Plan Tours, Open House Here For Fire Prevention Week

The week of October 6th thru 12th has been proclaimed Fire Prevention Week in the United States

The Kewaskum Fire Dept. will be giving tours to school children from our area, at the Fire Station, at which time fire equipment can be seen, and safety tips will be given.

The general public is invited to an open house at the fire station on Thursday evening, Oct. 10, from 7:00 p.m. to 9 p.m

It is the wish of the Kewas-

kum Fire Dept. that all citizens

and businesses alike take a few minutes to inspect their homes and places of employment to insure that no fire hazards exist.

A few precautions now can possibly prevent a serious fire, which can result in great financial loss, and also save lives of young and old alike.

Hoping to see you all at our open house to answer your questions and view our equipment, we remain your comrades in Fire Protection.

Public Instruction. These counts become the official basis upon which a significant part of next vear's state aids will be figured for our district.

The enrollment figures continue to decline as evidenced by this year's numbers as of September 20, 1985. The membership count at the elementary level totals 865 students. There are 98 students at Beechwood, 228 students at Farmington, 396 students at Kewaskum Elementary, and 143 students at Wayne. The overall decline at this level is 16 students. There were 131 youngsters entering kindergarten this year as opposed to 150 in the fall of 1984.

The enrollment at the middle school is 240 students, including 120 seventh graders and 120 eighth graders. This is 9 fewer students than last year.

Kewaskum High School figures show 163 freshman, 178 sophomores, 168 juniors and 172 seniors. This is a total of 681 students compared to last year's total of 735 students, a decline of 54 students.

The total of the entire district is 1,791 students including five children who attend school in other districts. In 1984-85 the total was 1,870, a difference of 79 students.

Superintendent Kleinhans remarked that this significant continuing decline in enrollment will not only impact on the district in terms of financial assistance but indicates that a careful review of programs and personnel needs may also be necessary for the future.

Treasurer Ralph Remmel happily paints in United Way Pledges.

Why?

*Instead of each member agency having its own campaign, we have one campaign a year. This saves campaign costs, saves you time and serves your community efficiently.

*The money you pledge stays in your own community, and, in

Kewaskum, all workers are volunteers-there are no paid positions.

*Because United Way is voluntary, no agency is forced to join. But, any agency that wants to join must meet United Way standards. They must be not-for-profit, necessary pro-

Friday

Wednesday, Sept. 25, the Kewaskum Booster Club held its first meeting of the new school year in the high school cafeteria. Club President Margaret McFadden was pleased with the attendance of several new members that reponded to the club's last appeal for help, however, the club is still in need of new members, and much additional help for the many club activities during the forthcoming year.

The club has printed approximately 1,000 fall and winter activities schedules for distribution to the general public. These activity schedules will be distributed through several retail merchants around town, and are yours for the asking.

Discussed at the meeting was the possibility of bringing the "Arkansas Gems" basketball team to Kewaskum as a potential fund raiser. The 'Gems'' are an all-women's basketball team that call themselves the "Clown Jewels of Basketball." The team has played against men's teams in fund raisers throughout the entire country, and prides itself in the fact that they have 161 victories in their last 164 games against all men's teams.

Also discussed was possibly adding a volleyball event to the club's annual "Basketball Classic." Club members are also starting to take orders for their Christmas wreath sale. For those of you not acquainted with the club's wreath sale, rest

assured that these wreaths are EXTREMELY HIGH of QUALITY and sure to add a festive touch to your home or place of business during the Christmas season.

Wreath orders can be placed by calling Margaret McFadden at 626-4639, or by calling LeRoy Kopecky or Larry Ammel at the high school.

Past Booster Club accomplishments include purchase of the following items for the school district: 60 Uni-Sex warmup suits, amplifier system for the music dept., swing choir uniforms, jazz band uniforms, school ice machine, vent fan for the weight room, trophy cases, as well as funding several thousand dollars worth of scholarships for college bound Kewaskum graduates.

