- TRICK OR TREAT -Sunday, 3 - 5 p.m.

Trick or Treat Night in the Village of Kewaskum will be held on Sunday, October 28, 1984. The hours are from 3:00 p.m. to 5:00 p.m. Parents are urged to check their children to insure they have some light colored clothing included in their outer attire. They should also check the child's field of vision before they let them out of the house. We request no parents follow their children in autos because of the danger of an excited youngster running into the path of the auto while the parent is intent on watching his or her child rather than the road. The Auxiliary Police will be on patrol all over the Village. If anyone has any problems with suspicious treats they should contact one of these people immediately. They will also be available to help with dangerous crossings. With your help we should be able to furnish our children with an afternoon of SAFE fun.

Schools Presented Crossing Guard Equipment

By GERRY MUELLER, Statesman Staff Writer

On behalf of the Kewaskum Police Department, Village Administrator Dan Schmidt [right] presented the principals of Holy Trinity and St. Lucas Schools with crossing guard equipment. Students of both schools must cross streets to reach their playground areas.

Schmidt said the gifts, of two crossing guard vests and two hand-held stop signs to each school, were made in the interest of public safety and community relations. He also asked Sister Phyllis, [left] principal of Holy Trinity, and Rod Bollinger, [center] principal of St. Lucas, to help the village promote bicycle safety with their students.

Hunter Dies of Heart Attack

The death of Harry A. Gebheim, 73, of Appleton, was due to natural causes, according to the Fond du Lac County Coroner's Office.

Gebheim apparently died of a heart attack while hunting Friday in the Eldorado Marsh, said Dr. K. Alan Stormo, Fond du Lac County coroner.

Gebheim's son, Mitch Gebheim of Kewaskum, contacted the Fond du Lac County Sheriff's Department at 10:20 p.m. Friday, Oct. 19, to report that Gebheim did not return home to Appleton from a hunting trip to the Eldorado Marsh.

Department to ask for the assistance of Baron, the department's four-legged investigator, in finding Gebheim.

At 3:10 a.m. Saturday, the dog located Gebheim, who was pronounced dead at the scene from an apparent heart attack. No foul play in the death is suspected, authorities said.

UNITED WAY EXTENDED

The Kewaskum Area United Way '84 Campaign has been extended beyond the November 2 deadline because of scheduling conflicts, campaign co-chairman, Margaret McFadden announced on Tuesday. Currently local businesses and residents are being canvassed by volunteers, to reach the \$30,000 goal.

Leo Brust presided over the ceremony.

The installation took place before the Saturday evening Mass at St. Michael's Church. Following the Mass, parishoners were guests at a reception with their new pastor Bishop Brust in the church hall.

Fr. Wagner has been serving the parishes for the past year, replacing Fr. William Bonesho, who had a stroke in July of 1983 and retired several months later. Fr. Wagner was appointed pastor of St. Michael's and St. John of God on Sept. 15, 1984.

Taking part in the installation service were L. J. DuCharme, president of the parish council; Marsha Theusch, a trustee of St. John of God, and Ralph Matenaer, a representative of St. Michael's.

In the Service

Scott Rosenthal

Airman Scott G. Rosenthal, son of Gordon E. and Patricia E. Rosenthal of 5012 Beaver Dam Road, West Bend, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degre in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the supply field.

James P. Good, Regal Ware, Inc.'s Director of International Sales for the Far East and Latin America, recently spoke to a Japanese trade group visiting the United States.

Good was a speaker at a luncheon seminar sponsored by the Japan External Trade Organization (JETRO) during the October Housewares Show in Chicago. JETRO is a nonprofit, non-commercial agency established by the Japanese government to promote the facilities free trade of capital and commercial goods between Japan and other countries.

The purpose of the seminar was to encourage U.S. manufacturers to explore consumer markets in Japan. Good's speech, "An American Export to Japan Success Story," outlined how Regal has been successful in establishing direct and retail sales operations in Japan. He discussed how to negotiate with the Japanese and how this differs from doing business in America.

Booster Club to Decide on Requests

Ice-makers and cameras, rain gear and color pages for the annual - these are just a few of the requests for support that Booster Club will have to decide on at the Oct. 31 meeting. Teachers and activity advisors at the high school and middle school are invited each year to submit requests for assistance with the extra-curricular needs. New members sign-up and

participation, frequently a concern for the parent club, will also be discussed at the meeting. Another agenda item is new projects proposed for Booster Club.

All parents, particularly those with students in extra-curricular activities, are encouraged to attend this meeting Wed., Oct. 31, at 7:30 p.m. in the high school cafeteria.

