Acquisition of Fairmont Foods Co. By Minneapolis Firm Announced

The acquisition of the Fairmont Foods Company's dairy processing facilities in Green Bay and Kewaskum by Marigold Foods, Inc. of Minneapolis was announced by Marigold Chairman and CEO David C. Ramsay.

No changes in basic plant operations, procedures, or sources of supply are contemplated. Marigold has however, introduced its Kemps Quality Chekd label throughout the marketing area served by the two facilities, according to William B. "Bill" Ramsay, President.

George A. Sanda, Marigold Executive Vice President, has been assigned overall responsibilities for both production and marketing. A past president

and director of the Wisconsin Dairy Foods Association, Sanda has also been a member of the Wisconsin Department of Agriculture Advisory Council. Sanda, who resided in Green Bay from 1964 to 1970, had previously served as Fairmont's Regional Manager from 1964 to 1979.

Larry Gergens, also formerly with Fairmont, and now a Marigold Vice President, will continue as General Manager of the two plants, reporting directly to Sanda.

Marigold Foods has been a prominent factor in the dairy industry in western Wisconsin for more than 60 years. The present organization includes the outgrowth of the old Tri-State Dairy of LaCrosse,

Reedsburg, and Eau Claire, which had marketed its products under the Dolly Madison label before converting to Kemps Quality Chekd in 1978.

Marigold's home office is in Minneapolis, and, along with Green Bay and Kewaskum, has processing facilities in Minneapolis and in Rochester, Minnesota. Kemps Quality Chekd milk, ice cream and dairy products are marketed in the seven state region of Wisconsin, Minnesota, Iowa, Missouri, Illinois, North Dakota and South Dakota.

37 Fire, 189 Rescue Squad Calls in 1980

Chief Augie Bilgo reported that the Kewaskum Fire Department received 37 fire calls and 189 rescue squad calls during 1980.

The fire calls included 13 in the Village of Kewaskum, 14 in the Town of Kewaskum, 7 in the Town of Auburn, 2 mutual aid calls to assist West Bend and 1 mutual aid call to assist Campbellsport.

The calls consisted of 17 residential fires, 9 grass fires, 3 car-truck fires, 3 shed and barn fires and 5 miscellaneous.

This is an increase of 9 over the year before (1979) when 28 fire calls were received, including 17 in the village, 9 in the Town of Kewaskum and 2 in the Town of Auburn.

In 1980 the Fire Department Rescue Squad received 189 calls, 36 more than in 1979 when 153 calls were received. The 1980 rescue squad calls covered a total of 4,459 miles, compared to 3,880 miles in 1979.

Primary Election

Primary election will be held next Tuesday, Feb. 17.

In the Village and Town of Kewaskum and Town of Wayne the only ballot to be voted on is for State Superintendent of Public Instruction. The five candidates are Grant Douglas Tews, Douglas J. LaFollette, Barbara Thompson, Reinhold Kaebitzsch and Herbert J. Grover.

A primary for township candidates will also be held in the Town of Auburn. This becomes necessary when five residents filed for the two supervisor positions and three individuals filed for the treasurer's post.

Fire Destroys Garage and Contents at Klesmith Home

Fire late Monday afternoon destroyed a garage and damaged a utility room at the Robert Klesmith rural home at 4600 Ridge Road southwest of Kewaskum. Also lost in the blaze were tools and equipment, a washer, dryer and freezer.

The two-car garage, which measured 26 by 26 feet, and was of wooden structure, was attached to the rear of the home. Smoke also poured into the residence but there was no damage there by fire.

Kewaskum firemen were called to the scene at about 4:20 p.m. The Kohlsville Fire De-

partment, which had just returned from another fire in the Allenton area, was called in to assist.

It was reported that the fire started when Klesmith was operating a grinding wheel and sparks ignited a pan of gasoline. Klesmith succeeded in removing a truck safely from the garage.

Fire Chief Augie Bilgo estimated the damage at \$20,000.

Kewaskum firemen also answered a chimney fire call to the Otto Bartelt residence, Route 2, Campbellsport, last Thursday morning.

School Energy Study Issue Rises, Only to Die Again

By GERRY MUELLER
Statesman Staff Writer

At Monday evening's meeting, the issue of having Bray & Associates do an energy study for the Kewaskum School District was again brought up by School Board President John Tessar.

