Kewaskum Schools Support Staff Unhappy with 1982-83 Wage Proposal

By GERRY MUELLER
Statesman Staff Writer

The bottom line on 1982-83 Support Staff wage recommendations remains the same, an 8.0% across-the-board increase with an indefinite freeze on experience step raises.

After hearing the Salary Committee's identical recommendation vetoed five to two, at last week's School Board meeting, the 35 employees (representing custodians, janitors, aides, cooks and helpers) attending Monday night's committee meeting hoped they would hear a better offer. Instead, what they got were three board members' views on

why they feel this is the best proposal they'll get.

Committee Chairman Tom Brigham said his group had no idea what direction the new board would take. He felt the proposal presented last week was reasonable for these economic times. "I'm not sure if the new board is ready to act and whether they feel it's too much or not enough" said Brigham.

School Board President John Tessar, appointed to the committee just last week, admitted he had presented a different recommendation in closed session. However, after talking with the other members, he felt

he had to go along with presenting the original proposal. "I won't be the Lone Ranger out in left" said Tessar.

The committee agreed that there was a possibility the new School Board would look for even lower proposals. Tessar said the committee had considered an 8.0% across-the-board increase which included using the experience step raises. This would result in a 9.6% step increase. The total wage and fringe package would amount to \$46,265.00. "I know the board won't accept it, and I'm not going to come here every Monday night and bang

Cable TV Signal Loud And Clear in Kewaskum

By GERRY MUELLER
Statesman Staff Writer

Don Jones and Mark Landvatter, of River Bend Cablevision gave a brief report to the village board on the first days of CATV in Kewaskum.

Jones said River Bend hoped to have all its customers connected within six weeks. His company has two full-time installers working six days a week installing approximately 15 units a day. Landvatter noted that from the ribbon cutting ceremony Thursday until Saturday afternoon, 63 customers had subscribed.

Jones noted cable had been run to all parts of the village except some of the new subdivisions where underground work is not possible due to frost and to Bel-Ric subdivision which was inadvertently left out of the original cable installation. Bob Schaeffer, River Bend engineer, explained that maps used to install cable apparently were outdated and did not show the Bel-Ric area as annexed to the village. Jones said the error

would be corrected as soon as possible and he felt cable service to Bel-Ric would be available in the next 30 to 90 days and sooner if possible.

Jones stated that free installation would also be available to the areas not yet connected to the master cable. His people would personally contact residents in these areas and explain the service and costs when the service is available.

Monthly costs will run between \$7.50 and \$22.50, plus options such as FM Stereo, extra hookups and remote converters at additional cost.

Schaeffer told the board testing of the cable signal showed excellent quality, much higher

WE WERE THERE!

By Margaret McFadden

On Saturday, April 17, at Bay Shore Mall, the World's Largest Orchestra boomed out "The Star Spangled Banner" and Kewaskum was there, in force! Eat your heart out, Johann, for 6,179 "musicians" answered Maestro Paul Polivnick's call to beat the world's record, and beat it we did with virile virtuosity. Polivnick is associate conductor of the Milwaukee Symphony Orchestra.

As I stood in the woodwind section and tootled my flute I felt a sense of awe and astonishment; we were actually fairly well on the beat and the notes were as near to John Philip Sousa's "Stars and Stripes Forever" as that many players can get. In fact, we ended our first

endeavor by shouting, "One more time!" So the Maestro put down his baton, removed his raincoat to reveal a black tie and tux and gave us the downbeat again.

Those Kewaskum area residents who were part of that mighty moment are:

Bud and Anna Asch, John and Pat Coulter, Jackie and Jennie Coulter, Sandy and Heidi Schleiter, Gunner and Jayson Schleiter, Kathy Anderson, Paul and Jenny Anderson, Pat and Mugs McFadden, Shannon McFadden, Joan Rosenberger, Andy and Ann Rosenberger, Val Plaum, Jan Hazlewood, Heidi Edgar, Sue Schmitt, Andy Eisenmann, Connie Nigh, Shelly Fritz.

If I've forgotten anyone, I

apologize, but it was difficult to find people in that crowd.

A few words of comment: It is something I'm sure none of us will forget and we're all glad we went. But the most impressive part to me was not playing the music or breaking the record, it was watching the attitude and decorum of that crowd. There were toddlers, teens, ex-teeny boppers and senior citizens; a typical crowd. Yet there was no shoving or pushing, little children weren't running, crying and screaming, no one was raucous or foul-mouthed. When one group was asked to move to a certain area, they did so in an orderly manner and everyone else calmly stayed put. I applaud that group for their dignity.

Badger Boys and Girls State Selections Announced

Each year some 2,000 junior boys and girls throughout Wisconsin are selected to represent their schools and community at a state gathering of Wisconsin school students. The delegates are sponsored by the local American Legion Post or auxiliary as well as other local organizations.

This year, Amy Vetter, daughter of Mr. and Mrs. Roger Vetter, Adell; Connie Nigh, daughter of Mr. and Mrs. Vincent Nigh, Kewaskum, and Jackie Bartelt, daughter of Mr. and Mrs. Thomas Bartelt, Kewaskum, were the three junior students selected from the top third of junior class girls.

Dan Gerhartz, son of Mr. and Mrs. Gary Gerhartz, Rt. 1, Kewaskum, and Mark Rodenkirch, son of Mr. and Mrs. Mark Rodenkirch, Rt. 2, Kewaskum, were the two junior boys from the top half of their class.

Selection of delegates is based on the students' scholastic standing, their participation in extra-curricular activities such as athletics, music, speech, journalism, clubs, or other school organizations and their adaptability to the Badger State program.

The girls start their week of activities on June 6 at Madison. While at their session, they will participate in an introduction to the practical operation of government and learn the duties and responsibilities of citizenship.

The boys begin their week of activities in Ripon, Wis., on Saturday, June 12. Their activities, too, include an excellent introduction to the practical operation of government. The boys themselves will elect their own state, county and municipal officials, from the governor down. As city councilmen or county supervisors, they will frame, present and pass their own ordinances and laws; their own police and sheriffs will enforce them.

Through this program, these leaders of the future, should develop a sense of individual obligations to the community, state and nation.

Indian Booster Club to Meet

The Kewaskum Indian Booster Club will meet on April 27 at 7:30 p.m. in the high school cafeteria, with the Board to meet at 7:00 p.m. We will be finalizing plans for the Activity Banquet, stuffing the invitation envelopes, and setting up work committees for all phases of the banquet. Anyone willing to help, please come to the meeting and sign up.

Also, for those of you that haven't donated to the SPONSOR-A-STUDENT FUND, please do so as soon as possible because the deadline is May 1. After that actual meal ticket will go on sale at \$3.25 for adults and \$2.25 for students.

