Kewaskum's Fire Chief Augie Bilgo Retiring

Retiring Chief
Augie Bilgo

By GERRY MUELLER
Statesman Staff Writer

Newly Elected Chief
Don Ehnert

Augie Bilgo, Jr., Kewaskum's Fire Chief since 1975, is retiring after thirty-five years of service with the department.

Bilgo joined the Kewaskum Fire Department in 1951, becoming chief in 1975, following the death of Armin Oppermann. He completed Oppermann's unexpired term as chief and was elected to two more five-year terms.

Also retiring after this year are firemen Raynor Herriges, who joined the department in 1956; Clayton Stautz 1959, and Hugo Straub 1965. Together the four men represent 111 years of service with the department.

Donald Ehnert has been elected to the post of Fire Chief

effective January, 1986. Ehnert has been with the fire department since 1959, becoming Assistant Chief in 1977.

David Zehren has been elected Assistant Fire Chief, Bob Stoltzman is First Captain, Jeff Boden Second Captain, First Lieutenant Andy Pesch, Second Lt. Jim Schaub, Captain of the Rescue Squad Mark Herriges, Rescue Squad Lt. Todd Van Lagen, Secretary John Laubenstein, and Treasurer Ron Amerling.

Ehnert's appointment as Chief was officially approved at Monday night's Village Board meeting.

Village Board Approves Elderly Housing Permit

By GERRY MUELLER
Statesman Staff Writer

On a 6-0 vote, with Trustee Mary Krueger abstaining, the Kewaskum Village Board approved Dr. Cesar Sison's application for a conditional use permit to construct a 44-unit elderly housing complex behind his clinic at 1040 Fond du Lac Avenue, Kewaskum.

The board, however, did attach one string to the approval, and that is, the permit has been given the okay contingent upon the village's receipt of a developer's agreement covering approximately a half dozen specific requirements which must be met for the construction. These points basically concern easement, sidewalk, and consent and

waiver provisions relating to access of the property.

Lou Hero, Sison's representative, told the board that neither Dr. Sison or he had any reservations about the village's request for the developer's agreement. "Many of these things Village Administrator Dan Schmidt and I have already discussed and worked out, and

1986 Salaries for Village Employees Approved by Board

By GERRY MUELLER
Statesman Staff Writer

At its meeting Monday night,

the Kewaskum Village Board approved the salary scale for 1986, along with 1986 wages for all village employees.

The scale carries a 4.5% raise for all grades, A through 15, while individual salaries carried increases of up to 4.5%.

Village Administrator Dan Schmidt's salary went up 4.5% from \$28,330 for 1985, to \$29,605 for 1986. Public Works Superintendent Augie Bilgo received 1.8% plus overtime in accordance with the Fair Labor Standards Act, which brings his increase to 4.5%, raising his salary from \$26,692, to \$27,372. Police Chief Donald Hlavaty received 3.8%, from \$25,450 to \$26,417; Water Pollution Control Superintendent Pete Albers 1.5% plus overtime (4.5%) from \$24,252 to \$24,515.

Water Department and Water Pollution Control crews received a 4.5% increase, from \$9.07 an hour to \$9.47 for 1986. Bookkeeper 4.5%, from \$6.75 an hour to \$7.05; Head Librarian 4.5%, from \$5.84 an hour to \$6.10; Secretary 4.1%,

Area Farmer Collapses And Dies Fighting Fire

By GERRY MUELLER
Statesman Staff Writer

Norbert Thull, 68, of 2342 Highway 28, Kewaskum, collapsed and died Friday afternoon while helping his son fight a fire which began in a pole shed on their farm.

The fire apparently began when a heating lamp, being used to warm a newborn calf, ignited some straw bales. Thull left to call the fire department and collapsed on his way from the shed to the house.

A member of the Kewaskum

Rescue Squad was on the scene within two minutes and began CPR. When Thull fell, he hit his head on a manure spreader, however, preliminary indications are he suffered a heart attack prior to the fall. Thull was pronounced dead at St. Joseph's Community Hospital in West Bend.

The fire was contained to a small area and extinguished by the Boltonville Fire Department.

A completed death notice for Mr. Thull is included in a separate section of the paper.

Youth Escapes Injury

Bullets Fired at Tavern, Supper Club Buildings

A 17-year-old boy apparently escaped injury when a shot was fired into his bedroom early Sunday at the Gay 90s tavern, Dundee.

Kenneth J. Schneider, 17, was sleeping in a second floor bedroom when two shots were fired at the tavern about 1:30 a.m. One shot traveled through an outer wall, through a quilt on Schneider's bed and became lodged in a wall.

