## Regal Ware to Form Joint Venture With Moulinex S.A.

KEWASKUM, WI — Regal Ware, Inc. and Moulinex S.A. have announced their intent to form a joint venture for the manufacture and marketing of the Moulinex products in the United States, pending approval of the Board of Directors of both firms. The new firm will be Moulinex Regal, Inc. headquartered in Virginia Beach, Virginia.

Moulinex S.A. is a leading manufacturer with plants and marketing subsidiaries located throughout the world. The

Moulinex name, synonymous with high quality and prestigious products for the home, has been recognized worldwide for decades. Product offerings include food preparation, home maintenance and personal care appliances.

The Virginia Beach operation was opened in 1979 for the manufacture of La Machine Food Processors and for the physical distribution of the Moulinex line. The ultra-modern and highly efficient facility provides full range manufacturing capabilities for the production of food proces-

sors and other electrical appliances.

Regal Ware, Inc. is a privately-held multi-plant manufacturer of cookware, microwave accessories and kitchen electrics. Founded in 1945,

Regal is nationally recognized as a leading producer of cookware and small electric appliances. Regal's products are marketed worldwide.

Small appliances, cookware and bakeware represent nearly

half the total housewares market. The combination of the Regal Ware and Moulinex Regal line brings to the marketplace the broadest selection of housewares products available in the U.S.

## Annual Picnic Here This Weekend

### Parade to Feature 10 Bands, Drum Corps

The annual Kewaskum Firemen-Legion fund-raising picnic will be held in River Hill Park (old village park) this Saturday evening and Sunday, July 10 and 11.

Saturday evening the Kewaskum High School swing choir will perform from 6:30-8:00 p.m. on the bandstand. In the beer garden live music will be supplied from 8 to 12 p.m. by Gary Cross and the Cedar Creek Band. All of the rides, refreshment and food stands will be in operation.

Starting off the festivities on Sunday will be another excellent parade, one of the best to be seen in this area, at 12:00 noon sharp. The parade, one of the highlights of the event, will feature ten bands, drum and bugle corps and baton twirlers, including our excellent Kewaskum High School Band, Hartford Municipal Band, Georgie Girls, Wausau Story Drum & Bugle Corps, Wisconsin Lutheran Cadet Band, Janesville Fife & Drum Corps, West Bend High School Band, Random Lake High School Band, Elm Youth Band of Sheboygan and Syl. Groeschel Orchestra.

Other units in the parade will include beautiful floats, drill teams, majorettes, children's specialties, comic entries, music, clubs, organizations, visiting firemen and equipment, Legionnaires, antique cars, riding horses, and more.

The parade will form on the high school campus and ad-

acent streets, from where it will proceed to the park. All participants should be present to line up no later than 11:30 a.m. Persons wishing to enter the parade should contact Bob Staehler, parade chairman. Theme for this year's parade will be "When You Say Wisconsin, You've Said It All." Businessmen, industries and organizations are urged to enter a float. Prizes will be awarded for the best floats and children's specialties.

Immediately following the parade there will be exhibitions by drum and bugle corps in the park. There will be continuous music throughout the afternoon and evening. In the beer garden music will be by Syl Groeschel's Band from 2 to 6 p.m. and by Ida Red from 8 to 12 p.m. and Bernard Fechter's orchestra will entertain from 3:30 to 5:00 p.m. and 7 to 9 p.m. on the bandstand.

Men's water fights will again be held at 6 p.m. Sunday with many neighboring fire departments competing.

Tickets are on sale for \$800 in savings bonds to be given away, including a first prize of a \$500 bond, second prize of a \$200 bond and third prize of a \$100 bond. A total of eighty valuable merchandise prizes will also be given. Tickets can be purchased from any fireman, Legionnaire and at some business establishments.

Attend the Kewaskum picnic

this weekend for refreshments, food, games, rides and fun!

## Attend Kiwanis International Convention

Roy Esser of Kewaskum, Vice President of the Kiwanis Club of Kewaskum, attended the 67th annual convention of Kiwanis International in Minneapolis, Minnesota, June 27-30.

Also attending from the same club was Lem Rosenheimer.

The International Convention serves as the "annual meeting" of Kiwanis, at which officers and trustees for the coming year are elected, essential business is conducted, such as the adoption of amendments to the constitution and the adoption of resolutions, and public acknowledgement is made to individuals, clubs and districts who have achieved various goals throughout the year.

Convention speakers included Kiwanis International President E. B. "Mac" McKittrick, Edmonton, Alberta; the president of Kiwanis' two youth groups: Alan J. Prince, Newnan, Georgia, president of Key Club International (for high school students), and Kenneth P. Burke, Seminole, Florida, president (for college students); The Honorable William F. Bolger, U.S. Postmaster General; Mrs. Shirley Temple Black, former actress and former Ambassador to Ghana; The Reverend Norman Vincent Peale, clergyman and lecturer; Bob Newhart, comedian and television personality; and singer Lynn Anderson.

Special recognition was also given to a Kiwanis Decency Award winner.

This year's Connelly Medal for heroism went to Bobby A. Marlowe, Jr., Asheville, North Carolina, who rescued two men from burning automobiles which had collided head-on.

All major meetings were held in the Minneapolis Auditorium and Convention Center.

## Stoffel Named Outstanding Young Man by Jaycees

The Kewaskum Jaycees are proud to announce that Daniel W. Stoffel is the recipient of this year's Outstanding Young Man award. Dan is a lifelong resident of this area; he graduated from Kewaskum High School in 1969 with high honors. Shown in the photo is Roy Peterson, left, president of the Jaycees, congratulating Stoffel. Dan lives west of Kewaskum on Hwy. 28 with his wife, Joan, and their two daughters. He has a Bachelor of Science degree in biochemistry from the University of Wisconsin-Madison, graduating in 1973. As an employee and officer of Stoffel Farms, Inc., Dan works with his grandfather, father, uncle, brothers, and cousins in their large dairy and seed grain operation.

Since moving back to his family's farm, Dan has been very active in his church and other community activities. He has been a supervisor for the Town of Kewaskum since 1977, and is also the secretary-treasurer of the Washington County unit of the Wisconsin Towns Association, a position he has

held since 1979. Dan was elected to the Holy Trinity Parish Council in 1981 and currently serves as a council member. He was the featured speaker at this year's National Honor Society induction banquet, and has participated in other past community projects. His wife, Joan, is very active in Kewaskum's Junior Woman's Club, and serves as this year's president.

The Jaycees salute Dan and his family for their community involvement, and congratulate Dan for being named the 1982 Outstanding Young Man.

## Blood Pressure Screening Clinic

A blood pressure screening clinic will be held in Kewaskum, Wednesday, July 14, from 11:00 to 12:00 noon at the Kewaskum Senior Club at American Legion Hall, 1538 Fond du Lac Avenue. This clinic is a service offered by the Washington County Community Health Nursing Service and is provided without charge.

## Father Berghammer New Pastor at Holy Trinity

Father Robert Berghammer of Presentation of Blessed Virgin Mary Congregation, 705 Michigan Ave., North Fond du Lac, has been appointed pastor of Holy Trinity and St. Bridget's congregations by Archbishop Weakland of Milwaukee. He was ordained in 1949.

On July 13, Father Berghammer will succeed Father John T. Budde, who is retiring

after serving as pastor for the past 24 years.

Father Budde will be moving to his home town of Beaver Dam. He will live at the Budde homestead, one mile from Beaver Dam, with his brother, Richard Budde and family. He will assist Father Walsh at St. Patrick's Catholic Church in Beaver Dam.

# From the School Board President's Desk....

Why did the Board need a consultant? Why did you pick that consultant? Are you throwing our money away? These are some of the questions I've received.

First of all, choosing a new superintendent will be the single most important decision our Board is to make. The superintendent is not the same as a teacher; the superintendency is an executive position. So why did the Board need to hire a consultant? The search and screen process is not a one or two hour job. All of the Board members have other full-time concerns. Since we would like to get the new superintendent as soon as possible, we need some help. There are situations that call for do-it-yourselfers and others that call for the appropriate professionals. You wouldn't ask a vet to fix the plumbing. Consultant firms specialize in recruiting, evaluating, and interviewing candidates. The Board recognized that we were lacking expertise in this area.

Furthermore, there are several legalities that must be observed during the interviewing process. The consultant is aware of current federal and state laws affecting this process; the Board is not. The confidentiality of the applicants would also be assured.

Finally, a consultant can obtain more in-depth candidate information through testing. The board does not have this expertise. Because of our jobs, the Board simply cannot check the community in which the final candidates are either living or operating, as the consultant can. The consultant has the ability to check credentials and detect misinformation.

What I'm saying is that the position is so important that it justifies calling in a professional to guide the Board in setting up the search and screen procedure. Sometimes, not always, you get what you pay for. This is an example of a time we will get our money's worth. The superintendency is a highly responsible position directing a five million dollar budget. It's picayune to complain about the cost of finding the best qualified person when the potential errors of a less qualified person could cost us so much. I don't like to spend money, but sometimes, like now, one must spend a little to save a lot.

The two proposals that came before us had as their only similarity the end result: a superintendent. The methods, the degree of detail, the amount and type of assistance, all differed sharply. If you wish to see the differences between the two, ask me or any Board member to show you the proposals. I think you will then agree that there was a vast difference between the two, and the Board chose the better one for our district.

Dr. Charles J. Ogi

## Salvation Army Appeal Results Behind Last Year

Results from The Salvation Army's Spring Mail Appeals are below last years level at this time.

Mr. Leonard Holt, Director of The Service Extension Program serving many areas of the state, said that continued slow response would affect year round community programming and diminish statewide support to such programs as fresh air camps for senior citizens and families.

The appeal is about 25% below last years response level. Within only six weeks remaining in the appeal period, the goal of \$64,000 for the combined camp and association membership appeal has not yet reached 50% of fulfillment.