Our last item of business will be setting up committees to boost each sport—sell refreshments, keep score, shoot film, etc.—and be on hand for all concerts and art shows. There are a lot of activities in our school, so we need lots of parent boosters. Come and sign up and show your kids you care. See you there!

Junior Woman's Club Plans Tree Sale

Celebrate Wisconsin Arbor Day, April 30 the right way — plant a tree. Spring has finally sprung and it is time for the Kewaskum Junior Woman's Club third semi-annual tree sale. It will again be held at the A & W on Hwy. 45 in Kewaskum on May 1 from 9:00 to 12 noon. The rain date is May 8.

Sugar maple, birch, white ash, green ash and linden trees will be available at \$6.00 per tree and all trees are 6 feet or

taller. For a little variety, there will be an area set aside for different sized trees — priced according to size and type. Come and browse, you might just find that "perfect tree" for the empty space in your yard.

Trees have sold very quickly at our two previous sales, so if you wish to order 5 or more trees, call 626-4328 by April 28.

Sensenbrenner Town Hall Meeting Here For Area Residents

Ninth District Congressman Jim Sensenbrenner will hold a "town hall" meeting for Kewaskum, Campbellsport,

Lomira, and Brownsville residents on Saturday, April 24, from 1:00 to 2:00 p.m. in the Kewaskum Municipal Building, 204 First Street.

Sensenbrenner will respond to audience questions and comments on national issues and will meet with persons seeking help for problems they

are having with federal agencies, or seeking information or copies of government publications.

The public is welcome.

The first needles, historians say, were made about 30,000 years ago.

KHS Art Students Well Represented in Milwaukee Journal's Student Art Calendar Competition

KHS artists David Goeden [left], Julie Lauters and Brad Schmidt display paintings in art competition.

Forty Art III and IV students from Kewaskum High School's art department went on a field trip Tuesday, April 13, to view nearly 1,000 paintings on exhibit in the Magin Laungel Gallery at the Performing Arts Center, Milwaukee. What made the excursion even more meaningful to the students was that 3 of their fellow classmates had their paintings on display. Art instructor, John Baitinger, was very gratified that 5 of his students' entries had been selected for exhibition. According to Mr. Baitinger, five entries from one school is quite rare.

The five KHS entries include David A. Goeden with his painting entitled "Self Portrait," Julie Lauters with her painting of "Still Life," and Brad Schmidt with his 3 entries "Machines," "Still Life" and "Self Portrait." Julie received a Silver Award for her entry and Brad Schmidt received Honorable Mention for his entry of "Still Life."

This is the first year the competition or showings were held at the P.A.C. and while the students were viewing the entries an additional treat was also available to them. The

"Brown Bach It" program was in session and a stringed orchestra provided the background music to the students' viewing pleasure.

Mr. Baitinger felt his students were impressed with the P.A.C., the music and the art show. It was exposure to a level of culture many of the students have never before experienced.

The exhibit is open to the public daily, 1:00 p.m. - 5:00 p.m., Sunday, April 11, through

Saturday, April 24. At the conclusion of the exhibition, Mr. Baitinger plans on putting the students' paintings on display in the high school lobby.

A seventeenth-century law required locking church doors during service. Too many people were leaving before the long sermons were completed.

Lemke - Beatty

Mr. and Mrs. Jack Lemke are pleased to announce the engagement of their daughter, Laurie, to Gary Beatty, son of Mr. and Mrs. Richard Beatty of Milwaukee.

They have not yet set the date for their wedding.

Laurie graduated from Kewaskum High School in 1981 and is an art major at UW-Oshkosh. Gary is a junior at UW-Oshkosh, majoring in computer science.

my head against a wall" said Tessar. "I can guarantee you the board won't accept it."

Roger Reif, a Beechwood School employee, stated "I've worked for this district ten years now, and year after year, its the same. I don't feel any of these 61 people have been treated fairly by the board." Reif said he knew the board was committed to negotiation, mediation and arbitration in teacher contracts. "I'm not opposed to what the teachers are getting" said Reif. "What I'm saying is, the support staff deserves this too."

Some employees are questioning why people such as cooks, helpers and workers involved with the lunch program are considered in this proposal. After the meeting one kitchen worker said these salaries, plus any lunch-related hours spent by other staff such as janitors transporting food, come from monies collected through the sale of lunch tickets and do not come out of the budget.

After the open discussion, the committee went into a short caucus. Their decision during this closed discussion was that they will present the original proposal at the next session of the School Board. However, they would make several other recommendations to the full board in closed session requesting them to make a decision on any other recommendation to be presented for consideration at

its next scheduled meeting.

Village Board

(Continued from Page 1)

than expected predictions.

In other action, the board again considered the application of Ralph Scott for a bartender's license. Taking Police Chief Donald Hlavaty's recommendation into consideration, the board unanimously voted to deny the license.

Trustee Donald Mlodzik, chairman of the Public Works Committee, recommended the board seek an easement for storm sewer installation across River View Road to the river. Immediate work would include installation of a storm drain and laying of pipe across Highway "S". The committee felt the pipe should be put in as soon as possible since the county will be blacktopping that area in the next 30 to 60 days and they did not want to see the new surface torn up at a later date.

The board closed its meeting by giving a round of applause to Raynor Herriges, who is retiring from the board after sixteen years of service to the village.

TO FLUSH HYDRANTS

The Village employees will flush hydrants on Wednesday and Thursday, April 28 and 29. If water appears rusty, do not be alarmed as it is harmless and will clear in a few hours.

6. The 5% discount is allowed on your total purchase only at the time you cash your check [Warrant].
7. Purchase discount available only from 7 a.m. - 9 p.m. each day.

THE ROBINS arrived early this spring and due to the late snowstorms many of the birds could not find ample food and starved. Pictured above is a robin at the Dr. R. G. Edwards home feeding on apples put out for them. The apples were generously donated by Sentry Foods. Doc stated they always had a pair of robins that nested in their tree on the front lawn. This year the robins returned as usual, but now there is only one, the other apparently having died. It was reported that hundreds of migrating robins were grounded in this area for several days by the severe snowstorms and gale-like winds [two days apart] before they could continue on their way north.

Special Meeting of Board of Education

The Kewaskum Board of Education will hold a special meeting on Monday, April 26, 1982. Beginning at 8:00 p.m., the meeting will be held in the Middle School.

A closed session will be held until 8:30 to discuss a student discipline question and support staff wages. Upon returning to open session, the board will elect officers. Agenda items will include reviewing permission granted earlier to allow two students to complete the year in Kewaskum even though they no longer live in the district. Support staff wages, a teacher resignation, payroll and vouchers payable, consideration of cancelling the computer orders, appointment of board graduation participants and an appointment to a committee on granting credit for work at other institutions will also be up for board consideration. Miscellaneous items which will also be handled. The board will meet in closed session following the open meeting to hear comments of teaching staff affected by layoffs.

