Kewaskum Teacher Talks at Impasse

By GERRY MUELLER
Statesman Staff Writer

With several negotiating sessions behind them and no progress made, the Kewaskum Education Association, representing district teachers, and the Kewaskum School Board are seeking a meeting with a mediator in an effort to reach a contract settlement for the 1985-86 school year.

While both sides are still hoping to reach a voluntary agreement, a mediation session has been set for Tuesday,

October 29th, at 4:00 p.m.

The biggest stumbling block in contract talks has been salaries, said representatives for both sides. Other areas of concern for the KEA are early retirement and layoff language.

In initial talks back in March, the teachers had asked for an average salary increase of \$2,675, if the contract was settled by May 15th. If the contract was settled after that date, an average increase of \$3,100 was being sought.

KEA representatives have indicated there has been a

significant downward movement, on its part, from that figure. However, discussions still have been stalled since September 5th.

A second mediating session has been scheduled for November 13th, if the two sides feel further talks are necessary. Both the KEA and School Board have requested that William Houlihan serve as mediator. Houlihan acted as mediator in negotiations two years ago and was able to get the two sides to reach a settlement without going into arbitration.

School Board Approves German Trip Club

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum School Board voted to approve the establishment of a German Trip Club at the high school.

The trip club will be separate from the present German Club and will be formed for the sole purpose of raising funds by students, who are interested in taking a chaperoned tour of a German speaking foreign country.

The proposal was made by

Ms. Terry Candelario, who teaches German at the high school. Candelario told the board, the plan is to schedule an 8 to 10 day trip every two years, which would be taken during a school break such as Easter or Christmas vacation. Only those students who are taking, or have taken German would be eligible to participate in the trip. Candelario said the trip would not be just a vacation but a learning experience in such things as exchanging currency,

Town of Kewaskum Opposes County Incinerator Plan

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Town Board Monday evening approved a resolution indicating it is not in favor of the proposed Washington County incinerator program.

Because the township plans on utilizing its own landfill, which is good until 1999, the board felt the cost should be borne by those communities who would be using the facilities. The board said that the county incinerator plan may be better accepted a few years down the line than it is now.

In other action, the board accepted the high bid of Gary Schladweiler to rent 6.6 acres of township land near the landfill at \$38.00 an acre, on a three-year contract.

The board also approved the 1986 fire contract with the Village of Kewaskum at a cost of \$35,834.

Town Clerk Barb Hinz told the board that, in compliance with a new Department of Natural Resources regulation, all township residents with holding tank sanitary systems

are now required to submit a semi-annual report of the dates the tanks were pumped. The report must be filed with Hinz.

The board discussed the problem of making the township's polling place accessible for the handicapped. Effective in 1986, in compliance with a federal ruling, polls must be equipped with ramps and special voting booths to accommodate the handicapped. Hinz said the board is considering either building a ramp for the labor center, or looking for a new place to hold its elections.

Daylight Saving Time will end at 2 a.m. Sunday, so don't forget to turn your clocks back one hour before retiring Saturday night, when you will regain the hour lost in the spring. It also means that it will be light an hour earlier in the morning and dark an hour earlier in the evening.

NEWLY FORMED

School District Scholarship Organization Elects Officers

At a recent meeting, election of officers was held for the newly formed scholarship organization for the Kewaskum High School District, K.E.Y.S., Inc. They are: President: Diane Buchel; Vice President: LaVerne Hron; Secretary: Phyllis Bade; Treasurer: Gwen Wilson.

In addition, the following people were named to serve on the Board of Directors: Joe Swanson, John Tessar, and Dave Wieter.

K.E.Y.S., Inc. stands for Kewaskum Youth Scholarships, Inc. The above group with an additional 18 members has organized to form a non-profit, tax deductible, group to provide a place for interested people and businesses to make donations towards a scholarship fund similar to West Bend's Columns or Slinger's Honours, Inc. Both West Bend and Slinger have been able to develop organizations which are now investing funds to provide

additional scholarships to deserving seniors each year. These donations are made by alumni, businesses, organizations, and individuals as living memorials or in memory of a loved one, and through fund raisers. These additional scholarships will be over and above the scholarships currently given at our high school.

Members of this organization would be happy to talk to your clubs, groups, or any individuals to explain our purpose or to accept your donations.

We are also planning a fund raiser to get us started. Peter Ayer, a member of the K.E.Y.S. committee has volunteered his renowned Peter Ayer Ensemble to present a Christmas concert at Kewaskum High School on Sunday evening, December 8th. Additional information regarding this concert will be published soon, and tickets will be available in early November from any committee member.

Halloween Safety Alert Issued

Milwaukee Children's Hospital is urging parents to follow a set of safety guidelines if their children will be participating in Halloween activities.

With the help of parents, every child can have a safe and enjoyable Halloween. All it takes is a little advance planning to assure that Halloween will be fun for everyone.

The following guidelines are recommended:

- Parents should encourage and plan home or community parties to take the place of traditional door-to-door trick-or-treating.

- If children do trick-or-treat, they should be accompanied by an adult. Children should only go to the homes and apartments of relatives, friends and others known by their parents. Children should never go inside a home or apartment unless they are accompanied by their parent or a responsible adult.

- Children should not eat any of their treats before they return home. Parents should carefully examine all treats, disposing of treats that are not in wrappers or if the packaging material appears to have been tampered with. If there is any doubt about a treat, throw it away.

- Costumes, beards, masks, wigs and other materials should be marked "FLAME RESISTANT." This labeling indicates the material will resist burning and should extinguish quickly if it comes into contact with a flame.

- As with all clothing, Halloween costumes should properly fit a child. Avoid baggy clothing and billowing skirts. Do not allow a child to wear dad's boots or mother's high heels. Costumes should also be short enough so they will not cause tripping.

