District Attorney Finds School Board in Violation

By GERRY MUELLER
Statesman Staff Writer

After a two week investigation, Washington County District Attorney David Resheske issued a statement containing his findings and decision concerning possible violation of the Open Meetings Law by members of the Kewaskum School Board.

The investigation was a result of requests made by board member Neal Weare and several Kewaskum School District residents who questioned the legality of methods and meetings used to fire the school district's former law firm of McKenna and Kiefer of Kewaskum and hire the Milwaukee law firm of Quarles and Brady. When questioned via phone

late Tuesday afternoon, Resheske was asked if any other action was pending. He said under the jurisdiction of his office, he could request that the board's decision to hire a new attorney be voided since it was not properly done under the Open Meetings Law. Resheske said, however, he had not made the request since it was of no interest what firm was hired. His job was to make sure the board conducted future meetings in a proper and legal manner.

Resheske announced that he will be issuing complaints against the seven members of the Kewaskum School Board for a violation of the State Open Meetings Law, which occurred on July 19, 1983. In his written

statement, Resheske said, "I have reviewed this matter thoroughly and have come to the conclusion that a formal complaint is called for. The nature of the violation is the unanimous vote of the Board at a closed meeting held on July 19, 1983, to hire an attorney to represent the School Board in all school matters. This occurred at a meeting which listed only 'teacher negotiations' on the agenda. I wish to stress that the decision itself to hire a School Board Attorney is not my concern, only the fact that proper notice was not given for the type of action taken. I also fully understand that some of the Board members may have been ignorant of the require-

Timblin Condo Project Hits Another Stumbling Block

By GERRY MUELLER
Statesman Staff Writer

At a meeting of the Kewaskum Plan Commission Tuesday night, Tom Timblin and his plan to develop a 36-unit condominium project were faced with another problem which could delay or cancel the project completely.

In reviewing correspondence between Ron Weis, of Citizens-Weis Corporation, who is designing the project, and the Village of Kewaskum, Timblin and Weis were informed the village expected the Timblin family to dedicate the entire length of a new north/south, yet un-named, street and the balance of Timblin Drive in order to receive a go-ahead for the proposed construction.

In the Timblin plan, road dedication at the start would only affect approximately 460 feet of the new north/south road. The village instead, is asking that the entire length of 1,120 feet of the new street plus the remainder of Timblin Drive

be dedicated and improved at the start of the construction.

Weis said such action on the part of the Timblin family would be cost prohibitive, noting the cost to improve the street with all the laterals could run over \$200,000.

Village Administrator Dan Schmidt said the situation had been discussed with five other village department heads along with the village's attorney and everyone was in agreement that the developers meet the criteria set forth in Schmidt's letter of August 23rd.

Schmidt noted he had also contacted seven other communities with the plan and all of them had indicated they would not approve such a development unless the complete dedication was made. Schmidt said the village had taken this stand because, without the new road, the village would not have access to the subdivision for garbage, fire or police services. At present access is available

Welcoming Breakfast Held

Teachers Recognized for 25 Years of Service

By GERRY MUELLER
Statesman Staff Writer

At a welcoming breakfast for all Teaching, Administrative and Support Staff personnel, the Kewaskum School District publicly recognized two of its teachers for their twenty-five years of service.

Recognized at breakfast to mark the beginning of the new 1983-84 school year were Howard Zemlicka and Ed Slegler. In his introduction of the teachers, Assistant High School Principal Roy Esser noted that many steps forward in Kewaskum's education program could be attributed to these men.

Esser said Zemlicka, who teaches Industrial Arts, was instrumental in expanding that department to include many courses ranging from electricity to auto mechanics. Esser noted that the teachers could thank Zemlicka, and his involvement in the early days of the teachers association for many of the benefits they have today.

Slegler has been teaching Math and Science classes to Kewaskum's students during his years with the district as well as being involved in coaching in the earlier period of his career.

Each man received a plaque

as recognition of his dedication to teaching the children of the district.

Following the presentation, District Administrator John Long praised the district for holding an annual breakfast noting it was an excellent way to kick off a new school year, helping it to start off in the right direction.

Long let everyone know that the breakfast was not just a social gathering but a meeting to advise and update everyone of changes for the new semester, not only in policy, but running of the district in

Jaycees to Sponsor Football Fundamentals Competition

The Kewaskum Jaycees will be running a Football Fundamentals Competition on Saturday, September 17, at 9 a.m.

Competition will be held on the practice football field on the west side of the Kewaskum High School. The rain date will be on September 24, same time, and place.

Registration will be held on September 10, on the west side of the Kewaskum High School practice field from 10 a.m. to 12 noon. There will be footballs available to use for practice. There is no entry fee.

Football Fundamentals is the same program that the Ford Motor Company ran, known as Punt, Pass and Kick. There are three levels of competition: local, regional and state. The six age groups are: 8, 9, 10, 11, 12 and 13. Age of entrant on October 23, 1983 determines his or her age group.

There will be medallions given out to the top three finishers in each age group. From there, the top finisher in each age group will go onto the regional competition held at Hartford on October 1. State will be held at 2 p.m., Saturday, October 22, at the Green Bay Packer practice field.

State competition will be in connection with the Packer/Minnesota game, with state winners to be present on the

sidelines during the game. Winners will be introduced and awarded their trophies at the game.

All 90 entrants will be given free admission to the Green Bay Packer Hall of Fame, as well as other planned activities.

Winners will stay overnight, as guests of the Wisconsin Jaycees and Shopko, at the Downtowner Hotel in Green Bay.

Football Fundamentals is co-sponsored by Shopko Stores, Inc. 9-2-2t

Regal Ware Announces Fall Advertising Plans

Regal Ware, Inc. the housewares manufacturer that produces more kinds of coffee makers and rangetop cookware than anyone in the industry, will use network and spot television to promote its kitchen products this fall. This season begins the second decade of consistent consumer support via television for Regal Ware, Inc.

The two-week television flight will run late November through early December and includes such popular network programs as The Today Show, General Hospital, Another World and several other daytime favorites. Regal will add impact to the network campaign with spot television advertising which is scheduled for 20 select markets across the country. The spot advertising will run the same time as the network schedule for maximum impact. Regal's 30-second commercials will feature cast and drawn aluminum cookware, the Poly Perk coffee maker and microwave oven accessories.

Regal's television campaign coincides with DuPont's extensive fall network schedule for SilverStone-coated cookware, further increasing the impact of Regal's program.

Supporting the company's continued interest in the bridal market, the consumer print ad featuring Regal Cast Aluminum Cookware, entitled "With Regal Cookware, the Honeymoon's Never Over," will repeat in October/November books.

The Moulinex Regal La-Machine food processor will be featured in four-color, full page ads in BonAppetit, Cuisine, Good Housekeeping, People and Readers Digest two times this fall.

