Administration Office Will Move Back to Old Quarters

## Realignment of Classes Between Beechwood and Farmington Approved

By GERRY MUELLER  
Statesman Staff Writer

The Kewaskum School Board approved a motion that will keep Beechwood Elementary School open for the 1984-85 school year, but it will house one kindergarten class along with the combined first and second grades from both Beechwood and Farmington Elementary. Farmington will house two kindergarten classes, plus the combined third, fourth, fifth and sixth grades of the two

schools.

The shifting of students will eliminate having two grades in one room at Beechwood and also the need to hire two more teachers, an additional first grade teacher for Farmington and another third grade teacher at Beechwood (had classes there as they are present).

The motion came after over an hour and a half's discussion on a motion by board member Neal Wear to rescind an earlier

housing and staffing motion approved at last month's meeting. That motion made by member Ralph Horner was to keep all buildings open for the 1984-85 school year, keep the reading program intact at the Middle School at its present staffing level, to homogenously group the English classes at the Middle School, to reduce the social science position at the Middle School, and one-half physical

## Wisconsin's First Lady Addresses Jr. Women

Sheila Earl, wife of Wisconsin Governor Anthony Earl addressing Kewaskum Jr. Women's Club.

"After my husband's election, I just wanted to get off the road, relax and re-acquaint myself with my children but some friends convinced me that my new position would enable me to be heard, if, indeed, I had something to say. And, I do have something to say." That was the opening statement of Sheila Earl, wife of Wisconsin's Governor Anthony Earl, as she addressed the Kewaskum Junior Woman's Club on Tuesday evening of this week.

"I'm presently in the process of forming a message incorporating three major areas of concern to me. They all relate to the idea of self-worth and more specifically self-esteem of girls and women," stated Mrs. Earl.

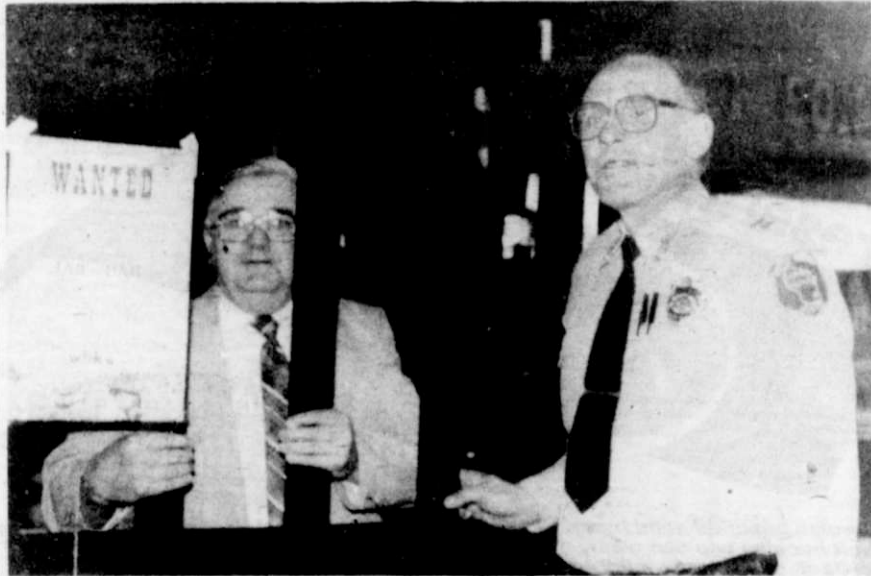

The first lady said the three areas may seem unrelated on their face, but they are. Her first concern is domestic abuse, noting in Dane County abuse instances are up 100% and in

employment troubled Kenosha, abuse cases are up 400%. She stated, "I don't want to see another generation, including my daughters grow up in a society where this kind of violence, as well as rape and incest haunt all people but especially young girls and women." Mrs. Earl said what we can do about this is give personal support by offering a friend or neighbor to report instances of abuse as well as support the many community organizations organized to assist the victims of abuse.

