character and job performance.

The Open Door of Washington County, Inc. is now accepting applications for volunteer Hotline operators. The Hotline is a twenty-four hour phone service that serves Washington, Ozaukee, Milwaukee and Waukesha counties. The training program will begin on February 25, 1980, at 7:00 p.m. at the Open Door in West Bend. Volunteers make a four month commitment and work only eight hours per month on two shifts of their choosing. Most often, the shifts run from 6:00 p.m. to 10:00 p.m. Monday through Friday. In addition, a monthly in-service meeting is required.

Specifically, the program offers drug education, personal growth workshops, crisis intervention training and suicide prevention techniques. Volunteers will also have an opportunity to learn more about community services and to exchange thoughts and ideas with other individuals who are likely to have common concerns about current social issues.

The Open Door has found that some persons volunteer in order to gain worthwhile experience that can enhance a personal resume or aid college studies. Others volunteer because they have heard that the experience is both unique and challenging. And still others volunteer because they simply want to help people.

Whatever the reason, the Open Door needs volunteers who can do the job, so if you have the ability to listen and a sincere desire to help people, contact Ann Stoffel by calling 334-4636, 644-6016, 933-7300 or 675-2354.

Chili Social at  
Cedar Lake Home

Members of the resident Cedar Lake Home Campus Cook's Club will be sponsoring their annual Chili "Delight" Social on Sunday, February 3, from 2-4 p.m. at Fellowship House on the campus, 5595 Hwy Z.

Featured on the menu is Chili for 65c a bowl; and ham sandwiches, 75c; home made apple kuchen, 45c; juice drink, 15c. A complete tray is \$1.90.

The Club's wide assortment of candy for Valentine sweethearts will also be available plus a display of resident hand crafted items for sale.

The Cook's Club's social proceeds are designated for resident therapy stoves and refrigerators in the new 57 bed replacement wing scheduled for completion late this spring.

Thursday, February 21 from 7-8:50 p.m. Students will learn and discuss some of the facts and fallacies of weight control, how to do a weight analysis and take notes on their own habits and life styles. They will learn about flattering clothing styles, low-cal foods and other topics pertinent to weight loss. Instructor Roxanne Piller will offer ten weeks of instruction at the Decorah Annex in the Decorah Shopping Center. Tuition is \$7.00, payable in advance at MPTI, 2151 N. Main Street, West Bend. Students may call 334-3413 for more information. All registrations are accepted on a first-come, first-served basis.

SAMARITAN RESIDENTS  
TO 'DINE OUT' MONTHLY

On Valentine's Day, February 14, and once a month thereafter, the Home's Chapel will be transformed into a cozy pleasant restaurant. Samaritan Home residents and two guests of their choice will enjoy an evening of "dining out" at Samaritan's new restaurant.

Presently, the Samaritan's restaurant is unnamed, but a contest is underway and residents and employees can submit their suggestions. Staff from various departments are busy planning menus, decor, and lining up necessary equipment.

Anyone requesting further information can contact the restaurant committee chairman Sue Seefeldt, or vice chairman, Cathy Wittmann, at 338-4500.

Apply Now For  
4-H State Music  
And Drama Groups

Applications are now available for the 1980 4-H Congress and State Fair Music and Drama groups. Deadline date to apply is March 1.

Each year there is a musical group and a drama group developed with high school age youth from all over Wisconsin. This year the group from southeastern Wisconsin will present a play entitled "The Neighbors" by Zona Gale. Helen O'Brien, Extension Drama Specialist will direct the play. There will be dress rehearsals in the spring and a presentation of the play at State 4-H Congress in Madison on June 10.

The musical group will be under the direction of Dave Peterson, Extension Arts music drama specialist. They will develop a pop music format with choreographed movement along the line of today's swing choir style. Those selected for the musical group will attend a rehearsal weekend at Camp Upham Woods April 25-27. They will then perform at State 4-H Congress in Madison June 9-12 and also at State Fair July 30 to August 4.

The drama group or the music group is an excellent opportunity for high school age members that have participated in or are interested in high school drama and music activities. Selection of members to participate is based on past experience and the need to have a balanced chorus. 4-H members interested in applying should get the application blank from the county 4-H office, Box 537, West Bend 53095. Phone 338-4478.