- It is recommended that parents not allow their children to use masks. A mask can obscure vision and even restrict breathing. Instead, fashion a "face" out of cosmetics or facial paints. If a mask is worn, make certain the eye openings do not restrict vision and nose holes do not restrict breathing.

- If knives, swords and similar items are used, make certain they are made of a soft flexible material. Avoid sharp, pointed and hard accessories as such items can lead to injuries.

- Costumes and trick-or-treat bags and sacks should be trimmed with reflectorized tape. Costumes should also be in bright, easily seen colors. Children should also carry flashlights.

- Make certain your child is ready to participate in Halloween. While older children and adults know that Halloween is just pretend, a small child may be frightened by the costumes. If a child becomes frightened while trick-or-treating or attending a party, a parent should provide reassuring comfort and take the child home. There is always next year.

- Children should stay on sidewalks and they should walk, not run, from house to house. Children should not cut across lawns or dash between parked cars.

- Those who will be receiving trick-or-treaters should make certain all outside lights are on and that all obstacles are removed from walks, porches and lawns. Keep open flames away from areas where children could brush against them.

- If possible, children should trick-or-treat during the late afternoon hours while it is still light outside.

non-profit organizations. There will be times when exceptions are made and there will be no costs. Basically, what the district is looking at are overtime costs for custodians when one would not normally be on duty, or light costs when a building would not be open such as on a weekend. Anyone who has any questions on the policy can contact the administrative office for information.

In other action, the board heard presentations on teacher health insurance plans. Representatives from Wisconsin Education Association, Samaritan Health Plan, and Compcare presented their programs.

The board approved the transfer of Robert Sobolewski from Wayne Elementary to the Middle School to fill a math teaching vacancy, Ken Erickson's transfer from Beechwood to Sobolewski's vacancy at Wayne, and the advertising of the resulting vacancy at Beechwood.

Ms. Kleinhans gave a preliminary report on the Department of Public Instruction's audit of the district's food

services. "We had some concerns about the food service fund and the service," said Kleinhans, "the reports show the cost of preparing food in the district is 12c a meal higher than the state average."

We'll be looking at our equipment, a lot of which is outdated and inefficient. Kleinhans said the district will also be looking into doing some of its own baking. As a part of cost adjustments, we will be cutting 1 1/2 hours per day of kitchen time throughout the district.

Kleinhans said she would have the final food services report ready for the board's next meeting.

Business Manager Cherna Gorder presented some proposals for car leasing. The district is looking into leasing one vehicle for use by the administrator, business manager and principals, rather than paying car allowances for private vehicles used on school business. Only when the vehicle is in use would an individual be paid mileage for the use of their

own vehicle if necessary.

Board member Kim Peterson said he would like to see some comparison figures on cost savings. Weare moved to table the item until the November meeting and have Gorder bring back some information on cost versus savings.

The board then adjourned to closed session.

Yearling Receives UW Scholarship

On September 10, 1985, the UW-Madison School of Pharmacy held its annual Scholarships and Awards Ceremony to recognize the accomplishments of outstanding undergraduate students.

Jill Yearling, Kewaskum, was a recipient of a Mabel Johnson Memorial Scholarship.

In all, 35 students received 49 scholarships and awards worth a total of almost \$27,000. The School of Pharmacy, established in 1883, has about 330 students in its undergraduate programs.

and visiting various businesses.

Candelario had made a similar proposal two years ago, but the board turned down the request because of questions regarding school liability insurance coverage in a foreign country. This time, she indicated, the club would pay for any flyer needed to cover any additional insurance costs.

Candelario said she is presently checking the costs and legalities with the district's insurance agent. If there are any problems, or the cost is too high, the trip club would disband.

Neal Weare, Chairman of the

Policy Committee presented amendments to three policies. Policy 4237 concerns procedures for recognition of employees. Policy 8344, which deals with procedures for public meetings was returned to committee because some board members disagreed with some wording regarding the public speaking on agenda and non-agenda items.

Policy 1330 is concerned with community use of school district buildings. A new fee schedule was included in the policy to cover costs for various items such as equipment, services, lighting, etc. District Administrator Penny Kleinhans stressed the policy is not trying to discourage anyone from using the facilities, especially

Town of Scott OKs New Mobile Home Ordinance

By GERRY MUELLER
Statesman Staff Writer

Effective with its official publication later this month, the Town of Scott will have a new ordinance governing all mobile homes located in the township. The new fee schedule will begin in 1986.

The fourteen-page ordinance lists all the regulations governing mobile home parks and the homes themselves. The new system of taxation will be monthly parking fees based on the value of the home. This method will allow the township to collect revenues from homes that only remain a few months.

Mobile home park operators will be permitted to keep 2% of the fee collected to offset administrative costs. The township will keep 10%, and the remaining 88% will go to the school district, based on its taxing percentage for that year.

The only revision to the proposed ordinance was making mobile home skirting optional rather than required.

In other action, the Scott Board heard complaints regarding the unprofessional manner in which Town Constable Clarence Schicker is handling dog complaints. Two township residents lodged complaints. Peter Burak told the board, he paid a \$25 fine for something that went on over the phone. Burak said Schicker never returned to discuss the problem or did any investigating. The board agreed to discuss the

situation during a closed session at its November 8th meeting.

The Washington County Town of Wayne Board and two of its road employees were guests of the township during its October meeting. The visitors were given a tour of the Town of Scott's facilities and its new Caterpillar grader.

Schwai Named Co. Supervisor

Robert C. Schwai of the Town of Trenton was named Monday to fill the vacant Sixth District supervisor's position on the Washington County Board.

County Board Chairman Reuben Schmahel of Jackson announced that he plans to appoint Schwai, 54, of 7225 N. River Road, to replace Arthur G. Degnitz of West Bend, who recently resigned to become county clerk.

There were three applicants for the post. In addition to Schwai, applications were filed by two other Trenton men: Paul A. Tuchscherer, 31, of 6543 Sandy Acre Drive, and Robert L. Swanson, 44, of 2276 County E.

