The Kewaskum Shop-Rite Food Store at 927 Fond du Lac Ave. opened their doors for business on Tuesday morning, December 1, with ribbon cutting ceremonies at 9:00 o'clock. The new store is located on Hwy. 45, next to the new Kennelly Pharmacy in the Kewaskum Mall. Gerald Stollenwerk, Village President, had the honor of cutting the ribbon.

The spacious, brand new 12,500 sq. ft. store features a complete self-service meat department, self-service produce, complete dairy and extensive frozen food section. Another attraction is the "In-Store" bakery with quality fresh bakery

daily to insure the best in freshness and good taste. You will find Roundy's and Old Time products for greater savings in the canned goods line along with other brand name products and a complete line of Generic products to save you even more money.

According to Norman Mieritz, advertising manager of Roundy's, the store has a number of feature energy saving devices including heat reclamation service and computer controlled lighting and electrical systems.

The store employs thirty part-time and full-time employees.

Tim Reimer will manage the Kewaskum store. He and his wife and three sons, twins, Scottie and Kenny, 5½ years and Mark, 8 months, are moving this week from their Burlington home to an apartment on Hwy. S.

Mike Palmer of Appleton is vice president of northern division of Pick & Save Food stores.

Every Tuesday senior citizens will receive a 5% discount.

Store hours are Monday thru Friday, 7:00 a.m. to 9:00 p.m.; Saturday, 7:00 a.m. to 6:00 p.m., and Sunday, 8:00 a.m. to 6:00 p.m.

## Municipal Building Remodeling Program Favored

By GERRY MUELLER  
Statesman Staff Writer

After reviewing all the repairs and their costs to return the Municipal Building to near normal condition, Don Mlodzik, Public Works Committee Chairman, said he was definitely for the proposed remodeling program.

"Forget about the repair program and get into remodeling, the \$30,000 for repairs is just a stop-gap measure." In the long run the village will be saving money by

remodeling rather than repairing. Mlodzik and the members of his committee all agreed that suggested municipal repairs were just the tip of the iceberg and after the most urgent items had been taken care of you would still end up with a patched-up building with the same problems which had originally caused the needed repairs.

Paul Blumer said, if nothing else were done, he was in favor of remodeling the roofs to give them adequate drainage pitch.

He noted this would solve the entire issue as far as roof leaks throughout the entire building. Simply repairing the existing leaky roof would not correct the situation and you would end up with still further repairs in a short time.

Another point made by Mlodzik was the fact the village has outgrown the building. "If you remodel for just general repairs, then in a few years we will have to completely remodel." When the building was

## Marathon School Board Meeting Trims Little From 1982-83 Budget

By GERRY MUELLER  
Statesman Staff Writer

Not sleet nor snow could sway the school board from its appointed duties or at least that's the way it seemed. The meeting which started at 8:00 p.m. Monday evening, finally adjourned at approximately 1:30 a.m. Tuesday. As President John Tessar said when discussion of dropping school board member salaries came up, "we're sure not in it for the money, our \$700.00 a year comes out to about 25c an hour. I don't know how many people would want to work for that kind of pay."

Although the board had not planned to do so, all thirty items on the budget recommendation list were discussed and some were acted upon.

Items 1 and 2, regarding discontinuing physical education were dropped since it is still required by law.

Item 3, elimination of school board salaries, will be brought up at the annual meeting. Tessar felt this was a decision which had to be made by the taxpayers and could not be voted on by the board itself.

Item 4 saw the board unanimously vote to drop girls' golf, and saving of \$1,272. It was felt participation was too low to warrant keeping it.

Item 5, cross country, was also cut by the board. Several people felt participation was adequate, especially by the girls, to maintain the program. Mrs. Hubbell said, "I think it's a real shame to drop CC when Mr. Drexler is working virtually 1/2 price coaching both boys and girls."

Board member Gerald Secor said he didn't think the board should cut out so much extra curricular, stating "you won't have anything to offer the kids, and some come to school only for that." He felt sports was at least an incentive to get some would-be drop-outs to stay in school.

Item 6, dropping two sports for both boys and girls, was covered by the cutting of golf, cross country and Dr. Ogi suggested reduction in the number of conference baseball games down to 18 in line with other schools.

Item 7 - eliminate elementary school counseling. Tessar said, "last year the board had the perfect opportunity to eliminate it when Mr. Mitchell retired and we didn't do it." Dave Wietor,

## Preliminary Subdivision Design Plans Heard by Plan Commission

By GERRY MUELLER  
Statesman Staff Writer

On the recommendation of the Village Board, James Reigle and Dr. Charles Ogi came before the Plan Commission to explain their ideas for possible construction of a 207 unit subdivision on 80 acres on their jointly owned land located west of Kewaskum.

Reigle reviewed the general concept and layout of the project noting, "nothing is cast in concrete," as far as actual architectural plans. He felt newspaper coverage of their plan was premature since the drawing presented was their consultant's recommendation of how to develop the land of its best potential insofar as contour and setting were concerned.

Reigle was questioned by the Commission regarding various aspects of this plan. Charles Miller asked who would own the units. Reigle noted it was not their intention to build apartment houses, but units which would be individually owned. Miller asked if the men planned on developing the whole project

at once. Reigle said no, probably just a few of the multiple units at first. "Before we attract anybody we'll have to put in the pond." Development of a 13 to 14 foot deep pond in the unbuildable floodplain area is planned for the open area. The DNR, however, has not been contacted regarding permits and regulations as yet. Jeff Rohrer asked what type of restrictions would be in effect as far as other people using this area. Reigle commented this was one of the items which would have to be worked out with the village.

