## Hardware Hank Store Is Planned for Mall

By GERRY MUELLER  
Statesman Staff Writer

Charles Falk, Director of Construction of Renaissance Group, confirmed Tuesday that a Hardware Hank store will be moving into the Kewaskum Mall.

The store will occupy a 5,000

square foot area remaining between the new Sentry Foods store and Kennelly Pharmacy. Falk stated he had submitted plans to the state for approval, however, a two to three week backlog has delayed his being able to present construction plans to the Village Board. Falk said he hopes to have state approval in time to appear

before the Village's November 29th meeting.

A lease has been initiated with Vincent Wiza, who presently operates a Hardware Hank store in Fond du Lac.

Falk said the store hoped to start moving in by January, with a projected late February or early March opening.

## Computers in Schools Needed: Long

## Superintendent Long Makes Impressive Debut

By GERRY MUELLER  
Statesman Staff Writer

Despite his smiling, easy-going appearance, Kewaskum's new school superintendent John Long let board members and citizens alike know he means business and his business is the efficient operation of the Kewaskum School District.

At Monday night's first meeting with the new superintendent, citizens heard Long state his opinions regarding a proposed new policy affecting legal counsel services. The new proposal was formulated when the question arose as to whether or not a board member had acted correctly in obtaining the services of a legal counsel on two separate occasions. "If we cannot trust the president or board members, who can you trust," said Long. He continued by saying, "let's get away from this, we've heard about this for three weeks. I've heard enough of it to last me a year and I've only been here three weeks." Long suggested it was time board members put their differences aside and began working together for the good of the school district. Long noted, "it is one thing to disagree, when you become disagreeable, that hinders the school district. Let's all work together and promote

better education for students."

The board voted 6-0 to retain the present policy #9150 and drop the new proposal. John Tessar was absent from the meeting.

High School Principal Clark Pearson gave a general report on the possibility of the high school going to an eight-period day. Beginning this semester the school had gone from a rotation schedule to a seven-period day with classes running for 52 minutes each. Pearson had been asked to check into switching to an eight-period day with 45 minute classes. A prime concern for such a change was the possibility of allowing students to take more elective courses.

Pearson said one factor the board would have to consider is raising the credit requirement for graduation, presently 20 credits are necessary. Pearson and Assistant High School Principal Roy Esser felt not requiring the additional credits would result in students having too many study halls which could cause some problems. Long noted his previous district was one step ahead of Kewaskum as were many other districts in that they already require 22 credits for gradu-

## 1983 Village Budget Set for Hearing

By GERRY MUELLER  
Statesman Staff Writer

At a special Kewaskum Village Board meeting, held Monday night, members accepted a proposed 1983 budget of \$938,987.00. The budget will have a public hearing on Monday, November 29.

Through reductions, adjustments and corrections, approximately \$20,000 was pared from the preliminary budget of \$958,673.00. "This is about as fine as you're going to get unless you begin to cut services," stated Village Administrator Dan Schmidt.

Schmidt said the budget itself had only increased \$38,000, however, a large increase, from \$20,000 to \$70,000 in the area of long term note payment in 1983, for the Kiwanis Park brought the total increase up to \$78,000. Schmidt noted the note payment legally must be paid every year and cannot be postponed.

In an effort to keep the tax increase as low as possible, \$25,000 from the Park Develop-

ment Fund has been placed in the budget for payment on the note.

Major budget changes reflected in Monday night's presentation include a \$10,000 decrease in Municipal Building Outlay, which covers the engineering and proposed remodeling program, and a \$2,000 reduction in Police Department Outlay as a result of the village's accepting a bid substantially lower than what had been budgeted for a new squad in 1983. Another cut of \$1,200 was made by dropping proposed micro-filming of records, which had been in the Administrator's budget.

An anticipated added \$1,000 in revenue is expected when the village sells its old squad.

Another source of approximately \$1,000 in Public Works general revenues being considered is, charging for garbage collection service for tax exempt entities which do not pay taxes but produce garbage. Schmidt said this group includes the private schools and churches such as Holy Trinity, St. Lucas and Peace as well as the Exodus House. Schmidt said "this group does not pay tax but they

are causing us an expenditure for their garbage collection, three-fourths of which is produced by non-residents. Many communities are already doing it," said Schmidt. "Garbage collection is the most visible means of seeing your tax dollars in action."

Schmidt noted there were various routes to go, however, he suggested the board consider setting a specific weekly fee which would be governed by the amount the size of the refuse containers. This is the method most commonly used. President Gerald Stollenwerk agreed with Schmidt's recommendation. "I feel comfortable with charging a nominal fee," said Stollenwerk.

Schmidt told the board the latest proposed budget reflects and 11.3% increase or up \$1,019 per \$1,000 over this year. Other anticipated or actual increases for 1983 include County up 2.8% or 12c per \$1,000. State 9.5% 3c/- \$1,000. School 9.4% \$1.39/- \$1,000. Vocational School up 14.2% or 27c/\$1,000. This will result in an approximate total increase of 10.9% or \$2.81 per \$1,000 before the state tax credit.

If you are assessed at \$50,000, your tax would go up \$100.00, said Schmidt.

## Area United Way Exceeds \$18,000 Goal

The Kewaskum Area United Way has gone over its \$18,000 goal. Approximately \$19,400 has been pledged in this year's drive.

Donations are still coming in and final figures will be released in a few weeks.

The 1982 co-chairmen, Arnie Stommel and Robert Borch, would like to thank all the contributors who donated so generously. Special thanks are extended to the Division Chairmen and volunteers who gave of their time and talents to make this drive a great success.

## Chamber of Commerce Plans Christmas Sale

The Kewaskum Area Chamber of Commerce will be sponsoring their tenth annual "Christmas Sale" promotion beginning Friday, November 26, and ending Saturday, December 4. Ads for this promotion should be in our office no later than next Thursday, November 18. The Statesman will be published a day earlier, on Wednesday, Nov. 24, the week of Thanksgiving. Please get your news copy in earlier that week, no later than Monday, Nov. 22.

## MPTI Offers Classes Here

MPTI will be offering the following classes at Kewaskum High School:

Upholstery classes will be starting on Tuesday and Thursday evenings and Thursday from 11 a.m. to 2 p.m.

The microwave course will start Thursday, November 18. A part of the course will be candies for Christmas.

Call 626-2166 to register for either course.

## AFS Area Hosting 17 Winter Program Students from 16 Foreign Countries

Lake Moraine AFS Area is hosting seventeen winter program students during this 1982-83 school year with the students coming from 16 different countries.

AFS Chapter Presidents from the area met August 26 in Sheboygan Falls at the home of Mrs. Quinton Carmen where plans were outlined for the AFS activities of the area.

A dinner for the winter program AFS students was held on September 1 at the home of Mrs. Elden Amundson in Plymouth. It was there that many of the students met for the first time.

Camp YKoda weekend, directed by Diane and Marlin Hudson, Counseling Reps for the area, was the next event scheduled. The foreign students spent Friday evening, September 17, together and their host siblings and Americans Abroad returnees arrived Saturday afternoon. The weekend culminated on Sunday with the parents joining the group for

the noon meal and a talent show put on by the students.

A bus trip to Chicago was held for the students on October 14 and a roller skating party at the Big Wheel in Sheboygan is planned for November 14. The annual AFS Area Meeting will be January 29, 1983, and will be hosted by the Sheboygan South AFS Chapter.

AFS students residing in the area this year include:

Elkhart Lake - Claire Singh from Camberly, United Kingdom whose host parents are Mr. and Mrs. Paul Urner; and Ricardo Koch of San Felipe, Chile, host parents Mr. and Mrs. David Mahloch.

Howards Grove - Patricia Dolz from Paysandu, Uruguay, at the home of Mr. and Mrs. James Kalk; and Nicola Lombardo of Lespezia, Italy, whose host parents are Mr. and Mrs. DuWayne Thiel.

Kewaskum - Hiroko Yamada from Nagasaki, Japan, host parents Mr. and Mrs. John

## Fiftieth Anniversary

Pat and Pete Peterson, (Mr. and Mrs. L. N.) of Kewaskum pictured above, shortly after their marriage 50 years ago, in Ohio. The Petersons will

celebrate their golden wedding anniversary Friday, Nov. 12. Their children and grandchildren will honor them at a dinner party.

## School Board

[Continued from Page 1]

ation.

"I would recommend you stay with the seven-period day," said Long, noting special arrangements could be made for the few students who might find a conflict in their schedules. Long said it would be easier to make special arrangements to accommodate ten students than to change the program of 750 to help 10.

Pearson was asked to check into schools operating on an eight-period day and report back on how well it works.

Pearson told the board his staff had talked about not adding any new curriculum for next year. One subject which had been recommended was, a second semester for Computer Math. Pearson said Mr. Harlow, who is teaching the class, felt he did not have enough background or experience at this time to hold a second semester class.

Long noted his approval of the computer program and felt it should be pursued further. Long told the board he felt "there was a need for computers in the school district, in elementary education and the middle school and a few years down the line more of them going into the high school. I am going to make proposals and I'm going to have a committee of teachers come in to our next meeting of the board of education concerning computer education and the need for it in a technological society which we don't have any of (if that's grammar)," stated Long. Long said, in the school district he had come from, it was one-third

the size of Kewaskum but it had three times as many computers in the classroom as this district has.