The second concern of Mrs. Earl is girls' sports. She noted that boys' teams are good, and sometimes they're not so good,

## 'In the Clink' for a Worthy Cause

District Administrator John Long "on the inside looking out" for pledges in the American Cancer Society's "Jail and Bail" fund drive.

By GERRY MUELLER  
Statesman Staff Writer

With looks of disbelief, students in the halls of Kewaskum High School and watched Thursday, as a handcuffed District Administrator John Long was led away by a West Bend Police Officer.

While it was a shocking scene, it was for a good cause and all part of a week-long "Jail and Bail" fund drive held by the Washington County chapter of the American Cancer Society. Long was one of over one hundred area residents who submitted to "arrest" on the request of a donor pledging \$25.00 or more to the project.

Once apprehended, Long was transported to Westfair Mall, West Bend by a volunteer off-duty police officer, where a judge "heard the charges" and set bail. Long, whose bail was set at \$200.00, was then placed in the mall jail cell with other

prisoners. The bad-guys were then given one hour and all the phone calls they needed, to come up with enough pledges to cover their bail. With the expertise of a "pro" Long collected his bail and was out of the

cooler in 45 minutes.

William Dietzler, who served as co-chairman with Mike Sheppard on the project, said \$35,400.00 had been pledged, making the drive a very big success.

## Work on Reconstruction Of Highway 28 Begins

Road construction was expected to start this week on the reconstruction of S.T.H. 28 between U.S.H. 41 and Kewaskum. The work will consist of grading and bituminous paving.

The work will be performed under a contract let to Stoehr Grading Co. of New Berlin, at an estimated cost of \$2,071,426. Financing will be shared on approximately a 76 percentage by the Federal government and 24 percent by the State respectively, from funds provided primarily by gas taxes.

S.T.H. 28 will be closed to through traffic during construction operations, with access

only to local property owners. Traffic is urged to use caution in the construction zone.

A suitable detour will be provided by the Department of Transportation on C.T.H. "H" about 1 mile south of S.T.H. 28.

It is anticipated that S.T.H. 28 will be reopened on or about November 1st.

Every possible effort will be made to provide continuous and safe ingress and egress to all business and residential properties during this reconstruction, but pedestrians and motorists are urged to use caution in the construction zone.

Lethal carbon monoxide is produced during the incomplete burning of fuels like wood, gasoline, oil, natural gas, coal or charcoal when they are burned in air that lacks enough oxygen for complete combustion. When no flame is produced, as with charcoal, large amounts of carbon monoxide are produced. Never burn charcoal in an enclosed trailer, tent or room. All fires should be thoroughly vented to provide ample oxygen and to carry off lethal fumes.

education position at the Middle School.

Weare felt it was not the board's function to make staffing decisions and felt he, himself was not qualified and knowledgeable enough in this area to make such a decision. He commented that while curriculum decisions were the board's function, staffing decisions should be made by the Administration. Weare said he did not have the expertise to tell the Administration where teachers should be placed. One of the board members then asked why the administrators had not made these decisions before. Board member Kim Peterson said, "probably because they haven't been given guidelines and that they might be a little gun-shy from what I understand of the history of the board."

District resident Frank Voge asked the board to veto the motion and instead approve Administrator John Long's third recommendation which would have all kindergarten through fifth grade students attending Farmington and the sixth grade moving to the Middle School. Voge told the board, "you're just postponing the inevitable," (closing Beechwood completely).

While several parents were not happy with the new plan, Mrs. Janet Landvatter told the board, her children had gone through the same shifting back in the early 70's and were none the worse off for the experience. Landvatter noted that while she was very opposed to the plan at that time, she had to admit it was more upsetting to her than her children. She said that while she sympathized with these

The board heard a report from Margaret McFadden, Chairman of the Evaluation Policy Committee. President Jean Goeden thanked the committee for its work and said the board would review its recommendations for further action.

Mr. Long advised the board that 26 applications had been taken out for the position of high school principal. Deadline for submitting the applications is May 18th.

Buildings Superintendent Fred Boehlke informed the board that all air locks except for Wayne School had been installed and that work would be finished shortly. He also noted that, except for a few minor areas, present roof repairs have been completed.

