Sengpiel Selected As 1981 Forestry Award Winner

Ned Sengpiel Receiving His Award

Ned Sengpiel, Route 2, Kewaskum, Senior Vice-President - Finance, and Treasurer for Regal Ware, Inc., Kewaskum, has been selected as 1981 forestry award winner by the Southeastern Association of Soil and Water Conservation Districts. The award recognizes outstanding achievement in forest management activities by landowners who are cooperators with the Soil and Water Conservation District and members of the American Tree Farm Program.

Sengpiel, in planting almost 80,000 trees and shrubs, has converted his entire 170 acre farm to woodland and wildlife habitat. In addition to the tree planting, he has been active in managing the existing woodland. His contributions to wildlife habitat include 15,000 feet of hedgerows, 4 ponds, and a

450 foot ditch for ducks. Dozens of brush piles and acres of food patches and nesting cover round out the accomplishments.

The farm includes a licensed game farm as well as a shooting preserve. Ned raises Japanese Siki deer, three species of peacock, and six of pheasant, in addition to approximately 100 ringneck pheasant raised and released each year. His waterfowl flock includes mallards, mute and black swans, and seven species of geese. He was recipient of the 1973 Kiwanis Conservation Award for Wildlife Habitat Development.

Middle School Forensics Meet

On Saturday, March 20, the Kewaskum Middle School Forensics team attended their first meet at Badger Middle School in West Bend.

Fifteen schools from the surrounding area attended and over 600 students participated in different categories.

The following is the list of students who participated, their categories and grades:

Prose Reading — Shelby Lloyd, B, Connie McChain, A.

Poetry — Tony Ven Haus, B.

Demonstration Speech — Shelby Petsch, A, Pat Indermaehle, A, Paul Heinemann, B, Renee Kapp, A.

Four-Minute-Speech — Debbie Seideman, B.

Storytelling — Cheryl Kurtz, A, Leah Kuphal, A, Sherri Stern, A, Ed Walz, A, Christa

Smolinski, B.

Humorous Declamation — Mitzi Nigh, A, Tom Strigenz, A, Ada Thull, A, Mark Brodzeller, B, Barb Panzer, A.

To the thrill and delight of all who attended the meet, four members of the team made the power round.

All participants spoke twice, and received a letter grade of A, B, or C and a ranking of one, two, or three.

In order to be in the power round you had to have a ranking of A1. Even though a student has received two A's, their ranking still has to have a 1 behind it, to place in the power round.

In the category of demonstration speech, Renee Kapp placed third with her talk on cheerleading and Shelby Petsch

brought home the second place trophy for her baton twirling demonstration. These girls were in competition with over 100 other students in this category.

Mitzi Nigh placed fourth in stiff competition with over 125 students in the humorous declamation category, with her presentation of "Open Wider Please."

The forensics team went wild with delight when Leah Kuphal was placed first and received her trophy for her presentation of "Jerome" in the storytelling category.

Over 200 students participated in this category alone.

Congratulations to the Kewaskum Middle School Forensics Team for their fine efforts at Badger Middle School.

Opening Flag Ceremony

"Appreciation" for Leaders

On Feb. 21 the seven Girl Scout troops from Farmington held a Thinking and Thanking Day Banquet. The girls invited their families and several guests, and there were over 150 people in attendance. The festivities were opened with a flag ceremony with girls from each of the troops participating. Then everyone enjoyed the bountiful pot luck supper.

After dinner each troop put on a skit. The theme for the evening was "Girl Scouts, Going and Growing." Cadette troop #57 did a short history of girl scouting that included showing many old Girl Scout uniforms. Other skits included such topics as camping, and the Girl Scout World Centers.

