## Land Rezoning Approved for Regal Lodge

By GERRY MUELLER  
Statesman Staff Writer

At its meeting last week, the Washington County Land Use and Parks Department approved the rezoning of the Ned Sengpiel property, located on Highway H in the Town of Kewaskum, from Transitional Agriculture to Agriculture 1 (residential).

The petition approval will allow Regal Ware, Incorporated, Kewaskum, to apply for a Conditional Use Permit for the construction of an eight-bedroom home on the property. The proposed structure would be used to lodge out-of-town Regal Ware representatives, associates and guests while on business at the Regal plant. A spokesperson at the Land

Use office said, however, no action could be taken on the conditional use permit itself until a public hearing on the request has been held by the Washington County Board. As of Monday morning, no date had been set for that hearing. Once the hearing is held, the request will be returned to the Land Use Department for review and consideration.

## Cablevision Seeking Revised Rate Increase

By GERRY MUELLER  
Statesman Staff Writer

Although the Kewaskum Village Board recently rejected a rate increase request by Riverbend Cablevision of West Bend, its local manager, Carol Kenyon, appeared before the board again Monday night, seeking to have the board reconsider its decision.

Not only was Kenyon seeking approval of the increase, she asked for an even higher adjustment than presented at previous discussions. Back in April Cablevision had sought a rate increase on basic service from \$7.50 to \$8.95. At Monday's meeting, Kenyon asked the board to approve a \$2.00 hike, from \$7.50 to \$9.50, effective August 1.

Kenyon stated increased programming costs made the increase necessary. She noted that while Cablevision was not threatening to cut off service, the company did not know how long it could continue to service Kewaskum without the rate adjustment.

Kenyon said, in comparing rates, the industry average is about \$9.50, and Kewaskum's present rate of \$7.50 is well below that figure.

Kenyon informed the board that some of Cablevision's program suppliers had already passed on several increases to them this year which were presently being absorbed by the company because Kewaskum

had not granted the rate adjustment.

Village Administrator Dan Schmidt said a public hearing on Cablevision's request has been scheduled for July 16th.

In other action, the board approved the low bid of Ram Construction to do asphalt paving on some of the village's streets. Ram bid \$23.00 per ton, compared to \$24.81 from Payne

## Kohlsville/Wayne Jaycees No. 1 New Chapter in State

The Kohlsville/Wayne Jaycees were recognized as the #1 new chapter in the state of Wisconsin for the 1983-84 Jaycee year. What's so remarkable about this is that they were only in existence for five months. This was only one of many awards received.

The chapter was also recognized for growing one member each month. They also

had the largest % growth in the state. They went from 22 to 66 members, that's a growth of 300%!

They were one of the 36 chapters to "Blue Chip" in the state.

President Pat Hanrahan was also recognized as one of the Ten Outstanding Local Chapter Presidents. This is the first time in Wisconsin Jaycee history a president from a chapter less than a year old was recognized.

The Wisconsin Jaycees also nominated Pat Hanrahan for the Charles E. Kulp Memorial Award. This award recognizes the 40 outstanding Presidents in the nation.

On behalf of the Kohlsville/Wayne Jaycees, we would like to thank everyone who helped make such a successful year for us. Especially to our District

Director, Phil Fellenz, our Regional Director, Richard Thiemer, and West Bend Jaycee Past President, Robbie Rahbran.

## Village Presented U.S. Capital Flag by River Bend CV

On Flag Day, June 14, Carol Kenyon, Systems Manager of River Bend Cablevision, West Bend, presented the American Flag, which was flown over the U.S. Capital on Aug. 30, 1983, to Daniel Schmidt, village administrator, to members of the Village Board and to the residents of Kewaskum.

This flag was provided by WTBS Atlanta in conjunction with their program "Portrait of America" series with Hal Holbrook, featuring the State of Wisconsin, which is being shown on WTBS Channel 11.

For those who have missed the previous play dates, there will be encore presentations on Saturday, June 23, at 3:05 p.m., and Monday, June 25, at 11:05 p.m.

## Holy Trinity Picnic In Park Sunday

The second annual Holy Trinity Church picnic will begin with a polka Mass at 11:00 a.m. on Sunday, June 24. The Bill Thull orchestra will play for this mass at Holy Trinity Church.

The picnic will be held at River Hill Park in Kewaskum following Mass. There will be refreshments, brats, hamburgers, homemade desserts and ice cream, music, games and dancing.

Music will be provided by the Bill Thull Orchestra from 1:00 to 5:00 p.m. in the park and Brian Kluever Orchestra from 5:00 to 9:00.

Raffle prize winners will be announced at 8:00 p.m.

The public is most cordially invited.

## Special School Board Meeting Monday

There will be a special Board meeting on Monday, June 25, 1984, at 8 p.m. in the Kewaskum High School library. The extracurricular report, the budget and rescinding of the motion to close the Beechwood School will be on the agenda.

## Firemen - Legion Seeking Sponsors for Parade Units

The committee has been working on the 1984 Firemen-Legion Picnic for the past six months and is anticipating a fun-filled weekend for July 7 and 8.

This year the fire department is celebrating their 100th year of service and is holding a special Antique Fire Equipment parade on Saturday, July 7th, at 2:00 p.m. The equipment will later be on display at the park. Saturday afternoon we will have the Buchel Orchestra with Klass and Thrust in the evening. Sunday is also filled with

entertainment for all with music by the Bill Thull Orchestra, Syl Groeschel, Manchester, and Annie and the Playboys. Men's Waterfights will also be held Sunday evening.

The committee is planning a bigger and better parade for Sunday, July 8th, with the theme being "Kewaskum Fire Dept. - One Hundred Years of Service." Mark your calendar and plan on joining us for some fun. We will have something for everyone.

If anyone is interested in sponsoring any one of the following units, or one of the above bands, please contact: Morrie Belger, 626-8069, or David Neckuty, 626-4861.

Kewaskum High School Band, Random Lake High School Band, Algoma Community Band, Hartford City Band, Janesville Fife and Drum Corps, Wisconsin Lutheran Adults Band, Wisconsin Lutheran Cadet Band, Scottish Bagpipe Band, Milwaukee Civic Riders Motorcycle Club.

and Dolan, Waukesha, and \$24.90 from Scott Construction of Lake Delton. Wolf Construction of Oconomowoc was awarded the job for slurry sealing of other village streets at a cost of .67c per square yard.

Parks Committee Chairman Tom McElhatton informed the board that 463 swim passes had been sold to date.

Public Works Superintendent Augie Bilgo was questioned on any serious problems related to the weekend storms. Bilgo said there were some flooding problems. He noted, however, that many of the situations could have been avoided since they were caused by residents who cut their grass, blowing the clippings into the street. Bilgo said, with a light rain, the clippings may go down into the sewers, but with hard rains such as those over the weekend, the clippings wash down into the catch basins and swell up, blocking the flow of water and causing flooding. Another problem was caused by residents who are running their sump water into the sanitary sewer. Bilgo noted in some areas the water coming out of the sanitary sewers was so clear you could have almost drank it, "so you know it wasn't wash water or anything else like that." Schmidt said he would place a notice in the paper asking residents to restrain from allowing their clippings to go into the street and down into the catch basins.

Schmidt told the board he had also been contacted by a village resident and Valley Bank about the problem of a semi-truck which parks on Highway 45, in front of their properties for extended periods of time. Schmidt said the bank indicated some concern especially when the vehicle is parked in front of their building during business hours. The resident was con-

cerned because on occasion, visitors to their home could not park in front of the house because of the truck. President Stollenwerk asked Schmidt to contact the driver on behalf of the board in an effort to work out an agreeable solution.

Schmidt also passed out an information sheet regarding the recently approved increases in building permits and fees. Schmidt indicated there was only an increase of \$47.32 between the totals of fees at the old rates and new rates.

Schmidt's report showed only three areas affected by a fee increase, cubic foot construction cost, plan examination and Wisconsin Permit Seal. Schmidt said the village had been charging a fee of \$10.00 for plan examination, however, the actual cost to the village was \$18.00, and that did not include his time or travel for the approvals.

Schmidt noted electrical and plumbing fees had not gone up since the 1960's, and zoning permits had not gone up since implemented in 1972. He told the board, even with the new increases, the village would probably just barely break even on revenues and expenditures.

## Kettle Moraine Lutheran Honor Roll Announced

Kettle Moraine Lutheran High School, Jackson, announces the Honor Roll for the 4th quarter and 2nd semester of the 1983-84 school year.

High Honors (3.6 - 4.0). Honors (3.3 - 3.59).

Kewaskum students on the honor roll include:

Grade 11 - Katherine Behnke, honors.

Grade 10 - Timothy Koepke, high honors; Ross Bartelt, Jeanne Cudnohoske and Linda Jagler, honors.

## Stern Family Reunion Scheduled

The second Stern family reunion is to be held in Kewaskum at River Hill Park on Sunday, July 22. The gathering will begin with a picnic type luncheon at 12 noon.