In the elementary schools there should be computers at Beechwood, Farmington and Wayne, they should be at the elementary school over here and they should be in the middle school. "We have to move on that particular thing so our kids don't get left behind," stated Long.

Long told the board he would also like to see photo copiers in all the elementary schools, replacing the spirit duplicators possibly by next year. Long feels the copier products are far superior in quality and quantity than the duplicators.

The board approved a maternity leave for Lynda Sydow and a long term substitute teacher contract for Jeanne LaMarche, who will be replacing Sydow.

The board approved of a new copier for the middle school and permanent carpeting for the high school entranceways.

### MPTI CLASS ON ROMAN SHADES AT HIGH SCHOOL

Interested in beautifying your home, while insulating against the winter cold? Sew your own energy efficient insulated Roman Shades, which are recommended by Utility Companies for conserving energy and heat loss through windows. The MPTI sponsored class began Wednesday, Nov. 10, at 7 p.m., for a five week period. Only basic sewing skills are required. Cost for this class is \$7.70. To enroll, call Roy Esser, 626-2166.

### RUMMAGE, CRAFT, BAKE SALE AT ST. MICHAELS

A rummage, craft and bake sale will be held at St. Michael's Parish Hall, St. Michaels, on Saturday, Nov. 13, from 9:00 to 3:00. The event is sponsored by

the Christian Women of St. Michael's and St. John of God. St. Michaels is located three miles east of Kewaskum on Hwy. 28.

Tired of scrubbing carpeting? Clean it with Nylac quickly and easily. No machine needed. Miller's Fine Furniture carries Nylac.

Cheryl Burkhalter

Cheryl Burkhalter, daughter of Mr. and Mrs. Kenneth Burkhalter of Allenton, and Jan Hazlewood, daughter of Mr. and Mrs. John Hazlewood of rural West Bend, have been chosen as the Kiwanis students for the month of November.

Cheryl was inducted into the National Honor Society as a junior. She has been a four year member of both the basketball and volleyball teams. She has

**Woman's Club Taking Orders for Rare Collector's Items**

When the General Federation of Women's Clubs celebrates the Centennial of its founding in 1990, a "Grand Gala" will climax eight years of preparation.

To finance this exciting event, the W. Goebel Co., of West Germany, manufacturers of the famous "HUMMEL" Figurines, have created a limited edition of four 8 inch figurines. Each figurine in the series will be designed in classic period dress from each quarter century of the GFWC's existence. The initial figurine in the series will sell for \$26.95 and are for sale only through GFWC Clubs.

The first edition of this rare collectors item, circa 1890-1914 may be ordered now through the local GFWC Club: Kewaskum Woman's Club, Rita Etta, 9685 Hwy. S, 626-2364. A maximum of 180 days are needed to create these hand crafted and hand painted collectibles. The deadline for ordering the first edition is January 31, 1984. The mold will be destroyed at the June 1984 GFWC National Convention.

Show me an honest fisherman and I'll show you a dull person.

# Memories...

The Statesman welcomes readers to submit photos for the "Memories" feature. Photos should show life in the olden days in this area. Deliver or mail to The Statesman, 250 Main St., Kewaskum, WI 53040. Photos can be picked up again after publication.

**History of Holy Hill**—Located off Highway 167 in the southern part of Washington County. It has long been a pilgrimage site staffed by Carmelite Fathers. The history goes back as far as the time of Father Marquette, famous explorer in the latter part of the 17th century. In 1858 a huge cross was implanted on the Hill, and in 1861 work was begun on a log chapel [16 feet square]. It was dedicated to Mary in May 1863. In September of 1881 a new church, 70x46, was dedicated. So many pilgrims came that in August, 1926, a cornerstone was laid for a new church which was completed by July, 1931. From that humble beginning even a larger edifice was erected with three majestic spires which can be seen from many directions rising 809 feet above Lake Michigan. (Photo and history submitted by Isabelle Muckerheide)

## Balloon Released from School Here Lands Off Atlantic Ocean

The second grade classes of Mrs. Moe and Mr. Harry Schneider released helium balloons as a class project on October 6. Each pupil's name, address and school were enclosed in the balloons.

One balloon, released by

Bryan Ellefson of Kewaskum, was returned by the finder of the balloon, Michael Schiller of Groveland, Mass. He found it on Plum Island, off the Atlantic Ocean. Schiller, who runs 9 miles each day, discovered the balloon on the grass, off the ocean.

Mrs. Moe, left, and Bryan Ellefson shown with a map Mr. Schiller sent, where he found the helium balloon, the balloon which traveled approximately 2,000 miles, the letter he wrote and the name tag which was enclosed in the balloon.

## County Treasurer Writes Owners of Real Estate With Delinquent Taxes

Fredric A. Seefeldt, Washington County Treasurer, is sending letters to the owners of real estate parcels on which the County holds some 3,300 tax certificates.

"This project is a key part of our annual collection effort on delinquent taxes," Seefeldt said. "Each letter is reviewed and personally signed by me," he added. "As I sign the letters, I sort them out by owners to eliminate costly multiple mailings. At the same time I reacquaint myself with the delinquent accounts. This is helpful when telephone inquiries arise," he said.

"The actual number of property owners is less than 3,300 because several years of taxes on the same parcel may be involved. I still expect, however, to be signing and mailing about 2,000 letters," Seefeldt indicated.

"The letters will be going to taxpayers with outstanding 1979, 1980 or 1981 taxes. The

County has some 340 tax certificates outstanding from 1979, some 940 from 1980 and 2,014 from 1981," the treasurer reported.

"The term, tax certificate, is used to describe the lien for taxes that the County holds by State Law against the particular parcel of real estate. This lien cannot be wiped out by bankruptcy proceedings and if unpaid, stays with the property even though ownership may change," Seefeldt explained.

"After holding these tax certificates for three years, the County then initiates foreclosure proceedings to recover the tied up tax dollars," Seefeldt said. "Tax deed applications are now being prepared for service on the property owners with outstanding 1978 taxes. Upon receiving the tax deed application by certified mail, the owner of the holder of the first mortgage has 90 days in which to pay the taxes and accumulated interest and penalty. If the account remains unpaid after the ninety days, the County takes ownership of the property by tax deed and will later advertise it for sale by sealed bid," Seefeldt explained.

Irises take their name from Iris, the Greek goddess of the rainbow.

## Second Annual Community Halloween Party

The Second Annual Community Halloween party sponsored by the Kewaskum Elementary P.T.O. is now history, but it will long be remembered by young and old who attended.

October 30, 1982, proved to be a beautiful day. 383 ghosts and goblins marched around the football field led by the Kewaskum High School band directed by Larry Ammel. They waited patiently as they were judged on their costumes by Jerry and Diane Buchel and LaVerne and Dotzie Hron. The award winners were presented with special Halloween ribbons. Then, it was off to the party as all participants marched behind the band to the middle school. The auxiliary police provided supervision on the streets for the safety of all.

Upon arrival at the middle school, the children couldn't help, but notice the special Halloween decorations along the halls, in the cafeteria and the gym, all adding to the spirit of the evening.

As the 3rd through 6th graders were chilled to the bone by the "Abott & Castello Meet Frankenstein" movie, the preschoolers through second graders were being eaten by a big black cat. A surprise visit from a gorilla who escaped from the Jaycees Haunted House kept the older kids guessing and then, to find out, Pete Ayer was missing. He sent a friend who resembled a gorilla to entertain them with a Halloween sing-a-long. The "Lisa Lou and the Swamp Monster" puppet show presented by Judy Busack (children's librarian from the West Bend Community Memorial Library) kept the younger set busy.

A snack of juice and popcorn was served by community volunteers. Several door prizes were awarded to the youngsters. As all the ghosts and goblins left the party they were presented with a bag stuffed with Halloween treats! A fun night was had by all!

Grade 1, front row L-R — Paul Janik - Bee; Julie Krezman - Roaring 20's Girl; Ginger Wiesner - "Kooky Spook." Grade 4, back row L-R — Ira Sison - "E. T."; Wendy Fidler - Shrimp; Nicole Doherty - Punk Rock.

# a promise

## IS NOT A GUARANTEE

These days you're considered a sophisticated investor if you look for an investment that promises a high rate of interest, however, you don't want to be so sophisticated that you lose money!

A promise is not a guarantee. And it is entirely possible that the interest rates offered on many tax-exempt securities, money market funds and other uninsured investments that looked good yesterday, may not look so good tomorrow.

With the current sudden drop in interest rates most uninsured funds are continuing to hit new lows. In many cases, investors could have earned more in a federally insured Cash Management account at West Bend Savings.

West Bend Savings pays high interest rates that are guaranteed not to fluctuate from the time the account is opened to the time it matures — and you will never be charged a service fee. In addition, West Bend Savings once again offers daily and short term cash management accounts that pay more than uninsured funds.

When you save at West Bend Savings and Loan Association your money is insured safe to \$100,000 and backed by the full faith and credit of the

United States Government.

