Lions Chicken Bar-B-Q, Kettle 20 + 2 Run Sunday

On Sunday, August 16, the Kewaskum Lions Club will hold its eighth annual Kettle 20 + 2 run in the village park (River Hill Park). There will be 20 kilometers, 7.5 mile and 3.5 mile races.

Race time is 9:15 a.m. with registration from 7:00 a.m. to 9:00 a.m. Pre-registration is \$4.50 and registration on the day of the race is \$5.50.

There are 21 divisions for men and women in these races. Medallions and ribbons will be awarded for places one through ten and chicken dinners will be available to all runners at a reduced cost of \$2.00. New t-shirts will be given to runners who pre-register.

The race has grown annually and has drawn a number of world class runners such as Lucian Rosa, the first winner, and Cindy Bremser, who has competed in many national events. Jim Drews holds the Kettle 20 record of 65 minutes. Bremser holds the women's record of 78:43. Last year the winner was Tom Maxson, a UW-Oshkosh runner who ran the 12.5 mile course in 68

minutes. In this year's field are runners from Chicago and Northbrook, Illinois. Last year a record 317 runners participated in the race.

Other events include a classic auto display on the park grounds from 9 a.m. to 4 p.m. with the Kettle Moraine Classic Kar Klub displaying its cars. Other area collectors are encouraged to bring and display their autos as well.

The Lions Club will be serving its famous bar-b-que chicken starting at 11:00 a.m. and continuing until all are served. Carry out chicken will be available. There will be games and beer and soda served.

For further information on the races and the car show call Howard Zemlicka, Kewaskum, phone 414-626-2754.

Proceeds go to local charities.

School Board Tables Action on Administrative Salary Raises

By GERRY MUELLER
Statesman Staff Writer

At Monday evening's School Board meeting, discussion was held on administrative salaries for 1981-82. Board member Gerald Secor, Chairman of the Salaries Committee, presented proposed salaries which also included raises in fringe benefits. Tentative wage increases ranged from a low of 11.4% to a top of 16.6%.

In reviewing the figures, board member Dr. Charles Ogi stated, "in my opinion some of the percentages are extraordinary." Ralph Horner, a parent and concerned taxpayer, commented, "I work in private industry and we're not seeing raises anywhere the size of these." Superintendent Floyd Brenholt noted some of the administrative personnel are making substantially less than surrounding areas, noting, somebody in this type of job should have the right to expect a reasonable salary. Brenholt asked Horner if employees were taking cuts at Gehl. Horner replied some workers already had. Horner stated, "16.6% this time and compound it by 10% next time, that's a sizable increase. I don't see how you can do it in good faith to the taxpayer." Secor noted none of the administrative salaries have gone up at the same rate as teachers.

Salary recommendations presented to the board were:

Clark Pearson \$31,814 to \$35,436, up 11.4%.

Roy Esser \$30,858 to \$34,381, up 11.4%.

Ken Erickson \$27,224 to \$30,376, up 11.6%.

Richard Zarling \$28,734 to \$32,042, up 11.6%.

David Wellskopf \$19,975 to \$22,567, up 13.0%.

George Allmann \$24,148 to \$27,450, up 13.7%.

Robert Borch \$25,781 to \$30,049, up 16.6%.

Dennis Reha to \$24,906, plus three steps.

Board member Tom Brigham stated, "I think there are one or two people who are high, I would like to see this discussed at a special meeting." Brigham, noting he had only about a half hour to study the recommendations stated, "I don't feel I have enough information." Board President John Tessar said "salaries were supposed to

go into effect July 1 and this is August 10." Secor agreed with Brigham that some members were not given adequate time to study the wage schedule and recommended action on these salaries be tabled until a special meeting scheduled for August 24.

In other action, the board approved increases in the school lunch program and kindergarten fees. Business Manager Robert Borch noted that while government subsidies for 1981-82 are lower than this

The Homestead — An Old Place With a New Face

Two years ago Bob and Judy Klein decided to move their talents in the food service industry from West Bend to Kewaskum. They purchased the Wigwam from Bill Edwards, renamed it The Homestead Supper Club, and sought to build a successful business of their own.