All descendants of Gottlieb and Fredricke Stern are invited to attend. An enjoyable afternoon is assured to those attending with plenty of food, music and games. Refreshments will be made available.

Those planning on coming are asked to bring their own silverware as well as a dessert, sandwiches and relishes or a dish to pass.

Last year's reunion was fun for all.

We met the Elders, we met the small.

We played some games, we sang a song,

Seen some people we've missed

for so long.

So come and join us at this fest, To talk with some and meet the rest.

## Two Key Club Members To Attend Convention

Adrienne Thull, 2342 Hy. 28E, Kewaskum, and Claudie Kleinke, 1532 Stark St., Kewaskum, members of the Key Club of Kewaskum High School will be in Ft. Worth, Texas July 1-4, to represent their club at the 41st Annual Convention of Key Club International along with some 2,500 other Key Club members.

Key Club International is the world's largest high school service organization, maintaining ideals and objectives similar to its sponsor, Kiwanis International. The local sponsor is the Kiwanis Club of Kewaskum. There are more than 108,000 Key Clubbers in approximately 3,500 clubs in high school throughout North America and the Caribbean.

The local representatives were selected for their service to their home, school and community and will be electing the International Officers for 1984-85 and voting on issues determining the direction the

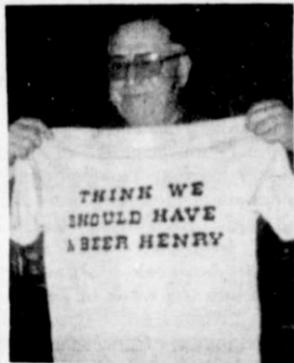

organization will take in the year ahead.

Highlights on the convention include internationally renowned speakers and talent as well as workshops, individual and club competitions and sessions designed to strengthen the local club and individual members.

A three mile walk-a-thon involving all 2,500 convention attendees will be held during the convention. Anyone wishing to make a tax deductible pledge on behalf of our community is encouraged to contact the students at the following phone number 334-3902. Each student hopes to present a minimum of \$25.00 in pledges.

# Letters to the Editor

To All Board Members of the Kewaskum School District:

I would like to know how Mrs. Jean Goeden could possibly vote yes to close Beechwood School when she spoke publicly over WBKV radio on Saturday, June 9, stating that she was against closing of Beechwood School. And to think she called herself the "Mother's Touch" during her campaign. Ha!

Looking over the figures given to us from the Board, you can't convince me that you will be saving any money at all. If anything it will cost you money. And if you do keep it closed, in a few years you'll be asking for three million dollars to build a new grade school in Kewaskum because there are too many students in the other one. Again, it would cost less to keep Beechwood open.

Mr. Neal Weare and Mr. Long said the Board should give the people of Beechwood at least one year's notice if you close the School; meaning the '84-'85 school year would be open, and closed in '85-'86. You people voted to close the school at the end of the '83-'84 school year, giving us 3 days notice. Where is your morality? Is that considered fair? I'm not asking you to keep Beechwood open in '84-'85 so you can close it in '85-'86. I'm asking you to leave all schools open and operate as they were.

The subject of split grades versus one grade per classroom is a subject on which I feel is being overstated. Twelve years of my school life I was in split grades and I found it to be beneficial. While in one grade I was getting a preview of what the next year would be like and when I got to that grade I was getting a review of the things I learned the year before. Mr. Long stated at the May 14 meeting that he felt in a classroom of say 29 students with split grades of first and second grade, one grade was goofing around while the other class was learning. Do you really believe that a single grade of 29 students all will give

100% of their attention to the teacher? Think again, kids will be kids and I know from experience that the students in the back of the room will whisper back and forth or pass notes. Dividing the school rooms so all teachers will have one grade will not solve the problem.

Have you ever considered keeping Beechwood open and extending it to 7th grade since you feel it isn't being used to its full capacity? As you keep overlooking the fact that the enrollment has been steady and even rising.

You have disrupted a lot of families and upset an awful lot of children, and you people have the audacity to claim you are looking out for the educational value of our children. It surprises the heck out of me how Mrs. Jean Goeden, Mrs. Lynn Dieringer, Mr. Kim Peterson and Mr. Thomas Brigham ever got elected to office. You can bet not one of you received my vote and never will.

These are my opinions but they are shared by many others in this community, and if you have been listening to WBKV you will notice that people from all over, including Farmington, Wayne, and West Bend are shocked by this hasty decision you've made to close Beechwood School.

I sincerely hope and pray you rescind the motion to close the school and get back the togetherness this district deserves. As it stands the district is torn in pieces because of you people whether you believe it or not.

A Very Concerned Parent

## Free AT & T Phone Booklet Available

Questions consumers may have about their AT&T telephone set are answered in a new booklet which is available from AT&T Information Systems.

The 8-page booklet, "Telephone Talk About Your AT&T Telephone Set," tells of the

changes and choices AT&T customers now have as a result of divestiture of AT&T on Jan. 1, 1984. The questions which are most frequently asked are answered, such as how to get a phone repaired; how to continue leasing a phone; who to call for what; what services are available for the handicapped; and where to buy phone sets and equipment. Toll-free numbers for contacting AT&T are also listed.

This free booklet may be gotten from any AT&T Phone Center Store or by calling the AT&T consumer sales and service office on 1-800-555-8111.

## News Notes From the Village

The Village Board would like to remind the residents of the Village of a topic covered in the Village's Municipal Code. The topic is covered in Chapter 10, Public Nuisances — we shall refer to this problem as a health hazard.

The Village has undertaken several steps to improve the clearwater (storm water) discharge in the entire community, but yet people are not cooperating. We find that people cut their grass and catch it just to dump it in a designated clearwater collection point to help plug up and eventually cause water to back up during certain times of the year.

The Village would ask that all residents keep their grass clippings and leaves away from the catch basins in the curb area. Also to refrain from dumping their grass clippings and leaves in ditched areas.

## Kohlsville Church Damaged by Fire

Fire in St. John's Church on the corner of County Trunk WW and Beaver Dam Rd., Kohlsville, Sunday morning caused extensive smoke damage and heavily damaged the furnace room.

Larry Hug of the Kohlsville Fire Department reported the call came in around 9 a.m. He said that the fire may have been

caused by lightning striking a pole outside the church, traveled underground through the wiring into the furnace room. From there, Hug said, it blew out a 200 amp service and jumped to the furnace where it melted a copper tube that led to the underground storage tank. The flames from the tube end caused enough heat to melt the soldering of the water pipes, which burst and sent a water and fuel mixture flooding the furnace room and into the basement. Fortunately the mixture did not ignite.

Kohlsville received assistance from Allenton and the compressor truck from West Bend.

## Home Construction Show Is Scheduled

Citizens/Weis Corporation, developers of the "Meadows Additions" has scheduled a home construction show from 1-4 p.m. on Saturday and Sunday, June 23rd and 24th, and Saturday and Sunday, June 30th and July 1st.

According to Ron Weis, president of Citizens/Weis Corporation, the home construction show is unique in many respects, there will be seven pre-sold model homes to view, all in different stages of construction; factory representatives will be available to explain the materials used; and, the builders will be on hand to explain the methods of construction. "This is a home construction show, a chance to see first hand the quality that professional tradespeople from the West Bend area build into their custom homes."

The "Meadows Additions," a Financial Resource Group community project, is located on Primrose Lane, north of Greentree School in West Bend.

### Casts Announced For UWWC Summer Productions

Professor Brad Ford, University of Wisconsin Center-Washington County's Theatre director, has announced the casts for Theatre on the Hill's Summer Rep II productions of Patrick Hamilton's ANGEL STREET and Georges Feydeau's 13 RUE DE L'AMOUR.

ANGEL STREET tells the demonic story of the Mannings of Angel Street. Under the guise of kindness, handsome Mr. Manningham is torturing his wife into insanity. Cast members and their roles for this thrilling and exciting melodrama include: Mr. Manningham-Mark Kohler, Mrs. Manningham-Jan Riordan, Rough-John Searle, Elizabeth-Nanette Yagow, and Nancy-Sandy McCrimmon.

13 RUE DE L'AMOUR is a hilarious French frolic complete with surprised husbands, agonized wives, and scan-

dalized lovers. Comprising the cast that makes the best-laid plans for vice and sin go wildly and wonderfully astray are: Marie-Donna Fischer, Moricet-Mark Kohler, Duchotel-Jim Nelson, Jean Pierre-Curt Enderle, Birabeau-Don Kudek, Inspector of Police-Matt Pieper, 1st policeman-Scott Warnkey, 2nd policeman-Boyd Schmidt, Leontine-Annie Strancke, and Spritzer-Paula Holz.

ANGEL STREET performance dates are July 5, 8, 14, 20, and 26. Performance dates for 13 RUE DE L'AMOUR include July 6, 12, 15, 21, and 27. Curtain time is 8:15 p.m. in UWWC Theatre, 400 University Drive, West Bend.