State Teachers Convention Now On

Striving for educational excellence in the public schools is the focus of the 1984 Wisconsin Education Association Council teachers convention in Milwaukee on October 25-26.

Appearing at the two-day Lorelle Walsch, director of meeting to discuss proposals for national and state levels are National Education Association president Mary Hatwood Futrell, Wisconsin Governor Anthony Earl, State Superintendent Herbert Grover and WEAC president James Blank.

Featured speakers at general sessions on Thursday and Friday at the Milwaukee Convention Center include author and lecturer on selfconcept development Wayne Dyer and former Secretary of State Alexander Haig, Jr.

Teachers attending in-service sessions are hearing workshops and presentations on exemplary curriculum in a host of areas including computer education, education for employment, math and science, reading comprehension, composition, communications and the humanities and programs for second language instruction and academic underachievers.

An issue of timely concern, the threat of nuclear war and its effect on children, is to be discussed along with a pre-sentation by Henry Cooper, assistant director for strategic programs at the U.S. Arms Control and Disarmament Agency.

FIREMEN'S MEETING

The regular monthly meeting of the Kewaskum Fire Department will be held at the fire station at 7:30 p.m. next Thursday, Nov. 1.

McCallum Receives Labor Union Backing

Two labor unions which represent more than 4,700 railroad workers in Wisconsin recently announced that they are endorsing State Sen. Scott McCallum in his bid for reelection.

The labor groups, the United Transportation Union and the **Brotherhood** of Locomotive Engineers, both said they were supporting McCallum (R-Fond du Lac) because of his personal concern and attention to railroad workers in North Fond du Lac, Fond du Lac, Oshkosh and West Bend. More than 650 railroad employees in those communities belong to the UTU or BLE unions.

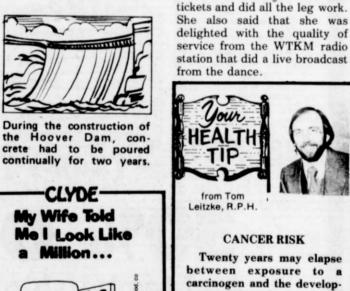

"Your support of railroad labor in the past has been

Referendum

York points out that the cut, engineered in a January 1983 special legislative session, cost 59th Assembly district taxpayers \$2.9 million in scheduled property tax credits.

'It's appalling when you think that the Democrats who control both houses of the state legislature nearly unanimously agreed to cut property tax relief, and now, a year and a half later, we end up with a huge surplus of money," York said.

The Earl Administration admitted recently that tax collection for the 1983-84 fiscal year exceeded expectations by 73.5 million. A large mid-1985 revenue surplus had been expected before those figures were announced, and the latest revaluations bring the surplus projection to almost \$300 million.

York says that the state's financial condition leaves absolutely no excuse either for cancelling direct credits to property taxpayers in the first place or for any failure to restore those credits the minute the next Legislature takes office in January.

Every candidate talks about property tax relief, but few offer solutions to rising property tax bills. One solution would be using 1c out of the 5c sales tax. York said we can reduce property taxes without raising other taxes by using the current

surplus to return that 1c of sales tax to its original purpose, which was property tax relief. "That 1c of the sales tax raises 241 million dollars and would be a good first step to provide much needed property tax relief," York concluded.

Property taxes rose by a statewide average of 13 percent in 1984 in part because of the loss of state credits from the Wisconsin State Property Tax Relief program, which is the only state property tax relief program applied directly from the state to the individual property tax bill. "We need to restore these cuts and get on with providing real property tax relief to our over-burdened citizens," York said.

Excellent Turnout for Open House

By GERRY MUELLER, Statesman Staff Writer

Kewaskum Fire Chief Augie Bilgo was very happy with the turnout for his department's open house during "Fire Prevention Week."

In the first hour the number of visitors touring the fire station passed the total visitors to last year's open house.

Members of the department also held tours during the week for the district school children. They explained the equipment and allowed the youngsters to climb aboard the various trucks and rescue vehicles for a closer look.

McCallum Knocks On 14,000th Door

State Sen. Scott McCallum, R-Fond du Lac, announced that he recently knocked on the 14,000th door in the 18th Senate District, closing in on his goal of 15,000 doors before the Nov. 6 election.