Meetings have been moved to the last Tuesday of every month, at 7:00 p.m. and interested parents and citizens are invited to attend.

October Has Been Recognized as National Crime Prevention Month

The Public Affairs Department of the GFWC Kewaskum Jr. Woman's Club wishes to share information from McGruff, the crime prevention dog, that may help you have a safe October.

While you're walking, remember:

· Always travel with a friend. Two heads are better than one, especially if there's an emergency. Strangers usually pick on one person, not two.

· A stranger is anyone you and your parents don't know well.

. You and your friends must never take candy, money, medicine, or anything else from a stranger.

· If a stranger in a car asks you questions, don't get close to the car (you could get pulled in)-and never get in it.

· Strangers can be very tricky-they can ask you to walk with them to "show" them something; they can offer to pay for your video game, or ask you to help them find a lost dog or cat. Don't be fooled!

· Don't tell anyone your name and address when you're out walking, and don't think that because someone knows your name that they know you - maybe they're just looking at your T-shirt.

· If you think you're in any danger, yell, and run to the nearest store or Safe House or back to school.

· Avoid strangers who seem to be hanging around public rest rooms, playgrounds or schoolyards. Tell your teacher or another adult you trust about it.

· Some adults can tell you what to do-such as a teacher or a police officer. But no adult can tell you what to do just because he or she is bigger than you. If you're ever in a situation that makes you feel uncomfortable in any way, you have the right to say NO, loud and clear.

· Have your mom or dad-or both of themwalk your school route with you to make sure it's completely safe.

· Always stick to the same safe route in going to and coming from school, and never hitchhikenever!

REGULARITY

Too many people believe that a daily laxative must be standard procedure in order to keep regular. An occasional skipped day or even two or three days should be no cause for alarm, states the California Medical Assn. They note that many laxatives produce undesirable side effects. Increase your bulk intake by eating more fresh raw fruits and vegetables. Drink plenty of liquids too - you can enjoy healthful regularity without laxatives.

help halt world hunger.

West Bend Community Patrol will help with many of the details - thanks to Mike Wade, Alex Hernikl and others.

One step at a time, one person can't solve the staggering problem of world hunger. But people helping people can provide nourishment, comfort and hope to people locally and throughout the world, by participating in the Walk for the Hungry

'All can help,'' say the Weavers. You can donate to the walk, signing up family, friends and neighbors to sponsor you. Or you can be a sponsor or a volunteer. Hope Cross and Barb Ackley, in charge of recruitment, have distributed pledge forms and other materials to churches, organizations and schools.

Donations collected from the walk will be made on the basis of sponsorship of the walkers for each mile walked for a maximum of 10 miles.

"All of the money will go to hungry people," the Weavers emphasized, adding that 20 percent of the money collected will go to the "Full Shelf Food Pantry'' for Washington County persons in need.

The balance will be sent to Church World service unless designated to other overseas hunger-fighting agencies such as Catholic Relief Services, Lutheran World Relief, the World Relief Commission of Evangelicals and others. Some 15 to 20 million people die each year due to hunger related causes.

One step at a time, in fact many steps at a time, can help West Bend and Washington County contribute substantially

Video Tape **Class at UWWC**

Taping home videos is becoming more popular than making home movies. Modern technology has provided us with the capability of taping events and then showing them immediately after they have been filmed. However, many times what we think we have seen is not what we really get. "The ABC's of Making Home Videos" is a short course specifically designed to help video camera owners learn to make quality videos of family celebrations, sports events, weddings, and any occasion that can be preserved on tape. The class will cover equipment selection, camera operations and techniques, terminology, lighting, production planning, editing, and troubleshooting. Instructors John Larson and

Don Gibbons, teachers in the West Bend School system, have been teaching video techniques for many years and are current on proper use of equipment.