At last month's meeting, a motion to contract with Bray to conduct the survey died for lack of a second.

School Superintendent Floyd Brenholt again expressed his support for this study, stating "it may seem like an expenditure now, but it will be a saving in the long run."

It was brought up that the school district could go ahead on its own and implement many of the energy saving steps without spending money on an energy survey. Travis Canfield, of Wisconsin Energy Management, another energy study firm, stated "my guess is this school district has done all the easy things such as caulking, insulating, etc." He felt, how-

ever, these were just the first steps in making the school district more energy efficient. Referring to energy saving controls, recommended by his firm, he said "if you think the controls are simple, they are not. If you think you can do it yourself (install similar devices) you're mistaken."

Canfield also voiced his approval of Kewaskum contracting with Bray for their services and said \$9,000.00 was cheap for such a study.

Business Manager Robert Borch was asked about the deadline for acceptance of this contract. Borch stated Walter Lau had to know by Tuesday, so he could complete his report and submit it by March 31, the government deadline for Kewaskum to be eligible for funds.

After further discussion, a motion to go ahead with the study was made by board member Gerald Secor, seconded by Jean Goeden, however, it was defeated in a 5-2 vote against the study.

In other business, no action was taken on the co-curricular activities to be offered next year.

WORST SNOWSTORM OF YEAR HITS AREA

The worst and only snowstorm of the year so far hit this area Tuesday, dumping more than six inches of snow. Winds gusting up to 55 miles per hour piled the snow into huge drifts. The storm was followed by below zero temperatures Wednesday morning and by Thursday morning it was expected to drop to 10-15 below.

Schools were closed Wednesday and the high school girls' basketball game at Two Rivers Tuesday was postponed to Friday. Business was almost at a standstill Wednesday, there was little traffic and snowplow crews were kept busy. Village workers hauled most of the snow off the main streets Wednesday.

activities to be offered next year.

Tessar noted he didn't know the Committee on Staffing was also expected to make recommendations regarding these activities. Brenholt noted adjustments or dropping of activities could affect staffing since contracts, to be issued in March, would have to be revised showing any changes. Board member Dr. Charles Ogi commented, how come recommendations cutting down the seven activities were not made, instead your administration suggested adding two, softball for girls and tennis for boys. Why not a recommendation to cut out one or two? High School Principal Clark Pearson said, "he personally did not care to see any activities cut. I could live with more programs for the kids. I feel the activities are beneficial to the kids and keep them interested in school."

Brenholt stated "we made a number of recommendations, the first one was the addition of

these activities. Number two was that the board, between now and next year, should study ways that they want to determine what sports should be offered at the high school and really, we were also saying at the same time that if the board wants to cut, if you are going to limit to a certain number of activities, then we felt those activities ought to be the ones that the kids want. Some sports are traditional, but not what the boys and girls want." Tessar informed Brenholt the Committee will make their recommendations on February 23.

The board also voted to increase, by 20c, the price of meals in the reduced price lunch program due to Federal Government cutbacks in reimbursements. Borch noted the smaller increase (approximately 4c) in the regular meal program could be absorbed this year due

to a \$5,000 surplus left from last year's lunch fund.

Borch also told the board the state is considering dropping all reimbursement for Drivers Education programs, raising the possibility of increased fees to students taking the course.

President Tessar, noting the large group of people attending the meeting, commented that it was probably due to the newspaper articles which mentioned the possible closing of Beechwood School.

Tessar stated "there will be no discussion on this matter tonight. This board has not made any recommendations." He told parents the Committee on Staffing will meet Thursday evening, February 12, at which time recommendations for budget reduction will be discussed. Tessar invited all interested parties to attend this open meeting.

Blood Bank Reminder

Area residents are reminded that the Milwaukee Blood Mobile unit will be at the Kewaskum High School gym (old) on Tuesday, February 17, between the hours of 1:30 to 6:30 p.m. Donors who have been coming in on a regular basis will receive postcards. New donors are encouraged to walk in anytime.

There are no rules or restrictions on who can receive blood. As long as enough people donate, patients will receive all the blood they need.

