It has stood as the pillared brick giant on Kewaskum's Main Street for almost 75 years, but last Tuesday the old Bank of Kewaskum building was reduced to a pile of unstateful rubble.

The building's demise drew many spectators, from those who had been in the building countless times on their banking errands, to the just plain curious and little children whose parents brought them to watch the demolition of a building.

The building had been the hub of Kewaskum's banking business for most of its existence. During some of its final days, it was occupied by a church.

Built in 1911, and put into operation in 1912 by Adolph Rosenheimer, who with his brother Moritz, had operated a small bank in the Rosenheimer store, the building served as a bank until the early 1970's.

With its opening, the first floor was occupied by the bank's offices and Malt and Grain Company. The Kewaskum Fire Insurance Company occupied the second floor. Also in 1912, the Bank of Kewaskum merged with the Citizen's State Bank in Kewaskum.

In 1932, the bank again became part of a merger, this time with Farmers and Merchants Bank. In 1940, Maurice Rosenheimer became Bank President, and in 1965,

Close to 500 persons toured the newly remodeled Kewaskum municipal building and all of the other village maintenance facilities on Saturday. Reactions to the renovated municipal building were favorable and people were truly impressed with the attractive, modern,

completely furnished building.

The rededication began with a short program at 12:30 p.m. in front of the building with Administrator Dan Schmidt as master of ceremonies. The program included the invocation by Father Robert Berghammer, presentation of colors by U.S. Congressman James Sensen-

Village Budget Hearing Scheduled for Nov. 25

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Village Board Monday night reviewed the proposed General Budget for 1986, and, with a few minor adjustments, it will be ready for its public hearing November 25th.

Village Administrator Dan Schmidt said the proposed budget would reflect a zero increase in the village's portion of the tax rate.

The board also reviewed the Public Works Departmental Budget. Because the village has completed its energy savings work at the garage, and the only major project planned for next year is replacement of two garage doors, the budget shows an 8%, or \$20,000 decrease for 1986.

In other action, the trustees directed Schmidt to prepare a village resolution informing Washington County it is willing

to participate in the proposed County Incineration Program. The resolution will be presented for formal adoption at the November 18th meeting.

Two bids for a replacement squad car were received by the village. The board voted to approve the bid of Mayfair Chrysler-Plymouth, Milwaukee, for a 1986 Plymouth Gran Fury costing \$10,913.92. The second bid of \$12,228.00, was received from Meyer Ford of Campbell-sport on a 1986 Ford Crown Victoria.

The board also approved the purchase of a year-end model pick-up truck for the Public Works Department. The vehicle will be purchased from Honeck Chevrolet, Kewaskum, at a cost of \$8,650.00.

Schmidt reminded the board that a public hearing on River Bend Cablevision's rate increase request is set for November 18th.

40th Class Reunion

The Kewaskum High School class of 1945 held their 40th reunion at the Glacier Inn, Kewaskum, on Saturday, September 21. Shown in the photo from left to right are:

Front row — Francis Volm, Alton Schrauth, Francis Braun, Henry Schacht, Ralph Koth, Walter Pamperin.

Second row — Lois Koch Rossmiller, Shirley Backus Gaffke, Ruth Birkholz Ramel, Marilyn Perkins Schommer, Mary Schmitz Hergert, Evelyn Techtmann Krueger, Audrey Ehnert Schroeter, Eleanor Schaeffer Neckuty.

Third row — Roger Schleif, Margaret Nigh Blanke, Myrtle Schmidt Hanrahan, Carolyn Bremser Mueller, Bea Hafemann Landvatter, Byrdell Firks Schulz, Betty Prost Giese, Leland Schaub.

Guests included Mr. and Mrs. Ernie Mitchell, Mrs. C. M. Rose and Mr. and Mrs. Carl Surell. Mrs. Surell is the former Hulda Kohlbeck.

Surplus Food Distribution At High School Saturday

Washington County has received surplus commodity food items that will be distributed to eligible households on Saturday, Nov. 9, between 9 a.m. and 11:30 a.m. at the following seven locations.

West Bend, St. Frances Cabrini Church, 615 Hawthorne (lower level parking lot); Hartford, Municipal Recreation Department, 525 N. Main St.; Germantown, Senior Activity Center, W162 N11960 Park Ave.; Slinger, Village Hall, 220 Slinger Road; Allenton, Addison Town Hall, Village of Allenton; Kewaskum, Kewaskum High School, north entrance; and Jackson, Jackson Fire Department, S. Jackson Dr.

Eligibility is based on the current monthly gross income (before taxes) of all household members with the following limits: Household size 1, income limit \$656; 2, \$881; 3, \$1,106; 4, \$1,331; 5, \$1,556; 6, \$1,781; 7, \$2,006; 8, \$2,231; 9, \$2,456; 10, \$2,681.

Eligible households will receive butter and processed

cheese. In addition they may choose one of the following: honey, cornmeal, flour or dry milk in amounts which will vary per household with availability of commodities and household size.

Persons are prohibited from obtaining commodity foods more than once during this distribution period. Violators will be referred to the district attorney. Also, these products may not be sold, traded or given away by any member of the recipient household.

Although no income verification information is required, a self declaration form must be signed by the recipient and is subject to state audit. You may also be asked to provide proof of residency.

This program is being coordinated by the Washington County Department of Social Services, and handled locally by various volunteer groups in each community.

Kewaskum's distribution is jointly handled by Kewaskum Kiwanis and FFA.

Memories...

Built in 1911, the old Bank of Kewaskum building on Main Street was put into operation in 1912. During recent weeks, the building was torn down and all that remained last Tuesday was an unsightly pile of rubble. After standing there for almost 75 years, the solid brick building was still in excellent condition and a shame to demolish this landmark. It is rumored that a parking lot may replace it.

Computer Here to Stay at KHS

Computers! When most people hear the word computer, they think of the future, what they can and will be able to do. Kewaskum High School is rapidly trying to keep up with this advancement. Under a fleet of 38 computers, one would think that 38 would be enough for the whole school district. But computers are used in almost every department of the high school.

Graphic Arts has recently been donated a Radio Shack TRS-80 (including a monitor, printer and disk drive) from the elementary school. Dan Wangerin, teacher of Graphic Arts, plans to use it in Graphic Arts III.

This year a new class has been designed for computers. Computer Assisted Drafting will be taught by Keith Amundson. The drafting department also operates with a computer.

Home Economics, under the instructions of Mrs. Carol Martin, presently uses a computer. Martin uses the computer along with software for child development and figuring out calorie intake and diets.

In the Business Department, Clerical Office Practice uses their Apple computer for such things as word processing and bookkeeping.

Kevin Chambers, advisor of the Smoke Signals, uses computers to prepare copy to be sent out for the school newspaper. The guidance office also

uses their computer to distribute information on different colleges to interested students. Also using the aid of computers is the Ag. Department, the office, the library, and the special education department.

KHS also offers three courses in Basic Computer Programming. Mrs. Gail Dehnel and Joe Harlow both teach computer literacy. Computer Lit. is a course specially set up to give students a first hand look at the computer, how and why it works, and the beginning of the basic computer language. Computer Math, taught by Harlow, is a more in-depth course that uses basic concepts

used in the mathematic field. Advanced Topics in Programming, the final and most advanced computer class taught exclusively by Harlow is for students interested in a career in computers. In Advanced Topics, students learn different computer languages and also advancements in the computer world. Harlow commented, "No man can deal without computers at some level or another. If they die out, we'll die out."

KHS has only touched the tip of the iceberg in computer science. It seems clear KHS can only become more advanced and better equipped as new technology arrives.

