Daylight Saving Time ends at 2 a.m. Sunday. Turn your clock back an hour before retiring Saturday night to gain back the hour lost last April.

Former Bank Converted Into Church

The Pentecostal Church of God, headquartered in Joplin, Mo., is proud to announce the opening of a new church at 120 Main St., Kewaskum.

The former bank building has been remodeled to seat 100, with Sunday School rooms, and nursery.

The new pastor is Rev. Richard D. Littleton, who comes from northern Wisconsin with wife Sharon and one son, Kevin 16.

Special dedication services are to be held Saturday, Oct. 25.

Rev. Herman Spencer, the Wisconsin District Superintendent will be speaking at the 1 p.m. service and Pastor Littleton will be speaking at the 5 p.m. service. There will be a luncheon between services.

The public is invited to join the congregation in worship on this special day.

Village Administrator's Duties Are Expanded

By GERRY MUELLER
Statesman Staff Writer

At Monday night's meeting, Village Board President Gerald Stollenwerk announced that as of October 20, 1980, Dan Schmidt will serve in his capacity as Village Administrator on a full-time employee basis.

Among Schmidt's added duties will be the coordination, direction and supervision of all

village departments with all departments reporting directly to him, rather than the Village Board. Schmidt's salary will be increased to \$19,250.00 per year.

The Village Board feels with this personnel realignment, there will be better coordination and communication between all departments and employees as well as more efficient use of village manpower and equipment resources.

Village May Lose Federal Sharing

Dan Schmidt reported on the status of the budget. No exact figures are available at this time. The county will not project their sharing figures until the middle of November. Tax bills will be running into December because all the necessary Revenue Sharing information is not available. The village was notified by the state that due to the census and budget cuts, Kewaskum's original funding has been cut by \$53,000.00, from \$278,000.00 to \$224,792.00. On the Federal Revenue Sharing, Kewaskum will receive its last payment of approximately \$55,000.00. The Federal Funding program has expired

and unless Congress re-enacts this bill, there will be no future Federal Revenue program. Since the program went into effect with the state cut of \$51,000.00 for 1981, and a loss of Federal Revenue Sharing, Kewaskum could be looking at an approximate deficit of \$100,000.00 for the 1981 budget.

The Board approved issuance of a Class "B" Liquor and Malted Beverage license to Thomas Gundrum. Gundrum will become the new proprietor of the Homestead Supper Club, leasing the business from present owner Robert Klein.

No Application Made Here for Nursing Home

Dan Schmidt said he had received several inquiries about a proposed nursing home in Kewaskum. He said that no one, including himself or the Planning Commission had been contacted regarding such a project. The story carried by WBKV and the West Bend News was considered to be a rumor which started because the Beechwood Nursing Home has made application for a 74-bed full care facility in Washington County. The same application had been made to Sheboygan County but it was denied because of adequate facilities in that county. For this reason, Beechwood Nursing Home then applied to Washing-

ton County were statistics show a need for such a facility. However, to date, no such project seems to be in the planning and nothing is zoned in the village to accommodate such a facility.

Jeff Rohrer reported the Parks Committee received a state check for \$14,472.79, as reimbursement for park projects.

Don Mlodzik reported Library Board members attended a meeting in West Bend. The major topic was a County Library system. The program, however, does not have adequate funding and the county does not seem willing, at this

Your HEALTH TIP

from Tom Leitzke, R.P.H.

Why eat an apple instead of candy? Comparing one large apple with 1 oz. of chocolate creams [each approx. 110 calories] we find 4 grams of fat in candy, less than 1 in the apple. But look - the apple has 12 mg. of calcium, 20 mg. phosphorus and .6 mg of iron, while the candy has none of these essential nutrients.

The apple has vitamin A and C, thiamine, niacin, and riboflavin - the candy has none.

time, to provide the additional money required to operate this project. It was noted that Sheboygan County wanted to drop their program because of the cost.

Charles Schultz submitted his resignation from the Board of Appeals due to conflict of interest in some cases. The Board accepted the resignation and appointed John Tassar to fill the unexpired 2 years of the term. Richard Schmidt was appointed to replace Tassar as alternate.

