## Fire Destroys Landmark Supper Club Dairy Daze June 16

By GERRY MUELLER  
Statesman Staff Writer

Fire, early Saturday morning, gutted the popular Old Fort Silver Supper Club in Silver Creek.

The fire was discovered by Silver Creek resident Fritz Heimerl on his way home from work and the alarm was turned in at 5:15 a.m. Saturday

morning.

The Silver Creek Fire Department was aided by the Batavia and Random Lake Fire Departments along with tank and pumper trucks from all the surrounding communities. The West Bend Fire Department sent out its Air Tank truck to help the approximately 120 firefighters at the blaze replenish their air tanks.

One Silver Creek fireman noted the smoke became so thick at times there was no visibility inside the building.

Silver Creek Fire Chief John Hurley and a State Fire Marshal conducted a routine investigation of the fire late Saturday afternoon. The fire apparently started in the kitchen area and worked its way up through the premises before it was discovered. Preliminary estimates indicated the cost of the fire damage may be as high as one-half million dollars.

The Supper Club, owned by John Greene and his wife Pat, was noted for its old fort atmosphere. With huge log walls, a large fireplace and antiques, along with its reputation for good food, Old Fort Silver drew diners from all over the state. Greene was recently named "Outstanding Restaurateur For 1983," by the Lake-To-Lake Chapter of the Wisconsin Restaurant Association.

The building, which was under consideration as a historical landmark, is a total loss. The entire roof fell into the lower floor levels and little remains except some portions of the outer walls.

## Village Board OKs Repair Projects

By GERRY MUELLER  
Statesman Staff Writer

The Kewaskum Village Board gave the green light to two municipal repair projects at its meeting Monday night.

On a unanimous vote, the board approved the bid of Jack Walters & Sons for residing of, and addition of eaves to the Municipal Garage. Walters' bid of \$22,491.00 was approximately \$2,000 below projected costs for just repairing and painting of the block area which has been

plagued with water leakage problems.

The board also approved the request of Water Pollution Control Superintendent Pete Albers to do mudjacking and replacement of sidewalks around tanks at the treatment plant. The mudjacking is expected to cost \$680.00. Village Administrator Dan Schmidt indicated there was \$1,300 in the budget for such repairs. The balance of the funds will be used to cover the cost of

## Tentative Agreement on Support Staff Negotiations

By GERRY MUELLER  
Statesman Staff Writer

Representatives of the Kewaskum School Board and the district's support staff reached a tentative contract agreement for the 1984-85 school year. The new proposal, which will be presented to the full board at its next meeting, calls for a contract with a total package cost of 11.69%.

The proposal includes a 5% increase on the salary scale, an additional 10c per hour after ten years and 15c per hour after fifteen years for longevity and experience, plus the entire cost of retirement benefits to be paid

by the District. (Presently part of the retirement costs are paid by the employees and the balance by the District).

At the initial negotiations meeting in April, Support Staff reps presented a proposal asking for a 75c per hour increase for all full and part-time employees, all retirement paid by the District, the longevity steps, plus the remainder of their sick leave paid out to an employee when they retired. During that discussion the employees changed their proposal to ask for a 10% increase in place of the 75c an hour. The Support Staff Negotiations Committee came back with a counter proposal of 4.5%.

At Monday night's meeting, the Staff representatives presented a revised proposal asking for an 8% salary increase, longevity, full retirement, but dropping the sick leave payment item.

After some quick figuring by School Board representative Jean Goeden and Neal Weare and Business Manager Baird Stouffer, Weare told the meeting that proposal would equal a 15.2% increase for the total package. Stouffer explained the 8% salary increase and the longevity raises amounting to 2.2%, alone, brought the proposal up to 10.2%.

After another hour's negotiation, the two sides settled on the new 11.69% package which the Negotiations Committee will recommend for approval on June 11th.

Support staff negotiations cover non-union employees such as aides, secretaries, cooks and janitors.

replacing a section of sidewalk which was removed for pipe installation work.

Replacement of windows in the treatment plant's office and restroom will be postponed until next year when funds can be budgeted to cover the cost of the work which is expected to be about \$1,800.

On a 5 to 2 vote, the board approved a revised schedule of building permit fees. Mary Krueger and Tom McElhatton voted against the motion. Krueger told the board she felt some of the fees were already too high. She said that people were being taxed too much already. Even though it's called a fee, it's still a tax, noted Krueger. "You even have to pay a fee to move into your own house," she stated. Schmidt told the board the village had little control over the increases which are recommended by the Wisconsin Uniform Code Association. He also stated that many of the fees are passed right on to the state with the village receiving none of the money. On some permits, all we are allowed to keep is \$2.00 for handling the paperwork, said Schmidt.

The board approved the annual applications for Class A and B liquor and malted beverage licenses. The board also approved a Class B license for Campbell's Village Inn. Mrs. Ruth Campbell told the board she had received requests from some of her customers that she sell beer so they could have it with their meals. Campbell said she would just serve beer as a convenience to her customers and she did not plan on changing her hours to accommodate the selling of beer.