Schools to Aid Mexican Earthquake Victims

As part of Wisconsin's efforts to aid victims of the recent Mexican earthquake, State Superintendent of Public Instruction Herbert J. Grover is encouraging school administrators to focus attention on Mexico Awareness Week, Nov. 3-9.

"An event of this magnitude surely points to the vulnerability of human life and offers an opportunity for thoughtful consideration of issues from the phenomenon of earthquakes to the nature of human compassion," Grover wrote in a recent letter to the administrators.

"During this week, I encourage educators and students to examine the unique culture of Mexico and the contributions of the Mexican people to Wisconsin and the United States," Grover said.

Specific activities might include:

- discussing the way in which Mexico and the United States contribute to the "global market" of goods and services.
- establishing a pen-pal exchange between Wisconsin and Mexican children through the American and Mexican embassies.

- studying the nature and frequency of earthquakes around the Pacific rim.
- exploring how emergency rescue efforts operate, and
- continuing to monitor recovery efforts through the media.

In addition to the special school activities during Mexico Awareness Week, school staff and students are encouraged to send monetary contributions to the Mexican Fund for School and Hospital Reconstruction through Governor Anthony Earl's office. The governor's staff will collect the money and send it to the U.S. Ambassador to Mexico, who in turn will send it to the American Chamber of Commerce in Mexico for distribution.

The Pacific Ocean, Rocky Mountains, high-plains desert, redwood forests, prairie, and the badlands were some of the sites taken in by Patti Beisbier, Kewaskum, and Ed Buehler, Hancock, this summer. Not too unusual a trip, until you realize that they saw all of this from the vantage of their bicycle seats. The couple's dream of a trans-continental bicycle trip became a reality as they navigated a 3,000 mile route from San Francisco, California, to Hancock, Wisconsin.

The couple began their journey on June 10 with their first task being the reassembly of their bicycles from a multitude of pieces contained in the seven boxes necessary to ship their equipment. After a brief stay in San Francisco, they began the first leg of their trip, a trek up the Pacific coast. Staying at areas designated for bikers in California and Oregon State Parks, the couple traveled the rugged Pacific Coast, passing through the redwood groves, stands of Douglas fir, and along the sand dunes of the coast.

"It was an amazing sight to see an abrupt transition from a forest of Douglas fir to sand dunes which stretched as far as you could see," Beisbier said of the dunes along Oregon's coast.

After a week stay with Buehler's sister and brother-in-law in Portland, Oregon, the couple began the second leg of their trip, the ride to Wisconsin. Their route followed the Columbia River gorge through the Cascade Mountains with the couple arriving in Spokane, Washington, in time to celebrate the 4th of July. During this portion of the trip they experienced a minor emergency. Beisbier was stung under the eye by a bee, requiring the couple to bike a day and a half, part of it through desert, to reach medical facilities.

From Spokane the couple crossed the panhandle of Idaho into Montana. Beisbier recalled this as her favorite part of the trip. "Idaho was just gorgeous, mountains and lakes everywhere," she said.

In Montana, they crossed the last major mountain range in their path. Following the "Highway to the Sun" in Glacier National Park, they

crossed the continental divide at Logan's Pass or 6600 feet of "up"!! as the couple described it.

After the Rockies, they began the long excursion across Eastern Montana and North Dakota. Following a route parallel to the Burlington Northern Railroad, the couple crossed a large expanse of plains, seeing the sites where

large herds of buffalo had roamed, Indian battles had been fought, and Lewis and Clark had blazed trail.

Eastern Montana and North Dakota were very hot and dry. What crops were left, the grasshoppers were eating, Buehler said. But the layers of silt, coal and various types of sediment in the Badlands were a colorful sight, he added. In the heart of North Dakota, the couple passed several of the large coal strip mines which fill the fuel demand for the mid-west.

Upon arriving in Minnesota, the trip pace was slowed. The couple stayed at the resort town of Detroit Lakes to play "tourists" for a few days to recover from a long grueling trip across the plains. Before ending their trip on August 1, the couple stopped in Minneapolis and River Falls to visit friends.

It's slow enough to see the country in a new way and all across America they met nice people, which was the nicest part of the trip, the couple said. New friends offered them tenting space in their yards, occasional use of extra rooms, meals and were genuinely concerned about the pair's welfare.

They traveled with 30 pounds of gear each. Considering the distance and terrain, they said that they were fortunate in that their only mechanical breakdowns were two flat tires, although three other tires were replaced due to wear.

The couple, who have been engaged since December 1984 and plan a June 1986 wedding, are students. Beisbier will complete her BS studies at UW-Stevens Point in Wellness Lifestyle Development this May. She is the daughter of Cornelius and Evelyn Beisbier of Kewaskum. Buehler has been working on his Masters degree at the Institute of Paper Chemistry since his graduation from UW-Stevens Point with a Paper Science and Engineering degree. He is the son of John and Julia Buehler, Hancock.

Bring your friends and neighbors

FHA club members and their mothers relax at the American Club in Kohler, before dining together.

The Kewaskum FHA recently took a trip to the Kohler Company in Kohler. When they arrived, they were taken to the Wisconsin Room where they enjoyed a buffet style brunch. The eggs were prepared by the chef as you watched. The food selection consisted of a variety of juices, pastry, fruits and sausages.

After the meal, the FHA group was taken on a tour of the American Club. They were shown many different banquet rooms with such names as Lake Erie, Lake Michigan, etc. They were also shown the different restaurants such as the Immigrant restaurant, the Horse and Plow, and the Greenhouse. The Immigrant restaurant is made up of different ethnic rooms which include the English room, the French room, the Dutch room, the German room, and the Amish room. Other stops on their tour included various types of kitchens in the building and the laundry room to see what happens "behind the scenes."

After the tour, one more stop was made at the Kohler Design Center. The FHA group saw fantasy bathrooms, kitchens and bedrooms. These all contained the latest ideas in bathtubs, sinks, and whirlpools. On the main floor, they saw different products made and designed in Kohler. Lastly, in the lower level, they saw past designs from Kohler, the

history of the Kohler company and a movie on the Kohler corporation.

Over all, everyone seemed to enjoy the trip. The Design Center is open to the public every day of the week with the exception of Monday and admission is free.

Rededication of Municipal Building

PRESENTATION OF COLORS by U.S. Congressman James Sensenbrenner [right], with village administrator Dan Schmidt accepting for the village, this flag which was previously flown over the White House.

FLAG RAISING by members of the Robert G. Romaine, Legion Post at the rededication ceremonies of the newly remodeled Kewaskum municipal building, held Saturday, Nov. 4.

brenner, flag raising by Robert G. Romaine American Legion Post 384 and pledge of allegiance, national anthem and selections by Kewaskum High School band members, village president's message by David E. Nigh, remarks by State Senator Donald K. Stitt and State Representative Dwight York, and presentations to Mrs. Charles Miller, wife of the late Charles Miller, former village president, and Mr. and Mrs. Elton Liepert for donations to the library.

Following the program, an inspection tour of the municipal building and bus tours through the village until 4:30 p.m. were made with stops at the village's municipal facilities, including the water pollution facility, new water department pump house No. 3, 300,000 gallon water sphere, village garage, sewage facilities, lift stations, etc. The buses then returned to the municipal building where refreshments were served before and after the tours.

The building remodeling included roof reconstruction, new vestibule, new offices and garage for the police department, remodeling and re-

furnishing of the business offices and council chambers, expansion of the library, community room with kitchen facilities, and installation of an elevator.

The cost of the entire project, including the remodeling and new addition, is estimated at \$475,000, plus engineering and furnishings. The renovated, more space efficient building now contains a total of 9,300 square feet, all fully utilized, with approximately 151% more usable space.

Photos of the exterior and some of the interior rooms of the municipal building were shown in last week's issue.