To complement the heavy consumer magazine schedule for Moulinex Regal, select markets will receive additional support in local Sunday supplements. Full page, black and white ads will run in 23 markets on November 20, featuring the popular LaMachine food processor and LaPasta Machine pasta and doughmaker. This ad coincides with the nationwide introduction of Moulinex Regal's pasta maker and the heavy gift buying season.

Regal Ware, Inc. is a multi-

plant manufacturer of cookware, portable appliances and microwave accessories headquartered in Kewaskum. Regal is also the exclusive marketer of Moulinex Regal kitchen appliances in the United States.

Frankenberry, Laughlin & Constable, Inc., Milwaukee, WI, is the agency of record for Regal Ware, Inc. and Moulinex Regal, Inc.

Kewaskum Jaycees to Sponsor MD Fishbowl

The Kewaskum Jaycees will be sponsoring a Labor Day Fishbowl collection site to benefit the Muscular Dystrophy Association on Monday, September 5th, from 9:00 a.m. to 5:00 p.m., at the Valley Bank on 1225 West Fond du Lac Avenue in Kewaskum. The Jaycees run their fishbowl in conjunction with the Jerry Lewis Muscular Dystrophy Labor Day Telethon which is broadcast on WITI-TV 6. All Kewaskum area children and adults are invited to help the Jaycees support the fight against neuromuscular diseases

ments of the Statute, however ignorance of the Law is no excuse for the violation. Because of the circumstances, I will be seeking a minimum forfeiture of \$25.00 per person, which is a personal obligation, not chargeable to the School District. Because of the turnover of Board members, and because of the obvious misunderstanding of the obligations of the Board members under our Open Meetings Law, I strongly urge that the School Board take steps to educate themselves about the Law in order to avoid a repeat of this unfortunate situation."

Clara Trapp, a Town of Scott resident, who was one of several persons who had questioned the board's actions said she had been contacted Tuesday by a Milwaukee newspaper regarding the matter. "My only comment," said Trapp, "is that when this is all settled, that the Kewaskum School Board has enough backbone in them to function within the statutes of the law. My apologies to the two men members on the board who were naive to the law."

Resheske's release came in response to this reporter's request last week that he announce his findings and decision on completion of his review of the matter.

general. Two specific points were addressed. First, that the School Board had set a new policy which would restrict smoking. It will be allowed only in the Teachers Lounges and "700" area at the high school. Long noted the policy was instituted on his recommendation. "As you've probably noticed," said Long, "there are no ash trays on any of the tables

this morning." Long told the teachers, if they were used to smoking elsewhere, they had better get used to the change as smoking would not be tolerated anywhere else. Secondly, Long told the staff he expected the use of vulgar and offensive language by some teachers to cease. Long noted the teachers must set good examples for their students and abusive language was not part of that example. Long told the gathering, if you don't comply. I'll show you just how fast I can shorten your leash.

Another priority in the District, said Long will be cleanliness. In the past our high school has looked like a depository for all the refuse in the district. Long noted, in the future we must all work to set a better image. Long praised the maintenance staff for the work which has already been done, however, he commented, we've still got a long way to go to get the district into shape. "I'll try to do my job better than before and I expect the teachers to do their jobs better than before too," said Long.

Timblin

only on Bonnie Lane which is a Town of Kewaskum road.

Weis said a possible solution to the problem would be village annexation of the north side of Bonnie Lane, thereby giving the village access. Weis based his idea on the fact that almost all property boundaries run midway into a road right-of-way and property owners pay taxes on that portion also. Schmidt said this might not solve Timblin's problem since there is a possibility that the land, when it was purchased by the Timblins from the original owner, did not contain any of the road right-of-way.

Commission member Howard Laubenstein recommended the commission table discussion of the project until Timblin and Weis could go back to the original deeds and surveys to

determine exactly what the situation is with regard to Bonnie Lane. "Until then, we're just talking and wasting time," said Laubenstein.

The commission agreed with the recommendation, noting that if Bonnie Lane would not solve the problem, they would try to work with the Timblins to find an amicable solution on the road dedication point.

TEENAGE STROKE

Strokes, which can cause permanent brain damage, with paralysis and impairment of memory and speech, sometimes occur while a person is intoxicated or the following day. This complication of drunkenness is most likely to occur in young people, especially teenagers. They sometimes imbibe too massively and quickly - this thickens the blood, slows its circulation, a blood clot can form and lodge in the brain, causing a stroke.

Dear Statesman:

An important Kewaskum business will be quietly celebrating its one year anniversary this week. My Little Friends Day Care Center, owned and operated by Ms. Shawn McElhatton, assisted by Mrs. Carolyn Matenaer, has offered area parents an outstanding quality program.

Their dedication, professionalism and sincere interest in each child in their care, is obvious to anyone who has had the pleasure of enrolling their child, or observing them at work.

Each of your "little friends" and their parents join us in a heartfelt thank you. We wish you many more years of continued success in your important work.

Dear Friends

Grief at the passing of a loved one is both natural and normal. Even Jesus wept at the death of Lazarus, the Bible tells us. Death brings loneliness and emptiness — one with whom so much was shared no longer is sharing with us. Good friends will not belittle one's grief, but rather will help the bereaved, thru new interests, to gradually overcome their grief.

Jr. Women to Have Quilt Display At 'Art in the Park' Festival

Wild Rose Applique Quilt by Kewaskum Junior Woman's Club

Kewaskum Jr. Woman's Club is asking Kewaskum area residents to help in our quilt display at the fall "Art in the Park" Sunday, Sept. 11. Area residents with quilt treasures stored in attics, closets, or being used year after year are asked to help.

We are interested in old quilts, and new quilts, of any size, from crib to king. Many of us have grandmothers who have quilted for years. Some of us have spent hours working on quilts ourselves. If you wish to share your talents and treasures with our community please call Trudy Peterson at 626-4965 by Sept. 8.

Also part of our quilt display will feature a Wild Rose applique quilt for raffle this fall. The quilt was made this summer by Kewaskum Jr. Woman's Club members.

Tickets can be purchased at the fall "Art in the Park"

festival, or by contacting Jr. members.

Jazzercise

Jazzercise is a unique approach to body conditioning using joyful jazz dance movements and swinging music. It's your chance for a wild and woolly work-out that will condition you totally and lift your spirits. By bouncing to a "boogie beat" in a planned way, you'll dance inches away and your body will be more flexible than you ever dreamed possible.

Underneath the fun and music, the point of a Jazzercise class is cardiovascular, muscular, metabolic, and emotional improvement. Balance, coordination, flexibility, muscle tone, stamina, and posture are the areas on which Jazzercise concentrates. There's 50 minutes of bending, stretching, jumping and dancing, built around warm-up, peak-work, and cool-down periods.