Talk on Drugs at Beechwood School

Lt. Birr of the Sheboygan County Sheriff's Department will speak on drugs to parents

and students at Beechwood School on Monday evening, April 26, at 7:00 p.m.

The guest will be sponsored by the Beechwood PTO. Parents and children are urged to attend.

Children's Theatre Program at Kewaskum Elementary School

The Great-American Children's Theatre Company, Wisconsin's professional theatre for young audiences, announced today plans for their seventh annual "A Peek Behind the Scenes" program. Since 1976, an estimated 550,000 students and teachers have attended the special school assembly program.

"A Peek Behind the Scenes" is designed to introduce young people to the many aspects of theatre. Students are invited to participate in a make-up demonstration as well as a "creative drama" experience. Information about The Great-American Children's Theatre's spring production, THE WIND IN THE WILLOWS, will be included.

Actress Jeanne-Marie Zeck will present the program. Ms. Zeck is a former instructor of oral interpretation and acting at the University of Wisconsin-Madison and at the University of Minnesota-Minneapolis. Among her acting credits is work with the Dakota Theatre Caravan, Theatre, Inc., Minneapolis, and the Minnetonka Art Center. She has spent eight years dancing with Minneapolis Dance Theatre and will return this summer to Dakota Theatre Caravan to tour and be taped by C.B.S. Cable Network. This is Ms. Zeck's second season with The Great-American Children's Theatre Company.

"A Peek Behind the Scenes" will be presented in Kewaskum on April 27 at Kewaskum Elementary School, 1550 Reigle Drive, at 2:45 p.m.

ROUGHAGE VS CANCER

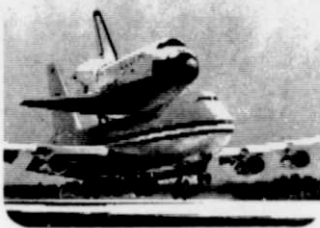

"To avoid cancer of the colon or rectum, doctors are switching patients from a bland, refined diet to high roughage [lettuce, bran cereal, etc.], says Dr. H.M. Pollard of U. of Michigan. "In high roughage diets you find the lowest incidence of cancer of the colon. They have good bowel activity." He recommends whole grain cereals and raw vegetables - avoid refined [white] flour and puddings.

Jaycee Junior Bowlers Finish Strong

10:30 JUNIORS

On April 3, the 1981-1982 Kewaskum Jaycee-Lighthouse Lanes junior bowling season came to an end. Even though the weather wasn't cooperating, everyone still managed to have a good time enjoying red pin bowling, Chef Art Sepersky's home grilled hamburgers, and of course the year's awards.

The Jaycees would like to take this opportunity to thank all of the local businesses that sponsored teams in the Junior Bowling League this year. Your support of this program has helped it become so enjoyable for the young people of our community that in the last three years it has doubled in size from 50 to over 100 junior bowlers. **OUR HATS ARE OFF TO YOU!**

The junior bowlers participated in many special events this year, including "I Beat My Coach" tournaments, "Coca-Cola Junior Bowling Tourney," Parent-Junior Tournament, Halloween Dress-up Day, "Miller High Life Junior Pro-Am" tournament, and many other enjoyable events.

Listed below are the final standings for the two Jaycee Junior Leagues and some of the other final award winners from this season. Why not come and join us next year and be part of the fun times had at the bowling alley. League will be starting next year the week after Labor Day. See you there!

Letters to the Editor

April 16, 1982
3826 Bonnie Lane
Kewaskum, WI 53040

Mr. Bill Harbeck
Editor,
Kewaskum Statesman
Kewaskum, WI 53040

Dear Bill:

Now that the School Board election is history, perhaps it is time for the people of this area to reflect on what took place.

There were charges, countercharges, innuendos, veiled charges of ghostwriting and everything else that makes up a free people's election. These are excellent examples of a democracy where everyone has the right to be heard.

But, if anyone feels strongly enough to write their thoughts and wishes them to be shared with others, then why hide behind the blanket of anonymity?

Any letter to the editor signed by, "Angry Taxpayer," "Concerned Citizen" or "Name Held Upon Request" is similar to throwing rocks in the dark.

Anyone who wants to be heard should also be willing to be identified.

Sincerely,
Bert W. Pries

.....

April 14, 1982

To the editor,

In the aftermath of the April 6 election we would welcome the opportunity to voice our perspectives on its outcome. We will focus specifically on the results of the rather turbulent school board race.

We had followed and examined the increasing polarization of both sets of candidates in the period preceding the vote. We had witnessed our community digress into a plebeian discussion of an irrelevant dialectic; conservative vs. liberal, which people irresponsibly viewed as good against bad, positive repelling negative.

We had seen the central platforms of all involved eventually being blurred by sneakily and rhetorically displayed by the candidates and their partisan supporters. We feel that the overall confusion was borne out in the polls.

In our view the question primarily was, who was best capable of balancing the spartan efficiency of the community's constrained budget against the students' be-

leaguered privilege of gaining a not so very elaborate education. Who had an obvious concern for choosing a course which would best reconcile the interests of hard-pressed taxpayers and of those whom became alarmed by the implied erosion of the educational system in Kewaskum.

Who did, on the other hand, demonstrate a uniform recalcitrance to view the entire scope of his responsibilities as a school board member. Who did, either in ignorance or blind self-interest, evidently pursue an archaic (though politically impressive to us of limited funds) intention of a simplistic 3R's policy.

Who has, by way of timely analogy, the potential of betraying the concerns of the unsuspecting community that unwittingly were led to sacrifice their children's potential by the promise of a comparatively small glimmer of silver.

Kewaskum has an adequate curriculum. It is as effective a school system as any when considering the economic composition of the average taxpayer in the area. We reiterate that Kewaskum is adequate, not outstanding, but adequate; certainly bereft of a capacity for providing frills. Frills are unnecessary, as they have always been. We can attest to their absence.

The educational base with which we graduated from KCHS has propelled us to and sustained us in one of the most highly acclaimed universities in the nation. We are grateful that we entered this institution competent enough to face the keen competition.

This is why we were dismayed by the candidacy and subsequent election of John Spoerl and Ralph Horner. We question both their motivations and vision. We hope they will rationally preserve the integrity of education in Kewaskum. Had John Rosenberger and Gerald Secor been elected we could have been confident (not hopeful) that a cost effective,

responsive guardianship of learning in our home school district would prevail.

We certainly are conscious of the spiraling costs of institutionalized education, and yet we have an unclouded comprehension and irrepressible faith that a properly educated mind is best to contribute to society so that we may all progress.

