## Decision on Cable TV Rate Hikes Held Up

By GERRY MUELLER  
Statesman Staff Writer

Because Riverbend Cablevision has failed to furnish the Village of Kewaskum with annual financial statements for the years of 1982 and 1983, the Village Board voted to table further action on their request for rate hikes until the reports are received.

Board President Gerald Stollenwerk stated, "One of the concerns I have is the increase is going in because of increased operative costs. This is the basic reason given for the increase although we have failed to see a current financial statement that we can review to confirm that."

A Riverbend representative told Stollenwerk that Steve Peterson of Riverbend had said at the Public Hearing last month he would get something to Village Administrator Dan Schmidt. Stollenwerk told her his concern was the village would receive it after the board voted on the request. Stollenwerk said, "he thought it was proper business that the board got the reports before, so we get an opportunity to look at these increased operating costs."

Village Administrator Dan Schmidt noted that the financial statements were a required part of the village's cable TV

ordinance and were to accompany the annual franchise checks. He indicated he had made several written and verbal requests for both the 1982 and 1983 statements and, to date, had received nothing.

Trustee Mary Krueger told the Cable reps that she had called West Bend asking the current rates for service and was given the new rates. She asked how they could go ahead and do this when the increases had not been approved by the village. Krueger was told, Riverbend had anticipated the rates would be approved after the public hearing last month

## Kohlsville/Wayne Jaycees Ranked 6th in the Nation

After making history back in February, the Kohlsville/Wayne Jaycees once again came through by being ranked sixth in the nation among chapters one year old or less.

Richard Thiemer, Region 4 director, said, "There has never been a new chapter ranked in the top 10 in the nation from our region before." Thiemer continued saying that with a little more lush they could easily be in the top five and that chances for number one are not impossible.

On Saturday, April 14, the Jaycees will be hosting a tour of the beautiful countryside of the Wayne and Kohlsville areas in the form of a Bike-A-Thon for Cystic Fibrosis.

We're looking for bikers and anyone who is interested can call either Pat Hanrahan (626-2373) or Bill Rate (629-5973) for sponsor cards.

Headquarters for the Bike-A-Thon will be KLM Sales Inc. right in beautiful downtown

Wayne (across from Barney's Bar). The route being proposed is: Hwy. H to Townline Rd. to Hwy D to Hwy. W back into Wayne. A short cut from Townline Rd. to Hwy. W via Sunset Rd. will also be offered for younger contestants.

Refreshments will be provided for the bikers at KLM Sales Inc. and also at various check points along the route.

Prizes will also be awarded on the basis of money collected. There will be several different prize categories set according to ages of the bikers. So let's get those bikes out and raise some money to fight off Children's Cystic Fibrosis!

Plans are being made for our "Farm Olympics" which will be held Saturday, June 23rd, at the Hitching Post in Kohlsville. An enjoyable day for everyone in attendance is being promised, so mark your calendars and look for further details in the near future.

and they had placed notices in customer bills informing them of the new rates and these were also the ones she had received over the phone. "We felt we had to give our customers some kind of notice about the pending increases," the representative said.

Schmidt told the board it has the option to take action 30 days after the hearing so it has until April 19th, to make a decision. Trustee Richard Schmidt moved the board table action until the village receives a complete financial statement.

In other action, the "on again, off again" name on Kewaskum's new water tower is "on again." Dick Schmidt told the board that during and since the voter's forum, he has received comments regarding the board's decision to drop the lettering of Kewaskum or the logo from the new tower. He said residents have indicated they wanted the name on the tower. Schmidt said, after seeing how much more the new tower stands out over Kewaskum, he agreed.

Administrator Schmidt told the board he had attended the last meeting of the Chamber of Commerce and was told the members were in favor of the lettering, and Chamber President Fred Miller submitted a letter asking the village to reconsider its decision.

