The Kewaskum Village Board Monday night voted to increase salaries of the trustees and

### Registration, Open House at Holy Trinity

Holy Trinity School is holding an Open House for all kindergarten students and their parents on Wednesday, February 13th, from 9:30 to 10:45 a.m. and 1:00 to 2:15 p.m.

Students will be guests of the first graders and will share in their activities. The philosophy and educational plan for Holy Trinity School will be shared with the parents and any questions will be answered. Come and meet the students at Holy Trinity and see them in action.

Registration may be done on the day of Open House or during the week of February 18 through 21 from 7:30 a.m. to 3:30 p.m. at the school office.

board president effective as of the April 2nd election.

The raise will affect only the members elected this year. They will be the first to receive the new pay of \$1,000 per year as compared to \$800 present trustees serving on the board are receiving. Members who are not up for election will continue to receive the \$800. The raise will not take effect for the remainder of the trustees until their terms expire and new officials are elected. The board president's pay will go from \$1,350 to \$1,600 a year.

As it was noted by outgoing president Gerald Stollenwerk, it has been six years since the board has received any raise. Over that period, other village employees have received adjustments equaling 25%. Breaking down the board's new raise that would equal a 4% increase per year.

While the new raise will not make anyone rich, several board members felt an increase was warranted in order to maintain a quality board for

the village.

The board went on to review Chief Donald Hlavaty's annual Police Department report for 1984. Stollenwerk said the report shows the department is doing a good job. One statistic which the board found enlightening concerned the issuance of speeding tickets. While some village residents felt the department was operating a speed trap, actual figures show for every five drivers stopped, only one is issued a citation. Village Administrator Dan Schmidt indicated the department's main concern is public safety and not the issuance of tickets.

The report also stated the department receives four general complaints (miscellaneous items) per day all year, and a criminal complaint every other day.

## Postal Rates to Go Up Feb. 17

Postage rates for First-Class and other mail will increase Feb. 17. The change will mark the first general increase in postal rates since 1981.

The cost of sending a typical letter by First-Class Mail will rise two cents to 22 cents while the cost for each additional ounce remains unchanged at 17 cents. Post cards go up a penny to 14 cents.

The new rates were recommended by the independent Postal Rate Commission last September and approved by the USPS Governors Dec. 11. Board Chairman John R. McKean announced the changes the following day, noting that the action is necessary to stem rising costs.

"This represents the first increase in the basic letter rate in more than three years, and it is an increase of only 10% compared to a jump in the consumer price index of 13% during the same period," McKean said.

"None of us welcomes the increase in postage rates," he continued, "but we have no other practical option. We have reached the point where our costs, which have continued to increase over the last three years, have overtaken our revenues. The rate increase will enable us to break even financially and continue to operate with no taxpayer subsidy to the Postal Service whatsoever."

## Schlice to Run For Village Board

By GERRY MUELLER  
Statesman Staff Writer

Richard Schlice, 52, of 1450 Bilgo Lane, has declared himself as a write-in candidate for the April 2nd Village Board election.

Village Administrator Dan Schmidt said Schlice turned in his candidacy papers last Tuesday. Although Schlice has officially declared himself a candidate for trustee, his name will not appear on the ballot because he filed his nomination papers after the January deadline. Schmidt said anyone wishing to cast their vote for

Schlice must write his name on the ballot and mark their vote after his name.

Schlice made an unsuccessful attempt to win a seat on the Kewaskum School Board four years ago.

Along with the newcomer Schlice, incumbents Paul Blumer and Mary Krueger will be seeking re-election to their posts.

Trustee Dave Nigh, whose term expires, will be running for president succeeding Gerald Stollenwerk, who has decided not to seek re-election when his term is up.

## Stella Cheese Plant at Campbellsport to Close

Universal Foods will close its Stella Cheese Division at Campbellsport in early April, according to company officials.

Stella Cheese has been operated by Universal Foods since March 1963, manufacturing mozzarella and provolone cheeses under its own label.

According to Cliff Cole, vice president of manufacturing for Universal's cheese division, the closing was announced as a temporary one but no decision has been made as to the duration of the closing.

A few employees will be offered transfers at other Universal subsidiaries, but most of the 40 workers at Stella will be laid off.

Area dairy farmers whose milk is processed by Stella have been told their milk will be diverted to other plants.

Stella is one of Campbellsport's major employers. Village President Phillip Ketter said, though, the biggest impact of the loss will be on the user charge for operation of the village sewage treatment plant.

"They paid 35 to 40 percent of the total," Ketter said. "We have a contract with them for the fixed charge for two years, but that's not going to begin to soften the impact."

The capacity of the treatment plant was sized to meet the needs of Stella's cheesemaking operation.

Ketter said the village is in the process of finishing design plans to correct problems at the plant. That means, he said, "operational costs are going to jump; it will be a double blow" for the village.

A message to dairy farmers

whose milk goes to Stella told them that haulers would remain the same but milk would be diverted to Cedarburg Dairy or elsewhere. "Campbellsport and Cedarburg Dairy fieldmen will be available to serve you," they were told.

## Swing Choir-Jazz Band Concert at KHS

The Fine-Arts Department of Kewaskum High School will again be presenting the always exciting, annual Swing Choir-Jazz Band Concert on Wednesday, February 13, at 7:30.

The concert consists of some of the best of Kewaskum High's musicians performing everything from pop to jazz.

The Swing Choir will be doing a tribute to the Everly Brothers including "Bye, Bye Love" and "All I Have to Do Is Dream." They will also be doing the Righteous Brothers hit "You've Lost That Lovin' Feeling" and their two contest songs, "Goin' Out of My Head" and the 20's rag "Yes Sir, That's My Baby."

There will also be featured solos and duets by the Swing Choir members.

The Jazz Band also has a fine musical line-up scheduled. Some of their numbers include "Total Eclipse of the Heart," "The Charleston," and "The Curley Shuffle." Their two contest songs are "Home Cookin'" and the love theme from "Lady Sings the Blues."

The concert is free of charge-so for an evening of enchanting family entertainment- come enjoy the Swing Choir and Jazz Band.

## New Additions to KHS Staff at Mid-Term

Shari Nothem

Dale Schatz

Due to a vacancy on the KHS staff at mid-term this year, two new teachers have joined the Kewaskum High School staff. Ms. Shari Nothem, a native of Muskego, Wis. will be teaching remedial math and technical math. She is a December graduate of UW-Whitewater and has a BSE in mathematics. This is her first teaching position. She did her student teaching at Homestead High School in Mequon and has had experience in teaching most

areas in the math related field.

In the business education department, Mr. Dale Schatz will be teaching Personal Typing and Basic Business. Mr. Schatz grew up in Hubertus, Wis. and attended Hartford High School. He received his BS in Business Administration from UW-Whitewater in 1979 and his graduate degree - MAT - this past December. He has previously taught at Washington High School in Germantown, Wis.

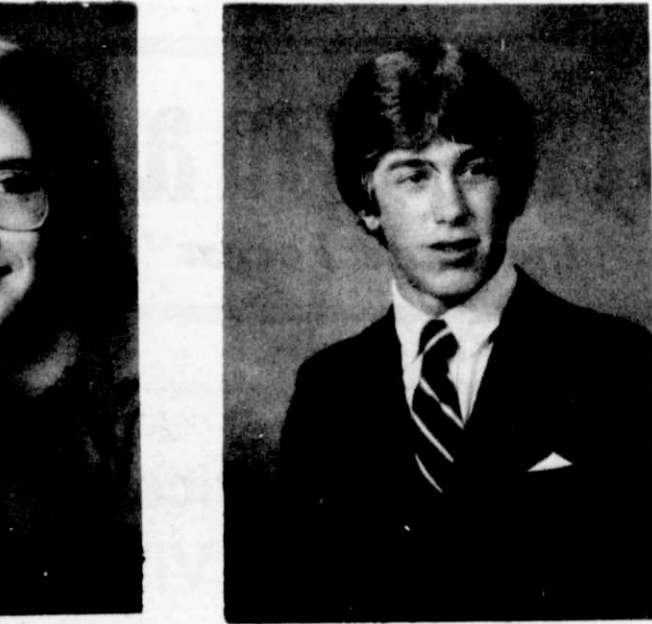

## Kiwanis Students for the Month of February

Amber Charland, daughter of Mr. and Mrs. Fran Charland of rural Kewaskum, and Jon Etta, son of Mr. and Mrs. Ethan Etta of rural West Bend, have been chosen as the Kiwanis students for the month of February.