Zoning Administrator Richard Zarling noted he felt comfortable with the general concept, but the main concern of the plan commission was the health and safety of the residents. He felt there would be several technical problems as far as zoning restrictions were concerned. "There is no way this can go up as one project. The only way I can see it coming at all is as a 'conditional use' basis." Zarling noted that each

high school counselor, was asked about the counseling. He stated, "if you're asking if the program is as effective as it could be, I would say not, because of the case load. Department of Public Instruction recommendations are 400 students to 1 counselor, we're working on a 1,000 to 1 ration. We'd like to run parent groups, too, but we don't have the time." Dr. Ogi's motion was defeated.

Ogi stated, "we've come up with several reductions and very few dollar cuts." To this point and approximately three hours of discussion, the board had cut approximately \$2,800.

Item 8 - eliminate business manager's position. Tom Brigham's motion was defeated. Tessar stated, "do we feel that the superintendent doesn't have enough work?" "We're working with a 4 1/2-million dollar budget, we're putting a lot of responsibility on one individual." Tessar asked Brigham how many UWWC had on its staff. He commented a Dean, Accountant and Bookkeeper for 600 students. Tessar commented and Mr. Brigham expects Mr. Brenholt to be superintendent and business manager for over 2,000 students. Superintendent Brenholt noted that his and Bob Borch's job descriptions and business administration background were similar, however, since establishment of the business manager position Brenholt has been able to get more involved in the academic end of running the school district. Brenholt said, "when the board asks questions like this, where do you think all the reports come from?" Brenholt noted if he had to resume business responsibilities also, "there are more things than you can handle and not all things will be done as well as they should be."

Other items which either died for lack for a second to a motion or were voted down included, suggestions to eliminate 1 secretarial and 1 aide positions, closing of Beechwood School, reduction of business manager,

superintendent and assistant high school principal contract days, changing to shorter school periods, reduction of credit requirements, elimination of reading specialist, elementary art and music teachers and assistant high school principal, transfer of one KES aide to Farmington, elimination of separate athletic director's pay, elimination of gifted and talented program and parochial busing.

Suggestions which were tabled for further discussion included private or contract bussing in remote areas, review outside school program costs, moving district offices, reviewing DPI special education report, review all aspects of bussing costs, and all-day kindergarten.

The board voted to cut 20 days from the high school and 10 days from the middle school counselors schedule, and to drop one wrestling coach.

## Subdivision

[Continued from Page 1]

group of homes fell into a different zoning regulation. As an example, Zarling said the individual homes would not meet R-1 zoning, "if you sell individual lots, you'll need bigger lots." Another item for consideration is sidewalks to eliminate busing. Still another question was maintenance of roads. Reigle said there are approximately 800 to 900 feet of public and 2,400 feet of private roads. Maintenance and plowing of the private sections probably would be contracted out to a private business.

Commission member Bob Kirst was not satisfied with entrance and exit to the subdivision. He said, "I'm looking at two entrances to get in and out. There could be a jam-up if any type of emergency evacuation was called for. Two other roads feed into Bel-Ric subdivision. You've got about 25% of the village in a given 80-acre area." (The 25% figure is arrived at through the village's

present dwelling count of 804. Adding another 207 units would increase Kewaskum's size by approximately 25%.)

Reigle asked if the commission would recommend annexation so that village sewer and water could be extended to the subdivision. The general feeling expressed by commission members was that the idea of the subdivision was good, however, no formal recommendation could be made until a plat and actual specific blueprints were presented. The commission suggested Reigle and Ogi obtain the necessary zoning and subdivision planning books and use them in developing their formal plans for presentation. Annexation will be considered when formal blueprints are presented to the commission.

## Remodeling

[Continued from Page 1]

first constructed, Kewaskum's population was around 1,300, now its up to 2,500. The Police Department has grown in size and needs as well as the library

which has been working in overcrowded conditions for some time.

Several items in the complete remodeling program would include redesigning the roof areas, addition of a new two-stall garage (which would allow present garage space to be turned into offices and storage areas), remodeling and moving of present toilet facilities to accommodate handicapped and provide needed space to expand library area to double its present size and update the present heating system to handle expanded areas and new addition with the possibility of converting from oil to natural gas.

Dick Schmidt recommended the Village Administrator Dan Schmidt have several firms come in and review the building, "tell them what we would like, present our suggestions and get theirs." Jeff Rohrer asked Dan Schmidt how much this inspection would cost. He felt there shouldn't be much if any cost at all since several architectural firms had presented the preliminary blueprints at

no cost. Schmidt noted these companies are looking for work and he received inquiries from as far away as Madison.

Schmidt was asked what kind of price tag was put on the complete remodeling program. He said between \$300,000 and \$400,000, however, from plans already submitted he felt the \$300,000 end was more realistic.

Mlodzik told Schmidt to go ahead and set up meetings with the various firms. After sufficient data is received, Mlodzik suggested the committee hold individual meetings with these firms after the first of the year. After reviewing the different presentations his committee would then be in a better position to make its recommendations to the full Village board.

## CHIMNEY FIRE

Kewaskum firemen were called out about 4:55 p.m. last Wednesday to snuff out a chimney fire at the Larry Bunkelman residence at 4584 Hwy. H west of Kewaskum.

Bert W. Preis

Kim T. Peterson

Regal Ware, Inc. has announced that Bert W. Preis, currently Field Sales Director for the Kewaskum housewares manufacturer, will retire effective March 31, 1982. Preis joined Regal in 1959 and served as assistant sales manager and sales manager in the premium and old retail tea and coffee divisions until named to his present position in 1966.

Credited with starting the Regal college recruiting/sales training program in 1970, Preis has also been active in a variety

of community activities including United Way where he is presently serving as Co-Chairman of the 1981 Drive and the Kewaskum Kiwanis Turkey Shoot that has raised thousands of dollars for community projects.