The musical ANNIE will also be presented in repertory theatre with 13 RUE DE L'AMOUR and ANGEL STREET. For more information regarding play dates and times or for ticket information regarding any or all three plays, call 338-5208.

### 'The Greatest Story Never Told'

The First Baptist Church of Campbellsport will start their summer reach-out program on June 24 at 8:00 p.m. with the film, "The Greatest Story NEVER Told."

In the film Jeff Williams discovers something about himself that we all can learn from. To Jeff, sharing Christ with friends is not high on his list of priorities — Jeff's too caught up in his own little world to care about those who are lost without God's Son. But Jeff learns through a twist of events that his friends are waiting for someone to help them learn what it really means to be a Christian.

The Greatest Story Never Told shows that all Christians are missionaries — regardless of where they live.

As in the past, we look forward to sharing this time of fellowship with you and hope to see you on June 24.

A nursery will be provided and refreshments will be served following the film.

The church is located on Main street in Campbellsport.

We look forward to sharing this time of fellowship with you and hope to see you on June 24.

### Adell Doctor to Be Featured on TV Show

### Awards Presented at Threshold's Recreation and Awards Luncheon

The Knights of Columbus Hall was the site of the 14th Annual Recreation and Awards Luncheon. A program was held to honor those people with achievements in different sports and in the work areas. Along with honoring these people, area businesses were honored for rendering their agency and/or services for The Threshold recreation programs.

Those businesses are: Kettle Moraine Y.M.C.A., Weiland's Recreation Center, Frontier Bowl and Lounge, Shorty's Artistic Roller Rink, Skate Country Roller Rink, West Bend Park, Recreation and Forestry Department, West Bend Driving Range and Trophies U.S.A.

Following the business recognition, awards were given out to the people with achievements in the different classes of sports and work areas. Trophies were given to Jim Weber of Germantown, rollerskating; Mike Larson for scotterboarding; Wendy Wagner for Frisbee; Jeff Sersted for swimming; Frank Weidmeyer for baseball, all of West Bend.

Bowling awards were presented to Ray Peters, Carol Blankenmeyer, Lois Eickman, Larry Puestow, Judy Hoelt, Merna Sauer, Ann Wolf, Linda Groth, Barb McKelvey, Jim Mago, Chris Sailer, David Biertzer, Marilyn Meyer, Mary Grover, Jean Merkowitz, August Stark, Ann Sowin, all of West Bend; Jim Becker and Ted Fischer of Kewaskum; Ron Priesgen, Don Zalewski, Sharen Robel, Jim Hampton, Harold Schulz, all of Hartford; Dave Sukawaty and Richard Zimmerman of Slinger; Janet Fiori, Lori Speck, Maureen

Pollich, Mark Schall, and Nick Bzdawka, all of Colgate/Germantown area; and Allen Ebert of Jackson.

The Director's Achievement Award was given to Harold Schulz of Hartford. Horst Wagner, director of Threshold, presented this award to Harold for his willingness to participate in all forms of recreation and for displaying good sportsmanship and helpfulness towards others.

### Limited County Fair Space Available

Only limited exhibit fair space is available for the 1984 Washington County Junior Fair. Commercial exhibitors wishing to rent space at this year's fair are encouraged to reserve space as soon as possible.

This year's fair will be held from July 25-29 in Slinger. Interested commercial exhibitors can obtain information on rental costs and space available by contacting the Fair Office at 338-4485, 644-5024 or 342-2929 or by stopping into the Office. The Fair Office is located at 515 East Washington Street, Court House Annex II in West Bend and is open from 8:00 a.m. to 12:00 noon and 1:00 p.m. to 5:00 p.m. Monday through Friday.

The Washington County Junior Fair is attended by thousands of people. A perfect place for businesses to show their products or services to fairgoers.

### Farm-Type Olympics At Kohlsville Sat.

A Farm Olympics, complete with bale and horseshoe throws, log-cutting and an obstacle course, is being planned at the Hitching Post, Kohlsville, June 23 by the Kohlsville-Wayne Jaycees.

Pat Hanrahan, Jaycee president, said team entries will be accepted through the registration period from 10 a.m. to noon on June 23. Seven teams already are entered from the Campbellsport and Kewaskum areas.

Teams will have five members each. Hanrahan said the competitive events will include a bale throw for two team members, a horseshoe throw for all five, a large round bale roll for all five, two-man log-cutting and an obstacle course for all team members.

"It could be fun," said Hanrahan, who added that the Jaycees are sponsoring the competition as a June Dairy Month event. He said the games will be held from 1-6:30 p.m. and will be followed by a dance from 7:30 p.m. to 12:30 a.m.

A \$30 entry fee is being charged, with more than half the money scheduled to be returned in contestant prizes for the top four places.

Hanrahan added that carnival games are being planned for children, and food and beverages will be available throughout the day.

The average combination lock has from 100,000 to 1,000,000 possible combinations.

### Friends for Battered Women Offers Sexual Assault Services to County Residents

Friends for Battered Women has available sexual assault services to the residents of Washington County through their crisis intervention and advocacy program for victims of sexual assault. Nationally, the FBI estimates that only 10% of sexual assault victims ever report the crime. It is hoped that with the new program, a larger percentage of the victims will report.

The purpose of the program is threefold: 1) to help the victims emotional needs; 2) to provide short-term counseling to the victim and family if requested; 3) to explain the legal and medical process the victim will go through after reporting and to offer support during the processes. FBW is

also working with sexual assault survivors to provide an on-going support group to allow other survivors the opportunity to share experiences and concerns they have had since the assault.

FBW has received local law enforcement support and county-wide support from Sheriff Clarence Schwartz and District Attorney David Resheske. They have also received support from the county hospitals, St. Joseph's Hospital in West Bend and Hartford Memorial Hospital. FBW has also arranged a referral process with the Washington County Mental Health Center for sexual assault survivors with long-term mental health needs.

### Farm-Type Olympics At Kohlsville Sat.

A Farm Olympics, complete with bale and horseshoe throws, log-cutting and an obstacle course, is being planned at the Hitching Post, Kohlsville, June 23 by the Kohlsville-Wayne Jaycees.

Pat Hanrahan, Jaycee president, said team entries will be accepted through the registration period from 10 a.m. to noon on June 23. Seven teams already are entered from the Campbellsport and Kewaskum areas.

Teams will have five members each. Hanrahan said the competitive events will include a bale throw for two team members, a horseshoe throw for all five, a large round bale roll for all five, two-man log-cutting and an obstacle course for all team members.

"It could be fun," said Hanrahan, who added that the Jaycees are sponsoring the competition as a June Dairy Month event. He said the games will be held from 1-6:30 p.m. and will be followed by a dance from 7:30 p.m. to 12:30 a.m.

A \$30 entry fee is being charged, with more than half the money scheduled to be returned in contestant prizes for the top four places.

Hanrahan added that carnival games are being planned for children, and food and beverages will be available throughout the day.

The average combination lock has from 100,000 to 1,000,000 possible combinations.

### Friends for Battered Women Offers Sexual Assault Services to County Residents

Friends for Battered Women has available sexual assault services to the residents of Washington County through their crisis intervention and advocacy program for victims of sexual assault. Nationally, the FBI estimates that only 10% of sexual assault victims ever report the crime. It is hoped that with the new program, a larger percentage of the victims will report.

The purpose of the program is threefold: 1) to help the victims emotional needs; 2) to provide short-term counseling to the victim and family if requested; 3) to explain the legal and medical process the victim will go through after reporting and to offer support during the processes. FBW is

also working with sexual assault survivors to provide an on-going support group to allow other survivors the opportunity to share experiences and concerns they have had since the assault.

FBW has received local law enforcement support and county-wide support from Sheriff Clarence Schwartz and District Attorney David Resheske. They have also received support from the county hospitals, St. Joseph's Hospital in West Bend and Hartford Memorial Hospital. FBW has also arranged a referral process with the Washington County Mental Health Center for sexual assault survivors with long-term mental health needs.

# Dairy Daze Highlights June As Dairy Month

By GERRY MUELLER  
Statesman Staff Writer

Week-long promotions by Kewaskum area businesses and organizations to recognize Wisconsin Dairy Farmers and the products developed from their milk production concluded with a Dairy Daze celebration, Saturday, at River Hill Park.

