Marigold Construction Permit Approved

Preliminary Village Budget Presented Kewaskum Area Polls Go Against the Tide

By GERRY MUELLER
Statesman Staff Writer

At Monday night's Village Board meeting, trustees got their first glimpse of department requests for 1983. Preliminary budget increases, at this point, range from 3% for the Commissioner's Department to 20% for the Library Department.

Village Administrator Dan Schmidt requested the board that all requests be strictly preliminary at this time and subject to revision and/or reduction before the budget is presented for final adoption. Several departments came in with alternate requests, and which budget presentation the board finally approves will have a large bearing on the total budget figure for 1983.

Schmidt noted the large increase in the Library budget is due, in part, to the possibility of Kewaskum becoming part of the county-wide library system. Schmidt said he had included the village's anticipated shared cost into the library's budget. No decision has been made on this plan as far as dropping or adopting the county library program.

Although the Public Works Department's 1983 budget is up slightly over 1982, expenditures for garbage and refuse collection have seen a significant reduction. Schmidt indicated

the change from twice-a-week to once-a-week collection will result in a savings of approximately \$6,000 to \$7,000 for 1982, as compared to 1981 costs.

The proposed 1983 budget can be viewed from two levels depending on whether or not the board adopts the budgeted amount of \$50,000 for long term note payment. If this item remains in the budget, preliminary figures indicate a proposed budget of \$958,673.00, an 11.4% increase over 1982. Should the \$50,000 be removed from the budget, the village would be looking at an approximate 5.6% increase over 1982, a 1983 budget of approximately \$908,000.00.

Schmidt again stressed that these are not final figures and he along with the various department heads will be going over all the budget requests.

Schmidt said preliminary calculations show an anticipated 1983 revenue of \$840,535.00. He stated, however, that this figure is also an approximation since he has not received all the final dollar amounts for some items such as state and federal shared revenues.

In other action, the board approved a permit which will allow Marigold Foods to install footings and foundations for a new freezer and receiving dock. The company also plans a renovation of its refrigerator

and storage tank facilities. Schmidt noted Marigold is waiting for final approval on its construction plans.

The board also approved the excavation work for an area in the Kiwanis Park which will serve as both a retainage and ice skating pond. Trustee Don Hlavaty and Police Chief Don Hlavaty noted their concern regarding the depth of the pond insofar as it being a possible hazard to small children.

Public Works Superintendent Augie Bilgo told the board, depth would be kept at a minimum in an effort to remove any dangerous situations. Trustee Jeff Rohrer said the area has always been planned to serve as a skating pond which would also include lighting. It was noted the area presently is a marshy wet eyesore and development of the proposed 80 by 200 foot pond would be a definite improvement. Bilgo said the pond would be pitched gradually to a maximum depth of 2-1/2 to 4 feet. If necessary, sand could be filled in to keep the depth above four feet. The work will be done by Harold Mueller Excavating.

The board opened bids for a replacement police car for 1983. The board approved Chief Hlavaty's recommendation to purchase a 1983 Plymouth Grand Fury from Mayfair Chrysler/Plymouth, Milwaukee, at a cost of \$8,636.86, which was low bid. Meyer Ford, Campbellsport, submitted a bid of \$9,775.00 for a 1983 Ford LTD Crown Victoria. Honeck Chevrolet, Kewaskum, submitted the highest bid of \$9,835.00 for a 1983 Chevrolet Impala.

Schmidt noted that the village had not solicited a bid from Mayfair, but had been contacted by them requesting an opportunity to submit a bid. All letting of bids are published in the newspapers and anyone wishing to do so, may submit a bid. Schmidt said he was informing the board of the situation in case someone would question why the village had gone out of the area seeking bids for the new squad.

The board approved the installation of a stop sign at the corner of Railroad and First Streets. It will replace a "Yield" sign presently located there.

A liquor license was approved for the Brig-O-Doon Supper Club, which was previously operated as the Homestead and Wigwam.

The board agreed to hold a special meeting Monday, November 8, at 7:00 p.m. to begin review of the 1983 budget.

Democrats Sweep State Offices

Go Against the Tide

Although Democrat Anthony Earl garnered enough state votes to win by a landslide over Republican Terry Kohler to become our next governor, the Democrats were losers at Kewaskum area polls.