Schmidt told the board he had some good news and bad news concerning the issue. The good news was, the village's engineering firm had recommended the use of a less

expensive, but same quality, altitude valve which would save the village \$1,000. The bad news was, painting the name of Kewaskum on the north and south sides of the tower would cost \$1,300.00.

Schmidt said he had been told by the Chamber of Commerce, it would try to come up with the extra \$300.00 to have the painting done. Village resident Marvin Martin told the board, "It seems others have been discussing it also." He noted the Kiwanis Club was concerned about getting the lettering done too.

Trustee Dave Nigh told the meeting that since the village would receive a \$1,000 credit for the valve, he would motion to go ahead with the lettering. "I'm sure we can come up with the added \$300 someplace." Trustee Richard Schmidt noted, we said it at earlier meetings, anyone who is willing to donate toward having the lettering done is more than welcome to do so.

The village received four bids for the sale of the 1982 police squad. The board unanimously approved the sale to Beltline Motor Center of Wausau with the high bid of \$2,527.00. Beltline was also successful high bidder on the squad sold last year. The three other bids were Robert Bowman of Troy, Michigan, \$1,551.10; Mark Enright, Kewaskum, \$1,500; and Meyer Ford of Campbell-sport \$500.

The board also opened bids for the purchase of a new truck chassis and five yard dump box. The seven bids, ranging from \$21,194 to \$25,900, were turned over to the Public Works Committee for review and discussion

at it's April 16th meeting.

The board also approved spending \$1,600 for the 1984 fireworks display. Schmidt said he and Public Works Superintendent Augie Bilgo had selected a few additional displays for this year's show since the Kewaskum Fire Department will also be celebrating its 100th Anniversary.

## Regal Ad Campaign in Full Swing

Regal Ware, Inc., one of the nation's leading housewares manufacturers, is in the midst of its heaviest consumer advertising program ever. The program combines Regal and Moulinex Regal product lines for maximum impact.

Major emphasis is on television advertising and three new 30-second commercials were developed. The primary objective of the commercials is to build brand awareness for the total product lines. Each commercial includes the corporate theme line, "We're making things better for you."

All three major networks will carry the new Regal and Moulinex Regal commercials in late April and early May. The television program began in February in 22 markets. A comparable spot and network schedule will repeat for fall beginning in late August and running through mid-December.

Print ads are on the schedule to stimulate additional brand awareness for the products. Sunday Supplement ads will run in the 22 spot markets in May in time for Mother's Day sales. The ads will feature the La Machine food processor and the La Pasta Machine pasta and doughmaker. The Sunday Supplement ad will repeat in fall just prior to Thanksgiving.

Two new consumer magazine ads have been developed featuring Reflections gray cookware, "Hooray for Gray" and La Machine II food processor, "La Chopping Centre." The national ads will appear in Bride's, Modern Bride, Cuisine and Bon Appetit during the peak Spring and Fall selling

## Vocational Education In the High School

Mrs. Virginia Froehlich, left, and Wendy La Vigne. "Sure this pattern piece will fit into this fabric!"

Vocational education in our country has been an important part of the comprehensive training provided for high school students. Kewaskum has been a leader in providing that training in the areas of Agriculture, Industrial Education, Home Economics and Business Education.

In the next few weeks, there will be a series of articles in the local paper highlighting the offerings of each area.

The first article will be on the Home Economics Department.

The Home Economics pro-

gram at Kewaskum Middle and High Schools is one of the most comprehensive in the area schools. The total curriculum encompasses all aspects of daily living. In addition to an eighth grade survey course, the high school offers eleven semester electives which include Beginning and Advanced Foods, Single Living, Consumer Management, Housing and Home Furnishings, Beginning Clothing, Advanced Wool Tailoring and Synthetics, Human Relations, Child Development and independent seminars. The students diversi-

fied learning experiences in home economics provides practical application of the academics of science, mathematics, English and social studies, thus reinforcing the knowledge in those areas. FHA is a home economics related club that reinforces the ethics of independence, responsibility and service to the community such as Breakfast with Santa.