Thank you awards were presented to the special guests. Mr. Larsen, the principal of Farmington school, was awarded a Girl Scout pencil holder. Ann Fuerbringer and Penny Barnes, who represented the Wau-bun council in Fond du Lac, were thanked for all their help. Ann received a pencil holder and Penny received a string art picture in the shape of a Girl Scout trefoil. Carol

Neuser, who is the school organizer, received a bag with a Girl Scout logo for carrying all her papers.

Next each leader was introduced and received a special gift from the girls themselves - a beautiful Girl Scout pen on a gold chain. This was their way of saying thank you.

Before the program ended, each troop brought up their contribution to the Juliet Low World Friendship Fund and received their Juliet Low Patch.

A special thank you to Mrs. Kay Morlen, the chairman, for a job well done.

COLD FOOD - HOT CAR

When frozen or 'cold' food is purchased, make a beeline for the freezer. Don't cart around frozen food for hours while you do other errands - food poisoning might be the result. Harmful organisms present in minute numbers can reproduce rapidly in food left in a hot auto and can reach critical levels. Subsequent freezing of food does not destroy these poisonous organisms.

Letters to the Editor

To the Editor:

I was shocked, angered and disgusted by the intemperate attack on my good friend and neighbor, John Spoerl, by Dr. and Mrs. Connor in the Friday, March 19th, 1982 Statesman.

To attack a candidate's platform is one thing, but to level a personal attack is unforgivable.

Dr. Connor, you do not know Mr. Spoerl, nor have you ever conversed with him. All of your accusations have been derived second hand.

Who are you to pass moral judgment on another human being? Everyone I have talked to considers this in very poor taste, coming from an area businessman.

I am proud to say that Mr. Spoerl has never felt it necessary, nor would he stoop to such tactics. The end does not justify the means. The opposition must indeed be desperate to resort to such tactics.

I believe that the people from this district believe in fair play, and thoroughly disapprove of "back-biting." You should not look down your nose at a man who labors for a living. There are many people in this school district who labor for a living. There are also many unemployed and many on fixed incomes, who are financially strapped in this present economy. Believe me, these people desire to see some non-educational cuts enacted by a new board in April.

My vote will be cast for Mr. John Spoerl and Mr. Ralph Horner, two people who are blessed with an abundance of plain common sense and a total grasp of the situation in this district.

James D. Oelhafen
.....

March 19, 1982

OPEN LETTER TO:

Dr. and Mrs. Connor:

If we were all in the "upper income bracket," we, too, would probably be content with the present school board or the candidates who seem content with the present board's action. Unfortunately, very few of us taxpayers are. Our current economy cannot withstand MORE expenditures — unless, of course, you have an income the present economy doesn't seem to effect.

To All the Criers
Of "Quality Education":

Many of you letter-writers endorse the candidates who advocate spending more in the interest of "quality education." Don't any of you realize that your so-called "quality education," the bulk of it anyway, lies in the quality of your teachers! (Don't get me wrong, I am NOT implying that we do not have quality teachers now). Without these good teachers, all the money in the world cannot buy our children a "quality education." This education we ALL want for our children, but it is not found in administration,

expensive office computers, extra administrative personnel or more extra-curricular activities. (The current extra-curricular program seems to be more than adequate.)

To the Students who Signed the Letter In Last Week's Statesman:

When we suddenly get this \$100,000 tax levy windfall — did you ever think of saving it for future building plans? Or by some remote chance, giving us taxpayers a break by not levying the tax at all? Like some of the present board, you're spending this money before we even have it! It's easy to make demands when someone else is footing the tax bill.

and finally....

To the Voters:

Pick up any other area newspaper — Fond du Lac, West Bend, Random Lake, Campbellsport, even Milwaukee (especially Milwaukee) — every other school district is making CUTS - CUTS - CUTS! I don't recall even one cut our district has managed, as yet. When the economy was good, we really didn't care how the board was spending our money, but now that most of us feel the "pinch" we want the board to respect our wishes to cut back a little. (Has anyone noticed — the village board has had to say "no" a few times to more expenditures? Why can't the school board?) I don't think any of us are unrealistic enough to be asking for "drastic cuts." That's not what we want. All we're asking for is a step in the right direction. At least, TRY.