With the village and three townships reporting, the best Earl could do locally was tie at 381 votes against Kohler on the Kewaskum village ballot.

Democrats were swept into all offices on the state ballot. They included James Flynn for lieutenant governor, Earl's running mate, who defeated Republican incumbent Russell Olson; Douglas LaFollette, who won over Frederick Rice for Secretary of State; Charles Smith, who defeated Harold Clemens for State Treasurer, and Bronson LaFollette, who was unopposed for Attorney General.

Incumbent United States Senator William Proxmire won an easy victory over Republican Scott McCallum.

Republican F. James Sensenbrenner ran unopposed for the office of Representative in Congress.

Unofficial returns gave Esther Doughty Luckhardt a slim victory by just 37 votes over Democrat Patricia Gruber Jerominski for Representative to the Assembly of the 88th District. It was reported Jerominski will request a recount.

All Washington County candidates were unopposed for reelection on the Republican ticket. They are: County Clerk George Nehrbass, County Treasurer Fredric Seefeldt, Sheriff Clarence Schwartz, Coroner Robert Boltz, Clerk of Circuit Court Jon Sanfilippo, District Attorney David Resheske, and Register of

Deeds John Steilen.

On the village ticket, it was Douglas LaFollette 436 over Rice 301 for secretary of state. A second tie found Clemens and Smith with 360 votes each in the race for the treasurer's job. Bronson LaFollette was an overwhelming choice for attorney general throughout the townships. Proxmire claimed 386 village votes to McCallum's 365. Jerominski topped Luckhardt 417 to 270, Carol Neumann received 5 votes. Approximately 75% (773) of the village's eligible voters turned out for Tuesday's election.

The Town of Kewaskum had 66% (419) of its voters out with 246 going with Kohler and 164 picking Earl, D. LaFollette 210 over Rice 176, Clemens beating Smith 204 to 174, Proxmire

Fond du Lac School Supt. Strupp, Kewaskum Native, Found Dead

Fond du Lac Superintendent of Schools, Jerome N. Strupp, 55, a native of Kewaskum, was found dead on Saturday afternoon, Oct. 30, near Eldorado.

His death is being investigated as an apparent suicide, the Fond du Lac County Coroner said. An autopsy was to be completed to determine the cause of death.

Strupp, of 190 Vincent St., Fond du Lac, had been missing since Thursday, according to police. He was last seen by his wife, Gerda, around noon Thursday.

The Fond du Lac County Sheriff's Department was contacted at 2:15 p.m. Saturday in regard to a body found near the school district's Outdoor Education Center on Highway 23 west of Fond du Lac. An ambulance was dispatched to the scene. Fond du Lac county officers arrived at the site shortly thereafter.

A gun was located at the

scene and a brief note was found in Strupp's shirt pocket, according to authorities.

A native of Kewaskum, he was a son of the late Roman and Olive (Haug) Strupp. He lived with his family on the River Road (River View Drive) near the northeast village limits. Strupp attended Holy Trinity Catholic School and Kewaskum High School.

Strupp was appointed superintendent of Fond du Lac's then Joint School District No. 1 on Jan. 1, 1970. He had been acting superintendent since September of 1969, when he replaced Ludwig Petersen, who resigned. The interim appointment came at the time when Strupp was serving as president of the 41,000-member Wisconsin Education Association. He also served as district director of personnel and public relations. The school board voted unanimously to

Kewaskum Statesman
Dear Harbecks:

Please print this thank you to all the volunteers who did a fantastic job in putting together a great Community Halloween Party. Also thanks to the civic clubs, business places and individuals who gave donations to cover the party expenses. With the many smiling faces present I think it's safe to say that the night was enjoyed by the kids and their moms and dads.

With a large attendance the event had to be well planned to be successful, and it was on both accounts!

Sincerely,

Dear Mr. President of Kewaskum School Board,

After reading your interesting letter of Oct. 29, it is my opinion to return an answer. If I recall right, it's less than 1 year ago we had a computer on order for Kewaskum office use with students to use, then a new board took over and the

computer order was voted out and as I recall you made the statement once, "Computers are obsolete in four years." Why computers then in elementary school, when they outdate in four years, and students would have to learn again in Junior and Senior High.

Oh yes, Mr. Ogi, how about an answer to the \$50.00 legal fee in February at the attorney. I sure would like an answer.

