House Moved to New Location

After many delays and discussions, the brick home at 1502 Fond du Lac Avenue, Kewaskum, which was purchased by Doug and Kristy Schacht, Kewaskum, from Kemps Marigold of Kewaskum, this week was moved to its new location at 499 Knights Avenue, Kewaskum.

Don Devooght, Inc., House Moving of Marquette, Michigan and Valders, Wisconsin, had been doing the necessary preliminary work for about two

weeks. On Monday the company started to move the home and work progressed at a snail's pace. On Tuesday the house was moved three blocks on North Avenue to the corner of North Avenue and Edgewood Lane. The operation on Wednesday morning resumed along Edgewood Lane. It was expected the home would arrive at its destination on Thursday.

The Wisconsin Electric Power Company, General Telephone Company and Riverbend Cable-

vision were called to do the necessary wire removal prior to moving the house. Trees along the route also had to be trimmed.

The English Tudor, 2-story brick home weighs approximately 150 ton. The original owners were Mr. and Mrs. Morrie Rosenheimer. The home was recently acquired by Kemps Marigold. They will use the property for their expansion.

New Shoe Store to Open In Kewaskum

The Village Bootery will be the name of the new shoe and repair store at 127 Main Street in Kewaskum, formerly the Just a Bit Crafty store.

Donald and Carol Sedgwick of the Town of Wayne have purchased the building from the Agatha Breit estate. They plan to open their new shoe store around June 1. A full line of men's shoes and work and sport

boots will be sold, as well as basic ladies shoes.

The Sedgwicks will also provide a full shoe repair, leather goods repair, jacket zippers, etc. The store will be open every day and Friday evening until 9:00.

They are the former owners of Wiskow Shoes on Villard Avenue in Milwaukee which they operated for 30 years.

Kewaskum Girl Injured In Bike/Car Accident

By GERRY MUELLER
Statesman Staff Writer

Jennifer Ramthun, age 12, the daughter of Mr. and Mrs. Harvey Ramthun, Jr., 9175 North Mill Road, Kewaskum, was seriously injured at 4:45 p.m. Monday when she was struck while riding her bicycle on Highway 28, east of the village.

Washington County Sheriff's records indicate Ramthun was hit by a car driven by Marvin Wahnschaffe, 29, of Main Street, Kewaskum. According to the report, Wahnschaffe's car was traveling east on 28, when he attempted to pass another vehicle. On entering

the westbound lane, he met oncoming traffic and attempted to pull back into the eastbound lane. When Wahnschaffe returned to his lane, he traveled onto the eastbound shoulder of the road, striking the Ramthun girl.

Ramthun was transported to St. Joseph's Hospital, West Bend, suffering from massive head injuries. St. Joseph's stated Ramthun had been transferred to Froedtert Memorial Lutheran Hospital in Milwaukee and said her condition had been listed as critical at that time.

Wahnschaffe was cited for operating a vehicle while intoxicated.

Kewaskum High School 12th Annual Activity Banquet

The 12th Annual Kewaskum Indians Activity Banquet will be held at the Kewaskum High School, Wednesday, May 18, at 7:00 p.m. in the old gym. Sponsored by the Kewaskum Indian Booster Club, the banquet provides the opportunity for student recognition in both athletic and non-athletic areas.

After a family style dinner,

the banquet will be highlighted by guest speaker, Mr. Peter Ayer, Associate Professor of Music and Director of Choral Activities at UWWC.

Tickets will be on sale through May 16 at the high school office. Adult tickets \$3.50 and \$2.00 for students under 12. Tickets will not be available at the door. The public is urged to attend.

Kewaskum Plans For Dairy Daze

The Kewaskum Area Chamber of Commerce announces Dairy Daze, a community-wide event to take place at the old park, June 18, 1983, from 11:30 a.m. to 11:00 p.m. Watch next week's Statesman for more details.

Man Suffers Burns In Trailer Fire

Kewaskum firemen responded to a call at 3:30 p.m. last Thursday to the Thompkins Trailer Court near the south village limits. The fire was in a house trailer owned by Eldred Haeuser and resulted when hot grease on a stove ignited.

The blaze caused damage to the stove, a counter top, cupboards and the ceiling. The estimated loss was \$1,000.

The owner of the trailer received minor burns in putting out the fire.

Firemen were at the scene for half an hour.

Music Department at KHS Announces 'Concert in Park'

The Kewaskum High School music department announces its "Concert in the Park" this Sunday, May 15. River Hill Park by the river will be the scene of a music-filled afternoon beginning at 1:00 p.m. Seating will be on the hillside so bring your lawn chairs, blankets, etc.

Featured on the program will be the mixed chorus, jazz band, swing choir, concert band, girls

chorus, and symphonic band. The music will be typical of an outdoor concert with marches, show tunes and pop music.

The Kewaskum Indian Booster Club will be selling refreshments throughout the afternoon. Admission is free so bring your friends, families and neighbors for an afternoon of enjoyable entertainment.

Athletic Director's Duties to Remain With Administrators

By GERRY MUELLER
Statesman Staff Writer

Although the one-year trial period of the administrators handling the athletic director's duties was up, no action was taken by the Kewaskum School Board to make any changes.

Board member Tom Brigham told the board, it was one year ago that it had decided to eliminate the position of athletic director and divide the various duties among the school administrators, with high school principal Clark Pearson in charge. Brigham said the board had won the decision regarding the Kewaskum Education Association's contention that the board could not make such a change, but he wondered if any of the board members had different feelings on how the job's duties were being handled.

Board member Neal Weare

said he felt it should be one individual heading that department rather than six or seven throughout the district. Board President Jean Goeden said, "I know it's a mess sometimes, getting overlapped with other things." District Administrator John Long stated, "I would recommend it go back into the bargaining unit and get it off the back of the administrators." Member Charles Ogi said, "I think we were interested in the economy. I think it worked as well last year as any other year and I think it should stay with the administrators."

Even though there seemed to be some dissatisfaction with the present method of handling the AD duties, no one made any recommendations to the contrary. The administrators will continue to handle the assignment.

Long Range Planning Com-
[Continued on Page 2]

To Disband Long Range Planning Committee

By GERRY MUELLER
Statesman Staff Writer

At what was apparently the last meeting of the Long Range Planning Committee Monday night, its members voted unanimously to disband itself.