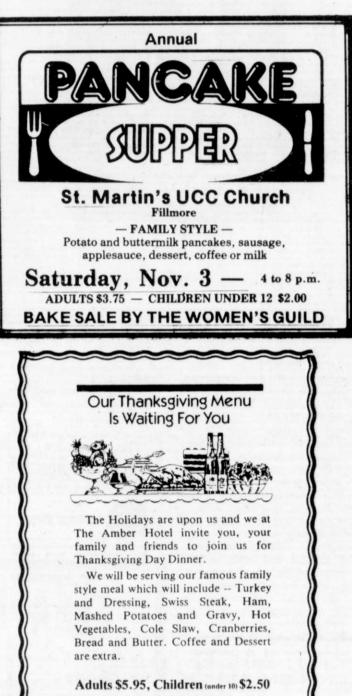

"Since the legislative session ended in July, I have spent a good deal of time knocking on doors," McCallum said. "This isn't really anything out of the ordinary — I've made it a point to stay in touch with constituents during my eight years in office.

"In essence, this is the role of a public official," he said. "Talking to people at their homes, at picnics, county fairs, and regularly holding office hours to keep abreast of their concerns. I pride myself as a legislator who has kept in touch with the voters."

Southeastern Wisconsin artists Russ Kagen and Mark Geisheker will present recent works in a two-man exhibition during the month of November at the West Bend Gallery of Fine Arts. The exhibition runs from October 31st through November 25th with a public reception being held for the artists on November 4th, 1:30 -4:00 p.m.

Kagen, best known in the southern and eastern states has recently begun a new series of ceramic works in raku. These ceramic vessels are meticulously crafted and ornately accented with other no-clay, natural materials. Each piece is richly washed in deep and subtly soft tones of maroons, blues, greens and black.

The paintings of Geisheker are laborious and unique as well as other nature slides.

creations. These so-called "lumenist fantasies" are a highly refined mix of traditional oil and modern acrylic techniques that incorporate as many as fifty layers of oil and acrylic paint.

Hours at the gallery are Wednesday, Friday through Sunday 1:00 - 4:30 p.m. and Thursday noon - 9:30 p.m. The gallery will be closed on Thanksgiving. There is no admission

Recipes Sought for 1984 Potato Contest

Wisconsin residents who can create exciting recipes are urged to enter the ''1984 Potato Recipe Contest.'

Debra Crave and Bob Williams, marketing specialists with the Wis. Dept. of Agriculture, Trade & Consumer Protection, say that entries will be accepted through November 2, 1984. The recipe contest will be divided into four categories -main dishes, side dishes (including breads), salads and desserts. Entries will be judged on appearance, flavor, texture, uniqueness, ease of preparation, nutritional value, presentation and quantity of Wisconsin potatoes used.

Contestants may submit a maximum of two recipes per category and each should be submitted on a separate sheet of 81/2" x 11" paper and should include the entrant's name, address and home and work telephone numbers. Recipe entrants are eligible to receive an award in one category only. Entries should be mailed to the Wis. Dept. of Agriculture, Trade & Consumer Protection, Potato Recipe Contest, PO Box 8911, Madison, WI 53708.

Ten finalists will be selected in each category and these 40 finalists will compete for a total of \$1,000 in prizes at the Port Plaza Mall in Green Bay on Saturday, December 1. First, second and third place winners in each category will receive \$125, \$75 and \$50, respectively.

According to Crave and Williams, Wisconsin ranks fifth in potato production in the U.S. "Because of the high quality and large quantities of potatoes produced in the state, it is extremely important that the consumer is made aware of the many excellent uses of Wisconsin potatoes," they point out.

The contest is sponsored by the Wis. Potato Industry Board, the Wis. Potato and Vegetable Growers Association, the Wis. Potato Growers Auxiliary and the Wis. Dept. of Agriculture, Trade & Consumer Protection.

Want to Lose Weight?

By Joyce Albrecht **Extension Home Economist**

Want to lose weight? Want to improve your health? We're now enrolling adults, 18 years or older, who are at least 10% overweight in a Trim and Slim Weight Control Program.

The ten week program will begin on Tuesday, October 30, at 9:00 a.m. and repeated again at 5:00 p.m. Classes will be held in the U.W. Extension Meeting Room, 515 East Washington Street, West Bend. Joyce Albrecht, UW. Extension Home Economist will be leading the course.

Many adults who are worried about their weight turn to fad diets. Generally, such a diet restricts necessary foods and are often inadequate nutritionally. When you are trying to lose weight, a well-balanced diet with fewer calories is recommended.

The Trim and Slim program provides a well-balanced reducing diet and teaches people how to change their eating habits. A person who wants to lose weight and keep it off must develop new eating habits and new attitudes about food.

