## L-K Heating Opens Kewaskum Store

By GERRY MUELLER  
Statesman Staff Writer

Lee Kempf, owner and operator of L-K Heating and Sheet Metal, opened his new store in Kewaskum on May 1st. The business is located at 357 Main Street, in the east part of the Koch building, which also houses J & N Liquor.

Kempf said he is expanding his business and, with the opening of his store, he will be selling spas and hot tubs as well as his present lines of heating, air conditioning, and water-softening equipment.

The spa and hot tub line is something new to Kewaskum, said Kempf. One item, the portable hot tub, should be a real interest to area people because of our climate conditions, he said. The portable

unit can be set up outside on a porch or patio, because of its lightweight construction, during the summer months and moved inside for the winter.

The store will have a demonstration tub set up for customer inspection along with various displays of heating and air conditioning equipment. For the present, store hours will be 12:00 to 5:00 p.m. weekdays and Saturdays 8:00 a.m. until noon, or by appointment. Kempf said his daughters would be operating the store while he continues to handle the service and installation work.

"I'll also be moving my workshop into the rear of the store which will help me to serve customers better," said Kempf.

# Memories...

Not many of our readers will remember this old business place in the photo taken shortly after the turn of the century. It was the Kewaskum Beer Garden located at Fond du Lac Ave. and Second St., on the corner just west of the malt house. We were informed by one source that the beer garden was operated by a Mr. Zwaschka and a Mr. Keller. Another source told us that John Kohn and Frank Kohn were also proprietors of the place at one time. At that time the corner was a busy place with farmers hauling barley to the malt house with horses and wagons and sleighs.

The home at the left of the beer garden was owned by Gerry Wright, a painter. We are told the story that Gerry also raised some nice, plump chickens. On occasion, some of the "pranksters around town" would help themselves to one of Gerry's chickens, have a chicken roast, and then invite him to eat his own chicken. Gerry would admit the chicken was good, but not like the ones he raised.

Some years later, after the beer garden building was razed, a spacious home was built on the corner by the late M. W. Rosenheimer. Following the Rosenheimers, several other tenants occupied the home before it was moved several years ago to Knights Avenue. The corner is now being utilized as one of Kemps Marigold Foods parking lots for its many trucks. (Photo submitted by David Brown)

## First Annual Fun Walk This Sunday

Between 30 and 50 people have expressed a lot of interest in our Fun Walk from Greenbush to Kewaskum. A second pick-up point has been added for the people who don't want to walk the full 22 miles. We will leave Kewaskum at 6:30 a.m., meeting at the Hon-E-Kor parking lot. The next pick-up will be at the 1st parking lot at the Mauthe Lake entrance off Hwy. GGG, about 6:45 a.m. The bus cost is \$55 and will be divided among the riders. We should reach the Greenbush Recreational Area by 7:15 a.m. Everyone walks at a different pace, but we should be at Mauthe Lake by the noon hour.

A lot of the wild flowers and trees should be in bloom. This should be a great experience and a great way to see the beauty of the Kettle Moraine that most people never get to see.

Wear a comfortable pair of shoes, dress comfortably, bring something to eat and drink, bring your camera, and bring a friend.

See you Sunday morning.

## Two Area Hospitals Form New Corp., Hospital Data Processing, Ltd.

Pictured above in the first row, [Left to right], are Robert J. Hanks, Allen Koepke and Marvin H. Neubauer. Second row, Attorney Frank D. Woodworth, Bill Connors, John R. Landdeck and Fred Bury.

In a move designed to provide greater efficiency and contain health care costs, Beaver Dam Community Hospitals, Inc., and St. Joseph's Community Hospital of West Bend, Inc. have formed a new for-profit corporation, Hospital Data Processing, Ltd. The corporate documents were finalized and signed on April 18, 1985 at Beaver Dam, Wisconsin.