Supervisor Norbert Dettmann of rural Kewaskum described all three as good candidates.

Schwai was educated in Kewaskum and West Bend and has worked for the West Bend Company for 30 years, the last 20 in supervisory capacities.

William Butzlaff, 4463 Badger Road, appeared before the board to contest a bill for a fire call to his home. A new town ordinance, which went into effect last August, states any taxpayer who has a fire may be charged a fee of up to \$500 for each fire, except for those caused by nature.

Butzlaff had started a fire to

burn some refuse. He contended that the fire was almost out when he left it. A neighbor said they saw a car stop and throw something on the fire, rekindling it. The board decided the bill of \$500 would stand because Butzlaff was still responsible for watching the fire.

Herb Wolf, of the Washington County Parks and Land Use Commission, presented the latest wetlands map for the township. The board voted to hold a public hearing for Monday, November 4th, from 7:00 to 9:00 p.m. All property owners are asked to attend the hearing to check the maps and verify their wetland boundaries before the board votes to formally accept the map.

Another Public Hearing On Cablevision Request

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Village Board has scheduled a second public hearing for November 18th, at 8 p.m. in the Municipal Building on the request of River Bend Cablevision for a rate adjustment on its services.

The request came after the board vetoed the firm's original request for a hike in its basic service from \$9.97 to \$11.95, following the first hearing in September. River Bend is hoping the board will change its mind and approve the request this time around.

The City of West Bend recently approved the same increase for its residents.

In other action, the board approved an ordinance amendment which will increase the cost of dog licenses by \$1.00 in 1986. The new fees will be \$5.00 for neutered males and spayed females, and \$8.00 for unneutered and unsplayed animals.

The trustees discussed a letter regarding a request for sewer and water hook-up for the Tompkins Mobile Home Park. The board decided that if a feasibility study were done by the park operator's representatives, the board would consider the request. Reviewing the study, however, will not imply the village would take any action to proceed with such a

Kewaskum Residents In 'Carnival'

Lili [Sherry McElhatton] looks on as Randy Wilhelmi performs his juggling act in "CARNIVAL" the delightful musical presented by Spotlight Productions in November. She is a Kewaskum native and he is a Kewaskum resident for the past nine years.

Two Kewaskum residents will be performing in Spotlight Productions November musical "CARNIVAL!" to be presented in dinner theatre at the Dillon Royale, West Bend.

Sherry (Foerster) McElhatton, Hillcrest Rd., and Randy Wilhelmi, Memorial Dr., were cast early in September in this fast-paced, colorful musical about a waif who joins the circus and all the love and excitement she finds.

Sherry, a Kewaskum native, will play Lili, the leading role. She graduated from Kewaskum High and went on to receive her Bachelor of Music degree from UW-Oshkosh in 1984. She was married recently to Mike McElhatton and is now employed by AMS Green Tree Health Care Center in Glendale as a Music Therapist.

Sherry's extensive music background is exhibited in her crisp clear renditions of "Love Makes the World Go Round," "Beautiful Candy," "Very Nice Man," and others of the nearly 20 musical numbers in the show. This is her second time on stage with Spotlight Production. She performed in their 1982 production of "The Hand That Cradles the Rock." Since then, she has performed with UWWC and at UW-Oshkosh as part of their madrigal dinner.

Playing a triple role in "CARNIVAL!" is Randy Wilhelmi, a 1984 Kewaskum

High grad. He will play the part of Dr. Wilhelm Glass, a Swiss veterinarian who contributes to the comedy and character of Act II. Randy also alternates as the troupe's juggler and a Roustabout (grounds crew).

He'll sing in chorus numbers such as "The Grand Imperial Cirque de Paris." He'll also dance in chorus numbers and in the chivalrous "A Sword and A Rose and A Cape," and will entertain and delight as part of "Les Freres Alonzo" the juggling act.

"CARNIVAL!" will run November 15, 16, 17, 22, 23, and 24 at J.R. Maximilian's Restaurant, Dillon Royale, Hwy. 33, West Bend. The November 16th dinner and the November 17th brunch are sold out but tickets remain for Friday and Saturday sit-down dinners and the November 24th brunch. The Friday menu features a choice of Cod Supreme, BBQ ribs, or Cornish game hen. Saturday entree choices include Chicken and Ribs, Pepper Steak or Cornish Game Hen. A champagne brunch will be served at noon on Sundays. The musical will begin immediately following each meal.

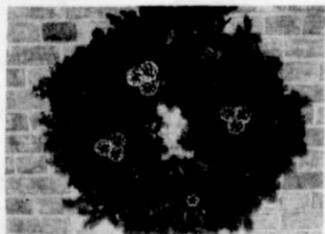

The \$13.50 ticket includes the complete meal, dessert, beverage, tax, tip, and the show. Reservations are required. For more information 334-4162.

Kewaskum Historical Society Plans Annual Dinner Meeting

The Kewaskum Historical Society, Inc. has completed their eleventh year of providing a look at the past, present, and future. This was accomplished through the 1847 log cabin, in museum, early farm days show and meetings. The Society is grateful to all of those that have supported the Society and its functions, for without your help and support we wouldn't prosper and grow.

To close another successful year the Society will again hold their annual dinner meeting November 10, 1985, at River-view Inn, 1310 Riverview Drive, Kewaskum, beginning at 12:00 noon with cocktails, cash bar, followed at 1:00 p.m. with a buffet dinner (broasted chicken and tenderloin tips, plus all the trimmings, catering by Buck's Kinn) at a cost of \$7.00 per

person. The cocktails and dinner will precede a short informal meeting.

The Society is cordially extending an invitation to you and yours to attend our dinner meeting. Due to the structure of our organization, everyone pays his or her own way.

Please reply and send your money for your dinner reservation to our Treasurer, Sylvester Schmidt, 309 First Street, P.O. Box 198, Kewaskum, WI 53040 (414) 626-2653 no later than November 5, 1985.