We encourage all students to enroll in home economics courses, since the benefits derived are multi-dimensional. Exposure to these classes prepares all interest and ability level students for their future, regardless of their life style or career choice, since they learn life management skills that can be applied to their jobs as well as to present and future living.

The male populace has been most attracted to the foods classes and Single Living. You can guess why! However, there are also men in Human Relations, Clothing, Child Development, Consumer Management and Housing. Evidently, they are realizing and anticipating the new roles men are taking in our present society.

There has been an impressive rise in the number of our graduates who have or are studying to be home economics teachers, fashion merchandisers, day care teachers, chefs, restaurant managers and industrial sewers. In a recent follow up survey of Kewaskum Community High School graduates, the results were overwhelmingly supportive of the fact that, no matter what these respondents were presently doing, the knowledge they gained in their home economics classes proved to be relevant and valuable to their adult lives. This is what accounts for the high interest level and strength of the program. Mrs. Froehlich, Mrs. Martin and Mrs. Bastable are the home economics teachers at the middle and high schools.

# “This year we could really use some tax breaks. Is an IRA still a good tax shelter?”

Yes, an Individual Retirement Account (IRA) is one of the best tax shelters available to wage earners. Millions of people are taking advantage of this tax deduction opportunity. There is no minimum contribution. You can set aside a small amount from each paycheck, or you may make a single contribution for the maximum allowable. You can contribute up to \$2000 for single wage earners, \$2250 if only one spouse has taxable income and \$4000 for two working spouses.

**Tax Benefit:** The contributions you make to your IRA are not only tax deductible, the interest that accumulates in your IRA account is tax deferred.

**Investment Options:** At Valley Banks, we understand that people have different requirements for their IRA funds based on individual investment objectives and philosophy, the size of their IRA Fund, and personal needs. For this reason, we're able to provide you with a variety of investment options. We can help you evaluate the alternatives and select the IRA plan best suited to your needs.

At the Valley, an IRA is not just a tax shelter, it's an investment opportunity.

Wau-Bun Girl Scout Council officials are aware of the reports in the media regarding Girl Scout cookies in St. Louis and Milwaukee Councils where foreign matter was allegedly found in the cookies.

All councils have the option of choosing from several different suppliers. Wau-Bun Girl Scout Council purchases its cookies

from a supplier which is not the same as that used by the St. Louis and Milwaukee councils.

Communities in the Wau-Bun Girl Scout Council jurisdiction have consistently and generously supported the Girl Scout cookie sale and we look forward to continuing support and successful sales.

## THE COOKIE MONSTER

The Girl Scout Cookie sales were a great success until the actual deliveries were to be made. Then some crack pots felt they had to disrupt the sale. The future of these troops are now in peril as they derive most of their money for camps, etc. from these sales.

I would like to encourage all cookie buyers to donate the amount they would have paid for the cookies to the Girl Scouts. In this way we adults can help promote the scouts and also show these nuts that the movement will continue.

I for one will dig a little deeper when these sad little girls show up to tell me they have no cookies to deliver. It will show the Girl Scouts that some of us do care about them.

## LETTERS TO THE EDITOR:

In reading the various letters the Statesman received last week, one letter admonishing the Statesman for its freedom to publish, deserves comment or our whole constitutional rights will be violated.

Does the person who wrote this letter not realize that every candidate for any office will themselves print the "good" things about themselves and all the tremendously "good" policies they will endorse? This is their right to do so through their newspaper. But it is also the right of others to publicly

attack these policies if they feel there are flaws in their campaign that would not be beneficial to them as members of the same community. And, how else would these people express their views if it were not for the letters to the editor in the Kewaskum Statesman.

The person who wrote the letter in essence is saying that it would be OK for a person, for example, with an adverse background, etc., to run for office as long as they were "willing to serve" and put in the hours.