Anyone who wants to take part in Trim & Slim can register by sending \$3.00 to Joyce Albrecht, U.W. Extension, P.O. Box 537, West Bend 53095.

The weekly classes will include weigh-in, sensible diet plan, realistic exercise program and behavior adjustment, fad diets, nutrition, and nutrition nonsense. Suggested ways for changing eating habits will be discussed. The ten weekly sessions include class discussions and participants will be expected to keep certain weight and diet records.

Now is the time for you to become Trim and Slim. Sign up now for the ten week Trim and Slim Weight Control Program.

Dr. R. G. Edwards, Kewaskum health officer, reported Thursday afternoon in a call to this office directly from St. Joseph's Hospital, West Bend, that Thomas Theusch, five-year-old son of Mr. and Mrs. Leonard Theusch, Route 1, Kewaskum, is critically ill with polio at Johnson Municipal Hospital in Milwaukee. Tommy is one of five children in the Theusch family and is a pupil at St. Michael's Parochial School, St. Michaels. He had received his polio shots but was stricken nevertheless. Had he not been given the injections his condition would be much more critical than it is, it was reported. It was the first and only case of polio reported in this area this year.

A class of 40 little children of Holy Trinity and St. Bridget's parishes will receive their First Holy Communion during the 8 a.m. Mass at Holy Trinity Church on October 25. The meeting is scheduled to start at 7:30 p.m. All young men who are through high school and who would like to try out for the team are urged and invited to attend this meeting. Lester Dreher has offered his services in starting the team out and managing it. So far the following candidates have given their consent to play: Harold Claus, William Harbeck, Leander Honeck, Lloyd Hron, Ralph Kohn, Harold Marx, Charles Miller, Jos. Miller, William Schaefer and Otto Stenschke.

During the past week vandals entered the Gage school, taking many articles of value. They gained entrance by prying a window open. The loss is estimated to be about \$11. Among the things taken was a pencil sharpener, first aid kit, ten scissors, fountain pens and ever-sharps. No clues were left by the intruders, but the job did not appear as though it were done by experienced hands.

Miss Hilda Windorf,

daughter of Mr. and Mrs. William Windorf, of the Town of Kewaskum, was united in marriage to William Becker, son of Mr. and Mrs. Ernest Becker, of the Village of Kewaskum, last Saturday afternoon at the Ev. Lutheran St. Lucas parsonage.

The store of Wm. Pool of Campbellsport was entered by burglars during last Wednesday night and some cash and a lot of merchandise stolen. The burglars entered the building through a rear window and helped themselves to a supply of jackets, cigars, cutlery and other goods. A few dollars in change, which had been left in the money drawer, and a lot of foreign coins which Mr. Pool Page 14, Kewaskum Statesman, Friday, Oct. 26, 1984

had saved, were also taken. This is the second time Mr. Pool's store had been entered this year. No trace of the burglars was found.

On October 14 occurred the marriage of Jacob Schneider of Rozelville, Wis., a son of Mr. and Mrs. Nicholas Schneider of St. Michaels, to Miss Mary Weiss, oldest daughter of Mr. and Mrs. Joseph Weiss, also of St. Michaels.

The young ladies of the village, at a meeting held at the Eagle hotel last week, reorganized a cinch club for the coming winter. They will hold regular meetings every week. The first will be held at the home of the Misses Agnes and Adelaide Schaefer next Tuesday evening.

Wenzel Zwaschka had about a dozen spring chickens stolen last Monday night. Mr. Zwaschka had cooped them up on Monday night, ready to move them to West Bend, but in the morning found that all the springers were gone, leaving him only the old ones.

The wrong appliances can waste energy. And by the end of the month, a little waste can add up to a lot of watts. So when you're buying any appliance, look for energy-saving features as well as labor-saving features.

And when you're buying a major appliance like a refrigerator, freezer, dishwasher, clothes washer, water heater, room air conditioner or furnace, look for the ENERGYGUIDE labels.

The label will tell you about how much it will cost to operate the appliance, compared to similar models.

So next time, check it out before you plug it in. You may find that energysaving appliances are good buys for your budget. YOU HAVE THE POWER. CHOOSE AND USE WISELY.

FFA Chapter to Sponsor Annual Fruit, Cheese Sale

FFA members unloading fruit in Ag shop.

All fruit is hand sorted by FFA members to insure maximum freshness.

The Kewaskum Future Farmers of America Chapter is now taking orders for delicious citrus fruit from California and Florida. Juice oranges and Indian River Red grapefruit will be available, as well as naval eating oranges from California. Fruit will be sold in approximately forty pound cases. A mixed case of half grapefruit and half naval oranges by weight will also be available.