# Forced Retirement Is Hazard to Health

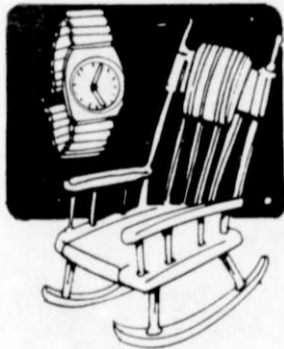

Forced retirement from the work force merely because the worker has reached a certain age is a serious public health problem in the United States today.

Improvements in the provision of medical care, higher levels of health education, better sanitation, and the conquest of the severe diseases of childhood have brought about dramatic increases in the number of older persons in our population.

But, this potential increase in life expectancy will prove of little boon to mankind if at an arbitrary age he or she is denied the right to work and produce. And, regardless of health considerations, if he or she is forced into idleness, it is questionable whether our society can survive the financial burden of larger numbers of dependents.

It is the position of the American Medical Association that the nation's social policy for the aging should ensure that the older worker has the opportunity to continue in productive employment as long as he or she wishes and is able to maintain a reasonable level of efficiency.

Many people wish to retire in their early 60s and are quite happy with this change

in lifestyle. But many others want to keep working. Physicians who treat older patients often recognize that many physical ailments are a result of inactivity and a lack of meaningful and productive status.

Employers who refuse to hire after 45 or 55 because of commitment to the concept of retirement at age 65 and a resulting short job tenure for older employees are ignoring the revolution in aging which is taking place. It is not unreasonable to expect a percentage of those now 45 or 55 to be potentially valuable employees at 70, 75, or even 80.

Older workers attendance record often is better than younger ones. They are less prone to change jobs. In production jobs, the output of older workers up to age 65 compares favorably with that of younger workers. In office occupations, age-related differences are minimal.

There are now laws that forbid forced retirement prior to age 70, and that prohibit discrimination in hiring because of age. But if it is necessary to resort to law to enforce these provisions, the work situation will be very unpleasant for the older worker.

Your doctor, who is likely to work himself well past the customary "retirement age," reminds those of you who are younger that you will render a service to the individual and to society by evaluating the older persons in your work force as individuals rather than as marks on the calendar.

### PREVENT CONDENSATION ON COLD WINDOW SURFACES

Condensation or frost will appear on windows when the temperature of the glass falls below the dew point. Check for this moisture often because it can cause major damage to frames and sills.

To reduce this problem while maintaining a comfortable level of humidity in your home, try to keep the inner glass from getting too cold. Careful installation of storm windows is one way.

But often interior windows aren't well sealed themselves, so moist air will leak through and condense on the storm window. Properly fitted storm windows have one-fourth inch vents in the frame where the storm sash meets the sill to allow moisture to dissipate. If storm windows don't have these vents, drill them through the frames.

If you still get condensation between the windows, place a teaspoon of silica gel between the inner and outer window units. Silica gel is a drying agent that will soak up moisture in the air space. Since it's commonly used for drying flowers look for it in craft stores or florists.

Interior windows will often ice up when shades or draperies are closed. This is because most window treatments separate the window glass from the room air, allowing the glass to cool below the dew point temperature. An additional interior storm window will help reduce condensation behind closed draperies or shades.

If sealed insulated window treatments are used they need to contain a vapor barrier. The vapor barrier can be a plastic sheet, polyethylene (storm window plastic) or vinyl. Always place it as close to the warm side as possible to prevent trapping the moisture at a point

where it will condense.

In shades and drapes made of several layers of fabric, put the vapor barrier right behind the material facing the room. If you use it with existing window treatments, it needs to be right behind them. Any vapor barrier needs to be tightly sealed on all sides to be effective.

The best test to a seal is whether or not condensation occurs. Different homes require differing degrees of tightness, depending on humidity, air circulation, and window type.

### Standard First Aid Offered at MPTI

Moraine Park Technical Institute, in cooperation with the West Bend Chapter of the American Red Cross, will offer "Standard First Aid and Personal Safety" beginning February 13. Lee Bohn, veteran of the West Bend Fire Department's rescue squad, will conduct the sessions.

Standard First Aid is a basic course in the immediate emergency treatment given in case of sudden illness or accident. Students will receive the Red Cross

Certificate upon satisfactory completion of the course. Classes will meet on seven Wednesdays from 7-8:50 p.m. Tuition is \$5.60 payable in advance at MPTI, 2151 N. Main Street, West Bend. Students may call 334-3413 for more information. All registrations are accepted on a first-come, first-served basis.

