## In-House Computer Now Out Ogi Elected Board President

By GERRY MUELLER  
Statesman Staff Writer

Like a current song lyric says, "and another one bites the dust" seemed to fit the situation as the new Kewaskum School Board reversed a previous Board decision to purchase an "in-house" computer system, which was expected to save Kewaskum taxpayers approximately \$100,000 in processing costs over the next seven years.

Newly elected Board President Charles Ogi said, "the public is giving us a message." Board member John Tessar said he felt there was no need for any more discussion and the board should just go ahead and vote. As their first official act, newly elected board member Ralph Horner motioned to cancel the computer which was

to have been delivered May 17, and John Spoerl seconded the motion.

Some Kewaskum residents, however, felt the situation should be discussed. Gerald Buchel addressed Ogi and the board asking, "do you dispute the figures of savings? You make your thoughts known but you don't back your thoughts up with figures. You've got administrative staff presenting you with figures, you've had CESA representatives here and they did not contradict those figures." "The savings over seven years is \$100,000," said Buchel. "Some of you people ran for School Board on the stand you're going to save us taxpayers some money," continued Buchel, "all I'm saying is, if you're against this, tell us why and come up with some figures. You've got to come up

with something other than vote it down, it's just not fair to the taxpayers."

Board member Tom Brigham noted his reason for voting against the computer originally was the fact the district computers are relatively new and the savings are as yet unproven, whereas CESA is functional and does the job and administration is satisfied with it. "It makes no difference to them (administration) but it makes a difference to us taxpayers," said Buchel.

Mrs. Diane Buchel stated, "half the people in this room and people I talk to aren't aware of the spending costs that are going on, we are using a computer and it is costing each of us a lot of money, every year, and these costs keep going up every year." Mrs. Buchel noted, "it's your dollars, we're

## Kindergarten Committee To Recommend No Change

By GERRY MUELLER  
Statesman Staff Writer

At its first meeting Thursday, April 22, the committee formed to study possible changes in Kewaskum's kindergarten program decided there was no hard evidence to back up any theory that all-day kindergarten would be better or less costly than the present half-day program.

When the idea of all-day kindergarten was first brought up, Superintendent Floyd Brenholt felt a savings in busing costs of around \$40,000 could be realized. However, after checking Campbellsport and Kiel, it was noted aide or specialist (art, music, etc.) time was added to these programs. Brenholt estimated a cost of \$7,000 to the district for the addition of four hours aide time per section (class) per day if the all-day plan were implemented. This would drop the anticipated savings down to \$33,000.

Several of the kindergarten staff also felt class size would have to be reduced to no more than 20 students. With Kewaskum's present enrollment figures, this would necessitate addition of another teacher, reducing the \$33,000 figure even more. The teachers noted that almost all the districts contacted were working with 20 or less students, had aides and/or specialists providing art, music and physical education instruction.

Mrs. Connie Zemlicka, Wayne kindergarten teacher, said, "in sixteen years, I have NEVER had 20 kids. I had 32 youngsters in one screening and ended up with all 32 that fall." Brenholt noted that Kiel was planning to increase its class size next year from 20 to 25. "So maybe they won't like it (all-day) so much next year

either," said Zemlicka.

The committee discussed adjustment time and how the youngsters would react to all-day kindergarten. Several teachers noted teachers they had talked with said some children could not handle being away from home all day and did nothing but cry the entire day. One mother felt this resulted from the fact that many of these youngsters had never been away from home before or had not been left with a babysitter on a regular basis.

After studying reports from several school districts, the group felt these studies did not answer all their questions especially in the area of long term effect and actual dollar savings.

Kindergarten teacher Irene Stradtman recommended the district follow the progress of the Lodi School District and study the impact their all-day program has on its children.

The committee's formal report and recommendations will be presented at the May 10th School Board meeting.

She is the president of both the National Honor Society

The Reigle scholarships have been awarded since 1963 on the basis of scholastic achievement and extracurricular activity.