The second shot went through an east wall of the building, struck a cash register and became lodged in a wall behind the register. The shots most likely came from a 44 Magnum handgun, according to

Fond du Lac County sheriff's officers.

The vandalism was reported to the sheriff's department Sunday afternoon by Kenneth J. Schneider, owner of the tavern. The Gay 90s is located at Highway 67 and County Trunk F in Dundee.

Shots were also fired early Sunday at The Fin-n-Feather and the Everglades supper clubs in New Prospect. Dennis H. Krueger said he was cleaning the bar area at The Fin-n-Feather when he saw two cars travel at a high rate of speed on County Trunk SS about 1:55 a.m. Sunday. At the same time

we find no problems," said Hero. "I've told the village and Plan Commission all along that there would be no surprise and that Dr. Sison is willing to cooperate."

Several of the clinic property's neighbors were at the meeting and expressed concerns about traffic, parking and water run-off problems. Referring to the question of parking, Hero noted he felt the 75-space requirement was more than adequate for the 44-unit structure. Harold Woodhouse, of Wis-Care, Inc., who is working with Sison on the plan, noted it has been his experience with other projects such as this, that there is an average ratio of one car to three units. Even if each tenant had one car, that would still leave over thirty spaces for visitors.

Another neighbor expressed concerns about tenants and the future status of the building if Dr. Sison were to leave or sell it. Woodhouse again assured the people that this is not a Section-Eight low-income government project. The people who want to, and do, live in a facility like this are those who no longer can, or want, to take care of a house and property yet want the independence and privacy. Some may have some type of disability yet are not classified as needing a nursing home or have been in a nursing home and are now well enough to live elsewhere but cannot maintain a home, or live with relatives. These people all want the independence and security that a facility such as this provides, he noted. With the emergency alarm system, they have the assurance that someone will be there if help is needed.

Dennis Giese, another neighbor, asked Hero what would happen if the doctor could not fill all the units. Hero said studies show it takes approximately one year to fill all the units, but after that, most places have a waiting list. "Basically, the project would serve people within a 25-mile radius in all directions of Kewaskum."

"If we felt this wasn't right for Kewaskum, we wouldn't have proceeded with our plans," said Hero, "and if it didn't look like it was going to work, Dr. Sison would not have gotten a loan commitment. Banks are not going to loan money for something that will

not work," said Hero.

Describing the complex's operation, Woodhouse noted there would be no on-duty doctors or nurses as in some extended or limited care facilities. Part of the manager's job, however, will be to help residents remain an active part of the community, going out to social functions, activities such as concerts and plays, not holding bingo games and craft classes. Woodhouse expected that this complex, like others he has throughout the state, will have a passenger van equipped with a chair-lift to provide transportation for those who do not drive or are confined to a wheelchair.

As far as the facility being changed from elderly housing to apartments, or a "Playboy Pad" as one person suggested, Woodhouse said a minimum age limit is set for tenants, and this type of facility does not lend itself well to young people. In going along with that statement, the Village Board stipulated that, at least one tenant in each unit must be a minimum of 55 years of age.

James Roe, whose property joins the Sison land on the north, was worried about water run-off problems. He reminded the board he had been before them a few years ago when his property was having problems with flooding from the parking lot's run-off. Schmidt told Roe that was one reason the Village is recommending a planned access sidewalk be constructed along the north side of the Sison property. It is felt that, along with some additional paving to pitch the water towards the back of the property, the sidewalk will act as a buffer and should alleviate the problem.

One woman asked why Dr. Sison was planning to build next to the railroad tracks. She did not think people would want to live there because of the noise. President Dave Nigh told her, when people come to look at the units they will see and know about the railroad. And if they chose to live there, it will be their decision, no one will be forcing them into it.

Construction work is expected to begin in spring.

Salaries

from \$5.43 an hour, to \$5.65, and Assistant Librarian 4.5%, from \$4.70 an hour, to \$4.91.

Patrolmen will receive a 4.5% increase as agreed to in a two-year contract.

Part-time employees received an average 4% increase. Crossing guard 4%, from \$14.00/day to \$14.50/day; substitute crossing guard from \$12.00/day to \$12.50/day; part-time patrolmen with training 3.6%, from \$7.00 an hour to \$7.25; part-time patrolmen without training 4%, from \$5.50 an hour to \$5.75; part-time DPW employees 3.5%, from \$5.65 to \$5.85.

Health officer 25% increase from \$200.00/year to \$250; zoning administrator 25%, from \$100.00 a month to \$125; winter recreation 2%, from \$5.25 an hour to \$5.35. The building inspector salary remains at \$90.00 per month.

The total cost of the increases for 1986, will cost the village approximately \$9,998 to \$12,974, for all 31 full and part-time employees.

