## 'Kewaskum Shopping Spree' Christmas Sale

The Kewaskum Area Chamber of Commerce is sponsoring the ninth annual "Kewaskum Christmas Sale" promotion beginning this Friday, November 27, and continuing through Saturday, December 5.

In conjunction with the sale a "Kewaskum Shopping Spree" of \$450 in gift certificates will be given away to the lucky winners. All you have to do is clip the coupons from the full page ad on another page in this issue and drop them off at or mail them to the participating merchants. You must be 18 to register and only one prize per individual will be allowed.

The participating business places must turn their coupons in to the West Bend Savings and Loan, Kewaskum Branch, by 12:00 o'clock on Monday, December 7, and drawings will be held there at 1:30 in the afternoon. First prize is a

\$200.00 gift certificate and there will be 10 gift certificates of \$25.00 each.

Area merchants invite shoppers to take advantage of the many bargains and specially priced items in stock for the holiday season. This special sales gives everyone the opportunity to shop in "friendly Kewaskum" for their Christmas gifts. Be sure to check the many merchants' sale ads in this issue and "shop Kewaskum first."

Gift-giving time is no time to take a chance on unknown or off-brand merchandise. Here, in your home community, our Christmas-minded merchants have gone all out to bring you the famous names that stand for quality, at prices that make giving and getting a positive pleasure. Shop with confidence. Our local merchants are your friends and neighbors.

## Winter Parking Restrictions Go Into Effect Here December 1

The winter season has begun and with that in mind the Village Board of the Village of Kewaskum would again like to remind everyone that the "Snow Emergency Parking Restrictions" and the "Night Parking Restrictions" go into effect December 1, 1981.

Municipal Code Section 7.04 (3) NIGHT PARKING RESTRICTIONS, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wis. Stats., no persons excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public streets or highway within the village between the hours of 2:00 a.m. and 6:00 a.m. from December 1, to April 1, of each year; provided that, not with standing such restrictions, vehicles may be parked for a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time or manner is violated thereby.

Municipal Code Section 7.04 (4) REMOVAL OF ILLEGALLY PARKED VEHICLES. This Section covers the issuance of citations to and possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 7.04 (6) of this code the owner or operator of a

vehicle so removed shall pay the cost of the towing and storage.

The Village Board of the Village of Kewaskum is asking for your cooperation in reference to this matter and appreciates your support. If anyone is interested in the entire ordinance it is posted on the office bulletin board at the Municipal Building.

## New Fane Pastor To Conduct Tour To Egypt, Israel

Have you ever dreamed of visiting the Holy Land? Has it been your desire to walk the places where your Lord Jesus walked? If so, you can make this dream a reality. Pastor Lindau, pastor of St. John Lutheran Church, New Fane, will be conducting a tour to Egypt and Israel February 8-18. On this tour, we will visit Cairo, Egypt, as well as Bethlehem, Nazareth, the Sea of Galilee, and all the sites in the area of Jerusalem.

If you are interested in accompanying us on this tour, there will be a get-together on Monday, December 7, at 7:00 p.m. at the St. John school, 670 Hwy. S - just a quarter mile north of New Fane.

If you have any questions, contact Pastor Lindau at 626-2309.

## School Board to Begin Review of Suggested Changes and Reductions for 1982-83 Budget

By GERRY MUELLER  
Statesman Staff Writer

Responding to the request of President John Tessar, members of the Kewaskum School Board have submitted their suggested changes, reductions and program reviews for consideration in developing a 1982-83 budget.

In an effort to follow through on taxpayer comments that the board not wait until the last minute to establish a budget, the board will begin a preliminary review at a special school board meeting to be held Monday, November 30, in the Middle School library.

The seven-member board has come up with 30 items as areas where changes or reductions might be made in an effort to keep the 1982-83 budget in line with anticipated funding and revenues.

Many of the suggested cuts listed for 1982-83 were those considered but dropped as places to reduce the 1981-82 budget. With even tighter economic conditions possible, budget cuts such as closing Beechwood School, all-day kindergarten, elimination of the reading specialist position, assistant principal, and parochial bussing will again be among the items reviewed at next week's and future school board meetings.

Tessar commented at the board's last meeting that not all the suggestions would be discussed at this first meeting, but it would be a beginning, allowing the board ample time to thoroughly study the feasibility of all recommendations made.

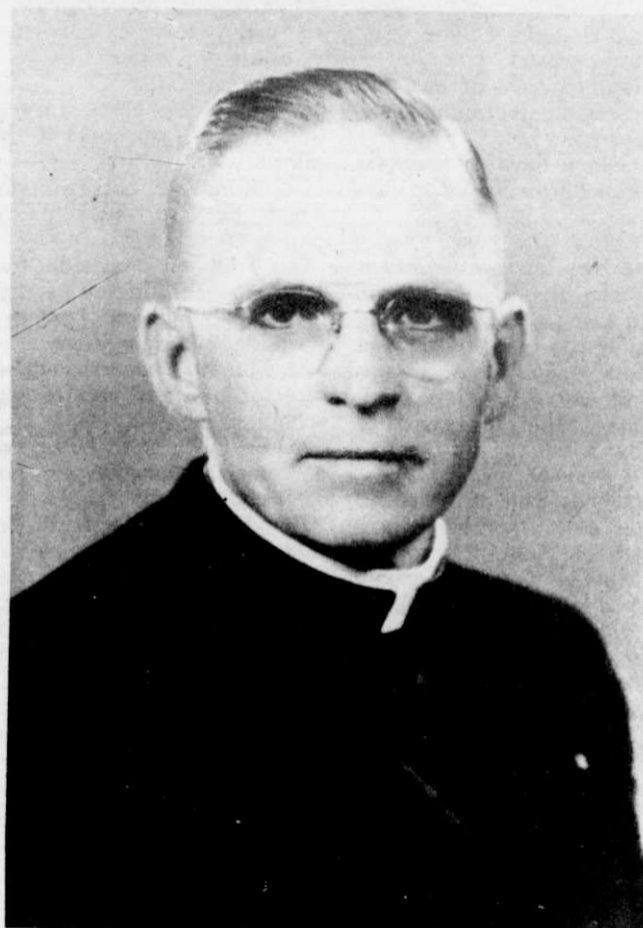

The 30 suggestions submitted to date are:

1. Make physical education voluntary, if allowed by law.
2. Eliminate the physical education at the high school if allowed by law.
3. Eliminate salaries of board members.
4. Drop girls' golf since so few participate. Coach could be switched to assistant football.
5. Drop cross country since so few participate.
6. Drop two sports for boys and two for girls, eliminating those where participation is lowest.
7. Eliminate elementary school counseling services.
8. Eliminate the business manager position. (There was also suggestion to review how many other districts of similar size have business managers but did not include recommendation to eliminate the position).
9. Eliminate one secretarial and one aide position.
10. Close Beechwood. A

second suggestion is to set an enrollment figure (70); and if enrollment drops below this set figure, the school would be

closed. There was also suggestion to review traditional school attendance boundaries

## Rev. F. C. LaBuwi, Former Holy Trinity Pastor, Dies

Rev. F. C. LaBuwi

(Statesman file photo)

Rev. Francis C. LaBuwi, 78, of 5702 Cambridge Lane, Racine, former pastor of Holy Trinity Church in Kewaskum, for 17 years, passed away Wednesday, Nov. 18, at St. Mary's Medical Center, Racine.

He was born in Rubicon on May 17, 1903. He was ordained to the priesthood on May 17, 1931, and had celebrated his Golden Jubilee Mass on May 17, 1981. Among many parishes he held was Holy Trinity in Kewaskum from 1941 to 1958. He retired in 1971.

Father LaBuwi succeeded Rev. Philip J. Vogt, following his death in 1941, as pastor at Holy Trinity. Among the many improvements and renovations made during his pastorate was the building of a new Catholic school, remodeling of the school sisters' living quarters and church interior.