We will continue to watch and evaluate these new board members. We will do this solely in regard to their performance and not their personalities.

We urge everyone, from the defeated candidates to the students, (who are most directly vulnerable to administrative policy), to judge these men on the same criterion.

Current UW-Madison undergrads:

Richard S. Stefanovic
Class President 1980
Renee' Feyrer
Jacqueline M. Yearling
Barb Schmidt
Carol Marquardt

.....

Dear Editor:

I would like to thank all of the people in the Kewaskum school district who voted for me and helped with my campaign for the school board. It was a privilege to meet so many nice people.

I would like to urge residents of the district to attend future school board meetings and to attend these meetings with an open mind. Listen to the discussions and make up your own mind on the issues, don't rely on the opinion of others. It is only through an informed electorate that our country will remain free.

Sincerely,
Joan Rosenberger

To The Editor:

During National Volunteer Week (April 18-24), we honor all those individuals who give time, energy, and resources to others in our community.

Through their service with

individuals and their role in guiding agency direction, volunteers make an invaluable contribution to the strength of Washington County.

Volunteers provide a unique complement to the services which the staff of organizations provide, while encouraging the spirit of "volunteerism" in the private sector to respond to people's needs at a time of fiscal cutbacks. During the past year, the volunteers for our agencies provided over 112,627 hours of unpaid service to residents of Washington County. We don't always take the time to let these volunteers know how vital their services are and how appreciated their sharing is.

Thank you! We look forward to our continued efforts together to improve our community.

1982-82 Kewaskum FFA Officers relax this past summer at Mauthe Lake. Pictured, left to right, back row: Kevin Thull, Historian; Mark Steger, Reporter; John Herriges, Sentinel; Duwayne Schacht, Vice President. Front row, Tony Ruplinger, Treasurer; Brenda Kempf, Secretary; Gary Kempf, President.

The Future Farmers of America rank as the largest youth group in the nation. This comes about mainly because of member participation in various activities sponsored nation wide, state wide and locally.

The Kewaskum Chapter has been quite active over the years in many activities. To maintain this high level of participation, it takes a dedicated team of F.F.A. officers to organize activities. This year seven individuals have been working together in an effort to make Kewaskum one of the strongest chapters in the state.

Gary Kempf, President, has been an active member all four years of high school. As president, Gary is responsible for presiding over all meetings and representing the F.F.A. at various functions. He is also in charge of the Community Service and Alumni Relations Committees.

The Vice-President, Duwayne Schacht, Duwayne is filling in whenever the president cannot attend. Duwayne is the Chairman of the Scholarship and Conduct of Meetings Committees. He is, also responsible for organizing this year's supplement.

Brenda Kempf, Secretary, is in charge of minutes and F.F.A. records. Brenda keeps an F.F.A. scrapbook of all activities the F.F.A. is involved in. She is also the head of the Supervised Agricultural Occupational Experience Program (SAOEP), and Recreation Committees.

The financial system of the F.F.A. is watched over by Tony Ruplinger, Treasurer. Tony keeps accurate records of receipts and disbursements. He also chairs the Earnings and Savings and State and National Activity Committees.

Mark Steger, Reporter, is in charge of Public Relations for the chapter. Mark helps with news articles and assists Brenda with the scrapbook. He also is in charge of the Cooperative Activities Committee.

Watching over the activities of all meetings is John Herriges, Sentinel. John's main duty is to make sure things are running smoothly at all functions. He also is chairman of the Leadership Activities Committee.

Kevin Thull, Historian, is more or less for everyone.

Kevin's concerns lie in keeping a good account of the activities the chapter gets involved in. He is chairman of the Recreation and Public Relations Committees.

With the leadership and guidance given by these seven F.F.A. members, the rest of the chapter members serve on designated committees throughout the year. These committees organize a multitude of activities that F.F.A. members and community citizens benefit from.

For example in October of this past year the Chapter held its annual fruit sale. This sale brought fresh citrus fruit to community members and served as a money maker for the chapter treasury.

In early spring of each year the chapter organizes a rabies clinic. Community members can get dogs and cats immunized at a reduced rate, with the profits going into a scholarship fund for an F.F.A. member to continue their education.

Last year the Chapter sponsored a safety night at the high school where local residents learned some first aid technique from the town rescue workers. The firemen also demonstrated the use of The Jaws of Life.

Throughout the year, F.F.A. members participate in many judging contests to demonstrate various skills used in Agriculture. These contests include World Dairy Expo, Badger Dairy Club, Fox Valley, Technical Institute, Hartford-Slinger Dairy and State competition in Madison.

This past year 3 members were picked to attend the National F.F.A. Convention in Kansas City, Missouri. Mike

Schulz, John Herriges and Kevin Thull, along with Mr. Rizzardi, spent five days with over 20,000 other F.F.A. members from around the nation listening to speakers and viewing exhibits.

As well as the many enjoyable contests and conventions Kewaskum members attend, all students are required to have a project at home they can work with year round. These projects may deal with any phase of agriculture - from milk cows to honey bees. Many of the F.F.A. members choose to raise animals for the Washington County Fair, which adds another dimension to the learning experiences offered by the F.F.A.

With all of these activities to coordinate and organize, a Kewaskum F.F.A. officer has quite a job to do. It takes some dedication, hard work, sacrifice and a whole lot of time to become a strong officer team, kind of what this year's group is all about.

You're not necessarily stuck with an old bumper sticker if you've changed your mind about its message. Five or ten minutes heat lamp treatment can help get it off.

THAT HEADACHE HAS A MEANING!

by: H.L. Rumsey, D.C.

Remember this when a headache occurs. You gamble with your health when you treat the pain rather than its cause.

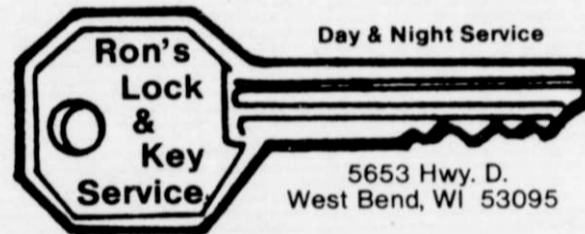

Some headaches have simple explanations, such as those resulting from overindulgence in food or drink. This type passes as soon as its cause a disturbed digestive and eliminative tract has been relieved.

Most other headaches, however, particularly if chronic or recurring, should be taken more seriously, as they may be a warning signal of a more serious health problem. And often the problem is not related to the head.

Headaches can, of course, result from many conditions. But research has revealed that a common cause-often unrecognized-can be traced to the cervical vertebrae (spinal bones in the neck).

One should not delude oneself into assuming that headaches are "normal" and that they can be easily corrected with a package of "pain killers." Seeking relief by merely drugging the pain often allows the cause of the symptoms to go untreated. The further a condition is permitted to advance, the more serious it becomes, and the more difficult it is to overcome.