So, before you make any investment — examine it carefully and consider the risk, then choose a local alternative: West Bend Savings . . . where you're guaranteed high interest with absolutely no risk.

# Theusch-Bopes

Lynn M. Theusch and Brian M. Bopes exchanged marriage vows during a double ring ceremony at 2:00 p.m. on August 21, 1982, at St. John of God Catholic Church, Town of Farmington. Rev. William Bonesho officiated. Music was provided by Laura Williams, organist, and Ann Enright, soloist.

Parents of the couple are Mr. and Mrs. Charles Bopes of Clinton, Iowa, and the late Mr. and Mrs. Greg Theusch, Kewaskum.

The bride was presented in marriage by her brother, Jack Theusch. She chose her sister, Judy Guerra, Chicago, as her matron of honor. Her bridesmaids were Ruth Bopes, Vail, Colorado, and Rosanne Matuszek, Cedar Rapids, Iowa.

The groom chose a friend, Ken Nelson, Moline, Illinois, as his best man. Groomsman were Bill Dunmore, Clinton, Iowa, and Chuck Theusch, Chicago. Ushering duties were shared by Dan Bopes and Ron Theusch.

The bride and groom were taken by horse and buggy from the church to a reception at the home of the bride's brother and sister-in-law, Jack and Marcia Theusch. A dinner and dance followed at Old Fort Silver, Silver Creek.

After a short honeymoon to

Door County, the couple now reside at 418 West Pleasant, Maquoketa, Iowa. Mr. Bopes is the Juvenile Probation Officer for Jackson County, Iowa.

# Bonlender-Laubenstein

Jane E. Bonlender and John H. Laubenstein exchanged marriage vows at St. Kilian Catholic Church on Saturday, August, 7.

Parents of the couple are Joseph Sr., and Louise Bonlender from the Town of Ashford and Howard and Shirley Laubenstein of Kewaskum.

Twin sister of the bride, Jean Hermanns of Fond du Lac, served as the matron of honor. The bridesmaids were Jan Gassner of Lomira and June Bonlender, of Campbellsport, both sisters of the bride, Cheri Beisbier of Kewaskum, cousin of the bride, Joan Ruplinger of Campbellsport, friend of the bride, and Barb Schoenemann of Sheboygan, sister of the groom. The flower girl was Jennifer Martin of Neenah, niece of the bride.

The groom chose his best friend, Tom Schoofs, as his best man. The groomsmen were Gary Fieweger of West Bend and Bruce Fredricks of Oconomowoc, both friends of the groom, Al Gassner of Lomira, brother-in-law of the bride, Joe Schoenemann of Sheboygan, brother-in-law of the groom and Gary Bonlender of Campbellsport, brother of the bride. Ring bearer was Mike Bonlender, nephew of the bride.

The newlyweds spent their two week honeymoon in Colorado, Las Vegas, Utah, and Yellowstone Park, and are now residing in Kewaskum.

The word "cheerful" is said to come from the Latin *cara*, meaning "face."

# Kempf-Prom

Mr. and Mrs. Delmar Kempf of 952 Co. T.A. R.1 Adell are pleased to announce the engagement of their daughter, Debbie Lyn, to Patrick Sean Prom, son of Mr. and Mrs. Henry Prom of Random Lake.

Debbie Lyn is a 1981 graduate of Kewaskum High School and is employed at Care Center West of Fond du Lac. Patrick Sean is a 1976 graduate of Random Lake High School and is employed at Pickarts Radiator Service of Fond du Lac.

No immediate wedding plans have been made.

## Holy Trinity Plans Craft and Bake Sale

## Kewaskum Art Students of the Month

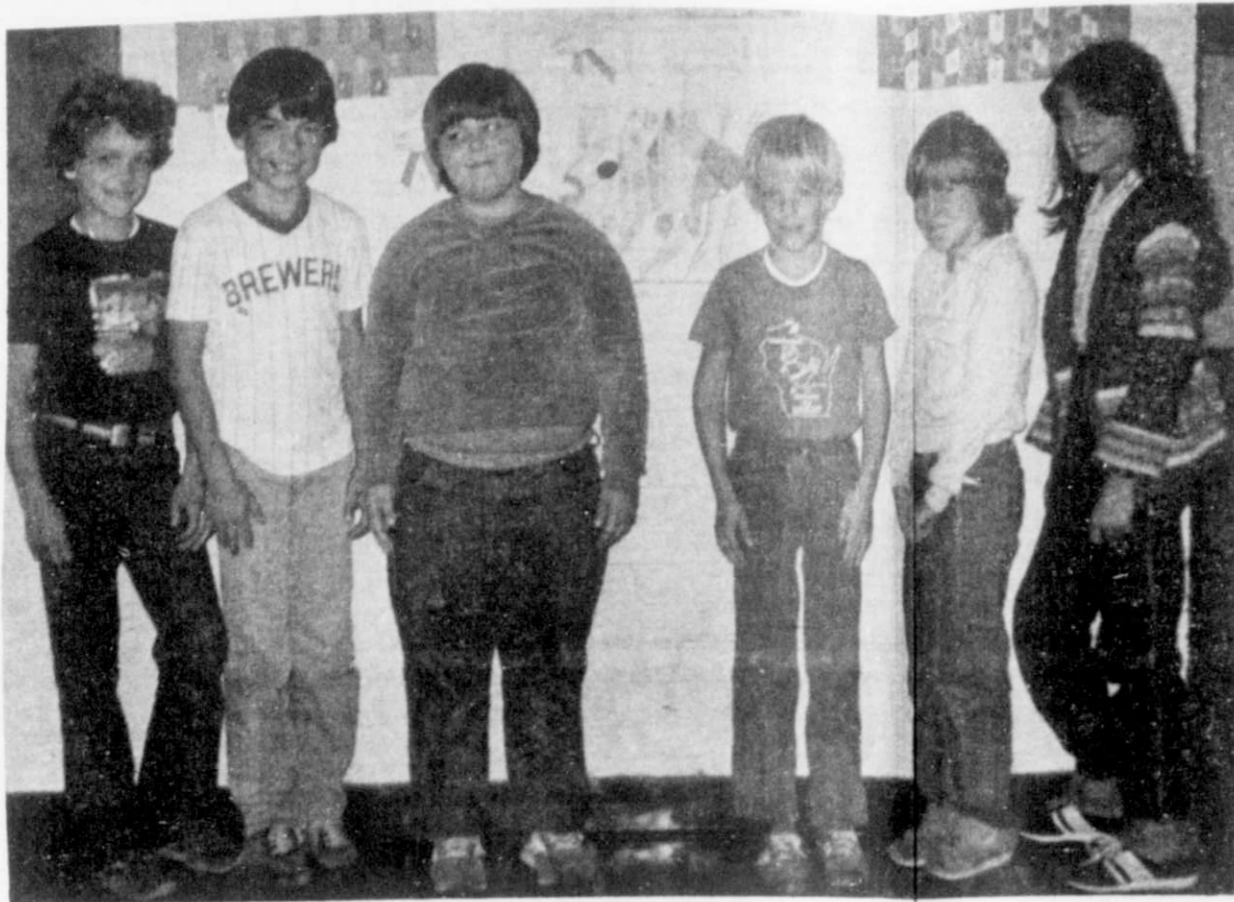

**KEWASKUM ELEMENTARY** — Special artists of the month are chosen each month with their work on display in the main entrance hallway of the school. Standing in front of the display, special artists for the month of September are [1-r] back row: 5th and 6th graders, Chad Schmidt, Mike Heberer and Pamela Johann, [1-r] front row: David Voss, Shelly Kassecker and Noel Stradtman.

**KEWASKUM ELEMENTARY** — Special artists for the month of September are [1-r] back row: Vicki Rehbein, Karri Brace, Tammy Staehler and Tammy Baldwin, [1-r] front row: Meredith Farley, Shannon Neitzel, Chris Boylen, Jodi Gengler. The art work done by these young artists includes crayon resist fish, tufted tissue name designs, line and shape weaving, crayon etched leaves, hanging butterflies, flip flop designs, shoe drawings, doodle birds, sketch book cover designs and crayon fall landscape drawings.

**FARMINGTON ELEMENTARY** — [1-r] front row: Jenny Schneider, Matt Neuenfeld, Sarah Collins, and Amie Kirmse, back row [1-r] Tina Shilts, Angie Laufer, Robyn Winninghoff, Peter Harju, and Cindy Berres.

**BEECHWOOD ELEMENTARY** — [1-r] Trevor Roesel, Corey Krahn, Randy Reysen, Doug Buechel, Jackie Hintz, and Lisa Chmielewski.

**WAYNE ELEMENTARY** — [1-r] Jane Burkhalter, Renee Kertscher, Kelly Hagg, Corey Bergdorf, Andy Schalk, and Andy Sworske.

### FOND DU LAC COUNTY NUTRITION PROGRAM FOR THE ELDERLY

Campbellsport Community Center

Monday, Nov. 15 — Chili, boiled potato, Harvard beets, celery cabbage, dinner rolls, up-side-down cake.

Tuesday, Nov. 16 — Beef stew with vegetables, boiled potato, carrot salad, Anadama bread, snow apple.

