## Shop-Rite Foods Plans November Opening

By GERRY MUELLER  
Statesman Staff Writer

If things go smoothly and on schedule, Kewaskum could see the opening of a new KEWA Mall Shop-Rite Grocery store by the end of November.

Prior to Monday's Village Board meeting, Cletus Bartelt, Vice-President of Shop-Rite New Business Development, said his organization was hoping to have the store operating as early as mid-November. Bartelt noted two

major factors, the merging of Roundy's and United Foods and the legal dispute between the mall operators and Kewaskum, had delayed by several months the planned opening of Shop-Rite's newest store.

When asked if the Kewaskum store would be connected with Prescott's Shop-Rite in West Bend, Bartelt said no. The KEWA store will be company operated for the time being but would be carrying the same brand lines as Prescott's in

West Bend.

Bartelt and Al Patin, Vice-President of Retail Programs, said the store would be taking applications for employment within the next two weeks. Approximately 30-35 employees including full and part-time will be hired. Paul Behring of Behring's Market will be associated with the new store, however, Bartelt stated he was not free at this time to disclose exactly the status of that association.

VILLAGE MAY SEE SOME STATE TAX CREDIT RELIEF

## Shop-Rite Foods Is Denied Liquor License

By GERRY MUELLER  
Statesman Staff Writer

A public hearing was held at Monday evening's Village Board meeting on the application of Shop-Rite Foods, Incorporated, Milwaukee, for a Class "A" liquor license.

Shop-Rite was represented by Cletus Bartelt, Vice President of New Business Development and Al Patin, Vice President of Retail Programs. Only two citizens, James Boegel of J-N Liquor and a Bel-Ric Acres resident were at the hearing to voice their opinions on the application. Boegel was adamantly against approval of another Class "A" Beer and Liquor License, noting Kewaskum already has two Class "A" and eight Class "B" licenses and another license should not be allowed in the village. Boegel stated, "six months ago Dan Schmidt and Bill Martin told me there was no need for another Class 'A' license. I would like to know if we grew so much in six months, that we need another license."

A Bel-Ric Acres resident commented she spoke for many of the subdivision residents in favoring approval of the application. The resident stated, "people in Bel-Ric don't like to come into town, the village people really haven't accepted

us." We need something right there for the people who have been rejected for so long."

Boegel felt there was no need for another liquor outlet. Bartelt stated, "we don't believe in restrained trade and will present competitive prices." "I think our store will be a credit to the community," stated Patin "and this kind of license would help us in the overall service to the community."

Trustee Jeff Rohrer said, "my first guess that comes to mind is, if we approve this license, we will have other requests, I imagine a lot of others will be coming in for a Class 'A' license, then where do you stop it?" Trustee Paul Blumer stated, "you remember a few years ago when Rosenheimer's and a few others applied, we felt there wasn't enough surveillance as far as teenagers and this situation hasn't changed."

Trustee Raynor Herriges noted he had been approached by Shell to carry convenience items at his station, but had refused. "Everybody's getting into everybody else's business, I think everybody should stay in their own field," Herriges stated.

Boegel felt the board should remain consistent, noting these applications had been refused

## Meadow Creek Apartments Underway

By GERRY MUELLER  
Statesman Staff Writer

After many delays which have resulted in rescheduling the starting date, Meadow Creek Apartments, an elderly and low-income housing project in Kewaskum, is finally underway.

Even though construction has begun, Rick Parent, Project Superintendent of Meadow Creek, stated, "things are in a state of a mess." Now that all the technical delays have been cleared up, bad weather has stepped in to hamper construction causing more headaches. When the Statesman talked to Parent Friday, he was looking

