June, 1907, and they met every two months until July, 1908. After that a regular monthly meeting was held.

Since April, 1942, the Ladies Aid became known as the Women's Guild of St. John's Congregation. Since its inception in 1907 the Women's Guild has become an invaluable instrument in service to the local and world wide church.

Presently the Guild meets the first Thursday of each month and seeks through inspiration, education and service to further their church and, through the church, the Kingdom of God.

The Guild now has an active membership of 18 women.

Scott Bartender Re-Application Denied

Once-A-Week Garbage Collection Schedule to Be Year-Round

By GERRY MUELLER
Statesman Staff Writer

Although Ralph Scott, local tavern owner, came armed with three character witnesses and another lawyer, the Kewaskum Village Board unanimously voted to deny Scott's second application for a bartender's license.

Scott's attorney, Richard Shapiro, felt there was some confusion of things done by Scott and things done by his sons. Shapiro stated Scott's financial situation was "dire" and the board should reconsider their previous decision to deny Scott the license.

Trustee Dick Schmidt asked, "do you believe a license is a privilege?" "Yes, I do," said Scott. Schmidt noted that while Scott personally held the liquor license, there was 26 complaints. Scott said he was on the road driving truck when these incidents took place. Village Administrator Dan Schmidt noted the records

showed Scott had been on the premises during some of the complaints.

Several board members noted the state feels there is no distinguishable difference in responsibility between holding a liquor or bartender's license. The board felt Scott did not show adequate control over situations at the tavern.

After more than an hour's discussion, the board voted 7-0 to deny the application.

In other action the board approved submission of plans for construction of a new chemical building at the Wastewater Treatment plant. The plant modification is necessary to meet requirements for the village's new water treatment permit. Cost of the 17'4" x 16' building was estimated at \$19,600.00. However, Administrator Schmidt noted the village can save \$3,600 by installing its own driveway, and over \$2,500 by using the ventilating system and heater

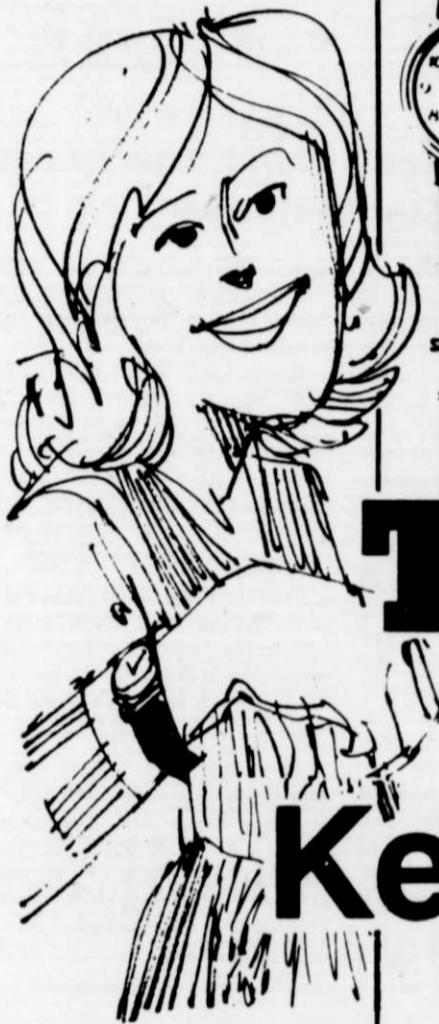

from the old building. Schmidt felt the cost could be reduced even further if the village itself constructed the building on a time and materials basis. Deadline for plan submission is May 31, 1982 and deadline for building completion is June, 1983.

The board approved the Public Services Committee's recommendation to set the village garbage collection schedule at pickup once-a-week, twelve months out of the year. Previously, the once-a-week pickup ran for nine months and twice-a-week pickup during the summer months. Dr. Edwards, health officer, agreed with this recommendation.

