3 Kewaskum Area Young People Killed, One Critically Injured in Head-on Collision

Two Kewaskum young people and a West Bend man, formerly of Kewaskum, died as the result of a two-car head-on crash which occurred at 5:08 p.m. Friday on U.S. Hwy. 45 about 2½ miles south of Kewaskum, according to a Washington County Sheriff's Department report. Two other people were injured in the crash, one critically.

The following account of the accident was given by authorities:

Steven C. Knopp, 29, of 177 E. Washington St., West Bend, a resident of Kewaskum until recently, was driving a van south on Hwy. 45 and Michael J. Ruplinger, 21, of 1235 Meadow Lane, Kewaskum, was driving north when the two vehicles collided head-on.

Knopp, who would have been

30 on Sunday, and who was engaged to be married, received multiple fractures and internal injuries. He was admitted to St. Joseph's Community Hospital, West Bend, in critical condition, and was transferred to Milwaukee County General Hospital in Wauwatosa, where he died on the operating table at 2:55 a.m. Saturday.

Ruplinger suffered massive internal injuries and was pronounced dead on arrival at St. Joseph's Community Hospital. His fiancée and passenger, 19-year-old Laura R. Stange of 1235 Meadow Lane, Kewaskum, also received massive internal injuries and was pronounced dead on arrival at St. Joseph's.

Ruplinger and Miss Stange, who were engaged to be married, were buried side by

side Tuesday at Lutheran Memorial Park in Kewaskum.

Stange's nephew, Jason M. Stange, 11 months, of 1194 Brooklane Drive No. 3, another passenger of Ruplinger's, had a fractured leg and possible head injuries. He was in fair condition at St. Joseph's Monday.

Kevin J. Reth, 16, of 2391 Newark Drive, rural West Bend, was also a passenger in Ruplinger's car. Reth had massive head injuries and was in critical condition and treated at St. Joseph's. He was later transferred to Milwaukee County General Hospital and then to Froedtert Memorial Lutheran Hospital in Wauwatosa where he remained in critical condition in intensive care Monday afternoon.

Obituaries of the three people killed in the accident appear on another page of this issue.

Revise Zoning Ordinance to Meet the Times and Needs

By GERRY MUELLER
Statesman Staff Writer

At Tuesday evening's Plan Commission meeting, Zoning Administrator Richard Zarlum recommended present Kewaskum R-1 zoning requirements be changed to meet the needs, both physically and financially, of today's homeowners.

Zarlum made his feelings known since the village is in the process of updating its Zoning Ordinance Book.

Present R-1 zoning codes require a single family unit to contain a minimum of 1,200 square feet of living area, with a minimum lot size of 10,000 square feet. Zarlum said he felt "it (the present requirement) is impractical the way everything looks today and in the future. People are not going to have the big homes of the past. I'm not recommending we go to smaller lots," stated Zarlum. He feels

the R-1 code be revised to establish a minimum of 900 square feet for a single family unit on a minimum 10,000 square foot lot.

Zarlum felt strongly that a home-owner should not be forced into building a home larger than he wants, needs or can afford. With the new recommendation people can still build larger if that is what they want.

Plan Commission member Bob Kirst agreed with Zarlum's reasoning, noting today's homeowners do not fit the pattern of the buyer of even five years ago. Kirst told the commission, more and more homes are being purchased by single people, single parents and retired couples who are not looking for the large home.

Commission member Jeff Rohrer questioned whether such a move to allow smaller houses would cause the value of larger neighboring homes to drop. Kirst said no, that idea among home-owners has apparently changed also. A

United Way Fund Drive Captains Named

These are the Division captains who will be in charge of solicitations in major areas for Kewaskum's United Way Fund drive. Front row, from left: Margaret McFadden, House-to-house; and Claudia Laubach, Transportation. Back row: Dennis Connor, D.D.S., Professional; William Koehne, Financial;

William Geidel, Retail; Tom Larsen, Outlying communities; and Gerald Gosa, public sector. Division captains not pictured are Pearl Thompson, rural mailings; Rose Kuehl, taverns and restaurants; and Bert Preis, Industrial.

Co-chairmen Arnie Stommel and Bob Borch have selected division captains to head the solicitations for the 1982 Kewaskum Area United Way Fund drive. Solicitations began this week, and will continue through October.

Pearl Thompson (Mrs. Mervin) will be serving her fifth year in her capacity as head of the rural mailings. She has lived

in the Kewaskum area for 16 years, and is director of the local XYZ Club, senior citizens who will assist her in preparing the mailings.

Claudia Laubach (Mrs. Alex), captain of the transportation division, is associated with the division through her employment as business manager at Honeck Chevrolet, Inc. She is the mother of two children,

Vivian and Richard, and has lived in Kewaskum for 25 years.

The industrial division, which includes manufacturing businesses in the area, will be solicited by Bert Preis, Captain. Businesses and their employees will be asked to donate again this year. Preis is retired from his position as Field Sales Director at Regal Ware, Inc. He and his wife Marian have been

Kewaskum residents for about 25 years.

A Kewaskum resident for 11 years and a veteran of United Way Fund drives, Margaret McFadden is captain of the house-to-house division. She has enlisted the help of 10-12 assistants in her effort to see all of the village residents who are not asked to give at their place

Fire Destroys Mini-Store at Crooked Lake

Kewaskum firemen were called out to assist the Beechwood and Batavia fire departments at a fire involving Kathie's Mini-Store and Boutique at Crooked Lake Tuesday morning. Local firemen were called at 9:20 a.m.

The store, about 30x40 feet in size, and its contents were completely destroyed. Nearby homes were not damaged. Kewaskum firemen were at the scene two hours, according to Fire Chief Augie Bilgo.

Bank Announces Two Promotions

Wayland Tessar, President of Valley Bank in Kewaskum and Allenton, announced the promotion of Judith Heberer from Assistant Cashier to Cashier. Judy originally started in the bank in 1962 and after time off to raise a family returned in 1971 as a part-time bookkeeper. Prior to being Assistant Cashier she held the position of Head Bookkeeper.

In a related move Gerald Zimmel was advanced from Vice President and Cashier to Executive Vice President. "Jerry" has been with the bank since 1962.

KHS Homecoming Court Announced

Several activities will be part of the 1982 Kewaskum High School Homecoming preparations. Each class will be participating in the traditional "Pep Week" competition. The events of pep week will include Wednesday, Oct. 6, as Hat-T-shirts & Button Day; Thursday as the 50's and/or Punk Day, and Friday as Green, Gold & White Day.

The Sheboygan Falls Falcons will challenge the Indians in Friday night's game, October 8th. Preceding the game will be the traditional homecoming parade starting at 6:00 p.m. The parade route will begin at the high school and follow south on Park View Dr. to Main St. and west on Main St. through the downtown section. The parade will then return to the high school.

A pep assembly will be held on Friday during last hour and the classes and clubs will be participating in competition with homecoming skits. Competition is also involved with the class and club floats.

Saturday, Oct. 9, "Ivory" will provide the entertainment for the Homecoming dance which will be held in the high school gymnasium. The dance will be held from 8-11:30 p.m. with the grand march taking place at 10 p.m. The king and queen will also be crowned at this time. Tickets are \$5.00 for couples and \$3.00 for single admission. The 1982 theme is "The Long and Winding Road" by the Beatles.

This year's court includes seniors Brian Johnson, football representative, and Linda Larsen; Stuart Stautz, football representative, and Karen Volm; Darryl Tews, football representative, and Pam Heberer; Steve Seitz, football representative, and Sandy Nigh; Doug Miller, football representative, and Doreen Jacobs; Dave Pesch, football representative, and Corky

Blood Bank Here Oct. 12

More than 70% of the population is eligible to donate blood. But less than 4% of the people in Southeastern Wisconsin are regular blood donors. Only 64,000 out of the 1.7 million people who live in Kenosha, Racine, Milwaukee, Ozaukee, Washington, and Waukesha Counties have donated in the last two years.

Why don't people donate blood? Probably because nobody they know has ever asked them.

For the past donors, when you make plans to donate blood on Oct. 12, plan to invite someone you know to join you. Few of us like to go some place or do something for the first time alone. A friend, neighbor, fellow worker, or family member may just need your invitation to get started as a blood donor.

If you feel special about what you're doing as a blood donor, why not invite someone you know to feel special too!

If you've never given before, I am inviting you to join us on Oct. 12 between 1:30 - 6:30 at the Kewaskum High School.

Let's see if we can't raise that 4% in Kewaskum.

Community Halloween Party Planned for Saturday, Oct. 30

Children who are already dreaming of pumpkins, ghosts, and goblins, can plan on their dreams coming true Saturday, October 30 (5:00-7:30 p.m.) at the second community Halloween party being sponsored by the Kewaskum Elementary Parent Teacher Organization.

