Stange Honored for 50 Years With Beechwood Fire Dept.

Elmer Stange

Left to right: President Le Roy Muench, Stange, and Fire Chief Roger Vetter.

On Saturday evening, January 17, 124 firemen and their wives gathered for the annual Beechwood Fire Department Christmas Party dinner and dance.

The group then honored Elmer Stange for 50 years of membership with the Beechwood Fire Department. He was presented with a plaque by Fire Chief Roger Vetter and President Le Roy Muench.

Elmer is still active with the fire department as well as many other church and area organizations.

At their December meeting,

the firemen elected the following persons to serve three-year terms each:

Fire Chief — Roger Vetter.
Board of Directors — Frank Poos, Jr. and Steve Siebenaler.

Officers for 1981 are as follows:

Fire Chief — Roger Vetter
Asst. Chief — Adrian Krahn
First Asst. — Lee Kempf
President — Le Roy Muench
Vice Pres. — Steve Siebenaler

Secretary — John Reysen
Treasurer — Frank Poos, Jr.
Director — James Vetter.

Local Man, Area Girl Hurt When Struck by Cars

A 51-year-old Kewaskum man was reported in good condition Monday in the intensive care unit at St. Agnes Hospital, Fond du Lac, with injuries received when he was struck by a car early Sunday in the Village of Taycheedah.

Merlin J. Dreher, 320 Main St., sustained a fractured leg and fractured pelvis when he was struck at 1 a.m. Sunday by a southwest bound car driven by Randy J. Ruback, 18, of 475 Division St., Fond du Lac.

The accident occurred on Highway 151 at County Trunk K. Dreher was conveyed to the hospital by Fond du Lac city ambulance.

According to Fond du Lac County Sheriff's Department officers, Dreher was walking across Highway 151 to go to his car when he was struck by Ruback's car. Ruback told authorities he tired to stop and swerved when he saw the pedestrian but could not avoid striking him.

It was reported Wednesday that Dreher was taken out of the intensive care unit Tuesday but will be hospitalized for about 12 weeks.

A seven-year-old Kewaskum girl was taken to St. Joseph's Community Hospital, West Bend, with injuries received when she was struck by a car late Wednesday afternoon on County Trunk S, one-fourth mile south of County Trunk G in the Town of Auburn, 1 1/4 miles north of Kewaskum.

Kim Callahan, Route 1, Kewaskum, was conveyed to the hospital by Kewaskum firemen's ambulance after she was struck at 5 p.m. by a car driven by Scott R. Seifert, Plymouth. Kim sustained arm, leg and head injuries in the accident.

Fond du Lac County Sheriff's Department authorities reported that Seifert was traveling south on County Trunk S when the girl apparently tried to cross the roadway from a driveway. Seifert told officers he swerved in an attempt to miss the girl but could not avoid striking her.

50 Degrees Saturday

This area was favored with unseasonably warm weather for January last week. The warm spell was climaxed Saturday when the temperature soared to 50 degrees on a beautiful, sunny day. The warm spell thawed most of the little snow we had on the ground and folks were out washing windows, roller skating, etc.

Selling of Drugs Uncovered At Kewaskum High School

By GERRY MUELLER
Statesman Staff Writer

An investigation that has been going on since the beginning of the school year resulted in the arrest of four individuals on charges of selling drugs to Kewaskum students.

Police Chief Donald Hlavaty stated his department, in cooperation with the Sheriff's Department and school officials, had been keeping several persons under surveillance.

High School Principal Clark

Pearson stated "things finally came to a head Thursday," resulting in the apprehension of three Kewaskum High students who were involved in the traffic and sale of drugs at the high school.

Pearson said the students have been suspended indefinitely pending further action.

Hlavaty said four were arrested on drug charges and turned over to the court. The students were released into the custody of their parents.

Annual 'Roundup' for Parents of Prospective Kindergarten Pupils

This year's annual "roundup" for the parents of all prospective kindergarten pupils in the Kewaskum School District will be held during the day on Tuesday, February 3, and Wednesday, February 4, 1981 from 9:00 a.m. to 12:00 noon, and 1:00 to 3:00 p.m. in the Beechwood, Farmington, Kewaskum, and Wayne school offices. Please register your child at the school in your area on one of the above days. It is not necessary to bring the child while registering.

To be eligible for enrollment in kindergarten, children must have attained their fifth birthday on or before September 1, 1981. This is a change in the State Statutes. Evidence of date of birth, either a birth certificate

or a baptismal certificate, must be brought to the office at the time of enrolling.

Parents of bus pupils will need their section number and fire number as well as also fill out bussing forms.

Parents will register their children for next year's term and get the necessary health forms. If you know of any new families in this district, please pass this information on to them.

Richard E. Zarling, Director of Elementary Education, should like to impress upon you the importance of registering your child on either of these two days so that they may plan for them and know staff requirements for next year.

KHS to Host 1st Eastern Wisconsin Honors Band and Choir Concert

This Saturday, January 31, music lovers in the newly formed Eastern Wisconsin conference will have the opportunity to hear the best musicians from each school in concert.

Last year Kewaskum hosted the 9th and final Scenic Moraine Honors program and is very pleased to host this first Eastern Wisconsin Honors program.

One hundred six students from the seven schools will be performing in the Honors Band and 79 conference singers will be heard in the Honor Choir.

All of the musicians and director will spend the whole day rehearsing for the 7:00 p.m. concert which will be held in the old gymnasium. The clinicians for this year are Dudley Birder, choir director from St. Norbert's and Edgar Thiesen from Silver Lake College.

The band will play "Ye Banks and Braes O Bonnie Doon," "Florentiner March," "Suite in E Flat" and highlights from "Fiddler on the Roof." The choir will sing selections from "Magnificat," "Adoramus

Te," "Blessing, Glory, Wisdom and Thanks," "Stomp Your Feet" and "The Sow Took the Measles."

