After Serving As Clerk Under Seven Village Presidents, Martin Not Ready for Retirement

Bill Martin

By DAN MEILAHN
Statesman Staff Writer

"Therefore: I, Gerald Stoltenwerk, Kewaskum Village President, do hereby proclaim the week of May 10 through May 16, 1980 as Municipal Clerk's Week in recognition of their outstanding dedication and contribution to the communities they serve."

In Kewaskum, this can pertain to only one person - a man who has served as Village Clerk-Treasurer for over 29 years under seven different Village Presidents. He has served faithfully yet remained unheralded. His name should rightly be considered synonymous with the Village of Kewaskum itself - William S. Martin.

To paraphrase Mark Twain, the rumors of Bill's retirement are greatly exaggerated. He had planned on retiring after 30 years of service, but since the law now allows employment until age 70, he intends to remain in his position for another 3½ years.

Bill, who resides with his wife, Dorothy, at 1331 Roseland Drive, presently has a cast on his left foot - the result of a bowling related injury. This did

not prevent him from elaborating on his duties and interesting past experiences.

The office of clerk-treasurer is often misunderstood and erroneously renamed "Commissioner." The main duties of the office involve setting up board meetings, notifying all involved parties, and recording the proceedings as "minutes." Bill is then responsible for safely maintaining the records and consulting them for relevant precedents as village problems arise. "These are the municipality's greatest asset," he explained, as they can be the basis for future decisions.

Bill must also make out report forms which are submitted to qualify for any available shared revenues and grants which may benefit the village. He also is responsible for making out and sending out any village bills, as for sewer and water. Presently SEWRPC computers do much of this, but the bills must be rechecked. Compiling relevant figures for an annual budget was also another duty. Presently, Bill does more of the book-keeping while Administrator Dan Schmidt assists with reports and general administration. Bill must also be available to supply information to citi-

zens. His schedule is not fixed and changes every day.

The burgeoning work load has led Bill to believe the adage that "the world runs on paper."

Bill Martin was born and raised in Kewaskum - the son of William and Anna (nee Suka-waty) Martin. He graduated from Kewaskum High School in 1933. Commercial courses were his preference and he recalled that under the strict regime of 'Ma Brown', there was "no reason you shouldn't learn."

Bill then worked for his brother Arnold, aka "Sappy" in the oil distribution business for 17 years. Deutsch Sprechen was one of Bill's talents, so he didn't mind rural runs on the oil truck. "I would answer them in German," and "they were so surprised" to hear it "coming from a young fellow."

During this period, Bill married Dorothy Thom on September 3, 1946, whom he met when she was a waitress at the Republican Hotel, now the Glacier Inn.

Then in 1951, the Village of Kewaskum was completing its present Municipal Building and agreed there was also a need for a full-time Village Clerk. Bill applied for the job and was duly hired to begin work on February 1, 1951. He replaced Nic Puerling, who resigned as part-time clerk. The interim clerk was Augie Koch, who also headed the Water Department at the time. So, for a one-month training period, Bill had his office in the A. G. Koch grocery and department store which is now Coulter's Liquor. On March 1, 1951, Bill moved to the spanking new Municipal Building on First Street.

During the first five or six years, "it was a one-man operation." Adeline Tessar and later Paula Kutz were hired as

CONSIDER CHANGE IN DETERMINING HONOR STUDENTS

School Board Officers Re-elected Unanimously

By DAN MEILAHN
Statesman Staff Writer

The Kewaskum Board of Education, at its Monday night meeting, agreed to have honor students determined on the basis of grade point average over 7 or 8 semesters instead of only considering 7 semesters.

Pat Cardarelle was present to ask that any students, including her daughter, who most likely will earn above a 3.00 g.p.a. after 8 semesters be considered for honors, although they might have had under a 3.00 g.p.a. after 7 semesters. Mrs. Cardarelle was interested in seeing achievements of students recognized. She said, "I think that we need ... in Kewaskum, in this country, in this state, every single achiever we can hang on to." She continued that "if she does achieve the 3.00 at the end of the 8th semester, she has it coming, and any other student that's like her."