Maybe if we elect new board members, the rest of the board will wake up and realize they are expendable and start to show the taxpayer some well-earned respect. I really don't think a new board member or two can do all that much "damage" in three years. Hopefully, it can only get better.

March 22, 1982

To the Editor:

As the students' letter which appeared in the Kewaskum Statesman last week made clear, the Kewaskum School Board Race is between two liberals, Mr. Secor and Mrs. Rosenberger, and two conservatives, Mr. Spoerl and Mr. Horner, and the race certainly is heating up. Unfortunately, the source of the heat is not the genuine differences in philosophy, but inaccuracies and innuendoes. An honest difference of opinion is one thing — but if one can't agree with a person's position, attack-

ing the person seems to be an alternative solution. Mr. Spoerl especially has been the target of this hit-him-below-the-belt philosophy.

Mr. Spoerl, it is trumpeted, was released by the district. There was a difference of opinion concerning the exact times he had to be working, but there was never an accusation that he did not work the full number of hours agreed upon. Furthermore, no mention is ever made of the fact that he was subsequently twice offered another position with the school district. This certainly is significant.

Another allegation was that Mr. Spoerl doesn't pay taxes — the town of Wayne knows better, for the Spoerl farm is in that township. Believe me, farmers pay property taxes, a lot of property taxes. Also, on the subject of taxes, I noticed the concerned students asked why we have to continue to make budget cuts. Perhaps they should consult their parents concerning the current economic conditions.

A third allegation was that Mr. Spoerl is a one-issue candidate. It is true he has advocated review of the business manager position and the elementary guidance position; he has consistently advocated reviewing administrative costs and cutting frills (such as having tax payers pay for the faculty's opening breakfast) rather than cutting instructional costs that directly affect the students' learning.

In addition to that proposal, Mr. Spoerl has recommended several other changes. He has advocated an eight-period day (which we now have in Kewaskum Middle School), implementation of the Advanced Placement Program which could allow students to earn college credits while in high school, faculty teaching in fully qualified majors and minors, a separate list of failing students so that no further athletic eligibility problems arise, and a review of the co-curricular program in order to establish a uniform criterion for program participation and advisors' pay. This sounds like more than one issue to me. These are more concrete proposals than any other candidate has presented.

I urge the voters to look beyond the scurrilous attack and rhetoric and examine the programs of the candidates. As a parent and taxpayer in the Kewaskum School District and an English instructor at UW-Oshkosh, I am impressed with Mr. Spoerl's qualifications and recommendations. Based on an objective review of the platforms, I shall vote for Mr. Spoerl on April 6, 1982, and I urge others to do the same.

Sincerely,

Norma Jean Shanebrook
Faculty member-University of Wisconsin-Oshkosh
.....

To the Editor:

A school board member should be someone who deeply believes in academic excellence at an affordable price. He should be open-minded and willing to listen to all the residents of the district.

As a lifelong resident of the Kewaskum area, John Spoerl is such a person. He has proposed several budget cuts that would save us money without hurting the quality of our children's education. For all of these reasons, as parents and taxpayers, we are voting for John Spoerl for Kewaskum School Board.

Sincerely,

N. Serwe

To the Editor:

I appreciate the opportunity to present my suggestions for the betterment of our school system to the voters through the Kewaskum Statesman. The illness of an employer and a previous commitment have prevented attendance at the two forums.

As the campaign draws to a close, I would hope that ideas rather than personalities become the major focus. I urge everyone to exercise his right to vote on April 6.