Amber is a member of the National Honor Society and she received the DAR Good Citizen Award. Just recently she was a member of the Academic Decathlon team. She played in the concert band for two years, the symphonic band for two years, was a member of the girls choir, mixed choir, swing choir, jazz band and pit band. She was the treasurer of her class in her junior year and now is treasurer of her senior class. She has been on the tennis team for four years and this year was voted MVP. She also participated in track for one year and basketball for three years. In her freshman year, she was a student council representative.

Amber is a two-year member of the letter winner's club. She is listed in Who's Who Among American High School Students.

Jon was inducted into the National Honor Society during his junior year. He also represented Kewaskum High School at Badger Boy's State during his junior year. He was a member of the marching band, concert band, symphonic band and pep band for four years and this year he was a member of the pit band. He participated in the solo and ensemble contests for four years.

Jon has been very active during his four years in FFA, serving as secretary during his junior year and vice president this year. His achievements in FFA include second in State Creed Speaking Contest - freshman year, State Finalist in Prepared Speaking Contest - sophomore year, Star Greenhand in

1982, Star Chapter Farmer in 1984, State Farmer Degree - junior year, named "Star Area Farmer of Wisconsin" in 1984, awarded State Top Three Gold Proficiency Awards for Diversified Livestock and Home and Farmstead Improvement in 1984, attended the National FFA Washington Conference program in Washington D.C. in 1984, was a delegate to the Wisconsin Farm Bureau Forum in 1985, and named Master Stockman of the Year in 1983 and in 1984 by Wisconsin Livestock Breeders Association. Jon is a ten year member of the Wayne Crusaders 4-H Club. He received the Wisconsin 4-H Key Award in 1984. He was a winner of the State 4-H Swine Award and represented Wisconsin at the National 4-H Congress. Jon is also listed in Who's Who Among American High School Students.

### Holy Trinity Second Graders Write Story Books

Second graders at Holy Trinity School are published authors. Since the beginning of the school year, the children have been involved in the process of writing to the extent of creating their own stories, recording them on paper, editing them for errors and then illustrating them in their final format.

These second graders have celebrated the authorship of twenty-five new stories. These books are then put into circulation in the school library.

What follows is a story written by one of these children, author Christine Neumann. It tells the story of what consequences befall a complacent reader:

#### THE BOY WHO JUST LIKED EASY BOOKS

by Christine Neumann

Once upon a time there was a boy who just liked easy books. His name was Kim. He always went to the easy side of the school library. He thought he would stay little by reading easy books.

But one day his mother noticed that he was not getting bigger but smaller.

His mother made him a doctor appointment. The doctor said, "You will have to read bigger books and harder books so that you will get big again." He couldn't wait until Monday to come.

When Monday came he took out a harder book. And then he grew big. And Kim never read an easy book again.

### Special Activities At Holy Trinity for Catholic School Week

Holy Trinity School joins other schools across the country in observing Catholic Schools Week, Feb. 3-10, with a variety of activities.

The theme this year is "Sharing the Vision: Teaching Values."

Monday was Student Activity Day. Students made posters for Catholic Schools Week. It also was the opening of the Book Fair and viewing of books by students.

Tuesday was Parents Day and Dress-up Day for students. An Open House for parents was held from 10:00 a.m. to 1:30 p.m. Parents visited the classes and had an opportunity to eat lunch with their child. A Mass for parents and children was held at 1:45 p.m. Refreshments were served.

Wednesday was Student to Student Day. The 8th grade students taught Phy. Ed. to the students in school.

Thursday was Grandparents Day. Grandparents could attend Mass with their grandchild at 8:00 a.m.; visit the classrooms and Book Fair in the library. Refreshments were served.

Friday is School Spirit Day. It is a blue and gold Dress-Up Day and presentation of awards for posters. Students can purchase books at the Book Fair.

### Campus Notes

Kewaskum Man Awarded  
C.P.M. Designation

Frank Klein holding his C.P.M. certificate.

Frank Klein, Assistant Purchasing Agent for the West Bend Company has been awarded his Certified Purchasing Manager (C.P.M.) designation by the National Association of Purchasing Management, a 28,000 member organization founded in 1915. He received his certificate at the December meeting of the Milwaukee Association of Purchasing Management. Klein now joins a growing group of purchasing managers across the country whose responsibility is to keep their employer's costs down by well-informed purchases of supplies and materials. Frank Klein lives at 5621 Sunset Dr., Rt. 2, Kewaskum.

The status of "C.P.M." can be attained only after an applicant has passed four examinations that test administrative, organizational, and purchasing skills; the individual's involvement in continuing purchasing education is another prerequisite. To apply for certification, the applicant must have

five years of experience in purchasing or materials management, or three years of experience in purchasing and a degree from a recognized 4-year college or university.

Unlike most other professional certifications or degrees, the Certified Purchasing Manager designation must be renewed every five years.

Firemen Answer Two  
Calls in Bitter Cold

Kewaskum firemen responded to two chimney fire calls last week in very frigid weather.

At 8:30 p.m. Wednesday, with the temperature at eight degrees below zero, the firefighters put out a chimney fire at the William Butzlaff residence, 4463 Badger Road in the Town of Kewaskum. Fifteen men spent 45 minutes at the scene. There was no damage nor injuries.

At 8:31 p.m. Thursday, with the temperature at 12 degrees below zero, the fire department was summoned to the William Thull residence, 2337 Hwy. H east, for another chimney fire. Eighteen firemen spent one hour and 10 minutes in putting out the blaze in the chimney, which is in need of repairs. No injuries were reported.

# Memories...

Remember this building? It is the Joe Eberle tavern on Main Street, right across the alley from the Statesman office. The building included the tavern and beer garden downstairs, living quarters upstairs, and two old bowling alleys in the rear which were long out of use. At the rear of the property were a horse barn and dog kennels. Joe raised prize beagle hounds as a hobby, was an active member of the Wisconsin Beagle Club, served as its president, and hosted many of the club's field trials and shows. The residence building at the right of the photo was also owned by the Eberles. The buildings were later purchased by Peace United Church of Christ and torn down to make room for a parking lot. related business, the board opened sealed bids for the sale of the 1983 squad. The village received five bids, ranging from \$1,800 to \$2,666, with one from as far away as Woodside, New York. The board approved the sale of the car to high bidder Richard Knoebel of Kewaskum for \$2,666.

Public Works Superintendent Augie Bilgo informed the board that the village's new warning siren was installed last Friday and is now operational.

The board approved a recommendation of the Public Works Committee to direct Schmidt and Bilgo to prepare bid specifications for plumbing work in the village owned property at 1105 Fond du Lac Avenue.

The village received one bid, of \$57,950.00, from Kamp and Associates, Grafton, for a telemetry control system to monitor the village's water system. The bid was turned over to the village's consulting engineers for review.

The board also discussed all the bids received for remodeling work on the Municipal Building. Ruekert and Mielke engineers are presently reviewing the bids and they will make a recommendation at the February 18th meeting. If the board accepts one of the bids, work could begin March 1st or sooner, depending on when the contract is awarded.

In other action, the board approved going to a computerized list of registered voters and an amendment of the ordinance governing fees charged for garbage collection from tax exempt properties (private schools, organizations, etc.).

The meeting was then adjourned.

An obscenity bill will soon be introduced to the Wisconsin Legislature according to State Senator Scott McCallum.

"The obscenity issue is of major importance to many in the 18th Senate District," noted McCallum. "City Councils have debated the need for either a local ordinance or a state law."

Recently, citizens groups in West Bend and Fond du Lac have rallied for a Wisconsin Statute. The state presently has no law pertaining to obscene materials.

"All of us want to maintain our constitutional rights," said McCallum. "The bill to be introduced will maintain those rights. At the same time, it should help to prevent the exploitation of women and children through some of the trash now in print."

The Fond du Lac lawmaker said the bill will soon be introduced by Walter Chilsen of Wausau. The legislation is similar to that introduced during the past session. McCallum feels that during this session there will be a better chance to enacting the bill into law.

"The chair of one committee personally kept this bill from a timely vote on the floor in the past several years. A large majority of legislators will support the bill," predicted McCallum "if we can just get it to the floor for the vote."