If you are in good physical condition you can donate every 10 weeks. You may donate at age 17 if a parent or guardian signs a consent form which will be available at the school. Recording your confidential medical history, taking your blood pressure and testing a single drop of blood takes about 15 minutes. The actual drawing of the blood from your arm takes only 4 to 10 minutes. In 1980, 62,481 volunteer donors provided 99,700 pints of blood collected in the region. These donors measured that momentary prick in their arm against the restored health of the patients who needed their blood.

If you are qualified, can you give us a little of your time and one pint of blood? You'd really be putting some life into your society! If anyone has a question, please call 626-2210.

St. Valentine's Day Message

St. Valentine's Day focuses our love and attention on special people in our lives as do other occasions such as birthdays, anniversaries, etc. It's nice to be remembered at times like these but this kind of remembrance is usually, and most always, born out of physical love or attraction.

THERE IS A MUCH GREATER LOVE — love in its truest form, the love of Jesus Christ, Son of God, Lord and Saviour to all who will let Him enter their hearts.

Is there any greater love than that a man lay down his life for his fellow man? Jesus willingly gave His life so that we might have everlasting life.

Jesus said "...Except a man be born again, he cannot see the Kingdom of God." Jn. 3:3

WILL YOU LAY DOWN YOUR WORLDLY LIFE TODAY AND MAKE A NEW LIFE FOR YOURSELF BY BEING BORN OF THE SPIRIT UNTO JESUS CHRIST WHO IS LORD OF LORDS AND KING OF KINGS?

Observe Catholic Education Week At Holy Trinity

Holy Trinity was very alive, well, and humming with activity during Catholic Education Week, February 1, through the 7. An official proclamation arrived from Governor Dreyfus stating the many good values of Catholic Education. Each day special activities were planned by students, teachers, principal and Father Budde.

The theme "Choosing a Tradition...Catholic Schools," was very evident by various bulletin boards in the room and halls upstairs and downstairs, and left no doubt a special week was at hand. A picture display of days "gone by" contrasted with "recent school days" could not be passed by without some time spent looking at it. Pictures as

far back as 1942 were shown.

Monday was report card day. A tradition in any school.

Tuesday was busy with Open House with parents enjoying and seeing their son or daughter in their classroom. Parents could come anytime between 9:00 and 2:00. The big thrill is that the parents could eat hot lunch with their child if they so desired. This also gave parents a chance to see the beautiful displays for the "special" week and recalling what school is like.

Wednesday was spent enjoying a pleasant assembly arranged by Miss Weston with the General Telephone Company. They put on two programs, designed for grade levels 1-4 in the morning and 5-8 in the afternoon.

Thursday afternoon found the older students, grades 5-8 helping the younger ones with some type of project. We called it "Big Brother, Big Sister Day." Each upper grade was assigned a lower grade, four years

younger. Heart people and heart collages were some of the items worked on.

Friday was known as "Blue and Gold" Day. Students and teachers alike dressed in the colors, which represent Holy Trinity - Blue and Gold. Another assembly was held in the church basement. It consisted of singing the school song, with two girls playing the accordion, cheers and refreshments.

Last, but not least, we must not fail to mention the special liturgy in church the students were a part of. Each day two classes picked out the songs they wanted to sing at Mass. On Wednesday and Thursday, petitions for certain "favours from God" were written and read by students from each class. The 7th and 8th graders also were chosen to carry up the gifts at the Offertory. This is probably the activity that really enforced the true meaning of "Catholic Tradition."

What did the students think

of "Catholic School Week?" Mrs. Theusch had the children reflect and write their feelings. Here are just a few. "It was fun to go to another grade on Big Brother, Big Sister Day to help the younger children and make new friends." "It gave us a chance to show how much we like our school." "We shared our school day with our parents." "I got to know some kids that I never knew before."

from Tom Leitzke, R.P.H.

A 'sense of humor,' a necessity for health in modern life, is the best antidote for tension and stress. Try to see humor, the funny side, in little happenings each day. Don't take yourself too seriously. Smile, chuckle, and laugh easily at life's little foibles. You'll be healthier for it - and it's contagious.

Of course, it is easier if you have just inherited from a rich aunt.

Before coming to Regal, he worked on the recruiting staff of one of the nation's largest conglomerates.

