Week's Wit

The weary shoe salesman had pulled out half the stock and still could not satisfy the fussy woman customer. Finally he mopped his brow, sat on the floor, and said: "Mind if I rest a minute, madam. Your feet are killing me!"

Governor Tony Earl Tours Regal Ware Plant

James D. Reigle, left, president of Regal Ware, Inc. and Gov. Anthony Earl being interviewed by Milwaukee TV Channels 4 and 6 and other news media in the showroom at Regal Ware.

By GERRY MUELLER
Statesman Staff Writer

Regal Ware Incorporated, Kewaskum, a manufacturer of a nationally marketed line of housewares, was the latest Wisconsin business to be visited by Governor Anthony Earl on Tuesday afternoon of this week.

Earl told the media, while many of his tours of state businesses may not have received the extensive news coverage as some, he had been making visits such as the Regal Ware tour at least once a week, even before he had been

elected.

The Governor said that by these tours he hoped he was demonstrating that he was trying to learn all he could about the businesses of Wisconsin. Referring to Regal, Earl said he had learned there was a greater variety in the company's product line than he had thought. Regal Ware not only produces several lines of cookware, they also manufacture coffeemakers and table top appliances. The company recently acquired the Rathcon Company's Micro 21 microwave cookware line. Regal has also

entered into joint ventures with several foreign companies to manufacture and distribute their products as well as other kitchenware items including Moulinex products.

Earl noted through Regal's example, he learned how a plant can be innovative and progressive on its own.

The governor was questioned regarding the announcement by Patrick Cudahy that it would be closing its plant. Earl told the press everyone is aware of many of Wisconsin's "old-line" companies closing. "It's our job to identify new areas for more growth," said Earl.

The governor was asked what kind of atmosphere he had encountered at Regal.

"Business executives at the plant aren't negative," he said. "I ran into good climate indoors and outdoors today."

Earl noted tours such as these enable him to meet with the public from time to time and learn their concerns. As he stopped along assembly lines talking to the workers, Earl said he received the same general comments, concern over the state's personal income tax.

At the conclusion of the news conference held in Regal's showroom, Earl stopped to admire a gold-plated mess kit on display. "Mine wasn't gold-plated," joked Earl. "Not many of them are, Governor," said one of Regal's officials.

Following Governor Earl's conference, James D. Reigle, President of Regal Ware, was interviewed regarding the visit. "It's quite an honor to have the Chief Executive of the state visit your company," stated Reigle.

Reigle was questioned regarding Earl's comments on Wisconsin's tax climate. He noted that everyone is concerned about it and you become more aware of the personal income tax situation when you bring people here from other states.

The Governor will be back in the area next week when he tours the Mercury Marine plant in Fond du Lac.

Commission Hears Plans for Meilahn Land

By GERRY MUELLER
Statesman Staff Writer

Due to the lack of a quorum, Tuesday night's Plan Commission meeting became just a discussion group as Gregory Scott, attorney for Knaup Homes, presented ideas regarding the possible future development of approximately six acres of land south of the Meadow Creek Apartments.

The land, which belongs to the Meilahn family, had been zoned for a park prior to the development of the Kiwanis Park.

Village Administrator Dan Schmidt said he had received a letter from Peter Knaup, developer of the Meadow Creek complex, asking for an informal meeting with the commission.

Scott appeared before the commission to get its feeling regarding a possible request to re-zone the property from P-1 (park land) to R-4 (multi-family residences) and the elimination of a proposed street.

The members present felt Knaup should proceed with formal petitions asking that the zoning be changed and the street eliminated. Because a quorum was lacking, no official vote could be taken on the recommendation.

Picnic Theme Announced

The committee has been working on the 1984 Firemen-Legion Picnic for the past three months and is anticipating a fun-filled weekend for July 7 and 8.

This year the fire department is celebrating their 100th year of service and is holding a special Antique Fire Equipment parade on Saturday, July 7th, at 2:00 p.m. The equipment will later be on display at the park. Saturday afternoon we will have the Buchel Orchestra with Klass and Younger Daze in the evening. Sunday is also filled with entertainment for all with music by the Bill Thull Orchestra, Syl Groeschel, Manchester, and Annie and the Playboys. Men's Waterfights will also be held Sunday evening.

The committee is planning a bigger and better parade for Sunday, July 8th, with the theme being "Kewaskum Fire Dept. - One Hundred Years of Service." Mark your calendar and plan on joining us for some fun. We will have something for everyone.

Village Hair Stylists Move; Family Hair Salon Opens

Ronald and Karen Ellefson of 8095 Townline Road, Kewaskum, recently purchased the building at 230 Main Street, Kewaskum, which was formerly occupied by Gina's Pizza. The building was purchased from Joe Barbercheck of West Bend who formerly conducted Pizza Joe's business there.

The building has been remodeled and will be occupied by the Village Hair Stylists beauty shop managed by Karen Ellefson and is now open for

business. The beauty salon was formerly located in the Nolting building at 227 Main Street, Kewaskum.

In a related move, Sue Laubach of 1133 Fond du Lac Avenue, Kewaskum, has assumed management of Family Hair Salon in the Nolting Building. Operators are Paula Schoofs, Wendi Goeden, Marty Angell, Lynn Baumstark and receptionist, Gail Ellis.

Sponsored by Jaycees

Cystic Fibrosis Bike-A-Thon Scheduled

The Kewaskum Jaycees invite bikers of all ages to participate in this year's CF Bike-A-Thon on Saturday, May 12. Pledge sheets that enable bikers to obtain sponsors for their mileage can be picked up at the High School, Middle School, or Elementary School offices (including Holy Trinity, St. Lucas, Wayne, Farmington, and Beechwood).

Bikers should meet at River Hill Park on May 12 with their pledge sheets. Jaycees and Jaycee Women will be on the course from 9:00 to 2:30. This year's route starts at River Hill Park, heads north on Highway S through New Fane, then turns off Highway S onto Auburn-Ashford Road going west to Highway G, and finally south on

Highway G to Highway S and back to River Hill Park. Participants can pedal around this nine mile course as many times as they want.

Cystic Fibrosis is a crippling and killer of children and young adults. Please help raise money towards finding a cure by picking up a pledge sheet at any school in the Kewaskum area, securing sponsors for your mileage, and biking in the Bike-A-Thon. The Jaycees will verify your mileage so you can then collect your pledges and send them back to us in the envelope we will provide for you. Should it rain on May 12, the alternate date is May 26. For further information, please contact Mike Gindt at 626-4860 or Roy Peterson at 626-4965.

Financial Resource Group Appoints Kewaskum Native Regional Manager

Dale M. Prost has been named Regional Manager of mortgage loan operations by the Financial Resource Group's Mortgage Banking Division. As Regional Manager and Mortgage Financing Specialist, Prost is the area lending representative of RW Mortgage Corporation of Wisconsin and West Bend Savings and Loan Association.

In his new position he will cover Northern Milwaukee, Washington, Waukesha, Ozaukee and Dodge County areas. He will be responsible for

the solicitation of real estate mortgage loans and the coordination of loan processing for the two lending firms.

RW Mortgage Corporation of Wisconsin is an aggressive, new mortgage banking firm incorporated by a group of Wisconsin savings and loan associations and Realty World real estate firms. Through the combination of RW Mortgage Corporation and West Bend Savings, Prost will be offering a wide variety of mortgage loan plans to home buyers in the area, and, he will be working with all area real estate brokers and builders.

Prospective home buyers will have the option to discuss home financing with the new mortgage banking operation in their own homes at their convenience or at Prost's regional office. Prost will have the services and credibility of local Wisconsin savings and loan financing, but customers will not have to visit his office during specified hours to discuss or apply for home financing. This added convenience is common practice in many market areas across the country, however, it is relatively new in Wisconsin.

Prost, a native of Kewaskum,

is the son of Mr. and Mrs. Merlin Prost, Hwy. B, Kewaskum. He is a 1978 graduate of Lakeland College and a member of the Washington and Ozaukee County Board of Realtors. Dale has worked in real estate sales, served as a Consumer Banker for First Bank, Milwaukee, and was a Financial Consultant at Charter Mortgage, Wauwatosa. He and his wife, Margie, currently live in Milwaukee.

The West Bend office of RW Mortgage Corporation of Wisconsin will be headquartered at

589 South Main Street, West Bend.

2 KHS Seniors Get UW-Oshkosh Scholarships

Forty-five seniors from high schools throughout Wisconsin have been selected to receive Honors Scholarships of \$2,400 and \$400 from the University of Wisconsin-Oshkosh.

The scholarships - funded by the Associates, a support group of the UW-Oshkosh Foundation Inc. - included nine \$2,400 awards and 36 \$400 awards.

Recipients were selected from 236 applicants based on academic achievement, leader-

ship and involvement in school and community affairs.

A review of the applications by a faculty-student committee took into account candidates' high school record, written essay, test scores, extracurricular activities and recommendations from a teacher or counselor.

The nine students chosen to receive \$2,400 scholarships, payable at \$600 a year for four years at UW-Oshkosh, include Susan Lemke, Kewaskum High School.