The public is urged to support

the year round work of The Salvation Army by making a donation soon.

Donations may be sent to: The Salvation Army, Service Extension Program, 4757 N. 76th. Street, Milwaukee, Wisconsin 53218.

Contact: Mr. Leonard Holt 1-800-242-7094.

from Tom Leitzke, R.P.H.

### STRONG TEETH

Lack of calcium in the diet is responsible for jawbone erosion and its resultant loss of teeth, report Cornell Univ. scientists. A pilot study with added calcium in the diet produced significant increases in density of jawbone. "Because of decreasing consumption of milk," they report, "the U.S. diet does not provide sufficient calcium to maintain healthy bone structure and teeth." Calcium supplements are available from your pharmacist.

## Campbellsport Boy Drowns

A six-year-old rural Campbellsport boy drowned Saturday morning while swimming at a lake near Stevens Point, the Portage County Sheriff's Department reported.

The victim was Bradly D. Whittaker of Route 3, Campbellsport, who drowned while swimming with his family at Vista Royale Lake, a private lake in the Vista Royale campgrounds north of Bancroft.

The boy was last seen around 10:30 a.m. Saturday. He was reported missing by his parents at 11 a.m. His body was discovered in five feet of water, 35 feet from shore about a half hour after he was reported missing.

A search party of about 15 people looked for the body, a spokesman for the sheriff's department said. Deputies administered cardiopulmonary resuscitation at the scene.

The boy was transferred to St. Michael's Hospital in Stevens Point, where he was pronounced dead at 1:34 p.m.

Bradly Whittaker was born on June 4, 1976, in Fond du Lac, a son of David C. and Virginia Krahn Whittaker. He attended kindergarten at Campbellsport school and was a member of First Baptist Church in Campbellsport.

Survivors include his parents; one sister, Heather, at home; his maternal grandparents, Raymond and Dorothy Krahn of Beechwood; his paternal grandmother, Mrs. Dorothy Whittaker of Fond du Lac; and great-grandmother, Mrs. Florence Faul of Fond du Lac.

Funeral services were held at 1:30 p.m. Wednesday at First Baptist Church, Campbellsport, with the Rev. Norman LeClerc officiating. Burial was in Union Cemetery, Campbellsport.

Visitation was from 6 to 9 p.m. Tuesday at the Twohig Funeral Home, Campbellsport.

## Open House at The Threshold

To better educate Washington County residents on services available to the disabled population of the county, The Threshold, Inc., located at 600 Rolfs Road in West Bend, is sponsoring an Open House on Wednesday, July 14, from 1:00 - 7:00 p.m. The theme for the Open House is "Accessing Rehabilitation Services in Washington County."

During this event, county residents are encouraged to visit the facility and see what services are currently available to individuals in Washington County with developmental disabilities, mental health disabilities or alcohol/drug related disabilities. Volun- teers will also have an opportunity to question representatives or other rehabilitative human service areas on other services that might be available to people with disabilities.

In the morning there will be a closed session for professionals involved in the human service areas, the CCSA Board and members of the Mental Health and Developmental Disabilities Task Force.

In the afternoon, there will be an Open House for the general public. Guided tours and refreshments will be available at any time between 1:00 and 7:00 p.m. During the hours of 1:00 and 3:00, there will be an opportunity to view programs and production during a normal operational day.

If anyone in the rehabilitative human service area has not been contacted regarding setting up a display for July 14, contact Dale Thomas at 338-1188.

## Sign Up Begins Friday For Second Session Of Swim Lessons

The second session of swimming lessons at the Kewaskum Beach will begin Monday, July 19, and will last four weeks.

Sign up will be Fri., July 9; Sat., July 10; Mon., July 12; Tues., July 13, and Wed., July 14, from 4:00 to 7:00 p.m.

Starting Thursday, July 8, Thursday will be designated as adult night from 6:30 p.m. to 9:00 p.m.

## Area Students Graduate from MPTI

The following area students were among recent graduates at Moraine Park Technical Institute, Fond du Lac: Sharon Anne Allmann, Kewaskum, Diploma - Account Clerk; Carolyn Joanna Gremminger, Kewaskum, Diploma - Child Care Services; Christine McEwen, Kewaskum, Diploma - Data Processing Machine Operation; Todd Richard Rodenkirch, Kewaskum, Associate Degree - Data Processing - Computer Operations.

## Birth

GESSNER — A son, Randy Joseph, to Byron J. and Sharon Gessner, Route 1, Kewaskum, on Wednesday, July 7. Paternal grandparents are Mr. and Mrs. Byron W. Gessner, Route 1, Kewaskum. Maternal grandparents are Mr. and Mrs. George Vande Boom, Newburg.

## Local Lions Club Helps Build School in Peru

A water supply for the village

Milwaukee, — A schoolhouse in a rural area of the South American country of Peru has been built by Lions Clubs of southeastern Wisconsin. The international aid project was completed with the cooperation of the midwest office of CARE here and the participation of 39 area Lions Clubs. Taking part were the Kewaskum Lions Club and Fredonia Lions Club.

For more than a decade the Lions Clubs here have worked with CARE on the international scene to provide aid and self-favored parts of the world in a spirit of world brotherhood.

Reuben Sader, 435 N Moreland Blvd, Waukesha, a past district governor of Lions District 27-A2, acted as Lions CARE Chairman for the undertaking in Peru's La Libertad Province. Almost \$3,000 was provided.

CARE in Peru, working with the village school committee, organized a volunteer labor force and supervised construction. The Peruvian Ministry of Education is providing the teacher and will assure continuing maintenance.

The Lions have previously supported CARE nutrition centers, water systems and agricultural programs overseas.

## DAY CARE CENTER TO OPEN IN AUGUST

A children's day care center for tots 2½ years old to school age is being planned to be opened the latter part of August.

The daily program will be a planned agenda of different activities with time for play and self-expression to help each child develop. Center hours will coincide with the working hours of parents and will be open five days a week. Fees will depend on the amount of time a child spends in the center. Because there is a limit to the number of children that can be accommodated in the present space, enrollment will be on a first come, first served basis.

For more information and registration call 626-2267 after 4 p.m.

## Dear Friends

Grief at the passing of a loved one is both natural and normal. Even Jesus wept at the death of Lazarus, the Bible tells us. Death brings loneliness and emptiness — one with whom so much was shared no longer is sharing with us. Good friends will not belittle one's grief, but rather will help the bereaved, thru new interests, to gradually overcome their grief.

Respectfully,

Pat Miller

# Memories...

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the olden days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

This will be annual picnic weekend again in Kewaskum. This above photo goes back to show part of one of the parades held years ago. Note the ancient Model T in the center foreground. Can anyone identify the driver and his passenger?  
(Photo submitted by Edna Braun)

## 4-H Demonstration Contest Held in County

Thirteen Washington County 4-H members participated in the county 4-H demonstration program on June 30.

Members could demonstrate on an individual basis or in teams of two. Mary Lou Qualler served as the judge and provided many helpful comments to all the participants. The ribbons received were as follows:

**BLUES:** Lori Prochnow, Holly Prochnow and Diane Buckman, Monica Pikoske and Patty Hupfer of West Bend.

**REDS:** Colleen Curry, Kewaskum; Robin Richter, Matt Gehl and Brent Johnson, Karen Pikoske, Kris Rauh and Brenda Ripley of West Bend.

**WHITE:** Brandy Ripley of West Bend.

Two members' demonstrations were selected for nomination to the Wisconsin State Fair. These demonstrations were given by Patty Hupfer and Lori Prochnow of West Bend.

All participants received cash awards from the Belle Albright Memorial Committee for their demonstrations. Paul Cypher, Chairman of the Committee presented these prizes.

## Food Drying Class To Be Held in County

Every gardener labors over his plot with the anticipation of a bountiful harvest at summer's end.

But when your freezer is overflowing and the thought of standing over a hot pressure canner blisters your good intentions, perhaps it's time you tried food drying, a popular "new" food preservation method.

Fruits, vegetables, herbs and even meat can be safely dehydrated with a little know-how. The University of Wisconsin-Extension is offering a class in food drying, July 27, from 1:00 to 4:00 p.m., at the University of Wisconsin, Washington County Campus, Room 201.

Mary Bell, author of "Dehydration Made Simple," will discuss the advantages and disadvantages of food drying and demonstrate techniques for drying and rehydrating foods safely. She'll also talk about what to consider when buying a food dehydration system.

The class costs \$15 per person which includes a publication "Home Drying of Foods" and other printed materials and samples of the demonstrated foods.

For more information on the food drying class, call Mary Beth Goeden, Washington County Summer Extension Home Economist at 338-4479.

This program is co-sponsored by the UW-Extension Environmental Resources Unit and Family Living Education.

## Campus Notes

The names of the 1,689 students named to the Dean's List and Honor Roll for the 1981-82 spring semester have been announced by the University of Wisconsin-Oshkosh officials.

To qualify for the Honor Roll, students must have not less than 12 credits for the semester and a grade point average of 3.3 and above. Those with a grade point average of 3.75 and above qualify for the Dean's List.

Among those on the Honor Roll and Dean's List from the Kewaskum area are:

**KEWASKUM** — Sandra A. Beisbier, 1212 Roseland Dr. (Dean's List - Straight "A"); Donna M. Ehnert, 1323 Roseland Dr., (Dean's List - Straight "A"); June A. Knowlton, 139 Forest Ave. (Dean's List - Straight "A"); Lori J. Marx, 2593 Ridge Rd. (Dean's List); Janet A. Matenaer, 2050 Hwy. 28; Sheryl L. Squier, 1305 Roseland Dr.