**UW-Platteville
Extended Degree
Program in West Bend**

An Information Workshop about the University of Wisconsin-Platteville's Extended Degree Program in Business Administration will be held Sept. 7 in West Bend.

The Extended Degree Program enables Wisconsin adults with some college experience to complete their degrees without returning to campus. These degrees are fully accredited by the University of Wisconsin system. Rather than attending on-campus classes, extended degree students complete their work by alternative means such as independent study.

The workshop will be held at 5:30 p.m. in Room 222 at the UW Center-Washington

County, 400 University Drive. There is no charge to attend one of these workshops nor is pre-registration required. But if you want to register or want more information, call the UW-Platteville's Extended Degree Program office toll-free at 1-800-362-5460.

Microcomputer Course at UWWC

Learning to use a microcomputer, a 1-credit college course, will be offered again this semester at the University of Wisconsin Center-Washington County, 400 University Drive, West Bend. Dan Johnson, who has taught previous sessions of this course at UWWC and who is a full-time instructor at the Radio Shack Computer Center, will teach this eight-week course on Wednesday evenings from 7:00-8:40 p.m. beginning September 21.

This class is designed to teach fundamentals of the BASIC programming language to those with little or no computer experience. This course will also include information on the variety of tasks a computer can handle, directions on how to correct mistakes reported on the screen when running a BASIC program, and instructions on how to duplicate copies of diskettes.

The class is limited to twenty-five students. Five computers will be available for hands-on

work in UWWC's Computer Laboratory during non-class hours.

Registration for this course was scheduled for August 31 from 2-4 and from 6-8 p.m. Students may also register during UWWC's late registration period from September 6-9, 8 a.m.-7 p.m. Tuition for this 1-credit course is \$38.55 for residents. For further information, call UWWC's Office of Student Services, 338-5201.

Sensenbrenner to Visit Dodge and Washington Counties

Ninth District Congressman Jim Sensenbrenner will hold a series of open office hours in Waupun, Brownsville, Kewaskum, Rubicon, Neosho, and Lebanon on Thursday, September 8th.

At these six locations Congressman Sensenbrenner will be available to discuss problems with federal agencies, to hear the views of residents on issues of concern, and to receive

requests for information or copies of government publications.

The schedule of office hours is as follows:

-Waupun City Hall, 9:30 a.m. to 10:00 a.m.

-Brownsville Village Hall, 10:15 a.m. to 10:45 a.m.

-Kewaskum Municipal Building, 11:15 a.m. to 11:45 a.m.

-Rubicon Town Hall, 2:30 p.m. to 3:00 p.m.

-Neosho Village Hall, 3:15 p.m. to 3:45 p.m.

-Lebanon Fire Station, 4:00 p.m. to 4:30 p.m.

The public is invited, and

Sensenbrenner encourages area residents to attend. No appointments are necessary, and everyone will be seen on a first come, first served basis as time permits.

The saying, "they breed like rabbits" did not come out of thin air. A single female European rabbit, theoretically, could have 16 million descendants in four years, says International Wildlife magazine.

25 Years Ago

August 29, 1958

At a meeting held Monday evening in the municipal building which was attended by approximately 20 businessmen of the village, a Kewaskum Businessmen's Association was organized. The purpose of the organization is to promote business in the village, create more unity among the businessmen, and as a whole, further Kewaskum. Officers of the new organization were elected as follows: Jack Koehn, president; Kilian Honeck, secretary, and Wayland Tassar, treasurer.

Classes will be resumed at Holy Trinity Catholic school on September 3, with an expected enrollment of 240 pupils, just four fewer than last term when 244 were registered on opening day.

The Rev. Arthur Haupt of Arlington, Wisconsin, a June graduate of Concordia Seminary, Springfield, Illinois, was installed as pastor of St. John's Lutheran Church at New Fane on August 17.

United in marriage, performed by the Rev. Gerhard Kaniess in St. Lucas Lutheran Church on August 23, were Lorena Dettmann of Kewaskum, daughter of Mrs. Emma Heider of Campbellsport, and Herbert F. Ramel, son of Mr. and Mrs. Frank Ramel, Kewaskum.

A son was born to Mr. and Mrs. Alois Bremser, Kewaskum, on August 23.

put five million men back on payrolls in a short time. When this is done, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in position to buy the normal necessities of life. That means that the total trade volume of the nation, will, upon the complete acceptance of this plan, be lifted by from 10 to 20 per cent. N.R.A. calls upon every employer to shorten hours of labor, so as to make room for more employees. Every individual, man and woman, who buys anything, owes it to himself and his community and to the nation, to buy only from those employers who have taken the increased burden of increasing payrolls to bring back prosperity.

John Staehler, Jr., 35, son of Mr. and Mrs. John Staehler, Sr., of the Town of Kewaskum, was instantly killed on August 25, near Princeton, Illinois, when the large freight truck he was driving went down a steep embankment and overturned, pinning Mr. Staehler below the wreckage. It took nearly an hour before the body could be extricated from the wreckage. It is believed Mr. Staehler was forced to drive off the road to avoid a collision. Mr. Staehler was in the employ of a large Western Freight Co., hauling freight between Chicago and points in Iowa. His home was at Wyand, Illinois, five miles from Princeton. Mr. Staehler was born in the Town of Kewaskum and was married to the former Mayme Mears of Wyand. He is survived by his widow and two children, Claude and Cecilia; his parents; four brothers, Alvis, Andrew, Sylvester and Roman and three sisters, Mrs. Joseph Mueller, Mrs. Hubert Van Beek and Mrs. Ed Matenaer.

Joseph Wahlen, a lifelong resident of the Town of Wayne, who resided about one mile southeast of St. Kilian, died suddenly at his home Saturday afternoon due to a heart attack. He was 61 years of age. He was born in St. Kilian and was married to the former Margaret Melzer, who survives along with two children, Adolph, at home, and Mrs. Edward Westerman of St. Bridgets.

"Mixey" Marx, star hurler and batter for the Campbell-

sport Belles of the Fon Do League says that last Sunday he had an easy day pitching the game against Oakfield. He struck out only fourteen men, allowed the large sum of two hits, made only four hits out of six trips officially to the plate and scored only four runs.

Mr. and Mrs. Elmer Stange of Beechwood are the proud parents of twin girls born to them on Thursday.

Joseph Strachota commenced last Monday to build a cement sidewalk on the south side of Main Street from John Klassen's place to A. G. Koch's property.

The Washington County Fair will be held at West Bend on September 22, 23 and 24. Among the many attractions at the county fair this year will be the daily performance of the Kemp Sisters' Wild West Show.

Oscar J. Groeschel, son of Mr. and Mrs. John Groeschel, died last Wednesday after a six months' illness with tuberculosis, at the age of 26. The deceased was born in the Town of Wayne and was married to Miss Alma Lemke of Milwaukee in 1904. He is survived by his widow and a three-year-old son.