Speaking for the committee, Chairwoman Norma Serwe said she and her fellow committee members felt it was the best thing to do for the school district. Too much publicity has been given to the committee rather than to what it was trying to accomplish, said Serwe. She felt the committee had become a district issue and since the group's study on a computer program for the schools appeared to be finished, now would be the time to dissolve the group.

The committee's final action will be its presentation of recommendations and a set of bids, compiled by District Administrator John Long, to the School Board at its regular meeting scheduled for later that evening.

The committee's report included a recommendation of two goals to be considered by the board. First, that all students of the Kewaskum School District shall be made aware of computer ethics and shall be prepared in the knowledge of computer literacy by developing "hands-on" competencies. Secondly, all students of the district shall have an opportunity to pursue intermediate courses on assembly language, computer application, and introductory programming.

The committee's recommendation covers the purchase of 27 computers for the entire district during 1983-84. Ten units would be Commodore 64 models, with ten disk drives and colored monitors for a cost of approximately \$9,040.00. These computers would be purchased for the elementary schools, with Wayne, Farmington and Beechwood each getting two units and Kewaskum Elementary four.

The committee is also recommending the purchase of seventeen Apple II computers, with seventeen disk drives, two printers, fifteen green monitors and two color monitors for a cost of \$23,565.00. Ten of these units would be used in the Middle School and seven would go to

the High School, giving it a total of eighteen units. The price tag for the entire package would be \$32,605.00.

Long noted the final cost was not a firm figure yet, since he wanted an opportunity to check with other suppliers in hopes of getting an even lower bid on the units.

With its report to the School Board Monday, the committee felt it had accomplished what it had set out to do, investigate and make recommendations for the development of a computer courses program in the Kewaskum School District.

School Board

(Continued from Page 1)

mittee Chairwoman Norma Serwe presented her committee's final report and recommendations for computers in the school district. Brigham moved the board accept the report stipulating that this did not indicate board approval for any computer purchases, only approval of the report. Goeden agreed with Brigham noting the board had not had sufficient time to look over the report and study its recommendations.

Serwe also informed the board of her committee's unanimous vote to disband now that its work was finished on the computer study. Goeden thanked Serwe and her group for their work, commenting the people would probably be asked to serve on other committees in the future. Ogi contended that Goeden could not accept the committee's decision to disband, that this could only be

done by a vote from the board. Goeden told Ogi according to procedures governing committees, it can also be dissolved upon presentation of its final report to the board, noting that Serwe had done just that with the report she had just given. Ogi argued that it was not a computer study committee, but a Long Range Planning Committee. Weare said he had attended an earlier meeting when former board member John Tessar had questioned Ogi regarding the exact purpose of the group. At that time, Weare noted, Tessar said he and several other board members were under the impression it was to be a computer study committee only and it had not been assigned any other duties by the board.

Ogi said, "I would not like to see it (the committee) dissolved. I would hope they would reconsider their decision." Goeden stated, "they have dissolved themselves."

The board approved the re-

quest of High School Counselor David Wietor to look into a drug and alcohol abuse program for the district. Wietor told the board he would like to pattern a program along the lines of New Holstein's, noting if he is able to secure a state grant, there would be no cost involved to the district.

The board approved the recommendation to hire Milt Dickensen as head girls' basketball coach, Mr. Koth as boys' assistant basketball coach and Laurie Steiner as middle school cheerleading advisor.

The board also approved a recommendation to hire an engineer, or someone of equal experience to oversee the projects which will be undertaken with the state trust fund loan. The board felt this would insure that the district would get the jobs done properly.

Board members Ralph

Horner and Neal Weare were selected to hand out diplomas for the 1983 graduating class.

Date Change for Book Discussion Group

Participants of The Book Discussion Group, please note that our meeting has been changed to Tuesday, May 24, 9:30 a.m., at the Kewaskum Public Library. Mugs McFadden will review Gorky Park by Martin Cruz Smith. We look forward to another lively discussion. Join us and bring with you any suggestions for books you would like reviewed next year.

Ripple to Speak To Economics Class at KHS

Donald T. Ripple

The Economics class at Kewaskum High School will learn how they can improve government when Donald T. Ripple, Vice President of the Wisconsin Taxpayers Alliance, visits them on Friday, May 20.

Ripple, a member of the personal staff of the governor in

1957-58, was a West Bend city alderman and sales executive before joining the WTA staff in 1965. He has given more than 3,700 talks in Wisconsin schools in the past 17 years and is a principal speaker each year at Badger Girls State and Badger Boys State.

His inspirational and educational message deals with governmental, taxes and citizenship. "One of the nation's greatest needs," he says, "is for more people who are willing to work hard to improve government and make

it work better."

The Wisconsin Taxpayers Alliance, Madison, is a privately supported, nonpartisan research organization, founded in 1932 and dedicated to improving government through better-informed, more-responsible citizenship.

letters to the editor . . .

Dear Readers:

Having attended the school meeting Monday nite, May 2, I cannot help but write this letter. The meeting being for the purpose of borrowing \$400,000.00 for the repair of our schools.

I was very disappointed that our people do not turn out for these occasions to show or express their opinions.

As you can see by the vote turnout there were only a few of us there who voted no. First of all I cannot see this amount of money being allowed to be borrowed except at an annual school meeting.

I am not against keeping up our schools, but it should be done every year. They have to be maintained, but what I am saying is that with the amount of school tax our township pays it's a pity that there isn't enough money for this purpose. "Where is our money going?" There should not be a need to borrow an extra \$400,000.00. I also agree fully with Mr. Dewane that this money better go into a special fund tagged for the repair of schools and not for football field lites or moving of football fields. There should also be a planned maintenance program. Also there better not be another new position of "Maintenance Supervisor" created. The men hired for maintenance should be hired for General Maintenance.

If our people would look at their tax bills or Town Reports

they would see that school tax is 5 times more than our County tax. This is in our particular township.

Don't tell me that with all the buildings owned by our County and all the expensive equipment there is and all the help they employ that there should be any difference. At least not a 5 to 1 ratio.