In commemoration of his 25th anniversary to the priesthood, which he celebrated while pastor in Kewaskum, Father LaBuwi celebrated a Solemn High Mass of Thanksgiving on

April 22, 1956. The Mass was followed by a Jubilee dinner attended by members of the congregation.

Shortly after the church was remodeled, Fr. LaBuwi received orders from the Bishop that he was to be transferred to St. Mary's Church at Racine.

Survivors include two brothers, Carl (Betty) of Rubicon and Herbert of Klamath Falls, Ore.; one nephew; three nieces and other friends.

A Concelebrated Funeral Mass of Christian Burial with Archbishop Cousins as principal celebrant was at 11 a.m. Saturday at St. Sebastian Catholic Church in Sturtevant. Interment was in the LaBuwi family plot in St. John's Cemetery, Rubicon, at 2 p.m. Saturday.

Visitation at the St. Sebastian Church, Sturtevant, was Friday from 2:00-9:00 p.m. with scripture prayer service at 3:30 and 7:00 p.m.

The Polnasek Funeral Home, 908 11th Ave., Union Grove, was in charge of arrangements.

within our district and to review required changes if Beechwood were to be closed.

11. Reduce days of business manager and superintendent by ten days per year.

12. Reduce days of assistant high school principal by 40 days per year.

13. Review the possibility of running own buses or contracting with private carrier in remote areas which cause long routes but where buses not loaded to capacity.

14. Review changing high school schedule to return to shorter periods but more periods per day.

15. Review all aspects of bussing costs (special education, parochial, Bel Ric, etc.).

16. Review extra days for school counselors.

17. Reduce high school credit requirements.

18. Review costs to schools of outside programs using schools.

19. Move district offices to

save costs of keeping these buildings open. If we cannot move them, repair them.

20. Eliminate position of reading specialist. Also, suggestion to make this a curriculum coordinator position rather than reading specialist.

21. Eliminate elementary art and music teachers if law allows.

22. Eliminate one wrestling coach position since participation is declining.

23. Transfer one aide from KES to Farmington - help continuously high enrollments in Farmington kindergarten.

24. Eliminate separate athletic director pay and add to high school principal duties.

25. Review written DPI report on special education for possible changes.

26. Eliminate gifted and talented program.

27. Either partially or entirely eliminate position of assistant high school principal-LVEC. This person would teach in the agriculture department.

28. Review sports programs including number of partici-

pants and conferences we are involved in and costs of the various programs.

29. Change to all-day kindergarten classes.

30. Eliminate bussing of stu-

dents to parochial schools outside our district boundaries and offer parent contracts instead.

**West Bend Savings  
New Deferred Annuity  
Plan Announced**

West Bend Savings recently announced the addition of another association service designed to help overcome the ravages of inflation and reduce the tremendous impact of taxes on savings. The new service is called a Concept 2000 Annuity and it is underwritten by North Central Life Insurance Company.

According to association president, Richard A. Larson, the deferred annuity is one of the oldest forms of thrift known to man. It's an innovative concept that earns current high interest rates now and pays cash for life during retirement, with no tax obligation in between.

The Concept 2000 Annuity incorporates the advantages of working with both a savings institution and an insurance company. In addition to the numerous tax savings and retirement benefits, the annuity is available to any person of legal age, whether or not they have other retirement or pension plans and with no qualifications for health or medical history. The annuitants funds are available anytime and the underlying assets are insured safe to \$100,000.00 by the Federal Savings and Loan Insurance Corporation.

Unlike other retirement plans, such as an Individual Retirement Account (IRA), there is no maximum yearly deposit requirement with an annuity. The initial minimum premium is \$2,000.00 or more,

additional contributions in minimum premiums of \$1,000.00 or more are permitted at anytime.

Larson stated that the Concept 2000 Annuity has been added to the list of association tax savings and retirement services which include IRA's, Keogh's and the All-Saver's Certificate, because the association has a responsibility to provide its customers with sound, innovative financial alternatives - especially during this current unpredictable economic climate.

**Pesch Awarded  
ISU Fellowship**

AMES, Iowa — Kenneth Pesch, a Kewaskum Community High School graduate, has been awarded a \$400 Ladis H. Csanyi Memorial Fellowship at Iowa State University where he is a graduate student in transportation engineering.

The award, which is for the 1981 fall semester, is given to graduate students in the transportation engineering curriculum who show potential for success in their field. The fund was established by Mrs. Ladis Csanyi in memory of her husband, the late Ladis Csanyi, who was professor of civil engineering at ISU from 1949 until his death in 1972.

Pesch received the B.S. degree in civil engineering from the University of Wisconsin at Platteville in 1971. Following graduation, he started working with the Iowa Department of Transportation where he has served as a road design engineer, assistant district materials engineer, assistant resident construction engineer and is currently resident maintenance engineer. He is working on the master of science degree in transportation via a fellowship from the Federal Highway Administration.

**AMPI to Host Area Junior Cooperators**

There will be 96 high school upper classmen from four states at the first annual Junior Cooperator conference of the Mid-States Region of Associated Milk Producers, Inc.

The meeting is slated for Lake Lawn Lodge, Delavan, WI, Dec. 4-6. It will include teenagers from Kentucky, Illinois, Indiana and Wisconsin.

"Perhaps we can harvest a crop of bright young people eager to commit their future to agriculture and food production, if we now plant the seeds of ideas and cultivate youthful enthusiasm," said Mrs. Betsy Thronson, Blue Mounds, WI, president of the AMPI Women.

Another objective is to create better understanding of the role of cooperatives in the agricultural industry, she said.

A special session on careers in agriculture is planned, according to Ken McKenzie, Schaumburg, IL, AMPI member relations director.

Program speakers include:

Dr. Dave Dickson, Extension dairyman, University of Wisconsin, Madison; Vicki Scharlau Madison, former "Alice in Dairyland;" Michael Broome, Charlotte, NC; and Sister Thomas More Bertels, Silver Lake College, Manitowoc, WI.

Workshop sessions on internal operations of the dairy cooperative will cover financing, milk quality, membership and marketing.

Attending from this area are: Kevin Rodenkirch, R.1, 8896 Highland Drive, Kewaskum; Patrick Ottery, R.2, Campbell-sport, and Robert Falk, 619 Hwy. M, West Bend.

**Rescue Squad Calls**

Tuesday, Nov. 17 — The rescue squad was called to the Kewaskum Elementary School when Brian Callahan, 10, 250 Hwy. S, R. 1, Kewaskum, suffered a possible fracture in a fall off the monkey bars.

Friday, Nov. 20 — The rescue squad responded to a call at the

Barrel Haus Tavern, 204 Main St., Kewaskum, when a 24-year-old Kewaskum man suffered cuts in a fall. No transport was made.

Friday, Nov. 20 — Marjory Ball, 38, 1506 Kingsridge Ct., Brookfield, taken to St. Joseph's Community Hospital, West Bend, from Kettle Moraine Youth Camp, Town of Auburn, with an injury suffered in a fall on the ice.

Sunday, Nov. 22 — Edward J. Sleger, 55, 2193 Valley View, R. 1, Kewaskum, taken to St. Joseph's Community Hospital from St. John Church, Highland Dr., Town of Farmington, with illness.

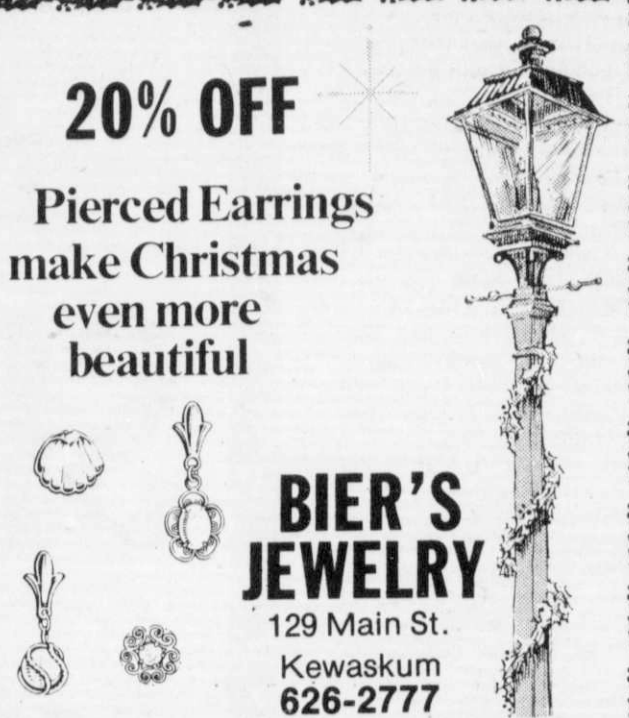

Sunday, Nov. 22 — Frank Marsik, 80, 2400 Windsor Mall, Park Ridge, Ill., taken to St. Joseph's Community Hospital from Hwy. 41, one-half mile north of Country Trunk D with a laceration above the eye suffered when his car ran off the road.