Due to the increased cost of fruit to the chapter, prices for the forty pound cases this year will be: \$14.00 case naval oranges; \$14.00 case juice oranges; \$12.00 case grapefruit; \$13.00 case mixed (naval and grapefruit).

The cheese prices for this year are...\$4.50 for 2 lbs. of cheddar; \$2.25 for 1 lb. of string cheese; \$16.00 for a regular gift pack; \$10.00 for a small gift pack.

All fruit must be pre-ordered so place your orders now for delivery between November 26 and December 13. Phone orders can be placed by calling the high school, 626-2166, between the hours of 8:00 a.m. and 3:00 p.m. or by contacting any F.F.A. member. Leave your name, order and phone number when ordering. You will be contacted when the fruit arrives and billed when you pick up your order. Orders must be placed by November 9. Every case of fruit is hand inspected by Kewaskum F.F.A. members upon arrival. All proceeds from the sale go to the Kewaskum F.F.A.

Minutes of Village **Board Meeting**

Mid-Monthly Meeting October 15, 1984 8:00 P.M

The Village Board of Kewaskum, Washington County, Wisconsin, met in Mid-Monthly session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. Trustee David Nigh asked to be excused and was absent. All other Trustee Members were present.

On a motion by Trustee Howard Laubenstein, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board approved the minutes of October 1, 1984.

Motion was made by Trustee Mary Krueger, seconded by **Trustee Paul Blumer to suspend** the rules to take action on agenda item D&E. (Review and discussion on the DNR report regarding the WPDES Permit No. WI0021733-3, and **Review Municipal Building** remodeling plan with engineers. Roll call vote was passed unanimously. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent."

Robert Skatrud, an engineer with Ruekert & Mielke, was present to review and discuss with the Board the response prepared by them on the Village's behalf regarding the DNR report on the WPDES Permit No. W10021733-3.

On a motion by Trustee Paul Blumer, seconded by Trustee Thomas McElhatton and unanimously carried by voice vote. the Board authorized the Engineers and Administrator to sign and send aforementioned letter to the DNR in response to their report dated September 20, 1984.

Robert Skatrud also reviewed with the Village Board the Municipal Building remodeling plan. He answered a few questions from the Board, one regarding possible future expansion to the proposed new addition and one on the old heating system. Administrator Schmidt informed the Board that the work that has been completed to date has already begun to save the Village money in fuel and electricity costs and that if it continues, the improvements will pay for themselves in approximately 12 years.

On a motion by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein and unanimously carried by

voice vote, the Board authorized Ruekert & Mielke to proceed with final plans, specifications for State approval, and the bidding process along with the preparation of the bidding documents.

Donald Stitt, the Republican candidate for the 20th State Senate District, was present to introduce himself to the Board. He asked if anyone had any concerns or questions and indicated he would try and answer them. Two questions were asked: 1) What can be done regarding the ability of the DNR to continue to increase fees and make costly demands on communities? 2) What his feeling was pertaining to legalizing gambling in the State of Wisconsin?

Regarding the first question, Administrator Schmidt reviewed briefly a letter received from the DNR regarding the Village's Landfill site and the fact that the Village will be expected to sign a closure agreement by the end of 1984. Also that additional fees and other functions will be forthcoming.

Fire Chief Augie Bilgo reviewed briefly with the Board the report on the testing and quantity of fire hose.

On a motion by Trustee Mary Krueger, seconded by Trustee Donald Mlodzik and unanimously carried by voice vote, the Board approved the application for an Operator's (bartender's) License for Maxine A. Belger upon proper payment of fee and authorized the office to issue said License. Note: The Police Department had no objections to the application.

Administrator Daniel Schmidt reviewed a variety of correspondence with the Board as follows:

1) The bid opening of sealed bids on the Waterloop (Water Main & Sanitary Sewer Extension) Project is scheduled for October 25, 1984, at 4:30 p.m.

2) The U.S. Department of Commerce informed the Village of their new census count of 2,394 people and 806 housing units

3) The Mid-Moraine Municipal Association is looking for a representative from each Community to serve on the Association Legislative Committee.

4) The next scheduled Mid-Moraine Association meeting is October 24, 1984.

Trustee Mary Krueger informed the Board that the first County-Wide Library Committee meeting is scheduled for

Thursday, October 18, 1984. On a motion by Trustee Thomas McElhatton, seconded by Trustee Paul Blumer and unanimously carried by voice vote, the Board approved/accepted the Village of Kewaskum, Emergency Government Policy/Procedure as prepared.