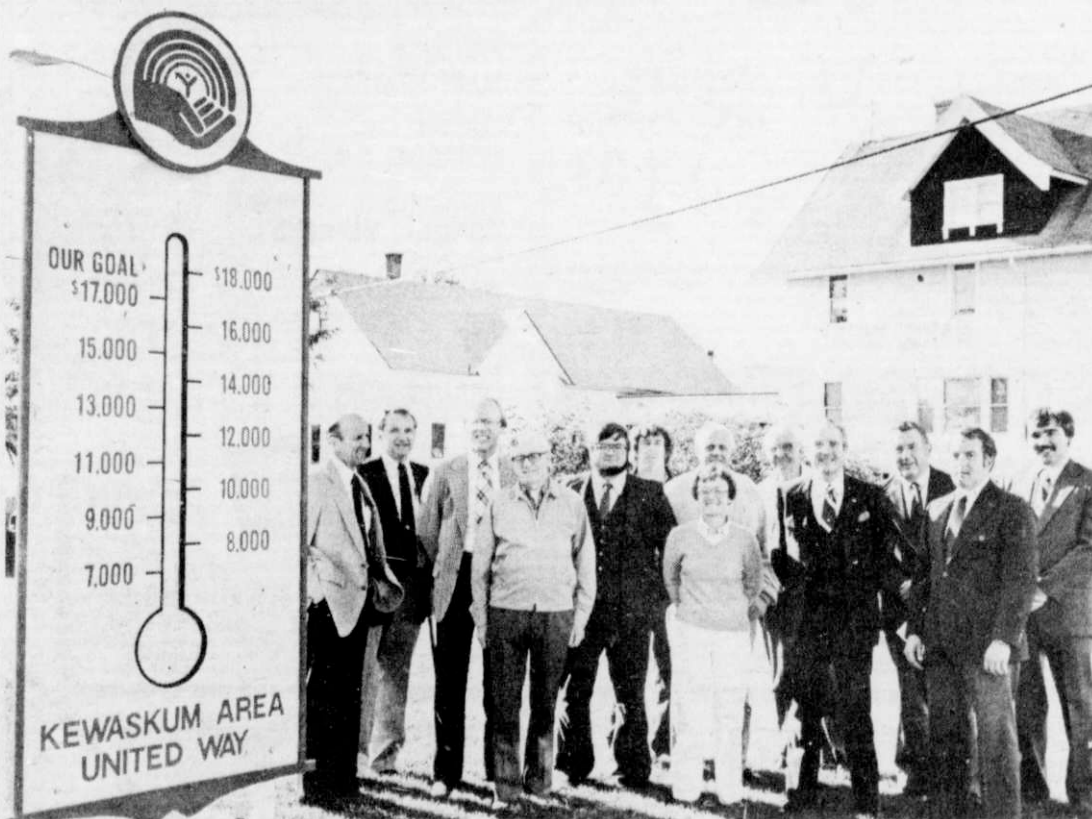

over the site and waiting for equipment to come in and pump water out from around the four-unit building so forms could be removed. Parent noted if they could luck out and have a couple weeks of good weather, he could really get the project moving "and get a lot of walls in." "Rain has really put a damper on our schedule," Parent said.

Footings and walls have been poured for the four-unit building, with footings half in for the eight and twenty-five unit structures. Parent stated he is looking at a completion date on the four-unit "between Thanksgiving and Christmas, definitely by

Christmas." Parent has targeted March as the completion time for the 25-unit building with no set completion date on the 8-unit.

Water and sewer lines are in and mains are in the parking lot. Weather permitting, the parking lot will be put in as soon as possible. Parent noted law requires a finished parking lot before any tenants will be allowed to move in.

Meadow Creek Apartments will consist of a 24-unit building for the elderly which will also contain one manager's apartment and four-unit and 8-unit buildings for low-income and single parent families.

## Pizza Joe's Is Sold, Now Gina's Pizza Oven

Pizza Joe's business at 230 Main Street, Kewaskum, has been sold to Virginia Mae Haney. The store will be re-named Gina's Pizza Oven in honor of its new owner, its chief product and its dominant utensil. The business was purchased from Sue Wellhoefer, who had been operating it the past three years.

Mrs. Haney has worked in a variety of restaurants including Burger King and McDonald's. Most recently she has worked in the Chocolate Shoppe in Portage.

Working with Mrs. Haney will be her husband, Bob, and two small sons, David and Dennis. Bob does the dishes. David and Dennis work hard to stay out of the way.

The Haney's looked around much of southern Wisconsin and north central Illinois, searching for a place to relocate their family. They chose this area for its beauty and friendliness, then sought a compatible business to buy. Pizza Joe's was available and just right for a small family business.

Mrs. Haney intends to open earlier (10:30 a.m.) and to carry a larger variety of products. The new products will include hot dogs, and other sandwiches, large bottles of pop, frozen treats and will expand into other areas. The pizzas will remain basically the same.

The Haney's invite you to come in and get acquainted.

Newly painted "Welcome to Kewaskum" sign.

In 1954 the idea of a welcome sign at the south entrance to Kewaskum became a reality for the Kewaskum Kiwanis Club. One of the members of the club even dug the trees out of the woods and transplanted them at the site of the sign. The actual building and erection of the sign was accomplished through the generosity of the Wisconsin Conservation Department and their carpenters, the late Clifford Stautz and his son, Clayton.