Thank you
Clara Trapp

SELECTING THE CORRECT MUSICAL INSTRUMENT
By J.D. Connor, D.D.S.

Can the selection of a musical instrument affect your child's need for braces? Choosing the right or wrong instrument with which to make music is of extreme importance to the teeth. The influence upon tooth alignment from the forces generated by playing a wind instrument is appreciable, whether the force is applied by muscles or directly by the instrument. By this force I mean pressure exerted by the instrument on the oral structures every day at school band practice, and home practice. Constant pressure over an extended period of time is what influences teeth to move. For example, if the child's upper teeth stick out as in "Buck teeth," a brass instrument such as a trumpet or trombone should be chosen to push the teeth back. If a single reed instrument, such as a clarinet or saxophone is used in this case, the bucking of the teeth may be enhanced.

At times, it may appear that the teeth are perfectly normal and no attention need be directed toward the teeth in deciding what instrument the individual would like to play. There are, however, tendencies of tooth positioning that can be picked up by the instrument person that may lend themselves to certain types of instruments for prevention of forseen problems. For example, if the child's teeth are straight, but the lower front teeth seem to be end to end with his upper front teeth, a possible severe orthodontic problem may be prevented by having the child take up the clarinet. If the child were permitted to take up the tuba, catastrophic conditions could occur. In the decision making process, a properly trained person should be prepared to stress the desirable qualities of a beneficial instrument, rather than merely condemn a harmful one. Negativism may cause the child to settle for a drum; not that there's anything wrong with a drum.

Personal choice must be considered in choosing the instrument one would like to play, but any possible bad side affects must be considered in the choice. A few minutes with the properly trained individuals in the beginning may permit the musician to smile with pride after his encore.

J & J AUTO TOPICS

ON HORSES AND CARS

When your grandfather drove his horse and buggy along a snowy road, he had to stop occasionally and scrape out the 'hard balls' of snow that gathered under the horses hoofs. If he neglected to do this, the horse was in for some nasty falls on slippery spots. I guess this is how the expression 'all balled-up' got started.

Now-a-days, when you drive your family bus acting and wonder why its along-up, you think about J & J AUTO SERVICE and get over there fast. Driving in at 450 E. Main solves that 'all balled-up' condition on your car. Try us today.

UWWC's Theatre on The Hill Presents 'A Flea in Her Ear'

Community theatre-goers will have a rare experience November 4, 5, 6 and 7 when the University of Wisconsin Center-Washington County presents, "A Flea in Her Ear." This rollicking French bedroom farce is a genre classic. The play's author, Georges Feydeau, has combined confusions, complications, reversals, double roles and double meanings to carry out his ingenious plot. This comedy, set in Paris during the early 1900's, revolves around suspicions of fidelity and infidelity.

Brad Ford, UWWC's Communication Arts professor and theatre director, makes his directing debut with "A Flea in Her Ear." The following Washington County residents comprise the cast: Jon Herbst, Jane Steffan, Ed Elliot, Terry Schemenauer, Kathryn Hoffmann, Pat Verdu, Mark Wolf, Don Kudek, Glenn Radtke, Pamela Baumgarten, Mark Kohler, LuAnn Salmon, Michèle Retzlaff, Roland Baldwin, and Pat Pfeiffer.

All performances begin at 8:15 p.m. in the University Theatre. Tickets are available at the door, but due to the many requests for tickets already processed, it might be wise to reserve seats by calling 338-5208.

For everyone with a "sweet tooth," November promises to be a very special month. All the area Girl Scouts are planning their bake sales, and that means "goodies galore."

To start off, the Girl Scouts of Wayne will hold their bake sale on Wednesday, November 10, at Wayne School, from 1:00 p.m. till 9:00 p.m. This is the day of teachers conferences, and the sixth grade scouts will also hold a free babysitting service in the school gym at the same time as the bake sale.

Next will be the Farmington Girl Scout Leaders bake sale. They will be holding theirs at the Westfair Mall in West Bend, on Friday, November 19. The goodies will be on sale from

5:00 p.m. until 9:00 p.m.