**CAMPBELLSPORT** — Randall J. Anders, 118 Martin St.; Corrine D. Becker, Route 3, Box 172 (Dean's List - Straight "A"); Kathleen Candee, Route 2, Box 25 (Dean's List); Jill J. Galabinske, Route 2, Box 163C, (Dean's List); Joseph A. Jaeger, Route 1, Box 251; Nancy J. Janous, 261 Railroad St.; Maureen J. Koch, Route 2, Box 247; Charisse R. Lenz, Route 2, Box 198A; Gregory J. Schiek, Route 3, Auburn-Ashford; Julie A. Treiber, Route 2, Evergreen Lane.

Students from 95 high schools throughout Wisconsin have been selected by the University of Wisconsin-Whitewater to receive the 1982 Award for

## Excellence in Language Study.

Among those selected were: From Kewaskum High School, Jill Yearling and Gail Backaus, Spanish, and Jenny Mueller and Colleen Kumrow, German.

Each year the Foreign Language Department at UW-Whitewater honors the two outstanding students in each foreign language at various state high schools and each student receives a certificate indicating the honor.

The awards program was established to help recognize the importance of foreign language studies, as well as to honor those who excel in the respective language studies.

## HOLY TRINITY PARISH COUNCIL ELECTION HELD

Dennis Bingen and Allen Schoofs were re-elected to three year terms to the Holy Trinity Parish Council as a result of the balloting held Sunday, June 27. Other candidates were Arnold Stommel and Isabelle Muckerheide.

## Zank-Behnke

Karen Marie Zank and Thomas H. Behnke exchanged marriage vows on Saturday, June 26 during a ceremony performed by the bride's father at Immanuel Lutheran Church, Medford.

Parents of the couple are Pastor and Mrs. Marvin W. Zank, 327 E. Broadway, Medford, and Mr. and Mrs. Orval E. Behnke, 230 Clinton, Kewaskum.

Jeanette Dobberstein was the organist and the soloists were Pastor Marvin W. Zank and Vicar Richard A. Scheibe.

The bride chose her sister, Elizabeth Zank, Medford, as her maid of honor. Katherine Behnke, Kewaskum, sister of the groom, was the bridesmaid.

Bruce Behnke, Suamico, Wis., a cousin of the groom, served as best man. The groomsmen were Richard Zank,

Medford, brother of the bride.

Sharing ushering duties were Timothy Brost, a friend of the bride, and Ronald Schmitz, brother-in-law of the groom.

Dinner for 125 guests was served at the church and the reception followed at the home of Bill and Bonnie Gebaver.

The bride is a 1976 graduate of Medford Senior High School and is employed at Farmers State Bank, Stetsonville.

The groom is a 1973 graduate of Kewaskum High School, a 1978 graduate of Northwestern College, Watertown, Wis., and a 1982 graduate of Wisconsin Lutheran Seminary, Mequon, Wis. He is a pastor-instructor at Michigan Lutheran Seminary.

The couple spent their honeymoon at Cherokee Village, Arkansas, and will be making their home at 2128 Court St., Saginaw, Michigan.

## Breuer-Steinhardt

Cindy B. Breuer and Jeff Steinhardt exchanged marriage vows during a 1:00 p.m. ceremony on Saturday, June 26, at Peace United Church of Christ, Kewaskum. Rev. Darrell Joiner officiated.

The soloist was Dale Luedtke. The bride was presented in marriage by her parents, Mr. and Mrs. Don Hammermeister, 606 E. Decorah Road, West Bend. Parents of the groom are Mr. and Mrs. David A. Domasky, 8701 Boltonville Road, Kewaskum.

The bride chose her sister, Marge Kufahl, West Bend, as

her matron of honor. The bridesmaids were Barb Vore, Hetty Hartmann and Mary Piontek, all friends of the bride. Angela Kufahl and Marisa Gagnon were the flower girls.

Mark Steinhardt, Kewaskum, brother of the groom, served as best man. The groomsmen were Bruce Steinhardt, brother of the groom and Dan Sackett and Mike Piontek, both friends of the groom.

Ushering duties were shared by Roger Kufahl and Mike Steinhardt.

A reception, dinner and

dance at the Knights of Columbus Hall, West Bend, followed the ceremony.

The bride is a 1980 graduate of West Bend High School and a 1982 graduate of Moraine Park Technical Institute. She is employed as an assistant manager at Nobil Shoes.

The groom is a 1980 graduate of Kewaskum High School and is employed as a graphic arts technician at Serigraph Sales.

The newlyweds spent their honeymoon at MacKinac Island and are residing at 851 Birchwood Dr., Apt. 10, West Bend.

## Groeschel-Schlawin

Denise Groeschel, Kewaskum, and Matthew Schlawin, Kirkwood, Missouri, were united in marriage during a 3:30 p.m. ceremony performed in St. Lucas Evangelical Lutheran Church, Kewaskum, on Saturday, June 12. Pastor Paul Hoenecke officiated.

Mrs. Paul Hoenecke was the organist and the soloist was Wallace Cudnohoske, uncle of the bride.

Parents of the couple are Mr. and Mrs. Roger Groeschel, Kewaskum, and Mr. and Mrs. Wallace Schlawin, Kirkwood, Missouri.

Pam Groeschel, Neenah, served as her sister's maid of honor. The bridesmaids were Lisa Koepp, Citrus Heights, California, and Beth Schuppe, Memphis, Tennessee, both friends of the bride.

Benjamin Schlawin, West St. Paul, Minnesota, attended his brother as best man. The groomsmen were Jonathan Willitz, Menomonie, Wisconsin,

and Daniel Aswege, Longmont, Colorado, both friends of the groom.

L/Cpl. Mark R. Groeschel, brother of the bride, and Joseph Schlawin, brother of the groom, shared ushering duties.

A dinner for 180 guests was served in the church parlor and the reception was held at the home of the bride's parents.

Both the bride and the groom are graduates of Dr. Martin Luther College, New Ulm, Minnesota. The groom also attended Macalester University, St. Paul, Minnesota, for one year of graduate study in computer math.

The bride is an elementary parochial school teacher and her husband is employed as a math teacher at Fox Valley Lutheran High School, Appleton, Wisconsin.

The newlyweds spent their honeymoon at the 1982 World's Fair in Tennessee and are residing in Appleton.

### Friends for Battered Women Receives Grant From Archdiocese

Friends for Battered Women in Washington County has received funding from the Milwaukee Archdiocese Campaign for Human Development for the second year.

The agency will use its \$2,000 grant to continue advocacy work for victims of domestic violence.

Campaign for Human Development looks for self-help organizations of low-income people working to fight the causes of poverty. A 13 member volunteer committee drawn from across the archdiocese recommended funding after a careful review of the 40 proposals submitted.

Sixteen other grants were made to self-help groups within the archdiocese.

# Kewaskum Special Olympics Banquet Held

By GERRY MUELLER  
Statesman Staff Writer

At its first annual banquet, held June 16 at the Glacier Inn, sponsors and supporters received public recognition for their continuous backing of the Kewaskum Special Olympics team. Over fifty people, including sponsors and families, were in attendance to help the team and its coaches celebrate a very successful year of competition.

Kathy Charland, Diana Glick

and Jeaneen Kudek, the team coaches, noted that without the excellent personal and financial support of Kewaskum organizations, businesses and private citizens, the youngsters would not have been able to attend and compete in the various competitions throughout the state this past year.

Certificates of Recognition were presented to Regal Ware, Incorporated represented by John Tassar, The United Way represented by Floyd Brenholt

and Kiwanis represented by Vincent Groh. Recognized as "Outstanding Citizens" were Mr. and Mrs. Robert Staehler, for their personal support of the team. Not present at the banquet, but also receiving recognition plaques were, Miller's Furniture and the Lions Club.

Jeaneen Kudek received a floral centerpiece for her work with the team. This reporter was very honored to accept a plaque for coverage of the

team's accomplishments.

With the excellent encouragement and coaching, six youngsters who attended the state meet at Stevens Point in June all came back winners. Rich Holl returned with a first place Gold Medal in 50 meter run and a third place Bronze Medal in softball; Stacy Mueller received a Gold Medal in the run and Bronze in softball; Joanne Stautz received a Fifth Place ribbon for the Long Jump;

James Paulsen a Bronze Medal in softball; Mike Busse a Fourth Place ribbon in softball and Jean Wiesner Second Place Silver Medal in the Long Jump.

All the team members were presented with trophies for their participation in the various regional and state competitions during the year.

The success of the banquet resulted in a unanimous feeling by everyone present that it should become an annual event.

Jean Wiesner, left, presenting certificate of recognition to John Tassar representing Regal Ware.

Julie Morgan presenting award to Mr. and Mrs. Robert Staehler.

Rich Holl presenting certificate to Floyd Brenholt - United Way.

Jeaneen Kudek receiving floral centerpiece from Joanne Stautz.

Tony Zak presenting certificate to Vincent Groh - Kiwanis.

Joan Bath presenting plaque to Gerry Mueller.

# Here's Some Good News About Home Financing

YOUR COMPLETE FINANCIAL RESOURCE CENTER  
STILL MAKES HOME LOANS TO QUALIFIED BUYERS

West Bend Savings is one of the few remaining **active** mortgage lenders in Wisconsin -- and not by accident. Strong savings growth and renewed participation in the secondary mortgage market have made West Bend Savings a leader in home financing.

As a leader, we're committed to revitalizing the real estate market. As a local financial institution, we have a responsibility to you and to the communities we serve. And, we firmly believe that Washington County will be as vibrant and growing tomorrow -- as it was yesterday.

Because of our commitment to you, we offer the widest variety of loan opportunities. If there is any way for us to get you into the home of your dreams, we will.

West Bend Savings offers long term, variable interest rate loans - at rates lower than those

normally being quoted throughout Wisconsin. With a variable rate loan you are guaranteed a long term with no need to renew or renegotiate every few years. And, the interest rate is guaranteed from six months to three years before any increases or decreases would become effective.

