Brig-O-Doon Operators Named in Foreclosure

By GERRY MUELLER
Statesman Staff Writer

Farmers and Merchants Bank of Slinger has begun foreclosure proceedings in an effort to recoup money that was loaned to owners and operators of the Brig-O-Doon Restaurant, 1139 Fond du Lac Avenue, which quietly closed its doors last March.

Named in the action are, David E. Doerr of Cedarburg and Robert A. Swoboda, formerly of Grafton, owners, who purchased the property from the Edwards family, and Richard H. Roehrborn and his wife Maria of Grafton, who operated the business since 1982. Swoboda is Roehrborn's

brother-in-law.

Swoboda, a real estate dealer who allegedly owes several million dollars to creditors in a three-county area, disappeared late last year and was reported missing by his wife. Stories began appearing in various newspapers regarding some of Swoboda's dealings and he was eventually reported to be living in California.

Farmer's suit indicates Swoboda and Doerr obtained a \$150,000 loan on the property and still owe over \$148,000 plus \$14,000 interest on it. The Roehrborns were part of a four-way partnership on a \$30,000 loan.

The action also shows the Roehrborns took out a \$30,000

loan in July, 1983, and still owe over \$29,000 plus interest on it. In September, 1983, they took out another loan for \$10,000 and owe over \$9,000 plus interest on it.

County records show back taxes for 1982 and 1983 amounting to \$7,330 are still outstanding.

A hearing is scheduled for August 22, in Washington County Circuit Court. Russell Eisenberg, attorney for the bank, will ask that a receiver be appointed. In the suit, the bank is seeking to take possession of all the equipment and collateral so it can be sold and the proceeds used to pay the loan debt.

Trailer Park License Approved

By GERRY MUELLER
Statesman Staff Writer

The Town of Kewaskum Board has approved renewal of a license for Melvin Tompkins Mobile Home Park located off Highway 45.

Action on the renewal was tabled at last month's meeting because of complaints from some residents regarding various problems in the park. The board's attorney Aldwin Seefeldt informed it, however, that its mobile home ordinance was too restrictive and issuance of the renewal could be withheld only if the conditions endangered the health, safety

or general welfare of the residents.

The board plans to review the ordinance at its September meeting and consider any necessary changes.

In other action, the board approved the purchase of two new vote recorders and construction of two additional voting booths.

The board did not take any action on a resolution concerning county waste disposal. The members felt the township's landfill still had a long life expectancy and did not want to be financially responsible toward any county program at this time.

Kewaskum to Be Well Represented

West Bend to Host State 40 et 8 Veterans Convention, Parade

The Wisconsin Forty et Eight veterans organization will hold its 63rd Annual Grande Promenade (State Convention) in West Bend, August 2 thru 5, 1984. The Grande Promenade is being hosted by Washington

County Voiture 898 and is the first time the group is playing host to this event.

The Grande Promenade will be held at the Dillon Inn in West Bend, Friday evening, August 3, at 8 p.m. the annual Grande Promenade parade will take place. It will start at Badger Middle School and go North thru the downtown business district. The West Bend High School band, Kewaskum High School band and the West Bend City band will participate. The American Legion, Kewaskum

Robert G. Romaine Post 384, Color Guard will participate in the parade and Regal Ware of Kewaskum will enter a float.

The Kewaskum Legion Post firing squad will do the firing for the memorial service and Connie Nigh of Kewaskum will be bugler for the service. She is the Washington County training student for the 40 et 8.

There will also be other floats, marching units and the color guards and veterans of the 40 et 8 and veterans units from around the state. A highlight of the parade will be the 7 to 9 locomotives (a replica of a railroad engine on wheels) that various county Voitures will have in town for the weekend.

The Washington County Voiture consists of Legionnaires from the seven American Legion Posts in the county - Allenton, Germantown, Hartford, Hubertus, Jackson, Kewaskum and West Bend. This year's Chef de Gare of the local Voiture is Merv Thompson of Kewaskum. He heads a group of 41 members. The Kewaskum Legion Post has quite a few members and some officers in the county 40 et 8 organization.