The class will meet on Tuesdays, October 8-29 from 7-9 p.m. at UWWC, 400 University Drive in West Bend. People who do not own video equipment but are thinking of investing in it in the near future are also encouraged to enroll. To

register, call 338-5233. Course fees are \$35.00 for the 4-week session.

Girl Scout News

With mother nature doing her vivid painting of the countryside it is good to see so many troops taking advantage of the great outdoors.

Last Tuesday evening we could hear the sounds of laughter and cheer coming from the west banks of the Milwaukee River at Riverhill Park. Girl Scout Troop 53 was busy trying to keep their campfire going despite the strong gusty winds. Finally the fire was warm enough so each scout could try her skills at making dog-inblanket and harvest apples. The best part of the outing was the hot chocolate the leaders brought for them to keep warm. A sad time arrived when the

A sad time arrived when the girls had to say goodbye and head home. My sister and I remained a little while longer to view the beautiful scenery that is there, if only people would take the time for it. The view to the east with the colored trees reflecting in the slowly moving river is breathtaking. There is so much to see around us if we just open our eyes. Times like this sure do make my sister and I homesick for the beauty of the north woods.

Dear Editor:

I am writing to make sure that your readers know that October 6 - 12 is NATIONAL VIOLENCE WEEK. AWARENESS Governor Anthony Earl is proclaiming that week as DO-MESTIC VIOLENCE AWARE-NESS WEEK IN WISCONSIN.

The purpose of Domestic Violence Awareness Week is to draw attention to the magnitude of the problem of domestic violence and the work being done to end it. The FBI estimates that a woman is battered every 18 seconds in our nation. In Wisconsin, it is estimated that there are over 75,000 cases of woman abuse a year.

There are now over 50 programs in Wisconsin serving battered women and their children. Friends for Battered Women of Washington Co., Inc. offers 24 hours, 7 days a week crisis-line services as well as counseling, support groups, legal advocacy, information and referral to battered women and their families. Community education presentations are also available through the FBW office.

Battered women frequently turn to their churches for help For this reason, a special emphasis for this year's Domestic Violence week activities is to work with religious groups to raise the issue of domestic violence. Throughout Wisconsin, churches are observing a DOMESTIC VIO-LENCE SABBATH. Churches are including special informational inserts into church bulletins, saying special prayers for the families of domestic violence, or inviting speakers to talk to their congregations.

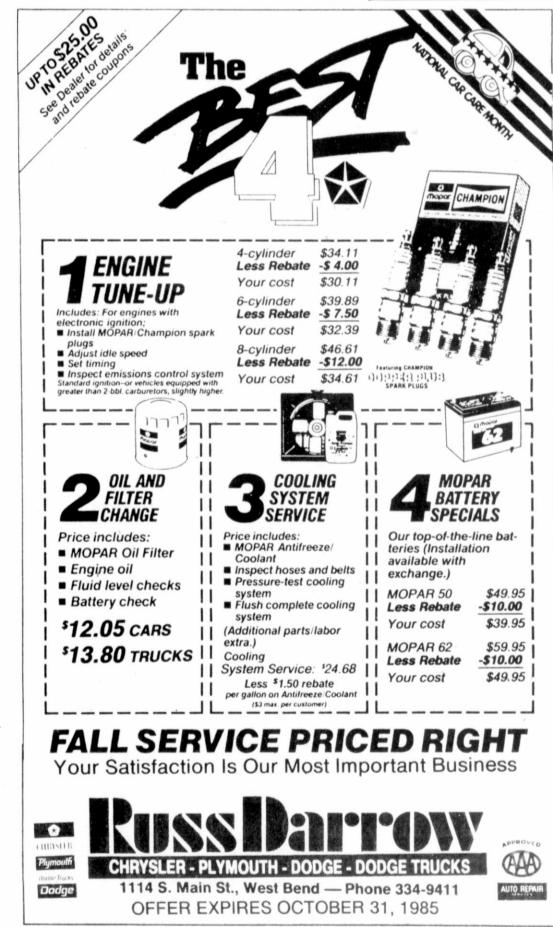

For more information on Domestic Violence Awareness Week activities in this community or information about local services for battered women, contact Friends for Battered Women of Washington Co. at 334-7298 (West

