## Dairyland Seed Celebrates 75th Anniversary

photos on inside pages

Dairyland Seed Company located about one mile south of Kewaskum on County Trunk H celebrated their 75th Anniversary with an open house on Saturday, September 11, from 10:00 a.m. to 3:00 p.m.

Several hundred dealers and farmers from near and far joined the Strachotas in the celebration which featured a video presentation of Dairyland Seed "Yesterday & Today." The seed business was originally started by Simon Strachota in his general store in St. Kilian. The film depicted the stages of growth up to the present time.

Tours of the 50,400 square foot warehouse, which features a new seed processing set-up and additional storage areas,

were given. Visitors walked through the huge warehouse with the seeds piled high on pallets. Since 1967, storage capacity has grown from 138,000 to 380,000 bags.

Outside, on the spacious grounds, entertainment was provided with a dunk tank, where balls were thrown by adults and kids, to knock down the sitter into a tank of water. A Dixieland band played live music and balloons for youngsters, soft drinks, popcorn, fish pond, clowns and the Magnum Cow were all part of the celebration. A delicious barbecue lunch was served to the guests in the spacious warehouse.

The guest speakers in the afternoon were Audy Bell, manager of the 95,000 tillable acre, family-owned Boswell

farm. Located in California, this farm produces over 20,000 acres of seed alfalfa. Dr. Paul Sun, is Director of Dairyland Research International, and author of the hybrid alfalfa patent. He is head of the world's most technologically advanced research program.

The seed business is headed by Mr. and Mrs. Orville Strachota, together with their two sons, Steve and Tom, who employ a large staff.

The Strachotas also maintain Dairyland Research International - a 160 acre research station at Clinton, Wisconsin, for research on alfalfa and soybeans. The station is under the direction of Dr. Paul Sun, and contains greenhouses, irrigation systems and temperature and humidity controlled seed storage vaults.

## Directors, Officers Are Named at Moulinex Regal

KEWASKUM, WI - The Board of Directors of Moulinex Regal, Inc., elected at the August 31 stockholders meeting, includes: William G. Crooker, Kewaskum, Wisconsin; Roland Darneau, Caen, France; James D. Reigle, Kewaskum; Jeffrey A. Reigle, Kewaskum; Ronald O. Reigle, Kewaskum; Gilbert Torelli, Bagnolet, France; and Michael Vannoorenberghe, Bagnolet.

Following the stockholders meeting, the Board met and elected officers of the newly formed company: Chairman of the Board and Chief Executive

Officer, James D. Reigle; President and Treasurer, Jeffrey A. Reigle; Vice President and General Manager, Daniel Bourdon; and Corporate Secretary, Karen Guest. James and Jeffrey Reigle are President-Chief Executive Officer and Corporate Secretary-Director of Corporate Development, respectively, of Regal Ware, Inc., the Wisconsin-based housewares manufacturer. Bourdon formerly served as plant manager of the Moulinex Virginia Beach, Virginia facility, and Guest was head of the operation's accounting department.

## Foreign Students Arrive at KHS

Front row, left to right: AFS student, Hiroko Yamada of Nagasaki, Japan; ASSE student, Maria Carlfolk of Vaxjo, Sweden; back row: Youth for Understanding Students, Peter Nohlmans of Sittard, Netherlands and Begona Ortega from Oviedo, Spain.

Four foreign exchange students have arrived at Kewaskum High School for the 1982-83 school year. This year's exchange students are sponsored by several organizations.

Hiroko Yamada is the American Field Service exchange student. She is seventeen years old and comes from Nagasaki, Japan, a city of 450,000 people. Hiroko is living with the John Hazlewood family for the school year. Her American sisters and brother are Laurie, Jan and John Hazlewood, Jr. Hiroko's parents are both officials of the Nagasaki Prefectural Government. She has one sister, 11 years old and her family are Buddhists. She has never traveled out of her country, but she has had 4 years of English in school.

Peter Nohlmans and Begona Ortega, both are exchange students sponsored by the

Youth for Understanding - an International Student Exchange. Peter is 17 years old and comes from the city of Sittard in the country of Netherlands. Sittard is a city of about 40,000 people. Peter has an older sister. His father owns a liquor trade. Peter has studied English for 5 years and hopes his stay in America will improve his language ability. He enjoys handball and trying out for the Kewaskum football team. Peter is staying with the Mr. and Mrs. Carl Plaum family. Valerie is his stateside sister.

Begona Ortega comes from Oviedo, Spain. She is 16 years old and is the youngest in a family of four children - two brothers and one sister. Her father is a mining engineer and her mother works at home. She is staying with the Roman Loof family. Her stateside sister is Jacky, a senior at KHS. Begona

## Minimum Sports Eligibility Raised to 1.5 at KHS

By GERRY MUELLER  
Statesman Staff Writer

At Monday night's school board meeting, members again cast votes which completely reversed a decision made during a previous meeting. The vote resulted in a new minimum eligibility grade average of 1.5 for students wishing to participate in interscholastic sports.

The original motion made by board member Ralph Horner August 23, had been defeated on a 3-2-1 vote following a heated discussion between board members and high school counselor David Wietor. Monday night's motion made by board member Tom Brigham received the same strong opposition from Wietor. Wietor

again stated his case, that some students, no matter how hard they work, would never be able to achieve the necessary 1.5 grade even though they had never failed a class, while others could fail several classes but have high enough grades in other subjects to keep them eligible.

Board member John Tessar questioned Brigham's motives for bringing up a subject which had already been decided. Tessar's major concern was that the item was not placed on the agenda until late Friday afternoon, too late to be published in the newspapers. Parents had no way of knowing this item would be discussed at this meeting.

Tessar told the board he would like to do some investi-

gating and see how many students were involved. "I just think we're moving too fast without thinking," said Tessar.

## Kiwanis Turkey Shoot Sunday

The Kiwanis Club of Kewaskum has announced that its 30th Annual Turkey Shoot will be held on Sunday, September 19, at the Bar-N Dude Ranch, 6 miles northeast of Kewaskum on County Trunk GGG, the beautiful Kettle Moraine Drive. Thousands of people joined us last year with 470 shooters winning fine frozen turkeys.

For a fee of \$2.50 for four shots (four shots for \$2.00 on advance sale tickets, which may be ordered from Kiwanis Club of Kewaskum, Box 68, Kewaskum, Wisconsin 53040), the marksman attempts to win a frozen turkey. There are special lines for ladies and children. Rifles and ammunition are furnished.

There will be trout fishing with the angler keeping the fish he catches. In addition, there will be a grand prize for the person catching the largest fish.

Trap shooting contests are conducted throughout the day. Sportsmen desiring to enter these events may bring their own shot-guns and ammunition. There will be archery and pistol ranges, as well as other marksmanship contests. In addition, there will be games for every member of the family. Brats, hamburgers, hot and cold beverages will be available.

## Town Farmington Sets Record Primary

### Strong Voter Turn-Out; Contrary to Predictions

By GERRY MUELLER  
Statesman Staff Writer

Despite predictions and unfavorable weather, voters turned out in record numbers for Tuesday's primary election.

In area voting Terry Kohler had the lead for a place on the Republican gubernatorial ballot in November. In the Democratic Party race, final state-wide totals nominated Anthony Earl over Martin Schreiber as area voting was fairly evenly divided between these two hopefuls.

All the voting areas contacted reported above average turn-outs for a primary election. The

village of Kewaskum had 376 voters, up 125 from its last primary. The Towns of Auburn and Wayne also reported voter counts up by approximately 100 over other years. The Town of Farmington saw a record 390 people at the polls Tuesday. Kohler received 171 votes and Earl 147 to win in the Town of Farmington.

Officials are not sure which factor, the gubernatorial race or nuclear weapons referendum was responsible for the exceptional turn-out.

All area polls contacted showed a better than two to one vote  
(Continued on Page 3)

# From the School Board President's Desk....

School Boards in the State of Wisconsin have a new force to contend with during contract negotiations. That new force is Binding Arbitration. Under the rules of Binding Arbitration, the Arbitrator selects the "winner" from the final contract proposal of both the Union and the School Board. The ability of the district to pay is not a factor in the decision. What is a factor, is a system whereby "Comparables" come into play. "Comparables" are financial settlements in other districts that the Arbitrator may use in making his decision. No one, Union or Board, knows what comparables will be used.

The board "won" the last Arbitrator's decision, but it would have lost had not the Union opted for a two year contract in their final offer. The Arbitrator actually chose the Union's request for a larger pay increase over the Board's offer, but rejected the Union's proposal because of their request for a two year package. The Board had offered a one year contract. Thus we can see that the "specter" of Binding Arbitration hangs over all negotiations from beginning to end.

The Association of School Boards and the individual School Boards consider this an improper intrusion of the government into the process of labor contract negotiations. In reality the government has become a third party at the negotiation table, either by the threat or the actual pressure of an Arbitrator in the final decision.

More and more negotiations end up in the Arbitrator's hands each succeeding year.

The Board's last offer has been extended so the Union has nothing to lose by going to Binding Arbitration, as they have, at a minimum, fifty, fifty chance of winning even more.

Both the Union and the Board were upset at the last Arbitrator and the length of time he took to arrive at a decision.

The Board has joined the Union in a letter expressing displeasure at the Arbitrator's handling of the situation.

Perhaps we will request our area lawmakers to come to our local Board meetings to explain their votes on "Binding Arbitration."

Dr. Charles J. Ogi

## Dolly Ramthun Joins Realty Firm

Dolly Ramthun

CENTURY 21 Real Estate of the Midwest, Inc. has announced that Dolly Ramthun has successfully completed her 2&1 Sales Training Program and is now associated with CENTURY 21 Klug & Klug Real Estate, Inc. of West Bend.

Dolly is looking forward to serving the people of the Kewaskum and Campbellsport area in all their real estate needs.

## Births

STOFFEL — A son, Jacob Simon, to Zachary and Joan Stoffel, 4810 Hwy. 28 W, Kewaskum, Thursday, Sept. 9. Paternal grandparents are Mr. and Mrs. Alan Stoffel, Kewaskum, and maternal grandparents are Mr. and Mrs. Herman Berndt, Kewaskum. The Stoffels also have a daughter, Rebecca, age 2.

HARRIS — A daughter to Guy and Bonnie Harris, 8656 Townline Road, Kewaskum, Sunday, Sept. 5.

WILLIAMS — A daughter to Larry and Rosalie Williams, Allenton, Friday, Sept. 10.

WACHUTA — A daughter to Roger and Dorothy Wachuta, 124 Sheboygan St., Campbellsport, Friday, Sept. 10.

YOHO — A son to Neal and Gayle Yoho, Route 1, Box 10, Campbellsport, Monday, Sept. 13.