The board's election of officers was held. President Jean Goeden, Vice President Neal Weare and Treasurer Ralph Horner were re-elected. Tom Brigham was elected clerk.

A preliminary meeting on the District's budget has been scheduled for Tuesday, May 22nd, at 8:00 p.m.

yet when they play, the stands are filled. Few people, with the exception of a few devoted parents go to watch the girls, said Earl. I know how big football games are on Friday nights, but have you seen the girls playing on Friday nights? Not very often.

Mrs. Earl said the same applies to women's college sports. She noted that if anything positive came out of the incident regarding the University of Wisconsin's woman basketball coach, is that the State of Wisconsin now knows the university has a women's basketball team and they are good. "They're second in the Big Ten," said Earl.

Mrs. Earl asked her audience, beyond the lack of spectators, how many daughters or granddaughters have gotten the short end of the stick

when it comes to use of the gym, track, playing field or even transportation. She emphasized, it is up to the parents to see that Title Nine is being implemented at all schools. She said it would be an excellent project for Junior Women to encourage friends and relatives to get out and watch girls play.

Equal education rights for girls and minority boys was Mrs. Earl's third concern. Quoting from a recent speech by former Chicago mayor Jane Byrne, Mrs. Earl told the audience that in 1955, women were earning 60.2c compared to \$1.00 paid to men for the same job. In 1984, women have lost ground, receiving only 59.7c to men's \$1.00 earned for the same job.

Earl asked her listeners, "do you know if your schools are models of equality? Are your daughters, granddaughters, sisters and friends being encouraged to develop to their fullest potential, their God-given talents?"

"The days of Cinderella are over," said Mrs. Earl. "Not like in the old days, my days, she joked, when we were all raised to be girls who would get married and live happily ever after. Many of us were fortunate and found good spouses, others were not so fortunate. One out of every four Wisconsin households is headed by a single parent," stated Earl "and 92% of those are women. Have these women been prepared to support a family in this era of high technology? Have they been trained? Are your girls going to be the Computer programmers of tomorrow, or the word processors at the same low pay women have been getting for generations, never mind the 59c to \$1.00 for comparable jobs?"

she asked.

Mrs. Earl stated, "the point I'm trying to make is that it is a terrible waste not to make sure our girls develop their fullest potential. First, it is a waste to society, and on a more practical level, it's costly to the taxpayers. Who do you think support women who cannot support themselves and their children when the father has left? Most of all it's an offense against our creator," said Earl, "who instilled in each and every one of us a worthiness, a value. We are worth something, we are worth a lot, and nobody can take that from us," said Mrs. Earl. "Nobody can beat it out of us, nobody can underpay it out of us, we will never lose what God had given us, but we've got to develop it."

"What I'm trying to promote is development of talent," said Earl, "especially for girls and women who have traditionally not developed to their fullest potential." Earl said, "it is not to say we should develop our talents in the work place only, but socially as well."

In closing Mrs. Earl said, "encourage your girls to be all they can be."

## KHS Social Studies Classes Tour Correction Institutes

On Thursday, May 10th, the Kewaskum High School social studies upper class students in political science, social problems, social psychology and current affairs toured the Kettle Moraine Correctional Institute and the Dodge County Corrections Institute in Waupun. Mr. Rhode, class instructor, described the visit as having educational implications that text books can't accomplish.

The KMCII has a program of PROJECT AWARE which is set up and run by inmates. The inmates get no "brownie points" for being involved in the program. Each of the participating inmates related

his experiences of how and why he got in the institute and why he chose to become part of this program. The basic reasons were so young people would see how easy it can happen, and to stress to them the importance of depending on thinking of and for themselves rather than of their "friends thinking." They don't want young people to make the same "stupid mistakes" they did.

At Waupun, the state's infamous maximum security prison, the impact of the visit is second to none. As the students are led through this facility, with guards everywhere, they vicariously experience the taste of prison

life.