Preis will be replaced by Kim T. Peterson, currently Regional Sales Manager for the South-eastern states, presently based in Atlanta. Peterson will be responsible for selection, training and day-to-day contact with Regal's international sales

force. A sixteen year Regal veteran of sales and field management, Peterson worked the New York City-New Jersey territory before transferring to Atlanta in 1972.

A graduate of Ohio State University, Peterson will join the corporate office staff January 1, 1981. A Kewaskum native, he will be moving to the area in the near future with his wife, Mary Ann, and two children.

Regal Ware, Inc. is a multi-plant manufacturer of cookware, portable electrics and microwave accessories headquartered in Kewaskum.

**KHS English Teacher Attends Conference On Composition**

Ms. Barbara York, a Kewaskum English teacher, recently attended a conference on composition at the University of Wisconsin - Milwaukee. UW-Milwaukee, in cooperation with the Joint Planning Council of the Milwaukee Public and Private Schools, sponsored the invitational conference on composition. Forty-four school districts were represented and 148 teachers participated in the conference. The theme of the conference, "The Workshop Method of Teaching Writing" was planned as a response to one of the pressing needs of public education today - teaching students how to write more effectively.

Arnold Chandler, representing the Department of Public Instruction, spoke at the luncheon and stressed the need for improving composition skills statewide.

Registrants participated in small groups where experienced leaders guided them through the Workshop Method in Teaching Writing. The first principle of the workshop involved students learning by performing the process or writing rather than by studying precepts or projects. The second principle involved students doing their best in a stimulating, sympathetic and

supportive atmosphere.

The basic workshop method provides teachers and students working jointly through the stages of the writing process and respond to each others work. The teacher is freed to spend more time facilitating the students' efforts and less time documenting student failures. Recently this method has gained wide support because of the consistent success reported by teachers using it.

## 25 Years Ago

December 7, 1956

After serving 22 years and 7 months as postmaster of Kewaskum, Frank Heppe has announced he will retire under optional retirement on December 21. This is the longest period of time any postmaster has served Kewaskum. He has been eligible for retirement since 1950. Appointed May 26, 1934, Frank served under three presidents — Roosevelt, Truman and Eisenhower. The Kewaskum post office advanced from third to first class during his years of service.

A tax rate of \$22.50 per \$1,000 of assessed valuation has been adopted by the village board for 1956. This is an increase of \$2.50 per thousand over the 1955 tax rate of \$20.00 per thousand. The big reason for the \$2.50 increase is the school taxes which are \$2.12 higher than last year.

The three farms owned by Mrs. Otto Ramthun, Jr., in an near Kewaskum have been sold in recent transactions. The farm on which Mrs. Ramthun and family reside near the east village limits has been purchased by her brother-in-law, Wilmer Ramthun of Route 1, Kewaskum. One other farm, located about a half mile east of the village on Hwy. 28, has been sold to Mr. and Mrs. Elwyn Ebert of Route 1, Kewaskum. Mrs. Ebert is a sister-in-law of Mrs. Ramthun. The third Ramthun farm located on Route 1, Kewaskum, about a mile north of the village, was

sold to Reuben Laubenstein of West Bend.

The 1956 corn yield results produced a new high for vocational agricultural students projects at Kewaskum High School, it was announced this week by O. E. Behnke, vocational agriculture instructor. Bob Becker, son of William Becker, Route 2, Kewaskum, was on top of a total of 65 yield test plots with an average yield of 131.4 bushels per acre.

A daughter was born to Mr. and Mrs. Daniel Rodenkirch, Route 2, Kewaskum, November 28, and a son was born to Mr. and Mrs. Vincent Weier, Route 2, Kewaskum, November 29.

## 50 Years Ago

December 4, 1931

Fire of unknown origin destroyed the Catholic Church, an old landmark at St. Bridgets, about three miles west of Kewaskum, last Friday afternoon. At noon, John Kuechler, janitor, had been at the church to ring the Angelus, and saw no sign of fire. A half hour after he left, John Reinders, a nearby farmer and member of the

congregation, noticed smoke pouring out of the building on top of the roof. Upon the arrival of the local fire department the fire had already gained such headway that hopes of saving the building from total destruction were futile. In a little over an hour all that was left were the four stone walls; none of the interior furnishings could be saved. The loss is estimated between \$25,000 and \$30,000, which is partly covered by insurance. The congregation was started in about the year 1848, by a small group of families, and was one of the first to be organized in the county. The present church 40 x 90 feet, was built of quarry stone in 1868.

Philip Volm Sr., a well known resident of the Town of Kewaskum, died suddenly at his home on November 29. He was married to the former Anna Vogel who together with the following children survive: Alvin, Philip Jr., Ewald, Amalia and Aloysius. He was preceded in death by two children Charles and Marie.

A daughter was born to Mr. and Mrs. Norbert Gatzke on November 29.

## 75 Years Ago

December 1, 1906

The marriage of Louis Doms of Kewaskum, and Miss Emma Krause, daughter of Mr. and Mrs. Herman Krause of the Town of Barton, was solemnized at West Bend last Tuesday.

Nic Theusch of St. Michaels had a narrow escape from being pulled into a corn shredder last Thursday morning while working with a machine on Bruesser's farm. His coat caught in the machinery and he had nearly all of his clothes torn from his body, but luckily he escaped with but slight injuries to his right arm.

On Tuesday occurred the marriage of Christian Wiskirchen, and Miss Emma Fellenz, youngest daughter of Mr. and Mrs. Joseph Fellenz of St. Michaels.

A baby boy was born to Mr. and Mrs. William Rauch of St. Kilian last Saturday.