New Officers Installed at Peace Church

The following were installed as officers of Peace Church at the 9:00 a.m. service on January 25, by the Pastor, Reverend Darrell Joiner. They were elected at the annual meeting held at 10:00 a.m. on January 18.

President: Mrs. Allyne Rodenkirch; Elder: Mrs. Lorrie Tessar; Deacons: Kenneth Becker and Greg Pohl, Sr.; Trustees: Edward Bunkelman and Willard Gruhle; Board of Christian Education: Mrs. Diana Susen and Pastoral Relations Committee: Mrs. Mary Miller.

Plan Commission Reviews Pros and Cons of TIF District for Kewaskum

By GERRY MUELLER
Statesman Staff Writer

A study which has gone on for over ten months still has not resulted in any definite decisions on a Tax Incremental Funding district for Kewaskum.

The object of a TIF district is to create, through rehabilitation, remodeling, etc., an area which will encourage more construction and development which will eventually bring added and increased tax revenues to a community.

Opinions among the commission ran the gamut from definitely for, through maybe, to definitely against any such program at the Plan Commission meeting on Monday evening. The meeting began with discussion of the proposed TIF Project List, which had been developed and tabulated from items presented to Village Administrator Dan Schmidt. After a short review of the list, commission member Charles Miller asked "are we going to have a TIF District?" Miller said before any further discussion was held on projects, the commission should first decide if Kewaskum was going to actually participate in this program.

Village Board President Gerald Stollenwerk stated the Village Board will make the final decision, but he felt the Plan Commission should make their recommendation for or against such a move.

Miller stated he had not heard anything from previous speakers or meetings "that would make him go with TIF." "There's not even a track record on this stuff."

Commission member Bob Kirst said he had reservations regarding the program because of the many recent articles regarding communities submitting projects and not being granted funds because they were not eligible. Schmidt noted most of these problems arose when communities implemented projects which were not in the approved TIF district or on their TIF projects list.

The main objection to participating in this program is the

fact that once the program is initiated, all tax dollars collected within that district are returned to the projects being constructed and keep on being fed back into that district until the debt is paid, thereby removing these monies from Kewaskum's tax collections until the program is completed. After that time, the revenues generated from this area are again returned to the village. Member Orv Behnke asked if it was going to cost us money "now or eventually." Zoning Administrator Richard Zarling said yes, immediately, the taxpayers outside the district must pick up the increased costs of government in their area. Zarling said "I can see a TIF district if you get people who will say they are willing to commit themselves" (to the construction and rehabilitation that would be outlined in such an undertaking).

Behnke noted that Kewaskum should seriously consider this program because he felt some type of action should be taken either through TIF or other means to stimulate and encourage growth in Kewaskum. "Let the young people in the area know we want to grow and develop into a more prosperous and modern community. Behnke, however, felt the Plan Commission needed more specific data on this program stating "I don't think we're ready for a vote."

Schmidt mentioned a TIF consultant would come before the Commission. Miller stated "have this consultant come in and give us the facts we need."

Schmidt noted that a TIF District plan must be submitted by the September 30 deadline for application. Schmidt informed the commission he would make the necessary arrangements to have the speaker come before a joint meeting of the Village Board and Plan Commission.

He: "I liked your story. Who wrote it for you?"

She: "Thanks. Who read it to you?"

Regal One of 18 Sears Suppliers to Receive Quality Award 13th Time

Representatives of Regal Ware, Inc. accepting the Sears Symbol of Excellence Award for the 13th time are [left to right]: William F. Dramel, Director of Special Accounts; Robert S. Zarling, Vice President-Sales; Ronald O. Reigle, Executive Vice President; H. A. Karch, Sears National Cookware Buyer; James D. Reigle, President; Douglas P. Schneiss, Chicago Sales Representative.

Regal Ware, Inc. is one of only 18 of among over 12,000 Sears suppliers to receive the Sears Symbol of Excellence Award an unprecedented 13th time. Only 600 manufacturers received this award for 1980, and Regal has earned this recognition thirteen times since the award was initiated in 1965. Sears is America's largest re-

tailer. H. A. "Al" Karch, Sears national cookware buyer, presented the award to Regal Ware, Inc. which manufactures cookware and small appliances for the company at a special ceremony.

"This award is our salute to those suppliers who have, through their excellence, made

significant contributions to Sears' reputation for quality merchandise," Karch said. "It also recognizes each employee for his or her contribution to the superior performance of the plant in such matters as shipping goods on schedule, and initiative in developing new and improved merchandise."

Karch explained Regal was

selected for the Sears Symbol of Excellence by a committee representing the company's retail stores, catalog plants, national service department, quality control personnel and Sears Laboratories. The committee screens nominations from the company's 50 national buying departments.

Roger and Dan's Wins AAA Stamp

Roger and Dan's Auto Service, Inc., 891 Fond du Lac Ave., Kewaskum, was among 13 auto repair shops recently accepted by the American Automobile Association into its expanding Approved Auto Repair Services program.

The addition brings to 65 the number of auto repair centers in AAA's consumer protection program.

The Approved Auto Repair Services program identifies automobile repair facilities which have met a rigid set of standards established by the AAA, according to Andrew Hulick, manager of AAA's Approved Auto Repair Service in Wisconsin. These facilities must have properly trained mechanical personnel, adequate repair equipment, good facility appearance and customer service, fine community reputation, and a wide scope of repair services. All repairs must be guaranteed for 90 days or 4,000 miles, whichever occurs first.

Junior Jargon

January has been a very busy month for the Kewaskum Junior Woman's club. A delightful evening of music was provided by David and Terri Bertelsen at the monthly meeting.

The Education Committee urges club members and members of the community to keep sending postcards to the television networks. Opinions on television programs, as well as commercials, should be sent in - every voice counts - positive as well as negative.

