## Regal Ware Purchases Microwave Cookware Line From Raytheon Co.

Regal Ware, Inc. has purchased the Micro 21 microwave cookware line from Raytheon Company. The purchase agreement involves inventory and tooling for active microwave products and related materials. Included in the

package is patent licensing and some unique manufacturing equipment.

Raytheon is a diversified, high-technology international company headquartered in Lexington, Massachusetts, and is numbered among the top 100

industrial corporations in the United States. It is the fourth largest appliance manufacturer in the U.S. and encompasses such names as Amana, Caloric and Speed Queen. Raytheon's design and engineering expertise pioneered the microwave oven in the late 1940's.

Regal Ware, Inc. is a privately-held, multi-plant consumer product manufacturer based in Kewaskum. The company's housewares products are marketed nationwide and in many foreign countries.

Micro 21 incorporates a relatively new concept in microwave cooking that utilizes metal components to achieve results not possible with traditional microwave cookware. These products are referred to as "active" microwave accessories and promote browning, broiling and frying in a microwave oven. Traditional microwave cookware is commonly known as "passive." The Micro 21 line presently includes a Cooker Steamer, Bake Oven and Fryer, Egg and Quiche Cooker, All-Purpose Grill, 2 Corn Poppers, Espresso Machine and Drip Coffee Maker.

Regal currently markets three lines of passive microwave cookware. These added products will strengthen Regal's impact in the marketplace of this rapidly-expanding segment of housewares.

## Richard Thiemer Receives National Jaycees Recognition

Richard Thiemer, Kewaskum, Regional Director (covering Washington, Waukesha, and Ozaukee counties) for the Wisconsin Jaycees, was honored in Tulsa, Oklahoma, on January 13, at this year's TOYM Banquet. Richard was recognized for outstanding membership growth—his Region ranked at the top in the Nation in October 1983. Shown above is Richard (right) receiving a blue national blazer from National Vice President Ed Malloy.

Each year, at the Congress of America's Ten Outstanding

Young Men, the U.S. Jaycees honor young American men for their contributions to the greatness of our nation and its people. This year's Master of Ceremonies was "Rocky" Bleier, former Pittsburgh Steelers running back and past recipient of the TOYM Award. The entertainment was provided by the Oral Roberts Singers and Orchestra.

This year's recipients include: David Winfield, who signed a multi-million dollar contract with the New York Yankees in 1980, making him

## Man Sentenced to Two Years In Prison for Haney Beating

A rural Campbellsport young man was sentenced last week to two years in state prison for assaulting a man with a pool cue in a May 21, 1983 incident at R-L's Game Room in Kewaskum.

Collin M. Becker, 18, of 2203 Auburn Drive, had pleaded guilty to aggravated battery, a felony, in connection with the act. He was sentenced by Circuit Judge James B. Schwal-

bach in West Bend.

The victim of the attack, Robert L. Haney, 43, of Memorial Drive, Kewaskum, suffered a fractured skull, foreman and nose, and was left blind at the time, according to the criminal complaint. Becker, who was 17 at the time, was waived into adult court in the case.

Mrs. Haney is the owner of Gina's Pizza in Kewaskum.

## Services Held for Col. [Rev. Msgr.] Wm. Mayer

Col. [Rev. Monsignor] William J. Mayer

Retired U.S. Army Col. (Monsignor) William J. Mayer died Monday, January 23, at El Paso, Texas, at the age of 65.

He was born Nov. 29, 1918, in Kewaskum, a son of the late Joseph and Elsie Mayer and graduated from Holy Trinity Catholic School. His seminary studies were taken at St. Francis Seminary, Milwaukee, and he was ordained by Milwaukee Archbishop Moses E.

Kiley on Nov. 30, 1943.

Following ordination, Monsignor Mayer was assigned to St. Monica Parish, Whitefish Bay. On Oct. 10, 1945, he was transferred to St. Anthony Parish, Milwaukee, and on May 20, 1954, he was assigned to St. Agnes Parish, Milwaukee.

Monsignor Mayer became a U. S. Army Chaplain on June 26, 1956, and served 22 years of

## Initial Plans for Town of Wayne Retirement Campus Receive OK

A series of resolutions facilitating the first step development of a satellite retirement campus to benefit the county aged and handicapped were unanimously set into motion by the directors of the Cedar Lake Home Campus nonprofit Benevolent Corporation at its January monthly meeting.

Located on the former Herman Dunst farm on Hwy. D in the Town of Wayne, the campus will be developed to serve the needs of the community retirees and handicapped for retirement living on as independent and purposeful a level as possible with alternate living possibilities.

The first stage of campus development calls for three main thrusts:

One, the beginning of Chapel Hill village with the construction of twelve homes for independent living. These houses will be bordered by a lovely fish-swim pond and the

meditation Great Spirit tepee shaped Chapel now being erected. The village program has proven invaluable in helping the elderly and handicapped

to live as independently as possible for as long as they are physically able.

Two, the main activity two-

story support building, Havenwood Lodge, which will house the gerontological-medical, nutrition, educational and craft-activities centers. The master plan calls for these centers not only to serve campus residents but also the medical, nutritional and inter-generational educational needs of the people of the community.

Three, the first section of the residential portion of Havenwood Lodge which will provide seventy-six apartments for community-type independent living. Sixteen of these apartments will be two-bedroom with the remaining sixty, spacious one-bedroom units. Ultimately the residential lodge, planned in an Indian Thunderbird design, will have one-hundred-forty apartments for the aged and handicapped.

Each Havenwood Lodge apartment will provide the residents with gracious personal living including kitchen with appliances, washer and dryer, shower, bedroom, living-dining area plus underground parking. The community lodge areas to make possible purposeful activities will include: libraries, wood and lapidary workshops, beauty parlor, resident shop, sewing and activity rooms, green house, dining-assembly, plus community rooms, pharmacy and a medical center.

To facilitate its philosophy of preserving and enhancing Havenwood's natural rural beauty of rolling hills, wooden valleys, creeks and wildlife ponds, the board set down a planting policy whereby all trees and shrubs to be planted on campus must be native to Washington County. As on the Cedar Lake Home Campus, the nature trails will be available for study enjoyment by registered youth and community groups as well as campus residents.

The three-million dollar start-up construction budget adopted by the Benevolent Board will provide a campus with priority admission to town and county residents interested in Havenwood Campus residency which it will provide a multitude of services to the town and county residents of all ages.

The President of the Board, Burt Lass, and board members gratefully acknowledge the many hours of knowledge and planning done by the satellite planning committee members including contributions by the Cedar Lake Home Campus residents, staff and special advisors to the committee, Paul Bast and Frederick Yahr of West Bend. The board also appreciates the hours of consultation, study and suggestions given by the members of the town board of Wayne.

active duty at bases in United States, Korea, Vietnam and Germany. At the recommendation of the Military Ordinariate he was named Prelate of Honor with the title of "Monsignor" on May 30, 1972.

When Monsignor Mayer retired from active military duty on July 1, 1978, he took up residence at Fort Bliss, El Paso, Texas, and helped as an Auxiliary Chaplain there until his death.

Last November Monsignor Mayer celebrated his Fortieth Anniversary in the Priesthood with a special liturgy at Fort Bliss.

A funeral celebration was handled through the military at Fort Bliss on Saturday, Jan. 28. A mass was offered in the chapel at Fort Meyers in Arlington, Virginia, on Tuesday, Jan. 31. Burial with full military honors in the chaplain's plot at Arlington Cemetery, Virginia, followed the mass.

A Concelebrated Memorial Mass will be offered on Saturday, Feb. 4, at 11:00 a.m. in Holy Trinity Church, Kewaskum.

Monsignor Mayer is survived by a brother Carl, (Audrey), nieces Kristine (Robert) Deiss and Mary (Kevin) Gumm, all of West Bend; a sister, Mary Jane (Alan) Hermans and nieces, Kathleen (John) McGraw and Ann Hermans, all of Milwaukee, and Joan (Tom) Voigt of Coloma. Another sister, Alexia (Mrs. Robert Ours), preceded him in death.

## Gessner Recognized for School Board Service

By GERRY MUELLER  
Statesman Staff Writer

Byron Gessner (right) of 2062 Maple Tree Road, Kewaskum, was presented a Certificate of Recognition by Herbert Grover, State Superintendent of the Department of Public Instruction, at the Wisconsin Association of School Boards Convention last week.

Gessner was honored for having served in excess of 25 years on various Kewaskum area boards. He took his first post in the mid 40's when he served on the old McKinley School Board. The school was located on Highway D and

Maple Tree Road, Town of Scott.