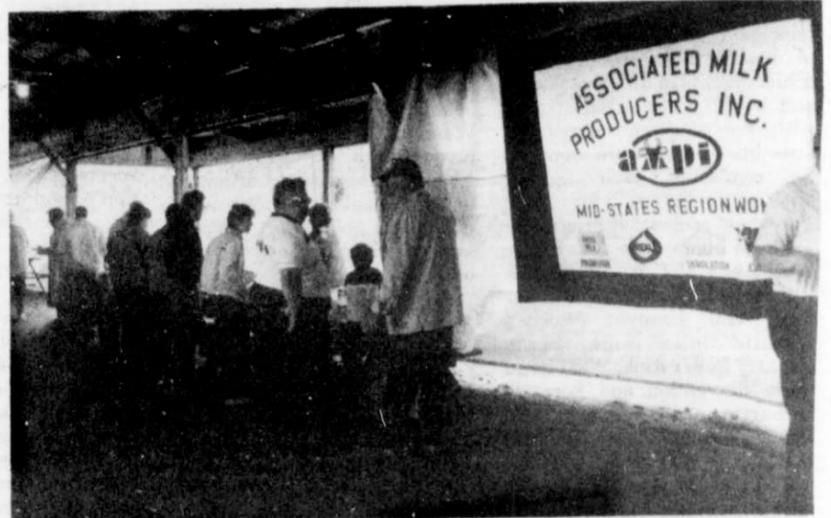

The event was held to draw public attention to the fact that June has been declared Dairy Month. Kewaskum stores featured dairy product specials, while Valley Bank offered its customers a snack of cheese, crackers and chocolate or white milk.

Saturday's events included an Associated Milk Producers Incorporated (AMPI) luncheon, ice cream eating and milk contests, along with various speakers and displays.

Visitors were able to purchase cream puffs and 10c ice cream cones as well as test their knowledge on a quiz of cheese varieties on display.

The Kewaskum Jaycees also ran pig races and chicken races and a Spanferkel lunch in conjunction with the Dairy Daze. Proceeds from the Jaycees events went to the Muscular Dystrophy Association.

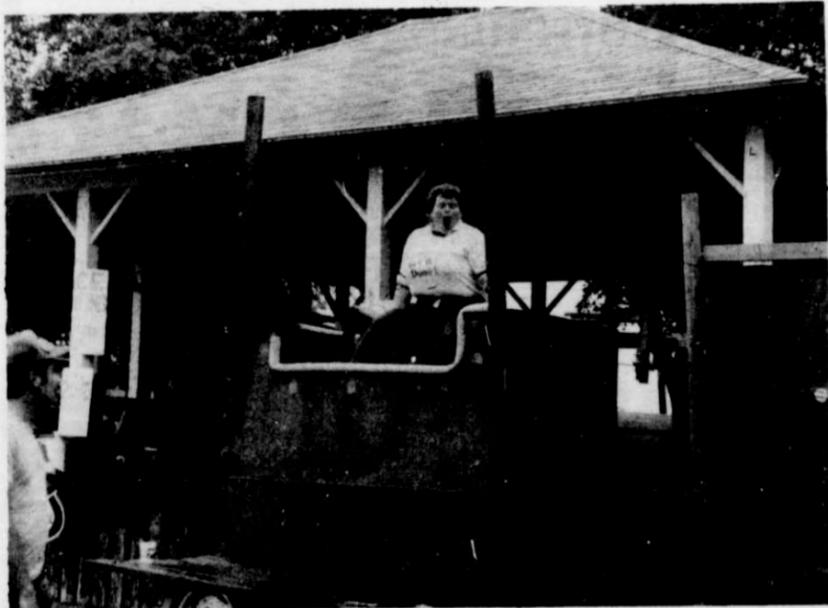

Kewaskum Cub Scout Pack 3744 also set up a petting zoo allowing youngsters to hold and touch various baby animals from kittens to calves. The Kewaskum FFA also set up a dairy display.

Diners patronized the Associated Milk Producers Women's Auxiliary ham and scalloped potato luncheon.

They were off but not exactly running as Wes Haug gave a late starter a little encouraging poke in one of the pig races.

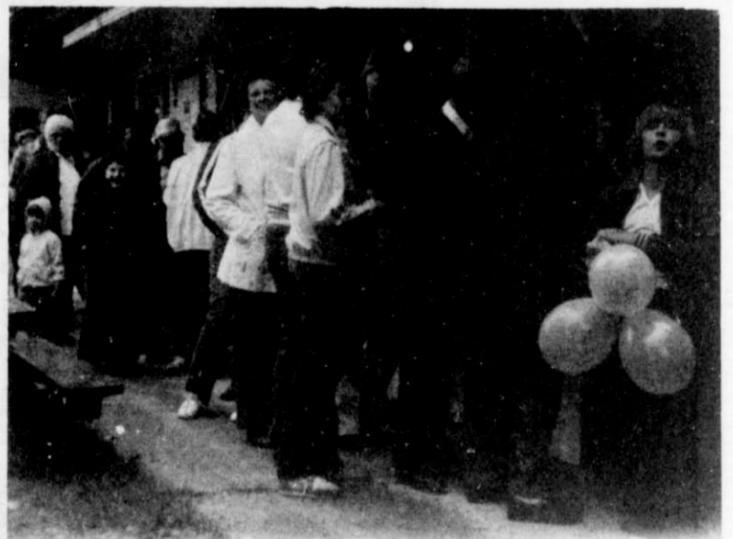

Trudey Peterson found out it was easier going down in the dunk tank than...getting up again!

Parents anxiously watched their youngsters in one of the ice cream eating contests.

A little therapeutic rump rubbing didn't seem to help Wes Haug [left] and Glen Mueller [right] get any more milk from their bovine partners in the milking contest.

Customers lined up for the Kewaskum Jaycees' pig roast [spanferkel] lunch.

Kewaskum Floral at 119 Main Street. "They Believe In Saying It With Flowers."

Tom and Millie Herman, proprietors of Kewaskum Floral, have been in business for thirty years.

According to Millie, the Floral Shops first place of residency was where the old baker shop on Main Street used to be. From there they moved to the old Koch building on Main Street and when that burned down they set up shop in their house for a while.

In January, 1962, the Hermans rented the building they are in now, than purchased and refurbished it in 1975.

Kewaskum Floral is a true Entrepreneur of Flowerland. They've made flower displays ranging from flower lays, flower cakes, a decorated commode, to a motorcycle made of flowers.

They pot plants, make silk flower arrangements, sell garden vegetable and flower plants and you can smell and see their handi work displayed at the shop.

Summertime is a truly hectic experience and the whole family is in on the operation. Weddings on the average of 6 to 10 a week are bound to keep you super busy. The record wedding week was 16 - Wow!

### BEAUTY

Beauty is not skin deep. Your skin can only be as healthy as your body is healthy. Dr. Grassman, plastic surgeon of Denver, suggests: "Avoid deep-fried, empty-calorie, sugar-laden meals and snacks. Eat foods high in protein but low in calories: cottage cheese, chicken, fish, yogurt, and salad with a light dressing." Unless you have an oily skin problem, a teaspoon of salad oil daily is good for your complexion. And do exercise - get the blood flowing - for radiant beauty.

## Banks and Savings & Loans Join To Help America's Olympic Teams

**U.S. OLYMPIC COMMEMORATIVE COINS** are now available at local banks. The U.S. Treasury is minting these gold and silver coins to commemorate and support the Olympic effort. The coins from left to right, are the 1984 \$10 gold piece, the 1984 Olympic silver dollar and the 1983 Olympic silver dollar. Coins can be purchased singularly or in sets.

Banks and Savings & Loans from rural Broken Bow, Nebraska, to downtown Miami and suburban Temple, Texas, including Valley Bank, 1225 Fond du Lac Ave., Kewaskum, are working together to raise funds for America's Olympic team. More than 2,000 banks and S&L's have joined the U.S. Treasury Department's Olympic coin consignment program. The banks are helping the nation's amateur athletes by selling gold and silver Olympic coins (over-the-counter) at almost 6,000 locations from coast to coast.

The public's initial response to the Treasury's first-ever national coin consignment program has been overwhelmingly positive according to Dean Mitchell, Director of the Olympic Coin Program. Mitchell reports that the Rayne Bank and Trust Co. in Rayne, Louisiana, sold their first order of gold and silver coins within hours after the shipment arrived. When Linda Brooks at the Rayne Bank called the Treasury to re-order, she told officials "they were gone before we had a chance to advertise their availability."

Two years ago, Congress passed legislation authorizing

the production of the gold and silver Olympic coins to commemorate the 1984 Summer Games in Los Angeles and to raise funds for the nation's Olympic effort. Three coins have been struck, 1983 and 1984 Olympic silver dollars and a 1984 gold \$10 coin. The gold piece is the first such coin to be issued by the U.S. Mint in 50 years. Proceeds from the sale of these coins are to be divided between the Los Angeles Olympic Organizing Committee and the U.S. Olympic Committee. To date, the coin program has raised more than \$38.8 million.

The Treasury's decision to go nationwide with the consignment program was a result of a successful marketing test conducted by the Mint early this year with banks in Des Moines, Iowa.

The consignment effort is being supported by national television advertising as well as extensive radio and TV, public service campaigns and a national public relations effort. For additional information about the coin consignment program, bankers can call the Treasury Hot Line, (202) 376-0260.

## Assembly Approves Trading Stamp Bill Sponsored by Panzer

Madison. . . The State Assembly on March 22 gave preliminary approval to legislation which allows the redemption of trading stamps for merchandise in Wisconsin. The bill, Senate Bill 299, sponsored by State Representative Mary Panzer (R-West Bend), will bring an end to discriminatory legislation which has been in the statutes for 65 years, according to Panzer.