On a motion by Trustee Howard Laubenstein, seconded by Trustee Mary Krueger and carried unanimously by voice vote, the Board authorized the signing of the "Private Roadway Crossing Agreement" with the Chicago and Northwestern Transportation Company as revised by the Village Attorney.

RESOLUTION 84-10

BE IT RESOLVED, by the Village Board of the Village of Kewaskum, Washington County, Wisconsin, that the Clerk shall place upon the present (1984) tax roll for collection all delinquent accounts of all departments of the Village.

Roll call vote was 6 "Aye," 0 'Nay,'' 1 ''Absent.'

On a motion by Trustee Thomas McElhatton, seconded by Trustee Mary Krueger and unanimously carried by voice vote, the Board approved the Village of Kewaskum Self-Evaluation dated October 15, 1984, by facility to meet the Federal Revenue Sharing requirements.

Administrator Daniel Schmidt gave packets of departmental budgets as proposed for 1985 to the Board for their review. Regarding the budget, it was the consensus of the Board to prepare an ordinance relating to the collecting of State and County taxes by the Village Treasurer. This would be a cost saving of an estimated \$161.00 annually.

Motion was made by Trustee Donald Mlodzik, seconded by Trustee Howard Laubenstein to adjourn to closed session under Chapter 19.85 (1) (c) of the Statutes to discuss employee negotiations, compensation and performance data of village employees over which the governmental body has jurisdication. Roll call vote was 6 "Aye," 0 "Nay," 1 "Absent." The motion was carried by the majority.

TIPS FOR A SAFE HALLOWEEN

lookout for little goblins, ghosts, and wandering witches, you should be - because Halloween is almost here and these spooky prowlers will be haunting households in their annual search for sweet booty. However, since modern-day Halloween can be more hazardous for the "tricker" than the "treater," certain safety precautions should be taken.

Unfortunately, problems such as increased traffic, encumbering costumes, and people who seem intent on harming children are among the potential dangers associated with Halloween. In an effort to eliminate some of these dangers, here are several safeguards for parents to follow to make Halloween a safer holiday:

· Accompany young tricksters on their rounds while it is still light.

• Have older children travel in groups on the night designated as "Beggars Night."

If you're not already on the thoroughly washed and cut open before being consumed. Follow these guidelines and perhaps the worst consequence you young goblins will face is a morning stomachache.

Seat Belts Can Save Lives

What is the leading cause of death among young people? It's not cancer, heart disease or some other illness.....it is traffic accidents

The real tragedy is that so many of these deaths could be avoided if more young people and people of every age for that matter - would wear their seat belts, according to Sheriff Clarence A. Schwartz.

Traffic accidents claim more lives of 15 - 24 year olds than any other single factor. Traffic accidents are the second leading cause of death for persons age 25 - 34. There are many things that can be done to cut down on the number of traffic fatalities, but the easiest thing involves the simple act of wearing a safety belt.

Schwartz goes on to say that far too many Washington County residents, of all ages, are sitting on the very device that could mean the difference between life and death or between serious injuries and no

injuries. Every passenger and every driver should wear seat belts.

Wearing the seat belt can reduce your chance of sustaining serious injury or fatal injuries in a traffic accident by 60%. If all motorists buckled up, the lives of 16,000 Americans could be saved from traffic deaths every year.

Deer Permits To Be Mailed Early November

Successful applicants for Hunter's Choice permits for the gun deer season, or antlerless permits in the six southern Wisconsin deer management units, will be notified by mail beginning October 31st. The last of the notifications will be mailed by November 5th.

Though the final tabulations are not complete, it is expected that all the units where Hunter's Choice permits were available will be oversubscribed and there will be no permits left over. However, in five of the six units where antlerless permits were available, all who filed a valid application for a permit in those units, including nonresidents, will receive one. They are units 70, 70A, 70B, 70E, and 71. Of the antlerless permit units, only 67A was oversubscribed.

The remaining antlerless permits for the five units will be distributed to hunters on a first-come, first-served basis at a time and place to be announced in the near future.