The 40 et 8 is the "fun and honor" society of the American Legion. It was organized in 1920 after World War I and takes its name from the French box-cars that were used to transport men and horses. The box-cars could hold 40 men or 8 horses and the box-car has now become the symbol of the organization.

Campbellsport Men Charged

A preliminary hearing has been scheduled for 9:30 a.m. Sept. 26 for two Campbellsport area men charged in connection with extensive property damage that happened Aug. 30 of last year.

Judge John P. McGalloway Jr. established signature bonds of \$1,000 each in Branch 3 of Fond du Lac County Circuit Court for Bradley J. Segerstrom, 25, and Michael H. Wiesner, 27, both of Route 4, Campbellsport.

The two each face charges of being parties to the crime of operating a vehicle without the owner's consent and two counts of criminal damage to property.

They are accused of taking the tractor of Loren Ketter, 2180 County Trunk DD for an early morning ride, driving it into a wooden area and abandoning it while its engine was still running.

The incident along Auburn-Ashford Drive in the Town of Auburn resulted in damage of \$3,662 to the Ketter tractor and \$1,020 to the land of William Ruth, Route 2, Campbellsport.

Alert Boy Saves Home

Thanks to the quick thinking and efforts on July 24 of Jason Gengler, 1451 Brooklane Drive, a devastating fire was avoided at the Sylvester "Bud" Campbell home next door, at 1425 Brooklane.

According to Mrs. Campbell, 11-year-old Jason went to the Campbell's home after hearing a noise coming from the house about 1:24 p.m. The sound turned out to be a smoke alarm. Upon entering the house the boy looked for Mr. Campbell, not finding him. Jason then proceeded to extinguish a kettle which was burning on the stove. Jason then saw flames on the cupboards. He ran home and had babysitter Carrie Sarauer call the fire department.

Fire Chief Augie Bilgo said the fire had climbed up the side cabinet, igniting the range hood. The home sustained smoke damage but the fire was restricted to the stove area.

Damage to the home was estimated at approximately \$1,000.

LETTERS TO THE EDITOR...

Recently the Kewaskum Jaycees received donations to be used for our little league and softball programs. Valley Bank and Kewaskum Legion Post 384 each donated \$100. It is very gratifying for the Jaycees to receive this kind of support from other organizations within the community.

The donations will be used to defray the cost of these programs. These programs are very popular and we hope to be

able to provide them for many years to come.

On behalf of myself and the Jaycees I would like to thank Valley Bank and Legion Post 384.

Sincerely,
Mike Korneli, Pres.
Kewaskum Jaycees

Campus Notes

Five area students are among young men and women who visited the University of Wisconsin-Madison recently to

begin registration for studies starting with the opening of fall semester classes Sept. 4.

The young people took advantage of the university's summer advising orientation program for new freshmen and transfer students. Under this program, students-to-be visit the campus for at least a day, often with one or both parents, arrange for housing, take placement tests, meet student leaders and faculty persons, and begin the registration.

The students are: Dennis William Butz, 1325 Park View Dr., Kewaskum, chemical engineering; Theresa Marie Heller, 517 Keller St., Kewas-

kum; Joan M. Jung, 2648 E. Moraine Drive, Kewaskum, physical therapy; Mary Susan Sleger, 2193 Valley View Dr., Kewaskum, business marketing; Heidi Renee Edgar, 9187 Boltonville Rd., Kewaskum, computer sciences.

Optimist: Cheer up. There's always light at the end of the tunnel.

Pessimist: Yeah, I know, but with my luck it will probably be an oncoming train.

Kewaskum Keg Throwers Show Their Stuff at Fair

Kewaskum Statesman, Friday, Aug. 3, 1984, Page 9

By GERRY MUELLER
Statesman Staff Writer

Part of last week's Washington County Fair activities was the annual Beer Keg Throwing Contest.