Bend), or 289-8860 (Germantown). Hartford residents can ask the operator for Enterprise 7298

Principal Clifford Rose of Kewaskum High School announced yesterday that one of the school's students has been named a semi-finalist in the 1960-61 National Merit Scholarship competition. He is Robert Kroncke, son of Mr. and Mrs. Robert Kroncke, Kewaskum. Those who are successful in the competition of semifinalists will, in many instances, be provided with a four year college scholarship.

The executive committee of the Kewaskum Grade School PTA met last Monday night with representatives of the school board, Kiwanis Club, village board and the grade school principal to discuss the possibility of replacing the present student safety patrol currently helping our children to cross the busy highways in the village during school hours with adult crossing guards who would have local policing authority. It was estimated that \$2,000 would be necessary to provide these adult guards for the remainder of the school year, therefore means of financing the project is of immediate concern.

ORGANIZATIONS ACCEPTING DONATIONS TO ASSIST VICTIMS OF MEXICO EARTHQUAKE

Normally, I use this column to discuss a federal issue affecting the constituents of the Ninth District. However, I would like to depart from that format this week.

My office has been receiving inquiries concerning donations to assist victims of the Mexico earthquake. For your information, I have listed organizations which are accepting monetary donations for earthquake relief efforts in Mexico.

1) American Red Cross, 17th and D Streets, N.W., Washington, D.C. 20006. Note ''Mexico Earthquake Relief Fund'' on checks.

 Care, 660 First Ave., New Hop York, NY 10016 (212-686-3310). bution
Catholic Relief Services, people 1011 First Ave., New York times

10022. Mark Contributions for "Mexican Earthquake Fund."

Besides these organizations, your church or temple might also be initiating projects to help.

While we were spared the death and devastation of this killer earthquake, we all share in the sense of loss and in the determination to help our neighbors in distress.

The dimensions of the earthquake are still unclear. However, we do know thousands have lost their lives and additional thousands have. been left injured and homeless.

Hopefully, American contributions will help the Mexican people through these hard times.

[Second in a series]

Every year a time is set aside to recognize the members of the corp and their parents. Each separate school arranges their own evening of entertainment and awards presentation.

On March 6th the Farmington Twirlers held their awards night. (An evening of entertainment was arranged by the girls and their instructor, Julie Wenzlaff. Over an hour of entertainment was provided by the girls doing group routines and solo routines.) To top it off, the lights were turned down as the twirlers performed an eyecatching routine using cartridge baton to the song Jump.

The awards were then distributed to the Farmington group. Recipients of awards were:

In loving memory of ELWYN EBERT, who passed away nine years ago, Oct. 4, 1976:

Remembrance is a golden chain Death tries to break, but all in vain:

To have, to love, and then to part,

Is the greatest sorrow of one's heart.

The years may wipe out many things,

But this they wipe out never. The memory of those happy

Sadly missed by the family.

Plenty of Hunter's Choice Permits Available for 1985 Deer Gun Season

There will be plenty of Hunter's Choice permits available for the 1985 deer gun season especially in 17 deer management units in the southwestern and northeastern portions of the state. Hunters who apply in these 17 management units are not guaranteed a permit but they do stand a very good chance of getting one.

That's because the Depart-

crop damage. In the northeast, DNR's goal is to reduce the herd so it coincides with the

local deer range available. If there are surplus permits in a management unit some lucky hunters may receive a 2nd permit in the mail. These second permits will be issued before the gun season begins by random drawing from among hunters originally applying for a hunter's choice permit. Hunter's choice applications will be "put into a hat" and those names drawn will receive a second permit. Unlike 1984, DNR projects will be only limited use of distributing surplus permits on a "first come-first-serve" basis at DNR field stations this year.