Trick or Treat Hours

The Village of Kewaskum will hold its annual Trick or Treat event on Sunday, October 27, 1985, between the hours of 2:00 p.m. and 4:00 p.m.

As in the past, the Kewaskum Police Department wishes to take this opportunity to remind parents and children of several safety tips to make this day as safe as possible.

Parents should check masks and costumes to ensure the child's field of vision is not restricted.

If possible, parents or an older brother or sister should accompany youngsters to help them cross streets and report any suspicious activity to the Kewaskum Police Department. It is very important any incidents are reported promptly so they can be checked out while still fresh in the minds of the children.

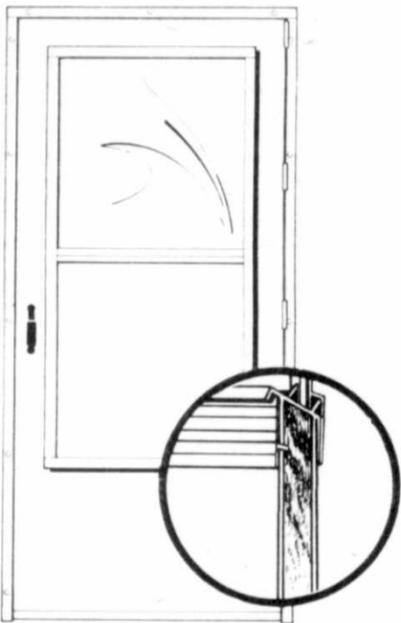

Parents should not follow children in autos. An excited child might dash into the street even though normally they are very safety orientated.

The Kewaskum Auxiliary Police will be on extra patrol in all neighborhoods to assist trick or treaters any way possible.

If we all do our part, we will give our children a fun time with pleasant memories.

Shorewood School Program Described At Meeting of New Local CARES Group

During the 1984-85 school year 285 volunteers give 9,000 hours of their time to the Shorewood School District. Karen de Hartog told members of Kewaskum CARES last week. Kewaskum CARES, the new district-wide support organization formed last spring, asked Mrs. de Hartog to describe the Shorewood program in the hopes that a similar program could be started in the Kewaskum School District.

Mrs. de Hartog, who is the co-ordinator for the Shorewood volunteer program, said that their program was 20 years old and that a paid, quarter time co-ordinator was hired 8 years ago when the program became too large to be handled on a volunteer basis. Forms asking for volunteers are mailed in late

August to the parents of Shorewood students. Mrs. de Hartog said the best response comes from the parents of grade school students. Mrs. de Hartog has a resource person in each Shorewood school, who knows the local residents. She says that personal contact is the best way to find volunteers.

In Shorewood the teachers request help and then the co-ordinator tries to find a volunteer to fill the need. They are never able to fill all the volunteer slots, she said. Some of the problems that have to be overcome in a volunteer program is teacher or administrative resistance to volunteers. For a volunteer to be used efficiently, the teacher has to spend some time planning, Mrs. de Hartog said. About every three years both teachers

and volunteers fill out evaluation forms on the program. She also warned that most volunteers prefer working with students and aren't happy doing only clerical work.

One program the Shorewood volunteers are doing this year is taping text books for students with reading disabilities, but who can assimilate information by the spoken word. Volunteers tape these texts at home. Volunteers also handle the Olympics of the Mind program at Shorewood with the help of one teacher. Mrs. de Hartog warned that the volunteers did not replace the aides hired by the school district, but helped improve the quality of education.

Mrs. Joan Rosenberger, chairman of CARES, said that it has been estimated that there are about 200 children in the Kewaskum schools who are not in special education classes, but could use extra help. A survey was taken of Kewaskum teachers before the meeting on volunteer needs in the district and a sheet asking for help was given to those at the meeting. Members of CARES will also be available to sign up any residents who would like to volunteer, during the Parent-Teacher conferences November 14.

Members were also asked if four meetings a year of CARES was a good number and to list meeting topics they would like presented. It was unanimous that four meetings were enough and it was decided to have the meetings at different schools in the district so all residents

would get to see the schools. Meeting topics selected included programs on vocational classes, Olympics of the Mind, music in the schools, guidance department, extra curricular activities, academics, drug and alcohol abuse program, and a district wide art school.

It was decided that the parent members of the CARES steering committee would act as co-ordinators for the volunteer program in the district. The next steering committee meeting will be held in November. The next general meeting in January.

The International Red Cross was founded in 1863 by Jean Henri Dunant.

KHS Band Students Attend UW-Oshkosh All-Star Ensemble Day

Saturday, Oct. 19, saw five band students from Kewaskum High School hit the road early on their way to Oshkosh. These students - Denise Goetsch, Kathy McCurdy, Tammy Muench, Leighton Peterson and Corey Garbisch were all selected on the basis of their achievements in music.

The day began at 9:00 a.m. when the total group broke up into three sections, a woodwind choir, brass choir and percussion choir. Most of the day was spent in rehearsal, along with master classes on each instrument offered by the teachers from UW-Oshkosh. At the 4:00 concert the UW Wind Ensemble performed, followed by three student groups.

It was a very worthwhile day, enjoyed by the students.

Beechwood Lake Problems Still Unresolved

By GERRY MUELLER
Statesman Staff Writer

The water level is down, Highway S is up, but Beechwood Lake continues to be a problem for the Town of Scott.

The latest chapter in the life of the lake appears to be that fall rains are again causing the lake to rise, but any efforts to correct the situation will not be soon in coming.

At its last meeting the Town of Scott Board decided to postpone any action on resolving Beechwood Lake's problem until at least January. The board is faced with not only finding a solution to the lake's flooding, but also coming up with the money to pay for both an engineering study and any improvements which will be recommended as a result of the findings.