Joan Hanrahan of Kewaskum took a second place in the Women's Division with a throw of 19 feet, 7 inches. Ellen Hetebrueg of West Bend claimed first place with a toss of 20 feet, 7 inches.

In the men's 150 to 200 pound weight class, Kevin Thull of Kewaskum had the current leader Mark Schaefer beat by a mile with his second throw, however, Thull stepped over the foul-line and his winning shot of over 30 feet was disqualified. Schaefer ended up winning the contest with his 26 feet, 9 inch mark. Thull won the contest last year with a hefty toss of 32 feet.

The cast also includes teeterboard tumblers, high wire walkers, contortionists, jugglers, balancers, bareback riders,

single trapeze artists, perch pole thrillers, unicyclists, foot jugglers, slack wire performers, hanging perch acts, a host of clowns and a traditional brass band.

"The Beauty and the Beasts," pretty Patricia White and her cagefull of ferocious lions and tigers is headliner among the animal trainers. The big show also features trained dogs, llamas, camels, horses, ponies, mules, elephants, zebras and a giraffe.

Among the 25 animal species in the menagerie are a rhinoceros and a hippopotamus.

Everyone is invited without charge to witness unloading, watering and feeding of the many animals and erection of the world's largest big top with the help of elephants on circus morning.

Midway attractions open at least one hour before each

performance. Tickets will be on sale at the circusgrounds on showday.

FOAM INSULATION

Two kinds of foam insulation widely used in houses and mobile homes are ureaformaldehyde and polyurethane. The ureaformaldehyde, which is uncured when installed, may release formaldehyde fumes in the home while it's curing. Sensitive persons may react with symptoms of asthma, bronchitis, anxiety, depression - even hypochondria. So far, polyurethane is known to release harmful fumes only when burning.

Kewaskum Jaycee Women Invite New Members to Join Organization

Mary Thiemer

The Kewaskum Jaycee Women is a new organization in our community and I am pleased to be serving as the Charter Chapter President. I am also pleased to have this opportunity to tell you a bit more about the Jaycee Women. Jaycee Women give young women (ages 18 to 35) an opportunity to grow personally, develop new skills, find new friends, share their interests, and provide our community with many beneficial programs and projects.

I joined the Kewaskum Jaycee Women in March, when they were chartered, with expectations of all these new challenges. I felt through this organization, I could help to shape the community in which my family and I live. In our world today there are enough negative forces, so if there is something I can do (no matter how small) to make our world a better place — I want to do it! And if there are enough of us, who feel as I do, we'll make a big difference.

The Kewaskum Jaycee Women are working on several community projects: Mini-Olympics (a joint project with the Junior Women and Jaycees), the park concession stand, the girls' basketball clinic, and others. We are also running a personal dynamics course for members of our group. Personal dynamics is a study geared to help a person achieve more of their personal potential and provides the participant with some of the most modern and up-to-date individual development material available.

If you're interested in sharing our goals; in bettering yourself and our community — please share a little time with us. Our

center for disabled, is fortunate to have an active Auxiliary. The Auxiliary was organized during the summer of 1978 by Threshold Board member, Doris Fisher. Thirty-five members are currently active in The Threshold Auxiliary and they volunteer their services on a weekly or every-other-week basis. All money received goes directly back to the agency in the form of picnics, summer dances, Halloween and Christmas parties or in the form of much-needed equipment. The recent donation of automatic doors is one example. Others include a microwave oven in the lunchroom, refrigerators for the Basic Living Skills program and Food Service, tables for Adult Day Services, and first aid equipment for the Production Department. Bowling ramps, baseball equipment, a kiln for the ceramic department, books for the Special Education classes, and salad bowls for Food Service have also been donated.

Here you will find the labor of love and it comes back full-circle. Hours are given in service to others and the rewards come back to the volunteers in the form of contributions to the programs and services at Threshold.