On Sunday, November 28, the Kewaskum Girl Scouts will hold their bake sale at Holy Trinity Church. The time of the sale will be 8:30 a.m. until noon, so you can stop in after church.

a promise

IS NOT A GUARANTEE

These days you're considered a sophisticated investor if you look for an investment that promises a high rate of interest, however, you don't want to be so sophisticated that you lose money!

A promise is not a guarantee. And it is entirely possible that the interest rates offered on many tax-exempt securities, money market funds and other uninsured investments that looked good yesterday, may not look so good tomorrow.

With the current sudden drop in interest rates most uninsured funds are continuing to hit new lows. In many cases, investors could have earned more in a federally insured Cash Management account at West Bend Savings.

West Bend Savings pays high interest rates that are guaranteed not to fluctuate from the time the account is opened to the time it matures — and you will never be charged a service fee. In addition, West Bend Savings once again offers daily and short term cash management accounts that pay more than uninsured funds.

When you save at West Bend Savings and Loan Association your money is insured safe to \$100,000 and backed by the full faith and credit of the

United States Government.

So, before you make any investment — examine it carefully and consider the risk, then choose a local alternative: West Bend Savings . . . where you're guaranteed high interest with absolutely no risk.

Both the village and town of Kewaskum were included in the Democratic landslide last Tuesday when Roosevelt overwhelmingly defeated Hoover. As the nation went, so went the state, A. G. Schmedeman, mayor of Madison, was elected as Governor over Walter J. Kohler. Washington County also joined the rest of the nation in a Democratic sweep by electing all the Democratic county candidates.

Three local young men, William Schaefer, son of Mr. and Mrs. John F. Schaefer; Otto Stenschke, son of Mr. and Mrs. Traugott Stenschke of this village, and Otto Ramthun, son of Mr. and Mrs. Otto Ramthun of the Town of Kewaskum, suffered injuries early last week Friday morning while returning from a dance at Mt. Calvary, when the automobile in which they were riding, skidded in

loose gravel at the intersection of County Highway "H" and State Highway 55, near Lake De Neve, Fond du Lac County, and went into a ditch.

A very pretty wedding took place in the St. Lucas, Lutheran church in Kewaskum on November 5th, when Miss Helen Steffen, daughter of Mr. and Mrs. Ignace Steffen of Plymouth, and Erwin Radtke, son of Mrs. Carl Radtke of the Town of Kewaskum, were united in marriage.

Mr. and Mrs. Erwin Matthies of Beechwood, are the happy parents of a baby girl. Mrs. Matthies is remembered here as Miss Lena Hammen.

Homemakers Meet

The Little Whistler Homemakers of Kewaskum met on Tuesday evening, October 19th, with Lois Thull serving as hostess for their monthly meeting.

Marita Johnson was introduced and welcomed to the club membership, and a final collection for this year's Pennies for Friendship was collected. Pennies for Friendship is a fund contributed to by members which helps support the County Homemakers' International Organization, the A.C.W.W.

The Christmas Committee reported on their plans and progress for the club's annual Christmas party to be held in December, and members were reminded to bring their articles for the club's annual auction which is to be held at the November meeting. This auction is the yearly fund raiser for the club.

Ballots were cast to fill the positions of the out-going Vice-President and Treasurer, whose terms expire in December. Tina Thull will fill the position of Vice-President, and Lois Yogerst the position of Treasurer for a term of two years.

A count was taken of members who were planning to attend the County Homemakers' Fall Council which will be held on November 9th at the Cedar Lake Learning Center #5. Included in the agenda will be a program on Child Abuse.

Following the health report, members proceeded to the month's project on "Creative Crafts." Everyone was given the opportunity to make a soft sculptured frame, which was a

very popular and enjoyable craft.

Vice-President

Minutes of Village Board Meeting

Mid-Monthly Meeting
October 18, 1982
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in mid-monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. Trustee David Nigh asked to be excused and was absent, all other Trustee Members were present.

The minutes of the meetings of October 4 and 7, 1982, were approved as printed upon a motion by Trustee Richard Schmidt, seconded by Trustee Jeffrey Rohrer. Voice vote was unanimous.

On a motion by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik and unanimously carried, the Board approved an alternate solution, regarding a public nuisance problem. The alternate solution gives the property owner the option to take corrective action on the premise in conjunction with the sale of the property. This approval was granted as long as the property would be vacated in a timely manner.