*Thus are likely to harvest a deer

*Mailing out two permits saves administrative costs.

Hunters receiving a second permit will be limited to taking ONLY an antlerless deer on that permit during the gun season in the unit for which the permit was issued. "Antlerless deer" means any deer without antlers or with an antler less than three inches long.

Remember, a hunter receiving an initial Hunter's Choice permit can harvest either a buck or doe in the management unit for which the permit is applicable, but then must hunt only for an antlerless deer (in that unit) under the second permit.

Indians Far Behind In Plymouth Relays And Lomira Invite

On a cold, windy day at the Plymouth Relays last Tuesday, which slowed the runners, Slinger took the girls' championship and just .1 of a second separated the top two boys' teams, Sheboygan Falls and Little Chute.

The Kewaskum girls placed 7th and the boys 11th in the 12-team event.

The Indian girls had 189 points, a couple out of sixth place. Carrie Batzler was the first Indian to come in, taking 18th in 15:00, while Mary Murre was close behind in 22nd. Sherry Batzler and Ellen Kuphal took 46th and 47th.

The Kewaskum boys were far back in the team standings. Miles Shaw was the only Indian under 20 minutes with a 19:04. Corey Garbisch and Curt Ayer had times of 20:21 and 20:47. Soph Dave Harju of the JVs had a 22:23 and will move up to the varsity.

The Indian harriers again finished far back at the annual Lomira Invitational Thursday. The girls placed 9th of 10 teams and the boys 13th of 14.

Ripon won the girls' end of the meet with 69 points, while Sara Gilles of Sheboygan Falls was the overall winner of the two-mile race. Tops for Kewaskum were Carrie Batzler, 17th, and Mary Murre, 35th.

Ripon also copped the boys' meet with a fine 32 point showing, well ahead of runnerup Ozaukee. Kewaskum had just one runner in the top half of the field, namely soph Miles Shaw, 13th

John Lightner and Greg Weddig cut 1:30 and 2:00 off their previous best times.

Indians Lose to New Holstein in Overtime

By Chuck Voge

The Kewaskum Indians lost a tough one to New Holstein here Friday night in overtime by a score of 21-15 in a game that was the best offensive effort of the Indians to date.

After winning the toss Kewaskum started on their own 25 and moved the ball 35 yards in only 5 plays to the New Holstein 40 before turning it over. On this first series of downs the Indian offensive attack looked much more disciplined and well organized than it has in the past. In the first series by N.H.. quarterback Tim Meyer threw two passes, one complete, and put together with a 4th down punt did little more than gain back the yardage that they gave up on the opening series of downs.

Nothing more of any significance happened until with 3:50 left in the first quarter, Kewaskum running back Mike Coulter broke loose for a 25 yard run that ended up with Kewaskum turning the ball over at mid-field.

Ten plays and one penalty later N.H. was forced to give up the ball when a fourth and 11 pass from Meyer to Petrie was dropped in the end zone. Meyer's style at quarterback was quite exciting to watch as he went from the shotgun whenever N.H. had its back against the wall. He also looked very stylish on his roll out pass attempts, and most were only attempts since the Indians did an outstanding job on pass defense. Meyer spent a good part of the evening running his way out of jams when his receivers were covered.

The next series for Kewaskum covered 7 plays and 36 yards before they were forced to give up the ball at the N.H. 34.

On the next series by the Huskies, with 3rd and 3, running back Scott Lefeber fumbled forward for a 10 yard gain and a first down on what had to be the shabbiest play of the evening. Nobody should fumble for a first down in front of several hundred people. Lady luck didn't make much of a difference, however, as this drive stalled on an imcomplete pass by Meyer into the end zone and the Indians took over on their own 35 with 5:27 left to play in the half.