## Marriage Licenses

## Cub Scout Cake Decorating Contest Held

Page 8, Kewaskum Statesman, Friday, Dec. 4, 1981

Cub Scout Pack 3744 held their cake decorating contest on Saturday, October 31. The boys decorated prebaked and frosted cakes. The ideas for decorating the cakes varied from haunted houses to cub scouts, and from drums to Brewers.

The creations were judged by Betty Fleury, Theresa Stoffel and Arnie Stommel. A special thanks to these people for their time.

Stommel also gave a demonstration on cake decorating. He donated his "T-Shirt" cake, decorated with the Universal Scout Emblem, for the auction.

Winners of the contest were 8-year-old Kevin Ramthun; 9-year-old Eric Giese and 10-year-old Doug Geidel. All the boys did a great job and it was a close contest. They all deserve a pat on the back for a job well done.

The November pack meeting was held Monday, November 23 at 7:00 p.m. at the Kewaskum Middle School. Den 2 had the opening and closing flag ceremony. Den 1 gave a skit on fire safety. Mess kits and canteens were handed out to the new boys.

Badges were awarded as follows: Bobcat - James Gildersleeve and Steve Liegl Jr.; Wolf - Michael Kocher; Bear - James Kudek along with one gold and one silver arrow; Webelos - Doug Geidel, Charlie Walls, Donnie Nelson and James Kudek received their Forester Activity Badge.

Mr. Gildersleeve showed slides taken at the September campout and Mauthe Lake hike. There were also slides from our recent roller skating party.

Our next pack meeting will be Monday, December 21. This will be our annual Christmas party. Gifts will be exchanged and treats enjoyed.

Little Whistler  
Homemakers Meet

The Little Whistlers met at the home of Debbie Backhaus on Tuesday evening, November 17, for their November meeting.

Members who attended the state convention at LaCrosse and Fall Council at Kewaskum, gave a short report and summary of each. The club is proud to announce that one of their members, Pat Hafermann, has been elected as Kewaskum's center chairman. Congratulations Pat!

An election for president and secretary was held and the results will be announced at the Christmas Party which will be held at Dick's Pizzeria, West Bend, on December 11.

The project of the month on physical fitness included a demonstration by Sheri Lynn, of Sheri Lynn School of Dance and three of her Sherifa dancers. Sheri discussed the benefits of the Belidi Dance and Arobics, as they pertain to physical fitness. She was very informative and enjoyed by all.

Following the project, the annual auction was held. Many beautiful and delicious items were brought to be included in the sale. This is the club's fund raiser for the year.

The evening came to a close with the exchanging of names for secret pals for the upcoming year.

List Drop Off Points  
For 'Toys for Tots' Here

The Toys for Tots program is an annual toy-collecting drive spearheaded by Marine reservists located in more than 180 cities throughout the United States. The toys are given to less fortunate children in Washington County at Christmas time. Were it not for this program, these children would have a pretty bleak Christmas.

Local businesses and organizations joining the Washington County Marines in the campaign are: American Legion, Jaycees and others.

Marines have placed collection barrels throughout the village. Drop off points in Kewaskum are Minz, A & W, Valley Bank, West Bend Savings & Loan - Kewaskum Office, Rosenheimer's, Sentry and American Legion Clubhouse. They look forward to your donations of new, unwrapped toys for the drive.

Donations will be accepted until December 14.

CITRUS FRUITS

Citrus fruits are well known as great sources of vitamin C, but when eating them, don't eat the skins. Oranges, lemons, grapefruit, etc. are sprayed with pesticides and chemicals on the trees. It is difficult to remove these chemicals even with thorough washing. So, enjoy the fruit and juice, but avoid the peels.

## WASHINGTON COUNTY'S SOLID WASTE DILEMMA

[Final Article in a Series]

By Dan A. Wilson, Horticulture/Resource Agent

### RECYCLING SOLID WASTE

We have become a very wasteful society. Washington County residents generate approximately 1,000 pounds of waste per person each year!

Included in this figure is commercial and industrial solid waste which we don't personally throw out, but as consumers of disposable products we are responsible for the waste generated.

Actually, we produce more than three pounds of waste per person each day but some waste is reused or recycled. However, the quantity of waste going into landfills could be greatly reduced if more effort went into recycling the valuable portions of waste.

It seems that there is no "best" way to recycle. Most federal, state and some county activity has generally been directed toward large facilities that separate waste mechanically. In contrast, smaller communities have been encouraged to develop a source separation (separation of waste at home) system. Source separation is often the least expensive and best since in general, the more complex systems have been less successful.

Source separation would require the person who generates the waste to be responsible for sorting recyclable material. When accumulated in large

enough quantities, paper, cardboard, aluminum, glass, tin and other recyclables can be sold to industry for reuse.

Even now, without required source separation, waste can be sorted and conveniently recycled. By reducing the amount of solid waste disposed of in landfills, the expected life of existing and/or any new landfills can be greatly increased.

Here's a short list of nearby centers where you can recycle the portion of your waste which

can be recovered:

Lynn's Waste Paper Company, Inc., 121 Island St., West Bend - receives most recyclables.

Municipal Garage, 251 Municipal Drive, West Bend - receives oil between 7:00 and 3:00 Monday thru Friday.

Kewaskum Lions Club picks up paper from curbs in Kewaskum the 3rd Saturday of every month.

Kewaskum Junior Woman's Club - receives most recyclables on 3rd Saturday of every month from 9:00 - 12:00 noon, located approximately 3 blocks north of stoplight on Hwy 45 in Kewaskum.

Germantown Women's Club - receives most recyclables, located in Washington Square Shopping Center, every 3rd Saturday from 9:00 - 1:00.

### Holiday Hotline

The Holiday Season is one of the most lonely times of the year. Especially affected are the elderly, the poor, young singles, the widowed and divorced.