Wednesday, Nov. 17 — Pork roast, gravy, mashed potatoes, squash, steamed apples, tapioca pudding.

Thursday, Nov. 18 — Wieners, potato salad, baked beans, lettuce, fruited jello.

Friday, Nov. 19 — Cheese dreams, creamed potato, green beans, cabbage slaw, baked apples, cookies.

Coffee, milk, bread, butter are served with meals.

## A Thank You From The Kewaskum Elementary PTO

Mary K. Pearson, chairperson of the 1982 Community Halloween Party, would like to thank the entire community for the success of the party.

Funds for the party were provided by the Lions, Jaycees, Kiwanis, and Junior Woman's Club, along with several individuals in the community. The following businesses permitted us to place drop boxes in their business places: Valley Bank and West Bend Savings (who also provided Victor and Homer); Kennelly Pharmacy; Geri's Beauty Shop, Village Hair Stylists, J & N Liquor, Behring's Market, Kewaskum Frozen Foods and Campbell's Village Inn. Thank you for all your support.

The high school band under the direction of Larry Ammel (who was also the official photographer) led our parade at the football field, LaVerne and Dotzie Hron and Jerry and Diane Buchel handled the difficult task of costume judging. Pat Coulter added a special touch with the clown costume and face done by daughter Tracey. Clark Pearson did the announcing and handled the operation of the football field. A big thank you to all of you!

The auxiliary police provided supervision for the parade to the middle school. Dennis Reha, middle school principal, was extremely cooperative with our many questions and provided the use of the building from 11:00 a.m. on to make sure we had plenty of time to set-up.

Without Judy Busack and Pete Ayer the party would have been a flop! All their time and effort was greatly appreciated. Thanks, also, for the visit from the Jaycees gorilla.

Minz Supply graciously donated the bags for the popcorn. The F.F.A. popped all the popcorn. John Englehardt & Sons, Inc. of West Bend supplied the juice. Kash 'n Karry of West Bend filled our candy and treat needs. The ribbons for the parade and several door prizes were donated by Mr. David Pelton of the Modern Woodmen of America. Several other prizes were gathered at Kennelly Pharmacy. Thanks to all of you!

Without the countless hours of work by the following people, the party would never have happened: Cathi Dziedzic, Publicity; Diane Lemke, Supervision; Cheryl Ammel, Parade; Judy Petz, Refreshments; Sheryl Rinzel, Finance; Bonnie Nowak, Entertainment; and Debi Korneli, Decorations. They handled the field of several volunteers who all helped to make the party a huge success. Over 75 people volunteered their services in some way. We were overwhelmed with your enthusiasm and support. If you weren't called, we still appreciate the offer to help. Don't lose your enthusiasm, you'll be needed next year.

On behalf of the P.T.O., a heartfelt thanks for all your cooperation in making the Halloween party a fun time for all.

A gift subscription to the Kewaskum Statesman will be appreciated—call 626-2626.

## Alcohol Present In High Percentage Of Driver Deaths

Laboratory tests show that 55 percent of the drivers who died in Wisconsin traffic crashes during August had enough alcohol in their system to be impaired, while more than 42 percent were legally drunk, the Department of Transportation said.

Impairment begins at .05 percent blood alcohol content (BAC) while a .10 percent reading is the point where it is illegal to operate a motor vehicle, under state law.

Only 15 of the 40 drivers whose blood was tested after they died in a crash showed no alcohol consumption. The highest involvement was in the ages 18 and 23. Five of the

drivers were age 18, with two showing no alcohol. The other three ranged from .05 percent to .199, nearly twice the illegal 10 BAC level.

The three drivers who were 23 years old showed alcohol ranging from .05 to .190 percent BAC.

Under Wisconsin's blood alcohol testing program, blood samples are routinely taken from drivers who are killed outright or die shortly after a crash. Through August there had been 242 tests run by the State Division of Health, which administers the program.

The youngest driver tested in August was 16 years old, with a BAC of more than .10.

One pedestrian was tested, with a BAC in excess of .20

percent. Motorcycle drivers are included in the figures. Motorcycle deaths are the only category showing an increase this year, at a time when the overall traffic death picture is well behind last year's toll.

### Musical Genius to Appear at UWWC

LESLIE LEMKE will be appearing in concert November 14, at the UWWC Theater, West Bend, 400 University Drive, at 2:00 p.m. Admission is \$1.50 for adults and 50c for children. Blind, retarded, cerebral-palsied since birth, Leslie remained almost totally helpless until he was sixteen years old. It was then that he first displayed his musical genius.

His foster mother, May Lemke, describes it as "the miracle," the night when she and her husband were awakened in the middle of the night with music---Tchaikovsky's Piano Concerto No. 1. They discovered their helpless, handicapped son had somehow slipped out of bed and was playing like a professional, the first time he had touched a piano.

Leslie has appeared in innumerable concerts and television shows including, "That's Incredible, Walter Cronkite Evening News, the 700 Club and PM Magazine."

Plan on attending with your family and spend an inspiring, heartwarming afternoon watching this "live miracle."

### Nov. 7-13 Observed As Anti-Sign Vandalism Week

Nearly 3,000 highway signs on Wisconsin's 11,400 miles of state highways are stolen, shot at, or otherwise defaced by vandals every year, according to the state Department of Transportation.

Harry Price, chief state traffic engineer, said there were 2,551 instances of sign vandalism on state highways in 1981; 3,255 in 1980; 2,129 in 1979; and 2,520 in 1978. For the first nine months of 1982, the number was 2,300.

"This does not include vandalized signs on county roads or local streets," he said.

Concerned by the persistence of highway sign vandalism throughout the state, which endangers the lives of motorists and costs taxpayers about half a million dollars a year in replacement costs, the Wisconsin Legislature passed a joint resolution (AJR 61, amended) calling for second week of November 1982 to be observed as Legislator's Anti-Sign Vandalism Week.

During this time, many public schools, UW campuses and Vocational, Technical and Adult Education institutions are undertaking special educational efforts relating to anti-sign vandalism, many of them using

materials developed earlier by DOT for an award-winning public information campaign.

Price said sign theft and defacement reached a high of 8,556 cases in 1975, resulting in at least two fatal accidents. Following a vigorous statewide educational effort and enactment of a tough new law in March 1976, sign vandalism dropped to 3,661 incidents in 1976, and has remained at about that level ever since.

"Although sign vandalism has declined from 1975 levels, the problem is still a serious one," Price said. "This time of year, in particular, many signs unfortunately get used for target practice, obliterating or distorting the message. Fall is also a regrettably popular time of year to steal signs for room decorations."

"It costs up to \$100 to replace a highway sign, money that could well be spent for something else, like plowing snow or other highway improvements," Price said.

"It's not just the cost in tax dollars that concerns us. It's also the needless cost in human suffering and property damage that can result if a missing or

defaced highway sign causes an accident," he said.

Price added that it is not only a serious offense to damage or steal a highway sign, it is illegal to have one in your possession.

Penalties for sign vandalism or possession can range up to \$2,000 and include a jail term if the act of vandalism results in death or injury, he said.

DOT officials stress the importance of signs to guide and warn drivers and ask that persons notify law enforcement officials when they see anyone vandalizing a sign or if they know of a damaged or missing sign.

## Today's Medicine

COFFIN NAILS AT AGE 40 or LIFE CAN BE BEAUTIFUL UNTIL AGE 80

By R. G. Edwards, M.D.

[Second Installment]

The lung cancer rate in women will surpass breast cancer deaths in three years says the U.S. Surgeon General. So why are you still smoking?

Pregnancy presents a strong DEMAND for no smoking at all during pregnancy because the mother who smokes will have a baby who will display decreased reading ability, a shorter stature and will lack for ability to adjust socially. These detriments take place in the mother's womb. In addition, the smoking mother will show a 50% greater risk for abortion and/or stillbirth, but research shows that these risks are eliminated if the mother stops smoking before her 4th month of pregnancy. So why not stop smoking now?

Besides all the aforementioned risks to your health and to the baby, one must state that the family needs a healthy mother. A tragically high number of mothers die in early middle age, just when their children need them most — chiefly due to the smoking mother.

Health benefits will be yours as soon as you stop smoking. The "smoker's cough" will cease within two weeks; your odoriferous mouth and breath will be improved in one day; emphysema damages stop increasing at once and the danger of heart attacks and strokes will decrease at once. (Cigarette smokers have a 70% greater risk for heart attacks and strokes than non-smokers). All related cancers, eg., mouth, larynx, bladder will be reduced at once upon cessation of smoking.

The British Royal College of Physicians last year stated that cigarette smoking is now as important a cause of death as the great epidemics of typhoid fever, cholera, and tuberculosis were in our recent past.

Now, to give you smokers a real clincher — one that steals food out of your children's mouths:

One pack of cigarettes per day \$0.80 x 30 = \$24 per month  
Two packs of cigarettes per day \$1.60 x 30 = \$48 per month  
Three packs of cigarettes per day \$2.40 x 30 = \$72 per month or annually \$288, \$576 or \$864.

Stop and think what you could do with that much cash, plus earning for yourself a much healthier body with a chance to live as long as your neighbor.

Auf Wiedersehen . . .