Epilepsy is not a disease. It does not cause brain damage, mental illness, or retardation, and it is controllable. Epilepsy is a neurological malfunction. Seizures result from sudden overactivity of the brain cells, possibly caused by irritation as the result of injury from illness or an accident.

Control of seizures is possible with the aid of drugs. Most epileptics live lives similar to people with diabetes or high blood pressure--consistent medication is usually all that is needed.

Hansen's Men's Wear, men's clothing, shoes and rubbers store, located in the Kewaskum Theatre building on Fond du Lac Avenue, went out of business the past week. The store had been operated by Mr. and Mrs. Edward E. Hansen, Kewaskum, the past five years.

St. John's Lutheran Church, West Bend was the scene of a wedding ceremony, January 29, in which Miss Janet Betty Zautner, daughter of Mr. and Mrs. Immanuel H. Zautner, West Bend, became the bride of Donald Roger Meisenheimer, son of Mr. and Mrs. Harold Meisenheimer, Kewaskum.

Miss Joyce E. Butt, daughter of Mr. and Mrs. Gerhard Butt, Route 2, Kewaskum, and Donald J. Herriges, son of Mr. and Mrs. Math. Herriges, Route 2, Kewaskum, were united in marriage on January 22.

Mary and Jack Stellpflug, children of the John Stellpflugs, and Tommy and Danny Stoffel, children of the Gerald Stoffels, all of Kewaskum, together with their cousins, Joanne and Diane Du Pont of Milwaukee, were guests on the "Little Amateurs" television program over WTMJ-TV Milwaukee on January 27.

Jules "Bubber" Dreher and Dennis Bingen, both of Kewaskum, were among a group of 128 enlisted men who were sworn into the armed forces recently at the recruiting station in Milwaukee. Both men are temporarily stationed at Fort Leonard Wood, Missouri.

A son was born to Mr. and Mrs. Harold Stern, West Bend, February 1. Mother and father are both former Kewaskum residents. She is the former Shirley Otto. Mr. Stern is employed at Honeck Chevrolet.

A son was also born to Mr. and Mrs. Jerome Schladweiler, Route 1, Kewaskum, on January 31. Daughters were born to Mr. and Mrs. Alois Bremser, Route 2, Kewaskum, on February 1; to Mr. and Mrs. Wilbert Gitter, Route 3, Campbellsport, on January 28; and to Mr. and Mrs. Roland Flasch, St. Kilian, on January 16.

## 50 Years Ago

February 1, 1930

Calendar simplification is rapidly becoming an issue of more immediate interest and the champions of simplification are working for results by 1933, which will be the easiest year to change the calendar this side of 1939. In the United States the favorite "new calendar" idea appears to be that of a year divided into 13 months of 28 days each, with one extra day — the 365th — to be known as "year day" and not by any other name. January first would be Sunday and a given date in any month would always fall on the same day of the week. Most holidays would get new dates under the new arrangements. Washington's Birthday would be celebrated on February 25; Lincoln's Birthday on February 16; St. Patrick's Day on March 20; Decoration Day on June 10; Columbus Day on October 5. The Fourth of July and Christmas would be unchanged. Easter would always fall on April 8, and Thanksgiving Day would always be November 26.

Robert Yoost, well known farmer and Washington County bridge builder, sold his 80 acre farm, located about three miles northeast of Kewaskum, to John Schmidt, who resides about two and a half miles west of Kewaskum on Highway 28. Possession will be given the new owner on or about February 12.

**Keeping in Touch**

One of the most important jobs of a Congressman is to keep in touch with his or her constituents and to provide services to those constituents. But, it still is amazing for me to discover, even after serving in Congress for a whole year, that many people are still not aware of what help my Congressional offices can provide or how they can get that help. So, this week I will discuss some of these services and how to contact me about them.

I have two offices to serve the Ninth District: one in Washington and one in Brookfield. The services provided by each are different, so if you know which one does what, I can respond to your needs more quickly and effectively.

**The Washington Office.** To contact me about bills or issues before Congress, to request information or copies of government publications, to arrange for tours and information about Washington, or to obtain U.S. flags that have flown over the U.S. Capitol, please contact me at 315 Cannon Building, Washington, D.C. 20515. The phone number for this office is Area Code 202-225-5101.

