Number 21

All-Day Kindergarten Out Parochial Busing, Assistant Principal And Business Manager to Remain

By GERRY MUELLER
Statesman Staff Writer

At Monday evening's meeting, over 110 Kewaskum area parents listened to School Board members make still further recommendations for cutting the 1981-82 School Budget.

The item which appeared to have brought out the largest number of concerned parents was the proposed cut which would eliminate private school busing. Parents of private school students would then have been issued transportation contracts amounting to approximately \$167.00 per child. Tom Brigham, school board member, began the discussion noting it was one of his recommendations while campaigning for school board. Brigham felt the district would save approximately \$26,000 by dropping private school busses. Several parents disagreed with Brigham's figures stating actual savings would only be \$6,000 - 7,000 (the district receives aid for almost half the busing cost) which is a drop in the bucket when the board had already vetoed a motion to close Beechwood School that would have supposedly saved the district \$40,000.

A private school parent noted, we're saving Kewaskum \$150,000 a year sending our children to parochial schools. Another parent stated "we pay our taxes which help support the district and all we ask in return is the busses to take our children to school and now you want to deny us that."

One parent addressed her comment to Brigham noting some private school parents have to pick up their kindergarteners and she wanted to know how he and all the other Kewaskum district parents would like it if they had to do

the same. She commented the district could probably save quite a few dollars on that busing alone, but I don't think the people would like the idea.

Board member Richard Theusch stated, "we've looked at the Beechwood closing and all-day kindergarten and dropped them, let's continue to keep busing these kids."

Board member Charles Ogi noted every meeting there is a different group of people here with their own interests. "I would like to see people come to all the meetings." One mother replied to Ogi's comment, "I was here two weeks ago for the first time and I went home so angry and frustrated that I will be at more meetings." Ogi stated "I wish you would be at every meeting so you can see how this board gets whipsawed."

Referring to West Bend's recent staffing cuts because of declining enrollment, a parent asked whether Kewaskum couldn't do the same. Superintendent Brenholt noted Kewaskum had already dropped two positions. He noted again comparing districts of similar size, Kewaskum was running on a budget about \$600,000 below the normal average. Brenholt stated West Bend would have to cut \$2,850,000.00 to get down to Kewaskum's present budget level. Board member Jerry Secor stated "I don't think we're going to save money, it just looks like we're trying to force people back into our community by dropping busing. The motion to drop private school busing was defeated 4-3.

When the board was asked if this decision was final, Board President John Tessar stated "if our budget is defeated in July, this board will have to sit down and decide where to cut; this could include Beechwood, all-day kindergarten and parochial busing. A parent commented "then we're not done with this yet." Tessar replied "you are until the Annual Meeting."

Other recommended cuts were the elimination of the Business Manager and Assistant Principal positions. Tessar stated, "I feel at this time these positions cannot be eliminated since contracts have been issued." Ogi noted he was still in favor of dropping the Business Manager position. Brigham noted legally the district would still have to honor the contracts and pay the salary. Theusch noted Ogi had been appointed to head the Staffing Committee last June and if he felt this and other cuts were

necessary, he should have acted on them much earlier. Ogi then made a motion to drop the business manager position for 1982-83, seconded by Brigham. Brigham stated "I feel we could do well with a 1/2 time business manager and reading specialist combined under the title of Administrative Assistant. Theusch asked "would you allow 'an individual' who is Business Manager to qualify himself to fill this position?" Theusch noted there has been no consideration of eliminating the Reading Specialist position. A parent asked if both the Business Manager and Reading Specialist are putting in full 8-hour days, how can you consider making them half-time, "its like comparing apples and oranges," is either qualified for the other's job. The motion to eliminate the Business Manager position was defeated 5-2.

Richard Theusch moved to drop the issue of Assistant Principal; there was no discussion.

On the subject of all-day kindergarten, Brenholt stated "I don't feel we're in a position that we have to go to all-day

The Kewaskum High School Marching Band again represented the Kewaskum Lions Club in the Lion's annual state convention parade at Williams Bay near Lake Geneva Saturday. The 100-member band put up a better performance this year than in the three previous years it marched in the parade despite two big conflicts on that day—the girls' track team L-Cat Relays at Lake Mills and the junior prom the same night. Kewaskum had requested an early spot in the parade to allow students to return for the prom and was the 17th unit.

kindergarten. I am not in favor of it. A motion to drop discussion of all-day kindergarten was unanimously approved.

