Kewaskum Native Recipient of International House's 'Student of the Year' Award

Board Chairman Henry Kissinger (right) has announced that Paul S. Berg was to be one of the two recipients of International House's "Student of the Year" award. Founded in 1924 by John D. Rockefeller, Jr., International House is a residence and program center for more than 500 foreign and American graduate students located on Riverside Drive, near Columbia University, in New York City. Berg became a resident of International House two years ago, and has since held the following positions there: House Manager, Manager of the Theater Service, Resident Fellow, and President of the Resident Council. He was elected to be one of two student trustees on the Board of Trustees in October, 1980. He has been active in a number of other areas in the House, leading frequent walking tours of New York City, tutoring foreign students in English, and coordinating social events.

He is a native of Kewaskum, Wisconsin, and received his BA from the University of Wisconsin-Madison, in history and political science with distinction. He completed two years of Law School at Wisconsin before moving to New York City and Columbia University to study for a Master's in International Affairs. He will return to Wisconsin to finish his JD in law in the fall.

Berg was previously the County Supervisor for the 8th District in Dane County, Wisconsin. He had been active in

community affairs in Madison. Before that, he had attended the University of Wisconsin Center of West Bend, Wisconsin, where he was the President of the Student Senate. He was also active in community affairs, serving as the Treasurer of the Washington County Democratic Party, and running for the Kewaskum Board of Education.

International House is notable for its list of well-known alumni, among them Prime

Minister Gaston Eyskens of Belgium, first President of Nigeria Nnamdi Azikiwe, American architect I.M. Pei, Saudi Arabian Oil Minister Sheikh Ahmed Zaki Yamani, Metropolitan Opera stars Leontyne Price and Shirley Verrett, former Prime Minister Ferenc Nagy of Hungary, singer Leonard Cohen, King Juan Carlos of Spain, American novelist Jerzy Kosinski, and former President Ali Bhutto of Pakistan.

Early Farm Days In Kewaskum

On August 8 and 9, area residents and summer visitors are invited to take a trip through "memory lane" at the 7th Annual Early Farm Days event sponsored by the Kewaskum Historical Society.

Beginning at 10 a.m. on both days, visitors will be able to view the antique farm machinery displays, some of which will be in action. Items to be included are gas and steam engines, oil pull, old tractors, antique fire-fighting equipment and hand-built and hand-crafted miniature replicas of some of the above.

The display will be located on the beach side of the river on Parkview Drive in the village. Admission will be \$1.50 for which you will receive a 1981 Historical Society collector's button. If anyone has already purchased and is wearing the 1981 button, you will be admit-

ted free. There will be no charge for children under 12.

Older visitors will enjoy seeing and remembering and the younger set might be interested in how things used to be done. Refreshments, including an old-fashioned corn boil, will be available.

All proceeds from this event will be used for the reconstruction of a log building on the society's museum site in the village.

The displays will be closing down at 6 p.m. on both days, so come early.

SPECIAL NOTE: A special attraction this year will be a Saturday evening "outdoor" dance, held at the museum site. Music will be furnished by Accor-de-Ann. The \$1.50 Collector button will be the admission to the dance as well as all other events of the weekend.

TIF Project Plan Gets Final Approval

By GERRY MUELLER
Statesman Staff Writer

At a special meeting of the Kewaskum Plan Commission and Village Board Thursday evening, approval was given to the final revised list of projects in Kewaskum's Tax Incremental District No.1.

Present at the hearing was School Superintendent Floyd Brenholt. His concern was the effect the TIF District could have on the Kewaskum School District in the form of lost revenues from this area. These lost funds would have to be picked up by other municipalities in the school district. Another concern was the low priority given to the plan to provide walkways to Bel-Ric subdivision which would

eliminate the need for busing students. This project would financially benefit everyone in the district.

After the Plan Commission's public hearing, the project plan was passed on a 5-1 vote to recommend the plan to the Village Board. The only "no" vote came from commission member Charles Miller, who was concerned with the pressure on the village to maintain tax levy limits.

Dan Thompson, TIF Consultant, went through the project plan book answering questions and explaining the steps to be taken now that a district had been established and a formal plan list established. Thompson stated "costs have been adjusted."