When the new Beechwood School was built in the early 50's, Gessner served on its board. Later, Beechwood was to become part of the Kewaskum Joint School District, and Gessner was elected to serve on the Kewaskum School Board. During his terms on that board, he served as treasurer for nine years.

When Gessner was asked exactly how many years he had served the district he thought it was close to 27 years. He said, however, he could not be exactly sure. Gessner noted that

goes a long way back and it's hard to go back through all the old records to pin down exact dates.

Gessner noted he enjoyed his years of service and was proud of them "The best part of those years though, was graduation every year, watching another class of Kewaskum students receiving their diplomas."

Gessner left the board in 1982.

## Burglary of Safe, Cash, Car Theft Reported

A safe containing \$500 in cash was taken from a bedroom in the Armand P. Mertz residence, 8305 Fairview Dr., Allenton, between 6 and 9:45 p.m. Thursday while Mertz was at church, according to a Washington County Sheriff's Department report. Also taken was an undetermined amount of change from a bedroom

dresser.

The total amount of the theft was set at over \$900.

A window of the home was broken, according to the report, and the safe, which had wheels, was pushed out a back door through the garage to a waiting vehicle. Footprints in the snow at the scene indicate two individuals may have been involved.

A car belonging to Herman C. Plautz, R.2, Kewaskum, was reported stolen from the West Bend Shopko Department Store parking lot, 1719 S. Main St., shortly after 1 p.m. Wednesday, according to West Bend Police Department records. The car was found abandoned later the same day by a Washington County Sheriff's Department officer on Western Avenue in West Bend.

The car keys had been left in the ignition at the time of the theft, the report said.

Police are continuing their investigation.

## LETTERS TO THE EDITOR...

Attention Town of Wayne Residents:

Please be aware that there will be a public hearing to be held at a meeting of the Washington County Park and Planning Commission in the auditorium of the Courthouse at West Bend, on February 9, 1984 at 7:30 p.m. to be heard and considered:

The petition of the Benevolent Corporation of the Cedar Lake Home Campus for the Conditional Use Permit for the location of a charitable institution/medical facility/residential complex/recreation facility/nutrition facility serving a retirement community and intergenerational educational programs, location: Part of the n $\frac{1}{2}$  of Sec. 35, Town of Wayne, access off of C.T.H. D.

Please be aware that this is a very important meeting for the Town of Wayne residents. This would be a tax exempt building project. Let's fill the auditorium.

A Concerned Taxpayer & Resident

♦♦♦

January 30, 1984

To the people of the Town of Wayne:

As most of you know we have a very big decision to make in the very near future in the Town of Wayne. I believe it will affect everyone and therefore I am asking for your help.

The matter is regarding the "Havenwood Campus" on "The Satellite Village to the Cedar Lake Home" which is proposed for the Kohlsville area.

This hearing will be held at the County Courthouse on February 9th at 7:30 p.m. - there will be notices in the West Bend News.

In order that the Town Board does not make the wrong decision, I urge All of you, as many as possible who can, to PLEASE go to this hearing. I am sure after the hearing things will start happening.

Please help us to decide

either by going or giving us a call and expressing your opinion. This involves everyone.

I am sure there are good points and bad points, so please help. After the hearing there isn't much that can be done.

"This letter is not written to persuade anyone either way, but only for you to guide us the right way."

Leonard W. Peter, Supervisor  
626-2601

## County Christmas Seal Campaign Still Short of Goal

The Washington County and statewide Christmas Seal Campaigns still have not reached their 1983 goals, state campaign chairman Charles W. Chapman of West Bend announced Wednesday.

Washington County, which is at 63% of its goal, needs \$6,395 in Christmas Seal contributions to reach its quota of \$17,000, and the state campaign is \$170,000 short of its \$800,000 goal, Chapman noted.

While emphasizing the great need for additional contributions, Chapman also stressed the importance of measuring the Christmas Seal Campaign in terms of the people it helps, not just in dollars.

"Sending in their Christmas Seal contribution is one of the most important things people can do for themselves, their families and friends," Chapman said.

"The American Lung Association of Wisconsin helps thousands of individuals accomplish something together that they could never dream of achieving alone - effectively reducing the terrible toll that smoking-related disease is taking in our state," he said.

"It's hard to find someone who isn't affected by smoking,"

Chapman noted.

"Four of the five leading causes of death are directly related to cigarette smoking, and a quarter of the population have health conditions that put them at risk in an environment filled with "secondhand smoke," he said. "A fourth of the youngsters in Wisconsin have experimented with smoking by the sixth grade, and a third of the Wisconsin women who become pregnant this year will jeopardize their babies' health by smoking," he said.

"The American Lung Association of Wisconsin has statewide programs to help all these people. We are hoping they won't have to be curtailed due to the shortage of funds," Chapman said.

Although the holidays are over, it's not too late to contribute to the Christmas Seal Campaign, Chapman said.

"Many people traditionally send in their contributions in the early months of the New Year after the hectic holiday season is past," he noted.

Christmas Seal contributions can be mailed to the American Lung Association of Wisconsin, 10001 W. Lisbon Ave., Milwaukee, WI 53222. For further information, call toll-free 1 (800) 242-5160 or 463-3232 in the Milwaukee area.

## Fruit School at West Bend Feb. 16

The 1984 Eastern Wisconsin Fruit School will be held February 16, at the Dillon Inn in West Bend.

Guest Speaker for the school will be David C. Ferree, Fruit Crop Researcher, Agricultural Research and Development Center, Ohio State University. Ferree will present an evaluation of alternative apple orchard management systems and discuss the importance of spur leaves in fruit development.

University of Wisconsin-Extension faculty, Elden Stang, Daniel Mahr and Douglas Maxwell will present updated information of weed, insect, and disease control. The program also will include a session on tree fruit spray equipment presented by technical representatives of sprayer manufacturers.

The Eastern Wisconsin Fruit School is directed toward both established commercial apple growers and people considering production and marketing of apples as a business. Pre-registration by participants is suggested to ensure the proper luncheon and handout material arrangements.

The registration fee for the one day conference including one lunch and educational materials is \$18.50 per orchard or business. The fee for additional persons from the same orchard or business is \$10.00 each. The pre-registration deadline is February 10, 1984 and a \$5.00 late fee will be charged for registrations received after the deadline date.

For further information or to register contact Dan Wilson, Horticulture/Resource Agent, P.O. Box 537, West Bend, WI 53095 or phone 414-338-4480.

## Brewer Pitcher Pete Ladd Highlights Kewaskum Community Night

Brewer reliever Pete Ladd tells the audience about his career. Next to Pete is Kewaskum Community Night organizer and Master of Ceremonies Ruben Oppermann and his wife Pat.

Outstanding Young Man recipient, Roy Peterson [left], is presented his award by Kewaskum Jaycees President, Ken Weyers.

The first annual Kewaskum Community Night was held on Friday, January 20, at the Amerahn Hall. Over 170 people attended this event, which was highlighted by the speech of Milwaukee Brewer reliever Pete Ladd. Many autograph seekers and involved community members enjoyed the evening.

The main emphasis of the evening was a report by each civic group in the Kewaskum area. Short speeches were given by the following people representing his or her organization: Richard Thiemer, Jr. (Police Auxiliary), Vincent Groh (Kiwanis), Trudey Peterson (Junior Woman's Club), Mervin

Thompson (American Legion), Vic Backhaus (Lions), Rita Etta (Woman's Club) Ron Schmitz (Kewaskum and Kohlsville/-Wayne Jaycees), Paul Behring (Chamber of Commerce), Sue Schmitz (AFS), and Ruben Oppermann gave a report on the Kewaskum firemen because Augie Bilgo could not be in attendance.

After a delicious meal and these community reports, Milwaukee Brewer Business Manager, John Counsell, spoke about the Brewers of 1984. There are some new faces on the squad and a new manager, Rene Lachemann. These changes are creating in-

creased enthusiasm and 1984 looks like a very good year for the Milwaukee Brewers. Pete Ladd then spoke about his experiences as a baseball player in high school, college, minor leagues and now as an ace reliever for the Milwaukee Brewers. Pete was gracious enough to sign many autographs and answer a number of questions from those in attendance. The Kewaskum Chamber of Commerce has already begun organizing Kewaskum Night, which will be on June 28th, 1984. Area baseball fans are encouraged to reserve that evening for the Brewers game against the

California Angels. Area restaurants and taverns will be organizing busses and many other people will be driving down to this event themselves.