On the series that followed Kewaskum had the ball for only three plays but one of the thrillers of the evening came on a 25 yard pass from Rick Staehler to Ken Miller. This one had everyone cheering. however, on the next play the Indians lost the ball on a pitch out that was fumbled. Now it was New Holstein's turn to play the fumble game and they gave it up on the very first play from scrimmage. Kewaskum got off two good runs for 9 and 15 yards before Staehler was sacked for a 10 yard loss. A quarterback keeper for 3 and another incomplete pass forced Kewaskum to punt and the Huskies took over from their own 20 with 2:25 left to play in the half. On the series that followed N.H. held the ball for eight plays and on the final play running back Brett Hansmann went over from the five to score New Holstein's first touchdown of the game. The kick was good

and made it 7-0 N.H. Staehler then took the kick for Kewaskum and with 1:21 left to play in the half KHS got off two running plays and threw two passes, one complete to Tim Rohlinger for 10 yards. Then the half ended with the score 7-0 New Holstein.

The second half started off with Kewaskum doing the kicking, and N.H. running it back to their own 45.

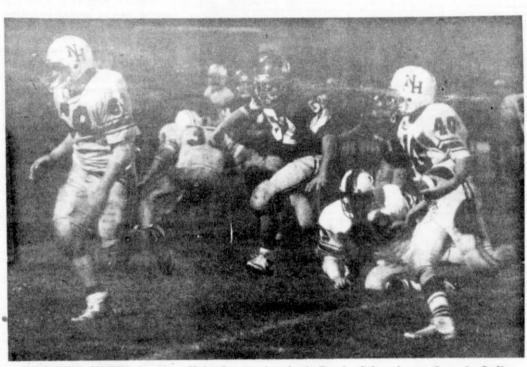

The Indians incidently have gone back to the traditional style of kick with place kicker Tim Dettmann doing the booting and a good job of it too. The squib kick is finally dead and buried. "HALLELUJAH.

On the next series N.H. went to the line of scrimmage 12 times and 6 of those trips to the line ended up in penalties for the Huskies. With second and 40 Meyer threw a 40 yard interception to Jerry Vetter and the Indians took over on their own 40 and put together a 60 yard scoring drive that ended up with Tim Dettmann going over from the 11 for the score. On the second play of the series Dettmann also had a 26 yard run that brought the crowd to its feet. Rohlinger kicked the point after and with 4:40 left in the half the score was now 7-7.

Scott Lefeber fumbled the kickoff and Kewaskum took over again, ran three running plays for short gains before fumbling to N.H. On the next five plays Meyer threw four times, once complete to Curt Krupp, two incomplete and the fourth complete right into the arms of Jerry Vetter of KHS. Kewaskum ran four plays before the third quarter ended, one by Tim Dettmann good for 20 yards on a pitchout from Staehler. The third quarter ended then with the score tied at 7-7.

The Indians ran three more plays before turning the ball over, the last a 4th and 4 on which they were stopped at the line for no gain. With 10:50 left in the game N.H. took over on their own 25 and ran 11 plays. Three of these resulted in penalties on the Huskies and on one Meyer was dropped for a loss on one of his many quarterback keepers of the evening. On fourth and 17 N.H. was forced to punt and with 6:44 left Kewaskum took over on their own 30 yard line.

From their own 30 it took the Indians only six plays to take the ball the length of the field and score their second touchdown of the game. Three of these were runs by Jerry Vetter, one good for 35 yards and the touchdown. Kewaskum attempted a two point conversion with Vetter taking it again and going in for the score. Now with only 4:47 left to play the score was 15-7 Kewaskum. Running back Scott Lefeber took the kick off for N.H. and was hit very hard on the play by Kewaskum's Dennis Gundrum. New Holstein then ran a series of 15 plays from scrimmage, the second last a third and three pass complete to the one yard line. From there with 45 seconds left to play in the game Meyer took it in on another quarterback keeper to make it 15-13, Kewaskum. New Holstein then ran it in for the two point conversion and the score was all tied up at 15-15 with 45 seconds left to play.