Regal Ware, Inc. is a multi-plant manufacturer of cookware, portable electrics and microwave accessories headquartered in Kewaskum, Wisconsin.

## May Is Bicycle Registration Month

All of the Saturday mornings in May, 1982, have been set aside to register bicycles. This will be done at the Municipal Building in Kewaskum from 8:30 a.m. until 11:30 a.m. The cost of registering bicycles is \$1.00. These hours and days are the only time registration plates can be obtained. All bicycles operated within the Village of Kewaskum are to be licensed.

## Record Number of KHS Students In State Forensic Contest; 6 A's

A record number of Kewaskum forensics students participated in the state forensic contest held in Madison on Friday, April 23.

Those receiving top honor "A" ratings were Beth Strigenz, Mary Schmidt, Doreen Jacobs and Denise Mayer in Declamations and Darla Prost and Tim Indermuehle in Prose Reading.

"B" ratings went to Sue

Fischer in Storytelling, Janet Mueller and Brenda Witz in Four-Minute Speech and Shelly Sekas in Prose.

Coaches for the Kewaskum squad, Ms. Barbara York and Ms. Doris Delzer, felt the squad did an outstanding job and because of the number of underclassmen on the squad, they are looking forward to a strong team in the upcoming year.

## School Board

not trying to get something in here that's going to hurt us, it's going to save us money." Mrs. Buchel said, "we're going to have to spend the money anyway." Another resident, Mr. Manthei, said "oh no." Gerald Buchel asked Ogi to correct the gentleman, "that we've got to spend the money whether its CESA or IBM." "There's no question about that," said Ogi. "There's just no big hurry to get into this," said Ogi. The motion to cancel the computer was approved four to three, with Brigham, Ogi, Horner and Spoerl voting for and Theusch, Goeden and Tessar voting against cancellation.

In other action the board approved an 8.0% across-the-board wage increase for support staff personnel. The proposal was the identical plan presented and turned down at the board's last meeting. The new increase will give employees who are at or above the experience steps a 7.7% increase including benefits, and employees on the experience steps an 8.2% increase with an indefinite freeze for a total cost of \$38,439.00.

Two other recommendations, a 7.7% across-the-board including experience steps with a package cost of \$44,528 and an 8.0% increase with experience steps costing \$46,265 were also considered by the board in closed session.

"We only had about five minutes in closed session to discuss this and I don't think it's a fair discussion as far as the new board members are concerned," said Tessar. "The committee has studied these proposals and spent a lot of time on them, I recommend we go along with their recommendation," said board member Ralph Horner. The new increase was approved five to two.

The board delayed action on filling the Athletic Director's position for 1982-83. A decision was tabled until more information can be presented on scheduling and release time. Jane Vesper has applied for the

job. Officers for the new school board were elected with Charles Ogi, President; Tom Brigham, Vice President; John Spoerl, Clerk, and Ralph Horner, Treasurer.

## Mexico in Wisconsin?

How did 100 Spanish students "visit Mexico" without ever leaving Wisconsin? They experienced all the fun and frustrations of visiting a foreign country at EL CAMINO REAL Spanish Camp, held April 23-25 in Lake Geneva.

Students from several schools throughout the state spent the weekend participating in a wide variety of activities, all in Spanish, of course! Festivities began Friday night as the students had their baggage checked at customs, changed their money into pesos at the "banco," dined on the first of many delicious Mexican style meals, and played games at the "Carnaval."

Saturday's session included

soccer, pottery, candlemaking, Hispanic cooking, mosaics, bark painting, copper-tooling, and many more. Language skills were improved in the five "charla" or conversation sessions in which students learned important phrases to help them throughout the weekend. An auction, dance, and Spanish religious service were also part of the busy weekend schedule, with any free time spent bargaining at the store or enjoying new "Amigos."