Public Works Superintendent Augie Bilgo noted he and his men were running into some problems with yard trash. Bilgo stated, "some people forget the men have backs too." They load the bags with grass clippings, etc., to the point that they become, so heavy they have to

Village Board

[Continued from Page 1]

use a loader to pick them up. Bilgo also noted that some residents are not complying with the village ordinance on handling of brush and branches.

The board unanimously agreed the ordinance should be enforced. Anyone not meeting the code will find cards informing them that trash will not be picked up unless properly contained or bundled.

Trustee Jeff Rohrer, Chairman of the Parks and Recreation Committee, reported on the Kiwanis Park baseball schedule.

Originally the village had set a cost of \$22.50 per team, plus \$7.00 for every non-village resident player, approximately

\$128.00 to cover village maintenance of the diamonds and park facilities. The teams would have to supply their own umpires and trophies. The teams asked instead for a blanket fee. A fee of \$150 was established.

The leagues apparently were not happy with the reduced fee and added responsibilities. Rohrer said he had heard "through rumors" that the Men's and Ladies' Leagues were going to play elsewhere. "This means the village will not be involved in any way in a maintenance or expense manner" with these leagues said Rohrer.

"We felt we were trying to be fair and open," said Rohrer. The village was not making any profit, just trying to cover expenses.

If any leagues decide to return to the park, they will have to accept what time is left. Rohrer said the Jaycees have their teams set up and he will not shift them to make room for other teams.

The report stated the board and Parks Committee are just asking that everyone that uses the park pay their fair share.

Recover Stolen Car in Tennessee

A Kewaskum man traveled to Columbia, Tenn. to pick up his 1979 Oldsmobile, which was stolen Monday, April 26, in the village. The auto was recovered sometime last Wednesday and authorities in Kewaskum were notified of the recovery at 2:30 that afternoon. The car was not damaged.

A 16-year-old juvenile from Fond du Lac County, a resident of a Campbellsport group home, who allegedly stole the car, and left the state, was located in a hospital in Nashville, 30 miles north of where the automobile was abandoned. He was brought back to Fond du Lac County by two county Sheriff's Department officers, who arrested him in Nashville, and held him in custody.

The owner had left the keys in the car when he was taking the mail into his office on Main Street. When he came out a short time later, he discovered it missing.

Kewaskum Indian Booster Club News

On April 27, the Kewaskum Indian Booster Club met to finish planning projects for the 1981-82 school year. Our first order of business is to thank all the parents and non-parents for the support you have given our kids in the past year. We appreciate it and, I'm sure the kids do, too.

We also want to thank all those who contributed to the SPONSOR-A-STUDENT Fund. We are going to have a very fine Activity Banquet because of you. Meal tickets for the banquet are now on sale in the office at the high school at \$3.25 for adults and \$2.25 for students. Watch for more information on the Activity Banquet in the weeks to come.

On Saturday, May 8, the Middle School is sponsoring a Girls' Volleyball Playday for schools in the W.O.W. conference. The Booster Club will be providing a lunch at 11:30 to 1:00. The purpose of this playday is to spark some interest in volleyball so the girls will come out for the sport in the fall when they enter high school. Come down and cheer the girls on.

On Sunday, May 16, the High School Music Department will present a concert in the park at 1:30. The Booster Club will

serve lunch starting at 12:00. Come and spend an afternoon in the park being entertained by our talented bands and choirs. See you there.

LETTERS TO THE EDITOR...

Wayne Crusaders 4-H Club

April 30, 1982

Letter to the Editor:

"Scholarship Dilemma"

If I only had the money to grant TEN Scholarships for students going into the health care field in 1982, my task would have been easy.

This year there were eleven applicants: six for registered nurse training; one dental hygienist; three physical therapists and one pre-dental student. All measure up to be very good academic students with a grade point average between 3.91 to 2.72, but seven students were between 3.59 and 3.91.

The manner in which they stated their aspirations and desires for higher education weighed heavily, plus the financial needs of each family, aided me greatly to help me choose the two most deserving applicants for this year.

Very sincerely,
R. G. Edwards, M.D.