On a motion by Trustee Jeffrey Rohrer, seconded by Trustee Howard Laubenstein and unanimously carried, the application of Donald Nowak for an Operator's (bartender's) License was approved and the Commissioner was authorized to issue the proper license upon proper payment of required fee. The Police Department had no objections to the issuance of the license and the health report was negative.

The Protection & Public Safety Committee was given the task of checking into the need for a stop sign in place of the yield sign, at the corner of Railroad and First Street.

On a motion by Trustee Paul Blumer, seconded by Trustee Donald Mlodzik and unanimously carried, the Board approved the recommendation from the Park & Recreation Committee to increase the cost for a daily open gym pass from 25c to 50c and to increase the season pass to \$5.00 per person and initiate a family pass at a cost of \$10.00 per family. The Saturday open gym will run for a 16 week period, starting the middle of November.

The Park & Recreation Committee Chairman, Jeffrey Rohrer, complimented both the Public Works Department and the Horse Shoe League on the progress made on the new horse shoe courts.

Two representatives from Foth & Van Dyke were present to review with the Board their proposal for the completion of work to be done in reference to the new WPDES and as it relates to the disputed invoice for engineering services in connection with the Design of a ph control system, etc. The total

cost for the remainder of the work, plus fund application came to \$8,622.00. This proposal was spelled out in a letter dated October 18, 1982, and signed by Joseph Linssen and Dean Frøberg.

Motion was made by Trustee Paul Blumer, seconded by Trustee Jeffrey Rohrer to adjourn to closed session under Chapter 19.85 (1)(e) of the Statutes to discuss the possible settlement of the disputed invoice and proposed contract for engineering services regarding the previous Design and the ph Control System, etc., and as to the requirements for the WPDES, with Legal Counsel (Attorney Kiefer) for bargaining reasons. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent." The motion was carried by the majority.

Motion was made by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik to adjourn the closed session and reconvene to open session under Chapter 19.85 of the Statutes and as previously noticed, to conclude the discussion of the disputed invoice for engineering services. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

On a motion by Trustee Donald Mlodzik, seconded by Trustee Paul Blumer and unanimously carried, the Board authorized the Village President and Village Administrator to enter into an agreement with Foth & Van Dyke and Associates to complete all work as outlined in their letter dated October 18, 1982, and instructed Foth & Van Dyke to proceed immediately. The amount for these services was established at not to exceed \$8,622.00.

Trustee Jeffrey Rohrer asked that the Administrator be instructed to place an article in the newspaper in reference to low hanging limbs that cause a potential hazard.

Administrator Schmidt passed preliminary department budget work sheets out to the Board for their review prior to

the next regular meeting.

Administrator Schmidt also asked the Board for the direction they wished to take in reference to obtaining financing for the proposed TIF projects. He was instructed to set appointments with two firms to start First Wisconsin of Milwaukee, Wisconsin and Clayton Brown & Associates, Inc. of Milwaukee, Wisconsin.

Administrator Schmidt also read a letter of resignation from Howard Zemlicka for the Zoning Board of Appeals.

Motion was made by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik to adjourn to closed session under 19.85 (1) (e) of the Statutes to discuss the easement amount to be offered for the proposed utility easement in the TID, for bargaining reasons, under Chapter 19.85 (1) (g) of the Statutes to discuss litigation by Ralph and Henriette Scott vs. the Village of Kewaskum (case no. 32568) and under Chapter 19.85 (1) (c) of the Statutes to discuss employee negotiations, compensation and performance data of village employees over which the governmental body has jurisdiction. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent." The motion was carried by the majority.

**Salvation Army
To Conduct Annual
Christmas Appeal**

The annual Christmas Mail Appeal of The Salvation Army will arrive in most communities on November 15th.

Dollars raised by this appeal are made immediately available to community volunteers who serve through The Salvation Army Service Extension Program. Christmas dinners, toys for needy children, visits to shut-ins and nursing homes are but a few of the seasonal services supported by the Christmas Appeal.

Emergency relief from severe winter weather through the winter season is also provided through donations raised at Christmas time.

The goal for this statewide fund raising effort is \$191,000.00, a slight increase over the 1981 Christmas effort.

Leonard Holt, Director of the Service Extension Program, is hopeful for a successful appeal, so that more needs can be met this year in these difficult economic times.