In remarks immediately following the early evening debate, Panzer remarked, "I am extremely pleased with the results of today's vote. Passage of this legislation has been a long time coming and I am delighted to complete a task which my father initiated."

The trading stamp bill was strongly supported by the over 115 premium manufacturers in the State, rehabilitation workshops and organized labor. Panzer commented on the bill's diverse constituency, noting, "We had a rather unique group supporting the bill but I think that is indicative of the wide appeal which this concept has. There are over 25,000 employees at companies such as West Bend, Regal Ware and Amity Leather. Senate Bill 299 will bring Wisconsin into step with the 47 other states which allow consumers to choose how they wish to redeem their trading stamps. This means more business, and more jobs, for the premium industry. It is also extremely beneficial to sheltered workshops which provide meaningful employment to the handicapped. Workshops such as The Threshold, Inc. subcontract

with premium manufacturers thereby fulfilling a crucial funding need. At a time when federal aid to handicapped programs is decreasing, this creates a unique opportunity for the private sector to cooperate by providing funding to programs which benefit us all."

In concluding her remarks, Representative Panzer commented, "Consumers overwhelmingly prefer to use trading stamps and businesses utilize them as an inexpensive promotional tool. With passage of this bill, we will finally allow the consumer to decide the most cost-effective manner in which to redeem their trading stamps. I firmly believe that Senate Bill 299 will be a real benefit to the state's economy."

The bill was to receive final consideration for approval on Tuesday. If the Assembly approves the bill, it will be sent to the Governor for his signature.

## Volunteers Ready To Advise Farmers

La Verne Ausman, secretary of the Wis. Dept. of Agriculture, Trade & Consumer Protection, announces that farmer volunteers are now ready to serve as advisors to farmers who are facing financial difficulties.

According to Ausman, the volunteers attended a two-day training program in late May. The program was designed to instruct the volunteer advisors as to: What is available for farm credit and how to access it, general farm management guidelines, when and how to use legal assistance, how to access management assistance, how to work with people under stress and how to assess different situations.

Farmers experiencing financial difficulties can request the names of advisors in their area by contacting the Washington county extension office at 414/338-4479; the Fond du Lac vocational, technical and adult education district office at 414/922-8611; or the Wisconsin Farm Unity Alliance office at 715/265-4747.

- Dan Haluzak - Tenderfoot
- David Halfmann - 2nd class
- Tim Stickbauer - 1st class

Skill awards went to:

- David Halfmann - Physical Fitness, and Family Living.
- Tim Steckbauer - Environment

Dan Haluzak - Swimming.

Changes in leadership position:

- Lee Bowser - Senior Patrol Leader
- Rick Goetsch - Assistant Senior Patrol Leader

- Dale Bowser - Quartermaster
- Bob Halfmann - Leadership Corp.

Two new boys crossed over from Webelos; we wish to welcome Scott Boehlen and Danny Stollenwerk into our Troop.

Skits were presented by both patrols. A desert to pass was furnished by each family. We wish to thank the Troop committee and everyone else who worked to make our Troop a success.

Hans Halfmann, our Scoutmaster, received an award from Bay Lakes Council. We also wish to THANK Mr. Halfmann for 15 years of dedicated service to the Boy Scouts of America.

### KEWASKUM 4-H

### New Drinking Law Goes Into Effect July 1

A new law goes into effect July 1, 1984 which raises the drinking age in Wisconsin. Under the new law, an underage person is considered anyone under 19 years of age. An exception is for those persons who are 18 on or before the July 1, 1984 effective date. Those persons may also consume alcoholic beverages. However, persons becoming 18 on July 2 or later must wait until their 19th birthday.

The new law provides that a person must be of legal drinking age to purchase or consume alcoholic beverages; enter any premises, licensed or permitted, to sell alcoholic beverages, with exceptions; possess or consume intoxicating beer if unaccompanied by a parent, guardian or adult spouse; obtain an identification

card from County Register of Deeds or an alcoholic beverage license or permit.

Legal identification in Wisconsin to participate in these activities is considered to be the traditional State I.D., which is obtained from the Register of Deeds, a picture Wisconsin driver's license, or a special picture identification card issued by the Department of Transportation.

Another key provision, which is becoming known as the Absolute Sobriety Law, calls for a 0.0% blood alcohol concentration for underage drivers. An underage driver is prohibited from operating or driving a motor vehicle with any amount of alcohol in the blood. This is a completely different offense than operating a motor vehicle while intoxicated. The

## ... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

### EARLY DELIVERY OF SUPPLEMENTAL SECURITY INCOME CHECKS

Monthly Supplemental Security Income (SSI) checks which are normally delivered on the first day of the month, will be delivered on June 29 instead, according to Mr. Becker manager of the West Bend Social Security office.

"Benefit checks are mailed early when the usual delivery date falls on a Saturday, Sunday or legal holiday," Becker said. "In these instances, the checks are dated and delivered on the

first day before the first of the month that is not a weekend or holiday."

Becker stated that this procedure helps reduce the problems that people have when they receive their checks and their banks are closed. These situations occur several times during the year, and Becker added that SSA would provide similar information about early check deliveries as they occur.

### COUNTY FAIR ENTRY DEADLINE JUNE 29

June 29 is the deadline for entering at the Washington County Fair at Slinger. This fair runs July 25-29.

Any Washington County resident is eligible to exhibit and compete for ribbons and premiums at the Washington County Fair. The open class division is open to anyone of any age. The Junior Fair Division is open to members of 4-H Clubs, Future Farmers of America, Future Homemakers of America, Boy Scouts, Girl Scouts and other youth organizations under adult leadership and approved by the county fair committee.

Premium books and entry instructions have been distributed to all 4-H and FFA families. Anyone else wishing to exhibit can get the information by coming to the County Fair Office at Courthouse Annex II, or by calling 338-4485, 644-5204 or 342-2929.

## Enter the County Fair

"How do I enter the afghan I knitted, at the county fair? I think my wife makes the best pickles in Washington County. How does she enter them in the county fair?"

Are you planning to compete in the 1984 fair? Now is the time to get your entry forms in to the Fair Office. Deadline for entry forms is June 29.

The 1984 Washington County fair books and entry forms are available at the Fair Office, 515 East Washington Street or call 338-4485 to have information sent to you.

All residents of Washington County are invited to enter articles at the fair. There are two major divisions: Junior and Open Class. The Junior Division is open to all members of 4-H, FFA, FHA, Boy Scouts, Girl Scouts or any other recognized youth organization under adult supervision, and with an educational program approved by the Fair Committee. The youth exhibitors must be between 8 and 19 years of age by January 1, 1984.

The Open Class Division is open to any resident regardless of age. The categories include livestock, flowers, house plants, crafts, photography, woodwork, foods, clothing, knitting, crocheting and home furnishings.

A special category in open class the senior citizens division. This category is open to persons 62 years of age or over.

Plan to get your fair books and entry forms today. Entry forms are due on June 29. All entries must be brought to the fairgrounds in Slinger on Thursday, July 26.

### ARTIST TO SKETCH AT JACKSON SOCIAL

Artist Annette Jacobs, who has exhibited both nationally and internationally, has been chosen by the Jackson Historical Society to sketch local historical buildings for notecards the society is planning to sell. These cards, which are also suitable for framing, will be available at the 9th Annual Ice Cream Social on Sunday, July 8, at the Mill Road Church Museum. Mrs. Jacobs resides in Jackson and has a studio in Cedarburg.

## County Fairest of the Fair Contest

By Joan Hanrahan  
Summer Home Economist

If you are a single female, resident of Washington County, and will be between the age of 18 and 22 as of January 1, 1985, you are a likely candidate for the Fairest of the Fair Contest. It will be held Wednesday, July 25 at the county fairgrounds in Slinger.

The young lady selected will be the official hostess of the Washington County Junior Fair. She is required to be at the fair Thursday through Sunday to hand out ribbons and make various appearances and announce stage shows. She will also be eligible to participate in the state competition for the Fairest of the Fairs at the Wisconsin State Fair.

Qualities the judges will be looking for include: appearance, community activities, personality, poise, and speaking ability. It is not to be confused with a "beauty" contest.

Guidelines and qualifications for the eligibility of the contest are as follows:

- This contest is open to all young ladies who have been a resident of Washington County for at least one year prior to entry.

- This person must reach her 18th birthday by January 1, 1985 but must not have reached her 22nd birthday by the same date to be eligible to compete in the state contest.

- Contestant agrees that the time, manner and method of judging shall be solely within the discretion of the rules and regulations set forth by the Fairest of Fair Committee of the

Wisconsin Association of Fairs and that the decision of the judges shall be final.

- This person must be single and remain single while competing at both the county or district fair and the Association Convention contest. The person who is chosen at the State Convention must remain single during her tenure as queen, and if she is married, the first runner-up will take over as queen at the State Fair.