R. G. Edwards M.D., Health Officer

(NOTE: To teachers and mothers — clip out and place so your children will see it very often).

## FFA to Sponsor Annual Fruit Sale

Kewaskum Statesman, Friday, Nov. 12, 1982, Page 13

FFA members hand sort all fruit orders before delivery. Last year over 1,000 cases filled the agriculture shop. Members are hoping to meet a break that total again this year.

The Kewaskum FFA Chapter is now taking orders for delicious citrus fruit from California and Florida. We will again be selling approximately 40 pound cases of fruit. Ruby red grapefruit, Hamlin juice oranges, navel oranges or mixed cases which are half navel oranges and half grapefruit by weight are available.

The fruit will be size 34-36 grapefruit and size 80-100 oranges, the same as last year. In the mixed cases there are roughly twice as many oranges

as grapefruit because of the size difference.

Due to the increase of fruit cost to us, the prices for 40 pound cases this year will be: \$14.00 case of juice oranges, \$14.00 case of navel oranges, \$10.00 case of grapefruit, and \$12.00 case of mixed.

All fruit will be pre-sold, so please place your order by Monday, Nov. 22. The amount due will be collected upon delivery sometime between Nov. 29 and Dec. 6. All fruit will

be hand inspected upon arrival in Kewaskum to insure you of quality fruit. Call in orders can be picked up behind the high school in the Agriculture Shop.

To order fruit contact any FFA member or call Mr. Rizzardi at the high school (626-2166). All proceeds from the sale go to the Kewaskum Future Farmers of America. The Fruit Sale Chairman this year is Brenda Kempf.

### Sperry New Holland Winter Buyers Choice Program

FIVE PERCENT FINANCE AVAILABLE

Kohn Bros. Farm Service, Inc. has just received word that finance rates on New Holland farm machinery have been reduced to five percent annual percentage rate on two-year installment purchases making it the lowest such rate in the farm equipment industry, and the lowest two-year rate the company has ever offered.

Lester Kohn says the new low finance charge is effective immediately and remains in effect until January 31, 1983. The farm machinery manufacturer has also offered a variety of other financing options to help make purchase of farm machinery easier.

The previously announced zero finance charge for equipment purchased under a one-year installment plan still remains in effect, Kohn says. "This calls for a 30 or 35 percent down payment and equal monthly or quarterly payments, depending on the plan chosen."

He says cash rebates on machines are being offered

ranging up to \$6,000 on larger machines. The option of free finance until the use of machinery is also available.

"Sperry New Holland is doing all it can to help farmers get the equipment they need at the most reasonable rates available in these difficult times," Kohn says. Full details on these programs are available at KOHN BROS. FARM SERVICE INC. in Kewaskum.

### Rescue Squad Calls

Tuesday, Nov. 22 — Alvin W. Staab, 71, 8599 Kettle Moraine Dr., Kewaskum, taken to St. Agnes Hospital, Fond du Lac, from his home after suffering a possible stroke.

Saturday, Nov. 6 — Lillian Vetter, 69, 464 Hwy. S, Route 1, Kewaskum, taken to St. Joseph's Community Hospital, West Bend, from St. John's Lutheran Church, New Fane, with a fracture suffered in a fall on the church steps.

Sunday, Nov. 7 — Joan Harter, 31, 3121 Maple Tree Rd., Route 1, Kewaskum, taken to St. Joseph's Community Hospital from her residence with illness.

## In the Service

Airman Terry L. Edeler, son of Lee D. and Marie D. Edeler of Route 1, Kewaskum, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the food services field.

Edeler is a 1981 graduate of Kewaskum High School.

formance and exemplary behavior.

Burns is a medical supply specialist.

Her husband, Air Force Sgt. Christopher R. Burns, is the son of Robert C. and Yvonne Burns of 512 Par Lane, Kirkwood, Mo.

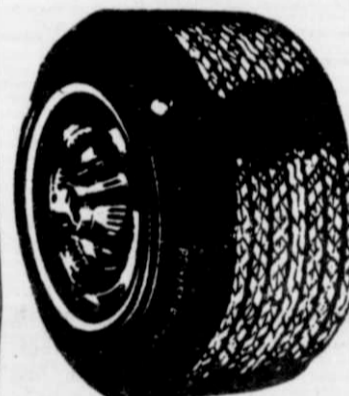

The airman is a 1980 graduate of Campbellsport High School.

IF YOUR ACCOUNT with a credit-card company gets screwed up, do not attempt to unsnarl it. It's simpler just to move away and start a new life under an assumed name.

## MAKING ENDS MEET

By Joyce Albrecht, Extension Home Economist

### FOOD SUPPLY PRICE OUTLOOK FOR NOVEMBER

Food prices have been dropping since mid-summer, due in part to larger supplies of most fresh fruits and vegetables and to slack consumer demand. So far this year, the total food price increase has been below that for all other consumer goods, so food has been and probably will continue to be one of the best buys.

#### Red Meats and Poultry

**BEEF**...supplies remain adequate, although expected to tighten up early in 1983. Prices have been stable, largely because of light consumer buying pressure and large supplies of broiler-fryers. Still a good time to stock the freezer with frequently specialized cuts—chuck, ground beef, round steaks and roasts. **PORK**...supplies are down and retail prices up a bit, but not as much as the supply situation would suggest. Stores are featuring loin cuts and cured/processed products. **BROILER-FRYERS**...abundant supply, attractive prices on whole fryers, "family-paks" which are usually mixed fryer parts. **TURKEY**...Peak supply season approaching, look for many features on whole turkey and turkey parts. As Always, expect to pay considerably more per pound if you purchase fresh turkey than if you select the frozen birds.

#### Fresh Fruits and Vegetables

**APPLES**...abundant supply, good quality, and a variety for every purpose. Can be stored under refrigeration for 4-6 weeks, so families may want to stock accordingly. **ORANGES**...light supply with the new crop harvest just beginning. Prices are very high right now,

and will probably drop somewhat as harvest continues, but total crop this year will be down, due to freeze damage. **GRAPEFRUIT**...light supplies, and will be increasing. Crop prospects look very good—both for quality and yield. **TABLE GRAPES**...adequate supplies, prices steady or higher. **CRANBERRIES**...abundant supplies. Most fresh berries are now packed in 12 ounce bags, and are selling in a 69c to 99c range in Madison stores when not specialled. Some retailers also stock bulk cranberries at a significantly lower price, so keep an eye open for these if you want some for the freezer.

**BROCCOLI, CAULIFLOWER, CELERY, ONIONS, SWEET POTATOES**...these vegetables top the list for ample supply at this time of year. The sweet potato crop is a record-breaker and prices are down a lot from last year. Locally, winter squash and Wisconsin potatoes are excellent buys, along with cabbage. All in all, there are many nutritious and economical vegetable choices available.

**OTHER FOODS**...most nut crops are down in supply this year, so we can anticipate higher prices. Raisins may rise in price because of weather damage to a significant portion of the California raisin crop as it was drying in the vineyards. Sugar prices likely to rise somewhat because of the International Sugar Agreement and government policies which set a higher price for U.S. sugar than the world market price. If sugar prices rise, expect chocolate prices to increase somewhat as well. All this points to a

probable higher price-tag for the holiday treat supply. Might be a very good idea for families to reconsider their customary holiday baking customs and use some recipes that are low in sugar and which use ingredients that are at more favorable prices. With most families being pinched by decreased incomes, all holiday spending should be carefully evaluated this year.

### Club to Sell Wreaths

The Kewaskum Indian Booster Club is again selling the beautiful Christmas wreaths.

A 24" wreath is selling for \$6.00 and the 40" wreath costs \$15.00.

Order one or more, from any Booster Club member or call Kathy Paul at 626-4318 or Jeanne Goeden at 334-9549.

### Area Volunteers At Annual Meeting Of Cancer Society

The 1982 Annual Meeting of the American Cancer Society/Wisconsin Division was held on October 15-16 in LaCrosse, and ACS volunteers Dr. David Lewis (West Bend), William Dietzler (West Bend), Michael Sheppard (West Bend), Ruth Ramel (Boltonville), Dr. Sandra Byerly (Jackson) and Mel Gullickson (Allenton) attended from the Washington County Unit.

As part of the meeting, volunteers commemorated the 35th anniversary of the Wisconsin Division, reflecting on the progress witnessed in cancer control during those years. A five-member panel discussed current ACS programs and approaches to future challenges.

The Annual Meeting also provided an opportunity to recognize outstanding achievement of volunteers throughout the state. The Washington County Unit was presented with the 1982 Crusade Citation, and Honor Citation for Residential Campaign and a Certificate of Merit. Additionally, Mel Gul-

lickson accepted the Individual Tavern League Award.

During the Annual Dinner, Ernest Borden, MD, who is the coordinator of the clinical trials of interferon being done at the University of Wisconsin, Madison, described the findings to date regarding the substance's effectiveness against breast cancer. The keynote speaker, Janet Henry of Pepper Lake, Ohio, related her experiences as an ACS volunteer, as an author and as a cancer patient.

Special training workshops were held to instruct volunteers in how to conduct selected ACS programs and activities. These workshops treated such topics as how to conduct educational programs about colorectal cancer and how to implement volunteer visitation programs with cancer patients.