Now is the right time for buying a home. Prices have leveled off and most sellers are willing to negotiate. See your realtor today.....because when the economy improves - home prices will again increase.

For over fifty-six years West Bend Savings has been Washington County's home loan leader and we intend to stay #1. Why not come in and talk with one of our loan officers? They'll explain all the details and show you why thousands of families, buying or building a home, have come to West Bend Savings for their home financing.

**Allenton Volunteer Fire Department  
Now Offers Ambulance Service**

The Allenton Volunteer Fire Dept. is now offering ambulance service to its surrounding areas. The Allenton area has been served for the past 5 years by the Allenton Fire Dept. Rescue Squad which was manned by 14 EMT's (Emergency Medical Technician) and 10 drivers. This service was then backed up by the area ambulances. Now all emergency medical service will be handled by the Allenton Volunteer Fire Department.

The new ambulance was manufactured by Road Rescue, Inc. and is equipped with all the latest state required medical equipment. In addition to the ambulance service the rescue squad first responder unit will be maintained as a back up unit to insure constant protection even during a major incident.

The primary service area of this ambulance will be the surrounding Allenton Area.

The unique circumstance around this ambulance is that all labor required for training sessions and operation of the unit is volunteered.

The ambulance, as all Allen-

ton Fire Department services are dispatched by the Washington County Sheriff's Department and their emergency telephone number is 414-338-4411.

**County Junior Holstein Association Sponsors  
4-H, FFA Fitting and Showing Contest**

The Washington County Junior Holstein Association sponsored a Fitting and Showing Contest on June 25 at the Howard Proeber farm, rural West Bend.

The event began with the assignment of animals to participants. Juniors, members age 8-14, worked in teams of 2 or 3, on calves. Seniors, members ages 15-18, worked individually on cows.

Before starting to fit their animals, Dwight Mayer, Slinger, gave a demonstration on the proper way to clip an animal. 4-H and FFA dairy

project enthusiasts then spent the morning clipping, washing and training their animals to lead for an afternoon show.

Following lunch, the showmanship was judged and the best fitted animals were selected. Niles Wendorf, Crescentmead Farms, Ixonia, served as the judge.

Since the juniors had worked in groups, each person in the team took a turn leading their calf. In the first division of juniors, Amy Langenecker, Hartford took first and also had one of the two best fitted junior

animals. In the second division of juniors, Christa Pamperin, Allenton, led her animal to the top spot. The final division of juniors saw Amy Seideman, West Bend, coming out on the top. The second junior shown animal chosen to compete for best fitted honors was prepared by Doug Mayer, Slinger, and Kelly Becker, Hartford.

The senior competition was divided into two groups, Eugene Hetebrueg, West Bend, won both fitting and showing honors in the first group. In the second group Ellen Hetebrueg of West Bend won showing honors, while Robert Falk, West Bend won fitting honors.

In overall competition, juniors and seniors faced one another for the "grand prizes." Eugene Hetebrueg again took both prizes. Ellen Hetebrueg and Amy Langenecker took second place overall for showing and fitting respectively.

Many county agri-businesses donated door prizes and each person participating received a gift. Eugene will receive a plaque for his outstanding accomplishment.

The Jr. Holstein Association would like to thank the agri-businesses for donating prizes. They would also like to thank all the participants and their parents for coming to this event.

**New 'Open Container' Law Is 'Law of the Month' for July**

Changes in Wisconsin's law regarding transporting opened containers of alcoholic beverages will be the subject of the State Patrol's "Law of the

Month" for July.

Captain W. C. DeGuire, Commanding District 3, of the Wisconsin State Patrol, said under the new law, which went into effect May 1 as part of a tough, new drunken driving law, it is now illegal to transport any opened containers of intoxicants in the passenger compartment of a motor vehicle, or on your person while driving or riding in a motor vehicle.

Sec. 346.935, Wis. Stats., states that opened containers of beer, wine or liquor, or containers with the seal broken, must be transported in the trunk, not in the glove or utility compartment, of an auto. In vans, trucks, motor homes or other vehicles without trunks, opened containers of intoxicants must be stored in an area not usually occupied by passengers.

DeGuire said the state uniform traffic deposit schedule requires posting of \$64 if the violator is a passenger, or \$120 if the violator is the driver of the vehicle. The driver is responsible whenever the container is not in the possession of any particular passenger.

Passenger buses are exempt from the law, DeGuire added.

State troopers will be explaining the provisions of the open container law in their public contacts, as part of the new drunken driving law. County and local law enforcement agencies are invited to join in the "Law of the Month" educational program, which stresses a timely law or driving problem each month.

When your outgo exceeds your income, your upkeep must be your downfall.

Pranksters "redecorated" the exterior of the Joe Enright home in Boltonville while he attended the Fire Chiefs convention in Eau Claire June 18 and 19.

# Letters to the Editor

7/3/82

Letter to the Editor:

Yes, I had an accident. On June 24th at 4:00 p.m., I took my 5-foot aluminum stepladder to the garage to get a 3 1/2' x 2' flat board off the rafters. Taking a small rake with a 4' handle, I reached up to grab the 2 x 4 rafter in order to pull myself upward to the third step up on the ladder. Now I could hold on to the frame of the door opener motor with my right hand as I clawed off the flat board with my rake. Alma, my wife, came out just then to check on me and stood by the ladder as I stepped down one step. For some unexplained reason my mind told me I only had one more step to the ground, therefore, I stepped backwards, only to find no floor within reach and I had released my hold onto the ladder. Fortunately, my feet struck the floor first and I stepped two steps backward hoping to check my fall, then my mid back hit the cement parking log, which is in front of my auto, and my head bounced on some loose flat boards.

My God in Heaven had allowed me to step back two short steps, otherwise my head would have struck the cement log and a skull fracture, if not instant death, would have occurred.

My head did not hurt and no hint of a whip lash injury to my neck was apparent. Alma helped me up and I walked to our patio rocker to rest for a half hour. There was no reason to call the ambulance or a doctor as the need for an xray could await the morning.

On Thursday A.M., I arranged with Dr. R. D. Gibson for an exam and xrays. He placed me in the hospital because I had received a mild compression fracture of the Lumbar 111 Vertebra, (belt level).

I returned home on Friday, July 2, and am able to stand and walk with a corset-like brace to help hold me erect. No bending forward for three months, was my sentence, then I should be as good as new - we hope.

Gratefully happy to be alive,  
Doc Edwards

....

6/29/82

To the Editor:

June was officially designated as Foster Parents Month; however, one month is certainly not sufficient time to recognize and honor these parents who take other children into their

homes and provide care, supervision, and guidance throughout the year or perhaps for many years.

Although most foster homes accept neglected or delinquent children, there are some which accept the retarded, severely handicapped, or autistic. I wish to particularly pay tribute to those unique foster families which take in autistic children.

For those unfamiliar with this severely debilitating syndrome, autism is a condition characterized by three basic deficits:

1) Totally inadequate socialization skills. "Autism" is taken from the Greek work meaning 'self', and indeed the autistic child appears to be alone in a separate world with little recognition or attention given to other human beings. Autistic children may avoid eye contact with others, may seldom engage in spontaneous play with anyone, and as infants may not conform to being held in the arms.

2) A lack of, or extreme difficulty with language. Half of all autistics are mute, while the others half are echolalic, repeating what has been said by others with telegraphic-like speech. Many autistics may have to be trained to use sign language or language boards for communication.

3) Bizarre or ritualistic behaviors. Most autistic children engage in either rocking back and forth, flapping the hands wildly, walking on the toes or heels, or flicking the fingers in front of the eyes, etc. In severe cases, there can be self-mutilation as headbanging or biting.

Other symptoms include an obsessive need for sameness in routines and placement of objects, an erratic developmental sequence, and either super-sensitivity or a seeming lack of sensitivity to sensations as hot or cold.

The cause of autism is specifically unknown, but it is conceded that it has a physiological origin and is not a type of 'mental illness'. It is most likely due to subtle brain damage within the reticular formation of the brainstem which allows a person to usually sort out sensations and make sense of them, or the damage may be within language controlling areas of the temporal lobe or left hemisphere of the brain. This damage may have occurred prior to or at the time of birth. A cure for autism is obviously not known, but proper supervision and behavior management can alleviate some of the symptoms so that the autistic person may function semi-independently.

Foster parents of an autistic child, although not being the legal custodian or legal guar-

dian, act as the physical custodian and, for the vast majority of the time, have immense responsibilities as to day-to-day care, providing constant 24-hour supervision, providing adequate exercise and resting conditions, seeing that medical and dental needs are met, and providing food and clothing, as well as coping with the very strange behaviors of such children and the resultant stress.

Such foster parents must possess infinite patience. Their initial concern, their intimate knowledge of such a child, and their persistent advocacy for a proper and precisely engineered education under qualified personnel is to be lauded and cannot be discounted. The rewards of such true parenting may seem slight but are actually immense; to see a child use sign language to indicate a desire for the first time, or to button a shirt, or to match two words, is to recognize monumental achievements.

There is a myth that foster parents reap great financial profits from having foster children. This is definitely not the case, as expenses for a severely handicapped person can be great, and reimbursement through public support is thoroughly justifiable. It should also be remembered that foster care is less than half the cost of institutionalization.

Such unique foster parents are to be commended for bringing these children, not only into their home, but into the community as well. Fear and ignorance of the unfamiliar can only be dispelled through direct contact and experience with these special people.

Foster parents - I admonish you to continue your endeavor in providing care for severely handicapped individuals so that we may know them and eventually come to know ourselves.

Sincerely yours,  
Daniel C. Meilahn MSE  
Board Member at Large,  
Wisconsin Society for  
Autistic Children

....

Letter to the Editor  
for June Dairy Month

DAIRY PRODUCTS  
LEAD THE FIGHT  
AGAINST INFLATION

"June Dairy Month" is an excellent opportunity to salute

milk and dairy products as one of our nation's most effective inflation fighters.