The April meeting of the Wayne Crusaders 4-H Club was called to order April 6, at 7:37 p.m. by president Jill Etta. The pledges were led by pledge leaders Brenda Oelhafen and Shelly Lloyd.

The Secretary's report was read and approved as read. The Treasurer's report was also read and approved.

Chris Schulz gave a small report on how the Bake Sale - Paper Drive, from April 3, went. Brenda Oelhafen gave a report on the St. Patrick's Day cards given to a home. The June Dairy Month committee is to give a report on what they will be doing in June.

Roll call for the May 4 meeting is to make a Mother's Day Card for a home. Danny Schulz and Chris Schulz will present a demonstration. The refreshment committee is the Lloyd, Little, and Loomans families.

The meeting was adjourned at 8:14 p.m.

from Tom Leitzke, R.P.H.

NITROSAMINES

If your diet contains bologna, frankfurters, salami, and other cold-cut type meats containing nitrite preservatives, vitamin C can prevent the nitrite additives from forming cancer-causing nitrosamines in your stomach, reports Dr. S. Mirvish of U. of Nebraska. Some meat processors are adding vitamin C to nitrite-containing meats, however you may protect yourself by taking vitamin C supplements along with any meals that contain nitrite.

This is what they mean by planned parenthood

HUMAN GARBAGE — "These dead babies had reached fetal ages of 18 to 24 weeks before being killed by abortion. This is the result of one morning's work at a Canadian teaching hospital." (With permission, "Handbook on Abortion," Willke, Hayes Pub. Co.)

PLANNED PARENTHOOD has gone to the U.S. Courts to take away your parental rights.

As a result:

Planned Parenthood can give your children contraceptives; AND YOU CAN'T STOP IT.

An abortion can be performed on your minor daughter; AND YOU CAN'T STOP IT.

Planned Parenthood owns and operates over 40 abortion clinics in the United States.

They mean abortion is now birth control.

They mean the hundreds of millions of your tax dollars they've spent to end unwanted pregnancies haven't worked. So, now they want more of your money to provide abortions.

They mean unborn babies shouldn't have the legal right to live...not even in the ninth month of pregnancy. And they mean to make abortion available to every pregnant woman in America.

So far, they're succeeding.

More American children are aborted than children in any other country surveyed, including Communist countries. We kill 25% of our children in the womb.

They want you to believe abortion is for the overburdened and poor. But 76% of women aborting are unmarried, and 53% have no other children. Most are over 20, white, middle and upper class. Over one-third of women who have had abortions are going back for second, third, and fourth abortions.

Rape and incest? The reported incidents of such pregnancies are so rare that statistics are virtually impossible to obtain.* Women over 40? They account for only 1.7% of total abortions. Girls under 15? Only 1.2%.

They want you to believe abortion prevents child abuse. But reported cases have tripled since abortion

was legalized.

The more abortions there are in this country the more planned parenthood proponents appeal for government funding.

You pay for it with your taxes, women pay for it with their bodies, and unborn Americans pay for it with their lives.

We mean to stop it.

Slimnastics Aerobic Classes Scheduled

Dance Slimnastics, Ltd., a nationally-recognized aerobic fitness club, will offer area residents the opportunity to shape up for summer in a 4, 6, and 8-week series of aerobic dance classes scheduled to begin here the week of May 17.

The new summer session, titled "Bandstand Boogie," will give fitness-minded individuals the chance to work out aerobically as many times per week as desired. In classes, students see the results of this invigorating exercise program. They lose inches, tone muscles and improve the cardiovascular, or heart-and-lungs, system.

Students who participate regularly can feel good about a shaplier appearance for the summer months, when it's important to look and feel good.

Under the club's unique Open Class Policy, members can attend class as many times per week as desired. The class fee covers the cost to two one-hour sessions per week. Participants may also attend an unlimited number of additional class sessions at no extra cost.

The classes are fun! Students enjoy the freshly-choreographed routines which are an important facet of each session. A non-competitive spirit prevails, and class members are encouraged to dance at a level that is comfortable.