The Underground Switchboard is here to meet those needs. Switchboard is a 24

hour, 7 day a week crisis intervention hotline. The volunteers will be available all through the Holiday Season to help with any concerns that the community may have.

The Holiday Hotline Number is: 271-3123.

Anything scarce is valuable; praise, for example.

## Her phone is ringing. Unfortunately it's ringing in the kitchen.

And she's got to get out of that nice comfy bed to answer it. Too bad! If she had an extension phone in the bedroom, she not only wouldn't have to get out of bed, she wouldn't even have to open her eyes.

If it always seems that the phone is ringing in a room you're not in, maybe you should be thinking about adding extensions. General Telephone offers them in a wide range of styles and colors. And

each and every phone is backed by all our years of experience.

Extension phones are a convenience you deserve and they're not expensive. Just a few dollars per month and think of all the legwork they'll save you. No rushing. No running. No jumping out of bed.

You can't be two places at once. But your phone can.

## Letters to the Editor

To the Editor  
Kewaskum Statesman:

The old adage that history tends to repeat itself proved quite true at the November 30th meeting of the Kewaskum School Board that dealt with proposed budget cuts for 1982-1983.

When I left at midnight, I had the feeling that I had been watching a summer rerun on television. Just as it was last year, two board members quite consistently either offered or voted for budget cuts, while the other members, a lot like the proverbial ostrich that chooses to bury its head in the sand so that he can't see danger coming, apparently could not see any compelling reasons for making substantive reductions in the budget.

When the 1981-1982 budget was discussed, economic conditions dictated the need for budget cuts to at least hold the line on property taxes. Evidently these members could not see the need. Now that we are looking at the 1982-1983 budget, economic conditions have not improved since last year and, in fact, threaten to become even worse.

If this is not a compelling reason in itself to make substantive reductions in the budget, the "ostriches" should take their heads out the sand and acknowledge that the federal budget cuts that were enacted are going to greatly reduce federal grants to state and local governments. These grants represent only 14.2% of the federal budget, but they were the target of a full one third of the budget cuts. Funds for these grants have been slashed by 14% for fiscal 1982-25% after inflation - and, if the Administration had its way, they would be further reduced by another 12%.

Even excluding this 12%, by 1983 revenue dependency on Washington will have dropped a whopping 28% from its peak in 1978. Localities will be forced to pick up this slack and a good portion of this will be in the form of increased property taxes. Therefore, we taxpayers are faced with a double threat; that of our reduced ability to pay property taxes because of the economic conditions we are in and also the very real threat of these property taxes skyrocketing.

To the two members that by their votes show their concern for these facts; thank you and keep up the good work! To the

other members that appear, by their votes, to be unconcerned by these facts; please re-examine your positions. It is still not too late to make the necessary budget reduction that these times and conditions dictate.

Letter to the Editor:

I am very disappointed at the school board.

By reading the papers, it seems that most of the business is conducted in secret sessions, both before and after the regular meeting.

Then they come out of secret session and everything is cooked and dried, and there is no discussion at the open session.

Why does Mr. Tessar want everything so hidden from the public—the Taxpayer?

Several months ago the taxpayer had to wait til almost 10 p.m. before the regular meeting was held. That's a poor time to hold a public meeting. Many left and went home in disgust.

We are told in the news that Mr. Brenholt received a 2 year extension on his contract. What was the big rush? When he already had 1½ years to go on his present contract?

Also I did not hear the financial consideration of his new contract. As far as that goes what is his total salary, including fringe benefits on the last year of his old contract?

I understand they are not going to tell the taxpayers, which board members suggested which cuts, that were pre-

sented in secret at the last meeting.

Mr. Tessar says that the last time this was done people were upset, because some members suggested too many cuts, and one (Mr. Tessar) suggested none.

I certainly did not hear any taxpayer object to too many cuts. But I did hear them object to his "no cut" stance.

Finally, as one letter to the editor stated, "Get off the backs of Beechwood and Mr. Esser."

The public can see that these two items are only to distract the public from the need for legitimate cuts.

Do not think you can "bamboozle" the public. We turned out the vote in the last election and we will do it again!

Signed,  
Aroused and Alert  
Taxpayer and Grandparent

In California "a teen-ager allegedly bragged about killing his 14-year-old former girlfriend and showed off her corpse to more than a dozen high school classmates," according to the November 25 issue of the Milwaukee Sentinel. The body was clad only in a tank top and white socks.

His friends showed no remorse, threw rocks at her body, and did not report the murder to police, according to the newspaper.

A sheriff's sergeant, who worked on the case, said he

"had never seen a group of people act so callous about death in my 15 years of police work. What the hell has happened to these kids?"

According to psychiatrists, doctors, police, prosecutors and judges the flood of pornography in the last 20 years is at least one contributing cause of anti-social attitudes and conduct among impressionable youth.

Pornography shows no concern for human life, true love, compassion or responsibility. It depicts girls and women as nothing more than sex machines or objects, to be used by any male at any time and any place. Pictures and stories tell of many kinds of sexual violence, ranging from sadism to rape and even murder. Police records and court cases testify that sexual assaults and murders have been incited by modern pornography.

Promiscuous sexual attitudes and conduct are portrayed to our young people every day by way of television, movies, rock music, obscene books and magazines and chauvenistic peers. Yet, we adults ignore it all and hope against hope that our children won't be influenced.

We try to keep the kids out of trouble with entertainment and other activities, but the sex crimes and moral corruption continue to increase. Every family is being victimized to some extent — in one way or another — indirectly if not directly.

There is a crying need for the

enactment and enforcement of tough obscenity laws. Can we expect sex crimes and moral corruption to cease if we don't ask local officials and our Wisconsin legislators to ban obscene material in porno outlets — to ban displays of obscene magazines to minors in the stores where we shop — to ban the obscenities on conventional television and cable-telivision?