Headaches are the most common complaint in America today. If you have headaches, it would be an act of wisdom to seek qualified professional counsel as early as possible.

Minutes of Village Board Meeting

Regular Meeting
(cancelled 4/5/82)
April 7, 1982
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. Trustee Paul Blumer had indicated he would be late and did arrive at 8:10 p.m. After his arrival all Trustee Members were present.

The minutes of the meeting of March 15, 1982, were approved as printed upon a motion by Trustee Raynor Herriges, seconded by Trustee Jeffrey Rohrer. Voice vote was unanimous. (6-yes / 0-no).

A public hearing was held on the application of Robert Joseph Holub, Jr. of a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the premises at 1310 Riverview Drive. In attendance were Mr. and Mrs. Robert J. Holub Jr. and Mr. Ralph Scott. Attorney Carmelo Puglisi was also in attendance representing the Village. Mr. Holub was given the opportunity to address the Board on his application request, for the period commencing April 8, thru June 30, 1982. Mr. Holub stated he desired to lease the building to hopefully make a living there. Mr. Ralph Scott indicated Mr. Holub asked him (Mr. Ralph Scott) to help out bartending during the day. Mr. Holub is presently employed at Harnischfeger Corp. 2nd shift. President Stollenwerk asked if anyone wished to be heard either for or against the issuance of the license. President Stollenwerk wanted to make clear the point to Mr. Holub that there is pending litigation regarding the licensing and if the Board was to grant the license, the possibility exists that if the Village were to lose the litigation, the Village may be required to grant the license to Mr. Ralph Scott to take it away from him (Mr. Holub). Mr. Holub said he spoke to his attorney on the matter and that is understood. Trustee Donald Mlodzik asked if anyone would be living there at the residence. Mr. Ralph Scott indicated he would be living there temporarily, but if Mr. Holub would be laid-off he would then move in. Chief Hlavaty indicated the police department had no objections to the issuance of the license to Mr. Robert J. Holub Jr. Administrator D. Schmidt indicated Mr. Scott brought in the lease and Attorney Puglisi may wish to comment on it. Attorney Puglisi stated the lease appears to be a proper document. He stated more time would be needed to make a more detailed review; however it states in the lease in standard language, the lessee further agrees to obey all ordinances of the City/Village in regard to cleaning of the streets, alleys and sidewalks in front of the premises hereby leased and any lawful orders, rules and regulations of the proper health officers of said communities. Attorney Puglisi again stated the lease appears to be in order as signed.

Superintendent Albers presented the Board with two bids for an installed water softener at the treatment plant.
Krueger Plumbing - \$460.00 installed
Johann Plumbing - \$625.00 installed

A motion was made by Trustee Richard Schmidt to accept the low bid from Krueger Plumbing for \$460.00 on the Dickenson Water Softener, seconded by Trustee Jeffrey Rohrer. Voice vote was unanimous.

A motion was made approving the installing of a new

hearing at 8:15 p.m. was made by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik. Voice vote was unanimous.

President Stollenwerk asked for a motion to suspend the rules to act on 8. (a), discussion and possible action on the application of Mr. Robert J. Holub Jr. for a tavern license at 1310 Riverview Drive. Motion by Trustee Donald Mlodzik, seconded by Trustee Jeffrey Rohrer. Voice vote was unanimous.

After no further comments or questions a motion to approve the application of Mr. Robert J. Holub Jr. for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the premises at 1310 Riverview Drive upon proper payment of fees, was made by Trustee David Nigh, seconded by Trustee Raynor Herriges. President Stollenwerk again asked if there were any further comments. Attorney Puglisi stated the standards to be used to make the decision. The Board must make their decision in a way that is not arbitrary, capricious or discriminatory. He also stated that there is present litigation and if the Board were to lose that litigation it is a good possibility Mr. Holub would lose his license and could then seek some legal action against the Board. Mr. Holub stated he desired to waive all rights to that. He also stated the Board will not be held responsible at all, if they should lose this license. I (Mr. Holub) am going in fully aware of what is happening I am in. It is the chance I am taking, if it works fine, if it doesn't what did I lose. I waive all rights, I will not take any action against, I will not take any litigation would come out that I should lose this license. Mr. Ralph Scott wanted to say at this time that the license period is short and it wouldn't pay to change over this license and I would let this license run out if litigation did come down in his favor. I (Mr. Scott) would not apply for the license until July 1, 1982. Attorney Puglisi indicated it would be better with written waivers, but the recording might be just as good. It was then suggested to amend the motion to include the waiver as a requirement of the same as proper payment of fees. Trustee Nigh and Trustee Herriges agreed to the amendment of their motion. Mr. Holub and Mr. Scott also agreed. A roll call vote was taken 7 "Aye" 0 "Nay." The vote was unanimous to approve the tavern license upon proper payment of fees and contingent on the receipt of a waiver, stating if the pending litigation requires the license to be issued to Mr. Ralph Scott no further litigation may be taken by Mr. Robert J. Holub Jr.

The application of Sylvester Lauter for a building permit for the construction of a one family residence at 1164 Stark Street was approved and the Commissioner was authorized to issue the proper permits upon payment of the required fees. Motion by Trustee Donald Mlodzik, seconded by Trustee Raynor Herriges. Voice vote was unanimous.

Motion was made by Trustee Raynor Herriges, seconded by Trustee Richard Schmidt that the Board suspend the rules to take possible action on 8. (b) on the agenda. Voice vote was unanimous.

Discussion was held on the ordinance revisions in reference to the sewer user rates as proposed by Dr. Kipp, to be effective January 1, 1982. Ordinance 82-1 was introduced by Trustee Jeffrey Rohrer, Motion for adoption by Trustee Raynor Herriges, seconded by Trustee Donald Mlodzik. Roll call vote was 7 "Aye" 0 "Nay." The vote was unanimous to approve the sewer rates as described in Ordinance 82-1.

Ordinance No. 82-1 was published in the Kewaskum Statesman April 16, 1982. The totals of all claims, as

flow meter to replace one that is no longer functioning properly, at a cost of approximately \$800.00 by Trustee Donald Mlodzik, seconded by Trustee Paul Blumer. Voice vote was unanimous.

A motion was made approving the purchase of fire-works from Spielbauer at a cost of \$1,302.93 for the 3rd of July celebration by Trustee Paul Blumer, seconded by Trustee Raynor Herriges. Voice vote was unanimous.

Discussion was held on the application of Mr. Ralph Scott for an Operator's (bartender's) License. After some discussion a motion was made by Trustee Donald Mlodzik to deny the license. This motion died for lack of a second. Motion to table the application was made by Trustee Paul Blumer, seconded by Trustee Jeffrey Rohrer until the next meeting. Voice vote was unanimous.