The easily-learned routines are set to a variety of musical tempos. During the "Bandstand Boogie" series, for example, students will scamper through a polka, bounce to a disco beat, and gyrate to rock. Students need no previous dance or athletic experience to enjoy the session.

Dance Slimnastics, Ltd. is a nonprofit fitness corporation headquartered in Port Washington, WI. Classes and instructor training sessions are offered in 16 states.

BeFit classes will be held at the following locations: Kettle Moraine Bowl, Hwy. 60, Slinger, on Mondays and Wednesdays at 6:45 p.m. Call Sue at 644-5089 after 5:30 p.m. to register.

West Bend Savings & Loan, 114 Main Street, Kewaskum, on

Mondays and Thursdays at 5:30 p.m. and again at 6:45 p.m. Call Vickie at 338-2396 to register.

Church Women United Plan May Fellowship Day at Peace Church

The Church Women United of Washington County will observe May Fellowship Day on Friday, May 7, at Peace United Church of Christ, 343 First St. in Kewaskum. Arriving from a county-wide area members and representatives of CWU will bring the traditional "sack lunch" at 12:15 p.m. Dessert and coffee will be provided by the host church. A nursery will be available for small children. A sack lunch should also be brought for them by their careers.

After lunch the business meeting will be conducted by President Wendy Coulter. The theme of May Fellowship Day will be "The Power of Words—Peace, Anger, Justice, Forgiveness, Power, and Hope." Like the World Day of Prayer and World Community Day, May Fellowship Day is one of three celebrations sponsored by Church Women United as a symbol of the unity of church women across the country. May Fellowship Day emphasizes creative and healing relationships in every community. The May Fellowship Day offering is not a national offering because of its emphasis on local concerns. Proceeds remain within Washington County to be used for local programs.

The public is invited to May Fellowship Day. The church is reached by turning right from the stop light in Kewaskum. The church is located about one block away on the left.

DENTAL DECAY - WHAT CAUSES IT?
by Stephen R. Van Ess, D.D.S.

Dental decay, we've all heard about it, either directly or indirectly, but what actually causes it? Is it the foods we eat, or don't eat? Is it because we forget to brush and floss as often as we should? Could we have "bad teeth?" Let's examine the cause of decay.

The attack of decay begins as a loss of calcium from a localized portion of a tooth. This is caused by the production of acid, as bacteria on the teeth digest simple sugars. This decalcification is followed by a rapid breakdown of the organic substance of the tooth. For decay to begin, three elements must exist: 1) a susceptible tooth 2) bacteria 3) simple sugars

1) A number of factors can make a tooth susceptible to decay. Some surfaces are difficult to clean, as those between the teeth or in the pits and grooves of the biting surfaces of the teeth. Because of crowding or tipping, some areas might also be hard to clean. It is possible that the tooth structure itself may also be weak, but with the use of fluoride, teeth can be strengthened against the effects of acids.

2) If an animal is raised in a totally germ-free environment, it will never develop decay. This is true, no matter how much sugar it eats, or how susceptible its teeth may be. Because it is not possible for humans to remain bacteria-free, it is necessary to reduce the amount of bacteria on the teeth through regular brushing and flossing.

3) Simple sugars are the only food source for the acid producing bacteria. As the amount of sugar consumed decreases, the amount of acid decreases, and therefore, the amount of decay decreases. Sugar is present in one form or another in the vast majority of foods we eat. It is nearly impossible to eliminate sugars from our diet. By watching the contents of food we eat, it is possible to reduce the excesses of sugars from our diets.

The three causative factors are simple: 1) tooth susceptibility 2) acid producing bacteria on the teeth 3) the intake of sugars. By reducing any one or more of these factors, the incidence of dental decay can also be greatly reduced.

Few people realize that a body will float in quicksand, as it does in water, unless the person caught struggles to release his feet.

Girls! Girls! Girls!

If you will be in first grade next year, or if you will be a senior in high school, or anywhere in between, Girl Scouts have a special program for your age and your interests.