- Contestant agrees that if she is selected as winner of the contest, she will not sign a management contract with any individual or corporation, and that she will not give any written or verbal endorsement, or make a personal appearance for any mercantile commodity or commercial organization nor will she permit any photographs to be used without the written permission of the Fairest of the Fairs Committee.

- This person may be an entrant in only one county or district fair which she considers to be her "home" fair. A contestant must reside in the county she represents. The only exception: she may reside in an adjoining county if the majority of her activities are in the county in which she enters the contest.

Application forms are available at the Washington County Fair Office in the Courthouse Annex #2 and the WTKM Radio Station in Hartford. Applications must be returned by July 12 and submitted to the Washington County Fair Office, P. O. Box 537, West Bend, Wis. 53095.

## EFFECTIVE USE OF FERTILIZER DOLLARS

Fertilizer is becoming more expensive and can become a significant cost to crop producers.

Growers should be concerned about the cost of fertilizer nutrients they are buying. Some producers are trying to save fertilizer dollars by using low analysis liquid fertilizers or nontraditional fertilizers.

State fertilizer laws insure that labels on all fertilizers list the guaranteed available primary nutrients in the order of nitrogen, available phosphorus, and soluble potash as a percent by weight of the fertilizer material. Liquid fertilizers are sometimes sold by volume measure such as gallons, but they are equivalent to dry fertilizers on a pound for pound basis of guaranteed available nutrients.

When compared with conventional dry fertilizers, liquid fertilizers may have some advantages in certain handling, mixing and application characteristics. However, most claims for agronomic advantages of liquid fertilizers, especially those sold by volume measures, are not substantiated by research.

Nutrient availability, which includes the potential for nutrient uptake by plants, and actual nutrient uptake should not be confused. Claims that liquid fertilizers are 100 percent available, while dry fertilizers are only 10 to 50 percent available to crops, are not valid. Here, solubility for the liquid fertilizer is being compared with plant uptake for the dry fertilizer.

Dry fertilizers are about 85 to 100 percent water soluble, compared to 100 percent for solution fertilizers. However, when applied to soil in the same manner, plants will normally take up only about 10 to 25 percent of the phosphorus, 35 to 60 percent of the potassium, and 50 to 75 percent of the nitrogen from either liquid or dry fertilizer the first year.

A typical Wisconsin soil will contain up to 55,000 gallons of water in the top 8 to 10 inches. Adding a few gallons of water through liquid fertilizer makes little difference in solubility.

A number of universities have conducted experiments using liquid fertilizers versus dry fertilizers. When the application rates of both products provided equal amounts of fertilizer nutrients, yields are the same. When liquid fertilizers were applied at a lower rate, they resulted in lower yields.

Growers need to compare the

cost of the fertilizer nutrients they are buying. If convenience of handling and working with a liquid is a major factor, the additional cost of this convenience should be recognized.

Growers interested in more information should contact the Washington County UW-Extension Office.

## CONTROL FLIES THIS SUMMER

Flies can be a real nuisance on livestock and in livestock housing facilities. Large numbers can make animals uncomfortable and cause reduced production. They also can spread disease and cause other problems.

Effective fly control normally results in an organized effort using various techniques.

Good sanitation is required if house and stable fly populations are to be kept at a minimum. Weekly cleanout of calf pens and box stalls is a must. Don't forget the accumulated feed, especially under drinking cups.

Flies can and will breed in manure that accumulates in exercise yards around feed bunks, fence lines, and any place not trampled by cattle.

Health and milk quality control officials specify how often gutters should be cleaned. But remember, flies also breed in decaying feed, in manure that accumulates around sprockets of the barn cleaner, and in corners and crevices where manure has accumulated longer than one week.

Insecticides may be necessary in a fly control program, but insecticides will not be effective unless good sanitation is also practiced. When using insecticides, it's important to check the label to see if the product is labeled for the intended use. Many products have restrictions which do not allow them to be used on dairy cattle or in milk areas.

Other methods of fly control include feed additives that remain in the manure to kill or prevent flies from completing their development. Ear tags that are impregnated with an insecticide can be very effective in controlling some fly species.

Whatever method or combination of methods you use in your fly control program, getting started early in the season will help prevent populations from building to large numbers and make season long control a bit easier.

Further information on fly control can be obtained by contacting the Washington County UW-Extension Office for publication A2118 "Identifying and Controlling Flies."

## Dairymen — Handle Pesticides with Care

Wisconsin dairymen have the final responsibility for keeping pesticide residues out of milk and the food supply, but they can do it easily if they will follow a few common sense precautions.

That's the word from Don Konsoer, assistant food division administrator with the Wis. Dept. of Agriculture, Trade & Consumer Protection, who says that the spring planting season is the time when "pesticide accidents" are likely to take place.

According to Konsoer, there were several incidents of livestock loss due to pesticides on Wisconsin dairy farms last year and in one confirmed incident 13 cattle died. Only the alert action of the herd owner and the dairy plant prevented any residue from showing up in the milk supply.

"Whenever dairy cattle are present on the same premises where pesticides are stored, extra precautions must be taken to be certain that the pesticides are stored safely and perferably locked up," he says. He offers the following precautions for the safe storage and handling of pesticides:

- Keep all pesticides in original containers and do not cover up product labels.

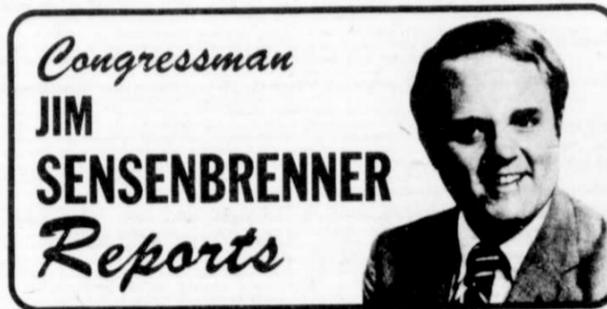

- Store pesticides in a separate area from feed or animal remedies.

- Store pesticide application equipment, including corn planters, in an area that animals do not have access to.

- After hauling pesticides in any vehicle, check to see if any spill occurred before using the vehicle again. Clean up any spilled material immediately and completely.

- Familiarize yourself with the symptoms of organophosphate and carbamate poisoning. If you observe any of the symptoms in your livestock, contact your veterinarian immediately and do not ship or sell any milk or animals.

"It is imperative that dairy farmers review their pesticide storage and handling procedures to assure the safety of the food supply, as well as to prevent large financial losses due to animal death, and as an added protection and precaution for the farm family or anyone visiting the farm," Konsoer concludes.

## ACADEMY NOMINATIONS WITHIN REACH

Twelve nominees from the Ninth Congressional District will be entering the service academies in July. This year, four nominees will attend the Air Force Academy, six the Naval Academy, one the Military Academy, and one the Merchant Marine Academy.

These outstanding individuals were selected from a large group of young people who applied for nominations last year. The selection process is exacting but the financial rewards are great. It has been estimated an academy education is worth \$100,000!

Each Member of Congress may nominate a limited number of candidates for an academy education. A group of lay people and educators from the Ninth District assist me in the selection process. After these volunteers interview each applicant, they meet and compare qualifications of candidates before nominations are made.

The whole person is con-

sidered when appointments are reviewed; class standing, SAT or ACT scores, leadership roles, physical aptitude and medical fitness. Additionally, committee members particularly look for young men and women who are interested in making the military their career, since a commitment to serve in the armed forces is necessary upon graduation from a service academy.

If you would like to learn more about applying for a nomination, feel free to contact my District Office in Brookfield, 120 Bishops Way, 53005. The office can be reached by phone at (414) 784-1111 or toll free, outside the Milwaukee metro calling area, at 1-800-242-1119.

An academy education is not for everyone, but for those seeking to serve their country through a military career, it can provide an outstanding education and a solid base for the future.

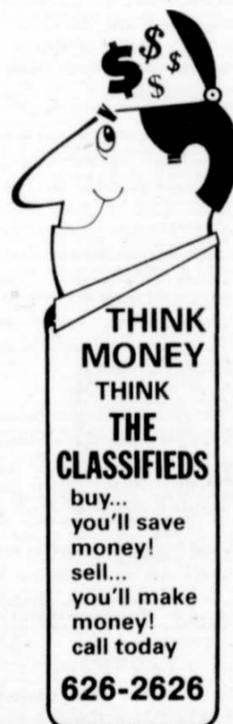

## SENSENBRENNER CANCELS WEST BEND MEETING DUE TO BACK SURGERY

Due to back surgery on Thursday, June 14th, his 41st birthday, Congressman Jim Sensenbrenner (R-Menomonee Falls) will not be holding his West Bend Town Hall Meeting which had been scheduled from 7:00 p.m. to 9:00 p.m. on Sunday, June 24th, at the Great American Savings and Loan, 2165 W. Washington Avenue, West Bend.