**The Brookfield Office.** To seek help for problems you are having with federal agencies (Social Security, Veterans Administration, the IRS, etc.), to arrange meetings with or appearances by me, to seek help in obtaining or expediting federal government grants or loans, or to seek information concerning appointments to the service academies, please contact me at 333 Bishops Way,

Brookfield, Wisconsin 53005. The phone number for this office is Area Code 414-784-1111.

Frequently, I hold "town hall" meetings around the district to make it easier for you to meet me face-to-face and talk about the issues or seek help with your problems. Notices of these meetings are mailed to all households in the immediate area, so watch for them.

Also, my staff holds office hours around the district to make it easier for you to seek help or information. Notices of these sessions are published in local newspapers, so watch for them.

One last suggestion: when writing to me to discuss an issue or problem or whatever, please print your name, address, and Zip code legibly. This helps me and my staff to respond better to your needs.

**VALLEY BANCORPORATION DECLARES DIVIDEND**

Appleton, Wisconsin — The board of directors of Valley Bancorporation, parent company of the Valley Banks, declared a regular quarterly dividend of \$.29 per share, payable March 7, 1980, to shareholders of record as of February 29, 1980.

Valley Bancorporation is a financial services company which consists of 17 banks with 27 banking offices, a trust company, a leasing company and a data processing subsidiary. Valley Bancorporation is traded on the over-the-counter market with the stock symbol VYBN.

**Two Legislators Want More Security for Kettle Moraine**

(Madison) — State Representatives Gervase Hephner (D-Chilton) and Calvin Potter (D-Kohler) advocated that the Division of Corrections "take immediate action to improve security at the Kettle Moraine Correctional Institute."

In a joint statement released recently, Potter and Hephner criticized the Department of Health and Social Services "for being lax in taking adequate security measures at the prison facility to protect neighboring residents of the area."

"Last Friday's prison escape by two inmates of the facility" the two lawmakers stated, "deserve prompt action by state officials to remedy the conditions that led to this escape."

Specifically, Hephner and Potter called for additional security staff to man the four guard towers surrounding the prison grounds on a round-the-clock basis. "More manpower and improved safety mechanisms should be utilized to better secure the facility," they added. "Security is one area where we cannot cut back because of budgetary reasons."

Hephner said the latest prison break and subsequent terrorizing and robbery of a Town of Mitchell couple "also serves notice on the Department to keep the four staffing houses on the grounds of the Kettle Moraine Correctional Institute."

"These buildings can be used to house additional security staff" Hephner stated, "and will serve as a protective buffer between the facility and the

surrounding neighborhood." He said response time to prevent future prison escapes would also be improved if security personnel were housed in the buildings.

"Since June, there have been seven escapes from Kettle Moraine," the lawmakers stated, "and that kind of record cannot be allowed to continue. Residents of the area are darn scared because of the events of last week. We believe the Department should take a close look at security at the existing prison facilities before it contemplates further the construction of new ones."

Potter and Hephner indicated that they will be talking with Department Secretary Donald Percy later this week to request additional security measures at Kettle Moraine.

**Sacred Sing-a-long At Cedar Lake Home**

The Faith Haven Lay School invites you to a sacred sing-a-long fellowship at the Cedar Lake Home Campus, 5595 highway Z, West Bend. The program will be held in the beautiful Learning Center on Wednesday, February 6, at 7:00 p.m. All are welcome. Come to renew your spirit and participate in a fellowship of sacred music. Music will be selected to highlight the life of Christ, from birth through death and resurrection. A free offering will be taken for furthering Faith Haven's community activities.

**Notice to Superior Truck Co. Employees**

On Friday, February 29, 1979 from 5:30 p.m. to 7:30 p.m. there will be a secret ballot election conducted for the employees at Superior Trucking Company, Inc.

The election will be conducted to determine whether or not the employees desire to be represented by the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America. The election will be conducted by United States Government agents of the National Labor Relations Board.

Those eligible to vote will be all truck drivers employed by the employer at its Kewaskum, Wisconsin terminal; excluding all clerical employees, managerial employees, guards and supervisors as defined in the Act.

## IN MEMORY

Two years ago, February 5, we were parted from a wonderful husband and a great father, Don Mitchell. He will always be remembered with deep love and much joy by his wife Mary Kay, and children Jennifer, Heather and Shannon.

You have gone...

but thoughts of you linger so I can recapture past serenity that we have passed through in our time alone — together ...and I feel your presence long after you have gone.

## THANK YOU

My sincere thanks to all who remembered me with cards, gifts, flowers, phone calls and visits while I was a patient at the hospital and convalescing at home. These kindnesses were appreciated very much. Again, thank you.