## Accidents Reported In Town of Auburn

Two separate one-car accidents over the weekend were reported on Town of Auburn roads.

The first took place at 9:12 p.m. Saturday approximately two miles northeast of Kewaskum on County Trunks S near G where a truck driven by William J. Johann, 33, of Route 2, Campbellsport, was traveling westbound on S when his truck left the road at the intersection with G and came to rest in a field.

The Fond du Lac County Sheriff's Department reported that Johann suffered lacerations to his nose and head, along with possible back injuries. He was conveyed by a private motorist to St. Joseph's Community Hospital, West Bend, where he was treated and released. No one was with Johann at the time of the accident.

The second mishap occurred shortly after 11 a.m. Sunday when a car driven by Joann M. Lecher of Route 1, Cascade, skidded off the road on a curve near the intersection of SS and GGG, just east of New Prospect. The car struck a guard rail and ended up in the ditch. She was not injured.

Funeral services were held at 10:30 a.m. Tuesday at the funeral home and at 11 a.m. at St. Michael's Catholic Church, St. Michaels. The Rev. Ralph Wagner officiated. Burial was in the parish cemetery. Graveside services were held by the Kewaskum American Legion Robert G. Romaine Post.

Mr. Plzak died Thursday, Jan. 31, 1985, at St. Joseph's Hospital, West Bend.

He was born Feb. 24, 1932, at

West Bend, the son of Louis and Helen Allen Plzak. On Feb. 7, 1959, he married Angeline Bremser at Holy Angels Church, West Bend.

Mr. Plzak was employed at Mercury Marine for 21 years. He was a Korean War veteran serving the U.S. Army. He was a member of St. Michael's Catholic Church. He was also a member of the Boltonville Fire Department and Boltonville Sportsmen's Club.

Survivors include his wife; eight children, Daniel (Cindy) of West Bend, Kevin of Madison, Coleen, Janet, Joyce, Luann at home, Jay (Charlene) Schaefer and Sheri Dricken of rural Random Lake; five grandchildren; one brother, Eugene Plzak, Lomira; other relatives and friends.

He was preceded in death by his parents and a daughter.

### WILLIAM J. RUTH

William J. Ruth, 70, of rural Campbellsport, formerly of Reading, Pa., passed away on Wednesday, January 30th, at St. Joseph's Community Hospital in West Bend.

Mr. Ruth was born in Reading, Pa. on March 26, 1914, to the late William J. and Mary Fricker Ruth. On May 5, 1934, he married Florence B. Broskey in Elkton, Md. He was a real estate broker for approximately 30 years and also operated the Koch Feed Mill in Kewaskum for 10 years.

Survivors include his wife; four children: 3 daughters, Florence (Earl) Marks of West Bend, Carolyn (Donald) Renner of Jackson, Beverly (Jerome) Nigh of Campbellsport and one son, William (Jeanne) of Oregon, Wis. He is further survived by 16 grandchildren, 13 great-grandchildren, two sisters, Mrs. Marie McCullough and Mrs. Rita Richter, also one brother, Maurice Ruth, all of Reading, Pa.; other relatives and friends.

Mr. Ruth was a member of the Holy Trinity Catholic Church in Kewaskum and also their Holy Name Society. He was also a member of the Knights of Columbus in West Bend and a Fourth Degree Knight of Our Lady of Holy Hill.

Visitation at Miller's Funeral Home in Kewaskum was Friday after 3 p.m., with a prayer vigil at 4:45 p.m. Services were at the funeral home at 7:00 p.m. and at 7:30 p.m. at Holy Trinity Catholic Church in Kewaskum with Rev. Robert Berghammer

officiating. Burial was in the church cemetery.

### LOUIS HAHN

Louis Hahn, 62, of Evanston, Ill., died Tuesday, Jan. 29, 1985, at Evanston Hospital.

He was born Dec. 7, 1922, in Campbellsport, the son of Peter and Celia Raidy Hahn. He married June Fischer on Sept. 9, 1950, at St. Paul's Catholic Church, Milwaukee.

He was a graduate of Campbellsport High School and the University of Wisconsin at Madison, with a degree in agriculture. Following graduation, he served for several years in the U.S. Navy. He was employed by the Milwaukee County Agricultural Agency for several years before moving to Evanston. He was employed by Standard Oil in Chicago for 30 years.

Survivors include his wife; one son, Peter, serving with the U.S. Marines in Virginia; four daughters, Beth of Phoenix, Mrs. Pat (Nancy) Dunlap of Baltimore, Janet of Troy, Mich., and Susan at home.

He is also survived by two brothers, Joseph and Oscar, both of Campbellsport; and three sisters, Clara Hahn of Fond du Lac, and Irene Hahn and Mrs. Ralph (Catherine) Strassburg, both of Campbellsport. He was preceded in death by his parents and one brother.

Funeral services were held Friday at St. Athanasius Catholic Church, Evanston.

## LETTERS TO THE EDITOR...

1/31/85

Dear Marcy and Bill,

We don't know how it happened but somehow the P.O. has changed our address by mistake. While on a trip out West we had our mail forwarded for a month to Hank's sister, Doris in Tucson, Az., but evidently a computer or something goofed and made that a permanent address. Not so! We are back on "Sea Sharp" again and don't plan to move in the near future.

Hope this change isn't too much trouble for you.

We had a very enjoyable trip, spent holidays with Mark, John and families and saw the Lyle Gibsons on the Pacific coast and the Casey Heberers in the Rio Grands Valley. Temperatures were below normal where-ever we went but it really got bad the last few weeks and now we hear on the news that another blast is coming!!

We surely don't want to miss the Statesman. Dorie has forwarded Jan. issues. You folks do such a good job keeping us up on the news.

Hope you are both well.  
Happy New Year!

Hank and Ruth Rosenheimer

To The Editor:

As president of the American Lung Association of Wisconsin, the oldest voluntary health organization in the state, I must address the serious threat to the public good being presented by current proposals at the state and federal levels to drastically reduce and even eliminate tax deductions for charitable contributions.

Since 1917, this country has fostered voluntary giving to charitable causes by allowing tax deductions for private philanthropy. This policy was instituted in the interest of the public good and in recognition of the need for support of educational, cultural and welfare activities that would otherwise have to be supported by government.

Funding for Lung Association programs and services to improve respiratory health comes primarily from the thousands of Wisconsinites who contribute to the annual Christmas Seal Campaign.

Our donors have indicated to us that although their primary reason for contributing is to support our cause, the levels of their donations are frequently influenced by the tax incentives available to them. They are able to give more because of existing allowable deductions.

A cut in charitable tax incentives could result in a decrease in private giving and a decrease in the ability of all voluntary organizations to provide their services to the community.

Ironically, the ultimate victims of the proposal to eliminate charitable tax deductions could be the very taxpayers the plan is supposed to help.

Charitable organizations are recognized for operating with exceptional efficiency. It has been calculated, for example, that the work done by one national youth organization with a \$187 million budget and a

**WINNER** — Bob Beisbier, left and Dave Nigh, right, presenting the third prize of a home cured ham to Glen Mueller, Kewaskum, which he won in their National Meat Week Sale held recently.

million volunteers would cost 30 times more if it were done by the government.

Eliminating charitable tax deductions could mean that many, many truly needy people would not be helped at all or that government would need to increase its social service programs. That would, of course, add even more to the heavy tax burden we all want lightened.

On behalf of the thousands of Wisconsinites who are served by the Lung Association and numerous other charitable organizations and as a fellow taxpayer, I strongly encourage your readers to contact both state and federal elected officials urging them to reject proposals to eliminate or reduce tax deductions for charitable contributions.

The Wisconsin Legislative Hotline number is (800) 362-9696.

Letter to the Editor:

When you begin to fill out your state income tax form, right after your name and address comes line 4: "Do you want \$1 to go to the State Election Campaign Fund?" Then there is a box for you to check and, if a joint return, a separate box for your husband or wife's separate checkoff.

What's this all about?

It's a way for us as individuals to support clean elections. We can, by simply checking off a dollar of the tax we'll pay anyway (not an added dollar) help fund elections so that candidates are responsible to all of us and don't have to rely on big gifts from corporate and union political action committees. With their big gifts, these PACs may buy gratitude, and therefore special favors, sometimes at our expense. With our dollar we help finance election campaigns that may free elected politicians to act in the best interests of all of us.