Public Services Chairman Paul Blumer gave a report on the Town of Trenton's recycling program. Tony Peters, Town of Trenton Public Works Superintendent, gave a short presentation to Blumer and his committee at an earlier meeting. Blumer noted as one point of Kewaskum's recycling effort, the Kewaskum Lions Club had picked up over 50 tons of newspaper last year.

Parks Committee Chairman Tom McElhatton informed the board 200 swim passes have been sold and the pool will officially open June 8th.

**Ehrlich Announces Candidacy for County Clerk As Democrat**

Richard Ehrlich

Richard Ehrlich, 30, a native of Hartford, announced his candidacy for Washington County Clerk Wednesday night at the Woodridge Restaurant, Hartford. Citing his extensive involvement in various community activities Ehrlich stated, "I believe that I represent the basis of what county government entails, progress for people, by people, to promote a sense of awareness and well-being by community oriented officials." Ehrlich went on to state, "Most citizens aren't aware of the functions and responsibilities provided by the County Clerk's office. I believe that I can constructively promote and provide informational services by communicating effectively the availability of these services such as, providing pertinent and valid information to citizens interested in being candidates for various public offices, issuance and fees of various licenses, maintaining precise records of the county's taxes, property insurance, and inventory status, and supervising the letting of bids just to name a few."

Ehrlich's background includes, farm experience-farm-hand, on various farms, graduate Oconomowoc High School, Bachelor of Arts Degree St. Francis de Sales College-Milwaukee, counselor for the elderly-Doctor's Hospital Nursing Home - Milwaukee, participating in several programs for the elderly, poor and unemployed, active in food drive

**FCC Action Affects Larger Telephone Co. Business Customers**

GTE's larger business customers—and any customers who use AT&T long distance services—will be affected by several changes in telephone rates recently ordered by the Federal Communications Commission (FCC).

The revisions, which took effect May 25, include:  
—A charge of \$6 per month per line on all business customers who lease more than one line.

—A 6.1 percent reduction in AT&T interstate long distance and WATS (Wide Area Telecommunications Service) rates.

—A charge of up to 50 cents per call for customers who use AT&T interstate directory assistance more than twice a month. The first two calls are free.

The changes are part of an overall shift in the telephone industry's pricing structure, explained James D. Blanchard, state vice president-general manager.

"Traditionally, about 40 cents of every dollar of long distance revenues have been used to help hold down the cost of local service. But with competition in the long distance market, that subsidy can't continue."

Blanchard explained the FCC is taking steps to lower interstate long distance rates, remove the traditional subsidy and shift the cost burden back to local rates in the form of interstate access charges.

GTE business customers in Wisconsin will pay an interstate access charge of \$6 per line. Blanchard stressed only multi-line customers pay access charges under the latest FCC action.

The accident occurred about noon near Highland Drive.

**Approve Million Dollar Advertising Campaign for Milk and Cheese Promotion**

Working late into the night, the Wisconsin Milk Marketing Board, Inc. (WMMB) approved a million dollar plus advertising campaign — promoting milk and cheese — at their April 30th meeting.

With the commercials to begin showing in early June, the entire Board is excited about the programs they had an opportunity to view and review. This multi-part campaign will reach over 90% of the viewing audience and consists of:

- "Milk's Got More" - radio and television commercials aimed at consumers, 13-34, promoting milk's nutritional value. These commercials will be shown from June until December in major Wisconsin cities and the Chicago area.

- "Milk Does a Body Good - Pass it Along!" - animated television commercials for children ages 6-12. These too will be shown in Wisconsin and Chicago.

- A Wisconsin billboard campaign promoting Wisconsin cheese. During the months of July and August, over 140 billboards will be placed around Wisconsin in the major tourist areas and along Wisconsin's

highways promoting REAL Wisconsin cheese.

- And, continuation of the REAL Seal Sweepstakes program and TV commercials promoting the use of REAL dairy products.

In addition to the advertising, the Board approved other programs promoting Wisconsin's dairy industry and its excellent products.

The Wisconsin Cheese Makers Association will sponsor along with WMMB, a film documentary entitled "The Cheese Masters." This half hour film will be shown on Wisconsin ETN and will be available for purchase or rental in 1985. The film focuses on the world championship cheese contest and the art of making quality Wisconsin cheese.

County-wide promotion groups can expect some assistance during WMMB's 1984-85 fiscal year. The Board approved funding qualified groups for 50% of their budget up to \$1,000. A mechanism is being developed as to how groups can qualify for the money and the information necessary from them to be accountable for the funds. In

conjunction with this funding, WMMB will have three workshops around the state for county promotion leaders. These workshops will serve as an opportunity to exchange ideas, to get input from the

groups on how WMMB can assist them and ways to make local dairy promotions more successful. Funding applications will not be available until after July 1 of this year.

The Board also approved the date and location of their first annual meeting. Set for September 13, at the Holiday Inn in Stevens Point, interested persons will hear reports from the president, treasurer, committee chairpersons and general manager, along with a luncheon speaker and an afternoon panel discussion.