Are Your Children "Latch-Key Kids?"

By Joan Hanrahan
Extension Summer
Home Economist

Summer vacation presents a special problem for working parents whose pre-adolescent children don't have the supervision that school provides. In many communities, after-school and summer day care for school-aged children is lacking. If it is present, some parents can afford it, but many others cannot.

These children between the age of six and thirteen fall into the category popularly referred to as "Latch-Key Kids." The term is symbolic of a child with a house key around her neck and who comes home to an empty house.

The increase of mothers in the labor force and the decline of the extended family has resulted in growing numbers of such children. Current estimates are that there are at least six million latch-key children, 13 years or younger in the United States.

Latch-key kids aren't a recent invention. There have always been children who come from school, their friends's house, or activities to an empty house.

In past times, however, these kids weren't really alone. They could call Grandma, who lived a few blocks away, or they could go play at the neighbor's house.

But this "safety net" is

largely absent today. Today, Grandma often lives in another city, and all too often most grown-ups on the block work during the day. More importantly, neighbors have changed. Adults are pre-occupied and rushed at leisure and at work. The last priority on their personal agendas may be someone else's children.

The biggest fear of most latch-key children is that someone will break into their house. The second biggest worry is that they will be hurt by accident or fire. Aside from being anxious for their safety, such children are likely to be bored.

There are measures which can be taken to lessen these worries. Determine safety plans and discuss them with your children. Be sure your youngsters know what to do if there is a fire, if they arrive home and think someone may be in the house unlawfully or if someone is hurt. They also need to know how to respond to strangers.

Have a back-up system — a neighbor or friend to call if a parent can't be reached or is too far away when a problem occurs.

Furthermore, plan with your youngsters a satisfying schedule of activities and chores. In addition to TV watching and snacking the child usually does, provide hobbies, games, books and pets to keep the child busy and occupied.

Last Wednesday evening at about 9 p.m. a daring hold up was perpetrated in this village in the dental offices of Dr. Nolting, while many mid-week shoppers were on the streets and a number of customers in the John Marx I.G.A. store, directly underneath the dental offices. Dr. Nolting and Melvin Brandt were in the former's office when a man in a dark suit of clothes with a handkerchief over the lower part of his face, and his hat pulled over his eyes, entered the office and said: "This is a hold-up." With that he pulled a gun from his pocket and demanded that they enter an adjoining closet, which they did with the bandit proceeding to lock them in. After that he ransacked the office and made his getaway without anyone on the street knowing that anything had happened. The robber succeeded in getting about \$220 in gold and currency. After his departure, Dr. Nolting climbed out of a window onto the cornice of the building and entered another window. He then released Melvin Brandt and notified the police but no clue or trace of the bandit could be found.

First Jacob and Theodora Peters Family Reunion Held

The descendants of one of the Town of West Bend's early settlers gathered for a reunion at the K.C. Hall at West Bend on Sunday, July 22, 1984. Before coming to America, Jacob and Theodora Peters lived in Hommersum, Duchy of Kleve, Germany. All six of their children were born there. The youngest son, Anthony, was born and died at about 2 months of age in 1842 so consequently was buried there. The remaining children and their parents came to the U.S.A. in the Spring of 1858 settling in the Town of West Bend on a farm purchased from a Frederick and Katharina Seele on May 27, 1858. It is now Koch's Hickory Valley Orchard located on 18th Ave. between Paradise and Decorah Rd. The first house was a log cabin but they soon built a stone house which still stands today.

The children coming to America with their parents were: Gertrude, who married Peter Hacker and lived on the east side of Big Cedar Lake; John, who married Maria Kogl and lived on the homestead; Petronilla, who joined the School Sisters of Notre Dame and took the name of Sr. Emmeranna; Michael, who married Anna Marie Wagner and moved to a farm in the town of Trenton where they lived until they purchased another farm in the town of Polk in 1888; Gerhard, who married Susan Goring and lived on a farm near the present day Cedar Lake Home. All had large families.