The possibility of combining bus routes is being studied and recommendations have been made to the Transportation Committee, including the possible dropping of one high school run.

Tom Brigham presented his alternative athletic program to the board. The member voted 5-2 against changing the program.

Setting a User Fee for extra curricular activities was next on

the agenda. Superintendent Brenholt noted this recommendation would cover all activities such as Cheerleaders, Swing Choir, Chess, Forensics, etc., not just the Athletic activities. The Administrative Staff's recommendations will be turned over to the Budget Committee for further study.

The board approved the contract of William Stangl as Industrial Arts Instructor for the Middle and High School.

The board also approved the request of Kenneth Erickson to be transferred from Principal to an Elementary teaching position.

The board then adjourned to closed session.

Campus Notes

Robert Secor, 1856 Scenic Drive, Kewaskum, was among new members initiated recently into Tau Beta Pi engineering honor society at University of Wisconsin-Madison.

The honor is granted to junior and senior students who exhibit "high scholastic achievement and exemplary character" in chemical, civil and environmental, electrical and computer, general, mechanical, metallurgical and mineral, or nuclear engineering studies.

Secor, a 1978 graduate of Kewaskum High School, is a junior in chemical engineering. He is the son of Mr. and Mrs. Gerald Secor.

Kurt E. Zarling, a junior majoring in Theater at Ripon College, has accepted a job at Summerstock Theater offered to him by the Pepsi Co Summer Fare '81, a five-week festival of the performing arts held annually in The Center for the Performing Arts at SUNY/Purchase, Purchase, N.Y.

The company's repertory for the upcoming season will contain new plays and revivals, ballet, modern dance, puppet theater, jazz, classical music and cabaret.

After a lengthy application process, Zarling was selected by PepsiCo to an Assistantship in the theater's Public Relations Department.

Zarling, as a member of the company, will be working directly with theater professionals for the summer, learning the technicalities of Summerstock Theater and getting practical experience.

He is the son of Mr. and Mrs. Richard E. Zarling, Sr., Kewaskum.

The department of music at the University of Wisconsin-

Eau Claire presented senior bassoon recital Monday, May 4, at 5 p.m., in Phillips Recital Hall of the Fine Arts Center.

Gay Noree Olson, Kewaskum, performed selections by W.A. Mozart, Eugene Bozza, Alec Wilder, and Anton Reicha.

The recital and a reception that followed were free and open to the public.

In observance of National Music Week last week, the Titan Concert Band presented a "Spring Variety" concert at 8 p.m. Thursday, May 7, in the Music Hall of the University of Wisconsin-Oshkosh Arts and Communication Center.

Two soloists selected from the band for the concert were Dave Tappa, Green Bay, who played "Portrait of a Trumpet" by Sammy Nestico, and Jay Huenink, Oconomowoc, who played the euphonium solo "Thoughts of Love" by Arthur Pryor.

The concert band, directed by Thomas E. Neice, featured the trombone section in an old ragtime style piece, "Lassus Trombone." The brasses and percussion were featured in "Presto Barbaro" by Bernstein and in an antiphonal sonata by Gabrieli. Two melodies by Greig and the "Sonata in C Minor" by Handel were performed by the woodwind choir.

The full band rounded out the program with an overture, a tone poem and a march.

Area Students Have Roles in UW-Whitewater Production

Kewaskum Statesman, Friday, May 15, 1981, Page 9

Sharon Schoofs of Kewaskum plays Columbina, maid to two daughters of a Venetian physician in the University of Wisconsin-Whitewater production of Carlo Goldoni's classic Italian comedy, "The Liar." She is shown being beguiled by Arlecchino [Mark Danielski, Appleton], whose master, Lelio, the liar, stands above him. Lelio is portrayed by Scott Durand, Campbellsport. Lelio lies himself into and out of an engagement to one of the doctor's daughters and, in the end, is forced to marry a girl he deserted in Rome. The play runs May 11-16 with 8 p.m. curtain in the campus Barnett Theatre. [Peter Abraham photo].