Then the economy began its downward trend. They were still leasing Timmer's on Big Cedar Lake and found it economically necessary to leave The Homestead to another young couple. But times have again changed and Bob and Judy Klein are back with fresh ideas and new efforts to make The Homestead a success.

What's new? The old hall building, adjacent to the supper club, now sports a new name, "Pluto's Frosty Serve," a nostalgic salute to the good old days of low prices, fast food and a smile. It features charbroiled burgers, Pluto burgers, fish fries, shrimp, chicken, thick, lucious malts and soft drinks. A

soft serve machine produces a tasty ice cream cone or chocolate sundae to please everyone's taste — young or old. The manager, Mory Read, has five year's experience, enjoys people and hopes you'll stop in and say hi! He'd love to show you the game room which features pool table and pin ball machines for hours of fun!

The Homestead Supper Club was remodeled with new carpeting and a fresh Homestead look last July. Friday nites are open to the public to serve a delicious Wisconsin fish fry and Bob's special homemade soup.

The remainder of the week we are booking weddings, anniversaries, bowling banquets and meetings for 25-200 people. A dance floor is also available. The menus are varied and the prices very reasonable. If you have something special in mind, Bob and Judy would love to make your day a success. You can call for immediate bookings — 626-4447 or 338-6906 after 6 p.m.

Kewaskum Welcomes New Dentist

On Wednesday, August 19, Dr. Stephen R. Van Ess will begin seeing patients in his office in the Behnke Building at 1053 Fond du Lac Avenue, Kewaskum.

Dr. Van Ess attended Marquette University School of Dentistry, where he graduated in May with honors, in the upper 10% of his class. His education includes a Master of Science degree in Medicinal Chemistry from Purdue University, and Bachelor of Science degrees in Chemistry and Psychology from Duke University.

While attending dental school, he served as a class officer, was elected to the National Dental Honor Society, Omicron Kappa Upsilon, and received a certificate of merit from the American College of Stomatologic Surgeons.

Dr. Van Ess is assuming the practice of Dr. Robert Filete, and will provide comprehensive dental care for established patients and new patients. The office will be open Monday through Friday, as well as some evenings and Saturdays, for the

convenience of his patients. Appointments may be made by calling 626-4666.

Both Steve and his wife, Gayle, are anxious to become an active part of the community, and expect to move to Kewaskum in early September. Interests they share include golf and skiing. Steve also enjoyed a good season of softball in Wauwatosa, and Gayle finds most craft projects a challenge. The Van Esses are looking forward to serving the community professionally and personally.

Resurfacing of County Trunk V Begins Next Week

Road construction is expected to start the week of August 17 on the resurfacing of C.T.H. "V" from the south Fond du Lac County - north Washington County line to C.T.H. "Y" in Campbellsport. The work will consist of placement of bituminous concrete resurfacing, crushed aggregate shoulders, and beam guard.

The five-mile project will be performed under a contract let to Streets and Roads Construction Corp. of Waukesha at an estimated cost of \$262,034.00. Financing will be shared on approximately a 75-25 percentage by the federal government and Fond du Lac respectively, from funds provided primarily

by gas taxes.

This work will be done under traffic with both directions of traffic being routed over a single lane through the construction zone. Motorists are urged to be aware of the flagmen and use caution in the construction zone.

It is anticipated that this project will be completed by September 30.

Can Vitamin D held to control epileptic seizures? So it appears from a study at Glastrup Hospital, Denmark, where Dr. Claus Christiansen had 23 patients, all of whom had been on anti-convulsant medication for periods of 3 to 17 years. During the 84-day study, while the medication was continued as usual, some of the patients received vitamin D, and others, for comparison, received an inert pill. Vitamin D proved effective in reducing the number of seizures, the medical team reports, though how it does so is unknown.

COME ONE! COME ALL!

WHERE: To Kewaskum Night at the Brewers game on Tuesday, August 25. Have some food and some drinks — spend a night at the game with your friends and neighbors — but go!

We all know the players went on strike. Kewaskum didn't go on strike. Support your community and let's go out for Kewaskum Night.

