## Minz Supply Moves Into New Building

(Statesman photo by Gary Mlodzik)

Minz Supply, Inc., located at 128 Main St. in back of the old bank building, will be closed on Friday and Saturday of this week to move into their new building (shown in the top

photo) on Hwy. 45 near the south village limits. They will be open for business in the new structure at 985 Fond du Lac Ave. on Monday, Dec. 1. The new building is located just

(Statesman photo)

south of Hilltop Laundry near the intersection of Hwy. 45 and County Trunk H.

The new store is a 100 ft. by 120 ft. building which has been erected this fall on a 1.5 acre plot. Ken Weddig is manager of the lumber and hardware dealership which will be housed under one roof. It is arranged so trucks can drive through the enclosed yard for lumber pick-up. Parking for 50 cars will be available.

The new facility will be a complete home center in the area. All lines of merchandise as hardware and paint will be expanded as well as providing new lines of building and home improvement materials.

Regal Ware, Inc. purchased the former Minz Store and lumber yard site from the H. J. Lay Lumber Co. The store will be remodeled to include a new entrance and parking lot on the west side of the building. Regal plans to move their outlet store to this location in the spring of 1981. The Regal Store is presently located at 143 Main St. The lower photo shows the old Otto E. Lay residence on the site as it was being torn down to make room for the new Regal Outlet facility.

## West Bend, Cable Television To Hold Dedication, Open House

The dedication of the West Bend Cable Television system will be Friday, December 5, at the cable television communication center.

A public open house of the million dollar cable system will be Saturday and Sunday, December 6 and 7, at the cable center, 1021 S. Main.

Guest of honor at the dedication will be Paul Hornung, former Green Bay Packer Golden Boy (practice, practice, practice!!!!!!) and now a sportscaster for CBS and WTBS in Atlanta, the Superstation carried to West Bend by satellite.

West Bend Mayor Jack Pick and City Council members will cut the ribbon and push the button to activate 30 Zenith television sets in the cable center each tuned to a different station on the cable system, and 21 FM stations including WFMT, a Chicago classical music station.

The Cablevision system began service to the first subscriber, Milton Beth, 931 Terrace Drive, West Bend, on October 30, 1980. New subscribers in Phase One are being installed at the rate of fifteen homes each day.

Residents in Phase Two are scheduled to receive service beginning in December, Phase Three in January and Phase Four in February.

Construction of the cable system involves 55 miles of aerial cable and 16 miles of buried cable. When construction is completed, the cable system which carries 30 television channels, will pass 8,000 homes. Of the 30 channels, 12 are carried off satellite and there are three movie channels.

During the public open house Saturday, December 6, from 10

a.m. to 4 p.m. and Sunday, December 7, visitors will be shown the cable antenna, the electronic center of the cable system and the 30 active sets tuned to a different cable channel.

## Winter Parking Goes Into Effect Dec. 1

Effective December 1, the Winter Parking Ordinance will be in force. This requires all vehicles to be off all village streets between the hours of 2:00 a.m. and 6:00 a.m. The penalty for violating this ordinance is \$15.00 per violation. We will try to warn vehicles that are illegally parked for a short period of time.

Everyone will have to make arrangements for off street parking. A limited number of spaces are available north of the Municipal Building at a rental of \$5.00 per month. These vehicles using this lot must be moved at least once every 24 hours to permit snow removal.

## FIREMEN CALLED TO PUT OUT GRASS FIRE

Kewaskum firemen answered a call at 12:28 p.m. Saturday to snuff out a grass fire on land owned by Ned Sengpiel, 4144 Hwy. H, about one-half mile west of the village. The blaze, which was near buildings, was reported by a next door neighbor, Mike Becker. Approximately two acres of grassland burned over. Twenty-four firemen responded to the call and fought the fire about one-half hour.

# Thanksgiving

For life and love, we thank thee, Lord,  
For all the world contains,  
The sky of blue, the birds that sing-  
The fields of golden grains.  
A smile from friends as we pass by,  
That cheer us on the way,  
For all who do a service give-  
As we go from day to day.  
For faith in thee, thou ever near  
Thy blessings to impart,  
Not just today - but everyday  
Accept this grateful heart.