Consider these Bureau of Labor statistics for 1981. The consumer price index for all items rose 8.4 percent, all food items rose 4.6 percent, while dairy products increased only 2.4 percent.

Since the inception of the milk price support program in 1949, increase in prices for dairy products have been consistently below the increases in the prices for all food items and all items in the consumer price index.

In addition to receiving an excellent value, U.S. consumers are able to choose from the widest variety of dairy products anywhere in the world. Shoppers in few other countries can claim to have their market shelves stocked every day and in every city with fresh, wholesome dairy products. This is a point to be particularly grateful about when we read about food shortages in other parts of the world.

The productivity of U.S. farmers has been the key to outstanding retail values. Dairy men have made tremendous gains through improved feed rations, artificial breeding, mechanized milking systems and animal health care advances.

These efficiency gains enable U.S. consumers to earn the money required to purchase milk and other dairy products in much less time than in the past. The following comparisons tell a powerful story:

\* It took the average U.S. factory worker 15.8 minutes to earn a half-gallon of milk in 1950; today it only takes 8.1 minutes.

\* It took the average U.S. factory worker 29.6 minutes to earn a pound of butter in 1950; today it only takes 14.5 minutes.

\* It took the average U.S. factory worker 35.6 minutes to earn a half-gallon of ice cream in 1950; today it only takes 15.3 minutes.

This means that family income buys considerably more milk and other dairy products today than 30 years ago. For example, the average American factory worker could buy 8 quarts of milk with an hour's pay in 1950; today that hour's pay can buy 14.8 quarts of milk. Given the prospect of a fair return on investment, dairy

farmers can continue to assure U.S. consumers of dependable supplies of milk at reasonable prices. That's why every citizen has an important stake in supporting government programs that help keep our nation's dairy industry healthy and productive.

Think about this message during June Dairy Month.

Supporting U.S. dairy farmers is in your interest... in the interest of enjoying the largest variety of nutritious dairy products that are the best buy anywhere in the world.

## Church Women United Plan Tea and Auction

The Church Women United of Washington County have scheduled their annual Summer Tea for Wednesday, July 14, at 1:30 p.m. at Our Saviour's United Church of Christ, Division Rd., Germantown. An auction is planned which will repeat the event which was enjoyed so much last year. Rev. Bernie Scott will again be the auctioneer.

After the worship service, refreshments will be served, at which time the auction will be held. Items donated by CWU members will be the object of lively bidding. There will be white elephants, home bakery, jellies and jams, craft items, attic treasures and all manner of collectibles. Monies received at the auction will be used for scholarships, 5th decade, or where needed most. Hostesses for the Summer Tea are the women of Our Saviour's Church. A nursery for small children will be available. To reach the church, take Hwy. 45 to Hwy. 145 South. Go about 4 miles to Division Rd. and turn left. The public is invited to join the fun and fellowship.

"Whoever gossips to you  
will gossip of you."

JACKSON 677-4114

# 30 Years Ago

July 4, 1952

Dorothy C. Breit, Kewaskum, was among the 276 Wisconsin girls from schools in 227 cities and villages in the state who participated in the Badger Girls' State project held at the University of Wisconsin, Madison, June 24 to July 1. Badger Girls' State is sponsored annually by the Wisconsin Department of the American Legion Auxiliary and the political science department of the State University Extension division.

Plans are nearly completed for the annual picnic sponsored by the Kewaskum firemen and American Legion Post 384 in the village park on July 13 and 14.

Irene Kaniess, Kewaskum, was one among the 21 nurses who were "capped" at the Milwaukee hospital on June 28.

Warren A. Schmitz, son of Mr. and Mrs. Emil Schmitz of Mauthe Lake, was awarded a Master of Science degree at the University of Wisconsin's 99th annual commencement on June 20.

Miss Mary Joyce Gruber, daughter of Mr. and Mrs. John Gruber, Kewaskum, and Alan H. Stutzman, son of Mr. and Mrs. Elmer Stutzman, Milwaukee, exchanged nuptial vows in the Holy Trinity rectory, Kewaskum, on June 28.

The nuptials of Miss Betty Lubitz, daughter of Mrs. Helmut Lubitz Sr., Route 1, Kewaskum, and Sylvester K. Wondra, son of Mr. and Mrs. Bernard J. Wondra, St. Kilian, Route 3, Campbellsport, were blessed on June 21 at Holy Trinity Church, Kewaskum.

A daughter was born to Mr. and Mrs. Richard "Dick" Edwards, Kewaskum, on Saturday, June 28. A daughter was also born to Mr. and Mrs. Allan Nigh, Route 2, Campbellsport, on Monday, June 30. A son was born to Mr. and Mrs. Gilbert Seil, Kewaskum, on Tuesday, July 1.

sawed-off shotgun, entered the soft drink parlor of Arthur Koch at Beechwood, ordered Mr. Koch and Arthur Fritz, an employee, to throw up their hands as it was a "stick-up." Thinking it a practical joke, Mr. Koch, who was seated back of the bar, grabbed a wooden box underneath the counter, and one of the trio shot him. About 200 pellets from a No. 410 shell entered his right side underneath the ribs, piercing his liver and lower part of the lung. Mr. Fritz was seated in front of the bar and was unharmed. Mr. Koch was able to reach the telephone and phoned Deputy Sheriff Geo. F. Brandt of Kewaskum. Brandt hastened to the scene and by the time he arrived Mr. Koch was taken to his home by Mr. Fritz and Dr. Bemis of Batavia was giving medical aid. About 2 a.m. Mr. Koch was hurried to the St. Nicholas Hospital at Sheboygan where he was in critical condition for several days.

The newly rebuilt church edifice at St. Bridgets was dedicated on Tuesday morning with a large assemblage present. The ceremonies were officially opened by the Most Reverend Samuel A. Stritch, D.D., who blessed the church and statues. After the ceremonies a chicken dinner was served in the basement.

The newly erected Washington school building of school district No. 7, Town of Farmington, was dedicated last Friday evening. The school board consists of Jac. Schaefer, Walter Liepert and Oscar Marshman. Besides the officers, Willard Liepert and Jacob Schladweiler acted on the building committee.

Attorney Lloyd H. Lobel of West Bend wishes to announce that he has opened a law office in the Republican House annex, formerly occupied as a millinery store. At present he will give part time to his duties here.

Mr. and Mrs. B.H. Rosenheimer are the happy parents of a baby girl, which arrived on Tuesday evening.

sion of German's saloon at Marshville on July 1.

Otto Arndt of Beechwood is seriously ill with the quinsy.

The marriage of A. L. O'Connell of Beechwood and Miss Cassie Hughes of Mitchell was solemnized at St. Michael's Church in the Town of Mitchell on June 25.

A baby girl was born to Mr. and Mrs. Nic Marx of Kewaskum yesterday.

## Danger Age for Drivers Is 18

The 18-year-old drivers of Wisconsin wound up 1981 with the dubious distinction of having had the greatest accident involvement of any age group.

Male drivers of that age were involved in two and a half times as many crashes as the 18-year-old females, although there were only 5,000 more males with driver licenses (40,796 males, 35,793 females).

The 18-year-olds also had the largest number of fatal crashes, 74. The 20-year-old drivers were second with 64 fatal crashes, although they had about 620 fewer traffic accidents than the 19-year-old drivers.

Nearly 12% of the licensed 18-year-old drivers in Wisconsin were involved in traffic crashes last year, according to figures compiled by the accident data section of the Department of Transportation. This only includes reported accidents. (Those which result in less than \$500 total damage to the property of any one person are not required to be reported under current state law).

A total of 10,328 traffic crashes were reported for the 18-year-old drivers, along with 3,688 injury accidents.

Drivers aged 16 through 19 accounted for 9% of the licensed drivers in Wisconsin, but had 28% of all the traffic crashes last year. Drivers aged 20 and 21 added up to 5% of the licensed drivers but had 14% of the reported crashes, giving the ages 16 through 21 a total of 14% of the driving population and 42% of the crashes.

Part of that record was provided by 466 drivers under the age of 16, not licensed, who were involved in crashes. Ten of these resulted in fatalities, 202 in injuries.

# Today's Medicine

## SUNBURN

By Thomas Leitzke, R.P.H.

Sunburn is caused by excessive exposure to ultraviolet rays, which actually burn up surface skin and later the lower cells.

The amount of exposure to ultraviolet rays which causes burning depends basically on four things, the individual, place, time and atmospheric conditions.

Caution should be used in exposing oneself to the sun for extended periods of time between 10 a.m. to 12 noon, when most of the ultraviolet rays are present. Reflections from water, metal, sand or snow may double the amount of rays one absorbs.

Burns may be classified in three degrees. First degree sunburn causes reddening of the skin and possibly a slight fever. Second degree sunburn causes reddening of the skin accompanied by water blisters. Third degree sunburn causes lower cell damage and the release of fluid resulting in eruption and breaks in the skin where bacteria and infection can enter.

The most sensible thing to do is to prevent the sunburn by using a sun blocking agent. These are rated according to the degree of protection they give from 2-15. The sunscreen products rated 2 have the least protection while those rated 15 offer the most protection. Be sure to reapply the sunscreen after swimming, if you are going to remain in the sun.

If you do get a sunburn, use a benzocaine containing spray or lotion to relieve the pain. Cold water soaking or cold water compresses are also recommended for treatment of sunburn. Additional intake of vitamin A, C and E have also been found to be useful in the treatment of sunburn.

Remember the important point is to prevent the sunburn so that you can enjoy the sunshine.

## Free Blood Pressure Screening Sites

Sat., July 10 - West Bend Fire Dept. 325 N. 8th St., West Bend, 1:00 p.m. - 4:00 p.m.

Sat., July 17 - Washington Square Mall, Germantown, 10:00 a.m. - 12:00 noon.