50 Years Ago

September 1, 1933

The citizens of Kewaskum and vicinity again proved their loyalty to their government by going over the top in the N.R.A. drive, backing up President Roosevelt's National Recovery Act 100%. "Blue Eagles" can now be seen displayed in every business place in the village and in practically every home in both the village and rural district. The N.R.A. plan is designed to

put five million men back on payrolls in a short time. When this is done, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in position to buy the normal necessities of life. That means that the total trade volume of the nation, will, upon the complete acceptance of this plan, be lifted by from 10 to 20 per cent. N.R.A. calls upon every employer to shorten hours of labor, so as to make room for more employees. Every individual, man and woman, who buys anything, owes it to himself and his community and to the nation, to buy only from those employers who have taken the increased burden of increasing payrolls to bring back prosperity.

Meetings on Federal Block Grant Funds for School District Personnel

MADISON — The Department of Public Instruction (DPI) has scheduled six informational meetings in September for school district personnel on how to obtain federal block grant funds.

The meetings are all scheduled from 9:00 a.m. to 3:30 p.m. and will cover the application and evaluation process, program goals, and school district responsibilities. Dates and locations are as follows:

Tuesday, September 6 — Copper Top Theatre, UW Center, Richland Center.

Wednesday, September 7 — Pewaukee High School, 510 Lake Street, Pewaukee.

Thursday, September 8 — Southwest High School, 1330 Packerland Drive, Green Bay.

Tuesday, September 20 — Stevens Point High School, 1201 North Point Drive, Stevens Point.

Wednesday, September 21 — James Williams Junior High School, Acacia Lane, Rhineland.

Thursday, September 22 — Rice Lake High School, 30 South Wisconsin, Rice Lake.

Known as the Education Consolidation and Improvement Act (ECIA) of 1981 or Chapter 2, the federal block grant legislation consolidated 28 programs which reduces the paperwork and relies on school districts for local control. Programs consolidated include basic skills development, educational improvement and support services, and special projects.

More than \$7 million was distributed by the DPI to local school districts during the first 13 months of the program that included the 1982-83 school year. Almost 90 percent of these funds were used for services and materials for public schools and the remaining 10 percent for private schools. Many schools used their block grant funds during the 1982-83 school year to purchase microcomputers and to train staff on the use of computers in the classroom.

During the 1983-84 school year under a formula recommended by Wisconsin's Education Block Grant Advisory Committee, the DPI will distribute 50 percent of the state's \$7.2 million to local school districts

based on their 1982-83 school enrollment of private and public school children and 25 percent based on the number of children whose families receive Aid to Families with Dependent Children (AFDC) funds. The remaining 25 percent will be

distributed on the basis of other low income factors from the 1980 census.

For more information, contact Maryjean Bade at the Department of Public Instruction, 125 South Webster Street, Madison 53707; telephone 608/266-2146.

Health Tips for Back to School

School bells will be ringing soon for Wisconsin children. The start of a new school year is a good time for parents to help their school-age children learn and practice good safety habits at school.

When the weather is warm, many children will be traveling to the classroom on their bicycles. Bicycles rank third behind motor vehicles and stair-steps as the cause of personal injuries. A well-maintained bike with pedal, wheel, and front-back reflectors in place is essential. Parents are encouraged to set aside some time periodically to inspect bikes with their children to be sure brakes, tires and handlebars are in good working condition. Remind your children to be alert for cars pulling away from the curb or driveway and to watch for car doors that may be opened unexpectedly. Good bike riding habits are the best defense against accidents.

Make sure your child knows how to cross streets and intersections in route to and from school. Remind children that crossing guards are there for their protection and to obey them.

If your child rides a bus to school, a refresher course in proper deportment on the school bus is a must.

Back-to-school time is also a good opportunity for parents to reassess the health and immunization status of their children.

The State Medical Society recommends a thorough health examination for 5 and 6 year olds entering school for the first time. The exam will cover all aspects of your child's health, and will include hearing and vision tests to insure he/she can hear the teacher and see the blackboard.

Most doctors today agree that thorough health examinations should be conducted on beginning school, in midschool (grades 6 or 7), and before leaving school (grades 11 and 12). Additional exams may be required of students participating in various athletic programs.

And finally, a word about immunization. Under Wisconsin law, students in grades kindergarten through 12 and children in day care centers are required to be immunized against the vaccine preventable diseases — measles, rubella, polio, diphtheria, pertussis, tetanus and mumps. The law includes a non-compliance penalty through which the local district attorney may seek legal action against parents of a minor student who does not meet immunization requirements within 30 days of admission.

Exemptions from the immunization requirement are allowed if parents submit a signed waiver claiming health, religious or personal conviction reasons for not having their children immunized. Parents should not be complacent about immunizing their children. While the incidence of these diseases has dropped considerably due to increased immunization, these are still very "live" and serious diseases. Immunizations are available through many city and county public health clinics as well as from individual physicians.

School Can Be Tough on Eyes

While state legislatures and education officials, like those in Wisconsin, are discussing the concept of more and mandatory homework in schools, Dr. Darwin Fowell, president of the Wisconsin Optometric Association, says the visual stress of schoolwork may be causing many children to become nearsighted. Proper precautions, however, can minimize the difficulties of too much visual stress.

Dr. Fowell, of Edgerton, says that a small portion of the nearsightedness in children has hereditary cause, but the remainder is generally the result of stress. Optometric studies show that three per cent of five- to nine-year-olds are nearsighted. This increases to eight per cent of 10- to 12-year-olds and to more than 17% of teenagers.

The eye stress, according to Dr. Fowell is the result of the fact that eyes are made for distance seeing. They exert extra effort to focus on close work. To compensate for visual stress during prolonged periods of close work, a child's eyes may gradually adjust to near focusing and good distance vision may be lost.

Parents can help minimize visual stress by providing proper lighting for reading and studying. For desk lighting, Dr. Fowell recommends a 100 watt shaded bulb. Desk lighting should be no more than three times brighter than room lighting and should be positioned to avoid casting shadows on the book.

Discourage reading in bed or while lying on other furniture or on the floor. Do, however, encourage frequent breaks during long periods of concentration to look out the window or around the room.

Plan time for outdoor activities involving distance vision. Even a simple game of tag helps relax the eyes, according to Dr. Fowell.

Throughout the school years, parents should have children's eyes examined annually, said Dr. Fowell. If a child is developing a tendency towards nearsightedness, an optometrist can prescribe "learning lenses." These lenses have a mild prescription and are worn only when doing close work to make that work easier on the eyes.