Capping off the evening was the presentation of this year's Kewaskum Outstanding Young Man Award. Roy Peterson, a math teacher at Kewaskum High School, was this year's recipient. Roy is the coach of Kewaskum High School's very successful chess team, a Driver's Ed instructor, a very active member of the Kewaskum Jaycees as the immediate Past President, a League President, coach and umpire in Kewaskum's Youth Softball and

Little League programs, and active helper of projects run by the Kewaskum Junior Woman's Club, and a good community member and devoted father of three children. The civic organizations of Kewaskum congratulate Roy on winning this honor.

The Kewaskum Jaycees organized Kewaskum Community Night, but it turned into a three community-wide event. Plans for a second annual Kewaskum Community Night in 1985 will begin soon; goals will be increased involvement by the community and a larger attendance. Please consider attending next year.

## West Bend Savings Reports Excellent Results for 1983

West Bend Savings and Loan Association reported excellent results for 1983 at the association's annual Board of Directors meeting held January 18, 1984. Association chairman, Richard A. Larson, reported that net profit before taxes increased by over \$1,068,000 as compared to 1982, and that before tax profit for 1983 was over \$675,000. The association added \$490,000 to its earnings reserve and reported a 12.6% return on its net worth and slightly over .48% on total assets.

Re-elected to three year terms on the association's Board of Directors were Joseph J. Zadra, Chairman of Gehl Company; E. W. Kannenberg of Kannenberg, Kieckhafer and Company; and Lawrence W. Hillman, a Vice President of the West Bend Company.

At the annual meeting Chairman Larson announced the addition of Realty World-Schad Realty, Inc. of Fond du Lac to the association's Financial Resource Group of affiliated companies. Larson also indicated that an additional Dodge County real estate firm is being acquired and an announcement will be made within the next couple of weeks. It was expressed to shareholders that West Bend Savings plans to be vitally active in the real estate, real estate development and mortgage lending markets during 1984.

The Financial Resource Group affiliate, Mid-West Credit Services, Inc. also announced at the annual meeting its joint venture with the Credit Bureau of Milwaukee, Inc. in forming Mortgage Services of Wisconsin, Inc., a full service mortgage credit reporting company. Larson said the new jointly owned subsidiary, in coordination with a new mortgage banking subsidiary to be announced soon, would position West Bend Savings as one of the leading financial institutions in the mortgage lending secondary market of southeastern Wisconsin. The association and its affiliates will not only be active originators of mortgage loans,

but a primary loan processor of their own loan origination and also for other lenders.

In addition to Realty World-Schad Realty, Inc. and Mid-West Services, Inc., West Bend Savings' Financial Resource Group members include Citizens Financial Service Corporation; Realty World-West Grove Realty, Inc.; Citizens Credit Corporation; Citizens/Weis Corporation and A. C. Larson and Company, Insurance Division.

had over \$22,000 in profits from the cookie sale. These profits are used for camping and other Scout Activities.

There are close to 275 Girl Scouts in the Kewaskum area. It is optional for the Brownies to sell cookies.

Scouting gives girls an opportunity to develop their potential, to make friends and to become a part of the community. In scouting, girls work in partnership with adults.

When you buy Girl Scout cookies, not only do you get a good product and an opportunity to help your local troops, you get a \$1.02 per box tax deduction.

If cold weather and snow prevent a Girl Scout from making it to your house you can order any of the seven varieties of cookies by calling the Kewaskum Cookie Chairman, Lois Bartz, at 626-4555 or 626-8116.

The Kewaskum area Girl Scouts began their annual Girl Scout Cookie Sale on Feb. 1 and it will run until Feb. 15. The girls will be going door to door taking orders. When you buy Girl Scout Cookies you will be buying a lot more than delicious cookies, you will be helping to keep the tradition of Girl Scouting alive.

It is a small investment for so much. Last year the net proceeds of Girl Scout cookies sold in the United States totaled \$200 million. The \$1.75 per box is divided with 73c used to pay for the cookies and \$1.02 remaining with the Girl Scout Council and local troops.

Your HEALTH TIP

from Tom Leitzke, R.P.H.

AID FOR DIABETICS

"Putting diabetics on a high-carbohydrate and low-fat diet may reduce their need for insulin, with possible elimination of insulin entirely," notes Dr. Julian Whitaker, director of Calif. Health Treatment Center. "Fat, the enemy of the diabetic, tends to block the natural action of insulin. Complex carbohydrates work in reverse - they boost the effectiveness of insulin." His diet for diabetics calls for only 6 to 12% of calories from fat - the less fat, perhaps the greater the hope for diabetic healing. [More next week]

**Valley Bancorporation Reports 20% Earnings Increase, Dividend Up 14%**

Kewaskum Statesman, Friday, Feb. 3, 1984, Page 9

Valley Bancorporation, parent firm of the 21-member Valley Banks, reported 1983 net income of \$8,319,130, an increase of 20.3% over the \$6,913,733 recorded in 1982. On a per share basis, 1983 amounted to \$3.06 compared with \$2.57 in 1982, an increase of 19.1%. For the fourth quarter, current year net income totalled \$2,055,570, an increase over the \$1,552,682 recorded in the fourth quarter of 1982. On a per share basis, 1983 amounted to \$.76 compared with \$.57 recorded in 1982. Weighted average shares outstanding totalled 2,719,001 in 1983 and 2,687,175 in 1982. Applicable per share

data and weighted average shares outstanding for 1983 and 1982 have been adjusted to reflect the 3-for-2 stock split declared July 26, 1983, to shareholders of record August 26, 1983.

At year end, consolidated assets totalled \$1,022.1 million, an increase of 7.2% over the \$953.1 million recorded a year earlier. Net loans as of December 31, 1983, amounted to \$566.1 million compared with \$514.5 million recorded in 1982. Deposits climbed to \$863.5 million compared with \$794.7 million reported a year earlier. Stockholders equity, showing an 11.4% increase over the

previous year totalled \$58.8 million compared with \$52.8 million recorded a year earlier. On a per share basis, book value at December 31, 1983, totalled \$21.63 per share versus \$19.47 per share recorded in 1982.

At their January meeting the Board of Directors increased the quarterly dividend to \$.25 per share, or \$1.00 on an annualized basis. Previously, Valley's quarterly dividend amounted to \$.22 per share, or \$.88 annualized. This dividend is payable March 2, 1984, to stockholders of record February 24, 1984. In discussing the 14% increase in the per share dividend, Gus A. Zuehlke, Valley's Chairman and Chief Executive Officer stated, "this increase marks the seventeenth consecutive year in which

Valley Bancorporation has increased its per share dividend and supports our philosophy of increasing dividends as Valley continues to increase earnings."

Valley Bancorporation serves Wisconsin through 38 banking locations with trust, data processing, leasing and insurance subsidiaries.

**Wisconsin Residents 60 and Over Invited To Enter Yarns of Yesteryear Contest**

Wisconsin residents who remember the hard work, happy times, and challenging experiences of the "olden days" are invited to enter their reminiscences in the eleventh annual YARNS OF YESTERYEAR Contest, which began January 1, 1984.

Sponsored by the University of Wisconsin-Extension Arts and the Wisconsin Regional Writers Association, the contest is open to all Wisconsin residents, age 60 and over. Entries may tell of family, friends, or activities of bygone days or they may be historical stories with a personal slant.

Entries must be postmarked no later than March 1, 1984. Only one manuscript, original and unpublished, may be submitted. It may be typed or neatly handwritten; the word limits are 500 to 1500 words. Since manuscripts will not be returned, contestants are advised to make and keep a personal copy.

Entrants are also asked to prepare a separate cover page with the title of their manuscript, their name, address (including county) telephone number, age (optional), the name and address of their local newspaper, and the number of words in their entry.

Prizes ranging from \$25 to \$5 will be awarded the top ten winners at the Wisconsin Regional Writers Association Spring conference in May. Ten

memberships in the association and twenty honorable mention certificates will also be awarded. Additional cash awards will be given by Stanton and Lee Publishers for the best entries in the "Winners' Circle," a special competition for those who have previously won contest prizes. The Alice Converse Award of \$10 will be given to the oldest contestant submitting an entry.

Judges for the contest will be: Howard Kanetzké, School Publications Editor, Wisconsin State Historical Society; Frank Custer, local history buff and feature writer for several Madison publications; Elizabeth Durbin, former editor of the Ocooch Mountain News and

Wisconsin Academy Review; Clarice Dunn, free lance writer and first YARNS OF YESTERYEAR Contest Director; and Mark Lefebvre, Editor-in-Chief, and Doug Bradley, Editor, of Stanton and Lee Publishers, Inc.

Entries or requests for further information about the contest may be sent to Gen Lewis, Director, YARNS OF YESTERYEAR CONTEST, 610 Langdon, Room 722, Madison, WI 53703.