Dan Schmidt read a letter from the Board of Appeals to Peter Knaup approving his variance request to build a 25-unit elderly housing unit in the Meadow Creek Apartments Complex. The Board moved to grant the variance.

Dan Schmidt presented figures from disposal companies for removal of sludge from the treatment plant. Waste Management Control submitted a price of \$400.00 for one 12 cubic yard container emptied once a week, plus a poundage charge. Schmidt said two such units per week would be needed, and the second container would be "slightly less" than \$400.00 Diamond F submitted a bid of \$300.00 per 15-20 yard load plus \$1.75 per gallon.

Paul Blumer felt both of these bids were out of the question.

Schmidt suggested contacting Roger Neuman to see if some solution can be worked out with him. Stollenwerk and Blumer said they would talk with Neuman. Dan Schmidt thought Kewaskum could bag the sludge and sell it like Milwaukee, however, he was told by the DNR an order had been issued to Milwaukee stopping further sale of Milorganite. Permutit Corporation requested payment of the final 20% owed on the dewatering unit. The Board approved payment. The meeting adjourned.

Kempf-Panzer

Pamela Jean Kempf and Jeffrey Paul Panzer exchanged marriage vows during a 1:30 p.m. ceremony on Saturday, August 30 at St. Matthias Church, Town of Auburn. Rev. Walter Morgan officiated.

Parents of the couple are Mr. and Mrs. Leander Kempf, Route 1, Kewaskum, and Mr. and Mrs. Eugene Panzer, Route 3, Kewaskum.

Providing music for the nuptials were the organist, Lori Panzer, cousin of the groom, and the soloist, Leander Kempf, father of the bride.

Kristine Schoofs, Kewaskum, cousin of the bride, served as the maid of honor. The bridesmaids were Lynn Gaffke, Kewaskum, Lu Ann Kempf, West Bend, Carrie Kempf, La Crosse, Lisa Kempf, Kewaskum, and Holly Kempf, Kewaskum, all sisters of the bride.

The groom chose his brother, Douglas Panzer, Kewaskum, as his best man. The groomsmen were Randall Koepke, Adell, friend of the groom and cousin of the bride, Roy Garbisch, West Bend, Tom Rohlinger, Kewaskum, Dale Flynn, West Bend, and Dan Schroeder, Kewaskum, all friends of the groom.

Sharing ushering duties were James Gaffke, Kewaskum, brother-in-law of the bride, and Gary Panzer, Kewaskum, cousin of the groom.

A reception, buffet supper for 270 guests, and dance was held at the A and Z Hilltop, Batavia, following the ceremony.

The bride is a 1979 graduate of Kewaskum High School and is employed at West Bend Company. The groom graduated from Kewaskum High School in 1976 and is employed at Delhing-Voight.

The couple is residing in Kewaskum.

When a groom carries his bride over the threshold, he is reflecting an old custom which is supposed to have originated in the days when brides were taken by force.

Campbellsport Art Show

Jean Kuhnke

The Community Savings & Loan of Campbellsport is sponsoring an Art Exhibit featuring Jean Kuhnke and some of her students. The exhibit will be located in the lobby of the Community Savings & Loan from Saturday, October 25, through Saturday, November 1. Jean Kuhnke has studied

with well known Waukesha artist, Mercedes Bruss, as well as various other accredited institutions. Although she enjoys painting landscapes, seascapes, still life, etc., her first love is portraits. A variety of subjects will be on display at the art show. Jean is at present teaching oil painting in her

home studio.

The Kettle Moraine area offers tremendous inspiration in all seasons for artists. Jean would like to see Campbellsport become well known for their further development of area artists. This art exhibit will be introducing two such artists, Taira Grub from West Bend and Ruth Egerer from Kewaskum.

The Art Exhibit will be open to the public during the regular business hours of the Community Savings & Loan.

County Coordinators For Kasten Named

Coordinators for the Washington County Kasten for Senate campaign have been announced. They are: Jim and Mary Larkee; Leo and Simone Scholtz, all of Hartford; John Steilen of West Bend, and Jack Walters of Allenton.