Girl Scouts to Hold International Folk Fair and Bake Sale

On Saturday, November 9, the Girl Scouts from Kewaskum will hold an International Folk Fair and Bake Sale.

It will be presented from 12:00 to 4:00 p.m. at the

Kewaskum Labor Center on Fond du Lac Ave. The opening flag ceremony is to be at 12:00 p.m.

This year the Girl Scouts will be having a folk fair with troops representing girls from countries around the world. They will be presenting dances or singing songs and have crafts to sell at their booths. This will be a fine time for all scouts and their families to learn about other countries. It will also be a fine time for the scouts to start their Christmas shopping.

While the scouts are busy shopping and tasting foods from other countries there will also be a bake sale for the adults to take part in. This will be a fine time for parents to buy ahead for the holidays.

The proceeds from the bake sale and folk fair will stay with their troops.

This International Folk Fair is a first and the scouts hope to make it an annual affair. So please help to make this a success and help promote it. The public is welcome to attend this educational program

hospital. The family is everything to Harry and Kay, and they try through love and a sense of humor to overcome problems. But the fact that Harry is a quadriplegic does not allow the family much independence.

The family cannot visit relatives, friends, or go on family outings together. For this reason, a Harry Pritzkow Van Fund has been established to provide Harry with a van equipped for his special needs and height.

Since Harry is six feet four inches tall, and due to the severity of his injuries, a van to accommodate his needs will cost approximately \$20,000. There are no state or federal funds available for this

purpose. The Community Services Committee of Local 232 is assisting the Pritzkow family in the fund-raising drive. Harry's brother, Dennis, and his wife, Mary, are the prime movers behind the van fund. They feel the committee's donated time will help make the fund drive successful.

A fund-raiser will be held at the Union office on January 19, following the regular monthly membership meeting. Tickets will be available and a list of prizes will be announced in next month's issue of the Reporter.

Tickets can be obtained through the Community Services Committee and through the stewards and Union officers. Contributions can be made to the Harry Pritzkow Van Fund, care of the BASCO Credit Union, P.O. Box 424, Butler, Wisconsin 53007.

People requesting further information about the van fund and fund-raiser may call the Union

office at 445-7200 or Mary and Dennis Pritzkow at 784-2146.

[Reprinted from the Local 232 Reporter]

The central and northern sections of Washington County such as Richfield, Colgate, West Bend and Kewaskum, etc., may also call Harry's Uncle, Harold Pritzkow of the Kewaskum area, at 533-8629 for information and to obtain tickets.

Watertown, N.Y., recorded 218 inches of snow during a blizzard in 1977. Two of the city's major industries are manufacturing ski lifts and snow plows.

SHEEPSHEAD WINNERS

Five handed winners on Wednesday, Oct. 30 at Schmitt's Never Inn were Butch Schmitt 52-2-50, 17-2-15; Andy Bonlender 43-4-39, 16-3-13. The next 5 handed will be Nov. 13th and 27th at 8:00 p.m.

Three handed winners on Tuesday, Oct. 15th, were Arnold Hawig 47-2-45, 12-1-11; Marv Spars 44-6-38, 16-3-13, Leo Zehren 34-0-34, 13-0-13. The next 3-handed will be Tuesday, Nov. 19th at 8:30 p.m.

The summer of 1982 offered promises of being an extra happy one for Harry and Kay Pritzkow. A year earlier, they had moved to the countryside of Colgate, Wisconsin, and every day they were finding their new home more enjoyable.

Their infant daughter, Lisa, had grown accustomed to the new surroundings, and Harry and Kay were anxiously looking forward to the birth of another child that autumn.

In order to have more time for her young and growing family, Kay had quit her job at Briggs and Stratton. Both Harry and Kay worked at Briggs, and they decided that they could make it on Harry's paycheck.

Kay worked for eleven years in Department 317 (starter assembly), and Harry continued to work on second shift in Department 358.

The future appeared bright, the family was healthy, and financially they seemed secure. But on the night of June 12, 1982, while coming home from work, all of this changed for Harry and his family.

On that night, Harry had a single car accident, and hit a utility pole. Three days later, Harry had spinal cord surgery. After a year of treatment, therapy and another surgery, Harry left the hospital and returned home.

Today, at the age of thirty-one, Harry is a quadriplegic. He is almost totally paralyzed and will be confined to a wheelchair for the remainder of his life.

Yet Harry is thankful to be alive. He enjoys the warmth of his family and he is proud of his wife and two children. Little Joe, now two, was born while Harry was in the

CHEESE FOR TEETH

Hard cheeses, especially cheddar, have a decay-slowing reaction on human teeth. Ingredients in cheese may interfere with the acid that decays teeth. Consider snacks of cheese instead of sugary foods that tend to decay teeth. For a big smile, and sound teeth, "say cheese."

Stollenwerk - Scott

Lynnette Ann Stollenwerk and Patrick Michael Scott exchanged wedding vows during a 2 p.m. ceremony on Saturday, September 28, at St. Hedwig's Catholic Church, Milwaukee. Father Ronald Crewe and Deacon John Costa officiated.

Music for the ceremony was provided by Sue Krajewski, organist, and Mary Damask, soloist.

Parents of the couple are Mr. and Mrs. Gerald F. Stollenwerk, 375 North Ave., Kewaskum, Mrs. Mary Ann Scott, 1639 N. Warren Ave., Milwaukee, and the late Howard Scott.

The bride chose her mother's pearl wedding crown, topped with a floor length veil, for her headpiece to compliment her silk-beaded bodice priscilla gown.

Carrie Stollenwerk, Fond du Lac, was chosen as her sister's maid of honor. The bridesmaids were Jody Bartzen and Diane Jaske, both friends of the bride, Michelle Schmidt, niece of the groom, and Tracy Karas, also a friend of the bride.

Carl Huettl, Milwaukee,

served as best man. The groomsmen were Tom Zembrowski, a friend of the groom, Scott Stollenwerk, brother of the bride, Mike Breiling and Dan Karas, both friends of the groom.

Ushering duties were shared by Keith Stollenwerk, Saukville and Noel Stollenwerk, Kewaskum, both brothers of the bride.

Following the ceremony, a reception, dinner and dance was held at the Top of the Marine in downtown Milwaukee.

The bride graduated from Kewaskum High School in 1978 and is also a graduate of Columbia School of Nursing, Milwaukee. She is employed as a home care coordinator registered nurse with We Care Nursing Service.

The groom is a 1977 graduate of Bay View High School and MATC. He is employed as a lithographer - manager with Badger Becker, Inc.

The newlyweds honeymooned in Cancun, Mexico, and are now residing at 3454 N. Fratney, Milwaukee.

Johann - Bannenberg

The marriage vows of Sheri Lynn Johann and Jeffrey Allen Bannenberg were blessed during an August 30, ceremony by Father Ralph Wagner at St. Michael's Catholic Church, St. Michaels.

Parents of the couple are Claude and Rita Johann, of Kewaskum, and Mrs. Virginia Bannenberg, of West Bend.

Leann Johann of Kewaskum, sister of the bride was the maid of honor. Bridesmaids were Candi Johann, of Kewaskum, sister of the bride, and June Petermann of Madison, friend of the bride.

The best man was Steve Bannenberg, of West Bend, brother of the groom. Groomsmen were Tim Hefter of West Bend and Pat Klahn of Kewaskum, both friends of the groom.

Ushering duties were shared by Jay Karoses and Gerry Gremminger.

The newlyweds now reside at 137 A Main St., Kewaskum.

Jeske - Oscar

Patricia Jeske of Route 3, Kewaskum, is pleased to announce the engagement of her daughter, Julie Mae, to Dennis Jay. Dennis is the son of Mr. and Mrs. Walter Oscar of Tonawanda, NY.