The camp is sponsored annually by a group of language teachers, the Coordinated Educational Staff for the Advancement of Foreign Languages (CESAFL), and is coordinated locally by Kewaskum High Spanish teacher,

Linda Bullette. The ten Spanish students attending from Kewaskum were: Kelly Boettcher, Kim Brodzeller, Tom Crandell, Bill Gruss, Tammy Hoepner, Randy Igel, Nancy McChain, Tami Roher, Patti Roher, and Sue Schmitt. Ms. Sue Burgard also assisted the camp as chaperone.

### Car Stolen Here

A Kewaskum man reported the theft of his 1971 Oldsmobile sometime Monday morning around 9 a.m. The car was parked outside of an insurance office in a parking lot on Main Street. He told police he left the keys inside the car when he went into the office, and when he came out a short time later, the car was gone. Police are investigating.

### MOTION SICKNESS

Motion sickness is caused by overstimulation of the inner ear's balance, leaving one dizzy and nauseous. Several precautions can ease your journey if you are susceptible to such discomfort. In a car, sit in the front seat and watch the road. When flying, request a seat in the center of the plane, over the wing where motion is less noticeable. If the view confirms the vehicle's dips and rolls, don't look out. Keep your mind occupied with conversation or games, but avoid reading.

## Area Residents Present Ideas for Kettle Moraine Forest's Future

By GERRY MUELLER  
Statesman Staff Writer

Over one hundred people living in the Kettle Moraine Forest area attended a University of Wisconsin informational workshop at the Campbellsport High School on Thursday, April 22.

The meeting, along with three others held throughout southeastern Wisconsin, was designed to collect input from forest users, area residents and local businessmen for future development and use of the Kettle Moraine and Southern Kettle Moraine State Forests.

The University of Wisconsin Recreation Resources Center, in conjunction with the Department of Natural Resources, has been conducting a survey over the past twelve months regarding various aspects of the forest. Random visitors to the forest throughout the entire year were asked to fill out a questionnaire stating, what brought them to the forest, what activities they participated in, where they were from, what they would like to see changed or remain the same, and various other items regarding the park.

Of approximately 1,000 questionnaires answered by park users, 22% were from Milwaukee and 10% were from Cook County, Illinois alone, plus other areas of Illinois.

After a short presentation by U-W representatives headed by Don Shank, the meeting was divided into seven groups allowing a one-hour discussion period to come up with each group's ideas for the park. All the groups contained various sports enthusiasts including hunters, fishermen, snowmobilers, etc., as well as naturalists and conservationists. The groups were asked to come up with a list, each group was then asked to select the five most important objectives to be met in any future DNR planning

program.

When the seven lists were posted, several ideas appeared on almost every list. All were in agreement that there should be no further expansion of the park's territory. There should not be any further expansion of campsite areas and any future development should be kept as natural as possible with no further blacktopping of roads. Another point of major agreement was, an increase in user fees, along with some type of fees to be paid by such park users as hikers, cross-country skiers and horsemen who presently pay only for a park sticker. The groups were in general agreement that the Department of Natural Resources be required to pay a higher tax rate to townships containing park lands. The present DNR tax rate is 50c per

acre compared to approximately \$20.00 per acre for farmland in some of the same townships. Better management including stocking lakes, releasing birds and development of existing park lands for all sports was another prime goal.

Although only five objectives were discussed from each group, all recommendations and ideas brought up at the meeting will be compiled with previous workshop and questionnaire data into a report and forwarded to the DNR for its planning program which is expected to go into effect by 1990, roughly eight years away.

In the Seventeenth and Eighteenth centuries in Spain, the bath was forbidden as a heathen abomination.

## Luedtke-Mueller

Sekeres. Acting as groomsmen were Gary Schmidt, Rick and Joe Rudis and Carl Degnitz, all friends of the groom.

Ushering duties were shared by Glenn Luedtke, brother of the bride, and Jim Schuster, cousin of the groom.

The reception was held at Fillmore Turner Hall.

The bride is employed as an LPN at the Sheboygan County Comprehensive Health Center.

The groom is self-employed in farming.

The couple is residing at 252 Newark Drive E., West Bend.