Bernard Sarauer

## THANK YOU

I wish to express my sincere appreciation to my relatives and friends for the cards, gifts, visits and flowers while I was a patient at the hospital. Special thanks to Dr. Sison, Dr. Castro, all the nurses for their kindness and Rev. Hoenecke.

Carnel Koepke

**Minutes of Village Board Meetings**

Mid-Monthly Meeting  
January 21, 1980  
8:00 P.M.

The Village Board of the Village of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building.

President Robert Danielsen presided. All Village Trustee members were present.

The minutes of the meeting of January 7 were approved as printed upon motion by Trustee Mlodzik, seconded by Trustee Stollenwerk. Voice vote was unanimous.

Paul Behring appeared before the Board to inquire what the possibilities were for obtaining a beer and/or liquor license for his proposed shopping area. L. L. Rosenheimer was present and spoke in favor of granting such a license. Appearance opposed to the granting of a license were Sylvester Keller, Ellen Coulter and Mrs. Geraldine Sengpiel. A poll of the Village Board members showed that the Board members as a whole were of the opinion that the village had enough beer and liquor outlets and that the granting of another license at this time was a remote possibility.

Mr. Don Woller, engineering consultant for the village, led a discussion on the results of the Permutit sludge conditioning pilot plant. Mr. Woller also recommended the purchase of a conditioned sludge press to be used in conjunction with the sludge conditioning machine. Motion was made by Trustee Mlodzik, seconded by Trustee Stollenwerk that Mr. Woller be and hereby is authorized to prepare bid forms and specifications for the possible purchase of a sludge press. Voice vote was unanimous.

Administrator Dan Schmidt reported that a reimbursement

claim for funds for the Kewaskum Kiwanis Community Park Development Project will be submitted to the Wisconsin Department of Natural Resources in about a week and that the funds should be received by the village in about 90 days. The amount of the reimbursement claim is \$113,243.30.

A five year lease in the amount of \$100.00, between Raymond Klein and the Village of Kewaskum for the land on which the village's "Welcome to Kewaskum" sign is located on the east side of U.S. Highway 45 south of the village limits, was approved. Motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

Upon motion by Trustee Herriges, seconded by Trustee Blumer and duly carried, the Board adjourned to closed session under Chapter 19.85(e) of the Statutes to deliberate the possible sale of public property.

**Area Farmers Attend AFBF Meet in Phoenix**

More than 110 Wisconsin farmers were among the 10,000 members attending the American Farm Bureau Federation annual meeting in Phoenix, Arizona January 6-10.

The five-day meeting included commodity conferences, an address by U.S. Trade Ambassador Reubin Askew and entertainment by comedian Bob Hope. The last two days of the convention were devoted to consideration of resolutions and setting Farm Bureau's policy for the year. Wisconsin's delegates to the session were Donald Haldeman, Norwalk, state president; Howard D. Poulson, Palmyra, state vice president; and Wilfred Huenink, Cedar Grove, state board member.

"Expanding our markets to increase farm income and controlling inflation which is eroding farm income are the challenges facing farmer in the decade ahead and received much attention from the delegates."

Haldeman said.

Jim and Bonnie Jarvis, Wautoma, competed in the Outstanding Young farmer contest at the convention. They were chosen as Wisconsin's Outstanding Young Farmers at the state annual meeting last month.

David Ward, Fort Atkinson, was the state's entry in the National Discussion Meet. He won the state meet last month. Both the Discussion Meet and the Outstanding Young Farmer contest were part of the young farmer's activities held during the convention.

Area farmers planning to attend the Phoenix convention included Mr. and Mrs. Louis Beck, Route 1, Campbellsport; Mr. and Mrs. John Ebert, Campbellsport; Mr. and Mrs. Palmer Behm and Eileen and Brenda, Route 1, Lomira; Mr. and Mrs. Maurice Ehrhardt, Route 1, Lomira.

## Snake Stickup, Raccoon Drug Bust Rival President's 'Attack Rabbit' in Bid for 1979 Wildlife Headlines

When President Carter beat off an attack by a "killer rabbit" with a canoe paddle last April, he put wildlife on page one of the nation's newspapers.

But the President's tilt with an aggressive, aquatic cottontail may not have been the most bizarre incident involving humans and wildlife last year, according to the National Wildlife Federation. 1979 was a wild year for wildlife, the citizens conservation group found in its annual survey of such happenings—a year in which the human and animal kingdoms traded insults, and also exchanged a few favors.