Efforts towards the joint venture began in earnest in December with discussions between representatives of the two hospitals. Continued research into the concept firmly established numerous advantages of forming a separate for-profit organization. The new operation will provide greater efficiency and cost savings in daily central processing operations at both hospitals. Fred Bury, Executive Director of St. Joseph's Community Hospital, noted that the new service will provide initial savings in equipment of \$363,000 and operational efficiencies of over \$60,000 annually, for the facility. Shared expertise in the management decision process and future investment savings are additional advantages. The separate jointly owned corporation will provide a high level of sophisticated data processing services on an immediate basis

through an IBM System 38 mainframe located at Beaver Dam Community Hospitals. Terminals at West Bend are linked to the mainframe by dedicated phone lines, so that both facilities are "on-line" at all times.

The establishment of Hospital Data Processing, LTD. represents the first joint venture for shared data processing services between two hospitals in the state of Wisconsin. The unique arrangement will make future expansion possible through the corporation's ability to accumulate capital for new and/or updated equipment purchases.

At the first meeting of the Board of Directors, Allen Koepke, Kewaskum, member of the Board of Directors of St. Joseph's Community Hospital, was elected Chairman of the Board; Robert J. Hanks, Chief Financial Officer of Beaver Dam Community Hospitals, was elected President and Treasurer; Marvin H. Neubauer, Chief Financial Officer of St. Joseph's Community Hospital, was elected Vice-President and Secretary. Other board members are Francis W. Connors and John R. Landdeck, Beaver Dam; Ron Leonard, Horicon and Fred Bury, West Bend.

## Former Teacher Here in Astronaut Competition

A former Kewaskum High School teacher, Katherine Koch-Laveen, 37, drives a tractor and a motorcycle, has flown a light plane, is mom to four children ages one through six, loves teaching chemistry to Apple Valley High, MN, students, and now may go into space.

Mrs. Koch-Laveen started teaching at Kewaskum High School in 1970 and resigned in June, 1976. She also coached girls' golf, track and basketball.

She, along with Steve Brehmer, 33, a physics, chemistry and computer science teacher at Wanamingo High School, Minnesota, were selected recently as Minnesota's two candidates in the national competition to choose one U.S. teacher to fly in the space shuttle next January. The Minnesotans now will compete with two entries from each of the other states in NASA's competition for what Koch-Laveen calls "the ultimate field trip."

"Sure, I want to go... This is a prominent and showy way to demonstrate science," she said shortly after students at Apple Valley High erupted into loud applause when the news of her selection was announced over the school's intercom system.

The showy part "captures the imagination of a broad spectrum of kids, and it really sparkles for talented youngsters," she said "That's what I hope to do by doing some (scientific) demonstrations aboard the shuttle, then traveling to schools across the nation reporting on the experiments and sharing my experience," she said.

She dismissed any fears about going into space, adding that her husband, Eric, an engineer, is a strong supporter of her bid. She said son Willie, 6, "who makes model rockets from scratch," and daughter Angie, 5, are excited, too, while daughters Beth, 4, and Carol, 1, are a bit young to appreciate what's happening.

While in college in the late 1960's, she inquired about becoming an astronaut, "but the field was not really open to women then," she recalled. Her

fascination with flight resulted in her taking flying lessons — "takeoff was the best part" — to get a feel for flying without going on to become a licensed pilot.

But she has been licensed to drive a school bus and a motorcycle, and after growing up on a Wisconsin farm, "I've driven numerous tractors with baler and corn pickers," she said. She still likes to run a tractor and "tootle around on my little motorcycle," she added.

The state education commissioner selected Brehmer and Koch-Laveen on the recommendation of a 10-member advisory committee of teachers, school administrators and a pilot that considered 135 Minnesota applicants. They now move through an interview process in which the National Aeronautics and Space Administration will select, in September, the teacher to go through three weeks of training and then ride the shuttle into space.

## Dr. Van Ess Delegate to State Session

Washington and Ozaukee County dentists will attend scientific programs and business meetings at the Wisconsin Dental Association's Annual Session, May 4-7. The meeting, held annually in Milwaukee, attracts over 5,000 dentists and auxiliary per-

sonnel.

This year's scientific program features: a professor of Behavioral Science at Northwestern University discussing how to alleviate dental phobias; two communications experts teaching the finer point of interpersonal skills in the dental office; and other current topics such as sealants, bonding, TMJ, and dental care for the elderly.

More than 200 dental product manufacturers will display the latest dental equipment and supplies at the MECCA Convention Center.