By GERRY MUELLER  
Statesman Staff Writer

Three of the five children who participated November 22 at North Bowl, Sheboygan Falls, will head for the Winter Special Olympics State Meet January 29, in Oshkosh. Kewaskum's Special Olympics Bowling team, coached by Mrs. Kathy Charland, Mrs. Diana Glick and Mrs. Jeaneen Kudek, made an excellent showing in their first competition.

Tony Zak received a first place award in his group, with Stacy Mueller and Michael Busse receiving second place ribbons in their respective groups, making them all eligible for the State Meet. Joanne Stautz earned a third place ribbon and Brad Keller a Participant award.

The day was a rewarding and happy occasion for the youngsters as well as the families and friends who attended to cheer the team on to victory.

The second group of the Kewaskum team, Mrs. Glick's students, will compete December 6, in the Volley Ball/Basketball Tournament.

### Growth of Tax-Aide Requires More Volunteers

Through the Tax-Aide Program retired people are given cost-free assistance filing their uncomplicated Federal and State income tax returns. Tax-Aide, which is under the supervision of IRS and the Wisconsin Department of Revenue, is sponsored by local units of NRTA/AARP (National Retired Teachers Association and American Association of Retired Persons).

Citizens of Milwaukee, Madison, LaCrosse, Green Bay, Wausau, and Superior — some

of the larger cities—benefitted from the Tax-Aide program because local people volunteered their help," said Jos. B. Spatz, Wisconsin Overall Tax-Aide Coordinator. "There is no valid reason," says Spatz, "why retired people in smaller communities can not also enjoy the same free counseling as do those living in the larger cities."

Tax-Aide started in 1968 at Washington, D.C. where 4 counselors aided 75 persons filing their Federal Tax returns. In 1980, after all returns are tabulated, it is anticipated that the 10,250 counselors will have assisted with 850,000 returns, according to the National Tax-

Aide Coordinator, Wm. C. McMorrin. "In Wisconsin," says Spatz, "207 volunteers assisted filing 9,792 Federal and State returns in addition to giving assistance by phone and going to shut-ins for a grand total of 12,042 tax returns."

If you filed your own income tax returns without help from others; if you can spare 4 hours a week during the filing season; and if you attend the instruction-workshop which stresses tax benefits for the elderly; then you qualify as a counselor. To volunteer or obtain more information write or phone: Tax-Aide Coordinator; 404 Westminster Drive; Waukesha, WI 53186; phone (414) 547-0305.

## Special Meeting of Board of Education

A special meeting of the Kewaskum Board of Education will be held on Monday, December 1, 1980. The meeting will be held in the district administrative offices and will begin at 8 p.m.

Late bussing is the primary purpose of the meeting. Earlier, the board had decided to try three weeks of late bussing during the winter activity season to see what kind of ridership there would be. Those three weeks will be up December 1, and the board will decide whether to continue the program.

A further discussion of a proposed compulsory attendance policy will be held. A definition of an excused absence is a major part of that policy, and the board will discuss this question.

New business will include a request for a leave, some recommended high school curriculum changes and an extra-curricular assignment change. A contract with Bray and Associates will be recommended for board action. The contract will be for assistance in doing an energy study for the district. This will include cost estimates for various suggested improvements which would result in energy conservation.

A closed session will be held following the regular meeting to discuss personnel questions, including the dismissal of a custodian.

**"Puppyland" Under New Management**

Most local residents are familiar with "Puppyland" an animal shelter located on Hwy. "D" north of West Bend. Joe and Renetta Koelsch, founders and managers of Puppyland Humane Society, Inc. were well known not only in Washington County, but in all surrounding counties as well. Joe and Nettie spent many years caring for unwanted, stray, and abandoned animals. For many years Joe had a dream of building a shelter for animals. In 1970, his dream came true. The shelter was built with Joe's savings and donations from local friends and residents. That shelter has provided a temporary home for thousands of homeless animals each year.

Joe did his best, but always the shelter was full, overcrowded, and many animals had to be

kept outside or in smaller buildings. Always there were more animals coming in and not enough being adopted. The dog population alone, was usually over 60 and at times, went over 100.

Late in 1979, due to ill health, Joe was no longer able to care for the animals. Several young people kept Puppyland operating, but none were aware of how to cope with problems in a shelter.

Joe Koelsch died on July 21, 1980. Three days before his death, Joe requested that Gerhardt Gall, a retired Army Sergeant be made a board member and manager of Puppyland.