Over the years this great welcome sign to our village and the Kettle Moraine area has brought great fame to our community. Visitors now remember our name because of the sign. Originally the club had a lad fishing from a blue pool of concrete, but when the cement disintegrated after fifteen or more years, it was never replaced.

Recently members of the Kiwanis Club repainted the sign using white letters on a very dark mahogany background. The wood shows no sign of deterioration due in part to the wizardry of the planners, who had the large telephone poles treated at Granville with creosote.

Members of the Kiwanis Club are shown painting the letters with white paint. They are [left to right] Ernie Mitchell, Roy Esser, James Reigle, Marvin Martin, Vince Groh and Jerry Stollenwerk.

## PTO Needs Volunteers

If you have spare time that you would like to donate to a helpful cause, the Kewaskum Elementary PTO needs you.

We are currently organizing and seeking helpers for our Playground Patrol and our Red Cross School Healthroom programs. The success of these programs depends on the willingness of members of our community to give of their time and talents.

You need not be a parent of a child attending Kewaskum Elementary School to volunteer for either the Playground Patrol or the Red Cross School Healthroom programs. Friends, relatives, grandparents and retired persons are all encouraged to sign up for one or both of these worthy programs.

Those wishing to help on the playground would be asked to arrive at school at 12:15 p.m. and would assist the school aids until 1:00 p.m. For further information, call Sherry Kocher at 533-8116.

Volunteers helping in the school healthroom would first complete a Red Cross standard first aid course and would work on one of two shifts. (9:00 a.m. to noon and noon to 3:00 p.m.). For more details, contact Mary Gosa at 626-8005.

Please consider one of these programs and sign up now. The children need you.

Certain drugs may drain out and destroy vitamins in the body. Dr. D.A. Roe of Cornell Univ. cites oral contraceptive steroids [birth control pills] that can block the absorption of folates, a B-complex vitamin needed for red blood cell formation. This may lead to anemia.

The anti-TB drug, isonicotinic hydrazide, binds vitamins to themselves and then forces their excretion from the body. It causes an abnormal metabolism and rapid depletion of vitamins.

Ask your doctor about possible vitamin loss and vitamin supplementation when taking drugs.

in the past and this one should be refused also.

A motion by Raynor Herriges, second by Paul Blumer to deny a Class "A" license to Shop-Rite was unanimously approved.

In other business, Village Administrator Dan Schmidt informed the board that for a change he had a little good news regarding taxes and the 1982 budget. "The situation doesn't look as bleak as it did two weeks ago," said Schmidt. He said he had been informed that Kewaskum will be receiving some state tax credits. Schmidt said, "from all indications we will be \$50,000 to \$60,000 short of last year. This would result in a drop of \$1.47 from last year's credit of \$4.22 down to approximately \$2.75." There had been concern that the village would not receive any State Tax relief for 1982. Schmidt noted these are not exact figures, they do not come out until December 1.

Raynor Herriges stated, "I don't think we should even be talking about it, all we're doing is stirring people up." The news puts it in the paper the way we see it here and I've had people talk to me. my gosh,

they're ready to sell their places here in town." Dan Schmidt said, "I don't know, I think its good to keep the people aware of where we stand and the fact of the matter is, we're not the ones who decide where this money is going or where its coming from." Village President Jerry Stollenwerk told Herriges, "I heard just the opposite, last year a lot of people were not warned, if they knew the increase was going to be that high they would have been at the budget hearings. A lot of them thought it crept up on them, but that was not true because it was stated in the paper and I read the articles." Jeff Rohrer said, "it makes it a lot easier, too, when I mention it to people who complained about last year's taxes going up and this year's taxes going up. All I can say is, hey, it was in the paper, people knew about it and if you didn't read past the headlines, that's not my fault. People have to read all the article, they can't just read the headline and I think that's a lot of our feedback, if they just read the top paragraph and then they complain."

Herriges said, "what I mean is, once we're sure about what its going to be like, then start putting it out to the people." "We won't be sure until December 1 or after," said Dan Schmidt, "and then I think it's too late." Trustee Dick Schmidt said, "I think every community has the same problem not just Kewaskum."

In closing his comments on taxes, Dan Schmidt told the board he had attended a recent

meeting where a gentleman from the Taxpayers Alliance noted that of its 15 member communities, Kewaskum was the biggest loser in State Revenue Sharing. Rohrer asked what caused this. Schmidt said the state uses a three-year formula to calculate tax sharing, and three years ago the village returned \$2.29 back in taxes to the villagers. That directly hurt us in reference to the \$29,000 loss. One of the trustees noted that it doesn't seem to pay to be frugal, communities which spend all their money end up in better shape when revenue sharing is formulated.