Railroad Crossing Repairs Continue

Village Board OK's Fire Truck Pumper Purchase

By GERRY MUELLER
Statesman Staff Writer

On the recommendation of the Public Works Committee, the Village Board unanimously voted to accept the low bid of \$54,997.00 from Barnett of Columbus to furnish a new fire truck pumper and equipment. Public Works Superintendent Augie Bilgo noted delivery of the chassis is expected by November and this should result in the new truck being available by March or April. Village Administrator Dan Schmidt stated a community from North Carolina is interested in purchasing the village's present truck.

Schmidt informed the board that repair work on the railroad crossings is progressing. Crews are working on the First Street crossing which was to be finished and open by Wednesday. The Second Street crossing will be closed for repairs next week with work completed by August 15.

Schmidt also asked the board to consider a recommendation to keep the beach open on weekends during the entire month of September. He noted a record number of swim passes had been sold this year and there was no reason to close the pool as long as good swimming weather prevailed. Estimated cost for the extra month's operation would run approximately \$350.

Plan Commission Chairman Jeff Rohrer stated the TIF Project List had received final

approval from both the Plan Commission and Village Board.

Rohrer presented a Plan Commission recommendation that the village consider reducing the width of its sidewalks from five to four feet. This change would result in a material cost savings of 20% on cement.

In other action the board approved Ordinance No.81-6, which will require a fee of \$50.00 for a petition for rezoning. Previously there was no charge involved.

At the close of the meeting, Dan Schmidt made a short statement regarding the 1982 budget. Schmidt noted that although all department heads had done an excellent job of keeping their expenditures in line for 1981, the village, like everyone else in the country, will have to look for more ways to hold the line on spending. He noted the village will have to "re-think who provides what to who and combining jobs." Schmidt presented several thoughts on keeping the 1982 budget in line with available funds. Schmidt said he will be asking department heads for three budget figures, "below base budget," "current," and "additional spending beyond budget." Schmidt stated, "I'm the front-line cost-cutter, I need help from Bill Martin and we need help from the board."

The board also approved a certified survey map for the Leroy Zipperer property in Bel-Ric Acres.

Presented Most Admired Senior Citizens Awards at County Fair

Most Admired Senior Citizens awards were presented to six Washington County residents on Friday, July 24, at the Washington County Fair.

The recipients were selected because of their outstanding contributions they have made to the community and Washington County.

This year's recipients include three area residents:

Agnes Schaefer
Kewaskum

The talents and activities of Agnes Schaefer of Kewaskum prompted the selection of her

for the most respected Senior Citizen.

As an active member of the St. Lucas Evangelical church, Agnes has been involved as a teacher's aide for the Christian Day School, Ladies Aid Society pianist and officer for 25 years and Sunday School teacher for 35 years. She has also been involved with the Kewaskum Woman's Club as a member and officer. During the year of the ice storm, Agnes received awards from the local, district and state Federations of Women's Clubs for her services.

Other responsibilities Agnes has had includes AFS home placement chairman, class reunion chairman of the 50-year celebration, and a co-founder of a Kewaskum area chapter of 4-H.

Orrin Peters
West Bend

Mr. Peters is almost 80 years old and still takes a very active part in the Washington County Board and the Washington County Park and Planning

Commission. He started his political career over fifty years ago, serving on the Rusco School Board. His career progressed as town assessor, town clerk and now as a county supervisor.

He has been married for 52 years, has 4 children, 10 grandchildren and 2-great-grandchildren.

A quote from his application indicates his deep interest in the community he lives in. "When you go to visit, you don't listen to the same old stories about olden days, but rather, about news from the meeting attended last night."

Vaughn Brown
Fredonia

Vaughn Brown was selected for this award because of his dedication to community services.

Community government is a special interest of Brown's. He has been the town chairman of Farmington and a member of the building committee for the town hall. He has also held the position of chairman for the Washington County Towns Association and currently is a member of the Milwaukee River Watershed committee and the Farmland Preservation Committee.

As a founder of the Tri-county Civic Association, Vaughn served as vice-president and president for the organization. He also helped to found the Wisconsin Hobby Dealers Association.

ed upward to account for inflation over the next few years." There will be 12 categories for improvement plus one for administrative expenses. Thompson noted "the bulk of the expenditures are scheduled for 1982 and '83 and smaller expenditures in 1984 and '85." No expenditures can be made after January 1, 1986.