Sensenbrenner's surgery was a success. He had 3 bones in his back fused together with metal rods. Doctors said that the rods would not restrict Sensenbrenner's movement.

Sensenbrenner was injured when he jumped from a second-story window during a fire at his Alexandria, Virginia, home on May 23rd.

In medieval times, church bells were rung in an attempt to stop storms.

## Deer Population Must Be Cut During Fall Hunting Season to Control Damage to Crops

Deer populations must be cut substantially during this fall's hunting season and the state should appropriate additional money for the wildlife damage program to effectively control deer damage to crops and to continue the program at current levels, according to a report to be presented to the Natural Resources Board at its June meeting.

The report, by DNR big game specialist Frank Haberland and budget analyst Joel Davidson, analyzes the deer damage problem and the wildlife damage program.

The new wildlife damage program, adopted by the Legislature in 1983, requires counties choosing to participate to administer the program with funding and technical assistance from DNR. The program emphasizes preventing or abating damage to crops rather than paying for the lost crop after the damage occurs. The Legislature appropriated \$486,000 for the 1983-85 fiscal years to cover county administrative costs, cost sharing with landowners for abatement practices such as fencing, and payment of damage claims.

The eighteen counties participating in the program in 1984 are: Door, Wood, Richland, Waupaca, Monroe, LaCrosse, Trempealeau, Sauk, Polk, Buffalo, Burnett, Eau Claire, Kewaunee, Portage, Rusk, Vilas, Juneau and Marquette. These counties estimate that their administrative costs and potential damage abatement measures will total \$342,000 in 1984. That leaves

only \$144,000 for counties' 1985 calendar year plans unless the Legislature acts to increase funding, according to Davidson.

The report notes that despite financial problems, Wisconsin's wildlife damage program is more comprehensive and better financed than virtually any other in the country. The report notes that only nine other states have any sort of wildlife damage abatement or claims program, with annual appropriations ranging from \$1,500 to \$1.2 million.

The report presents additional funding options for the wildlife damage program, ranging from a surcharge on hunting and/or fishing licenses as was proposed by the DNR in the 1983-85 budget, to partial funding from general purpose revenues. "Even more important for this year will be a successful deer hunting season to lower the deer population. That's the best solution to the damage problem," Haberland said.

The wildlife damage program and the deer hunting season will be discussed by the Natural Resources Board at its meeting in Kenosha on June 27 and 28.

For copies of the report, contact Frank Haberland, DNR Bureau of Wildlife Management, Box 7921, Madison, WI 53707.

## Obey Fishing Regulations

Before you start exploring a Wisconsin lake or stream this summer for the secret lairs of all those fish you're itching to catch, spend some time beforehand exploring the state's 1984 fishing regulations, advise Department of Natural Resources law enforcement and fish management officials.

"Follow the rules, and good fishing will be at hand not only this year but in years to come," said Homer Moe of DNR's Bureau of Law Enforcement.

Jim Addis, head of DNR's Bureau of Fish Management, adds that anglers should remember that no matter how good the fishing seems to be, Wisconsin's fishery is a finite resource. "It cannot support unlimited or reckless harvest — that's why we have regulations and that's why we expect anglers to abide by those rules," he said.

According to Moe, the state fishing regulations that anglers most frequently violate include fishing without a license, catching more fish than bag limits allow, using too many baits, leaving lines unattended and snagging fish or possessing a snag hook. People also illegally sell some of the fish they've caught using a hook and line.

Violators are subject to fines, forfeitures, court costs, the statutorily established cost of each illegally-taken fish and the loss of their fishing license, Moe said.

"We see three general classes of violators: those who intentionally do something illegal; those who are having a good time catching a lot of fish — to the point where they realize they're violating bag limits but keep fishing anyway; and people who are just plain ignorant of the law," Moe said.

"By far the most frequent violators cited by DNR are the opportunists — people who can't resist the temptation to continue fishing when they've already filled their bag limit. If everyone did what these few people do, there wouldn't be many fish for anyone to catch," Moe said.

Addis explained that regulations aimed at protecting Wisconsin's fishery have been a long tradition in this state, and are more important today than ever. The first regulatory action taken to protect Wisconsin's fishery, Addis said, occurred in 1839 when the Wisconsin territorial government required that fishways be installed at every dam except mill dams. Gill nets were outlawed on state streams in 1853, along with the use of seines and nets in lakes smaller than 12 square miles. A brook trout season was established in 1858, and in 1881 fishing was closed during the black bass and walleye spawning season.

Today, Addis said, angler harvest of certain fish species on some inland waters is approaching or has already reached the maximum the fishery can sustain without suffering a decline in quality. "This has occurred in part due to the rapid spread in the use of outboard motors that have greatly expanded public access to waterways," Addis said. "Highly effective fishing gear, such as spinning reels, monofilament line, fish finders and rods made of fiberglass and graphite have also improved angler success and heightened fishing's popularity statewide."

As a result, the state — with strongly-voiced participation and support from anglers themselves — has passed more specialized regulations in recent years to protect the fishery while allowing anglers to enjoy their sport.

Addis and Moe said that complying with these regulations is important if anglers want to ensure that their dreams of hooking "the real big ones" remain a reality. They offered several tips:

- Read, understand and follow the state's fishing regulations. The 1984 Wisconsin Fishing Regulations pamphlet is available wherever fishing licenses are sold and at all DNR offices.

- Make it clear to your fishing companions — including those from out-of-state — that you also expect them to comply with regulations.

- When you observe a violation of fishing regulations in progress or pick up a tip on a recent violation, call your local conservation warden, county sheriff or the DNR's toll-free,

24-hour fish and game violation hotline at 1-800-362-3020 as soon as possible. Be ready to supply as much information as you can about the violation. You won't have to identify unless you want to.

## Faster Testing at Vehicle Emissions Test Stations

During the first week of the Wisconsin Vehicle Inspection Program, over 19,400 vehicles had their emissions tested. Over 80% passed their first test, meeting state standards on hydrocarbon and carbon monoxide emissions.

The long line of cars and light trucks that marked the opening of Wisconsin's emission testing also disappeared. The average wait at the 10 stations is less than 15 minutes. Officials of the program are urging motorists to get their vehicles inspected before the last week of the month, when long lines will reappear.

"In other states with similar programs, waiting lines reappear during the last week of each month. People can avoid the rush if they get their vehicles inspected during the middle two weeks of each month," said David Kussow, chief of the vehicle inspection program for the Wisconsin DOT.

The inspection station hours are Monday, Wednesday and Friday, 8 a.m. - 3:20 p.m.; Tuesday, Thursday 8 a.m. - 7:30 p.m. The station locations are: Milwaukee North, 7929 W. Clinton Ave.; Milwaukee South, 1101 W. Boden Court; Milwaukee Central, 2401 W. St. Paul Ave.; West Allis, 423 S. Curtis Road; Waukesha, N8 W24166 Bluemound Road; Burlington, 2702 S. Milwaukee Ave.; Kenosha, 5910 77th Street; Racine, 1913 Melvin Ave.; West Bend, 901 N. River Road; Cedarburg, 7240 Sycamore Drive.

## Handicapped Parking Law to Gain Penalties

Public parking lot operators who fail to reserve adequate spaces for the handicapped could be subject to penalties of \$50 to \$200 under a new Wisconsin law enacted in November.

The Wisconsin Department of Transportation also reminds parking authorities that the law drops from 50 to 26 parking spaces the minimum lot size which will dictate at least one handicapped space.

DOT attorney Joe Maassen said Wisconsin Act 77, which goes into effect Sept. 1, 1984, consolidates all handicapped parking laws into one section, and "beefs up what local authorities can do in reference to the penalty portion of the law."

The act states that at least one space must be reserved for handicapped parking in any facility offering 26 to 49 spaces; at least two percent must be reserved in a facility offering 50 to 1,000 spaces; and an additional one percent of each 1,000 spaces over the first 1,000 must be reserved in a facility offering more than 1,000 spaces.

The penalty for failure to comply is a forfeiture of not less than \$50 nor more than \$200.

Maassen said, "Under the new law, if a local enforcement officer determines that a public parking lot has 26 or more spaces and doesn't reserve sufficient parking spaces for the handicapped, a citation can be issued. If the parking authority complies with the law within 30 days after the citation, there is no forfeiture."

He said, "What this law really does is to put enforcement of handicapped parking into local hands."

Any questions about 1983 Wisconsin Act 77 may be referred to Maassen, DOT Office of General Counsel, P.O. Box 7910, Madison 53707; telephone: (608) 266-8810.

## Indians Lose 3 of 4 Games

By John Harju

### Plymouth 6, Kewaskum 3

The Kewaskum Indians lost to Plymouth, 6-3, last Monday in Plymouth.

Plymouth erupted for 3 runs in the fifth and 2 in the sixth to break up a 1-1 tie and go on to win.

Kewaskum scored twice in their top of the sixth to cut the Plymouth lead to 4-3, but it wasn't nearly enough as Plymouth improved their E-W record to 5-0.