Again where are our school tax dollars going?

Leonard W. Peter

Jaycees to Sponsor Cystic Fibrosis Bike-A-Thon May 14

Friday, May 13, 1983, Page 5

The Wisconsin Cystic Fibrosis Foundation will stage a Bike-A-Thon starting at 8:30 a.m. on May 14th at the Kewaskum River Hill Park to raise money to help combat Cystic Fibrosis.

Chairperson of the Bike-A-Thon will be Terry Buswell of the Kewaskum Jaycees, phone number 338-3772. Terry will be on hand for registration and to welcome all participants.

Cystic Fibrosis is the country's number one genetic killer of children and young adults. Every day approximately five children are born with it; every day an average of three die of it. The disease is inherited and incurable. Medical therapy has quadrupled the life expectancy of CF victims in the past 15 years. However, fewer than half of today's live to be 20. Strides of progress are being made, but the fight for a cure continues.

Terry Buswell urges both

children and adults to either bike or sponsor a biker in the Kewaskum Bike-A-Thon. "To get sponsor sheets just go to any area school office, Valley Bank Bulletin Board or phone 338-3772," said Terry. "Then go to your friends; neighbors and relatives and get them to pledge a certain amount for each mile you ride. The idea is to get as many sponsors as possible. It's a great way to have fun and raise money for an important cause."

Prizes will be awarded for most money collected and most miles ridden. T-shirts will be given to participants raising \$25 or more. Registration will begin at 8:15 a.m. May 14th at the Kewaskum River Hill Park.

The greatest number of UFO sightings have been reported in the state of California.

4-H RABBIT AND POULTRY WORKSHOP

Dr. John Skinner, U.W. Extension small animal specialist, will be conducting a rabbit and poultry workshop. It will be Saturday, May 21, 1:00 - 4:00 p.m. at the Cedarburg fairgrounds. It is open to all 4-H families in the rabbit and poultry project.

Rabbit and poultry breed identification and showmanship will be the main topic. Members are encouraged to bring one of their rabbits or chickens to the workshop to be used in breed identification and showmanship.

As part of the workshop there will be posters and exhibits by 4-H members. Any member may bring a poster or exhibit on something related to poultry or rabbit health and management.

Advanced registration would help in making preparations for the workshop. Call the county 4-H office if you plan to attend.

In the Service

Marine Lance Cpl. Mark R. Groeschel, son of Roger A. and Judith E. Groeschel of 241 Clinton St., Kewaskum, recently participated in exercise "Kernel Blitz 83" on the coast of Southern California.

He is a member of the 5th Marine Amphibious Brigade, Camp Pendleton, Calif.

Kernel Blitz was a nine-day U.S. Navy Third Fleet training exercise involving more than 7,000 Marines and sailors, 10 ships, and 40 aircraft. The exercise tested the capability of the Navy and Marine Corps to evacuate American citizens from a hostile area and project combat power ashore.

The Navy conducted training in the embarkation of Marines, live firing was conducted at the San Clemente Island range and an embassy evacuation exercise took place at Camp Pendleton, Calif. Both helicopter and surface assault forces were involved in an amphibious landing which included simulated aircraft bombing runs and artillery fire.

Kernel Blitz is one of a series of exercises designed to test and refine the abilities of Navy and Marine Corps amphibious forces.

Coast Guard Seaman Apprentice Lynette D. Acker, daughter of June M. Knowlton of 139 Forest Ave., Kewaskum, has completed recruit training at the Coast Guard Training

Center, Cape May, N.J.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training leading toward their qualification in one of the Coast Guard's 26 basic occupational fields.

Included in their studies were first aid, seamanship, Coast Guard history and regulations, close order drill and damage control.

....

Rick Standish

Airman Rick R. Standish, son of Francis J. and Margret L. Standish of Kewaskum, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human rela-

tions.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the supply field.

He is a 1983 graduate of Kewaskum Community High School.

Cedar Lake Home to Sponsor Class for Hearing Impaired

The Milwaukee Hearing Society through a grant from the Junior League is offering free lip reading classes for hearing-impaired adults 55 and older. The Monday morning classes held at Cedar Lake Home will begin May 16 and continue weekly until July 16, excluding Memorial Day and the Fourth of July.

The classes, taught by Pam Bergum from the Hearing Society, are for anyone with an impairment whether or not they wear a hearing aid.

Recent research identified hearing impairment and blindness as the two greatest health needs of the older adult. The lack of rehabilitation and

treatment for a hearing impairment in an older adult can lead to an erosion of the individual's independence and ability to function and to social isolation.

For more information or to register for the classes call Jan Klein, Occupational Therapist at Cedar Lake Home 334-9487 or Milwaukee 276-4370.

Bicycle Safety Clinic Scheduled

All school age bicycle riders in the Kewaskum school district are encouraged to attend a free BICYCLE SAFETY CLINIC sponsored by the Kewaskum Junior Woman's Club in cooperation with the Kewaskum Police Department.

The clinic will be held on Saturday, May 14, at 9:00 a.m. at the Middle School gym and parking lot. Students must attend the full session and must bring their bicycles. No advance registration is necessary.

Encourage your bicycle riders ages 7 to 10, to attend for their own safety and to prevent accidents. They will learn the "rules of the road" for bike riding and see a safety film. Safety certificates will be given to all who qualify. The police department will also have bicycle licenses for sale during the clinic.

In case of bad weather, the clinic will be held the following Saturday, May 21.

Summer of Discovery Day Camp Needs You!

Girl Scouts from West Bend, Kewaskum, Wayne, Farmington and Allenton will be taking part in Summer of Discovery Day Camp at Ridge Run County Park in West Bend. The sessions run from June 20-24 and July 18-22. Girls attending will have the opportunity to take part in a variety of activities such as dramatics, singing, campcrafts, exploring nature and staying on an overnight. They also get a chance to meet new people, learn about themselves and work with others while having fun.

In order for the girls to have a rewarding experience at camp, adult volunteers are needed. Positions available include a Day Camp Director, Crafts Person, First Aider, Shopping and Milk Person, Unit Leaders and Counselors, and anyone who is willing to share a skill with the girls.