## Zank-Behnke

Rev. and Mrs. Marvin W. Zank, Medford, announce the engagement of their daughter, Karen Marie, to Thomas Henry Behnke, son of Mr. and Mrs. Orval E. Behnke, Kewaskum. A 1976 graduate of Medford Senior High School, the bride-elect is employed with the Farmers State Bank at Stetsonville. Her fiance, a seminary student who will graduate May 28 from Wisconsin Lutheran Seminary at Mequon, was graduated in 1973 from Kewaskum Senior High School and in 1978 from Northwestern College at Watertown. A June 26 wedding is being planned at Immanuel Lutheran Church, Medford.

## 45th Anniversary

On April 4, Aaron and Mary Schield of Newburg, celebrated their 45th anniversary with a dinner at Jerry's Restaurant, West Bend. Following the dinner, a reception for all was held at the home of John and Vivian Schield of West Bend.

The couple was surprised by their daughter, Mary Ellen, who flew in from Irvine, California. The party was attended by the children, grandchildren, sisters, and attendants of the couple.

Mary Ellen Collins and son Tim, were the house guests of John and Vivian and spent the rest of the week here to enjoy the Wisconsin snow storm and Easter with the family.

# Historic Preservation of 1850 Log House Completed

Happily, the restoration and preservation of the Kewaskum Historical Society Museum log home's original character has come back to life. An old house is a mixed

blessing. There's real excitement in being part of America's architectural and cultural heritage. This country was settled by families for whom work was a shared experience.

They all joined hands in the struggle to obtain shelter. Therefore, the Kewaskum Historical Society wishes to take this opportunity to express a "Thank You" to all who

volunteered to share this same experience of planning, moving and restoring the log house. The grand opening is tentatively scheduled for Saturday, May 29.

The pictures show the stages of the completed log house from the beginning.

## Musicfest for Citizen Advocacy At Slinger Friday

A Musicfest for Citizen Advocacy will be held from 8:00 p.m. to 1:00 a.m. Friday, April 30, at the Kettle Moraine Bowl in Slinger, Hwys. 60 and 175. The musical event will be sponsored by Citizen Advocacy of Washington County. Featured will be the musical talents of Gary Cross, Full Circle, and Kinfolk. Ticket donations are \$2.00 in advance, available at the Citizen Advocacy office in the old section of St. Joseph's Hospital, UWWC, and the Poorman's Club, downtown West Bend. Tickets at the door will be \$2.50. Prizes have been donated by local businesses and organizations.

Citizen Advocacy is a United Way funded program which began in 1978 and has continuously provided a strengthening service to the community by matching area volunteers with developmentally disabled people. These matches are friendly one to one relationships. Advocates are presently involved as friends, guides, spokespersons, and monitors of services.

The program encourages interested community members to get involved. By volunteering as an advocate and giving friendship, support, encouragement and time, they can help someone feel involved, independent and more competent.

At present, there are about 65 people on the Citizen Advocacy waiting list in Washington County who could benefit from having a volunteer to share with them.

## Campus Notes

Kurt E. Zarling, a senior at Ripon College, recently completed a successful season as a member of the Ripon College Debate and Forensics team.

The State and Bi-Province tournaments were only two of the many tournaments in which the team competed. Team members reached the finals in

many meets this season. Debate and forensics competition are old and esteemed traditions at Ripon College. The National Forensics League was founded at the College which hosted the first national speech tournament for high school students in 1931. Twenty years

earlier, Ripon College's debate team wrote the constitution for Pi Kappa Delta, now a nationwide honorary society for debaters and orators.

Kurt is the son of Mr. and Mrs. Richard E. Zarling, Sr. of P.O. Box 219, Kewaskum.

## Winners in Continental Mathematics League

The 4th, 5th and 6th graders in the Kewaskum School District have been competing in the Continental Mathematics League this year. The league consists of 5 monthly contests. Each contest has five word problems that require two or three steps to figure out.

Every contest had a top winner in the 4th grade division and the 5th-6th grade division at each school. At the end of the five contests, we totaled the individual points and came up with top winners for the entire league.

