Bidding on all the Village of Kewaskum's TIF projects came in below estimated figures Administrator Dan Schmidt told the Village Board at its meeting Monday night, resulting in a balance of \$51,000 left in the TIF account.

Schmidt said the money, along with interest earned, will be put into a Debt Service Fund which will be used to help pay off the TIF loan. The final project, curbs and sidewalks along highways H and 45, is expected to begin within a week.

Board President David Nigh commended Schmidt and the municipal office staff for the time and effort put into the TIF program. Because of their working with the engineers, the village was able to save approximately \$15,000 in engineering fees, said Nigh.

Schmidt also informed the trustees that the village's general financial picture was good. Revenues are a little ahead of this time last year and expenditures for this same period are a little below last year's figures.

Pete Albers, Water Pollution Control Superintendent, informed the board that his department will begin to clean the digestors screens at the treatment plant. This is earlier

than normally scheduled. Because of the malt house's closing, we're getting a great deal of barley coming through due to their clean-up operations. Schmidt said the malt company had been informed it will be billed for their appropriate share of the digester cleaning costs.

Parks Committee Chairman Tom McElhatton said 605 beach passes had been sold as of last Friday. He noted some residents had expressed some concern over the weeds at the pool. McElhatton said the weed condition was due to the above normal temperatures and lack of rain. The water has been tested and found to be alright, said McElhatton, and we're working to control the weed

'Little Whistler' Homemakers Help Fingerprint 1200 Kewaskum Area Children

By Judy Garty

For the love of children, 11 area mothers—all members of the Washington County Extension Homemaker group known as Little Whistlers—are working with the Washington County Sheriff's Department in an ongoing effort to fingerprint Kewaskum school children.

Since the homemakers began their effort in January, 1984, they have fingerprinted 1200

children in grades K-8 and gained as much as 90% acceptance in the community, according to Pat Hafermann, 7-year group member who serves as Young Extension Homemaker representative for the county.

"It was a lot of running at first — we took turns watching each other's kids since this was a volunteer activity," said Hafermann, describing the initial search for a cooperative law enforcement agency and the subsequent establishment of a school's program.

"I'm glad we do it as a project—it makes me feel good," said Hafermann. "It actually is fun. The sheriff's people are very nice, very easy to work with."

The homemakers help by typing, filing, running copies of literature, reassuring youngsters, and washing ink off little fingers. Two or three homemakers return to the schools in

fall to help two or three sheriff department representatives in the fingerprinting of new students. The prints and information envelope go home for the parents' files.

"They're invaluable to us," said Mary Kay Pilarzyk, youth aide officer for the Washington County Sheriff's Dept. commending the homemakers' help.

"They're probably one of the most enthusiastic groups in the county," said Extension Home Economist Joyce Albrecht. "They're a breath of fresh air and excitement."

"You never want a child snatched or taken. But if one child in this area were taken and we were able to (identify) him through the prints—that would be the best reward of my life!" said Hafermann.

In other action the board renewed five bartender licenses and approved a building permit for a storage building. The board then adjourned to closed session to discuss possible litigation regarding a notice of injury claim from Joseph Lorenz, Inc.

Your HEALTH TIP

from Tom Leitzke, R.P.H.

ARTHRITIS [Contd.]

Dr. Robt. Bingham emphasizes that "nature's nutritional balance must be maintained" for arthritis relief. "The interaction among vitamins, minerals, enzymes, essential amino acids and fatty acids is important. Six out of 10 patients with any type of arthritis will probably show some improvement and very often a recovery from nutritional therapy along," says Dr. Bingham. So, eat fresh fruits and vegetables, lean meats and whole grains. Avoid processed foods, especially refined carbohydrates such as white sugar and white flour.

1985 United Way Goal for County Set at \$260,000

Jim Oaklief, President of Creative Marketing of America Inc. and this year's United Way of Washington County Campaign Chairman, announced the 1985 drive goal. The goal this year is \$260,000. Last year's pledges totaled more than \$200,000, although \$228,000 was actually expended.

The increase in this year's goal is a result of several factors. For the past several years United Way has been spending more on the agencies, than it actually raised during the drives. For example, the 1983-84 goal was \$165,000 but United Way actually allocated \$226,000 and the 1984-85 goal was \$185,000 while United Way actually spent \$228,000.