A graduate of John Carroll University, Cleveland, Christie has participated in numerous seminars on international business and foreign trade, sponsored by the U. S. Department of Commerce and the International Trade Club of Chicago. Village Clerk Begins 31st Year

By GERRY MUELLER
Statesman Staff Writer

At last Monday evening's meeting, Village President Gerald Stollenwerk extended the board's congratulations to William Martin, who with the opening of the evening's meeting also began his 31st year as Village Clerk-Treasurer for the Village of Kewaskum.

Martin began his job on February 1, 1951, when the village had decided it was time for a full time official. The village's new municipal building had just been completed and the position was open.

Martin has called roll for over 1,300 meetings in his 30 years, noting the first tax roll he worked on was \$86,000; the present tax roll is over \$1 million. Martin, 67, hopes to remain on the job until he reaches 70.

The custom of "knocking on wood" began because people hoped the noise would prevent evil spirits from hearing about their good luck and taking it away from them.

Peter Ayer to Give Woman's Club Program

On Thursday, February 19, at 7:30 p.m., the Kewaskum Woman's Club will hear a program presented by Peter Ayer. Don't miss this meeting! Ayer, Professor of Music at UWWC, seasoned performer, distance runner and aviator, has promised us a most interesting meeting. We will meet in the basement of Valley Bank for a short business meeting, refreshments served by hostesses Margaret McFadden and Pat Moody, then our program. See you there.

In January we held our annual Founder's Day Banquet at the Glacier Inn and treated our husbands to a delicious meal. They earned it, however, as they suffered through physical descriptions of themselves written most frankly by their wives. The evening was nicely topped off with a performance by the Kewaskum High Swing Choir led by Mr. Bertelson. Their sweet musical tones are second only to their energy and enthusiasm. Great job, kids!

The Book Discussion Group will meet Tuesday, February 17, at 9:30 a.m. at the Kewaskum Library. The selection for the month is "The Metamorphosis" by Franz Kafka.

Rescue Squad Calls

Thursday, Feb. 5 — Tammy M. Wahnschaffe, 15 months, 1551 Fond du Lac Ave., Kewaskum, taken to St. Joseph's Community Hospital, West Bend, from her residence.

Tuesday, Feb. 10 — Joe Karl, 68, 4895 Townline Rd., Kewaskum, taken to St. Joseph's Community Hospital from his residence when he experienced difficulty in breathing.

Board of Education To Meet Wednesday

The Kewaskum Board of Education will hold a meeting on Wednesday, February 18, 1981, beginning at 8:00 p.m. The meeting will be held in the district administrative offices.

The Kewaskum firemen's ambulance and attendants are fast but didn't quite make it in time early Monday morning, February 13, in a race for St. Joseph's Hospital, West Bend. As a result they had a new experience when a bouncing baby girl was born in the ambulance on the Barton hill while it was speeding to the hospital. The attending physician expected this might happen and so he rode in the ambulance with the mother and brought the baby into this world while one of the ambulance attendants followed in the doc's car. Oh, yes, the happy, history-making parents are Mr. and Mrs. Myron Belger of Kewaskum.

A daughter was born to Mr. and Mrs. Nathan Nigh, Barton, on February 11. A son was born to Mr. and Mrs. Ben Miller, Route 2, Kewaskum, on February 12.

The worst blizzard of the season raged here last Tuesday night when roads were drifted so badly that they were impassible on Wednesday.

Passenger Train No. 2, south-bound on the Wisconsin Central, was wrecked at Theresa Station last Sunday at 6:45 p.m. The baggage car, two coaches and the cafe car were derailed and tipped over but the engine and mail car stayed on the track. Eight people were injured, but none seriously. The wreck was caused by the breaking of a flange on the engine.

All graduates of the Kewaskum High School since 1897 are requested to be present at the school house at 8:00 p.m. February 19 for the purpose of organizing an alumni.

The marriage of Miss Clara Vorpahl to Charles Schiltz took place at Boltonville last Friday.

Fred Schoenhaar has opened a shoe makers' shop in the Fellenz residence in Kewaskum and is now ready to do all kinds

of repairing and new work.

A chimney fire on the P. J. Smith residence in Kewaskum last Tuesday evening created quite a bit of excitement in the neighborhood.

The ladies bowling record was broken on Eberle's alleys last Wednesday afternoon when Mrs. N. E. Hausmann scored 78 points.