High School Principal Clark Pearson explained that each year there are some borderline cases which may be affected by whether 7 semesters or 8 semesters are considered.

He referred to a survey showing that over the past 7 years, only 6 students who maintained a 3.5 gpa after 7 semesters dropped below a 3.5 gpa after 8 semesters. Only 6 students below a 3.5 gpa for 7 semesters rose above a 3.5 gpa for 8 semesters. Only 7 students who had above a 3.0 after 7 semesters dropped below 3.0 after 8 semesters. Only 15 students who had below a 3.0 after 7 semesters rose above a

3.0 after 8 semesters.

Pearson said that there may be about 20 borderline students whose year end grade point after 8 semesters may take about 6 to 7 man hours to accurately determine. He said, "it will take some time, but it can be done."

Board member Jerry Secor commented that by only computing possible gpa changes around the 3.0 level and not concentrating on determining any distinction between honors

Dawn Martin, V-P of Staff Nurses Council of Milwaukee

MILWAUKEE, Wis. — The May 10, march for the Equal Rights Amendment and passage of the amendment won the unanimous support of delegates to the First Annual Convention May 2-3, of the Wisconsin Federation of Nurses and Health Professionals, AFT, AFL-CIO.

Delegates approved a number of other resolutions as well as elected officers to lead the state organization for the next year.

The delegates, sent by five affiliated locals representing more than 1,000 nurses and health professionals in Wisconsin,

put the state organization behind the ERA of its passage "as the 27th amendment to the U.S. Constitution."

Officers elected include, Candice Owley, Milwaukee, president of Staff Nurses Council of Milwaukee, Local 5001, President; Dawn Martin, Milwaukee, Local 5001, First Vice-President; Sandra Muesegades, Plymouth, chairperson

of Sheboygan Federation of Nurses and Health Professionals, Local 5011, Secretary-Treasurer; and Shary Mohelnitzky, Burlington, an officer with Burlington Federation of Nurses and Health Professionals, Local 5012, Recording Secretary.

Five Vice-Presidents also were elected who together with the officers, form the WFNHP Executive Council.

Owley, Martin, Muesegades, Beranek and McConnell all were elected to office at the organization founding convention last October.

Miss Martin is the daughter of Mr. and Mrs. Marvin Martin, Kewaskum.

"Raw foods can improve your health," says Dr. David Kirtchensky of Wistar Institute of Philadelphia. "The plant fiber in vegetables act to deter heart attacks by reducing cholesterol levels in the blood. It also helps prevent cancer of the colon."

Research shows that people who eat plant fiber in the form of vegetables, fruits, cereal with bran and whole wheat or rye bread have less colon cancer and heart disease. "Eat raw food for good fiber, good health," says Dr. Kirtchensky. [It will reduce cooking and energy bills also].

part-time secretaries. Norma Kluever was the first full-time secretary to Bill and stayed for 16 years. The present secretary, Jerry Burckhardt, has been there 5½ years.

Bill has seen many major changes within the village - the completion of the municipal building, the sewage treatment plant, the new village garage, and the new fire station. He has seen the village grow from around 1100 population in 1951 to the present 2600 population. The greatest change was "the amount of money you handle." In 1951, the tax roll was \$86,000 compared to slightly over \$1,000,000 today. He explained that of this, only 20% is kept by the village with the rest being dispersed to the public school and vocational school districts.

Bill explained his dedication to the village. He said the political and municipal government area "gets in your system." He liked the idea of daily changing concerns.