Sharon Schoofs of Kewaskum and Scott Durand of Campbellsport have roles in the University of Wisconsin-Whitewater production of Carlo Goldoni's classic Italian comedy, "The Liar."

The new translation by Tunc Yalman of the 18th century play will be presented in the campus Barnett Theatre, Center of The Arts, May 11-16 with 8 p.m. curtain, under the direction of Professor Goden Hedahl.

Scott takes the role of Lelio, the liar, whose inability to tell

the truth causes misunderstanding. Sharon plays Columbina, maidservant to two daughters of a Venetian doctor, one of whom Lelio decided to woo, even though he is engaged to a girl in Rome.

Scott, son of Mr. and Mrs. James Durand, 316 Frances Ave., Campbellsport, is a sophomore theatre major with extensive dramatic experience at Campbellsport High School. At the University he has appeared in the French comedy, "A Flea in Her Ear," and in two

children's theatre shows, "Land of the Rising Sun" and "The Wind in the Willows," in which he had the role of mischievous Toad, an animal counterpart to Lelio.

Sharon, who is a special student in theatre and a minor in English and speech, has been active with the campus debate squad and had a previous role in the dinner theatre, "Feiffer's People." She is a daughter of Mr. and Mrs. Theodore J. Schoofs, 302 Third St., Kewaskum.

Cystic Fibrosis Bike-A-Thon For Kewaskum Area May 16

sheets are available at schools in the Kewaskum School District or by contacting Roy Petersch at 626-4965 or Dennis Hellsell at 338-1841. All bikers who raise \$25.00 or more will receive a free Cystic Fibrosis T-Shirt.

Local prizes have been furnished by Minz Supply, Steiner Electric, Dave's Music Center, West Bend Theater and Barton Variety.

Please join us in the fight against Cystic Fibrosis.

WORC Holds Creative Reading Discussion, Election of Officers

Members and guests of the Washington - Ozaukee Reading Council met at the Cedarburg Inn, Cedarburg, on May 5. Ms. Tia Bojar, Assoc. Prof. of Reading at Cardinal Stritch College addressed the group on Creative Reading. Ms. Bojar recently was selected as one of a team of U.S. educators who spent sixteen days with a team of educators in Russia. She briefly mentioned differences between U.S. and Russian schools. Russian schools serve the state. They maximize the utility of each individual student - utility to the state. In the United States schools serve the individual student.

In her address on Creative Reading she stressed that all students who are average or above can reach creative thinking if they have become independent in the use of basic skills. Creativity is a high level thinking process. In order to help students into these higher levels of thinking, adults around the child, both parents and teachers, must be aware of the student's level of distractibility, level of productivity, ability to manage time, ability to make choices and his/her ability to self assess.

Children must be given time

to formulate creative responses. Too often we expect an answer in seconds. Higher levels of thinking, synthesis and evaluation, take more time.

Creative Reading is the highest level of reading. It cannot exist without the ability to use the basic skills of reading independently. Basic skills of reading include the skills of listening. The use of A.V. materials and library skills are essential to creativity. Writing skills and reading skills can't be separated. In addition to the solid foundation of basic skills, situations must be set up to encourage creative thinking. Not only should children be asked to recall and repeat knowledge, they must be helped to think creatively.

At the business meeting new officers were elected for the 1981-82 year. They are: President, Hale Bremer, Curriculum Coordinator, Germantown; President-elect, Sharon Finnane, Reading Specialist, Cedarburg; Secretary, Hazel O'Meara, teacher grade 1, West Bend; Treasurer, Mary Short, teacher grade 1, West Bend. Kathy Liddell, Reading Coordinator, Grafton, is the immediate Past President.

Andy Eisenmann, sophomore at Kewaskum High School, has been awarded the Junior Woman's Club 1981 music camp scholarship. The \$25 award is given annually to Kewaskum students to be used toward a summer music camp of his or her choice.

Following his band director's recommendation, Andy will be attending the Lakeland College Music Camp in Sheboygan August 2-8.