This occurred because the surplus that had built up during the prosperity of the 70's was being utilized to fund agencies through the area-wide recession of the early 80's. At the same time goals for the drive were not being increased over previous year's collections. That combination of factors has all but depleted United Way's reserve funds.

In addition, the needs of the community are increasing at an unprecedented rate. In 1984 more than 20,000 clients were

served by United Way agencies. That count is expected to exceed 23,000 in 1985.

After last year's campaign the Board decided that the situation required a new approach to the annual fund drive, and has hired an Executive Director to provide professional staffing and accountability, and to help identify exactly where the critical need is in the community.

Jim Oaklief said: "Clearly, something has to be done. The problems are mounting, the volunteers are burning out, and the drives aren't bringing in what this community is capable of doing. At the same time I'm hearing from people who say they didn't realize how serious the problems were getting. We have to change our traditional approach!"

"This county has always pulled together to help people in need. I am confident that we will unite this year to meet our goal, and to provide the kind of services people in this area deserve. United Way is the best tool we have in our battle to solve the health and human care problems here, so I am strongly encouraging everyone to dig deep for their full fair-share this year."

United Way of Washington County includes Allenton,

Jackson, Newburg, Slinger and West Bend. Kewaskum has its own drive.

4-H Demonstrations to Be Presented at County Fair

Friday, July 5, 1985, Kewaskum Statesman, Page 6

Washington County 4-H demonstration participants, from left to right — Mark Hautamaki, Julie Bohn, Rebecca Schwoch, Holly Prochnow and Diana Buckmann.

Have you ever shown someone how to use a hammer, change a tire, plant a flower? If you have, you have given a demonstration. Four-H demonstrations allows young people to select a topic they know alot about and teach others that skill.

Demonstrating is an important part of 4-H. Four-H adult and youth volunteer leaders are continually showing members how to do new projects and activities through demonstrations.

Five 4-H'ers were in the County Demonstration Program this year.

Rebecca Schwoch, Badger Boosters 4-H Club, presented a demonstration on "Butterhorns - My Best Friend."

Julie Bohn, Myraneers 4-H Club, presented "How to Make a Terrarium."

Mark Hautamaki, Badger Boosters 4-H Club, presented a demonstration on "Aviation."

Holly Prochnow and Diana Buckmann, Badger Boosters 4-H Club, teamed up to do a demonstration on "Be Creative" with crocheting.

No matter what the topic, all the young people were creative. Communication skills, poise, self-confidence and responsibility were just a few of the skills these 4-H'ers demonstrated.

Demonstrating whether in 4-H or at home, gives you the opportunity to teach others and share your knowledge. If you

would like to see these four demonstrators in action they will be presenting their

demonstration Friday, July 26, from 2:30-3:20 p.m. on the Main Stage at the County Fair.

Quilt Planned by County Homemakers

by Judy Garty

"Washington County: Our Past and Our Present" is the working title for a quilt planned by the County Extension Homemakers for the county's 150-year birthday in 1986. The quilt will have two parts: blocks of natural resources, landmarks, people, and events that date back 150 years and blocks whose well-known landmarks are over 100 years old. The group is looking for ideas, sketches, photos, or slides of appropriate landmarks throughout the county. If you have an idea, call Jean Beisenstein 673-2053 or Judy Garty 644-6337, or plan to bring your ideas to the Extension Homemaker booth at Washington County Junior Fair.

KEWASKUM JAYCEE TEEN LEAGUE

Kristi Knorr started out Kemp's Dairy with a double, then scored on a Richie Radtke down the left field line single. But that was all Kennelly Pharmacy would let happen, with great defensive playing on both sides. The only thing Kennelly had going for them was the fine hitting attack from Joey Miller, Joel Serwe, Stacy Oppermann and Tina Weddig, who were all three for three with two runs batted in, to make the score a final 11 to 1.

Next game will be played, after a two week break in July, on Tuesday, July 16, at 6:00 p.m.

Hope to see you!