In other action, the board unanimously approved the appointment of Donald Ehnert as Fire Chief effective 1986, succeeding retiring Chief Augie Bilgo.

The board also approved the liquor license application of Jeanne Marchant, who will be taking over the Kewaskum Saloon.

Administrator Dan Schmidt informed the board that the village's tax bills had been mailed out. He noted that many residents are not reading the memo enclosed with the bill which explains how the tax monies are split up and where the increases are coming from. Schmidt said some people are commenting that he said there would be no increase. He said he has been trying to explain in the memo that, while the village did not have an increase, in fact its tax went down slightly, the total tax rate has gone up because of large increases from other jurisdictions such as the school district and the county.

Schmidt said holiday hours for the Municipal Building office will be, December 24th closed, and December 31st open from 8:00 a.m. till noon.

Schmidt said the village would also like to publicly thank the Kewaskum Kiwanis for donating a microwave oven for the village's new community

room.

The board also received an update on the Department of Transportation's road construction plans for 1986-87. Schmidt said Highway 28 is included for work, with paving of Highway 28, (Main Street) from the village to Highway 144, approximately 5.17 miles, to be done in 1987, at an estimated cost of \$595,000.

The board then adjourned to closed session.

Bullets

[Continued from Page 1]

he heard three "cracking" noises.

A bullet entered a wooden fence and then traveled through an east wall of the restaurant. It then struck a power plug on an air conditioner.

Robert L. Johnson reported to the sheriff's department that shots were also fired at the Everglades Supper Club about 11 a.m. Sunday. The shots entered a south window, traveled through the mortar of a stone wall that leads into the bar area and become lodged in a wall near the bar.

Town Wayne Man Injured in Car-Tractor Mishap

By GERRY MUELLER
Statesman Staff Writer

Leonard Peter, 60, of 9177 Highway W, rural Campbellsport, Town of Wayne, was injured in a car-tractor accident Tuesday, December 10th, on Highway 28, two-tenths of a mile west of Highway 45, Kewaskum.

The mishap occurred at 7:18 p.m. between Peter's vehicle

and a tractor towing a manure spreader. Randy Backhaus, 29, 9575 Highway 45 N, Kewaskum, was the driver of the tractor owned by Glenway Backhaus.

According to the Washington County Sheriff's report, Backhaus was traveling east on Highway 28, when he saw the lights of Peter's car, who was also traveling east, come up behind him. Backhaus began to pull off onto the shoulder, but before he could get off the road, Peter who was attempting to brake, collided with the spreader.

Peter was transported to St. Joseph's Hospital, West Bend, with unspecified injuries. Backhaus was cited for operating a vehicle in violation of the lamp law.

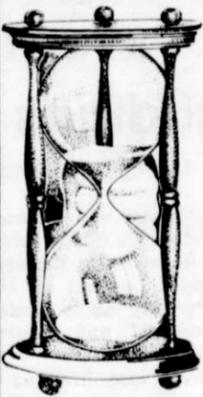

Two people were injured in a two-car accident late Sunday afternoon. The collision occurred at 3:45 p.m. at the intersection of Highways 144 and H.

According to Washington County Sheriff's Department records, Shelly Staehler, 18, 8181 Sandy Ridge Road, Kewaskum, was traveling west on Highway H. She stopped at Highway 144, looking both ways before she entered the intersection. When she was in the intersection, Staehler's car was struck by a vehicle traveling south on Highway 144, driven by Patricia Flynt, 43, 16176 Highway S, Adell.

Flynt received head, neck and chest injuries in the mishap and was transported to the hospital by the Kewaskum Rescue Squad. A passenger in the Flynt car, Steven Reimert, 1222 North Eighth Avenue, West Bend, complained of neck pains. There were no injuries listed for Staehler.

The accident is under investigation.

VILLAGE OF KEWASKUM NEWS NOTES

Winter Parking

The Winter Parking Restrictions and Snow Emergency Parking Restrictions go into effect December 1, 1985.

Municipal Code Section 7.04(3) Night Parking Restrictions, reads as follows: Signs have been erected at or reasonably near the corporate limits as provided in Section 349.13, Wisconsin Statutes, no person excepting physicians or licensed emergency vehicles on emergency calls, shall park or stop any vehicle on any public street or highway within the village between the hours of 2:00 A.M. and 6:00 A.M. from December 1, to April 1, of each year; provided that, notwithstanding such restrictions vehicles may be parked for a period of time not longer than 3 minutes for actually loading or unloading of passengers, and provided further that no other regulation restricting parking as to place, time, or manner is violated thereby.

The fine for violating this ordinance is:

\$5.00 if paid within three (3) days of the issuance of the parking citation.

\$10.00 if paid after ten (10) days, but before 28 days.