DNR Prepares Master Plan for Theresa Wildlife Area

MADISON, WI - The Division of Resource Management of the DNR has prepared a Master Plan for the Theresa Wildlife Area, Washington County. The proposal includes a modification of the land purchase boundary. The property will be managed for duck production, public hunting and goose watching opportunities. Other public benefits include fishing, trapping, cross-country skiing, canoeing and nature observation. The Department has made a preliminary determination that an environmental impact statement will not be required for this action. Copies of the Department's Environmental Impact Assessment that led to this preliminary determination can be obtained from: David Gjestson, DNR, Bureau of Wildlife Management, Box 7921, Madison, 53707, phone: 608/266-5463. Public comments on the proposed plan are welcomed and should be received by Mr. Gjestson no later than 4:30 p.m., November 16, 1984. These comments can be oral or written communication.

Theresa Zone Goose Hunt Over First Day

The experimental Canada goose hunt in the Theresa Zone ended almost before it began this year when the maximum harvest for the season of 800 geese there was reached during the first day of the hunt. October 13.

"In my wildest imagination, I wouldn't have believed that we could take that many geese at Theresa in one day," said John Wetzel, waterfowl specialist in the DNR's Bureau of Wildlife Management.

Wetzel cited the large numbers of geese on the marsh and the weather conditions as the two major factors contributing to the unexpected hunter success. "The population of Canadas on the marsh had built to an all-time high of 11,000 by last Saturday," Wetzel explained, "and about 40 percent of them were young birds which are more vulnerable to hunting." Also, he noted weather conditions as a factor in the harvest. "The heavy fog on the marsh last Saturday worked in the hunter's favor by keeping geese flight patterns low, Wetzel said.

The experimental Theresa Zone hunt was open by permit to waterfowl hunters who did not receive a Canada goose permit for the Horicon or Central zones. Successful hunters were required to register their birds by 3:00 p.m. on the day taken, and were limited to a daily bag of two Canadas. The season limit was four.

Wetzel said this year's

was held to provide an alternative season for traditional goose hunters to enjoy their sport by allowing more than one goose to be harvested per season, but yet maintain harvest control.

Lake Michigan Toxic Fish Edible If Cleaned Properly

By Joyce Albrecht **Extension Home Economist**

Toxic chemicals have found their way into Lake Michigan and its fish populations. While, industrial sources are the major contributors of certain chemicals found in the lake, runoff containing pesticide and herbicide residues from cities and farms has also contributed to the problem.

Thought not all Lake Michigan fish are contaminated, those that are may pose a health risk when you eat them. Whatever chemicals have built up in the fish will build up in your body fat as well.

These chemicals are organic compounds, and a majority are fat-soluble. They resist natural breakdown processes and enter the food chain, building up in the fatty tissue of fish. That's why it's important to remove as much of the fatty tissue as possible from the fish you eat.

Eating a meal of contaminated fish won't make you sick overnight, like food poisoning. But frequent consumption of these fish gradually increases your health risk.

Do not eat Lake Michigan trout (25 inches or more) or carp. These fish have an extremely high concentration of toxic pollutants. Lake trout (under 25 inches), walleye (Little Sturgeon Bay only), (Little smallmouth bass Sturgeon Bay only), brown trout, chinook salmon (25 inches or more) and coho salmon (28 inches or more) have high levels of toxic chemicals. Moderate amounts of contaminants are found in walleye, brook trout, lake whitefish, northern pike, white sucker, rainbow trout, chinook salmon (under 25 inches) and coho salmon (under 28 inches). Rainbow smelt,

The deer family includes about 60 species, ranging in size from the huge Alaska moose down to the Chilean pudu, which is

yellow perch and bullheads have the lowest level of toxic chemicals.

If you decide to eat the fish you catch, you can minimize your intake of chemical pollutants by properly cleaning, trimming, skinning and cooking

Remove all fat and skin from the fish before cooking. Cut away dark meat on the side of the fish along the lateral line. Slice off fat belly meat along the bottom of the fish. Cut away a v-shaped wedge along the lateral line of each side of the whole fish or on the skin side of each fillet.

Dispose of entrails, skin and trimmings in the trash, not in your garbage disposal or garden. Discard fish livers; they contain the highest contaminant levels.

The Wisconsin Department of Natural Resources publishes a 'Health Advisory for Eating Fish from Certain Wisconsin Waters." Consult this publication before you eat any fish from Lake Michigan.

Indians Top Statistics by Far But **Kiel Clinches Title in** Nipping Kewaskum, 14-6

By John Harju

The Kiel Raider defense played a good joke on Kewas-kum last Friday night at Kiel.

On paper, the statistics appear to show that Kewaskum might have won. Kewaskum had double the first downs (18-9) that Kiel had; amassed 313 yards in total offense compared to 212 for the Raiders. Not to mention the superb performance of QB Mark Follmann, who passed for 25 completions out of 47 attempts for 240 yards. (Tom Herriges was on the receiving end of 10 of these passes).