For more information about services and programs of the ACS available in your county unit, one can refer to the white pages of the phone book under A for the American Cancer Society. All ACS programs are dependent entirely on memorial and crusade contributions from the public.

Kewaskum - 626-2164

# From the School Board President's Desk ....

Can the Kewaskum School Board ever get anything done? Do the Board members agree on anything?

These questions have a common implication--namely that because Board members have not always agreed on all issues we cannot work together. We have to work together--and perhaps some do not realize that even if we do not agree with each other's position we must respect the right of a Board member to hold that position.

Respect for the position of a school board member is always present, even though it may be difficult to understand how that person can have that point of view. Sometimes that respect slips, and we have outbursts that do not help us reach a decision. The Board as a whole must rededicate itself to providing a quality education at an acceptable price. All of us are concerned about education--that is the one thing that we always agree on. Our perceptions, however, differ on how this education may best be achieved.

We must do our jobs in a spirit of positiveness. As Charles Simmon said, "Give me a positive character, with a positive faith, positive opinions and positive actions, though frequently in error, rather than a negative character, with a doubting faith, wavering opinions, undecided actions and faintness of heart. Something is better than nothing." Some of the responsibility for the direction of the district is yours, too. If you have some information, a position, or a feeling about something on the agenda, let a Board member know about it. Maybe through this positiveness, this cooperation, we can find that which is the best for the children--and indeed, the people--of our district.

Dr. Charles J. Ogi

## 30 Years Ago

November 7, 1952

Voters of Kewaskum followed the trend of those throughout the county, state and nation in a sweeping landslide victory for the Republicans in Tuesday's general election. Voters thronged to the polls in unprecedented numbers in the greatest vote in history. After 20 years under the Democratic banner, the GOP party was voted back into power in the United States with the decisive Dwight D. Eisenhower and Richard M. Nixon victory over Adlai E. Stevenson and John J. Sparkman. Republican candidates were also elected to all offices in the state and Washington County. Governor Kohler was re-elected by the largest margin ever recorded for a Wisconsin chief executive and the voters also re-elected Senator Joseph McCarthy by a substantial majority over his opponent, Thomas E. Fairchild.

Miss Evelyn Lavrenz, daughter of Mr. and Mrs. Gustav Lavrenz Jr. of Campbellsport, became the bride of Earl W. Manthei, son of Mr. and Mrs. Arthur P. Manthei of Kewaskum, on November 1.

Merril Krueger and wife of San Antonio, Texas, are spend-

ing the former's furlough with their parents, Mr. and Mrs. Wallace Krueger, Town of Auburn, and Mr. and Mrs. William Techtman, Kewaskum. Krueger, who is serving with the U.S. Army, is stationed at Brooks Hospital, San Antonio.

A son was born to Mr. and Mrs. Leland Schaub, Kewaskum, on October 27.

## 50 Years Ago

November 18, 1932

While preparing breakfast at about 7:00 a.m. Wednesday, Mrs. Harold Diener, residing at Orchard Grove, poured kerosene on burning coals to hasten the fire, after which an explosion followed and completely enwrapped Mrs. Diener in flames. She was alone in the house at the time, and with her clothing burning, she ran for help, across the street to the cheese factory where her husband is employed. Mr. Diener frantically extinguished the flames, which severely burned his wife. Dr. N. Edw. Hausmann of Kewaskum was at once summoned, and as her condition was so critical, she was removed to the West Bend Community Hospital where everything possible was done to save her life, but to no avail, as

she passed away at about 4:00 p.m. the same afternoon.

Miss Wilhelmine Dogs, daughter of Mr. and Mrs. William Dogs of the Town of Wayne, and William Bruhn, son of Herman Bruhn of the same town, were quietly married November 15, at the parsonage of the Salem Reformed Church, Wayne Center.

A very pretty wedding took place at the St. John's Catholic Church in the Town of Farmington, November 12, when the Rev. Joseph Beyer united in marriage Miss Lucy Krell, daughter of Mr. and Mrs. John Krell of the Town of Farmington, and Lawrence Staehler, son of Mr. and Mrs. Jac. Staehler of the Town of Scott.

## 75 Years Ago

November 9, 1907

John Perschbacher had his face and hands badly burned last Monday at the malt house while firing the boilers. He was in the act of throwing some coal on the fire when suddenly the flames shot out of the door into his face. His eyebrows were singed and his face and hands badly blistered.

Philip Eckel of Wayne sold

## J & J AUTO TOPICS

### IMPORTANT NUMBERS

A good figure to remember while driving is 88... This is the number of feet you move across the road every second when you're driving sixty miles per hour. At least eight times the length of your car during the interval of a sneeze. Two cars a quarter-mile apart approaching each other, make an awful noise in 7½ seconds which you as a driver never hear.

Remember this number and play it safe while you're 'zooming' down the highway.

Another important number is 450 E. Main; a combination which makes the address of J & J AUTO SERVICE where safe conditioning of your car is an important service. We believe that a well serviced automobile is a deadly serious matter for driving now-a-days. Drive over today as other safe drivers are doing.

PHONE 626-2311

his saloon and residence property last Thursday to John Galles for \$6,700.50. Mr. Galles will take possession of the property by January 1.

The last legislature passed a law giving the county board the power of granting blind persons a pension of \$100 per year. The applicant, if a male person, must be over 21; if a female, over 18 years; must have resided in the state 10 years and in the county three years, must have not received any aid from the state or county, and must have an income of less than \$250 per year.

The St. Michaels congregation has the new sister's dwelling completed. The new building was put up on the Nic Schaeffer property which was purchased by the congregation. The old buildings were razed and most of the lumber was used in the new building. The church property now looks much improved.

## letters to the editor ...

November 5, 1982

To:  
Campbellsport School Board  
Members  
Mr. Joe Bertone,  
Superintendent  
Village & Township President  
in Campbellsport School  
District  
Letters To The Editor -  
Newspaper

From:  
Mrs. D. Otto  
Route 1, Campbellsport, WI  
RE:  
Taxes - Budget (1982-83) -  
School Board/Teachers  
Union Demands - Deficit  
Spending - Fixed Assets AND  
THE LOSS OF OUR FREE-  
DOMS

TAXES: We have lived in this district for eight (8) years and TAXES ON OUR FARM have gone up 93.84%! In checking the records of our "Township" for the past four (4) years, I find that SCHOOL TAXES have gone up 45.15% in the period and in 1981 represented 74.03% of total paid-outs, leaving the balance to cover the expenses to the county, state and to operate and care for the needs of the township... (Our township had a decrease of 5.25% in this same four year period for operating expenses)... Excellent record, requiring sacrifice, but making a great deal of sense, during these "Trying Times"... WE ARE BEING TAXED INTO "OBLIVION"! California and Arizona are doing something about it - they are in the process of cutting drastically - In schools, Home Economics and Family Living Courses... Wonder what they are doing about athletics and shop courses? What are we doing about "Long Range Planning?"

BUDGET (1982-83): The latest estimate would be, or could be, a \$200,000.00 deficit due to costs higher than expected?

SCHOOL BOARD/TEACHERS UNION DEMANDS: How will this alter the above estimated deficit? School Board computes their demands at 21% increase - Union says they only want 13 1/2% - There is 8% built into the budget!?! The actual figures for 1981-82 teachers salaries and partial benefits (Retirement, employee and employer + Social Security + Medical Insurance + Dental Insurance + Income Protection) - \$1,759,626.66... Increases would be as follows: 21% - \$369,521.59... 13 1/2% - \$237,549.65... 8% - \$140,770.13... ONE OF THESE IS WHAT THEY WANT - Now let's look at what they already have: (Per "Teacher Agreement")

Teachers are required to put in  
"Teaching Days" 180  
In Service Days 8  
Total 188

Less: Sick Leave Days (10)  
Personal Day (1)  
Required Work Days 177

...This divided by 5 (5 working days in a week) makes 35.4 weeks they are required to work during the school year - We, as "Self Employed," have to work 52 weeks...

Additionally the teachers get 3 paid emergency leave days for a death in the family... 1 day to attend funerals of other family members... 1/2 - 1 day to serve as a pallbearer... emergency leave to drive a family member to the hospital.

Teachers are also paid for extra duty as advisors of extracurricular activities - Timers & Scorers - Cheerleaders - Pom Pon Girls - Football - Golf - Volleyball - Wrestling - Track - Cross Country - Baseball - Forensics - Yearbook, etc.

In addition to paying insurance coverage during the school year, they pay 100% of insurance coverage for July - Sept.

Full payment of salary will be made while responding to Subpoenas or while a defendant or witness in a case...

Retirement Pay - both the employee and employer portion of "Teachers Retirement Plan" is paid "In Full" on their behalf... PLUS Social Security, of which employer pays half (1/2)... This makes two (2) retirement plans for the teachers which could very well make retirement "More Lucrative" than working.

Full pay will be received while serving on "Jury Duty" - a "Civic" obligation we would all love to perform, but many times cannot afford to!

There also is additional pay for additional credits from workshops and programs approved by the District Administrator...