Reports

HOT SUMMER TO RESULT IN INCREASE IN FOOD PRICES

This summer's wave of unexpectedly hot, dry weather has proven to be uncomfortable for most area residents. As we look forward to the cooler days of fall for relief, we may, unfortunately, not find what we're looking for. While the temperatures may fall, the pain of this summer's heat will linger as we stand in line at the grocery store.

Recent reports from the U.S. Department of Agriculture indicate that the hot summer, along with the new federal P.I.K. program (payment in kind), will result in an increase in food prices during the coming year due to smaller than expected harvests.

The P.I.K. program was designed to push corn prices up and idle land used in corn farming. It was also set-up as a means of preventing large surpluses, like those experienced in recent years, from accumulating. Because of this year's unusually hot and dry growing season, however, corn and soybean yields may be well below what was expected.

Although this paints a grim picture, state agriculturists believe there is room for optimism. A July 30th edition of the farm publication, Agri-view,

reported that most of the state's corn and other crops were taking the heat fairly well. Only in a few places are they doing poorly, but it is generally agreed upon that a good rain will rescue these crops as well.

It is this kind of crop variability that seems to present the greatest problem to Wisconsin farmers this summer. One agriculture department statistician has said that 1983 has been one of the worst years for crop variability. The hot, dry summer has affected fields differently because some crops were planted later than others.

Another problem state corn growers may face is lack of moisture during the tasseling and silking process of the corn production. Moisture is necessary for pollination of the crops. Without an adequate reserve of moisture, ears of corn may not be fully fertilized, causing them to have blank spots.

During the coming weeks, we can only hope for a break in the hot, dry weather. Not only will it provide Wisconsinites with some long-awaited relief, it may also keep them from paying higher prices for meat, poultry, vegetables, and grains later this year.

Minutes of Village Board Meeting

Mid-Monthly Meeting
August 15, 1983
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin met in mid-monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. Trustee David Nigh indicated he would be a few minutes late and was absent for roll call, all other Trustee Members were present.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Richard Schmidt and unanimously carried by voice vote, the Board approved the minutes of August 1, 1983.

Trustee David Nigh arrived at 8:04 p.m.

Motion was made by Trustee Donald Mlodzik, seconded by Trustee Paul Blumer to suspend the rules to take action on agenda item IX. B. Discussion on advertising for bids on the energy savings remodeling to the Municipal Building (windows and vestibule). Roll call vote was passed by the majority. Roll call vote was 6 "Aye," 0 "Nay," 0 "Absent," 1 "Absent." (Trustee David Nigh).

Brian Fischer from the firm of Fischer - Fischer - Theis, Inc. discussed with the Board the proposed window and vestibule remodeling of the Municipal Building. It was noted the cost of this work was estimated at \$42,000.00 and that the work could be done this fall to benefit from the energy savings. It was noted by Trustee Donald Mlodzik that the Public Works Committee recommended the energy savings remodeling to proceed. On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board authorized the advertising for bids for the windows and vestibule, energy savings remodeling for the Municipal Building. The bids to be opened mid September.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Richard Schmidt and carried by the majority on a voice vote, with Trustee Mary Krueger abstaining from voting, the Board authorized the hiring of Colleen A. Shaw as the part-time Police Clerk at the rate of \$4.00 per hour.

On a motion by Trustee Paul Blumer, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the payment of \$36,115.30 to R.P. Honold for the first to R.P. Honold for the W.W.T. plant project.

On a motion by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik and

unanimously carried by voice vote, the Board approved the payment request of Layne Northwest for the work performed on Well No. 1. The total cost being \$52,879.85.

On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board approved the building permits for the Kewaskum School District for the construction of a storage garage west of the Middle School and for Pete Allers for the construction of a storage garage at 340 Clinton Street. The office was authorized to issue the proper permits upon proper payments of fees. The permit applications were approved by the Building Inspector and the Zoning Administrator.

On a motion by Trustee Richard Schmidt, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board approved the driveway permits for Kemps Marigold Foods, Inc. for 1502 Fond du Lac and for 110 First Street. (The driveway on Fond du Lac Avenue would be north of Second Street and the driveway on Second Street would be on the south side of the street and east of Fond du Lac Avenue). The office was authorized to issue the proper permits upon proper payment of fees. The Department of Transportation has approved the permit for USH "45" (Fond du Lac Avenue).

On a motion by Trustee Paul Blumer, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board approved the application of Casper John Gallart for an Operator's (bartender's) License and the Commissioner was authorized to issue the proper license upon proper payment of required fees. The Police Department had no objection to the issuance of the license and the health report was negative.

Administrator Daniel Schmidt reviewed with the Board the latest Balance sheet for the period ending July 31, 1983. Also a brief discussion was held on the inspection of the water utility by the Public Service Commission. The Village was informed that a meter testing program must be implemented for all meters 1 1/2" or larger in size on pre-established schedule. Also that we replace the faulty metering device at the one pumphouse.

Trustee Donald Mlodzik reported that the Public Works Committee would recommend that the Board grant the three village residents an estimated one year extension for the compulsory hookup to the village's sewer and water. On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote on the recommendation of the Public Works Committee, the Board granted Gustav Werner an extension for compulsory utility hookup to September 1, 1984 or sooner if the property is to be sold. Also an extension of an estimated one year to both Jerome Schill and Ada Meilahn depending on the scheduling of the TIF project so they may be coordinated.

Trustee Richard Schmidt reported the total swim passes sold for 1983 equal 506 and that he would recommend the beach hours be shortened and the closing date established. On a motion by Trustee Paul Blumer, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the beach hours to be shortened to 12 noon to 6:00 p.m. effective August 22, 1983 and to establish the beach closing for August 26, 1983 with the exception of the Labor Day weekend of September 3, 4, and 5, 1983.

On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote, upon the recommendation of the Public Works Committee, the Board approved the repair work necessary to correct the water drainage problem on the Braatz Cul de sac. The estimated cost is \$1,700.00 and will include the replacement of approximately 55 feet of curb and gutter, lowering the southern catch basin, removing and replacement of the asphalt of the eastern 1/3 of the cul de sac and to place pvc sump connection to provide for the proper sump pump drainage hookups. The total cost to be born by the village with the exception of the sump pump connection, that to be born by the property owners.

On a motion by Trustee Paul Blumer, seconded by Trustee David Nigh and unanimously

carried by voice vote, and upon the recommendation of the Public Works Committee, the Board authorized the advertising of bids for the construction of a water tower at well no. 3 site. The bids to be opened mid-September.

On a motion by Trustee Richard Schmidt, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board approved the scheduling of the next regular village board meeting for September 6, 1983 at 8:00 p.m., because of the Labor Day conflict. The Finance committee will also meet the same evening.

RESOLUTION NO. 83-13
WHEREAS, the number of requests for Special Assessment Certificates has increased over the past few years, and
WHEREAS, the amount of time to complete each certificate has also increased, along with the general cost of preparing the certificate, now

THEREFORE BE IT RESOLVED, that the Village of Kewaskum shall charge Five (\$5.00) Dollars for each Special Assessment Certificate effective September 1, 1983.