Relatives came from many parts of Wisconsin and six states - Arizona, Illinois, Iowa, Michigan, Texas, Washington, and Rome, Italy. More than 600 relatives attended throughout the day with over 500 being served the catered dinner.

The day's activities began with a Mass at the hall at 11:30 a.m. The main celebrant was Rev. Jerome Rinzel, a great-grandnephew of Anna Marie Wagner Peters, wife of Michael. Co-celebrants were Msgr. Rev. Syl. Gass of Milwaukee and Rev. John Baum of the Green Bay Diocese. Other members of the liturgy team were: Commentator - Jos Weiss of West Bend; Servers - Mark

Wiedmeyer and Tim Boden of Nenno; Pianist - Mary Jo Batzler of Menomonee Falls; Guitarist - Paul Vogelsang of West Bend; Readers - Sr. Rita Vogelsang SDS of West Bend and Sr. GERALYN Steimle OSF of Milwaukee; Gift Bearers - Sr. Joan Marie Peters OSF of Milwaukee and Sr. Laura Jean Spaeth SSND of Rome, Italy; Assistant Communion Distributors - Sr. Gabriel Mary Spaeth SSND of Berlin, Wi., Sr. Andrea Peters SCSJA of Milwaukee, Eileen Kons of Menomonee Falls, Leroy Peters of Burnett, Wi., Judy Peters of West Bend, Lillian Ritger of Allenton, Donald Peters of Nenno; Ushers - Norman Kons of Menomonee Falls, Roman Peters of Eagle River, Wi., Robert Merten of Slinger, and Jerome Peters of Kewaskum.

A catered dinner was served to more than 500 at 1 p.m. Immediately after the dinner at about 2:30 p.m. prizes were awarded to the following: Oldest person attending - Alma Peters, 93 years young born May 3, 1891 and only living aunt of the Gerhard Branch. Alma lives at Diefenbach Corners, at Slinger; Longest Married - Elouise and Ed Wiehr married 51 years ago on August 3, 1933. They live at Plymouth; Newest Married - Karen and Terry Wentz of West Bend married June 23, 1984, one month; Largest Family - Joyce Peters of Baraboo, Wi., 16 children including a set of triplets who died at birth; 2nd Largest Family - Eileen and Norman Kons of Menomonee Falls, 14 children; Youngest - Mark Yearling born May 6, 1984, age 2 months, the son of Michael and Kathleen Yearling of Random Lake, Wi.; Most

Grand and Great-Grandchildren - Theresa Peters of Nenno. Aunt Theresa has 59 grandchildren and 54 great-grandchildren and is the only living aunt on the Michael Branch; Greatest Distance Traveled - Sr. Laura Jean Spaeth SSND of Rome, Italy; Greatest Distance traveled in the States - Colleen Halfman and daughter Jennifer of Glendale, Arizona; 1st reservation received and 1st of the Michael Branch - Erlina Daniels of Sheboygan; 2nd reservation received and 1st of the John Branch - Anna Peters of Milwaukee; 3rd reservation received and 1st of the Gerhard Branch - the Elroy Peters Family of Hartford; 4th reservation received and the 1st of the Hacker Branch - John and Barbara Hacker of Menomonee Falls. The door prize went to Mary and Richard Czaja of Shiocton, Wi. who incidently were the 100th reservation received.

Worthy of note is the fact that there are ten living nuns in this family that we know of at present. Seven attended the reunion. Not included in the liturgy team but attending the reunion was Sr. Speranda Vogelsang SDS of St. Nazianz, Wi. age 85. Her sister Sr. Sebastian of Bogata, S. America, could not attend. Also not able to attend of the John Branch was Sr. Mary Ann Peters of Our Lady of the Snows, St. Louis, Missouri. Sr. Albana Peters SDS of the Gerhard Branch living at St. Mary's Nursing home was unable to attend because of health. Sister will be 90 years old this year. We have two known priests - Rev. Raymond Peters of St. Michael's Parish of Arcadia, Wi. who attended later

in the afternoon and Rev. Jerome Peters, who is a missionary priest and was not able to attend.