Julie, daughter of the late Fredric Jeske, received a Bachelor's degree from Buffalo State College and is attending the State University of New York at Buffalo.

Dennis received a Bachelor's degree from the State University of New York at Potsdam and is employed as a research and development chemist at Pierce & Stevens Chemical Company in Buffalo.

A May 31, 1986 wedding is planned.

Five Teachers Join Kewaskum Middle School Staff

Mary Lou Qualler

Mary Holfeltz

Jim Miller

Mary Kay Bodensteiner

Holiday Rogge

she is looking forward to a very productive year. She indicated the KMS staff is very professional.

The new teacher of emotionally disturbed students, Mr. Miller is a graduate of the University of Wisconsin-Milwaukee where he received both his B.S. and M.S. degree. He is married and has one son.

The friendliness of the students at KMS is what Mr. Miller enjoys most about the students here. In his free time, Mr. Miller enjoys cross country skiing and windsurfing. This is his first teaching position. Prior to coming to KMS he worked at the Threshold.

Another West Bend native and outstanding athlete has joined the school staff in the physical education department. She is Mary Holfeltz who now lives in Hartford.

Ms. Holfeltz, who graduated from Carroll College in Waukesha, is teaching 7th and 8th grade phy. ed. and health. She also serves Wayne school. In addition to her teaching duties, Ms. Holfeltz will assist with coaching varsity basketball at KMS and will coach girls' volleyball and basketball at KMS.

In commenting on her new position, Ms. Holfeltz stated that she enjoys working with all of the staff members and the students have just been super to her. She indicated everyone has made her transition into teaching very pleasing.

Ms. Holfeltz enjoys coaching and has been very active in summer softball.

The new Spanish teacher at KMS is Mary Kay Bodensteiner of West Bend. She is teaching two classes of beginning Spanish and is assisting at Kewaskum Elementary with several non-English speaking students.

Ms. Bodensteiner is a graduate of Clark College in Iowa and has studied in Mexico City. She is married and has two children.

Ms. Bodensteiner enjoys the small class size and the friendliness of both the students and the faculty at KMS. She enjoys cross country skiing and aerobic dance.

Five new teachers have joined the Kewaskum Middle School staff this year in the areas of reading, Spanish, special education, and physical education.

The new staff members include Mary Lou Qualler of West Bend, who is teaching 7th and 8th grade reading. Ms. Qualler previously taught at Moraine Park Technical Institute in West Bend as well as Holy Angels School and Ben Franklin Middle School in Menomonee Falls.

She received her undergraduate degree from the University of Milwaukee and her post graduate degree from Cardinal Stritch College in Milwaukee.

Ms. Qualler is married and

has two children. She said she is impressed with the friendliness of the students and staff at KMS.

Jim Miller of West Bend and Holiday Rogge of Jackson are the two new staff members teaching special education. Ms. Rogge teaches the Learning Disabilities class. She is a graduate of U.W. Stevens Point and Cardinal Stritch College in Milwaukee where she received her M.A. degree.

Ms. Rogge is married and has two children. She enjoys music, horses, and cross country skiing. Prior to coming to KMS, Ms. Rogge worked in the West Bend school system.

In reviewing her work at KMS, Ms. Rogge indicated that the students are a challenge and

Male monkeys lose the hair on their heads in the same way men do.

Music Therapy Interns

Friday, Nov. 8, 1985, Kewaskum Statesman, Page 13

Top row, left to right: Tracy Johnson, Karen Reed. Bottom: Stacey Lee Hammond, Jeanne Morrison.

The Cedar Lake Home Campus currently has four Music Therapy Interns from across the nation studying its total team philosophy and program for care of the elderly. They will study here for six months.

Tracy Johnson, Stillwater, Oklahoma; Stacey Lee Hammond, Cuyahoga Falls, Ohio; Karen Reed, Basque, New Mexico; and Jeanne Morrison, Clementon, New Jersey, are spending six months on the Campus.

Tracy, from the Phillips University in Enid, Oklahoma, is "impressed with the Music Therapy Department and the Cedar Lake Home Campus" and finds Wisconsin "beautiful." She graduated in April with a Bachelor of Music Education degree in Music Therapy.

Stacey Lee graduated in May with a Bachelor of Music Education degree in Music Therapy from the College of Wooster in Wooster, Ohio. She came to the Cedar Lake Home Campus upon

the recommendation from her school.

Karen finds that the Cedar Lake Home Campus program is "centered around the residents and their needs" which she agrees is important. She graduated with a Bachelor's degree with music honors in Music Therapy in May from the Eastern New Mexico University in Portales, New Mexico.

Jeanne came to the Cedar Lake Home Campus through a recommendation by an Australian Music Therapist. Jeanne was studying at the University of Queensland in St. Lucia, Australia, at the time. She graduated in May from Marywood College in Scranton, Pennsylvania, with a Bachelor of Music degree in Music Therapy and Music Education.

The Music Therapy Internship program is only one of the many educational opportunities available for students to intern at the Cedar Lake Home Campus.

Russell Heisler, Others Die

Russell M. Heisler, 70, of 1623 Longmeadow Drive, West Bend, a former resident of Kewaskum, passed away Monday evening, Nov. 4, at St. Joseph's Community Hospital, West Bend, where he had been a patient for one week.

Mr. Heisler was born on July 12, 1915, in Milwaukee, a son of the late Louis J. and Agnes Brodzeller Heisler, and the family later moved to Kewaskum. He was married to Helen Mouser of Columbus, Ohio, on Oct. 12, 1942, in Mobile, Alabama, where he was stationed while serving with the U.S. Army Air Corps. He served in the European Theater during World War II. He lived in Columbus, Ohio, and was a construction and sheet metal worker before moving to West Bend in 1966.

He was a member of the Loyal Order of the Moose, West Bend Lodge No. 1398 and American Legion Robert G. Romaine Post 384 of Kewaskum.

Surviving are three grandchildren, Shane, Chad and Amanda Heisler of rural Fond du Lac; one brother, Frank (June) of Fond du Lac; one sister, Marcella (William) Harbeck of Kewaskum; other relatives and friends.

He was preceded in death by his wife on June 25, 1980; one son, Michael, on July 22, 1979, and two brothers, Ralph and Louis C. Heisler.

Funeral services will be held at 7:30 p.m. Thursday, Nov. 7, at the Myrhum Funeral Home, West Bend, followed by a Mass of Christian Burial at Holy Angels Catholic Church at 8:00 p.m. The Rev. Jerome A. Rinzler will officiate and burial will take place Friday morning in Washington County Memorial Park, West Bend. Visitation will be at the funeral home from 4 p.m. Thursday until the time of services.

Graveside services will be conducted by American Legion Robert G. Romaine Post No. 384 of Kewaskum.

ORA C. JOHNSON

Ora C. Johnson, a lifelong resident of the Canton and Massillon, Ohio, area passed away at the Glendora Nursing Home in Wooster, Ohio, on Tuesday, November 5, 1985, at the age of 101 years.

He was born on December 31, 1883, in Meeksville, Ohio, to the late William B. and Nancy Miller Johnson. On December 23, 1911, he married Myrtle E. Reigle. She passed away on March 22, 1984.

Mr. Johnson had been employed by the Pennsylvania Railroad in the Canton area for many years and was a retired maintenance engineer for Enterprise Aluminum.

Survivors include three daughters, Mrs. L. N. Peterson of Kewaskum, Mrs. Hazel Ringler, also of Kewaskum, and Mrs. La Verl Robinson of Wooster, Ohio. He is further survived by eight grandchildren, 10 great-grandchildren and four great-great-grandchildren, other relatives and friends. One brother and three sisters preceded him in death.