Monday, Nov. 23 — Wilmer J. Prost, 85, 303 Forest Ave., Kewaskum taken to St. Joseph's Community Hospital from his residence with illness.

The first elevated train was introduced in New York City in 1878.

**4-H Music and Drama Festival Is Planned**

Washington County 4-H members will again have the opportunity to take part in a Music and Drama Festival. The 4-H Cultural Arts Committee met recently to plan their 1982 activities. One of the main activities is the Music and Drama Festival planned for early April.

The Music and Drama Festival consists of one act plays, mime, skits and readings. There are also musical presentations, including vocal, instrumental, dance and novelty presentations.

Every Washington County 4-H club is invited to participate. They may present one or more numbers. There is also a special "FAMILY FUN" category. These presentations can include parents or other members of the family that are not 4-H members. In some cases members of several families may get together.

The Music and Drama Festival is held to give youth an opportunity to create and make presentations to the public. It is a fun experience but it is also a learning experience. There is a lot of satisfaction in being able to get up to perform before a group.

Many of the groups use written plays or musicals. Some of them, however, write their own plays or make up their own musical presentations. There will be a program on December 3 to help groups select and present one act plays. Reservations to attend the workshop should be called in to the 4-H office.

The 4-H Music and Drama Committee consists of Marge Slaughter, Richfield, Chairman;

Lois Pikoske, West Bend, Vice Chairman; Dolores Bruni, West Bend, Resource Counselor; Diane Bordeaux, Chris Weinert, Hartford; Ellen Sobotik, Colgate; Marge Koehler, Newburg; Cheryl DuBrava, Karen Doll and Laverne Doll, West Bend. Anyone having comments or suggestions to make to the committee should contact one of the committee members.

**Scout People, Leaders Of District 11 to Meet**

All Boy Scout Troop and Cub Scout Pack Committee People and Leaders, of the Glacier Edge District 11 of the Bay-Lakes Council of the Boy Scouts of America, are invited to attend the monthly Roundtables to be held, Thursday, December 3, at 7:30 p.m., at Woodview School, corner of Fifth and Hickory Streets, Grafton.

The theme, "Adventure in Good Health," will be featured in the Cub Roundtable. Webelos Leaders will explore the Athlete Activity Badge, while the Cubmasters and Committee People discuss Uniforms and Insignia Placement. Everyone is encouraged to bring their projects for the Idea Exchange.

Guidelines, advance planning and precautions for Winter Safety will be formulated in the Boy Scout Roundtable.

Members of the Awase Lodge of the Order of the Arrow will also conduct their monthly meeting at the school at this time.

## In the Service

Pvt. Wesley A. Haug, son of Mr. and Mrs. Wesley Haug, Sr. of Route 3, Kewaskum, has enlisted in the Marine Corp Reserves. He left for San Diego, Calif. on Nov. 2. His address is Pvt. Wesley A. Haug, USMC, Pltn. 2093 H. Co., 2nd RTBN, MCRD, San Diego, Calif. 92140.

Marine 2nd Lt. David W. Elwing, son of Stuart F. and Margaret H. Elwing of 105 New Cassel St., Campbellsport, has departed on an extended Mediterranean deployment.

He is an officer assigned to Company E, 2nd Battalion, 6th Marines, 32nd Marine Amphibious Unit, based at Camp Lejeune, N.C. While deployed, his unit is embarked aboard the amphibious assault ship USS Saipan.

During the cruise, the 32nd MAU will be participating in training exercises with units of the U.S. 6th Fleet and those of allied nations. Port visits are scheduled in several Mediterranean coastal cities. The 32nd MAU is the force-in-readiness for the 6th Fleet, on call to protect combined air/ground forces ashore, if necessary.

A 1976 graduate of Campbellsport High School, and a 1980 graduate of Marquette University, Milwaukee, with a bachelor of arts degree, Elwing joined the Marine Corps in May 1980.

Navy Seaman Recruit Scott A. Herdt, son of Edward C. and Shirley A. Herdt of 177 Rustic Drive, Campbellsport, has completed recruit training at the Naval Training Center, Great Lakes.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and

## Hygiene.

A 1981 graduate of Campbellsport High School, he joined the Navy in November, 1981.

Marine Pfc. David B. Williams, son of Tim and Maxine Williams of 5750 Main St., Kohlsville, has been promoted to his present rank while serving with 3rd Battalion, 5th Marines, Camp Pendleton, Calif.

A 1978 graduate of Kewaskum High School, he joined the Marine Corps in February 1981.

Airman Darrall D. Wodsedalek, son of Mr. and Mrs. Wayne Wodsedalek of 5743 Highway 28, Kewaskum, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

Wodsedalek is a 1981 graduate of Kewaskum High School.

Airman 1st Class Kim R. Danielson, son of Mr. and Mrs. Larry Danielson of 340 E. Main St., Campbellsport, has graduated from the U.S. Air Force weather specialist course at Chanute Air Force Base, Ill.

Graduates of the course learned to use weather information gathering equipment and to disseminate the information to using agencies. They also earned credits toward an associate degree in applied science through the Community College of the Air Force.

Danielson will now serve at Wurtsmith Air Force Base, Mich., with the 26th Weather Squadron.

He is a 1981 graduate of Campbellsport High School.

## Immunization

## 4-H Speaking and Demonstration Committee Plans Activities

Demonstrations, Speaking and Posters will be an important part of the 1982 Washington County 4-H program. The committee of adult and youth leaders met recently to begin plans for these events.

The County Speaking and Poster program will be in April. The Demonstration program is scheduled for June.

Giving talks and showing others how to do things through simple demonstrations are good ways for youth to learn to organize their thoughts and present their ideas clearly. It can build self confidence in speaking in front of a group.

Most younger members would show and tell others about things that they have learned at their project meetings. Many of the members would also present their information before the entire club. As members gain more skills they may want to participate in the county program and some are selected to participate at the State Fair.

4-H provides many opportunities for youth to learn.

Speaking and demonstration programs are some of these opportunities. Adult and youth leaders on the speaking and demonstration committee include Paul Cypher, chairman; Carroll Merry, Laverne Doll, Karen Doll, Lori Prochnow and Karen Pikoske.

## Campus Notes

The final enrollment figure for the fall semester at the University of Wisconsin-Eau Claire is 10,963 students, announced Dr. Lawrence Bundy, UW-EC registrar and coordinator of student academic services.

This is a slight decrease from last year's fall enrollment of 11,054, which was anticipated as a result of the implementation of new admission procedures, said Bundy.

Students from this area who are attending UW-EC this fall are listed below:

Kewaskum — John Harvey Dettmann, 9388 Bolton Drive, junior; Suzette Norma Kleinke,

1532 Stark Street, freshman. Allenton — Brian Scott Jonas, 307 Second Street, junior; Susan C. Becker, 124 Main Street, sophomore; Thomas Richard Kern, 9115 Woodlawn Drive, sophomore.

The University of Wisconsin-Eau Claire Symphony Orchestra presented its annual fall concert Sunday, Nov. 8, at 4 p.m., in Gantner Concert Hall of the Fine Arts Center.

The performance followed a recent three-day tour of the symphony in southern Wisconsin.