Dentists can also participate in table clinics, audiovisual programs, registered clinics and workshops all geared toward keeping current on scientific topics.

Representing the Washington-Ozaukee County Dental Society at the House meetings are delegates Drs. Richard C. Johannes and Allen D. Langeberg of Mequon and Stephen R. Van Ess of Kewaskum; and alternates Drs. Robert R. Faucell of West Bend and James W. Schwengel and Robert H. Schwengel of Cedarburg.

The 1985 incoming President, Dr. David A. Sampe, a general practitioner in Mequon, will address the House of Delegates, which also elects new officers.

Health buffs in red and white t-shirts will compete in the second annual "Molar Mile" run along Lake Michigan on Sunday, May 5.

Also meeting at the same time are the Wisconsin Dental Hygienists' Association, the Wisconsin Dental Assistants' Association, and the Auxiliary to the Wisconsin Dental Association.

### Girl Scout News

With the weather being so much like summer, it isn't very hard for the girls to be thinking of going off to summer camp. There are many different forms of camping that are being offered to the girls this summer. So please check your camp folder and make sure that you fill out the proper forms and mail them to the Wau-Bun Girl Scout Council at Fond du Lac.

Scout Troop 53 used some of their cookie money and donated a Mountain Ash tree for the new park in observance of Arbor Day. They feel that some day they will be able to take a walk to the park with their daughter or son and be able to say, "Well, I was here the time this tree was planted. My Girl Scout troop planted it."

## Balloons Released at Beechwood School

How long do you think helium filled balloons can stay in the air?

How far do you think they can travel?

Well, students and staff at Beechwood Elementary decided to take the time to find out!

On March 25, 1985, at 12:10 p.m., Beechwood Elementary students and staff released 78 helium filled balloons with names and address attached to the balloon. They were curious to find out how far they would travel, how fast they would travel, and where they would be found.

Ten of the balloons were eventually found here in Wisconsin and out of state, such as Georgia, Kentucky, etc.

Replies were sent back by the people who found the balloons, telling who found them, where they found them, and when they found them.

The following people had replies sent back to them....

**Todd Muckerheide:** Balloon was found March 25, around 4:00 p.m. about 5 miles north of Brillion by the Schnell family, 39 miles from Beechwood.

**Lisa Stern:** Balloon found 5:30 p.m. about 7 miles north of DePere. Found by Bob and Sue Zeamer. The day was not mentioned. 45 miles from Beechwood.

**Jennifer Schmidt:** Balloon found on Monday March 25, in Beechwood. Found by Lucas Matthies.

**Mrs. Lori Noegel:** Balloon found on March 25 at 4:30 p.m. about 1 mile out of Beechwood. Found by Kevin Roesel.

**Lucas Matthies:** Balloon found in Elwood, Indiana, on March 26, at about 7:40 a.m. Found by Steven Humphries,

350 miles from Beechwood.

**Holly Krahn:** Balloon found in McRac, Georgia, March 26, on a golf course. Time was not mentioned, 1,000 miles from Beechwood.

**Curtis Ringwell:** Balloon found in Florence, Kentucky, at 9:30. Mrs. West found it, gave it to her son and he brought it to his class and the whole class wrote back. The date was not mentioned.

**Jeff Klug:** Balloon found March 28, about 5:15. They live 5 miles out of Eden, Wisconsin, on North View Road. It was found by Carla Guell.

**Michele Gerlach:** Balloon found 17 miles from Green Bay, which is about 48 miles from Beechwood. The balloon was found March 26, at 12 o'clock noon.

**Larry Chmielewski:** Balloon found 3:00 p.m. Monday afternoon along highway 10, by Mrs. Judy Braun.

## LETTERS TO THE EDITOR...

22 April '85

Dear Editor,

Last week a capacity crowd enjoyed the 2nd Annual International Fest sponsored by KHS German Club, Spanish Club and AFS. We were entertained with good food, German folk song and dance and a Spanish pinata for the kids.

And equally important, we shared in some of the benefits to our students and our community that come from the study of foreign languages and the cultural exchange program in our school.

The Kewaskum School District is fortunate to be able to offer a variety of international opportunity to our students. I encourage the School Board to support the continued growth of foreign languages and cultural program in our school.