The application of Sylvester Lauter for a building permit for the construction of a one family residence at 1164 Stark Street was approved and the Commissioner was authorized to issue the proper permits upon payment of the required fees. Motion by Trustee Donald Mlodzik, seconded by Trustee Raynor Herriges. Voice vote was unanimous.

Motion was made by Trustee Raynor Herriges, seconded by Trustee Richard Schmidt that the Board suspend the rules to take possible action on 8. (b) on the agenda. Voice vote was unanimous.

The vote was unanimous to approve the sewer rates as described in Ordinance 82-1.

Ordinance No. 82-1 was published in the Kewaskum Statesman April 16, 1982. The totals of all claims, as

recommended for payment by the Finance Committee Chairman Trustee David Nigh, were as follows:

Village Gen. Fund \$497,654.64
Water Dept. Fund 2,319.81
Sewage Dept. Fund 9,433.18

Payment of these claims as recorded in the official record, was authorized upon a motion by Trustee Jeffrey Rohrer, seconded by Trustee Paul Blumer. Voice vote was unanimous.

The Chairman of the Public Works Committee Donald Mlodzik reported that a committee meeting is scheduled for April 19, 1982 at 7:30 p.m.

The Library Board Representative Richard Schmidt informed the Board that a memorial was received by Mrs. Linda Borchert in memory of her husband, Milton Borchert. Both the Library and Village Board's appreciation was noted.

The Plan Commission Representative, Jeffrey Rohrer briefly discussed the Plan Commission meeting from March 30, 1982.

A motion was made approving the general electrical service at the Kewaskum Kiwanis Community Park for security lighting, concession stand and general ball diamond lighting, plus the appropriate engineering by Trustee Jeffrey Rohrer, seconded by Trustee Paul Blumer. Voice vote was unanimous.

The Board held a discussion on the actual ball diamond lighting for the north diamond and it was unanimously decided to table the matter.

Village Attorney Gerald Kiefer sent a letter and an ordinance annexing certain lands to the First Ward of the Village of Kewaskum, Washington County, Wisconsin. Attorney Kiefer recommended the annexation to help resolve the annexing law suit. Ordinance No. 82-2 was introduced by Trustee Jeffrey Rohrer, motion for adoption by Trustee Paul Blumer, seconded by Trustee

Richard Schmidt. Roll call vote was 7 "Aye" 0 "Nay." The ordinance was approved unanimously.

Ordinance No. 82-2 was published in the Kewaskum Statesman April 16, 1982.

President Gerald Stollenwerk read 3 proclamations. The first proclamation was for the Kewaskum Junior Woman's Club recycling efforts. The second proclamation was for the Kewaskum Lions Club recycling efforts. The third proclamation was for Secretaries Week April 18-24, 1982.

President Stollenwerk congratulated the re-elected members of the Board and the newly elected member to the Board.

President Stollenwerk appointed Trustee Raynor Herriges to act as President Pro-tem for the April 19, 1982 meeting.

Motion was made by Trustee David Nigh, seconded by Trustee Donald Mlodzik to adjourn to closed session under Chapter 19.85 (1) (g) of the Statutes to discuss litigation by Ralph and Henriette Scott, vs. the Village of Kewaskum, Washington County Circuit Court - case no. 32568. Roll call vote was 7 "Aye" 0 "Nay." The motion was carried unanimously.

Girl Scout Leader's Day April 22

They plan career workshops, organize wilderness excursions, guide community projects, coach singing groups, host international visitors, and encourage girls to develop the planning and decision-making abilities they need to succeed. They are the more than 300,000 women and men who are today's Girl Scout leaders.

Together these Girl Scout leaders donate millions of hours each week to girls across the nation. If all their services to their communities were paid even at minimum wage levels the dollar cost would be impressive. But the value of their work in shaping the lives of today's young women cannot be calculated.

In a constantly changing world, Girl Scout leaders provide positive roles for girls, helping them to experience the excitement of new possibilities, new accomplishments, and new relationships with others. Girl Scout leaders work in partnership with girls to develop a growing confidence that enables young women to meet challenges and to become competent, self-assured adults.

How can the community thank Girl Scout leaders for their important work? One way is to take part in the nationwide celebration of Girl Scout Leader's Day on April 22, 1982.

On that day, in honor of the Girl Scout leader, a flag will be flown from the U.S. Capitol building; proclamations from government officials will be read; and girls, families, and neighbors will recognize their leaders in a variety of ways, from thank-you notes and parties to special service projects.

We invite you to join with us in extending your appreciation for the generous contribution the Girl Scout leader has made to our community, and to the more than 44 million individuals who have been members of Girl Scouts of the U.S.A. since its

founding 70 years ago. Thanks to the Girl Scout leader, Girl Scouting continues going and growing.

Sensenbrenner to Survey District

Congressman Jim Sensenbrenner has announced that his fourth annual constituent survey on national issues is being mailed this week to residents of the Ninth Congressional District.

The survey seeks public opinion on a number of issues, including federal spending and taxes, abortion, Social Security, and defense issues.

Sensenbrenner also is asking for residents to indicate whether they would support more, less, or the same level of funding for a variety of federal programs, to see if support for them has changed over the last year.

Sensenbrenner, who is serving his second term in Congress, has pledged to conduct a regular survey in his district to measure public opinion on issues in Congress and to help him better represent the district.

The survey, which is arranged so two persons in each household may respond, is being sent to every household in the district.

Sensenbrenner urges everyone to respond to the survey.

The first President to pitch a ball to open the baseball season was President William Howard Taft, on April 14, 1910.

Arbor Day — A Living Holiday

Arbor Day has its origins in Nebraska. Pioneers moving west in the mid-19th century found the Nebraska Territory to be a treeless plain. They missed the trees of the eastern homes they left behind, but more importantly, trees, were needed for wind breaks to keep the soil from blowing away, and for fuel, lumber and shade.

Among the pioneers moving into the area in 1854 was J. Sterling Morton from Detroit. Morton and his wife were nature lovers and their new home in Nebraska was soon planted with trees, shrubs and flowers.

Morton was a journalist and he became editor of Nebraska's first newspaper. Through his articles, he spread agricultural information and his tree planting enthusiasm to an eager audience. His editorials and speeches encouraged men such as Robert W. Turnas, who would become a Nebraska governor, to plant what became the great commercial orchard section of eastern Nebraska.

Morton not only advocated tree planting by individuals but urged schools, civic organizations and groups of every kind to join in. He also encouraged

the planting of trees as memorials. "Inanimate marbles may, for a few years, preserve the name and entry and exit on this stage in life's short play," he wrote. "But how much more enduring are the animate trees of our own planting." Morton was known for his ability to turn a phrase that would spur people to action.