The announcement was made by Bob Kasten, Republican candidate for the United States Senate.

County chairpersons are responsible for coordinating Kasten activities throughout

their portion of the state. The Kasten network of volunteers is gearing its efforts toward the November 4 election with signs, rallies, bumper stickers, buttons, fund-raising events and telephone calls to voters on election day.

Indications are that the issue-

oriented Kasten campaign is taking effect. A state-wide privately commissioned poll by the Kasten for Senate Committee revealed that 46% of the respondents would vote for Kasten, 44% for Gaylord Nelson, and the remaining 10% were undecided.

U.S. Air Force to Present Aviation Program at KHS

The U. S. Air Force Orientation Group will present a fast paced multi-image story of aviation entitled "Pioneers of Flight" at Kewaskum High School, Friday, Nov. 7. The program will be shown in a 45-seat mobile theater from 7:45 to 3:00.

The 15-minute presentation highlights the progress of American aviation from the beginning of powdered flight through today's space age and provides a preview of aerospace plans for tomorrow. The story is told by using exploits of key aviation pioneers, with their voices adding a special dimension to the program. Viewers

will see and hear Jimmy Doolittle describe his record setting experiences and the 1942 Tokyo air raid. Jackie Cochran, the first woman pilot to fly faster than the speed of sound, tells of her commitment of flight and the place women have made for themselves in aviation. Astronaut Charles Duke describes his sensations when he walked on the moon. The show concludes with a brief reference to Air Force people and job opportunities in the Air Force.

Artwork, photographs and an original musical sound track provide visitors an aviation experience. Fifteen programmed slide projectors, five screens and a stereo sound system are used for the presentation.

Dave Wietor, Guidance Counselor, in cooperation with the Air Force, will sponsor the show.

Key Club Provides Trick, Treat Service

A trick or treating service will be run by KCHS Key Clubbers October 30 for 5-11-year old kids in the Kewaskum area.

Key Clubbers will be available from 5-7 p.m. to take children out in half hour time slots. Children will be picked up at their doors and taken to neighborhoods specified by the parent. Kids up to two miles from the village will be picked up by adult-driven school vehicles.

For reservations, parents must call on one of the following dates: Monday, October 27 — 626-4874; Tuesday, October 28 — 626-2391; Wednesday, October 29 — 626-2935. Please call between 3:30 and 6:30 p.m.

The program is designed to provide protection for younger children, to give children the opportunity to go out who otherwise would not have the chance, and to free parents' time.

Rep. Sensenbrenner Appears in Village

U.S. Rep. F. James Sensenbrenner, Jr. (R-Shorewood) made several appearances in Washington County Monday and Tuesday as part of his campaign for re-election to Congress.

Sensenbrenner spoke on different subjects at several high schools, nursing homes, and civic group meetings in the area, and was featured at a "Candidate's Day" at the Washington County Republican Party's headquarters in West Bend.

Sensenbrenner's schedule included an appearance at the Kewaskum Kiwanis Club meeting at the Homestead Restaurant, 1139 Fond du Lac Avenue, from 5:45-7:30 p.m., Monday. His topic was "U. S. Economy."

In addition to his prepared remarks, Sensenbrenner also responded to questions from the audience and new media representatives in attendance.

AFS Carnival At High School

The fall winds haven't chilled the carnival atmosphere for the adult AFS Chapter. In coordination with the annual Chili Supper, the 2nd annual AFS Carnival will be held in the old gym at the high school Wednesday, October 29, from 4:00 to 7:30.

All grade school and middle school students, along with any other interested people, are invited to take part in the fun. The evening will feature 10 carnival games such as "Duck Shoot," "Strike-Em," "Bumper Car," etc. In addition, we will feature a "Cake Walk" in which the participants will win a cake of their own.

A new feature of the carnival will be the JAIL. Anyone can pay to have someone else arrested. That person will remain in jail until someone else is arrested.

Popcorn and soda will be available to add to the carnival atmosphere.