State and also federal laws authorizing public financing of elections were passed as a result of the campaign finance scandals of the Watergate era. In Wisconsin a 1977 law created public financing for candidates for state office including governor, state legislators, and supreme court justices. A similar dollar checkoff on the

federal income tax form is for presidential elections only. Let's check off the dollar!

## Retired Teachers to Form Chapter in Washington County

Washington County, the only county in the area without an association of its retired teachers, is in the process of forming a chapter of the state association. Fred Holt, former highly respected Superintendent of the West Bend Schools and currently Vice-President of the State Association for Retired Teachers, met in December with a few of the teachers he had known in an attempt to start a county chapter.

Later fourteen teachers met to plan a county meeting which was held at the Heritage Bank in West Bend recently, at which time Mr. Holt returned to explain the association to representatives of the various communities in the county. Those present agreed to go ahead with plans to organize, and an initial breakfast meeting is being planned for April, about which more details will be announced later. Every attempt will be made to contact known

retirees with details of the April meeting.

The future organization can have several objectives: social, legislative, community and educational service, assistance to future retirees, as well as planning meetings with topics of special interest to retirees.

Ralph Eggert (334-3637) is serving as temporary chairman until permanent officers can be elected. Other members of the planning committee are Inez Muehl (334-2982), Marita Yahr (338-2408), Bernice Hron (334-2514), Tillie Evans (334-5119) and Dorothy Williams (334-7560). Slinger area teachers may contact either Marge Kramer or Anita Hayden; Bea Keller is the contact for Hartford. Retired teachers who were not members of any faculty in the county but who now live in the area are urged to contact any of the above and to watch the newspapers for further details.

### Boy Scouts of America Diamond Jubilee

The Boy Scouts of America is 75 years old Friday. The Bay-Lakes Council, which serves 22 counties in northeastern Wisconsin, will join the nation's other 412 local Scout Councils and the more than 4.7 million members of the youth organization in marking the Diamond Jubilee. It was on February 8, 1910, that the group was formally incorporated in Washington, D.C. by William D. Boyce. Robert S.S. Baden-Powell was the founder and developed the concept for Boy Scouting. Ernest T. Seton, who started the Tribe of the Woodcraft Indians, and Daniel C. Beard, who organized the Society of the Sons of Daniel Boone, merged their organizations into the Boy Scout movement.

Anniversary Week, February 3-9, is marked by a variety of special programs, according to Michael Ariens, Jubilee Chairman of Brillion. Scout Sunday was February 3 and Scout Sabbath is February 9 and will be observed in special ways.

The purpose of Scouting has not changed one bit over the years, noted Ariens. We still strive to build character, instill ideals of good citizenship and foster fitness in young people. We will always be guided by the Scout Oath and Law, the Cub Scout Promise and the Explorer's Code. The methods of delivering this program, however, have changed to keep pace with the times.

Currently, stress is being placed on teaching young

people to make ethical decisions. It is an outgrowth of a major program called Shaping Tomorrow, now being implemented.

Particular recognition is being paid during the week to community organizations for their use of the Scouting program and to the 12,000 adult volunteer leaders in the local Council.

The Diamond Jubilee theme is "Pride in the Past...Footsteps to the Future." Ariens said that other anniversary highlight events planned during the year will include a Scout Good Turn on May 11, in cooperation with the Girl Scouts and Goodwill Industries to collect clothing and small appliances; a Cub Scout Celebration at Twin Lakes Cub Outdoor Program Center, Wild Rose, with Council Wide Olympics, picnic and family camping; National Scout Jamboree, July 24-30 at Fort A. P. Hill, Fredericksburg, VA, with 40,000 Scouts from all over the country to attend; and a Boy Scout Camporee at all Council Camps on September 27-29.

Glacier Edge District 11 serving Ozaukee and Washington Counties will include the

following events in the year-long celebration: Cub-Scouts—Cub Winterfest, Blue & Gold Banquets, Cub Day Camp, Pathways to Scouting; Boy Scouts—Klondike Derby, Camporee, Summer Camp, Winter Campout; Explorers—Winterfest, Olympics, Bay Jammer, Lumber Jack Day, and Road Rally. A Scout-O-Rama involving all District Scouts will be held April 27 at Manchester Mall in Grafton.

### County Treasurer Generates Over \$1.5 Million in Income

WEST BEND...The Washington County Treasurer's office generated over \$1.5 million in income during 1984, County Treasurer, Fredric A. Seefeldt, reported.

"This marks the sixth consecutive year that I have been able to report annual earnings of \$1 million or more," Seefeldt said.

"One of my major responsibilities as County Treasurer is to make sure that all available dollars are kept working to the benefit of the taxpayers of the County," Seefeldt stated.

"I do this by investing cash balances on a daily basis. Some monies are invested overnight and are readily available to meet daily obligations. Unexpended revenues and reserves are invested for longer terms in certificates of deposit purchased from financial institutions in the County," Seefeldt explained.

"I schedule investments to take advantage of favorable rates and to meet the schedule of payrolls, bond payments and bill approved for payment by the County Board and its finance committee," the treasurer further commented.

"Earnings for 1984 totaled \$1,583,000. About two-thirds of that amount came from interest earned on investments. The other third came from interest collected on payments of delinquent real estate taxes," Seefeldt noted.

"I like to point out that each dollar of investment income generated by the county treasurer is in effect a dollar of tax relief, for it means that one less dollar has to be raised from the property tax," Seefeldt concluded.

### Red Cross Schedules CPR, First Aid Course

The West Bend Red Cross has scheduled a Cardiopulmonary Resuscitation (CPR) course and a Standard First Aid and Personal Safety Course.

CPR is a life support measure

combining artificial respiration and artificial circulation to restore heartbeat and breathing when a person goes into cardiac arrest.

When circulation stops, the pulse disappears and breathing stops at the same time or shortly thereafter. CPR should be started immediately as an emergency procedure by persons who have been taught to recognize cardiac arrest and who have been properly trained. The CPR course will do just that.

The CPR class meets three Monday evenings starting February 18th, 25th and completing on March 4th, from 6:30 to 9:30 p.m. at the West Bend Bank. Persons completing the course successfully, will receive CPR certification. Cost of the Modular CPR course \$4.25, the price of the book. The Instructor is Tom Hoffman.

The Standard First Aid and Personal Safety course is scheduled for 7 Monday evenings starting February 5 and completing on March 18th at the Fillmore Fire Dept. from 7 to 10 p.m.

The Standard First Aid and Personal Safety course is a lecture and discussion format, giving you the background skills needed to handle most emergency situations and accident prevention. Cost is \$5.75. Lind Howe is the Instructor.

To enroll in either class, call the West Bend Red Cross office at 334-5687.

The first all-talking feature film premiered in New York on July 6, 1929. It was called, "Lights of New York."

The first meeting of the Kewaskum Hot Rod Club was held on January 28. A list of all prospective members was made and it contained the following names: Terry Koch, Dick Cooke, Harvey Ramthun, Otto Ramthun, Mark Rodenkirch, "Butch" Rodenkirch, Gary Bohn, Jack Weddig, Jim Schuppel, Richard Puerling, Jim Fickler, "Gabby" Galabinski, Don Theusch, Bill Sengpiel, Kons Sadownikow, Gloria Schaefer and Mr. LaMarche, advisor. Suggested names for the club were presented and from these suggestions, "Valve Burners" was selected as the most popular name for the present.

Honor roll students at Holy Trinity School, Kewaskum, for the second period of the school year, based chiefly on effort and conduct, are the following: Grade 1 — Michael Stoffel, Linda McCarty, Janet Marx and Patrick Perkins; Grade 2 — David Amerling, Betty Butz, Mary Marx, and Sylvester Schoofs; Grade 3 — Daniel Stoffel, David Wietor, Marilyn Reindl, Douglas Senn, Frank Gitter, William Butz and Mary Stelplflug; Grade 4 — Dennis Campbell, Linda Nigh, Barbara Schmidt and James Butz; Grade 5 — Mary Jane Bales, Patricia Nigh, William Backhaus, Richard Marx, John LaMarche, Thomas Stoffel and Paul Reindl; Grade 6 — Jeanne Reindl, Karen Campbell, Diane Gruber, and Karen Groh; Grade 7 — Diane Schmidt, Susan Marx, Ronald Amerling and Paul Kohler; Grade 8 — Jerome Campbell, Kathleen Campbell, Kathleen Hawig, Robert Kern, Robert Schlamer and Allan Weinert.