The Conservation Committee announced that a 16 mm film, "Helping Woodsy Spread the Word" is available.

The recycling center is open every third Saturday of the month.

Kewaskum Junior club members will tour TV 6 on February 10. A social with husbands will be held at the February 12 meeting. The Easter Bunny Lunch will be held in spring. Kewaskum Juniors are busy and involved, ladies!

Junior Woman's Club 'Project Postcard' Encourages Feedback to TV Industry

"Project Postcard" is a public service activity being co-ordinated by the GFWC Kewaskum Junior Woman's Club, to encourage feedback to the television industry at both the local and network levels.

It's easy to tell the programming directors whether or not you're happy with the television shows that they are putting on the air.

Begin with an ordinary 10c postcard.

Name the program and identify the station or network.

Briefly tell why you like, or don't like the program. Use specific examples whenever

possible. Make positive suggestions for changing the programming.

State the influence this program may have had on your thinking.

For example, if you feel that the "Jeffersons" is not fit to be shown to pre-schoolers right after "Captain Kangaroo," send a postcard to WITI, Channel 6. If you think the "Jeffersons" is not fit to be shown Sunday nights, drop a line to CBS television in New York.

REMEMBER TO SIGN THE POSTCARDS AND MAIL IMMEDIATELY AFTER WRITING THEM. Your opinions and suggestions don't do any good if you don't share them with the people responsible.

Mrs. Helen Klahn Dies

Mrs. Helen (Mary Ellen) Klahn, 63, of Route 1, Adell, died Monday afternoon, Jan. 26, at St. Agnes Hospital, Fond du Lac.

She was born June 12, 1917, in Sheboygan County, a daughter of the late Ambrose and Nellie Grogan Doherty. On Oct. 14, 1936, she was married to Wilmer E. Klahn at St. Mary's Catholic Church, Cascade, and he died on June 14, 1964.

The couple farmed in the Town of Scott. Mrs. Klahn was a member of St. Matthias Catholic Church in the Town of Auburn and Altar Sodality.

Mrs. Klahn is survived by five sons, Francis Daniel of Seattle, Wash., John W. and Wilmer Edward Jr., both of Kewaskum, James Thomas of Campbellsport and Thomas of Route 1, Adell; and five daughters, Mrs. James (Mary Pat) Vetter of Adell, Mrs. Gene (Sharon) Gerlack and Mrs. Connie (Kathleen) Bingen, both of Mayville, Mrs. Gerald (Margaret) Hoepner of West Bend and Mrs. Ronald (Lois) Spencer of Campbellsport.

Other survivors include 34 grandchildren; a great-grandchild; and a brother, Daniel Doherty of Cascade. A daughter preceded her in death.

Funeral services were held at 10:30 a.m. Thursday at Twohig Funeral Home, Campbellsport, and at 11 a.m. at St. Matthias Church, Town of Auburn. The Rev. Walter Morgan officiated and burial was in St. Mary's Catholic Church Cemetery, Cascade.

Friends of Mrs. Klahn called after 4 p.m. Wednesday at the funeral home.

Fire Call

Kewaskum firemen responded to call shortly before 6 p.m. Monday to the D. Carron farm at 4134 Ridge Road, just west of Kettle View Drive, about 2½ miles southwest of the village.

Some cattle bedding in a silo caught fire, possibly from wiring, and smoke seeped into the barn. Damage was minor.

For Fun From Snowmobile, Plan Ahead, Drive Safely

By Robert A. Stodola
County 4-H and Youth Agent

Snowmobiles are fun, but they aren't large toys.

Most operators and users of the approximately 213,000 snowmobiles registered in the state successfully combine pleasure with safety, but a small percentage of users don't.

During last year's snowmobiling season, for example, snowmobiles were involved in several hundred accidents which resulted in injuries or death, according to statistics compiled by the Wisconsin Department of Natural Resources (DNR). Last season's toll: 17 snowmobile-related deaths and 313 injuries, 119 of which incapacitated victims for three days or more. More than half of the accidents were the result of operator negligence or carelessness.

Here are several tips that can make sure snowmobiling doesn't become a tragedy.

Make sure the snowmobile is in good mechanical condition before starting out.

Wear sensible protective clothing designed for snowmobiling—no long scarves or loose clothing that can get caught in the moving parts of snowmobiles. Equipment should also include helmets, goggles or face visors to prevent injury by stones, twigs, chips of ice or other flying debris and ear plugs so hearing isn't damaged on long trips.

Check the weather forecast before starting out on long trips

and notify others where you are going and when you expect to return. Travel with another snowmobiler—two machines are better than one if something does go wrong.

Check the throttle and brake controls for wear, make sure headlights and tail lights work, and check the gas tank to make sure it is full—don't trust the gas gauge.

If pulling a sled or toboggan, use a rigid tow bar to prevent rear-end collisions when stopping suddenly.

Also check under the hood for cracks or leaks in the exhaust system.

Snowmobilers should also carry tools to make minor repairs and emergency equipment—an extra drive belt, extra light bulbs, spark plugs, a starter cord, first-aid kit, flashlight and tow rope. Additional emergency equipment is required on long trips.

Many of the techniques offered in mechanical science projects will help youth learn to maintain snowmobiles. Safety courses offered through 4-H will also help kids learn how to operate all equipment safely.

Also, young snowmobilers should take one of the Snowmobile Safety Courses offered by the DNR and snowmobile clubs in the area.

Divorce was possible in early China. However, a man could not divorce his wife if: she had no family to return to, she had shared his three year mourning period for his parents, or she had married him when he was poor and he had since become rich.

Another farm home, this time in the Town of Kewaskum, was damaged by fire on Tuesday morning. It was on the William F. "Billy" Schaefer farm located several miles southeast of the village. The home is occupied by Mr. and Mrs. Ervin "Chesty" Ramthun and family. The fire started in a wall around a stove pipe running through it. After much of the smoke was removed, the fire was extinguished in a short time.