Sincerely,

John H. Spoerl

Dear Mr. Harbeck:

We, the Kewaskum High School Girls Basketball team, coaches, and administrators would like to express our deep gratitude for the support and coverage your newspaper has given us during our recent state tournament competition. The educational value of the experience can not be described in words. We would also like to thank WBKV radio station for carrying the game and the strong interest they had in our team. We would like to thank the Kewaskum area business people for their support, for without it, the experience would have been less. We would like to thank the people of the Kewaskum School District, not only for their support and spirit, but also for providing us the opportunity to play basketball and have this once in a lifetime experience. Lastly we would

like to thank our parents for sacrificing so much of their time and energy for us.

We will never forget this experience and hope that the support and enthusiasm for Kewaskum High School athletics will continue far into the future.

Thank you all so much.

To the Editor:

As some people know, there are going to be two Kewaskum baseball teams in the Land o' Lakes league. One called the Kewaskum Indians and the other called the Kewaskum Chiefs.

The Kewaskum Indians team is comprised of past Land o' Lakes players; at least 90% of the team. Members are from the Kewaskum area. The team is sponsored by the Kewaskum Athletic Club, Inc., who in turn receives money from stores, taverns and businessmen from the Kewaskum and West Bend area. The Kewaskum Athletic Club, Inc. also sponsors dances and softball tournaments to raise money for the team. The team will be managed by Tom Bartelt, a Kewaskum Lakes player for many years.

The Kewaskum Chiefs are managed by Bill Backhaus, team player and coach. Bill has played for the Kewaskum Lakes team for two years and the Barton Lakes team approximately ten years. As to the answer of who his players and sponsors are, it is unknown to most.

Hopefully, these teams will represent Kewaskum respectfully in the Land o' Lakes like it has in the past.

.....

Dear Editor:

Would you please print the following open letter.

Dear Mr. Spoerl,

You are wrong. Implementing the Advance Placement Program at Kewaskum High School would cost money. The Advance Placement Program means college level subjects would be taught in the high school. Upon completing the course the students would take an Advance Placement test. Teachers would have to be paid to teach the courses and books and teaching aides purchased.

Another problem with your suggestion, Mr. Spoerl, is finding students interested in taking the courses. In the current school year, only one student is taking a calculus seminar; two students indicated they would be interested in calculus next year; no one signed up for German 3 & 4; eight students want Spanish 3 & 4, and only fourteen students signed up for a combined class of physics and college prep physics. It seems the first order of business is to encourage our students to take upper level high school classes and let the colleges offer the college courses. A sentiment echoed by a college administrator at UWWC.

Very few high schools offer Advance Placement Programs, only the larger schools. One of

the main problems with the program is that many universities do not accept the credits from these classes. Universities that do, have different grade score criteria.

A better program for college bound students, who want a head start on their college education, is to enroll in a course at UWWC during their senior year. A solution used by several Kewaskum students. This way they get a true college course; are competing with college students, and if they succeed, they will be assured of having college credit.

Your statement, "A student could earn sufficient credits to shorten his... college years by one semester" through Advance Placement, is a GROSS EXAGGERATION!

There are many new programs that could be added to the Kewaskum school curriculum, but is now the time to do so? Perhaps when the economy improves and the \$350,000 per year debt payment is gone in 1984, we could consider new programs.

Sincerely,
School Board Candidate,
Joan Rosenberger

.....

To the Voters of the Kewaskum School District

Beware of school board candidates who promise they will cut the budget if elected. How many times in the past have we been deceived by candidates making such promises because they look very good in print and sound real good to voters but vanish about five minutes after the polls close. Two of last year's candidates promised they would cut the budget if elected. The first thing they did was propose adding a gifted and talented program to the grade school i. e. help the outstanding students do better. This program added roughly \$10,000 to the school budget. They also wanted to add boys tennis. There is nothing wrong with either proposal except that with present economic conditions

these programs are like adding whipped cream to a frosted cake.

Where would these two candidates cut the budget? They would like to cut the program for the retarded, close the Beechwood school and cut the bussing for parochial students outside the district. They have cut the late bus for rural students which in effect put extra curricular activities beyond the reach of 70% of the students unless their parents are able to be chauffeurs.