Brownies are busy doing lots of fun crafts, singing, hiking and making new friends. Junior scouts are into earning badges, doing service projects, going on special outings and enjoying the out-of-doors. When you are a Cadette Scout in 7, 8 or 9 grade, you may go on extended troop camping, enjoy sport activities and travel to new places. Senior Scouts learn about new careers, they volunteer service and may do a fund-raiser to finance a great trip.

Girl Scouting is where it's at. No matter where you are, Kewaskum, Wayne, Farmington or Beechwood, scouting can make a difference in your life. If you did not receive a sign-up slip at your school, you may fill out this one & mail it to Pat Morgan, R.R. 2, Box 40A, Campbellsport, WI 53010. But don't delay, troops will be filling up fast, sign up now to save a spot for next Fall. You will be notified soon.

According to reports from committeemen at a meeting in the Village Hall on May 3, a large number of farmers have been approached on the matter of rural fire protection and all are very much interested in the purchase of a modern fire truck. The proposed plan is to purchase a modern fire truck, if enough money can be raised

J & J AUTO TOPICS

ON OIL CHANGING

When you add four quarts of new oil and keep the same old oil filter with 'trapped oil,' you have five quarts of dirty oil in your engine. Filters cannot hold all the sludge and acid. For the extra cost of a quart of oil and filter, it isn't worth the extra wear on pistons, bearings and valves.

In our various engine maintenance services at J & J AUTO SERVICE we notice that this is the cause for worn out parts that could have survived many more miles if the condition of the all-important oil was kept-up.

But if you do or don't, remember the drive to 450 E. Main gets you professional mechanical services. You'll like the way we treat your car. And you, too.

through subscriptions from the farmers within a radius of five or six miles from Kewaskum. The membership fee is to be \$15, payable on or before Sept. 1. The membership which would be for the life of the truck, would entitle the member to call the Kewaskum Fire Department, in case of fire, without further charge. Non-subscribers would be charged \$50 for each call. The apparatus would be housed, manned and maintained by the Kewaskum Fire Department, in return for which the Village of Kewaskum would be permitted to use the truck in emergencies.

The home talent play "Oak Farm" will be held in St. Michaels on May 8 and 10. The cast of characters includes: Joseph Staehler, Victor Schneider, Alfons Schladweiler, Albert Theusch, John Cechvala, Rayner Theusch, Leo Schladweiler, Marie Thull, Helen Staehler, Marcella Schneider and Lucille Schneider.

Upon motion made and carried at the May 2 village board meeting, the board re-appointed George F. Brandt as Village Marshal and Dr. H. Driessel as Health Officer.

RACING RESULTS

Joel Laufer of Hartford, winner of last week's controversial feature, took top honors in the Late Model Division in qualifying at the Slinger Speedway. He "clocked" a 11.930, which is an average speed of 95.14 miles per hour around the quarter mile banked asphalt track.

Robbie Reiser, son of veteran race car driver, John Reiser of Allenton, set a new track record in the Mini Stocks, with a time of 13.147, average speed 68.9 miles per hour.

Both Laufer's and Reiser's honors were short lived, because, as of Monday afternoon, this reporter talked to Promotor Wayne Erickson and he confirmed the facts that Reiser has been suspended for 2 weeks, (1 week for driving misconduct on the track during a race - 1 week for verbal misconduct with the flagman Dick Witt).

Laufer will be out, "for an extensive period of time" for "misconduct toward the judges." Roger Curtis of Plymouth. It's on record that last year, Terry Hilbrecht of Hartford was suspended for "half the year," and only did "half of what Laufer did." In fact, Erickson said, "there's no comparison, it was bad," meaning the altercation between Laufer and Curtis. Curtis had stated he wanted Laufer "out for the year."

So only time will tell how strong the penalty will be and if Promotor Wayne Erickson will stand on his rules. Erickson also said he backed his scorer "100%."

All this uncalled for temper tantrums and rhetoric over the rule that you start in the back of the pack, if you are involved in an accident and/or a spin out.