Sincerely,

M. A. Peterson

# KHS INTERNATIONAL FEST

Approximately 250 people participated in the second annual International Fest sponsored by the KHS German and Spanish Club, held April 17th in the high school cafeteria.

German Club advisor, Terry Candelario, felt that the fest was a "huge success" because of the large number of people attending compared to last year. The fest is given each year as a non-profit meal designed to "entertain and give the community an opportunity to meet the area's foreign exchange students." They are Martin Selchert, West Germany, Rosi Cano, Honduras, and Alicia Vega, Mexico.

Entertainment included a pinata, a German sing-along, as well as many posters and stickers being given out. The menu included: from Germany - goulash, noodles, strudel, black forests, cherry torte and schaum torte; from China - egg drop soup and stir fried vegetables; from Spain - Paella and Churros madrilenos; and from Mexico - Chile con queso and sangria.

The German and Spanish Clubs wish to thank Mike Berres, Kewaskum Floral, and David Nigh for their help and donations.

### COLLAGEN [Contd.]

A proteinlike substance made within your body, collagen, serves as mortar to hold together the cells of your body tissues. Collagen also nourishes and heals bones, body organs, blood vessels and glands. With certain enzymes, vitamin C, zinc, and other nutrients, your body can produce this essential collagen. The N.Y. Nutrition Bureau recommends fresh citrus fruits, strawberries, papaya, cantaloupe, tomatoes, broccoli, green peppers, raw leafy greens and potatoes for vitamin C and enzymes to produce healthful collagen.

### IN MEMORY

In memory of our dear husband, father and grandfather, ARMIN STEFFAN, who passed away a year ago:

You suffered your share, God has answered your prayer.

Should you go first and we remain to walk the road alone.

We'll live in memories garden, dear with happy days we've known.

We'll hear your voice, We'll see your smile. Though blindly we may grope.

The memory of your helping hand will buoy us on with hope.

We've known too much of happiness. We've had our cups of joy,

And memory is one gift that even death can't destroy.

So, should you go first and we remain one thing we'll have you do.

Walk slowly down the path of death, for soon we'll follow you.

We'll want to know each step you take that we may walk the same;

For someday down that lonely road, you'll hear us call your name.

Sadly missed by his wife, children and grandchildren.

"Flattery is telling the other guy what he already thinks of himself."

# Chamber of Commerce Holds After Hours Business Meeting

Friday, May 3, 1985,  
Kewaskum Statesman, Page 13

Dr. Terry Graves from St. Francis Hospital, Milwaukee talked to the Kewaskum Area Chamber of Commerce members about "Food Allergies" at their recent after hours business meeting.

Did you know that one in seven people have an allergy? Allergies have to do with the immune system and children tend to outgrow allergies. Dr. Graves was an interesting speaker and his topic was very enlightening.

After the program President Earl Kleinke gave a short overview of the Dairy Daze (Saturday, June 15) plans. The AMPI Women Dairy Breakfast will be held from 7:30 to 10:30 at the Panzer Farm, Kewaskum. A dairy parade will be

held at 11:30 a.m. Dairy activities at River Hill Park will include Girl Scout Cream Puff Stand, Recipe Contest winners, Cub Nacho Stand, Jaycee Pig Race, FFA and 4-H involvement, King and Queen of Dairy Daze, and other ideas still in the making.

Bill and Karen Breitzman of KB Lettering in Kewaskum, volunteered to make two wood Dairy Daze signs for each side of town. Watch for them.

The Kewaskum Chamber is also involved in establishing a "Missing Children" Bulletin Board. The Village Sport Shop has offered the glass enclosure in front of their store and Karen from KB Lettering will be making the sign for above it.

Pat Geidel from the Village

Sport Shop will be receiving "Missing Children" flyers from Sergeant Jed Dolnick of the Washington County Sheriff's Department and placing them in the display. Please take time to look — it could mean "Found" instead of "Missing."

Also, did you know the large Bulletin Board on Hwy. 45 near the Fire House was designed and built by members of the Kewaskum Chamber of Commerce in 1974? The original plan was to post-up coming events there and have an 8x8 shed next to the sign where visiting tourists could acquire maps and information about the area. Now the sign is generally used by Civic groups to post-up coming events. If a group has

information on a poster, send it to Chamber, Box 300, Kewaskum, 53040.