Gall required no salary because of retirement and Mrs. Renetta Koelsch would provide free room and board in the Koelsch home. This arrange-

ment allows Puppyland to remain with no paid employees.

Keeping in mind that Joe Koelsch never wanted animals destroyed, Gall, in the past few months, has formed a plan, that allows animals to be sheltered indefinitely, and owners are guaranteed their animals will not be destroyed.

Puppyland only accepts animals from owners who will actively sponsor the animal until its adoption. Owners who do not care enough to support their animal, are referred to the Washington County Humane Society in Jackson.

Most litters of puppies are accepted at Puppyland, however, owners are requested to donate the cost of immunization.

Gall, with the assistance of Dr. Charles Ogi, DVM, has initiated improvements which control disease, and the use of modern cleaning equipment to bring the shelter standards up to a comfortable and disease curbing environment.

Puppyland has been and still is under contract to Washington

County for stray dog control and boarding. At present the contract results in a loss rather than a gain of funds. All other funding comes from donations of animals owners and adoptors, plus support from local businesses and industry. People do care about animals and when Puppyland asks, the response is usually overwhelming.

The future sees a new shelter to be located behind the present structure by spring, 1981. This building is being donated by a single individual animal lover, through the persistent efforts of

Renetta Koelsch. Many funds will be needed in the future to equip the building with modern kennels and facilities. Individual membership with Puppyland is available to any interested persons.

Puppyland has an open door policy. Anyone may visit at any time, and volunteer help is always appreciated. If puppyland and the memory and dreams of Joe and Nettie Koelsch are to continue, your support is needed.

from Tom Leitzke, R.P.H.

If you take sugar-coated vitamins, bite into each pill before you swallow it or you may lose some of its benefits, advises a professor of pharmacy.

A waterproof layer between the coating and the active ingredients keeps the vitamins from being dissolved fast enough to be easily absorbed. Biting thru the waterproof coating allows the digestive juices to get inside and dissolve the vitamins.

**Sensenbrenner,  
Kasten Announce  
Staff Shift**

WASHINGTON, D. C. - Nov. 22 - In a joint announcement with U. S. Senator-elect Robert W. Kasten, Jr., Ninth District U. S. Rep. F. James Sensenbrenner, Jr. today revealed that his home secretary, Robert Miller, will become Kasten's executive assistant in January.

Sensenbrenner also announced the appointment of Miss CeCe Amato, who has served as his chief constituent caseworker for nearly two years, to succeed Miller in his Brookfield office.

Before joining Sensenbrenner's staff in 1979, Miller, of Waukesha, has served as the Ninth District home secretary under Kasten, who held that House seat from 1975 to 1979.

Amato, of Wauwatosa, previously served as Sensenbrenner's administrative assistant in the State Senate, where he served from 1975 to 1979.

In making the announcement, Kasten said, "Bob Miller brings a great deal of expertise to this new position, and I am most pleased to have a person with his credentials head up my Wisconsin staff."

"Bob's appointment underscores my commitment to the home office. Further, we are considering permanent offices in various cities throughout the state. These offices will help small and medium sized communities receive a fairer share of federal funds, as well as insure prompt service to our constituents," Kasten added.

Sensenbrenner praised Miller's service to him and the people of the Ninth District,

adding that he felt Miss Amato would do an excellent job in continuing the strong tradition of people-oriented service to the district.

would increase the fine for violating an Agriculture Department Order to control the spread of pests from \$200 to \$2,500.

Johnston stated that it became evident to many farmers in Washington County, and other agricultural counties throughout the state, during last year's costly soy bean nematode infestation, that distributors were not discouraged from shipping infested crops into Wisconsin even in the face

of the Quarantine Order because the distributor could afford to pay the current maximum fine of \$200 and still make a sizeable profit on the shipment.

Johnston continued, "The possibility that a court could impose a \$2,500 fine for each truck load should be sufficient

to take away a distributor's incentive to ignore quarantine orders."

**US A CALL.**

Do you have an electric water heater in your home? If you do, Wisconsin Electric will give you a \$4 a month credit on your electric bill (\$48 a year) for taking part in a special energy project.

All you'll have to do to take part is call us and tell us you're interested. (You must meet some minimum requirements to be eligible.)

It gets even easier after that.

A service man will call back to set up a convenient time to install a switching device on your water heater circuit. *The device doesn't cost you a thing*, and if you ever want it removed we'll take it back.