The 74-member orchestra, conducted by Dr. Rupert Hohmann of the UW-EC music faculty, performed the overture to "Boccaccio" by Suppe; "Concerto Grosso No. 1 for String Orchestra with Piano Obligato" by Bloch; "Capriccio Italien" by Tchaikovsky; and "Concerto for Violin and Orchestra, Op. 14" by Barber.

The orchestra is made up of UW-EC students, faculty, and community members. Students soloists for the Bloch work included Carol Asch, Kewaskum.

Following the concert was a Symphony Dinner, which was

scheduled for 6 p.m. in the Southwoods Room of Davies Center.

Friday, Nov. 27, 1981, Page 9

Sheri Klink was a member of the play cast of "A Bad Day at Gopher's Breath," a play given by the Speech Arts Club of the Wisconsin School for the Visually Handicapped, Janesville, in the school auditorium at

7:30 p.m. on November 12. The play, a farce in thirteen scenes, is a take-off on old cowboy stories.

Sheri is the daughter of Mrs. Mary Zima, 3462 Town Hall Road, Kewaskum.

GARY MCDONALD

DON HINTON

Regal Ware, Inc. has named Gary McDonald, President of its Dallas, Texas-headquartered Saladmaster subsidiary, replacing Harold Curtis, who resigned. In a related move, Regal named Don Hinton to the newly created position of Executive Vice President of Saladmaster.

The announcement came from Ronald O. Reigle, Executive Vice President of the parent firm. Reigle said, "McDonald, who will be chief executive officer, brings a wealth of experience to our cookware and table appoint-

ment sales organization. We have strengthened our executive staff to accelerate our marketing program," Reigle said.

At 54, Hinton has been a Management Consultant for several years, having served in executive capacities for the past 25 years in direct selling companies. He began with Tupperware in 1954 and served as Vice President of Advertising and Public Relations under McDonald.

McDonald is credited with founding Tupperware, having been that company's first sales

manager. As Executive Vice President of Tupperware's worldwide operation, McDonald established sales programs in several countries. He left Tupperware in 1966 to become President of its sister company, Vanda Cosmetics, both of which are divisions of Dart-Kraft.

Among the 51-year-old McDonald's many honors is his membership in the Direct Selling Association's Hall of Fame. He has twice served as Chairman of the Board of that association. Both Hinton and McDonald have chaired and served on several DSA committees over the years.

Hinton and his wife, Carol, live in Rockwall, a suburb of Dallas.

McDonald will be moving with his wife, Susan, to the Dallas area from their residence in Northwestern New Jersey shortly after the first of the year.

Regal Ware, Inc. is a multi-plant manufacturer of cookware, portable electrics and microwave accessories headquartered in Kewaskum.

**Kewaskum, Other County 4-H Clubs  
Recognized for Service to Community**

Several 4-H clubs were recognized for service to the community at the County 4-H Achievement Program on October 30. The Good Luck 4-H club of West Bend is under the leadership of Paul Cypher. The members made cards for the people at the Samaritan Home for several holidays. They visited the residents several times. They also collected scrap paper in the community.

The Happy-Go-Lucky 4-H club is under the leadership of Karen Belger and Mary Secor of Kewaskum and Barbara Schneider of Fredonia. The group went Christmas carolling at the Samaritan Home and held a card party for senior citizens in their community. They planted shrubs in the park. The group also provided wreaths and took part in the Memorial Day program. The group adopted grandparents in their community and visited them during the year.

The Badger Boosters 4-H club is under the leadership of Cheryl DuBrava of West Bend. The group went Christmas carolling and made tray favors for the Samaritan Home and planted shade trees along the street of West Bend.

Dennis Seidemann of Kewaskum is a leader of the Kewaskum 4-H'ers. The group worked with the Kewaskum Woman's club to plant flowers in the new park. They also built a float for the community firemen's parade.

4-H club members consider themselves as part of the community by working together in

their 4-H club. They improved the lives of the people in their community.

**Major Changes Made  
In State Motorcycle  
Headlight Law**

A new law which went into effect Nov. 11 has made major changes in Wisconsin's motorcycle headlight law.

David T. Bohlman, chairman of the department of transportation's motorcycle safety advisory council, said the new law permits use of a "modulating" headlight device which pulses the headlight from bright to dim, making cycles more conspicuous at intersections. The safety device, which may be used only during daylight hours, has been proven effective in safety studies in Michigan, California, and Washington, D.C.

The law also permits use of a

device to warn other motorists when the cycle is decelerating by pulsing an amber light mounted on the rear of the vehicle.

The law was also amended to permit cyclists with defective headlights to operate the cycle to the nearest repair facility if cited for violation of the daytime headlight law.

The law was introduced by Sen. Lynn Adelman, and signed into law last week by Gov. Nor Lee Sherman Dreyfus.

Bohlman noted that the use of modulating headlights and tail-lights is permissive not mandatory, on motorcycles, mopeds and motor-bicycles. Their use is intended to increase the cyclist's visibility in traffic, to help prevent other vehicles from turning in front of them at intersections, and from following too closely in traffic.

## Cost of Education Is \$2.24 Per Hour Per Student

Madison — Two dollars and twenty-four cents per hour per student. That is what Department of Public Instruction officials estimate it cost to educate, feed, and transport students and generally keep Wisconsin's public schools in operation during the 1980-81 school year.

State Superintendent of Public Instruction Herbert J. Grover calls that amount a real bargain. "We ought to consider increasing our investment in what has to be the state's most important public service."

"When you consider the important role education plays in our society plus the many assignments we've given to the schools, \$2.24 per hour per student is a good deal by any measure."

Noting that the theme of American Education Week (November 15-21) was "Partners in Our Children's Education," Grover said, "Clearly, the state, which contributes 37 percent of the statewide costs of public elementary and secondary education, is an important partner with the local school districts and parents."

According to the DPI, the total statewide public school cost for 1980-81 was \$2,265,504,326 or \$2,820.64 per member. The total figure equals taxes raised at the local and state level for education plus all user fees, federal grants, gifts and grants. Looked at in another way, the \$2,265,504,326 equals the cost of all

instructional, support and debt services in the state's public elementary and secondary schools.

The \$2,820.64 per student annual cost was broken down even further by dividing it first by the number of days in a school year (180) and then by the average number of hours children spend from the time they leave home in the morning until the time they come home from school. The statewide average time for all students is seven hours.

The State's partnership role has to be more than its contribution of money, Grover said. "It must exercise a leadership function linking together with the local school districts to make sure that all children regardless of what school they attend are being well served."

Grover said competency testing legislation which will be taken up by the Legislature when it reconvenes in late January uniquely recognizes the partnership concept in education. The legislation calls for school boards to think through their grade level and course content objectives and adopt—with the active involvement of administrators, teachers and parents—objective-referenced tests to measure student achievement in the basic skills.

"The legislation will provide districts with needed expertise from the state department and enable them to enhance their leadership as they create a local

educational condition that will bring about a new enthusiasm and support for public elementary and secondary education," Grover said.

The state superintendent said, "We ought to dream dreams of excellence for our children, keeping in mind that the ultimate partnership—the most important contract for each of us—is the one we make between ourselves and our children. That is our future. The people who demand and support quality education ensure that future."

## Wilmer Prost, Lloyd Schleif, Others Pass On

Wilmer Prost, 85, of 303 Forest Avenue, Kewaskum, was pronounced dead on arrival at St. Joseph's Community Hospital in West Bend of an apparent heart attack on Monday evening, November 23.

Mr. Prost was born on May 17, 1896, in the Town of Barton to the late William and Emelia Schmidt Prost. He was a retired farmer, moving to the Village of Kewaskum 32 years ago. On September 6, 1919, he married Viola Schultz in St. Lucas Lutheran Church in Kewaskum.

Mr. Prost was a member of Peace UCC Church in Kewaskum and also a former president and trustee. He was a director for their cemetery for 26 years, member of Modern Woodman of America, American Legion, Robert G. Romaine Post No. 384, World War I Barracks of West Bend, past president of the Kettle Moraine Sportsman's Club, and a member of the Kewaskum, Beechwood and Campbellsport Senior Citizens clubs.