He served under Village Presidents Charles Miller, Jim Reigle, Wayland Tessar, Cy Wietor, Carl Freehauf, Bob Danielsen, and Jerry Stollenwerk. He said "the present board is very easy to work with," and that there was "nothing worse than a board where you have dissension," although he did add that occasional disagreements were healthy. He enjoys seeing new faces in village government. "Everyone brings new ideas in, which I think is good. In this day and age, you can't stand still."

As clerk, one of Bill's major accomplishments was to "bring our procedures up to date" and implement "new accounting systems." Prior to the full-time clerk, records were often vague and unorganized.

A seldom realized accomplishment of Bill's is his role in the revision of the outdated election laws in the State of Wisconsin. In the late 60's he was appointed by the governor to this Legislative Committee which met 28 times at Madison over a two year period. This committee was chaired by Bill Steiger, whom he became personal friends with. Bill admits that they "put together a good piece of legislation" which was

approved by the legislature with a few changes.

Bill is very active in the Clerk-treasurer and Finance Officers portion of the League of Municipalities. He makes it a point to attend all of the seminars and informational meetings they offer. In June, the clerk's portion of the League holds its annual banquet. Bill has served as emcee for this and usually serves as a moderator or participant on a panel. He is generally on the election panel due to his experience in this area.

Bill has also earned over the 100 points needed for certification in the International Institute of Clerks. Points are based on consistent experience, service, and seminar participation.

On the local level, Bill was a member of the Kewaskum Fire Department for 41 years and associated with the ambulance service since its inception in 1952. Some of Bill's most hectic and interesting experiences were during this time.

The first ambulance was a funeral coach donated by Miller's. Bill was on the squad during the polio scare of the late 40's and 50's. "We hauled more kids with suspected polio than you could shake a stick at." Fortunately, most of the suspected cases did not materialize or were very mild.

Bill tells the story of one such trip to the Milwaukee Children's Hospital. It was on the day when John F. Kennedy was making a campaign stop at Mitchell Field. The ambulance personnel had radioed ahead for a police escort. One Milwaukee squad car met them at the city limits, but apparently the driving officer was displeased that he had been diverted from the JFK visit. So in disgust, he drove through the city and down Wisconsin Avenue at 70 mph such that Bill's ambulance could not keep up. Upon arrival at the hospital, the officer wanted to know why the ambulance was always two blocks behind. By this time, Bill was equally peeved and just told him to go away.

Several years later, Bill met the youth they had transported that day. The youth remembered quite vividly how "Mr. Martin" had tried to keep him from sitting up to see what was happening during the 70 mph ride.

Bill has also been the Treas-

urer of Holy Trinity Church for 30 years and a member of the Holy Name Society. He enjoys 4th degree status in the "Our Lady of Holy Hill" unit of the Knights of Columbus and has been a past Navigator of that organization. Bill was unable to join other service clubs because their meetings were often held the night of village board meetings. Bill wisely explained, "if you can't be active in it, no sense in joining."

For 30 years, Bill has been bowling in the same league at Lighthouse Lanes and boasts a 160 average. He enjoys gardening, watching baseball or any other sport, and travelling. And, of course, he tries "to get to the horse races once a year."

Kewaskum's Clerk-Treasurer may realize that the world runs on paper, but that paper means nothing without certain people to write and compute on it for the overall benefit of other people comprising either a village or society as a whole - people like Bill Martin who deserves the entire community's appreciation for their administrative effort.

and high honors at the 3.5 level, it would save some time.

The honor students are announced at a senior class meeting, but it looks like an updated final tabulation of honor and high honor students will be announced on graduation night, May 30.

Board officers were re-elected, each on a unanimous ballot. President of the Kewaskum Board of Education remains John Tessar. The Clerk once again is Richard Theusch. Byron Gessner was again chosen Treasurer.