Of this year's candidates, Mrs. Joan Rosenberger appears to be experienced enough in political savvy and also real life to not make such promises which have fooled so many in the past. This is to use an indication of her outstanding integrity and sincerity and feel she will be an outstanding and welcome addition to the Kewaskum School Board.

Respectfully,

Mr. & Mrs. Charles Voge

Dear Editor:

It is with keen interest that I am watching this year's school board election and the communities awareness of the school budget. It scares me when I hear candidates suggest that we should get back to just the basics of the 3-r's (reading, writing and arithmetic).

A national survey shows that good grades in high school and college does not guarantee that a student will be a success. This same survey does show that another factor, the achievement learned through extra-curricular activities can be used to predict future success. The graduates seeking jobs will find that employers look very favorably at these experiences in filling positions.

We now spend less than 2.8% of our current school budget on activities such as sports, music, drama, clubs,

etc. I do hope that whoever is elected on the school board will use common sense and not cut any money from this part of the budget. We may have already deprived some students the opportunity of learning through participation in these activities. The late bus was dropped and fees are now being charged students for taking part in these programs.

Looking back over many years it is surprising how well the Kewaskum Schools have functioned with the limited budgets set by the present and past school boards. I believe they should be complimented for a job well done instead of being constantly criticized.

WHAT IS BLOOD PRESSURE? By Thomas L. Leitzke, R.Ph.

Think of your blood vessels, all 60,000 miles of them, as flexible tubes or hoses. As the heart pushes blood through these hoses, the fluid is under pressure.

Several variables determine how great this pressure is: among them, the amount of fluid in the system, the force of the heart, and the resistance of the vessels through which the fluid flows. The most important controls for human blood pressure are the microscopic arterial vessels called arterioles which are surrounded by muscle tissue which can clamp down or relax.

Your blood pressure varies greatly throughout the day. At night, when your body is at rest and in a prone position, the pressure is relatively low. When you awake and begin moving around, the pressure goes up. If you find yourself in a stressful situation, the pressure may rise even higher. These are all natural variations in pressure which are not considered harmful to the body.

Blood pressure is usually expressed in two numbers, as in 140/80. The higher number is a measure of pressure during the forceful contraction of the heart or systole. This, the maximum pressure the blood achieves is called the systolic pressure. The lower number is a measure of the pressure during the heart's resting phase diastole, and is known as diastolic pressure. Because your heart spends more time in diastole, your average blood pressure is closer to the lower number.

The average, normal, diastolic pressure in an adult ranges between 60 and 90 mm hg. The average systolic ranges between 100 and 130 mm hg.

The village caucus last Thursday evening was the quietest held since the in-

corporation of the village, with only 31 votes being cast. The office of Village President goes a begging. Although Theo. Schmidt, the present incumbent, received the nomination, he refuses to be a candidate, which leaves the candidacy open. Joseph Eberle, who received the nomination for trustee, also withdrew, which leaves three names for trustees on the ballot and three are to be elected. The official village ballot will read: President - Blank. Trustees - Frank Heppe, John F. Schaefer, Chas. Hafeman. Clerk - S.N. Casper. Treasurer - John Marx. Assessor - A. P. Schaeffer. Supervisor - N. W. Rosenheimer. Justice of the Peace - Otto E. Lay, Emil Backhaus. Constable - Fred H. Buss.

The new bell for the rebuilt St. Bridget's Church at St. Bridget's will be blessed March 28 with special services.

Minutes of Village Board Meeting

Mid-Monthly Meeting
March 15, 1982
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. Trustee Jeffrey Rohrer asked to be excused and was absent. All other Trustee Members were present.

The minutes of the meetings of March 1 and March 8, 1982, were approved as printed upon motion by Trustee David Nigh, seconded by Trustee Donald Mlodzik. Voice vote was unanimous.