Seniors chosen to receive \$400, one-year Honors Scholarships include David Pesch, Kewaskum High School.

Herdt - Breit

Mr. and Mrs. Edward Herdt, 177 Rustic Dr., Campbellsport, are proud to announce the engagement of their daughter Victoria Lynne, to Randy Breit, son of Mr. and Mrs. Andrew Breit Sr., 8207 Forest View Dr., Kewaskum.

Victoria graduated from Campbellsport High School in 1978 and is employed at West Bend Company. Randy attended Kewaskum School and is employed with Barton Construction of West Bend.

A May 25, 1985, wedding is being planned.

'Art In the Park' Seeking Local Artists, Craftsmen

Due to the tremendous success of the 1983 "Art in the Park Festival," the GFWC Kewaskum Jr. Woman's Club has announced plans for the second annual event. The club is seeking local professional artists and craftsmen to present their work as part of the outdoor display, on Sunday, September 23rd, from 10:00 a.m. to 4:00 p.m. in the Kewaskum Kiwanis Community Park. A total of 150 booth spaces will be available on a first-come basis with entry form and fee. Rental will remain \$15.00 per artist per booth, and will include rain date rental as well. Registrations will be

accepted beginning May 1st, and early registration is advised.

In addition to the exhibitors displays, the junior club will again be providing a home-made pantry-bakery, refreshments, clowns, musical entertainment and free games for children.

For entry forms or more information call event chairman, Mrs. Jan Uhlman at 626-4497.

Firemen Respond To Three Calls

On Tuesday, April 17, at 7:42 a.m., Kewaskum firefighters were summoned to the Alice Frank residence at 1414 River-view Drive when a furnace malfunction caused a small chimney fire due to an oil buildup in the furnace. There was no damage. Twelve firemen responded and were at the scene 20 minutes.

The firemen were called out again at 9:14 p.m. Saturday, April 21, this time one-half mile north on Hwy. V, then west

across the railroad tracks in a swamp. Grass and several large trees were burning on the Buss farms in the Town of Auburn. Twelve men responded and spent 45 minutes battling the blaze.

The third call was at 5:18 p.m. Easter Sunday for a chimney fire at the Richard Bannenberg home, 2342 County Line Road. No damage resulted. Twelve firemen answered the call and spent one hour at the scene.

Kohlsville/Wayne Jaycees Hold On to 6th in Nation for March

In a phone call from John Davies, State President, Pat Hanrahan was informed that the Kohlsville/Wayne Jaycees are still currently ranked sixth in the nation for the month of March.

The feats put forth by this chapter continue to amaze the officers of the Wisconsin Jaycees. Glen Welnak, State Vice-President, says, "At the rate you guys are going we may just as well put extra chairs up on stage at the Annual Convention in Green Bay. You'll have all kinds of awards coming."

The chapter has a goal of tripling its membership from its 22 to 66. This has only been done once before in Wisconsin Jaycee history, but this never happened from a chapter less than one year old.

On Saturday, April 21, we held a Bike-A-Thon for Cystic Fibrosis. We had a total of 13 bikers participate in this event. It is estimated that they raised about \$350. Good job bikers!

We also are planning on a sandbox fill (free of charge) for the people of our community on Saturday, April 28. For more information, contact Pat Hanrahan (626-2373), Larry Zehren (626-8035), or Lyle Ernisse (629-5466).

On May 10, the Kohlsville/Wayne Jaycees have the privilege

of hosting a Jaycee International Vice-President, Ian Dewar from Scotland will be at the Hitching Post in Kohlsville at 12 noon for an informational gathering for the public. Glen Welnak said, "I don't think there has ever been a Jaycee International officer in Wisconsin ever before."

It has also been made aware to us that John Davies has nominated Richard Thieme for the "Ten Outstanding Young Men of America." Thieme is currently ranked the 17th Regional Director in the nation. So good luck Richard!

Vocational Education In the High School

AUTO MECHANICS

This is the 4th in a series of articles on vocational education at Kewaskum High School.

The auto mechanics program at Kewaskum High School has been developed over the years to provide students with the opportunity to gain an insight into the field of mechanics. It serves a wide range of students and provides opportunities to explore the field, giving an insight into as many career opportunities as possible.

The course content begins with a history of the development of the auto industry in this country and explores briefly the impact of the automobile on our society. Following a unit on hand tool identification and use, a study of the internal combustion engine and its many supporting systems is conducted. Next the power train, brakes, and electrical system are covered along with a

Moraine Chorus Concert Update

On Saturday, April 14, the 65-member Moraine Chorus travelled to Milwaukee and performed in MECCA's Plankinton Hall as the featured guest chorus on the Milwaukee Liedertafel's annual spring concert.

This concert marked the 126th anniversary of the founding of the Milwaukee Liedertafel, a men's singing society dedicated to upholding the tradition of German song and culture in the Milwaukee area. At each spring concert, the Milwaukee Liedertafel opens the program with several selections and is followed by the guest chorus. In the past, guest choruses have come from as far as Germany to perform for this event. The Moraine Chorus feels honored and privileged to have been asked to sing for this prestigious affair.

The Chorus' program included Every Valley by Beck, the Alleluia from "Motet VI" by J.S. Bach, the Hostias and Sanctus from Saint-Saens' "Requiem," a setting of The

Lord's Prayer by Peter Ayer, Auf dem See by Mendelssohn, Go away from My Window arranged by Zaninelli, Muss i denn and Auf der Lueneburger Heidi arranged by Ayer, the director of the Moraine Chorus.

On Sunday, May 13, the Chorus will present its own spring concert in the University of Wisconsin Center-Washington County's theatre, 400 University Drive, West Bend. The program will include the entire Saint-Saens' "Requiem," two excerpts from their performance in Milwaukee, and a variety of other choral works. The public is

invited to attend this free concert.

Girl Scouts Attend Folk Fair

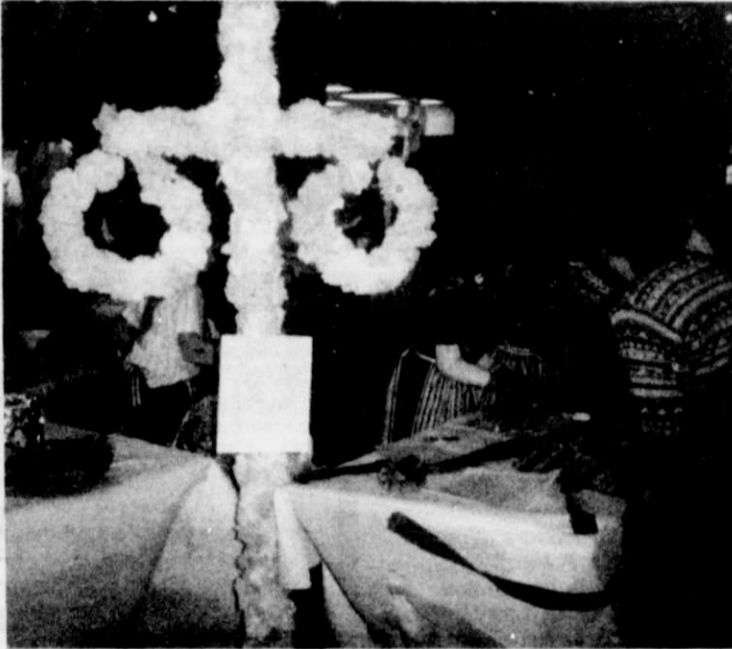

On April 14 and 15 the girl scouts from the Kewaskum area attended the "Rainbows Around the World" folk fair at Fond du Lac.

Kewaskum chose the country of Sweden for their part in the fair. The scouts handed out ginger snap cookies for the people to eat. The ginger snap is the main cookie from that country. Each scout had their turn to work at making flags and love baskets which were also handed out.

The scouts were also able to learn different customs about this country. In midsummer they celebrated MIDSOMMER on the weekend falling between the 19th and 25th of June, when the longest day of the year occurs. At that time of the year daylight in a "Land of the Midnight Sun," lasts all night long and outdoor activities are highlighted. A Maypole is cut. The May in Maypole in Swedish is "maja" and means celebrating with greens and flowers. A procession takes place and the Maypole is raised. Singing, dancing and picnicing abounds as all gather for this merriest of holidays.

One custom which takes place on Holy or Maundy Thursday, just before Easter, has roots in the almost universal belief in witches. Witches it was believed rode broomsticks and carried a coffeepot or horn with them. This day is celebrated by Swedish children who dress like witches, prepare Easter cards and go "trick or treat" by going door to door exchanging their Easter cards for a penny. During a party, the children discover the customary Easter Tree made of varicolored feathers which on Easter Sunday will be exchanged for eggs.

Just a reminder for all scouts that the spring rollerskating party will be held April 30 from 4:00 to 6:00 at Skate Country in West Bend.

Cedar Lake Home Sets Memorial Worship Service

The Resident Council of the Cedar Lake Home Campus has selected Rev. Keith Farnham to be the speaker at the Home's annual memorial service, Tuesday, May 1 at 2 p.m.