Andy received a first-rating on his class B trumpet solo last year, and advanced to state in class A this year. He played in the pit-band for the school musical "Lil' Abner," and is presently a student member of the music department evaluation committee. He is also a member of the yearbook staff.

This is the second year the scholarship has been offered. Last year trumpeter Jan Hazlewood also attended Lakeland's music camp.

Marian Graduate Awarded Fellowship

Cathy Drehmel, 1981 graduate of Marian College, Fond du Lac, was awarded a tuition free fellowship to the Institute of Paper Chemistry in Appleton. Miss Drehmel was one of thirty-five students accepted from 1,000 applicants for the 1981-82 academic year. The requirement for application included an autobiography and five letters of recommendation from professors.

Miss Drehmel, the daughter of Mr. and Mrs. Wilbur Drehmel, Route 6, Fond du Lac, is a graduate of Campbellsport High School and has earned a 3.8 grade point average at Marian College.

Ken Fellenz, a senior at Kewaskum High School, has won the 1981 United Orchestra Leaders scholarship, a \$300 award given annually to students planning to continue studying music beyond high school.

The decision of the United Orchestra Leaders, Inc., an organization of about 20 polka band leaders in Southeastern Wisconsin, was first announced at the Kewaskum music department's May 3 concert.

Ken has been in the school

chorus since seventh grade and for the last three years has been in the swing choir. In his junior and senior years, he participated in both the state solo and ensemble contest and the conference honors choir. Ken had singing parts in the school musicals "My Fair Lady," "Fiddler on the Roof," "Do You Remember," and "Lil' Abner."

Outside the music department, Ken is active in Spanish Club and Key Club, where he served as junior representative last year and treasurer this year.

Bob Kougl, leader of the Ta Nase Kapela (Bohemian for "Our Orchestra") was responsible for nominating Ken for the award. Kougl had also nominated last year's winner, Donna Ehnert, also of Kewaskum.

50 Years Ago

May 15, 1931

Seventeen months ago it was a buffalo hunt that received much publicity and attracted hundreds of persons to Joe Fahn's Kettle Moraine Lake resort (formerly Round Lake). Tuesday it was a floating island that made the headlines for Fahn. Recent heavy rains raised to an all-time high the level of the lake and caused a three-acre chunk of west shoreline to float away. Aided by Monday's wind, the new island with pine trees 30 feet tall, bobbed half a mile to the south shore where a portion of it covered frontages of eight cottages. Tuesday the wind shifted and so did most of the island, which was blown across the lake onto the bathing beach of Fahn's resort.

Anthony P "Tony" Schaeffer, 71, retired Kewaskum railroad telegraph operator and former public official, who was widely known in this area, passed away at his home on May 13. Five Cadettes Receive Marian Award

Kewaskum can be very proud of five young ladies from Cadette Girl Scout Troop 72. Brenda Kober, Chris Bodden, Ellen Beisbier, Sandy Klein and Laurie Grahl have just finished a year's work on the Marian Medal, the highest Catholic award for Girl Scouts.

These girls were also very active in other troop activities. They joined other girls from the

Milwaukee Archdiocese for a Day of Recollection at Mount Mary College. They also embroidered squares and put together a small quilt. They took this quilt to the Sisters at St. Joseph's Convent, Campbellsport, sang songs and enjoyed a good time with the sisters.

The girls also made and designed their own banner which has been used for special

Masses at Holy Trinity Church.

This spring the girls made a pilgrimage to Holy Hill and participated in the color guard. The girls advisor is Pat Morgan.

The Cadettes wish to thank Rita Schaeffer for all the transportation she provided for them. They also wish to thank the Christian Mothers of Holy Trinity for sponsoring the cost of their medals.

From West Bend to West Allis in Five Days Goal of Wisconsin Wagon Train Ride-a-Thon

Any group that travels from West Bend to West Allis in five days and brags about the speed is a little suspect in days of 55 miles an hour speed limits. It's only 113 miles.

But on June 21, when participants in the Wisconsin Wagon Train Ride-a-thon saddle their horses or hitch their wagons, that will be their goal.