Survivors include his wife; one son, Willard (Dolores) of rural Kewaskum; four granddaughters; four great-grandchildren; other relatives and friends. One son died in infancy, and one daughter, Burnette Schmitt, and three brothers preceded him in death.

Visitation at Miller's Funeral Home in Kewaskum will be on Thursday from 4 to 9 p.m. and on Friday at the Peace UCC Church in Kewaskum from 12 noon to 2 p.m. when services will be conducted by the Rev. Darrell Joiner. Burial will be in the church cemetery. Robert G. Romaine Post No. 384 will conduct military graveside services at the cemetery.

### LOYD SCHLEIF

Lloyd G. Schleif, 79, of 841 S. 7th Avenue, West Bend, passed away at his residence on Saturday morning, November 21, after a lingering illness.

Mr. Schleif was born on August 19, 1902, in Campbell-

sport, to the late William and Mary Litscher Schleif. On July 5, 1938, he married Dora (Mutz) Hatch in Elo, Wis.

He was a retired employee of the Gehl Company in West Bend, working for the company for 34 years. He was a member of their Hexalbank Club, a lifetime member of West Bend Moose Lodge 1398, the Emmanuel UCC Church in West Bend, and a former member of Hon-E-Kor Country Club in Kewaskum.

Survivors include his wife; one sister, Norma (Henry) Miller of West Bend; two brothers, William (Elsie) of Milwaukee and Andrew (Marie) of West Bend. He is further survived by a brother-in-law and sister-in-law, Robert and Beatrice Hatch of Campbellsport; nieces, nephews, other relatives and friends.

One sister, Laura Brandstetter Kloke, and two brothers, Walter, and his twin brother Lester preceded him in death.

Visitation at Miller's Funeral Home in Kewaskum was Tuesday from 4 to 9 p.m. and on Wednesday from 11 a.m. 1:30 p.m. at the Emmanuel UCC Church in West Bend when services were conducted with the Rev. Marwood E. Rettig officiating. Burial was in Washington County Memorial Park in West Bend.

### EDWARD GUTJAHR

Funeral services for Edward Gutjahr, 88, of Allenton, who died Thursday, Nov. 19, at Care Center East in Fond du Lac, were held at 11 a.m. Monday, at Emmanuel United Church of Christ in West Bend.

He was born on Aug. 11, 1893, in Kohlsville, a son of August and Emma Rosenthal Gutjahr. On Nov. 12, 1919, he married Amanda Endlich at Kohlsville. She died on Sept. 23, 1931. He married Viola Zumach Roecker on Feb. 10, 1934, at West Bend.

Mr. Gutjahr was a former member of the Allenton School Board, a member of United Church of Christ, and former director of the Allenton Farmer's Cooperative. He was instrumental in establishing Allenton Park and worked many years on its development and care.

In addition, Mr. Gutjahr was

a former Town of Addison supervisor, was a veteran of World War I, was a charter member and past commander of Kohl-Martin American Legion Post 483 of Allenton, and was a member of the American Association of Retired Persons at West Bend.

Survivors include his wife; two sons, Glen Gutjahr of Kewaskum, and Alvin Roecker of Montreal, Canada; four daughters, Mrs. Daniel (Mildred) Krebs of St. Lawrence, Mrs. Julius (Beatrice) Kuhn of West Bend, Mrs. Lucille Sertich of Mayville, and Mrs. Daniel (Joanne) Dugenske of Antioch, Ill.; one brother, Elmer of Kohlsville; 29 grandchildren; and 26 great-grandchildren.

The Rev. Marwood Rettig officiated at the funeral services, and burial was in Union Cemetery at West Bend.

Friends and relatives called after 4 p.m. Sunday at Techtman-Myrhum Funeral Home in West Bend, and on Monday at the church from 10 a.m. until the time of services.

### EVELYN E. VOGEL

Evelyn E. Vogel, nee Spaeth, 52, of R1, Prospect Rd., Horicon, died Sunday, Nov. 22, at University Hospital, Madison, following a brief illness.

She was born April 2, 1929, in Kewaskum, and married Carl E. Vogel on June 10, 1950, at St. Michaels.

Survivors include her husband; two daughters, Joanne (Robert) Krische of Horicon and Rosalie Vogel, at home; two sons, John and Joseph, both at home; two sisters, Dolores (Harold) Gundrum of Hartford and LaVerne (Alois) Doll of West Bend; one brother, Roger (Joyce) of Kewaskum; mother-in-law, Margaret Vogel of

Racine; and other relatives and friends.

She was preceded in death by her parents, a daughter, Sharon and a son, Jerome.

Visitation at the Welch Funeral Home, Horicon, will be Friday from 4 - 9 p.m. with a prayer vigil at 8 p.m.

Funeral services will be Saturday at 10 a.m. at the funeral home to St. Malachy's Catholic Church, Horicon, for an 11 a.m. mass. Fr. Edward A. Vogel, Fr. Louis E. Zick and Fr. George M. Hastrich will be the celebrants and burial will be in SS Peter and Paul Cemetery, Nenno.

### LETA W. BUDAHN

Leta W. Budahn, nee Frazier, 69, of 230 University Dr., West Bend, died Monday, Nov. 16, at St. Joseph's Community Hospital, West Bend.

She was born March 7, 1912, in Waco, Tex., where she grew up.

After her marriage to Forrest R. Budahn in Waco on Oct. 24, 1942, they settled in Dallas. In 1956 they moved to Mayville and came to West Bend in 1967, where she lived up to the time of her death.

She was employed at the Green Giant Canning Co. in Beaver Dam until retiring in 1974.

Survivors include her husband; one daughter, Nancy Cowperthwaite of Kewaskum; two grandchildren; and other relatives and friends.

There was no visitation. Memorial services were held on Tuesday, Nov. 24, at 7 p.m. at the Fifth Avenue United Methodist Church, West Bend with Rev. Charles Shultz officiating.

Cremation took place at Wisconsin Memorial Park, Brookfield.

The Schmidt Funeral Home, West Bend, was in charge of arrangements.