Every year, on the second Tuesday following Easter, the Cedar Lake Home Campus

honors residents who passed away the previous year by inviting their friends and family to a memorial worship service. The Resident Council plans this special service.

Rev. Farnham is pastor of St. John's United Church of Christ, Kohlsville, and is on the Chaplaincy and Resident-Family Services staff at the Cedar Lake Home Campus.

Families and friends of departed residents are invited to attend the memorial service.

District II Scout-O-Rama at County Fairgrounds

"Scouting Is Growing" is the National Scout-O-Rama theme for this year. Glacier Edge District 11 of the Bay-Lakes Council of the Boy Scouts of America, which includes Ozaukee and Washington Counties, will conduct their Scout-O-Rama on Saturday, April 28, from 11:00 a.m. to 4:30 p.m., at the Washington County Fairgrounds, Highway 175, Slinger.

The public will have the opportunity to see Scouting in Action as Cub Scouts, Boy Scouts and Explorer Scouts display, demonstrate and participate in Scouting activities such as crafts, games, wooden turtle race, balloon race, skills, rope making, pioneering, camping, conservation, outdoor cooking, fishing, knot tying, first aid, camp gadgets, monkey bridge, etc. Special features will include the Order of the Arrow Indian Dancers, a troop cooking contest, a Petting Zoo and three official race cars from the Slinger Speedway. Information on Religious Scouting Awards will also be on display. Refreshments will be available.

The audience is encouraged to participate at each booth and construct their own items under the direction of the unit, or be involved in the activity of the booth.

The tickets cost \$2.00 and will admit one adult and one child; two tickets will admit the whole family. Tickets may be purchased from local units or at the Scout-O-Rama.

Reading Council to Present Storyteller

George Shannon, a well known storyteller, will address the Washington-Ozaukee Reading Council on "The Wednesday of Storytelling" on Wednesday, May 2, at the Washington House, 228 N 6th Ave., West Bend. He tells us about himself in this manner:

"I have always been wrapped in stories and books. My parents read to me and I, in turn, to younger brothers. Books and family stories filled our home and going to the library was as common as going to the market. I began writing stories in grade school and my teachers and my parents seemed to like them. I have always enjoyed putting words together in new and different ways to form fresh images...As I travel about telling stories and working on new books, I know I wouldn't trade jobs with anyone else in the world."

While attending college in Kentucky and working in the library there, he began learning about children's books. He now lives in Wisconsin and is a professional story teller.

The Gang and Mrs. Higgins was his first book. Among his other writings are: *The Surprise, Dance are: The Piney Woods Peddler.*

Guests are welcome at the Washington House 6:30 dinner preceding his 7:45 presentation. Cost to members is \$8.75; guests \$10.75. To attend the presentation only, cost to members is \$1.00; to guests \$2.00.

Jon Etta Named Sectional Star Farmer

Jon Etta

Ten Outstanding Wisconsin Future Farmers of America members have been selected to receive the 1984 Sectional Star Award.

To be eligible for recognition as Sectional Star Farmer, the candidate must meet the requirements of the Wisconsin Farmer Degree, the highest degree of membership given by the State FFA Association. Selection is based on supervised occupational experience, achievement in agriculture, and leadership in FFA activities. The ten sectional Star Farmer Candidates were selected from the 363 FFA members elected to receive the State Farmer Degree.

This year's Sectional Star Farmers are:

1. David Peper - Balsam Lake-Unity
2. Jeff Pickerign - Menomonie
3. Cory Tryggestad - Viroqua
4. Kurt Wedig - South Wayne-Black Hawk
5. Randy Eberle - Monroe
6. David Ballwanz - Rosendale-Laconia
7. Tim Schindler - Abbotsford
8. Steven Reise - Suring
9. Gary Van De Hei - Denmark
10. Jon Etta - Kewaskum

The ten Star Farmer candidates will receive trophies and cash awards on June 13, 1984 at the State FFA Convention in Green Lake, Wisconsin.

At that time, five of the ten Star candidates will be designated Star Farmers of their geographic area of the state, i.e., North, Southwest, Central, Northeast, and Southeast. Of these five area candidates, one will be chosen as the Star Farmer of Wisconsin - the highest honor of State Association may bestow on a member.

The State Star Farmer Committee is composed of leaders in business, agriculture and education. They make their selection based on guide-lines established by both the State and National FFA organizations.

The State Farmer of Wisconsin receives a \$200 cash award from the National FFA Foundation.

Jon Etta of the Kewaskum FFA has been selected to

receive the 1984 Sectional Star Farmer Award. Jon is a junior at Kewaskum High School. He participated in Creed Speaking, Prepared Public Speaking, and Extemporaneous Speaking. He competed in State Finals twice. He is presently secretary of the local chapter. His supervised occupational experience program consists of the raising of Registered Polled Hereford cattle and an extensive swine operation.

Some of Jon's highlights in 1983 included: Spring Preview Shows "Master Stockman Award;" Washington County Fair Grand Champion Hog; National Chester White Spotlight-9th Showmanship; Wisconsin State Fair - Champion Hampshire Barrow, Reserve Champion Hampshire Gilt, and Champion Carcass Hog; Champion State Intermediate Swine Showman; Southern Jr. Livestock Show - Champion Duroc, Reserve Champion Hog.

Jon is the son of Ethan and Judy Etta of rural Kohlsville.

Two Kewaskum FFA Members State Farmer Degree Winners

Roger Batzler and Jon Etta of Kewaskum have been nominated to receive the State Farmer Degree, the highest degree awarded by the Wisconsin Association of Future Farmers of America.

Roger and Jon were nominated for the degree by the Kewaskum FFA Chapter. The nomination was approved at a recent meeting of the State FFA Board of Directors. According to the State Constitution, only 2% of the total state FFA membership can receive the degree; the state membership exceeds 19,000.

Following a final vote of approval from student FFA delegates, Roger and Jon will receive the degree in a special ceremony on Wednesday, June

13, 1984, at the State FFA Convention held in Green Lake. Roger and Jon are two of 380 FFA members in Wisconsin to be nominated for the State Farmer Degree.

Roger Batzler is the son of Mr. and Mrs. Gerald Batzler of Kewaskum, and is currently farming in partnership. Jon Etta is the son of Mr. and Mrs. Ethan Etta of Kewaskum, and is currently attending high school. Both Roger and Jon earned the State Farmer Degree on the basis of their diversified livestock projects.

Dave Rizzardi of Kewaskum is the school vocational agriculture instructor and FFA advisor for Kewaskum High School.

Kewaskum Industrial Arts Team's Can Crusher Wins First Prize in National Mass Production Contest

Kewaskum Statesman, Friday, April 27, 1984, Page 11

Crushers won a Mass Production Contest first prize in the grades 9 - 12 division for a student team at Kewaskum High School.

A team of students from Kewaskum High School is among the prize winners in the fourth annual mass production contest sponsored by the American Industrial Arts Association of professional teachers and the Stanley Tools division of The Stanley Works. The winners were selected Tuesday, March 27, during the A.I.A.A. conference in Columbus, Ohio.

The Kewaskum team, under the direction of William Stangl, industrial arts teacher, won first place in the grades 9-12 division of the contest. The team's winning entry was a can crusher. Members of the team were Jeffery Eisenmann, Michael Kirchner, Steven

Kuphal, Roger Mueller, and Edward Reindl.

Entries consist of products manufactured by teams of students, under the supervision of their industrial arts teacher, using mass production techniques and methods. Teams compete in one of three contest divisions: grades 6-8, grades 9-12, and college undergraduate.

In selecting a product, students must consider its marketability and a market research study must accompany each entry. The students must also select the tools and develop

whatever jigs and fixtures are required to manufacture the product repetitively to precise, quality standards. Each entry must consist of at least two of the products to show that the team's manufacturing methods could be used for mass production.

This year's contest drew entries from schools in Oregon, California, New Mexico, Arkansas, Georgia, Kentucky, Virginia, Ohio, Illinois, Wisconsin, South Dakota, Michigan, New Jersey, Connecticut and Vermont.

Deadline Extended To Apply for Money To Pay Heating Bills

The deadline for low income people to apply for money to help pay their heating bills has been extended to May 15, according to the state Department of Health and Social Services (DHSS).

Households below 150% of the federal poverty limit are eligible for funds through the Energy Assistance Program (EAP), regardless of whether heat is included in the rent. For a household of four, the income limit is \$1,238 per month. Only one member of a household may apply for EAP. Payments to eligible households will consist of one check between \$145 and \$130 depending upon the household income in relation to family size and type of heating fuel.

Applications for EAP funds must be made through the county Departments of Social Services in all counties except Dane and Milwaukee. In Dane County applications are made through Energy Services, Inc. In Milwaukee County residents should contact the Social Development Commission.

Immunization Clinics Slated

All recommended immunizations are available to children and adults of Washington County at the immunization clinics offered by Washington County Community Health Nursing Service. May clinics are:

May 1 - Community Health Nursing Service, 515 E. Washington St. - West Bend, 2-5 p.m.

May 8 - Germantown Senior Citizen Center, W162 N11960 Park Ave. - Germantown, 2-4:30 p.m.