Mr. and Mrs. Clayton Kohn and daughter Janis have purchased a new home at 11644 Kildare Ave., Oaklawn Alsip, Illinois, and moved there on Thursday of this week from their home at 612 Highland Ave. in Kewaskum. Mr. Kohn has accepted a position as plant superintendent at Bloomfield Industries in Chicago, manufacturers of stainless steel.

The Bartelt Brothers and Associates, formerly of Kewaskum, have recently acquired 600 acres of land located about two miles south of Weeki Wachee Springs in Florida. The purchase price was in excess of \$350,000. According to the Bartelt Brothers (Lyle and Dave) realtors of Tarpon Springs, a new Florida community is in the planning stage.

A son was born to Mr. and Mrs. Joe Gruber, Route 2, Campbellsport, on January 31. He is the son of the John Grubers of Kewaskum. A son was also born to Mr. and Mrs. Daniel Staehler, Long Island, New York, on January 27. Mr. Staehler is a son of Mr. and Mrs. A. M. Staehler, Sr., of Kewaskum.

February 8, 1935

309 Hollywood Leghorn pullets produced 13,445 eggs in the months of December, 1934, and January, 1935, at the farm of Glenway Ehnert, New Fane. The average from these two months was 217 eggs per day or a flock average of 70 per cent. The highest number of eggs per day was 242. These pullets, as chicks, were purchased at the Domann hatchery near Beechwood.

Al Naumann, manager of the Kewaskum Opera House, has booked Lela Schmidt and Her Dutch Girls for a return engagement at his hall February 8. Miss Evelyn Pennak, the world's champion saxophonist is a feature of this all ladies orchestra and she will be in evidence throughout the evening. The orchestra will play old time and modern dance music to suit the tastes of everybody.

The Kewaskum High School is making plans to continue the anti-tuberculosis program it inaugurated several years ago by holding one or more free chest clinics during the year.

Dr. F. E. Romaine, son of Mr. and Mrs. George Romaine, will open a dental office in the Dr. Weld rooms on the corner of Poplar and Main Streets in Campbellsport, on February 11. Dr. Romaine will be glad to meet all his friends in this vicinity.

Mrs. Nick Schiltz had the misfortune to injure the bone at the base of her spine quite seriously when she slipped and fell near her home in the village the forepart of this week. At present she is confined to her bed most of the time and it will take at least two weeks before Mrs. Schiltz will be up and around.

Miss Luella E. Schnurr was a business caller at Milwaukee Monday. Miss Schnurr recently appeared on various musical programs. She is an associate member of the Michigan S.N.C. choir which sings in several foreign languages. Miss Schnurr is expected to sing over radio station WISN from Milwaukee February 10th. Her voice has been approved by the American Conservatory of Music and Radio Artists at Chicago.

A sleigh load of young people attended a party at Gust. Kuehl's place last Saturday evening. They were unsuccessful in their first attempt to reach their destination, but try, try again they thought and they made a second attempt. This time they were successful and enjoyed the party to their

hearts' content.

Miss Ella Harter left for St. Agnes Convent at Fond du Lac where she will study for the sisterhood.

At the ladies' bowling match at Eberle's alleys Tuesday evening, the following high scores were made: Mrs. A. Rosenheimer, 145; Mrs. H. J. Lay, 135; Mrs. Mary Jacobitz, 136.

AID FOR DIABETICS

"Putting diabetics on a high-carbohydrate and low-fat diet may reduce their need for insulin, with possible elimination of insulin entirely," notes Dr. Julian Whitaker, director of Calif. Health Treatment Center. "Fat, the enemy of the diabetic, tends to block the natural action of insulin. Complex carbohydrates work in reverse - they boost the effectiveness of insulin." His diet for diabetics calls for only 6 to 12 1/2 of calories from fat - the less fat, perhaps the greater the hope for diabetic healing.

# 'Anastasia's Passbook Rainbow'

The following news story was written by Suzanne Muehlbauer, a classmate of R. G. Edwards, M.D., Kewaskum, who is attending classes in Creative Writing at Concordia College:

When she told me her name was Anastasia but everyone called her Anna, my imagination soared! Visions of Russian czars, crown jewels, luxurious sables, breathless escapes and secret identities filled my thoughts. At 75, she was even the right age and her bearing was definitely aristocratic. (She had perfected the disdainful sniff to an art!) On the other hand, how had she come to be living in an ancient, run-down, house-turned-apartment building in Asbury Park, New Jersey?

An ardent devotee of Russian history, I had sobbed my way through no less than five viewings of "Dr. Zhivago," had commiserated with Tevye in "Fiddler" at least as many times, and had even waded through some Dostoevsky and Tolstoy. Perhaps that is why I was so enchanted with the idea that this Anna was somehow the very same Anastasia, crown princess, who had allegedly disappeared, without a trace, as the sole survivor of the assassination of the royal family during the Bolshevik revolution.

The first time I saw Anna was the day we moved in next door to her. In spite of a steep flight of stairs (which didn't discourage the cockroaches either), we considered our three-room apartment "just perfect," with the total disregard for reality that only newlyweds are capable of. Since the door to our home was only inches from Anna's door, and since we actually shared an entire thin wall, it was natural that we should become acquainted.

On that chilly November day, she was inadequately clad in a sleeveless, blue housedress that was mostly two capacious pockets overflowing with endless handkerchiefs. I later learned that this outfit constituted one half of Anna's wardrobe, the other half consisting of an identical garment, only in pink. Even on the coldest winter days, when we were bundled up to our cowlicks, she always appeared, miserably dressed in nothing more than this depressingly insufficient apparel, her bare

arms giving silent reproach to our warm opulence. (Surely there was no connection to my dream Anastasia of the sables and jewels!) In spite of her limited wardrobe, Anna was always carefully done from her bright carmined lips to her snowy hair, perfectly coiffed in the finger waves of silent movie vintage.

Accepting numerous invitations to visit her tiny, sparsely furnished apartment, I would spend hours listening attentively to her vigorous reminiscences, that were liberally salted with vivid profanity and profound advice. (Alas, no paintings of St. Petersburg of Czarist trappings were in evidence, to give credence to my imaginings, despite her admittedly Russian heritage). Generally, her stories encompassed the three symmetrical, twenty five year increments that were her life.

Decidedly reticent about her childhood years (a clue to her true identity, surely!), Anna spoke mainly of the years she spent as a high fashion model in New York City. "Back when New York was New York, darling," she would state with obvious relish, her eyes alight with memories. Her speech was marvelously exotic to my mid-western ear. For example, when she said the York of New York it rhymed with walk instead of stork and her frequent use of "sure always had a "shoe" in it. (Did I also detect an accent that had its origin much farther east than the Atlantic Seaboard?) From my position on a hassock, literally at her feet, I experienced the whole, glittering era that was the "Roaring Twenties," like a child cutting her teeth on wonderful fairy tales.

The second twenty five years of Anna's life was spent in marriage to her stockbroker husband, William. "He was a fine figure of a man, she would say with a nostalgic chuckle, "but then I was a handsome woman!" William died at Thanksgiving exactly twenty five years before the time I first met Anna, yet to her it seemed like only yesterday. She used to tell me that aging was like rolling down a hill; the older you get the faster time goes by until, at 75, she would no sooner wake up and get ready for the day, than it would have already

passed her by.

In this context, Anna's twenty five years of widowhood were the shortest segment of her life. It was an understandably unhappy time, complicated by the onset of a severe case of asthma, and consequently her supply of adrenalin was never far away. This was also the period of her life when she began to build, what I referred to as, her passbook rainbow.

I had known Anna several months before she showed me the first savings account book. It was appropriately red embossed with gold and showed a current balance of over twenty-five thousand dollars! In successive weeks, she revealed additional passbooks, each a different color and each with an increasingly larger balance, until, when her rainbow was complete, there was represented over two hundred and fifty thousand dollars in her personal pot of gold! (At this point, I would love to be able to say that this money was the long lost Russian crown wealth never recovered after the revolution, and at first my romantic heart leaped at this possibility. The truth, however, is much more mundane, albeit still romantic!) It seems that faithful William had provided well for his Anna, leaving her a legacy of wise investments, and in the years since his death, Anna had painstakingly squirreled away nearly all the fruit of his wisdom and foresight.