For ideas and suggestions as to the types of stories to write, contestants may wish to read selections in WE WERE CHILDREN THEN, volumes I and II, the anthologies of previous YARNS OF YESTERYEAR Contest entries, available at bookstores and libraries throughout the state.

**KM Lutheran High to Present Musical 'Brigadoon'**

Kettle Moraine Lutheran High School will be presenting the Lerner & Loewe musical, "Brigadoon" on Friday, March 9, Saturday, March 10, and Sunday, March 11. Each of the three performances will begin at 7:00 p.m. Ticket prices are \$3.00 for adults and \$2.00 for grade school children. Pre-school children are admitted free.

The storyline of the musical centers around Brigadoon, a village in the Scottish Highlands with an unbelievable secret. Two hunters happen upon the village, and one of them falls in love with a village

"lassie." During his stay, however, the hunter discovers the village's secret, and is faced with a difficult decision. His choice leads to a dramatic yet beautiful conclusion.

The students who were chosen for the leads are Jenny Bohlmann of West Bend (Fiona MacLaren), Gary Heckendorf of Jackson (Tommy Albright), Craig Erickson of Jackson (Jeff Douglas), Lori Kahrs of Grafton (Meg Brookie), and Matt Lober of Jackson (Charles Dabrymple).

Tickets may be ordered by calling the high school at 677-3877, or by writing to "BRIGADOON," 3399 Division Road, Jackson, Wisconsin, 53037. Please enclose a check for the correct amount made out to "DRAMA" when ordering by mail.

## 25 Years Ago

January 30, 1959

The Kewaskum Business Association monthly meeting was held last week with approximately 30 members present. The group formulated plans for a Farm-City Day to be held on March 21 in the new high school. This very informative and entertaining program will be conducted in cooperation with the local FFA chapter headed by Bernard Murray, high school agriculture instructor; Maurice Hovland, county agent; and the Kewaskum Business Association. Two guest speakers from the University of Wisconsin have been engaged for the program and also in attendance will be the 1959 Alice in Dairyland, Miss Barbara Haslow.

Honor roll students at Kewaskum High School for the first semester, which ended January 16, have been announced as follows: Freshmen

— Diane Becker, Edward Ferber, Ronald Gross, Leon Guntly, William Koepke, Hollis Kohl, Dona Mueller, Elaine Redig, Mary Reindl, Allan Rinzel, Carol Schladweiler, Dennis Vetter. Sophomores — Martina Du Charme, Nancy Held, Nancy Hirsig, Robert Kroncke, Jolene Miller, Celine Simon. Juniors — Kenneth Johnson, Judith Rinzel, Margo Weiss. Seniors — Cynthia Landmann, Pamela Nolting, Alice Schwind, Jonathan Weber.

Winter Wonderland? That's what we have here with approximately 12 inches of snow on the level in the past 2 weeks as we are "enjoying" one of the most severe winters in years. It isn't only the snow, but we have already had 22 days of below zero weather with plenty of winter remaining.

A daughter was born to Mr. and Mrs. Lloyd Hron, Kewaskum, on January 26. A son was born to Mr. and Mrs. Biersack, Kewaskum, on January 27.

Erna Lubitz, Patti Brauchle, Irene Backhaus, Alfred Holzmann and Erhard Schultz.

Gust. Rauch of Elmore, Town of Ashford, paid the Statesman office a visit last week and said one day last week he saw three meadow larks and a blue bird. This is another sign of an early spring in spite of the fact that a cold snap paid this section of the country a visit last Sunday, Monday and Tuesday. On Monday morning the mercury dropped to 18 degrees below zero, followed on Tuesday morning by 12 degrees below zero.

A very pretty wedding took place at the Dundee Trinity Ev. Lutheran Church, January 27, when Miss Martha Ebert, daughter of Mr. and Mrs. Fred Ebert, and Edwin Schiltz of the Town of Scott were married.

The Holy Trinity Church congregation held its biennial meeting on January 21, and re-elected the following named officers: Treasurer, A. P. Schaeffer; secretary, John Marx.

## 75 Years Ago

January 30, 1909

Miss Martha McLaughlin, daughter of Patrick McLaughlin of Kewaskum and Barthol Serwe were married here at the Holy Trinity Church last Tuesday morning.

Traffic on this division of the Central and North Western Railway was delayed for several hours yesterday on account of the engine on the way-freight and two cars jumping the track at Rockfield.

Mrs. Jacob Rimmel accidentally broke her arm yesterday morning while going down the cellar stairs at her home.

A baby girl was born to Mr. and Mrs. Charles Buss last Wednesday.

## ASCS Announces '84 Wheat Program

Hilbert Scheunemann, Chairman of the Washington County ASC Committee announced provisions of the 1984 wheat program and set the sign-up period from January 16 through February 24.

The 1984 wheat program includes a \$4.45 per bushel target price and a \$3.30 per bushel national average loan rate. An acreage reduction requirement of 30 percent will be required and no advance deficiency payments.

To be eligible for program benefits, producers must limit 1984 wheat planted acreage to no more than 70 percent of the farm's wheat base and devote to conservation use an acreage of eligible cropland equal to 42.86 percent of the 1984 planted and payment-in-kind (PIK) acreage.

The 1984 acreage base will be the average of the acreage planted and considered planted to wheat in 1982 and 1983.

Farmers participating in the acreage reduction program may divert an additional 10 to 20 percent of their wheat base and receive payment-in-kind equal to 75 percent of the established yield times the acres diverted.

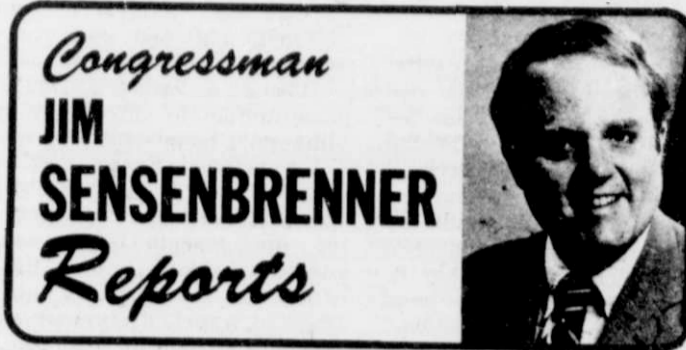

PIK program participants will not receive wheat from Commodity Credit Corporation stocks. Producers signing up in the PIK program will agree first to use their outstanding reserve or regular CCC price support loans. Producers with no outstanding loans agree to harvest for PIK. Those producers with no outstanding loans and who are unable to harvest for PIK will not receive a PIK payment.

Haying will not be permitted on the conservation use acreage. However, the acreage may be grazed except during the six principal growing months.

Offsetting and cross compliance will not apply to the 1984 program.

There will be no immediate entry into the farmer owned reserve for the 1984 crop of wheat. Further, USDA intends to review the size of the reserve before regular price support loans for the 1984 crop reach maturity. A ceiling may be placed on the size of the wheat reserve at that time which will effectively preclude entry of the 1984 crop into the reserve.

Contracts signed by program participants for either the acreage reduction or PIK program will be considered as binding and will provide for liquidated damages for failure to comply with program requirements.

### CONSUMER INFORMATION

If Alexander Graham Bell were alive today, would he know how to choose between buying a telephone and renting one? He would know that and much more if he had a copy of **How to Buy a Telephone**.

This new guide, developed by the Consumer Electronics Group of the Electronic Industries Association in cooperation with the United States Office of Consumer Affairs and the Consumer Information Center of the U.S. General Services Administration, is now available free to consumers. For your copy of **How to Buy a Telephone**, send a postcard to the Consumer Information Center, Dept. 76, Pueblo, Colorado 81009.

As you may know, you don't have to buy a phone. You can keep on renting the phone that you have in your home already. However, it is legal to buy and if you do, you can save anywhere from \$20 to \$60 a year, depending on which type of phone you have and where you live. You may either buy that same phone you have been using or go out and buy a new one.

If you decide to buy, ask about warranties. Some are as short as thirty days, while others can last for five years. Does the phone have a full warranty that covers any problem or is that warranty limited? Can the phone be repaired locally both under warranty as well as afterwards, or will it have to be shipped to the factory? And to avoid repairs, you may want one of your phones to be a basic standard model with solid construction and a good repair record. Avoid phones with a permanently attached cord because if it breaks, the whole unit must be fixed.

There is one other point about repairs: Unless you still rent your phone, you must take it in to be repaired. The telephone company is only responsible for repairs to the telephone lines that lead up to your home.

There are many other things to consider when buying a phone. If you have any questions, don't hesitate to order a free copy of **How to Buy a Telephone** from the above address.