The Day Camp Director coordinates the program at camp so the week runs smoothly. The position is open to men and women who are at least 20 years of age, and enjoy the out-of-doors. The position requires some training and gives you a chance to work with adult volunteers, older girls as aides and the Day Camp Coordinator.

If you are willing to take some time to make this a fun and rewarding summer for girls we would appreciate your help. For more information contact Pat Morgan, community chairman - 626-4284.

Volunteers Honored at Recognition Evening

Volunteers at the Washington County Mental Health Center were honored at a Recognition Evening on Tuesday, April 19, during National Volunteer Week. Those attending received recognition certificates presented by J. Michael Roraff, WCMHC Administrator. He expressed appreciation to all those who assisted clients and staff during this past year. Awards were mailed to those unable to attend.

Volunteers have worked as Elder Peer Counselors, artists, recreation aides, group leaders, drivers, medical records assistants, clerical aides, cosmetologist, seamstresses, program planners, etc. Kay Sweeney-Radke, Volunteer Coordinator, stated that the following individuals and organizations provided 1267 hours of volunteer service during the past year:

Jane Himes, Dorothy Weaver, Russ Moberly, Hildegard Moberly, Kathleen Stoltz, Dorothy Brasure, Jane McElroy, Ann Cupery, Lucille Maschmeier, LaVonda Johnson, Ann Walters, Florence Skinner, Lillian Schaefer, Edna Seyfert, Kathy McCrimmon, Ruth Little, Lois Laubenstein, Clara Jaehning, Mary Hofmeier, Jackie Henderleiter, Carolyn Gibson, Marge Behlen and Harold Ryan. The following organizations have also assisted the Mental Health Center during 1982-83. The Pressure Cookers Homemakers, Germantown Homemakers, Our Savior's Lutheran Church, Newburg Library, U.S. Postal Service, and the St. Vincent de Paul Society.

Tony Radermacher Band and Push and Pull. The dance will be at Zivko's Chandelier Ballroom at 700 South Main in Hartford. Tickets are on sale now for \$2.00 and will be \$2.50 at the door. You can purchase the tickets from Friends for Battered Women, 551 Silverbrook Drive, West Bend, 53095. The Raffle drawing will be held at 7:00 p.m.; you do not have to be present to win. One hundred dollars will be top prize.

Friends for Battered Women is a United Way agency.

Parade Units Still Needed for Hartford Centennial Parade

Parade units are still needed for the Centennial parade scheduled for June 4. Groups, organizations, schools, businesses, and chapters of Centennial Belles or Brothers of the Brush are urged to contact Lou Darin, or Centennial headquarters 285 S. Main, Hartford, to register their entry. The unit need not be elaborate, just use your imagination. Walking units are welcome, as well as motorized, or pedal power varieties.

Join in the fun and help make the Centennial parade the best Hartford has ever seen.

NATIONAL DEBT DILEMMA

By Gene Malone

While figuring my income tax recently, I was astounded to find among the directions the suggestion that I may wish to make an additional payment to help defray the national debt. Included were instructions to make out a separate check to be applied to the government deficit. Do not include the amount as an addition to your regular check for any taxes due, the IRS cautioned.

That takes a lot of nerve, I thought. I certainly hope I have not been acting as if I were a person that would go around making out separate checks to the government to help them pay off the national debt. At least not while those spendthrift congressmen and all those big spending bureaucrats are rushing pell mell to add another \$208 billion to the debt this year and seem likely to add about \$200 billion in each of the next five years.

The idea of getting the government out of debt is indeed an attractive one. The only trouble is, if it is to happen, the bureaucrats will have to change their ways.

Even with an administration pledged to cutting unnecessary frills out of government, reducing taxes and restoring sanity to the national money supply and fiscal policy, federal outlays have risen from \$576.7 billion in 1980 to a whopping \$805.2 billion estimated for fiscal 1983, which ends this September 30.

Despite all the talk about cutting federal spending, all that has actually happened is that the rate of annual spending increase has been reduced. Most of us would agree, that is not good enough as an incentive to help the government pay off its debt.

With the memory so recent as to be all too painful, 95.5 million of us have just filed federal income tax returns. The amount anted up to Uncle Sam last year amounted to \$1,217.77 per person in the United States.

The federal debt now adds up to \$1.2 trillion, a figure that no ordinary person can comprehend. If each of us 95 and-a-half million taxpayers had volunteered to send in a separate check for an extra \$100 when we filed our tax returns April 15, the special fund for retirement of the national debt would have gained \$9.5 billion. At that rate it would take more than 12 years to get enough to pay off the \$1.2 trillion that the government is in the hole.

The only trouble is, if the federal government continues to spend \$200 billion more than it takes in each year, in those 12 years they will add another \$1.4 trillion to the debt. Unless we want to owe a national debt of \$2.5 trillion dollars by 1994, we are going to have to get the federal spenders turned around.

Maybe it would be a good idea to send an extra check next year, not for \$100 but for a thousand, but with the stipulation that unless they held spending down to the amount received in taxes (without any increased rates or new taxes added) they couldn't cash the check.

Imagine the frustration for all those politicians having all that money in their hands and not being able to spend it.

**AAL Members Make Pizzas
For Benefit of Threshold**

On March 23, under the coordination of A.A.L. volunteer efforts, Paul and Janet Techtman of West Bend, over forty A.A.L. members congregated at The Threshold to begin the assembly line production of pizza making. Shown above are members of the A.A.L. (Aid Association for Lutherans), Branch #30743, making pizzas for sale to customers who pre-ordered them.

Two rows of 32-foot long table space was required. The sequence of operations involved 1) crust spreaders where two people spread rows of sixteen crusts on each side of the tables; 2) sauce spreaders; 3) cheese weighers; 4) cheese spreaders; 5) sausage weighers; 6) sausage spreaders; 7) wrappers of the completed pizzas (they used a heat film shrink stove), and 8) pizza baggers.

By twelve noon, after 3 1/2 hours, over 800 - 16 oz. pizzas were made. Two hundred pounds of sausage, 200 pounds

of cheese, and 25 - one gallon cans of sauce were used. By 3 p.m., all pizzas were picked up.