May 15 - Hartford Recreation Department, 525 North Main St. - Hartford, 9-11 a.m.

May 22 - Community Health Nursing Service, 515 E. Washington St. - West Bend, 9-11 a.m.

All immunizations are provided free of charge, but there is a \$1.00 charge for the T.B. skin test for those age 16 and over. Parents are asked to bring to clinics their record of each child's past immunizations, as immunizations will not be provided without past records.

For further information call 338-4462, 644-5204 or 342-2929.

COLLAGEN [Contd.]

A proteinlike substance made within your body, collagen, serves as mortar to hold together the cells of your body tissues. Collagen also nourishes and heals bones, body organs, blood vessels and glands. With certain enzymes, vitamin C, zinc, and other nutrients, your body can produce this essential collagen. The N.Y. Nutrition Bureau recommends fresh citrus fruits, strawberries, papaya, cantaloupe, tomatoes, broccoli, green peppers, raw leafy greens and potatoes for vitamin C and enzymes to produce healthful collagen.

Charles Sparks, Ray Haack, Others Pass On

Charles E. Sparks, 71, of 1425 Roseland Drive, Kewaskum, passed away at St. Joseph's Community Hospital, West Bend, on Saturday, April 21, 1984.

Mr. Sparks was born on February 15, 1913, at Navarre, Ohio, to the late Ernest and Susan Newall Sparks. On October 24, 1934, he married Elsie G. Reigle at Canton, Ohio. She passed away on July 20, 1980.

Before moving to Kewaskum in 1946, Mr. Sparks lived in Canton, Ohio. He was a former plant superintendent for Regal Ware Inc., Kewaskum, for 34 years, a member of the Peace United Church of Christ in Kewaskum, Kewaskum Kiwanis Club, and the Masonic Order.

Survivors include two sons, Robert (Barbara) of Kewaskum, and James (Mary) of Campbellsport. He is further survived by two grandchildren, David and Courtney; one brother, Lloyd of Massillon, Ohio; two sisters, Mrs. Mamie Fox of Columbus, Ohio, and Mrs. Irene Miller of Massillon, Ohio; other relatives and friends. Three sisters and two brothers preceded him in death.

Services for Mr. Sparks were held on Tuesday evening at 8 p.m. at Miller's Funeral Home in Kewaskum with Rev. Darrell Joiner officiating. Burial was in the Peace United Church of Christ Cemetery.

Visitation was at the funeral home on Tuesday after 4 p.m. until the time of services.

Musicale Proceeds to Help Community

Kewaskum Statesman, Friday, April 27, 1984, Page 13

The Cedar Lake Home Campus total team is busy rehearsing its fourth annual musicale to be held at the West Bend High School Auditorium May 3 and 5.

To support community programs, over 200 people of all

ages from the campus' total team of residents, their families, staff, volunteers and community members are pooling their talents to present this entertaining musicale entitled "We Love Life."

Proceeds from the \$4 donation passes will be shared with the following:

The chaplaincy program of the West Bend Police and Fire Department, through the ecumenical Kettle Moraine Ministerial Association.

The Kettle Moraine Hospice program, which provides volunteer professional help for the terminally ill.

The Home's special Campus music program which brings the ministry of song to special care residents.

Schedule Pruning Demonstrations

Spring pruning demonstrations will be held on Tuesday, May 8, from 2:00 to 4:00 p.m. and 6:00 to 8:00 p.m. at the UW-Extension Office, 515 East Washington Street in West Bend.

Dan Wilson, Horticulture/Resource Agent will discuss planting techniques, pruning equipment and pruning theory. The programs also include an on-site demonstration of pruning evergreens, deciduous shrubs, ornamental trees and shade trees.

The pruning demonstrations are free but participants are asked to pre-register by calling the UW-Extension Office at 338-4480 or 342-2929. A rain date has been set aside on May 10 at the same times and location.

County Personalities Going to 'Jail'

What do Dwain Ehrlich, Mayor Don Gonring, Joe Schwai, Police Chief Jim Skidmore, Joe Zadra and Fr. Mike Morgan have in common? They, along with other West Bend and Washington County personalities will all be in "jail" on May 8, 9 or 10.

Not to worry, they are not going to a "real" jail. As participants in the American Cancer Society's Jail & Bail, they will be raising money for the fight against cancer.

For a \$25 fee, a real off-duty police officer will go to the office or home of the person you would like arrested. Their participation is strictly voluntary. If they agree, they will be led away in handcuffs to the American Cancer Society's

jail in the Westfair Mall.

After bail is set, the prisoner is given one hour to raise bail by calling friends and family to make pledges to the American Cancer Society.

WBKV Radio is sponsoring Jail & Bail and will broadcast live from the Jail all three days. Riverbend Cablevision will also be broadcasting live.

All proceeds will go toward funding cancer research, service to cancer patients and lifesaving educational programs.

If you are interested in having someone arrested, call 334-4646.

Miller's large furniture warehouse on North Fond du Lac Avenue, Kewaskum, was gutted by fire in a blaze discovered at about 1 a.m. Saturday. The fire caused an estimated \$35,000 or more damage to the building, its contents and a delivery truck parked in the warehouse for the night. The main damage was to the contents of the building, consisting of stored furniture, bedding and carpeting which filled the entire warehouse. The rafters and ceiling of the concrete block building were badly scorched and burned by the flames. The rear end of the truck also burned. Edward E. "Pat" Miller, owner of the building, and firemen believe that the fire started in the truck or some other part of the truck or possibly from a short in the wiring in the building itself.

At Tuesday's meeting of the Washington County Board, Elwyn M. Romaine of Kewaskum was re-elected to his 15th term as chairman of the county board. New members of the board introduced included Earl Schulz, newly elected chairman of the Town of Wayne.

Mr. and Mrs. Charles Meinecke of Kewaskum observed their 55th wedding anniversary on April 5. The Meineckes have one daughter, Lorinda (Mrs. Louis Bunkelman); one grandson, Edward Bunkelman, one granddaughter, Bernice (Mrs. Robert Scannell), and six great-grandchildren, Lee, Larry and Lloyd Bunkelman and Susan, June and Pamela Scannell, all of Kewaskum.

Pvt. Robert Becker, son of Mr. and Mrs. William Becker, Town of Kewaskum, returned home recently after completing six months of active National Guard training at Fort Leonard Wood, Mo.

A daughter was born to Mr. and Mrs. George Benike, Kewaskum, on April 16. A daughter was also born to Mr. and Mrs. Callen Bowe, Allenton, on April 21. The Bowes are former Kewaskum residents.

Work was started last week whereby the local Kewaskum Creamery plant will be considerably larger. A new building, one story high, 40 by 52 feet, will be erected on the company's property just west of the present building. It is expected that the new building will be ready for occupancy in about six weeks. Enlarging the plant was necessary because of the large demand for cottage cheese and other package goods. When the new addition is completed, the company will be in a position to increase their output in an unlimited way. There are now on the waiting list a large number of farmers who either want to haul their milk or have it hauled to the local creamery. This opportunity will be given to them soon. The Kewaskum Creamery has had the reputation of paying good prices to the farmers, but their taking in of

milk was limited on account of the strict rules laid down by the Chicago Board of Health, as most of the milk received was shipped to that city. The new building will be a complete unit by itself of which the Chicago Board of Health will have no jurisdiction. As the supply of milk received will increase, additional help will be employed. Mr. Quade, superintendent of the plant, has perfected a new kind of cheese, "a quality cheese of its own class," that should create a large demand when once placed on the market. The Kewaskum Creamery has for years been a very successful institution.

A very pretty wedding took place at the Holy Trinity Catholic Church in this village on April 21, when Rev. Father Philip J. Vogt united in marriage Miss Rose Schaeffer and Edward (Huck) Weddig. The bride is a daughter of Mr. and Mrs. John S. Schaeffer of the Town of Auburn. The groom is a son of Mr. and Mrs. John Weddig of Kewaskum.

In the Primary Room of the Kewaskum School, Allen Bruessel, Lloyd Etta, Donald Koerble, Lavern Ramthun, Beatrice Vorpahl, Allen Tessar, Gladys Holzmann, Rachael Brauchle, Marion Ramthun, James Keller, Lyle Manthei and Donald Mertes had a perfect attendance record the past six weeks. Lavern Ramthun, Rachael Brauchle, Lois Koch, Marion Ramthun and Lillian Werner were the leaders in the Good Conduct race.

Those who were neither absent nor tardy in the Intermediate Room of the Kewaskum School the past six weeks were: Deane Backus, Willard Manthei, Delores Ramthun, Malinda Schmidt, Harriet Backhaus, Gertrude Holzmann, Roger Stahl, Laverne Terlinden, Ray Vyvyan, Belinda Backhaus, Ida Backus, Harold Bunkelman, Alfred Holzmann, Lorraine Honeck, Shirley Manthei and Wayland Tessar. Winners in the department contest were: Delores Ramthun, Evelyn Weddig, Irene Backhaus, Lorraine Honeck, Mary Kleinschay and Homer Schaub. The honor roll consists of: Erhardt Schultz, Alfred Holzmann, Patti Brauchle, Lorraine Honeck and Wayland Tessar.