The party, a community alternative to Trick or Treat, is open to all children from kindergarten through sixth grade who attend the following schools in the village: Kewaskum Elementary, Holy Trinity, and St. Lucas. Pre-schoolers in the Kewaskum Elementary School district are invited if accompanied by their parents.

A costume parade and judging will kick off the event at 5:00 p.m. on the football field behind Kewaskum Elementary, followed by exciting entertainment and refreshments at Kewaskum Middle School.

You do not need to have a child attending one of the grade schools to volunteer; all ages, abilities and talents are needed. Anyone who is willing to help should telephone one of the committee chairpersons listed below:

Decorations - Debbie Korneli

(626-4660).

Entertainment - Bonnie Nowak (626-4697, after 5 p.m.).
Parade - Cheryl Ammel (626-4731).

Publicity - Cathi Dziedzic (626-4910, after 5:30 p.m.).
Refreshments - Judy Petz (626-2784).

Supervision - Diane Lemke (626-4829, after 4 p.m.).

In addition, the PTO is welcoming donations to help defray the cost of the party, and several have already been received. Drop-off boxes are located in the Valley Bank, the Kewaskum office of the West Bend Savings and Loan, and other businesses in the community. Also donations may be mailed to Ms. Sheryl Rinzel, 3800 Ridge Road, Kewaskum, WI 53040. All checks should be made payable to the PTO Halloween Fund.

Reservation forms have been given to each child in the three schools; however, there is a form printed in this week's Statesman for your convenience. This should be returned to Ms. Mary Pearson, General Chairperson, 2705 East Moraine Dr., Kewaskum, by Friday, October 8.

District Begins Negotiations On 1982-83 Teachers Contract

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum School Board and the Kewaskum Education Association teachers representatives met Tuesday evening to begin negotiations on a new contract for 1982-83.

The district is proposing a one-year contract with a 1% increase on a starting teacher's base pay, raising it from present \$12,050 to a proposed \$12,170.00. The overall increased cost for the total package proposed by the District is 4.3%.

Other district changes proposed for the 1982-83 contract are, increasing the number of days, from 45 to 60, a replacement teacher must work to become eligible for benefits. Child-care leave would be limited to eight weeks. Presently teachers may take up to one full school year. The Board would also like to delete the liquidated damages charge of \$200.00 required when employment is terminated before a contract is fulfilled. The board wants to determine each individual case, rather than have a set policy stated in the teachers contract.

The KEA wants to delete item No. 13 from the contract which says the teachers cannot strike. The association says this clause is illegal. Other changes proposed by the KEA include increasing long-term disability from 66% to 90% after 90 days

and an increase of \$10.00, from \$5.00 to \$15.00 per day paid for each unused sick day after an accumulation of 90 unused days. The KEA also wants replacement teachers who are filling in for teachers the District knows will be out an extended period to be placed on the salary schedule immediately rather than requiring them to work the present 45 days required by the 1981-82 contract.

An early retirement option plan allowing a teacher to retire at age 55 if they have been employed at least ten years by the District is also being proposed.

The KEA did not set a specific salary increase in terms of dollars or percent increases, but proposed salaries be equal to state average base salaries with appropriate schedule adjustments using school district contracts which have completed negotiations by November 15, 1982 and Kewaskum schedules.

Each side had several other points in their contract proposal which will be negotiated throughout future sessions.

Campus Notes

Russell Dell, Academic Dean of Pillsbury Baptist Bible College, has announced that Karen Miske has been named to the Dean's List for the second semester of the 1981-82 school year. Karen is the daughter of Mr. and Mrs. Edgar Miske of rural Allenton. In order to be placed on the Dean's List, the student must maintain a 3.3 grade point average out of 4.0 for the semester.

Pillsbury is a Biblical Arts College located in Owatonna, Minnesota, 65 miles south of Minneapolis and St. Paul.

SLEEP COOL

Turning the thermostat down at night will do more than save energy. Sleeping in a cool room lowers the body's rate of metabolism quicker than sleeping in a warm room, so one needs less sleeping time. Sleeping in an overheated room may cause one to wake up feeling physically tired and mentally sluggish. So turn down the thermostat and wake refreshed.

From the School Board President's Desk....

Why should students take the tests offered by the Kewaskum High School? What are those tests, anyway? I've heard our college-bound students rank highly on those tests, right?

As was pointed out recently in an excellent presentation by a Board member, Prof. Brigham, parents and students in our district have not been as informed as they should be, and in some cases, they, as well as the School Board, have been misled. I note with great dismay that our students, while above the national average, have scored lower than the Wisconsin average in verbal skills the past two years, and in math the students scored barely above average one year and below average the other. After being assured that we were doing well by releases from the school and articles in area papers, I was appalled to learn that Kewaskum students were not even making the Wisconsin average. To avoid being misled again, the Board now expects the scores to be given to the Board in the form in which the reporting company presents them.

There is a great concern in what the implications of the scores are for our students. First of all, I'll summarize the tests given and why students are encouraged to take these tests.

There are two basic tests that are available for high school seniors who plan on furthering their education. The first test is the ACT (American College Test). The ACT is required for admission by numerous universities, including five in the UW system, in addition to many of the technical schools. Among other benefits the ACT will predict how well the student will do in the four basic subject areas at three institutions of the student's own choosing. This ranking should aid the students in selecting a school.

The second test is the SAT (Scholastic Aptitude Test)—also known as the College Board exam. The SAT measures the verbal and math knowledge of the student and is required by many out-of-state universities as well as private schools. The SAT shows the student how he/she compares with other students nationally.

A third test we offer is not for seniors, but for sophomores and juniors. This test is the PSAT (Preliminary Scholastic Aptitude Test). The PSAT measures a student's verbal and math knowledge. Through the PSAT the brightest students are entered into the National Merit qualifying competition. Since the PSAT is given on the morning of Oct. 19 at our high school and is relatively inexpensive, we hope that at least the upper half of the junior class and the upper one-third of the sophomore class would take the test.

Should a student take the tests even if the student doesn't intend to continue his/her education? Yes, I think so because a student may change his/her plans later, and many schools require these tests. While the Board assumes that the counselors have been talking to the students individually in order to discuss future plans, we also feel that you parents should understand the situation. Please encourage students to avail themselves of this opportunity.

The PSAT, SAT, and ACT reveal not only the student's strengths and weaknesses but can reflect the school's strengths and weaknesses also.

Because of the lower-than-expected scores, the Board and the Administration will have to take a more critical look at the upper level courses and student preparation for the tests.

Superintendent Search Update: The Board is conducting interviews.

of employment. "Mugs" and her husband, Patrick, have three children. He is a photographer; she is a private music teacher. When asked for a pertinent quote, "Mugs" succinctly replied, "GIVE."

The owner of a local tavern, Rose Kuehl is division captain in charge of soliciting tavern and restaurant owners in the village. "Rosie," who has lived here about 36 years, is married to Wes Kuehl, and is the mother of five children, all grown.

The public sector includes persons who work for the public schools, the village, or any government office in our area. The captain of this division is Gerald Gosa, a teacher at Kewaskum High School. Gosa helped with the fund drive last year, and has set up a system for soliciting all the public employees. Gosa and his wife, Mary, have three children: David, Rachel, and Katie.

William Koehne and his family moved to Kewaskum two years ago when he became associated with the Valley Bank. He is now loan manager there. Bill will solicit businesses and employees in the financial area for the fund drive.

President of the local Sentry store, William Geidel, will be head of the retail division drive. Bill has been a resident of the area for 20 years. He and his wife Judy work together at their store. They're parents of Michael, Becky, and Angie. Bill hopes that area retail store owners will contribute generously as they have in the past.

Tom E. Larsen, principal of the Farmington Elementary school, has agreed to solicit the businesses in the outlying communities of our school district area: New Fane, Wayne, Fillmore, Boltonville. Tom and his wife, Laura, have three children, they've lived in Kewaskum for 22 years. He will be assisted by Dennis Reha, principal of Kewaskum Middle school.

Revise Zoning

(Continued from Page 1)

small neatly kept home which is well landscaped can be worth more than a large home which needs work that the owner cannot afford. The smaller home can help to keep property values up rather than lower them.

Kirst also noted that more retired people are moving into areas like Kewaskum who have smaller homes that fit their

needs. Zarling said that there are virtually no lots available in R-2 zoned areas. R-2 codes allow construction of a single family unit containing a minimum of 1,000 square feet on a lot no smaller than 7,200 square feet.

Zarling asked the commission members to look over the Journal home section the next four weeks and look at the size of the homes. He felt they would be surprised at their findings.

Another point Zarling brought up was heating costs. Why have to heat space you don't want, need or use.