The fire department was summoned to the Arnold Bier farm in the Town of Kewaskum, southeast of the village last Friday, to snuff out a blaze on a tractor which started to burn after tipping over in a field. The tractor was driven by Louis Seefeldt who was assisting Bier making hay on the farm. When Seefeldt turned the tractor, which was pulling a hay crusher near the bottom of a hill in the field, the vehicle tipped over. Seefeldt jumped clear of the tractor and was not injured, but the machine, which came to rest upside down, caught fire. With the aid of another machine, the men succeeded in righting the tractor. Bier stuffed green hay around the burning parts and had the flames under control when firemen arrived.

Kewaskum will have its customary Fourth of July holiday fireworks display again this year. Sponsored jointly by the fire department and village board, the fireworks will be held in the village park on Saturday night, July 2, under the supervision of the firemen.

Mr. and Mrs. Walter Meilahn have donated approximately three acres of their land on Hwy. 45 at the south village limits to the Village of Kewaskum. The land, which has a creek running through it, is located east of the highway and extends as far as the North Western Railway tracks. It is between the Armond Schaefer property on the north and the Louis Martin property on the south. The village intends to fill in the land, landscape and turn it into an addition to the village park at some future date.

At a nuptial mass in Holy Trinity Church on June 25, Miss Eileen Volm, daughter of Mr. and Mrs. William Volm, Route 2, Kewaskum, became the bride of Reginald Pierret, son of Mr. and Mrs. Reginald Pierret Sr., Campbellsport.

Robert Berg was hired as chief lifeguard at the bathing beach in the Village Park. The beach was officially opened June 20 and will be closed on Labor Day.

Dennis Jandre, son of Mr.

and Mrs. Harvey Jandre, Kewaskum, left Saturday for Fort Leonard Wood, Mo., to begin six months of active training with the National Guard.

SP/5 Fred Bruhn of Fort Kobbe, Panama Canal Zone, is spending about three weeks of a 45 day leave with relatives in Kewaskum.

Marine Pvt. William J. Keller, son of Frank Keller, Kewaskum, completed recruit training June 15 at the Marine Corps Recruit Depot, San Diego, Cal.

Henry Oppermann of the Town of Auburn met with a very serious and painful accident last Wednesday evening while assisting in unloading hay at the Edw. Kreawald farm near Lake Fifteen in the Town of Auburn. He was running a tractor which was being used to unload the hay in the barn, and upon cranking the tractor while in gear, it started up and pinned Mr. Oppermann in between the barn and the tractor, crushing his chest and inflicting other very painful injuries. His condition is very serious.

Sometime between 1 a.m. and 4 a.m. last Monday morning, vandals broke into the Louis Heisler tavern on Fond du Lac Avenue in Kewaskum and made away with two slot machines which were standing on a table within the tavern. One of these machines was of a nickel denomination and the other a dime. Nothing else was found missing. Entrance was gained through a window in the tavern. It is believed that this is the same party or parties who broke into the Wm. Bruhn and Clarence Kudek filling stations several weeks ago. A good clue has been received by the local police and arrests are expected shortly.

The popular Fred Reeths

Players who have entertained Kewaskum lovers of spoken drama, are returning this year after an absence of about eight years, and on July 8, will open a four days' engagement in their big tent theatre, located next to the Bank of Kewaskum, offering a brand new selection of plays, featuring vaudeville and a snappy orchestra.

A very pretty and solemn church wedding was performed at Holy Trinity Church here June 29, when Mrs. Theresa Beisbier, daughter of Mr. and Mrs. John Kral, was united in marriage to Elmer Uelmen of the Town of Auburn.

Miss Veronica Roden, daughter of Mr. and Mrs. Jacob Roden of St. Michaels, and Raymond Schmidt, son of Mr. and Mrs. John Schmidt of Myra, were united in marriage at St. Michael's Church on June 29.

A very pretty wedding was performed on June 22, at the Salem Reformed Church, Wayne, when Miss Elvira Coulter of Mayville became the bride of Jack Erickson of Ashford.

Ervin Mueller of Barton and Miss Erma Thull of St. Michaels were married during a pretty ceremony in St. Michaels on Wednesday morning. At the same time at West Bend, occurred the marriage of Math. Schladweiler of St. Michaels to Miss Angeline Beck of West Bend. In the evening both couples and their guests repaired to the St. Michaels hall where the double event was duly celebrated.

Frederick Miller, son of Mr. and Mrs. Edw. F. Miller, left Tuesday for Fort Sheridan, Illinois, where he will spend about a month at the military training school.