"The overall effect of the tours is hard to pinpoint," said instructor Rhode, "but as long as it can change one of the students outlooks on the society to a more acceptable compatible view, it has accomplished its purpose."

"State and National Awards — Being the Best!" Kewaskum Frozen Foods, 118 Forest Avenue, Kewaskum, is owned and operated by David Greg and Robert Neish. They took the business over in 1979 from Nigh and Anna Nigh, who retired.

Kewaskum Frozen Foods provides a complete meat processing — from the cutting and wrapping, to the freezing and ready for pick-up.

Kewaskum Frozen Foods is well known for their sausage products. They have won numerous awards from the Wisconsin Association of Meat Processors and the American Association of Meat Processors.

The firm makes 26 different kinds of homemade sausage and they are available at their retail counter. The ring bologna and summer sausage have long been an area favorite. I hear people from out of the area are catching on, too!

Kewaskum Frozen Foods extends their "best" attitude further than just the business. They provide an annual scholarship to a graduating senior who intends to pursue a career in the agriculture-business. With them behind you, you'll be a winner! [Pat McFadden photos]

# Letters to the Editor

**To the Editor:**

The GFWC Kewaskum Jr. Woman's Club would like to make a statement in response to several complaints made in an unsigned letter to the editor in the May 11th issue of the Statesman.

First, let it be noted that NO Junior Club member received ANY complaint about the recycling center; by phone, by letter or in person. Just like the letter to the editor, no complaint was filed with the club. Members first heard about it from the paper.

Second, the recycling center was officially closed by the Jr. Woman's Club after a vote taken at the last regular meeting, May 8th. The decision was based on no solid market and no available means of trucking material to Milwaukee. It was decided the recycling center building would be returned to the Village. The Jr. Woman's Club arranged for tin and glass, previously collected, to be disposed of, barrels and bins to be cleared from the shed, remaining bits of tin and glass to be removed, and locks secured on all doors. After many years of recycling, there was a MINIMAL amount of broken glass, immediately in front of the recycling center doors which has been cleared by hand by Jr. members.

Third, the area on which the recycling center building is located belongs to the Village. Through the years, they were kind enough to allow Juniors to use the area, however, any vandalism inside or outside of the shed would be grounds for civil action by the Village, not the Jr. Club.

Fourth, the implied ac-

cusation that the Kewaskum Junior Woman's Club is not concerned about the safety of children and their play areas is ludicrous. The majority of special projects initiated by the Club are aimed at children, their education, and safety; including poison prevention, car seat safety, and stranger awareness.

Last, it is a shame that a simple complaint, so easily rectified, should be aired in such a manner. Juniors have always, and will continue to take responsibility for the planning, carrying out, and Clean Up of their projects.

**Dear Mr. and Mrs. Harbeck:**

The Kewaskum Future Farmers of America wish to thank you for printing our chapter's FFA Supplement and our numerous news articles.

Again, a big THANK YOU from all of us.

.....

**EDITOR'S NOTE** — The Kewaskum Statesman wishes to publicly express their thanks and appreciation for the thoughtful gift of a basket of fruit from the Kewaskum Area Chamber of Commerce. The gift was accompanied by the following note:

To Kewaskum Statesman:

With appreciation and many thanks for your fine news features.

Kewaskum Chamber of Commerce

Dear Concerned Parent-

Thank you for your letter in the Statesman regarding the Recycling Center situation.

It was unfortunate you chose to air your unhappiness in this manner, rather than writing your letter to the club itself.

The Jr. members have families too, they would by no means choose to jeopardize any child's or person's safety.

Recycling is a worth while project, the Center is located on Village property, with-in Village jurisdiction. The Center has been locked at the main entrance and has a hook and eye set-up on the large doors. If purposely jammed hard, they could be broken. However, any break-in would be against the law, just like any other personal property.

The Recycling Committee has been investigating Recycling alternatives for the past several months. In the interim, the committee has notified the Public Works Dept. of the Centers situation, has arranged for the emptying of the Center, has gone to the Jr. Board of Club members and found out they no longer chose to handle the project, has requested the removal of the signs, has set-up a clean-up once everything is removed, has written articles to inform the public and on and on.