## Receives Rural Rehabilitation Nursing Scholarship

OSHKOSH — Nine undergraduate students and one graduate student in the College of Nursing at the University of Wisconsin-Oshkosh have been awarded scholarships by the Wisconsin Rural Rehabilitation Corporation.

Recipients of the scholarships must be students majoring in nursing who have a farm background.

Among these students is Janet Matenaer, 2050 Highway 28, Route 3, Kewaskum, WI 53040.

Every year, it takes the moon two-thousands of a second more to circle the earth.

### County

No candidates.

### CONSTITUTION PARTY Statewide

Governor — James P. Wickstrom 1.

The vote on the nuclear weapons referendum in the village was 254 yes and 109 no.

## School Board

[Continued from Page 1]

"I want a policy written up in black and white telling us what should be done," Tessar stated.

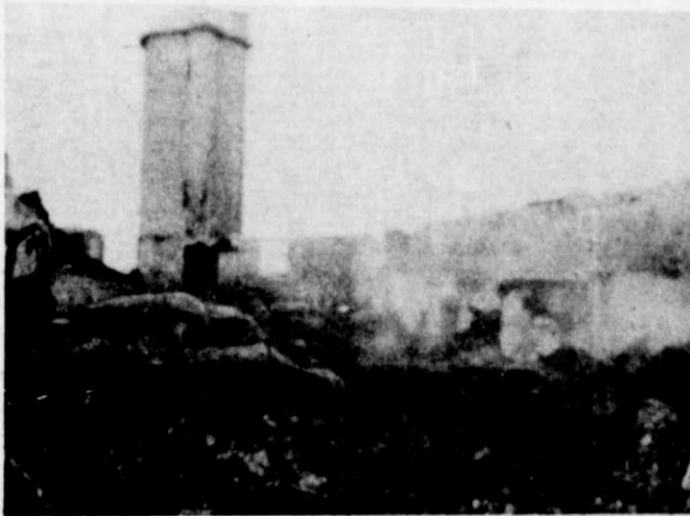

Both Brigham and Horner felt their reason for raising the requirement was to see more emphasis put on academics rather than sports. Parent Diane Buchel noted that while she, too, was opposed to only a .5 average, she had to seriously wonder if raising the requirement to 1.5 would cause some students who remain in school only because of sports to drop out. Buchel felt in that case the district would better serve the community and students by retaining the present requirement and having students go out into society with a diploma rather than as a drop-out, especially in these economic times.

High School Principal Clark Pearson stated, "I'd be happier with a 1.0 average which would satisfy both situations." Tessar stated he did not go along with the 1.5. "I would like to see the administrators come back with more recommendations." Board member Jean Goeden questioned whether the board would consider starting the 1.5 average with the freshmen. She felt students would then adjust to the requirement as they advanced in school. It was noted that WIAA rules recommend a minimum grade of .5 however, schools can set a higher requirement.

The end result was that a 4 to 3 vote approved raising eligibility requirements from .5 to 1.5 beginning with the second 9-week grading period this year.

## Fire Destroys Area Barn

Kewaskum Statesman  
Friday, Sept. 17, 1982, Page 3

By GERRY MUELLER  
Statesman Staff Writer

Firefighters from four townships were called to battle an early morning blaze on the farm of Floyd Rozga, on Maple Tree Road, Town of Adell.

Volunteers from Batavia, Beechwood, Adell and Silver Creek responded to a call from firefighters at approximately 5:30 a.m. Sunday morning.

Caretaker-tenants Mr. and Mrs. Emil Zblewski were in Milwaukee attending their grandson's birthday party when the fire occurred. Neighbors called them and Rozga, also of Milwaukee, to inform them of the blaze.

Suspected cause of the fire is believed to be combustion in the hay which had been put in the barn a week before. The hay belonged to Ralph Trapp of Campbellsport.

Mrs. Zblewski said Rozga had just put a new roof on the barn two weeks ago. Along with the hay, one truck, a camper and some farm machinery were also destroyed.

Until a few years ago, the farm had been known as the "Triple R" Riding and Boarding Stable. No animals were kept in the barn at the time of the fire.

Mr. and Mrs. Zblewski said

they were grateful for all the help they received from the firefighters, ladies auxiliary who brought food and their neighbors.

(Gerry Mueller photo)

## Boy Injured When Vehicle Hits Tree

A 10-year-old New Prospect boy was admitted early Sunday evening to the intensive care unit at St. Agnes Hospital, Fond du Lac, for treatment of facial injuries received when the motorized tricycle he was driving hit a tree.

Steven Krueger, son of Mr. and Mrs. Dennis Krueger, owners of the Fin-N-Feather Supper Club in New Prospect, was listed in good condition this week and was taken out of the intensive care unit at the hospital on Tuesday. The accident occurred at 6 p.m. Sunday on New Prospect Lane north of County Trunk SS in the Town of Auburn.

Fond du Lac County Sheriff's Department authorities reported that Steven was traveling south on the tricycle when it left the roadway and hit a tree. He was taken to the hospital by Campbellsport ambulance.

## Students

[Continued from Page 1]

has studied English for 6 years but still hopes to improve her ability to speak English more fluently. She enjoys sports including her favorites - skiing and swimming.

The fourth new foreign student at KHS this year is Maria Carlfolk from Vaxjo, Sweden. Her sponsoring agency is the American Scandinavian Student Exchange Program. She is living with Mr. and Mrs. Roger Hecker and their daughter, Shawn, of Kewaskum. Maria has studied English for 8 years. She is an animal lover and belongs to a Swedish organization which unites animal lovers.

The school community extends their welcome to these students and hopes they have an enjoyable experience while in the Kewaskum area.

## Dear Friends

The subject of dying and death is very much alive in school courses in death education across the country. As one youngster said, "I think the best part of our high school course is the discussion in which we share our own fears about death." Another youngster, "My grandfather died recently. I was able to know so much more about what was going on."

Respectfully,

Ed Miller

## Donated Computer Can Provide Learning Experience

By GERRY MUELLER  
Statesman Staff Writer

At Monday night's school board meeting, Robert Getter reviewed his report regarding the Data Point computer which has been donated to the school district. Getter told members he felt there would be no major costs other than maintenance if the district decided to go ahead and make the computer available as a teaching instrument for students.

With the new high school computer program started this semester, Getter felt the more sophisticated Data Point computer would provide more challenges and hands-on learning experiences for students who would like to become more involved in a second-semester program.

Board member John Tessar suggested the administration check into the possibility of selling the printer and tape compiler. If a satisfactory price can be obtained the board felt it could then look into the possibility of purchasing a faster printer to work with the computer, as well as possibly another Apple computer for the first-semester program. Getter told the board he would check into the matter and get back to the board with his findings.

John Tessar, Closed Campus Committee Chairman, presented his group's findings. After

extensive study by Tessar and Brigham, the committee's recommendation was that for the 1982-83 school year, the campus should remain open with the new policies in force. Tom Brigham noted that the students should be aware that if any problems occur, the board could reconsider this recommendation.

Assistant Principal Roy Esser stated, "I've really been pleased with what's happened in the last two weeks. I haven't seen a problem."

Esser also told the board he had about 45 smoking permits signed by parents. Board member Jean Goeden told the members some people had expressed their feeling that if students were required to pay a \$15.00 fee for extra curricular activities, students should be charged \$15.00 for use of the smoking area. She told the board she would like to see this brought up for consideration in the 1983-84 school year.

The board approved a recommendation to spend an additional \$5,000 (a one-time charge) for CESA 16 computer

services. This would bring computer expenditures up to approximately \$30,000 for 1983-84. The added money, along with similar funds from nine other districts, will allow CESA to purchase equipment to update their computer system.

After hearing the board approved the request, citizen Gerald Buchel said, "I think the board should seriously reconsider an in-house computer. We're spending \$30,000 for someone else's equipment." Buchel felt a committee should be set up to again, look into the financial savings of such a step. Board member Richard Theusch noted, "there were taxpayers who were misinformed in 1981 that we didn't need the in-house computer." They couldn't believe the board was trying to save the taxpayers money. They may look back in 1983 and realize that was a chance to save a substantial sum of money over the next seven years.

Tom Brigham made a recommendation that counselors and teachers start encouraging sophomores to begin taking the pre-scholastic aptitude tests along with juniors and seniors. Brigham said, it's to our sophomores advantage that they learn how to take these

tests. Because of the economy and enrollment, colleges and universities are going to start putting a cap on enrollments. More and more schools are requiring these tests for entrance. Only students with the best scores will be considered. Brigham felt this would give students a "barometer" as to how they would do in final SAT tests.

The board was also faced by a mystery item on Monday's agenda. The item, "question of items discussed in Closed Session," had been requested by Richard Theusch. He said he wanted to seek a legal opinion. Board President Charles Ogi asked, "when are we going to learn more about it?" Theusch said Ogi knew what it was about and he would not say any more about it since it was something brought up in closed session regarding binding arbitration. Tessar recommended going into closed session. Acting Superintendent Bob Borch said he had been advised by two attorneys that this could not be

discussed in closed session. Tessar questioned "how can I discuss something if I don't know what it is?" Tessar asked how an item can be discussed if it can't be brought up in closed session and Theusch would not discuss it in open session because it was brought up in closed session. Borch told Tessar he wished he had a simple solution. Borch said any member could, at their discretion, publicly discuss closed session business, however, they could incur legal problems. So, not only was the audience left in the dark, several board members were in there with them.

The board also approved a change in attendance area for St. Lucas and Good Shepherd schools.

# 75th Anniversary of Dairyland Seed

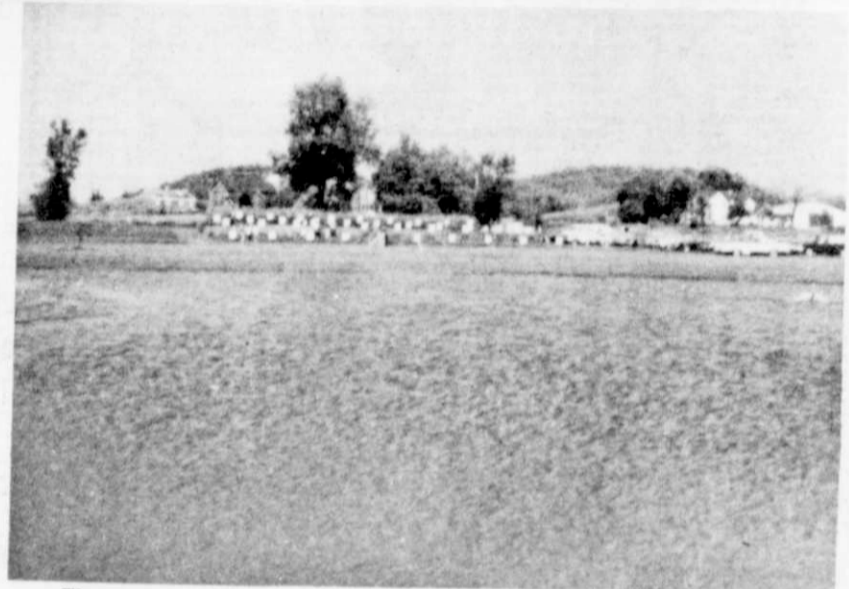

Front view of Dairyland Seed.