Many hours were spent organizing this function. Let's get our trophy for best attendance back this year. We had it three years in a row and lost it to Slinger last year. We need over 1,000 people to get it back. Why don't you be one of them?

Remember, this is a community function sponsored by your local Chamber of Commerce merchants for your enjoyment and fun. If you don't like the Brewers show the community you like it!

Buses for the game between the Brewers and Chicago White Sox will leave the Valley Bank at 6:00 o'clock.

Tickets are available at the Valley Bank, Behring's Market and Minz Supply.

year, they are substantially higher than proposed in April, resulting in a lower increase than anticipated.

Daily lunch tickets, grades 1-12, will go from 95c to \$1.00, reduced lunch from 20c to 40c, adult \$1.10 to \$1.25. Five-meal tickets for grades 1-6 will increase from \$3.75 to \$4.25, grades 7-12 \$4.00 to \$4.50, reduced lunch \$1.00 to \$2.00, adult \$5.50 to \$6.25. Borch noted they will be monitoring costs very closely and prices may have to be increased later in the year.

Kindergarten fees were increased from \$8.00 to \$13.00 per semester. Borch informed the board the school would not receive any subsidy for the daily milk served as in past years, therefore, the fee must cover the full cost of the milk, plus costs for crackers and straws.

The board also moved to accept low bids of \$1.032 plus tax for gasoline and .98786c and \$1.06 (Beechwood) for fuel oil submitted by Strobel Oil Company. John Engelhardt and

Sons, Inc., was the only company to submit a milk bid; the price quoted was 12.7c per half-pint.

The board approved a contract to Patrick Gasser to teach high school general science and math. Gasser had resigned last spring because he needed 6 more credits to be licensed to teach math and at the time, he felt he was not able to return to school. However, Mr. Pearson was not able to find a qualified replacement and the Department of Public Instruction agreed to issue a special permit to Gasser who has 13 credits in college math (he has a regular license in science). The only other candidate for the position was not qualified in either science or math. Gasser will also serve as assistant football coach.

Joe Harlow had applied for the assistant football coaching position, however, Mr. Brenholt noted it had been school policy not to approve a transfer unless a replacement was found for the job being vacated. Since no one

applied for the job of girls' golf coach, it was decided Gasser would coach football and Harlow would remain golf coach as included in his contract. Tessar asked Harlow why he wanted to get back into football, when he had asked to be removed from that position four years ago. Harlow said he missed it and now his son would be participating and he would like to get back into football but not as head coach.

The board accepted the resignation of Mary McCormick and Marilyn Wynveen. Brenholt noted candidates are being interviewed for the teaching principal position at Wayne Elementary, which is open due to the transfer of Dennis Reha to the Middle School principal's job.

The board approved a resolution to trade land with St. Lucas Church and School as authorized at the Annual Meeting.

A contract of \$5,900 was approved for the CESA 13 special education program.

Letters to the Editor

August 10, 1981

Dear Mr. and Mrs. Harbeck and Readers:

The Kewaskum Historical Society, Inc. wishes to thank you and everyone who helped support our 7th annual Early Farm Days Show. We had a variety of excellent exhibitors, for which we are very grateful, for without them we would be unable to have a show. This year's proceeds will go towards completing the log cabin and its landscaping, which all of us can take pride in.

For those interested the society meets the 3rd Tuesday of each month, normally at the Kewaskum Valley Bank meeting room, at 8 p.m. The next scheduled meeting is August 19, 1981. We hope to see you there.

Again, thank you, the Kewaskum Statesman for your fine coverage, our supporters and those who exhibited.

Sincerely yours,
The Kewaskum

KETTLE MORAINÉ
AUDUBORN SOCIETY
July 22, 1981

Dear Editor:

The Kettle Moraine Audubon Society (KMAS), at its May 19, 1981 Board of Directors meeting, took a formal position in support of Washington County's Farmland Preserva-

tion Plan.