Jan Techtman remarked that she is most pleased by the success of the project and thanked all the volunteer branch members who helped and those who purchased the pizzas. "The proceeds," she related, "will go to defray costs of materials for an outdoor park shelter to be erected by their members at Threshold's outdoor recreation area."

A.A.L. branches, as a part of their benevolent program, undertake projects which benefit their community. Members of A.A.L. branches are members of various Lutheran congregations. The local branches, if given prior approval, also receive matching financial assistance from the Aid Association for Lutherans Insurance Company located in Appleton, Wisconsin.

"The unique aspect of their projects," related Horst Wag-

ner, Director of Threshold, "is that it not only is an outreach program to others, but is a hands-on approach whereby A.A.L. branches not only raise the money but also do all the physical work involved to complete their goals."

"There will be tables of home baked goodies plus a fine selection of household items," promises Graham Stone, chairman of the Cedar Lake Home

Campus staff representation committee.

The Cedar Lake Home Campus staff is sponsoring their annual Bake & Rummage sale, Saturday, May 14, from 8 a.m. to 2 p.m.

The staff compiled cookbook, Cedar Lake Home Cookin', will also be available for \$3.50.

Proceeds from the sale are used by the staff for campus projects.

The Cedar Lake Home Campus is located west of West Bend on Hwy. Z, 2 miles south of State 33.

**Big Cedar Lake Tree
Planting Project**

By Don Kurer
District Conservationist

On Saturday, April 23, a dozen people living around Big Cedar Lake, gathered to plant 2,300 trees and shrubs on 19 acres of hilly land sloping toward the lake.

The land, formerly owned by Walter Kletti, a long time cooperator with the Land Conservation Department, was contour strip cropped for erosion control since 1961.

The planting of wildlife trees and shrubs was started in the spring of 1982. The work will continue for two more years with more trees, shrubs, wildlife food patches and nesting cover.

Soil Stewardship Week Celebrated In County May 8-15

Soil Stewardship Week, which had its origin more than 1,500 years ago, is being celebrated in Washington County and throughout the United States on May 8-15, 1983.

The theme for the 1983 celebration is "Living Waters." As written by Quentin Lockwood, who is a member of the

Soil Stewardship Advisory Committee to the National Association of Conservation Districts. "Living waters brings to mind sparkling waterfalls, waves washing upon the beach, a spring bubbling from underneath a rock, a gentle rain falling or the one who said, "I am the living waters."

"Living so aptly describes water. A thirsty man attests to its living qualities, a drooping plant responds to its life giving properties, the skies are washed clean by its falling and a weary soul finds rest in living water." Created by God, it cannot be destroyed or more be produced. It is fixed. Though we cannot destroy it, we can abuse it, pollute it, misuse it, and take from it its living properties, making it a curse rather than a blessing. It is ours to use, to protect, to keep clean, to appropriate wisely so that it will give life to all it touches. We cannot take for granted that we will always have all the water

we need, where we need it. It is a time to think seriously about conservation, pollution, priority usage and our dependence upon it."

The Washington County Land Conservation Committee will be furnishing Soil Stewardship materials to many of the churches throughout the County. If you would like more information contact Don Kurer, District Conservationist at 334-3706.

All Displaced Homemakers of Washington County to Get Help

As of April 1, 1983, Moraine Park Technical Institute, and the staff of Turning Point II have merged to form a Reentry Program for Displaced Homemakers. The Reentry Program for women will be run by Sonia Rasmussen and Mary Pat Thompson who successfully operated Turning Point II since June 1982. Turning Point II will now be known as Reentry Program for Women and will still serve women from the same location at 125 N. 6th Avenue, West Bend.

Who are displaced homemakers? They are people who have worked in their homes for a substantial number of years providing unpaid household services for family members and who are not gainfully employed. They may also be under-employed. This program

will help displaced homemakers who are, or will have difficulty in securing employment. They may have been dependent on the income of another family member, but are no longer being supported by that income. Some displaced homemakers have been dependent upon public assistance, but are no longer eligible.

This free program will provide a variety of services to assist participating individuals achieve their financial goals. Sonia Rasmussen (formerly with TP II) will screen each person to determine eligibility for the program. Determination of community services, such as transportation and child care, will be made. Each prospective participant will be referred to MPTI for assessment. Once an individual is determined

eligible, that person will be enrolled.

All participants will spend 50 hours during the first two weeks of the program in a self-development group. They will share common fears and concerns, such as how to be self-confident, and set goals. This work will be followed by a week of exploration of interests, aptitudes, and abilities. Mary Pat Thompson (formerly with TP II) will lead all the groups. Ms. Thompson will wind up the week with career overview, resume writing, and job search skills.

By the time a participant has completed the three weeks, they will know whether or not training is needed, or if applying for a job would be best for them. For more training, Moraine Park will assist in choosing a career program, reviewing basic skills, or working on skills necessary to

get a job.

If finding work is in order, the Project Reentry staff will do everything possible to help participants obtain interviews and acquire employment.

Anyone interested in the Reentry Program (formerly Turning Point II) for Displaced Homemakers, call Sonia Rasmussen at 338-0110.

Withholding Tax Repeal Measure Is Good News for Wisconsin Residents

Withdrawal of a controversial withholding tax on savings, repeal bill from the House Ways and Means Committee is a major achievement and good news for thousands of Wisconsin residents, Congressman F. James Sensenbrenner (R-WI) said Thursday.

The repeal bill was stalled in the committee since early in the session because the Democrat leadership had strongly opposed enactment of the measure. Sensenbrenner said he signed a discharge petition that was aimed at forcing the bill out of committee weeks ago, but 218 signatures were needed. That goal was reached this week.

Sensenbrenner pointed out Congress faces a July 1st deadline and suggested that the strategy in the House would be to adopt a repeal bill conforming with a measure approved in the Senate on a 91 to 5 vote. If

the new withholding plan becomes law, a virtual blizzard of additional paperwork will be required with costs being passed on to consumers.

"I have heard from thousands of Wisconsin taxpayers on this issue, it's the most subject we have received on any subject in years and it is my intention to work to pass this repeal bill," he continued. "Discharge petitions — forcing bills out of committee — are rarely successful, this one was. We are on our way. The next move is to schedule floor action as soon as possible. We made substantial progress and odds of our success are improving," Sensenbrenner concluded.