The project schedule for the next five years would be as follows: (Items will not necessarily be constructed in the order which they are listed for a specific year. Also, not all projects listed in the plan may be constructed. Additional projects have been included in the event a particular project must be dropped allowing the village the opportunity to make an adjustment and substitute another project. It is hoped, however, that all projects listed could and would be developed). The 1982 project schedule would include the water loop to Roseland Drive, Well No.3, and administrative expenses totaling \$955,000.

Construction for 1983 would cover three interceptor sewers, storm sewers and sidewalk on the east and west sides of Fond du Lac Avenue from Highway "H" to the bridge, storm sewer, curbing sidewalk and paving on south side of Highway H from Fond du Lac Avenue to Highway H bridge, and storm sewer curbing, sidewalk and paving from Highway H to Prospect Drive for a cost of \$870,000.

Construction in 1984 would cover a downtown parking lot for a total of \$160,000.

1985 construction would cover repair of the Milwaukee River Dam, storm sewer, sanitary sewer, curbing, sidewalk and paving along the east side of Fond du Lac Avenue from Old Fond du Lac Road south of a distance of 1,000 feet, at a cost of \$140,000.

The total cost of the five-year plan will be \$2,125,000. The Village Board voted 5-0 to approve the project plan. Trustees Raynor Herriges and Donald Mlodzik were not present at the meeting.

WEEKLY HEALTH TIP

If your youngster has a tooth knocked out, it often can be reinserted in the socket and survive. Get him to a dentist pronto for the best chance of successful reimplantation, says Dr. Bruno Kwapis of So. Ill. Univ. Dental Medicine. If there is unavoidable delay, try placing the tooth in the socket yourself. If that doesn't work, and there's delay in getting professional help, keep the tooth moist, in water, or better yet, held in the patient's own mouth moistened by his saliva. However, if the tooth is swallowed, there goes the ballgame!

Dear Friends

Man is basically a social creature who lives his life in fellowship with others. At no time does he need an expression of this supporting fellowship more than at the time of mourning. Jesus said, "Blessed are they who mourn for they shall be comforted." He certainly was referring to the comfort afforded by our relatives and friends as He was of God's supporting presence.

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the olden days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

This photo was taken about 1910-1912 at a Kewaskum baseball team game on the then vacant lot south of the old high school [shown in background] on East Main Street, now occupied by homes. The ballplayer seated at the left has been identified as Ervin "Kirby" Koch. Note the large crowd of people who attended the games in those days, compared to the few nowadays. Also the women fans are grouped at the right and the men at the left.

Attend Natural Resource Tour at Trees for Tomorrow

Robert Getter, President of Kewaskum Kiwanis, and his wife attended the 32nd Annual Natural Resource Tour at Trees for Tomorrow Resources Education Center July 31 through August 2. During this Kiwanis sponsored event, Bob and his wife learned about "This Great Land of Ours."

The 3-day clinic included such activities as touring the Toumey Tree Nursery and Bond Falls, and visiting the Sylvania Recreation Area in the Ottawa National Forest. Also included were addresses on topics such as "Protecting Our Resource Heritage," a slide description of Soils and Waters of Middle East, a discussion of how we can better use our soil and water for food, and on outstanding slide presentation of the plant and wildlife in "The

Quaking Bogs: Our Wetland Resource" which included an extremely rare pictorial description of loons.

Trees for Tomorrow is a resource center whose objectives are to create and encourage an awareness of the need for wise use and proper management of those natural resources upon which the lives of humanity depends. Besides 3-day clinics such as these, week-long workshops are provided for teachers, for which Kewaskum Kiwanis will provide scholarships to teachers in any school; and in winter cross country ski weekends are held to show people the outdoors in winter.

"I would encourage anyone to take advantage of the Resource Center," says Getter "and if any teacher is interested in participating in the teacher workshops, they should contact me. I would also thank the Kewaskum Kiwanis for giving me the opportunity to attend this worthwhile event."

Country Living

by Nancy Malvick

Mice, cats, beetles, bats,
 That's the kind of house we're at.

We'll put out the welcome mat,
 For folks who like to live like that.

Haul out the ashes, haul in the wood,
 Stoke up the fire, it sure feels good.

All of a sudden a rap at the door,

Gosh sakes lady, your house burned to the floor.

Dig it up and dig it in,
 Way up to your bloomin' chin.
 Plant the seeds and break your back,

How in the world do we stay fat?

Then when everything grows high and tall,
 Start to freeze and can it all.

Dogs and kids from morn till nite,

The old man comes home and nothin's right.

Broken legs and broken arms,
 Is this the way to the funny farm?