Yes, on paper Kewaskum won. The scoreboard, however, told a deceivingly different story. It showed that Kewaskum had lost 14-6, thus clinching the E-W title for Kiel.

The Kiel defense, like a clever comedian, allowed the Indian offense to move the ball almost at will all night. It wasn't until Kewaskum got deep inside Kiel territory did the Raider defense decide to get tough and drop a harsh punch line that closed the door on many a Kewaskum scoring drive.

Four times Kewaskum managed to move the ball inside the Raider 30 during the second half and only once did they manage to score.

Kiel, on the other hand, jumped out to an early 14-0 halftime lead on their second and third possesions of the first half. Jay Knier bolted over from 7 yards out late in the first quarter and Steve Lepisto added another scoring run from 2 yards away early in the second quarter.

Raider end and defensive back Tim Voelker set up both scores with a 26-yard punt return and an interception.

During the second half, however, it was all Kewaskum as the Indians controlled the ball for over 17 minutes compared to only a little over 6 for Kiel. The Indian defense also responded in allowing the Raiders not a single first down in the second half.

.

On their last possesion on the first frame, Kewaskum drove 67 yards, via two passes each to Herriges and Tim Rohlinger and some hard running by fullback Rick Miller, and found themselves knocking-at-the-

door at the Kiel 10 yard line. However, on the next play the officials whistled Follmann for intentional grounding much 'o the dismay of an irate Kew ...-kum coach Mike Fifrick.

None the less, after the 10-yard walkoff, Follmann was intercepted by Voelker on the next play.

The second half was equally as frustrating for Kewaskum. One potential scoring drive was stopped after advancing to the Kiel 7.

A procedure penalty moved the ball back five and after a short run and three incompletions Kiel took over on downs.

Kewaskum finally scored in the fourth quarter when Follmann hit Rohlinger with a 5-yard scoring pass, after Herriges caught a 4th down pass to keep the drive alive. Kewaskum went for the twopoint conversion, but the pass failed.

After yet another Kiel punt (they punted 5 times total). Kewaskum put together a final long "clock-eating" drive via some short passes to Rick Staehler and an 18-yarder to Herriges, but the drive died because of a sack by Raider DE David Meyer and two costly Indian penalties.

Herriges ended up with 137 yards to go along with his 10 catches, Rohlinger caught 7 for 68, and Staehler grabbed 4 for 21. The Indians lost 6'5" end Mike Steinhardt in the second quarter due to a shoulder injury. Steinhardt reportably may have stretched ligaments in his shoulder and is doubtful for Friday's season finale against Chilton.

Indian Spikers Clobber Kiel

By John Harju

The Kewaskum volleyball team exploded for a three-game sweep over Kiel last Tuesday before a Parents' Night crowd.

The Indians (3-8) began fast winning the first game 15-3, but fell behind 8-11 in the second before the serving of Debbie Jepsen and Laurie Blum finally won it for the Indians.

Coach Dave Rizzardi went with reserves mostly in the third game which the Indians again won, 15-9.

Rizzardi cited junior Chris Bodden for another good job in filling in for the injured Michelle Gebheim, as well as the spiking of junior Lisa Fusek. The JVs also won, 13-15,

15-7, 15-2, upping their record to 3-8. The freshmen dropped their record to 3-8 with a 12-15, 6-15, 15-4 loss:

Yankee Lou Gehrig played 2,130 consecutive baseball games.

Shaw, Schlieter Qualify for State

By John Harju

Seniors Monty Shaw and Gunner Schlieter both qualified for this weekend's State Meet by placing second and sixth in Saturday's Manitowoc Cross Country Sectional.

Coach Dave Drexler felt going into Saturday's Sectional that Shaw had a good chance to qualify but "to get both of them in there is just great.

Shaw had just missed qualifying in the past two years, missing each time by a few places. Schlieter has made great strides since coming out for the sport last year and is a "hard worker" according to Drexler.

A pack of eight runners pulled away from the rest early and when the last half mile was reached each began to make his move. Shaw finished four seconds behind Beaver Dam's David Jackson while Schlieter beat E-W champ Dean Rhode of New Holstein by two seconds to make the top six qualifying field.

As a team the Indian boys finished 10th out of 16 with host Manitowoc winning.

The Kewaskum girls' best finisher was senior Sandy Klein with a 20th place finish. Another senior, Laurie Batzler, was 35th with sister Carrie coming in 50th.

As a team the Kewaskum girls were 9th out of 15 with Neenah winning the girls meet.