Beer is as much pre-digested food as the so called pre-digested breakfast foods. The process of malting the grain is the same in both. It converts the starchy matter of the cereal into malt sugar which is very assimilable and digestible and also very nutritious. Add to this the good qualities of Lithia water and there is nothing to be had that is more healthful as West Bend

beer!

A little daughter was born to Mr. and Mrs. Albert Ramthun of Kewaskum last week. A baby daughter was also born recently to Mr. and Mrs. Rady of Boltonville.

Tax Incremental Funding [TIF] Picture Clarified Here

By GERRY MUELLER
Statesman Staff Writer

At Thursday's joint meeting of the Plan Commission and Kewaskum Village Board, many questions regarding Tax Incremental Funding, which had been plaguing members, were clarified.

Dan Thompson, of Action Associates-Madison, stood before the group for more than one and a half hours explaining the program and answering questions. Thompson gave the meeting a short rundown on his background and credentials in the field of Tax Incremental Funding, followed by a history into the reasons for and eventual development of the TIF program.

Thompson's experience with TIF started when he was employed by the Department of State and Local Affairs. His assignments was to aid the 12 to 18 communities who were the first to use the TIF program for projects in their areas. Thompson left state employment when he felt that more time was needed to properly develop programs. Through his early experiences, with the TIF program, Thompson was able to help make amendments that have brought TIF to its present status. One of these amendments regards state aids to school districts. Many communities were against the original TIF because their school districts lost tax dollars which were raised within the TIF district. The present program now allows the state to reimburse districts thereby eliminating the previous loss of funds. TIF postpones Tax Base Equalization until a district has been completed. Relating this fact to Kewaskum, Thompson said the approximate \$1.8 million of construction now under way would mean a substantial increase in the village's total equalization, resulting in a large loss of state aids. TIF would delay this increase for the life of the district and the village would get to keep 100% of the environmental value.

Thompson was asked what kind of time period would be involved. Once a TIF district is in effect, community project expenditures must be spent within five years, and the

district itself terminates 15 years after completion of the last project. In essence, a TIF district can last between 20 and 30 years. Commission member Charles Miller asked for a ballpark figure of "what it would cost to get into this thing." Thompson stated consulting fees for the full cost, through adoption of the plan, could run from \$10,000 to \$40,000. Thompson noted an Optional Use Report would cost considerably less and takes about four months to prepare. A recent report done for Stoughton cost \$6,000, and included four different plans from which a selection was made.

Thompson noted "you don't need an out-of-town gun to create a legal TIF District, however, considerable time and money could be lost if a community decided to do it on its own, whereas a consulting firm would know the proper and quickest routes to go.

Commission member Bob Kirst asked if Kewaskum's proposed project list would be eligible. Thompson felt all the items would qualify, stating there is no state agency that has the authority to challenge a district. Thompson noted the state laws are so broadly written, they can cover just about anything and Kewaskum's list was not out of line.

Thompson stated "It (TIF) puts back in the hands of local government, a financing tool without cutting their throats."

Tax Incremental Funding is designed to help communities develop and construct projects that would be financially out of their reach through local tax revenues.

Miller asked "do we have money in the budget to put a man (like Thompson) on the

payroll?" Village Administrator Dan Schmidt stated money had been set aside and was available under Land Use Planning.

Miller stated, "I admit I have been the one who's been putting the brakes on this thing, but now I think we should get someone going on this."

Commission member Jeff Rohrer noted it was now up to the members of the Board and Commission to take time to explain TIF to the people of the community so misunderstandings would be minimized.

Village Board President Gerald Stollenwerk thanks Thompson for his time noting everyone felt more informed after his presentation.

Stollenwerk said TIF will be on the Plan Commission agenda February 24.

FACSIMILE BALLOT NOTICE OF FEBRUARY PRIMARY FEBRUARY 17, 1981

OFFICE OF WASHINGTON COUNTY CLERK
TO THE ELECTORS OF WASHINGTON COUNTY:

Notice is hereby given of a spring primary to be held in the several wards in the County of Washington, on the 17th day of February, 1981, at which the officers named below shall be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to or filed in this office, are given under the title of office in the sample ballot below.

INFORMATION TO ELECTORS

Upon entering the polling place, an elector shall give his or her name and address before being permitted to vote. Where ballots are distributed to electors, the initials of two ballot clerks must appear on the ballot. Upon being permitted to vote, the elector shall retire alone to a voting booth or machine and cast his or her ballot. An election official may inform the elector of the proper manner for casting a vote, but the official may not in any manner advise or indicate for whom to vote.