The Moon Lake wild game refuge located about seven miles northeast of Kewaskum, and owned by the Milwaukee chapter, Izaak Walton league, was offered to Wisconsin, at a meeting held by the league Monday night at Milwaukee. The refuge of which Kewaskum is the southern outlet, has been a sight-seeing and recreational spot for not only Waltonians but many others who were anxious to see the place. Since its existence, it has become widely known, not only in the state but nationally as well. The refuge, which consists of about 1,000 acres of lake, swamp and woodland, was bought by the Milwaukee chapter in 1926 for \$34,000. An indebtedness of \$11,000 still remains. If the state decides to accept, it must do so on condition that the land be devoted exclusively to conservation purposes, according to terms of the resolution.

Sometime during Sunday night or early Monday morning, burglars broke into William Foerster's garage at Wayne and stole about \$35 worth of articles. The same night, supposedly to be the same gang, entered the Rudolph Hoepner harness shop, located across the street from the Foerster garage and a small loot was taken. It is the belief of authorities that the burglary was committed by local talent.

An involuntary petition was filed in federal bankruptcy court on Tuesday against the Kissel Motor Company of Hartford, Washington County, Wisconsin. Papers in the case stated the company has at least twelve creditors whose claims total more than \$1,000,000.

Mr. and Mrs. Jake Becker of Kewaskum had their little son christened by Rev. Erber last Sunday. They named the boy Norbert. Mr. and Mrs. John Rimmel of Kewaskum also had their daughter christened on the same day at Holy Trinity Church. They named the girl Loretta.

Henry Klumb of the Town of

Barton met with what might have been a serious accident last Saturday. He was coming to town with a load of wood and when reaching the southern limits of the village, near the bridge, he tipped over, receiving several bad bruises and a fractured rib by falling with the load. He was able to hold his team and so avoided a runaway.

The married people of the village had possession of Eberle's bowling alleys last Monday evening. There was a large crowd present and bowling was kept up to a late hour. Mrs. A. Heilmann made the highest score of the ladies getting 72 pins. The ladies also bowled on Wednesday afternoon.

County Treasurer Seefeldt Reports Record \$1.07 Million in Revenues

Washington County Treasurer, Fredric A. Seefeldt, reported this week that his office had generated a record \$1.07 million in revenues for county taxpayers in 1980.

\$958,424.92 or 89% of the revenues were generated by the investment of unexpended appropriations and reserves throughout the year. 11% or \$113,467.57 came from interest charged on delinquent taxes. Another \$994.35 was received in tax search fees for a grand total of \$1,072,886.84.

"Each dollar of investment income generated by the county treasurer is in effect a dollar of tax relief for it means that one less dollar has to be raised from the property tax," said Seefeldt. "On that basis, county taxpayers benefitted from the high interest prevalent during the year," Seefeldt observed.

Interest rates paid on county funds ranged from a record high

of 19% in December to a low of 8% in June. Previous record yields had been established in late March and early April at 17.125%.

"These record earnings were achieved despite the fact that we began 1980 with \$2 million less dollars available for investment than at the outset of 1979," Seefeldt pointed out.

"Higher interest rates and improved cash management practices more than offset the drop in available dollars," Seefeldt commented. The drop in dollars was due to payments made for the court house expansion project in 1979.

This marks the second year that revenues in the County Treasurer's office have surpassed the \$1 million mark. Revenues in 1979 edged past the \$1 million mark by \$263.46. Seefeldt assumed the post of county treasurer on September 21, 1979.

Hephner to Introduce Legislation to Make It Easier to Cut Firewood on DNR-Owned Lands

State Rep. Gervase Hephner (D-Chilton) said he will be introducing legislation soon to make it easier for the public to cut and carry out firewood on DNR-owned lands.

According to Hephner, the public has been able to get free permits in the past for cutting firewood on DNR lands if used for home heating. "A recent DNR attorney opinion, however, claimed that current law prohibits the department from giving out free firewood."

Although disagreeing with the legal opinion, Hephner said he will introduce a bill "to make sure that the DNR won't require payment for the firewood, nor charge excessive permit fees to carry out the wood."

Under the proposal, the DNR would be prohibited from charging a firewood permit fee in excess of one dollar. The department would also be prevented from requiring payment for the firewood that is cut and carried out of DNR-owned lands.

4-H Club News

HAPPY-GO-LUCKY 4-H CLUB

The Happy-Go-Lucky 4-H Club January meeting was called to order at 7:30 on the 6th by president, Kim Belger. The Pledge of Allegiance was led by Doug Enright and the 4-H pledge by Carol Repp.

Birthday for the month was Mark Hartmann. Then attendance was taken. Debbie Kertcher gave the secretary's report which was approved as read. Heidi Belger's treasurer's report was also approved as read.

Barb McKee gave a report on our Christmas party in December. Our club has adopted a new grandmother, Mrs. Marx. Members signed up to visit her.

We discussed going swimming in January at the YMCA. It was decided that we would rent the whole pool for club members, their families and one friend between 7 and 8 p.m., January 18.

The Poster and Speaking Contest is coming up. The topic this year is Family Health. The contest will be held at Farmington Elementary School the first Tuesday of April. Everyone is required to make a poster. Additional information will be sent out by postcard. Randy Marquardt and Alicia Dobney volunteered to be on the prize committee for the Poster and Speaking Contest.

There will be a paper drive April 11. A card party for the older people of the area was discussed and Shelly Hamer-

nick, Julie Dettmann and Sandy Secor volunteered to make arrangements for it.

Those interested in the Music and Drama Festival signed up after the meeting. The meeting was adjourned at 8:30 p.m.

'Yarns of Yesteryear' Writing Contest On

Wisconsin residents who remember the happy times and challenging experiences of the "good old days" are invited to enter their reminiscences in the eighth annual YARNS OF YESTERYEAR Contest which began on January 1.