Group and branch pictures were taken at about 3 p.m. If you were unable to order any of them at the reunion you can still do so by calling (414) 629-5038.

The remainder of the afternoon was spent in listening to accordion music provided by Marian Mechenich, cousin of Erna, and Brian Kluever, friend of the John Branch and former student of Mary Peters Mathieu of the Michael Branch - reminiscing - viewing the many posters and charts complete with maps and pictures done by various branches and the scrap book by Erna - playing volley ball and other games for the little ones. Refreshments were served throughout the afternoon.

Erna has been working on the Peters Family History for the past several years. Much has been accumulated but much still remains to be done. The

forms mailed with the letters which many of you so faithfully filled out and returned will help speed up the process. Erna hopes to complete the book within the next few years. Any help anyone can give will be greatly appreciated.

The committee for this reunion consisted of Lorraine Batzler, Marie Hacker, Sally Ollinger, Jos. and Patty Peters, Bob and Geraldine Schladweiler, Fred and Shirley Peters, Gertrude Disler, Bernice Peters, Al and Edna Peters, Mary Jane and Tony Spaeth, Rose Vogelsang, Al. H. Peters and chairperson Erna Peters. We thank our families for their support and help through the many, many weeks and months of planning and preparation for this reunion and anyone else who helped make this memorable day it will be for all who attended. Thanks to all of you who came. You made all the planning and preparation worthwhile.

ELDERLY HEALTH CARE SPENDING

Although many in Washington have complained that the government's share of health care spending for people age 65 and over is dropping, new figures indicate otherwise. The health care study on the aged, released by the Health Care Financing Administration, contained new figures that show the government's share has actually increased since 1977.

The nation's 29 million elderly will receive \$120 billion in health care in 1984. This represents one of every three dollars spent on personal health in the United States, although the elderly constitute an eighth of the population. Other figures include:

- Older persons will spend an average of \$4,202 for health care in 1984, including \$1,900 for hospital costs, \$868 for doctor bills and \$880 for nursing homes. (However, most of this money won't come out of the elderly's pockets).

- Instead, Medicare will pay 49% of the health care for the elderly, Medicaid almost 13% and almost all other federal, state and local government sources about 5.6%. All told, these government contributions come to \$80.5 billion or 67%.

This compares to the 1977 share paid by the government of 64%. -The elderly's portion of national personal health care costs has risen from 29% to 34.3% since 1977. (This is partly due to the increasing proportion of the population that is elderly).

- In both 1977 and 1984 Medicare paid 74% of hospital charges for the elderly. Medicaid and other government programs pay another 14 percent.
- In other words, government pays 88% of hospital costs of the elderly.

For other medical services, the ratio of government expenditures is lower. For instance:

- Medicare and other government programs pay three-fifths of physicians' bills;

- 48% of nursing home costs;
- 35% of costs for drugs, medical sundries, home care, eyeglasses and such.

The results of this study clearly demonstrate the government has not neglected the health care needs of our elderly despite what some have said. If anyone provides rhetoric to the contrary, he or she is simply distorting the facts.

Sensenbrenner Seeks Presidential Award for Area Here

Congressman Jim Sensenbrenner (R-Menomonee Falls) has asked President Reagan to consider awarding the prestigious "President's Citizen's Medal" to Scott Berner of Waukesha who saved the lives of three people this summer.

Sensenbrenner told the President that Berner demonstrated unselfish heroism when he broke out the windshield of a burning truck that overturned June 21st on I-94 in Milwaukee's Marquette Interchange and pulled the three from the vehicle minutes before flames had engulfed the cab. Berner was injured in the rescue but the family, Mr. and Mrs. Joseph Leadon and their 4-year-old daughter all of Portland, Oregon, escaped serious injury. Sensenbrenner said it was doubtful they would have been able to free themselves to escape the flames had Berner not rushed to their aid.