Tessar appointed various standing committees. The Transportation Committee includes Jean Goeden and Jim Oelhafen, and is chaired by Byron Gessner. The Salary and Negotiations Committee for certified staff includes Gessner and Richard Theusch, and is chaired by Jerry Secor. Dr. Charles Ogi is Chairman of the Salary and Wage Committee for classified personnel which includes Secor and Oelhafen. Theusch heads the Grievance Committee which includes Ogi and Tessar. Theusch will join Goeden and Tessar on the Budget Committee. Tessar wished to have 3 people on each committee to resolve any impasses which may arise. Tessar also volunteered to serve as board representative to a committee on special education concerns if the district has any future projects through CESA 13.

The board moved to deny any student, although he or she may be of age, to take any driver's education course until they have begun classes in the freshman year. Middle School Principal Ken Erickson and Pearson reported that two 8th grade students who may not graduate from middle school had signed up for summer school driver's ed. classes, hoping to get behind-the-wheel training. These students who wish to drive and attend summer school are many times the same ones who do not regularly attend during the school year. The board looked unfavorably upon such capers as there are already some 200 students taking driver's ed. per year.

Action on a proposed bussing contract for 1980-81 was tabled with no recommendation at this time by Transportation Committee Chairperson Byron Gessner. In a meeting, Irv Gorecki of Johnson Bus Co. told

Business Manager Bob Borch and Tessar that a 12% increase was likely. The Transportation Committee preferred a 9-10% increase. Chuck Johnson of Johnson Bus, said in a phone conversation he'd settle for 11.24%. This is the same amount of increase they are proposing to the Fond du Lac School Board. Borch reported that last year there was an 8.2% increase in the Fond du Lac contract but only an 8% increase here.

Last year the bussing contract involved \$370,000 with \$283,000 going for the contract and \$87,000 gasoline. The only other change in the contract would be to allow the use of buses older than 7 years for regular transportation.

Teacher resignations were accepted from Gail Filzen, a middle school phy ed. teacher, who wishes to devote more time to home-making; and from Dan Laffe, a high school graphic arts teacher who is moving to west central Wisconsin to operate a dairy farm.

A teacher contract was approved for Cathy Johnson. She will be teaching middle school phy ed. and health and coaching some basketball and track. Cathy has been a substitute at the middle school the past semester as well as a swim instructor at the Kewaskum Park.

John Nell was hired as a phy ed. and health teacher at the high school. He will also coach some football and wrestling. John is listed in Who's Who in Colleges in 1980.

A child care leave was granted for Mary Jane Buddenhagen, an elementary art teacher. The contract does allow one-year leaves for child-rearing.

A request for summer school transportation and tuition to the West Bend District for a severely handicapped child was approved. A 54-hour summer tutorial program within the district for one severely handicapped TMR student was also approved.

A contract for computer services with CESA 16 was approved. There is approximately a 10% increase over last year with the total cost being \$24,427. This will provide data processing at the high school for scheduling, grading and 4 hours of daily computer related instruction. At the administrative level, the computer will provide services in budget preparation, payroll system, and accounting system.

A breakdown of sports costs was examined by the board with no present action. This shows

that for this school year a grand total of about \$67,000 will be spent on athletic related salaries, officials, supplies, equipment, and bussing.

Ogi wished to know the situation around the state as far as potential cuts in the sports area. Supt. of Schools Floyd Brenholt reported that nothing drastic had yet occurred. He also offered the opinion, but not necessarily a recommendation, that the smaller inexpensive sports would be cut first. "It isn't going to be the big ones that are going to go," he said, referring to football and basketball.

Tessar expects to appear before the Kewaskum Village Board next Monday to determine an equitable means of sharing replacement costs for burned out lights on the athletic field. The school replaces bulbs in the spring and the village replaces bulbs in the fall, however, there are presently 23 lights out which are not necessarily the result of football games. The issue of installing sidewalks to save bussing costs will also be addressed to the

Village Board.

The Cheerleading Code was approved. The Athletic Code may be ready for presentation to the board in June.

A trip to Mexico that originally had been planned as a school function is now being dissociated from the school and will be done on a private basis.