Mr. and Mrs. Edward Prost of the Town of Kewaskum were made the happy parents of a baby girl last week Thursday.

A branch of the G.U.G. Germania Insurance Company of Milwaukee was organized here last Saturday evening in Schneider's Hall. The local branch took the name of Kewaskum Society No. 59. Permanent officers elected for the ensuing year are as follows: President, N. J. Mertes; vice-president, Philip McLaughlin; secretary and financial secretary, B. H. Mertes; treasurer, A. W. Koch; speaker, Oscar Koerble; fuhrer, Charles Groeschel; marshal, Albert Opgenorth. The local branch has 22 members to start with.

At the baseball meeting Tuesday evening the following officers were elected: Manager, O.E. Lay; captain, Ervin Koch; secretary and treasurer, F.E. Witzig. The boys expect to have a winning team this season.

A.A. Perschbacher bought a lot of William Miller last Thursday where he intends to move his warehouse building and arrange it for a residence.

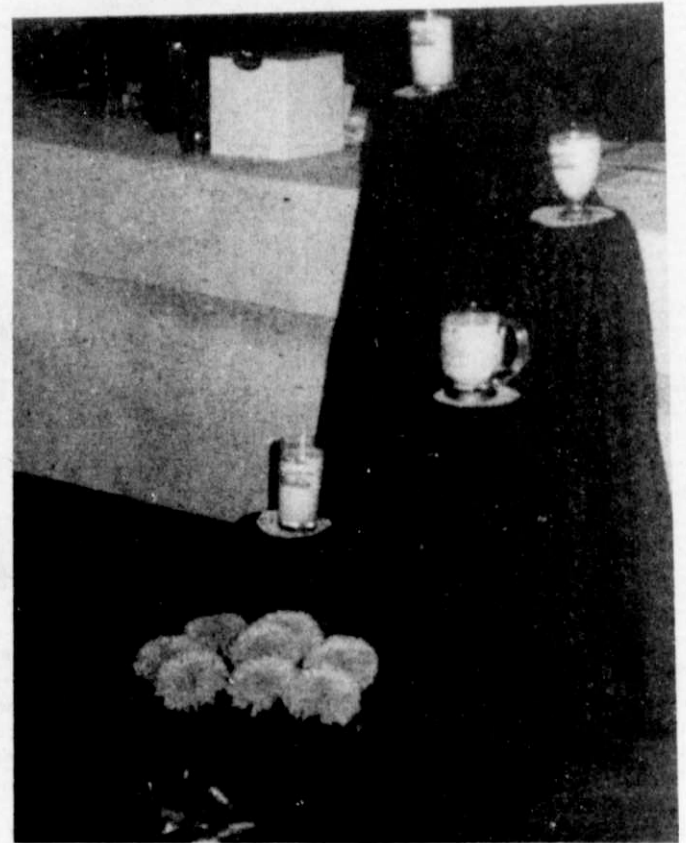

The marriage of Miss Annie Krahn, daughter of Mr. and Mrs. William Krahn of Lamartine, to Adolph Backhaus, son of Mr. and Mrs. Fred Backhaus Sr. of Kewaskum, took place at Lamartine on April 17.

The wedding ceremony of Miss Martha Volm, daughter of Mr. and Mrs. Joseph Volm, and Matthew Becker of Barton was performed at St. Bridget's Monday morning.

George Baum, 67, died April 14, at his home 2 1/2 miles southeast of Beechwood. The immediate cause of death was pneumonia. The deceased was born October 20, 1841 at Wallan, Germany, and was married to Johanna Bartel on December 14, 1865. His wife departed from this life four years ago. He is survived by three daughters, Mrs. Val Straub of Plymouth, Mrs. L. J. Kaiser of Beechwood, and Mrs. Jacob Held of Batavia.

Andrew Etta and his wife of New Fane are the happy parents of a baby girl which made her appearance last Tuesday. A baby girl was also born to Mr. and Mrs. H. Tesch of Boltonville on April 20.

'Enjoy Milk...Something Special from Wisconsin'

Enjoy Milk...Something Special from Wisconsin"

The Associated Milk Producers, Inc. Women of Wisconsin are urging restaurant goers to "Enjoy Milk ... Something Special from Wisconsin." Their effort ties in with the Wisconsin Department of Trade and Consumer Protection's "Something Special from Wisconsin" promotion of the products of the state's agricultural, industrial, commercial and service sectors.

Through a campaign designed to work with the Wisconsin food service industry, the AMPI Women hope to build product awareness and increase milk sales. Specially designed glassware with the theme, "Enjoy Milk ... Something Special from Wisconsin," will be available to restaurants to use for serving milk.

"The unique glasses should attract attention and act as a reminder to customers to order milk with their meals," says AMPI Women's District President, Janet Panzer of Kewaskum.

The Women's group is also

encouraging restaurants to frost the milk glasses, serving the milk at its best — frosty and cold.

"Today's society is increasingly health and nutrition conscious," Janet says. "This program is an attempt to remind consumers of the quality and nutritional value of milk. The glasses serve as a reminder that milk is a special part of any meal."

All-Terrain Vehicles

Recently there was some confusion on the part of a Washington County farmer as to the legality of operating a three wheeled motorcycle, or all-terrain vehicle, on the roadway. He believed that because the vehicle was being used in connection with his farm work, that it was considered a farm implement; and therefore legal to be used on the road in the conduct of his agricultural operations.

An opinion from the Washington County District Attorney's Office indicates otherwise. Statute 340.01(24) defines "implements of Husbandry." Such an implement is defined as a vehicle or piece of equipment or machinery to be used exclusively in the conduct of agricultural operations, and used principally off the highway. While an all-terrain vehicle must be used off the highway, it is also not designed to be used exclusively in the conduct of agricultural operations, such as a harvester, farm tractor or combine would be. In addition, the Wisconsin Department of Transportation reports that all-terrain vehicles cannot be registered because the frame does not meet the Department of Transportation requirements. That is one reason that it must be used off the highway.

So while an all-terrain vehicle may be used to assist in farm related operations, it is illegal to use them on public roadways. Persons operating all-terrain vehicles on the roadway, according to Sheriff Clarence Schwartz, are subject to prosecution.

DETOX PROGRAM

Mary is 37, divorced, and lives with her three schoolage children. Significant financial and emotional pressures since her divorce have precipitated a pattern of frequent, heavy alcohol consumption. This is often combined with sleeping pills and tranquilizers which she uses to help deal with the stress. Mary is aware of her problem but avoids dealing with it. Pressure from family and friends to get treatment tend to anger her and increase her social isolation. One day her 8-yr.-old son came home from school to find her passed out on the kitchen floor. She is taken to the hospital by ambulance and sent to Detox after assessed to be acutely intoxicated.

Joe, who is 48, has been drinking daily for 20 years. At times he thinks he drinks too much but would never consider himself "alcoholic." Due to medical problems, he's prescribed a medication and warned by his physician to abstain from alcohol while taking it. After a day of abstinence he finds himself experiencing anxiety, nausea, and tremors. Later that evening he has a seizure while at home with his family. He is taken to E. R. where they diagnose alcohol withdrawal syndrome. He is sent to Detox for further stabilization.

Bill is 19, married and works very hard at his full time job. He generally gets along well with others but tends to have an explosive temper when consuming alcohol. Due to marital tensions and job pressures he needs to "let loose" on weekends, very often becoming extremely intoxicated. Recently this has led to a number of bar fights resulting in criminal charges of disorderly conduct. One such weekend Bill returned

home very angry after being kicked out of a local tavern for disruptive behavior. An explosive argument with his wife ensued resulting in threats of physical harm to her. Neighbors called police who brought Bill into Detox under protective custody.

Each scenario is unique in that it involves a different set of people with varied personalities of lifestyles. They have in common, however, a chemically dependent individual who is in need of some sort of intervention or treatment. Admission to Detox is very often a person's first contact with the AODA system.

Washington County provides detoxification services through a four-bed unit which is part of the Inpatient Program at the Mental Health Center. The Unit admits anyone in need of observation, treatment, or protective custody for the period during which he is inebriated or otherwise incapacitated by substance abuse. It operates around the clock and is staffed by a team of physicians, nurses, aides, psychologists and social workers. Most clients enter voluntarily being referred by family,

friends, physicians, or other agencies. A smaller percentage are brought in by law officers and placed under protective custody due to some dangerous behavior associated with their intoxication.

In providing care for its clients, the Unit has three objectives. 1) To assess the person's physical condition and provide necessary medical treatment. This may include medication, proper nutrition, diagnostic studies, and possibly transfer to a more intense medical setting if a condition warrants. 2) to evaluate the client's emotional status and refer to appropriate mental health services if indicated. 3) to assess the presence and severity of chemical dependency and to initiate a treatment plan when appropriate. This is achieved through referral to the Washington County Council on Alcoholism. Effort is made to have all clients seen by a trained AODA counselor prior to their discharge. This last step serves as a link to connect the chemically dependent individual with an ongoing support system to assist in their recovery.