Private services will be held at Miller's Funeral Home in

Kewaskum on Friday evening at 8 p.m. with Bishop Dee Wilden of the Church of LDS officiating. Burial will be in the Peace UCC Church Cemetery in Kewaskum.

PETER A. ESTERMANN

Peter A. Estermann, 31, of Chehalis, Wash., died Sunday, Oct. 27, 1985, at his home.

Mr. Estermann was born June 22, 1954, to Alois and San Dorothy "Sandy" Becker Estermann in Beaver Dam. On Dec. 13, 1980, he married Vikki Meyers. He had attended Markesan schools and lived in that area until 1979, when he moved to the state of Washington.

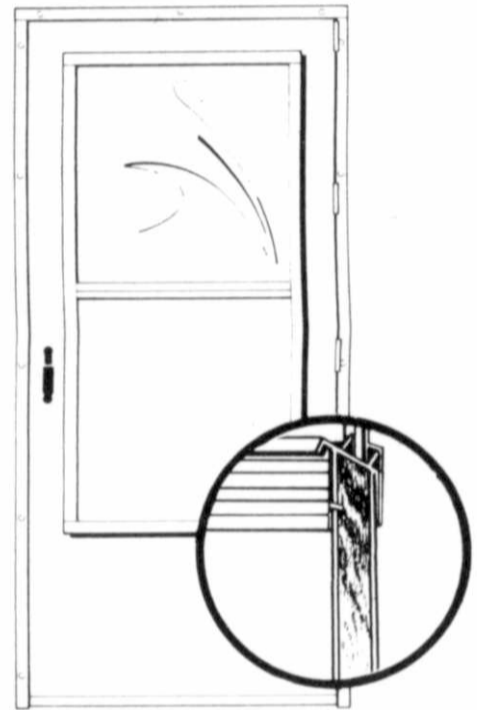

Survivors include his wife; three daughters, Chantel, Chalon and Channa, all at home; his mother, Dorothy Rettler of West Bend; three brothers, Joseph of Wausau, Alois, serving in the U.S. Navy

in New Foundland, and Charles of West Bend; eight sisters, Mrs. Clifford (Mary) Jurvelin of Markesan, Mrs. Robert (Christine) Caloun Jr. of Dalton, Mrs. David (Frieda) Laufer of Kewaskum, Mrs. Joseph (Heidi) Wagner Jr. of Hartford, Mrs. Steven (Katherine) Tollers of Reeseville, Mrs. Daniel (Lynn) Westfield of Fox Lake, Lisa Estermann of West Bend and Mrs. Martin (Sandora) Westfield of Oshkosh; paternal grandmother, Mrs. Frieda Estermann of Midlothian, Va.; and maternal grandmother, Mrs. Dorothy Otte of Hartford. He was preceded in death by his father on Feb. 17, 1977.

Funeral services were held Saturday at 2 p.m. at St. Mary's Catholic Church, Kingston. The Rev. Ralph Ott officiated. Burial was in Kingston Cemetery, Kingston.

Friends called Friday from 5 to 9 p.m. at the Thomas-Kratz Funeral Home, Cambria.

"A Veteran Is"

AMERICAS war veterans come in a wide variety of sizes, shapes and ages. Their collective experience spans two world wars and several foreign conflicts. They have followed war mules through Flanders Field, dropped from landing barges onto the beaches of Normandy, faced the icy cold of Porkchop Hill and trudged the rice paddies of the Mekong Delta.

But, regardless of differences in makeup and experience, all veterans share a common bond—a brotherhood of memory and hard-won wisdom that helps define their character.

A veteran is the first man up as the flag passes by on the 4th of July, and the last one down, for he has been a witness to the blood and tears that make this and all other parades possible.

A veteran is a man of peace, soft spoken, slow to anger, quick to realize that those who talk most about the glory of war are those who know least about its horror. He never jokes about war, he's been there, and still sees on memory's vivid screen the wounded and the dying, the widows and orphans, he knows first-hand that no war is good and that the only thing worse than war is slavery.

He is friend to all races of man, begrudging none; he carries with him the knowledge that it is not the man who is the enemy but enslavement and false ideologies. Those whom he once faced across the hostile battle lines, he now esteems as his brothers.

A veteran is at once proud and humble, proud of the fact that in 200 years no foreign enemy has set foot on American soil, and humble in the realization that many of his comrades who helped him make this lofty aim a reality, never returned.

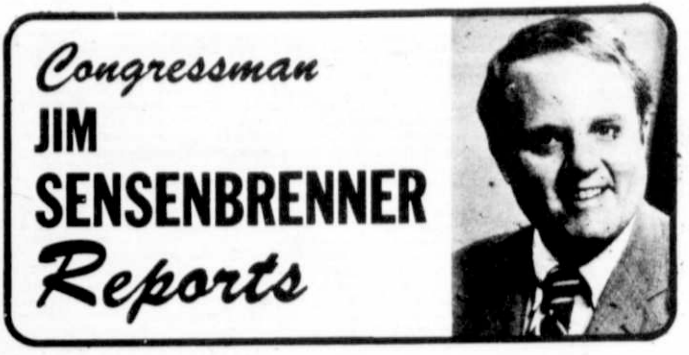

More than anything else, a veteran loves freedom. He can spend a whole afternoon doing nothing—just because it suits him, and just because he has paid the price to do what he wants with his time. He also takes a personal pride in the freedom of others—in men and women attending the church of their choice, in friends voting how they choose, and in children sleeping quietly, without fear to interrupt their slumber.

A veteran is every man grown up a little taller—a person who understands the awesome price of life's intangibles of freedom, justice and democracy. His motto is to live and let live. But, if he had to, if he had to choose between servitude and conflict, the veteran would once again answer a call to duty.

Because, above all—above all else—a veteran is an American.

VETERANS DAY

Veterans Day is a day for all Americans.

It is a day to pause in commemoration and thanks; to honor those men and women who have personally made sacrifices in the name of freedom. Veterans Day marks the peace that came over the Western Front 67 years ago on the 11th of November, and it is a means for us to express our appreciation to all veterans before and since that time.

On that day, an armistice between the Allies and Central Powers ended the fighting of World War I, "the War to End All Wars." This was known as Armistice Day. In 1954, Congress passed, and President Eisenhower signed, a bill specifying Armistice Day would, thereafter, be known and commemorated as Veterans Day.

This day often reminds us of suffering bloodshed and destruction. But, we must never forget that Veterans Day is a really a day of peace. When President Eisenhower signed the Veterans Day Bill, he called for all Americans everywhere to rededicate themselves to the cause of peace.

With the hijacking of the Achille Lauro, we are reminded that we live in a trouble world where the security of U.S. citizens can be threatened in far away places. It is a world where American servicemen and women, both past and present, have served their country well so we may enjoy the freedom our Nation so dearly cherishes.

On this Veterans Day, more than ever, America owes a sacred debt to those who have insured freedom through their dedication and sacrifice.

Free Workshop on Alzheimer's Slated

There is help for those who care for a loved one who is afflicted with Alzheimer's Disease, an illness which causes forgetfulness and confusion along with physical deterioration.

A free workshop for community members is being presented by the Cedar Lake Home Campus thanks to a grant from the West Bend Community Trust.

"Caring for the Caregiver" is the topic at the workshop to be held Saturday, November 16, from 9:00 a.m. to 12:00 noon at the Cedar Lake Home Campus Learning Center.

This workshop is part four of a four part workshop series which was designed to help community persons understand, cope and help

Alzheimer's Disease victims.

While there is no cost to attend this workshop, pre-registration is requested. Call the Cedar Lake Home Campus at 334-9487 or (Milwaukee) 276-4370.

The Cedar Lake Home Campus, 5595 Highway Z, West Bend, is located west of West Bend, 2 miles south of state 33.