MRS. B. ELLA MEINHARDT

B. Ella Meinhardt, nee Techtman, 95, of West Bend, died Tuesday, Aug. 23, at Cedar Lake Home.

She was born Dec. 26, 1887, in the Town of Barton, and attended West Bend High School, graduating with the Class of 1906. She then taught in various one-room country schools in Washington County for the next 11 years.

In February 1919, she married Frederick Meinhardt in the Town of Wayne, where they engaged in farming near Kohls-

ville until retirement in 1943. They then moved to Kewaskum and resided here for a number of years.

Her husband passed away July 24, 1961, and following his death Mrs. Meinhardt moved to West Bend.

Survivors include one son, Lester J. (June) of Madison; two grandchildren, Mark F. of Los Angeles, and David J. of Madison; two sisters, Roxanna Techtman and Mae Techtman, both of Milwaukee; two brothers, Edwin (Martha) of West Bend and Barney (Florence) of Fountain City; and other relatives and friends.

She was preceded in death by two sisters and one brother.

She was a member of St. John's UCC, Kohlsville.

Funeral services were Saturday, Aug. 27, at 2 p.m. at the Myrhum Funeral Home, West Bend. The Rev. Keith Farnham officiated and burial was in St. John's UCC Cemetery, Kohlsville.

Visitation at the funeral home was Saturday from noon to time of services.

Memorials to the Cedar Lake Home Campus appreciated.

MRS. CLARENCE SCHEID

Mrs. Irene Scheid, 81, of Route 3, Campbellsport, died Saturday morning, Aug. 27, at home.

Born Sept. 20, 1901, in the Town of Barton, she was the daughter of the late Henry and Minnie Scheid Techtman. She was married to Clarence Scheid on Jan. 1, 1927, at West Bend.

Mrs. Scheid was a member of St. John's Lutheran Church, West Bend.

Survivors include her husband and a daughter, Ruth, at home. She was preceded in death by four sisters and one brother.

Funeral services for Mrs. Scheid were held at 1 p.m. Tuesday at St. John's Lutheran Church, West Bend. The Revs. George A. Mumm and Robert P. Hoehner officiated.

Burial was in Washington County Memorial Park, West Bend.

Friends of Mrs. Scheid called at the Twohig Funeral Home, Campbellsport, from 6 until 9 p.m. on Monday and at the church on Tuesday from noon until the time of services.

BANNS OF MARRIAGE

Marriage bans have been announced for the first time in the Holy Trinity Church bulletin for Timothy Hug and Kathy Radman.

Today's Medicine

Football and Injuries

By H. L. Rumsey, D. C.

Football season brings on the delight of avid fans, sometimes, the long-suffering resignation of others in the family who must forego their own favorite programs while the games are on TV. But, more important still, is another group — the players themselves. If you have a member of the family that is a football player or if you are one yourself, take good care of your health.

Football involves jolts, jars, and falls — as do all bodily contact sports — and many of these result in subluxation (a partial vertebral dislocation) somewhere in the spine. In a survey of 98 football players, examination revealed 66 had vertical and whiplash type injuries and 19 had low back injuries, all severe enough to require chiropractic care for correction to prevent future complications or permanent damage.

So, if you — or others you know — are engaged in the kind of activity that might result in this type of injury, remember that regular chiropractic care is the best form of insurance against permanent damage — and then go right ahead and enjoy football season!

Archbishop's TV Program to Air in West Bend

The television program "Open the Doors" with Archbishop Rembert Weakland will be shown on cable channel 18 in the West Bend area beginning September 6th.

The half-hour programs, which were aired on WITI-TV in Milwaukee earlier this year, will be shown on Tuesdays at 2:00 p.m., Wednesdays at 8:30 p.m., and on Sundays at 7:00 p.m.

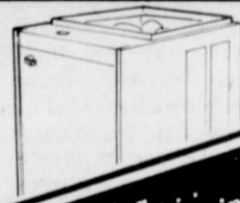

The series will run for 13 weeks on cable, with each of the 13 programs in the series shown three times each week.

The programs deal with such topics as marriage, prayer, youth in the church, the rural church, and ministry to the

disabled.

"Open the Doors" is a project of the Office of Communications of the Archdiocese of Milwaukee and Catholic Knights Insurance Society.

... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

EARLY DELIVERY OF SOCIAL SECURITY CHECKS

Monthly social security checks which are normally delivered on the third of September, will be delivered on 9-2-83 instead, according to David Becker, manager of the West Bend Social Security Office.

"Benefit checks are mailed early when the usual delivery date falls on a Saturday, Sunday, or legal holiday," Becker said. "In these instances, the checks are dated and delivered on the first day

before the third of the month that is not a Saturday, Sunday, or holiday."

Becker stated that this procedure helps reduce the problems that people have when they receive their checks and their banks are closed. These situations occur several times during the year, and Becker advised that SSA would provide similar information about early check delivery dates as they occur.

State Lowers Rate on Home Improvement Loans for Lower Income Homeowners

The State of Wisconsin Department of Development and the Wisconsin Housing Finance Authority announced today a decrease in the rate charged for home improvement loans in the Wisconsin Housing and Neighborhood Conservation Program (HNCP).

The new rate, applicable to those borrowers at 80 percent or less of county median income, is 9.9 percent and is effective with loans closed on or after July 22, 1983.

While there is only a limited amount of funds available at the 9.9 percent rate, additional funds are available at 12.9 percent for those people whose income is in excess of 80 percent of county median but less than 120 percent. Both loan rates carry an additional 1/2 percent for FHA Title I insurance premium.

HNCP is a state-sponsored program that makes money available for home improvements to owner/occupants of one- to four-family homes who are within the program's income limits. These limits vary by family size and county (maximum range at 80 percent county median is from \$14,920 to \$25,280 while at 120 percent county median the maximum range is from \$22,380 to \$37,920 for one- to four-family household). Loan amounts range from \$1,000 to \$15,000 and are made for a fixed term with no prepayment penalty or escalation

clause.

To take advantage of this lower rate while it lasts, or for additional information about the program, call toll-free 1-800-362-3020 and ask for the Wisconsin Housing and Neighborhood Conservation Program.

Senior Olympics Set for Sept. 22-24

The Fourth Annual Wisconsin Senior Olympics is scheduled for September 22, 23, and 24, 1983. The Wisconsin Senior Olympics is a festival for persons fifty-five years of age and over.

Seniors compete for medals in each of over 30 events, including: Bowling, Tennis, Table Tennis, Golf, Jilliards, Shuffleboard, Jarts, Frisbee Throwing, Rope Skipping, Swimming and a variety of Track and Field events.