Dairyland Seed helium balloon.

The popular dunk tank.

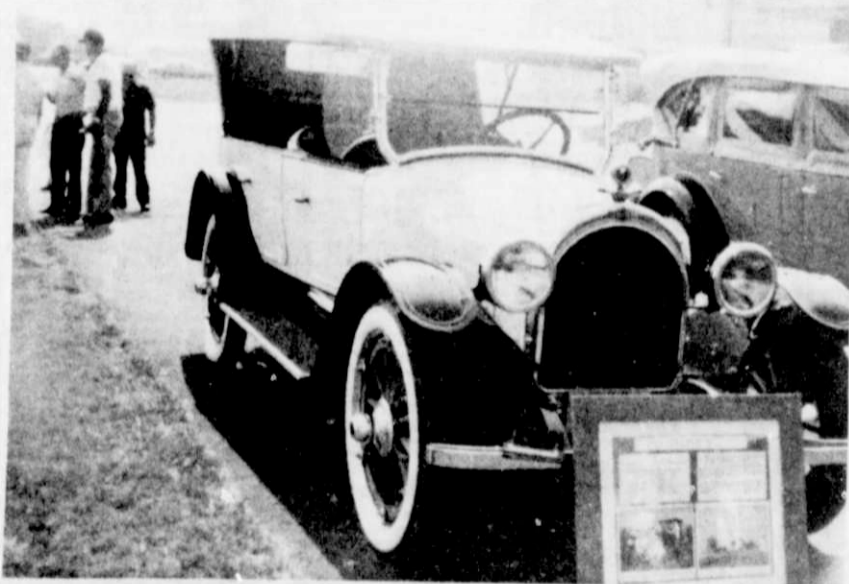

The man-made pond with a research field of planted corn, alfalfa and soybeans in the background.

Part of the crowd.

The clowns gave out the balloons and helped entertain the youngsters.

The 1921 Oldsmobile purchased by Orville Strachota in 1971. The car was used by 20th Century Fox in 1950 in Ernest Hemingway's "Adventures of a Young Man," which was filmed in Mellen, Wisconsin, in which actress Diane Baker starred. The car was restored by Sue Strachota and friends in 1980. It has 1900 original miles.

"Magnum Cow," a two "man-powered" production, roamed the grounds promoting alfalfa seed of the same name and "talked" to the little children.

## PSAT/NMSQT Exam Set for Oct. 19th at Kewaskum High School

Three new services to help students and school officials better understand and interpret scores on the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) have been introduced by the College Board to coincide with this year's test date of October 19th, according to Dave Wietor, director of guidance at Kewaskum High School.

The three services are:

- A summary of answers report, which indicates how many students in each school district, or state chose each answer to each question on the test, as compared to all students taking the test nationally.

- State Summary Reports of sophomores, which show career choices, intended college majors, ethnic backgrounds, and similar demographic data — identical to information currently provided for juniors.

- A Counselor's Guide to Helping Students Learn from the PSAT/NMSQT, a new publication designed for counselors to help students more clearly grasp the general nature of the tests and the implications of their test results.

Students also receive, before taking the test, a student bulletin containing a complete test with an answer key and scoring instructions; a Report of Student Answers, in December, including the corrected answers and their own responses and scores; the test booklets so that they can review the original questions; and a booklet About Your PSAT/NMSQT Scores that helps them to interpret their test results and to plan for college.

The PSAT/NMSQT is co-sponsored by the College Board and the National Merit Scholarship Corporation. Since 1959, more than 25.5 million students have taken the test, which measures verbal and mathematical abilities.

By taking the test, students discover how they rank among juniors (or sophomores or

seniors) across the country. It also provides a preview of the College Board's Scholastic Aptitude Test (SAT) which many seniors take when they apply for college. The PSAT/NMSQT is also the qualifying test for students wishing to participate in competitions of the National Merit Scholarship Corporation.

### League of Women Voters Conducting Membership Drive

This month marks the beginning of an intensive membership drive by the League of Women Voters of Washington County, part of an effort by hundreds of Leagues across the country to increase citizens' political awareness and involvement in government through League membership.

The local campaign will be kicked off September 20th at a League sponsored discussion on Acid Rain. Jeanne Sollen, Public Information Officer for the Department of Natural Resources, will present a narrated slide show entitled "Acid Rain.. The Choice is Ours." Following the slide presentation, Sollen will answer questions and provide information on a 2 year study of acid rain which is being conducted by the DNR, Wisconsin Public Service Commission

and 8 Wisconsin utilities. The study is seeking to learn the sources, extent and effects of acid precipitation in Wisconsin.

All concerned citizens are encouraged to attend this informative discussion which starts at 7:30 p.m. at the Marine Bank, 801 W. Washington Avenue in West Bend.

In addition to the acid rain presentation, the Washington County League continues to sponsor non-partisan candidate forums, is striving for a county-wide library system, is involved with a study of the Vocational-Technical Adult Education system, and will be participating in a new two year League study aimed at evaluating U.S.

national security policies. The group also continues to study and take action on issues within their established positions on government, human resources, international relations, natural resources, transportation and urban policy.

The League of Women Voters is a non-partisan organization whose purpose is to promote political responsibility through informed and active citizen

participation in government, and to act on selected governmental issues.

Any individual at least 18 years of age, who is interested in learning more or becoming more involved in government is encouraged to join the League now.

For more information, call Sherlyn Stiewe at 338-8589, Mary Sander at 334-4011 or Jackie Hansen at 338-6922.

A fool and his money are soon parted, but how did they team up in the first place?

RELAXATION CAN HELP REDUCE STRESS - A MODERN HAZARD

Stress is as much a part of modern life as are fast foods and video games.

Faced with unemployment, high prices, tight credit or the need to live with less, however, many families may be experiencing higher amounts of stress.

Stress is caused by the gap between life's demands and your resources to deal with them.

Your car may need expensive repairs, for example, but you may lack the money to pay for them. How serious the gap between demands and resources seems will affect how much stress you feel.

As stress mounts, you may show one or more symptoms. They include: changes in eating and sleeping habits, increased irritability, frequent illnesses, difficulty in relaxing, constant worrying and excessive smoking and drinking.

Any of these signs may mean you need to take charge of your life in order to manage daily stress. Uncontrolled stress can

affect your physical and mental health. It can increase your blood pressure, heart rate and muscle tension. And it may wear down your resistance to illness.

One way to reduce stress is to learn to relax.

Relaxing isn't appropriate only at the end of the day as a prelude to sleep. Relaxing actually can make you more alert and capable of functioning effectively. That's because it allows your body to restore itself.

Practicing the following technique twice a day may help you relax and thereby reduce stress.

First, sit in a comfortable chair. Close your eyes and take three deep breaths. Starting with the top of your head and working downward, imagine tension is draining from each part of your body.

Next, relax your muscles. Starting with your feet and

working upward to your legs, torso, arms, hands, shoulders, neck and jaw, imagine each body part is warm, heavy and relaxed.

Then, focus on your breathing. Every time you exhale, say "one," "calm" or "relax" to yourself.

The word gives you something calming to think about while it keeps worrisome thoughts from intruding.

Continue the exercise for 10-20 minutes. It should leave you feeling refreshed and more able to handle life's challenges.

The nearest relative of the hippopotamus is the common pig.

### Kewaskum Musician on Trumpet For Heinie Beau Jazz Concert

Heinie Beau

Dr. Ray C. Wisler of the University of Wisconsin-FDL today announced the names of musicians who have been selected to play in the Heinie Beau Concert on Saturday, September 18, at the Goodrich Little Theatre in Fond du Lac.

Jazz clarinetist Beau of Hollywood, a native of Mt. Calvary, attended Fond du Lac High School and went on to become associated with the Tommy Dorsey Orchestra and a composer and arranger for Hollywood TV shows and motion pictures. Prior to that he played with the family orchestra, the Wally Beau band in this area.

In the summer of 1940 Heinie joined the Tommy Dorsey Band, one of the most successful orchestras of all time. He played a striking baritone sax solo on Dorsey's "For You," which also featured Jo Stafford's lovely vocal. Later that year he contributed the arrangement behind Frank Sinatra's vocal on "Violets for Your Furs." He later did numerous arrangements for Sinatra, including the unforgettable "Birth of the Blues."

In the jazz sextette will be (besides Beau) Harvey Glissendorf of Fond du Lac on piano; Ray Wisler of Fond du Lac on tenor saxophone; Al Butcher of Oshkosh on trumpet; Fred Wattstein of Oshkosh on bass and Danny Munson of Fond du Lac on drums.

In the Big Band will be LeRoy Wolter of Oshkosh, Jim Howden of Oconomowoc, Wisler, Richard Weiner and Jim LaMendola of Fond du Lac on saxophones; Butcher, Jim Arthur of Fond du Lac and Howie Schneider of Kewaskum on trumpets; Tom Perry of Fond du Lac, Charles Isaacson of Oshkosh and Mike Wegner of Menasha on trombones; Glissendorf, piano; Wattstein, bass; and Munson, drums.

All musical arrangements for the concert were written by Beau whose clarinet playing will be showcased by the sextette and the Big Band.

On the planning and arrangements committee are Ron Bothe (Harvey) who is concert producer and general chairman; Wayne Wallschlaeger, Business and Scholarship Fund Chairman; Cal Moely, Auditorium and Stage

Coordinator; Wisler, Director of Music and "Bibs" DeRusha, Chairman of the Reception which takes place at the Elks Club in Fond du Lac immediately following the concert.

Tickets for the 7:30 p.m. concert are \$7, \$6 and \$5 and can be purchased at Wegner Office Supply or by phoning (414) 921-0351.

#### XYZ CLUB SKAT WINNERS

Skat results at the XYZ Club on Wednesday, Sept. 8, were Francis Gilboy, 18-1-17 Net; Ted Rohlinger, 10-1-9 Net; Fritz Kral Spade Solo VS 5.

### 4-H Club Advisory Committees to Meet

Any neighborhood or community can have a 4-H club for its youth between 3rd grade and 18 years of age. When a 4-H club is started, there will usually be an advisory committee made up of parents and other interested adults. This advisory committee sets the overall policies. They help to decide the kinds of projects and activities the group will be involved in.