The absurdity of the situation struck me full force. She was living in virtual poverty. Her scant wardrobe covering her underfed frame as she huddled near a temperamental space heater now over twenty years old and a shot of adrenalin. All the while she was sitting on a cool quarter of a million dollars!

When I finally discovered the reason for my neighbor's impecunious life-style, the irony was almost palpable. My Anna (originator of my heady Russian daydreams) was so petrified of being left alone and penniless in her old age, that she spent only the barest minimum necessary to survive. In so doing, she was living the life she was so anxiously trying to avoid. It was inconceivable that such an obvious paradox could have escaped an otherwise shrewd lady. She had spent

twenty-five years, one third of her life, saving against a future she would never have, since she was so inexplicably bound by the fears of the present. Only death would make her the rich lady suggested by her incredible collection of passbooks.

We left New Jersey shortly after our first anniversary. We had become fond of Anna, in spite of her eccentricity. (The dream Anastasia had long since dissipated under the onslaught of a much more fantastic reality!) We promised to keep in touch by phone, a "luxury" Anna allowed herself due to the severity of her asthma. I called a few times and then was informed that the number was no longer in service. I liked to think that Anna had finally seen how ludicrous her situation was, and was enjoying some sumptuous self-indulgence that would have made her William smile in satisfaction. Of course, there is the possibility that she had died and that some obscure relative was spending her sadly accumulated wealth.

However the most likely contingency was that she simply had the phone disconnected in order to stash yet more of her life into that hopeless passbook rainbow.

## Hearing Tests Set For Senior Citizens

(West Bend)—Free electronic hearing tests will be given at the Beltone Hearing Aid Center at 2395 W. Washington, West Bend on Thursday and Friday from 9 a.m. to 4 p.m.

Anyone who has trouble hearing is welcome to have the test. Many people with hearing problems don't need hearing aids. But only a modern hearing test like the one now being offered by Beltone can really tell for sure. Beltone Hearing Aid Specialists will conduct the tests.

Everyone should have a hearing test at least once a year — even people now wearing a hearing aid or those who have been told nothing could be done for them. Only a hearing test can determine if modern methods of hearing amplification can help them hear better.

The free hearing tests will be given Thursday and Friday from 9 a.m. to 4 p.m. at 2395 W. Washington St., West Bend. If you can't get there on Thursday or Friday, call 338-6969 to arrange for an appointment at another time. In-home testing is also available.

## Unique Woman of God Luncheon Feb. 21

The featured speaker at the February 21st Unique Woman of God luncheon, which will be held from 12:30 to 2:30 p.m., at the Cedar Lake Home Learning Center, will be Connie Boerner, a song writer and vocalist.

Connie is the mother of five teen-age girls. She and her husband, Bob, and family live in Wauwatosa Wisconsin. She is a songwriter and vocalist and has enjoyed sharing Jesus through music, teaching and testimony over the past 10 years. At present she has just recorded her second album.

Reservations for the luncheon may be made by sending \$5.00 to Lou Reichert, 937 Redwood St., West Bend, 53095 or by calling Lou at 334-3870 to pre-register. The deadline for registration is Feb. 12th.

Nursery services are available for children ages 1-5. Children should be registered at the time of reservations.

## Friends for Battered Women Holds Election

The Friends for Battered Women of Washington County annual meeting was held on January 28, 1985. The FBW Board of Directors elected Mary Kay Pilarzyk, President; Steve Rinzel, Vice President; Marcia Theusch, Secretary, and Shirley Lange, Treasurer. The FBW Advisory Committee met and elected Marge Behlen as their Chairperson.

The meeting included a review of the agency 1984 Annual Report and an overview of the State Funded Legal Advocacy Program presented by Executive Director, Sue Kline. A slide tape presentation on domestic violence was shown, followed by informal discussion of agency focus and direction in 1985.

The Washington-Ozaukee County Dental Society brings you this article in observance of National Children's Dental Health Month. It is the third in a series of eight on "The Many Worlds of Dentistry."

Extracting a tooth was no small matter before the development of modern dentistry. If you were living on the American frontier and had a toothache, you were lucky if someone in town, by virtue of a strong arm and a set of extracting forceps, called himself a dentist. Even if you found a dentist, there was little he could do for an aching tooth but pull it—if he could figure out which one it was. Whiskey was the most common anesthetic.

The situation is far better today. Even though many people still think of dentists as persons who pull teeth, dentists are doing fewer extractions per patient. The population's dental health has improved enormously in the past fifty years, thanks to better oral hygiene, the use of fluoride, and professional dental care.

Modern dentists can extract teeth without causing serious discomfort because a wide range of anesthetics is now available. For this, we should be grateful to Horace Wells, a young dentist who practiced in Hartford, Connecticut, and those who came after him. Wells so disliked inflicting pain on his patients that he began the first serious American experiments on anesthetics in 1844.

Perhaps the teeth most likely to be extracted these days are the third molars, the so-called wisdom teeth. These teeth erupt (come through the gums) when people are in their late teens or early twenties. Problems arise when these teeth become impacted, that is, when they erupt only partially or fail to erupt, remaining inside the gum. Often this occurs because the jaw is not big enough to accommodate the wisdom teeth.

As a rule, impacted wisdom teeth should be removed. If they are not removed, they may grow forward and push against the second molars, causing pain and damage to these teeth. In other cases, a cyst may form around the impacted tooth, which can injure the teeth nearby, the jaw, and the nerves.

If you have a wisdom tooth or other tooth that must be extracted, your family dentist may

treat it or you may be referred to an oral and maxillofacial surgeon. An oral and maxillofacial surgeon is a dentist who has additional training in this area of dentistry and who limits his or her practice to the diagnosis and treatment of oral and maxillofacial surgery. In addition to extracting teeth, these surgeons also treat a wide variety of other disorders of the mouth, teeth, jaws, and facial structures. For example, they may reshape jaws that have grown abnormally, remove tumors from the oral area, and repair the facial injuries of accident victims.

Long ago, dentists wore strings of extracted teeth around their necks to advertise their profession. Today, such necklaces would be wildly inappropriate. Dentists do extractions only when absolutely necessary. Instead, they are kept busy with other important tasks—preventing dental disease, restoring teeth, performing root canal therapy, replacing missing teeth, doing gum surgery, straightening teeth, improving the appearance of teeth, and dealing with their patients' special problems.

**Winter Nature Hike to Be Held**

A winter nature hike will be held at Glacier Hills County Park on Sunday, February 10th. The hike will emphasize winter tree identification, a study of animal activity in the area and a look at the glacial topography of the park.

To enjoy the hilly terrain of the park, participants are urged to dress warmly and to be prepared for a one hour hike. Hot cider and a warm bonfire will be available immediately afterwards.

The hike will depart at 1:30 p.m. from the Nature Center near the main parking lot. The event is sponsored by the Kettle Moraine Aububon Society in conjunction with the Washington County Park System.

Glacier Hills County Park is located on Freiss Lake Road, just south of Holy Hill Road (Hwy. 167) near Holy Hill.

**Minutes of Village Board Special Meeting**

Special Meeting  
January 28, 1985  
4:30 P.M.

The Village Board of Kewaskum, Washington County, Wisconsin, met in special session in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. Trustee Thomas McElhatton asked to be excused and was absent and Trustee Paul Blumer was absent. All other Trustee Members were present.

Bids for the addition and remodeling of the Kewaskum Municipal Building were opened and read aloud as follows:

- 1) Joseph Lorenz, Hartland — \$405,000.
- 2) Condura, Okauchee — \$406,672.
- 3) Eagle Construction, Kewaskum — \$410,813.
- 4) W.B. Corp., West Bend — \$419,423.
- 5) Peter Schwabe, Big Bend — \$427,132.
- 6) Salvat, Milwaukee — \$458,582.
- 7) Westra, Waupun — \$459,485.
- 8) Wm. Schober, Mequon — \$465,000.

On a motion by Trustee Donald Mlodzik, seconded by Trustee David Nigh and unanimously carried by voice vote, the Board turned the bidding documents over to Engineer Robert Skatrud for his review and recommendation at a future meeting.

It was noted the bids for the Supervisory Control System were postponed until February 4, 1985 at 8:00 p.m.