What Are Jaycees?

Jaycees are a group of dedicated, civic minded men and women between the ages of 18 and 36 who are seeking to improve themselves and their community.

What do the Jaycees do for Kewaskum? For the past ten years the Jaycees have run the youth baseball program and at the end of this year there were 17 teams and over 260 youths between the ages of 9-15 in the program. For the past two years the Jaycees have run the girls basketball clinic which has grown to over 90 girls in the program. The Jaycees have also been filling the sandboxes of the children of Kewaskum for the past five years. This year we are holding a concert for the seniors citizens of Kewaskum. Also, we have run football fundamentals, toys for tots, dairy daze and many more.

The Jaycees also have a leadership training program geared to help develop the individuals potential and skills. This is done through training programs on: Communication skills, C.P.R., Public Speaking, Time Management, Leadership Dynamics, Spiritual Awareness, Stress Management and many more programs made available to the community of Kewas-

kum. The Jaycees offer opportunities to develop lasting friendship and strengthen the family and personal relationships through family campouts dances, picnics, dinners and much more.

All of this is only made

possible through your help, the people of Kewaskum and the dedicated men and women who care enough to get involved in their community.

Social Security Checks to Have New Look Starting Dec. 3

Social Security checks will have a new look on December 3, Dave Becker, manager of the Social Security office in West Bend said.

The familiar green punched-card checks that Social Security beneficiaries have been receiving since 1940 will be replaced with a new, more counterfeit-resistant cost-effective paper check.

The U.S. Department of Treasury's Financial Management Service, the government's financial manager, began planning the paper check conversion project in the late 1970's because of new technology and the need to conform to generally accepted banking practices. Taxpayers will save \$6 million per year in costs of paper stock and storage space.

The new check is also more difficult to alter or counterfeit. More than a dozen security features — three times more than the old check — are contained in the design, the ink and the paper.

The design features a full-length reproduction of the Statue of Liberty on the left and a muted close-up of the Statue's head and torch on the right over a multicolored background ranging from light blue to pale peach. The letters "USA" create a background pattern on the front and back of the check.

Supplemental Security Income beneficiaries will continue to receive the gold-colored punched-card checks, Becker said. The conversion process to the new checks will not affect them until April 1.

IS SHOPLIFTING REALLY STEALING?

Yes, it is.

Sometimes kids do it because they think it's fun, or try it on a dare when they're with a group of kids who start talking and fooling around. Has that ever happened to you? If it did, what would you do?

Shoplifting is taking something without paying for it—but you really do pay for it eventually.

Storekeepers have to pay for what they sell, and they have to add in the costs of anything that's stolen. Since we all have to buy things from stores, we all pay the extra cost of stolen items.

So, what can you do?

Well, if you're with some kids who want to try shoplifting, you can tell them that you don't want to and that it's not really getting something for nothing. If you ever see anybody in a store not pay for something, you can quietly tell a salesperson or cashier and they will see if there's a problem.

You might have to think about this a while, but what you pay because of shoplifting can be much more than a nickel on a candy bar. If you wanted to buy a radio, for instance, the storekeeper might have to charge \$5 or \$10 more if he had been the victim of a lot of shoplifting.

Shoplifting is stealing, and you can help stop it and keep prices down—and that's really a good deal!

Ronald McDonald Show Teaches Safety

By GERRY MUELLER
Statesman Staff Writer

The Ronald McDonald Safety Show presented to Kewaskum

Elementary School students last week was fun, entertaining, but most of all, a learning experience in safety. The windows rattled with the

enthusiastic shouts and laughter of the youngsters as they responded to Ronald's quips and questions on all types of safety.

The one-hour program contained skits on what to do if your clothes catch on fire, home fire safety procedures, the importance of knowing your tele-

phone number and address, and what action to take if a stanger approaches. The program is sponsored by McDonald's Restaurants.

Ronald McDonald got an enthusiastic response to a question during his safety show.

One of Ronald McDonald's assistants showed KES students how to crawl near the ground and breathe the air which can be found there during a smoky fire, while another showed a map of how to leave a burning house and meet your parents at a pre-planned gathering point.

Ronald McDonald performed his magic by enclosing Heather Weiss in a huge bubble.

Taff to Present Seminar at UWWC

Jerry Taff, former Milwaukee television anchorman, will present a communications seminar from 9:30 a.m. to 4:00 p.m. Thursday, November 21, at the University of Wisconsin Center-Washington County.

His seminar, "You Can't Not Communicate," will deal with effective communications in sales presentations, one-on-one and group situations, keynote addresses, and staff and organizational meetings. It is being sponsored by the UW-Continuing Education Office at UWWC.

The seminar will be of special interest to businessmen, salesmen, teachers, administrators, labor leaders, and other individuals who have to communicate effectively to a variety of audiences.

Taff was co-anchorman on WISN-TV in Milwaukee from 1979 to 1985. Previously he had anchored at TV stations in Connecticut, Michigan, and Texas. He has done special radio television assignments —

some that took him all over the world. He has won major awards from the Southwest Journalism Forum, Dallas Press Club, and Sigma Delta Chi.

In addition to offering professional speaking advice, Taff will be available to meet with seminar participants and answer questions.

The cost is \$45.00. Registration forms and further information can be obtained from Betty Pearson, UW-Continuing Education Director, at UWWC. Please phone (414) 338-5233 to reserve a space in this seminar.

Before his West Bend appearance, Taff conducted

similar seminars in Sheboygan, Fond du Lac, Grafton and Beaver Dam.

Gumm Appointed by West Grove Realty

Don Kuechler, president of Realty World - West Grove Realty, Inc., announced the appointment of Paul Gumm as the firm's new Vice President and Chief Operating Officer. Gumm succeeds Richard Koeller who resigned to work with a group developing a commercial real estate syndication company in Green Bay.

In his new position Gumm will be responsible for the day-to-day operation of the office, advertising and marketing, personnel recruiting and training, work assignments, sales scheduling and real estate closing work.

According to Kuechler, Paul's position represents an important part of the firm's future business plan. His expertise will be relied upon to assist with the management of 25 sale associates, an inventory of over 300 existing residential properties, new home construction projects developed by West Bend Savings' Financial Resource Group, and a growing investment/commercial di-

vision.

Gumm has been professionally active in real estate since 1973. He has owned and operated Gumm's Grocery store in Jackson, served as Cashier for the Bank of Jackson, and also served as Fiscal Officer of Cedar Lake Home. Gumm, his wife Gayle and their two children reside in West Bend.

Realty World - West Grove Realty, Inc. is Washington County's largest volume real estate office and a member of West Bend Savings' Financial Resource Group.

Letters to the Editor

To the Editor:

With Veterans Day fast approaching, it is only fitting that we recognize those whose lives were given serving our country. It is, however, also important we acknowledge and assist those veterans who are members of our communities and residents in the VA centers.

The Clement J. Zablocki VA Medical Center in Milwaukee has announced plans to build a recreation pavilion for hospitalized vets. As a fun raising event toward the \$40,000 goal, D.A.V. Chapter 19 has scheduled a raffle and dance at the Eagles Club Ballroom, Friday, November 22, 1985, with music by "RSVP."

The Veterans Administration Voluntary Service office has also compiled a list of recreational and special equipment needs including books, shavers, comfort items, corrective, occupational and physical therapy equipment, funds for library books, magazines and cassettes, table tennis equipment, projectors, a video recorder and a word processor. Items vary in cost from one dollar to several thousand dollars. The Voluntary Service office will gladly answer any questions or offer additional information at 334-2000 ext. 2357 or 2359.

This year on Veterans Day, let's do something special to support the veterans in our VA Medical Center.