Washington County has already lost 19,000 acres of farmland to other uses in the past 10 years. This trend is sure to continue. Most alarming in the conversion of agricultural lands is that the largest portion of this land has been lost to scattered residential development. This scattered development not only has forced up the value of agricultural land and associated taxes, it has left Washington County with an unplanned, urban sprawl growth pattern. This lack of planning has often detracted from land being put to its best use and has caused higher service costs.

Washington County's Farmland Preservation Plan follows a

logical approach to identifying productive farmland. The criteria used for primary farmlands, secondary farmlands and transitional farmlands are soundly based on legitimate standards.

KMAS recognizes that this plan is only a background document for formulating future decisions on land use and does not change the existing use of land. We feel this document will assist those towns which may wish to take the next step of developing more comprehensive local zoning maps.

KMAS appreciates the effort that was placed on citizen input into developing this plan. We feel the many local meetings offered the general public ample opportunity to review,

comment, and make necessary changes during the planning effort.

Sincerely,

Nancy Andrich
KMAS Conservation Chair

P.S. KMAS hopes that the Washington County Board of Supervisors recognizes the need for farmland preservation and unanimously adopts the Farmland Preservation Plan.

Kewaskum FFA Members Show Projects at Fair

The Washington County Fair, held July 22-26, provided an excellent opportunity for many Kewaskum FFA members to show off their livestock projects. While all members received some sort of ribbon for their hard work, the education and competition provided the ultimate reward.

The fair is the culmination of many hours of hard work and dedication for the FFA members. Most of the members had a project in one of three meat animal divisions. While a good feeding program is the key, cleanliness, grooming, and training the animal also plays an important role in fair preparation. These FFA members had projects in the following divisions - Market Swine - Wes Haug, Dan Jung, Brenda Kempf, Gary Kempf, Laura Kirchner, Robert Lemke, Jeff Meyer, Bruce Rodenkirch, Kevin Rodenkirch, Tony Ruppinger, Sue Schaub, Don Wilkens, Brian Pamperin and Kevin Thull; Market Steers - Quinn Mueller, Jeff Haack, Jeff Schneider, Doug Petsch, Mark Hupfer and Robert Lemke; Market Lamb - Barry Markiewicz.

Quinn Mueller had the champion rate of gain for a market steer averaging 3 pounds of gain per day. He also took third place in the beef carcass competition held following the fair at Kewaskum Frozen Foods and Family Farm Meats, Allenton. All of the FFA members would like to thank the many area businesses for bidding or buying their animals at the livestock auction.

Though meat animals account for many of the FFA members projects throughout the year, dairy has not been forgotten as an established project. The Kewaskum Dairy Club which consists of local 4-H and FFA members continued as one of

the stronger dairy youth groups at the fair. The FFA members included Gary Kempf, Mike Schultz, Barb Schulz and Carol Proeber. The highlight for the dairy club was taking first place honors in dairy herdmanship. This award involved teamwork from the group to keep the clubs barn area clean and neat throughout the length of the fair.

We want to show the public classic cars, so feel free to invite your friend who has an auto to show.

For more information, call 626-2754, Howard Zemlicka.

The newly organized Kewaskum Lions Club held their charter night in company with their wives at the Goring Resort large dining hall at Big Cedar Lake last Tuesday evening.

Dave Hanrahan, a well known citizen of Beechwood, spent Tuesday in Kewaskum. This was Mr. Hanrahan's first visit from his home since he was severely injured in an automobile accident on June 30. The accident happened while he was cranking his car parked in Beechwood, when a car crashed into the rear of Hanrahan's machine, the impact of which sent him 35 feet through the air ahead of his car fracturing his

right shoulder blade. Hanrahan's machine, which had started to move forward from the impact, passed over him and fractured all of his ribs on the left side and inflicted other minor bruises on his body. His wife, who was in the car at the time, sustained three fractured ribs. Their three children, Jerome, Marie and Patricia, who were with her in the car, escaped injury.

In what turned out to be a rather loose game of baseball, the local team defeated Osceola at Osceola Sunday afternoon by a score of 8 to 13. With Kewaskum winning Sunday's game and Ashford losing at Eden last Sunday, the locals are tied for first place in the Wa-Fon-Do league.