Commission member Charles Miller felt developers were trying to sell small homes at the same prices as large ones. "Like the car maker, trying to shove the little puddle jumpers down your throat," said Miller. Zarling said home prices are figured on a "per square foot" basis. The smaller home should cost less.

The commission agreed to look into Zarling's recommendation.

Another recommendation Zarling made to the commission was adoption of some type of ordinance governing game parlors. "I'm personally not against game parlors, they're becoming part of our everyday lives," said Zarling. "I just feel they should not be allowed to operate during school hours."

Zarling felt that before such a situation arose in the village, some type of rules should be set up by the village. "There's nothing keeping a person from coming in today and opening up a game parlor and running it 24 hours a day," said Zarling.

Washington, D.C. is presently considering such an ordinance along with a city tax on the machines. Village Administrator Dan Schmidt said he would look into the matter.

In other business, Schmidt brought the commission up to date on the progress of the TIF

district. He also informed it of recent changes in the TIF program which will affect some areas of Kewaskum's program. Schmidt said 1983 projections for the village's TIF district will be \$37,000.

Outstanding Conservation Award Winners

Cyril Rohde was selected as the outstanding conservation cooperator by the Washington County Soil Conservation Service. Cyril and family operate a 250 acre dairy farm in the Town of Hartford. He has been a cooperator since 1963 and has applied contour strips, terraces and grass waterways on his farm.

Harold Krueger of Kewaskum Township and Richard Klein of West Bend Township have been selected as the outstanding wildlife conservationists. Both men have planted trees, hedgerows, winter food patches and constructed fish and wildlife ponds.

Thomas H. Krebs has been selected as the West Bend JC Outstanding Young Farmer for 1982. Thomas, his wife Patricia Ann, and their three children operate a dairy farm in the Hartford area.

Autumn Good Conservation Application Season

Farmers needing contour strips for fall layout should call SCS at 334-3706 shortly after crops are harvested. And how about trying 10-20 acres of conservation tillage instead of doing all fall plowing. One pass with a chisel plow or disc in fall and one in spring before planting should do it. It will reduce time and fuel spent and reduce soil erosion.

letters to the editor . . .

Again we are asked to give so others less fortunate than we may have added joy for their existence.

Now, because of our depressed economy, I wish to clarify some misconceptions held by most people and daily reflected for our eyes and ears, by the press, the T.V. and radio owners.

Today we in Washington County have 89% of the working people employed at higher wages than ever before. The senior citizens, many of whom are independently wealthy, are receiving \$300 or more each month from our benevolent government. The interest rates have been exceedingly high so that all able to invest have received many extra dollars too.

Thirty years ago, all senior citizens lived comfortably. I know, for I provided them with medical care, plus medicine, often with no repayment. They did not complain then so much as now — greed could be a factor!

Our United Way program has stopped all door-to-door solicitation, for which everyone should be very grateful. All our plan asks is that EVERY household donate a few dollars to help us reach our goal, for the need is great. Only the needy people will receive aid from our program. All United Way workers do volunteer free services plus donations too. Why cannot each family give their fair share for our drive. Please try!

To the Editor:

I think the School Board's decision to raise the minimum eligibility grade average for students wishing to participate in interscholastic sports from .5 to 1.5 was an unwise move.

As a result Kewaskum High School may lose some of its good athletes in the future due to ineligibility.

Everyone knows the Indians have a tough enough time competing in the strong Eastern Wisconsin Conference without losing some of its athletes.

Principal Clark Pearson, Counselor David Wieter and Board Member John Tessar were all against the move.

Letter to Editor:

Persons who attended the special meeting of the Campbellsport School District witnessed a special interest group violate the constitutional right to freedom of speech of those persons who represented other views.

Mr. William Stoffel, President of the 1st State Bank of Campbellsport (an affiliate of the 1st National Corporation of Appleton) successfully seized control of the meeting and used that control to prevent any alternate view from being voiced. Although he spoke for over an hour and a half in favor of one of the alternatives, he personally selected those persons who would be allowed to ask questions. Was it coincidence that no one representing an alternate view was chosen? How impartial was he? Could the fact that if the District is forced to borrow money, the loan is arranged through his bank, have influenced his position?

Was it coincidence that someone seated in Mr. Stoffel's general area made a motion which prevented anyone else from speaking? Was it also coincidence that when one other speaker did gain the floor, he was forced down by cat-calls and hand-clapping also done by someone in Mr. Stoffel's general side of the room?

When the vote was taken: 1)

no determination had been made that those who voted were actually residents of the District; 2) only Mr. Stoffel's position had been fully presented; 3) no one had been allowed to speak in opposition; 4) no one with alternate views had been allowed to speak; 5) during the voting, people were heard asking how to mark their ballots and receiving answers from Mr. Stoffel's area; 6) a large poster stood on the stage which proclaimed: "YES-Freeze the Mill Rate;" 7) persons in the District had received threatening telephone calls to "stay away or pay." Is this the democratic way?

The outcome of the vote is not important. Somehow it will work out—even if the District is forced to borrow money from Mr. Stoffel's bank. What is important is that basic, fundamental rights were denied to electors of the District. When those voices were silenced through manipulation and fear, everyone of us lost. We all lose when constitutional rights are denied to any segment of our free society. If those voices can be silenced this time, whose will be silenced next time? Is this what you want in your community? If it is allowed this time, what about next time? Will you be able to stop it? What if it is YOUR opinion next

time? Will you approve this technique then?

Time may be running out
on the greatest tax-break
for savers ever authorized
by Congress!

All Savers Certificate

**Act Now . . .
Offer Ends
December 31, 1982.**

In October, 1981 Congress authorized a one-year, high interest earning, tax-free savings account that allowed individuals to earn up to \$1,000 of tax-free interest and couples up to \$2,000 of tax-free interest.

That account was called the 'All Savers Certificate'.

Congress also, at that time, established December 31, 1982 as the expiration date for the All Savers Program.

Despite the many attempts that have been and are still being made to persuade Congress to grant an extension to the All Savers Program, the distinct possibility exists that these attempts will prove unsuccessful and the program will end on December 31st as planned.

How does this affect you?

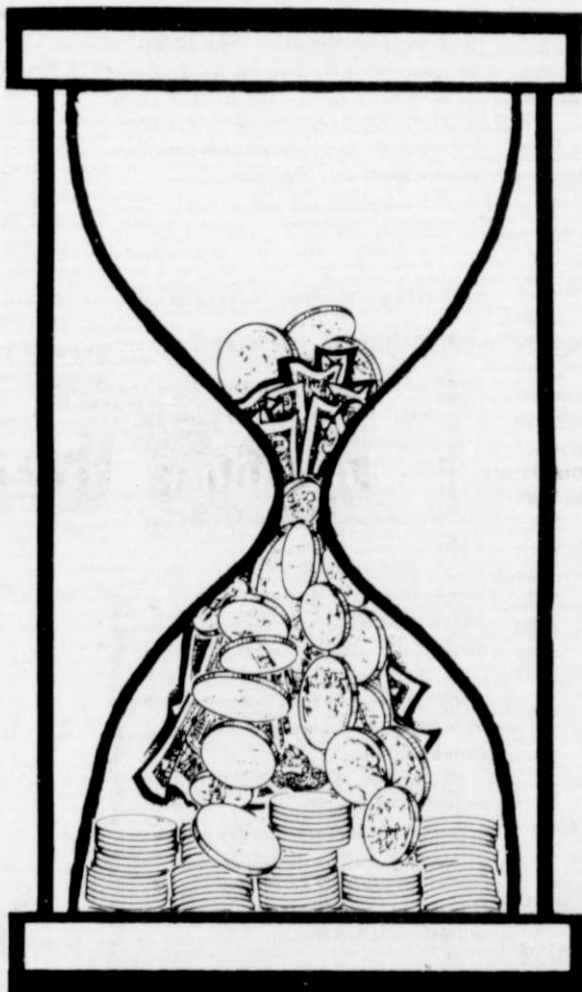

**If you have not yet
opened an All Savers
Certificate . . .**

There is still time for you to take advantage of this high interest, insured, tax-free savings account. Just open your West Bend Savings' All Savers Certificate before December 31, 1982.

With as little as \$500 or more you can be on your way to earning up to \$1,000 (individual) or \$2,000 (joint) of tax-exempt interest income.

West Bend Savings' All Savers Certificates earn high market rates, guaranteed for twelve months. And, your deposit is insured up to \$100,000 and backed by the full faith and credit of the U.S. Government.

Why not join the thousands of West Bend Savings' customers already taking advantage of the All Savers Certificate's tax-free earnings? This may be the last tax incentive ever authorized by Congress.

**Please remember that the
current All Savers
Program will end
December 31, 1982.**

So, act now!