The village board will be reviewing the budget in its entirety at its next meeting.

The Parks and Recreation Committee will be meeting at 7:00 p.m. October 17, for its budget review.

The board also approved the snowmobile trails submitted by the Sno-Chiefs for the 1981-82 season, however, the board will be sending a letter along with their approval concerning several problem areas on this trail system asking the club to look into these situations and make necessary adjustments.

The board then adjourned to closed session.

# TAX EXEMPT CERTIFICATE

**Available Now/\$500 Minimum**

Finally a break for savers. The All Savers Act passed by congress now allows West Bend Savings to offer the most attractive savings certificate ever—the one year West Bend Savings' Tax Exempt Certificate — to combine high tax-free earnings with insured safety.

## Profitable

You can exempt the interest income earned from your Tax-Exempt Certificate up to \$2,000 (joint return) or \$1,000 (single return) on your federal income tax return. Depending on your tax bracket and the amount deposited, in most cases, you could save a substantial amount over non-insured money market funds or lower-yielding bonds.

The table below shows the effect on yields between a taxable investment and your new tax-exempt investment using the October 5-October 31 rate of 12.14%—

If Your Family Income Is	The Interest Rate You'd Have to Receive to Net 12.14% After Federal Income Taxes
\$16,000	15.97%
\$20,200	16.86%
\$24,600	17.85%
\$29,900	19.27%
\$35,200	21.30%
\$45,800	23.80%

These figures are approximate and based on 1981 tax tables.

## Safe

Your deposit in a West Bend Savings' Tax-Exempt Certificate is insured up to \$100,000 by an agency of the federal government for the term of the account.

The rate is set at 70% of the average investment yield on one year U.S. Treasury Bills as of the most recent auction. The rates will change every four weeks - but the rate at the time you open your certificate will be guaranteed for 12 months.

## Affordable

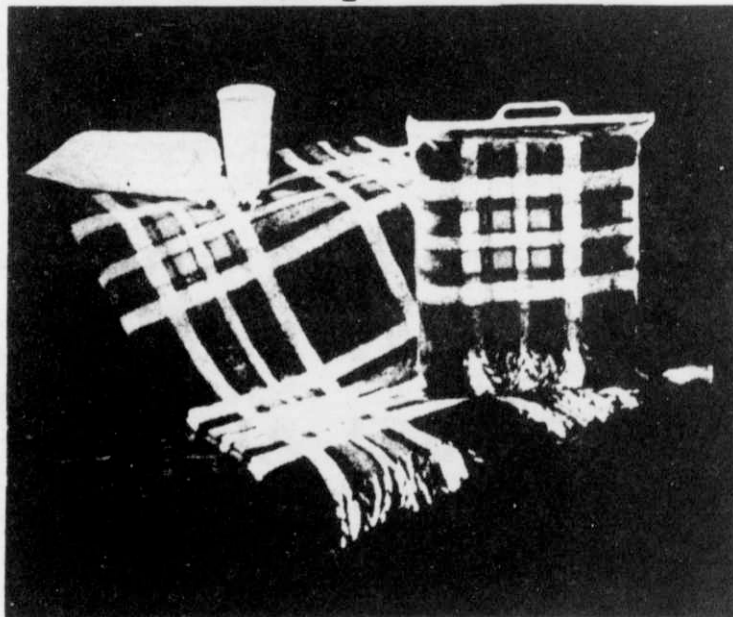

The West Bend Savings Tax-Exempt Certificate can be opened with as little as \$500. The amount you can deposit is unlimited. **You can even switch your West Bend Savings 6-Month Money Market Certificate to a Tax-Exempt Certificate with no penalty.**

## Good for Washington County

West Bend Savings will invest 75% of every net dollar received from deposits in our Tax-Exempt Certificates into real estate or agricultural loans. Your money stays in Washington County to help provide lower cost home financing.

Federal law requires a substantial penalty and loss of tax exemption for early withdrawal prior to maturity of these certificates.

## Want to Win a Home?

Imagine writing a 25-word essay and winning a house.

That's just what will be happening in the next few months as Jim and Dottie Last of rural Adell will be running an essay contest. The winner will receive their three-bedroom home on 7.8 acres, located on Boltonville Rd. in the Town of Scott (north of the town hall).

The Lasts will be joining other couples across the country who are using essay contests to dispose of their homes.