Eleven years of a worthwhile

project-saving energy, resource recovery, saving landfill, saving taxes, saving the environment, decreasing air and water pollution! Eleven years of Jr. Women taking time to volunteer their energy every third Saturday, three hours a day — lifting, sorting, sweeping, freezing, sweating - in their commitment to the Betterment of Life. How could they be ashamed of that? Any other problems you have before this situation is rectified, call me!

## Girl Scout News

Soon the last days of school will be here and another year of girl scouting will come to an end. The scouts in the Kewaskum area do meet on special activities during the summer months.

The special outing for the girls will be the Fly-up ceremony to be held at the River Hills Park on May 21 at 4 p.m. (Rain date - May 22). At this ceremony all scouts will advance to their next level in scouting. They will also receive their badges that they earned during the year. All parents are invited to attend this ceremony. The ceremony will take about a half an hour. This is a proud minute for the scouts to show their parents and friends what they have accomplished during the past year.

This weekend Cadette Troop 72 will be traveling to Stevens Point for their outing at the Holidome. They will be gone for three days.

On Saturday they will travel

to Marshfield to tour the Clinic. They then will meet with another Cadette troop in Stevens Point to enjoy a cookout. They will also enjoy an evening of dining out. They will also have plenty of time to relax and swim.

The scouts earn the money for this trip by selling candy bars and cookies.

Brownie Troop 25 entertained their mothers by having a Tea Party for them in honor of Mother's Day.

Junior Troop 53 planted a tree at the new park in observance of Arbor Day. They planted the tree in honor of their "Mothers" who have done so much for them.

### EXODUS HOUSE

"A History of Progress"  
[An Alumni Perspective]

Exodus House began to function in 1977 as a transitional care facility for alcoholic males in Washington and surrounding counties. It began as an idea in 1975, when concerned persons saw the need for a halfway house in this area to help ease the transition from alcoholism to sobriety. In many cases, persons returning to the area from treatment centers had difficulty adjusting to sober life. Years of habits and addictions are hard to break, and without help in learning a sober lifestyle, and without a strong support system, many alcoholics returned to their old ways.

From its inception in January, 1977, through December, 1982, the house served 347 men—an average of 58 per year. The length of stay averaged 87 days. An average of 77 percent maintained total abstinence during their time at Exodus House. And 47 percent of the 347 were considered to have completed the program. That is, it was felt they had built a strong enough foundation to continue their sobriety outside the house—and be happy about it.

Numbers. Do they convey something beyond their statistical reference points? Are they a fair measure of success and failure? Are these "good numbers?" I don't know.

I know I was one of the 69 male alcoholics served in 1981. I completed the program after 180 days without consuming alcohol or drugs. The fact that the great majority abstained while at the house not only impressed me at the time, it showed me it could be done. But Exodus House means so much more than that to me, because I remain sober today.

After more than two years out of the house, I still find it difficult to write about the experience, because my stay involved so much intense personal change. There was

much to learn and re-learn. I'm still sorting it out, and learning, but right now, I'd say Exodus House meant life to me. Not only living, which I also had to work on, but life. There was tragedy and comedy; triumph and failure; boredom and excitement. There were manipulators and charlatans. There were some liars, and once in awhile, a thief. There sometimes was anger and resentment. How do you deal with these people and emotions without reaching for a bottle? I found out.

There was also heroic struggles going on. Most of the residents were trying to change, in one short stay, behavior that had been going on for years. Many of us realized we were helpless and in a corner. We needed "a way out," and if we had to change radically in our thinking and day-by-day behavior, so be it. But we needed help doing it.

Relying on reality therapy—looking at what is real, not what is fantasy—and the Alcoholics Anonymous program, the staff helped cut through the haze of self-delusion that seems to surround all alcoholics. The staff led us in closely examining past and present behavior. We were forced to see our dishonesty - to others and ourselves. We became aware of our shortcomings and qualities. We found we could improve our qualities and cut down on our shortcomings by working on them. It was confirmed that the shortcomings only got worse, and the qualities disappeared, if we continued to drink.