Advisory committees from all of the clubs will be meeting on Thursday, September 23. One meeting will be at 1:30 p.m. at the 4-H office in West Bend, another will be at 7:30 p.m. at the Polk Town Hall, Slinger. Committee members may attend either one of the meetings.

Anyone is welcome to attend to find out more about how clubs get started and how an advisory committee helps it to function.

A youth in a 4-H club has many opportunities for projects and activities. These opportunities don't come about, however, unless some adults from the community make them happen. Through the advisory committees, parents and other adults can make 4-H be a real valuable experience for their youth.

### County Tavern League Presents \$20,138 Check to Cancer Society

Washington County Tavern League President Mike Bird of the Cedar Lake Motel and Pub, presented a check for \$20,138.65 to Dr. J. David Lewis, President of the Washington County Unit of the American Cancer Society, at the League's Picnic. The donation put the Washington County Unit well over its goal for the 1981-82 Fiscal Year ending August 31.

Mel Gullickson, Co-chairman of the Wisconsin Tavern League Crusade Against Cancer, indicated that this amount was more than one-fifth of the total cancer-fighting dollars raised by all the state's tavern leagues combined.

The funds were raised by buck-boards in 36 taverns, the Polka Fest, Horseshoe Tournament, Green Pig Raffle, Washington Co. Jam Session, and a Dinner-Dance.

Dr. Lewis presented Certifi-

cates of Merit to the following leading money-raisers: Poorman's Club, B.J.'s-Richfield, Lighthouse Lanes, Mr. and Mrs. Strobel, Etzel's County Inn, Butch Wendorff, Carmel Lanes, Kliner's Roadside Inn, Schwai's and Cedar Lake Motel and Pub.

### Historical Society To Meet Tuesday

The Kewaskum Historical Society will be meeting Tuesday, Sept. 21, at the Valley Bank meeting room at 8:00 p.m.

Two topics for discussion will be the November dinner meeting and the visit to another Historical Society at Germantown, being planned for Saturday, Sept. 25, at 1:30 p.m.

## Bath-Walters

Connie Bath and Neil R. Walters, Jr., were united in marriage at Holy Trinity Church on Aug. 7, 1982. Father Robert Berghammer officiated at the 2:00 candlelight, double ring ceremony.

Parents of the couple are Mr. and Mrs. Harold Bath, 3414 Hwy. 28 E., Kewaskum, and Mr. and Mrs. Neil R. Walters, Sr., 218 N. Fond du Lac Ave., Campbellsport.

The bride was presented in marriage by her father. Music for the ceremony was provided by Ann Thill, organist, and Robin Hron, soloist.

Nancy Hammes, a friend, and Dale Hammes, a friend, both of Streator, Ill., were the honor attendants.

Bridesmaids included Debra Schneider, a friend, of West Bend, Debbie Bath, the bride's sister, of Kewaskum, and Jan Ott, the groom's sister, of Brownsville.

Groomsmen included Brian Moorehead, a friend of West Bend, Mike Van Blarcom, the groom's cousin of Cedarburg,

and Brian Ott the groom's brother-in-law of Brownsville.

The miniature bride was Jessica Walters of Campbellsport, the groom's sister, and the ring bearer was Mark Jaycox, Jr. of DeForest, the bride's nephew.

Steve Bath of Kewaskum, the bride's brother, and Steve Van Blarcom of Cedarburg, the groom's cousin, were the ushers.

A reception was held at Fillmore Turner Hall.

The bride is a 1981 graduate of Kewaskum High School and a Nurses Aide graduate of MPTI. She is presently employed at St. Joseph's Convent in Campbellsport and is attending MPTI for Ward Clerk.

The groom is a 1979 graduate of Campbellsport High School and a MPTI Engine Technician graduate. He is employed at Kohler Co.

Following a honeymoon trip to California, the couple is now at home at 3420 Hwy. 28 E., Kewaskum.

## School Bus Time Is Here

School days are here again, and with them are the familiar yellow school buses shuttling students to and from their places of learning.

"Motorists should be alert to the flashing red lights on these buses as this means the bus is stopping to load or discharge students," says Washington County Sheriff Clarence Schwartz.

Wisconsin school bus law is simple. It is designed to protect school children during the most dangerous part of their journey — the trip across the road when they get on or off the bus.

The operator of a motor vehicle must stop not less than 20 feet from the front or rear of a school bus which has stopped and is displaying flashing red warning lights. The motorist must remain stopped until the bus resumes motion or the operator turns off the flashing red warning lights.

"Drivers convicted of failure to stop for a school bus forfeit \$119 and four (4) demerit points are assessed against the driver's record. If the violation causes bodily injury or death the penalties can be much more severe," Sheriff Schwartz adds.

## Fall Fest at Cedar Lake Home Campus

The Cedar Lake Home Campus Foundation president, Paul Bast, extends an invitation to the community to attend the Campus Fall Festival Sunday, October 3, from 11 a.m. - 5 p.m.

The festival is held annually on behalf of community people of all ages so that they might come to the 218-acre Campus to enjoy its natural beauty and have a fun-filled day at family prices.

Activities slated included hay rides through the 90-acre forest, a petting zoo, craft and bake sale, entertainment, games, a \$3 ham luncheon served from 11 a.m. - 1:30 p.m., brats, hot dogs, and hamburgers, horse and carriage rides, horse rides, antique cars and fire trucks, plus much, much more.

The Cedar Lake Home Campus is located 2 miles west of West Bend on Hwy. Z.

Kewaskum Statesman.

## Woman's Club Plans Outing in December

The first meeting of the Kewaskum Woman's Club was held Thursday, Sept. 9, at the home of John and Ruth Schmitt.

Any member, husband or guests interested in attending a matinee play, "A Christmas Carole," on Saturday, Dec. 4, at the Pabst Theatre in Milwaukee, can call Judy Harlow at 626-4202 for reservations. The group will meet at 1:45 p.m. at the Holy Trinity parking lot. Lunch at Karl Ratzsch's will be at 3:00 p.m. with the play starting at 5:00 p.m. Reservations are due September 25.

Not only is truth a lot stranger than fiction — it's also a whole lot cleaner.

## In the Service

Airman Timothy M. Standish, son of Francis J. and Margret L. Standish of 2925 Highway H, Kewaskum, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and customs and received special instruction in human relations.

Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

He is a 1982 graduate of Kewaskum High School.

## New Radiation Oncology Department for Cancer Treatment Dedicated at St. Agnes Hospital in Fond du Lac

Dr. Hong Chu Wang, radiation oncologist and Kathy Dais, radiation oncology tech, make final preparations for a patient's treatment for the day.

Archbishop Rembert J. Weakland, Archdiocese of Milwaukee, presided over dedication ceremonies of St. Agnes Hospital's new Radiation Oncology Department, Saturday, August 28, 1982.

This new facility is an expansion of existing cancer treatment capabilities with the addition of the Varian linear accelerator.

According to James J. Sexton, St. Agnes Hospital President, "The new space and equipment will allow for a more organized, efficient approach to the treatment of cancer at St. Agnes Hospital. We have tried to create a pleasing atmosphere for our patients who will be receiving complex therapy through the latest in available technology."

At the dedication ceremonies, local dignitaries, members of the local clergy, hospital

medical staff and hospital management witnessed the short ceremony and blessing of the department by the Archbishop.

With this new department and the linear accelerator, it will be possible to virtually treat all types of cancer, making it unnecessary for patients to travel elsewhere for their cancer treatment. The closest treatment facility within a 50-mile radius of Fond du Lac is in Appleton. In addition, treatment time will be shortened and fewer treatment fields will be necessary for each patient.

The department officially opened its door to patients on Monday, August 16, and initially expects to treat about 30 patients per day.

The new 4,500 square foot

department is nearly 2½ times larger than the former radiation therapy unit in the Radiology Department.

Hong Chu Wang, M.D., radiation oncologist, will be medical director for the department. John Wochos, medical physicist, will serve as program director.

In addition, three technologists, an oncology assistant, tumor registrar, tumor registry assistant and a receptionist will provide the remaining staffing for the department.

There are two exam rooms, two treatment rooms to house the linear accelerator and simulator, a conference room, waiting room, changing/dressing facilities and offices in the spacious department.

"A decision is what a man makes when he can't find anyone to serve on a committee."

## President Reagan Proclaims Farm Safety Week

Friday, Sept. 17, 1982, Page 13

Chicago, IL—President Ronald Reagan, in proclaiming the week of September 19 through 25 as National Farm Safety Week, has called for a strong commitment to safety by those who live and work on the nation's farms and ranches, and for ample support for that commitment by organizations allied with agriculture.

Vincent L. Tofany, president of the National Safety Council, said, "This year marks the 39th annual observance of this well accepted safety event that focuses national attention on rural accident problems and what can be done about them. It also marks a departure from the end-of-July dates that were customary for 38 years. Now, Farm Safety Week will be observed during the third full week of September and this should result in even greater response in our nation's agricultural communities."

National Farm Safety Week, co-sponsored by the National Safety Council and the U.S. Department of Agriculture, is supported by many organizations that serve agriculture. The 1982 theme for the Week is "Make It A Safe Harvest."

"Harvest is the payoff for a season of hard work, but there may be no pay-day for those who fall victim to a serious harvest-time accident," says William D. Hanford, manager of the Council's farm department. According to data from the Council's state farm accident surveys, nearly half of the reported accidents involving farm machinery occurred during harvest-related operations.

"It's important for harvesting equipment to be checked and ready to go before the season starts," says Hanford, "and that everyone involved in the operation is competent to do their job well and safely."

According to Hanford, most harvest-time injuries that involve amputation of body members result from getting caught in moving parts of a power-driven machine. "We urge users to keep those shields on, stay clear of unguarded moving parts and always turn off the power before trying to unclog a machine or deal with other operational problems," he said. "Also, keep children and non-workers off of the equipment. Doing these things will help you 'make it a safe harvest.'"

According to recent National Safety Council estimates, in 1981 agricultural work accidents resulted in about 1,900 fatalities and 190,000 disabling injuries, a 5 percent decrease from 1980 figures and an 11 percent decrease since 1971.

### Free SMV Emblems Available From Kewaskum FFA

Kewaskum FFA members would like to remind local residents that Sept. 19-25 has been chosen as National Farm Safety Week. This year's theme "Make It a Safe Harvest" especially applies during the fall months.