Last year's competition was a complete success with nearly 600 participants. The organizing group of this year's Olympics looks forward to even more participation in 1983.

All persons age 55 and over are encouraged to participate—competition in some events is split into various age groups. The activities are held at various locations throughout the Milwaukee area.

For further information contact: Mrs. Doraine Schindler, Washington Park Senior Center, 4420 West Vliet Street, Milwaukee, Wisconsin, 53208. Telephone (414) 278-4388.

DEPARTMENT

Clarence A. Schwartz, Sheriff

Sheriff Reminds That Driveway Reflectors Must Be Blue

If you're thinking of placing reflectors so you can find your driveway at night, don't forget that yellow and red ones are illegal in Wisconsin, advises Washington County Sheriff Clarence Schwartz.

Under Chapter 346.31 (3) of the Wisconsin Statutes, only BLUE reflectors are legal for use along the highway, and then only if approved by the authority in charge of the road.

Sheriff Schwartz said the law requiring BLUE reflectors for marking driveways was adopted in 1970 because the proliferation of red and amber reflectors confused motorists with their resemblance to taillights and

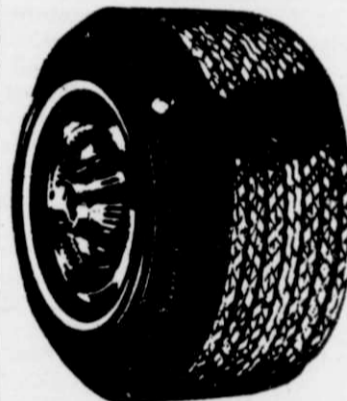

rear reflectors.

People convicted of violations may be required to forfeit from \$20.00 to \$200.00 for the first offense; and \$50.00 to \$500.00 for the second or subsequent violations within one year.

RACING NEWS

PLYMOUTH — Repeat performances ruled the quarter mile oval at the Sheboygan County Fairgrounds Speedway Saturday night as Ron "The Flying Farmer" Luedtke of Lomira, Gary Laack of Glenbeulah and Steven Schad of Kiel each won their respective features in Eastern Wisconsin Stock Car racing.

Luedtke won the 30-lap modified feature for the third week running. Laack, the Budweiser Point Series leader took his second 20-lap sportsman feature in a row, and Schad swept to an easy second feature win in a row in hobby stock racing.

Starting out four rows back, Luedtke snatched the lead on the 18th lap as he went past twenty year old Randy Sippel of Elkhart Lake down the home stretch. Sippel took the lead away from Butch Hafemann of Campbellsport after a second re-start on the eighth circuit. In all there were three re-starts for that lap. When it was all done, eleven cars remained from the 18-car field.

"I just worked my way up on the re-starts," the defending modified champ noted. "Sippel's a good driver, but I've got an engine now." Luedtke had been troubled with mechanical failures earlier in the season.

Luedtke zoomed high off the bank on turn two on the 18th lap to overtake Sippel. "I was able to sling-shot out of two and four and drive hard on one and three," Luedtke pointed out. Sippel challenged Luedtke for the remainder of the feature but Luedtke was able to put his 25 years of driving experience to use for the win.

For Luedtke, it was his third feature win in a row, good enough to keep him solidly in second place in the Budweiser Point Series with two weeks left in the season. As of the August 20th standings, Luedtke trailed leader Frankie Heimerl of West Bend with a 980 total to Heimerl's 1,046 tally. Heimerl did not finish in the money Saturday night.

Gary Laack took advantage of the re-start on lap number eight. Pat Harshbarger of Mt. Calvary led for the first eight laps, but a tangle in the second corner brought out the red flag. When racing resumed, Laack had little trouble taking the lead coming out of the second corner. By lap sixteen, Laack merely kept his car out of trouble for the easy win. "This car really works," Laack said. "The motor doesn't work well, but the car really works." Laack noted that after the Fair weekend, that should tell the story about who will win the championship.

Next week racing continues as usual at the Speedway, then Eastern takes its program to the Calumet County Fairgrounds in Chilton on Sunday and returns to the Sheboygan County Fairgrounds Speedway on Monday, Labor Day.

Steve Schad and Dave Haag, the top leaders in hobby stock points thus far this season, both started in the last row of the field and wound up making a rout of the 12-lap feature. Schad was second after two laps, behind Phippen-Scholten of Sheboygan, then sprinted to the lead on lap three.

He was making a cake walk out of the race by lap six when Dave Haag of Plymouth raced

into the number two spot and put up a mild threat to Schad. Randy Meyer of Plymouth challenged Haag at the wire but had to settle for third place money in the race.

Sheboygan Falls' Wayne Goetsch fought for the lead right from the start in the modified, A-semi but won easy as he fought off Bill Johnson III of Slinger in the final laps of the 15-lap semi-feature. Al Dirkmann of Whitelaw won the B-semi feature, while Scott Vollbrecht and Mike Akright, both of Sheboygan Falls, won easy wins in the sportsman A and B semi-features.

Jim Becker of Sheboygan won the spectator eliminator race held at the end of the evening.

Eastern Wisconsin puts together a three night package for the Labor Day weekend, starting off with a regular Saturday night program at the Sheboygan County Fairgrounds Speedway, then traveling to the Calumet County Fairgrounds in Chilton, on Sunday night. Labor Day stock car racing will wrap up the weekend with racing back at the Speedway. The 1983 season then concludes September 10th.

Time trials, as usual, begin at 7:00 with feature racing to start at 8:00.

KHS Indians Roll Over Horicon in Opener, 30-0

The Kewaskum Indians opened the 1983 football season at Horicon Friday night by slamming the Marshmen of the Flyway Conference in a non-conference game, 30-0.

The Indians scored in three different ways—three times on the ground, twice via the air and had a 24-yard field goal by junior quarterback Mark Follmann. By halftime, Kewaskum was ahead 23-0 so many of the reserves took over in the second half.

Kewaskum senior running back Jim Braun had a hand in all four of the Indians' touchdowns. The 5-10, 180-pound Braun scored twice on runs, threw a touchdown pass to Dennis Butz, and caught a touchdown pass from sophomore Tim Rohlinger.

Kewaskum received the opening kickoff and right off the bat moved 30 yards in two plays on successive runs of 16 and 14 yards by Braun and Chris Harlow. The drive ended, however, on the next three plays when the Indians picked up just four yards and on fourth down and six from the 28-yard line, Jeff Squier could not hold onto a pass at the 10.

Horicon then picked up two first downs before the Indian defense tightened to set up a punt situation. Soph Craig Wendt never got the ball off as Tim Landvatter came right up the middle to block the punt and recover the loose ball at the Horicon 49.

Just two plays later, Braun turned an off-tackle play outside and outran all the defenders 44 yards to the goal line for the first score of the season. Follmann kicked the extra point to make it 7-0.