Federal law requires a substantial penalty and loss of tax exemption for early withdrawal of these certificates.

**If you already have
an All Savers
Certificate . . . you
may be entitled to
earn more interest.**

Many people have opened All Savers Certificates that have not yet earned the maximum tax-free interest allowed by Congress. In these cases, we feel your best options are to reinvest your current All Savers Certificate for another twelve months when it matures — provided the maturity date is before December 31, 1982 — or, open another All Savers Certificate before December 31st and deposit the amount you need to earn the maximum tax-free interest allowed. Our savings counselors can help you determine the amount that can be reinvested in the program.

**If your current
maturing All Savers
Certificate has earned
the maximum amount
of tax-free interest
permitted . . .**

We suggest that you check with us a few days before your certificate matures just in case Congress decides to grant an extension, in which case you may be entitled to earn more tax-free interest.

Should an extension not be granted our savings counselors will be happy to suggest other insured investment alternatives ranging from tax savings and retirement plans to short term cash management accounts to long term investments. We're confident one or more of our plans will meet your needs.

Antique cars and fire trucks are just some of the many activities at the Cedar Lake Home Campus Fall Festival, Sunday, October 3.

The annual festival for "all of the family" is being held on the Cedar Lake Home Campus, Sunday, October 3, from 11:00 a.m. to 5:00 p.m. for the public. A ham luncheon for \$3.00 will be served from 11:00 a.m. 1:30 p.m. at Fellowship House. Horse drawn carriage rides,

horse rides, hay rides through the colorful forest, entertainment, antique car and fire truck display, game arcade, crafts, plant and bake sale, and plenty of good food are just part of the day's events. The festival is sponsored by the Cedar Lake Home Campus

Foundation to provide the community the opportunity to bring the old and young together and enjoy the 218 acre campus with its fall coloring.

The Cedar Lake Home Campus is located southwest of West Bend on Highway Z.

Jerominski 'Get Acquainted' Dance Set for Sunday

Plans are all set for the Pat Gruber Jerominski Get Acquainted Dance to be held at the VFW Hall in Hartford, this Sunday, October 3rd, from 2:00 to 6:00 p.m. The Get Together is being sponsored by the Citizens for Pat Jerominski Committee. There will be music by Lawrence Hlinak and his orchestra direct from Two Rivers. "It will give me a chance to meet many of my old friends along with a lot of new acquaintances," said Jerominski. "It will also give me a chance to discuss the many problems that this economy has caused such as high unemployment, declining income for our dairy farmers and the closing of many small businesses in the district. WTKM of Hartford will live broadcast from 4:00 to 5:00 p.m. Senator William Proxmire

will be there at 4:00 p.m. Be sure to stop by to see him. According to Larry Moldenhauer, the Treasurer for the Citizens for Pat Jerominski Committee, "We intend to make this event a beginning of the best citizen's candidate get-together the 88th District has ever had." Tickets for the event are \$2.00 and are available from the Citizens for Pat Jerominski Committee or at the VFW Hall on the day of the event or by calling 673-4134.

Planned Parenthood of County to Sponsor National Family Sex Education Week Program

Is your 11 year old daughter complaining that she looks more like Donny Osmond than Brooke Shields? Is your 11 year old son complaining that none of the girls look like Brooke Shields, and that he'll never look like Donny Osmond?

"The Problems With Puberty," an evening program for parents and their children, will be presented on Wednesday, October 13, at 5th Ave. Methodist Church, 323 South 5th, West Bend. Am I Normal?, a film dealing with the concerns of male puberty, will be shown at 7 p.m. Dear Diary, a film on female puberty, will be viewed at 7:30 p.m. Following the films, Dr. Gary Herdrich will meet with boys and their parents, and Dr. Sandra Byerly will meet with girls and their parents to discuss the physical and emotional impact of body changes on both the adolescent and his/her family. Families and all interested persons are invited to attend.

Planned Parenthood of Washington County is sponsoring this event in observation of National Family Sex Education Week. In addition to "The Problems With Puberty," Planned Parenthood is coordinating library displays of books available in local libraries to assist parents in their role as primary sex educators of their children. An open house at the Planned Parenthood office in St. Joseph's Community Hospital, West Bend, is also planned on Oct. 13 from 4-5 p.m. Besides providing an opportunity to see

the local facility, the film A Family Talks About Sex will also be shown at the open house for viewing by parents and their children.

Planned Parenthood of Washington County is an organization whose primary concern is the development of healthy, stable families. Planned Parenthood is a resource for parents and children in promoting a healthy, responsible understanding of human sexuality.

More Immunization Clinics Scheduled

Immunization clinics offered by the Washington County Community Health Nursing Service continue to be held twice monthly in West Bend.

October clinics are:
October 5 - 2:00 - 5:00 p.m.
October 26 - 9:00 - 11:00 p.m.

The clinics will be held in the Community Health Nursing Service office at 515 East Washington Street, West Bend.

All recommended immunizations are available to children and adults and are provided free of charge. There is a \$1.00 charge for the T.B. skin test for those age 16 and over.

For further information call: Community Health Nursing Service, 338-4462 or 644-5204. Mrs. Delores P. Harder, R.N., Director.

Schmidt, Berg Selected As 1982 Outstanding Young Men

The Board of Advisors for the Outstanding Young Men of America Awards Program announced that two men from Kewaskum have been selected for inclusion in the 1982 edition of OUTSTANDING YOUNG MEN OF AMERICA.

These men were selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans as well as various civic groups, including the United States Jaycees which also endorses the Outstanding Young Men of America program.

In every community there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.

The men listed, along with

fellow Outstanding Young Men throughout North America will be featured in this prestigious annual awards publication.

Our Board of Advisors and Editors salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplishments to the attention of the American public.

Those selected as Outstanding Young Men included Wilfred Daniel Schmidt, 200 Highway DD, Kewaskum, and Paul S. Berg, 415 W. Gilmar, No. 506, Madison, formerly of Kewaskum.

Reindl Receives Appointment from Time Insurance

Milwaukee, WI - K. R. Willis, president of Time Insurance Company, has appointed Robert J. Reindl to the position of Assistant Vice President, Policyholder Service. Earlier this year, Reindl was named Manager, Policyholder Service, at that time adding the responsibility of Policyholder Service to his then current responsibility as Manager, Premium Processing.

Reindl joined Time in 1972 as a Correspondent in Policyholder Service and has since been promoted to Life Underwriter in Underwriting, Supervisor in Policy Issue, and Systems Analyst in the Systems Department prior to his management position in Premium Processing.

Reindl has earned the designation FLMI (Fellow, Life and Management Institute) and has completed two courses offered by the Health Insurance Association of America. He is a graduate of Spencerian Business College. Now living on Milwaukee's east side, Reindl is a native of Kewaskum.

Time Insurance Company is celebrating its 90th year in business with \$221 million in assets and \$143 million in premium income reported for 1981. A Milwaukee-based company, Time is a member of the AMEV group, a diversified financial services company based in Utrecht, the Netherlands. Time markets life and health products through 5,500 agencies in 47 states and the District of Columbia. Time ranks in the top 10 percent in the industry based on life insurance in force; life insurance in force exceeded \$4 billion as of December 31, 1981.

Weekly Report from.... CONGRESSMAN TOM PETRI

SERIOUS SHORTAGE OF SKILLED WORKERS

Last week in this column I discussed the serious shortage of skilled workers that we're facing in the years ahead. Because of rapid advances in technology, the job market is undergoing fundamental changes.

America's newspapers tell an alarming story in their "help wanted" pages. Semi-skilled workers once employed in auto-making, steel mills and other long-established industries are losing their jobs in unacceptable numbers. The toll on the lives and hopes of those affected is a national tragedy.

Meanwhile, high technology companies are snapping up newly trained workers as fast as our technical schools can turn them out.

Already, we are suffering shortages of subprofessional workers such as technicians, foremen and supervisors.

We have shortages of craftsmen and skilled workers such as machinists, plumbers, and tool and die workers.

There are also shortages of stenographers, bookkeepers, and skilled office machine operators.

The list goes on. If we hope to counter the growing national peril, Congress and the administration must set a policy that will enable us to develop the skills of our workers to fill these vacant jobs.

The basic objective of our federal employment policy should be to maintain high employment by helping workers to obtain the skills they need for meaningful, private sector jobs. Our nation's entire economic well-being depends on this.

By strengthening the vocational education system, we have the best chance of addressing the long-term solutions to the unemployment problem and the best chance of finding a remedy to our current skilled labor crunch.