Sponsored by the University of Wisconsin-Extension Arts Development Unit and the Wisconsin Regional Writers Association, the contest is open to all Wisconsin residents, age 60 and over. Entries may tell of family, friends, or activities of bygone days. They may be historical stories with a personal slant; or essays entitled: "The 'Good Old Days' - Hard Work or Happy Times?"

Entries must be postmarked no later than March 1, 1981. Only one manuscript, original and unpublished, may be submitted. It may be typed or neatly handwritten; the word limits are 500 to 1500 words. Since manuscripts will not be returned, contestants are advised to make and keep a personal copy.

Entrants are also asked to prepare a separate cover page with the title of their manuscript, their name, address (including county), telephone number, age (optional), the name and address of their local newspaper and the number of words in their entry.

Prizes ranging from \$25 to \$5 will be awarded the top ten winners at the Wisconsin Regional Writers Association Spring Conference in Appleton on May 2, 1981. Ten memberships in the association and twenty honorable mention certificates will also be awarded. Additional cash awards will be given for the best entries in the "Winners' Circle," a special competition for those who have previously won contest prizes.

Judges for the contest will be: Mark Lefebvre, Editor-in-Chief, Stanton and Lee Publishers, Inc.; Clarice Dunn, free-lance writer and former YARNS OF YESTERYEAR Contest Di-

rector; Frank Custer, local history buff and feature writer of several Madison publications; Elizabeth Durbin, Co-Editor of the Ocooch Mountain News; and Howard Kanetzke, School Publications Editor, Wisconsin State Historical Society.

Entries, or requests for further information about the contest, may be sent to: Gen Lewis, Director, YARNS OF YESTERYEAR Contest, 610 Langdon, Room 720, Madison, WI 53706.

For ideas and suggestions as to the types of stories to write, contestants may wish to read selections in WE WERE CHILDREN THEN, the anthology of previous YARNS OF YESTERYEAR Contest entries, published by Stanton and Lee Publishers, Inc. Sauk City, WI 53583 (\$7.23).

FOND DU LAC STOCK REMOVAL

Electric Water Heating Customers:
WE'LL GIVE YOU
\$4 OFF EVERY
ELECTRIC BILL,
IF YOU'LL GIVE
US A CALL.

Do you have an electric water heater in your home? If you do, Wisconsin Electric will give you a \$4 a month credit on your electric bill (\$48 a year) for taking part in a special energy project.

All you'll have to do to take part is call us and tell us you're interested. (You must meet some minimum requirements to be eligible.)

It gets even easier after that.

A service man will call back to set up a convenient time to install a switching device on your water heater circuit. *The device doesn't cost you a thing*, and if you ever want it removed we'll take it back.

This device will help solve the energy problem by allowing us to

switch off the heating element in your water heater during brief periods when the demand for electricity in the community is high.

Since your water heater stores a large supply of hot water, you'll still have plenty to use.

With this simple device we'd be able to reduce the demand for electricity enough to meet the needs of over 50,000 more homes without building more power plants. Which will save everybody a lot of money.

But we can't do it without you.

So if you'd like to help us solve the energy problem, and help yourself to \$48 a year, just give us a call.

Changes Made in County Older Adult and Handicapped Transportation Program

Effective January 1, 1981 the Washington Co. Older Adult and Handicapped Transportation Program began operating with several changes in policy. A fare of 50c will now be charged each time a person boards the bus. The hours of service have been increased to serve more clients and we hope you will take advantage of these additional hours and of the outlying service areas.

The new schedule is as follows:

West Bend and Area - Includes Allenton, Fillmore, Kewaskum, Newburg, and Jackson areas.

Monday - 8 a.m. to 5 p.m.

Tuesday - 10 a.m. to 2 p.m.

Friday - 8 a.m. to 5 p.m.

Germantown and Area - Persons in this area can be taken to Menomonee Falls for shopping and business purposes as well as medical.

Monday - 10 a.m. to 2 p.m.
Wednesday - 8 a.m. to 5 p.m.
Hartford and Area - Includes rural Hartford and the Village of Slinger, and the immediate Slinger area.

Tuesday - 8 a.m. to 5 p.m.
Thursday - 8 a.m. to 5 p.m.

A pick-up route will soon be established for the rural areas of Germantown. Please watch for the publication of route which will enable passengers to board the bus at pre-determined stops.

At the present time all passengers can utilize this service by making a reservation with the Transportation Programmer, Judy Hoag at 673-6323 or 338-2210. Persons calling long distance for this service may call 673-6323 collect. Reservations must be received 24 hours in advance of service.

Please contact the Transportation Programmer for additional information.

the consumer and industry," she stated.

Panzer said tourism and recreation are important to the entire state and especially to the 53rd Assembly District. She said, "I think it is vital that the State provide strong support for one of our major industries."

A new report by the Wisconsin Department of Development shows that in 1979, tourism businesses reported sales of \$5,481,772,885. These businesses provided employment for 239,487 people—13% of Wisconsin's work force. Tax benefits accrued to Wisconsin through the tourism industry totalled \$246,397,468.

Panzer said that in Dodge, Fond du Lac and Washington Counties, parts of which are in the 53rd Assembly District, tourism sales were \$223,797,499 and employed 9,189 people.

Schedule Eastern Wisconsin Fruit School at West Bend

By Dan A. Wilson
County Resource Agent

The 1981 Eastern Wisconsin Fruit School, featuring Daniel Meador, Extension Horticulturist, University of Illinois, will be held on February 11 and 12, in West Bend.

Both days highlight Meador who recently returned from a sabbatical in New York where he studied their fruit production methods. His presentations at the fruit school will include new fruit production practices and a fruit research update.

The fruit school, directed toward commercial apple producers, includes a variety of other topics. On Wednesday, February 11, discussion sessions include use of growth

regulators, income tax management, and industry update and roadside sign regulations.