As Henry Burke said: "All that is required for the triumph of evil is that good men (and women) do nothing."

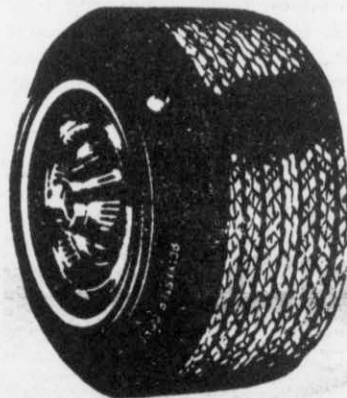

WHAT ARE YOU DOING ABOUT IT?

**Minutes of Village Board Meeting**

Mid-Monthly Meeting  
November 16, 1981  
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. Trustee Herriges had asked to be excused and was absent. All other Trustee Members were present.

The minutes of the meeting of November 2, 1981, were approved as printed upon motion by Trustee D. Nigh, seconded by Trustee P. Blumer. Voice vote was unanimous.

James D. Reigle, Charles Ogi and William Nelson of Nelson and Associates presented to the Board preliminary plans for a 207 unit housing development on land owned by Reigle and Ogi west of Bel-Ric Acres and south of Highway "H" West (80 acres).

**RESOLUTION NO. 81-9**

RESOLVED, by the Village Board that wards in the VILLAGE of KEWASKUM shall be combined as follows:

Wards 1, 2, and 3

FURTHER RESOLVED, that the combined wards shall use common ballot boxes and ballots and that separate returns shall not be maintained for the combined wards at any election, but separate ballot boxes and ballots shall be maintained for

Dated this 16th day of November, 1981.

Introduced by Trustee Jeffery Rohrer  
Motion for adoption by Trustee Paul Blumer  
Motion for adoption seconded by Trustee Richard Schmidt  
Roll call vote - 6 "Aye", 0 "Nay"

Trustee J. Rohrer, Chairman of the Recreation Committee, reported that a winter recreation program had been developed and that the cost for the use of the facilities at the school would be shared on a 5--50 basis with the School District and the village. Trustee Rohrer also reported that the contemplated added improvements to the Kiwanis Park in 1982 was estimated at \$8,056.00.

Administrator Schmidt reviewed with the Board the proposed budget for 1982. The public hearing on the budget was scheduled for 8:00 p.m. on December 7, 1981, upon motion by Trustee D. Mlodzik, second-

ed by Trustee D. Nigh. Voice vote was unanimous.

The Board authorized the transfer of \$10,000.00 from the restricted fund savings account to the Fire Department Outlay Account in order to provide sufficient funds to cover the cost of the new Fire Department truck chassis. Motion by Trustee R. Schmidt, seconded by Trustee D. Mlodzik. Roll call vote was unanimous.

The Board reviewed a preliminary plan for the possible repair and remodeling of the Municipal Building. No action was taken.

Motion was made by Trustee D. Nigh and seconded by Trustee J. Rohrer that the Board adjourn to closed session under Chapter 19.85 (1) (e) of the Statutes to discuss employee compensation and performance data of village employees over which the governmental body has jurisdiction. Roll call vote was unanimous.

## Slinger Beats Kewaskum in Lakes Opener

The Kewaskum Land o' Lakes basketball team, weakened by the loss of three starters from last year, was drubbed by Slinger here Sunday night, 117-88, in the season's opener for both teams. Clark Eichstedt, Tom Edwards and Chris Schroeder all have not returned from last year's team.

Kewaskum played well in the first half and held the lead for a good part of it. They led 25-23 after the 1st quarter. In the 2nd half, however, Slinger's full court press and aggressive play began to take its toll. They led 45-40 at the half. They expanded their lead 80-66 after 3 quarters and poured it on in the fourth quarter with 37 points to win by 29.

Slinger's balanced attack was led by Greg Jonas with 27 points, including 21 in the 2nd half. Bob Mertz added 16 points, Jack Held 15, Larry Gundrum 14 and Ray Schreiter 13.

Leon Laatsch scored a game high of 34 points for Kewaskum, however, their next high scorers were John Slesar and Jim Rohlinger with 12 points each.

Kewaskum hosts Hartford this Saturday at 7:30 p.m.

Lakes scores: Menomonee Falls Badgers 107, Menomonee Falls Stingers 102; Cedarburg 122, Oconomowoc 116, Sussex 102, Mayville 85; Slinger 117, Kewaskum 88; Hartford vs. Port Washington, unavailable at press time.

## 312 Deer Bagged By County Hunters

During the nine-day deer season that ended Sunday, hunters in Washington County bagged at least 312 deer, according to Armin Schwengel, a State Department of Natural Resources wildlife manager.

That is down from the kill during the last two years because of changed hunting rules for the county, he said. This year hunters north of State 60 were allowed to shoot only bucks, unless they held a hunter's choice permit. County hunters south of State 60 were allowed to shoot either a buck or a doe in a five-day season that ended Wednesday. In previous years, hunters here were allowed to kill either a buck or doe during the first four days of the season.

About 360 deer were bagged in Washington County in 1980. The 1979 toll was 310.

### VOTING BY ABSENTEE BALLOT

Any qualified voter, unable to get to the polling place on election day, may ask to vote by absentee ballot. A qualified voter is one who is a U.S. citizen, will be 18 years of age or older on election day, and who has resided in the ward or aldermanic district where voting is desired to be accomplished for at least 10 days prior to the election. If the voter resides in a municipality which requires voter registration, then registration is also a requisite for the voter who is qualified in other respects.