As their first year draws to a close, the WMMB Board of Directors have made major strides in making Wisconsin the

premiere dairy promotion state in the country. Wisconsin dairy farmers can be proud.

Letter to the Editor:

Wau-Bun Girl Scout Council would like to extend its sincerest thanks and appreciation to the people within its jurisdiction for their strong and faithful support throughout the 1984 Girl Scout Cookie Sale. With alleged reports of cookie tampering in various parts of the country and the consequent potential for similar incidents in this area, we are glad to report that Wau-Bun Girl Scout Council had no tampering incidents reported. We had excellent cooperation with law enforcement officials in preparation for such possibilities. Both the newspapers and radio stations assisted us in getting prompt messages to the public concerning the necessary precautions being taken on the Council's part to provide the safest product to our customers.

The Annual Cookie Sale is useful in many ways to each Girl Scout Council. First and foremost, it provides the opportunity for girls to learn valuable skills in dealing with the public, exchanging product

for money, setting goals, and working closely with the members of her troop. Many girls earn money towards a Girl Scout camping venture and part of every cookie box profit stays in the group's treasury to help pay for activities the girls have planned together. On the council level, Wau-Bun Girl Scout Council uses much of its profits to subsidize camping experiences for girls as well as to provide direct services to communities.

The top ten cookie sellers for the 1984 sale came from all over the council and we are proud to print their names here in recognition of their hard work even in the trying circumstances of this year's sale.

# Vocational Education In the High School

## VOCATIONAL EDUCATION — ELECTRICITY/ELECTRONICS

The age of electronics is opening up a new era. What used to be a simple project of putting together a few vacuum tubes, resistors, capacitors and wires has now evolved into a complex maze of integrated circuits and micro processors. The capabilities of these "chips" are unlimited in today's products—from hand-held calculators that do complex functions in micro seconds to wrist watches that besides giving you the time also time events, remind you of important dates, wake you up in the morning, and even entertain you with a video game. Then there is the video field, with digital television circuits, video recorders, wide screen stereo television only to mention a few. The list could go on forever.

The students of today are faced with tremendous challenges and complexities which require much knowledge and understanding. To help prepare these challenges, classes are offered at the introductory level in electricity and electronics. In the first semester electricity, students are taught the basic laws and theories of electricity. They are given the opportunity to apply and use these theories by setting up experiments, using the same tools and equipment that will be used in the

more advanced phase. Upon completion of the first semester, the student should have enough basic knowledge of the electrical area to be able to decide if he would pursue it as a career.

Second semester electricity continues the study and application of laws and theories. Along with these areas, they branch off into two different areas. In one they study residential wiring, learning about the codes governing household wiring of circuits and appliances. With the knowledge, they are able to complete simple wiring circuits, hook up large appliances and wire motor controls.

Another area covered is electronics. Here the student studies simple circuits which are the basic for communication devices, video equipment and/or control equipment. They are given the opportunity to design and construct their own projects. Here they work with both simple and complex circuits, designing and constructing printed circuit boards, mounting components and finally testing the finished project.

The electricity/electronics courses give the student a general introduction into an ever-expanding area. With this they are then able to expand into their area of interest.

### Real Estate Firms Announce Merger

Realty World-Wisconsin Real Estate, Inc., the Beaver Dam based agricultural real estate sales company affiliated with West Bend Savings and Loan Association's Financial Resource Group, announced the June 1, 1984 merger with Les Frinak and Associates, another Beaver Dam based real estate sales company specializing in residential real estate sales.

Both firms were ranked among the top ten real estate organizations in Beaver Dam and Northern Dodge County and the combined firm, which will continue to operate as Realty World-Wisconsin Real Estate, Inc., will be one of the top real estate firms in the

entire Dodge County area.

Richard A. Larson, Chairman of the Board and President of West Bend Savings and Loan Association and the Financial Resource Group, indicated that the merger between agricultural and residential real estate sales experts, along with serving as the Dodge County lending representative for West Bend Savings and RW Mortgage Corporation of Wisconsin, means more services and better service can now be offered to present and prospective customers through the one-stop real estate service concept.

In addition to Realty World-Wisconsin Real Estate, Inc., the Financial Resource Group also includes Realty World-West Grove Realty, Inc. of West Bend and Realty World-Schad Realty, Inc. of Fond du Lac.