Campus Notes

A composition by Dr. Roger P. Dennis, professor of music at the University of Wisconsin-Oshkosh, will have its first public performance at the university's Wind Ensemble concert at 8 p.m. Thursday, May 5, in the Music Hall of the Arts and Communication Center.

Dennis has titled his composition "Jubilee" in recognition of the 25th anniversary of the graduation of the first music majors from UW-Oshkosh. He served as the music department chairman from 1952, when he joined UW-Oshkosh, until 1976.

Other selections the Wind Ensemble under the direction of Dr. Kay T. Gainacopulos will perform are "Chester," an overture for band by William Schuman, "Theme and Variations, Op. 43a" by Arnold Schoenberg, "An Original Suite" by Gordon Jacob and "Prelude, Fugue and Riffs," a concert jazz composition by Leonard Bernstein.

The concert is free and open to the public. Parking is available in Lots 27 and 29 near the Arts and Communication Center.

Kewaskum students taking part in the concert are: Donna Ehnert (flute) and Sherry Foerster (alto clarinet).

Of all the 250,000 species of flowering plants, there are just two that don't need water from the soil. One is the pygmy cedar and the other is the caper plant of the Sahara. Both take all the moisture they need from the night air.

Sign Vandalism Law Stressed for May By State Patrol

Wisconsin's anti-sign vandalism law will be emphasized in May as the State Patrol's "Law of the Month."

Captain W. C. DeGuire, commander of State Patrol District 3, points out that there has been an increase of 32 percent in sign vandalism across the state last year. "This is not only an unnecessary drain on scarce highway funds, it constitutes a real threat to the safety of motorists who depend on highway signs for information," DeGuire said.

Removing, breaking, defacing or possessing any kind of traffic guidance device is prohibited by law. "Any acts of vandalism, as well as possession, of a sign is punishable by penalties from \$25 to \$10,000 in fines, and/or up to 10 years in prison if the vandalism results in the death of another person," DeGuire added.

There are several ways for people to help ensure that property doesn't occur from sign thefts. First, parents should make it very clear to their children that stealing traffic signs isn't just a prank...it's a serious crime. Secondly, anyone who sees someone tampering with a highway sign should report it immediately to the State Patrol or local law enforcement agency. If missing or damaged signs are reported immediately, they can be replaced before an accident occurs.

"With the increase in incidents of sign thefts and vandalism in 1982, it's just a matter of time before someone is killed or seriously injured," DeGuire said. He concluded, "It's up to all of us to prevent such a tragedy."

County Conservation Farmers Honored by Slinger Rotary Club

By Donald C. Kurer
District Conservationist

1. Harold Mueller, Allenton, and Carl Wenzel, Slinger, were honored as Outstanding Conservation Farmers at the Slinger Rotary annual Agri-business day on April 8. Slides were shown of the conservation work applied to these farms throughout the year.

2. Carl Wenzel and his wife Lillian own and operate a 120 acre dairy farm in the town of Hartford and rent an additional 70 acres. Carl and his dad began conservation work in 1966 when a water control structure was installed. Since then two and one half acres of grass waterways and 580 feet of diversion terrace were installed to convey excess water off the land to a suitable outlet. He laid out 58 acres of contour strips a few years ago and some conservation tillage was performed in 1982.

In addition to conservation on cropland, the Wenzels also are improving the 28 acres of woodland on their farm. First cattle were removed to allow seedlings to grow. Then dead, diseased and undesirable trees were removed and the branches used to construct brush piles for wildlife.

3. Harold and Diane Mueller are dairy farmers in the town of Addison and they milk 80 cows. He has applied conservation work on their land since 1950. The practices applied were 81 acres of contour strip cropping alternating hay and corn in strips; 152 acres conservation tillage (chisel plow) leaving crop residue on the surface over winter and .7 acre grass waterway to safely dispose of water down slope. These practices control water runoff so the soil, fertilizer and water will stay where it can be used by the growing crops. An animal waste storage pond was installed to hold manure from 100 cows and 100 heifers for 1 year. The manure is pumped into a tank spreader which injects it into the ground to save nitrogen and

"JOGGING WITH YOUR DOG"
By Gregory G. Ogi, D.V.M.

I have noticed many joggers running past my home with a dog in tow. I think it is a great idea to take your dog with you jogging. However, a few precautions should be considered prior to starting out on a run with your dog.

First, your dog should receive a physical examination, so get your veterinarian's OK before starting out. Dogs, like people, have to build up their endurance, especially if they have been confined over the winter months. Therefore, don't overdo it the first time out. Give your dog time to toughen up his foot pads. In hot weather one must be especially careful. Dogs overheat easier than people. Try to jog during the cooler time of the day — either early morning or evening. Feed and water your dog following exercise — not before. Eating beforehand may make your pet lethargic, and could cause a serious condition known as gastric dilation or bloat.

Jogging can be an exhilarating experience for a dog as well as for the dog's owner. By observing a few precautions one can help to insure that jogging will be a healthy experience as well.

control runoff into waterways. In addition, over 43,000 feet of tile drainage was installed in wetland for growing corn. This releases the erosion prone uplands for growing more hay. 4. The Wenzels and Muellers have consistently demonstrated their interest in soil stewardship year after year and it is a pleasure having them as Land Conservation Department cooperators.

The Shell service station located on the corner of East Main and East Water streets changed hands on May 5. Leonard Zuehlke and Roger Strack, who were formerly employed as mechanics at Vincent Motors, Inc. on Fond du Lac Ave., took over the station, having leased it from the Shell Oil Company. Business at Vincent Motors was discontinued last week and the station and garage are closed at present. The Shell station taken over by Zuehlke and Strack was operated for the past year by Henry Dillinger, Jr.

The faculty of the Kewaskum Community High School has chosen Alice Schwind, daughter of Mr. and Mrs. Joseph Schwind, to represent the school at Badger Girls State, which will be held on the University of Wisconsin campus at Madison June 18 through 25. Aldwin Seefeldt, son of Alfred Seefeldt, was selected to represent Kewaskum High School at Badger Boys State which will be held on the Ripon College campus during the second week in June.