A plant sale will take place in the hall between the gym and the cafeteria where the chili supper will be in progress. Tickets will be sold at the door and will cost 5 for \$1.00. Prizes will be awarded at all games.

Come and enjoy the fun, eat some chili, and take this opportunity to meet and talk to our foreign and domestic students. The girls from Thailand and Austria will be in costume. These students and our domestic students will have a table set up with items from their area. They're looking forward to meeting people from our area and answering any questions you might have.

All proceeds from this event go towards the expenses involved in continuing our exchange student program. We need your support.

AFS Chili Supper Next Wednesday

The AFS Club of Kewaskum High School will hold its annual Chili Supper on Wednesday, October 29, from 4:30 to 7:30

J & J AUTO SERVICE

RADIATOR OIL.

Occasionally we have customers ask at J & J AUTO SERVICE about the tiny oil deposits on top of the radiator fluid.

These oil droplets come from the various radiator additives which contain pump lubricants, and are nothing to worry about. If there is a further question of a leaking head gasket, we check the crankcase oil and combustion gases.

This is the time of year when a further check-up of the radiator, heater hoses, anti-freeze and so on should be made before frigid weather sets in. Drive over to 450 E. Main today and beat the cold weather rush. We got plenty of time now. We'll even pick-up and deliver your car if you're busy in your own business. Phone 626-2311.

p.m. in the high school cafeteria.

Advance tickets are available from any AFS club member or can be reserved by calling the high school at 626-2166. They can be picked up at your convenience. The price of advance tickets is \$2.50 for adults and \$1.50 for children. Tickets at the door will be \$2.75 and \$1.75.

The two AFS students, Isa Koch and Lek Mahasakhun-yong, will have displays from their native countries.

In addition, the adult chapter is having a Carnival from 4:00 to 7:30 p.m. in the old gym of the high school. There will be games to participate in and winners will receive assorted prizes.

So for a good meal and lots of fun, see you at the AFS Chili Supper.

Public Viewing of Presidential Debate

At West Bend Library

A public viewing of the Tuesday, October 28, presidential debate will be hosted by the League of Women Voter's of Washington County. The event will begin at 7:30 p.m. at the West Bend Public Library. Local personalities will critique the performance of the candidates.

For those attending, score cards will be available to rate the candidates on their stand on the issues.

Viewing equipment is courtesy of Steiner Electric, West Bend.

Sensenbrenner Speaks at Local Chamber of Commerce Meeting

Conservation programs have reduced American's energy consumption, but now it's time to embark on a "crash" program to develop new U. S. energy resources and more tax incentives for their use, U. S. Rep. F. James Sensenbrenner, Jr. told the Kewaskum Chamber of Commerce on Wednesday, October 15, at their monthly meeting at the Savings and Loan meeting room.

Asserting that conservation can reduce consumption only so much, Sensenbrenner said emphasis must now shift to perfecting alternative energy sources like solar, geothermal, and wind energy.

"We have created a national Synthetic Fuels Corporation to accelerate the development of fuel from semi-conventional sources like coal, oil shale, and tar sands," Sensenbrenner said, "Now we should use the

same government-backed support for private sector development of solar and other renewable energy resources."

Sensenbrenner explained that Congress created the Synthetic Fuels Corporation to finance the construction of synthetic fuel plants by private industry and the marketing of the fuels they produce.

Also needed, according to Sensenbrenner, are more incentives for homeowners and businesses to invest in the installation of alternative energy equipment, such as solar heaters or windmill electric generators.

He suggested that incentives for using solar and other new system could come in two forms: tax credits for home installations much like those allowed now for energy conservation devices, and new accelerated depreciation sched-

ules for businesses installing such alternative energy systems.

"Our space program proved we have the ability to make great technological strides in short periods of time, so we should apply that ability now to new energy sources," Sensenbrenner concluded.

NAME OMITTED

The name of Mrs. Rebecca (Philip) Erber was inadvertently omitted as treasurer of the XYZ Senior Citizen Club in the anniversary article in last week's issue where the officers were listed. Her name was omitted by the person presenting the article.