The FFA urges local community members and farmers to keep the following items in mind:

- Read and follow the operator's manual for each machine in your harvesting operation

- Make sure all workers are trained and competent to carry out their assignments safely

- Keep all shielding in place
- Watch where you are going
- Keep extra riders off and away from machinery

- Take work breaks with refreshment to maintain alertness and reduce fatigue

Free sponsored SMV emblems will be available to all local farmers wishing to attach them to equipment and machinery. Emblems can be obtained by contacting FFA members or stopping by the high school office during school hours.

# Make it a SAFE HARVEST

## NATIONAL FARM SAFETY WEEK

### Sept. 19-25, 1982

### Safety Footwear Can Help Keep You on Your Feet

—Farm work involves a lot of walking and climbing on all kinds of surfaces, carrying heavy objects, using tools and operating machinery. Unfortunately, mishaps often occur and foot injuries result. According to data derived from the National Safety Council's farm accident surveys, one disabling injury in eight involves the feet and/or toes.

"Such injuries are mostly caused by dropping heavy objects, stepping or jumping on sharp objects, tripping, being stepped on by livestock or run over by power mowers or farm equipment," says William D. Hanford, manager of the Council's farm department.

According to Hanford, much of the problem involves the use of inadequate or inappropriate footwear. "People—especially younger workers and women—often wear sandals, canvas or "gym" shoes or worn-out dress shoes while doing their work. Such footwear gives little or no protection if you stub your toe, step on a nail, drop something on your foot or somehow get it underneath a power mower. Also, wearing shoes or boots with the wrong kind of sole material for the walking surface results in many unnecessary slips and falls."

Hanford believes that the majority of these injuries could have been prevented or made less severe if the victims had been wearing safety shoes or boots with slip-resistant soles.

"Safety footwear is extra sturdy and has a metal toepiece for good basic foot and toe protection on most farm jobs, including operation of power lawn mowers. It can be had with a steel insole that resists punctures from sharp objects underfoot. A metatarsal guard also can be added that would make sense for those handling horses, hogs and cattle."

Safety footwear is available with sole materials suitable for most working surfaces.

## FARM SAFETY MAKE IT YOUR BUSINESS

### Effects of Acid Rain To Be Discussed by DNR Representative

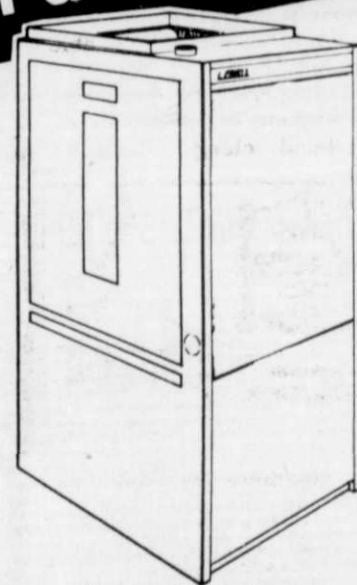

The effects of Acid Rain in Wisconsin will be discussed Monday, September 20, at 7:30 p.m. by Jeanne Sollen, Public Information Officer for the Department of Natural Resources.

Sollen will start the evening by presenting a narrated slide show entitled "Acid Rain..The Choice Is Ours." Following the slide presentation, the DNR representative will answer questions and provide information on a two year study of acid rain in this state. The study, which is being conducted by the Department of Natural Resources, Wisconsin Public Service Commission and 8 Wisconsin utilities, is seeking to learn the sources, extent and effects of acid precipitation in Wisconsin. According to Sollen, the study has monitors in Northern Wisconsin and South-eastern Wisconsin collecting rain fall and snow melt and generally studying precipitation as it relates to acid rain.

The acid rain presentation is being sponsored by the League of Women Voters of Washington County and will be held at the Marine Bank, 801 W. Washington Avenue in West Bend. All concerned citizens are encouraged to attend this informative discussion.

# 30 Years Ago

September 12, 1952

The sisters and staff of St. Joseph's Hospital, West Bend, are happy to announce the installation and completion of a new medical facility. A modern deep x-ray therapy machine with a full complement of accessories is now available at the hospital. It occupies a specially constructed lead-lined room on the third floor.

For August, the final month of its annual contest, the fish committee of the Fond du Lac Association of Commerce's recreation committee, awarded prizes to four persons whose entries topped the list in as many divisions. Biggest fish entered was the 15 1/2 pound northern pike measuring 39 3/4 inches which Roland "Casey" Heberer, Route 1, Kewaskum, caught with a rod and reel at Forest Lake.

Miss Jean Alice Rosenheimer, daughter of Mr. and Mrs. Maurice W. Rosenheimer of Kewaskum, was married to Jerry Ford Kenkel, Milwaukee, at Peace Evangelical and Reformed Church, Kewaskum, on September 6.

Recently returned to the U.S. Naval Submarine Base at Pearl Harbor after completing a six-month tour of duty in Korean waters aboard the submarine USS Caiman was Alvin Jeske, electronics technician second class, USN, son of Mr. and Mrs. E.F. Jeske of Kewaskum.

Howard A. Haack, son of Chief of Police and Mrs. Edmund Haack, Kewaskum, who recently enlisted in the U.S. Air Force, is now in training at San Antonio, Texas.

Daughters were born to Mr. and Mrs. Glen Gutjahr, Route 3, Kewaskum, on September 5, and to Mr. and Mrs. Jerome Marquardt, Kewaskum, on September 4. Sons were born to Mr. and Mrs. Harold Westerman, Route 3, Kewaskum, on September 12, and to Mr. and Mrs. Elmer McEwen, Route 3, Kewaskum, on September 9.

baseball club on Saturday evening held a banquet at the Republican House in the form of a 7 o'clock chicken dinner. The Indians the past year were very successful having won twelve games without a loss. Those present at the gathering were: E. Hron, G. Koerble, William and John Louis Schaefer, "Bud" Lay, W. Klein, Lester Casper, Harold Smith, Harold Clause, Harold Marx, O. Stenschke, A. O'Connell and Manager and Mrs. Ph. McLaughlin, Jr.

From the latest reports Walter J. Kohler defeated Governor Phil. LaFollette for the nomination for governor at the primaries last Tuesday.

# 75 Years Ago

September 14, 1907

Walter, the 11-year-old son of George Braun of New Fane, met with a horrible death yesterday morning by being caught in the shafting in his father's feed mill. Mr. Braun had just started up the machinery and the boy was in the act of putting on a belt that drives the feed mill when he got caught and was carried around the shaft, resulting in instant death.

Henry Degner of Kewaskum lost a finger on his right hand last week Thursday by getting it caught in the governor on his threshing machine self-feeder.

Work of building a cement sidewalk on the north side of Main Street from Eberle's to the corner of West Street in Kewaskum was commenced Thursday.

The 49th annual county fair which opens at West Bend next Monday and continues for three days promises to be the best ever.

"Dieting is a system of starving yourself to death so that you can live a little longer."

# Today's Medicine

## ASK YOUR PHARMACIST!

by Charmaine S. Moon, R.Ph.

What are the side effects of this medication? Can I take this with food? Will it be okay to have a drink with my medication? What can I give a 10 month old baby for a cold? I have high blood pressure, what can I take for a cold? Do any of these questions plague you when you wait for your prescription or peruse the over-the-counter wall of medication? Your pharmacist is available to assist you in all these areas and more. So...ask your pharmacist!

Usually, the pharmacist is the last medical professional a patient sees before he takes his medication. The pharmacist wants to assure that the patient knows all he needs to know about his medication — its use, action, side effects, etc. Your pharmacist is highly trained in disease states, illnesses, and interactions of medications as well as the basic actions of the medications. Let him share his knowledge with you! Some medications are useful in a variety of instances, but with a good, open line of communication, your pharmacist can help you understand your medications.

The pharmacist is a wealth of information for assistance with drugs that do not require a prescription. He can assist you in choosing the product to suit your needs. There, in a myriad of medications that differ only slightly, but for patients with chronic illnesses, allergies, or other extenuating circumstances, your pharmacist is a valuable source of information. Since age is also a factor, geriatric patients and infants deserve special consideration. Your pharmacist can be a great help to parents of small children since often they have small problems which can be solved with OTC medications.

Preventative medicine is an area of rapidly growing interest to everyone. Many patients are concerned about their diet and general health. The pharmacist can assist you in choosing vitamins and dietary supplements to satisfy your family's needs.

Your pharmacist is part of a health care team concerned with one main objective - your health. He is ready, willing, and able to consult with you. So...ask your pharmacist!

# Obituaries .....

## MRS. ELLA JANDRE

Mrs. Ella Jandre, 82, formerly of Campbellsport, died Sunday, Sept. 12, at Cedar Lake Home, West Bend, where she resided since 1971.

She was born March 18, 1900, in the Town of Rhine, a daughter of the late Carl and Wilhelmina Berth Schulz. She was married to Walter Jandre on May 17, 1919, at St. John's Lutheran Church, New Fane, and he died Jan. 2, 1971.

The couple farmed in the Town of Auburn until 1966, when they moved to Campbellsport. Mrs. Jandre was a member of St. John's Lutheran Church at New Fane, Ladies Aid and New Prospect Mother's Club.

Survivors include a son, Kenneth of rural Campbellsport; a daughter, Mrs. Janice Barrett of West Bend; nine grandchildren; and seven great-grandchildren. A son, two sisters and three brothers preceded her in death.

Funeral services were held at 2 p.m. Wednesday at St. John's Lutheran Church, New Fane. Pastor Robert H. Lindau officiated and burial was in the church cemetery.

Visitation for Mrs. Jandre was after 4 p.m. Tuesday at Twohig Funeral Home, Campbellsport, and at the church from noon Wednesday until the time of services.

## MRS. JOHANNA THELEN

Family and friends of Mrs. Johanna Thelen, 81, of the Town of Ashford, called after 3 p.m. Sunday at Twohig Funeral Home in Campbellsport.

Mrs. Thelen died Friday, Sept. 10, at the home of her son, Math of the Town of Ashford, where she had been residing.

Funeral services were held at 10:30 a.m. Monday at the funeral home and at 11 a.m. from St. Martin's Catholic Church, Ashford, where she was a member. The Rev. George Etzel officiated and

burial was in St. Martin's cemetery.

Mrs. Thelen was born Dec. 12, 1900, in the Town of Ashford to Martin and Margaret Butschlick Schill. On April 22, 1924, she married Math Thelen at St. Martin's Church. He died March 11, 1966. They farmed in the Town of Ashford until their retirement.

She is survived by her son; four daughters, Mrs. Leander (Elizabeth) Weiland of rural Campbellsport, Mrs. Hubert (Eleanor) Sippel of St. Cloud, Mrs. Delores Heisler of Campbellsport and Mrs. Gilbert (Ruth) Lehner of Lomira, one brother, Jerome of Kewaskum; and 17 grandchildren.