Kewaskum's first run came in the third when Tim Leitheiser drilled a double off the head of Plymouth's third baseman to score Tim Rohlinger. Plymouth's third baseman was not seriously hurt and stayed in the game.

The other two runs came in the sixth. Tim Dettmann singled in Tim Geidel who got on an error and Bob Yahr scored on a short fly ball from Brian Arndt.

Arndt pitched relatively well for Kewaskum giving up 9 hits and only 3 walks. A couple of controversial calls may have helped the Plymouth cause.

### Kiel 3, Kewaskum 2

The Indians dropped a 3-2 decision to Kiel last Tuesday in Kewaskum.

Errors and missed opportunities led to an Indian defeat on a night where nothing went right for Kewaskum.

Tim Rohlinger walked only two and gave up six hits but received no defensive support. Coach Perry Koth credited Rohlinger with a fine game noting that he didn't have his early inning problems which have plagued him so far this year.

Kewaskum managed only three hits in the game while Kiel had six. Tim Landvatter knocked in both of Kewaskum's runs with a single and a sacrifice fly.

### Kewaskum 5, New Holstein 4

Tim Landvatter's RBI single in the bottom of the eighth inning gave Kewaskum a 5-4 victory over New Holstein last Thursday in Kewaskum.

Brad Dieringer led off the eighth with a walk. Coach Perry Koth then gave Dieringer the steal sign and Dieringer promptly stole second and scampered to third when the catcher threw the ball into centerfield. Landvatter then looped a fast ball into right for the winning run.

Tim Geidel got the complete game victory giving up seven hits, walking just two, and striking out six.

Kewaskum got four runs in the fourth, all unearned, to go ahead, 4-2. Tim Leitheiser and Geidel each knocked in two runs.

Koth was pleased with Geidel's strong effort as well as his 2x3 performance at the plate.

### Two Rivers 6, Kewaskum 5

The Indians rapped out a season high 11 hits but still managed to lose, 6-5, to Two Rivers up in Two Rivers Monday.

With the score tied, 5-5, in the last of the seventh, Two Rivers got their first two batters on base (because of an error and a ground ball) and then moved them both into scoring position on a sacrifice bunt. Sophomore Don Menzel, who relieved starter Brian Arndt before the bunt, intentionally walked Rick Peterson to load the bases.

The next batter squared around to bunt and TR's Ron Johnson broke from third and slid in safe for the winning run.

Kewaskum was leading 5-1 before Two Rivers came up with four runs in the sixth to tie the score.

The Indians had an opportunity to take the lead in their top of the seventh, when with one out, Brad Dieringer drove a pitch deep into the gap in left only to be thrown out trying to stretch his double into a triple on the relay throw from Peterson. Tim Geidel then struck out to retire the side.

Arndt took the loss giving up seven hits, walking only one and striking out two before giving way to Menzel.

Leading the Indian hit parade was Dieringer (who was 3x4), Tim Leitheiser (2x4), Tim Rohlinger (1x2), and John Harju (2x3). The loss drops Kewaskum's E-W record to 3-5 and their overall record to 3-8.

## Athletics Win Two, Lose One, All by One Run

On Wednesday, June 13, Kewaskum lost to the West Bend Lithias, 2-1, in a Land o' Lakes League game. Jeff Geidel pitched the entire game for Kewaskum and had 12 strikeouts and one walk. Andy Hoenecke hit a home run for Kewaskum. Jeff Nonhof and Kurt Meinberg hit homers for West Bend.

Kewaskum — Randy White 3-0-0, Andy Hoenecke 4-1-2, Scott Muench 4-0-0, Ron Theusch 4-0-0, Dave Donath 3-0-1, Steve Muench 3-0-0, Ric Leitheiser 3-0-0, Dennis Butz 3-0-0, Randy Heberer 3-0-1, Jeff Geidel 0-0-0.

On Thursday, June 14, Kewaskum beat Lebanon, 13-12, in a Tri-County Nite League game. Tom Bartelt was the winning pitcher in relief with 5 strikeouts and 3 walks. Hoenecke, Theusch, Steve Muench and Butz each hit home runs for Kewaskum. Hoenecke's homer gave him four home runs in his last 4 games.

Kewaskum — White 4-1-1, Hoenecke 2-3-1, Geidel 2-0-0, Scott Muench 4-1-1, Theusch 4-1-1, Leitheiser 6-0-2, Steve Muench 4-2-1, S. Straub 5-1-2, Butz 4-2-1, R. Heberer 4-2-1, T. Koth 0-0-0, Bartelt 0-0-0.

On Friday, June 15, Kewaskum beat Plymouth, 2-1, in a Lakes game. Tim Heberer pitched the entire ball game and had 7 strikeouts and 1 walk.

Kewaskum — White 4-0-1, Hoenecke 4-0-1, Scott Muench 4-0-1, Donath 3-0-0, Leitheiser 3-0-0, Butz 4-1-0, Straub 4-1-1, R. Heberer 3-0-1, T. Heberer 0-0-0.

Kewaskum is now 2-2 in the Land o' Lakes and 2-2 in the Tri-County Nite League and 6-5 over the entire season.

Sunday's game with Cedarburg was rained out.

Saturday, June 23, Kewaskum plays at Clyman in a Tri-County game at 2:00. Sunday, June 24, the Athletics are at home against the West Bend Benders in a 1:30 Lakes contest. Friday, June 29, Hustisford plays at Kewaskum at 8:00 in a Tri-County game.

## Winners in Big Fish Contest

The winners in Village Sport Shop's Big Fish Contest for the week of June 10th thru 16th are as follows:

Mike Ziegelbauer, Kewaskum, was the winner in the Northern category. He brought in a 7.6 lb., 31 inch fish, that he caught from Beechwood Lake using a dare devil.

Rene Beisbier, Kewaskum, caught her winning Crappie on the Boltonville Pond. Her fish weighed 7 oz. and measured 10½ inches.

Ben Edwards, Kewaskum, had the winning Bluegill. His 9 oz. 9½ inch fish was caught on Long Lake.

Dave Jandre, Kewaskum, won with his 4.6 lb. 21" Largemouth Bass. A Hula Popper was used to catch the fish on Lake 12.

Isabelle Straub of Kewaskum was the winner of our Dairy Daze promotion. She won an Adventurer Tackle Box filled with Beechwood cheese.

Congratulations to all the winners.

### J-C SOFTBALL

Week 1, June 12 — Rain delayed

The Superstars and Tigers battled in a good game of pitching by Superstars' Brian Pesch and Tigers' Chad Warnecke but Superstar Brian Pesch's 2 run homerun made the winning difference for a 6-3 victory for the Superstars. MVP for the game was Brian Pesch.

Short Stuff's Tim Thompson had a great night with a single, double and triple, scoring one run and driving in the tying and winning run for a 6-5 win over the Indians. MVP was Tim Thompson.

Mean Machine won in extra innings for a 7-2 victory over Little Macks.

Gems used a tough defense as they retired the first 11 batters in a 4-0 victory over the Construction Crew.

### Week 2, June 13

Superstars won over Little Macks 15-0. Superstars' excellent team effort and good hitting by Brian Pesch, Joey and Robin Rehbein, and Eric Ebert made the win easy. MVP for the game is Jason Johann for a home run, a single and a double.

Tigers won in extra innings against the A's, 5 to 4. Excellent effort by both teams made it an exciting night for both coaches and spectators. Tiger pitcher Chad Warnecke gave up only one walk and drove in the winning run. As pitcher Stacy Oppermann did a great job with only two walks. Stacy also had 2 triples. Scott Hass, Tina Weddig and Randy Geib aided the Tigers with fantastic defense. Tigers' MVP is Don Harmon for driving in the tying run to keep the Tigers alive.

Indians won 2 to 1 over Construction Crew. Gems won with the benefit of a grand slam home run by Dan Heisdorf in the first inning and with plenty of offense as they posted a 14-3 victory over the Mean Machine.

Sentry Superstars 2-0, Bier's Gems 2-0, Kewaskum Education Indians 1-1, Rich's Tiger's 1-1, Roger & Dan's Mean Machine 1-1, Hefter's Shortstuff 1-0, Valley Bank A's 0-1, Schaefer Trucking Little Macks 0-2, Bunkelman Builders Construction Crew 0-2.

## DNR Revises Plan For Proposed Gilbert Lake Fishing Area

The Department of Natural Resources has decided to revise the management plan proposed for the establishment of a Gilbert Lake Fishery Area in the Town of West Bend, Washington County.

This decision is a result of substantial citizen comments received during the public participation portion of the environmental assessment process. Over 90 individual comments were received as a result of several public informational meetings held in the Town of West Bend. These comments and concerns, both pro and con, will be evaluated and ultimately addressed in the revised management plan and environmental assessment.

The revised management plan will be developed during this summer and should be available for public review this fall. At that time, the Department of Natural Resources will revise the environmental assessment prepared on the original proposal, to include any modification that may be contained in the revised management plan.