At previous meetings, a rough price tag of around \$100,000 had been put on constructing a drainage system for the lake. Edward Ritger, the township's legal counsel, informed board members that the Town of Rhine had received an engineering report indicating a similar problem they were encountering with Little Elkhart Lake could be corrected with a siphoning system for approximately \$20,000.

Ritger felt that was en-

couraging news, telling the board that Scott could raise that much money by levying special assessments on any property that derives some benefit from the lake.

The board could consider an assessment which could run from \$15-\$30 per acre for land producing water drainage into Beechwood Lake, to a flat fee of \$800-\$1,000, for properties with lake frontage and away from the lake that could sustain flood damage.

Members of the board felt they wanted input from all the people who would be affected before taking any action.

Town Chairman Charles Fick indicated he was neither for, or against, the plan, however, he felt there was a lot of ground-work to be done. The first priority was setting up a method of raising the money to cover engineering costs.

The board felt it did not want

to rush into anything and agreed with Supervisor Richard Bemis' suggestion that the matter be postponed until at least January.

Some Indians of the Caribbean would not eat turtles for fear such a diet would make them stupid.

Mini Snow-Show Draws Good Attendance

Friday, Oct. 25, 1985, Kewaskum Statesman, Page 13

Attendance was good at the Kewaskum Sno-Chiefs Pancake Brunch.

Outside snowmobile clubs displayed the equipment they use to groom the many miles of excellent trails in the area. Front row - Bombies owned by the Kohlsville Cruisers and Campbellsport Sno-Cougars. Back row - Tucker Sno-Cats owned by the Kewaskum Sno-Chiefs and New Fane Kettle Riders.

Statesman Staff Writer

There wasn't any of the fluffy white stuff at the mini snow-show held at the Amerahn this past Sunday but there were lots of visitors who are looking forward to the beginning of winter outdoor recreation time.

The show featured displays of equipment, parts and clothing from several area recreation businesses. Over 200 people were served during an "all-you-

can-eat" pancake brunch which was held in conjunction with the show.

Outside, four of the area's local snowmobile clubs displayed their dragging equipment.

The Kewaskum Sno-Chiefs Snowmobile Club, who sponsored the show, were very pleased with the turn-out and are looking forward to running the event again next year.

Piano Scholarship Winners

Front row, left to right — Nicole Winkler, Rochelle Winkler; back row — Leah Kuphal, Bethany Muckelberg, Debbie Fink; not pictured — Lisa Bestul. were this year's winners of Suzuki piano camp scholarships awarded by the Marlene Frey Junior Music Club, a junior club for piano and organ students. Fund raisers selling Daleronos Pizzas and Beichs candy bars made these scholarships possible.

Lisa is the daughter of Mr. and Mrs. Gregory Bestul, Debbie is the daughter of Mr. and Mrs. Ronald Fink, Nicole and Rochelle are the daughters of Mr. and Mrs. Chris Winkler, all of West Bend. Bethany is the daughter of Mr. and Mrs. Peter Muckelberg of Cedarburg. Leah is the daughter of Mr. and Mrs. Roger Kuphal of Campbellsport.

PSAT/NMSQT Services Help KHS Students 'Learn From Own Mistakes'

Students taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT-NMSQT) this year on October 22 will be able to "learn from their own mistakes" by using information in their score report provided by the College Board, according to Dave Wietor, director of guidance at Kewaskum High School.

"After taking the PSAT-NMSQT, all students receive a Report of Student Answers which includes the correct answers and their own responses and scores," said the local guidance official. "They also receive their own test booklets so that they can review the actual questions, see which ones they got wrong, and try to figure out the correct answer and why they may have missed it."

This process can help students learn from their own mistakes by encouraging them to understand the reasoning involved in finding the right answer, an ability which will be useful for future school work. Looking at the kinds of mistakes made on the test can help students identify areas in which

they may be weak and need more work.

Before taking the PSAT-NMSQT, students receive a Student Bulletin containing a complete practice test with an answer key and scoring instructions. After the test, they receive a booklet, About Your PSAT/NMSQT Scores, that helps them to interpret their test results and to plan for college.

Other services that enable counselors and other school personnel to better understand and interpret the test results to students and parents include school summaries of students' answers, profiles of the academic characteristics and career interests of students taking the test, and a special publication for use with students as part of a general guidance program.

The PSAT/NMSQT is co-sponsored by the College Board and the National Merit Scholarship Corporation. Since 1959, more than 26 million students have taken the test, which measures verbal and mathematical abilities.

By taking the test, students discover how they rank among

juniors (or sophomores or seniors) taking the test across the country. It also provides a preview of the College Board's Scholastic Aptitude Test (SAT), taken by many college-bound students. The PSAT/NMSQT is also the qualifying test for students wishing to participate in competitions of the National Merit Scholarship Corporation.

If your son or daughter is a junior or sophomore and is thinking about attending college, encourage them to sign up to take the test.

Social Security Checks to Be Early

Monthly social security checks which are normally delivered on the third of November will be delivered on November 1st instead, according to Dave Becker, Manager of the West Bend Social Security office.

"Benefit checks are mailed early when the usual delivery date falls on a Saturday, Sunday or legal Holiday," Becker said. "In these instances, the checks are dated and delivered on the first day before the third of the month that is not a Saturday, Sunday or Holiday."

Becker stated that this procedure helps reduce the problems that people have when they receive their checks and their banks are closed. These situations occur several times during the year, and Becker advised that SSA would provide similar information about future early check delivery dates as they occur.

CHILD SAFETY

Halloween is just around the corner and, as a father of two young sons, this event always brings to mind the subject of child safety. Parents, organizations, and our local police are doing their part to educate the public about the problem of child safety and missing children. Congress and the Reagan Administration are doing their part too.