We worked toward honesty. And when the situation called for the staff to be tough, they were tough. But basically, the focus was on helping the individual through listening, and through simple acts of kindness and generosity. These qualities only seemed simple because the atmosphere was enriched with kindness and generosity. This formula helped me and a lot of others to become determined to change for the better. The program helped us to focus on

what was important, and to leave all extraneous things by the wayside.

It was difficult. For all sincere residents, it is a struggle. The self-evaluations, the facing of reality, many times are not easy or pretty. But it can be done, and over the years, just about half the residents "completed the program."

After leaving the house, many of the men remained sober, although some eventually went back to drinking. But for those with trouble, or for those who wanted to share a little joy, the house was (still) there to help or listen. It's doubtful the house ever graduated any saints, but if the effort was made, a different, better man walked out the front door after his residency. If individual effort wasn't made, the man did not complete the program. Much of what happened still seems magical to me. But actually, the house is very pragmatic. It's life.

The life of Exodus House lies in its people. Without them, Exodus House is just a house. The people of Exodus House start with those who, in 1975, saw the need for a transitional care facility. They include members of the Washington County Council of Alcoholism, who helped start the facility as well as community members who supported this project with time and money.

Beginning in 1978, the people include the various members of the Board of Directors. These citizens helped assure that Exodus House would remain functioning, and would expand to meet the growing need of persons who wanted to straighten out their lives after years of helplessness.

The most visible contingent of the house's people is its staff, those men and women who have committed themselves to the facility's program through the year.

The Exodus community extends to the men and women in Alcoholics and Narcotics Anonymous, who meet at the facility on a regular weekly

basis. It is from this broad base of people that the house draws much of its support.

The house touches the community at large. Some have seen loved ones, friends, neighbors and employees enter the house, and return as functioning members of society. The tolerance and support for the house continues to grow.

There are also the ex-residents, the alumni, who come back as individuals who group meetings with the residents and who otherwise retain ties to the house.

And of course, there are the residents themselves. All of them scared, some of them resentful about being in the house, at least at first. Eventually, most of them become grateful for this last chance at learning the sober life. When a resident comes to the house, it's easy for him to take for granted the things that exist there. At that point, it isn't important that he think about what Exodus House means. The point is to start getting well now, and a resident needs all his concentration to do that. But after a short time, most of them realize that Exodus House is not merely a nice building in Kewaskum, it's a tradition.

It's then that some variation of this statement is made: "It was here when I needed it." With that statement comes the realization that Exodus House remains here, like a rock, supporting a total foundation of recovery even after residency. To many, it is a second home, to be used for meetings, for the airing of problems, for friendly companionship. Exodus House remains "a way out" because of the vision and beliefs of a variety of people. It's life.

These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. Coach Walt Bade's Kewaskum Indians are the first baseball champions of the new Scenic Moraine Conference. The team tucked away the title by blasting three opponents very convincingly the past week to run their victory string to five straight without a defeat in bringing the season to a close. Playing three games in seven days, Kewaskum drubbed Slinger here last Thursday, 17-6, outslugged Campbellsport there Monday, 22-10, to clinch a tie for the title, and then proceeded to win the undisputed crown by trouncing Washington High of Germantown there Wednesday, in a makeup game, 16-3. In taking the championship the Indians established a terrific scoring record that should stand up for years to come in the conference. They scored 79 runs in just five contests, an average of close to 16 runs per game. The Indians unleashed a 15-hit attack last Thursday in clobbering Slinger, 17-6. Jim Marx pitched the team to the win as he allowed four hits and fanned nine. Ken Theusch paced Kewaskum with three hits in four trips. Dan Coulter continued to be murder at the plate with two hits in four-at-bats. Ray Wiedmeyer tripled. In Kewaskum's rebounding 22-10 victory over Campbellsport Monday, Marx was again given credit for the win, as he, Tom Smith and Dan Coulter tripled. Senior Jim Marx ended his high school career in brilliant fashion on Wednesday as he tossed a no-hit game in his team's 16-3 win over Germantown. Glen Rimmel was the leading hitter with three singles.