## GIRL SCOUT FLY-UP WEEKEND

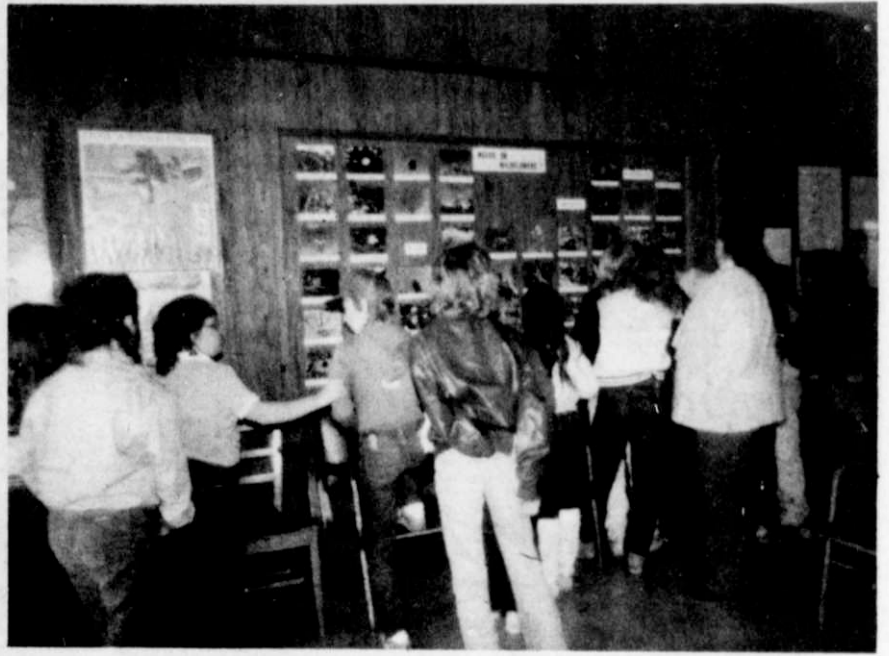

Girls working on Math Whiz Badge

Awards Campfire

Initiation of 6th graders

Girls working on Ecology Badge

Eighty Girl Scouts and leaders from Beechwood, Farmington and Wayne, went to Kettle Moraine Youth Camp for their annual fly-up weekend. After a brown-bag supper on Friday night, we held a get acquainted campfire complete with a songfest. After a flashlight hike around the grounds, we were ready to settle down for the night, or at least the leaders were ready!

Saturday was busy and started off with a badge work in the morning. Cadette troops 57 and

20 and one Senior Girl Scout, along with several leaders conducted the badge clinic, and every girl was able to earn a badge.

The individual troops all cooked their own lunch, the aroma around the huge cooking area included such delights as corn on the cob, Bar-B-Q, foil pack dinners and dough boys.

Since everyone brought their appetites, we made quick work of all the food.

Our afternoon was filled with a baseball and kickball tournament, with the winning teams receiving blue ribbons. After the ballgames were over, several troops went hiking to explore the camp grounds.

Saturday evening we had an

awards campfire to hand out all the badges and ribbons. Following the ceremonies, the cadettes held a welcoming party for all sixth grade girls and included an initiation at which the girls had to push a trail through a trail of whipped cream with their nose.

When everyone said their goodbyes on Sunday morning, it was with the hope of seeing

each other next year.

We would like to send a special thank you to Father Strupp and Rev. and Mrs. Maschmaier for conducting services at camp; Miss Johnson from K.M.S. and Miss Candelario from K.H.S. for their help with badge work, and most especially to Carol Neuser and Judy Goetsch for all their planning and work. They all helped make our weekend something to remember.

Last Tuesday night burglars entered the store of Mrs. Chas. Koch at Beechwood, blew open the safe, and took the contents, which was about \$50 in change. Mrs. Reinke, daughter of Mrs. Koch, who lives near the store, heard an explosion around 2 a.m. and noticed a flash in the direction of the store. She

awoke her husband and they came to the conclusion that there must be burglars at work. Mr. and Mrs. Reinke did not give the alarm until daylight as they feared to leave the house. Upon investigation in the morning, they found the safe blown to pieces and the windows in the rear all broken, caused by the explosion. Part of the safe was blown through the ceiling of the store.

The bill to close barber shops on Sundays which passed both Houses of the Legislature was signed by the Governor and is now a law.

At a joint meeting of the Kewaskum Fire Department, it was decided to hold their annual picnic at the North Side Park on June 20.

### HEALTHFUL WATER

Death from heart disease might decline 15% if people drank hard water containing healthful minerals, states EPA researchers. Hard water has natural high levels of calcium, magnesium, iron, etc. that protect against heart disease, high blood pressure, and strokes. Water softeners should be bypassed by a hard water line to the kitchen sink for drinking and cooking.

### Sensenbrenner Will Seek Re-Election

WASHINGTON, D. C. - May 19 - Rep. F. James Sensenbrenner, Jr. (R-Menomonee Falls) has announced he will seek re-election to a fourth term in Congress.

The Ninth District includes all of Ozaukee, Washington, and Jefferson counties and parts of Milwaukee, Waukesha, Dodge, Fond du Lac, and Sheboygan counties.

Sensenbrenner is unopposed in seeking the Republican nomination for the Ninth District seat.

In announcing his plans, Sensenbrenner said his top legislative priority would be to reduce the federal budget deficit, which is keeping interest rates and unemployment

at high levels. "I intend to fight for passage of the Balanced Budget Amendment to the Constitution and for substantial cuts in federal spending programs to bring down the deficit," he said.

Sensenbrenner singled out defense programs for possible cuts, suggesting that the Pentagon should reform its procurement procedures and use more competitive bidding.