To obtain an absentee ballot, contact the clerk in the city, village or town in which you reside by mail or telephone, or in person, and request an application form. After properly completing and returning the application to the municipal clerk, an absentee ballot will be sent to you along with a postage pre-paid return envelope, or given to you if the application is submitted to the clerk in person. The deadline for receipt of the application by the municipal clerk is 5:00 p.m. on the Friday before election day in the case of applications mailed to the municipal clerk, and 5:00 p.m. on the day before the election in the case of applications made in the clerk's office.

With one exception, the voter who wants to cast an absentee ballot must make a separate application before each election. Voters indefinitely confined to their home or care facility because of illness, age or disability need not file an application before each election; a special statement on the application form can be completed asking that an absentee ballot be automatically mailed to them before each election; if they fail to make and return the ballots sent to them in an election, they must complete another application later on.

Absentee ballots can be voted at home anytime after they arrived in the mail. They can also be voted right in the clerk's office if submitting the application in person. If returning the ballots by mail, the affidavit-certificate must be properly completed and witnessed by two persons. If returning the ballots in person, the affidavit-certificate must be properly completed and subscribed and sworn to by the clerk or the deputy clerk who are authorized to administer oaths. In either case, the marked, sealed ballot must be in the hands of the issuing municipal clerk on or before election day. Any absentee ballot received at the polling place after the polls close or received in incomplete or improper form cannot be counted.

# Indians Edge West Bend East, Edged By West Bend West in Barn-Burners

The Kewaskum Indians boys and girls teams did all right for themselves in their non-conference series with the West Bend teams, winning two of the three games, all of them close, exciting contests. The Indians are now 3-1 in pre-season play.

The Indian girls started it out with a double overtime, 69-62 victory over the West Bend East girls here (details reported last week). Then last Tuesday the Indian boys varsity edged West Bend East by one point, 63-62, in a thrilling, see-saw battle. But on Monday night here, the West Bend West Spartans finally defeated the Indian boys by four points, 89-85, in another barn-burner before a howling crowd, in which Kewaskum tied the score late in the game only to lose out in the end.

The sizzler with the East Suns was a real nip-and-tuck battle that was close all the way. After the Suns took a 16-12 advantage at the quarter, the Indians came back to outscore them 20-14 in the second to take a 32-30 lead at halftime. Each team scored 15 points in the third period as Kewaskum retained its 2-point lead. In the torrid last quarter East outpointed the Indians 17-16 to come within one point as Kewaskum came away with a narrow 63-62 win.

It was a real good ball game

and team effort by the Indians. The victory avenged a beating the Suns handed Kewaskum a year ago. Both coaches were pleased with the play of their teams.

Center Dale Wodsedalek stood out individually for the winners, although he wasn't feeling well. He scored 23 points, grabbed up a number of rebounds, blocked some shots and made several key steals for a super effort. He was up against one of the better big men around in Jeff Seefeldt. Big Wod scored 12 of Kewaskum's 20 points in the second quarter.

Following their lead in the first quarter, East led once more briefly in the third period, 43-42, on a Tony Michels bucket but Dan Dean's swisher put the Indians right back into the lead. They built up a comfortable 9-point, 54-45 lead but the Suns again cut the deficit to one point. Brian Larsen's free throws turned out to be the winning points with 13 seconds left.

Larsen wound up with 14 points and Ric Leitheiser 10. The plays of Ric and Mike Heisdorf drew praise from Coach Jim Westphal. Seefeldt led the Suns with 20 points and Michels had 15.

The Suns won the JV game,

81-62. The Indians were behind 68-60 but East outscored them 13-2 in the last three minutes. Sixty fouls were called in the game and Kewaskum was down to its last five players. Dennis Butz paced Kewaskum with 16 points, Jeff Squier 13 and Jim Hanrahan 10. Rod Gross scored 28 for the Suns, including 14 of 15 free throws.

In Monday night's high scoring contest in which West Bend West nudged the Indians, 89-85, the Spartans led by just two points with 25 seconds left, 83-81. West center John Sauer's tip-in made it 85-81. Leitheiser sank two free throws to make it 85-83. Bill Albrecht countered with two free throws and it was 87-83. Wodsedalek's long jumper closed it to 87-85 but Mike Fleischman's pair of free throws after drawing a desperation foul, brought the final score to 89-85 West.

Very instrumental in West's win was hot 55 per cent shooting from the floor, 73 per cent from the free throw line and a whole lot of hustle on fast breaks. Sparking the winners were Albrecht with 27 points and Steve Albinger with 23. The Spartans led all the way but the Indians tied it up at one point near the end.

Wodsedalek, 6-5 Indian left hander, led both teams with 33 points. He was hot from the floor but cold from the free throw line with 15 baskets in 20 attempts but only 3 out of 9 free throws. A few more free tosses made could have won it for the Indians. Twenty-four of his points were in the second half.

A weakness in defense in the early going put Kewaskum behind and West's better free throw shooting made the difference. The Indians gave away some easy baskets, partly because of the Spartans' tremendous hustle. Larsen contributed 16 Indian points and Leitheiser 17.

The JVs also lost to the West sophs by three points, 55-52, Butz, Squier and Gerhartz all scored 11 points for Kewaskum.

The Indians now have off until Dec. 11 when they open the conference season at New Holstein.

## Wrestlers 1-1 In Double Dual Meet at Fondy

Competing in a double dual wrestling meet at St. Mary's Springs, Fond du Lac, last Wednesday evening, Campbellsport recorded two lopsided wins, while Kewaskum went 1-1, Grafton 1-1, and St. Mary's 0-2.

The Cougars defeated St. Mary's Ledgers 54-8 after besting Grafton 52-8. State Meet veterans Dean Flitter (105), Tim Grahl (126) and Mark Westmeier (119) all recorded two victories.