HUSKIE'S SWEEP by New Holstein running back Randy Schoenborn, deep in Indian territory (Chuck Voge photo)

New Holstein then tried an on side kick. Kewaskum fumbled the kick and it was recovered by New Holstein's Tom Winkler. With only 35 seconds left on the

complete passes to run out the Passing Passes attempte clock.

start the first overtime period Fumbles lost from the 10 yard line. With Penalties-yar third and two the Huskies picked up another penalty that Kewaskum looked like it might be the game New Holstein scored to make it 21-15 N.H. The next play, a successful two point conversion was nullified by another penalty on New Holstein and on the second attempt they were stopped.

Now the Indians got their chance to go ahead and from the ten ran the first play for a one yard loss. The second play, a pass to Rohlinger was complete but for no gain. The third, a run was good for three and with fourth and goal the Indians were stopped short. Final score 21-15, New Holstein.

This week the Indians take on Two Rivers at home for their

homecoming. The homecoming parade will start at 6:00 p.m. and the game at 7:30.

good scoring attempts by the Kiel squad. The shortest member of the Indian team, at 5-4, Prescott never gets into the Kew limelight with any spectacular spiking attempts, and for this reason is perhaps the most under-rated and unnoticed player on the team, however, it is her unwavering ability to keep a cool head and take charge in heavy traffic that puts the Indian squad back together 6-21 when they start falling apart.

Both the JV and freshmen teams lost their matches for the evening.

The Kewaskum girls had some rough going early in the match at Chilton Thursday, but then recovered to take all three games to remain undefeated. The victory gave the Indians a perfect 6-0 record at the halfway point in the Eastern Wisconsin Conference.

The KHS girls fell behind 2-11 in the first game to the Tigers, who are still winless, before Chris Bodden got them going. Bodden served the Indians to a 11-11 tie and then Brenda Vetter took it the rest of the way

Kewaskum won the second and third games easily by the same scores of 15-2.

Kewaskum hosted the Two Rivers Raiders Tuesday night to start the second round. The Raiders at present are the Indians closest competition.

By Chuck Voge

The Kewaskum girls volleyball team survived an early game series of offensive errors. and missed spikes, and went on to take two of three games from Kiel Tuesday night, Sept. 24th, for their fifth straight conference win at the fieldhouse here in Kewaskum.

The off target, early game offensive attack by the Indian girls cost them dearly as Kiel jumped out to a 4-2 lead on unforced errors by the Kewaskum girls. Behind 4-0 the Indians settled down to playing good solid, defensive volleyball in the style that has helped them so often on their way to their present 5 and 0 record.

The only effective weapon in the Indian offensive arsenal was Brenda Vetter. Midway through the first game she put together a string of three solid, bullet-

like smashes down the middle, to help the girls on their way to a 15-10 first game win.

The second game, a close one, went to Kiel 15-13. Again in the second game the Indian spiking attack went way off target, and had the girls left their offensive ideas in the locker room this match could very well have been over after game two. Lisa Fusek put on a good offensive charge by holding service for three straight, with one going for an ace.

The third and deciding game went to Kewaskum, 15-8, however, this game was not the run-away that the score would indicate. With the score tied at 5-5, the ever steady defensive head and hands of Tracy Prescott became the deciding factor for the Indians, as she seemed to be everywhere she needed to be to stop several

Tennis Girls Lose To Horicon, Now 2-9

The Kewaskum girls lost to Horicon in tennis last Thursday, 2-5, the same score by which they lost to the Honkers in their first meeting. The girls' record thus dropped to 2-9.

Only winners for the Indians were Julie Reha at No. 1 singles and Sherry Becker and Barb Panzer at No. 3 doubles. Reha shaded Raelene Miller, 8-6, while Becker and Panzer won a 9-5 victory over Brendemuhl and Rieman.

Two other matches were very close. Devona Gruber lost a close, 6-8 decision at No. 2 singles and the No. 2 doubles team lost by a 7-9 score.