Among the possible approaches, we must:

- Help vocational schools meet the demands of the current and changing workplace;

- We must increase the collaboration between vocational schools and private sector employers, creating a true partnership between the people concerned with training, and the people who are going to hire the trainees;

- We must do a better job of matching trained people with

the jobs which are available, wherever those jobs may be. This means giving serious consideration to a national job bank. Besides matching individuals with jobs, a national job bank could give us better information on actual nationwide demands for and shortages of various kinds of workers; and also,

- We must do a better job of coordinating the many separate individual activities in the employment area, such as vocational education, CETA, WIN, vocational rehabilitation, employment service, welfare programs, and others.

Over the past three and a half years that I've served on the House Education and Labor Committee, I've become thoroughly convinced of the importance of job training. The conference committee on which I sit has just reached agreement between the House and the Senate on a new job training bill. Also, Congress will be taking action on the reauthorization of the Vocational Education Act next Spring.

As we consider the terrible problems of the Sixth District's unemployed workers, advances in job training policy can't come a moment too soon.

County Transportation Program Expands Service to Residents

The Washington County Transportation Program has expanded their program to run Monday through Friday for the West Bend and northern part of the county.

The schedule will be as follows:

MONDAY - 8 a.m. to 5 p.m.

TUESDAY - 10 a.m. to 4 p.m.

WEDNESDAY - 9 a.m. to 3 p.m.

THURSDAY - 9 a.m. to 3 p.m.

FRIDAY - 8 a.m. to 5 p.m.

RESERVATIONS MUST BE MADE AT LEAST 24 HOURS IN ADVANCE.

This program serves all Washington County residents, including handicapped and wheelchair clients. Wheelchair clients residing in institutions must be accompanied by an escort.

Transportation is provided for all needs, however, medical appointments are the NUMBER ONE PRIORITY.

The fares are: \$.50 for Elderly 60 years and over; .50 handicapped any age; .50 children 4 years and under; 1.00 all others 5 to 59 years.

For reservations and additional information contact: Judy Hoag at 338-2210.

Church Women Plan Fall Trip

The Church Women United of Washington County have scheduled their fall trip for Tuesday, October 5. A chartered bus will leave the parking lot at St. Frances Cabrini Church, 7th Ave. in West Bend at 8:55 a.m. An additional pick-up is scheduled for the Skelly Restaurant and Truck Stop, Hwy. 167 and 41, Richfield, at 9:15 a.m. On the return trip the bus will also stop there.

There will be a guided tour of the Guadalupe Center, 239 W. Washington St. Milwaukee, Hispanic-oriented mission with a medical and dental clinic for children and adults, and a nutrition center. There are education programs which include "English-as-a-Second Language" and remedial studies. The tour will take about two hours. Visitors will be guided in small groups.

In the category of "Lunch and Free Time" the bus will take the group to the new Grand Ave. Mall. No reservations will be made for lunch because there are so many eating places available, something for everyone. There are about 30 eating places in the Mall catering to a range of tastes from plain to fancy, ethnic, and places specializing in one particular food item. The visit promises to be a gourmet adventure.

The group will board the bus at 2:45 p.m. for the return trip and will be back at St. Frances Cabrini Church at 4 p.m. The only cost will be the bus where payments will be made before boarding. No price can be quoted at this time since that will depend on how many will take the trip. At lunch everyone will be "on her own."

Reservations can be made by calling Janet Reichert at 677-2563 immediately. The Church Women United of Washington County is an ecumenical group. The public is welcomed to all meetings and events.

VOLUNTEERS NEEDED

VOLUNTEERS you can get involved in many valuable ways. Volunteer work is a great way to gain skills and experience to put on your resume for that job that isn't available now. If you have lots of time on your hands right now, volunteering is a great way to share your interest and time in a meaningful and appreciated way.

* The Threshold needs a volunteer on Wednesdays beginning in October from 11:00 a.m. - 12:30 p.m. to cashier for the hot lunch program at St. Frances Cabrini.

They also have a need for a person with occupational therapy or special education experience to work one-to-one with severely disabled adults under the supervision of a COTA.

For more information on these positions, contact Nancy Roskopf at 338-1188.

* Washington County Mental Health Center needs volunteers over 60 to undergo training and serve as Elder Peer Counselors; to file medical records; to drive clients to therapy groups and medical appointments; to assist in an inpatient cooking group on Thursday morning or an Extension Homemakers group on the second Monday evening of each month; to assist in leading bowling, volleyball and men's

recreation groups; to contact agencies and compile information for an updated County Human Services Directory; persons to make dolls, wall-hangings, decorative artwork at home for use at the Center; person or group to organize an inpatient library and collect books; to donate athletic equipment (exercise bike, barbells, basketball hoop). Contact Volunteer Services Coordinator at 338-4545 for details.

* Office on Aging needs Volunteer Drivers to deliver NOON meals to homebound elderly. Mileage reimbursed at 20c/mile. For more information call 338-4497.

* Friends for Battered Women needs transportation and childcare providers on a scheduled basis. Transportation is reimbursed. If interested please call 334-7298 or in Germantown call 255-6702.

A 32 year old woman in Kewaskum is interested in getting to know someone around her age. Mary would like to get more involved in community activities. She needs another woman to help her learn more independence for herself through the sharing with a friend. Mary's interests include bowling, ceramics, crafts and movies. If you would enjoy helping Mary learn daily living skills and would like to get

involved, give Sue Moser a call at 334-3384. Mary and other are interested in developing 1 to 1 relationships with volunteers through the Citizen Advocacy Program of Washington County. A training program is provided.

MAKING ENDS MEET

By Joyce Albrecht, Extension Home Economist

MAKING ENDS MEET...PREPARE YOUR OWN MIXES

First in a series of weekly news columns

Prepared mixes both homemade and commercial are popular and in some cases can be economical. It takes considerable amount of time to measure dry and sift dry ingredients for each baking. Prepared mixes can save as much as 3/4 of the preparation time.

As a consumer, you are faced with a wide variety of mixes for cakes, cookies, pancakes, muffins, pie crusts, rolls, white sauce pudding, seasoning and frosting on grocery shelves. As you are making a price comparison of commercial brands, another consideration may be to make your own homemade mixes.

Commercial mixes usually keep longer than home prepared mixes. The fat used commercially contains a substance which retards rancidity and an emulsifying agent which helps to give a fine texture.

Some commercial brands are better than others. You'll have to decide on what your family likes best.

At home, you can prepare your own convenient mixes which contains only the dry ingredients or a mixture including most of the essential ingredients. Measuring accurately and using good mixing techniques is important to get quality products.

The basic master mix recipe is:

Master Mix

Small portion (yield about 13 cups)

- 9 cups enriched all-purpose flour (measured after sifting once)
- 1/4 cup baking powder (double acting type)
- 1 to 1 1/2 tbsps. salt
- 1 1/2 to 2 cups shortening

Master Mix

Large portion (yield about 26 cups)

- 5 lbs. enriched all-purpose flour
- 1/2 cup baking powder
- 3 tbsps. salt
- 1 1/2 to 2 lbs. shortening

Stir the baking powder and

salt into the flour. Sift three times into a large bowl or pan.

Cut in the cold shortening with a pastry blender until the mixture resembles tiny peas or until it is as fine as cornmeal, especially if it is to be used for cakes.

Store in tightly covered containers in a cool, dry place. You can put the MIX in a large glass jar, a coffee can lined with a moisture vapor-proof plastic bag, or measure it out into single portions for the final baking.

This recipe can be used to prepare muffins, coffee cakes, biscuits and cookies. The following are two recipes using the master mix.

Brownies

- 1 cup MASTER MIX
- 1/3 cup cocoa
- 1 cup sugar
- 2 eggs beaten
- 1 tsp. vanilla
- 1/2 cup chopped nuts (optional)

Preheat oven to 350 degrees. Combine dry ingredients. Add beaten eggs, vanilla and nuts.

Blend until well mixed. Spread in a greased 8x8x2 pan. Bake about 30 minutes...may be soft in center. Yield 16 brownies.

Pumpkin Muffins

- 2 1/4 cup MASTER MIX
- 1/2 cup sugar
- 1/2 tsp. cinnamon
- 1/2 tsp. ginger
- 1/4 tsp. cloves
- 3/4 cup milk
- 1/2 cup pumpkin
- 2 tbsps. cooking oil
- 1 egg, slightly beaten

Preheat oven to 400 degrees. Mix together MASTER MIX, sugar, cinnamon, ginger and cloves. Mix together milk, pumpkin, egg and oil and add to dry ingredients. Stir until the flour is just moistened and the batter still looks lumpy. Spoon batter into muffin cups. Bake for 20 minutes. Yield 8 medium-sized muffins.

For additional recipes for using the MASTER MIX, send a self-addressed, stamped envelope to Joyce Albrecht, U.W. Extension, P.O. Box 537, West Bend 53095.

The bulletin also includes recipes for other mixes including spicy tea mix, chili seasoning, bran muffin ready mix and white sauce mix.