The middle-aged woman with a nice figure may be only a bulge in a girdled cage.

Junior Jargon

The May Kewaskum Junior Woman's Club meeting featured Mrs. Nancy Bell from Rogers Memorial Hospital. She presented the merits of the Hospice program to club members. The Hospice program at Rogers Memorial Hospital provides care and support designed to meet the special needs of terminally ill patients and their families. It stresses death with dignity and we all must admit death is the natural culmination of life. At Hospice the staff feels the family of the patient should

be the primary unit of care. The staff provides pain control if wanted and stresses the quality of life remaining. There is always time to talk and talking tends to calm people's minds.

The club year may be winding down but members are still very active. The Home Life committee will visit Beechwood Rest Home again in May as well as presenting baby booties to new mothers at St. Joseph's Hospital. A poison prevention puppet show will be presented to 168 area kindergarten students. The Education committee has presented a \$400 and a \$200 scholarship to two area students as well as an additional musical scholarship.

The International Affairs committee in cooperation with the Key Club at Kewaskum High School will be sponsoring a mini-olympics on Saturday, June 21, at the high school grounds. Relays, running and jumping activities, obstacle courses and other fun things will be provided for students age 7 - 12. Watch for details later.

Gwen Schmidt of Hwy H in Campbellsport was proud winner of the home-made quilt at the recent bake sale sponsored by the Kewaskum Juniors. Congratulations!

Happy Birthday WILMER!

IN MEMORY

In loving memory of Ivan Buss, who passed away three years ago, May 15, 1977:

They say that time heals all sorrow
And helps us to forget
But time so far has only proved
How much we miss you yet.
God gave us strength to take it
And courage to take the blow
But what it meant to lose you,
No one will ever know.
Sadly missed by the family.

**Sensenbrenner to
Seek Re-election**

Congressman F. James Sensenbrenner, Jr., Republican from the 9th Congressional District, announced his candidacy for re-election Friday.

In his statement of announcement Sensenbrenner indicated he has voted for every tax cut and every budget cut with the exception of national defense.

Sensenbrenner said: "The present proposals by the Democrat Congress all call for balancing the budget by increasing tax revenues. Anyone can balance their budget if they receive more income. The taxpayers have carried the burden

and the government has to do as you and I — cut spending.

We have seen our international prestige plummet to a new low when a band of outlaws would even dare take American diplomats as hostage within our own Embassy walls.

We now have seen a clear demonstration of our inability to discourage aggression as witnessed in Afghanistan.

Most Americans, and especially the people in Wisconsin, share these concerns. The facts are, we who feel that way, are in a minority in Congress. I want to make sure our views are reflected in the Congress and that is the reason I wish to return to the Congress of the United States."

Congressman Sensenbrenner has served one term in the U.S. House of Representatives. He serves on the Judiciary Com-

mittee and the House Ethics Committee. Sensenbrenner represents the 9th Congressional District which includes Waukesha, Ozaukee, Washington, Jefferson, part of Dodge counties and the North Shore of Milwaukee County.

Sensenbrenner is married to the former Cheryl Warren.

Newest member of Area Moraine Realty's sales staff is Sharon Strassburg of rural Elmore. She is a recent graduate of MPTI, Fond du Lac Campus, where she studied all aspects of real estate principals and practices. In her new position with the Campbellsport-based realty firm, she will specialize in homes, agricultural, recreational, commercial and lake properties.

Sharon, a lifelong resident of our area, is the daughter of Si and Vi Stoffel, who operate a tavern business under that name in Elmore. She can be reached through the Campbellsport home office or at 533-8476 days, or 533-8632 nights.

**Celebrate
Homemakers
Week in County**

The Washington County Extension Homemakers celebrated National Extension Homemakers Week, May 4-10.

What are extension homemakers? They are groups of friends and neighbors who meet on a regular basis to get the latest information on what's new for your home and family, to learn how to do things you want or need to know, and to meet with other homemakers for facts, fellowship and fun.