Sat., July 17 - Hartford Rescue Squad Garage, Behind City Hall in Hartford, 10:00 a.m. - 12:00 noon.

Sat., July 24 - West Bend Fire Dept., 325 N. 8th St., West Bend, 1:00 p.m. - 4:00 p.m.

Following is a list of times and days when free screenings will be held at the Washington County Fair, Slinger, at the Main Exhibit Building:

Fri., July 23 - 5:00 p.m. - 8:00 p.m.; Sat., July 24 - 12:00 noon - 4:00 p.m.; Sun., July 25 - 12:00 noon - 4:00 p.m.

## FRANK KLOSTERMAN

Frank Klosterman, 68, formerly of New Prospect, died Saturday, July 3, at Baptist Memorial Hospital in Cherokee Village, Ark.

He was born on April 26, 1914, in Milwaukee, a son of Frank and Johanna Klosterman. On Oct. 13, 1935, he married Pearl Skinner. She died Sept. 26, 1977. He married Ellen Stewart on Feb. 5, 1978, at Horseshoe Bend, Ark.

Mr. Klosterman operated a sport shop in New Prospect for 36 years. He was a member of Masons Lodge 138 F and AM of West Bend.

Survivors include his wife; one daughter, Mrs. Michael (Colleen) Schiblin of Campbellsport; one son, Curtis of Menomonee Falls; one step-daughter, Mrs. Rayburn (Julia) Lindsley of Hardy, Ark.; one stepson, Mark Stewart of Tulsa Okla.; and 13 grandchildren.

Masonic services were held at 7 p.m. Wednesday at Twohig Funeral Home, Campbellsport.

Burial took place Thursday at Vahlhalla Cemetery, Milwaukee. Friends called after 4 p.m. Wednesday at the funeral home.

## MRS. ANNIE LAURIE SMITH

Mrs. Annie Laurie Smith, 102, formerly of Campbellsport, died Thursday, June 24, at Cedar Lake Home, West Bend.

She was born near Walnut Grove, Minn., on July 12, 1879, a daughter of the late Thomas and Ellen Richardson. She was graduated from Drake University in Des Moines, Iowa, in 1903 and was the oldest alumna of the University.

On July 26, 1903, she was married to David Dickinson Smith in Iowa, and the couple moved to Wisconsin.

Mrs. Smith spent many years planning formal and wild flower gardens in the Milwaukee area and had a great interest in the outdoors.

Prior to entering the nursing home, she resided with her son in Campbellsport for 14 years. She was a member of Campbellsport Women's Club, Senior Citizens and United Church of Christ Women's Guild.

Survivors include two sons, Clyde T. of Campbellsport and William Lewis of West Bend; eight grandchildren; and 16 great-grandchildren. Her husband and a daughter preceded her in death.

Private family services were

conducted at Pinelawn Cemetery, Milwaukee. The Rev. Carl Jensen officiated.

Memorials would be appreciated to Cedar Lake Home, West Bend, or to the National Audubon Society.

Twohig Funeral Home, Campbellsport, was in charge of arrangements.

## MRS. HILDA SEEFELD

Mrs. Hilda A. Seefeld, 76, of Route 1, Campbellsport, died Monday, July 5, at American Healthcare Center, Fond du Lac.

She was born Sept. 26, 1905, in the Town of Ashford, a daughter of the late August and Bertha Krueger Habeck. On Nov. 7, 1934, she was married to Arthur Seefeld at Oakfield United Methodist Church.

Mrs. Seefeld was a member of Immanuel Lutheran Church at Campbellsport and Ladies Aid.

Surviving are two sons, Carl and Edwin, both of Route 1, Campbellsport; three daughters, Mary Stevens of Sheboygan, Mrs. Harold (Lillian) Brasch of Oshkosh and Mrs. Ronald (Anna) Marks of Waupun; and seven grandchildren.

Also surviving are two brothers, Emil Habeck of Mount Calvary and David Habeck of Fond du Lac; and five sisters, Mrs. Arnold (Marie) Guntly of Caledonia, Mrs. Marvin (Sarah) Mueller and Mrs. Ervin (Alice) Halfmann, both of Fond du Lac, Mrs. Arthur (Lillian) Bagganz of Mount Calvary and Mrs. Eugene (Bertha) Gudex of Campbellsport.

She was preceded in death by her husband on April 13, 1942, and by four grandchildren and three brothers.

Funeral services will be held at 2 p.m. Friday at Immanuel Lutheran Church, Campbellsport. Pastor William Stuebs will officiate, and burial will follow in Union Cemetery, Campbellsport.

Friends of Mrs. Seefeld may call after 3 p.m. Thursday at Twohig Funeral Home, Campbellsport, and at the church from noon Thursday until the time of services.

## BETTER CREPES

If you let crepe batter stand in the refrigerator for one hour or more after mixing, your crepes will turn out smoother and more velvety.

## Seefeldt Files For Re-election As County Treasurer

Fredric A. Seefeldt, Washington County Treasurer, filed his nomination papers for re-election on Tuesday, July 6. Seefeldt, a Republican, is seeking his second two year term as county treasurer.

In declaring his candidacy, Seefeldt said: "As county treasurer I have succeeded in improving the county's cash management system, thus freeing up more dollars for short term investment purposes. This improved management coupled with high interest rates, enabled me to generate over \$1.1 million in interest income in 1981 for the taxpayers of Washington County."

"Each dollar of investment income generated by the county treasurer is in effect a dollar of tax relief, for it means that one less dollar has to be raised from the property tax," Seefeldt stated.

"I am proud to report that not only was a new record high established for investment income, but 1981 marked the third year in a row that total revenues from the operation of the treasurer's office topped the \$1 million mark," Seefeldt added.

"Each year the County Treasurer's office has become responsible for collecting more of the real estate taxes in the county. The dollar volume of these taxes has grown in the last three years from \$7.2 million to \$10.6 million as more people have elected to either postpone one-half of their tax payment or let the taxes go delinquent and unpaid," Seefeldt reported.

"In response to this increased volume, I introduced an 'express lane' last year to provide better service to the many taxpayers paying their postponed taxes in person at the courthouse," Seefeldt added.

Seefeldt has served as county treasurer since September 1979 when he was appointed by the Washington County Board of Supervisors to fill a vacancy in the post.

A native of Washington County, Seefeldt is a graduate of the Kewaskum Public Schools and now resides in

West Bend.

He received his Bachelor of Arts degree with honors from Lakeland College, Sheboygan in 1960. He also holds a Master of Divinity degree from the Lutheran School of Theology at Chicago.

Seefeldt is a licensed insurance agent with the A. H. Seefeldt, Inc. insurance agency of Kewaskum and West Bend. A tax practitioner, he has been associated with his family's income tax preparation service for over twenty-five years.

The present treasurer is a member of the National Association of County Treasurers and Finance Officers, the Wisconsin County Treasurers Association, the board of directors, Work Adjustment Services, Inc., the Lakeland College Alumni Board, the West Bend Rotary Club, and the Washington County Republican Party.

The primary election will be held Tuesday, September 14, 1982 and the general election, Tuesday, November 2, 1982, for all partisan posts, including county treasurer.

## Class of 1983

This year the seniors will be responsible for making their own appointments and having a black and white glossy sent to the Chieftain staff by the photographer of their choice. We are requesting a formal setting for the yearbook glossy and that it be into the staff by October 25, 1982. Please make your appointment during the summer so you will be assured of having your picture in the 1983 Chieftain.

## Electric Co. Announces Plans to Slash \$43 Million Out of 1983 Rate Request

Wisconsin Electric Power Co. has announced plans to slash about \$43 million - or 36 percent - out of its 1983 rate request.

Richard Abdo, WE vice president-corporate planning, said the cuts represent the

company's response to and encouragement of lower inflation for 1983.

"This will mean significant savings to our customers," Abdo said. He explained that the average WE residential customer will be paying about \$20 a year less under this proposal than under the original filing.

Wisconsin Electric had originally asked the Public Service Commission of Wisconsin for an increase which would have produced a 12 percent, or \$121 million, increase in annual revenues for 1983 over the rates currently in place.

The revision reduces that to a 7.9 percent, or \$78 million, increase for 1983.

"The last several months have seen inflation subside a bit and indications are that it will continue on the downward trend for the rest of the year," Abdo said. "We have a responsibility to our customers to reflect that trend in our rate request."

He noted that bids of new equipment and materials, as well as payroll costs, are expected to be lower in 1983 than the company originally expected.

Additionally, Abdo said as inflation rates subside, predictions are that general interest rates will also decline.

To accomplish the \$43 million reduction, the company is reducing payroll expenses, forecasting lower material and supply costs, decreasing the amount proposed for construction work in progress, and predicting lower interest and money costs.

Abdo also said that about 150 positions will not be filled in

1983. Some of those will be the elimination of planned hirings plus leaving some positions unfilled as they become vacant.

Dates for the public hearings on the 1983 rate request will be scheduled later this year.

## Jams and Berry Time

Jams and berry season seem to go hand in hand, and with them come many questions as to the proper methods to use in making successful products.

The most important thing to remember is that recipes created for jams and jellies are successful because they use specific proportions of fruits, sugar, acid and pectin to create a gel. If you do not use the correct amount of any of these ingredients, the chances are greatly increased that you will have an unsuccessful product.

The process of making jams is fairly easy. First select the fruit you wish to use. Many times people use the old, bruised or possibly rotting berries for the jam recipes. While this is an economical use of the berries, it may contribute to some failures in jams. All fruits contain some pectin just under their skin. However, the more ripe a fruit becomes the lower the pectin level is. Therefore, if overripe berries are used, the chances are greater that jam will not set well. A good method to use is substitute 1/4 of the ripe berries for the same amount of slightly underripe berries. This should provide a jam with a good deal of natural pectin.