If such a person wants to run, the community, through their voice, the Kewaskum Statesman, could not stop him because the Statesman should "refuse to print" any attack on candidates.

I seriously doubt if the person writing that letter stopped to consider what the world would be like without "Freedom of the Press."

Furthermore, not just in Kewaskum, but all over people are no longer sitting back and just letting anyone who wants the job have it.

The economy is tight and they want someone who is going to do the best job and it is their right to praise or attack the candidate they feel will do that job.

Granted, people on the board do put in a lot of hours for little pay, but this is no reason to let them do whatever they want without voicing any objection.

The communities voiced opinion good or bad, is what keeps any candidate or elected member on their toes and doing the best job for the community and it is a definite asset that the community has the Kewaskum Statesman in which to express their constitutional "Freedom of Speech."

## TAXPAYERS BEWARE:

In 1981 I had my taxes prepared by a local reputable tax preparer. A mistake was made when I took an un-

allowable deduction. A mistake, I feel if questioned, could have been avoided.

I found out later that not only did I have to pay for the mistake, but because it was not the preparer's policy to pay the interest, I had to pay that also.

If a mistake is made by your tax preparer, who will pay your penalty and interest?

Perhaps it would be a good idea to have your preparer's policy in writing. When I pay for a service I want good service, not a "who cares if I make a mistake attitude?"

Please be aware. Maybe you can learn from my mistake.

## 25 Years Ago

April 3, 1959

The spring thaws of the great amount of snow the past week, and rain on Wednesday have created flood dangers, hazards and inconveniences to persons residing in lowlands or river areas. A number of basements in the village are flooded at present. Rivers and creeks are overflowing their banks and entire fields adjoining them are under water. Locally the area above the old dam site appears like a large lake as the entire land north of the village along the Milwaukee River is under water. It was reported Wednesday that some of the dam gates in the new dam would be removed to help lower the water level. The ice has left much of the river in the village Thursday and was jammed up at the dam in the village park. The rains abated Wednesday evening and it was hoped that the water would rise no higher.

The infant daughter of Mr. and Mrs. Marvin Kleinke and the little son of Mr. and Mrs. Elton Wulff were baptized on Sunday at the St. Lucas Lutheran Church by the Rev. Gerhard Kaniess. The Kleinke daughter received the name Annetta Jane and the Wulff son was named Scott Michael.

A daughter was born to Mr. and Mrs. Art Weddig, West Bend, on March 26. Art is a former resident and brother of Henry Edward and Otto Weddig of here. A second son, Curtis Clifford, was born to Mr. and Mrs. Floyd Stautz,

Madison, on March 25. Floyd is a son of Mr. and Mrs. Clifford Stautz of Kewaskum. A son was born to Mr. and Mrs. Sylvester McNamara, Kewaskum, on March 26.

## 50 Years Ago

April 6, 1934

Fire Monday noon destroyed the old log barn of Henry Brandt in the Town of Wayne. This building is known to be one of the oldest, if not the oldest, barns in the county, having been erected about 75 years ago. The cause of the fire remains a mystery, although men were cutting corn stalks in the morning, using a gasoline engine for power.

The local forensic contests will be held in the school auditorium on April 10th. The speakers are: Orations — Howard Schmidt, Marvin Koenig, Martin Gutekunst, Carl Kohlschmidt and Herbert Hopkins; Humorous Declamations — Jeanette Krautkramer, Florence Westerman and Iris Bartelt; Non-Humorous Declamations — Doris Seil, Ruth Janssen, Lucille Romaine, Janice Koch and Ruth Mary Fleischman; Extemporaneous Reading — Eleanor Hron; Extemporaneous Speaking — Robert Rosenheimer.

Alpha Kappa Psi, international commerce fraternity at Marquette University in Milwaukee, has announced the formal initiation of Othmar Bonlender, son of Mr. and Mrs.