SFC Arnold A. Gulley, local army recruiter, announced that Alfred H. Bruhn, son of Richard Bruhn of Panama, recently enlisted in the regular army intelligence. Alfred is a 1956 graduate of Kewaskum High School and has been residing with his uncle and aunt, Mr. and Mrs. William Bruhn, Kewaskum.

Al/c Harold C. Klein of Dyess Air Force Base, Abilene, Texas, is spending a 30-day leave with his mother, Mrs. Rosie Klein, and relatives and friends.

On May 18, dedication services will be conducted at Salem Evangelical and Reformed Church in Wayne. Along with the beautiful new addition to the church, there will be other numerous gifts and donations that will be dedicated. Following the services, there will be an open house so that all may view the entire project along with the complete redecoration of the sanctuary.

Minutes of Village Board Meeting

Regular Meeting
May 2, 1983
7:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in regular session in the Council Room of the Municipal Building, 204 First Street.

President Gerald Stollenwerk presided. All Trustee Members were present. President Stollenwerk welcomed Trustee Mary Krueger, the Board's first female member.

On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the minutes of the April 18, 1983 meeting were approved as printed.

The Board was informed on the emergency maintenance required on well no. 1. The emergency work was required due to a couple of holes in the column reducing the water supply. The estimated cost for the work is between \$15,000 and \$20,000. It was noted that Layne Northwest of Milwaukee, was doing the work. It was also noted that the updating of the well which the DNR is under order of the DNR to do would also be done at this time per the DNR's request.

Administrator Schmidt notified the Board that final notification was received on the reimbursement offer (Wisconsin Fund) regarding the water pollution control project in the amount of \$46,055.00.

On a motion by Trustee Paul Blumer, seconded by Trustee Howard Laubenstein and carried unanimously by voice vote, the Board approved the bills as recommended by the Administrative Committee. The total of all claims as recommended are as follows:

Village Gen. Fund \$47,896.31
Water Dept. Fund 5,970.11
Sewage Dept. Fund 12,838.82

On a motion by Trustee David Nigh, seconded by Trustee Richard Schmidt and unanimously carried by voice vote,

the Board accepted the Library Rules and Regulations as recommended by the Library Committee. A copy of those rules and regulations are herewith attached.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board approved the hiring of the part-time summer employees, totaling twenty (20) people.

President Stollenwerk presented the Board with the list of Committees, Boards, Commissions and Village Officials, he is recommending for appointments. On a motion by Trustee Donald Mlodzik, seconded by Trustee Richard Schmidt and unanimously carried by voice vote, the Board approved all appointments as recommended by President Stollenwerk.

President Stollenwerk then asked the Board to consider the contract for and the appointment of Bowmar Appraisal as the Village Assessor for the next year, at a cost of three thousand two hundred dollars. On a motion by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board entered into a contract with Bowmar Appraisal Specialist for a period of one year at a cost of \$3,200.00.

On a motion by Trustee Paul Blumer, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board approved the appointment of Bowmar Appraisal Specialist upon the recommendation of President Stollenwerk for the next year.

Ruekert & Mielke, Inc. after reviewing the bids received on April 18, 1983, for the construction of Deep Well No. 3, have recommended award to Wagner Brothers Well Drilling, Inc. of Mt. Calvary, Wisconsin, in the amount of \$21,405.00 for alternate no. 2, rotary construction, the low bidder. On a motion by Trustee David Nigh, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board approved awarding the contract

for well no. 3, to Wagner Brothers Well Drilling, Inc. of Mt. Calvary, WI., at a cost of \$21,405.00 as recommended by the engineering firm of Ruekert and Mielke, Inc.

President Stollenwerk announced he would be unable to be present for the Board of Review, which is scheduled for May 9, 1983. He recommended to the Board that Senior Board Member David Nigh be named as President Pro-tem and that the next Senior Board Member Donald Mlodzik be named as Senior Board Member Pro-tem. On a motion by Trustee Richard Schmidt, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board approved the President's recommendations regarding the Board of Review.

Mr. Marvin Martin, the Village's Emergency Government Representative, informed the Board on the Emergency Government Conference which was recently held in Madison, Wisconsin. Several topics were discussed and Mr. Martin left a complete packet of information for anyone to review.

President Stollenwerk publicly thanked all of those people retiring from the Committees, Board and Commissions for their community dedication. He also read the thank you letter that was sent to the School District of Kewaskum and Mr. John Long, District Administrator regarding the crossing guards.

On a motion by Trustee Howard Laubenstein, seconded by Trustee Paul Blumer to adjourn the meeting. Roll call vote was 7 "Aye" 0 "Nay" 0 "Absent." The motion was carried unanimously.

Clarence A. Schwartz, Sheriff

Share the Road With Motorcycles This Summer

Better weather brings with it an increase in the number of motorcycles on our streets and highways, says Sheriff Clarence Schwartz of the Washington County Sheriff's Department. Unfortunately, this creates a safety problem in that motorcycles and mopeds are small and somewhat harder for the motorist to see. Automobile drivers tend to underestimate the speed of cycles. When an accident does occur, motorcycle and moped riders rarely escape injury.

Sheriff Schwartz cautions, motorcycles and mopeds have equal rights on the road by authority of Wisconsin law. Motor vehicle drivers have the responsibility of sharing the road with all vehicles and pedestrians.

The Sheriff added, motorcycles have equal rights at intersections. They are entitled to a full parking space and are entitled by law to a full traffic lane. Other drivers who crowd when passing, or cut in too closely in front, are breaking

the law. They are also endangering human lives.

Also, most motorcycle accidents occur when another driver turns left in front of them. In most cases, cycles have shorter stopping distances than cars, but an inexperienced rider may panic and skid.

In conclusion, the "other driver" constitutes the greatest single threat to the cycle rider's life and limbs. Exercising common courtesy toward all drivers will help prevent accidents, injuries and deaths.

Boys Routed by Two Rivers, Place Last in Plymouth Relays

Brian Johnson again stood out for the Kewaskum boys track team, winning two races last Tuesday at Two Rivers, but the Indians were trounced by the strong Raiders, 103½ to 32½.

Johnson was the winner in the 110 meter high hurdles with an excellent time of 15.6 and later took the lows in a less impressive time of 41.54.