It's the second annual Wagon Train, an idea that grew out of the cross-country Bicentennial Wagon Train in 1976. This wagon train is more than the recreation of a historical event—it's both a "fund raiser and a fun raiser" for the Easter Seal Society of Wisconsin and the Wisconsin 4-H Health Education Program according to sponsors.

4-H groups from around the state will be involved in fund raising activities tied into the event; commemorative buttons will be sold and evening activities during the wagon train will draw community involvement as well as raise money for the benefiting groups.

Last year, riders and wagons joined the wagon train from three states and 58 communities from throughout Wisconsin. Now, once again, participants are being sought. Riders can join the train on horseback or with wagons or buggies; they can join the ride for a day or for the entire trip.

During this year's 5-day tour, the Wisconsin Wagon Train will stop in West Bend, Hartford,

Mukwonago, Waukesha and West Allis, parading through towns along the way and making intermediate stops for lunch. Public involvement last year was fantastic, according to Wisconsin Wagon Train Trailmaster Norm Rabl, and once again, it is expected that supporters will gather from throughout the state to cheer the riders.

Rabl, who lives in Jefferson, served as trailmaster both during last year's Wagon Train Ride-a-thon and in 1976. Gus Klatt from Fort Atkinson, who was wagonmaster in both previous events, will repeat that role. Dave Baaske of West Allis is president of the Wisconsin Wagon Train.

Anyone interested in learning more about the ride, or joining in for any part of it, can contact Norm Rabl or Dave Baaske or their county extension office for further information. Rabl can be reached at 518 S. Fischer Ave., Jefferson, WI 53549, and called at 414-674-4225 or 608-339-6472. Baaske's address and telephone number are 7829 W. Becher Street, West Allis, WI 53219; 414-543-2448.

Conservation Booklets Distributed To County Schools

Kewaskum Statesman, Friday, May 15, 1981, Page 13

Pictured above are 5th grade students from St. John's Lutheran Church School in Newburg, showing the conservation education booklets they received recently from the Washington County Soil & Water Conservation District. The booklets were once again sponsored by the Gehl Company this

year, having purchased over 1600 booklets for all county 5th graders.

The booklets entitled, "Water, The Basis of Life," explain the story of the water cycle, and the need to protect America's water resource from the dangers of point source and non-point source pollution.

They can be used as a teaching tool in the school, and they can also be used for individual reading in school or at home.

Also pictured above standing in the background are (left to right) school principal Merlin Wilde, Gehl Company representative Jerry Krens, and 5th grade teacher Alex Damrow.

Payments in Lieu of Taxes Sent by DNR

Recently 753 Wisconsin towns and municipalities with property managed by the Department of Natural Resources within their boundaries received checks from the DNR totalling \$885,000, according to C.D. "Buzz" Besadny, DNR Secretary.

Besadny said the payments, in lieu of taxes on state-owned lands, were made in accordance with state statutes on lands classified as State Forest lands, Game Management lands, Fish Management lands, Park lands and Central Wisconsin Conservation area leased lands.

The payment schedule which

determines how much the DNR pays each town and municipality is lengthy and complicated, but essentially results in a payment of at least 50c per acre.

The payments were made from the following DNR funds: Fish Management - \$86,668; Wildlife Management - \$295,151; Forestry Fund - \$309,968, and Park Fund - \$163,191.

In a letter to the municipal and town officials who received the payments, Besadny said: "These payments illustrate how local and state government can work together to perpetuate our outdoor heritage for ourselves and future generations. Funds for this payment are provided by the Outdoor Recreation Action Program (ORAP). The

Legislature is currently considering renewal of ORAP, which began in 1959 under former Governor Gaylord Nelson and was enhanced in 1969 under former Governor Warren Knowles."

The payments are made to reduce the impact on local property taxes when the state acquires land which is removed from the tax roll.