In the 4th grade division, Lee Ann Winninghoff was the top total point winner. She's in Mrs. Larson's class at Farmington Elementary.

The top winner in the 5th-6th grade division with a perfect score was Keith Bartelt who is a 6th grader at Wayne Elementary.

The second place winner in this division was Joel Fluery, a sixth grader in Miss Binder's class at KES. Third place in this division was Craig Hubbell, a sixth grader in Mr. Cord's class at KES.

### FIREMEN'S MEETING

The regular monthly meeting of the Kewaskum Fire Department will be held at the fire station at 7:30 p.m. Thursday, May 6.

## KHS Key Club Inductions Held

Induction ceremonies were conducted Tuesday evening, April 20, for new officers of the Kewaskum Key Club.

Selected on the basis of service, character and leadership, the present officers stepped down after turning over their duties and pins to the incoming officers. Faculty advisor, Robert Getter, congratulated current officers Scott Buchel, Mary Sleger, Carol Lehmann, and Craig Rosenthal for their outstanding work throughout the year. Kiwanis Advisor Robert Borch conducted the induction of the new officers elected at the previous

meeting: President, Andrew Eisenmann; Vice-President, Mary Straub; Secretary, Tracy Buchel; Treasurer, Michael Vetter.

After enjoying a pot luck supper parents, faculty, and members listened to guest speaker Dr. Connor. He stressed some important effects that a service organization has on a small town or community.

This is the second banquet held by the 3½-year-old organization. It turned out to be a very successful event. Key Club is an affiliate of the Kiwanis Club and serves as a service group for the school and the community.

### County Humane Society Plans Exciting Things for 'Be Kind to Animals Week'

May 2 - May 8th is "Be Kind To Animals Week." In honor of this special week the Washington County Humane Society has many exciting things planned. We will start the week off with our fund raising auction...offering new merchandise and used items in good condition. This will happen on Sunday, May 2, at 1:00 p.m. at the Shelter on Hwy. 60 west of Jackson.

On May 7 at 6:30 p.m. we are having our first annual fund raising Dinner/Dance at the new Woodridge Restaurant in Hartford. It starts with a champagne/porterhouse dinner, followed by an excellent program featuring Donald Sampson, a member of the Kettle Moraine Toastmasters of West Bend. After that you may dance the evening away to the soothing strains of the Dale Mathis Trio. You will be entitled to two drinks of your choice during the dance. To really remember the evening you will have your name engraved on a plaque as a donor to the RICKI PETERSON MEMORIAL CENTER or the Ricki Proceeds we call it. Dinner go toward completion of this room. This room was designed in honor of our friend and supporter, Ricki Peterson, who was brutally murdered two years ago. Ricki, as do members of the Humane Society, believed in children and animals. They need a place where they can take their pets for various functions. There is a Human/Animal bond that psychologists are finding quite essential to good mental health. In these mixed up times with teen age alcoholism and drug use running rampant, we strongly feel this center is essential to our youth. If you have ever tried to find a place where children and their pets can go you know how badly this center is needed. We are determined to show we care but we need your help...we are solely supported by generous donors like you and in these difficult times we need you desperately. The cost for this dinner is \$50.00 per person, but just think of what you get for that amount! A great percentage of it is tax deductible and you will feel so good knowing you are helping this worthwhile cause. Please give your deepest consideration. Send your check, payable to the Washington County Humane Society, 3650 Hwy. 60, Slinger, WI 53086. We promise you, you won't regret one dollar of it.

Ending the week on Saturday, May 8, is our annual Walk for Kindness. As in the past the walk raises funds by having a participant obtain sponsors who

agree to pay a certain amount of money per completed mile. Each walker may obtain a sponsor sheet by calling the shelter at 677-4388. The walk is a distance of nine miles and starts at 9:00 a.m. It originates from three points: The Heritage Bank in West Bend, the Sentry Food Store in Richfield, Gateway Nursing Home in Hartford. At the end of the walk lunch will be served at the Shelter and there will be a dog obedience program given. If you are into running we hope to have volunteers to clock you so you will know your time.