Kewaskum, Wis. 53040
Dear Friends:

Recently I learned about the Soviets goals for destroying America from within without firing one shot. These facts were recorded in the American Congress in 1963 and were read into the Congressional Record (see enclosure).

In order to give our good President all the help he needs to interview Mr. Gorbachev next month, I want you to publish the list I have enclosed. Many people have no knowledge of the deceitful plan of the Soviet Rulers.

Thank you.
Sincerely,
R. G. Edwards, M.D.

CURRENT COMMUNIST GOALS

The forty-five "CURRENT COMMUNIST GOALS" listed below appeared in the Congressional Record of January 10, 1963. They were taken from the "Naked Communist" by W. Cleon Skousen, who began his extensive study of Communism during his sixteen year term of service with the Federal Bureau of Investigation. Mr. Skousen is now field director of the American Security Council.

- (1) U.S. acceptance of coexistence as the only alternative to atomic war.
- (2) U.S. willingness to capitulate in preference to engaging in atomic war.
- (3) Develop the illusion that total disarmament by the U.S. would be a demonstration of moral strength.
- (4) Permit free trade between all nations regardless of whether or not items could be used for war.
- (5) Extension of long-term loans to Russia and Soviet Satellites.
- (6) Provide American aid to all nations regardless of Communist domination.
- (7) Grant recognition of Red China. Admission of Red China to the U.N.
- (8) Set up East and West Germany as separate states in spite of Khrushchev's promise in 1955 to

settle the Germany question by free elections under supervision of the U.N.

- (9) Prolong the conferences to ban atomic tests because the U.S. has agreed to suspend tests as long as negotiations are in progress.
- (10) Allow all Soviet satellites individual representation in U.N.
- (11) Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo).
- (12) Resist any attempt to outlaw the Communist Party.
- (13) Do away with loyalty oaths.
- (14) Continue giving Russia access to U.S. Patent Office.
- (15) Capture one or both of the political parties in the U.S.
- (16) Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.
- (17) Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party lines in textbooks.
- (18) Get control of all student newspapers.
- (19) Use student riots to foment public protests against programs or organizations which are under Communist attack.
- (20) Infiltrate the press. Get control of book-review assignments, editorial writing, policy-making positions.
- (21) Gain control of key positions in radio, TV and motion pictures.
- (22) Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to "eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms."
- (23) Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art."
- (24) Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.
- (25) Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio and TV.
- (26) Present homo-sexuality, degeneracy and promiscuity as "normal, natural, healthy."
- (27) Infiltrate the churches and replace revealed religion with "social" religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a "religious crutch."
- (28) Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of "separation of church and state."
- (29) Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a world-wide basis.
- (30) Discredit the American founding fathers. Present them as selfish aristocrats who had no concern for the "common man."
- (31) Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of "the big picture." Give more emphasis to Russian history since the Communists took over.
- (32) Support any socialistic movement to give centralized control over any part of the culture — education, social agencies, welfare programs, mental health clinics, etc.
- (33) Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.
- (34) Eliminate the House Committee on Un-American Activities.
- (35) Discredit and eventually dismantle the FBI.
- (36) Infiltrate and gain control of more unions.
- (37) Infiltrate and gain control of big business.
- (38) Transfer some of the powers of arrest from the police to social agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand or treat.
- (39) Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.
- (40) Discredit the family as an

- institution. Encourage promiscuity and easy divorce.
- (41) Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.
 - (42) Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use "united force" to solve economic, political or social problems.
 - (43) Overthrow all colonial governments before native populations are ready for self-government.
 - (44) Internationalize the Panama Canal.
 - (45) Repeal the Connally Reservation so the U.S. cannot prevent the World Court from seizing jurisdiction over domestic problems. Give the World Court jurisdiction over nations and individuals alike.
- If you, too, are shocked at these statements, remember they are recorded in The U.S. Congressional Record.
- Presented for reprinting by the Hamilton-Harris American Legion Post No. 447, Viola, Wisconsin.

50 Years Ago

November 8, 1935

Roman Smith, who has been harvesting ice off the Milwaukee River in this village for a number of years, this week had his ice storage house torn down, and as far as we know, is undecided as to what he will do in that line of business during the coming winter. Originally Mr. Smith occupied two ice houses for storage, but when one of the buildings became dilapidated some time ago it became necessary to tear it down. The newer building, which was erected only a few years ago, was used by Mr. Smith during the past season, but now, it also began to sag, therefore this house was also done away with.

The high school basketball season will open next Tuesday evening. The Grafton team will meet the locals in their opening game. Coach Rose has been drilling the team for the past three weeks, and both coach and players anticipate a successful season. Listed are the boys who show promise of seeing service on the team: Kilian Honeck, Otto Weddig, Earl Bartelt, Herbert Hopkins, Fred Dorn, Clarence Werner, Willard Prost, Ralph Marx, Anthony Uelmen, Myron Belger, Howard Schmidt, Walter Werner, Ray Pfenning and Louis Bath.

Four masked bandits last Thursday night held up the Phil Mayer tavern, located 1 1/2 miles west of West Bend on Highway 33, and escaped with loot estimated at \$150 in cash.

The first snowfall of the winter, which was hardly noticeable, arrived in the village on Tuesday. Snow fell throughout the majority of the afternoon but it was so light that it did not get a chance to cover the ground. However, some trains arriving in the village from the north the past week plainly showed that it won't be long now.

While plowing in his field near Richfield recently, Ben Aulenbacher unearthed many human skulls. Fearing he had uncovered the scene of a

massacre or some other deed of foul play, he notified county officials, who, with picks and shovels dug a hole in which they found more than 30 skulls and a large pile of bones. The skulls, some of which were remarkably preserved, are believed to be those of Indians. Because it is thought there may be many more skulls buried there, officials of the Milwaukee museum have been notified.

Mr. and Mrs. Walter Butzlaff had their infant son baptized in the Peace Evangelical Church Sunday morning. He received the name Lloyd Walter.

A baby boy was born to Mr. and Mrs. Hugo Straub of St. Kilian Sunday. Mr. and Mrs. Richard Preo of Milwaukee are the parents of a baby boy born October 29.

75 Years Ago

November 5, 1910

The forest fires in the northern part of the state during the past several months have resulted in hundreds of timber wolves seeking new homes, and in consequence, Fond du Lac County, in the vicinity of Eden, is infested with the animals. Two immense specimens, gaunt and ferocious, were killed Sunday morning by two rabbit hunters. On the farm of Henry Jaeger, 13 sheep were killed by wolves in one night, while neighboring farmers report losses to their stock. Norman and Charles Odekirk, northeast of Eden station, were hunting rabbits Sunday morning when they came upon some wolf tracks. Their fox hounds took up the scent and later in the morning the wolves were run to cover in a clump of alders.

Winter arrived in Wayne on Tuesday with about three inches of snow.

The marriage of Joseph Sukawaty Jr. to Miss Minnie Botzkovis of St. Bridgets was announced in church last Sunday.

An eleven pound baby boy was born to Mr. and Mrs. Frank Kohn, last week Thursday.

Children's Hospital Adopts New Name

Effective October 30, 1985, Milwaukee Children's Hospital has adopted a new name — CHILDREN'S HOSPITAL OF WISCONSIN.

This new name better reflects who they are and what they do. It recognizes the fact the hospital has grown to become one of the nation's leading regional pediatric medical centers, underscoring the reality that they serve children from throughout the state of Wisconsin.

Children's Hospital of Wisconsin was founded in 1894 as Children's Free Hospital. It is an independent, private, not-for-profit, non-tax supported institution.

All inquiries regarding Children's Hospital of Wisconsin, its programs, its services and its patients are to be referred to the Public Relations Department:

ORVILLE KERN, CLERK

Indian Spikers Finally Ousted in Sectional

By Chuck Voge

The Kewaskum girls volleyball team traveled to Kaukauna Saturday, November 2, for Class A sectional play after their regional victories over Hartford and Beaver Dam.