Minutes of Village Board Meeting

Mid-Monthly Meeting
April 16, 1984
8:00 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin met in regular session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk, presided. All Trustee Members were present.

On a motion by Trustee Mary Krueger, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board approved the minutes of April 2, 1984.

Motion was made by Trustee David Nigh, seconded by Trustee Donald Mlodzik to suspend the rules to take action on agenda item VIII A. (Discussion on the request of River Bend Cablevision for a rate adjustment for Cablevision service). Roll call vote was carried unanimously. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent."

Discussion was again held on the request of River Bend Cablevision for a rate adjustment. Steve Peterson, Bob Schaefer and Carol Kenon of Cablevision were in attendance. President Gerald Stollenwerk asked if all the Board Members had the opportunity to read the financial statement provided by River Bend Cablevision. After a considerable amount of discussion, President Stollenwerk asked for a motion. On a motion by Trustee David Nigh to approve the rate adjustment, President Stollenwerk asked for a second with none forthcoming; the motion died. More discussion followed with all Board Members concerned about the size of the increase. Mr. Peterson indicated they were looking for a decision only on the request before the Board and not a reduced amount.

Motion was made by Trustee Mary Krueger, seconded by Trustee Paul Blumer to deny the rate adjustment as requested by River Bend Cablevision. Roll call vote carried the motion with a majority. Roll call vote was 4 "Aye" (Trustee Krueger, Trustee Blumer, Trustee Schmidt, and Trustee Mlodzik); 3 "Nay" (Trustee Nigh, Trustee Laubenstein, and President Stollenwerk) 0 "Absent."

On a motion by Trustee Richard Schmidt, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board approved the building permit application of Frank Kutz, 1169 Kewaskum Street for the construction of a new home. The office was authorized to issue the proper permits upon proper payment of fees. The permit applications were approved by the Building Inspector and Zoning Administrator.

On a motion by Trustee David Nigh, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote,

the Board authorized the partial payment request of \$190,942.00 for Chicago Bridge & Iron Company on the construction of the elevated steel watersphere.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board authorized applying for one summer part-time youth through the County Summer Youth Employment Program.

President Gerald Stollenwerk wished to express the Village Board's thanks to the Kewaskum Chamber of Commerce for their generous donation of \$300.00 to assist with the painting of KEWASKUM on the new water tower.

The 1983 audit was distributed to the Village Board for their review. Discussion on the audit is scheduled for May of 1984.

Administrator Schmidt reported that the Board of Appeals meeting scheduled for April 17, 1984 has been cancelled and rescheduled for May 3, 1984 at 7:00 p.m.

It was also noted that the open book has been scheduled for April 24, 1984, 10:00 a.m. to 4:00 p.m. and that the Board of Review will meet May 14, 1984, 10:00 a.m. to 4:00 p.m.

On a motion by Trustee David Nigh, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the advertising for bids for the residing of and the addition of eaves to the Village Garage, 1002 Fond du Lac Avenue, as recommended by the Public Works Committee.

Trustee Richard Schmidt, Chairman of the Park and Recreation Committee, reviewed with the Board the new (Injury/Park Violation Notice). Also, the request of the Kewaskum Jaycee Women to operate/manage the concession stand at the Kewaskum Kiwanis Community Park for 1984. Jaycee Little League Program was discussed.

On a motion by Trustee Paul Blumer, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board authorized the Kewaskum Jaycee Women to operate/manage the concession stand for the 1984 year at no cost, but asked that if they should a profit to donate some of the proceeds to the ballfield lighting fund.

On a motion by Trustee David Nigh, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board authorized the installation of some lights for the horse shoe courts.

Trustee Howard Laubenstein, the Board Representative on the Plan Commission, announced that there will be a Plan Commission meeting Tuesday, April 24, 1984 at 8:00 p.m.

On a motion by Trustee Richard Schmidt, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board authorized the

purchase of the Truck Chassis and 5 Yard Dump Box, as bid on April 2, 1984 and reviewed by the Public Works Committee on April 16, 1984 from Honeck's Chevrolet, Inc. of Kewaskum at a cost of \$21,370.00. This was the recommendation of the Public Works Committee and it was noted that this bid was the lowest and most advantageous to the Village.

On a motion by Trustee Mary Krueger, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board directed the Administrator to have the landfill site in the Town of Auburn surveyed and to work with the DNR to reduce the landfill license renewal fee to ultimately realize a \$2,150.00 savings.

On a motion by Trustee David Nigh, seconded by Trustee Richard Schmidt and unanimously carried by voice vote, the Board instructed the Administrator to proceed with eliminating one sentence from 11.05 (1) of the Municipal Code.

A Proclamation on Secretaries Week was approved as follows: (See attached)

President Gerald F. Stollenwerk said that on behalf of the entire Village Board he wanted to commend Trustee Richard Schmidt for a job well done in serving the Village of Kewaskum during the past 3 years. He expressed his thanks to Trustee Schmidt and his family, after which the entire Board and those in attendance applauded him.

Motion was made by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein to adjourn to closed session under Chapter 19.85(1)(g) of the Statutes to Discuss litigation by Ralph and Henriette Scott vs. the Village of Kewaskum, under Chapter 19.85 (1)(c) of the Statutes to consider employment, promotion, compensation and performance of public employees over which the governmental body has jurisdiction or exercises responsibility. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." The motion was carried unanimously.

Tornado Tips

WHAT TO DO IF YOU'RE AWAY WHEN A TORNADO THREATENS

[Third in a series]

Although most people know where to seek shelter from a tornado in their own home, they become confused or panic if a warning is issued while they are at work, out shopping, or in their car, according to the Wisconsin Division of Emergency Government.

For example, in April of 1979 at least 15 tornados ripped through Texas and Oklahoma killing 58, injuring more than 1,800 and causing nearly \$500 million in damage. Over half of the deaths were attributed to people trying to escape in motor vehicles.

Some basic rules apply. No matter what your location, the best shelter is on the lowest level of a building, away from windows and doors. When possible, get beneath a sturdy piece of furniture. Protect your head and chest, since storm-related deaths are frequently due to injuries to these parts of the body.

If you're in a public building, look for a predesignated shelter. Always stay inside the building. Don't run for your car, since you're generally safer inside a structure than in the open.

Aware of long-span roof areas, like those found in malls and gymnasiums. Instead, try to find a smaller room, such as a closet, restroom or storeroom. Stairwells also make good shelters.

In mobile homes or cars,

Tornado Alert

We don't want to alarm you, but no community is immune from tornadoes or other possible disaster.

Kewaskum does test its warning system the first Thursday of the month at 10:30 a.m. by blowing the siren from 3 to 5 minutes.

So what should you do if a disaster takes place? Take shelter and listen to your local radio station.

The fire siren will be sounded on Thursday, May 3, at 10:30 a.m. to acquaint residents with the tornado or other disaster signal. It will be sounded at a steady pitch for three minutes.

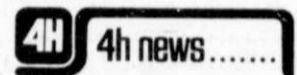

In the event of a tornado or other impending disaster take precautionary measures.

The alerts will be held throughout the year on the first Thursday of each month.

leave them and find shelter in a building. If there is no nearby shelter, lie flat in the nearest ravine, ditch or culvert with your arms shielding your head (be sure to watch out for standing water in these culverts).

Share your knowledge with those around you. Direct coworkers, companions and fellow shoppers to safe shelters if they appear confused when a tornado threatens.

No one can stop a tornado but there are precautions you can take to safeguard lives and property. That's why Wisconsin's Governor Anthony S. Earl declared March 25th through the 31st "Tornado Awareness Week." The Wisconsin Division of Emergency Government and the National Weather Service have joined forces to help spread the word on tornado safety throughout the state.

WAYNE CRUSADERS 4-H

The April 10th Club of the Wayne Crusaders 4-H Club was called to order at 7:34 p.m. by President Chris Schulz.

The county poster and speech contest.

The secretary's report was given by Brenda Oelhafen, accepted by Phil Felber and seconded by David Schulz.

The club will be going roller skating at Skate Country on April 24, from 8 to 10. The Kewaskum 4-H Club is invited to join us.

The June Dairy month committee gave a report on the window display plans and more June Dairy activities were discussed which included handing out cheese and painting faces.

The club selected a team for the Washington County Fair, "Anything Goes" contest. We also had some members volunteer to be cheerleaders.

The club's annual paper drive will be held on April 28, at the Kohlsvaler Fire House. All newspaper brought will be greatly appreciated. Someone will be at the fire house between 9 a.m. and 3 p.m.

The refreshment committee for the May meeting will be the Donald Schulz Family.

The meeting was adjourned at 8:30 p.m.

SALT: THE MISCHIEF MAKER
Dr. R. G. Edwards, M.D.

My life at the University of Minnesota began in September of 1925. I was a frightened, skinny youth fresh from the prairies of South Dakota, placed amongst thousands of students at this large university. The rapid movements of the students to and fro reminded me of the movement of ants on a large ant hill. Soon after my entrance into the university, my God in heaven must have directed me to attend a lecture by Roald Amundsen (1872-1928), a noted Norwegian explorer who had been the first man to reach the South Pole in Antarctica on December 16, 1911.