We need you to support us and thank you kindly for doing so. Remember Be Kind To Animals should be every day not just one week out of the year.

### INSOMNIA & OVER-THE-COUNTER SLEEP AIDES by John R. Jankowski R.Ph.

Insomnia is the occasional inability to attain restful sleep. It is estimated that 50% of the population experiences insomnia at some time and 33% experience it frequently. Although most insomnia is temporary, some cases may be of sufficient duration to interfere with a person's daily functioning. Severe or chronic insomnia may be a symptom of psychological or physical illness.

Insomnia can be classified as either difficulty in falling asleep or difficulty in remaining asleep. Difficulty in falling asleep can be caused by: stress and/or anxiety (worry, excitement), pain or physical discomfort (headache, toothache) or a change in daily rhythm (change in workshifts, jetlag). Difficulty in remaining asleep can be caused by: age (elderly are more prone to early or frequent awakenings caused by changing sleep cycles), depression, or physical conditions (heart conditions, asthma, ulcers, back problems).

Drugs may cause sleep disturbances. Certain weight loss preparations which contain stimulants (caffeine, amphetamine, etc.), as well as other medications (nicotine, theophylline, etc.) may produce nervousness & prevent sleep in some individuals.

Although many over-the-counter (OTC) preparations are promoted for safe and restful sleep, consumers should be cautious. Many of these OTC products contain drugs found in prescription medications but in much lower doses. It is assumed that these lower doses, minimize the adverse effects of these agents. Unfortunately, the sedative effects are also minimal because sedation (drowsiness) is a secondary or side-effect of these drugs.

Preparations containing antihistamines (pyrilamine maleate, doxylamine succinate) are the most satisfactory OTC products to use. These types of products are for occasional use and only at the recommended dose. These products are best taken 30 minutes before bedtime. Because of their sedative action, antihistamines may impair one's ability to drive or operate hazardous machinery. Using these products with alcohol or other depressants will intensify the sedative effect. These products are not designed for those less than 12 years old or pregnant or nursing women.

There are several nondrug methods for relieving insomnia. These are:

- 1) abstain from products containing caffeine (coffee, tea, colas, etc.)
- 2) avoid heavy meals several hours before bedtime.
- 3) avoid naps during the day.
- 4) perform light exercise before bedtime to relax the body.
- 5) designate a specific time for sleep.
- 6) relax by engaging in positive activities such as reading in bed, watching TV, or listening to relaxing music.
- 7) minimize outside disturbances at bedtime.

Finally, if sleeplessness persists continuously for more than 2 weeks, consult your physician. Remember to mention if you are taking other medications or if you have any special medical conditions. If in doubt about the use of any medications, pharmacist or physician.

## LETTERS TO THE EDITOR...

9322 Hwy 45  
Kewaskum, WI 53040  
April 25, 1982

Dear Editor,

I have never in my life read such an insolent, arrogant, snobbish dictum as that which was printed in your April 23 paper from five U.W.M. students. Fortunately, youth is on their side. Hopefully, they can progress in maturity, humility and prudence, obviously lacking at this stage of their development.

An understanding in human nature is also not one of their attributes. The letter was meant to belittle and berate those candidates and electorate who are not, what they consider, equal in education and intelligence to their own or that of Mrs. Rosenberger or Mr. Secor.

You have done grave future harm to any possible future candidates with any intellectual prowess or higher educational backgrounds. (Incidentally, intellectual prowess is not

synonymous with college degree).

Impatience and over-reaction are also youthful traits which ease with age and understanding. It is time to "bury the hatchet." Accept the outcome and give these men a chance.

Sincerely,

Mary Russell

April 19, 1982  
8:00 P.M.

Administrator Daniel Schmidt called the meeting to order. President Gerald Stollenwerk asked to be excused and was absent. All other Trustee Members were present.