DENTAL SEALANTS: NEW WEAPON AGAINST DECAY

By Stephen R. Van Ess, D.D.S.

The vast majority of children's decay occurs in the first nine years, primarily on the biting surfaces of the teeth, where sugars, food and plaque have become lodged in the narrow crevices and pits. Though fluoride is very effective in preventing decay on smooth surfaces, it is not as effective on the rough biting surfaces. Sealants can fill in these pits and fissures of the biting surface to prevent decay.

When the biting surfaces of teeth are coated with a methacrylate resin, (a type of plastic) tooth decay in children can be dramatically reduced. In a seven year Colorado study of sealants, up to 90% of "sealed" teeth remained cavity-free.

The technique of applying sealants is uncomplicated. A mild dental acid solution is applied, to etch or roughen the biting surface. The plastic is applied in liquid form and allowed to flow across the prepared surface. In a matter of 30 seconds, the liquid has hardened and bonded to the tooth. The procedure is painless, with no drilling or anesthetic required.

The most vulnerable tooth in a young person's mouth is the "6 year molar." It is essential to the development of the adult dentition that the permanent molars, as well as bicuspids remain as healthy and cavity-free as possible during the cavity-prone years. Sealants can be applied to permanent teeth as soon as they are fully erupted, and can be expected to last 3-5 years. Sealants, along with fluoride, regular brushing and good oral hygiene habits can greatly reduce children's decay.

Influenza and Pneumonia Vaccine Offered County Residents 65 and Older at Clinics

Influenza vaccine and pneumonia vaccine will be available to Washington County residents 65 years of age and older and those with chronic disease, at clinics offered by Washington County Community Health Nursing Service. The charge for vaccine will be:

Influenza vaccine - \$3.00 per dose

Pneumonia vaccine - \$5.00 per dose

WHAT IS INFLUENZA ("FLU")? It is an illness caused by influenza viruses. It generally affects people of all ages. Typically, people with influenza have fever, chills, headache, cough, and muscle aches and may be sick for several days to a week or so. Most people recover fully. A small proportion of cases are particularly severe, and patients may develop pneumonia or other complications. The risk of complications and death from influenza is highest for people with chronic health problems and those over 65 years of age.

WHO SHOULD GET INFLUENZA VACCINE? 1) Individuals over 13 years of age with chronic health problems such as diabetes, diseases of the heart, lungs, or kidneys, or severe anemia. 2) Elderly persons 65 years and over. Because influenza is usually mild and most people fully recover, immunization of healthy children and adults is not recommended and will not be offered at the clinics. Individuals age 13 years through 27 years of age will require two immunizations, one month apart, to insure adequate protection. Individuals 28 years of age and over, including the elderly, will require only one immunization for adequate protection.

Influenza vaccine will not be given to:

- Healthy children and adults (under 65).
- Those who have a fever or feel ill with something more serious than a cold on the day of clinic.
- Those who have received another type of vaccine in the past 14 days.
- Those with allergies to eggs.
- Those with multiple sclerosis or other recurring or

persistent neurological illnesses.

- Those who are pregnant.
- Children under 13 years of age.

WHAT IS PNEUMONIA? It is an illness caused by the pneumococcal bacteria affecting 400,000 to 500,000 persons per year. Pneumococcal bacteria cause respiratory symptoms, meningitis, and otitis media. The risk of complications is greatest for persons over 65 years of age and those with chronic health problems.

WHO SHOULD GET PNEUMONIA VACCINE? 1) Elderly persons 65 years and over. 2) Persons, two years and older, with immune deficiencies. Children, from 2 years through 17, will need a written order from their physician to receive the vaccine. 3) Persons with chronic health problems such as diabetes, chronic respiratory disease, cardio-respiratory disease.

WHO SHOULD NOT GET VACCINE? 1) Those who have a fever, illness, or active infection on the day of clinic. 2) Those who have had pneumonia or pneumococcal infections in previous three years. 3) Those who have had a pneumonia vaccine in the past five years. 4) Those who are pregnant. Pneumonia vaccine is only recommended once every five years.

Pneumonia vaccine and influenza vaccine can be administered on the same visit to a clinic.

CLINIC SCHEDULE

J & J AUTO TOPICS

LIFE RIDES ON TWO PINS

Those two cotter pins that lock the holding nuts of the front wheels of your automobile are always replaced brand-new on a front wheel bearing grease job at J & J AUTO SERVICE. Here is where over half the weight of your car rides, resisting terrific thrusts on turns and jars. We take no chances on your life.

Many drivers neglect this part of the car, although auto makers urge front wheel lubrication every 10,000 miles. We use only high melting point bearing grease; never using long fiber types that have a tendency to work-out of the bearing.

Drive over to 450 E. Main today for this kind of service. You'll find J & J AUTO SERVICE not just another filling station; but a professional one stop servicing organization. See us today, or phone 626-2311 and make an appointment.

RELIEVE YOUR CENTRAL HEATING SYSTEM WITH A KERO-SUN® PORTABLE HEATER—AND SAVE MONEY.

Stay warm. Save money. Put a Kero-Sun® portable heater to work for you and give your costly central heating system a break. With its advanced design, a Kero-Sun® portable heater is 99.9% fuel-efficient—far better than coal, wood, central gas and oil heating. The money you spend on fuel returns to you as heat. And it costs just pennies per hour to run.

In winter, heat a family room or rec room with a Kero-Sun® portable heater and turn down your central heat. In the spring and fall, use one to heat a kitchen or workshop

without firing up your central heating. There are Kero-Sun® portable kerosene heaters for nearly every kind of home and business. All are easy to operate. Smokeless and odorless in operation. Safety-tested and listed by Underwriters Laboratories.

Give your furnace a holiday. Stay warm and save money with a Kero-Sun® portable heater. See our full line today.

NATIONAL 4-H WEEK

OCTOBER 3-9

Urban Youth Adapting 4-H To City Life

While 4-H in Wisconsin is enrolling more farm youth than ever before, its fastest growth has occurred in urban areas. About 40 percent of all Wisconsin 4-H'ers now live in towns, cities and suburbs. In Washington County, 70 percent of 4-H families are from cities and towns, or from non-farm rural areas.

Rural and urban 4-H programs have many things in common. Urban 4-H youth, like rural youngsters, become members of an organization and interact with adults and other youths in helping relationships. Also, they use family and community relationships to form and expand 4-H programs.

Many 4-H projects that began in rural areas, are now under way in urban areas, too. For instance, gardening is now a popular program in several Wisconsin cities. Developing horticultural skills remains a central part of the project, but added skill results from obtaining and working with limited space.

In downtown Milwaukee, the gardening project has expanded into marketing. During the summer months 4-H'ers spend one lunchtime each week operating an outdoor Green Market, selling the fruits—and vegetables—of their labors. The Green Market project idea began in an urban area and has since been adapted in rural areas. The flow of 4-H program ideas is a two-way street.

In West Bend, an urban landscaping project resulted in several trees being planted along the city streets.

Foods and Nutrition, Clothing, Woodworking,—these are other examples of projects adaptable to the city as well as the farm. 4-H is exploring its opportunities to meet the growing needs of youth in urban areas.

For more information, call a local 4-H club, or the county 4-H office 338-4478, 644-5204 or 342-2929.

New Book Tells The Story of 4-H From Beginnings

The history and growth of 4-H—spanning eight decades—is documented in a new book, "4-H: An American Idea 1900-1980," published by the

National 4-H Council.

The illustrated chronology covers the noteworthy dates, events and actions in the nation's largest informal youth education program.

The story of 4-H begins with the corn and agricultural clubs for boys and the tomato-growing and canning clubs for girls organized by public schools at the turn of the century. The history covers other fledgling youth programs that preceded today's 4-H clubs.

More than 40 million young people from all the states, the District of Columbia, Puerto Rico, the Virgin Islands and Guam have taken part in 4-H programs since the Cooperative Extension Service was created by Congress in 1914.

Today, more than 5 million girls and boys and 600,000 volunteers are involved in 4-H activities in the U.S.

There are 90,000 members and almost 22,000 volunteers in Wisconsin. Another 5 million young people take part in 4-H like programs in more than 80 other countries.

Copies of the book were accepted for the state and the University of Wisconsin by

Deputy Secretary Richard Rasmussen of the Department of Administration and UW System Executive Vice President Joseph Kauffman during the Wisconsin Associated County Extension Committees, Inc., annual conference held in Stevens Point.

Four 4-H member Greg Bruss, Spencer, and 4-H volunteer Mrs. Rosalyn Cobb, Stevens Point, presented the volumes in a special ceremony. Associate Director Denzil Clegg of USDA Extension, UW-Extension Director Gale L. Vandenberg and many other UW-Extension workers and county supervisors from around the state attended the ceremony which marked the book's first release in the nation.