Sensenbrenner also pledged greater efforts in getting the U. S. and the Soviet Union back to the bargaining table to seek major nuclear arms reductions.

Sensenbrenner said he also wants to continue the services

his offices have provided the district since 1979, such as "town hall" meetings, office hours, casework and grant application help, and other assistance.

Sensenbrenner, 40, serves on the House Judiciary Committee, where he is Ranking Minority Member on the Civil and Constitutional Rights Subcommittee, and the Science and Technology Committee, where he is Ranking Minority Member on the Energy Development and Applications Subcommittee.

He is married to the former Cheryl Warren, and they have two children, Jimmy, 2, and Bobby, 4 months.

## County Farmers Approved for \$75,323 To Install Conservation Practices

Washington county farmers have been approved for \$75,323.00 to install conservation practices under the ACP (Agricultural Conservation Program) according to Hilbert Scheunemann, Chairperson of the ASC Committee.

Under ACP, cost/shares are approved from 40% to 75% of costs to install practices. This is an incentive to encourage farmers to do work they otherwise would not do. Conservation practices have long term effects on saving the soil and preventing pollution of water.

The annual program participants are approved for \$32,231.00 while Long Term Agreements (LTA's) on 4 farms were approved for \$42,092.00. A LTA consists of total package where-by a farmer agrees to install every practice needed over a 3 - 5 year period. Many practices are involved in LTA's which are issued according to the schedule.

A breakdown of annual approvals is as follows: Permanent Cover on 15 farms for \$3,773.00; Stripcropping on 7 farms for \$10,016.00; Terraces on 2 farms for \$3,300.00; Diversions on 3 farms for \$3,095.00; Contours on 1 farm for \$574.00; Minimum Tillage on 6 farms for \$1139.00; No-Till on 7 farms for \$3,696.00; Sod

## Crop Reporting Time for County Farmers at ASCS

All Washington County farmers are urged to report their crops to the ASCS Office immediately after planting according to Donald E. Sampson, Director of the county office. "Producers who did not sign up for the programs could benefit by certifying their acreages because the 1984 acreage will be used in establishing the 1985 base acres," Sampson said.

All persons in the set aside programs must certify and be in compliance as agreements are firm and binding. Acreages set aside must have a cover crop to protect the soil from erosion. Five day extensions are available by phone if wet conditions have delayed the seeding.

ASCS verifies that acreage reports are accurate by randomly checking farms with aerial photographs. Measurement service continues to be available at a modest cost to those wanting accurate official fields.

Acreage reports now taken daily on week days between 8:00 a.m. and 4:00 p.m. at the county ASCS office.

Hang a large cup hook near the sink to hold rings, watches and bracelets while you do the dishes or messy cooking jobs.

In loving memory of Charles Dreher, in action was reported missing in action fifteen years ago, June 5, 1969:

Like fallen leaves the years slip by  
But loving memories never die;  
A silent thought, a secret tear  
Keeps your memory ever dear.

Sadly missed by Mr. and Mrs. Earl Dreher, Sr. and family.

#### MYRANEERS 4-H CLUB HONORED FOR CONSERVATION WORK

The Myraneers 4-H club was one of ten Wisconsin 4-H clubs to receive the National 4-H Conservation of Natural Resources award. The award was presented to the 4-H club at the open house of the Hartman Memorial Library on May 20. The awards presented by John Deere are given to those clubs who have an outstanding program in beautification and conservation.

The Myraneers main activity was to help beautify their community by involving local residents, businesses and 4-H members in landscaping the grounds at the Newburg Library. They were part of a community effort which included the Library Board, the Village of Newburg and other community groups. The members worked out a landscape plan using information given to them by Dan Wilson, the Washington County Resource Agent. They took soil samples to be analyzed and followed recommendations for plantings.

The club asked for and received plants from residents to establish an heirloom garden, which was typical of the landscaping in the 1860's when the Library Building was originally built.

The club has used the Library as a meeting place. Their participation in the project has

taught them that by working together many things can be accomplished.

The adult leaders in charge of the project were Mrs. Barbara Falk, Mr. Charles Mayhew and Mrs. Kathy Shaver. The club is continuing their work by establishing a picket fence and doing additional landscaping and planting. Our congratulations to the Myraneers 4-H club for this excellent effort.

#### KEWASKUM 4-H CLUB

Our May meeting was called to order by our vice president Chris Holz. The American pledge was read by Tammy Bath and the 4-H pledge was read by Jean Holz.

The secretary's report was given and accepted by Billy Butzlaff and seconded by Jean Holz.

On May 15 there was a roller skating party for all the clubs in the county. The cost was \$1.25 and was held from 7:00 - 10:00 p.m.

The Foods Revue will be June 19, at Washington Mall, from 1:00 - 4:00 p.m.

Dress Revue is June 28 at Westfair Mall from 6:30 - 9:00 p.m.

If any 4-H member would like to be on the float committee, contact Mrs. Seideman.

For our June activity we will be going to a Brewer's game. Parents are welcome.