### Fond du Lac MPTI Offers Bulk Milk Hauler Training

A new course is being offered by Moraine Park Technical Institute's Agriculture Division this winter. Bulk Milk Hauler Training is being conducted to prepare milk haulers, weighers, and samplers to take the licensing exam required by the Wisconsin Department of Agriculture, Trade and Consumer Protection.

The one-evening session will be held Wednesday, February 15, 1984 from 6:00-9:30 p.m. at the Fond du Lac MPTI Campus. The licensing exam will be held a few days later at the same location. Call (414) 929-2100 to register for this class. Co-operating with the MPTI Agriculture Division on this class are the University of Wisconsin Department of Food Science and the Wisconsin Department of Agriculture, Trade and

Consumer Protection - Food Division. The fee for this course is \$3.55. Contact Phil Rasmussen, Agriculture Coordinator, if you have any questions.

## Schad Realty Joins West Bend Savings Financial Resource Group

Realty World-Schad Realty, Inc., a Fond du Lac based real estate sales company, has become the newest affiliated member of West Bend Savings' Financial Resource Group. The announcement was made by Russell H. Schad, president of Schad Realty and Richard A. Larson, president of West Bend Savings and Loan Association.

The Financial Resource Group is a financial service organization which includes real estate brokerage services, real estate management services, residential construction, land development, land consulting and planning, land surveying, real estate appraisal services, real estate mortgage lending, commercial business lending, consumer lending, credit reporting, debt collection and computer services. Citizens Financial Service Corporation with which these services are affiliated, is a wholly owned subsidiary of West Bend Savings and Loan Association, one of the state's more innovative and aggressive savings and loans in the new deregulated financial business field.

Business development, new financial service products, expanded real estate services and the financial muscle to implement these programs were the main reasons that the stockholders of Schad Realty initiated the expansion and new affiliation. According to Schad, "being linked to financial expertise, products and service is the direction the current real estate market trend is headed, and our stockholders felt the company should seek out an affiliation with leaders in the industry that operate under a business philosophy similar to Realty World-Schad Realty."

Realty World-Schad Realty, Inc., a member of the Realty World organization - one of the country's leading real estate franchise groups, is the second oldest existing Realty World franchise in the Wisconsin Region. As one of Wisconsin's more rapidly expanding brokerage groups, Realty World recently developed a statewide group of real estate offices in conjunction with a number of Wisconsin's leading savings and loan associations. Schad indicated that, in addition to the company's new affiliation with the Financial Resource Group, the Realty World organization provides the input, resources and products of one of the nation's largest investment banking firms and real estate organizations. The Realty World Organization is operated in Wisconsin and eleven other

states by Williams Financial Company, which is very prominent in Wisconsin, Minnesota, Florida and Texas.

The national Realty World organization is owned by Thomson McKinnon Securities, Inc., the seventh largest investment banking firm in the nation and they, in turn, are affiliated with ITT Corporation and the Hartford Insurance Company, two of the largest companies in the world.

One of the immediate evidences of this new affiliation is that Realty World-Schad Realty, Inc. will serve as the Fond du Lac headquarters for RW Mortgage Corporation, a state-wide Mortgage Banking Company jointly owned by the Realty World organization and a group of Wisconsin savings and loans.

RW Mortgage Corporation was developed by the Realty World organization and the savings and loans to keep Wisconsin investment funds available to consumers and residents of Wisconsin, and to bring in new money from out-of-state to help finance the growth and development of Wisconsin. The RW Mortgage Corporation, working through West Bend Savings and Loan Association, Citizens Financial Service Corporation, the Financial Resource Group and Schad Realty, Inc. will provide Fond du Lac residents and home buyers with a wide array of mortgage programs including low cost adjustable home mortgages, long term fixed rate mortgages, and a variety of FHA and VA mortgages, along with many other innovative home mortgage programs.

Richard A. Larson, president of West Bend Savings and Loan Association and the Financial Resource Group, indicated that too many lending institutions were expanding into the country's sunbelt area thus diverting Wisconsin funds. According to Larson, RW Mortgage Corporation will make available a virtually unlimited amount of cash for real estate development in the state and will bring Wall Street money, through Thomson McKinnon Securities to Wisconsin. Schad indicated that the new corporation would be operational during the first quarter of 1984 and that the Schad Realty office would service loans for Realty World brokers, other real estate brokers, financial institutions and individuals throughout the lower Fox River Valley area. Schad also indicated that loan officers and an expanded sales

force would be added in the immediate future.

West Bend Savings' Financial Resource Group has developed affiliations during the past year with two other major real estate organizations. In early 1982 Realty World-West Grove Realty, Inc., headquartered in West Bend, and one of Washington County's major independent real estate firms which is locally owned and operated, became affiliated with the Financial Resource Group. And, in early 1983 the A. C. Larson and Company real estate operation was merged into the West Grove realty operation. During the past year this combined organization became Washington County's largest home seller, both in number of sales and in dollar volume, and was able to provide effective home financing for their buyers. Schad indicated that this same program would be developed in his office in early 1984 and should help make Realty World-Schad Realty, Inc. one of the predominant real estate firms in the Fond du Lac market. Additional financial services are scheduled to be added during the forthcoming year.

Realty World-Schad Realty, Inc. will continue to operate at their present location at 555 East Johnson Street, Fond du Lac.

## Matching Funds Available for Fire Departments

Wisconsin communities under 10,000 population are eligible for federal matching funds for projects to upgrade their firefighting capabilities.

Last year, 102 grants totalling \$82,000 were made to assist newly formed fire departments, for mobile radios for fire trucks and for personal safety equipment. Money is not available for the purchase of buildings or fire trucks.

In 1984, grants will be awarded for organizing new fire departments, acquiring mobile communications equipment compatible with the state governmental radio plan, fire prevention projects, personal safety equipment, training, and to equip trucks to National Fire Prevention Association standards.

Local fire officials desiring to make application for the matching funds are asked to contact their local ranger or Department of Natural Resources Area Director. Information is also available from Marshall Ruegger in Madison. Telephone (608) 266-0615.

## County DAR Chapter, State to Observe American History Month in February

Governor Anthony Earl has officially designated February as American History Month in Wisconsin.

Earl's proclamation, signed January 11 in Madison, urges schools, communities and citizens of the state to "reflect on America's past, celebrate achievements to this country and resolve to work for the betterment of the nation."

In Washington County, the Joseph Marest (ma.ray') chapter of the Daughters of the American Revolution is also asking citizens of all ages to learn more about their heritage through reading the exciting stories of America, visiting historical sites and promoting local history.

The National Society Daughters of the American Revolution sponsors American History Month throughout the country each year.

A special focus of the DAR has been the signing of the Treaty of Paris in 1783. The treaty, ratified in 1784 by Congress and Britain, marked the official end of the American Revolution, and the entrance of the United States into the world of international diplomacy.

The treaty addressed the subject of peace, not revolution. The American commissioners who signed the treaty—Benjamin Franklin, John Adams and John Jay, are referred to as "peacemakers."

By the signing of the treaty, the United States gained vast lands west of the Mississippi River and established the nation's northern border line. Fishing rights in Newfoundland and in the Gulf of Saint Lawrence were also established for the U.S.

The 1783 Treaty of Paris, celebrated by the DAR 200 years later as the "Inde-

pendence Jubilee," has been a special topic at meetings of DAR members nationwide and locally.

Jennie Lou Hawkins of the Joseph Marest chapter here, who is also historian for the state organization, recently reminded chapter historians that: "It has been pointed out that battles of war are not concluded until diplomats work together to secure peace."

So it was with the Treaty of Paris, signed nearly two years after the British defeat at Yorktown.

The DAR, whose members are descendants of men and women who aided in establishing American independence, has a threefold objective of promoting historical, educational and patriotic endeavors. The national society supports six schools in the south and in Massachusetts, offers one of the largest genealogical libraries at its Washington, D.C. headquarters, sponsors scholarships, and promotes many other patriotic and educational activities.

In Wisconsin, the Wisconsin Society Daughters of the American Revolution have restored and now maintain the surgeon's quarters at Portage, Wisconsin. The historic building is the only one remaining of Fort Winnebago which was built in 1828. Surgeon's Quarters, a house built between 1819 and 1828, was used as a store until Dr. Lyman Foote arrived in 1834. It overlooks the site where Louis Joliet and Father Jacques Marquette left the Fox River at the east end of Wauona Trail in 1673.

## Minutes of Village Board Meeting

Mid-Monthly Meeting  
January 16, 1984  
8:00 p.m.

The Village Board of Kewaskum, Washington County, Wisconsin, met in Mid-Monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. All Trustee Members were present.

On a motion by Trustee Richard Schmidt, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board approved the minutes of January 3, 1984.