This device will help solve the energy problem by allowing us to

switch off the heating element in your water heater during brief periods when the demand for electricity in the community is high.

Since your water heater stores a large supply of hot water, you'll still have plenty to use.

With this simple device we'd be able to reduce the demand for electricity enough to meet the needs of over 50,000 more homes without building more power plants. Which will save everybody a lot of money.

But we can't do it without you. So if you'd like to help us solve the energy problem, and help yourself to \$48 a year, just give us a call.

## Proclamation

### FAMILY TIME WEEK, 1980

WHEREAS, Our nation's richest asset is its families who have, from its very beginning, served as the foundation for our democratic society and the cornerstone of American freedom; and

WHEREAS, All those principles which we treasure — order, justice and faith — are firmly rooted in the family structure and are nurtured by it to the betterment of the entire culture of modern civilization; and

WHEREAS, Children who grow up in the loving surroundings of a caring family develop into responsible adults who recognize their community responsibilities and become the leaders of business, industry, education and government; and

WHEREAS, Today's social standards and customs present a serious threat to the continuity and stability of the family structure and are a menace to many of the values that we hold sacred; and

WHEREAS, Because the family structure needs all possible support, a special period has been set aside to call attention to the importance to our continued well being of the family as the very basis and foundation of our civilization;

NOW, THEREFORE, I, Gerald F. Stollenwerk, Kewaskum Village President, do hereby proclaim the week of November 23 thru 29, 1980, as FAMILY TIME WEEK in the Village of Kewaskum, and I urge all organizations and individuals to be mindful of the importance to our society of the continued stability of our American family.

### ASC Ballots Mailed For Annual Election

Ballots have been mailed to all known eligible persons for the annual election being held thru December 1, according to Ira A. Oelhafen, Chairperson of the Agricultural Stabilization and Conservation committee.

ASCS, an agency of the U.S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farmer-elected committee system. This year's elections are by mail ballot between Nov. 21 and Dec. 1.

Anyone who meets the following requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, tenant, or sharecropper who is eligible to participate in any ASCS program.

Several general provisions relate to ASC voter eligibility. A wife who operates a farm with her husband can vote if her name is on the deed of conveyance. Any person under 18 year of age can vote if he or she runs a farm, and a legal guardian who runs a farm for a child can vote for the child. No person can be denied the right to vote because of race, sex, color, religion, or national

origin.

A person may cast a ballot in any county in which he or she is an eligible ASC voter, but he or she cannot vote in more than one community in the county. If an eligible voter has separate farm interests in more than one community in the same county only one ballot is issued.

## Stuffed Toys Are Recalled

The U. S. Product Safety Commission has announced that the highly popular "Pot Belly" line of children's stuffed animals is being recalled by the importer because the toys may present safety hazards which could injure young children.

According to Mary K. Ryan, consumer protection division administrator with the Wisconsin Dept. of Agriculture, Trade & Consumer Protection, testing by the CPSC revealed that a substantial percentage of the toys tested contained sharp wires in the stuffing.

More than 5 million of the five different types of "Pot Bellies" have been sold nationwide in a variety of sizes since late in 1976. The toys are distributed to more than 2,800 toy stores, department stores and other retailers by the Daekor Division of Hudson Brands, Ltd., of New York City.

The CPSC also discovered through testing that the "bean bag" variety of smaller Pot Bellies presents another hazard in addition to the potential presence of small wires. The bottom of the bean toys are stuffed with crushed walnut shells which could be swallowed by children if the toy animals come apart at the seams.

Consumers are being urged to return their Pot Belly stuffed animals to the retailer where they were purchased for a full

refund or replacement. "I know that returning the bears may break some children's hearts. Better a few tears now than an injury later!" Ms. Ryan says. The animals have been sold at

retail prices ranging from \$8 to \$30, depending on their size.

Refunds only are being offered to consumers who return bean bag Pot Bellies to the retailer.

The busiest airport in the world is Chicago's O'Hare International, handling more than 41 million passengers a year.

## J & J AUTO TOPICS

### MT. ST. HELENS LESSON.

A lot of auto engines were ruined in Washington and Oregon from Mt. St. Helens eruption dust that passed through carburetors and got into cylinders, bearings and valves. Recent laboratory tests denote the five hours of dust exposure through inoperable air filters will produce wear equivalent to 50,000 miles of driving.