Jane, 8, daughter of Mr. and Mrs. Lloyd Etta, Route 1, Kewaskum, suffered and

left knee injuries May 8, when she was struck by a car while she was crossing County Trunk Hwy. S, in front of the Earl Etta farm located across the road from the Lloyd Etta home.

At the Wau-Bun Girl Scout Spring Council meeting held in Mayville on May 7, the names of six Girl Scouts whose entries were chosen as best in the council's recent art project, "Picture Your Home Frontier," were announced. Susan Marx of Kewaskum was one of the six winners.

About 250 friends and relatives helped celebrate the golden wedding anniversary of Mr. and Mrs. Otto Backhaus by calling at their home in Kewaskum during an open house which was held on May 10. Mr. and Mrs. Backhaus were married on May 11, 1909 in St. Lucas Church. Mrs. Backhaus is the former Anna Miller. They had four children, one of whom, Irene, (Mrs. Carl Stange) died in July, 1951. The others are Caroline (Mrs. Milton Eisentraut) of Fredonia, Howard of Kewaskum, and Harriet (Mrs. Reuben Martin) of Route 2, Kewaskum. They also have eight grandchildren and one great-grandchild.

Miss Lavilla Bruessel, daughter of Mrs. Bernetta Bruessel of Kewaskum and the late Jacob Bruessel, and Peter Lache, son of Mr. and Mrs. Richard Lache, were married in Holy Trinity Church, Kewaskum, on May 9.

Wedding vows were exchanged by Karen Kempf, daughter of Mr. and Mrs. Edwin Kempf, West Bend, and Lloyd Butzlaff, son of Mr. and Mrs. Walter Butzlaff, Route 2, Kewaskum, on May 2, in West Bend.

Richard L. Wesenberg, Kewaskum, was among the 127 students who were initiated into the University of Wisconsin chapter of Phi Kappa Phi, national scholastic honor society at an initiation ceremony held

May 3.

A daughter was born to Mr. and Mrs. Donald Renner, Kewaskum, on May 13. A son was born to Mr. and Mrs. Frank Hechimovich, Route 2, Kewaskum, on May 7.

## 75 Years Ago

Kewaskum is soon to have another automobile. Otto E. Lay has purchased a seven passenger Kissel touring car of the Kissels of Hartford, which he expects to receive any day.

The moving picture show given by the Pacific Borax Company in the North Side Park Hall Tuesday evening was largely attended with 350 tickets being collected at the door.

Street Commissioner Fred Andrae laid a new sidewalk on the south side of Wilhelmina Street, from Eberle's corner to Railroad Street this week.

Now would be the time for all businessmen to get together and see that a street sprinkler is bought, as the dust will soon be a nuisance.

A crew of men of the Central and North Western Railway were in the village Saturday stringing two telephone wires along their line which will be put into service in dispatching train orders instead of by telegraphy.

On May 8, in the Evangelical Peace Church, Rev. H. Erber united in matrimony, Miss Ella Butzlaff, daughter of Mr. and Mrs. August Butzlaff of the Town of Barton, and Jacob Schaefer of Milwaukee.

Mrs. Sophia Becker, daughter of Mr. and Mrs. Van Aacken of Milwaukee, and a niece of Mr. and Mrs. J. W. Schaefer of this village, and Christopher Hall of Campbellsport, were married here last Tuesday.

Otto Backhaus, son of Mr. and Mrs. Fred Backhaus Sr.,

and Miss Annie Miller, daughter of Mr. and Mrs. August Miller, both of the Town of Kewaskum, were married Tuesday.