The Lasts have lived at the site for 14 years, and have raised four children. They put their home on the market, hoping to sell it to a younger family. However, with today's high interest rates and financing problems, they found that the people who wanted it the most were unable to buy it.

There will be a \$50 fee for each entry in the essay contest. The entrant must answer, in 25 words or less, the statement: "I would enjoy having a Country Home because..." Entries will be judged on the aptness and originality of their content as well as neatness and clarity of presentation.

Last said the judges will be picked after the deadline date. He added that the judges probably will be from outside Wisconsin.

Entry money will be held in escrow at the State Bank of Random Lake (the bank is not connected with or responsible for the contest).

According to the rules, no more than 2,500 entries will be accepted. If fewer than 1,800 entries are received by March 1, 1982, the contest will be cancelled and no prize will be awarded. In this case, all fees would be returned to entrants within 30 days.

The winner will be selected by March 15, 1982. Within 10 days after notification, the title to the property will be transferred, free and clear except for recorded restrictions and local building/zoning ordinances. The winner will be responsible for taxes on the prize and its transfer.

Last said the contest is being conducted in compliance with Wisconsin laws regarding gambling and fraudulent advertising. He said the public

should not confuse this contest with a "raffle." The Country Home Contest is a skill contest, and the best essay will win, he said.

"It's a great place for fish and animals," Mrs. Last said. "What I really hope is that a young couple is able to win it." The public can contact the Last family for a brochure describing the contest and explaining the rules.

## To Present Revised Budget for Adoption At School Meeting

The Kewaskum Board of Education will hold its regular monthly meeting on Monday, October 12. Beginning at 8 p.m. the meeting will be held in the district administrative offices.

Reports will be given on progress on the gifted and talented program, the evaluation of the vocational education programs and a report on what other districts do for extra days on counselor contracts.

The revised budget will be presented for adoption. This must be done in October. The budget will call for a final levy slightly lower than that presented in July.

Miscellaneous items which arise will also be considered.

**Cathi Dziedzic and Janet Hubbell [L to R] look over plans for UWWC's Dedication and Open House, Sunday, October 11.**

(Photo by Bud Asch)

Working 9 to 5, caring for a family, and serving on community and school committees would be enough to fatigue anyone. But two Kewaskum women handle these activities professionally and enthusiastically.

Janet Hubbell, 1010 Hillside Drive, is employed as a guidance counselor at West Bend-West High School. After hours, she serves as Secretary-Treasurer for the University Council at the University of Wisconsin Center-Washington County. This generally involves 4 hours of her time per month. However, normal Council meeting

times and workloads have accelerated over the past two months as the Council gears up for the dedication of the newly-completed University complex. Hubbell is Chairperson of the Dedication Tours Committee. This means that she is responsible for planning, setting up and staffing tours for October 11's Dedication and Open House. She has been actively involved with University committees since 1974 and served on the original task force that studied space needs at the Center and recommended the additional space that is being celebrated Sunday. Hubbell believes that what is good for

UWWC is good for the community. "Naturally university students and faculty benefit from the much-needed new facilities, but the city and county share in the cultural and educational activities UWWC provides."

Cathi Dziedzic, 6020 Hwy 28, has been secretary to UWWC's Dean Thompson since 1976. Both she and Hubbell are active members of the Kewaskum Elementary Parent-Teacher Organization. "Jan and I have seen more of each other recently than we've seen of our husbands," Dziedzic jokes. Her involvement with the dedication includes being liaison between

the University Council's Dedication Committees and the campus.

Both women agree that support for the dedication has been overwhelming. Individuals and businesses have contributed, time, expertise, and funding to make Sunday an extraordinary day.

Dedication ceremonies will begin in the University theatre at 1:30 p.m., October 11, 1981. Tours of the new facility will begin after the ceremony. People who wish to tour the facility but are unable to attend the dedication program are encouraged to come to the University at 3:00 p.m. for a special tour and open house.

The area of the Pacific Ocean is nearly 64 million square miles.

Techniques of Food Preparation and Fish and Meat Alternatives will be conducted by West Bend schools food service supervisor and MPTI instructor, Fred Bardele, on five Monday evenings at the West Bend High School kitchen.

School food service workers will earn six certification points as they identify the contribution of fish and meal alternatives and prepare recipes using fish, legumes, cheese, eggs, and pasta products. In addition, they will explore and practice quality standards, terminology, measuring methods, standardized recipes and portioning.

Registrations are accepted by telephone at MPTI, West Bend; the number is 334-3413. The \$7.30 fee can be paid at the first class which meets October 12 from 6:30 to 9:10 p.m.