The book was written by Tom and Marilyn Wessel of Montana. It includes contributions from those involved in 4-H programs in all parts of the United States.

The new history of 4-H is available at the County 4-H office or may be purchased from the National 4-H Council.

WAYNE CRUSADERS 4-H CLUB Invites You

The October meeting of the Wayne Crusaders 4-H Club will be held on Tuesday, Oct. 5, at 7:30 p.m. at the Kohlsville Fire Hall. Enrollment forms will be handed out. Parents must be present if their child is to enroll. We encourage prospective new members and their parents to be present. Election of officers will take place.

SPECIAL FOR NATIONAL 4-H WEEK

"4-H is here!" is the theme of a new county wide 4-H promotion campaign, according to Bob Stodola, Washington County 4-H and Youth Agent.

"Most people are aware that 4-H exists," said Stodola, "but they think it exists 'out there' in the rural areas or in the next county."

"But 4-H is here in West Bend, Hartford, Slinger and Germantown—in nearly every community in the county," he said.

Currently Washington County has 800 4-H'ers and 300 adult volunteer leaders. Throughout Wisconsin there are nearly 100,000 4-H members and 25,000 leaders.

The promotion campaign will include various newspaper releases, radio announcements, posters, exhibits and activities during the next year, focusing on the theme "4-H is here" in Washington County.

Stodola explained that in 4-H, boys and girls learn-by-doing through projects and activities, under the leadership of adult volunteers.

4-H'ers have over 50 projects to choose from, ranging from plants and animals photography and music. Group activities include drama, trips, camps, fairs, shows and conferences.

4-H is a great family activity, said Stodola, as parents and their kids can work, play and learn together through 4-H activities.

4-H also benefits the community, he added. Nearly every club in the state has a community development project, according to a recent statewide survey.

"4-H is here in Washington County and has been for over 60 years. We hope you check it out," he added.

For details on Washington County 4-H, call Stodola at 338-4478, 644-5204 or 342-2929.

VOTING BY ABSENTEE BALLOT

Any qualified voter, unable to get to the polling place on election day, may ask to vote by absentee ballot. A qualified voter is one who is a U.S. citizen, will be 18 years of age or older on election day, and who has resided in the ward or aldermanic district where voting is desired to be accomplished for at least 10 days prior to the election. If the voter resides in a municipality which requires voter registration, then registration is also a requisite for the voter who is qualified in other respects.

To obtain an absentee ballot, contact the clerk in the city, village or town in which you reside by mail or telephone, or in person, and request an application form. After properly completing and returning the application to the municipal clerk, an absentee ballot will be sent to you along with a postage pre-paid return envelope, or given to you if the application is submitted to the clerk in person. The deadline for receipt of the application by the municipal clerk is 5:00 p.m. on the Friday before election day in the case of applications mailed to the municipal clerk, and 5:00 p.m. on the day before the election in the case of applications made in the clerk's office.

With one exception, the voter who wants to cast an absentee ballot must make a separate application before each election. Voters indefinitely confined to their home or care facility because of illness, age or disability need not file an application before each election; a special statement on the application form can be completed asking that an absentee ballot be automatically mailed to them before each election; if they fail to make and return the ballots sent to them in an election, they must complete another application later on.

Absentee ballots can be voted at home anytime after they arrived in the mail. They can also be voted right in the clerk's office if submitting the application in person. If returning the ballots by mail, the affidavit-certificate must be properly completed and witnessed by two persons. If returning the ballots in person, the affidavit-certificate must be properly completed and subscribed and sworn to by the clerk or the deputy clerk who are authorized to administer oaths. In either case, the marked, sealed ballot must be in the hands of the issuing municipal clerk on or before election day. Any absentee ballot received at the polling place after the polls close or received in incomplete or improper form cannot be counted.

Washington County

AREA RACING NEWS

Allen "Butchie" Hafemann

This year proved to be an experimental one for a young driver, (traveling the area short track circuit), who has tried his talents at the wheel of an "up-to-date" Barn-Stormer Chassised Modified with a Corvette body. The gifted driver is Allen "Butchie" Hafemann, who has had to learn how to work with the added features,

such as power steering and prota-power, which allows the driver to adjust weight according to the changing track conditions, while in the car. The Hafemann family purchased the car from well-known, veteran driver, Etchie Biertzer of West Bend, at the end of May when Etchie retired from the sport. All members of

the family work in some capacity to help keep the crew and Allen going to the races. Fred, his dad and Linda, one of his sisters, are helped by other pit-men, Dennis Hartwig, Bob Gieseke and Bob Mullenbach in maintaining the car for good racing performance. To show for this, Allen has had the fastest qualifying lap, out of a field of 40 competitors, on four Saturday evening events on the Plymouth dirt track. Having had fast time — 3 consecutive Saturday nights—he feels is his greatest accomplishment this year and next year he is looking forward to being just as competitive at the 141 Speedway, an asphalt track, even though he prefers dirt. Allen's mother, Phyllis, brothers and sisters, all belong to the Hafemann Racing team, but his most ardent fans are his wife, Barb, and son Billy Joe. Supporting him with their sponsorships this season, are K-B Fabricating, Hwy. A, West Bend, and K & B Lettering of Kewaskum and Campbellsport. This winter, when Allen is done with his regular job at Regal Ware, he will be devoting his spare time to rebuilding the car. Next year the modified will

be sporting the #88 and a blue and white paint job. You'll be able to recognize the car, because it will also be wearing the Hafemann mascot — a skunk — for "Butchie, the little stinker" — to bring them good luck for the next racing season. Allen will be among the

drivers of E.W.S.C. that will be honored at the Banquet on October 23 at the Milhome in Kiel.

UWVC Women's Volleyball Team Vs. Alumnae Opens Season Oct. 2

University of Wisconsin-Washington County's 1982 Women's Volleyball Team will open their season Saturday, October 2, at 7:30 p.m. when they meet an all-star UWVC Alumnae team. This 4th annual alumnae game will not only feature a strong home team, but a solid line-up of former players.

Leading the Alumnae team will be former top conference players Mary O'Connor and Jane Lindberg Brand. They will receive able back-support from past all-conference players Shelley Poler Johnson, Mary Bohn Bilgo, Pam Scannell Lehmann, Beth Rosenthal, Colleen O'Connor Nelson, and Deb Zimmerman Butschlick.

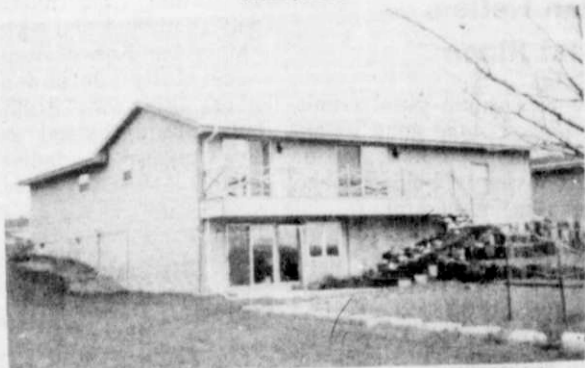

This year's Wildcat team is one of the best UWVC has had. Starting in Saturday's game for the Wildcats will be Jenny Cook, Jane Gadow, Tracey Johnstone, Jodi Schneider, and co-captains Lisa Mening and Jenny Poler.

ALUMNAE — Shelley Poler Johnson (1978), Renee Heidel Miller (1980), Tami Regnitz (1978), Mary Bohn Bilgo (1977), Jayne Lindberg Brand (1980), Pam Scannell Lehmann (1978), Deb Zimmerman Butschlick

(1979), Cathy Deli (1982), Therese Bury (1978), Laurie Beine (1980), Beth Rosenthal (1980), Mary O'Connor (1982), Colleen O'Connor Nelson (1979).

WILDCATS — Jenny Cook (W.B. West), Jane Gadow (W.B. East), Cindy Granger (W.B. West), Mary Hetebrueg (W.B. West), Tracey Johnstone (W.B. East), Shelley Konstanz (W.B. West), Janet Leithold (W.B. Chilton Slips by Indians In Overtime Game, 13-6

As a result of a questionable call by the officials, the Kewaskum Indians lost their second Eastern Wisconsin Conference game at Chilton Friday night in overtime, 13-6.

Chilton and Kewaskum had traded one-yard touchdown runs by Dan Werbeckes and Chris Harlow respectively in regulation time before Pete Keuler gave the Tigers the win with a one-yard plunge in overtime.

Chilton is now 2-0 in conference and 3-1 overall, while the Indians are 0-2 in conference and 2-2 overall, having won two non-conference contests.