Trustee Mary Krueger asked about the use of the blue light on the squad car. It was noted that May 1, 1984 was the set time for use of the new light, with a 90 day notice of such use. The 90 day - class 2 notice has been compiled with. The basic reason for the early change over was the required replacement of the light bar and a cost savings for not having to purchase two sets of shields.

On a motion by Trustee David Nigh, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board authorized the advertising for bids on a 1984 garbage truck chassis and the remounting of the container handling device, with the bids to be opened February 20, 1984. Also for bids on a 1984 truck chassis and dump box with the bids to be opened April 2, 1984. It was noted that the funds for both vehicles have been budgeted and that both specifications have been reviewed and recommended by the Public Works Committee.

Administrator Schmidt reviewed several items with the Board.

I. A recycling meeting for January 18, 1984 at 7:30 p.m. at the Farmington Town Hall.

II. The installation of the energy saving window progress for the Municipal Building. (work to begin on windows January 17, 1984). It was noted the library would be closed January 27 and 28 for the replacement of those windows.

On a motion by Trustee Paul Blumer, seconded by Howard Laubenstein and unanimously carried by voice vote, the Board approved the hiring of Colleen Shaw for the secretary and to start at \$4.50 per hour progressing to the minimum level of that grade in approximately one year, as recommended by the Administrative Committee. It was noted that a total of eight applications were received of which three were interviewed.

Trustee Howard Laubenstein, chairman of the Protection and Public Safety Committee, informed the Board that an agreement was being worked on with the snowmobile club to provide limited access to the trails. It was noted that another meeting with them was planned and he would report back to the Board at a later meeting.

Trustee Mary Krueger, the Library Board Representative, reported that the Friday hours for the Library will be changed effective February 3, 1984. The new hours will be 12 noon to 6:00 p.m.

President Gerald Stollenwerk described the next scheduled Mid-Moraine meeting with the Board and instructed those wishing to attend to let the Administrator know by Friday,

January 20, 1984.

Motion was made by Trustee Paul Blumer, seconded by Trustee Mary Krueger to adjourn the meeting. Roll call vote was 7 "Aye," 0 "Nay," and 0 "Absent." The motion was carried unanimously.

Daniel S. Schmidt,  
Administrator

## 4-H NEWS

By Bob Stodola  
4-H and Youth Agent

### REGISTRATION IN FEBRUARY FOR 4-H FORUM ON LEADERSHIP

Leadership is more than just a word to 4-H'ers. It's a cornerstone supporting programs and activities at every 4-H level - local, state and national.

Because leadership is so important, not only to 4-H but to the communities 4-H'ers live in the 4-H Youth Development Program Area and Wisconsin 4-H Foundation will hold a "Wisconsin 4-H Leader Forum," March 22-24, at the University of Wisconsin-Madison's Lowell Hall.

The forum will emphasize personal development experiences. The two days will include leadership training and idea sharing for 4-H leaders from other counties, as well as state resource people. Any and all who work with youngsters on a club level are invited, regardless of whether they are club, project or activity leaders.

The 4-H "backbone" - volunteer leaders - will be the subject of a talk by Charles Koval, dean of the Wisconsin Cooperative Extension Service, on Thursday night.

Richard Tepp, Friday morning's keynote speaker, will discuss motivation and personal development - in short, success! Tepp, president of Slight Edge Associates and administrator in the Seymour community schools, is a popular speaker and consultant on the subjects of self-motivation, leadership and goal setting. In addition to the morning speech, he will conduct a workshop, "Motivating 4-H'ers to their Fullest Potential," twice on Friday.

Other highlights of the forum will be "Involving Handicapped and Special Needs Youth in 4-H Clubs," fundraising, balanced Life-Style Approach, Sharing Leadership, Volunteer Liability, Low-Cost Projects and Activities for 4-H Families, Recruiting New Members through Marketing, Educational Value of 4-H Records, Horsing around with Communications, Effective Listening, Working with Teenagers, 4-H Program Planning, and Recreation at Meetings.

Optional tours of Madison sights such as the State Capitol and State Historical Society will start at 1:30 p.m., Thursday. Registration begins at 4:30 p.m. with a kick-off dinner at 6 p.m. in Lowell Hall. The Forum will end with a wrap-up luncheon and speech by Jerry Apps, chair of the UW-Madison Department of Continuing and Vocational Education, at 11:45 a.m. Saturday.

A Washington County 4-H Leaders Association Scholarship covers the \$60.00 workshop fee. Registrations were due to the County 4-H Office by February 1.

## Economic Emergency Loan Program Is Reinstated by FmHA

The Farmers Home Administration (FmHA) resumed making economic emergency loans on December 22, 1983, according to FmHA County Supervisor Ray A. Ellenberger.

"Economic emergency loans are designed for farmers who are in a cost price squeeze or face other financial difficulty beyond their control," Ellenberger said. "In other words, the loans are for a financial emergency rather than a natural disaster such as a drought or flood."

The economic emergency or "EE" program was in operation from 1978 to 1981. The program expired in 1981 but was later reauthorized by Congress. It is being reopened under an order by the U.S. district court in Washington, D.C.

"Under the program, loans will be available to farmers who are suffering an economic emergency through no fault of their own. They must show that they have tried unsuccessfully to get a loan from another source before coming to FmHA and that they can repay the loan over a period of time, depending on the use of the funds. The funds can be used to finance 1984 crop production, to refinance delinquent farm and family operating debts and related uses," Ellenberger said.

The interest rate for direct loans fluctuates with the cost to the Government of borrowing money. The interest rates for guaranteed loans, which are made by commercial lenders and backed by the Government, are negotiated between the borrower and the lender.

Applications for economic emergency loans will be available at the FmHA county office located at 2361 West Washington Street, West Bend, WI 53095.

## ... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

### MEDICARE RATES GO UP

The Medicare hospital insurance deductible, the amount a Medicare patient is responsible for when he or she first receives hospital inpatient services in a benefit period, will increase to \$356 in 1984, David Becker, Social Security Branch manager in West Bend, said recently.

The 1983 deductible was \$304.

Also scheduled to increase are the per day amounts patients are responsible for after certain lengths of stay in a hospital or skilled nursing facility.

After 60 days of inpatient hospital care in a benefit period in 1984, Medicare will pay for all covered costs except \$89 a day. The 1983 figure was \$76.

For each reserve day of inpatient care, Medicare will pay for all covered costs except \$178. The 1983 figure was \$152.

After 20 days of care in a skilled nursing facility,

Medicare will pay all covered costs except \$44.50 a day. The 1983 figure was \$38.

Also scheduled to increase is the basic monthly premium for Medicare medical insurance, the part of Medicare that helps pay for doctors' services and other medical services. The basic 1984 premium will be \$14.60 up from the 1983 figure of \$12.20. Some people will pay more because the basic premium is increased 10 percent for each year a person could have had this protection but did not.

Finally, the basic premium for hospital insurance, paid by people who do not otherwise qualify for this protection, will rise to \$155 for 1984, up from the 1983 figure of \$113.

More information about Medicare or about Social Security can be obtained at any Social Security office. The telephone number is 1-800-242-9946.

## TODAY'S AGRICULTURE

By Jack Trzebiatowski, Washington County Agricultural Agent

A New Year's resolution for every farmer ought to be to keep good records in 1984. An adequate, complete, up-to-date record system is an important part of any farm business.

Records are needed to provide information necessary for taxes, business analysis and other farm management decisions. It seems that every year tax laws are changing, and with new farm programs developing, it's more important than ever to have a record system that will provide the needed information. When tax time comes, it will be much easier to complete your taxes and you will be able to use the tax laws available to you if you have the right information.

Records can be extremely helpful in providing information to analyze the farm business. It helps point out strengths and weaknesses, and can be helpful in making decisions. It takes

just a little bit more effort to provide information for management and decisions than it does just to meet tax needs, but the extra effort can pay large dividends.

There are a number of record systems available including computerized systems and hand record systems. The Washington County UW-Extension office can provide information on the DHIA Electronic Farm Record System. We also have available a series of farm and home record books that can be used to record the necessary information for tax and business analysis purposes.

If you need a new system for 1984, contact the Extension office for more information about the Electronic Farm Record System, or pick up copies of the record books which are available at a small charge.

**Pattern Fitting Shortcuts Seminar In County Feb. 14**

New techniques to save the home seamstress hours of time and hints to help produce better-fitting garments will be demonstrated at a three hour seminar on Tuesday, February 14, 1984. There will be two sessions offered, one from 1:00 to 4:00 p.m. and the second from 6:30 to 9:30 p.m. The seminars will be held at the Washington County Courthouse Auditorium in West Bend.