Wisconsin Farmers for Carter/Mondale

Kewaskum Statesman, Friday, Oct. 24, 1980, Page 11

'Vote for Carter Most Important Investment Farmers Could

Make in Their Crops — Insures Strong and Stable Farm Markets'

A committee of Wisconsin Farmers for Carter/Mondale has been formed to increase voter turn out in the state's rural areas, the President's state headquarters announced today.

Gil Rohde, a Glenwood farmer and past president of the Wisconsin Farmers Union, has been appointed chairman of the committee.

He said the committee is made up of more than 50 farmers from throughout the state and will concentrate its effort in the first, second, third, sixth, seventh, eighth and ninth congressional districts. He added that the group's efforts would emphasize voter turn out and building visibility for the Carter/Mondale ticket in the

state's rural areas.

"It's not easy to organize a get-out-the vote effort in Wisconsin's rural areas, but we're trying a variety of things to get people interested and to the polls on election day," Rohde said.

The former Farmers Union president said the committee's activities include distributing and putting up barn signs, making telephone calls, placing bumper stickers on tractors and other farm vehicles, talking at farm meetings and distributing special literature that emphasizes farm and agricultural issues.

He said that the farm committee's efforts were boosted by recent news reports that less than 50 percent of those eligible plan to vote and a commitment from Carter's national and state headquarters to actively pursue the rural vote in Wisconsin and elsewhere.

"There really are a lot of votes out there to be won," he said, "and with such a clear choice, President Carter should win most of them."

"Taking off a hour on November 4th to vote could be the most important investment farmers make in their crops during the next four years. If enough of us get out and vote, we'll be taking the first step towards insuring strong and stable farm markets for the next four years," Rohde said.

Rohde criticized Ronald Reagan for saying that we should "get government out of the way" of farming and turn it loose in the free market.

Members of the Farmer for Carter/Mondale Committee from this area include Armin Arndt of Random Lake, Kenneth and Mary J. Rhein of Brownsville and Don Uelmen of Eden.

Historical Society Meets

The Kewaskum Historical Society met Tuesday evening, Oct. 21, in the Valley Bank meeting room, with President Dan Schmidt presiding.

Minerva Martin volunteered to fill out the unexpired term of Clifford Stautz as secretary for the remainder of the year.

New business discussed was the annual dinner meeting to be held Nov. 18 at the Glacier Inn. Reservations must be in by Nov. 10.

Thank you cards will be sent out to business places and persons who donated or helped the cause of the Historical Society.

Movie Madness sponsored by the Historical Society will be shown Friday and Saturday, Oct. 24 and 25, at 8:30 in the Valley Bank meeting room, Kewaskum. Admission will be \$1.00 for children and \$1.50 for

adults. Popcorn, candy and soft drinks will be served.

Memorials were given in honor of Virginia Miller and Clifford Stautz. A moment of silence was observed for Mr. Stautz who passed away last week. He had been presently serving as secretary and was past president of the society.

A tentative plan was made for the Kewaskum Historical Society to visit the Washington County Historical Society Museum on March 17, 1981.

Marvin Martin, Helen Felix and Jim Paul were appointed to be on the nominating committee for the January, 1981, election of officers.

Nov. 5 at 6:30 p.m. was selected as a work night to winterize the museum.

A preview of part of Movie Madness was shown.

Meetings are always held the third Tuesday of each month in the Valley Bank meeting room, unless otherwise specified.

LETTERS TO THE EDITOR

From Gervase A. Hephner seeking re-election from the 6th Assembly District

October 14, 1980

Dear Editor,

Local media in the area played a news release from the 6th Assembly District Republican candidate on her campaign finance disclosures. Her statements on the effect of special interest influence in political campaigns, however, not only show the political naivete on the part of my opponent, but they also represent one of the worst cases of political demagoguery I have ever heard.

The part of her release that I find particularly improper is her claim that I am "an ineffective legislator whose vote has been bought and paid for by special interests." I resent these dirty campaign tactics which ignore the real issues.