A motion was made by Trustee Paul Blumer, seconded by Trustee Raynor Herriges to advertise for a summer part-time intern employee, for the Wastewater Treatment Department. Voice vote was unanimous.

A motion was made by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik to advertise for a summer part-time employee for the Public Works Department. Voice vote was unanimous.

The Board discussed a request for twice a week pick up by a business place even if the business would pay for the second pick up. The Board recommended we stick to the ordinance and recommend that a private contractor provide that additional pick up.

Administrator Schmidt advised the Board that if all goes well River Bend will energize the lines between the village and West Bend on April 15, 1982. It was also noted that a special cable demonstration and sign up for cablevision would take place around that same time. The fact that 70% of the community is overhead and 30% is underground was also mentioned.

Administrator Schmidt brought up for discussion Assembly Bill 311, which would create 10 additional board members for SEWRPC. This would mean Milwaukee, Waukesha, Kenosha and Racine Counties would all receive anywhere from 1 to 9 additional board members, giving Milwaukee and Waukesha a majority on the commission. A motion was made by Trustee David Nigh, seconded by Trustee Paul Blumer opposing this Assembly Bill 311. Voice vote was unanimous. The Administrator was instructed to inform our legislators the feelings of the Board.

Administrator Schmidt announced that the Town of Ashford would be holding a public hearing on the adoption of a zoning ordinance for the township on Saturday, March 27, 1982, at 2:00 p.m.

Also announced was the fact the village has two declared write-in candidates for the Village Board (Travis Canfield, 202 Forest Ave. and Howard Laubenstein, 8755 Prospect Dr.) Trustee Richard Schmidt and Trustee Donald Mlodzik are the incumbents running for re-election. Trustee Raynor Herriges has decided not to run for re-election.

The Public Works Committee recommended that the village hire the firm of Ruekert and Mielke, Inc. of Waukesha to do preliminary work on the proposed Municipal Building repair and remodeling plans, with

a cost not to exceed \$1,500 and to provide a letter stating what specifics would be included. Chairman of the Public Works Committee, Trustee Donald Mlodzik wished to clarify the fact that this work should be done to prevent any wasteful spending in reference to the needed repairs. It was also noted that all the work will not be done at this time, but just the needed repair work such as the roof and whatever else could be afforded in a timely manner. A motion was made by Trustee Raynor Herriges, seconded by Trustee David Nigh to hire the firm of Ruekert and Mielke, Inc. of Waukesha to do the preliminary work on the proposed Municipal Building repair and remodeling plans, with a cost not to exceed \$1,500 and to provide a letter stating what specifics would be included, prior to a letter of employment confirmation is made. Voice vote was unanimous.

A motion was made by Trustee Paul Blumer, seconded by Trustee Richard Schmidt to advertise for the part-time Park and Recreation summer employees. Voice vote was unanimous.

A motion was made by Trustee Paul Blumer, seconded by Trustee Richard Schmidt to advertise for the part-time Park and Recreation summer employees. Voice vote was unanimous.

The Library Board recommended the hiring of Kitty Hlavaty as the assistant librarian at the rate of \$3.35 per hour with no projected increase in pay until January 1, 1983. Trustee Richard Schmidt commented there were 25 applications of which 5 had been interviewed. Trustee Donald Mlodzik noted several had excellent qualifications. Vetter Vies for Top Skiing Honors

Ashland's Dennis Vetter, formerly of Kewaskum, soon hopes to be the 29th skier in the world to earn the noted cross country skiing Worldloppet medallion.

Vetter departed for Finland and Sweden February 23 to compete in the last two of nine races he needs for the honor.

Vetter is the son of Leland and Vivian Vetter, Route 1, Kewaskum. He graduated from Kewaskum High School in 1962. He and his wife, Jeanette, have two children, Lea Lynn, age 8, and Eric Alan, age 3½. Lea entered her first ski race in Phillips in January.