As the saying goes, that's racing!

Johnny Ziegler of Sun Prairie inherited the lead on the last of 3 caution flags, when Tony Strupp of Slinger went out with ignition problems. Ziegler went on to win the 30 lap feature, with Rich Bickle, Jr. of Edgerton and Dave Watson of Milton placing 2nd and 3rd. Dale Weyers of Meno. Falls and Willie Goeden of Kewaskum rounded out the top 5.

Sensenbrenner to Seek Re-Election

MENOMONEE FALLS - April 23 — Ending speculation he might run for Governor of Wisconsin to succeed retiring incumbent Lee Dreyfus, Rep. F. James Sensenbrenner, Jr. has announced he will seek re-election to the U.S. House of Representatives.

Sensenbrenner told Ninth District Republicans at their annual caucus Friday night he will seek a third term in the 1982 elections. The caucus gave the Congressman its unanimous endorsement at the meeting.

In announcing his plans, Sensenbrenner said President Reagan's policies were beginning to turn the economy around, but that more work was needed to finish the job. "I am seeking re-election to help the President do that job," he said.

Inflation has been cut in half and the prime interest rate has been cut by over five points since President Reagan took office last year, Sensenbrenner pointed out. "Now we must turn more attention to the number one problem of unemployment among the nation's workers," he added.

Sensenbrenner, 39, has represented the Ninth District since 1979. Currently, he serves on the House Judiciary Committee, where is the Ranking Minority Member on the Subcommittee on Criminal Justice, and the House Science and Technology Committee. He also is a member of the Housing and Suburban caucuses of the 97th Congress.

Sensenbrenner is married to the former Cheryl Warren, and they have one child, Jimmy, born last December.

The Ninth District includes all of Ozaukee, Jefferson, and Washington counties, and parts of Milwaukee, Waukesha, Dodge, Fond du Lac, and Sheboygan counties.

Indians Drubbed By New Holstein, Last in Triangular

New Holstein, probably the strongest team in the Eastern Wisconsin Conference, ran over Kewaskum last Tuesday in a boys' meet. The Indians earned only six points to New Holstein's 121 as New Holstein swept all 15 events.

Kewaskum had two seconds, by Larsen in the 200 in 25.7, and Boudreau in the 3200 meter in 10:44.

The Indians, a young team without much depth, did a little better in a triangular at Plymouth Thursday, finishing third but totaling 26 points behind Two Rivers' 80 and Plymouth's 57.

They probably might have gotten a few more points in the pole vault had Mark Durian been able to compete. Durian injured his hand and is having trouble holding the pole.

Kewaskum's top finishers were Brian Johnson in the high hurdles and Wayne Boudreau in the 1600 and 3200 meter runs. Wayne's time of 10:36 in the 3200 was his best ever.

Coach Fifrick To Conduct Football Camp

K.H.S. head football coach Mike Fifrick will direct a junior high football camp on the high school practice field this summer. It will be available at no cost to all boys in the Kewaskum School District that are currently seventh or eighth graders. The primary goal of this camp is to properly teach fundamental football skills. The camp will be held on four consecutive mornings from Tuesday, June 15, through Friday, June 18, from 9 a.m. until noon. If any boy cannot participate in all four days, he is still encouraged to attend as often as possible. Coach Fifrick will be assisted by Coach Bill Stangl and alumni athletes, Tim Heberer, Bill Heberer, Scott Nigh, Jay Petermann, Pat Miller, Ric Leitheiser, and Matt Feyrer. These coaches will run participants through specially designed progression drills aimed at giving attention to areas that improve personal ability.

This camp will be a non-contact camp, and the boys will not wear any protective equipment. Tennis shoes, a T-shirt, and gym shorts or sweatpants will be appropriate attire. While there is no cost, the parents of each camper must sign and return a liability waiver before he will be allowed to participate in the camp. This waiver can be obtained at all schools in the district, both public and parochial. This form can then be returned to the school office.

If there are any questions, please call Coach Fifrick at 626-4945.