President Stollenwerk asked Trustee Herriges to serve as President Pro-Tem. A motion was made by Trustee Jeffrey Rohrer, seconded by Trustee Paul Blumer to have Trustee Raynor Herriges preside as President Pro-Tem. Voice vote was unanimous.

The minutes of the meeting of April 7, 1982, were approved as printed upon motion by Trustee Richard Schmidt, seconded by Trustee David Nigh. Voice vote was unanimous.

Mr. Donald Jones, Mr. Mark Landvatter and Mr. Robert Schaefer from River Bend Cable Vision appeared before the Board to inform them on the progress in reference to CATV in Kewaskum.

The applications of Daniel Truog, Lawrence Last and Edwin Henke for an Operator's (Bartender's) License was approved and the Commissioner was authorized to issue the proper licenses upon payment of the required fee. Motion by Trustee Paul Blumer, seconded by Trustee Richard Schmidt. Voice vote was unanimous.

Administrator Schmidt reminded the Board of the Public Service Commission's Public Hearing on the Village's water rates, which is scheduled for April 27, 1982, at 10:30 A.M., in Madison, Wisconsin. Also the Board was told about the Assessor's Open Book, which is being held on Monday, April 26, 1982, from 10:00 A.M. to 4:00 P.M. in the Council Room of the Municipal Building, 204 First Street.

The Public Works Chairman Donald Mlodzik brought a committee recommendation to the Board on trying to obtain an easement from Mr. Chris Kober or other neighbor in that same vicinity to install storm sewer, to alleviate some existing water problems on Moraine Court and Stark Street. A motion was made by Trustee Jeffrey Rohrer, seconded by Trustee David Nigh to authorize the Administrator and Superintendent of Public Works to try and obtain an easement in the

proposed neighborhood of Moraine Court, Stark Street and Riverview Road to be used for the installation of a storm sewer. Voice vote was unanimous.

The Public Works Chairman Donald Mlodzik brought a second recommendation to the Board from the committee and that was to allow Dennis Connor to widen the street at the corner of Clinton and Fond du Lac Avenue at 100% his cost and as directed by the Public Works Department and Administrator. Voice vote was unanimous.

The application of Ralph Scott for an Operator's (Bartender's) License was discussed, the letter from the Police Department was again read and it was pointed out that the opposition was based on the violations of the Wisconsin of the law as well as the overall behavior of the premise in the past, while Mr. Ralph Scott held the Class B Tavern license at 1310 Riverview Drive, Kewaskum, Wis-

consin. A motion was made by Trustee David Nigh, seconded by Trustee Donald Mlodzik to deny the application of Ralph Scott for an Operator's License, because of the recommendation of the Police Department and Mr. Scott's past record while holding such a license. Roll call vote was 6 "Aye" 0 "Nay." The motion to deny the application was unanimous.

The Board presented Trustee Raynor Herriges with his name plate and gave him a hand for serving the Village of Kewaskum faithfully for the past 16 years as a Village Trustee.

CLICKETY CLICK

So, this morning all you got when you turned on the ignition key was a clicking sound. The engine refused to start.

A corroded battery cable may have been the culprit. Maybe you have a faulty starter relay switch. Or worse, if you got a whirring noise, the starter motor might be on the 'fritz.'

Chances are you've been putting off those other important maintenance services, too. May we remind you that J & J AUTO SERVICE is near. Phone 626-2311 for an appointment today. You'll like our auto services.

## Controversial Win for Laufer

By Jae Omen

Joel Laufer of Hartford picked up the checkered flag for the first feature of the season, at the Slinger Super Speedway last Sunday afternoon.

Laufer came late and was

allowed one lap for qualifying, which was recorded as "14th in time." However, with a 13 car field, Laufer wasn't even supposed to be in the feature event, but started in 8th position.

Promoter Wayne Erickson, did the only thing he could in such a situation. (The scorers had made the mistake). Erickson paid every driver in the event, one position better than they finished.

Other race results were as follows:

Fastest Qualifier: John Ziegler #93 of Madison with 12.164 seconds around the quarter-mile asphalt track.