The Wisconsin Board of Vocational, Technical and Adult Education and the Wisconsin Department of Public Instruction have developed this up-to-date occupational extension course which requires 120 hours of instruction; a certificate is awarded upon satisfactory completion.

### Blood Pressure Training Course

A blood pressure training course is being formed for volunteers wishing to serve in the Washington County High Blood Pressure Control Program.

Blood pressure volunteers help screen clients at sites throughout Washington County in an effort to prevent premature death or disability caused by complications of undetected high blood pressure.

Since the program became active in May, 1981, volunteers have screened approximately 1500 adults at work, schools and shopping centers. Gehl Company, Amity Leather, Inc., and

Libby's are among local employers who have provided free blood pressure screening to employees through this program.

Persons interested in the opportunity to develop a skill and provide a valuable community service may enroll in the six hour training program. The class will meet October 13 and 20 from 12:30 - 3:30 p.m. at the Washington County Community Health Nursing Service office, 515 East Washington Street, West Bend. To enroll or for more information, call: Joyce Wujcik, R.N., Blood Pressure Coordinator, 338-4462 or 644-5204.

## Letters to The Editor....

October 5, 1981

To the Editor:

I would like to invite you and the members of the Washington County community to attend the dedication of the new facility at the University of Wisconsin-Washington County on Sunday afternoon, October 11, at 1:30 p.m. Robert O'Neil, President of the University of Wisconsin System, will be the keynote speaker and other University and local officials will participate. Persons attending the ceremony will be given tours at 2:15 p.m., and those who cannot attend the ceremony are invited to come from 3:00-4:30 p.m. for the tours, open house, and informal reception.

Many obstacles had to be overcome before the campus could be completed. Even the threat of closure confronted us during the final phase of the building program. Nevertheless, the new facility has been completed, and this fall it is serving the largest student body in our fourteen-year history. It is appropriate that the community and the University celebrate this achievement. I hope that all of you can join us at UWWC next Sunday afternoon and share this important occasion with us.

Sincerely,

Robert O. Thompson

In loving memory of our mother and mother-in-law, Tillie Schaeffer, who passed away ten years ago, October, 15, 1971, and sister and sister-in-law, Ione Terlinden, who passed away one year ago, October 11, 1980:

Though their smile is gone  
And their hands we cannot touch,

Still we have so many memories  
Of the ones we loved so much;  
Their memory is our keepsake  
With which we'll never part.  
God has them in His keeping  
We have them in our hearts.

## 25 Years Ago

October 5, 1956

Clifford Kleinke, five-year-old son of Mr. and Mrs. Marvin Kleinke, Kewaskum, was struck by an automobile Monday on East Main Street as he dashed into the street after a softball. Accompanied by his father, the Kleinke boy was rushed to St. Joseph's Hospital, West Bend, by Chief Pledl. He suffered a concussion and other head injuries, fractured ribs and multiple contusions.

David Backhaus, 28, of Kewaskum, Washington County traffic officer, was treated by a local physician who removed a BB pellet from a shotgun shell from Backhaus' left cheek. Backhaus was hunting at a pot hole near Kewaskum when he was struck by a pellet from a shotgun shell which is believed to have glanced off a tree branch and struck the hunter.

The floating island at Fahn's Kettle Moraine Lake Resort (formerly Round Lake) north of Kewaskum, is in the headlines again. Workers were scheduled to begin removing the 6,000 ton island from the lake last week. Plans were made to remove the island because of the damage the floating body of roots, vines and decayed vegetation caused to piers, beaches and other property on Kettle Moraine Lake. The original island was broken into some 10 pieces by storms and heavy waves. The largest pieces rested on the beach near Fahn's resort. The island is being removed by workers of Harold Tonkens of Manitowoc with a power shovel.

October 12, 1956

The annual live turkey shoot at the Bar-N dude ranch, north-east of Kewaskum, Sunday, sponsored by the Kewaskum Kiwanis Club, attracted more than 5,000 persons and was by far the largest and most suc-

cessful held to date. More than 300 turkeys were shot or won at this fourth annual shoot. Throughout the day a total of about 2,700 shooters stepped up to the lanes to try their marksmanship at bagging a turkey.

Miss Patricia Stenman, daughter of Mr. and Mrs. Walter Stenman, Kewaskum, and Edward Zivot of Evanston, Illinois, were married on October 6.

John Brath, son of Mr. and Mrs. George Brath, Route 3, Kewaskum, joined the Air Force October 3.