Joseph Bonlender, who reside near St. Kilian.

On Monday of this week the village officials entered into an agreement with the Wisconsin Gas and Electric Light Co., to install two transformers at the local power plant. The cost of the same to the village will be \$900, payments of which are to be made monthly. It is expected that the saving to the village for electric power will be approximately \$500 per year.

A baby girl was born to Mr. and Mrs. Leroy Keller, Kewaskum, on Easter Sunday, April 1.

from Tom Letzke, R.P.H.

### PEPTIC ULCERS

"Treating peptic ulcers with bland diets and frequent feedings may not be more beneficial than regular meals," says Dr. Jon Isenberg, chief of Gastroenterology at VA Hospital in L.A. "Instead, the old advice to chew food thoroughly may still be the best safeguard against peptic ulcers. "Proper chewing mixes urogastone, a digestive substance from the salivary glands, with foods and has been found to aid in the healing of ulcers." So chewing food thoroughly promotes ulcer-soothing - also is most beneficial for general health and aids in weight control.

## Freedom From Smoking Workshop

Weight control and stress management will be among the topics discussed during a "Freedom from Smoking" workshop beginning at 7:00 p.m. on Tuesday, May 1, at Moraine Park Technical Institute, 2151 N. Main, West Bend.

The eight-week workshop, which is co-sponsored by the American Lung Association of Wisconsin, will use behavior modification techniques and group support to help smokers handle the physical, psychological and social changes that a nonsmoking lifestyle can entail.

During the weekly two-hour sessions, participants will pinpoint the situations which trigger their smoking; discuss nutrition, exercise and a personal reward system; practice relation techniques; and identify alternative activities to meet the needs that smoking previously met.

The orientation session on April 24 will be one hour long. Successing sessions will be held from 7:00 to 9:00 p.m. on May 8, 15, 22, 24, 29, June 5, and 19.

Advance registration is required. The \$30 workshop fee includes all materials.

To register or for more information, call Maureen Josten in West Bend at 334-3413.

## GIRL SCOUT NEWS

With the turn of the calendar we now have April Showers and the dreams of May Flowers. The Girl Scouts of the Kewaskum area are just too busy with everything to do in April to think of May.

The girls are all busy trying to make up their minds just which form of summer camping they want to do. The registration forms and fees have to be sent in now for resident camp.

Several of the scout troops from the area have made plans to attend the "Rainbows Around the World," which is a mini world's fair. It is going to be held at Forest Mall in Fond du Lac, on Saturday and Sunday, April 14-15.

Each community in the Wau-Bun Council is asked to pick a country and set up a display for it. The Kewaskum area has picked the country of Sweden.

If anyone from this area has any information as far as food, customs, arts and crafts that they would like to share with the girls PLEASE call 626-4284.

Everyone is welcome to attend this super display of

friendship and yet have time to do some spring shopping.

The scouts are still busy delivering their cookies. Please remember the cost is \$1.75 per box and they must be paid in CASH.

On April 30, the area scouts are going to have a spring skating party at Skate Country in West Bend from 4:00 to 6:00 p.m.

On Saturday, May 12, the girl scouts will be able to go on a hike in the Kettle Moraine area. More details will follow when we are closer to May.

#### YOUTH TO COMPETE IN SPEAKING AND POSTER PROGRAM

Youth from Washington Youth will be participating in a 1984 4-H Speaking and Poster program. It will be held April 16, 7:00 p.m. at Silverbrook School in West Bend.

The theme of "Safety" gives speakers a wide selection of topics. It could be bicycle safety, recreational safety, highway safety, farm safety, home safety, almost any topic that relates to being safe and healthy, and prevention of accidents.

In order to participate in the

county program, a member must have participated and then selected from their local 4-H club. The Belle Albright Memorial gives cash awards to speakers who compete and place in the county program.