In 1982, I was a member of the Conference Committee which forged a compromise bill allowing for the passage of the Missing Children's Act. This Act established a national clearinghouse for information on missing and exploited children. In 1984, the Department of Justice created a toll free telephone number where individuals can report the location of any missing child. That number is: 1-800-843-5678

Last year, the President's Office of Private Sector Initiatives helped bring Greyhound and Trailways bus companies and the International Association of Chiefs of Police into the act. Both companies will send home, without cost, any runaway child who wishes to go home and who is brought to one of their bus stations by local authorities. In the past 18 months, 4600 children have

been sent home. Runaway children tend to be prey to all types of exploitation, especially to child pornographers. Therefore, I recently co-sponsored H.R. 2539, the Child Protection Act of 1985, which stiffens the penalties against child pornographers.

Protecting our children is an important job; much of it only you can do. Here are a few suggestions:

1) Keep a copy of your child's fingerprints and be able to locate his or her dental records. Also, take a photo every year of your child. Children under two should have their photos taken several times a year.

2) Don't buy items with your child's name on it, such as t-shirts. They respond more readily to strangers if they are addressed by name.

3) Make sure your child knows his full name, address (including state), and telephone number (including area code). Make sure your child also knows how to reach the operator to make a long distance call.

4) Check with your local police for additional measures you can take to ensure the safety of your child.

Have a happy, but most of all safe, Halloween.

The girls have had a very successful season. They all attended a four-day camp at UW-Oshkosh in August. The varsity received an award for being the most outstanding spirited squad. They also, along with the J.V., received the awards for outstanding leadership, mounts, jumps and cheerleading skills. It was a very beneficial and enjoyable camp.

Two of the varsity girls, captain Debi Seideman and Candi Goeden also attended a four day camp at Birch Knoll in Phelps, WI. They were chosen one of the top seven squads, out of 300 girls, and also brought the "Spirit Stick" home. A job well done for only two girls!

This Friday, Oct. 25th, is the last home football game. All our football cheerleaders, Freshmen, J.V. and Varsity, along with the Pom Pon squad will be doing a routine they brought home from camp. Give them a big round of applause. They're working hard to give Kewaskum cheerleaders to be proud of!!!

FEVER BLISTERS

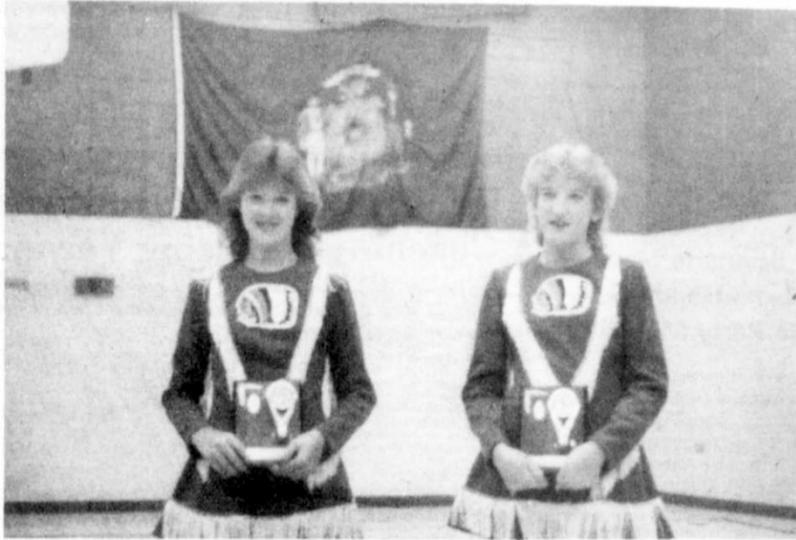

Lactobacillus acidophilus is a bacterium normally found in the bowel of healthy persons. It produces B vitamins and acts to inactivate 'herpes simplex.' Two Baltimore oral surgeons reported that 38 out of 40 patients whom they treated with L. acidophilus tablets, achieved relief from pain within 48 hours; 36 reported total disappearance of lesions within 5 days of treatment. Their patients took from 2 to 4 tablets, three times a day. Discuss this treatment with your doctor.

Citizen Advocacy of Washington County to Observe 'CA Week-85'

Citizen Advocacy of Washington County announces "CA Week - 85." The purposes of CA Week - 85 are to emphasize the needs and potentialities of persons with disabilities who live in Washington County, to make the general community aware of the Citizen Advocacy Program, and to raise funds for support of Citizen Advocacy.

Citizen Advocacy is an independent, non-profit organization which links persons who are physically and/or mentally disabled with persons who are not disabled, to the mutual advantage of both parties. CA is funded by various United Way agencies, foundations, businesses, and individual donors.

CA Week - 85 begins Sunday, October 27, and concludes Saturday, November 2. On Friday, November 1, The Hoagie Shop in Germantown will be donating 10% of their receipts to the Citizen Advocacy Program.

On Saturday, November 2, a "Concerned Sportsman's Charity Hunt" will be held at the Wild Wings Hunting and Fishing Preserve at Campbell-sport.

Reuben Schmah, Chair of the Washington County Board of Supervisors, has issued a proclamation announcing CA Week - 85. In part, that proclamation reads, "I urge more of our citizens... to become more involved in this very worthy program by volunteering their services and becoming a volunteer advocate or by supporting the program as a community member."

New Sessions for Dance Slimnastics

"Dance Electric" will be the theme of the eight-week fall session of Dance Slimnastics, which will start Monday, Oct. 28.

In Kewaskum, classes will be held at the bank on Monday and Wednesday at 5 p.m.; at West Bend Savings in Kewaskum at 6 and 7 p.m., Monday and Wednesday, and at St. Michael's Church, St. Michaels, on Tues-

day and Thursday at 6:30 p.m.

Good Samaritan and Maxi Care policyholders are eligible for the fitness programs through their insurance.

No experience is necessary to participate, and all classes are designed to accommodate a variety of fitness levels. Students can work out as many times per week as desired through the club's Free Class Option. The extra workouts are available at no extra cost.