Trophy Dash: Conrad Morgan #92 of Dousman.

Heat Winners:

First - Dave Kaehler #33, Menomonee Falls

Second - Terry Baldry #74, Omro

Third - Tony Strupp #12, Allenton

20 Lap Semi: Dave Kaehler #33 Menomonee Falls.

The feature event went smooth until the 24th lap of the 30 lapper, when Conrad Morgan, who was running third, spun coming out of the second turn, and Goeden, running in the fifth position tapped Morgan, bringing out the only yellow. Both were able to continue - from the back of the field.

When the green flag dropped again, Laufer continued to hold the lead to the checkered, followed closely by Tony Strupp. Morgan and Goeden finished seventh and eighth consecutively.

Next Sunday night the racing stars will again set their goals on a good show of racing. Time trials at 7:15 p.m., first race at 8:00 p.m.

## New Holstein Wins Triangular Here; Kewaskum Girls Second

New Holstein's defending Class B state champion track team left Kewaskum and Campbellsport far behind in a girls' triangular meet here Thursday.

The Huskies won all three relay events among their 13 first place finishes, winding up with 92 points to 52 for the Indians and only 12 for the Cougars.

Double winners for New Holstein were Cathy Ausloos in the long jump and 400 meters, Maureen Muldoon in the 800 and 1600 meter runs, and defending Class B 200 meter hurdle champ, Linda Forstner in the 100 and 300 meter hurdle events. These girls were all members of at least one winning relay event also.

Leading Kewaskum were the 1-2 finish by Sandy Secor and Sandy Nigh in the 200 meter race. This was the Indians' only first. Secor also had Kewaskum's best time in the new 300 meter hurdle race while running with the JVs. Freshman Sandy Klein also came up with a strong performance in the 320 meter run, placing second. Wendy Wilson's second in the 800 and Barb Matenaer's 4-10 high jump were also good for second.

Campbellsport's Lynn Falk took second in the 300 hurdles and Julie Cibulka third in the 800 meters.

## Chilton Boys Defeat Indians

The Kewaskum boys team traveled to Chilton Thursday for a track meet and were defeated, 85 to 41. A lack of scoring in the field events hurt the Indians, who are now 0-2 in the Eastern Wisconsin.

Kewaskum scored just six points in the five field events to 38 for the Tigers. The lone points in these events came from Mark Durian's first place in the pole vault (10-6) and Jay Petermann's third in the shot put (40-1/2), his best ever.

The Indians did fairly well in the running events with four personal bests. Wayne Boudreau, back after missing two meets with illness, came up with his best times in both the 1600 meter (4:55.1) and 3200 meter race (10:46.2). In the 1600 meter race Boudreau nipped Nadler of Chilton by just .1 of a second.

Freshman Monty Shaw showed improvement as he had a 2:10, his best ever, in the 800 meter race which he won. The other best came from Bob Jandre in the 3200 meter race with an 11:04.6.

The Indians had three meets this week, Tuesday at New Holstein, Wednesday the Washington County Outdoor here, and Thursday a triangular against Two Rivers and Plymouth at Plymouth.

## Indian Golfers Win, Lose, 2nd in Triangular

The Kewaskum Indians opened their golf season last week by hosting Lomira and coming through with a 179-183 win, in spite of only two days of practice.

The Indians have four lettermen back, including two of last year's Eastern Wisconsin Conference medalists, and Coach Joe Harlow is looking forward to a successful season. Back from last year's squad, which finished second in their first year in the EW Conference are seniors Mike Heisdorf and Scott Nigh, junior Dan Dean and sophomore Chris Harlow. Heisdorf and Dean finished in a tie for third medal a year ago.

Heisdorf was low for the Indians against the Lions with a 43. Junior Karl Zarlring, who has been a pleasant surprise, and Dean came in with 44's, nine over par.

Harlow is still shuffling his No. 4 and 5 men but hopes to be able to settle on a varsity five within two weeks.