Thursday's program will center around the use of soil and tissue analysis for fertilization, 1981 disease control recommendations, integrated pest management, weed control and controlling animal damage in orchards.

The two day event, sponsored by Washington and Fond du Lac UW-Extension office will be held at the Knights of Columbus Hall, West Bend.

Registration for the 1981 Eastern Wisconsin Fruit School is \$19.00 per person or \$30.00 per two people from the same business. Pre-registration is required by February 5, 1981.

For further information and pre-registration materials contact Dan Wilson, Washington County Resource Agent, P.O. Box 537, West Bend, WI 53095 or your local extension office.

Your HEALTH TIP

from Tom Leitzke, R.P.H.

Are there safeguards against heart attack and stroke? Certainly - they are:

1. Have your blood pressure checked. High blood pressure, if untreated, can lead to stroke or heart attack.
2. Give up smoking cigarettes.
3. Avoid foods high in saturated fats and cholesterol.
4. Reduce if you are overweight.
5. Get regular physical exercise.

Washington County Jail Earns Certificate of Accreditation

The Washington County Jail received a certificate of accreditation from the State Medical Society of Wisconsin's Jail Health Care Program Wednesday, January 28, during the Winter Conference of the Wisconsin Sheriffs and Deputy Sheriffs Association at the Red Carpet Inn in Milwaukee.

The two-year accreditation was awarded to the facility "for providing acceptable medical care and health services which meet the standards developed by the American Medical Association (AMA)."

Warren Williamson, M.D., Racine, chairman of the State Medical Society's Jail Health Care Technical Assistance Committee, presented the certificate of accreditation to Washington County Sheriff Clarence A. Schwartz.

In order for a jail to become accredited under the program, it must comply with a sufficient number of the 69 standards for health services in jails. Required standards range from each jail having a physician directing the operation of the jail's health services to jail personnel taking a health history of each inmate when he or she is admitted to the jail.

Other procedures covered by the standards include sick calls held by medical personnel, nonemergency care, preventive medicine, and detoxification from alcohol and drugs.

In Washington County a sick call system has been instituted whereby a nurse makes regular visits to the jail to monitor and treat health problems of inmates. Those inmates requiring further treatment are referred to a physician.

Thomas E. Wex, M.D. of the West Bend Clinic oversees the Jail Health Care Program in the Washington County Jail. Delores Harder, R.N., Director of the Washington County Com-

munity Health Nursing Service and a member of the SMS Jail Health Care Technical Assistance Committee, supervises the county nurses who serve the jail. Alcoholism and mental health counselors from the local Comprehensive Community Services Agency also see inmates who need their services.

What is it about the jail health care program and its accreditation process that makes it so attractive to jail personnel? Washington County jail staff point to potential decrease of future lawsuits concerning inmate health care delivery, and the cost-effectiveness of the program as reasons for their participation.

Jail personnel feel the likelihood of an inmate successfully pursuing a medical suit in court is substantially decreased when an AMA accredited health delivery system is a part of the jail's procedures.

Secondly, jail staff have found the program to be less expensive than the manner in which services were obtained previously. Prior to the Jail Health Care Project in Wisconsin, health care services in most of the state's jails were provided in hospital emergency rooms or doctor's offices. In many instances, medical complaints of the inmates were not serious enough to warrant treatment at either of these locations, resulting in an unnecessary expense for the community.

Under the sick call system at the Washington County Jail, many of these routine problems are handled by the nurse. For example, from the time when the sick call system began in April, 1980 through year-end 1980, 83 inmates were seen by the nurse, only 25 were referred to outside medical personnel.

The community also benefits from the program, since nursing assessments now done in the jails have cut down on the incidence of undetected and untreated communicable diseases, which would make their way into the community upon the inmates release.

The State Medical Society of Wisconsin was one of the first six medical societies in the country to participate in the Jail Health Care Program begun by the AMA in 1976. Twenty-three presently participate in the jail program.

The physician organization is now working with 29 other county jails in developing health care programs.

Telephone Company Files for Increased Local Service Rates

General Telephone Company of Wisconsin filed an application for increased local service rates with the Public Service Commission of Wisconsin (PSC) (January 23,) in a continuing effort to deal with high interest rates, inflation and growing customer demands for new and improved service.

The filing includes changes in monthly rates for basic local service, residential and business telephone equipment charges and various one-time service charges.

Growth in areas served by General Telephone and the increased use of the telephone network for voice and data transmission require additional facilities and the Company needs increased revenues in order to meet construction costs.

Donald D. Gall, President of the Company, said the firm "has been battling high interest rates on borrowed capital, inflation on all materials required and the high cost of labor without an increase in rates since 1977."

He said the application, if granted, would increase revenues from local service and does not involve any increase in long distance charges. The filing requests an additional \$24.8 million in annual revenues, approximately \$12 million of which would go to increased State and Federal Taxes.

However, he pointed out, a residential customer with a "private" line and two standard instruments could expect an increase ranging from \$4.35 to \$5.35 in monthly bills. The exact effect on each customer would depend on the size of the

exchange in which service is provided and the telephone equipment and service options selected by the customer.

Business customers' rates would increase by larger amounts than residential customer rates. An "average" increase is almost impossible to estimate for a business customer due to the wide variety of options and systems available to businesses. Specific information for businesses may be obtained from communications consultants.

"No rate increase is ever popular with customers," Gall said. "However, they would be unhappier in years to come if telephone service failed to meet the standards they require."

He noted General Telephone has been conducting an extensive service improvement and construction program each year and will have to spend over \$400 million on such projects during the next five years.

Increased productivity and other employee programs have saved the company money, helping to delay a request for a rate increase. "However, even though these measures have been effective," Gall said, "they cannot offset entirely the inroads of inflation and high interest rates."