## Conservation Tillage Pays

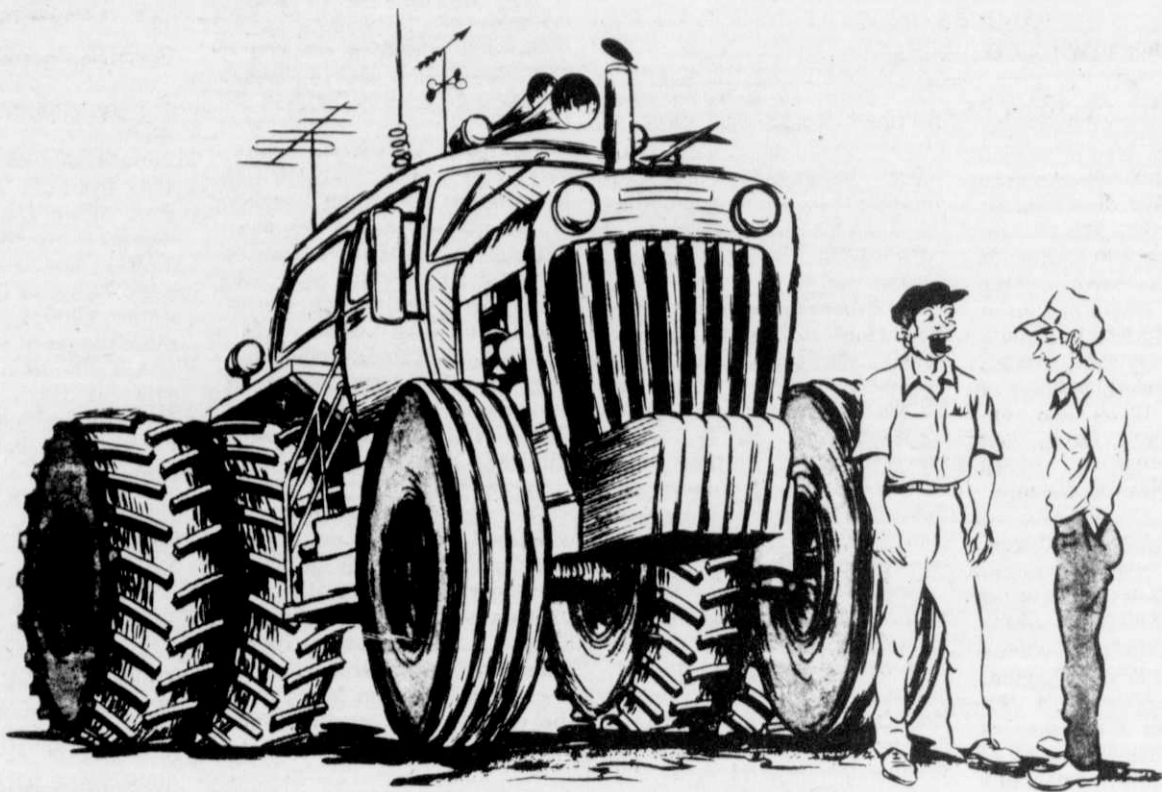

By Don Kurer  
District Conservationist  
SCS

A fast, economical way to reduce soil losses on sloping cropland is with conservation tillage. You could save your valuable topsoil as well as your fertilizer and chemical investment from washing down stream. Crop residue left on the surface absorbs the impact of the falling raindrop. A rough surface slows runoff water and allows more water to soak in. Reducing the number of times equipment travels over a field helps to avoid soil compaction and maintain soil structure.

Crop residue should cover the soil surface from early spring when the ground thaws until the new crop has grown enough to protect the soil. This is the time when fields are usually bare due to spring tillage. A uniform ground cover of at least 1,500 lbs. of residue is required to have an effect on reducing erosion.

The corn in Washington county is rapidly being harvested and fall plowing is underway. Fall work can be accomplished with a chisel plow or disk instead of the moldboard. No-till corn planting is another method used.

For help in planning a conservation tillage system contact the Soil Conservation Service at 2395 West Washington Street, West Bend, or call 334-3706. The advantages of conservation tillage far out weigh the disadvantages. It can save you fuel, equipment and labor costs as well as top soil and fertilizer loss.

## WASHINGTON COUNTY'S SOLID WASTE DILEMMA

[Sixth in a series]

By Dan A. Wilson, Horticulture/Resource Agent

### LANDFILL OPERATION COSTS

It is not possible to know exactly what the disposal fee of solid waste will be at a proposed landfill. This is due to a variety of factors, of which inflation plays a major part.

Other factors which influence landfill costs are the price paid for the purchase of land, expected life of the site, the amount of waste landfilled each year, engineering designs and Department of Natural Resources requirements.

Final costs of a landfill would also depend on Washington County's consideration of the potential to develop a "balefill" site. In this type of landfill, solid waste is baled into 1800 pound bales which are stacked in a landfill like blocks. Baling is an advantage because it permits the recycling of cardboard, newsprint, metal and plastics in separate bales.

A balefill, when properly operated, also reduces the potential for litter problems, rodents and decomposition odors since the bales are compacted so tightly little waste can escape. For these reasons, a balefill is more aesthetic than a conventional landfill.

Typical landfill costs per ton of waste disposed (present dollars) is as follows:

ITEM COST/TON OF WASTE	
Land	\$3 to \$4
Preparation of Site	\$2 to \$3
Landfill Operation	\$4 to \$5
Site Reclamation	\$1

These cost figures will certainly be on the low side since under the present time schedule it will take Washington County at least two to three years to have a landfill in operation.

Solid waste disposal is expensive. But when you consider

that the typical Washington County resident generates 1/2 to 1 ton of waste per year, the disposal fees does not appear as excessive. However, it must be remembered that the purchase, development and operation costs are spread over many years.

NEXT TIME - Final Article - Recycling.

### Wayne Crusaders 4-H Club BALD EAGLE ACTION ALERT

We Need Your Help Now!

The National Wildlife Federation, along with other conservation organizations, is trying to have 1982 officially declared the Year of the Bald Eagle, and June 20, 1982, as "National Bald Eagle Day." This date marks the 200th Anniversary of the adoption of the bald eagle as our national symbol. The bald eagle symbolizes some of the best qualities of our nation - freedom, strength, and courage.

At the time of its designation, the bald eagle was plentiful throughout North America. However, as the country expanded westward, eagle habitat was converted to other uses, and the eagle population fell sharply. During the past two centuries, loss of habitat, environmental pollutants, and illegal shooting brought the

eagle population dangerously near extinction throughout the lower 48 states. More recently, with the banning of persistent pesticides, and with its designation as an endangered species, the eagle is making a comeback. But the fight to secure a healthy eagle population is far from over.

What is the NWF doing? . . .

As a tribute to the bald eagle, the National Wildlife Federation has proclaimed "We Care About Eagles" as the theme for National Wildlife Week 1982 (March 14-20).

The Federation also has introduced resolutions into Congress which proclaim 1982 the Year of the Bald Eagle and June 20 as National Bald Eagle Day.

A year-long celebration focusing on our national symbol could highlight the outstanding efforts being made to save the bald eagle from extinction. It could also make all Americans aware of our shared responsibilities to protect our Nation's rich wildlife heritage.

Write a letter urging your Senators and Representatives to co-sponsor House Joint Resolution #352 and Senate Joint Resolution #121.

Hurry! Things in Washington are happening quickly. Your Congressmen need to hear from you as soon as possible. The letters should be sent by the first week in December at the latest. But the sooner the better!

The addresses follow:

Senators: The honorable William Proxmire, United States Senate, Washington, D.C. 20510.

Representatives: The Honorable James Sensenbrenner, U.S. House of Representatives, Washington, D.C. 20515.

If everyone works together, we can pass these resolutions and bring public attention to the needs of the bald eagle and other endangered wildlife.

You never get a second chance to make a good first impression.

### Car Owners Are Reminded of New \$25 Registration Fee

Automobile owners who send the incorrect fee with their registration applications are receiving a prorated license plate, rather than having their applications rejected, the state department of transportation announced.

The problem arises from the fact that registration fees went to \$25 on September 1, 1981, however, some 200,000 of the old application forms showing the old \$18 fee are still in sheriff's offices and police departments across the state.

Norbert K. Anderson, administrator of the division of motor vehicles, said his office is accepting the incorrect fee, but issuing licenses for a correspondingly shorter period.

"This is being done to avoid delay and inconveniences to the public, and to save taxpayers from having to pay for additional correspondence and paperwork required by rejecting those with incorrect fees," Anderson said.

Anderson said replacing all the old forms would cost the state about \$30 per thousand for printing, in addition to postage and other mailing costs.

"We are asking law enforcement agencies to either write in the new fees on the forms they still have available, or to inform people of the new fees when they pick up application

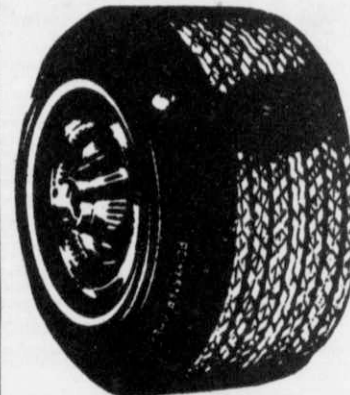

forms," Anderson added.

The problems are primarily arising when people register their vehicles for the first time, such as when moving into the state. Anderson said car dealers are aware of the increased fee, and are remitting the correct amount when registering vehicles for their customers.

### EASIER WINTER STARTING

The ice crystals and mist forming on your windshield isn't near the nuisance that this same condensation is causing inside your partially empty gas tank. This is why it's so important to keep your gas tank full especially during the winter nights when the car is parked. This moisture freezes in the gas line. Dry-gas additives will absorb the moisture but keeping the gas tank full is less expensive.

And if you notice your dip stick oil level increasing instead of going down in the normal way, unburned fuel and water is contaminating the oil. This is a serious problem that could be building-up to a king-sized repair bill.