Reimbursement of 22c a mile is paid to school personnel who drive their own cars on approved school business... Internal Revenue only allows 20c per mile on the first 15,000 and then only 11c per mile... Somehow this arrangement is out of line with the law...

When a teacher attends a Professional Meeting, which could be on school time, and has the approval of the administrator, mileage, registration and other agreed upon expenses will be paid by the district... This compared to our attending needed meetings, seminars etc. to keep up with "The Law & Times" must not only pay all of our own expenses but are not

"Earning"... This at times, amounts to a great deal of money, together with all the needed reference material needed to "Keep-Up-With-The-Times"...

This is only a partial list of teachers benefit-expense package - The true, total amount of teacher benefits and direct expense (mileage, etc) must be at least 40% of salaries...

...Now let's take teachers "Base Salaries" under the present agreement and then pro-rate them to get an idea of how they compare with the self-employed working 52 weeks a year... Present base for a "B.A." person just out of college with a Bachelor-of-Arts Degree and no experience is \$12,100.00... This \$12,100.00 divided by 35.4 weeks (teacher requirement), will give you \$341.81 per week... This \$341.81 times 52 weeks in a year pro-rates to \$17,774.12... Now let's take & pro-rate the B.A. + 24 base salary of \$19,260.00 and see how it works out... \$19,260.00 divided by 35.4 weeks - \$544.07 per week... \$544.07 times 52 weeks in a year - \$28,291.64 (this is using step 15 on the schedule)... This does not include all of the benefits which are provided... By the time you add all the employee benefits and direct expense you come up with some rather high figures - some very high figures... When a teacher has a Masters Degree, the base amounts are considerably higher...

...Now let's take teachers "Work Day" - Daily class schedule is from 8:30 A.M. to 3:30 P.M. with a half hour lunch period - six (6) hours of teaching + the activity period (I remember school starting at 8:05 A.M. and ending at 4:05 P.M.) This certainly makes for a "Very Short Work Day"...

...Now let's look at what the teachers want for a "Class Size" - Twenty Five (25)? With "Teacher Aids"? (I remember our classes of 35 to 40 and the teacher had NO ADDITIONAL HELP)... How about the "COST PER STUDENT" experienced in the last school year (1981-82)... This cost of operation (per annual meeting report) was \$3,245,657.53 - total enrollment was 1466 pupils (kindergarten thru 12th grade)... Divide total cost \$3,245,657.53 by 1466 students and cost per student is \$2,213.95 (this only includes \$171,364.53 for debt retirement & bldg. fund used in lieu of depreciation, amortization or reserve for building replacement)...

Now a look at the 1982-83 school year, using the original budget presented at the Annual Meeting (also using the same amount in lieu of depreciation, amortization or reserve for building replacement - \$171,364.53)... Total Cost, including food program, \$3,683,314.53 divided by 1459 students enrolled at 10-4-82 meeting - \$2,524.54 average cost per student... (food program is partially funded by state and federal tax dollars)

Our three grandchildren went to private Christian High School in the 1981-82 school year for a total cost of under \$2,500.00 for all three which included transportation from a central point in Milwaukee... QUITE A DIFFERENCE.

Now for the "Straw" that breaks the "Camels Back"! The "Teachers Union" has put an "OVERLOAD GIMMICK" into their demands for 1982-83 (CEA Contract Proposals for 1982-83, under Article VI Workload) (Quote) All academic teachers in the junior high and high school 1% of their individual teaching salary for each student over 160 that they teach daily... All elementary teachers 10% of their individual teaching salary for each student over 25 that they teach... All elementary teachers teaching split grade levels 35% of their individual teaching salaries (this in addition to base salaries)... Using the present enrollment (which is less than last year) THIS "OVER-LOAD" would cost over \$127,000.00 and would be divided between 7 or 8 teachers... making an additional \$15,875.00 (average) to be added to their base salary and all of their other benefits... (using \$127,000.00 divided by 8 teachers) "UNREALISTIC"...

Something to think about:  
Grand Total of Proposed 1982-83 Budget - \$3,631,750.00

Grand Total of Actual 1981-82 Paid-out - (\$3,245,657.48)

Proposed over Actual \$386,092.52

Result - 6 less teachers  
7 less students  
COST \$386,092.52 More...

DEFICIT SPENDING: "IF," after all this, the "Deficit" is only \$200,000.00, as estimated, "Who" makes the decision to "Borrow" the money?... "Who" signs for the money?... "Who" loans the money to the school district?... "What" is used for collateral?... "What" if there is default?...

FIXED ASSETS: In Mr. Bertone's last Newsletter, he stated that the total approximate square feet in the two schools is 216,683 and the district owns 32,901 acres of land... My question is: What was the cost of the buildings with their improvements?... What was the cost of the land with improvements, if any?... What is the cost of all equipment, furniture and fixtures?... What would the replacement

value be?...

We are talking about millions and millions of dollars - Our Tax Dollars and Our Forefathers Tax Dollars... Why isn't there a detailed accounting of the fixed assets? (My past experience has been to not only have all items of assets listed, with the paid invoices filed safely but to have the listings duplicated on microfilm)... WHAT IF: need arises for "collateral" - "fire" - "theft" - "disposal" - "ACCURATE COMPUTATION OF COSTS TO OPERATE" - "accountability to the Townships of Ashford, Auburn, Byron, Eden, Empire, Forest, Osceola, Greenbush, Mitchell and the Villages of Campbellsport and Eden from whence the money came to pay for same..."

FREEDOMS: Do you really think that we have any left? The kind "OUR FOREFATHERS" fought and died for! Why we can't even "Hire" the teachers who will be "Teaching" our "DEAR CHILDREN" without the "Tremendous Interference" from the "ALL POWERFUL TEACHERS UNION" controlling the amount to be paid AND "DESTROYING" the "EMPLOYEE-EMPLOYER" relationship... Do you think that we have any control over what they are being taught?

The teachers agreement definitely says that teachers "DO NOT" have to belong to the "Union," but I understand they all do - WHY? Are they pressured into it? And pressured into doing and performing behavior against their will?

WHY would Mr. Jaeger resign from the "School Board"? He is a man, in business in the community, with a lovely wife for a helpmate in his business and has four beautiful children going to school in the community - "WHY" would he "RESIGN" from being on the School Board - an important "Vantage Point" from which to keep an eye on the "TYPE AND QUALITY" education that his dear children would be receiving?... THINK ABOUT IT!... Was, or is he free to "Pursue" his business with which to support his family AND try to "Perform" his "Civic Duty" as a member of the Campbellsport School Board at the same time... WITHOUT OUTSIDE PRESSURE?...

...IF "OUR FREEDOMS" ARE NOT WORTH FIGHTING FOR, THEN WE DO NOT "DESERVE" THEM!...

from Tom Leitzke, R.P.H.

KIDNEY STONES  
Kidney stones develop more frequently during the hot summer season, caused by excess perspiration with too little fluid intake. Drink lots of water, fruit juices, vegetable juices, soups and herb teas during perspiring days.

## Rites Held for Pirmin Kohler

Pirmin V. Kohler, 65, of 2890 Matilya Canyon, Ojai, California passed away on Friday, Oct. 22, at Panorama Hospital. A former resident of Kewaskum, he was the son of the late Mr. and Mrs. Joseph Kohler. He was born April 30, 1917, in Ashford and attended the Kewaskum schools.

His wife, Antonia, survives along with two sons, Stanley Kohler of Madrid, N.Y. and James Kohler of Van Nuys, Calif.; one daughter, Susan Kohler Polen, Walnut Creek, California; four grandchildren; one brother, Earl J. Kohler of Sante Fe, New Mexico; one sister, Bernadette (William) Key, of Kewaskum and nieces and nephews.

Visitation was from 4:00 to 7:00 p.m. at the Reardon Funeral Chapel in Ventura, Calif., on Sunday, with Mass of Christian Burial at 11:30 a.m. on Monday, at St. Thomas Aquinas Church, with the Rev. Thomas McLaughlin officiating. Burial was in Ivy Lawn Memorial Park.

### LAWRENCE E. JUSTMAN

Lawrence E. Justman, 73, of 8160 West Bend Road, Theresa, died Sunday, Nov. 7, at St. Agnes Hospital, Fond du Lac.

He was born March 30, 1909, in the Town of Herman, Dodge County, and married Lorella Guse Jan. 30, 1936, in Mayville.

He was a member of the Kohlsville Sportsman's Club and the Zion Ev. Lutheran Church, Town of Wayne.

Survivors include his wife; three children, Joan (Larry) Oleson of Denver, Colo., Denis J. (Joan) of Fort Worth, Tex., and Roland M. (Karen) of 7202 Hunter's Lane, Route 1, Theresa; one brother, Milton (Lorraine) of Phelps and one sister, Maranda (Donald) Wehde of Crivitz; 10 grandchildren; two great-grandchildren; and other relatives and friends.

He was preceded in death by his parents.

He farmed in the Town of Wayne for a number of years, and was employed at Gehl's in Germantown until his retirement in 1972.

Funeral services were Wednesday, Nov. 10, at 2 p.m. at the Zion Ev. Lutheran Church, Town of Wayne in Washington County. The Rev. Marvin Volkman officiated and burial was in the church cemetery.