Mrs. Genevieve Strobel, nee Blauen, died last week Friday at the home of her daughter, Mrs. Katherine Beisbier. Mrs. Strobel was born in Rangendinger, Fuerstenthum, Hohenzoller, Prussian Germany, on January 3, 1820. She was united in marriage to Philip Strobel in Germany, with whom she emigrated to this country in 1846. Their union was blessed with 12 children of whom 9 are left to mourn their loss, namely: John of Kewaskum, Simon of St. Cloud, Minnesota, Kilian, Joseph, Philip, Andrew, Katherine (Mrs. Wenzel Beisbier) and Anna (Mrs. L. Klockenbush) of St. Kilian; and Gotaliva (Mrs. Peter Berg) of Ashford.

### Cub Scouts/Webelos Kewaskum Pack 3744

The monthly pack meet with Den I uniquely performing the opening flag ceremony.

The Webelos were recipients

Page 20, Friday, May 18, 1984

of several awards that each has worked to achieve. Many of the Cub Scouts receive badges and arrows which they earned through hard work.

Den Leader Pat Gross of Den I gave out bowling awards to Jason Giese, first prize; Jason Noren, second prize and Christopher Petz, third prize. Also turtle race awards to Dan Staehler, first prize; Jason Giese, second prize; and Jason Noren, third prize.

Guests for the evening were the Boy Scouts. They gave an excellent report and demonstration on back packing and overnight camping and provisions that should be taken along. It was most informative and interesting to all.

Den Leaders put on a skit on how people can evade being a Den Leader for the young boys in our own community. And Den II put on a very nice skit too.

The evening was concluded by closing flag ceremony by Den I at which time refreshments were served.

Coming Events: Pack Meet - May 21, Memorial Day Parade - May 31.

**IN MEMORY**

In loving memory of our dear daughter and sister, Jenny Ramthun, who passed away one year ago, May 15, 1983.

She was different, she was special,  
Unique in a thousand ways,  
She was giving, she was loving,  
and we'll miss her all our days.  
But forgive us Lord, for pining,  
For wishing she were here,  
It's hard to give up someone  
We have come to love so dear.

Because you see...  
She was different, she was special,  
Unique in a thousand ways,  
She was loving, she was giving,  
And we'll miss her,  
miss her,  
miss her, all our days.

Sadly missed by Dad, Mom,  
Danny, Steve, Kevin, Sharyl  
and Megan.

**IN MEMORY**

In loving memory of my husband, our father and grandfather, Herbert Donath, who passed away eighteen years ago.

Eighteen years have passed since that sad day  
When one we loved was called away;  
God took him home - it was His will.

Within our hearts he lives still.  
Sadly missed by the family.

# Indian Boys Fall to Falls, Last in Conference Relays

By John Harju

The Sheboygan Falls Falcons defeated Kewaskum, 86-50, in Eastern Wisconsin boys track action last Tuesday in Sheboygan Falls.

Mike Steinhardt highlighted for the Indians as he won three events, the 100 (11.97), long jump (18'6"), and high jump (6'0").

Monty Shaw won over the defending conference 800 champion, Chuck Otte, who was third, in a fast time, considering the strong winds, of 2:07.7.

Bill Gruss won the 3200 for the Indians in a time of 11:25.8 and John Nowak won the pole vault with a vault of 11', as well.

Overall, the Indians were outscored 10-6 in first places. This proved to be the deciding factor.

## Junior High Football Camp To Be Held Here

Coach Mike Fifrick will direct a junior high football camp this spring.

It will be available at no cost to all boys in the Kewaskum School District that are currently seventh or eighth graders. The primary goal of this camp is to properly teach fundamental football skills.

The camp will be held on three consecutive afternoons from Tuesday, May 29, through Thursday, May 31, from 3 p.m. until 5:30 p.m.

If a boy cannot participate on all three days, he is still encouraged to attend as often as possible. Coach Fifrick will be assisted by alumni athletes. These coaches will run participants through specially designed progression drills aimed at giving attention to areas that improve personal ability.

This camp will be a non-

contact camp, and the boys will not wear any protective equipment. Tennis shoes, a T-shirt, and gym shorts or sweatpants will be appropriate attire. While there is no cost, the parents of each camper must sign and return a liability waiver before he will be allowed to participate in the camp. This form is available in the office of your school.