Human vandals assaulted wildlife, for instance, by draining or cutting off the water supply at two fish hatcheries—killing 450,000 trout and salmon near Rochester, N.Y. and 25,000 brown trout at Leetown, W. Va. A school of fish in Lake Huron struck back by clogging a water intake for an Ontario Hydro nuclear reactor, thus shutting down the Canadian power plant for 40 hours.

A Washington, D.C., physician beat a Canada goose to death with a golf club, allegedly after the bird's honking interfered with his putting. But other doctors made up for this lapse by rendering services to wildlife beyond the call of duty.

Soviet surgeons performed a successful cataract operation by inserting an artificial lens in the eye of a seal. When the operation was over the seal performed several tricks for the doctors. Another Russian surgeon, aboard a fishing trawler, successfully treated the wounds of a dolphin that had been attacked by a blue shark, then released the happy marine mammal.

For a black-crested night heron whose lower beak had snapped in two, a San Francisco dentist constructed a new beak

out of the same pink acrylic that he uses for human dentures. He attached it with tiny wires in a six-hour operation and the heron is again spearing fish.

It was a year in which man discovered new ways to put wild critters to work, the NWF survey found. The West German city of Goppingen put some electricity-emitting goldfish into its municipal water supply to monitor its purity. If the water becomes polluted, the six Gnat-honemus fish generate less current than usual, which sets off an alarm at the waterwork's headquarters.

In New York City the Museum of Natural History employed thousands of tiny dermestid beetles to dislodge matter from the bodies of tiny mammals without disturbing their delicate skeletal structures. And in Kailua, Hawaii, the U.S. Coast Guard revealed that it is now training eagle-eyed pigeons to search for people lost at sea.

It was again a newsy year for snakes. In Los Angeles, Cal., a man opened his door to a stranger who flashed a knife and a snake and threatened to turn the reptile loose. The thief escaped in the victim's car with \$400 in cash and jewelry.

Italian customs agents seized a boa named Pedro that an American fighter wore into a boxing ring to psych his opponent. Australian customs officers frisked a nifty traveler from Bali and impounded five pythons that he tried to smuggle into their country in his underpants and in pouches strapped to his legs.

It was also a busy year for bees. An estimated 9 million of them swarmed in on Flintstone, Md., after the tractor-trailer in which they were riding overturned. Another swarm of bees attacked hundreds of school girls at a track meet in Vereeniging, South Africa. The bees were apparently attracted by the girl's hairspray.

It was a year in which man devised some new institutions for animals, the NWF survey revealed. Bird lovers in the East German village of Loburg opened a hospital for storks, a threatened species in that country. In Sri Lanka, an orphanage was established for young elephants separated from their parents.

In Newport, Cal., a turtle named "No. 6" won a turtle race and then showed how he felt about one of man's institutions, the racing game, by latching onto the upper lip of his trainer, who sought to give him a congratulatory kiss. It took a dose of valium to unfasten his grip.

A couple of wildlife records were set. In the annual Mayor's Frog Hop at Baltimore, MD, an entry named Cindy jumped to a height of 3 feet 9 inches, outdistancing one Lightfoot Louie. In San Antonio, a male whooping crane named Crip died at 33 — a record for that rare bird in captivity. And Andre, the friendly 220-pound seal who swims each year from

his winter home in a Boston aquarium to his summer home at Rockport, ME., set a new record for the 160-mile course — 65 hours. Not breathtaking, to be sure, but 17 hours faster than last year's time.

Finally, it was a year in which a raccoon got caught in a drug bust. After one burglary in which narcotics were taken, a Falls Church, VA., physician trapped an intruder on a return visit to his office and found that it was — that's right — a "masked bandit" with a ringed-tail.

After being lured away from the hard stuff with peanut butter and sardines, the two-time offender was set loose in a woods several miles away for self-rehabilitation.

### Winnebago Sturgeon Spearing Opens Feb. 9

Anglers who take advantage of the sturgeon spearing season in Lake Winnebago are reminded that the special spearing license and tag this year will not be sold during the season.

It will be necessary to purchase the sturgeon spearing license and tag which sells for \$5.50 prior to the start of the season February 9. The season on Lake Winnebago runs through March 1.