After you have sorted the fruit, wash, stem, core or peel

as required. Then crush, grind or cut fine. The next step is to measure this prepared fruit. The best system to use is weighing the fruit since it is difficult to measure it accurately any other way. If the recipe requires a cooking of the berries or fruit, it is best to crush the lower layer of berries to get enough juice to prevent sticking. If there isn't enough juice, 1/2 cup water can be added per batch.

Pectin is available in several forms. A powdered pectin and liquid pectin are readily available and quite easy to use if the directions are followed closely. Recipes will indicate which pectin to use. The two forms are not interchangeable, therefore, the pectin called for in the recipe must be used.

Jams also can be made from a homemade pectin derived from citrus fruit peelings. Also, successful jams can be made without added pectin - which is an added bonus when commercial pectin products are so expensive.

Hospital costs are so high these days it's impossible for anyone to be ill at ease.

Pack frozen sandwiches unthawed into lunch boxes. They will keep other foods cold and should be thawed by lunchtime.

### Check Out, Clean Up, Throw Away For Fire Safety

The more trash and excess storage you accumulate at your house, the greater your chance of having a fire.

A lit match, lighted bulb, frayed wire or hot iron are just a few fire sources. Rubbish, wood shavings, gasoline spills, and oily rags are just a few items which are easy to inhale in a fire.

Don't give fire a place to start. Keep everyday refuse in covered containers away from heat, exits, and stairways. Have the heating equipment checked and serviced each year. Discard what you really don't need.

## Safe Boating Requires Planning

The Boating Law Administrator in the Department of Natural Resources, Dale Morey, has a word of caution for canoeists and other boaters who take to the state's lakes and rivers as the ice breaks up.

"Water and air temperatures at this time of the year are cold and anyone planning on doing any boating should dress warmly including the wearing of boots and mittens," Morey noted.

He also reminded boaters about the requirements to have personal flotation devices on all boats used on Wisconsin waters, and urged that those who are determined to use boats at this time of the year exercise this extra measure of safety. "When afloat, wear your personal flotation device. If your boat should overturn or be swamped, it will increase your chances of surviving."

Boats shorter than 16 feet in length and canoes must be equipped with one personal flotation device (PFD) (of any type) for each passenger. Boat 16 feet and longer must carry one wearable Type I, II, or III PFD in good condition for each passenger plus a throwable Type IV PFD on board. Examples of these PFD's are illustrated in the Boating Regulations pamphlet available at DNR offices. Wearable PFD's should be the proper size to fit the boat's occupants.

Some other things to keep in mind:

1. Distribute the weight evenly in the boat, and don't overload it.
  2. Remember, it is not safe to stand in a small boat.
  3. If it is necessary to move about, have only one person move at a time.
  4. Stick close to the boat if it should capsize, and resist the temptation to swim to shore.
  5. Become familiar with the water you will be one since it may be different in April than it is in August.
  6. If your boat requires a registration, be sure the registration is up to date.
- Planning and taking necessary precautions are the keys to having a happy and safe boating season in 1982.

## Clean air tips for open burning

A plume of smoke drifting skyward from a pile of smoldering debris often identifies a site where someone is open burning.

Outdoor burning like this differs from burning fuel inside a factory because the smoke isn't vented through a stack, and the combustion rate for the material being burned isn't regulated.

That means the smoke, soot, ash and gases emitted during open burning are more likely to irritate people's lungs and eyes, soil surfaces, obscure visibility, create annoying odors or pose other nuisance or health threats.

So to keep Wisconsin's air clean and healthy, state air pollution regulations limit the types of materials you may burn outdoors.

### Open burning restrictions

A number of restrictions apply to anyone wishing to open burn, including individuals, municipalities and commercial operations:

1. State air pollution control rules prohibit you from burning the following materials at any time:

- wet, combustible rubbish
- garbage
- oily substances
- asphalt
- plastic or rubber products

These restrictions include such items as rubber tires, greasy rags, pesticide or paint containers, car bodies and insulated wire. Many of these materials are not only highly flammable, but when burned, all of them emit a thick, black smoke that may contain toxic gases and particles.

You may be tempted to use some of these materials to start or prolong burning of a brush

pile or other fire, but again, Wisconsin rules prohibit such usage to protect you and your neighbor from harmful, unsightly air pollution.

2. To further protect people's health, make sure your open burning site is located well

downwind of any place people are likely to gather, such as at a school, hospital, church, nursing home, residence or business.

3. You will need permission from a DNR air management engineer if you plan to open burn demolition material or liquid wastes (including waste oil and solvents).

Ceiling tiles, insulation or other materials that need to be disposed of after a building is torn down may contain asbestos fibers that can be released into the air through burning and are harmful to you or to other people who inhale them. Liquid wastes may also form harmful compounds when burned.

In these cases, as a precaution the DNR may want to inspect the material to be burned and the burning site so you can be advised of safer disposal methods that comply with air pollution control and

solid waste management regulations.

4. To prevent a fire from escaping and possibly injuring people, property and the environment, you must comply with local and state fire protection regulations that may

also restrict or prohibit open burning. Local fire wardens of fire departments can provide more information on how these additional restrictions may apply to you.

### Penalties

If you violate any restrictions designed to protect Wisconsin's air quality, under state air pollution control regulations you may be assessed forfeitures of not less than \$10 or more than \$25,000 for each violation.

### When to burn

Early evening, before dusk, is often the safest time to burn because the air is calmer, temperatures are lower and humidity is higher.

A rainy, foggy or very humid day can often be a bad time to open burn, however, because pollutants are forced down to the ground around the open burning site rather than being carried higher into the at-

mosphere for dispersal.

### Instead of burning

Because open burning creates air pollution and safety hazards, you should investigate other ways to safely dispose of wastes. Recycling, composting or disposing of the material in a licensed sanitary landfill is recommended.

## Flags Flown Over Capitol Available

WASHINGTON, D.C. - Congressman F. James Sensenbrenner, Jr. has announced that U. S. flags flown over the U. S. Capitol in Washington, D. C. are available for purchase at cost through his office.

Flags are available in the following sizes and prices: 3' x 5' cotton \$6.85; 3' x 5' nylon \$6.90; 3' x 5' nylon with fringe \$17.00; 4' x 6' nylon \$9.36; 5' x 8' cotton \$13.89; and 5' x 8' nylon \$14.58. These prices supersede those advertised earlier, Sensenbrenner noted.

Each flag is accompanied by a certificate verifying that it has been flown over the U. S. Capitol, Sensenbrenner explained.

Persons wishing to purchase a flag should make checks payable to "Sensenbrenner Flag Account" for the appropriate amount. Orders should be sent to Sensenbrenner at 315 Cannon Building, Washington, D. C.

Due to popular demand, processing and delivery of orders may take six weeks or more.

School District of Kewaskum

**Air Quality in Southeastern Wisconsin Good**

**HON-E-KOR COUNTRY CLUB TUESDAY NIGHT MEN'S LEAGUE June 29**

Winning teams this week were: Kliner's Sodbusters, Hart Insurance, Gruber's Toolers, Regal Ware I, Perky's Pudders, Doc's Wild Ones, Sentry Mixers, Berndt's Bums, Handicappers and Par-Nons, tie.

Low gross — Clark Eichstedt 33, Dave Denis 35, Gary Schuetz 37, Bill Josten 39.

Low net — Frank Winninghoff 27, Arnold Kannenberg 27.

Low team net — Gruber's Toolers 124, Berndt's Bums 129.

Low gross prize — Clark Eichstedt.

Low net prize — Frank Winninghoff and Arnold Kannenberg.

MILWAUKEE, WI (July 1, 1982)—Air quality in Southeastern Wisconsin was good during the first quarter of 1982, according to the Department of Natural Resources.

Carbon monoxide, sulfur dioxide and particulates, tiny airborne particles, met federal and state standards January through March in Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Washington, and Waukesha Counties, according to monitoring personnel.

Ozone, the air pollutant that often exceeds standards in this region, does not become a problem until warm weather sets in. So far this year, the Southeast District has had one ozone alert, covering only Washington County, June 28.

Data that went into the quarterly evaluation came from 52 air quality monitoring locations in the District.

Wisconsin is first in the U. S. in production of American cheese — producing 42 percent of the nation's total in 1981.

In 1906, the Chicago White Sox won the World Series with a team batting average of only .230.

**ADVERTISEMENT**

The Village of Kewaskum, Washington County, Wisconsin, is seeking sealed proposals for the 1983 revaluation of all real and personal property within the village.

Contract forms and standard specifications for revaluation are obtainable at the office of the clerk in the Municipal Building, 204 First Street.

Proposals should be directed to Daniel S. Schmidt, Administrator, 204 First Street, P.O. Box 38, Kewaskum, Wisconsin, 53040, no later than 8:00 P.M. DST., July 19, 1982, at which time and place all proposals will be opened and publicly read.

The Village of Kewaskum reserves the right to reject any or all bids and to accept any bid which seems the most advantageous to the village.

Daniel S. Schmidt, Administrator

# Geidel Pitches One Hitter As Indians Win Two Out of Three

Kewaskum 5, Sheboygan Falls 0

Kewaskum pitching ace Jeff Geidel, who has been very stingy against Eastern Wisconsin opponents, limited Sheboygan Falls to just one hit Thursday evening as the Indians scored a 5-0 shutout here. The victory moved the Indians into undisputed second place.

The senior right hander faced only 23 hitters in the game. He gave up just one walk and an infield hit to Tom Biederwolf, who was the losing pitcher for Falls. Geidel struck out five, giving him a total of 65 for six games.

Biederwolf's hit was in the fourth inning. Third baseman Jim Braun attempted to field the ball but couldn't get it, and shortstop Dave Donath went deep in the hole, finally tracking down the ball. His throw was not handled by first baseman Tim Heberer, and Biederwolf advanced to second. He was the only Falcon runner to reach second. Falls hit only three balls out of the infield.