Mr. and Mrs. Elmer Schaefer had their infant son christened Sunday evening by Rev. Frohne. Mr. and Mrs. Clayton Parrow acted as sponsors. The little fellow received the name Allen Elmer Clayton.

SHOCKING

When you travel the highways, shock absorber replacement is a big service in stations, nearly a 'racket' on some freeways. How can you test your own shocks?

Push down or stand on the end of the car bumper and then jump off. The car should bounce back and stop no more than one bounce. And a leaking shock is nearing a breakdown. Rattles from shock connections mean loose nuts which make that shock inoperable and unbalances the car's weight and stability.

J & J AUTO SERVICE includes this service in their many auto services to keep your car efficient and safe. Drive over to 450 E. Main today or phone for an appointment. You'll like our work - we guarantee it.

Telephone Co. Introduces New Electronic Switching System in Campbellsport, Theresa

Kewaskum Statesman, Friday, Aug. 14, 1981, Page 13

General Telephone COE Supervisor David Majerus assists Switchworker Alan Boogren (left) on the Campbellsport installation.

A new \$1.1 million electronic local and long distance call-channelling facility of General Telephone Co. of Wisconsin went into effect Saturday in Campbellsport.

A similar facility costing \$290,000 will go into effect Aug. 15 in Theresa.

When placing local calls, residents of those areas will be required to dial the complete seven-digit number, Eastern Division Manager Robert G. Burger of Plymouth said.

However, customers wishing to place calls to others on the same party line will also be required to dial only the seven-digit local calling number. When such a party line call is placed, the caller will hear a recording asking that he or she hang up and wait a sufficient amount of time to allow the called party to answer, Burger said.

Additionally, in Theresa, all

one-party customers placing direct-dialed long distance calls will no longer be required to report their own telephone number to operators before having calls channeled.

"The reason for this change in procedure is the installation of automatic number identification," Burger said. "It makes use of highly sophisticated, expensive electronic equipment to automatically register toll-call origination points."

A different dial tone will accompany the new system, Burger said. "It will not affect service but is to be expected with the new electronic equipment."

Touch calling, an optional service which allows customers to push buttons to record digits rather than turn the dial, will be available to all one-and two-party customers, Burger said.

The mouth is the grocer's friend, the dentist's fortune, the orator's pride and the fool's trap.

The extra-cost touch calling feature can be ordered by contacting the General Telephone business office.

MOTORCYCLE RIDING COURSE OFFERED BY MPTI

Moraine Park Technical Institute will provide a 20-hour Motorcycle Riding Course including both classroom and on-cycle instruction. The course will be taught by Motorcycle Safety Foundation Certified Instructors and is available to anyone holding a driver's license (if under 19 years of age, parent's consent and release). Students do not need a motorcycle license. Each graduate will be eligible for motorcycle insurance premium reduction, when companies allow. The course will begin on August 25. Registration fee is \$14.65. For more information, call MPTI in Fond du Lac, 922-8611, ext. 445.

4-H An Individual And Group Effort At the County Fair

By Bob Stodola
4-H and Youth Agent

Our Washington County Fair is over for 1981. It's good to look back and see what it means. When I see the thousands of exhibits made by the 4-H members, I think of the tremendous learning opportunities for each individual young person. As a 4-H member, each one selects some project to work on during the year. His individual fair exhibit is a sample or a product of the skills that he has learned. This learning is what makes 4-H and the fair as a part of the 4-H experience so important.

While the learning by the individual in his own project is important, I think equally important is the opportunity for learning to work cooperatively as a group; you could see this many places at the fair. There were the club livestock exhibits where all the members needed to work together, there were club banners made by many of the clubs. Many of the clubs worked together in the 4-H club refreshment stand. And one side of the exhibit building was filled with educational booths made by 4-H clubs.

The educational booths are an opportunity for a group to get across a certain practice or bit of information to the public. I would especially like to comment on several of the booths that received blue ratings. Karen Pikoske of West Bend

was chairman of the booth committee for the Badger Boosters 4-H club. Their booth was entitled "1981, Year of the Disabled." It pointed out what has been done already to help the disabled such as education, job openings and public facilities. It also showed what needs to be done in the future such as more community involvement, more job opportunities and more public acceptance.