Also a reminder to all Chamber members and guest, the next "Business After Hours" meeting will be Thursday, May 9th, 7:30 at fire station. There will be a demonstration on CPR, how the large ladders work, proper use of a fire extinguisher, and a look at the new ambulance. Gina will be making pizza for a lunch treat and Ken Weddig from KL Home & Hardware has offered to bring beverages. Don't MISS it!

## Sturgeon Spearers of America Banquet and Awards Night Held

Saturday, March 16th, the Sturgeon Spearers of America, Kewaskum and surrounding area held their annual dinner at the Amber Inn in Campbell-sport. On this night the hearty spearers gathered to honor their members who excelled in some events during the season. The tension was running very high as all the spearers, their wives or guests well agree.

The attendance of the "young veteran spearers," Dan Ramthun, Jeff Rindt and Otto Ramthun Jr., was an added high-light for the youth movement in the Kewaskum Chapter.

Norman Goeden, the "Old Timer," and his wife Lu, came from the northern Tomahawk area. It was an honor to have these two wonderful people

present.

A small meeting was held before dinner where a new "Chapter Standard" was presented to the club by Bob and Mary Jane Vass. Their daughter, Debbie, an artist, created the beautiful banner. Also brought to the attention of the commission was the idea of a shoulder identification patch for all the Kewaskum members.

Plans were made to go and see the spawning run at the Shawano Dam this spring.

Members honored for awards were as follows: Mark Groeschel - Green Horn; Jim Rindt - Endurance; Harvey Ramthun - Perseverance; Tied - Don Ritger and Otto Ramthun - Physical Fitness; Norman Goeden - Longest Distance; Jim Elders - Bravery and Bob Vass - Blaster.

A special and surprise award was presented to Ellie Ramthun

for being a great Master of Ceremony at these yearly events.

The spearing season started out excellent but with warm weather the ice became dangerous after ten days. No fish were speared this year.

All had an enjoyable evening. The group left for home smiling and with a gleam in the spearer's eye for next year. 1986's year for next year. 1986's year for next year. 1986's year for next year. "The Year of the Fish."

An award was presented to MC Ellie Ramthun from Bob Vass and Donnie Ritger. Pictures of the last season and events were on display.

An Endurance Award was presented to Jim Rindt for the great sawing job he did.

## 50 Years Ago

May 3, 1935

March 1st came in like a lamb but that doesn't seem to mean anything — it's how May 1st blew into Kewaskum at the head of a beautiful little blizzard which arrived in the early afternoon and stayed until evening. When the storm had blown into a different territory and calm once more reigned, about one inch of snow was left behind. The snow rapidly melted away, however, due to the frost all having left the

ground.

The following pupils will represent the New Fane school at the Town of Auburn contests to be held on May 3, at Virgin Creek school: 25 and 50 yard dashes — Betty and Bernadine Laubach, Harold Kreif and Berno Fellenz. Standing broad jump — Betty and Bernadine Laubach, Berno Fellenz and Harold Kreif. Baseball throw — Shirley Kempf, Bernadine Laubach, Harold Kreif and Berno Fellenz. Running broad jump — Betty and Bernadine Laubach, Marvin Wiesner and Henry Fellenz. High jump — Betty and Bernadine Laubach, Harold Kreif and Berno Fellenz. Spelling — Arleigh Ehnert. Achievement — Henry Fellenz. Arithmetic — Arleigh Ehnert.

While on their way to attend the Hartford high school prom last Friday evening, Miss Viola Backhaus, daughter of Mr. and Mrs. Emil Backhaus, of this village, and Frederick Spoerl of Wayne, became involved in an automobile accident which might have proven very serious, when a car driven by a Neenah man collided with the Spoerl car. The collision took place on Highway 55, a short ways north of Barton, due to the drizzling rain which greatly hampered driving. While the cars were yet entangled, Egidius Schoofs of the Town of Kewaskum happened along and he also smashed into the two wrecked cars. All of the cars were quite badly damaged although no one was injured with the exception of Miss Backhaus who suffered the loss of two teeth.