Miss Anna Alvina Voight, daughter of Mrs. William Polzean, Campbellsport, and William Kumrow, son of Albert Kumrow, Town of Kewaskum, were united in matrimony Saturday at Dundee.

LETTER TO THE EDITOR...

June 18, 1985

Sports Editor:

Best wishes to you and your staff. I am hopeful that you are enjoying a pleasant summer.

I would like to ask a favor of you. This week I received a phone call from the Netherlands asking my help in finding three basketball teams for the prestigious WHITE DIAMONDS INTERNATIONAL BASKETBALL TOURNAMENT to be held in Almolo, The Netherlands August 6-12, 1985. As time is short, it will probably be best to seek out individual players who could form the "All Star" type of team. If you could tell your readers of the chance available to play in Europe this summer, I would be most appreciative. Here are the details:

TEAMS NEEDED: 1. Women's Team, College Age or older. (10 Players); 2. Boys Team, Age 18 or 19. (10 Players); 3. Girls Team, Age 18 or 19. (10 Players).

COACHES NEEDED: Two coaches are needed for each team. There would also be a spot for a coach who could serve as a trainer.

TRAVEL DATES: Depart Chicago on August 4 and return to Chicago on August 12.

TRAINING CAMP: Teams will gather at a common site on August 2 for three days of camp.

COST: All meals, lodging, European travel, and sight-seeing are paid by host country. Players pay for own air fare.

GAMES: Each team will play four games in tournament. International rules will be followed.

OPPONENTS: USA teams will compete against teams from England, West Germany, Yugoslavia, Norway, Sweden, and Holland.

Players or coaches interested in joining the trip can contact me at 414-565-1239 during office hours or at 414-565-2698 evenings.

I have had teams in this tournament several times in past years and can guarantee a wonderful two weeks of basketball and a great educational experience.

Thank you sincerely for bringing this information to your readers.

Results: Amerahn and Thiemer's battled to the bitter end! But with "Geno" Krueger's 3 bagger and a double that Paul Lehnerz stretched into a home run on his ability of run-run-run and error - error on Amerahn's part, made it a 6 to 4 win for Thiemer's.

Saloon has been playing good ball all season, got 10 runs in the first 2 innings, but came up short with Sundance getting it together in winning their first game 11 to 10. What a day at Thiemer's.

Come on out and watch the hard hitting and battling of the teams every Sunday at 1:00 and 2:00.

KHS Loses to Sheboygan Falls in Extra Innings

By John Harju

Kewaskum literally gave away last Thursday's game against visiting Sheboygan Falls. Crucial errors and failures at the plate enabled the league-leading Falcons to sneak past the Indians, 6-5, in eight innings.

According to KHS coach Tom Bartelt, all of Falls' runs were the result of "physical or mental mistakes" committed by his Indians.

Indian starter Don Menzel suffered the loss, but pitched well enough to win. Menzel struck out eight and walked five, did a good job scattering nine hits and gave up only three earned runs.

The defense behind him, however, shadowed his otherwise good performance as the Indians committed five errors. Also, Kewaskum bats suffered in critical situations, but a lot of this had to do with the efforts of Falcon starter Brad Rammer who recorded the win and struck out 10 Indians along the way.

Kewaskum did manage to send the game into extra innings tied at 4-4 thanks to RBI ground balls in the sixth inning by Jeff Newhauser and Jim Lauer, scoring Rick Staehler, who had walked, and John Donath, who was pinch running for Tim Dettmann, who had singled.

Both teams failed to threaten in the seventh, but in the eighth, Falls loaded the bases with nobody out on three back-to-back singles, with the latter two resulting from bunts that were "mishandled," according to Bartelt. Menzel walked the next batter to force in a run and then a ground ball to put the score at 6-4, Falcons.

Kewaskum threatened to pull it out in their half of the eighth as Dettmann led off with a triple down the right field line and was singled in by Menzel, but the next batters struck out, grounded out and grounded out, and Kewaskum faded in defeat, 6-5.

Dettmann ended up going 3 x 3 and raised his season's average to .326. Menzel went 2x4 to say at an even .500 for the year. Tim Geidel also had a triple in the first inning to drive home the Indians' first two runs.

The loss dropped Kewaskum two games out of first place with a conference record of 4-5. Overall, they are 7-8.