To the Editor:

I would like to say a few words about JC Little League Baseball. As far as I know the JC Little Leaguers were never denied access to the new village park, but the Little League was denied access to the LADIES DIAMONDS which last year were the Little League diamonds. Access to the diamonds was said to be on a "first come, first serve" basis. As of a meeting, April 9, 1981, the Monday night Little League was told to play on the two temporary diamonds facing the LADIES DIAMONDS and next year two new diamonds would be constructed north of the LADIES DIAMONDS. As of that date I was told by Daniel Schmidt that the Wednesday JC Youth Softball would be able to use one of the regular diamonds and one temporary diamond (600 feet apart). Now as of May 9 things have changed. JC Youth Softball will be playing Wednesday on both regular diamonds. Thanks goes only to the Kettle Moraine girls team who gave us one diamond for the kids. On Monday nights the JC Little League will play on other diamonds yet to be announced. As far as I'm concerned the YOUTH of the Kewaskum School District should have first priority when it comes to the park. They are the future of this community and should not have to take a back seat to ANYONE. Give respect and get respect, it works both ways.

The JC's along with many adult volunteers have come a long way in teaching the kids respect, fair play and sportsmanship and they shall continue as long as the people support them. Give children some thing to do and vandalism decreases. What else do the children have in this community other than the park?

P.S. Who picked the stones off the LADIES DIAMONDA last year? KIDS - THAT'S WHO.

Open House May 17 at State Parks

The recreational opportunities you seek on your vacation may be as near as the closest state park or forest, according to Department of Natural Resources' park officials.

May 17, date of the 9th Annual Open House at state recreational facilities, offers an opportunity for you to explore a state park or forest near your home and become acquainted with the picnicking, hiking, camping, swimming, boating and other forms of recreation offered without being required to pay the vehicle admission fee. The fee will be waived on that date.

"The gasoline price situation again this year may influence many of us to plan our vacations and other recreational outings at locations closer to our homes," commented Loren Thorson, director of recreation programs for state parks and forests. "May 17, open house day, would be a good day for you to plan a visit to a nearby state park or forest and discover the wide range of recreational opportunities available there."

Thorson noted that there are over 523,000 acres of state park and forest lands providing many recreational facilities. There are 41,000 feet of beach frontage with 142 boat launching facilities available for water-related activities. A total of 52 miles of nature trails and 605 miles of hiking trails are available for use, and there are 92 miles of horse trails. Thorson added that 60 shelter houses are provided along with 5,370 picnic tables and 1,886 grills.

The state areas provide 5,178 campsites although the camping fee will not be waived during the open house on May 17.

Open House Day is a "gesture of hospitality" to local citizens, community groups, governmental officials, media and others who have expressed an interest in the care, development and support of Wisconsin's state parks and forests.

IMPORTANT SHOCKS

Few motorists realize that shock absorbers are safety devices on their automobiles. These four important mechanisms keep your car from crashing down on the springs and wheels when sudden dips, bumps and holes are driven over. They make steering control easier.

Because shock absorbers wear out so slowly, drivers do not notice the gradual, increasing bumpy ride, and become accustomed to the roughness. Then, any sudden, unusual dip causes the breakdown that can throw the car into a ditch or path of another car.

Better drive over to J & J AUTO SERVICE at 450 E. Main and let us evaluate this important safety feature.

Shot put: While warming up in the discus Kewaskum ace Brenda Fuller fell and injured her ankle and was unable to participate for the day so Marea Kuphal, who came along as just a spectator, was put into action to take Fuller's place. She helped earn a third place finish with other members being Holly Kempf, who had a super toss of 32'7" and Jenny Zemlicka.

Discus: In the discus Fuller was replaced by Jenny Zemlicka who with other teammates Holly Kempf and Cheryl Jaeger earned a 6th place finish.

3 mile relay: Sherry Gavin, Barb Wilson, Erika Follmann placed 5th.

Wilson, and Zemlicka combined with Barb Wilson, each ran an 880 and won the event.

On Saturday, Kewaskum was invited to another relay, this time the L-Cats Relays at Lake Mills. With two conflicts, Prom and a Parade, Kewaskum only had enough girls to compete in 6 of the 12 events but placed 7th out of 12 teams.

The best the Indians could do was a 2nd place finish by the high jumpers with the trio of Sue Bade, Barb Matenaer, and Jill Yearling, all going the height of 4'8" for a total of 14'0". In the discus Kewaskum earned a third place finish with Holly Kempf having a toss of 99'5", Brenda Fuller, recovering from an ankle injury, threw it 93'6", and Soph Cheryl Jaeger recorded her best throw of the season with a distance of 89'11".