The B-Mer-E club booth under the chairmanship of Mrs. Ernest Jones of West Bend was entitled "Dairy Products are helpful and Udderly Delicious." They pointed out the nutritious products made of milk.

The Jr. Hi-Lite Happy Workers under the chairmanship of Marge Slaughter of Richfield entitled their booth "Save Money on Gift Wrap." It showed how to make gift wrap using inexpensive paper and block printing ideas.

Claire Beder of Hartford was chairman of the St. Lawrence Eager Beavers 4-H club booth; it was entitled "Give a Helping Hand." It showed a hand putting litter into the wastebasket or garbage can. It pointed out that we are responsible for keeping our environment clean.

So as I look back at our 1981 Washington County Fair, I see it as a real learning opportunity for a youth to learn his individual projects in which he has an interest and I also see it as an opportunity to learn to get along and work cooperatively with others in trying to accomplish a certain goal.

Lakes Team Tips Cedarburg, Loses to Barton

The Kewaskum Lakes baseball team trounced Cedarburg 14-3 there Saturday for their fourth win of the year, behind a 16-hit attack and the fine pitching of Steve Muench. Kewaskum's record is now 4-16 (after Monday's loss to Barton) while Cedarburg drops to 7-11.

Kewaskum scored all their runs in the final five innings. Cedarburg started the scoring with two runs in the third. Rick Ringel singled and Al Bert blasted a home run over the left field fence.

Kewaskum got a run in the fifth as Al Jaeger hit an inside the park home run on an unusual play. He hit a fly ball to short center, stretched it to second, and then outraced the Cedarburg defense to third and home as they failed to cover these bases.

'Kettle 20' Dale Squier, Runner Of the Month

Dale Squier, 44, who is our area runner of the month, is race director of the 8th Kewaskum Lions Kettle 20+2 (12.5, 7.5, 3.5 mile races) to be held on Sunday, August 16. He has been director for the last six annual races.

For the first several years he was a race director who did not run. In the fall of 1977, daughter Sheri joined the cross country team as a freshman. Joan, his wife, thought that running would be an activity the family could do together and would help them feel better and keep weight down.

In February of 1979, Dale became a dedicated all-year runner. His first competition was the June '79 Mayville Lions 2 mile. He ran the '80 Red Rooster 7 mile in 53 minutes and the '80 FDL 5 mile Turkey Trot prediction run in 34:40. Joan and Dale ran the Mayfair Mini this spring. His time was 1:35. He thoroughly enjoys participating in competitive running.

Early in spring Dale began to train for the Milwaukee Lakefront Marathon to be held on September 20. Running the Kettle 20 course occasionally was part of the training. Because of surgery in early June he is just now permitted to very slowly resume running and so will be content with the 5 mile Al's Run on September 26 instead of the marathon.

Dale was the junior high boys' assistant track coach this past year and enjoyed coaching as well as running with the boys. Dale, a '55 graduate of Marinette High School, was in

the Marines four years and then graduated in 1963 from UW-Oshkosh with a history major and social studies minor and has since obtained a master's in history. He has been teaching social studies in the Kewaskum Middle School for the past 17 years.

Dale enjoys swimming and reading, especially U.S. History and the family goes cross country skiing. Their son Jeff will be in 10th grade this fall and Sheri a freshman at UW-Oshkosh.

Dale is 6'2" and 190 pounds. He was 165 in high school and wants to be 180 this fall. At a spring checkup his resting pulse was in the low 50's which the doctor attributed to his running. The reasons they decided to run proved correct and are incentives to continue. In fact, Dale never wants to quit. So, let it be known that the Kettle 20 race director IS NOW a runner and a very enthusiastic one!

Indians Begin Football Practice With Squad of 47

Practice for the 1981 football season for the Kewaskum Indians got underway Monday morning with 47 candidates out of an original squad of 55 reporting to Coach Mike Fifrick, beginning his third year as head coach.

The Indians hope to improve on their 0-6 record in the Eastern Wisconsin Conference and 1-7 overall mark of last year.