Several hundred students sat spellbound in hushed silence for over two hours as this great man told us of his recent experiences to try to reach the North Pole by ship in 1922. Severe storms in the Polar Seas North of Greenland caused him to lose his ship and all of his crew. He, alone was saved by the Eskimos. Even his bag of salt, suspended around his neck, had been lost in his struggle to be saved from an ocean grave.

After the Eskimos had nursed him back to health, he soon learned how to communicate with them, but found the eating of frozen fish three times a day without salt was a very great handicap, but in order to survive, he obeyed the Eskimos. He was rescued by another explorer two years after his life had been saved by these kind people.

Upon his return to our form of civilization he repeatedly told his audience how bitter and horrible the foods tasted because of the salt content. Therefore he advised us all to stop our OVERUSE of salt for the betterment of our health. This advice was given over 30 years before our scientists had learned of the serious damages caused by salt to our arteries, kidneys and other organs. All my life, since hearing this lecture, I have avoided salt to a great extent and, now feel certain, that my present good health is, in part, due to my salt-poor diet for the past 55 years.

This story about a low salt diet prompted me to research a few facts about the food supplied at our public school lunch program for all students at a very low cost to them, \$1.00 per meal. These diets, or meals, are very well prepared by knowledgeable experts; they are well seasoned but never have a salty taste and the cooks vary the foods daily. With the bread, butter and milk offered with each meal the caloric value lies between 1500 and 2000 calories. Even fruit is offered and available to each student daily. Proteins for building muscles and strong bodies is offered in abundance in the meats, milk, cheese and eggs used by the cooks. Carbohydrates and sugars add a quick source of energy, and greatly improve tasty desserts; lastly we have the fats to supply extra calories for a longer acting sustenance. Oh yes, I nearly forgot the vitamins supplied in all above foods plus all the fruits available to the students.

Salt used in the preparation of these meals is never very much, but some students will overuse the shaker at the table. Pepper, lemon juice and various herbs do no harm to your health, and can add many delightful flavors. The damage caused by overuse of salt can best be illustrated to you if you will compare your arteries to our main highways. In summer our highways are free of salt and no rust marks show on your auto's fenders, however, after a couple of winters, the fenders show the rusting damage of salt. When we visited our old druggist friend in Sun City, Arizona, in 1977, he proudly showed us his 16 year old auto — no rust on it at all — why — because it had never been exposed to salt. This same kind of damage is affecting your arteries. Instead of clean, open tubes for your blood to flow freely, salt damage causes your arteries to resemble creeks or small rivers in which trees and brush and weeds have produced a clogging to the free flow of your blood, especially in your heart and kidneys arteries. This damage can be so severe that one can predict an early death at 40 years in some cases of severe overindulgence.

I sincerely hope and pray that the people, all ages, who read this article will take heed now; it will add many years to your life.

The amount of sodium in a well cooked nutritious meal such as our school kitchen offers, seldom exceeds 1000 milligrams. Our body needs only 200 milligrams of sodium per day for our continued good health. This amounts to about 1/10 (one-tenth) of a teaspoonful. An average adult will consume 2500 milligrams of sodium per day = 2 1/2 teaspoonfuls of salt.

One forenoon I arrived at the post office at 11:15 a.m. and was dumbfounded to count over 60 boys and girls coming down to the store for snacks and a soda instead of eating a good meal at school. So I asked the owner what foods and drinks the young people usually purchased.

My findings were as follows: The young people were orderly and rather quiet as each helped themselves to their desired items, then stood quietly in line to pay the owner. To my surprise, the majority of them also ordered a pack of cigarettes at \$1.10 each. The potato chips and all other snacks were in 1 1/4 oz. sacks at 30c or in 12 oz. bags at \$1.79 or 8 oz. at \$1.09. Practically all of them held a can of soda taken from the refrigerator. The soda contains on the average of 150 calories and costs 35c.

Now to add up what food values each student had obtained and the price thereof: potato chips, 1 1/4 oz., 225 milligrams of sodium, 175 calories, 30c. Corn snacks, 1 1/4 oz., 210 milligrams of sodium, 175 calories, 30c. Cheetos, 1 1/4 oz., 295 milligrams of sodium, 175 calories, 30c. Mister Salty Pretzels, 1 1/4 oz., 620 milligrams of sodium, 175 calories, 35c. All kinds of soda pop, 12

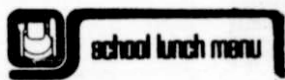

oz., no sodium, 150 calories, 35c. Diet soda, 12 oz., 5 milligrams of sodium, no calories, 35c.

All sodas contain carbonic acid (fizz); caffeine usually (stimulant); phosphoric acid (preservative); saccharin (artificial sweetener claimed to be a causative agent for bladder cancer); and sugar. Soda contains no salt, no vitamins, no trace minerals like drinking water which are very helpful to our body.

The effect of eating such junk foods is not alone the great costs for minimal food values, but that the imbiber of these items is denied the foodstuffs which his/her body craves.

Did you know that:

1. 12 oz. of beer equals the food value of two large slices of bread.
2. Chicken roasted with no skin equals the food value of fish = 50 calories per ounce.
3. Beef and pork are nearly equal in calories per ounce.
4. Popcorn buttered only - no salt has very few calories and the cost is only 5c per pint.
5. 8 ounces regular milk contains 160 calories and 122 milligrams of sodium.
6. All natural foods and fruits contain many vitamins and very little sodium.
7. All processed foods contain few vitamins and much more sodium.
8. A large glass of water is far better for your health than a large glass of soda filled with saccharin and weak acids.
9. One large olive contains calories and sodium.
10. Salt tablets are not to be taken on hot summer days — much safer to drink more water.
11. Salt substitutes can be hazardous to your health — ask your doctor.
12. The Milwaukee Journal reported the sudden death of a young man, age 41, who had a heart attack on April 10, 1984. His picture revealed a full-cheeked man. I wonder how his arteries would appear.

THANKS EXPRESSED

Convalescing at home after my stay in the hospital in March, I find that much time has elapsed.

Anyone, anyone who was involved in making things pleasant for me, be it cards, telephone calls, visits or saying it with flowers, and every act of kindness, have my revered thanks.

And to those who made Holy Thursday such a special day, my gratitude.

Never, never to be forgotten, my devotion to Michael, Janet and Mary Beth.

In all sincerity,
 Helen Kardos

IN MEMORY

In memory of Alice Strobel, who passed away 10 years ago, April 25, 1974.

This month comes to us with deep regret. It brings the day we will never forget.

Her memory still is very dear. So many times she seems so near.

No longer here our lives to share, But in our hearts she is always there.

We miss her more each year. Some day we'll meet where there are no tears.

Sadly missed by husband Barney, children and grandchildren.

ASCS Announces New Signup Period for 1984 Wheat Program

Washington County ASC Chairman Hilbert Scheunemann said wheat farmers will be permitted to enter the revised 1984 wheat program during an April 16 - May 4 signup period.

Farmers with wheat bases who previously had not signed up for the 1984 wheat program are eligible to participate in the revised program. Farmers who previously signed up for the 1984 program need take no action unless they wish to change their level of participation in the revised program, Scheunemann said.

The basic legislated program changes are:

- The target price has been lowered from \$4.45 to \$4.38 per bushel.

- Although the reduced acreage requirement remains at a minimum of 30 percent, 20 percent of the requirement must be under an acreage reduction program and the remaining 10 percent will be a paid land diversion with a paid diversion rate of \$2.70 per bushel.

- Advance diversion payments will be available.

- PIK payments are increased from 75 percent to 85 percent of the established yield times the acres diverted.

State Agricultural Stabilization and Conservation committees authorized haying and grazing on acreage conservation reserve acreages devoted to wheat prior to Jan. 12, 1984. The same rules will apply for the 1984 wheat haying and grazing programs as were in effect for the 1983 wheat haying and grazing program.

The revised 1984 wheat program sign-up will be conducted at Agricultural Stabilization and Conservation Service county offices. Local office hours at West Bend are from 8:00 a.m. to 4:30 p.m.

Extension of Bid Date ADVERTISEMENT FOR BIDS Water Pumpstation No. 3

Village of Kewaskum
Washington County, Wisconsin

The date for which sealed proposals will be received by the Village of Kewaskum, Washington County, Wisconsin, has been extended to May 7, 1984, 8:00 P.M. local time, at the Municipal Building, 204 First Street, Kewaskum, Wisconsin 53040, for the construction of a new water pumpstation and reservoir. Bid proposals will be publicly opened and read aloud at the above time and date.

The work includes the construction of a 980 square foot masonry pumpstation with an attached, above ground reinforced concrete reservoir with all associated electrical and mechanical equipment (including deep well pump, service pumps and chemical equipment). The new facility will be located at 1004 Fond du Lac Avenue, immediately west of the Municipal Garage.

A single proposal will be received on the following:

CONTRACT 1-84 - Includes all general construction, mechanical and electrical work

Contract Documents are on file with and may be examined at the office of the Village Clerk in the Kewaskum Municipal Building, the office of the Consulting Engineer, the F.W. Dodge office in Milwaukee and the Builders Exchange in Fond du Lac and Milwaukee.