The house is a mess, the works not done,

And down the road comes cousin John.

I guess these things are little pay,

For the beauty of the day.
 The smell of clover in the fields,
 The blue and clouded sky so real.

The gold, pink and purple hues,
 that guide the sunset to her rest.

Truly, country living is the best!

Threshold Has New Horseshoe Pits

Pictured above, the front row: Roger LaBonte and Nancy Schultz; back row, left to right: Debra Niehoff, Devra Bronner, Nancy Konrath, and Volunteers Bob Theusch and Carl Shade.

Officers of The Threshold's client activity organization, Better People's Choice Club, try out and pitch the first horseshoes on their newly constructed pits.

Thanks to the volunteer efforts of Carl Shade and Bob Theusch of West Bend, who obtained donations from local businesses and others and then planned and constructed the first set of horseshoe pits plus a scorer's table.

To date, over 23 men and 17 women have signed up for this new recreational activity. Chris Albert, Threshold's Recreation Supervisor, related, "We hope to enter 6 men and 6 women at the upcoming Threshold 1st Annual Open Horseshoe Tournament being scheduled for September 11, 12, and 13.

Carl Shade and Kliner Boegel are coordinating and sponsoring this event at Kliner's on Paradise Drive and Hwy. 45 in West Bend. All proceeds will go to The Threshold according to Shade. The money donations shall be used to defray operating expense and provide further development of recreational activities for the

handicapped served by The Threshold.

"I'm sure that by September we'll have 75-100 clients involved in the game of horseshoes on a weekly basis," remarked Threshold director, Horst Wagner. "The Threshold wholeheartedly endorses the tournament, for the proceeds will do much for our clients who will directly benefit from the donations."

"It is even more significant and important to us due to projected shrinkage of county, state and federal dollars which help support us," stated Wagner. "It is also terrific knowing that local residents are concerned and give of themselves for programs for the handicapped."

Red Cross Offers

First Aid Classes

The West Bend Red Cross is offering First Aid and Cardiopulmonary Resuscitation classes.

CPR - Cardiopulmonary Resuscitation is a combination of artificial respiration and artificial circulation given to a person whose heart has stopped beating and whose lungs have stopped working.

CPR can make the difference between life and death. The first four minutes after a heart attack is the most crucial. Brain damage can occur within four to six minutes after the brain has been denied oxygenated blood. You could make the difference by knowing how to perform CPR.

The CPR class is scheduled for four Wednesday evenings from 6:30 to 9:30 p.m. at the West Bend Marine Bank starting August 12, 19, 26 and completing on September 2. John Wiesman is the instructor. This is a lecture discussion course, cost of supplies \$1.60. To enroll call 334-5687.

Multimedia First Aid is a first aid course designed for the general public. It is a combination of filmed accidents, practical work, and work in a programmed workbook. The course includes mouth to mouth breathing, how to stop bleeding, how to handle a choking victim, poisoning control, splinting and transportation of injured victims.

The class is scheduled for two Thursday evenings from 6:00 to 10:00 p.m. at the West Bend

Marine Bank on August 20 and the 27. The instructor is Estelle Hilgendorf. The cost of the two first aid books and the bandages are \$6.85. To enroll, call 334-5687.

Advance First Aid and Emergency Care is a detailed first aid course that includes all of the basic first aid plus emergency childbirth, extrication of victims from automobiles, structural collapse, etc. and bone and joint injuries. Mike Husar is the instructor and anyone who needs the course for ski patrol will be given all the necessary information they need.

**New Facility
For DNR State
Fair Exhibit**

Wisconsin State Fair visitors will find Department of Natural Resources in two new buildings this year. Fair dates are August 6-16.

The new buildings on the 1.8 acre site at the south end of the fairgrounds replace the old log cabin which had been badly damaged by wood eating beetles and the open forestry shed which was removed to permit widening of Greenfield Avenue bordering the grounds.

Constructed of cedar logs, the new buildings are designed to retain the rustic charm of the old log cabin. They are planned to be energy efficient with fan-assisted air flow to provide cooling on hot summer days.

The new north entrance building has been named the Victoria McCormick Memorial Pavilion in honor of the late Natural Resources Board member. A grand opening ceremony with DNR Secretary C.D. Besadny as featured speaker commemorated the building at 10 a.m. on opening day of the fair.