First is the claim that special interest contributions are wrong, that the interests of district taxpayers will not be represented. The fact is that voters, themselves, are often a part of some special interest. The factory worker contributes to a labor political action committee. Small businesses group together through their state federations. Farmers gain political influence through various farm groups. Teachers and school district officials have their own organizations in which to exert political pressure on state elected officials.

The fact that my opponent is now questioning the integrity of the organizations and individuals who have pooled their nickles and dimes into political action committees leaves one to wonder just who she is going to represent. No one knows what my opponent stands for. And she, herself, hasn't made the issues of her campaign very apparent.

My opponent said she has also received \$6,305 from 172 people. That roughly translates to \$37 per person, far beyond what the average taxpayer is

able to contribute. However, my opponent has also stated that she will release the names of her contributors. I hope she will also check with each of them to see if they want their right of privacy violated. Anyone who contributes over \$20 to a political campaign must be listed as part of the public record with the Elections Board. But violating the rights of small contributors who would like to remain anonymous is a political game which I refuse to play.

Serving seven terms in the Assembly, I have placed district needs above any other interests. I've been a strong supporter of the family farm. I led the way in getting final approval for a veterinary college. I have continually supported programs to help our war veterans. I've pushed for enactment of legislation to help small

businesses. To say that I've been ineffective as a legislator ignores the facts. Nor have my abilities been "Clouded" because of campaign contributions to my re-election efforts. Political action committees are part of the system in which we operate. They are there for a purpose... not to buy votes, but to provide a means by which the corner

drug store, service station, teacher, farmer or factory worker can make his needs and views known to elected officials. And what's wrong with that? P.S. We are waiting to see the list of 172 names on contributors who she said would be printed in the newspaper.

President Herbert Hoover appeared on the first television broadcast between Washington and New York on April 7, 1927.

Dundee has again come in line with may other villages of the state, in that it got electric

services last Friday night for the first time in many years, when the section of the line from Waucousta to Dundee was put in service. It is reported that when company representatives who promoted the line in Dundee talked to residents of the vicinity they were told that many years ago Dundee had a central power station in the mill there, a generator being connected to the water wheel at the mill, and that a power line ran from the village to Campbellsport. Water power development at Dundee is one of the oldest in the state, but no records are available locally to determine when the power was used to generate electricity or when the service was halted. This is the first time that any home in that village or vicinity had been lighted with electric current from a central station.

Beavers "planted" in Moon Lake two years ago have built a dam in the east branch of the Milwaukee River approximately a mile below the lake's outlet and as a result the water level of Moon Lake is at least a foot higher than it would be at this time. While it appears that water ran over the crest of the New Fane dam a few days ago, it can not be denied that the beavers held back water that ordinarily would have flowed to the mill, but orders from the conservation department must be awaited before steps can be taken toward destroying the dam. The beaver dam is located on the Frank Schultz farm about four miles northeast of Kewaskum, at a point where the stream is about 30 feet wide. It is constructed of small tree trunks, brush, mud and stones, and its resistance to the current

is strengthened by the fact that the center is several feet upstream from the ends. The dam, practically three feet high and practically water tight, was constructed within nine days or less by a small colony of beavers.

Indians Give Sheboygan Falls Scare, Lose 14-6

Coming up with one of their best performances of the season, the fired up Kewaskum Indians came close to upsetting favored Sheboygan Falls in their homecoming game here Friday night but ended up on the short end again, 14-6. It was the fifth straight setback in the Eastern Wisconsin for the last place Indians.

With a solid first half effort, Kewaskum held the Falcons to a 0-0 score at the intermission before a homecoming crowd. All of the scoring came in the second half. An 83-yard play action pass from quarterback Ric Leitheiser to Perry Kempf with 3:54 remaining in the fourth quarter had brought the Indians to within a point at 7-6, after the Falcons had scored in the third period and kicked the extra point. Then Leitheiser's pass intended for Kempf on the two-point conversion try was batted away by a defender, leaving the Indians trailing by one point. Falls added an insurance score on a 15-yard run with 1:21 to play in the last quarter.