The Worldloppet League was formed in June of 1978 and is dedicated to giving citizens and world class skiers the chance to compete on an international basis.

Vetter joined the League one year after its conception. There has since been a 76-km race in France added, bringing the total to ten. Vetter explained, "There is a grandfather clause concerning the number of member races so I only have to ski nine."

And even though he has a lifetime to complete them, he has taken only two and a half years to accomplish what only 28 others have done.

"I skied at the Birkebeiner for many years and then the Worldloppet came along and I liked the challenge of it," Vetter said of his introduction to the League.

Vetter originally began competing as a runner. He's been a distance runner for 22 years, starting cross-country skiing about 12 years ago. "I've found it to be a very nice complement to running in the wintertime."

This will be his third trip to Europe for Worldloppet competition. The Finlandia Hiihto, his first stop on February 28, is one of the most highly organized races in the League and popular with the skiers.

The scenery along Worldloppet race trails is captivating, according to Vetter. "In Europe they take their skiing and their races seriously. They set up trails that go right through towns. They throw snow on the roads for the trails and people stand along the side to cheer you on as you ski by," he reminisced.

The Swedish Vasaloppet, March 7, is the oldest race in the Worldloppet having been founded in 1922. "They cut the number of entries off at 12,000 for the Vasaloppet. But there have been so many entrants

that they've set up three special races for the week before to accommodate them," Vetter furthered.

Other Worldloppet competitions take place in Wisconsin, Canada, West Germany, Austria, Switzerland and Norway.

This is the last trip Vetter will be making to Europe, at least for skiing. "He'll probably go into bike-racing next," his wife Jeanette remarked.

Vetter has competed in only two bike races since he took it up as a sport two years ago. He has, however, ran numerous marathons including Grandma's and the Boston Marathon. And running has remained his mainstay.

"I promised myself when I graduated from college that I was going to keep running. And in the '60's, running was not very vogue yet. But now I find running is very much a part of my life."

"I started running marathons, a lot of marathons, 12 years ago. Now I only run in one or two a year. I've gotten pretty sick running when it was too hot. So now I choose the races I want and don't run in one just for the sake of saying 'I finished.' I run because I enjoy it," he added.

Although he will no longer compete internationally, Vetter will continue racing in the American Birkebeiner. The Birkebeiner in Cable, Wisconsin, was patterned after the historic Norwegian Birkebeiner Rennet. It is the largest cross country race in North America drawing around 8,000 skiers.

"I think the Birkebeiner is as fine as any of the other races in the League, especially the organization. In fact I think its tops," Vetter commented.

Vetter will have to miss the 1982 Birkebeiner, however, for the first time in five years, as he will be in Finland.

WHEN A TORNADO APPROACHES-YOUR IMMEDIATE ACTION MAY MEAN LIFE OR DEATH

■ Seek inside shelter, preferably in a tornado cellar, underground excavation, or a steel-framed or reinforced concrete building of substantial construction. STAY AWAY FROM WINDOWS!

IN CITIES OR TOWNS

In office buildings—stand in an interior hallway on a lower floor, preferably in the basement.

In factories—on receiving a tornado warning, post a lookout. Workers should move quickly to the section of the plant offering the greatest protection in accordance with advance plans.

In homes—the basement usually offers the greatest safety. Seek shelter under a sturdy workbench or heavy table if possible. In a home with no basement, take cover under heavy furniture in the center part of the house. Keep some windows open, but stay away from them!

Mobile homes are particularly vulnerable to overturning during strong winds. Trailer parks should have a community shelter. Appoint a community leader responsible for constant radio monitoring during threatening weather or during watch periods.

IN SCHOOLS

Whenever possible, go to an interior hallway on the lowest floor.

AVOID AUDITORIUMS AND GYMNASIUMS or other structures with wide, free-span roofs.