Kewaskum Statesman, Friday, Feb. 1, 1980, Page 15

Anglers coming to Wisconsin for the sturgeon spearing season from out-of-state should order their license and tag as soon as possible. When ordering the sturgeon license and tag by mail, send the number from your 1980 Wisconsin fishing license, your name, address and personal description (date of birth, height, weight and hair and eye color), and a money order or check for \$5.50 to License Section, Wisconsin Department of Natural Resources, Box 7924, Madison, Wisconsin 53707.

Only persons 14 years of age and older are eligible to spear sturgeon in Wisconsin. The minimum length for a sturgeon speared in Lake Winnebago is 45 inches. There is no open season in Lakes Butte des Morts, Poygan, Winneconne and connecting waters.

good conditions for their sports. Fishing, generally, is spotty around the state.

### Southeast District

Walleye fishing has been fair to good in most district waters. Some good catches have been taken from Crystal Lake in Sheboygan County, Golden Lake in Waukesha County, Pike Lake in Washington County and Wind Lake in Racine County. Some nice northern pike are being taken from Moose Lake and Upper and Lower Nemahbin Lakes in Waukesha County, Big Cedar Lake in Washington County and Browns Lake in Racine County.

Crappies and bluegills have been biting in most district waters with some nice catches made on Crooked Lake in Sheboygan County and the Lauderdale lakes in Walworth.

Rabbit hunting has been generally slow.

Ice skating and ice boating conditions remain good. However, ice thickness is still variable and may be extremely dangerous on the larger lakes in the district.

Fond du Lac County — Walleye fishing on Lake Winnebago is excellent off Wendt's and the Village of Pipe.

Dodge County — Anglers are taking walleyes on Beaver Dam Lake and panfish, walleyes and northern pike on Fox Lake.

## Indians Upset Second Place Grafton With Big 4th Quarter

In a big victory Friday night, the Kewaskum Indians upset second place Grafton (6-1) on their own floor in a one-point barn burner, 68-67.

The Indians accomplished the feat with a great second half comeback in which they overcame an almost insurmountable 18-point deficit to squeeze out the victory.

The Blackhawks were probably left in a state of shock after the game as to how they let their big lead slip away. If they had known what a rash of turnovers were coming up in the last quarter, the Hawks might have gone into a stall or not gone to their bench so soon. They gave one away to the inspired Indians with their numerous turnovers. They also lost three players on fouls in the final period to Kewaskum's one.

Grafton jumped off to a 19-8 lead in the first quarter and increased it to 13 points at halftime, 38-25. The lead continued to mount as the Indians were doing little offensively and with minutes left in the third stanza, four baskets gave the Blackhawks an 18-point advantage, 48-30.

Six points by Bob Nigh cut the margin to 58-46 as Kewaskum slowly began to catch up. With one quarter to go the Indians outscored Grafton 12-2 and pulled to within two points, 60-58 halfway through the period. Then turnovers and personal fouls began to plague the Hawks.

A pair of free throws by Henry Schilter tied the game for the first time and two more by Tom Kern gave the Indians the lead for the first time. Grafton sank a bucket but then Schilter came right back with two more free throws. Reserve Brian Larsen made good on two key free throws to give the Indians a three point lead but the game was not over. John Brewster's jumper cut the lead to one. The Indians were called for traveling and Grafton got one more last second shot that missed and the Indians had won a thriller.

The Indians hit on 78 percent of their free throws, hitting on 28 of 36, and this was a deciding factor. Schilter, who is fifth in conference scoring, wound up with 25 points, including 13 of 14 free throws, and played an outstanding game. Kern and Nigh added 15 and 13.

This Friday Kewaskum returns to the home court when they entertain Germantown. Germantown, Mayville, Kewaskum and Kettle Moraine are all tied for third place with 4-4 marks.

## Eichstedt All-Tournament

### Kewaskum Lakes Team 4th in Tough Mt. Calvary Tournament

The Kewaskum Land o' Lakes League team took fourth place in the tough, 15-team Mount Calvary basketball tournament, which was the highest finish in recent years by the team. The team received a check for \$50.

The Golf Shack of Green Bay, consisting mainly of former UW-Green Bay players, took first place in the tourney by beating Rocky Rococo's of Madison, composed largely of former University of Wisconsin-Madison players, in the championship game, 72-60. Rocky's took second place and Menasha MAC's, which defeated Kewaskum Sunday, 136-100, claimed third.