At a nonpartisan primary, the elector shall place a cross or other mark in the square at the right of or depress the button or lever next to the candidate's name for each office for whom he or she intends to vote, or insert or write in the name of his or her choice for a candidate.

The vote should not be cast in any other manner. If the elector spoils a ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initiated by two ballot clerks or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. Not more than five minutes' time shall be allowed inside a voting booth or machine. Unofficial ballots or a memorandum to assist the elector in making his or her ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

After an official paper ballot is marked, it shall be folded so the inside marks do not show but so that the printed indorsements and ballot clerks' initials on the outside do show. After casting his or her ballot, the elector shall leave the machine or booth, and where paper ballots are used, give his or her name to the inspector in charge of the ballot box, hand the inspector his or her folded ballot to be placed in the ballot box, deposit any unused ballots in the blank ballot box, and shall leave the polling place promptly.

An elector may be assisted by two election officials of different political parties in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to physical disability is unable to cast his or her ballot. Alternatively, an elector making such declaration may have another elector of the county assist in marking the ballot or operating a voting machine. The presiding official may administer an oath to a person making such declaration.

The following is a facsimile of the official ballot:

Attends Mary Kay Seminar in Dallas

Kathy Rochwite of rural Campbellsport, a Beauty Consultant with the Dallas-based Mary Kay Cosmetics, Inc., has returned from the company's 18th Annual Seminar held at the Dallas (Tex.) Convention Center, January 26-28.

Some 8,000 of the 100,000 independent Mary Kay Consultants attended. General assemblies and workshop filled the schedule of the program covering every facet of the Mary Kay business from products to management. Mary Kay Ash, who founded the company in 1963 and is now Chairman of the Board, gave the opening address and taught some of the classes. Richard Rogers, President of Mary Kay Cosmetics, was also a guest speaker.

The theme of this year's program, "Dreams Come

True," reflected the spirit of total optimism that ran through the \$2.5 million seminar. The spectacular stage setting featured a castle motif enchanched with thousands of twinkle lights, a lighted curtain with a star burst design, laser light rainbow effects, four turrets accented with live greenery and yards of shimmering glamme material forming the backdrop.

The 1981 Seminar was highlighted by an awards night where the top sales achievers in Mary Kay Cosmetics were spotlighted as they received their

valuable prizes including pink Cadillacs and Buick Regals — the most often associated with Mary Kay Cosmetics - diamond and gold pins, bracelets, rings and necklaces and mink fashions. Entertainment was provided by singer, Jack Jones.

Mrs. Rochwite joined Mary Kay Cosmetics as an independent Beauty Consultant in 1980. She is married to Lyle Rochwite and they are the parents of three children.

Chess Team Ups Record to 5-0

The Kewaskum Chess team finished the first half of its season with a convincing 4-1 win over Germantown. The win kept the Indians in first place with a 5-0 record in conference play. The Indians won 8 of the 10 boards.

Steve Yahr had one of his easier games of the season, winning pawns in the opening and middle game to gain his victory at board one.

Rick Howell pinned his opponent's queen and won the exchange of rook to queen to win at board two.

Rob Slegler earned 8 points with his victory at board three. Slegler fell behind early, but used a broad pawn formation and many prospective combinations in the end, using a knight fork to win his opponent's queen.

Andy Rosenberger remained undefeated with his win at board four. Rosenberger won with his pawns as he twice promoted pawns to queens. Rosenberger's victory was impressive since his opponent, Ron Retzer, the week before, had played first board for Germantown against West Bend.

Gregg Classey lost a fifth board. Classey had to give up the exchange to avoid a mate and this material loss later cost him the game.

Jim Simon played a good game at board six but lost when he made one mistake. Simon was up in material and made a pawn push that allowed a mate in two combination.

Ken Bauer improved his conference record to 5-0 with a win at board seven. Bauer won a bishop early due to a nice pin and mated his opponent using his queen, rook and bishop in a nice mating net.

Romie Holl improved his record to 4-1. Holl had a close contest but was the end game when his opponent overlooked the scope of Holl's bishop and dropped a knight.