If a building is not of reinforced construction, go quickly to a nearby reinforced building, or to a ravine or open ditch and lie flat.

IN OPEN COUNTRY

Move away from the tornado's path at a right angle. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

KEEP LISTENING

Your radio and television stations will broadcast the latest tornado advisory information. **Call the Weather Bureau only to report a tornado.**

J & J AUTO TOPICS

CHANGE OIL

If you're an average driver, the auto oil pump moves about thirty thousand gallons of oil in your engine every four months. This gives the oil filter quite a workout and puts it near the clogging point. By this time the oil has picked-up a lot of acid, carbon and general gunk, too. From this time on the extra wear and tear from these conditions is greater than the cost of changing the oil and filter.

So, drive over to J & J AUTO SERVICE at 450 E. Main for this service. You'll like the way we get every drop of contaminated oil from your car engine.

RECYCLING STILL WORKS IN KEWASKUM

Recycling centers have come and gone in many communities, but the Kewaskum Junior Woman's Club center has been open every third Saturday since May, 1974, despite two site relocations. The Center's sign is posted along with community organizations (and including the GFWC roadside sign) on the city's welcome board.

Since its beginning the Kewaskum Junior Woman's Club Recycling Center has recycled the following: 88,800 tons of glass; 26.33 tons of tin and ¼ ton of aluminum.

This program has saved landfill space, trucking cost, taxes and helped Kewaskum stay a

healthful community.

Added savings of village landfill cost and earned money for the Juniors is approximately \$2,300 since the recycling center began.

Thanks to you and all the people contributing their time, this project has worked.

Slinger Sinks Lakes Team

The Slinger Merchants handed the Kewaskum Lakes basketball team their seventh straight defeat at Slinger Sunday night, 125-108, behind Al Schieve's 25 points. Slinger's record improves to 8-6 with a makeup game against Oconomowoc to play Wednesday night, as they must win to tie Hartford for first place in the Lakes 'B' Division. Hartford finished with a 9-6 record as they beat Port Washington, 115-109, Sunday night. Kewaskum is in fifth place with a 2-12 record and had to beat Oconomowoc Tuesday to avoid falling into a tie with Mayville for the cellar.

Slinger's sharp shooting, crisp passing, and aggressiveness was too much for Kewaskum to cope with. The Merchants outscored Kewaskum in every quarter behind balanced scoring. They took control of the game with a big 40-22 second quarter as Schieve got 11 to take a comfortable 73-53 halftime lead. The teams played fairly even in the third quarter, with Slinger having a slight 26-24 edge to lead 99-77. Kewaskum came back with a 31-26 fourth quarter as Leon Laatsch poured in 11 to make the final score more respectable.

Besides Schieve, John Thies had 19 points for Slinger, Bob Mertzig had 17, and Jack Held 15. Leon Laatsch took game scoring honors with 32 points for Kewaskum. Bill Backhaus had 17 points, Brian Larsen had 16 and Bill Gonwa 15.

Slinger made 7 of 14 free throws for 50 percent, while Kewaskum was 16 of 23 for 69.6 percent.

Kewaskum closed their Lakes season with a makeup game against Oconomowoc at St. John's Military Academy in Delafield Tuesday night at 7:30 p.m. This weekend they'll be playing in the Howards Grove Tournament. They take on Kuglers of Reedsville in their first game Saturday at 2:00 p.m. They'll play their second game Sunday evening. If they win their first game, they'll play the winner of the Swan Club of De Pere and the Oconomowoc Blue Ribbon at 8:15 p.m. If they lose their first game, they'll take on the loser of the Swan Club-Oconomowoc game at 7:00 p.m. in the consolation bracket.

Lakes Commissioner Jake Oelhafen has announced that the Annual Awards Banquet will be at the D & G Club in Port Washington on Friday, April 23, with cocktails at 6:30 p.m. and dinner at 7:30 p.m.