Who can belong? Any person, and age, interested in keeping up to date, regardless of race, color, sex, national origin or economic status, is welcome to join.

What does it cost? County dues are \$2.00. Each local club may set their own dues to finance club activities.

Where and when do clubs meet? Where and when is up to you if you are forming a new club. Wherever it is convenient, in homes or public building. When your meeting is held depends upon the members.

What is the program? Topics which are studied each year are determined by the leaders and officers of the organization after considering local problems and needs of the individuals. Topics being studied in 1980 include energy conservation in the home; Carribean; vegetable gardening; women—a practical plan (life insurance); drying foods at home; creative crafts; how to save money on meat; environmental emergencies; and a special program on being a woman, alone (death and dying). The educational programs are carried out through leader training, workshops and discussion groups.

If you are interested in becoming an extension homemaker, call 338-4479, 644-5204 or 342-2929 for more information.

The total number of people in attendance was 56 of which 44 interested people were present to either speak pro or con. The number of those that spoke totaled 18, the testimony of which shall be in the transcript in its entirety.

Apollo's Lyre was represented by their attorney and the Village Board did ask questions of the people in attendance and also for their suggestions in reference to the matter. Following the discussion Trustee R. Herriges made a motion to hold a special meeting of the Board

Tuesday evening, April 29, 1980 at 6:30 p.m. which will convene into closed session under 19.85 (1) (a) to deliberate and act on the matter of Apollo's special meeting (hearing) April 28, 1980. The motion was seconded by Trustee P. Blumer. Discussion was held on the motion and Mr. Charles H. Hathaway, the attorney for Apollo's, was asked if the 24 hour notice for the special meeting would create a problem. He told the Board due to the urgency of a decision it would be impractical to wait in which case shorter notice may be given. Voice vote was unanimous.

Upon motion by Trustee D. Nigh, seconded by Trustee C. Spoeth and unanimously carried, the Board adjourned until 6:30 p.m. April 29, 1980.

Special Meeting
April 29, 1980
6:30 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in special session in the council room of the Municipal Building, 204 First Street.

The special meeting was called for the purpose of arriving at some appropriate solution to the Apollo's Lyre dance permits and other problems.

President Gerald Stollenwerk presided. Five Village Trustee members were present with Trustee D. Nigh absent. Village Attorney G. Kiefer was present.

A motion was made by Trustee R. Herriges, seconded by Trustee P. Blumer to convene into closed session under chapter 19.85 (1) (a) of the statutes, to deliberate and act on the matter of the Apollo's special meeting (hearing) of April 28, 1980. Voice vote was unanimous.

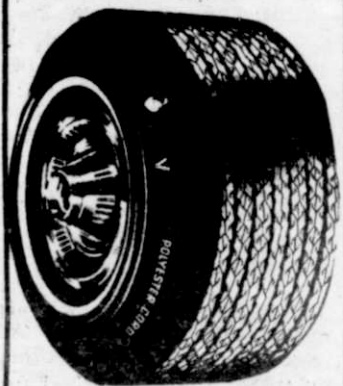

Discussion was held on the matter of the Apollo's special meeting (hearing) of April 28, 1980. Several alternatives were discussed in great detail after which a motion was made by Trustee D. Mlodzik, to discontinue the issuance of dance permits and to revoke or refrain from issuing the dance hall or pavilion license to the premise

located at 1310 Riverview Drive (known as Apollo's Lyre, premise owned by Ralph Scott, licensed by Randolph Scott and Kevin Kearns) for an indefinite period of time. This action was taken to maintain peace and good order of the village (in reference to the numerous complaints, problems, safety hazards and the public peace which is constantly being violated) for the health, safety, welfare and convenience of the public. The second for the motion was made by Trustee C. Spoeth Jr. A roll call vote was ordered with six (6) voting yes, zero (0) voting no. The motion was carried unanimously and is effective immediately.