On a motion by Trustee Mary Krueger, seconded by Trustee Howard Laubenstein and unanimously carried by voice vote, the Board hired Thomas R. Johnson as the Certified Building Inspector. It was noted the pay will remain as it was for our past Certified Building Inspector, Marvis Lemke.

The Board read and took action on the Proclamation for Childrens Dental Health Month. (copy attached)

Administrator Daniel Schmidt reviewed a couple of correspondence items which will be discussed at a future meeting.

Motion was made by Trustee Mary Krueger, seconded by Trustee Howard Laubenstein to adjourn the meeting. Roll call vote was 5 "Aye," 0 "Nay," and 2 "Absent." The motion was carried by the majority.

**Minutes of Plan Commission Meeting**

Village of Kewaskum  
Plan Commission  
January 29, 1985  
8:00 P.M.

The Plan Commission of the Village of Kewaskum, Washington County, Wisconsin met in the Council Room of the Municipal Building, 204 First Street.

President Gerald F. Stollenwerk presided. Plan Commission Members present were Howard Laubenstein, Jeffrey Rohrer, Robert Kirst, Raynor Herriges, Richard Schmidt and Mark Slaughenouh.

On a motion by Raynor Herriges, seconded by Robert Kirst and unanimously carried by voice vote, the Commission approved the minutes of November 27, 1984.

The Commission reviewed the request of Theodore Meilahn regarding the division of land and rezoning of said adjacent to the existing Meadow Creek site on Roseland Drive. Mr. Meilahn was present and stated his request for rezoning should be changed to read rezoning of land from P-1 to R-1.

On a motion by Raynor Herriges, seconded by Mark Slaughenouh and carried by the majority by voice vote, with Robert Kirst voting against, the Commission recommended the rezoning and sent the matter to the Village Board for the public hearing and final disposition.

The possible review and discussion on the updating of the current zoning ordinance was tabled.

Motion was made by Robert Kirst, seconded by Richard Schmidt to adjourn the meeting. Roll call vote was 7 "Aye," 0 "Nay," 0 "Absent." The motion was carried unanimously.

**DAR Chapter Celebrates American History Month**

The Joseph Marest Chapter of the Daughters of the American Revolution is encouraging the celebration of American History Month in February, in conjunction with its celebration by the national DAR organization.

The chapter is sponsoring a display of historical items at the West Bend Community Memorial Library, beginning Feb. 4. The items include household goods, crafts and products from the past, loaned by members and friends.

American History Month can be celebrated in numerous ways, according to the national organization. It suggests reading about important events and people of American history, studying American laws and institutions, visiting museums and historical sites, and becoming involved in local historical activities.

This year offers an opportunity to assist in the current restoration of the Statue of Liberty in New York Harbor. The statue, a gift from the government of France, was dedicated October 28, 1886. Each DAR chapter is assisting in raising funds to support the restoration project.

The Joseph Marest Chapter takes its name from a Jesuit missionary of the 17th Century who was the first white man to live on the soil of old Washington County.

Some oak trees still thriving in England may have been seen by the Saxon kings, more than 900 years ago.

**Lakers Downed By Oconomowoc; 42 for Laatsch**

The Kewaskum Lakes team got off to a very slow start in the first quarter and couldn't recover at Oconomowoc Sunday night, losing 141-117 to the second place team in the "A" Division.

Kewaskum played them on fairly even terms the last three quarters, but couldn't cut into the big deficit against a fine Oconomowoc team.

The winners were ahead at the half by 24 points, 62-38.

As usual, Kewaskum's top scorer, Leon Laatsch, had another excellent night. He copped top honors with 42 points on 18 field goals and six free throws. He was followed by Bob Nigh with 19, Bill Gonwa with 16 and manager Bill Backhaus with 15.

Seven Oconomowoc players scored in double figures, led by Tom Checkia with 30.

Kewaskum opens the second half of the season at Thiensville-Mequon this Sunday at 7:00 p.m.

**Winter Fun in The Washington County Parks**

Winter activities are in full swing in the Washington County Park System. Cross country skiing, ice skating, snowmobiling, sledding and tobogganing are all available around the county. Winter activities seem to have become the most popular use of the County Parks in the last few years according to Land Use & Park Administrator Paul Mueller.

A major effort at marking the cross country skiing (x-c) and hiking trails has been completed. Official park trails for cross country skiing are now marked with white posts banded with various colors signifying the trail or trails running that particular route.

A trail map is available for each park from the park ranger or at the Land Use & Park Department office in the County Courthouse. Maps will be mailed to county residents on request.

The attraction for winter park patrons are the beauty, the quiet and the fact that there are no general admission fees in the Washington County Parks year round.

Cross country skiing is available at Homestead Hollow County Park on Freistadt Road in Germantown, at Sandy Knoll County Park on Wallace Lake Road near West Bend, and at Glacier Hills County Park on Holy Hill Road (Hwy. 167) in Richfield. The trails at Glacier Hills County Park are more difficult. Cross country skiing is also available at Lizard Mound Park (on Hwy. A off Hwy. 144) which is operated by the County Park System. Cross country skiing is not recommended at Ridge Run County Park in West Bend because of crowding from skating, sled and toboggan patrons.

Parking for snowmobilers is available at Homestead Hollow, Glacier Hills and Sandy Knoll Parks. Ice skating is available on ponds at Ridge Run and Sandy Knoll Parks where parking and unheated shelters are provided for changing shoes next to the rinks. Ice skating will be coming to Homestead Hollow Park next winter.

For more information about available park facilities and winter activities call the Washington County Land Use & Park Department at 334-4455 from West Bend, 342-2929, ext. 4445 from Milwaukee Metro, or 644-5204, ext. 4445 from Hartford/Slinger.

**Family Hunter Course Offered**

Ken Stuart, Bill Prost and Rick Heisler, Wisconsin DNR Certified Hunter Safety Instructors, invite all people interested in hunting and recreational shooting to enroll in a Wisconsin Hunter Education Course.

The course will be held each Tuesday, at 6:30 p.m., beginning Tuesday, Feb. 12, at the Sportsman Clubhouse in Elmore, and is sponsored by the Campbellsport Sportsman's Club, assisted by DNR Warden, Doug Bilgo. Students must be 12 years old to enroll (or reach 12 prior to fall hunting season). There is no maximum age, and parents are also encouraged to enroll and participate.

Advance registrations are requested. Please contact Ken Stuart at 533-8470, or Bill Prost at 626-4686, or Rick Heisler at 533-4955 for details. The course fee is \$5.00, and covers all necessary materials. Students must be accompanied by one parent on the first night of the course.

**VOTING BY ABSENTEE BALLOT**

Any qualified elector unable to get to the polling place on election day for any reason, may ask to vote by absentee ballot. A qualified elector is a person who is a U.S. citizen, who will be 18 years of age or older on election day, who has resided in the ward or municipality where the person wishes to vote at least 10 days prior to the election. If the voter resides in a municipality which requires voter registration, then registration is also required for the voter to receive an absentee ballot.

To obtain an absentee ballot, the voter should contact the clerk of the city, village or town in which the voter resides. A written request must be made by the voter for the absentee ballot. If the voter contacts the clerk by telephone the clerk will send the application form to the voter. If the voter requests an absentee ballot by mail, the written request, signed by the voter which indicates that the voter resides within the municipality, will be honored. Written requests may be made beginning three months prior to the primary election. The deadline for receipt of the written request by mail is 5:00 p.m. on the Friday before the election. If the voter goes to the clerk's office to complete a written request, the request must be made no later than 5:00 p.m. on the day before the election.

With one exception, the voter who wants to cast an absentee ballot, must make a separate written request before each election. If a voter is indefinitely confined to their home or a care facility because of illness, age, or disability, the voter need not make a request before each election. There is a special statement on the application form which is provided by the municipal clerk which can be completed asking that an absentee ballot be automatically mailed to the voter before each election if they are indefinitely confined. If the indefinitely confined voter fails to vote and return the ballot sent to the voter, a separate written request for the next election must be made before the voter can get a ballot.

The municipal clerk will send the absentee ballot to the voter once the request is received and the ballots are prepared. Absentee ballots are available three weeks prior to the election. The municipal clerk keeps a record of all individuals requesting an absentee ballot, when the ballot is sent and returned to the municipal clerk.