J & J AUTO SERVICE services carburetors as well as other parts of the engine, and is aware that most drivers forget about this important part of their car. An air filter change is very inexpensive compared to the cost of neglecting it. Drive over to 450 E. Main for regular auto maintenance. Your car will last longer.

**Minutes of Village Board Meeting**

Mid-Monthly Meeting  
November 17, 1980  
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building.

President Gerald Stollenwerk presided. All Village Trustee members were present.

The minutes of the Board meetings of November 3 and of November 11, 1980, were approved as printed upon motion by Trustee Herriges, seconded by Trustee Rohrer. Voice vote was unanimous.

A public hearing was conducted on the request of Mr. Thor Otto, Director of Exodus Transitional Care Facility, Inc., for the rezoning of the property located at 1338 Midland Avenue from R-2 Single Family Residence District to R-4 Multiple Family Residence District. Representing the interest of Exodus House were Thor Otto and the members of the Exodus House Board of Directors. Approximately thirty-two (32) interested citizens were present for the hearing. Michael Doherty presented a petition to the Board containing one hundred and seven (107) signatures opposing the rezoning request. All interested persons present were given an opportunity to voice their opinion. It seemed to be the consensus of all present that there were no objections to the operation of the Exodus House but that in all fairness to the neighbors in the area, the property at 1338 Midland Avenue should remain in the R-2 Single Family Residence District. Motion was made by Trustee Mlodzik, seconded by Trustee Herriges that the hearing be declared closed. Voice vote was unanimous.

A public hearing was held on the application of James Paul Boegel for a Combination Class "A" Fermented Malt Beverage and Intoxicating Liquor License to operate a liquor store at 355 Main Street (formerly Coulter's Liquor Mart). There were no objections to the application. Motion was made by Trustee Blumer, seconded by Trustee Mlodzik that the hearing be declared closed. Voice vote was unanimous.

Motion was made by Trustee Rohrer and seconded by Trustee Herriges that the Board suspend the rules of the meeting and move to item No. 8 (a) and (b) of the agenda. Voice vote was unanimous.

Motion was made by Trustee Mlodzik, seconded by Trustee Rohrer that the request of Mr.

Thor Otto, Director of Exodus Transitional Care Facility, Inc., for the rezoning of the property located at 1338 Midland Avenue from R-2 Single Family Residence District to R-4 Multiple Family Residence District be denied. Roll call vote was six (6) "Aye" and zero (0) "Nay" in favor of the motion.

The application of James Boegel for a Combination Class "A" Fermented Malt Beverage and Intoxicating Liquor License for the period of November 18, 1980 to June 30, 1981 was approved and the Commissioner was authorized to issue the proper license upon payment of the required fee. Motion by Trustee Herriges, seconded by Trustee Blumer. Voice vote was unanimous.

The application of Regal Ware, Inc., for a building permit for the remodeling of the present Minz Supply Building at 128 Main Street as a Regal Ware Outlet Store was approved. Motion by Trustee D. Nigh, seconded by Trustee Herriges. Voice vote was unanimous.

The drafting of a new ordinance defining the village's policy on refuse and garbage collection was delegated to the Public Services Committee.

Upon the recommendation of the Finance Committee Chairman, the rent on the lower apartment of the village owned house at 1102 Fond du Lac Avenue was increased from \$150.00 per month to \$165.00 per month effective as of January 15, 1981. Motion by Trustee Blumer, seconded by Trustee Mlodzik. Voice vote was unanimous.

The proposed CATV ordinance was referred back to committee for further review.

The easement from the developers of the Shopping Center was accepted upon motion by Trustee Herriges, seconded by Trustee Rohrer. Voice vote was unanimous.

A partial payment of \$19,000.00, minus a retainer of 10% to Feldner Construction, Inc.,

for the construction of the permanent diving structure at the park pool was authorized upon motion by Trustee Herriges, seconded by Trustee Mlodzik. Voice vote was unanimous.

The Board reviewed the updated copy of the proposed budget for 1981.

Upon motion by Trustee Blumer, seconded by Trustee D. Nigh and unanimously carried, the Board adjourned to closed session under Chapter 19.85 (c) of the Statutes to review the Kewaskum Police Association Contract negotiations.

## Indians Pull Ahead in Last Quarter to Beat Campbellsport

In a game that was fairly close until the last quarter, when Kewaskum scored eight straight points to pull away, the Indians defeated Campbellsport in a non-conference contest here Friday night by seven points, 62-55.