Brian Pamperin needed a little luck for his win at board nine. Pamperin was losing when his opponent made a touch move infraction which allowed Pamperin a quick mate.

DuWayne Schacht easily defeated his opponent at board ten.

In two exhibition games Kewaskum's Chris Picard split two games with his opponent and John Martin defeated his opponent.

Kewaskum is busy next week traveling to Hartford for a game Wednesday and hosting second place West Bend Thursday. Kewaskum's advisor Roy Peterson still believes that Kettle Moraine is the team to beat. Kettle has had difficulty in scheduling their matches and has only played two matches so far, one a 28-27 victory by Kewaskum.

Indians Lose to Chilton, Now Alone in Last Place

The Kewaskum Indians blew a chance to get out of last place when they were trounced by Chilton here Friday night, 73-57. The two teams had been tied for the cellar before the game. The Indians had won their only conference contest of the year earlier at Chilton.

The Chilton coach stuck pretty much with his starting five until late in the game, when his team had a big lead, while Coach Jim Westphal used his entire squad. This gave a lot of fellows a chance to play but obviously doesn't win basketball games.

The Indians' offense was lacking Friday and they scored just 18 baskets in the entire four quarters of play. They were outscored in every quarter and trailed at halftime, 28-21.

Chilton's Mike Connors and Jeff Meyer had 19 baskets between them, more than the entire Kewaskum team, and scored 23 and 22 points respectively. It was expected of Connors, who is averaging about 18 points a game but Meyer's 22 came as a surprise. Jim Rohlinger led Kewaskum with 15 points and Brian Larsen was

held to 12. In a slow second quarter only one point was scored in the first 2½ minutes. The Indians came back to gain a 17-17 tie but six straight Tiger points put them back ahead, 23-17. In the final minutes the Indians missed several shots, a bonus free throw chance and committed two turnovers. Only Rick Leitheiser's basket with seconds left kept them from being nine points behind at the half.

In the second half, Chilton increased its lead to 12 before the Indians came back with seven straight points. Then Connors and Meyer took charge again and didn't let Kewaskum get any closer than 11 points in the final quarter. The game ended with the Indians 16 points behind.

This Friday the Indians travel to Kiel before winding up the season with two home games. In their first meeting here, Kiel won 74-63.

Kewaskum Wrestlers Nip Slinger; Place Last in Conference Meet

The Kewaskum wrestlers hosted Slinger last Tuesday on Parents' Night and defeated the Owls, 31-25.

Only eight matches were wrestled because of injuries and forfeits. Giving up 18 points in the last three top weight classes by Slinger on forfeits swung the meet over to the Indians. The matches that were wrestled were hard fought.

One of the top matchups was at 132, where Don Goeden defeated the Owls' top wrestler, Darrell Piontek (11-3), 9-5. Piontek dominated Goeden in a previous match at Horicon.

The Indians' Scott Klein battled it out with Ted Corey at 119 with Klein winning, 7-2. Slinger matmen scored two pins at 126 over Wayne Boudreau and at 138 over Stuart Stautz, who had a bad cold. Bob Bastian won again for the Indians at 155 with a 10-0 decision. He has just two losses for the year.

wrestlers through the first round. All four finished fourth. Two Rivers easily won the meet with 195 points and five champions, including two repeaters. They were Dennis Jacobs at unlimited who is now 22-1 and won on three quick pins, and Dan Duval at 132 who won a 22-4 decision.

Falls 'A' Leaders Drub Lakes Team; Wolf Scores 57

The undefeated Menomonee Falls Badgers, who hold first place in the "A" Division of the Land o' Lakes League with a 9-0 record, drubbed Kewaskum at home Saturday night, 150-123. The loss puts Kewaskum at 1-7 in fourth place in the "B" Division.

Kewaskum played Falls tough in the first half with the game still tied late in the second quarter. The Badgers knew they were in a game in the first half. In the second half, however, Falls walked away, aided by an ankle injury to Leon Laatsch and Clark Eichstedt fouling out.

The league's perennial top scorer, Bob Wolf, former Marquette star, amassed 57 points in the game. Kewaskum's leading scorers were Tom Edwards with 26 points, Don Gruber with 21 and John Slesar with 19.

The next game is Sunday, Feb. 15, at Menomonee Falls Stringers at Falls North High School at 7:30 p.m.