Kewaskum, behind Clark Eichstedt's 38 points, advanced to Sunday's final four by nipping Elam's II of Racine, 80-78, Saturday. The week before Kewaskum won its opening game, 95-89, over Honey Bucket of Menomonee Falls (Falls Stingers in the Lakes League).

Sunday Kewaskum lost its semi-final game to eventual tournament champion, the Golf Shack, 113-73.

Eichstedt, Kewaskum's leading scorer throughout the tourney, was picked for the all-tournament team and was awarded a trophy. Kewaskum was without the services of high scoring Ken Loest, who played only part of the game with Elam's II because of an injury.

This was the first time Kewaskum had placed in one of

these high-caliber tournaments and the team can be proud to have placed this high among such good competition. Tom Anderson of the Golf Shack was chosen the most valuable player in the meet.

Kewaskum's next Land o' Lakes contest is Sunday, February 3, when they host Sussex at 7:30. The Slinger game postponed January 26 because of the Mt. Calvary tournament, has been re-scheduled for Saturday, March 22. Also the Hartford at Kewaskum game on March 8 has been moved to March 9 due to a conflict with a high school boys' regional tournament.

## JV's WIN AGAIN, FROSH LOSE AGAIN

Showing a strong offense, the Kewaskum JV's won at Grafton Friday, 77-68. They had previously defeated the Blackhawks at home by one point. The Indians jumped off to an early lead and were pretty much in control. Center Dale Wodse-dalek, who has scored 70 points in three games, scored 18 at Grafton and did a fine job at rebounding. Rick Leitheiser chipped in 10 points. Kewaskum is 5-3 in the Scenic and 7-4 overall.

The freshmen lost their sixth game in seven outings, being thrashed 81-18.

## Wrestlers Pin One on Slinger

Kewaskum's wrestlers won their second match in a row at Slinger Thursday night, 31-21.

The Indians got a big win from Bob Bastian at 138 over Jack Brugger and another at 145 where Steve Beck pinned Brian Krueger before the first period ended. The Indians won five matches and Slinger four. All of the seniors won.

Another important win was scored by Jeff Gundrum over Nick Maris, where Jeff took a 12-4 decision.

The Owls got good performances from Ted Corey, who took a decision at 112 to boost his record to 6-0, and Mark Simko at 105, who pinned Tony Strigenz.

The Indians had a home match Tuesday against Random Lake and host Germantown Thursday.

## Girls Defeat Grafton Here

A big third quarter turned the tide and the Kewaskum girls basketball team defeated Grafton here Thursday, 49-45, to avenge an earlier loss.

The win was costly for the Indians as sophomore Jill Yearling, the team's leading scorer with a 15-16 point average, sprained her ankle in the second half and will be lost indefinitely.

The Indians started slow but tied the score by halftime, 25-25. In the second half it was a different story and the girls came up with a tight defense, forcing the Blackhawks into turnovers. They outscored Grafton, 19-8, in the decisive third quarter.

Freshman Linda Larsen scored 17 of her game high 22 points in the second half to take scoring honors. Diane Bremser added 12, 10 of them in the second half. Debbie Jansen and Laurie Stewert paced Grafton with 10 apiece.

Janet Matenaer played well defensively.

The Indians, 6-3 in conference played at Pewaukee Tuesday.

**KEWASKUM** — Schmidt 0-0-3, Yearling 1-4-3, Bremser 4-4-3, Russell 0-0-4, Matenaer 2-1-4, Larsen 9-4-3, Stoffel 0-0-1, Schoofs 1-2-1. Totals — 17-15-22.  
**GRAFTON** — Turowski 0-0-2, Jansen 5-0-5, Schmitz 2-4-5, Stewert 5-0-3, Wood 2-4-4, Smetana 1-3-1, Sorcic 2-0-5. Totals — 17-11-25.

## Edwards Scores 18 For Ripon College

The Ripon College Redmen swept a pair of close games on the road recently. Ripon scored a come-from-behind 94-85 victory over Knox Friday night and a 65-63 overtime win at Coe Saturday afternoon.

Back-up forward-center Tom Edwards, former Kewaskum High School player, and a son of Richard Edwards, looked good, scoring a career-high 18 points and hauling down seven rebounds in the Knox game.

In the Coe contest, Edwards was able to sink a shot that did not count as the buzzer had already gone off before he released it.

Edwards is tied for the Redmen's free throw percentage lead at 80 percent.

The two wins gave Ripon a 7-4 record.