She is further survived by seven sisters, Mrs. Mamie Schultz of Beloit, Mrs. Rosena Baldschmider of Wausau, Mrs. Lorraine Seidel of Colby, Mrs. Adela McNight of Statford, Mrs. Agatha Klumphyan, Mrs. Alexia Jorgenson, and Mrs. Pauline Manis, all of Fond du Lac. One brother preceded her in death.

## MRS. JOHANNA CZOSCHKE

Family and friends of Mrs. Johanna Czoschke, 74, of 10 N. State St. Waupun, called from 4 to 9 p.m. Monday at Kohl's Funeral Home in Waupun and from noon to 2 p.m. Tuesday at Immanuel Lutheran Church, Waupun.

Funeral services were held at 2 p.m. Tuesday at the church with the Rev. Joseph Hestenes officiating. Burial was in Forest

Mound Cemetery, Waupun.

Mrs. Czoschke died after a brief illness on Friday, Sept. 10, 1982, at Waupun Memorial Hospital.

She was born Jan. 10, 1908, at Red Wing, Minn., to Nels and Lucy Faye Johnson. She married Earl Czoschke on Dec. 14, 1927, at Brandon. After their marriage they farmed in the Town of Springvale until 1935, when they moved to Waupun.

She was employed as a chef for many years at various Waupun restaurants. She was employed at the Ideal Shoe Co. in Waupun until her retirement in 1971. Mrs. Czoschke was a member of Immanuel Lutheran Church, Waupun, and the American Legion Auxiliary Waupun.

She is survived by two sons, Chester of Kewaskum, Harvey of Fort Myers, Fla.; two daughters, Mrs. Robert (Doris) Elvers of Oakfield, and Mrs. Wilbert (Helen) Van Galen of Waupun; 16 grandchildren; 16 great-grandchildren; three brothers, Benjamin Cannon of Mayville, Glen Cannon of Medford, and James Cannon of Sedio-Wooley, Wash.; and three sisters, Mrs. Pearl Harker of Elmhurst, Ill., Mrs. Chester (Emma) Davis of Roseville, Mich., and Mrs. Ernest (Irene) Krieger of Rhineland.

Her husband, in 1979, her parents and one sister preceded her in death.

# Lions Club Paper Drive

## SATURDAY, SEPT. 18

All paper or cardboard must be on the curb by 9:00 a.m. tied in bundles, packed in boxes or bags. No waxed paper or boxes, please. This drive is conducted every third Saturday of the month.

Money used for local projects.

# PUT YOUR FURNACE ON PART-TIME

RELIEVE YOUR CENTRAL HEATING SYSTEM WITH A KERO-SUN® PORTABLE HEATER—AND SAVE MONEY.

Stay warm. Save money. Put a Kero-Sun® portable heater to work for you and give your costly central heating system a break. With its advanced design, a Kero-Sun® portable heater is 99.9% fuel-efficient—far better than coal, wood, central gas and oil heating. The money you spend on fuel returns to you as heat. And it costs just pennies per hour to run.

In winter, heat a family room or rec room with a Kero-Sun® portable heater and turn down your central heat. In the spring and fall, use one to heat a kitchen or workshop

without firing up your central heating.

There are Kero-Sun® portable kerosene heaters for nearly every kind of home and business. All are easy to operate. Smokeless and odorless in operation. Safety-tested and listed by Underwriters Laboratories.

Give your furnace a holiday. Stay warm and save money with a Kero-Sun® portable heater. See our full line today.

KERO-SUN® HEATERS SAVE YOU MONEY WHILE THEY KEEP YOU WARM.

## Minutes of Village Board Meeting

Regular Meeting  
September 7, 1982  
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. Trustee David Nigh asked to be excused and was absent; all other Trustee Members were present.

The minutes of the meeting of August 16, 1982, were approved as printed upon a motion by Trustee Donald Mlodzik, seconded by Trustee Richard Schmidt. Voice vote was unanimous.

A public hearing was conducted on the application of Gloria Jean Serwe for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor License for the premises at 1310 Riverview Drive. There were no objections from the floor on the application as publicly read by President Gerald Stollenwerk. The Police Department had no reason to protest the issuance of the license at this time. On a motion by Trustee Jeffrey Rohrer, seconded by Trustee Paul Blumer and unanimously carried the public hearing was declared closed.

Motion was made by Trustee Richard Schmidt, seconded by Trustee Howard Laubenstein to suspend the rules to take action on agenda item IX. A., discussion and possible action on the application of Gloria Jean Serwe for a tavern license. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent." The motion was carried by the majority.

Village Attorney Gerald Kiefer informed the Board that an Agreement & Waiver (Acknowledgement of Waiver) had been drafted by an attorney for Ralph and Henriette Scott

regarding the current litigation. This waiver had been signed by Ralph and Henriette Scott and Attorney Kiefer and Attorney Daveczyk recommend consideration of this waiver by the Board.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Paul Blumer and unanimously carried, the application for Gloria Jean Serwe for a Combination Class "B" Fermented Malt Beverage and Intoxicating Liquor license was approved upon proper payment of fee and the surrendering of Mr. Robert Holub's license. The Commissioner was authorized to issue the proper license. The motion was carried by the majority. (The address of the license is 1310 Riverview Drive and is formerly known as Ma & Pa's Kettle).

On a motion by Trustee Richard Schmidt, seconded by Trustee Howard Laubenstein and unanimously carried, the Board approved the proposed discharge limits as ordered by the DNR and as recommended by the Supt. of W.W.T., Peter Albers and Dr. Raymond Kipp. (The limits were proposed in a letter dated July 30, 1982 and addressed to Village President Gerald Stollenwerk).

Superintendent of Public Works Augie Bilgo discussed with the Board an existing water problem on the east end of Braatz Drive. He informed the Board a quote for the needed repairs was received from Scott Construction for asphalt at \$35.00 a ton, with the estimated total being \$1,500. It was noted that a meeting with the property owner would be held to review the work prior to the actual work.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein and unanimously carried, as recommended by Supt. of P.W. Augie Bilgo, permission to proceed with the needed repairs on Braatz Drive was approved contingent on all property owners being in agreement and willing to do their portion of corrective action.

Superintendent of Public

Works, Augie Bilgo discussed the possible action on hiring a contractor to do mowing and/or cutting grass and weeds. The Board was in agreement that due to the time of the year it would be advisable to wait until early spring to hire someone to perform that task.

Administrator Daniel Schmidt reviewed with the Board the "Project Plan Update for Tax Incremental District Number One." The Board was asked to review the update and were informed that the proposed project list for 1983 should realistically be covered by the future tax increments from the district. President Stollenwerk informed the Board that the update was prepared by Administrator Schmidt, which resulted in a \$2,000 savings for the village.

Administrator Schmidt reviewed with the Board a Budget Control Sheet for the period ending August 31, 1982. It was noted the village's financial condition is in good shape.

On a motion by Trustee Paul Blumer, seconded by Trustee Jeffrey Rohrer and unanimously carried, the Administrator and Commissioner were granted permission to attend the League of Wisconsin Municipalities Annual Conference.

On a motion by Trustee Jeffrey Rohrer, seconded by Trustee Donald Mlodzik and unanimously carried, the applications of Linda Jean Hackbarth and Joann Francis Galligan for an Operator's (bartender's) License were approved and the Commissioner was authorized to issue the proper license upon proper payment of required fee. The Police Department had no objections to the issuance of the licenses and the health reports were negative.

On a motion by Trustee Jeffrey Rohrer, seconded by Trustee Paul Blumer, and unanimously carried, the Board approved the bills as recommended by the Administrative Committee. The total of all claims as recommended are as

follows:

Village Gen. Fund \$255,436.84  
Water Dept. Fund 27,008.39  
Sewage Dept. Fund 64,066.14

The engineering proposals regarding the proposed TIF projects were discussed and the Board was in full agreement with the recommendation of the Public Works Committee. That recommendation was to discuss Ruekert & Mielke's proposal with them on September 20, 1982, at 7:00 P.M. It was noted that their proposal was approximately \$1,000 higher, but that the work would be handled all out of one office, that being in Waukesha.

On a motion by Trustee Jeffrey Rohrer, seconded by Trustee Richard Schmidt, and unanimously carried, the Board approved Ruekert and Mielke to advertise for bids to replace and insulate 3 of the 5 sections of roof on the Municipal Building. Also to repair the chimney on said building. The bids to be opened September 20 or October 4, 1982, at a Village Board Meeting.

On a motion by Trustee Paul Blumer, seconded by Trustee Donald Mlodzik, and carried unanimously, the Board designated Trick or Treat hours for the Village. Those hours would be from 5:00 to 7:00 P.M. on October 30, 1982. It was noted that these hours were the same as the tentative PTO Halloween Party hours. It was also noted that people not wishing to participate should leave their outside lights off and that those children trick or treating should refrain from going to those homes.

Administrator Schmidt informed the Board as to the procedure and cost to filing for a census recount. The Board was in agreement that no action should be taken this year, but should again be looked at next year.

Motion was made by Trustee

Donald Mlodzik, seconded by Trustee Richard Schmidt to adjourn to closed session under 19.85 (1) (g) of the Statutes to discuss the litigation by Ralph and Henriette Scott vs. the Village of Kewaskum, Washington County Circuit Court - Case No. 32568. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent." The motion was carried by the majority.

## J & J AUTO TOPICS

LITTLE GAS MUCH AIR

You use about 9,000 gallons of air to every gallon of gasoline when you drive your car down the road. Now, you can realize how important it is to have an air filter that keeps dust and grit from entering the carburetor and motor.

Here is an important part of an automobile engine that is usually forgotten about by most drivers, although it can mean wasted gasoline, lost horsepower and needless wear on valves and rings. It could be adding more cost per mile than the expense of your gasoline. Of course, it's gradual, you don't realize it until you need carburetor, valve or ring work on the motor.

Prevent this extra expense by letting J & J AUTO SERVICE check your air filter everytime you have the lube job and oil change. You'll happily discover that the drive over to 450 E. Main is one that saves you car expenses over the long run. See us today.

## Hundreds of Deteriorated Bridges On Wisconsin Highway System

Wisconsin has fewer posted bridges on the state trunk highway system in 1982 than it had 10 years ago, but deteriorated bridges, and lack of money to fix them, remain a problem, the state transportation department said today.

"In 1972, we had 94 bridges on the state trunk system posted for weight limits, compared to 36 today," Transportation Secretary Owen Ayres said. "Although dozens have been replaced over the past 10 years, we keep adding to the list of posted bridges," he said.

Posted bridges are only part of a much larger problem, Ayres said. Hundreds of others are substandard and need repair or replacement.