Also new is a 90-seat outdoor amphitheater which will be used for nature talks, puppet shows, and a variety of productions designed to provide visitors with environmental and natural resources information presented in entering style.

Earthen berms have been constructed on the site to muffle noise and enhance the calm, quiet atmosphere enjoyed by visitors at the exhibit area.

Exhibits at the fair this year will feature displays of live fish and animals, forestry, environmental, state parks, and a whole gamut of DNR programs and activities.

OIL QUESTION

A customer at J & J AUTO SERVICE asked, "Why are premium oils multi-grade? How does the oil know when to change its flowing stress?"

A simple answer to this very technical question is that multi-grade oils have been polymerized to create oil molecules which react to temperature change. When it's cold these molecules are more fluid and move against each other more easily. Just like you will notice we move around more quickly at 45 E. Main when it's cool then when it's hot.

**Support in Infant &
Child Death Meeting**

Support in Infant and Child Death, a parent support group, meets on the second Thursday of each month. The next meeting will be on Thursday, August 13, at 7 p.m. at the Planned Parenthood office on the 2nd floor of the old section of St. Joseph's Community Hospital, West Bend.

This month's meeting will be an informal gathering of parents who have lost children at any time from miscarriage through the teen years. Following the death of their child, parents often feel and act in ways that make them wonder "AM I NORMAL?" These feelings are the focus of this month's meeting. Parents are

invited to share as much or as little of their experience and feelings as they wish. SIICD meetings simply provide a compassionate atmosphere; parents offer support to others who feel the pain, fear, and sadness that the death of a child brings. It helps to know that others have had the same feelings.

Anyone who has felt the loss of a child at any age, including miscarriage and stillbirth, is cordially invited. For more information, please call 338-1303.

IN MEMORY

In loving memory of our dear son and brother, Clayton L. Kohn Jr. who passed away 25 years ago, August 11, 1956.

It may be 25 years ago, but to us it was yesterday, We lost someone very dear to us, in every special way.

He walked out the door saying good-bye, little did we know he would not return.

The Lord took him to his home, later we did learn.

But Jr. you are still here with us every single day.

Our love is always with you, even if you are away.

His smile we still see, his laughter we still hear.

In our hearts and minds we hold you very near.

They say time heals all sorrow, they say time heals all pain.

But the tears that are in our eyes, are here always to remain.

We long to feel your hands, we miss your gentle touch.

Oh Lord, up above, tell him we miss him so very much.

Can you give him a hug and give him a gentle kiss?

For these are the simple things we do really miss.

Sadly missed by his mother, Mrs. Marie Kohn, and his sister, Mrs. Leander Oppermann.

Area Racing Results

Wednesday: 141 Speedway Modified Divisions

Again Willie Goeden took a few one hundreds of a second off his fast time at Francis Creek, 141 Speedway, to give him fast time. Heat winners from this area were Fuzzy Fassbender, Rich

Wondra and Jim Melios. Winner of the semi-feature was Dennis Wondra of Campbellsport. Winner of the main event was Rich Wondra of Campbellsport. With a second row starting position, Frank Heimerl of West Bend placed third, and Goeden finished fifth.

Thursday: Wisconsin International Raceway Kaukauna — Late Model Division

WILLIE GOEDEN of Kewaskum was all smiles when he won the fast heat on the half mile asphalt track. He also placed ninth in the main event, 20 lap feature, won by Jim Sauter.

Saturday: Sheboygan County Fair Grounds - Plymouth Modified Division

Finally - no rain and the Mid-Season Championship Race is over! Billy Johnson of Slinger, starting "on the pole," took the checkered flag and trophy for the 40 lap feature event.

The night was full of racing action! Two sportsman roll-overs and three modified flips!!

On the 19th lap of the feature, Ken Bierter of West Bend, who was driving his dad's newly repaired car, went up the back end of Willie Goeden's mount and flipped it, in the third turn on the quarter mile clay oval. As the race resumed, Frankie Heimerl of West Bend and Dickie Berth, of Cedar Grove, tangled-bringing out another red flag. (Heimerl was out for the night.)

With only 10 laps remaining of the feature, Goeden was "bottled-up" in 13th position, but he was then able to get past Luedtke of Lomira and put on a good show for the crowd by finishing 7th in the short time that was left of the race.

Butchie Hafeman of Campbellsport finished 5th, with a front row starting position and Schwartz Johnson of Slinger finished 9th.