The St. Bridget's Dramatic Club is sponsoring another home talent play entitled "Closed Lips" to be given on May 7 and 8 at Wietor's Hall at Wayne. A free dance will be given after the play on May 8. Characters in order of their first appearance are: Beulah Westerman, Ione Petri, Monica Diers, Norma Hawig, Joe Kudek, Ewald Volm, Viola Hawig, Cyril Westerman, Raymond Kudek and Miles Campbell.

Miss Dorothy Schneider, daughter of Mr. and Mrs. Frank Bruesewitz of the Town of Farmington, and Marvin Fabian, son of Mr. and Mrs. Herman Fabian, were married at St. John's Church, West Bend, last Saturday afternoon.

Miss Rose Mozetic, daughter

of Mr. and Mrs. Fred Mozetic of the Town of Trenton, and Fredrick M. Melius, son of Fred Melius of Batavia, were married on May 1 at Immanuel Evangelical Reformed Church, West Bend.

## 75 Years Ago

April 10, 1910

Our citizens were shocked last Monday morning when the news reached here by telephone that the Klein - Schiltz residence at New Fane had been completely wrecked by an explosion of dynamite. The accident occurred shortly before 8 a.m. and was caused by frozen dynamite, which Mr. Klein placed in a bake oven to be thawed out. The residence was occupied by William Klein, Jacob Schiltz and his sister, Miss Theresa Schiltz. Mr. Klein was hired to blast some stone on his neighbor's farm that day and after breakfast, in preparing to go to work, Mr. Klein found the dynamite frozen and placed about 10 pounds of it in a hot oven to thaw out. After a few moments Klein opened the oven and remarked to Schiltz that it was still frozen and closed the door again. When Mr. Klein opened the oven door again some time later, a flame shot into his face and at the same time, the terrific explosion followed. Klein, who was nearest the stove received the worst injuries. He was thrown into a corner of the room, with one eye blown out and his face frightfully lacerated. Jacob Schiltz and his sister both had their heads and hands badly bruised, but no serious effects were feared.

The monthly stock fair held in

the village last Wednesday was one of the best fairs held here for some time. Main Street showed a very busy appearance all day. The little German band, which came to town in the morning, remained all day and helped to enliven the day.

Miss Mary Brandstetter, daughter of Mr. and Mrs. Casper Brandstetter of this village, and Arthur Hanson of Milwaukee, a brakeman on the C.&N.W. Railway, were married at Milwaukee on January 18.

One of the worst snow storms ever experienced here in the month of April, arrived here last week Friday and by Saturday the country roads were drifted so bad that traffic by team was impassable.

The C.&N.W. Railway Company have been running some of their new all steel passenger cars through here the past week. The new cars are somewhat larger than the old ones and will seat 72 passengers.

A baby girl was born to Mr. and Mrs. Henry Muckerheide last week Friday.

# Folk Fair Time in Kewaskum

Kewaskum Statesman, Page 16  
Friday, May 3, 1985

By GERRY MUELLER  
Statesman Staff Writer

As the culmination of their studies of the European Continent and its countries, the Sixth Grade classes of Kewaskum Elementary School put on a program of skits and dances entitled "Folk Fair Time In

Kewaskum," for their parents and invited guests.

The students put in many hours learning about the countries including their songs, dances and languages. The youngsters prepared the informational booths and made the costumes worn for the

program.

After the presentation, guests browsed through the fair, as they stopped at each booth they were told about that particular country and offered ethnic food samples by students dressed in native costumes.

Over 125 guests attended the afternoon performance.

The KES sixth graders' folk fair program played to a full house.

The guests enjoyed a variety of presentations from poems to dances, each skit representing a different country.

Irish Lassies danced a jig.

Behind the scenes, Mrs. West double checked wardrobes before the entertainers went on.

Students manned booths, telling visitors about their particular country and offering samples of the country's ethnic foods. This parent was offered a taste of Austrian cooking.