Football can be a game of inches and this was proven at Chilton Friday. With fourth down and less than a yard to go in the extra period, it appeared that the Tigers' Keuler did not get into the end zone for what turned out to be the winning score. Indian defenders jumped in the air signaling they had stopped Keuler short, but the officials signaled the touchdown.

Kewaskum made an attempt to tie the game but Jim Braun's halfback fourth down option pass trickled off the fingertips of outstretched Toby Mueller and the game was over. It looked as if Braun could have run the final two yards but seeing Mueller open, he tried the pass but it was just inches high.

For the second straight week the Indians outgained their opponents and lost. Kewaskum had 197 total yards, 82 of them on the ground.

Fullback Chris Harlow was the game's leading rusher with 96 yards in 16 carries. His 49-yard run to the Chilton 10 sparked an 80 yard drive for the Indians' only score in the third quarter. Starting fullback Stuart Stautz picked up 22 yards to start the march which began with the second half kickoff.

Harlow got the score on a one yard run and Brad Dieringer's try for extra point was just wide, tying the score at 6-6.

Chilton got its touchdown in the second quarter on a one yard run by Werbeckes which capped a 55-yard drive which began when Braun was hit hard and fumbled. A piling on call by the officials gave the Tigers 15 of their 55 yards.

On the extra point try, Kewaskum tackle John Swanson broke through the line to block it, giving Chilton a 6-0 lead at the intermission. Swanson played an excellent game, both offensively and defensively.

The Indians intercepted three Chilton passes, one each by Dennis Butz, Jeff Squier and Steve Seitz. Two of the three times they were called for clipping on the returns. Stautz, a linebacker, dropped ball carriers for losses a number of times, twice in the fourth quarter, when neither gained a first down.

Kewaskum drove to the 12 yard line in the first half, following Seitz' interception,

but a fourth down pass attempt fell incomplete.

The Tigers had an opportunity to score in the final minutes after recovering Harlow's fumble but Karl Zacharias' attempted field goal from 33 yards out was wide to the left.

Kewaskum coach Mike Fifrick was disappointed with the heartbreaking loss but was pleased with the way reserve quarterback Tom Leitheiser led the team, and with the way his team came back. He also said Mueller did a nice job in his first start. Mueller made a circus catch for the Indians' only completed pass.

This Friday night at 7:30, the Indians will host top-rated Two Rivers.

Girls 5th, Boys 10th In Plymouth Invite; Split With Falcons

Little Chute took the boys' end of the competition and Valders won the girls' title in the Plymouth Invitational cross country meet last Tuesday. Fourteen boys' teams and 10 girls' teams competed.

The Kewaskum girls took fifth out of the 10 teams with 176 points. Young Sandy Klein was the first Indian across the finish line with a ninth place in 13:38. The meet marked the return of Carol Schmidt who has been out with an injury.

The Kewaskum boys were far back in 10th place, but they did finish ahead of three other Eastern Wisconsin Conference teams, Kiel, Sheboygan Falls and Plymouth. Monty Shaw's 18:25 topped all the Indian runners but Jeff Nigh was close behind with an 18:57.

In a home meet Thursday, the Kewaskum cross country team split with Sheboygan Falls, with the boys scoring a 25-30 win while the girls lost 21-36.

In both ends, the team which had the most runners among the top five finishers came out the winner. The Falcons, led by ace distance runner Melody Thurman, had first, third and fourth place in the girls' race. Kewaskum's boys also had first, third and fourth with sophomore Monty Shaw leading his team with a time of 17:25 and a strong finish. This is Shaw's first year out for the sport and he has been the Indians' No. 1 runner in every race. Steve Hubbel took third

with his best time of 18:00.

Another soph, Sandy Klein, was second for the girls with a time of 12:52. Carol Schmidt, back after an injury, took 11th with a 14:38.

Volleyball Girls Beat Chilton, Falls; Tie for 2nd in Invite

The Kewaskum girls' volleyball team defeated Chilton last Tuesday and previously unbeaten Sheboygan Falls Thursday to complete a 2-0 week in Eastern Wisconsin play.

Unfortunately the Indians couldn't keep their win streak going as they lost three of six games in Saturday's Campbellsport Invitational to finish in a tie for second.

The girls won at Chilton easily, 15-9, 15-8, 15-9. The JVs also won, 5-15, 15-8, 15-11.

Kewaskum never let up in surprising Sheboygan Falls, 15-9, 15-2. The girls fell behind, 4-8, but then AFS student Hiroka Yamada ran off eight straight points, from six to 14. In the second game the Indians had two big runs from Cathy Schlice and Cheryl Burkhalter and everyone served well.

The victories gave Kewaskum a 2-3 conference record.

On Saturday, North Fond du Lac won the Campbellsport Invite for the fifth straight year with a perfect 6-0 mark, playing two games against each of the other three opponents. Kewaskum and Oakfield were each 3-3, while Campbellsport was 0-6. The Indians split with the Oaks, 11-15 and 15-8 and beat the Cougars, 15-4 and 15-8.

The Indians played North Fondy last and never got close, losing 15-4 and 15-2. Koepke had several good spikes but missed serves cost the Indians.

Indian Netters Defeat Ripon

The Kewaskum girls' tennis team played some good tennis last Monday to defeat Ripon, 6-1. The victory helped make Parents Day successful.

The Indian girls also had beaten the Tigers earlier in the season but only by a 4-3 margin, which shows that they are making progress.

Kewaskum picked up a couple of doubles wins to go along with a singles sweep led by juniors Lisa Matenaer at No. 1 and Eastern Wisconsin all-conference No. 2 player, Jenny Lightner.

Mary Paul and Jan Schmidt squeezed out a 10-9 tiebreaker.

Jocko Rueth Wins KM Amateur Open Golf Title Here

The weather was cold and cloudy Saturday with a little improvement on Sunday for the annual Kettle Moraine Amateur Open Golf Tournament hosted by Hon-E-Kor Country Club here.

In spite of the weather, young Jocko Rueth of Hartford played steady near par golf to emerge as the ninth champion of the event. Rueth came through on

WEST BEND GOLFER HITS HOLE-IN-ONE

Jim Zimbal, 41, of 238 Bittersweet Drive, West Bend, did not take part in the Kettle Moraine Open Tournament at Hon-E-Kor Sunday but he added to the excitement with his first ever hole-in-one.

Zimbal was golfing with his wife when he dropped his 4-iron shot into the cup on the 160-yard No. 4 hole. They saw the ball hit about 10 feet in front of the cup, take a bounce, roll about two feet and into the cup. Zimbal finished with a 41.

It was the first ace by a Hon-E-Kor member this season.

the final five holes Sunday to overtake Saturday's leader, Bob Talajkowski, also of Hartford CC. Talajkowski appeared to be heading for the title until he hit the treacherous No. 16, 17 and 18 holes on the Hon-E-Kor layout.

Hartford CC had four of the top seven finishers. Frank Tenfel of West Bend and Hon-E-Kor's Clark Eichstedt, the defending champion, both came in with 146s to tie for third. Eichstedt's 71 was the second best round Sunday. Hartford's Doyle Daily was fifth with 148.

The first flight winner was Bob Rolfs of West Bend, who had a fine 74 Sunday for a 156 total although he has not played Hon-E-Kor much.

Dick Wietor of Hon-E-Kor took the second flight with a 169 on the strength of a 76 Sunday, his best competitive round ever. Gary Seibel won the third flight with a 193.

The best ball event was settled in a three hole sudden death playoff with Mark Pfeifer and Talajkowski emerging as the victors over Rueth and Daily. Both had tied with 135s.

Mary Ann Koss of Hon-E-Kor successfully defended her ladies' title with 97-83-180. Better putting helped her Sunday. Only several ladies competed.

Sportsmen's Club Release Pheasants

On Sunday, Sept. 12, approximately 800 pheasants were released in the surrounding area by the Kettle Moraine Sportsmen's Association, Inc. of Kewaskum.

Club members picked up their birds and released them in favorable areas of their choice. At the time of release, the birds were 12 weeks old.

This pheasant raising project should improve hunting this fall.

Deer, Turkey Permit Deadlines Friday

A final reminder to deer hunters that applications for a hunter's choice permit for the 1982 gun deer season in Wisconsin must be postmarked no later than Friday, October first.

As in the past, hunters who applied for a permit for the 1981 season and did not receive one will receive preference over hunters who applied for and received a permit last year and hunters who did not apply for a 1981 permit.

There was misunderstanding on the part of some hunters last year about what preference means. Some thought that with preference the hunter was guaranteed a permit. This is not the case. It depends on how many hunters with preference apply for a permit in a deer management unit and how many permits there are available for that unit. And, the odds vary widely depending on the unit applied for.

Also, a reminder that applications for a permit for the wild turkey hunt, which will be held in the spring of 1983, must be postmarked on or before this October 1.