Varsity and JV candidates work out from 8 a.m. until 1:15 p.m. daily with a 45-minute break between sessions. On Friday, August 21, the squads will split for an intersquad scrimmage at 7 p.m. Preceding the opening non-conference game against Slinger September 4, the Indians have a home scrimmage scheduled with Mayville on August 29.

The squad of 47 players includes 17 seniors, only seven juniors, and 23 sophomores, of which 13 are lettermen. One other letterman, an honorable mention linebacker, is scholastically ineligible and another, an end, did not come out for the sport this year.

Lettermen include Jon Davis,

tackle; Matt Feyrer, center; Bill Heberer, end; Tim Heberer, back; Jim Krahn, back; Brian Larsen, end; Ric Leitheiser, quarterback; Pat Miller, guard; Scott Nigh, center; Jay Petermann, guard; Mark Steger, tackle; Scott Stoltzmann, back; Randy Westerman, back.

Non-letter winners from 1980 are Jeff Geidel, quarterback, out with illness after the first game last year; Dave Donath, a letterman as a sophomore, out with a knee injury last season, and Steve Straub.

Coach Fifrick reports that strengths on the team will be improved depth at most positions with 13 returning lettermen and two additional seniors coming off injuries. Weaknesses will be that the team has not been able to put two good classes together so will get a limited amount of support from about nine juniors. The team also lacks a back or end with outstanding speed.

The coaching staff consists of Head Coach Mike Fifrick and assistant coaches Jim Westphal, Perry Koth, John Nell, Pat Gasser and Bill Stangl.

KEWASKUM JAYCEES LITTLE LEAGUE

This was the first time that the league tried to put an All Star Team together. It was composed of all the outstanding players in their age group of 9, 10, 11, 12 and 13 years on each team.

These players played against the champion team of this year, which was Miller's Furniture Brewers.

It was a good first inning, 0-0, but the Brewers, after a couple of errors, scored a couple runs to gain the lead. Later in the game the Brewers scored again. The All Stars had several opportunities to score but couldn't do it. The Brewers won 9 to 0.

KEWASKUM JAYCEES YOUTH SOFTBALL

The Bier's Jewelry Gems played their makeup game against West Bend Savings and Loan and went out shining with a victory. So that left a two way tie for first in that division.

The Gems again sparkled with a 2 to 0 win over the Kewaskum Valley Bank A's to be division champs of the American Division. The Herriges Oil Hot Shots are the National Division champs for the second year in a row.

So the Hot Shots and the Gems met, with the Gems battling in a well played game over the Hot Shots, 8 to 7, to become the "Overall Champions."

The Jaycees would like to thank the people who came to watch and supported their program. Also, anyone who is thinking of helping out in any way, either umpiring or coaching, please contact any of the Kewaskum Jaycees. They can always use a helping hand for next year.

KEWASKUM JAYCEES TRAVELING LEAGUE

Tom Bartelt's Insurance team had its ups and downs this year, but they did fine for being in their first tourney. The first game they lost out to Kiel, 11 to 7, but put some insurance on the next game in the consolation bracket with a win against Larry's Cardinals, 12 to 5. Then they went on to play Plymouth. The team seemed to be right on top until John Nowak was hit in the elbow with a fast inside pitch which sent him to the hospital.

The team seemed to lose its momentum and were upset about John, so ball wasn't on their mind, and they took one on the nose, 20 to 2. The team was relieved to know John is going to be okay but will have a cast on for a week or so until the chipped bone mends. So get better John.

The All Star Team, with four boys from our team was on, won the game, 7 to 3. The team that they played against was composed of players from Eden, Campbellsport, Cascade, Greenbush and Parnell, which is known as the north team. Our boys played with players from their division, which is known as the south.

CORRECTION

Last week in our item about Steve Muench being selected on the Eastern Wisconsin all-conference baseball team and his brother Scott on the Scenic Moraine all-conference team, (along with unanimous choice Randy Heberer), mention was made that Scott was a junior the past year and would be back next season. Steve and Scott are twin brothers and both graduated in 1981.