Those desiring more information, or wishing to make a donation to the Christmas Appeal, may contact:

Leonard Holt, Service Extension Office, The Salvation Army, 4757 North 76th Street, Milwaukee, Wisconsin 53218. 1-800-242-7094 (toll-free)

Plymouth Edges Indians With Late Score in Finale

Plymouth drove 59 yards for a fourth quarter touchdown to hand Kewaskum a 13-10 defeat in the Eastern Wisconsin finale at Plymouth Wednesday night. The Indians finished 1-5 in conference play and 3-5 overall and tied with Kiel for last place in the EW.

With 5:59 left to play in the final quarter, the Panthers' Don Terschner scored on a three-yard run, and Matt Paese added the extra point to give Plymouth the lead.

The Indians had scored on a Jim Braun run with 11:54 remaining, following a 67-yard drive which was highlighted by a 57-yard run by junior Brad Dieringer to the Panthers' six-yard line. This put Kewaskum ahead and strengthened their hopes for a victory but Plymouth came right back with their winning score.

The Indians had a final opportunity to win the game. After the kick went out of bounds, the Indians started at their own 40-yard line and drove to Plymouth's 27 where Steve Fermanich intercepted a Mark Follmann pass on the 22. The Panthers then ran out the clock.

The first half was played in heavy rain but the Indians moved the ball well on the ground against the wind. On their initial drive they moved the ball all the way to the Plymouth 10-yard line. But a run picked up just three yards, two passes fell incomplete and a fake field goal was well defended by the Panthers. The attempted pass fell short and Kewaskum went away without any points.

With 1:26 left before the half, Follman put Kewaskum on the board when he hit on a 21-yard field goal. The Indians had driven from their own 34 yard line down to the Plymouth four where they had a first and goal to go. Two running plays gained only one yard and a halfback pass was incomplete. This forced the field goal.

Plymouth's initial score came on a Terschner run with 2:44 left in the third quarter. A big play in the 65-yard Panther drive was an 18-yard run by Terschner, a 171-pound halfback. Paese's attempted point after TD was short.

Braun was the leading rusher for the Indians with 102 yards in 24 carries. Terschner, who did not carry the ball at all in the first quarter, ended up with 90

Spikers Ousted In Regional

The Kewaskum High school girls' volleyball team was ousted in the Class A WIAA Regional last Tuesday evening at the West Bend High School fieldhouse.

The Indians were eliminated by West Bend West, 15-9, 15-3. The West Spartans were later ousted by West Bend East. The East Suns whipped Waupun, 15-1, 15-1, and then West Bend West, 15-2, 15-5, to advance to the Neenah Sectional Saturday.

East went on to beat Fond du Lac, 16-4, 15-0, and Kimberly, 12-15, 15-4, 15-5, in the Sectional to advance to the state meet this Friday and Saturday at UW-Oshkosh.

yards in 14 carries for the Panthers.

Two Rivers won the conference championship with a perfect 6-0 record and is now participating in the WIAA tournaments. They defeated Algoma in their first playoff game Tuesday night.

Freshmen Tie Plymouth; JVs Lose

The Kewaskum freshmen gained a come-from-behind 14-14 tie with Plymouth last Tuesday, while the JVs' surge fell short in a 26-20 loss to the Panthers.

Freshman quarterback Tim Rohlinger hit Rick Staehler with a 37 yard pass in the last 45 seconds for a score and the same pair combined for the important extra point to gain the tie. Plymouth had scored with two minutes left to put them ahead but the Indians fought back.

Kewaskum took the lead in the second quarter to a reverse pass from Staehler to Toby James.

The final pass was perfect but Coach Jim Westphal was disappointed with his team's pass protection because they had receivers open all the time. He also praised Staehler's work on defense.

The JVs went ahead 12-0 on a four yard run by Rick Miller and a pass to John Mertzig for 40 yards. A pass from Mike Steinhart to Tom Herriges set up the initial score.

Plymouth scored once in the first half and then its offensive line took control. They scored twice in the second half to take the lead. Kewaskum came back with another pass to Mertzig for a TD, and finally the Panthers took the lead for good.

Kewaskum put on a drive in the closing minutes but was stopped on a fourth and goal on the Plymouth four yard line.

The freshmen ended the season with a 3-2-1 record, while the JVs were 1-6.