Refreshment committee for next month will be Becky Manthei and Brian Butzlaff.

The meeting was adjourned and accepted by Rhonda Herriges and seconded by Holli Etta.

— TAKEN —  
**FROM THE CLASSROOM**

On May 31st, I was at Holy Trinity School finishing cleaning my classroom. Around 11:45 a.m. my daughter told me she was hungry. Therefore, I stopped working and we went down to a local restaurant to eat. Before we left my daughter proceeded to put her Cabbage Patch Doll in a shoebox on the table. When we returned (around 12:45 p.m.) the doll was gone. I have thoroughly searched my room and know it is not there.

All I am asking of the taker, is to return the doll. I am not interested in who or why you took it. This is a very unkind act. Please return it to the Statesman News Office.

If you would have seen the sad feelings and crying, you would have also pleaded for the return of the doll. The cost is not important; it's the sentimental feeling she has for the doll, her Christmas present.

**NOVENA TO ST. JUDE**

O holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance.

Help me in my present urgent petition. In return, I promise to make your name known and cause you to be invoked, say three Our Fathers, three Hail Marys and three Glorias. St. Jude pray for us, and all who invoke your aid. Amen.

This Novena has never been known to fail. This Novena must be said for 9 consecutive days, and publication must be promised.

## Thiemerdome Thursday Goodtime League

Standings

Bartelt Ins.	2-0
Kennelly Pharmacy	1-1
BJ & Co.	1-1
Thornton & Schaub	1-2
Grand Larson	0-1

**HIGHLIGHTS**  
Close calls and close games were on the menu last week. Umpire Tom "Big Swede" Larson, who also dabbles in education, administration and athletic directing earned his exorbitant fee by making several good calls. The new eyeglasses that the league donated to him last year have already paid dividends.

In the first game Thornton & Schaub surprised Kennelly Pharmacy 9 to 6. Kennelly jumped off to a 6-0 lead early in the game. Then their offense took a siesta. Thornton & Schaub kept plugging away and ended up the victor. Key play was a circus catch by Paul "Up Kid" Bray. There were 2 outs and bases loaded for Kennelly late in the game when Paul made a sensational over the shoulder catch to end the inning and take the wind out of the sails for Kennelly. Kennelly manager Herbie "Rene" Justman muttered something about no longer being Mr. Nice Guy.

In the second game Bartelt Ins. remained undefeated by squeaking out a 4-2 win over BJ & Co. BJ manager over "Hot Dog" Justman has loaded his team this year looking for his first pennant. He purchased the contracts of the 3 Schultz Brothers from New Fane. They were on the free agent market this winter and Homer opened the vault in order to sign them. It paid off as Leon Schultz hit a long bomb over the left field fence to keep the game close.

Bartelt Ins. hurler Mike Pfeiffer, who runs the local pots and pans factory had another game of excellent control. He graciously gives all the credit to catcher Jonsey Korth who calls all the pitches and buys all the liquid rewards after the game.

Fans are urged to leave early for this week's games to avoid the traffic jam at the Buss Farm-Milwaukee River interchange. Due to Brewers inept play as of late a large crowd is expected at the Thiemerdome.

Attendance 261.

## THIEMER'S SUNDAY LEAGUE

	W	L
Schmitt's Never Inn	3	0
Thiemer's Sip & Snip	2	1
Krueger's	2	1
Saloon	1	2
Amerahn	1	2
Rich's Foods	0	3

**Results:**  
Schmitt's Never Inn had their hitting spree when 2nd-run lead 'til Harry Schladweiler hit a grand slam to put Thiemer's Sip & Snip on the board but Schmitt's overpowered them, 22-6, to take first place position.

Amerahn had another loss with Saloon on the run. Mark Schaefer helped Saloon along with a four bagger to end the scoring at 15-4.

Rich's Foods had trouble finding players and had to forfeit to Krueger's. Rich will have to watch so he doesn't schedule his players to work in the store on Sundays. I don't think his workers will mind that at all.

## WEST BEND COUNTRY CLUB WOMEN'S ASSOCIATION

The West Bend Country Club's building program is showing progress. The old "pro-shop, caddy-house" is no more, and earth moving equipment has changed the clubhouse to accommodate additional wings that have been erected. Many changes have been taken, including enlargement of the locker rooms and dining rooms, an outdoor deck, new entrances and exits. The new pro-shop is a long-awaited reality, incorporated into a lower level of the clubhouse.

On Wednesday, May 30, women golfers moved through areas still under construction to sign their names for the day's golf event. They played for low putts on secret holes, three drawn on each nine holes. Secret hole divulged at the end of play were holes one, six, nine, 11, 14, and 18.

Winners for 18-hole golfers were:

- Class A - Kate Reiss with 10 putts
- Class B - Pat Peterson with 10 putts
- Class C - Marge Santarlasci and Rita Sepersky, tied with 11 putts
- Class D - Mary Ann Yahr with 12 putts
- Class E - Toni Schacht with 11 putts

Winners for 9-hole golfers were:

- Class A & B - Iris Glidden with 5 putts
- Class C - Rose Johnson with 6 putts

On June 6 women golfers were expected to play the first round of the June Tournament. Prizes for individual competition in the event of the day were gross scores minus putts. If players have any questions they may call the WBCC golf-pro, Don Hill.