Upon motion by Trustee R. Herriges, seconded by Trustee J. Rohrer and unanimously carried, the Board adjourned.

County Fair Book Dedicated

The Washington County Junior Fair wishes to announce that the 1980 Premium Book is dedicated to Hope and Bob Cross of West Bend, active 4-H leaders and supporters of the county fair.

Each year, the fair office, U.W. Extension Office and the Washington County Fair Committee selects to dedicate the fair book to someone they feel has been an outstanding supporter of the county fair.

Many Washington County youth have benefited from the contribution of Bob and Hope Cross. They have been leaders in the Badger Boosters 4-H Club for more than 15 years.

Sensenbrenner Urges Dreyfus to Oppose Pike Lake Project

WASHINGTON, D. C. — Ninth District U. S. Representative F. James Sensenbrenner, Jr. urged Wisconsin Governor Lee Dreyfus to oppose the controversial expansion of the beach at Pike Lake State Park near Hartford.

The U. S. Army Corps of Engineers is reviewing the Wisconsin Department of Natural Resources' application to proceed with project, and has asked Governor Dreyfus for his recommendation on it.

Sensenbrenner pointed out to Dreyfus that public hearings in April, 1978, and January, 1979, clearly showed the strong rejection of the Pike Lake beach expansion by Hartford area residents.

"You have been quoted as having said, 'Let the people decide.' The people who would be most affected by the proposed beach expansion have decided, long ago, that they don't want the expansion. I urge you, therefore, to add your opposition to the project," Sensenbrenner wrote the Governor.

Sensenbrenner has strongly opposed the Pike Lake project, as did his predecessor, former Rep. Bob Kasten.

The Army has asked for Dreyfus' comments on the project by May 20, but reports from his office have indicated he will not make a recommendation either way, which may clear the way for approval by the Army for the DNR to proceed.

Open House at State Parks

The recreational opportunities you seek on your vacation may be as near as the closest state park or forest, according to Department of Natural Resources' park officials.

May 18, date of the 8th Annual Open House at State recreational facilities, offers an opportunity for you to explore a state park or forest near your home and become acquainted with the picnicking, hiking, camping, swimming, boating or other forms of recreation offered without being required to pay the vehicle admission fee. The fee will be waived on that date.

"The gasoline price situation this year may influence many of us to plan our vacations and other recreational outings at locations closer to our homes," commented Loren Thorson, director of recreation programs for state parks and forests. "May 18, open house day, would be a good day for you to plan a visit to a nearby state park or forest and discover the wide range of recreational opportunities available there."

Thorson noted that there are over 523,000 acres of state park and forest lands providing many recreational facilities. There are 41,000 feet of beach frontage with 142 boat launching facilities available for water-related activities. A total of 52 miles of nature trails and 605 miles of

hiking trails are available for use, and there are 92 miles of horse trails. Thorson added that 60 shelter houses are provided along with 5,370 picnic tables and 1,886 grills.

The state areas provide 5,178 campsites, although the camping fee will not be waived during the open house on May 18.

Open House Day is a "gesture of hospitality" to local citizens, community groups, governmental officials, media and others who have expressed an interest in the care, development and support of Wisconsin's state parks and forests.

Village Sport Shop is especially proud of this fish because it was caught on a yellow and orange jig tied by Jerry Geidel and available only at their store.

No large mouth bass were entered so the prize went to Jeff Geidel, West Bend, who brought in a 16 lb., 15 1/2" small mouth caught on the Milwaukee River.

Allen Wiesner, Kewaskum, took walleye honors with his 7 lb., 29" fish caught on Boulder Lake.

Village Sport Shop would like to thank everyone who brought in fish and reminds everyone that huge fish are not always necessary to win the weekly prize, only the biggest of that week. There are no entry fees or pre-registration. Stop in the store for more details.