For information on class fees, and to pre-register, call Jacquie at 338-6754 or Donna at 334-0268.

Girl Scouts to Have Costume Halloween Skate Party Monday

With Halloween just a few days away the Girl Scouts of the Kewaskum area are putting the final touches on what should prove to be the best Halloween and costume party ever.

The party will be held on Monday, Oct. 28, from 4:00 to 6:00 p.m. at Skate Country in West Bend. The cost will be \$1.00 each, plus skate rental of 75c.

Each scout is asked to come in costume or mask. There will be judging for best costumes of each age group. The scouts still may come to the party if they choose not to dress-up.

This should prove to be fun for the girls for it is a chance for them to meet other girls from other schools in the area. It is also a very safe way for the girls to observe this special day.

The girl scouts are asked to draw a red circle on their calendar for November 4. There will be more information next week in regards to that day.

Gymnastics Girls Deal With Budget Problems

GYMNASTICS TEAM BEHIND BARS. Candy bars that is. Shown, left to right, are gymnastics coach Sue Paul-Kenfield, Shelly Petsch, Renee Kapp and Chris Kirchner with candy bars the team is selling to raise money.

By Chuck Vogel

Girls from the Kewaskum gymnastics team aren't the kind to be done in by any shortage of funds caused by current budget problems. In an effort to raise money for additional uniforms the girls have taken the problem in hand and are selling candy bars to raise money for additional uniforms needed by the team before the season gets under way on December 13.

The goal for their project is six hundred dollars, and as of this writing, they had already raised about half of that amount.

If you would like to help the girls reach their goal, just stop at the high school during lunch hour or right after school and ask to have a team member

called to the office to fill your order.

Kewaskum Jaycees Place Second in State Softball Tournament

Kneeling: Richard Thieme, Jr., Billy Waechter, Harry Roecker, Ruben Oppermann, Mike Pettit, and Dave Lorenz.
Standing: Joe Klahn, Gary Gavin, Bob Mueller, Ron Wellner, Ray Hessel, Jim Simon and Fred Geidel.

On August 16, 17, and 18 the Kewaskum Jaycees traveled to Tomah, Wisconsin. This was to participate in the State Softball Tournament.

After winning the first game we had high hopes but then went down to defeat in the 2nd game. That meant coming up in the losers' bracket. With a lot of team hitting and good defense we continued to win our way to the championship game, only to go down in defeat to the

defending state champions from 1984. This was the only team to hand us the two defeats we had.

Kewaskum Jaycees held their heads up high even after the final defeat. Kewaskum had outscored their opponents 129 runs to 40 runs in 45 innings of play. West Salem took first place with Kewaskum taking 2nd. Twenty-four teams participated in this year's state tournament. A good time was had by all who attended the

tournament.

A special "thank-you" goes out to Harry Roecker and Richard Thieme for co-sponsoring the Kewaskum Jaycee team. Also "thank-you" to Gary Gavin (President of the Kewaskum Jaycees) for coaching the team to their 2nd place berth. It was a total team effort and all should be proud who participated.

Thank you.

Ruben Oppermann, Manager

Fox Valley Lutheran at Appleton Jolts Indians

With a bye in the schedule of the seven-school Eastern Wisconsin Conference last weekend, the Kewaskum Indians made a trip to Appleton for a Saturday afternoon game against Fox Valley Lutheran and were blanked, 21-0. It was the first meeting ever between these two schools.

It was the seventh straight defeat for the winless Indians, who are now 0-4 in conference and 0-7 overall. It was also the first victory for Fox Valley Lutheran, which also had not won a game previously this season.

It was also the third time Kewaskum has been shut out this year. They were blanked by Sheboygan Falls the week before, 27-0, and by Plymouth, 20-0, earlier. The Falcons and Panthers share the conference lead with identical 4-1 records. Falls beat Plymouth last weekend in a key game to gain a share of the conference lead.

Things didn't go right at Appleton for the Indians, who understandably seemed to be down. The fact that their two best running backs, halfback Tim Dettmann, who is out for the season with a knee injury, and fullback Mike Coulter re-injuring his ankle on the Indians' first offensive possession of the game, also shook their confidence. Coulter could not play offensively for the rest of the contest.

Slippery field conditions also hurt the Indians' wishbone offense. They were limited to 74 yards rushing, with Jerry Vetter getting 39 of them in 11 carries. Their passing game was also held down because quarterback Rick Staehler just didn't get the time to pass. Other than Rick

Heller and Scott Schmitt, who were able to hold down the defensive charge, the blocking was bad.

Staehler was tackled in the end zone for a safety in the second period, shortly after the Indians had halted Fox Valley on a goal line stand inside the one-yard line.

All three Fox Valley scores resulted from pass plays. Simonson came up with the ball on an 18-yard pass from QB Dallas Holverson on the first one. In the third quarter, Holverson connected with Tom Stinberg for a 28-yard touchdown, and Mike Lilge scored on an 18-yard strike from Chris Scheel to end the scoring.

Kewaskum did not play well on defense, although linebacker Ken Miller had many tackles.

The Indians will return to conference play this Friday night, when they host Chilton in their last home game in a battle to get out of the cellar. Both teams are winless at 0-4 and the winner will move up out of last place. Despite their injuries, the Indians feel confident they can win their first game.

Kewaskum Girls EW Volleyball Co-Champions

Secor Named to Ripon College All-Tourney Volleyball Team

1985 EASTERN WISCONSIN CONFERENCE CO-CHAMPIONS. Front, left to right: Tracy Prescott, Chris Bodden, Marla Wodsedalek, Brenda Vetter, Brenda Kober and Laurie Blum. Back: Coach Dave Rizzardi, Jenny Hintz, Lisa Fusek, Terri Schmidt, Lisa Schneider and Michelle Gebheim. Missing: Jenny Schuster.