Kewaskum, although having to forfeit at two weights, beat St. Mary's 36-27 with some pins by Russ Katzenberger (112), Kirk Vogt (119), Don Goeden (132) and Stuart Stautz (155).

There were just eight bouts in the Kewaskum-Grafton match. The Indians won three, all by falls, but lost 34-30 when Stautz was pinned after leading in his bout.

Goeden had a pair of pins for the Indians. Wayne Boudreau, Katzenberger and Scott Durian all went 2-0. Dave Goeden won his first bout at 145 but did not wrestle in the second match because of illness.

Lettermen returning for Kewaskum are: Dave Goeden, 145, who went 12-7 last year; Don Goeden, 132, 12-9 last year; Wayne Boudreau, 126, 12-12 last year; Stuart Stautz, 155, 11-11 last year; Scott Durian, 185, who has moved up from 185 to unlimited; junior Russ Katzenberger and sophs Steve Seitz and Kirk Vogt.

## Scott Klein Is Wrestler of Week

Former Kewaskum High School wrestler Scott Klein was named Wrestler of the Week at UW-Stevens Point after the team participated in its first tournament of the season.

Klein, a freshman, won his first two matches as a collegian, the first over a wrestler from a state college in Michigan, 9-3, and the second over a man from UW-Stout, 18-2. Klein later dropped an 8-4 decision to the eventual winner in the 118-pound weight class.

A son of Mr. and Mrs. Donald Klein, Scott was invited to the coach's house for a spaghetti dinner for winning the honor of being wrestler of the week.

## Sno Chiefs Schedule Safety Course Here

A snowmobile safety course sponsored by the Kewaskum Sno Chiefs will be held at the Legion Club House, Kewaskum, Saturday, December 5 and Saturday, 12 from 8:30 a.m. to 12:30 p.m.

This course is for 12-year-olds and older. Adults are welcome. Youths must have this course and pass it in order to receive a license to drive alone.

If there is snow on the afternoon of December 12, the road test will be held that afternoon.

Call 626-4503 or 338-8417 to register. All students must register to be accepted for the course.

## Girls Beat Sheboygan Falls And New Holstein; Now 4-0

By Cathy Schlice

On Tuesday, Nov. 24, the Kewaskum girls varsity basketball team won their third game in a row and more important won their first conference game over Sheboygan Falls, but not without a fight. The final score did not show how close the game really was, ending 36-28.

After one quarter they trailed by 2 points, after 2 quarters 3 points and after the third quarter by 4 points, and then staged their comeback. In the second half the Indians put on a full court press but it was not effective until the fourth period when Kewaskum forced many turnovers by the Falcons. The Indians outscored the Falcons 15-3 in the final quarter.

Jill Yearling scored 9 of them and Linda Larsen made her only points of the game, scoring the other 6.

Much like last Friday's game against West Bend East, the game was decided at the free throw line with Kewaskum again dominating, hitting 12 of 18 for 72%, while the Falcons only hitting 2 of 10 for 20%. There was not a big difference in field goals with Falls hitting 13 and the Indians were one back with 12.

The Indians were led by Yearling and Brenda Fuller with 19 and 7 points respectively. Yearling and Larsen also each hauled in 10 rebounds apiece.

The JVs and frosh were also victorious, 41-36, and 34-30, respectively.

KEWASKUM — Fuller 1-5-2, Burkhalter 0-0-0, Rodenkirch 1-0-3, Yearling 7-5-4, Larsen 3-0-2, Matenaer 0-2-1. Totals — 12-12-12. FTM — 6.

SHEBOYGAN FALLS — Hetzel 1-0-1, Parent 2-0-3, Wield 0-1-0, Mischock 3-0-0, Neff 0-0-3, Burlow 1-0-1, Billman 0-1-1, Genke 4-0-4, Denzin 2-0-2. Totals — 13-2-15. FTM — 8.

KEWASKUM 10 6 5 15 — 36  
S. FALLS 12 7 6 13 — 28 16. FT Missed 7.

The Kewaskum girls basketball team kept their record perfect Tuesday by downing New Holstein, 57-43, here.

They accomplished this without their coach, Mr. Soerens, who was hospitalized earlier Tuesday morning and kept overnight. So JV coach Milt Dickerson filled in and did a great job as head coach.

The Indians scored the first bucket and were never behind the rest of the game. They mixed their game up by switching around between man-to-man and zone pressing to mix up the Huskies. At the half Kewaskum led 30-19. New Holstein then rallied in the second half but never came to within more than 6 points of the Indians.

Kewaskum was led by Larsen with 19 points and yanked in 21 rebounds. Michele Rodenkirch and Yearling also each contributed 14 points apiece.

Kewaskum's record is now a perfect 4-0 overall and 2-0 in conference.

The JVs were also victorious by a score of 32-26. They were led by Holly Kempf, who was battling an illness, with 9 points. Lisa Matenaer and Julie Koepke each contributed 8 points. Their record is now 2-0 in conference and 3-1 overall.

Coach Amundson's frosh lost and are now 1-1.

KEWASKUM 16 14 15 12—57  
NEW HOLSTEIN 6 13 14 10—43

KEWASKUM — Burkhalter 1-0-3, Rodenkirch 5-4-4, Fuller 1-0-3, Schlice 2-0-0, Yearling 5-4-4, Larsen 7-5-1, Matenaer 1-0-3, Perkins 0-0-2. Totals — 22-13-16. FT Missed 9.

NEW HOLSTEIN — Ausloos 3-0-0, Muldoon 3-0-1, Eiring 6-0-1, Burg 5-5-4, Bertram 0-2-4, Wilberscheid 0-2-5, Fleisch 0-0-1. Totals — 17-9.