**FROM THE CLASSROOM**

On May 31st, I was at Holy Trinity School finishing cleaning my classroom. Around 11:45 a.m. my daughter told me she was hungry. Therefore, I stopped working and we went down to a local restaurant to eat. Before we left my daughter proceeded to put her Cabbage Patch Doll in a shoebox on the table. When we returned (around 12:45 p.m.) the doll was gone. I have thoroughly searched my room and know it is not there.

All I am asking of the taker, is to return the doll. I am not interested in who or why you took it. This is a very unkind act. Please return it to the Statesman News Office.

If you would have seen the sad feelings and crying, you would have also pleaded for the return of the doll. The cost is not important; it's the sentimental feeling she has for the doll, her Christmas present.

O holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance.

Help me in my present urgent petition. In return, I promise to make your name known and cause you to be invoked, say three Our Fathers, three Hail Marys and three Glorias. St. Jude pray for us, and all who invoke your aid. Amen.

This Novena has never been known to fail. This Novena must be said for 9 consecutive days, and publication must be promised.

## Thiemerdome Thursday Goodtime League

Standings

Bartelt Ins.	2-0
Kennelly Pharmacy	1-1
BJ & Co.	1-1
Thornton & Schaub	1-2
Grand Larsony	0-1

**HIGHLIGHTS**  
Close calls and close games were on the menu last week. Umpire Tom "Big Swede" Larson, who also dabbles in education, administration and athletic directing earned his exorbitant fee by making several good calls. The new eyeglasses that the league donated to him last year have already paid dividends.

In the first game Thornton & Schaub surprised Kennelly Pharmacy 9 to 6. Kennelly jumped off to a 6-0 lead early in the game. Then their offense took a siesta. Thornton & Schaub kept plugging away and ended up the victor. Key play was a circus catch by Paul "Up Kid" Bray. There were 2 outs and bases loaded for Kennelly late in the game when Paul made a sensational over the shoulder catch to end the inning and take the wind out of the sails for Kennelly. Kennelly manager Herbie "Rene" Justman muttered something about no longer being Mr. Nice Guy.

In the second game Bartelt Ins. remained undefeated by squeaking out a 4-2 win over BJ & Co. BJ manager Homer "Hot Dog" Justman has loaded his team this year looking for his first pennant. He purchased the contracts of the 3 Schultz Brothers from New Fane. They were on the free agent market this winter and Homer opened the vault in order to sign them. It paid off as Leon Schultz hit a long bomb over the left field fence to keep the game close.

Bartelt Ins. hurler Mike Pfeiffer, who runs the local pots and pans factory had another game of excellent control. He graciously gives all the credit to catcher Jonsey Korth who calls all the pitches and buys all the liquid pitches after the game.  
Fans are urged to leave early for this week's games to avoid the traffic jam at the Buss Farm-Milwaukee River interchange. Due to Brewers inept play as of late a large crowd is expected at the Thiemerdome.  
Attendance 261.

## THIEMER'S SUNDAY LEAGUE

Schmitt's Never Inn	3	0
Thiemer's Sip & Snip	2	1
Krueger's	2	1
Saloon	1	2
Amerahn	1	2
Rich's Foods	0	3

**Results:**  
Schmitt's Never Inn had their hitting spree with a 20-run lead 'til Harry Schladweiler hit a grand slam to put Thiemer's Sip & Snip on the board but Schmitt's overpowered them, 22-6, to take first place position.  
Amerahn had another loss with Schaefer on the run. Along with Schaefer helped Saloon mark with a four bagger to end the scoring at 15-4.  
Rich's Foods had trouble finding players and had to forfeit to Krueger's. Rich will have to watch so he doesn't schedule his players in the store on Sundays. I don't think his workers will mind that at all.

## WEST BEND COUNTRY CLUB WOMEN'S ASSOCIATION

The West Bend Country Club's building program is showing progress. The old "pro-shop, caddy-house" is no more, and earth moving equipment has changed the contours surrounding the clubhouse to accommodate additional wings that have been erected. Many changes have taken place, including enlargement of the locker rooms and dining rooms, an outdoor deck, new entrances and exits. The new pro-shop is a long-awaited reality, incorporated into a lower level of the clubhouse.  
On Wednesday, May 30, women golfers moved through areas still under construction to sign their names for the day's golf event. They played for low putts on secret holes, three drawn on each nine holes. Secret hole divulged at the end of play were holes one, six, nine, 11, 14, and 18.

Winners for 18-hole golfers were:  
Class A - Kate Reiss with 10 putts  
Class B - Pat Peterson with 10 putts  
Class C - Marge Santarlasci and Rita Sepersky, tied with 11 putts  
Class D - Mary Ann Yahr with 12 putts  
Class E - Toni Schacht with 11 putts  
Winners for 9-hole golfers were:  
Class A & B - Iris Glidden with 5 putts  
Class C - Rose Johnson with 6 putts  
On June 6 women golfers were expected to play the first round of the June Tournament play. Prizes for individual competition in the event of the day were gross scores minus putts. If players have any questions they may call the WBCC golf-pro, Don Hill.