The purpose of the speaking and poster program is to provide youth an opportunity to learn to present information either through the spoken work or visually. When giving a talk, a member must learn to organize his thoughts and present them in a way that will grasp the attention of the audience. A poster must be simple and clear enough so that a passerby would get the message in a few seconds.

Parents and friends are welcome to observe the speaking and poster program.

**Education Open House at UW Center**

An upcoming Education Open House in West Bend will feature the availability of two computers and Micro-Skills, a skill assessment and career planning program, designed in California and adapted by the Wisconsin Career Information System for Wisconsin residents. Those adults that have questions about career direction can examine their accomplish-

ments, analyze them for skills, relate those skills to occupations and training programs. Personnel will be on hand to assist those first-time computer users, as well as to answer any questions.

The Education Open House will be held at the UW Center in West Bend on Tuesday, April 10, from 3:00 to 9:00 p.m. Thirteen area educational institutions will be represented and two career workshops will be offered free of charge.

Skill assessment is one of the key areas in job hunting and career planning. The skill identification process enhances self-awareness and self-esteem, two qualities that are beneficial to any job seeker or career planner. It is also ideal preparation for resume writing

and job interviews. Since feedback is immediate, individuals can see the relationship between their own skills and future occupations.

For further information, call the

UW Center in West Bend at 338-5200 or the West Bend Public Library at 338-5151.

First row, left to right: Brian Leitheiser, Tim Butschlick, Steve Gerhartz, Paul Becker, Jim Wilhelmi.

Second row: Coach Tony Butschlick, Chris Schmid, Scott Heller, Craig Kulas, Craig Amerling.

Third row: Brian Heller, Kevin Ramthun, Steve Liegl, Jeff Sabish, Jim Gildersleeve, Jason Walls.

The 1983-84 basketball season ended with the Holy Trinity B team boys having another successful season. For the second consecutive year the boys defeated St. Matthew's of Campbellsport in a playoff game for first place.

All season long they showed a tremendous amount of pride in

their defensive game which reflected on their record of 11 wins and 1 loss. They also entered in the 6th grade St. Kilian, Hartford, Tournament, playing exceptionally well as a team. In the championship game they defeated St. Mary's of Port Washington in an overtime game by one point, bringing home the Championship Trophy. It was quite evident all season that it took a total team effort for their success.

Coach Tony Butschlick would like to thank all the parents, timekeepers and cheerleaders for all their support, especially referees Dick Heisdorf, Tom Timblin, and Steve Liegl, giving up much of their time to make this another memorable year.

## Indians Take Both Ends of Indoor Meet With Hartford

By John Harju

Mike Steinhardt and Holly Kempf highlighted as both the Kewaskum Indians boys' and girls' track teams defeated boys and girls from Hartford in a co-ed indoor track meet last Thursday in Kewaskum. The Oriole girls did not field a full team in the meet.

The Indian girls easily won, 71-20, while the boys hung on to win by a total score of 57½ - 51½.

Steinhardt, a 6'-5" junior, placed first in 4 events. He won the long jump with a jump of 19'3" and the high jump with a leap of 5'10". Steinhardt also won the 200 meter dash, with teammate John Mertzig placing second, and was a member of the winning 800 meter relay team.

It was only a matter of time before Holly Kempf broke her school shot put record of (38'0") which she set last year as a

## Frosh/Soph Girls Win, Boys Lose to Slinger in Track

By John Harju

The Kewaskum Indians freshmen/sophomore girls' track team easily won, 72-19, while the boys' frosh/soph team lost, 86½-22½, in a co-ed track meet against Slinger's frosh/sophs on Tuesday, March 27, in Kewaskum.

Renee Kapp and Brenda Vetter, both freshmen, and sophomore Lisa Fusek were the top performers of the girls' part of the meet.