Morton became Secretary of the Nebraska Territory and was able to use his new post to stress the importance of agriculture and family life. On Jan. 4, 1872, he first proposed an annual tree planting day, to be called "Arbor Day," at a meeting of the State Board of Agriculture. Prizes were offered to counties and individuals for properly planting the largest number of trees on that day.

The first Arbor Day was observed in Nebraska on April 10, 1872. At Morton's home in Nebraska City, elaborate preparations were made for the celebration, including the ordering of 800 trees. Statewide, it was estimated that more than one million trees were planted on that day.

Nine years later, the young state's legislature declared Arbor Day a legal holiday and

named April 22 as the permanent date in Nebraska.

Morton's home in Nebraska City became Arbor Lodge and it now contains extensive plantings of more than 160 species and varieties. An arboretum in Lisle, Ill., dedicated to Morton has more than 1800 species.

Morton died in 1902 and a memorial to him at Arbor Lodge was dedicated by President Grover Cleveland in 1905. One of Morton's own phrases adorns the marker, "Other holidays repose upon the past — Arbor Day proposes for the future."

The Kewaskum Jr. Woman's Club urges everyone to observe this holiday by planting a tree, shrub or flower and beautify the area in which we live.

J & J AUTO TOPICS

ON ENGINE PINGS

Pings and knocks from under the hood especially when you accelerate often is the sign that your auto engine is out of time. A tune-up is probably the answer if the noise persists. And if these pings turn into loud, metallic bangs, something more serious is afoot.

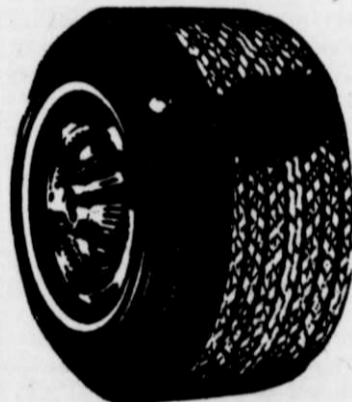

We can be of service at J & J AUTO SERVICE with our modern engine scopes, and particularly our experience on all auto models. Make the short drive to 450 E. Main today. Better yet, phone for an appointment.

**Washington County
Observes National
Volunteer Week**

Calming an injured child, helping guide an agency's direction, budgeting with a disabled person, visiting someone with no family, transporting someone to a medical appointment - these are all ways that volunteers are involved in the community.

Washington County is joining other communities across the nation by declaring April 18-24, National Volunteer Week.

"Volunteers - Our Greatest Resource," the theme for the week, points out the value and wealth of sharing, resulting from the many efforts which people make on a volunteer basis. Many of these efforts and involvements go unrecognized, and National Volunteer Week is set aside as a time to applaud the individuals who share of themselves to benefit so many people in our community.

Over the past year, 2,526 volunteers involved in organized programs have contributed over 112,627 hours of unpaid service to residents of Washington County. In addition to the many human needs which were met by these individuals, a substantial financial savings was also realized by local taxpayers. If multiplied by the federal minimum wage of \$3.35 per hour, these volunteers have donated \$377,300.45 worth of service to this county. In addition, there are many more uncounted hours which volunteers give every day.

Reuben J. Schmahl, Chairman of the Washington County Board, has locally proclaimed April 18-24, as National Volunteer Week. In light of continued state and federal cutbacks, Schmahl is urging all citizens of Washington County to take an active role in their community through becoming involved as a volunteer.

In honor of the volunteers, a Recognition Night was held Monday, April 19, from 7-9 p.m. at the Washington County Senior Center, 401 E. Washington St., West Bend. The Volunteer Coordinators of O.P.E.N. (Organization for Professional Exchange Now), a group of human services hosted the event.

The evening was highlighted with a slide presentation featuring volunteers in Washington County as well as a talk by LaVrene Norton, a volunteer services consultant who has headed an innovative and very successful volunteer program in Milwaukee. She spoke about the increasingly important role volunteers will have in policy making and direct service in the 80's.

**Scout-O-Rama at
Slinger Saturday**

"Doorway to Adventure" is this year's theme for the Scout-O-Ramas being conducted by the Boy Scouts of America throughout our nation. Glacier Edge District 11 will conduct their Scout-O-Rama on Saturday, April 24, at the Washington County Fairgrounds, Highway 175, in Slinger, from 11:00 a.m. - 4:30 p.m.

The public is invited to come and see Scouting in Action. Tickets are available from local Scout units or at the door. The cost is \$1.00 for one adult and one child, or \$2.00 for the whole family.

Cub Scout Packs, Boy Scout Troops and Explorer Posts from the District will decorate booths and actively demonstrate many phases of Scouting; crafts; and skills such as knot tying, first aid, woodworking, pioneering and outdoor activities. Some of the features include: authentic Indian dance performed by the Order of the Arrow; a cooking contest; the mascot, Pedro the Burro, will be available for pictures all day; and the clown, Ronald McDonald, will make a guest appearance from 11:30 a.m. - 2:00 p.m. Refreshments will be available.

Campus Notes

Kurt E. Zaring, a Ripon College senior from Kewaskum, recently participated in the Ripon College Readers Theatre production, "Spoon Theatre Anthology." The program was staged by members of the speech department's Literature and performance class.

The production, based on the poetry of Edgar Lee Masters, was developed by Charles Aidman.

Kurt is the son of Mr. and Mrs. Richard E. Zaring, Sr. of P.O. Box 219.

**NOTICE OF OPPORTUNITY
TO REQUEST A
PUBLIC HEARING
ON THE DESIGN ASPECTS
OF THE
PROPOSED IMPROVEMENT
OF STATE TRUNK
HIGHWAY 28
BETWEEN USH 41 and USH 45
WASHINGTON COUNTY**

All interested persons are advised of an opportunity to request a public hearing by the Wisconsin Department of Transportation to consider the detailed design aspects of the proposed improvement of State Trunk Highway 28, between US Highway 41 and US Highway 45, in Washington County. The proposed improvement consists of regarding the existing roadway on its present alignment, constructing a new base and recycling the bituminous pavement.

Federal-aid highway funds may be used as part of the financing of the proposed improvement, and accordingly an opportunity is being afforded to all interested persons to request that a public hearing be held.

An information will be held from 11:00 AM - 10:00 PM on April 6, 1982 at the Kewaskum High School. District staff members will be available to discuss the project, environmental assessment, property acquisition matters and project scheduling.

Information concerning the proposed improvement is also available at the Department's District Office in Waukesha. (phone 548-5958).