The Indians led at halftime, 30-25, but the Cougars narrowed the gap to 39-37, by outscoring Kewaskum in the third period, 12-9.

Indian coach Jim Westphal felt his team was flat and did not play well compared to the Slinger game on Tuesday. On the other hand Cougar coach Roger Turchany (who makes his home in Kewaskum) was well pleased with the efforts of his team even though they lost. Turchany doesn't have a single starter back this year and was well satisfied with his team's performance.

Brian Rowe, 6-2 Campbellsport forward, scored 15 points and did well on the defensive boards. Mike Morgan, 5-8 guard, also hit 15 six of them in the first quarter. Soph Gary Beck, in his first game, scored another 15 coming off the bench.

The Indians did not perform like they did in their opener against Slinger. Center Dale Wadsedalek, after a good first

game, didn't score a single point. Junior Brian Larsen, the team's top scorer, who made 22 against Slinger, was held to just two points in the first half. But he got back to form in the second half, scoring 15 points and snaring 14 rebounds. Guard Jim Rohlinger, a starter last year, played in spurts. He was held scoreless in the first and third quarters but scored 14 in the two other periods.

After Kewaskum hit on eight unanswered points with 3:30 left in the final quarter, it was all over for the Cougars and the Indians (1-1) had their first victory of the season.

Kewaskum faced tough, Class A opponents in their next two games. Tuesday night they played at West Bend East and next Tuesday they are West Bend West, both of the Little Ten Conference.

## West Bend East Girls Nose Out Indians on Last Second Basket

In a barn burner at West Bend East Thursday night, the Suns edged out the Kewaskum Indian girls, 51-49, on a key basket by Kris Olsen with two seconds left on the clock.

The Indians played tough and gave the East girls all they could handle in a game that was close throughout until the Suns rallied with 10 unanswered points. This ran the score from 39-37 to 49-37. This gave West Bend a 12 point advantage with less than six minutes left.

Kewaskum battled back with a great rally, scoring 12 points in a row and with 24 seconds left, Brenda Fuller tied the score on a rebound shot. East then played for the last shot and Olsen came through with the clincher in the last two seconds on a 10 footer.

Linda Larsen, 5-11, and Jill Yearling, 5-9, led the Indians' scoring with 17 and 15 points respectively and both did strong rebounding.

After East's Cindy Sterr, 5-11, sprained her ankle in the last quarter the Indians domi-

nated their opponents. Penny Gerner, fine West Bend guard, scored 22 points and Sterr added 12.

The Sun girls hit on over 50 percent of their shots while Kewaskum made only 25 percent. From the free throw line, East made 3 of 10 while Kewaskum hit on only 13 of 28.

Indian junior Fuller, only 5-7, had 15 steals and two baskets in the short time she played.

Tuesday the KHS girls hosted Plymouth and next Tuesday they entertain Sheboygan Falls.

## 15 Juniors Among Football Letter Winners

Fifteen juniors who will be back next year, and only seven seniors were letter winners on the 1980 Kewaskum High School varsity football squad. Most of these juniors were starters or saw much action on this year's team.

Coach Mike Fifrick is looking ahead enthusiastically to next season with his 15 lettermen returning.

It must be remembered though that the Indians finished last in the Eastern Wisconsin Conference this year with an 0-6 record and overall mark of 1-7. Their only victory was over Slinger in the opening game.

Kewaskum scored only 48 points on offense while giving up 192 on defense.

Coach Fifrick praised seniors Randy Heberer, Perry Kempf and Steve Muench for their fine play.

## Deer Kill in County Down First Weekend

At least 170 deer were bagged by Washington County hunters the first weekend of the season, which opened Saturday, Nov. 22 at 6:25 a.m. That compares with 219 for the first weekend last year, according to Armin Schwengel, area wildlife manager for the DNR.

Saturday's kill was reported at 100, compared with 139 the first day in 1979. Saturday's windy weather probably kept the kill down. The Sunday report was 70 deer killed, 10 down from last year. Rain spoiled the hunting Sunday.

A total of 312 deer were shot during the entire 1979 shotgun season in the county. The season continues through Sunday.

The first county kill was reported in Section 1 of the Town of Kewaskum about 6:30 or 6:45 a.m. Saturday.