He pointed out the last increase granted the company came four years ago. "Essentially, we are trying to provide 1981 service at prices based on the costs of doing business in 1976."

As part of its efforts to

improve the firm's financial situation, the company filed in November for more rapid depreciation rates. "That filing is completely apart from today's filing," Gall said, "and will be considered separately by the PSC."

General Telephone serves 320,000 customers in 192 exchanges, predominately in rural Wisconsin. The firm's State Headquarters is located in Sun Prairie and its operating territory also includes the cities of Wausau, Marshfield, Rice Lake, Plymouth, Black River Falls, Two Rivers, Portage and Dodgeville.

J & J AUTO TOPICS

BEWARE — PEDAL PUMPERS

You see many drivers during cold weather pumping away on their car's accelerator, and racing the motor. This is called warming' the old bus.

You're wearing it out, too, many times faster than if you would let it run slowly. By pumping and racing the motor, gasoline by-passes the cylinders and dilutes the oil. This causes bearings and rings to grind down metal on metal.

Of course, you don't realize this until you do it often enough, and then a king-sized engine repair bill smacks you down.

It's a good idea to change oil often during cold weather, too. It'll pay for itself over the long haul, and give you a dividend of a longer lasting motor.

Another good idea is to drive over to 450 E. Main where J & J AUTO SERVICE will give you fine and accurate auto services. We're not just another filling station.

Chess Team Beats Hartford, Now 3-0

The Kewaskum High School chess team defeated Hartford Tuesday night by a score of 39½-12½. The match raised Kewaskum's conference record to a perfect 3-0 and dropped Hartford to 0-3.

Hartford started the scoring when freshman Luke Hesprich defeated Rick Howell at board 3. Hesprich allowed Howell to fork his rook and queen when Hesprich moved his queen and Howell accepted the rook it set up a mate in two making the score Hartford 8, Kewaskum 0.

Kewaskum scored the next 25 points. Andy Rosenberger, Jim Simon and Ken Bauer all won easily at boards 4, 5 and 6. Rosenberger and Bauer are undefeated in conference action while Simon raised his record to 2-1. All three were playing one board higher than usual as Gregg Classey missed the match due to flu.

Brian Pamperin scored a win at board 8. Pamperin fell behind early by a point and was lucky when his opponent missed a forced mate in 2. Pamperin won with a back rank mate.

Romie Holl also fell behind early in the game losing the exchange. Holl won a good end game with his queen vs. his opponent's 2 rooks.

This left Rob Slegler and Steve Yahr playing at the top two boards. Hartford needed to win both to take the match and both games were very close. Steve Yahr and Pat Krause playing at board one each had a rook and 3 pawns. Yahr trapped Krause's king on the 8th rank, then sacrificed a pawn for a mating attack. This was the second game in a row that Yahr has won a rook end game. Yahr is the only board one player in the conference without a loss and leads the league in scoring with 30 points.

Rob Slegler at board 2 had won the opening and gained 3 pawns in the process. His opponent forced a passed rook pawn and Slegler had to trade his rook for this pawn. This forced a close end game of Slegler's three pawns vs. his opponent's rook which ended up as a draw.

Kewaskum traveled to St. John's Military Academy for a match this Wednesday.

Sturgeon Spearmen Reminded to Get License Early

Anglers who take advantage of the sturgeon spearing season in lakes Winnebago, Butte des Morts, Poygan and Winneconne are reminded that the special spearing license and tag again this year will not be sold during the season.

It will be necessary to purchase the sturgeon spearing license and tag which sells for \$5.50 prior to the start of the season on Lake Winnebago, February 14. The season on Winnebago runs through March 1. On lakes Butte des Morts, Poygan and Winneconne, the two-day sturgeon spearing season this year is February 21 and 22. There was no season on those three lakes last year.

Anglers coming to Wisconsin from out-of-state for the sturgeon spearing season should order their license and tag as soon as possible. When ordering the sturgeon license and tag by mail, send the number from your 1981 Wisconsin fishing license, your name, address and personal description (dates of birth, height, weight and hair and eye color), and a money order or check for \$5.50 to License Section, Wisconsin Department of Natural Resources, Box 7924, Madison, Wisconsin 53707.

Only persons 14 years of age and older are eligible to spear sturgeon in Wisconsin. The minimum length for a sturgeon speared during the spearing season is 45 inches and the season limit is one.

KEWASKUM LAKES GAME POSTPONED

The Kewaskum Land o' Lakes game scheduled for Sunday night with Thiensville - Mequon was postponed. It will be rescheduled at a later date.

Larson Invited to Olympic Judo Camp

Lynn Roethke of West Bend and Julie Larson of Kewaskum received formal invitations to the Women's Olympic Judo Training Camp Feb. 28-March 14, at the United States Olympic Training Center, Colorado Springs, Colo.

The invitations were given to the West Bend Judo Club Judoka by the president of the United States Judo Association, Philip S. Porter. The young women received the invitations because of their recent performances at the 1980 U.S.J.A. junior nationals where Lynn won first place and Julie took third place in their respective divisions.

This is the first women's olympic judo training camp ever held. It is being presented because of the anticipated entry of women's judo in the 1984 World Olympics which will be held in Los Angeles, Cal., U.S.A.

Flu, Injury Riddled Indians Thumped by Sheboygan Falls

Friday wasn't Kewaskum's night at Sheboygan Falls as the Indians were downed by the Falcons, who are tied for fourth place (3-4), to the tune of 78-65.

Falls outscored the Indians in the first two quarters and led at halftime, 37-26. But it was the third period that killed Kewaskum. They were outscored, 26-9, giving the Falcons an overwhelming 63-35 advantage. The Indians regrouped in the final stanza to outpoint Falls by 15 points, 30-15, but it was too late and all their effort accomplished was to make the score more respectable.

First of all the Indians' leading scorer, Brian Larsen, who is third in scoring and rebounding in all conference, was injured after the game was only one minute old. He was all done for the night. And another starter, center Dale Wodsedalek, was suffering from the flu and played sparingly.