Donath continued his hot hitting in the Eastern conference. His triple over the centerfielder's head in the first frame brought home base runners Mike Heisdorf and Tim Heberer. Ric Leitheiser's single scored Donath from third.

In the fifth Donath's sacrifice fly give him his third RBI as Brian Larsen, who had singled, and stole second and third, scored.

The victory gave Kewaskum a 5-2 record in the conference and brought Geidel's record to 5-1.

## West Bend East 9, Kewaskum 4

West Bend East defeated the Indians Friday evening at Regner Park in West Bend by a score of 9-4 in a Scenic Moraine Conference contest.

The Sun's Bob Koller got things rolling in the first inning when he reached base on an error and then scored on a passed ball.

Kewaskum came back in the top of the fourth, scoring a run on two errors, to tie the score at 1-1.

It was a tight game until then, but East scored seven runs in the bottom of the fourth to make the score 8-1. Their big splurge was mainly due to the wildness of Indian pitcher Brian Larsen, who lost his control and walked a number of batters in between hits before being relieved by Tim Heberer. In the inning John Schneider hit a loop single with the bases full to score three runs and wind up on third base.

Kewaskum scored another run in their half of the sixth after Rod Donnelly had singled. East scored its last run in the bottom of the sixth on two fielder's choices. The Indians advanced their final two in the seventh, one of them on Larsen's triple and the second on an error.

Dave Anderson of the Suns received the win, raising his record to 4-1. Larsen took the

loss. East's record came to 12-3 overall and they lead the Scenic Conference with 7-1. The Indians are 3-5 in the Scenic.

## Kewaskum 8, Two Rivers 4

By Cathy Schlice

Jeff Geidel Monday when he and his teammates downed Two Rivers, 8-4, for the second time this season. Jeff struck out 11 batters and walked only one. He gave up 4 runs on 8 hits. Losing pitcher Rob Yakubek struck out 7 batters and walked 5 while giving up 8 runs on 6 hits. Two Rivers also committed a number of throwing errors.

The Indians were the first to score in their half of the first when Mike Heisdorf received a walk and advanced to second on a fielder's choice. Mike then attempted to steal third and the catcher threw the ball into left field, allowing Heisdorf to score.

In the top of the second Two Rivers took a 2-1 lead when Kevin Nebel hit a triple to center after 2 outs and scored on an RBI single by Rob Reinhart. Reinhart then scored when Mark Guehlstorf's hit to right took a bad hop and he ended up on third, where he was left stranded.

In the bottom of the second Kewaskum also picked up 2 runs when Ric Leitheiser started things out with a single, advanced to third when the third baseman threw the ball into right field on a hit by Jeff Geidel, who then stole second. Steve Straub received a walk. The next 2 batters went down swinging but with 2 outs and a full count Heisdorf came through with a clutch hit to score 2 runners.

In the third Leitheiser drew a walk and advanced to second on a single by Geidel. Rod Donnelly knocked in 2 more runs when the second baseman made a wild throw to first allowing runners to score and Donnelly was safe at second and then scored on a single by Jim Braun.

In the fourth the Raiders picked up 2 runs when Rick Peterson singled after one out and advanced to third on 2 wild pitches. Reinhart then brought in Peterson and scored himself on a single by Guehlstorf.

Kewaskum finished its scoring in the bottom of the fourth when Tim Heberer singled and Dave Donath received a walk after a strikeout. Leitheiser hit a double to score Heberer and Geidel's sacrifice fly scored Donath.

In the sixth Two Rivers picked up their final run when Nebel got a hit after 2 outs and stole second. Reinhart hit a ball to center but a fine throw by Toby Mueller held the runners at the corners. Nebel then scored when Reinhart stole second.

Leitheiser led the Indians, batting 2 for 2, while Reinhart led the Raiders with 3 for 3.

The Indians' game against Slinger Tuesday was cancelled because of bad weather.

## Kewaskum Wins First Lakes Game, Also Loses Two

On Wednesday, June 30, the Lakes team lost to Thiensville-Mequon, 6-1. Thiensville-Mequon had 10 hits and Kewaskum 5. Randy Rennie was the winning pitcher and Steve Muench the loser.

KEWASKUM - T. Bartelt, DH, 4-0-0; A. Jaeger 2b, 4-1-1; R. Theusch, 1b, 4-1-0; T. Perkins, lf, 4-0-0; R. Heberer, ss, 4-0-0; M. Donath, 3b, 4-1-0; Scott Muench, c, 4-1-0; Steve Muench, p, 2-0-0; R. White, cf, 3-1-0; L. Westerman, rf, 0-0-0.

On Saturday, July 3, Kewaskum lost to Long Lake in a Tri-County game, 8-6. Long Lake scored 3 runs in the bottom of the ninth on an error, single and home run. Tim Perkins hit a home run in the top of the fourth inning making the score 6-4. Greg Loehr was the winning pitcher and Tom Bartelt the loser.

KEWASKUM - R. White, ss-2b-cf, 5-0-0; T. Bartelt, p, 4-1-1; A. Jaeger, 2b-ss, 4-0-1; M. Donath, 3b, 4-1-0; Steve Muench, 3b, 1-0-0 T. Perkins lf, 4-1-2; Scott Muench, 3b, 3-1-1; D. Marx, 1b, 3-2-1; S. Leitheiser, 2b, 1-0-0; J. Brockway, cf, 1-0-0; R. Theusch, 1b, 1-0-0; S. Yahr, rf, 3-1-0; L. Westerman, rf, 1-0-0.

On Sunday, July 4, the Lakes team beat Thiensville-Mequon, 6-4, in 10 innings. Mike Donath hit a long home run in the bottom of the 10th with a man on to break a 4-4 tie. Kewaskum came back after being down 4-1 after the top of the eighth, scoring 3 runs in the 8th and 2 in the 10th. This was the first win in the Lakes. Randy Rennie was the loser in relief. Al Jaeger was the winner in relief, pitching the last 2 innings. Steve Muench pitched the first 8 innings.

KEWASKUM - R. White, cf, 4-0-0; T. Bartelt, DH, 3-1-0; D. Pearson, PR, 0-0-0; D. Marx, DH, 1-1-0; L. Westerman, rf, 0-0-1; S. Yahr, PH, 1-0-0; J. Brockway, rf, 0-0-0; A. Jaeger, 2b-p, 5-1-1; R. Theusch, 1b, 4-1-2; T. Perkins, lf, 4-2-1; M. Donath, 3b, 5-3-1; Scott Muench, c, 3-0-0; R. Heberer, ss, 3-1-0; Steve Muench, p, 1-0-0; S. Leitheiser, 2b, 1-0-0.

Games this week - Wednesday, July 7, at Lebanon; Saturday, July 10, at Slinger; Sunday, July 11, Port Washington at home at 2:30.

## Old Timers to Play Lakes Team July 16

An Old Timer's hard ball game against the Land o' Lakes team will be played on Friday, July 16, at 7:00 p.m. on the Kewaskum High School field. All old timers are welcome to participate - the more, the merrier.

## Winners in Final Big Fish Contest

The winners for the final week of Village Sport Shop's Big Fish Contest were as follows:

Clarice Kutz, Campbellsport, brought in the largest bass. She caught her 2.7 lb. 17 1/2 inch fish on Birchwood Lake.

Leslie Ostrander's 1 lb. 3 oz., 15 1/4 inch walleye took the prize this week. It was caught on Lake Winnebago.

Doug Fry, Kewaskum, caught the winning northern on the Milwaukee River. It weighed 2.7 lbs. and measured 24 1/4 inches.

Bud Schneider, Kewaskum, took the panfish category with his 16 oz., 10 1/2 inch bluegill. He caught it on Long Lake using red worms.

## Kewaskum Boy 3rd in National Wrestling

Jon McClanathan, a student at the Kewaskum Elementary School, placed third in the national grade school wrestling tournament in Minneapolis recently.

Jon, who will be in the sixth grade, was competing in the 110 pound weight class for boys 10 years of age and under. The three-day competition was held in the Williams Arena at the University of Minnesota.

Jon wrestled five times to capture third. Boys from Minnesota, Nebraska, and North and South Dakota had qualified for the 110 pound class in his age bracket.

This was Jon's first year of wrestling, and he did very well, having won the regional meet and the state competition at Wisconsin Rapids, to qualify.

His mother, Linda, accompanied him to the national meet.

## Larsen, Wodsedalek To Play Basketball At Lakeland College

Brian Larsen from Kewaskum has decided to join his high school teammate Dale Wodsedalek on the 1982-83 Lakeland College basketball squad.

Larsen comes to Lakeland after a brilliant high school career that included being named to the All-Conference team and selected as Kewaskum's Most Valuable Player both his junior and senior years.

Last season, the 6'2" guard averaged 23.5 points per game while getting 13.5 rebounds a contest.

Lakeland Coach Duane "Moose" Woltzen believes "Brian has the unique ability to be around the ball and scores a lot of points in many different ways. He is strong physically and I feel that he will get a lot of minutes of playing time as a freshman."

Earlier, Wodsedalek had made his intention known to be a Muskie in the upcoming season.

The 6'5" inside man averaged 19 points plus 10 rebounds a game and was also an All-Conference selection.

Lakeland is a private liberal arts college near Sheboygan, and has a 22-8 record last year. The Muskies have long had a winning tradition and have had but one losing season in the past 20 years and have averaged 23 wins per year over that span.

## Horseshoe Open Held at Germantown

The Goldendale Lone Star Bar in Germantown was the site for a sanctioned horseshoe tournament.

The Kewaskum Horseshoe League was represented by Barb Gengler, Rita Boegel, Bob Struebing, Herb Theisen and Hans Boegel.

Barb Gengler took first place in the Women's Class C. Hans Boegel took second place in the Men's Class O and Bob Struebing took third place in Men's Class K.

Way to go, gang!