The Indians failed on two good scoring threats in the scoreless first half. On the first, starting from the Falcon 48 yard line, they moved all the way to the Falls 12 yard line before fumbling, with Keith Thomas recovering for the Falcons. After making only two yards on three downs, Falls was forced to punt again. Kewaskum got the ball on their opponents' 45. With hard running by Randy Heberer the Indians picked up first downs on the 29 and 15 but the drive stalled. On fourth down Brian Larsen tried a 25 yard field goal but it was wide to the right.

Inspired by outplaying the Falcons in the scoreless first half, the Indians took the ball to start off the second half. But after a couple short gains a Leitheiser pass was intercepted by Tim Huibregtse, who brought it to the Kewaskum 40. A couple of first downs and another on a face mask penalty gave them the ball on the one yard line from where John Blust took it over. Blust carried the ball seven times in the eight play Falls drive. This put Falls ahead, 7-0.

Indian Spikers Upset New Holstein, Tie for 2nd in Grafton Invitational

Thursday night the Kewaskum volleyball girls upset New Holstein, the only team to defeat previously unbeaten Two Rivers, 15-10, 15-8 and 14-16.

It wasn't easy as the Indians were down 6-0 in the first game before they got going to win two out of three and the victory.

Good spiking, set ups and defense perhaps made this the KHS girls' best match of the year. Coach Dave Rizzardi praised Donna Menzel for her serving.

The win gave Kewaskum a 6-4 record in the conference.

Playing in the Grafton Invitational Saturday, the Indians

After Larsen couldn't handle a snap on a punt situation, the Falcons took over deep in Kewaskum territory again. After one first down, Jeff Wollert carried to the two but a clipping penalty brought the ball back to the 23. Then Kempf intercepted a pass at the six to end the threat. Two runs by Scott Stoltzmann gave the Indians better field position. Then Leitheiser hit Kempf on a long 83 yard pass for Kewaskum's only score.

The final Falcon score came with just 1:21 remaining when Dean Schlegel scampered 14 yards to highlight a 57 yard drive which was helped by two 15 yard Indian penalties.

Blust was the game's leading ball carrier with 148 yards in 30 carries for the Falcon ace. Randy Heberer led the Indians with 113 yards in 24 attempts.

The Indians have this week off when they have a bye in the schedule in the seven-team conference. They will close the season at Kiel next week. Kiel has won only one game to date.

JVs Whipped; Frosh Lose Close Contest

Playing in muddy conditions, the Kewaskum JVs got snowed under by Sheboygan Falls last week while the freshmen lost a close 6-2 game. The JVs are now 0-6 and have scored only twice this season.

With the score 6-0 in the last quarter, the frosh's Jeff Squier blocked Falls punt near the goal line which was fallen on by a Falcon. Kewaskum expected to have a first and goal from the one-foot line but the line judge called it a safety.

The JVs and freshmen, now 1-5, will end the season at Kiel next week.

Girls 2nd, Boys 5th In Conference Run At Sheboygan Falls

The Two Rivers boys and girls cross country teams swept Thursday's Eastern Wisconsin Conference on a rainy course at Sheboygan Falls.

In the boys end of the run, Two Rivers scored 22 points, far ahead of second place New Holstein with 56. Plymouth's Randy Berndt took individual honors but then it was all Two Rivers. Kewaskum had hoped to finish higher than fifth but was plagued by illness.

Scott Klein was the first Indian runner in 13th place. Craig Larsen was 18th, Wayne Boudreau 23rd, Mike Geidel 35th, and Fred Batzler 37th. Times were slow because of the rain.

There were only three teams in the girls meet, with Two Rivers winning four of the top five places and winding up with 17 points. Kewaskum was a distant second with 57 points and Sheboygan Falls third with 62.

The Indians' Julann Zemlicka had a bad cold and finished 12th. Barb Wilson was Kewaskum's top runner with a 7th place. Soph Carol Schmidt finished 9th. Sherry Gavin was 14th and Wendy Wilson 15th.

This week both teams are in WIAA Sectional action at Fond du Lac.