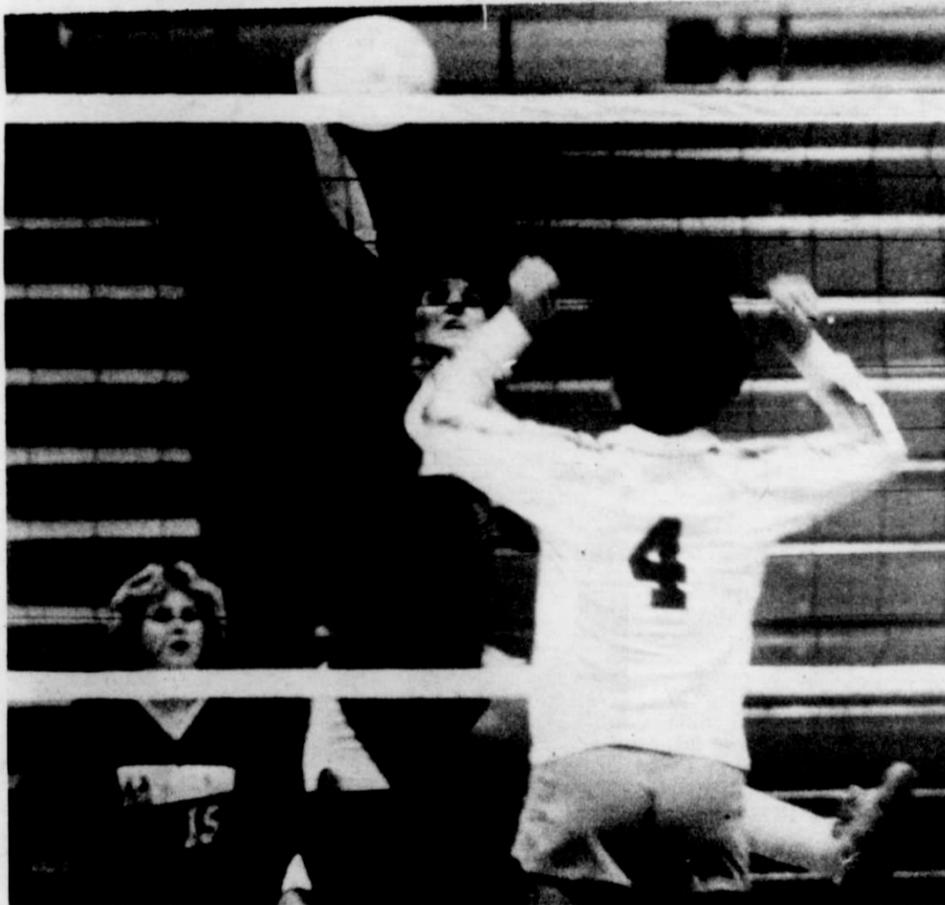

Sandi Secor

Ripon College freshman Sandi Secor was honored by being selected to the all-tournament team at the Lakeland Volleyball Tournament last month. Secor's 11 kills, 3 solo blocks, and 5 services aces helped lead Coach Elaine Coll's Redman squad to three straight victories and the tournament crown.

A graduate of Kewaskum High School, Secor is the daughter of Gerald and Mary Secor of Scenic Drive, Kewaskum.

Two of Secor's teammates, sophomore hitter Barb Blahnik and junior setter Toni Miller, were also named to the all-tournament squad.

A SPIKE by Kewaskum's Jenny Hintz in the Indians' win over Plymouth October 15th at home.

By Chuck Voge

The Kewaskum girls volleyball team needed to win their last three regular season matches to win the Eastern Wisconsin Conference co-championship, and did just that by beating Plymouth, Kiel and Chilton in that order.

In the first match against Plymouth at home Oct. 15, coach Rizzardi again went with his same starting six — Prescott, Fusek, Gebheim, Bodden, Vetter and Blum.

Plymouth jumped out to an early game 6-3 lead. At that point Lisa Schneider came into the game for Gebheim, and brought with her the hottest hand for the night. She put together several good spikes for points and together with an ace by Laurie Blum helped the Indians to rally for a 15-7 first game win.

The second game was no contest. A highlight of the game was a string of eight straight from the service line for Brenda Kober with two going for aces

and an easy 15-3 win.

In game three Plymouth lost to a lineup made up with only one of Kewaskum's regular starters.

Now with this one under their belt the girls went home just two matches away from the championship.

On Thursday, Oct. 17, they traveled to Kiel for a semi-windup match. Rizzardi started against Kiel with Kober in for Prescott. With the score at 2-0 Kiel, the ball went over to the Indians and Kewaskum's Lisa

Fusek held service for 15 straight points and one ace. First game final, Kiel 2- Fusek 15.

In game two Kewaskum went with their regular six starters again and made quick work of it taking the second game 15-6.

In game three Kiel failed to score against a lineup that had absolutely no Kewaskum starters playing in it at all. Final 15-0 Indians and back home to face Chilton on Oct. 22 in a match that was an absolute must for Kewaskum, since their second round loss to Two Rivers put the Indians into a tie for first place in conference play.

In game one against Chilton coach Rizzardi again went with his same starting six. At first the Kewaskum girls looked a bit tense and cautious. They played very tentatively compared to their starts of the past but in spite of this Chilton failed to get on the board until the score was 11-0 Indians. Good spiking by Fusek and Bodden helped the girls on their way to a 15-2 first game win.

In game two, just one away from the title, Rizzardi took no chances and went with his six regulars again. Gebheim started things off with an ace and Blum added another later. Good spiking by Vetter and Fusek ran the score to 6-0 Indians before Chilton finally got on the board, however, the Kewaskum girls were not to be denied at this point and went on to win it 15-5, game, match and conference co-championship - KEWASKUM.

The girls finished the regular season with an 11-1 record and will share the championship title with Two Rivers, which finished with an identical record.

They move on now to regional play against Hartford at Hartford on Tuesday, Oct. 29, starting at 6:00 p.m.