Only two other Kewaskum boys took first places. Sophomore Mike Steinhardt won the high jump with a leap of 5-10 and AFS student Peter Nohlmans took the triple jump with 36-9.

The shorthanded Indians did not have enough depth or speed to compete with the Raiders but a couple of boys did come up with personal bests in the meet.

Jim Braun had a 40-2 in the shot and 120-1 in the discus, both tops for him, but neither effort was good enough to place as Two Rivers had all three of its shot putters go over 45 feet. Kewaskum's Gregg Classey kept Two Rivers from a sweep in the discus, with a third on a toss of 120-5.

Andy Kougl showed improvement in the 3,200, running the distance in a time of 10:43.97 for a third.

Two Rivers' star distance runner, Rich Richmond, won two events, the 800 in 2:02.77, just a couple seconds ahead of Kewaskum's Monty Shaw, and the 1600 in 4:28.7.

 1600 meter relay — 1. Two Rivers 3:39.6.

Kewaskum placed last out of seven schools participating in the J. H. Williams Relays at Plymouth Friday.

Powerful New Holstein won the event with 90 points, followed by Slinger 76.3, Ashwaubenon 75, Sheboygan Falls 73.5, Two Rivers 66.5, Plymouth 34, and Kewaskum 20.

The difference in the meet came in the individual 3,200 meter run where New Holstein took 1-2 for 18 points. In placing second Slinger had a pair of firsts and four seconds.

Kewaskum just doesn't have enough depth to score well in a relay meet, which showed again Friday. The Indians did not have enough runners to compete in a couple events but they did take a third in the 1600 medley relay and fourths in the high jump and low hurdles shuttle.

Getting the third in the 1600 were sophomores John Mertzig, Mike Steinhardt and Monty Shaw with senior Brian Johnson.

All three Indian shot putters—John Swanson, Jim Braun and Gregg Classey—had their best efforts, going over 40 feet.

Golfers Defeat Random Lake, 8th In Wiese Invite

Playing their best golf to date, the Kewaskum High School golf team won their first match of the season last Tuesday, defeating Random Lake, 174-188, at Hon-E-Kor.

The Indians' No. 1 and 2 players, Chris Harlow and Karl Zarling, again played well. Harlow shot a 40 to take medalist honors and Zarling was right behind with a 41.

What made the difference was that Kewaskum was able to get two other rounds in the 40s. Tim Leitheiser had a 44 and Dan Wodsedalek hit a 49. Low for the Rams was Chris Bickler with 44.

The Indian JVs won again, 211-229, with Paul Poznanski leading the way with a 44. Coach Joe Harlow is rotating some of his JV players to give all 28 players experience.

KEWASKUM — Harlow 40, Zarling 41, Leitheiser 44, Wodsedalek 49.

RANDOM LAKE — Bichler 44, Domke 45, Bruggink 47, Payne 52.

In the 18-hole C. J. Wiese Invitational held at the Quit-qui-Oc golf course at Elkhart Lake Friday, just one stroke separated Sheboygan Falls and Plymouth. Falls nipped the Panthers, 339-340 to win the 10-team meet.

The Kewaskum Indians placed eighth with 370, with their No. 1 man, Chris Harlow, taking home fourth medal in the field of 105 players.

The match was played on a cold, windy day, but the weather didn't seem to hurt Sheboygan Falls, who shot 79, 82, 88 and 90. The Falcons were led by Todd Fiorentino, who had a 79 for second medal honors.

Mark Entringer of Plymouth took medal honors with the low round of 77 on the par 71 course. Sheboygan Falls' Dave Kuplic was third with an 82.

Harlow, a junior, had rounds of 39-45 and wound up in a tie with Mark Arnaman of Two Rivers for fourth place. He won the fourth medal on criteria matching the two players' cards.

Other Kewaskum scores were a 43-47-90 by Leitheiser, 46-46-92 by Zarling, and 54-50-104 by Frank Voge. Dan Gerhartz' 106 was the throw-away score.

Ozaukee won the small school division of the meet, which is held annually. The Warriors had 358 strokes. Lomira was fourth with a 376.

Indian Girls Place 7th of 8 Teams in New Holstein Relays

The Kewaskum girls participated in the New Holstein Relays last Wednesday and finished seventh out of eight schools. The Indians took first place in one event and seconds in two others.

The Indians scored 43 points and finished far behind the host Huskies who won the meet with 94. Sheboygan Falls was second with 77, followed by Kiel with 63, Valders 62, Luxemburg-Casco 60, Kewaskum, and Plymouth with 35.

Kewaskum's first came in the shot put, which has been a strong event for the girls all season. Junior Holly Kempf had a toss of 34-5, and adding it with Julie Koepke's 32-½ and Marea Kuphal's 31-4, the Indians total came to 97-9½.

Sandy Nigh, Wendy Wilson and Sandy Secor combined their 300 meter low hurdles times for a second place while the distance medley, composed of Wilson, Secor, Darlene Luedtke and Linda Larsen, ran a 4:35.7 for second place.

In the discus throw Kempf (108-7), Koepke (74-5) and Barb

Osterbrink (78-1) took a third. The Indians also took two fourths, in the 3200 meter relay with Lori Batzler, Carol Schmidt, Sandy Klein and Erika Follmann running a 10-40.9 and in the triple jump with Secor going 28-8, Nigh 27-1½ and Luedtke 26-5¼.

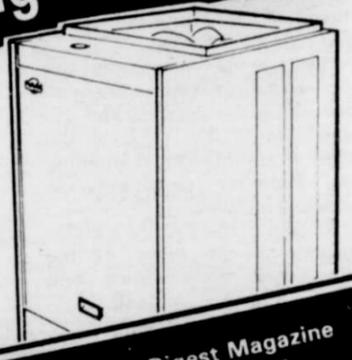

The girls had a busy schedule this past week with three meets in four days.

Lakes Baseball Game Postponed

Kewaskum's Land o' Lakes game with Saukville Sunday, May 8, was postponed due to wet grounds.

The next games will be Sunday, May 15, Kewaskum at Barton at 1:30 p.m. in the Lakes League, and Friday, May 20, Horicon at Kewaskum at 8:00 p.m. in the Tri-County Night League.