An important fact to know is that the main events of championship races are lined up according to the point standings of E.W.S.C.A.

Lee Schmidt of Kewaskum, doing a good job of driving his modified on the side groove, placed second in the Semi Feature. Looking Good!!

Goeden "picked up" 20 extra points on his closest competitor, Ron Luedtke, after Saturday's events, to keep his point lead intact.

West Bend West Ousts Indians in Sectional

The Kewaskum Indians, who defeated Campbellsport in the WIAA Regional here, were ousted by West Bend West in the first game of the Sectional at Port Washington last Wednesday evening, in a 5-0 shutout.

West went on to defeat Port (2-0 winner over Cedar Grove) in the Sectional final Thursday, 10-6, and advance to the State Tournament in West Bend on Tuesday and Wednesday of this week. The West Spartans beat Amery, 8-0, in their opening game of the State Meet Tuesday evening to move into the semifinals Wednesday.

West Bend's game against Kewaskum Wednesday not only counted for the Sectional but also for their Scenic Moraine makeup of a postponed game as well. This made West champions of the Scenic. In their first game earlier in the season the Indians lost to West's champions and State Tournament competitors by a narrow 3-2 margin.

West Bend used its ace pitcher, Jeff Sarauer, against the Indians in the Sectional. Sarauer is tough when he's on and he was "on" against Kewaskum Wednesday as he shut them out 5-0 on a 3-hitter. Good defensive support and some key hits helped him to the victory.

The Spartans jumped on Jeff Geidel, who has been a tough luck pitcher for the Indians all season, for a run in the first inning. Mike Woolsey singled and stole second. He moved to third on a sacrifice bunt by Jamie Mayer and scored on Todd Tennes' double to left.

Sarauer struck out the side in the second but in the third the Indians started off with singles by Tim Heberer and Geidel for their only serious threat of the contest. But a force out at third on an attempted bunt sacrifice, ground out and fly out got Sarauer out of the inning unscathed.

With two out in their half of the third, West scored again on a walk to Tennes and Tom Beck's long triple to deep left center.

The Spartans added three more insurance runs in the fourth on three hits, a double

steal and a throwing error to the plate. Woolsey's single brought in the first run and Mayer's also had a RBI single. Here coach Perry Koth brought in Steve Muench to relieve Geidel. The 5-0 lead allowed West Coach Chuck Schroeder to bring pitcher Jeff Josten into the game and save two innings for Sarauer in Thursday's final.

Kewaskum's third hit came in the seventh on an infield single by Ric Leitheiser with one out but two fly outs, one on a fine catch, got Josten out of the inning.

Randy Heberer walked with nobody out in the seventh but a double play and strike out ended the game.

The Indians ended their season with an overall 12-12 record. It has been the same story all year. The Indians got runners on base but couldn't come through with a hit when it was needed. They lost many close, low-scoring games.

Indians' Steve Muench Selected On EW All-Conference Team

The Eastern Wisconsin all-conference baseball team was selected by the coaches last week. All seven teams in the conference were represented on the all-league unit.

Four of the schools — Sheboygan Falls, which tied for the championship, Chilton, Two Rivers and Plymouth had two players named, while New Holstein, the other co-champion, Kewaskum and Kiel had one each.

Kewaskum wound up third in the standings in its first season in the conference (a replayed game with New Holstein that was already won on a forfeit cost the Indians second place).

Rather than picking one player for each position, the coaches decided to select the 11 best players. They included two outfielders, two catchers, one designated hitter, two infielders, two pitchers and two who pitched and played some infield.

Leading the hitters was freshman Tracy Black of Sheboygan Falls, a designated hitter who batted .462 for the year. Chilton's Ken Zacharias was second in hitting with a .458 average, and was also given first team mention.

Kewaskum's selection on the all-conference team was Steve Muench, who starred as a pitcher, batted .387 and played at first and third when he wasn't pitching. He had a good year pitching with a .4 ERA and a 3-2 record. Unearned runs cost him 2 wins.

Muench's brother, Scott, was

named on the Scenic Moraine all-conference team (Kewaskum competed in two conferences). A catcher, he led the Indians in hitting in the Eastern, was second in runs scored and second in runs batted in. Scott will be back next year, together with a number of other Indians who were juniors this year.

Scott received honorable mention on the Eastern Wisconsin all-league team, as did three other Kewaskum players — Steve Yahr, Jeff Geidel and Mike Heisdorf.