# Farm Safety Program Held in Allenton

Twenty men and women attended a farm safety program Wednesday, April 10, sponsored by Jack Trzebiatowski, Wash. Co. Agricultural Agent, AMPI Farm Women, Farmers Inc. and the Allenton Fire and Rescue Squad at the

Addison town hall in Allenton. Registration was held with rolls, milk and coffee served by the AMPI Women. Ron Naab, Capt. of the Allenton Rescue Squad was in charge of the program. The people first saw the

movie, "How to have an Accident." Then the Rescue Squad gave CPR demonstrations, showed us the pressure points and how and what to do until help arrives. Most important was how to report an accident so the rescue squad

can find you to give help or assistance.

Then, Ray Wolf, capt. of the Allenton Fire Dept. gave us all the important details of a fire extinguisher. After receiving all the details we went out to actually use extinguishers and put out the fires.

We had a delicious lunch served from C & R Catering in Allenton.

After lunch, we saw the film, "Tractor Safety." We also had our blood pressure taken and had a tour with a special explanation of what is in a Rescue Squad vehicle and how some things are used.

Then came the on-hands demonstrations with a round hay baler, and a corn picker with tractors, and equipment brought from Farmer's Inc. We

were showed and explained to about power take offs, roll overs, and clothing. Another important point was over stress.

A book called, Farm Accident Rescue and many other important literature was handed out.

Ron Naab also brought a Jaws of Life and showed us how to operate it and where they are usually used.

A discussion and questions and answers were held on silo gas and any other thing of interest to anyone.

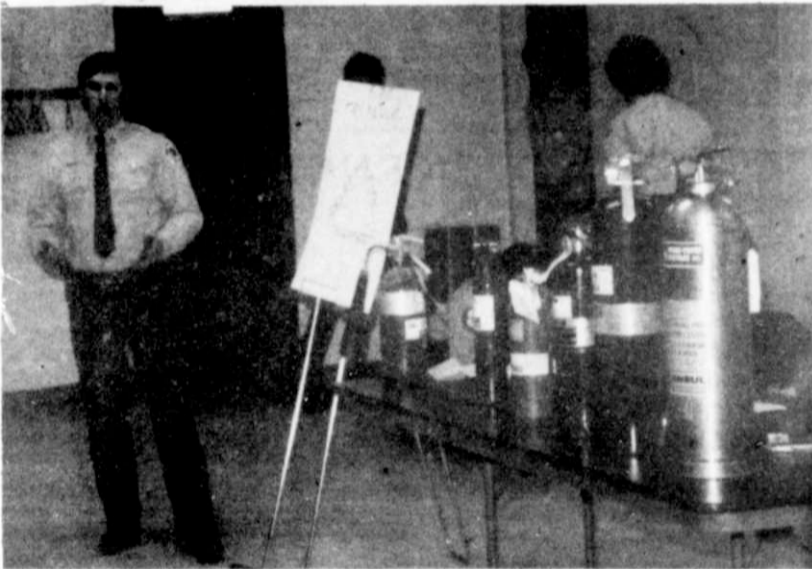

We would like to thank all who helped make this program a success and we hope we can make this an annual thing with more participants.

Allenton Fire Dept. starting fires for the people to put out.

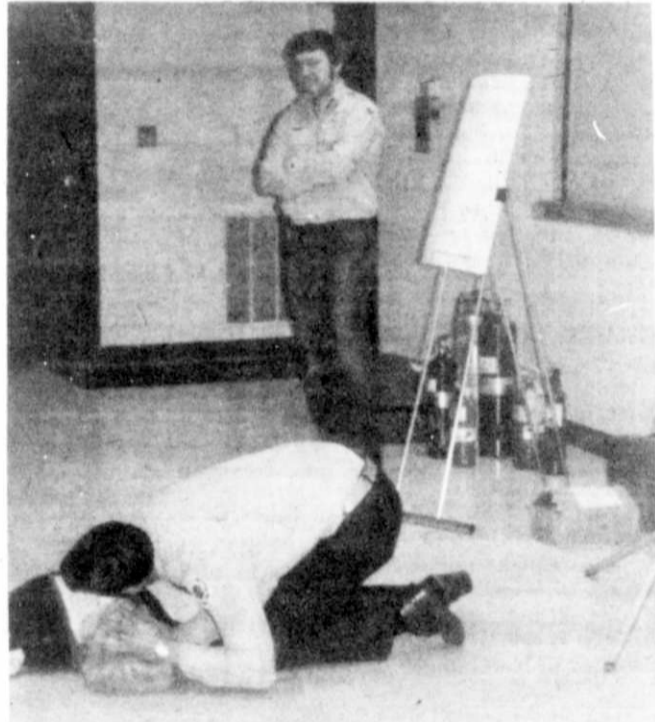

We had time to tour and learn what is actually in a Rescue Squad vehicle.