Contract Documents including Plans, Specifications and Bid forms may be obtained from the office of the Consulting Engineer, Ruekert & Mielke, Inc., 419 Frederick Street, Waukesha, WI 53186, upon a deposit of \$100.00 for each set obtained. ACC cards will be accepted only for the first two (2) sets of documents obtained. The full amount of the deposit for up to two (2) sets of Contract Documents will be refunded only to prime bidders who return all documents in good condition and unmarked within fourteen (14) days of the bid opening. Prime bidders desiring more than two (2) sets of documents, non-prime bidders and materialsmen, upon so returning the documents in good order, will be refunded \$75.00 per set. Anyone desiring Contract Documents by Mail shall submit a separate check in the amount of \$8.00 per set to cover handling and mailing; this fee is not refundable.

Each bid proposal must be submitted on the proposal form provided with the Contract Documents - the proposal form SHALL NOT be removed from the bound Contract Documents - and shall be enclosed in a sealed envelope addressed to the Village of Kewaskum and marked: "Bid Proposal - Water Pumpstation No. 3, CONTRACT 1-84."

No bid shall be received unless accompanied by certified check or bid bond equal to five (5) percent of the maximum bid price, payable to the Village of Kewaskum as a guarantee that after the bid is accepted, the Bidder will execute and file the Agreement and a 100 per cent Performance and Payment Bond within ten (10) days after the Notice of Award.

A Bidders Proof of Responsibility for the current year is required of all prime bidders and must be filed with Ruekert & Mielke, Inc. no less than (5) days before the bid opening date. Prime bidders are also required to submit with their bid sealed Bidders Proof of Responsibility forms for the Electrical and Mechanical Subcontractors as designated in the Proposal Form. These forms will accompany each set of Contract Documents.

No bid shall be withdrawn for a period of forty-five (45) days after the bid opening date without the consent of the Village.

The letting of this work shall be subject to Sections 66 and 289 of the Wisconsin Statutes. Pursuant to Section 66.293, Wisconsin Statutes, the minimum wages to be paid on the project shall be in accord with the rate of wage scale adopted by the Village.

The Village of Kewaskum reserves the right to accept any bid most advantageous to the Village, waive any technicality or reject any or all bids.

Kewaskum Girls 5th, Boys 6th In County Outdoor Track Meet

By John Harju

The Kewaskum Indian girls placed fifth while the boys finished sixth in the Washington County Outdoor Track meet held last Wednesday in Germantown. Slinger easily won both the girls' and boys' championships.

Holly Kempf and Monty Shaw took home the only first place ribbons for Kewaskum. Kempf easily won both the girls' shot put (37'8") and the discus (110'3"). Shaw won the boys' 800 meter run when he pulled away from the rest of the field in the last 100 meters and went on to win in a time of 2:04.

The weight events, as usual, proved to be one of the Indians' strong points. Jim Braun placed a solid third in the boys' discus while John Swanson finished sixth in the shot put. John Nowak was fifth in the pole vault.

Following behind Kempf in the girls' shot put was team-mate Julie Koepke, who finished third with a throw of 31'9". Sophomore Jodi Yearling also performed well, placing an impressive fifth in the discus with a toss of 83'3". A total of six Indian girls placed in the field events.

Juniors Lori Batzler and Sandy Klein turned in top performances in the distance runs. Klein and Batzler placed 3rd and 4th, respectively in the 1600 meter run with impressive times.

Sophomores Lisa Fusek and Amy Kougl both placed in the girls' high jump. Fusek's jump of 4'8" gave her third place while Kougl's jump of 4'4" was good enough for 6th place.

Indian Boys Place Third in Triangular; Shaw Sets Record

By John Harju

Monty Shaw's setting of a new Kewaskum school record in the 3200 meter run highlighted a triangular boys' track meet held last Thursday in Chilton. Chilton won the meet (71 points), followed by Kewaskum (60) and Plymouth (40).

Shaw, a junior who holds the Indian record for the indoor 800, ran his first 3200 race of the season in a record time of 10:22.7, breaking the old record by a phenomenal 10 seconds. Shaw also placed second in the 400.

Mike Steinhardt was a dual winner for the Indians at Thursday's meet, winning both the 100 and the 200 meter dashes. Other first place finishes for the Indians included Gunner Schlieter in the 1600 and John Swanson in the shot put.

Another weight man, Jim Braun, had a fine meet also, taking seconds in both the shot put and the discus.

John Mertzig and Rick Dreher, both sprinters, who sometimes are overshadowed by Steinhardt, contributed as well. Mertzig was third in both the 100 and the 400. Dreher anchored the second place 1600 meter relay team for the Indians and finished fourth in the 200.

Corey Garbisch, who usually runs in the footsteps of Shaw, received some exposure Thursday as he placed a close second in the 800 meter run.

Renee Kapp, only a freshman, finished a strong fifth in the girls' 100 meter low hurdles, as well.

Indian Golfers Defeat Ozaukee

Although weather conditions again were not good, the Kewaskum High School golf team copped their second victory Wednesday afternoon over Ozaukee.

Counting six of the best eight scores, the Indians shot a 258 total, and were led by Chris Harlow. They finished 15 strokes ahead of Ozaukee, which had defeated them for the regional championship last spring.

Harlow took medalist honors with a three over par 38 on the front nine of Hon-E-Kor here. Chris was the only golfer to come in under 40. Kewaskum sophomore Mark Brodzeller and the Warriors' Ed Wickland had the next best low rounds with 41s. The Indians also got a pair of 43s from Jeff Nigh and Phil Ciha, a freshman.

The victory gives the Indians a 2-0 record. The JVs lost to the Warriors by a close 309-310 score and are now 1-1. Randy Delcore had the low JV round for Kewaskum with 47.

Kewaskum 258, Ozaukee 273
Kewaskum — Harlow 38, Brodzeller 41, Nigh 43, Ciha 43, Leitheiser 45, Igel 48.

Ozaukee — Wickland 41, W. Kettenhoven 42, R. Kettenhoven 46, Plier 47, Parsons 47, Wagner 50.

Musky Opener in North Delayed

Anglers intent on landing one of the big ones early are reminded that the musky season opens later than usual in the state's northern waters this year.

While the general fishing seasons opens on Saturday, May 5th, including the season for muskies in waters south of Highway 10, the opening date for muskies in waters north of Highway 10 is delayed for three weeks until Saturday, May 26th.

Muskies spawn later in northern waters than they do in the south, and the later opening this year is designed to cut down on the early season harvest of muskies in the north at a time when they are most vulnerable. Fish managers pointed out that about 12 percent of the total season musky harvest is taken during the first two weeks of the fishing season.

Again, the musky season north of Highway 10 opens on Saturday, May 26th.

Laatsch 2nd in Lakes Scoring

Veteran Bob Wolf of the Menomonee Falls Badgers Class "A" champions again led the Land o' Lakes League in scoring the past season with 526 points in 14 games on 222 field goals and 82 free throws, an average of 37.6 points per game.

Leon Laatsch of Kewaskum's Class "B" champions was second in scoring with 471 points on 206 field goals and 59 free throws in all 16 games. Leon averaged 29.4 points per game.

Kewaskum also had three other players among the top 25 scorers in the league. Clark Eichstedt was 10th with 338 points in 14 games, an average of 24.1. Bill Gonwa 15th with 286 in 14 games, an average of 20.4, and Bob Nigh 21st with 229 points in 15 games, an average of 15.3.

DNR Extends Comment Period Deadline Date for Fishery Area at Gilbert Lake

On March 21, 1984 the Department of Natural Resources issued a news release on the proposal to establish a fishery area surrounding Gilbert Lake in the Town of West Bend, Washington County. The news release had indicated that public comments on the proposed project and the Environmental Assessment were to be submitted to E. Randy Schumacher, Fish Manager, Eagle, no later than 4:30 p.m. April 13, 1984. Since that date the Department of Natural Resources has received a number of requests to extend the comment period deadline date.

Therefore, in order to provide an adequate amount of time for the public to review and comment on the proposed project and the Environmental Assessment, the Department of Natural Resources has extended the deadline date from April 13, 1984 to May 14, 1984.

The Department has made a preliminary determination that an Environmental Impact Statement will not be required for this action. Copies of the Department's Environmental Assessment that led to this preliminary determination can be reviewed at any of the following locations:

DNR, Plymouth Office, Box 308, Plymouth, WI 53073, (414) 892-8756.

DNR, Pike Lake State Park, Route 2, Hartford, WI 53027,

(414) 644-5248.

DNR, Southern Kettle Moraine State Forest, S91 W39091 Hwy. 59, Eagle, WI 53119, (414) 594-2135.

DNR, Southeast District Headquarters, 2300 North 3rd St. Box 12436, Milwaukee, WI 53212, (414) 562-9500.

Public comments on the proposed project and the Environmental Assessment are welcomed and should be received by E. Randy Schumacher no later than 4:30 p.m. May 14, 1984.

These comments may be offered orally or by written communication.