Nancy Ziemann, a professional home economist, will teach the quick and accurate methods of altering patterns using wax

paper and a tracing wheel. No longer will the home seamstress alter her patterns by cutting them apart. Both slack and dress pattern alterations will be covered in this "hands-on" workshop. Each person will be supplied with 1/4 scale patterns to practice these new techniques.

This seminar is being sponsored by the University of Wisconsin Extension, Washington County.

There is a \$6.00 fee per person for the three hour seminar. Pre-registration is required by February 7. To register for the Pattern Fitting Shortcuts seminar, call the Extension Office at 338-4479; 644-5204 or 342-2929.

**KEWASKUM 4-H CLUB**

The January 12 meeting was called to order by our Vice President. The 4-H pledge was led by Mike Carron and the American pledge was led by Shelly Carron. For our January activity we decided to go swimming at the YMCA on January 28. We can bring a friend. We will also stop at McDonalds.

May 6 is Music and Drama Festival.

April 16 is our Poster Contest. The theme is safety.

We contributed 25c a member to the 4-H county. This was accepted by Becky Manthei and 2nd by Shelly Carron.

Refreshment committee for next month will be Holli Etta and Jenny Bauer.

Our meeting was adjourned. For entertainment we played musical chairs.

Then refreshments were served.

WHAT DO  
ALL THOSE  
LETTERS  
MEAN ?

Most of the names for governmental agencies are so long that we only use the initials. This makes it very hard for most people to figure out not only what the letters mean, but also who to contact when they have a question.

The following table has been put together by the Washington County Conservation Office to help you decipher some of the various combinations of letters you often see, and to understand the role of each agency as it relates to conservation.

It should be noted that this is far from a complete list since very effective conservation is also accomplished through inland lake protection and rehabilitation districts, sanitary districts, civil townships, villages or cities, the Wisconsin Department of Health and Social Services, the U.S.

Environmental Protection Agency and others. The table lists some of the agencies that most commonly work with resource conservation county-wide. Some are fairly new, some keep expanding their programs, and some have been around a long time. But they all are too often misunderstood. Hopefully this table will help clear up some of the misunderstandings and act as a reference for future related questions.

While this does not suggest that conservation can only be accomplished by cooperating with a government agency, it does support the old saying "where there's a will, there's a way." These agencies were formed in our own interests and are supported by our tax dollars. It's about time we find out what they are all about.

**Scholarship  
Deadline Mar. 15**

Junior and senior class high school students who are interested in applying for \$1,000 college scholarships should request applications by March 15, 1984 from the Educational Communications Scholarship Foundation, 721 N. McKinley Road, Lake Forest, Illinois 60045.

To receive an application, students should send a self-addressed, stamped envelope with a note stating their name, address, city, state and zip code and approximate grade point average. Fifty award winners will be selected on the basis of academic performance, involvement in extracurricular activities and need for financial aid.

## Broken Valve Causes Loss of Some 165,000 Cohos at State Fish Hatchery

A broken valve, probably caused by recent sub-zero temperatures, has caused the loss of some 165,000 six-inch cohos at the state's Lake Mills Fish Hatchery. Department of Natural Resources fish managers saved another 57,000 fish.

DNR Southern District Fish Manager Gordon Priegel said that the loss of the fish was disappointing but emphasized that there would only be a limited impact on Lake Michigan fishing.

The loss represents only a very small portion of the state's annual program to stock 7.6 million fish in the lake. Priegel said, and is even small in the context of the multi-state Lake Michigan coho stocking program of 2 million coho annually.

"There will be no impact on Lake Michigan fishing this year," Priegel said, "and the impact next year — when the coho would have been legal size — should be limited if you look at the big picture."

DNR Fish Management Director James Addis said the loss postpones for a year the state's plans to increase Lake Michigan coho stocking. Last year Wisconsin stocked 216,000 coho. With the loss of the Lake Mills fish this year's stocking still will be about 200,000, he said. "This is a setback but does not change our long-term plans to improve the Lake Michigan fishing," Addis said. This year, the state had planned to stock 360,000 coho from Sheboygan south.

Priegel said a lack of aerated water thought to be caused by a broken valve in a series of underground pipes killed the hatchery fish. A DNR hatchery crew was at the site digging up the ground surrounding the pipes to trace the exact cause of the problem and make repairs.

The fish, weighing a total of 12,000 pounds were asphyxiated when aerated water failed to reach the outdoor tanks where the fish were being kept. The dead fish were disposed of in a sanitary landfill.

Seven thousand of the fish were saved by aerated water hosed from a hydrant into the hatchery's rearing tanks by the Lake Mills Fire Department about an hour after DNR staff members discovered the die-off. Later these fish were transported by truck to Racine, about 2 months earlier than planned. Another 50,000 of the saved fish are suffering severe stress and may not survive.

DNR receives its coho salmon eggs free from Michigan. The eggs are hatched and the young fish raised for about 17 months, when they are released into Lake Michigan in late March or early April at locations ranging from Manitowoc to Kenosha. Cohos have a three-year life cycle but are unable to naturally reproduce in Wisconsin waters. They reach up to 15 pounds in Lake Michigan.

Cohos were first stocked in Lake Michigan in the 1960's to help rid the lake of nuisance alewives and to provide a sport fishery. The fish contribute greatly to Wisconsin's popular spring fishing season, Priegel said.

DNR began operating the hatchery last April after arranging a five-year contract with the U.S. Fish and Wildlife Service, which had formerly operated the hatchery until

federal budget cuts forced the agency to curtail its stocking efforts.

## HEATING WITH WOOD

by Rick Kingsbury  
[First in a series]

Q. After spending more than a few evenings shopping for a wood stove, to cut our heating bills this winter, I have become more confused than when I started. There are so many models on the market I can't begin to sort them out. What type of stove is the best buy?

A. This is a question for which there is no pat answer. The heating capabilities and features of various wood stoves vary wildly, and for good reason. They must meet the needs of a wide range of situations, from large drafty houses to small, well insulated, nearly air tight homes.

The first thing you must do is to determine the heating requirements of your home. When you shop for a stove you should carry along a rough sketch of room layout and total square footage in your home.

You should be concerned with three basic concepts. First is "heating capacity." This refers to the maximum amount of BTUs the stove can put out during a specified period of time. Second is "heating

efficiency." Heating efficiency is the percentage of heat that is actually transferred to your home (the rest goes up the chimney). Third, what is the length of time the stove must go between loadings? This can make a big difference if your entire family is gone all day.

Generally, thick walled, cast iron or steel stoves with controlled combustion (adjustable dampers and air inlets), will deliver a more constant heat output over a longer period of time. The so called air-tight stoves, those that allow a minimum of combustion air, will give you a longer burn on a single loading. They do, however, create more creosote in the chimney. More on this in later columns.

The less expensive thin walled stoves will warm up very quickly, but by the same token, cool off rapidly when the fire dies down. This causes an alternating too hot, too cold effort in the home. It may actually be a benefit in more temperate climates where a quick warm-up in the morning is all that is needed. Thin walled stoves will not last as long as the more heavily built models.

Possibly you might consider an ad-on stove which can make use of an already present forced air system. It would deliver heat more evenly to all parts of your home.

This is just a brief overview of wood stoves. It is impossible to do justice to each type in one column, but they will be covered as the questions arise. Entire books have been written about the subject and it would be a good idea to do a little reading

before you make a purchase.

Do you have a question about wood heating? Send it to: Rick Kingsbury, P.O. Box 72, Conklin, Michigan 49403.

### VOTING BY ABSENTEE BALLOT

Any qualified voter, unable to get to the polling place on election day, may ask to vote by absentee ballot. A qualified voter is one who is a U.S. citizen, will be 18 years of age or older on election day, and who has resided in the ward or municipality where voting is desired to be accomplished for at least 10 days prior to the election. If the voter resides in a municipality which requires voter registration, then registration is also a requisite for the voter who is qualified in other respects.

To obtain an absentee ballot, you must request it in writing. Contact the clerk in the city, village or town in which you reside by mail or telephone, or in person, and request an application form. After properly completing and returning the application to the municipal clerk, an absentee ballot will be sent to you along with a postage pre-paid return envelope, or given to you if the application is submitted to the clerk in person. An application mailed to the clerk's office must be received by the clerk no later than 5:00 p.m. on the Friday before election day. An application made in person in the clerk's office may be done up to 5:00 p.m. on the day before the election.

With one exception, the voter who wants to cast an absentee ballot must make a separate application before each election. Voters indefinitely confined to their home or care facility because of illness, age or disability need not file an application before each election; a special statement on the application form can be completed asking that an absentee ballot be automatically mailed to them before each election. However, if the elector fails to mark and return the ballots sent to them for an election, it will be necessary to again complete an application form before receiving absentee ballots for a subsequent election.