Without these two players, 6-5 Falls star Scott Meyer had himself a big night. He burned the nets for 36 points and had a lot of help from teammate John Lemkuil, who poured in 20 points, all on baskets made. Fifth high scorer in the conference, Meyer scored the Falcons' first eight points.

The closest Kewaskum came was in the first quarter when they tied the count at 10-10 before Meyer took over. Kewaskum was still in it half way through the second period but then Falls started to pull away. In scoring 26 points in the third quarter, the Falcons missed only three shots.

Jim Rohlinger was the big scorer for the losers with 26 points.

This week the Indians have a Saturday night game at New Holstein, their fourth straight contest on the road. The Huskies are tied with Two Rivers for the conference lead, both 6-1,

and are in the thick of the running for the Eastern title.

Freshmen Win, JVs Lose at Falls

The freshmen were the only one of three Kewaskum teams to win at Sheboygan Falls Friday in a close 55-54 decision.

Bench strength made the difference as 10 players were shuffled in and out of the game. Jeff Squier and Brian Arndt paced the Indians with 14 and 13 points respectively.

The victory gives the frosh a 4-3 record and avenged an earlier one-sided loss to Falls.

The JVs held an eight point lead with about five minutes to play but a Falcon press and some poor shooting by the Indians turned the game around, 71-63.

Mike Heisdorf played well and led the scorers with 24 points, followed by Dan Dean with 15 and Rod Donnelly with 10.

Matmen Lose To Mayville, Two Rivers

In a dual meet here last Tuesday, Kewaskum was defeated by Mayville, 32-23. A forfeit at unlimited again hurt the Indians.

Bob Bastian continued to win at 155 with an 8-2 decision over Bryan Berry. He is now 13-2 for the year.

Kewaskum got four other wins. Don Goeden scored the Indians' only pin in just 1:10. Dave Goeden (9-3) also won at 145. Surprises came at 126 where Bob Beck, subbing for injured Wayne Boudreau, won 14-2, and frosh Steve Seitz came through at 167 with a major decision.

There was a good match at 119 where Scott Klein and his opponent drew. Disappointments came at 98 where Russ Katzenberger was pinned and 138 where Stuart Stautz lost.

Thursday the Indians hosted tough Two Rivers, Eastern Wisconsin leader, rated eighth in the rankings of Class A schools, and were thumped, 45-10. It was a case of Two Rivers' experience against Kewas-

kum's youth.

Russ Katzenberger was sharp in the opening match with a 14-4 decision at 98 pounds but it wasn't until five matches later until the next Indian, Don Goeden won at 132. Bob Bastian scored the only other Kewaskum win at 155, 4-2, bringing his record to 14-2.

Two Rivers has two Badger State champions, 240 pound Dennis Jacobs at unlimited, who won on a forfeit, and 145 pound John Wirnsberger, who handled Dave Goeden, 17-4, at 145. Jacobs has been rated as the top heavyweight in the state and Wirnsberger is rated second.

The defeat drops the Indians to 2-3 in conference.

The Kewaskum freshmen and JVs both won the majority of their matches.

JV Girls Win Two, Lose One, Now 6-2

The Kewaskum JV girls suffered their second defeat of the season to a tough Kiel team. The final score was Kewaskum 39, Kiel 41. Pam Perkins and Brenda Kempf led Kewaskum with 10 apiece. Their record dropped to 4-2 in conference.

The JV's next hosted Mayville in a non-conference game on Saturday, January 24, which they won, 36-34. Kewaskum has been shooting well from the line the last couple of games - against Mayville they hit 57%. The girls were behind the first three quarters and trailing by six going into the fourth quarter. Then Cathy Schlice and Cheryl Jaeger combined for 5 and 6 points respectively of the total 14 scored, to outscore the Cards 14-6 in the final seven minutes of play. High scorer for Kewaskum was Cheryl Jaeger with 12.

The JV's next took to the road for a game against the Plymouth Panthers and won 51-34. The game was close the first half and was tied at half-time, 18-18. The girls then came back and outscored the Panthers in the second half, 33-16. Coach Dickenson praised the Indian team defense. High scorers were Holly Kempf with 18 and Cathy Schlice with 13. Their conference record is now 6-2 and 10-2 overall.

Indian Girls Edged by Mayville, Downed by Strong Plymouth Team

The Kewaskum girls hosted Mayville in a non-conference game Saturday night and were edged out, 55-52.

Five free throws by the winners in the closing seconds nullified a good comeback effort by Kewaskum. The Indians trailed for most of the game but rallied in the last quarter to finally take the lead at 50-49 with just over three minutes left.

A free throw with 29 seconds remaining, tied the score at 52-52. Another free throw with 11 seconds left put Mayville ahead, 53-52. On a rebound the Indians fouled again and two free throws gave the Cardinals their three-point margin of victory.

Linda Larsen led all scorers with 27 points and Jill Yearling had 18 for Kewaskum. Bachhuber led Mayville with 13.

On Tuesday night the girls traveled to Plymouth with hopes of upsetting a powerful Panther team but very cold shooting

upset their plans. The final score was 50-38.

The contest was much closer than the first meeting between the two here when the Indians were defeated by 29 points. Kewaskum was in it most of the way but just couldn't hit on their shots.

Plymouth's zone defense gave the Indians the long shots but they didn't go in. Kewaskum did not score a single basket in the first quarter. But they were only five points behind at the quarter and 10 at the half as they shot just 12 percent.

Kewaskum also played a zone for the first time, forcing the Panthers to shoot long but they hit.

Krueger scored 16 points for the winners and when the Indians came out to stop her Teri Schumacher hit from the inside with 17. Larsen was high for Kewaskum with 17 points.

The Indians are now 3-4 in the Eastern Wisconsin.