A daughter was born to Mr. and Mrs. Joseph Karl, Route 3, Kewaskum, on October 7. A son was born to Mr. and Mrs. Joseph Gruber, Kewaskum, also on October 7.

## 50 Years Ago

October 2, 1931

A deal was closed Thursday whereby August Schaefer purchased the Sinclair Oil and Filling station from Gregory Doll, located at the intersection of highways 28 and 55, on the north city limits of Kewaskum.

The Grammar Room club of the Kewaskum Public School held its first meeting on Friday afternoon and the following officers were elected: President, Janice Koch; Vice-president, Viola Backus; Secretary, Lucille Romaine; and Treasurer Otto Weddig. The president elect appointed the following committee as room monitors, Walter Werner, Doris Rosenheimer and Harry Koch.

Peter Kirchner died September 15 at his home in the Town of Wayne. He was married to Miss Marie Guth, who preceded him in death in 1896. In 1899 he married Ida Roehrdanz who with the following children survive: Marie (Mrs. John Schuppel) of the Town of Barton, Arthur Kirchner of Wayne, Olive (Mrs. Arthur Kluever) of the Town of Barton, and Ray-

mond Kirchner, at home. His father died on September 5th.

A pretty wedding of keen interest took place at West Bend last Saturday, when Miss Magdalene M. Weddig, daughter of Mr. and Mrs. John Weddig of Kewaskum, became the bride of Frederick C. Schroeder, son of H. F. Schroeder of the Town of Trenton.

Again playing listless and errorless ball behind the brilliant hurling of Ehnert, the St. Michaels club rung up their 5th straight win by defeating the Dixie Oils in 12 innings by the score of 3 to 2.

L. Rosenheimer Department Store this week is offering a new electric automatic washing machine for \$59.50.

A baby boy was born to Mr. and Mrs. Art Manthei, Kewaskum, last Wednesday.

October 9, 1931

Four youthful bandits who beat two brothers into unconsciousness after robbing them of approximately \$45 in cash in a hold-up at their farm home, 1/2 miles north of St. Kilian, are being sought by the sheriff's department. The hold-up occurred at the Henry Wagner farm.

about \$17.00.

Arnold and Raymond Zeimet and Felix Hirsig motored to Manitowoc last Friday, and while there Raymond accepted a position as radio operator on a boat for the Ries Transportation Company at Manitowoc. He commenced his duties on Saturday.

## Kewaskum 4-H'sers

The September meeting was called to order by Vice President, Kim Brodzeller. The 4-H pledge was led by Shelley Carron, the pledge of allegiance by Scott Borgman and the U.S. flag was held by Renee Kapp. Roll call was taken followed by the treasurer's report.

For old business, Renee Kapp reported that we got a third prize on our float in the Kewaskum Parade. Debbie Seideman then reported that our club did very well selling bakery at Crazy Days in July. Our trip to Marriotts was fun as reported by Renee Kapp and Scott Borgman. We thanked Mrs. Kapp, Mrs. Butzlaff, Mrs. Markus, Mrs. Borgman and Mrs. Seideman for chaperoning the bus ride to Marriotts. Mark Brodzeller and Tim Indermuhle described the activities of 4-H

camp which they attended at Upham Woods. Tim Indermuhle also described the trip he took to Washington D.C. as a representative to National 4-H Congress.

For new business, we discussed the window display to be put up in Rosenheimer's Store window from October 4-10, encouraging new 4-H members. We were also informed that there will be an organizational older youth meeting to be held September 26, and the Leader's Banquet will be held September 15. New officers will be elected at the October meeting. Anyone who wishes to run for an office should be ready to give a nomination speech. Our November meeting will be Family Night.

Record books were then turned in and the meeting was adjourned. Refreshments were then served by Kim and Mark Brodzeller.

Our next monthly meeting will be Thursday, October 8.

## Defending Champions

### Two Rivers Deals KHS First Conference Loss

Two Rivers, the Eastern Wisconsin's largest school and defending champions, handed the Kewaskum Indians their first conference loss of the season in an afternoon game at Two Rivers Saturday. The final score was 29-8.

As a result the Raiders are the only remaining undefeated team in the conference with a 2-0 mark. Kewaskum and Plymouth had shared the lead with 2-0 record but both lost last weekend. Sheboygan Falls romped over Plymouth Friday night, 32-7.

Defending champion Two Rivers, which won in the state playoffs last year, lost all of their 22 starters from 1980. Still the Raiders have 14 lettermen back, including running back Dennis Payette and a large group from their unbeaten JV squad.