The Indians, by far the smallest school competing in the sectional with an enrollment of less than 700 students, were pitted against Neenah, which has almost three times the enrollment of Kewaskum, Sheboygan North, over twice the enrollment, and Kaukauna, almost twice the enrollment.

The Kewaskum girls ended their season there by winning one out of the nine games in their three match playoff series. They started out well by winning the opening game from Neenah, 15-9. But then the girls seemed to lose their confidence and dropped all the remaining games. They finished fourth in the tournament with a 1-8 mark.

Host Kaukauna won the meet and a trip to state. They were unbeaten with a 9-0 record, while North wound up 5-4 and Neenah 3-6.

With the Indians being out of it early, Kewaskum coach Dave Rizzardi took this opportunity to give players that will be returning next year all of the playing time that he could.

Down the road this might prove to have been a very good decision on his part, since now all of the returning Indians will have had a lot of experience at tournament play at several levels.

It's disappointing for everyone of course to have come this far and fall short just one level away from going to the W.I.A.A. state championship in Oshkosh, but absolutely no one can fault the girls on their effort.

During the season the Indian girls added two more handsome trophies to the Kewaskum collection, by winning the Eastern Wisconsin conference co-championship, which they will share with Two Rivers, and the W.I.A.A. regional title at Hartford.

Perhaps more important than any material awards, are the personal rewards that each girl gained in the areas of increased self confidence and self esteem.

On behalf of the Kewaskum Statesman and the entire community I would like to say, "WELL DONE GIRLS!" Your attitude and spirit were a credit to the entire student body, and certainly set an outstanding example for others to follow. "See you next year."

Blow 14-0 Lead in Last Quarter

Indians Lose Finale At Kiel in Overtime

By Chuck Voge

The Kewaskum varsity football team lost to the Kiel Raiders Friday night, Nov. 1, in a game that was shortened by officials to nine minute quarters, rather than the regular 12 minute periods.

The game was shortened due to playing conditions, which can best be described as "totally ridiculous or absurd." Field conditions were so wet and muddy that at one point, one of the game officials stopped throwing his penalty flag on the ground, and just held it in his hand and waived it in a circle to indicate that an infraction had occurred.

During the game the Indian offense had the ball a total of 35 plays and played outstanding ball on 33 of these plays. They played so well in fact, that they scored on both of their first two possessions with such ease that it looked like this one was going to be a real run away. On the remaining two plays, however, both fourth down punting situations, the Indians played themselves right out of a final game victory with two costly errors.

The Raiders took the opening kickoff and failed to do much. With 6:40 left in the first quarter Kewaskum took a Raider punt and returned it back to their own 48 yard line. Then just six plays and fifty-two yards later, Kewaskum QB Rick Staehler went in from the three yard line to make it 6-0 Indians. Staehler's TD plunge was set up by a 36 yard run off of the Indian option by Kewaskum

back Jerry Vetter.

The following two point conversion attempt by Vetter failed and after only six plays and five minutes of playing time had elapsed the score was already 6-0 Kewaskum.

The Raiders took the following kick and picked up two first downs on the series that followed before turning the ball over on another punt. Shortly after Kewaskum's Mike Coulter took off on a large gainer for the Indians that covered 37 yards and helped set up the next Kewaskum score. Five running plays later with the ball inside the Raider five yard line Coulter finished the drive by going in for Kewaskum's second and last score of the evening. The two point conversion attempt, a run also by Coulter was good. Score 14-0 Indians.

For the rest of the first half Kiel controlled the ball without scoring or even threatening to score. The half ended. Score at half time, 14-0, Kewaskum. During the entire wet and slippery first half the Indians kept the ball on the ground. Staehler didn't go to the air once. The entire Indian effort wasn't marred by so much as one single Kewaskum penalty.

The second half started with Kewaskum's Mark Schlosser taking the kick and bringing it out to the Indian 45. After that the third quarter was a standoff with each team picking up a pair of first downs and no scoring. Third quarter score, still 14-0 Indians.

Next a crucial situation for the Indians came up when with

fourth and two from their own forty-one the Indians' punter fumbled the snap and was dropped at the Kewaskum 24 yard line. That set up the first Raider score and just three plays later Kiel's Ken Zorn took it in for the score from inside the Indian one yard line. The two point conversion attempt, a pass, was broken up by Ken Miller. Score 14-6 Indians.

The Indians took the kickoff and failed to move the ball. Then with fourth and five, at about midfield with only a little more than 4:00 left to play in the game the Indians went for it rather than punting away to set the Raiders deep enough to run out the clock. The attempt failed. They were dropped for a loss and Kiel took over on the Kewaskum 43 with 4:00 left to play. Eleven plays later with 1:16 left Kiel's Randy Bella caught a two yard scoring pass from QB Dave Lepisto. Score now 14-12 Kewaskum.

This forced another two point attempt by the Raiders and again Lepisto threw, but this time to Mike Swoboda. The pass was complete and tied it up at 14-14, with only 00:49 seconds left in the game.

Regulation play ended, and in the first overtime series Lepisto threw a scoring strike to Troy Strothoff to make it 20-14 Kiel. The conversion attempt failed and the Indians got their chance to tie or go ahead. On second down with goal to go for the score, the Indians fumbled and the Raiders recovered to end the game. Final 20-14 Kiel.

This was the last game of the season for the Indians. Overall they finished with a 1 and 8 record, their only win coming over Chilton on October 25. They ended in a tie for fifth place with New Holstein and Chilton, all 1-5.

The JVs lost 14-6 and the freshmen lost by a score of 14-8.

Scoring — KEW: Rick Staehler, 1-yd. run (run failed); Mike Coulter, 4-yd. run (Coulter for two-point conversion). KI: Todd Zorn, 1-yd run (pass failed); Randy Bella, 2-yd. pass from Dave Lepisto, (pass Lepisto to Mike Swoboda); Troy Strothoff, 10-yd. pass from Lepisto (run no good).

Chilton 22, New Holstein 6

Two Rivers earned a tie for the conference championship by edging Plymouth, 7-6, and knocking the Panthers out of a tie for the title. Two Rivers scored a touchdown on the first

play of the game and added the extra point for their only scoring of the evening. The Raiders finished the season 5-5 after starting 0-5. They were 5-1 in conference.

8,300 Explore Nature In State Parks Under New Program of DNR

More than 8,300 parents and children explored nature together last summer in Wisconsin state parks under a new program of the Department of Natural Resources.

"This was an attempt to get parents and children together while camping, get them learning about nature and teaching each other. It was an effective and a fun means of getting them involved," said Lenore Schroeder of Madison, DNR naturalist program assistant. She recently evaluated the first season of DNR's Wisconsin Junior Ranger program.

With a workbook to guide them, the families set off on trails to examine such natural features as tree leaves, bird and animal habitat, smells and sounds of the forest, and even the shapes of natural objects.

After completing their assignments, children received a certificate and a Junior Ranger patch to affix to their clothing. This year's participation, from kindergarten through third grade, will be expanded in 1986 through the sixth grade, Schroeder said.

"Parents were ecstatic about the chance to learn with their kids," she said. "Some said they'd never seen so much before on a nature trail."

They also were gratified, she noted, to have tax monies used in ways they considered educational and enjoyable.

The Junior Ranger program was initiated with a grant from the R.D. and Linda Peters Foundation of Milwaukee.

In southeastern Wisconsin, participating state lands were the Northern and Southern Units of Kettle Moraine State Forests, Pike Lake State Park, and Kohler Andrae and Harrington Beach State Parks.