Absentee ballots can be voted at home anytime after they arrive in the mail. They can also be voted in the clerk's office if the application is made in person. If an elector requires assistance in casting his or her vote, the assistance must be rendered by someone authorized to administer oaths, such as a clerk or notary public. If the ballots are returned by mail, the affidavit-certificate must be properly completed and signed by two persons. If returning the ballots in person, the affidavit-certificate must be properly completed and subscribed and sworn to before the clerk or the deputy clerk who are authorized to administer oaths. In either case, the marked, sealed ballot must be in the hands of the issuing municipal clerk on or before election day. Any absentee ballot received in incomplete or improper form, or received after the polls close on election day cannot be counted.

# Indians Let Win Slip Away at Two Rivers

By John Harju

The Kewaskum Indians let one slip away as they went down in defeat, 56-52, to the Two Rivers Raiders last Friday night in Two Rivers.

With 1:20 left in the game, the Indians were in control with an apparently comfortable lead of 51-46. Then the tables turned against Kewaskum in what Coach Jim Westphal labled as "foolish fouls" by the Indians, allowing Two Rivers to take the lead, and eventually the game, away from the Indians. Ron Johnson of the Raiders, scored 7 of his game high 22 points from the line in the fourth quarter to lead the Raiders to victory.

The Indians stayed close in the first half, with a good effort on the boards. Jeff Squier had 9 of his 11 points in the first half to spark the Indians. Two Rivers countered with a patient offense and good outside shooting to take the lead at halftime, 24-23.

Brian Arndt scored 8 of his 12 points in the third quarter to help give Kewaskum a 37-35 lead at the end of three quarters.

Two Rivers had the lead, 46-45, with 2:38 left in the game, but Jim Hanrahan, who led Kewaskum in scoring with 13 points, scored on the next three Indian possessions to give the Indians a 51-46 lead. This set the stage for a dramatic ending.

Two Rivers was now forced to foul in hopes of getting the ball

back. All the Indians had to do now was to make these free throws and run down the clock. The Indians did neither and instead fouled Johnson on the next three trips down the court. Johnson sank all six of these free throws, and the Raiders now had the lead 52-51.

Now Kewaskum had to foul in hopes of getting the ball, but Two Rivers converted their next 4 free throws to put the game out of reach for the Indians.

Kewaskum's conference record dropped to 3-5 while Two Rivers upped its record to 5-3.

Bob Yahr sank a 20 foot jump shot with two seconds remaining to give the Indian JVs a 45-43 victory over the Raiders. Yahr led the JVs in scoring with 20 points.

The Indian freshmen team was defeated 72-39. Pat Ruplinger sparked Kewaskum with 11 points while Ken Vogt added 9.

Friday the Indians host Sheboygan Falls and Tuesday in a 6:15 game they entertain Mayville's undefeated leaders of the Flyway Conference.

# Two Rivers in Easy Win Over Indian Girls

By John Harju

The Kewaskum Indian girls' basketball team dropped their conference record to 3-5 as they were defeated by the Two Rivers Raiders, 60-46, last Thursday in Kewaskum.

The first half of the game was a sloppy one with both teams missing shots and turning the ball over. Occasional good outside shooting gave Two Rivers a lead which they kept throughout the first half.

A good inside attack led by Julie Koepke and Lisa Fusek kept the Indians girls close. However, Two Rivers took a 28-20 advantage into the locker room at halftime.

Both teams traded baskets throughout the third period in a battle of defense. Two Rivers had a comfortable lead of 40-30 at the end of the quarter.

Free throws became a major factor in the game as both teams went into the bonus situation early in the fourth quarter.

With about five minutes remaining and Kewaskum down by 12 points, the Indians began a comeback. A basket and two free throws by Holly Kempf and another basket by Brenda Kober brought Kewaskum within six points at 46-40.

This comeback was stopped, however, as the Indians began having foul trouble. Kewaskum's starting guards, Lisa Matenaer and Debbie Bastian both fouled out in the last quarter. Because of Kewaskum's fouls, Two Rivers out-

scored the Indians 11-6 in the last four minutes and coasted the rest of the way for an easy win.

Koepke, Kober and Kempf led Kewaskum in scoring with 9, 8 and 7 points, respectively. Matenaer and Fusek followed them with 6 and 5 points each. Two Rivers was led by Holly Wiese, who scored 19 points and Lisa Belongia, who had 16.

The Indian JVs lost their game to the Raiders, 57-46. Although they lost, JV coach Keith Amundsen credited the girls with a "fantastic job" against the Raiders. Michelle Gebheim scored 14 points and pulled down 15 rebounds to lead Kewaskum. Cheryl Schladweiler added 10 points as well for the Indians.

Laurie Blum made a shot with eight seconds to go to give the Indian freshmen a 46-45 victory. Lisa Schneider led the freshmen girls in scoring with 16 points while Blum added 13.

Tuesday the girls played a non-conference game at Campbellsport and Thursday they play at Sheboygan Falls.

## Unbeaten Chess Team Wins Over Hartford, Now 4-0

The Kewaskum High School chess team improved its conference record to 2-0 and overall record to 4-0 with a 37-18 victory over Hartford. The Indians rolled up 6 wins and a draw, dominating the middle boards.

The middle boards, 4-7, were won by Todd Jaromin, John Martin, Randy Igel and Glenn Classey. Jaromin and Igel gained early advantages and out played their opponents the entire game. Classey had a see-saw contest, being ahead in material only to have his opponent gain the initiative. Classey improved his season mark to 3-0.

Advisor, Roy Peterson, cited John Martin as playing one of his best games. Martin, using the Sicilian Defense, had two very good combinations.

Gregg Classey was also cited for a very good endgame. The endgame featured bishop and 4 pawns vs. bishop and 4 pawns, which Classey outplayed his opponent decisively.

The Indians hosted Horicon this Tuesday. The Indians have already defeated Germantown and Hartford, the two teams expected to battle Kewaskum for the SCCA title.

Board 1 - Jeff Igel lost to Hesprich, 0-10.

Board 2 - Gregg Classey defeated Simchick, 9-0.

Board 3 - Romie Holl drew Pfeiffer, 4-4.

Board 4 - Todd Jaromin defeated Jay Morgan, 7-0.

Board 5 - John Martin defeated Jeff Morgan, 6-0.

Board 6 - Randy Igel defeated May, 5-0.

Board 7 - Glenn Classey defeated Strobel, 4-0.

Board 8 - Steve Hubbell lost to Portz, 0-3.

Board 9 - Randy Wilhelmi defeated Haseleu, 2-0.

Board 10 - Scott Schmitt lost to Berndt, 0-1.

Totals: Kewaskum 37, Hartford 18.

## Lakes Team Loses To Falls Stingers; Laatsch Scores 43

Kewaskum's Land o' Lakers lost to the Menomonee Falls Stingers, the last place team in the "A" Division of the league, there Sunday night, 143-131.

The setback dropped Kewaskum into a three-way tie for second place in the "B" Division.

Take away the first quarter, in which the Stingers outscored Kewaskum, 35-21, the score would have been very close as the two teams played on even terms the rest of the way.

Leon Laatsch had a hot night for the losers and took game scoring honors with 43 points. Clark Eichstedt and Mike Maney also had good nights with 31 and 29 points respectively.

Ron Vogedes led Falls with 32 points, followed by Ron Plahmer with 28 and Mark Sievers with 22.

On Sunday, Feb. 5, Kewaskum hosts Thiensville-Mequon of the "A" Division in a 7:30 p.m. game.

**KEWASKUM (21-32-40-38-131):** Laatsch 18-7-4, Nigh 5-2-2, Eichstedt 15-1-2, Backhaus 3-0-2, Maney 11-7-5, Thomas 3-0-0, Miller 2-0-0. Totals: 57-17-15. FTM: 5.

## Klein Second in Elmhurst College Wrestling Invite

The University of Wisconsin-Stevens Point wrestling team turned in one of its best showings in many years as it finished second in the tough Elmhurst College Invitational in Chicago recently.

Olivet College (Mich.), the 15th ranked team in NCAA Division III, was the only team to top the Pointers in the 17 team meet. Olivet totaled 152 3/4 points while UW-SP scored 131.

UW-SP placed all nine of its participants.

Scott Klein, a 1981 graduate of Kewaskum High School, placed second in his weight class, losing in the finals to Olivet, the eventual champion. Scott is a Managerial Accounting major and the son of Don and Eileen Klein, now residing in Kewaskum.