The heroic act deserved the highest recognition. Milwaukee Fire Chief William Stamm has commended Berner for the rescue. Many citizens have written supporting letters. Sensenbrenner forwarded copies of the letters to the White House.

"I believe people of Wisconsin would be proud to see the Citizen's Medal awarded to Scott Berner in recognition for what he has done for others," Sensenbrenner told the President. The Wisconsin Congressman, who was injured earlier this year escaping from a house fire, said he had great respect for the courageous act that Berner performed.

Scott Berner, who lives at N4 W22370 W. Blue Mound Road, Waukesha, WI 53186 is employed at Peck Meat Packing Corporation in Milwaukee.

Sheriff Clarence Schwartz reminds Washington County citizens that a wealth of information, free to the public, is available at the Sheriff's Department lobby.

Among the information supplied in a special pamphlet rack are materials on consumer protection issues, which have been published by the Department of Justice in Madison.

One popular item is a special form which consumers can fill out and mail to the Department of Justice if they feel they have been cheated by a dishonest business or mail order firm. The information also includes a special toll free phone number that can be used for further information on consumer rights.

The pamphlet rack also contains information on motor vehicle laws, and materials for parents and other concerned citizens on the dangers of drug abuse.

FOODS TO BE TASTE TESTED AT STATE FAIR

"Consumers will have the chance to give their evaluation of 71 new or improved Wisconsin food products from 40 companies to be taste-tested at the Wisconsin State Fair in West Allis August 2-12."

That's the word from Debbie Grave, food management specialist with the Wis. Dept. of Agriculture, Trade & Consumer Protection, who says that the "Consumer Preference Survey" will behold each day of the fair in the Agriculture Building. Food product categories will include dairy products, fruits and vegetables, meats, poultry and others.

Products which receive a rating of 80% or better in consumer acceptance will earn the "Wisconsin State Fair Seal of Excellence" award which can be used in product merchandising. Companies which earn the award will be honored at an awards luncheon following the fair.

Purpose of the Consumer Preference Survey is to introduce new or improved Wisconsin food products to consumers, to provide the food industry with customer product evaluation and to inform consumers of the nutritional value and availability of Wisconsin food products.

The survey is conducted annually by the Wisconsin State Fair and the Wis. Dept. of Agriculture, Trade & Consumer Protection.

FOODS TO BE TASTE TESTED AT STATE FAIR

"Consumers will have the chance to give their evaluation of 71 new or improved Wisconsin products to be taste-tested at the Wisconsin State Fair in West Allis August 2-12."

That's the word from Debbie Grave, food management specialist with the Wis. Dept. of Agriculture, Trade & Consumer Protection, who says that the "Consumer Preference Survey" will behold each day of the fair in the Agriculture Building. Food product categories will include dairy products, fruits and vegetables, meats, poultry and others.

Products which receive a rating of 80% or better in consumer acceptance will earn the "Wisconsin State Fair Seal of Excellence" award which can be used in product merchandising. Companies which earn the award will be honored at an awards luncheon following the fair.

Purpose of the Consumer Preference Survey is to introduce new or improved Wisconsin food products to consumers, to provide the food industry with customer product evaluation and to inform consumers of the nutritional value and availability of Wisconsin food products.

The survey is conducted annually by the Wisconsin State Fair and the Wis. Dept. of Agriculture, Trade & Consumer Protection.

Indians Place Two on EW All-Conference Second Team

Tim Leitheiser and Rick Staehler were named to the 1984 All-Eastern Wisconsin second team while Bob Yahr, Brad Dieringer and Brian Arndt were given honorable mention at Monday's Eastern Wisconsin coaches' meeting.