"Of the nearly 4,000 bridges on the state trunk highway system, more than 1,500 have been rated substandard by the department," Ayres said.

Substandard bridges fall into two categories, which have been established by the federal government: "structurally deficient" and "functionally obsolete."

More than 900 bridges on the state system, including 141 interstate highway structures, have been rated structurally deficient. The problem may be a deteriorated deck, a bad girder or a number of other things. Those structures need to be either repaired or replaced.

Another 600 plus are rated functionally obsolete. Many of these bridges are structurally sound, but need to be brought up to modern standards. They may be too narrow, for example, have restrictive

## Interest Rate

### Drops 2% at ASCS

Interest for all loans disbursed by ASCS in September will be 12%, 2% lower than the preceding month according to Donald E. Sampson, director of the Washington County ASCS office. Rates reflect the interest rate charged CCC by the U.S. Treasury. They are subject to an adjustment each month.

The rate applicable the month of disbursement is in effect thru the current year according to Sampson. On January 1st all loans subject to the adjustment provisions change to the January rate which remains in effect thru the calendar year. ASCS changed over to the adjustment interest regulations on April 1, 1981.

## ADMISSION DIRECTOR TO VISIT HIGH SCHOOL

Rhonda Uschan, associate director of admissions at the University of Wisconsin-Oshkosh, will be at Kewaskum High School at 10 a.m. on Monday, Sept. 27, to meet with students interested in attending UW-Oshkosh and learning about its programs. Arrangements to meet with her may be made through the high school's guidance office.

The world's first newspaper was probably Tsing Pao, a court journal published in China. It is said to have begun as early as the 500's and continued until 1935.

clearances that prohibit certain vehicles from using them or have poor approach alignments.

"Similar problems exist for county and local bridges on a larger scale," Ayres said. "There are more than 8,700 bridges on county trunk highways, town roads and municipal streets, and hundreds of them are in need of repair or replacement, too," he said.

During the 1981-83 biennium, the department will spend \$89.6 million repairing and replacing bridges on state and local road systems. Local governments will spend millions more matching state funds for repair and replacement.

"Our philosophy now is to preserve the bridge and road system that we have, not expand it," Ayres said. "But with today's costs and the overwhelming number of bridges needing attention, we will have a very difficult time keeping abreast with minimum needs," he said.

## Junior Women Recycling Saturday

The Kewaskum Junior Women's Club will hold their monthly recycling day on Saturday, Sept. 18, from 9 a.m. to 12 noon. We accept tin, aluminum, colored glass (green and brown) and all glass with the labels on. Please remove the covers from all glass containers (these can be put in with the tin). Newspapers for the Lions Club can also be left at the recycling center. Used oil can be recycled by dropping it off at Herriges Oil in Kewaskum during working hours.

## LETTERS TO THE EDITOR...

Kewaskum, WI  
Sept. 14, 1982

To the Editor:

The recent passing of Mrs. Walvoord, a music teacher in this area for many years, prompts me to write these lines:

A Tribute to Elda

The Mighty Maestro's hand has struck,  
The melody has waned,  
And she who loved it's every beat  
Her great reward has claimed.

Her knowledge, and her expertise,  
Will ever be a part  
Of young and old-especially  
Each music lover's heart.

One and two and three and four,  
And one and two and three,  
At first the notes were difficult,  
They all seemed Greek to me.

But bit by bit the pieces fit,  
And soon a song was born,  
Now a silence fills the air,  
And her loss we mourn.

As the gavel gently falls,  
On all her earthly gains,  
To us who will remember,  
The memory remains.

Isabelle Muckerheide

## AUCTION

ESTATE OF MRS. ELDA WALVOORD  
Kewaskum, Wi.  
**Sun., Sept. 19 — 10 a.m.**

## TIMBER SALE PROSPECTUS

General Information:  
The Wisconsin Department of Natural Resources is offering for sale certain timber for fuelwood on the following described sale areas:

- SALE AREA #1**  
"Scenic Drive Sale"  
Twp. Mitchell, Sheb. Co.  
Sec. 16, T14N R20E  
8 tracts
- SALE AREA #2**  
"Parnell Sale"  
Twp. Mitchell, Sheb. Co.  
Sec. 10, T14N R20E  
26 tracts
- SALE AREA #3**  
"Kewaskum Sale"  
Twp. Kewaskum  
Section 14, T12N R19E  
16 tracts

The timber on the above listed 50 tracts will be sold at public auction at the Kettle Moraine State Forest (Northern Unit) Headquarters on Oct. 2, 1982 at 10:00 a.m.

Tracts are identified by numbers on wooden stakes along the trail at the approximate center of the tract. These tracts are bounded by a horse trail on one side. The lateral boundaries of each tract are marked with red paint spots at trail side. Depth of tract is unmarked, but should be regarded as extending as far as trees are marked. Each tract will consist of trees marked with one color paint (Note: Tracts do not cross roads or trails).

Prospective bidders are urged to examine this timber and make their own evaluation of the individual tracts. Further information can be obtained from the forest headquarters.

### PAYMENT REQUIREMENTS & PROCEDURES

1. A minimum bid of \$15.00 per cord is required.
2. The successful bidder will obtain a state fuelwood sales permit upon payment at the auction.

Tired of scrubbing carpeting? Clean it with Nylac quickly and easily. No machine needed. Miller's Fine Furniture carries Nylac.

### Goeden Wins Slinger Track Championship

Conrad Morgan of Dousman won the 82 lap feature event, giving him enough points to move him into second place, due to the fact that Johnny Ziegler wasn't there. (John Ziegler competed at the Minnesota State Fair with his A S A car.) This also helped Willie Goeden to clinch the Slinger Track Championship. Goeden has won many track and circuit championships or titles, but this is his first at Slinger in the 24 years of competing in both modified and late model divisions and on dirt or asphalt.

Goeden never won a feature event this year, but by taking top honors in qualifying, 9 out of the 18 nights of competition and placing in the top five consistently, gave him the edge he needed to take the championship.

The top five in the point standings are — Willie Goeden, Conrad Morgan, John Ziegler, Tony Strupp, Jerry Exhardt.

These and other drivers will be honored at the Annual Slinger Banquet on Nov. 13, 1982 at the Kettle Moraine Bowl, on Hwy. 60.

### RACING RESULTS

by Jae Omen  
Labor Day Weekend

#### Wis. International Raceway Kaukauna - Late Model Div.

Terry Baldry of Omro put the final touch to a good season for him, by winning the 20 lap feature event on the half mile asphalt. This wrapped-up the W.I.R. track championship for him. Baldry has been racing for 10 years, and this is his first championship of his career.

Local drivers, Willie Goeden finished 6th, Tony Strupp placed 14th and Mike Melius took the 15th position in the W.I.R. point standings.

#### Frances Creek — 141 Speedway Modified Div.

Willie Goeden posted fast time, came in second to Randy Bulter, in the 10 lap heat and went on to take the checkered for the Finale Forty Lap Feature (starting) from the back of the field.

Frankie Heimerl of West Bend finished second in the main event, with Dickie Berth, Billy "Schwartz" Johnson, taking the 3rd and 4th position respectively. Ron Luedtke, qualified second, won his 10 lap heat and placed 6th in the forty

lap event.

Over-all, Luedtke has the E.W.S.C. Championship sewed-up, but Goeden took the 141 Speedway Track Championship and will be presented with an award from the promoter, Merle Armstrong, at the E.W.S.C. Banquet on Oct. 23, at the Milhome in Kiel.

#### Plymouth — Modified Div.

On Saturday evening, the feature event was won by Wayne Goetch of Sheboygan, followed by Ron Luedtke and Frankie Heimerl. Dickie Berth finished 5th, while #72 Willie Goeden, settled for the 6th spot.

During the Sheboygan County Fair, the E.W.S.C. drivers do double duty, as they compete on the quarter mile dirt again on Labor Day.

Frankie Heimerl was the modifieds' fastest qualifier for the Monday events. The 30 lap feature was won by Eddie Maeder of Pewaukee. The veteran driver with more than 20 years of experience under his belt was all smiles, for this was his first feature win in 18 years.

Goeden finished second, followed by Ron Luedtke and Billy Johnson II. The point standings are as follows, with one night left of competition at Plymouth. Luedtke — 2180; Goeden 2053; Berth 1801; Heimerl 1680; Tuschl 1514.

Games called "baseball" were mentioned in English publications as early as 1744.

FASTEST QUALIFIER — Willie Goeden, #72, takes the American flag around the track for the opening of the evening's events.

#### THANK YOU

Sincere thanks to all who remembered me with cards, gifts, visits and phone calls while I was a patient at University Hospital, Madison, and convalescing at home. Special thanks to Rev. Hoenecke for his visit.

It was greatly appreciated.  
Marcella Zuehlke

#### TOWN OF KEWASKUM Monthly Town Meeting

The Kewaskum Town Board will meet Thursday, September 23, 1982, 7:30 p.m., at the Town Garage, 9340 Hwy. 45, Kewaskum.

On the agenda is payment of bills and hearing to determine how Federal Revenue Sharing funds will be used during 1983.

A complete agenda will be available from the Clerk the morning of the meeting.

Barbara Hinz, Town Clerk

#### PUBLIC NOTICE

Public notice is hereby given that the next meeting of the Village of Kewaskum, Wisconsin, Village Board is scheduled for Monday evening, Sept. 20, 1982, at 8:00 p.m. in the Council Room of the Municipal Building, 204 First Street.

The agendas for meeting are prepared as of Wednesday noon preceding the meeting and are available at the office of the clerk at the Municipal Building on Thursday preceding the meeting.

Copies of the agenda are also posted in the lobby of the Kewaskum Post Office and in the lobby of the Valley Bank.

William Martin, Clerk

#### IN MEMORIAM

In loving memory of Ruben Benicke, who passed away one year ago, September 20, 1981. His smiling way and pleasant face,

Are a pleasure to recall.  
He had a kindly word for each,  
And died beloved by all.

Some day we hope to meet him,  
Some day we know not when,  
To clasp his hands, in the better land,  
Never to part again.

Loved and deeply missed by his family, Loretta Benicke, Kenneth Steiner family and Thomas Kohn family.

#### A NOTE OF THANKS

I shall always be grateful to all my relatives, neighbors and friends who remembered me with cards, gifts, visits, flowers and phone calls while I was a patient at St. Joseph's Hospital and convalescing at home. Special thanks to Drs. Sison and Castro, nurses and Rev. and Mrs. Joiner. These acts of kindness will always be treasured. Again, thank you.

Mrs. Joyce Doll

There were 927 traffic fatalities in 1981, compared to 985 in 1980.