## Last Will and Testament of a Farmer

[From the Shelby Co., IL Homemakers News]

I LEAVE:

- To my wife - My overdraft at the bank; maybe she can explain it.
- To my son - Equity on my car. Now he'll have to go to work to meet the payments.
- To my banker - My soul. He has the mortgage on it anyway.
- To my neighbor - My clown suit. He'll need it if he continues to farm as he has in the past.
- To FmHA - My unpaid bills. They took some real chances on me and I want to do something for them.
- To ASCS - My grain bin. I was planning to let them take it next year anyway.
- To the Farm Advisor - 50 bushels of corn to see if he can hit the high market; I never did.
- To the SCS - My farm plan.
- To the junk man - My machinery. He's had his eyes on it for years.
- To my undertaker - A special request. I want six implement and fertilizer dealers for my pallbearers. They are used to carrying me.
- To the weatherman - Rain, sleet and snow for the funeral, please. No sense in having good weather now.
- To the grave digger - Don't bother - the hole I am in should be deep enough.
- To the monument maker - Set up a jig for the epitaph, "Here lies a farmer who has now properly assumed all of his obligations."

## 'Sunday Drivers' Are Road Hazard, Safety Coordinator Says

Although "Sunday driving" has largely fallen victim to rising gasoline prices, the Sunday driver is still moseying along Wisconsin roads causing traffic backups, overheated tempers...and an occasional accident.

According to James O. Peterson, highway safety coordinator for the state department of

transportation, a vehicle traveling 10 miles an hour under the speed limit can disrupt the safe flow of traffic, just as a speeder does.

Peterson said "Sunday" drivers can be spotted any day of the week, meandering along highways and byways followed by a string of cars and trucks jockeying to get past.

"Although the slow driver may think he or she is a safe driver, the fact that a vehicle moving at 45 mph on a two-lane road with limited passing areas can actually cause accidents," Peterson noted. "When other drivers let their frustrations get the best of them, they may attempt to squeeze past in a no-passing zone and end up in the ditch themselves, or forcing somebody else off the road.

Peterson said Sunday drivers can also be found cluttering up the Interstate system and other four lane roads usually in the passing lane, frequently side-by-side with another vehicle traveling at the same speed. "Although there's a law against impeding traffic, what constitutes 'impeding' is a judgement call on the part of a law enforcement officer," he explained.

Peterson said drivers should keep an eye on the road behind them, as well as in front. "If there's a string of traffic behind you, and none in front, you may be impeding traffic."

What if you're driving at the speed limit? Are you obligated to let speeders pass? Peterson said that apprehending speeding drivers is the responsibility of traffic safety officers, who have accurate speedometers and other speed-detection equipment. "It's not uncommon for a vehicle's odometer to be inaccurate by 5 to 10 per cent," he said.

"When it comes to obeying the speed limit, virtue is its own reward," Peterson said. "Speeders pay considerably higher gasoline bills and run the risk of forfeitures and demerit points, to say nothing of suspension or revocation for repeaters," he added.

# My Oracle to Kewaskum

When the detour sign led Mrs. Edwards and myself onto State Highway 28 from Sheboygan to see and visit Kewaskum for the first time in September, 1931, we were very pleased with what we saw then. In addition, we learned that this small village, population: 700, had a large, active department store, L. Rosenheimer's, which drew trades people in for 20 miles around abouts. We soon learned there was a malt house, a creamery selling milk and butter to the city folks and a new aluminum goods factory had just begun operation a couple of years earlier which made pots and pans for the housewife. These facts, plus the kind welcome extended to us by all the people with whom we spoke, welded our desire to come here to begin my medical practice.

As outsiders, we expected to have to work diligently and honestly in order to win the natives to seek medical aid from my office. Come they did, in ever increasing numbers, until our need for more space became an overpowering necessity, so, war or not, we found an architect in Sheboygan who helped us build our present home and office. We have never regretted a moment of our past life in Kewaskum.

During these past few months changes have been taking place in our village so quietly that many of us, I am sure, are not aware of them. As we all know, Regal Ware, Inc. has built a large addition adjoining the south end of the original factory, which is very pleasingly embellished so that the harsh lines of stone and brick are softened to appear eye catching by their symmetry. In addition, the landscaping has been completed with appropriate trees, shrubs, and patches of green sod so that the finished frontage is exceedingly nice to look at. From grapevine gossip I have heard that this addition has a price tag several times that of the original factory.

This past summer Regal Ware, Inc. purchased Minz hardware building so that they could place their outlet store in this space. This transformation has been nothing less than spectacular for now it is so easy to direct the questioning tourist searching for the outlet store by simply directing them up or down U.S. 45 until you see the appealing easily read sign next to a small park like zone with the entrance clearly marked to lead one to the parking spaces by the entrance doorways. Inside is a grand large room holding thousands of pots and pans on shelves, all displayed and marked very neatly at money-saving prices. We are so glad to have the Regal Ware families come to Kewaskum, and produce the best cookware in America.

Also during the past few months the Northwestern railroad management began to improve their property including the three crossings which had been sadly in need of repair for so many years. Someone should be given credit for enticing the owners of all adjacent properties to have this new covering of blacktop surfacing placed over all like a three inch deep fall of fresh BLACK SNOW. My guess is that our superintendent of public works, Augie Bilgo, should be honored for making the end result appear so grand.

The old barber shop of Fred Witzig, located on the eastern portion of Main Street, was recently painted a white — white with a shiny black trim, which now presents a very eye appealing picture. Looking diagonally across Main Street from this house, one now sees the finished product of the astute planning by Harry and August Koch. The clever transformation of the old A. G. Koch frontage has now become the modern business front of the 1980's — an excellent improvement.

My closing admonishment to all the readers of this article is that we want our village to look neat and clean. Not only for ourselves, but for the nearly 10,000 people who pass through every weekend from June until Labor Day to seek their enjoyment of fun and frolic on the shores of one of the many lakes nearby.

We both feel very grateful to all the people in our area for their kind and honest treatment. Our wish is that more of you people would come to realize what a truly great village it is, in which we all live.

Sincerely,  
Dr. and Mrs. R. G. Edwards

Washington County, with an annual production of more than one and one-third million pounds of brick cheese, exceeds every county of Wisconsin except five in the manufacture of this product. The county is also important in the manufacture of evaporated milk with more than 27 million pounds produced annually in recent years. Washington County also produces American cheese creamery butter, and dry casein. In addition the county ships annually some 24 million pounds of milk to dairy plants outside of Wisconsin.

A baby girl was born to Mr. and Mrs. Jake Schladweiler of St. Michaels November 14.

## Lakes Team to Open Season

The Kewaskum Land o' Lakes basketball team will open the 1981-82 season hosting Slinger at the high school gym this Sunday, November 29, at 7:30 p.m.

The Land o' Lakes league will operate with the same 11 teams as last year, the only change being Sussex will move from the "A" Division to the "B" Division. The "A" Division will consist of the defending grand champion Menomonee Falls Badgers, Oconomowoc, Cedarburg, Menomonee Falls Stingers, and Thiensville-Mequon. The "B" Division will consist of defending champion Port Washington, Slinger, Kewaskum, Hartford, Mayville and Sussex.

Last year Kewaskum tied Hartford for third place in the "B" Division with a 4-10 record, behind Port Washington, with an 8-6 record, and Slinger, with 6-8. Kewaskum lost all five of its tournament games to finish with an overall record of 4 wins and 15 losses.

Manager Bill Backhaus, beginning his ninth year at the helm, will have five players returning from last year's team. Heading the list is Leon Laatsch, 6-4 center-forward, who was chosen to the Lakes all-league team and was a Lakes all-star last year. Leon finished second in league scoring with 471 points and a 33.6 average, topped only by Bob Wolf of the Falls Badgers with 648 points. In all games, including tournaments, Laatsch had 525 points in 18 games for a 29.2 average. Also returning is Don Gruber, 6-3 forward, who was a Lakes all-star last year and had a 17.8 average; John Slesar, 6-2 forward-center, with a 15.5 average; Bill Backhaus, 6-0 guard, with a 5.1 average, and Scott Tessar, 6-0 guard, with a 3.0 average.