An environmental assessment of the proposal's impacts and effects has been prepared and filed according to the State and National Environmental Policy Acts. This document indicates that no significant environmental impacts are anticipated to occur as a result of this im-

provement. Copies of this document are available for inspection and copying at the following locations:

District No. 2 Office
Wisconsin Dept. of Transportation
310 South West Avenue
Waukesha, WI 53186
Bureau of Environmental Analysis and Review
Wisconsin Dept. of Transportation
4802 Sheboygan Avenue,
P.O. Box 951
Madison, WI 53707

Comments regarding the environmental impacts and effects of the proposed improvements are invited to be submitted to the Department of Transportation by May 3, 1982. Mail to Mary O'Brien, Deputy Director of the Bureau of Environmental Analysis and Review, at the previously named address.

It is not anticipated that the relocation of persons, businesses or farms will occur as a result of the proposed improvement.

Any person interested in or affected by the proposed improvement may request that a formal hearing be held by submitting a written request to the Department's Waukesha District Office. However, before making such a request, persons are encouraged to contact the District Office for the purpose of expressing their views and discussing with the staff those aspects of the proposal that concern them. If a hearing is held, it will consider the detailed design aspects of the proposed improvement; the social, economic, and environmental impacts and effects of the proposed improvement; and whether the improvement is or is not in the public interest and consistent with the goals and

objectives of area planning.

A request for a public hearing may be made by submitting a written request to the Department's Waukesha District Office on or before May 3, 1982. In the event that such a request is received, notice of the time and place of the public hearing will be published at a later date.

A NOTE OF THANKS

This is to thank all my acquaintances, friends, relatives and family for the beautiful cards and flowers I received while I was in the West Bend and Milwaukee hospitals. Especially my family, who never failed a day to be there to visit. Thank you also to the hospital staffs for their care. Also, to Rev. Dan Schowalter, who stopped by several times. Although I couldn't talk, he would hold my hand real tight and we'd have a prayer. The look on his face told me he understood. God bless you all!

Gratefully,
Helen Severson

THANKS EXPRESSED

Many thanks to all my relatives, neighbors and friends for the cards, gifts, visits, phone calls and flowers while I was a patient at the hospital. These kindnesses were really appreciated. Thanks, again.

Owl Boys Sweep Indians; Boys and Girls Lose to Kiel

In a boys' track meet here last Tuesday, Slinger took all 14 first places and went over the hundred mark in sweeping the Indians, 104-10, in their first outdoor meet of the year.

Owl junior Jim Bednar stood out for the Owls, winning three firsts in the 100 and 200 meter dashes and the 300 meter low hurdles with a fine time of 40.0 seconds. Slinger slammed the event, taking all three places.

Another good event for the Owls was the 400 meter run where junior Steve Braatz came in 53.7. They also showed good strength in the distance events with Scott Zingsheim doubling in the 1600 and 800 meter races. Dave Wacker and Brian Weber each had a second and third in distance events.

Kewaskum had just three second places. One was from Brian Johnson in the 100 meter highs with a fine time of 17.2, another from Mark Durian in the pole vault, and the other from Jay Petermann in the shot put.

However, the Indians were without distance runner, Wayne Boudreau, who was ill, and Stuart Stautz, the team's top pole vaulter and one of its leading sprinters, who had an appendectomy and may be out for the season.

Bob Jandre had a good effort, even though he did not place. In the 3200 meter run he knocked 33 seconds off his best previous time hitting an 11:01. Freshman

Monty Shaw had a 2:15 in the 800, a new best for him.

There wasn't much to cheer about in a meet at Kiel Thursday afternoon either when both the boys and girls track teams lost by decisive margins. The boys lost, 98-30, and the girls, 88-35.

The boys took just two first places against the strong Raiders, who have a number of veterans back from their Class B 800 state championship quartet.

The Indians' Mark Durian won the pole vault at 11-0 with Wayne Boudreau, who did not run again in this meet because he has been ill, placing second.

The best event for Kewaskum was the discus where Gregg Classey, Scott Durian and Jay Petermann placed 1-2-3.

For the girls, sophomore Holly Kempf was a double winner. She won the shot put with a toss of 35-5 and the discus with an effort of 89-1.

Other winners for Kewaskum were: Nigh second and Davis third in the long jump, Matenaer third in the high jump, Kuphal third in the shot put, Mueller second and Nigh third in the 100 meter hurdles, Follman third in the 1600 meters, second in the 800 meter relay, Wilson second in the 400 meters, second in the 400 meter relay, Nigh third in the 300 meter hurdles, Reif second and Schmidt third in the 3200 meters, and a second in the

1600 meter relay.

Coach Jane Vesper was disappointed with the fact that a number of lettermen are not competing in track this spring. Also Linda Larsen did not run in the meet because of illness.

This meet was the first time the Indians have participated in the new 300 meter hurdle event for girls this year. Amy Nigh took a third with a 57.2.

Let's Go to the County Outdoor Track Meet Here

Attention track fans! The Kewaskum Booster Club would like to invite you to attend and watch the six area boys and girls track of Kewaskum, Slinger, Hartford, Germantown, West Bend East and West as they compete in the Washington County Outdoor to be held this year in Kewaskum on Wednesday, April 28. Field events begin at 3:00 p.m. and running events follow at 4:00 p.m.

The Kewaskum Booster Club will be selling ham sandwiches, hot dogs, candy, beverages... (B.B.)?

See ya at the track meet!

Audubon Society To Tour Horicon Marsh April 24

The Kettle Moraine Audubon Society of Washington, Dodge and northern Waukesha counties and the Fond du Lac County Audubon Chapter will have a guided tour of Horicon Marsh on Saturday, April 24, starting at 9:00 a.m. at the federal headquarters. An official from the Horicon Marsh refuge staff will give us an overview of management at the marsh.

We will see the educational facilities, part of the marsh north of the old marsh road and Hwy. 49, including a newly seeded prairie. We will discuss some of the problems such as Loostrife and botulism, and find out in what way the Audubon chapters may be able to assist the federal personnel.

Guests are welcome and there is no charge. For car pooling information from the Holy Hill area call Nancy Woll at 628-1680; from West Bend, Bernice Popelka at 338-8509; from Hartford, Jocely Holmes at 673-3329; and from Ocono-

mowoc, Norb Antonneau at 567-3284.

Lakes Basketball Banquet April 23

The date for the Land o' Lakes basketball banquet will be Friday, April 23, not April 21 as incorrectly listed in a press release last week from Commissioner Jake Oelhafen.

The banquet will be held at the D & G Club in Port Washington at 7:30 p.m. Awards for the past basketball season will be presented. Leon Laatsch of Kewaskum will be presented the scoring champion award and an all-league team award.

Lakes Northern Division baseball will have the same number of teams as last year, including one Kewaskum club. All teams will play each other three times. The first round will be played the first Sunday in May.