Leitheiser, a senior outfielder, led the Indians in hitting with a sparkling .350 average and was among the top fifteen hitters in the conference as well.

Staehler, a sophomore infielder, hit .320 for the season and played strongly at shortstop, committing 10 errors during the conference season with five of these coming during a three game stretch.

According to Coach Perry Koth, Leitheiser and Staehler played consistently all season while batting 1-2 in the Indian order. Leitheiser, a good bunter, and Staehler, a line-drive hitter, also had good on base averages to go with their fine batting averages.

Sophomore 3rd baseman, Bob Yahr, and senior centerfielder, Brad Dieringer, each provided good power in the middle of the order while batting close to .300. Senior pitcher, Brian Arndt, pitched well all season for the 7-17 Indians as well as pitching Kewaskum to a Regional Championship.

Koth said he was a little disappointed with the manner in which the first and second teams were selected. Not reported that there wasn't any voting, but instead coaches of each team made suggestions on who should be on the teams and that these suggestions were then either agreed or disagreed upon.

Conference champions for the fourth year in a row, Plymouth, had three players on the first team. Junior Tom Richards was a unanimous selection to the first team as an infielder, batting .550 (33x60) for the season.

Koth on North All-Star Team

Terry Koth, a June graduate of Winnebago Lutheran Academy, has been selected to participate in the first Wisconsin All Star Baseball Classic.

Koth, who resides in rural Kewaskum, will be a pitcher for the North team which will be coached by Tom Nygaard of Appleton Xavier.

Koth was a unanimous choice for all-conference honors in the Classic League for three years, recording a career record of 23 wins and just one loss, that coming in a game against Kettle Moraine Lutheran.

In 1983, Winnebago finished runnerup in the State Class B WISSA Tournament, and Koth was named to the all-tournament team. The 6-1, 190-pound pitcher was a repeat choice in 1984.

Koth will attend the University of Wisconsin-Madison in fall where he plans to study accounting on an Evans scholarship. He hopes to continue his baseball career as a Badger.

HIGHLIGHTS

The bats were booming in the old dome this week. Both games were high scoring and close. If you went to the bathroom you probably missed one home run and the first game.

The bats were booming in the old dome this week. Both games were high scoring and close. If you went to the bathroom you probably missed one home run and the first game.

The second game saw BJ & Co. knock Kennelly out of a chance for a 2nd half playoff berth by a 12-11 score. The battle of the Justmans lived up to all the pregame hype. There were 4 home runs in this hotly contested game. For BJ & Co. Dennis "Jacker" Jazak and Dwayne "King Kong" Konslien hit solo shots. For Kennelly Steve "Walla" Walla hit a 2 run homer and Larry "Speedy Gonzalez" Sabish hit a grand slam inside the park job.

Fond du Lac County Sheriff's Dept. provided the fans with some excitement as they sent a fleet of their squad cars to the dome during the first game to issue a warning to the Greyhound Bus Co. not to park their Scenic Cruisers on the shoulder of Hwy. 45 next to the dome. Thiemerdome management supports the Sheriff's Dept. in their efforts as fans could witness these exciting games for just the price of a bus ticket. The VIP Lounge enjoyed windfall profits from this arrangement as they had car hops serving the thirsty bus passengers their world famous Vermox Margarita's. Because of all the monies involved in this decision I'm sure this issue will end up in litigation.

Next week's games are the biggies for this year. The 6:00 p.m. game will match Grand Larsony against Kennelly. The winner of that game will face Bartelt Ins. in the 7:00 p.m. championship game. Thiemerdome grounds crew are erecting temporary bleachers along the lines and will open the upper deck for this game. Sports-writers from the major newspapers are urged to arrive early as there is only room for 4 teletype machines in the dome pressbox.

See you all next week. For the man who has everything, Eddie "Mr. Calm" Pfeiffer has indicated that he would like several pairs of Argyle socks from Santa.

Attendance 211.