A second Marshman drive was stopped at the Indians' 40 and Kewaskum came back with four first downs, the last one at the 8-yard line. But the Indians had to settle for a Follmann field goal after a couple of passes missed their marks.

Penalties hit Horicon on its next series and again Wendt was forced to attempt a punt. This time he bobbled the ball and before he had a chance to kick it, he was knocked down by Harlow, who rushed in from left end. The ball was free and another Horicon player picked it up but was unable to gain but a few yards. So the Indians took over again at the Marshmen's 24.

Horicon was called for being off sides twice. Two plays later Brad Dieringer cut loose for a 13-yard score on the counter play.

On the next kick the Marshmen took over on their own 24. In this series, they were called for three penalties and when Wendt tried to punt, he again dropped the ball and was tackled by the onrushing Rick Heberer and Rich Gaspardo.

On Kewaskum's first play on a play action fake, Follmann stepped back and hit wide open Dennis Butz in the end zone for another score.

With Indian reserves in the game, Horicon controlled the ball much of the second half but did not get farther than the Kewaskum 16 before the second unit defense held on a fourth down pass attempt.

The final Kewaskum tally came with 8:46 remaining when Braun scored another touch-

down, this time on a 22-yard screen pass from Rohlinger, who had taken over the quarterback controls for much of the second half.

Braun was the game's leading rusher with 106 yards in 10 carries. Dieringer had 52 in four carries and Harlow added 50 in 8 attempts. Four others got a chance to carry the ball and coach Mike Fiffick was happy with their efforts, stating all four backs look good. Tackle John Swanson and Squier were praised for good blocking.

Defensively, Braun played almost the entire game at linebacker and ended up being in on 14 tackles. Dieringer had 12 and Landvatter, who shared inside linebacking duties with him, had 8 plus the blocked punt and fumble recovery. Offensively he played well, too for a 5-6, 150 pounder.

Fiffick was also pleased with junior linebacker John Gundrum, who had 7 tackles in the second half, Gaspardo, who gave both defensive ends rests and wound up with 9 tackles, and Rohlinger, who got a chance to play. One thing the coach was displeased was the frequent penalties in the second half which he wants corrected.

This Friday night at 7:30, Kewaskum plays its first home game, taking on Milwaukee Juneau for the first time in another non-conference contest.

West Bend East Wins County Tennis Tournament Held Here

The West Bend East Suns, with three straight dual victories, already under their belts, swept the Washington County Tennis Tournament hosted by Kewaskum Saturday on the Kiwanis Park and high school courts.

Predicted to have a strong team this year, the Suns con-

vinced the other schools from Hartford, Slinger, West Bend West, Germantown and Kewaskum Saturday.

East totaled 42 points, twice as many as second place Hartford. Slinger was the runnerup in the No. 1 singles competition, finished third with 16 points, followed by West Bend West with 14, Germantown 10, and host Kewaskum 2.

The Suns failed to lose a single match all day. Beth Neja, daughter of coach Bob Neja, took the No. 1 singles title. She took early leads by decisive margins in both her semi-final and championship matches before her two opponents came back to tighten up the scores. Against Jackie Mollica of Slinger in the finals, Neja won an easy 6-2 first set victory.

Mollica came back to take the second set, 4-6. In the deciding set, Neja jumped out from 5-1 before Mollica won five straight to take a 6-5 lead. Neja won the next game and the tiebreaker, 7-1.

The No. 2 singles player, Kelly Wickman, who was No. 1 last year, defeated Karen Luthi in straight sets, 6-2 and 6-1. Caryn Levenenz also won in straight sets in No. 3 singles finals while Ellen Mary Handzlik won at No. 4, beating Jane Lauson of West, 6-2, 6-3.

In the doubles finals, like in the singles with the No. 1 unit, Kara Whalan and Jody Dricken won over Hartford opponents by identical 6-2 margins.

Kay Kircher and Carol Schmeling combined for a three set win over a Hartford pair in No. 2 doubles while Jill Zimbal and Debbie Bast took the No. 3 title.

Slinger had two finalists and two consolation winners and Kewaskum's only points came on a bye. Lisa Matenaer at No. 1 singles gave Millica of Slinger a battle in the first round, losing 9-7.

Goodtime League Title to Bartelt Ins.

THURSDAY NITE
GOODTIME LEAGUE
Final Standings

Bartelt Ins.	6-2
Won play off	
Kennelly	6-2
BJ & Co.	4-4
Grand Larson	2-6
Thornton & Schaub	2-6

HIGHLIGHTS

Apologies for lack of report last week. Yours truly was at a 3-day seminar at the Dave Begal school of biased journalism and was unable to get report in on time.

The playoff game between Bartelt Ins. and Kennelly was a real nail biter. The final score was 4 to 3 in favor of Bartelt Ins. The Pfeiffer brothers were locked in a good old fashioned pitchers duel and Mike, the elder, had the better stuff in this key game. Eddie, the younger, appeared to be unusually nervous prior to the game. It was revealed that he was starting a new job the next day and he was a little uptight about that. He is going to be the Wisconsin representative for Friends Of Battered Fish. Good luck on the new opportunity.

Batting coach for Bartelt Ins. Ralph "Cuda" Koth came thru on his promise as line drives were flying everywhere, however mostly in the opponents gloves. Not your fault coach. Key players for Bartelt's were the Duke of Dollar Bay Bill "Spider" Wuebben and Bill "Gruhls" Gruhle who runs the local dairy. Their key hits turned the tide. In the last inning with Bartelt Ins. ahead 4 to 3 Kennelly brought in the heavy timber to hit in a last ditch effort. With the game on the line Hiram "Casey" Justman put himself in to pinch hit.

Mike Pfeiffer threw him his semi-legal super dooper looper pitch and there was no joy in Mudville as the mighty Casey took the count and whiffed. It will be a long winter in the Justman household.

Next year promises to be better than ever. Dome owner Dick Thiemer promised to repair the holes put in the dome by Gino Krueger's fly balls and also take a refresher course in the Andrew Carnegie School of Charisma. Tom Larsen, chief umpire and principal at large won a scholarship at the Jacko Conlin School of Umpiring and the league players sincerely hopes he attends.

PLAYER OF THE YEAR:

Gary "Scooter" Schilling. The acrobatic left fielder for Kennelly had many great fielding plays and was a clutch hitter and also excelled in the fine art of dumping second baseman. He was the leading vote getter for this year's high honor. For his exploits he will receive the coveted bronzed empty ¼ barrel which will be awarded at this year's banquet at the Hyatt Regency in Milwaukee. Congratulations Gary.

Hope to see you all next year.

According to Figgie International's Rawlings Sporting Goods Company, a total of seven teams had better records than the Dodgers and the Yankees who played in the 1981 World Series.