Kapp, who placed in 4 events won the 45 meter low hurdles and placed second in the long jump with her personal best of 14'0". Kapp also was a member of the winning 800 meter relay team and tied for first in the 45 meter dash with sophomore Amy Kougl.

Vetter finished first in the 800 meter run with her best time of this season (2:46.1) and anchored the winning 800 and 1600 meter relays for Kewaskum.

Fusek won both the high jump event with a jump of 4'10" and the 200 meter dash (30.5) and was also a member of the first place 800 meter relay team.

Other Kewaskum girls who placed first were Jody Yearling (shot put), Brenda Kober (member of 800 relay team), Chris Bodden (400 m dash), Karrie Swenson, Sherrie Batzler, and Mary Harju along with Vetter were the members of the first place 1600 meter relay team.

In the boys' part of the meet, Kewaskum offered Slinger some tough competition despite having only about 10 boys to compete.

Corey Garbisch easily won the 1600 meter run for Kewaskum with a fine time of 5:20.9. The only other first place finish for the Indian boys was turned in by the 1600 meter relay team. The team, which consisted of Greg Dreher, Randy Gindt, Mark Johnson, and Garbisch won the race when the team from Slinger was disqualified.

Johnson, a sophomore, also put in a fine effort in both the 45 meter low and high hurdles, taking second in both events.

junior. After coming close to her record in previous meets this year, Kempf finally did it in Thursday's meet. Her throw of 38'2" shattered her old mark and was also good enough for first place.

Others for the Indian boys who turned in fine performances included: Monty Shaw, who won the 800 meter run and was third in the long jump; Brad Dieringer, who placed in three events, and Dan Menzel, who was second in both the 45 meter low and high hurdles.

Lisa Fusek again dominated the high jump event winning with a jump of 4'8". Renee Kapp won the 45 meter dash in a fast time of 6.6 seconds and finished second in the 45 meter low hurdles.

Lori and Sherri Batzler also put in some fine races. Lori won the 800 and placed second in the 1600 meter run behind teammate Sandy Klein. Sherri won the 400 meter dash and was third in the 1600. Sandy Secor also had a fine meet, placing in 4 events, as well.

## Lakes Team Beats Menomonee Falls Stingers, Ties for First

Kewaskum has finally made it back to the top! They defeated the Menomonee Falls Stingers of the "A" Division here Sunday night, 141-122. The win puts them in a tie for first place in the "B" Division with Sussex, which lost to the Menomonee Falls Badgers, undefeated "A" Division leaders in the Land o' Lakes League.

Kewaskum put themselves in a hole this year, losing four of their first five games, and trailed Sussex by 3½ games. At that point, however, Kewaskum began to jell and Sussex began to sputter. Kewaskum has won seven of their last ten games, while Sussex has lost six of their last nine. It was a long road back to first place but Kewaskum has made it.

Ron Plahmer of the Stingers took scoring honors for the evening with 41 points. Mike Allen was next with 23, while Steve Sievers had 20. Leon Laatsch came behind Plahmer with 37 points for the winners, followed by Clark Eichstedt with 31 and Bill Backhaus with 21.

In the final game of the season, Kewaskum will play Thiensville-Mequon Sunday at 7:30 p.m. at Homestead High School, while Sussex hosts the Menomonee Falls Stingers. A victory for Kewaskum would assure at least a tie for the championship.

Kewaskum — (36-35-33-37-141); Laatsch 16-5-5, Eichstedt 13-5-2, Nigh 5-0-3, Backhaus 9-3-2, Gonwa 4-0-1,

Larsen 3-0-2, Maney 3-2-3, Butz 5-0-0, Arndt 5-0-0. Totals: 63-15-18. FTM 5.

Menomonee Falls Stingers — (26-30-39-36-122); Plahmer 18-5-5, Olson 4-0-1, S. Sievers 10-0-2, Vogedes 6-4-5, Allen 10-3-4, Ueberson 6-2-4. Totals: 54-14-21. FTM 6.