 Meet in Madison to cap off a fantastic high school track career.  
 Holly Kempf. Oh, what a year she's had!  
 Kempf placed 6th in the discus and 8th in shot put at last weekend's Class A State Track

Meet in Madison to cap off a fantastic high school track career.  
 Kempf picked up one point for Kewaskum when she placed 6th in the discus with a throw of 116'3", about as well as she did

in the sectional.  
 Kempf made the top eight in the shot put preliminaries to put her in the finals. She ended up eighth with a toss of 36'10 1/2", being two feet shy of what she had done earlier in the year.

Even if Kempf would have turned in her personal bests, she would have remained the same in the finishes because of the tough competition.  
 Kempf, this year, has never lost a regular meet in the discus

(Dave Drexler photos)  
 and has only one second in the shot before last week's sectional meet where she took second.  
 Kempf graduates KHS with school records in the shot put (39') and the discus (126'7").

## Indians Beat Falls, Lose to Plymouth and New Holstein

By John Harju  
 Brian Arndt's successful squeeze with the bases loaded in the top of the seventh enabled the Kewaskum Indians to defeat Sheboygan Falls, 6-4, in their conference opener last Tuesday in Sheboygan Falls.  
 Bob Yahr led off the seventh with a double deep into the alley in right. Jim Hanrahan followed with an infield hit to put runners on first and second. Tim Leitheiser then pushed a bunt past the pitcher to load the bases for Arndt.  
 Coach Perry Koth called for the squeeze, and Arndt promptly laid down the game winning bunt which scored Yahr and Hanrahan on the errant throw which got by the catcher.  
 The Falcons threatened in the last of the seventh with a man on second and one out, but Arndt, who pitched a four-hitter, got the next hitters to fly to left and pop to second preserving a 6-4 Indian win.  
 Arndt pitched well in his first major test of the year keeping ahead of the hitters most of the night and keeping his slider consistently low. Arndt also received good hitting support.  
 Sophomore Tim Dettmann belted a first inning 3 run homer to get things rolling for Kewas-

kum. Jim Braun and Brad Dieringer also tagged doubles while Yahr and Hanrahan had two hits apiece.  
 Koth was pleased with the defensive play of shortstop Rick Staehler, who on at least four occasions, took away hits with strong throws from deep in the hole.

**Plymouth 4, Kewaskum 1**  
 The Kewaskum Indians managed just one hit as they were defeated, 4-1, by Plymouth last Thursday in Kewaskum.  
 Starting Indian pitcher, Jim Hanrahan, was tagged for 3 runs in the top of the 4th mainly because of walks.  
 Hanrahan walked two batters before giving up a triple which scored two runs with two outs in the fourth.

Tim Geidel relieved Hanrahan and pitched well the rest of the way allowing only one run on 4 hits in 3 1/2 innings.  
 Kewaskum's only run came in the 5th when Tim Rohliger, who walked and stole second, came home on a dropped fly ball off the bat of Brad Dieringer.  
 Plymouth's Tom Richards struck out 7 and walked only 3 in 7 innings of 1-hit pitching.

**New Holstein 5, Kewaskum 3**  
 Tim Rohliger gave up 11 walks - 6 in the first inning — as the Kewaskum Indians were defeated by New Holstein, 5-3, last Friday in New Holstein.  
 New Holstein got their 5 runs in the first two innings, but after this Rohliger settled down and pitched well.  
 Kewaskum got their first run in the second when Tim Geidel tripled and John Harju knocked him in with a single.  
 Geidel also ripped a solo

home run to deep left center, and Tim Dettmann knocked in Brad Dieringer with a ground ball to account for the other two Indian runs.  
 Kewaskum was without Jim Braun (quit the team), Ken Heisdorf (quit), Jim Hanrahan (quit), Rick Staehler (ill), and Tim Leitheiser (injured). The absence of these players could have possibly been the reason for the loss.

**Harlow Golfs 86 in Sectional**  
 Kewaskum High School's Chris Harlow shot 86 in the WIAA Sectional at Mee-Kwon Country Club Tuesday, but failed to qualify for the state golf tournament. However, Harlow's score was better than the average.  
 Chris qualified for the Sectional by being among the top five medalists in the regional played at Naga-Waukee, Waukesha, the week before.  
**Runner-up in Ohio State Track Meet**  
 At the Ohio High School athletic association State Track Meet held on Saturday, June 2, Rachel Wiesen of Rocky River was named Runner-up in the 400 meter dash. Her second place time was 57.71. In the 200 meter dash she ran 26.05 and placed 5th. She competed in Class AA.  
 Raymond and Agnes Schaefer of Rural Route, Kewaskum, are Rachel's grandparents. They drove to Columbus, Ohio, to view the event.