After giving Two Rivers 14 first quarter points, the Indians settled down to play good, even football in the remaining quarters. Kewaskum got off to a

bad start when running back Jim Krahn fumbled the opening kickoff and the Raiders' Brad Juchniewicz recovered at the Indians' 27-yard line. Four plays later Dan Laurent scored from the one yard line for the first score.

On the next series Kewaskum netted only three yards on two running plays and a third down pass fell incomplete. So Two Rivers got the ball back at their own 45. The Raiders almost scored again but on fourth down and one Laurent was stacked up by the Indian defense for no gain.

But on their first play the Indians' Ric Leitheiser's attempted pass to Jeff Geidel was intercepted by Vince Landt at the KHS eight-yard line. The Indians held as a 24-yard attempted field goal was no good. Then on the next series Brian Larsen gave up the ball after catching a pass which would have been a first down. A score made it 14-0.

The Raiders went ahead by

20-0 on their next series as they drove 59 yards in nine plays with Brad Jacobs making a fine catch of a Peterson pass from 13 yards out. This made it 20-0 at the intermission.

The Indians had a chance to score in the second quarter when they drove from their own 27 to the Raiders' 10. But after Krahn gained three yards, hard rushes by Two Rivers caused three straight incomplete passes.

Kewaskum finally scored on its first possession of the second half when Leitheiser hit Dave Donath with a 34-yard scoring strike to climax a 55-yard drive. The key play was a 12-yard pass to Krahn which kept the drive going. Leitheiser then hit Darryl Tews for the two-point conversion. But Two Rivers wasn't through as they added a field goal in the third period and another TD in the final stanza to bring their score to 29.

The Indians did not threaten again until the last minutes when Randy Westerman picked up a blocked field goal attempt, blocked by Krahn, and took it to the Raiders' 38 before being tackled. Reserves moved it to the seven but a clip stopped the drive.

This Friday night the Indians have another tough battle on their hands when they play at Sheboygan Falls, which lost to Two Rivers by a narrow 7-0 margin.

### Permit Required For Canada Goose Hunting

A permit will be required to hunt geese in the 16-county Mississippi Valley Population (MVP) goose management area in east central Wisconsin this year. The permit is free and may be obtained at Department of Natural Resources offices and license sales outlets.

Wisconsin has a 50 day split waterfowl season this year. It opened at noon Sunday, Oct. 4, and runs through Oct. 11, then closes for five days. The second half opens Oct. 17 and continues through Nov. 27.

The MVP permit is in two parts with one part to be kept in possession of the hunter while hunting and the other mailed to DNR. The permit is valid for use as soon as the mailed portion is dropped in the mail. Permits may be picked up for use at any time prior to or during the goose hunting season. The MVP permit is not needed in the Horicon and Central zones where hunters must have specific tags obtained in advance to hunt Canada geese in these zones.

The 16 counties where the MVP permit is required are Adams, Calumet, Columbia, Dodge, Fond du Lac, Green Lake, Jefferson, Juneau, Manitowoc, Marquette, Outagamie, Sheboygan, Washington, Waushara, Winnebago, and Wood.

The permits will be used by DNR waterfowl managers to complete a list of hunters who hunt geese in those counties. Harvest report questionnaires will be sent to selected hunters as a means of obtaining information on the number of geese taken in this area.

The permit is part of a 10-year plan for management of Canada geese in east central Wisconsin. The plan was adopted by the Natural Resources Board in April following a series of informational meetings conducted in several communities to gather public opinion and comment about the plan. The permit was approved at a public hearing in July.

Primary goals of the plan are to insure perpetuation of the Canada goose as a valued wildlife resource in east central Wisconsin, achieve a balanced spatial distribution of the goose population, control crop depredation, minimize disease outbreaks and provide the public with high quality goose hunting and viewing opportunities.

The plan calls for management programs that eventually will accommodate 175,000 geese, at peak population count, in east central Wisconsin by 1990 with no more than about 75,000 of these birds on the Horicon National Wildlife Refuge.

The program is intended to provide for an annual hunter harvest of 30,000 to 35,000 geese when population goals are reached. Wisconsin hunters are allotted an annual quota of geese by the United States Fish and Wildlife Service. The quota is based on population levels of geese in the Mississippi valley goose flock which migrates through Wisconsin to Illinois and states farther south.

The Fish and Wildlife Service requires each state to keep records and report the number of geese taken by hunters each year. The MVP permit is expected to aid in compiling this information.