Five newcomers will join the team this year. They include Jim Rohlinger, a 5-10 guard, off last year's high school team, where he was a leading scorer and a second team all-conference pick in the Eastern Wisconsin Conference. The others are Mark Tessar, 6-0 guard; Dave Smucker, 6-4 center; Bruce Steinhardt, 6-0 guard, and Kevin Stautz, 6-3 forward. Ted Miller will return as score-keeper and part-time player (3.5 average last year).

Missing from last year's team will be center Tom Edwards, a Lakes all-star last year, who is attending grad school in Atlanta, Georgia, and guards Clark Eichstedt and Chris Schroeder, who have decided not to return.

All Lakes league games will start at 7:30 p.m., except for Mayville's home games, which will start at 8:00 p.m., and Thiensville-Mequon's home games, which will start at 9:30 a.m. Kewaskum's schedule follows:

# Indians Win Another Game at Campbellsport

In a loosely played non-conference game by both teams, typical of an early season contest, at Campbellsport Thursday night, the Kewaskum Indians managed their second victory over the Cougars, 76-68. After the first basket made by the Cougars, the Indians led all the way.

Both coaches were dissatisfied with their team's performances and both complained of the officials' inconsistent calls. Neither team shot well, the Indians made many mistakes compared to the opening game at Slinger, there were numerous turnovers and the teams, especially the Cougars, didn't shoot well. Along with this, a total of 52 personal fouls were called in the game.

Campbellsport hit on only 10 of 30 shots in the first half but trailed by only seven points, 33-26, at the half. The Cougars started to find the range at the start of the second half, outscoring Kewaskum six to two. They crept to within two, 35-33, and remained within three to five points until just before the end of the third quarter when the Indians scored six straight as they led at the end of the period, 55-44.

Led by Dale Wodsedalek's strong inside game, Kewaskum stretched their lead to 14 points with a little over five minutes remaining. The Cougars made one last comeback in the closing minutes to come within six again but a layup by Mike Heisdorf ended the threat. With a 14-point lead, the Indians just had to maintain possession of the ball in the last minutes but chose to run and try to score with the Cougars and were hurt.

Kewaskum relied on the one-two scoring punch of 6-4 center Wodsedalek and 6-2 forward Brian Larsen, both of whom scored 22 points. Larsen had a better night at Slinger the week before, hitting on just eight of 23 at Campbellsport. Heisdorf also made a good contribution with 13. For the Cougars, Gary Beck scored 17, while Tischendorf had 16 and Dave O'Brien

came off the bench to hit 10. Heisdorf and Ric Leitheiser made some good feeds to big center Wodsedalek but Coach Jim Westphal said the team needed some work before Tuesday's game against West Bend East here. The Campbellsport defense took away much of the Indians' planned offense.

The Cougar JVs won the close preliminary, 50-49, on Terry O'Brien's four free throws in the final minute and a half. The Indians' Brad Bartelt had a chance to tie the game as he hit a layup and was fouled at the buzzer, but he missed the free throw. Denis Butz led Kewaskum with 14 points, while Tom Duley had 14 for the winners.

After hosting West Bend East Tuesday, the Indians will also entertain West Bend West Monday night before opening conference play at New Holstein Dec. 11.

## Sno Chiefs Schedule Safety Course Here

A snowmobile safety course sponsored by the Kewaskum Sno Chiefs will be held at the Legion Club House, Kewaskum, Saturday, December 5 and Saturday, 12 from 8:30 a.m. to 12:30 p.m.

This course is for 12-year-olds and older. Adults are welcome. Youths must have this course and pass it in order to receive a license to drive alone.

If there is snow on the afternoon of December 12, the road test will be held that afternoon.

Call 626-4503 or 338-8417 to register. All students must register to be accepted for the course.

## KHS Girls Beat West Bend East in Double Overtime

By Cathy Schlice

On Friday the Kewaskum girls varsity basketball team defeated the West Bend East Suns in an exciting game, but not without a battle. It took all of the regulation time, plus two overtimes for them to win, with the final score being 69-62.

The whole game was very close with there never being more than a five-point spread.

In the first half some good Kewaskum free throw shooting kept the score close, in which the Indians outscored East by hitting on 24 of 39 while the Suns hit 14 of 28.

At the end of regulation play the score was knotted at 56-56. After one overtime it was locked at 62-62. The Indians then outscored East in the second overtime, 7-0, with Jill Yearling hitting four of the seven points.

Kewaskum was led by senior Yearling, totalling 25 points with seven of them free throws. Coach Soerens credited Yearling, saying she had an

exceptional game. He also credited Linda Larsen with some key rebounds down the stretch and Cheryl Burkhalter for a good job at point guard replacing the injured Sue Bade.

Soerens was really happy with the win and the team got a little revenge after losing to East last year by two points.

The Suns were led by seniors Jenny Sell and Chris Olsen. They also played without one of their top guards, senior Penny Gerner, who did not play because of a back injury.

The Indians' opened Eastern Wisconsin Conference play Tuesday at Sheboygan Falls and the next home game is Dec. 1 against New Holstein. JVs and frosh start at 6:15 p.m. and varsity at 8:00 o'clock.

## Indians' Annual Football Banquet Held at Amerahn

The annual Kewaskum High School football banquet was held at Amerahn Hall last Wednesday evening with several hundred persons in attendance. This year not only the varsity members, but underclassmen and their parents participated in the dinner and awards program.

Although none of the three teams—varsity, JVs and freshmen, had highly successful seasons in the won-lost column, the coaches cited season highlights and individual efforts of the players.

Highlight for the varsity team was the 7-0 homecoming upset over Kiel in Eastern Wisconsin play, which knocked the Raiders out of a chance for the championship and a chance at a WIAA playoff berth, later won by Two Rivers. The varsity ended up with a 3-3 conference record, good for fifth place, but was in the conference race for much of the season after winning the first two games.

Individual award winners on the varsity level were as follows:

Most Valuable Player — Bill Heberer, who also received the most valuable defensive player award. Bill also won honors on the all-conference first team.

Most Valuable Lineman — Scott Nigh.

Co-captains — Pat Miller and Jay Petermann.

Most Improved Player — Steve Straub.

Junior Captain — Darryl Tews.

All-Conference Defensive Back — Randy Westerman

Three awards for the 3-4 JVs, who lost three of their games by a single touchdown, were also made as follows:

Most Valuable Player — Jim Braun.

Most Valuable Defensive Player — Steve Seitz.

Captain — Doug Miller.

## Record Deer Harvest Seen

Wisconsin hunters should take a record number of deer during the nine-day gun season this year, according to Frank Haberland, big game specialist in the Department of Natural Resources.

"The herd is in excellent shape as a result of the past two mild winters," Haberland noted. "We estimate the number of deer in the state at this time at 850,000," he continued, "and if the weather cooperates, the kill this year should exceed the record of 150,845 deer taken during the gun season in 1978."

An accurate count of the number of deer legally taken in Wisconsin has been available since the deer registration program was begun in 1953.

"Bad weather conditions can have a significant effect on the total harvest," Haberland said. "Rain during the season keeps some hunters out of the field, and a heavy snowfall prior to or during the season can make some areas inaccessible to hunters, particularly in the northern counties," Haberland observed.

The nine-day gun season in Wisconsin opened on Saturday, November 21, and runs through Sunday, November 29. Hunters are reminded that 50 percent of their clothing worn above the waist during the gun deer season, except when hunting waterfowl, must be fluorescent

blaze orange color. That includes the cap or hat.

The deer harvest during the gun season the past five years is as follows: 1980, 139,624; 1979, 125,570; 1978, 150,845 (record); 1977, 131,910; and 1976, 122,509.

Haberland said he also expects the kill for the bow and arrow deer season this year to exceed the record harvest of 20,954 set in 1980. The bow and arrow season opened September 19 and ran through November 15. It will reopen on December 5 and continue through December 31.