## Boys 10th, Girls 8th In Mayville Cross Country Invite

# Indians Nip Favored Cougars, 14-13; 2nd Win

Kewaskum's young Indians, consisting mainly of juniors and a sophomore quarterback, surprised the favored Cougars at Campbellsport Friday night, with another one point victory, 14-13. The Indians had beaten Slinger the week before, 7-6.

This year's Indians were not expected to beat the Cougars who are picked as favorites to win their Flyway Conference championship. Campbellsport has 15 lettermen back from last year, eight of them starters, including their starting backfield of Rick Serwe, Richie Narges, Gary Beck and Andy Cochran intact. However, Serwe was hurt for the Indians game. This backfield was described as "awesome," with a lot of speed and power.

It was another big effort on defense for the Indians Friday. Kewaskum has not been picked as a serious contender in the Eastern Wisconsin Conference but they hung in there against the powerful Cougars, using a fake field goal and a fumble recovery to win the hard-hitting contest.

The Cougars used ball control to dominate the first quarter, after getting a break on their first series. It appeared that the Indians had stopped the Cougars without a first down, but were called for roughing the kicker on a bad punt. The ensuing penalty gave the Cougars the first break of the game and retained possession of the ball for them deep in their own territory.

Campbellsport then put together four first downs, driving all the way to the seven yard line, before a fourth down pass fell incomplete. The Indians ran several plays deep in their own territory without much success and decided on a quick kick. This gave the ball back to the Cougars on their own 45. Using fullback Andy Cochran and speedy Rich Narges they moved quickly down the field. Cochran finally took it in from the three. Andy Tischendorf tacked on the extra point to make the score 7-0 Campbellsport.

Just before halftime, Kewaskum had its first success on offense, following some good pass plays, including one of 22 yards from soph quarterback Mark Follmann to Jeff Squier, who made a super catch. With just seconds left and the ball resting on the four yard line, the Indians set up what appeared to be a 22-yard field goal attempt. But the pass from center went back to Tim Leitheiser, the team's number two quarterback, who ran right, and then found Daryl Tews open in the end zone for a touchdown. The try for extra points on a run failed.

A strange turn of events gave Kewaskum the lead in the third quarter, after they had been outgained 149-65 yards in the first half. On a third down situation at its own 13, Campbellsport's Narges coughed up the football after a nice gain. The Indians' Squier got a hand on the ball but it got away from him and Jim Brown caught it in

mid-air and raced 15 yards for the score. Follmann's pass to Dennis Butz was successful for a two point conversion and it turned out to be the game decider.

The Cougars bounced back in the third quarter with a 79-yard drive, with Narges sprinting the final 18 on an option pitch. With the score at 14-13, the Cougars decided to go for a two point conversion but Kewaskum's Butz nailed Narges just inches from the goal line.

Campbellsport outrushed the Indians, 256-59, and outplayed Kewaskum statistically but the Indians had the better of it in passing yards, 54-22.

This Friday night at 7:30, Kewaskum will open play in the tough Eastern Wisconsin Conference when they host a good New Holstein team. The Huskies defeated Kewaunee last week, 21-7.

TEAM	0	6	8	0	14
Kewaskum	0	0	0	0	14
Campbellsport	7	0	0	6	13

TD: K. Darryl Tews, 4 yd. pass from Tim Leitheiser; Jim Brown, 15 yd. run with a fumble. C. Andy Cochran, 3 yd. run; Rich Narges, 18 yd. run.

PAT: K. Poos from Mark Follmann to Dennis Butz. C. Andy Tischendorf, kick.

## Girls' Tennis Team Beats Chilton, Ripon

With a sweep by the three doubles units, the Kewaskum girls' tennis team beat Eastern Wisconsin opponent Chilton last Tuesday.

Partners Jan Schmidt and Mary Paul made out the best, downing their opponents in a pro set match, 10-1.

In singles Coach Jan Rosenthal rotated his No. 1 and 2 regulars. Jenny Lightner moved into the top spot but lost 5-10 to Deb Keuler. Lisa Matenaer had an easy time with Annette Koenigs, winning 10-1.

The victory was the second in succession for the Indian girls and their first in the conference.

**Kewaskum 3, Chilton 2**

**SINGLES** — No. 1 Jenny Lightner lost to Debbie Keuler 3-10; No. 2 Lisa Matenaer won over Annette Koenigs 10-1; No. 3 Linda Larsen won over Allison Bloomer; No. 4 Cheryl Jaeger lost to Julie Wagner 6-10.

**DOUBLES** — No. 1 Sherry Simon-Sue Tolonen won over Char Heller-Shelly Peik 10-4; No. 2 Jan Schmidt-Mary Paul won over Donna Karls-Carla Kolbe 10-1; No. 3 Amy Charland-Donna Hlavaty won over Tracy Keuler-Lori Sell 10-3.

The Indian girls evened their season's record at 3-3 Thursday with a 4-3 victory over Ripon.

All of the Indians' four singles players, led by No. 1 Lisa Matenaer, won their matches and all played well.

**Kewaskum 4, Ripon 3**

**SINGLES** — No. 1 Lisa Matenaer won over Kea Krueger 6-2, 6-3; No. 2 Jenny Lightner won over Dee Kaiser 7-5, 6-1; No. 3 Linda Larsen won over Brook Manneback 7-6, 6-2; No. 4 Sherry Simon won over Ellen Speier 6-1, 7-6.

**DOUBLES** — No. 1 Mary Pau-Jan Schmidt lost to Krueger-Kaiser 3-6, 6-1, 3-6; No. 2 Karen Valm-Sue Tolonen lost to Manneback-Armetriel 5-7, 6-4, 1-6; No. 3 Amy Charland-Donna Hlavaty lost to Conant-Ritchag 2-6, 7-6, 2-6.

Kewaskum JV winners included Kris Seitz and the doubles team of Jama Jacak and Amy Backhaus.

New Holstein and Mayville won the respective boys and girls championships in the annual Mayville International Cross Country Meet Friday.

New Holstein came in with 78 points in the boys' division, 12 fewer than the host Cardinals, but Mayville came back to take the girls' title with 74 points, six ahead of the Huskies.

There were 19 schools in the boys' end of the meet and 16 in the girls' division.

Coach Dave Drexler's Indian boys placed 10th with a 274 total. Soph Monty Shaw had the squad's best finish, a 30th, and he was followed by Jeff Nigh in 39th, Steve Hubbell 54th, Paul McFadden 73rd and Jeff Schmidt 78th. Schmidt is the only Kewaskum senior.

In the girls' division, Kewaskum's Carol Schmidt was injured and could not run, leaving the Indians with just five healthy runners. Still they took eighth with 274 points with soph Sandy Klein leading the way with 17th place. Erika Follmann was 27th, Lori Batzler 37th and Mary Murre 50th.

## Girls' Volleyball Team Loses to Two Rivers, Plymouth

The Kewaskum girls' volleyball team lost their first two matches last week.

Coach Dave Rizzardi has four letter winners returning with another to return later. Mainstays are 6-1 Julie Koepke and 5-7 Holly Kempf, both juniors, and senior Cheryl Burkhalter. Julie is the strongest spiker, Kempf has the most experience and Burkhalter is consistent. A fifth letterwinner, Amy Vetter, injured an ankle and will be out for a month. The team has two top prospects in Pam Heberer and AFS student Hiroka Yamada.

The Kewaskum girls gave defending EW co-champion Two Rivers all they could handle last Tuesday in the conference opener. The Indians wound up losing the match but the first two games were close.

The first game ended 16-14 in Two Rivers' favor with Raiders coming from behind to win. Kewaskum had been ahead, 11-6, in this game but couldn't take it. The second was also close with Two Rivers pulling away, 15-10. The Indians came

back to take the third, 15-6. Junior Holly Kempf turned in some fine play, especially in her serving but the Indians had some problems with their setting.

Kewaskum lost its second conference match Thursday night to Plymouth here even though they made some good plays and hustled. The close match went down to the final game. Kewaskum won the first game, 15-12 and lost the second, 7-15. The third game was won by the Panthers, 18-16. The Indians led in the final game, 14-11, and were ahead 16-15 before losing.

Kempf and Julie Koepke turned in some solid efforts. AFS student Hiroka Yamada also made her debut in the match.

The JVs defeated Plymouth, 15-5, 4-15 and 15-5. The freshmen lost, 14-16, 13-15 and 15-8.

## Ball Team Ends Year With 1-20, 3-9 Records

The Kewaskum Athletic Club sponsored baseball team finished the season at 1-20 in the Land o' Lakes League and 3-9 in the Tri-County Nite League.

The team this year was a very young one. Their record was not too good but the young players all gained valuable experience and showed marked improvement by the end of the season. If all the young players come back next year the team should have a much better record and a much more exciting team for our fans to cheer.

The ball team would like to thank all the people who sponsored them and especially those who came to watch our games this year. Your support was truly appreciated.

## Announce Winners in Volleyball Tourney

On Monday, Sept. 6, the fifth annual Holiday Volleyball Tournament, sponsored by the Kewaskum baseball team, was played. There were eight men's teams and four women's teams entered. The men's teams played a round robin tournament.

- The standings:
1. Good Tymes of Random Lake.
  2. Barrel Haus of Kewaskum.
  3. Kewaskum Saloon of Kewaskum.
  4. Pickle's Pub of Kewaskum.
- The women's teams played a double elimination tournament. The standings:
1. Three R's of Boltonville.
  2. The Great Seven of Kewaskum.

Saloon	14	10
Little Club	11	9
Ole Bags	6	14
Amerahn	4	20

## Handguns Legal for The Gun Deer Season

For the first time in Wisconsin, handguns will be legal for the gun deer season this year providing they meet the requirements of the new regulations.

For deer, a handgun must be loaded with .357, .41 or .44 magnum caliber cartridges or be any other caliber chambered for commercially manufactured cartridges which produce a minimum muzzle energy of 1,000 foot pounds. The handgun must have a minimum barrel length of 5½ inches measured from the muzzle to the firing pin with the action closed.

The use of handguns for deer is restricted to areas open to rifle deer hunting, and hunters using handguns for deer may not possess any other gun while in the field.

Existing regulations describing casing requirements for handguns while being transported were considered insufficient by a legislative committee which directed the DNR to draft administrative rule changes to correct the deficiency. The new rule, which has been passed by the Natural Resources Board and has completed legislative review, is in effect for the 1982 deer season for all firearms, both handguns and long guns. It reads as follows: "enclosed in a carrying case" for firearms means completely contained in a gun case expressly made for that purpose which is fully enclosed by being zipped, snapped, buckled, tied, or otherwise fastened, with no portion of the firearm exposed.

The gun deer season opens this year on Saturday, November 20, and runs through November 28.