Visitation at the Koepsell Funeral Home, Mayville, was Tuesday, Nov. 9, from 4 to 9 p.m. and at the church on Wednesday from 11 a.m. until time of services.

Radio waves were discovered in the 19th century by German physicist Heinrich Rudolph Hertz.

### NOAH SEIDER

Noah Seider, 75, of Batavia, died Tuesday night, Oct. 26, apparently after a heart attack at his residence.

He was born Jan. 27, 1907, in the Town of Sherman, a son of the late Martin and Martha Schultz Seider.

On Oct. 24, 1936, he and Elvira Pfeifer were married at St. Stephen Lutheran Church, Batavia.

The couple lived and farmed in the Town of Sherman for 40 years, before moving to Batavia five years ago.

He was a member of St. Stephen Church, Batavia, and had served as a trustee and elder in the church. He was a charter member of the Batavia Volunteer Fire Department and was active in baseball circles, playing on the Batavia team and umpiring in league play.

Surviving are his wife; one son, David, at home; three brothers, Roland of Sheboygan Falls, Marvin of Adell and Norbert, Town of Lyndon; and one sister, Mrs. Meta Hiller, Adell. He was preceded in death by one son and two

brothers.

Funeral services were at 2 p.m. Friday at St. Stephen Church Batavia, with the Rev. William Robinson, pastor, officiating. Burial was in the church cemetery.

Friends called at Wittkopp Funeral Home, Plymouth, from 4 p.m. Thursday until 10 a.m. Friday and at the church from 11 a.m. until the time of service.

### Seefeldt Elected To Lakeland College Board of Trustees

Mrs. Lucille (Jacob) Fessler was recently elected Chairperson of the Lakeland College Board of Trustees.

Mrs. Fessler is the first woman chairperson in Lakeland's 120-year history. She is one of very few women ever elected by a Wisconsin Independent College and the only current woman chairperson to serve any Wisconsin College or University.

Mrs. Fessler was elected as the Chairperson of the Board of Trustees succeeding John Esch, who served as Chairperson for three years.

Mrs. Fessler and her husband, Jacob A., reside in Sheboygan.

Other trustee officers elected include: Senior Vice Chairman, Dr. Edward G. Schott; Vice Chairmen, Robert T. Melzer, Aldwin H. Seefeldt, Robert G.

Jones; Treasurer, Gregory E. Pauly; Secretary, Richard E. Hill; Recording Secretary, Sylvia Weber. The trustee class of '86 is comprised of Gregory E. Pauly, Charles Bagby, Robert Williams, Karl Gabler, Thomas Kieckhafer, and John Olson.

## Turkey Permits to Be Mailed in Mid-November

Successful applicants for 1983 Wisconsin wild turkey hunting permits will be notified shortly after November 15th. Unsuccessful applicants will not be contacted.

Approximately 11,000 permit applications were received for the 1,200 permits available for the 1983 season which consists of three hunting periods next year: April 21st through April 25th, April 28th through May 2nd, and May 5th through May 9th. About 500 of the applications were received from landowners who are given preference for up to 20 percent of the permits in each of the four zones. To qualify for preference requires the ownership of at least 50 acres of land in a wild

turkey zone open to turkey hunting. Most of these applications were for zones 1, 2, and 10. Many of the other applicants requested a permit for zone 9 located near Necedah.

Because turkey hunting will be new to many Wisconsin sportsmen, the DNR, in cooperation with the Wisconsin Chapter of the Wild Turkey Federation, will offer turkey hunting orientation courses for permit holders and others who wish to participate.

The training sessions will be offered at several locations during January and February and will include turkey hunting methods and landowner-hunter relationships.

## Canada Goose Season Closings

Waterfowl hunters are alerted that the Canada goose season, except for the Horicon, Central and Rock Prairie zones and along the Mississippi River, closes in the rest of the state Friday, November 12th.

The season runs through Thursday, November 18th, in the Horicon and Central zones; through Wednesday, November 24th, in the Rock Prairie Zone (an area along the Illinois border in Rock and Walworth counties); and through Friday, December 10th, along the Mississippi River.

The season for geese, other than Canadas, closes statewide along with the duck season on Wednesday, November 24th.

## Snowmobile Safety Classes Scheduled

The New Fane Kettle Riders will be holding their annual Snowmobile Safety School for children 11 to 16 years of age.

The class will be held the first two Saturdays in December at the New Fane Sportsmen's Club on Highway G and Auburn-Ashford Roads.

The time and dates are December 4th and 11th from 1:00 p.m. to 5:00 p.m. To register your child or obtain further information, contact Glen or Gerry Mueller at 626-4406.

## LAKES BASKETBALL TEAM WILL PRACTICE SUNDAY

The Kewaskum Land o' Lakes basketball team will practice at the high school gym this Sunday, Nov. 14, at 7:00 p.m. Anyone interested in playing on the team is invited to attend.

If interested but unable to attend this practice, you may call Manager Bill Backhaus at 338-6598.

The Lakes season will open Nov. 27-28.

# Stautz Named to EW All-Conference Team

Two Rivers' undefeated Eastern Wisconsin football champions dominated the all-conference selections made by the seven coaches Thursday, Nov. 4, at New Holstein at the fall conference meeting.

Two Rivers, which has already won two Division 3 WIAA playoff games over Algoma and Edgerton, will play Rice Lake at Madison this Saturday for the state title in their division. The Purple Raiders, defending state champions, had six players named to the offensive unit and three more on defense.

The Kewaskum Indians gave powerful Two Rivers a fairly close game in their meeting here this fall. The final score was 29-8.

The Raiders' all-conference selections included quarterback Jeff Peterson, who was named the Offensive Player of the Year. The 6-2, 180-pound senior led the conference in touchdown passes and yards passing in leading Two Rivers to their third conference championship. Another senior, Paul Van-Laarhoven, was selected on both the offensive and defensive units.

Plymouth, which had four players on the first team, had the Defensive Player of the Year in 5-10, 180-pound Todd Triebensee, a tackle. Triebensee and end John Gosse of Sheboygan Falls were two others to make both teams.

Kewaskum, which was 1-5 in the strong conference and 3-5 overall (including victories over Slinger and Campbellsport), and ended up in a tie for last place with Kiel, had one player named to the first team. He was senior linebacker Stuart Stautz.

Only 5-5 and 170 pounds, Stautz seemed to have a knack for being around the ball. He recovered five fumbles, three of them in the Indians' upset win over Sheboygan Falls here.

Stautz was a first team all-conference type of player. He averaged 16 tackles per game and in five of the Indians' six conference games, he had the most defensive points. One of his big plays was when he stripped the ball from Falls' Bill Lorenz and recovered the loose ball to preserve the homecoming victory.

Kewaskum also had five juniors named to the second team, namely running backs Chris Harlow and Jim Braun, tackle John Swanson, offensive end Dennis Butz and safety Jeff Squier, who missed the last game and a half with an injury. Two more Indian juniors, end Dave Pesch and tackle Steve Seitz, received honorable mention. All seven, among others, will be back next year.

Harlow and Braun were the sixth and seventh rushers in the conference and each had two outstanding games. Harlow had a 65 yard run against New Holstein and a 49 yarder against Chilton and Braun rushed for 200 yards in the final two games.

Swanson was the Indians' best offensive lineman and led the way to his team having four of the top 11 rushers. Swanson is a smart, big and strong player. Butz caught just seven passes in the conference but three of them were for touchdowns. Squier, a good leader, covered a lot of territory in the secondary and occasionally made up for others errors.

The Indians had the most juniors on the first and second teams, which were dominated mostly by seniors.

### EASTERN WISCONSIN ALL-CONFERENCE FOOTBALL

**First Team Offense**  
 E — Bruch Jacobs\* — Two Rivers, Sr., 6-1, 190.

### Another Junior on Second Team

## Julie Koepke All-Conference

Julie Koepke, a 6-0 Kewaskum High School junior, was selected to the Eastern Wisconsin all-conference volleyball team Thursday night by the coaches in the conference.

Koepke, who also was voted as the 1982 team captain and Most Valuable Player for the Indians by her teammates and coaches, was one of only two juniors named on the first team. The other was Holly Wiese of second place Two Rivers.

Sheboygan Falls' champions (10-2), one of the four WIAA Class B state championship finalists, placed two players on the first team and two more on the second team. Falls' Brenda Mischock and Chilton's Cathy Hauser were the only repeaters from 1981. There were no unanimous picks on the all-conference team.

Koepke has impressive spiking ability. Statistics show she contacted 80 percent of her spike attempts, sending them in a downward position toward the opposing team. Coach Dave Rizzardi feels Koepke will be even more powerful next year, with additional confidence and experience. This was her first year on the varsity.

Another Kewaskum junior, Holly Kempf, was one of nine players named to the second

team (a number of ties caused coaches to go with more than the usual six players). Kempf is an intelligent, all around player and knows what to do in a game situation.

The Indians wound up third in the EW standings with a 6-6 record. They defeated each of the other teams once while also losing to each one.

Both Koepke and Kempf will be back next year.

### EASTERN WISCONSIN ALL-CONFERENCE VOLLEYBALL

**First Team**  
 Brenda Mischock — Sheboygan Falls, Sr.