Absentee ballots can be voted at home any time after they are received in the mail. Absentee ballots can also be voted in the clerk's office if the voter appears in person and fills out the written request. The voter should make sure that the affidavit-certificate is properly completed and witnessed by two persons. The voter and the witnesses must sign the certificate on the absentee ballot-carrier envelope. If the absentee elector receives assistance in marking the ballot, the assistance must be provided by a person authorized to administer oaths such as a notary public, municipal clerk or deputy municipal clerk. The municipal clerk will make sure that the affidavit-certificate is properly completed by the voter when the absentee ballot is voted in the clerk's office.

The completed absentee ballot must be in the hands of the issuing municipal clerk no later than the close of the polls on election day. Voted absentee ballots may be delivered in person to the municipal clerk. Any absentee ballot received after the polls close or any ballots which are not properly completed cannot be counted.

# Indians Have Bye; 2 Games This Week

After having a bye in the schedule last week (due to an odd number of teams in the conference), the Kewaskum Indians are back in action with two real tough games this week.

On Tuesday night the Indians played a non-conference game at Mayville against the Flyway Conference's co-leaders (8-2) and Friday night they will host unbeaten New Holstein, leaders

in the Eastern Wisconsin Conference. The Huskies are 13-0 on the season.

In last Friday's conference action, New Holstein came close to suffering its first defeat, squeezing out a 59-56 double overtime victory over Chilton, and Kiel edged Two Rivers, 54-53. Results of the Plymouth-Sheboygan Falls contest were unavailable.

# Girls Upset Oostburg, Give New Holstein Run

By John Harju

Clutch free throws by Debbie Bastian and Jodi Yearling enabled the KHS girls to come up with a 47-38 non-conference victory last Tuesday against visiting Oostburg. The Flying Dutchmen came here with a fine 10-2 record.

The Indians were down 12-6 after one quarter but fought back to take a 20-18 halftime lead behind the play of Bastian, who had six of her 11 points during this quarter.

Both teams shot poorly in the third period before free throws decided the outcome in the final quarter. For the game, Kewaskum made 13 out of 19 at the charity stripe for 68%. Oostburg hit on 14 of 24 (59%).

Yearling and Bastian led the Indians with 12 and 11 points. Chris Frantzen, who has "really been improving," according to Coach Dickinsen, scored 7 points on 3 of 4 shooting, while junior Brenda Kober added 6. Oostburg was led by Jennie Smies, who scored 11 points and grabbed 10 rebounds before fouling out.

"Brenda Vetter did everything right, tonight," commented JV coach Keith Amundson after the 5'5" sparkplug scored 13 points, grabbed 7 rebounds, and had 9 steals in leading the Indians to a 35-26 victory.

**New Holstein 43, Kewaskum 40**  
After losing by 22 points earlier this season, visiting Kewaskum gave first place New Holstein a real battle last Thursday but unfortunately ended up losing, 43-40.

The game was close from start to finish but what may have decided it was free throws. Kewaskum (now 4-5 in EWC, and 7-9 overall) hit just 6 of 19 tries (32%) while the Huskies made 15 of 32 for 47%.

Also, "if we had just made our shots," the Indians might have come away with an upset. Kewaskum made just 17 of 60 shots (28%) while New Holstein hit on 14 of 39 (36%).

Sandy Secor came out of a scoring slump to pace Kewaskum with 9 points while holding Huskie ace Amy Anderson, who average 14 points a game, to just five. Jodi Yearling, Debbie Bastian, and Lisa Fusek added 8, 6 and 5 points each while Cheryl Schladweiler hauled down an impressive 9 rebounds. Kathy Steffen and Chris Wordel led New Holstein with 13 and 11 points. Steffen, the conference's leading rebounder, grabbed 8 to lead the Huskies in that department as well.

The Indian JVs (4-5 and 9-7) suffered a frustrating, 34-31 defeat. Laurie Blum led the

sophs with 10 points while Jenny Hintz, Terri Schmidt, Lisa Schneider and Brenda Vetter added 4 points apiece. Schmidt also grabbed 11 rebounds.

The freshmen dropped to 5-3 in conference as they were defeated as well, 37-21. Brenda Theusch and Tracy Schultz led the young Indians with 10 and 4 points, respectively.

Next, Kewaskum will be at Plymouth on Feb. 12.

# Callison, Nowak Champions in E-W Mat Meet; Indians Sixth

By John Harju

The KHS wrestling squad took sixth place in Saturday's E-W conference meet at Chilton behind Bob Callison and John Nowak, who won individual titles.

Sheboygan Falls (124½ points) narrowly nipped New Holstein (113) to take the team title. Next came Two Rivers (95), Kiel (65), host Chilton (64), Kewaskum (57), and Plymouth (55).

Senior Callison (20-1-1) drew a bye in his opening round match at 126 pounds. In the semi-finals, he won easily, 7-0, and in the finals he easily dominated New Holstein's Matt Ebertz, winning 7-1.

155-pound Nowak, now 16-6, won a pair of decisions, 6-4 and 6-1, to win a berth in the finals against New Holstein's Jeff Kaiser. Nowak jumped out to an early 6-3 advantage via a nifty reversal and a near-fall, but in the final period he was nailed for stalling which narrowed the gap to 6-5. Nowak, however, remained in control and held on for the win, fighting off many desperate last-minute attempts by Kaiser.

Coach John Nell was pleased with Callison and Nowak noting that the wins will give them both confidence going into regionals. He did, however, feel that his team could have done better as a team.

The Indians did get fourths from Rick Staehler (132) and Ken Miller (145) and fifths from Rich Straub (119) and Jeff Diels (unl.). Nell had hoped that Staehler would get into the finals, but he suffered through a 3-2 loss to the eventual champion, Dave Larson of Falls, in the second round before losing in the third place match to Two Rivers' Mike Le Clair.

In addition to Callison winning his second successive title two others successfully defended their titles. They were Falcon Dean Perronne at 105 pounds and Larson.

# Gymnasts Fifth in Invite, Third in Triangular, Lose to West Bend West

By John Harju

The much improving KHS gymnastics team finished fifth with sophomore Chris Kirchner winning the balance beam competition at last Saturday's Chilton Invitational.

Kirchner scored a 7.55 on her beam routine. She also totaled a 7.0 in vaulting, 6.15 on the uneven bars and a 7.6 in the floor exercise for an average of 7.075, good enough for a second place finish in the all-around competition.

Coach Sue Paul noted the efforts of Sherri Batzler, who placed ninth on the floor (7.05) and tenth in the uneven bars (6.45), and Renee Kapp.

### Team Scores

1. Chilton 89.04, 2. Fall River 88.0, 3. Valders 87.725, 4. Markesan 87.6, 5. Kewaskum 82.725.

After a respectable performance at the Chilton Invite, the KHS gymnasts took a noze-dive last week as they placed a poor third (74.73 points) at Tuesday's triangular at Grafton and were then defeated at home the following Thursday, 90.08-83.63, by West Bend West.

Despite the poor team showing last week Coach Sue Paul did note some fine individual performances.

Sophomore Chris Kirchner continued to shine as she placed second in the all-around competition against West as well as a fine over-all effort at Grafton. Also improving were Sherri Batzler, Jackie Voige, and Renee Kapp.

The gymnasts will hope to

improve on Monday when they travel to Valders.

# Koepke of Lakeland 14th in Rebounding

Sheboygan — Lakeland College's basketball team is still ranked nationally in offense by the National Association of Intercollegiate Athletics (NAIA) but the Muskies dropped a couple of notches in last week's statistical roundup. Dale Wodsedalek, former Kewaskum cager, is a member of the Lakeland boys' team.

The Muskies are eighth in team scoring margin with a 15.8 points differential. They were second in that category a week ago. Their team offense is 11th, averaging 86 points per tilt. Last week they were tied for ninth place.

In NAIA District 14 (Wisconsin) statistics the Muskies are ranked first in scoring offense, second in scoring margin, and second in rebounding percentage (51.4%). Guard Courtland James is the district's No. 2 scorer with a 22.9 average (435 points in 19 games), second to Marian's Bret Cummings of Marian College of Fond du Lac with a 26.4 average. Lakeland's Curt Barwig is the district's second-best free thrower with a 84.4% efficiency.

The Lakeland's women team has two top rebounders listed in the district statistics. Linda Rogalski is third (11.5 avg.) and Julie Koepke, another former Kewaskum player, is 14th (8.2 avg.).