Farmer's Inc. actually brought tractors and equipment for on-hand demonstrations.

**Willie Goeden Races at Slinger's Season Opener**

Willie Goeden and his pit crew, sons Dave and Don, show off the 1984 Firebird.

Willie Goeden of Kewaskum began this year's racing season at Slinger Super Speedway last Sunday, just where he left off in 1984.

Goeden posted quick time on the oval quarter mile asphalt track 10 out of the 18 Sunday evening events last year. Last Sunday afternoon's season

opener Willie again took top honors with a qualifying time of 11.978.

In the Dash for Cash, five cars for five laps, Goeden finished second. During the 35-lap Main Feature, Willie worked his way through traffic and on the 19th lap, running in third position, an oil line broke

and he had to settle for a 14th place finish.

J. J. Smith of Appleton was the winner of the Feature, while Lowell Bonnett, also of Appleton, was runner-up.

Kerry Kell of Slinger, in his second year of racing, gave an impressive performance by finishing

5th in the 35-lap feature.

Defending Track Champion, Al Shill of Franklin, had engine problems, but will be a top competitor, along with Goeden and Rieser of Allenton next Sunday. Time trials are at 6:30 p.m. and the races start at 8 p.m.

# Boys Cop Vanderpan Invite; First Major Win

By John Harju

Nothing could have been a better birthday present than what KHS boys track coach Dave Drexler received on Friday at the Vanderpan Invitational held in cold Sheboygan Falls.

The preliminary announcement following the meet showed Kewaskum a 98-97 loser to Plymouth in a seven team field, but after a recount, the final tally showed Kewaskum a 114-102 winner.

This marked the first time a team coached by Drexler has ever won a major meet and justifiably so Drexler was a happy birthday boy commenting that "this was one of the best birthday presents I ever got...it was a super team effort."

KHS won six events with Mike Steinhardt leading the way with a pair of firsts in the 100 and 200 while placing second in the high jump and third in the long jump. Gunner Schlieter doubled in the 1600 (4:41.8) and 3200 (10:24.9) while Monty Shaw and John Nowak grabbed the other KHS firsts in the 400 and pole vault, respectively. Shaw also took a second in the 800.

Rick Miller threw a personal best of 128'10" to place second in the discus as did Mark Johnson in the 110 hurdles (16.95), narrowly being beaten by Paul Brinkman of Plymouth.

Also highlighting were John Harju with a fourth in the triple jump (37'4 1/4") and the 1600

meter relay team of Corey Garbisch, Jim Lauer, Johnson and Shaw with a third (3:48.2).

Friday the KHS boys are at Plymouth's J.H. Williams relays before returning to Plymouth on Monday for a dual meet.

## Girls Crush Chilton In Dual Meet, 117-15

By John Harju

The KHS girls slaughtered Chilton, 115-17, last Thursday in a dual track meet held in Kewaskum.

Indian coach Denise Leong noted that many of her girls ran different events than what they were used to, thus taking advantage of the fact that Chilton has only 18 girls to make a team with most of them being freshmen and sophomores. Chilton's only win came in the 400 meter run.

Highlighting for KHS was Sandy Secor's three third places in the long jump, triple jump, and 300 meter hurdles. Sandy

Klein also won a trio of events, the 800, 1600, and 3200 meter runs.

Doubling for the Indians was fresh(woman) Debbie Felix in 100 and 200 meter dashes while Jenny Hintz (shot put), Jodi Yearling (discus), Amy Kougl (high jump), and Renee Kapp (100 hurdles) also won their events. All three KHS relay teams won as well with the 400 meter team setting a personal best of 56.1.

On Thursday, May 9, starting at about 3:30 p.m. Kewaskum will be hosting the girls' E-W conference relays championship.