After 28 days, the amount is \$20.00 and a notice will be sent to the Motor Vehicle Department to suspend your vehicle registrations and refuse renewals until the citation is satisfied.

An important fact is the owner of the vehicle is responsible for the payment of the citation whether or not he was the operator.

Municipal Code Section 7.04(4) Removal of Illegally Parked Vehicles. This section covers the issuance of citations to and possible removal of such vehicles in violation of this ordinance. In addition to other penalties provided by Section 7.04(6) of this code, the owner or operator of a vehicle so removed shall pay the cost of the towing and storage.

United Way of Area Wraps Up Campaign

The United Way Board of Kewaskum Area has wrapped up the campaign for 1985.

Many people worked very hard to make this campaign a success — John Tessar and Ed Miller, Co-Chairmen; Captains Lester Francke, Gerry Gosa, Diane Buchel, Tom Larsen, Gerry Kiefer, Ted Miller, Pearl Thompson, Mike Pfeiffer, Norbert Serwe, and Roy Esser.

Our goal was \$30,000 and we raised \$29,197, which is definitely a full cup, if not overflowing. The Board will now meet again in February to decide disbursements to our member agencies and consider

requests from new ones. Thanks to you, Kewaskum, we can again help our members agencies with effective amounts of monies.

Also in February we will be changing the guard so to speak. We will be looking for five new members. If any community members, and that includes the entire Kewaskum School District, would be interested in serving on the Board, contact Dr. J. Dennis Connor, Board President, or Margaret McFadden, Vice-President. Serving a term on the United Way Board can be a very rewarding experience.

Kiwanis Students for the Month of December

Michelle Gebheim

Michelle Gebheim, daughter of Mr. and Mrs. Mitch Gebheim, and Colleen Horner, daughter of Mr. and Mrs. Ralph Horner, both of rural Kewaskum, have been chosen as the Kiwanis students for the month of December.

Michelle was inducted into the National Honor Society as a junior and this year serves as vice president of NHS. She was selected as a Kewaskum representative to Badger Girls State in Madison this past summer. As a freshman, she was the class secretary and as a junior, she was a student government representative. She played on the girls' basketball team for three years and on the volleyball team for four years. As a senior, she was voted captain of the volleyball team and received All-Conference Honorable Mention. Michelle played in the concert band for two years and the symphonic band for one year. She participated in the solo ensemble contest for three years and was a state participant during her junior year. She played in the pep band for three years and the pit band for the school musical. As a junior, she was a member of the prom court. This year, she belongs to

Colleen Horner

the German club and the pep club. She is also the statistician for the boys' varsity basketball team.

Colleen was a cheerleader for football for four years and for basketball, three years. As a junior, she was captain of the squad and awarded the leadership award for cheerleading. She has been a member of Key Club for four years and served as treasurer last year. She has been on the Smoke Signals school newspaper staff since she was a freshman, was co-editor for two years, and this year is editor-in-chief. As a junior, Colleen was a member of the forensics team and participated in the state competition. She has been a Spanish club member for four years and this year, is a member of the pep club.

Around The World With Santa

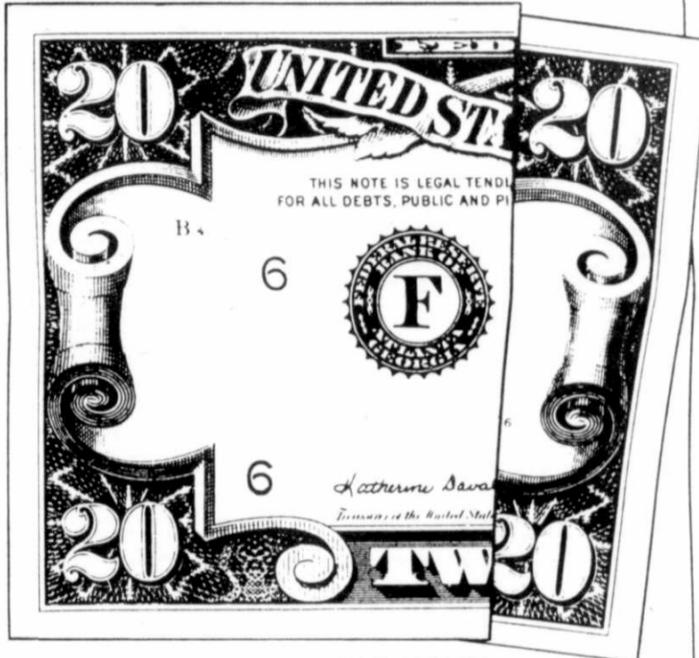

Santa took on new dimensions when the cartoonist, Thomas Nast, began to picture him as a Civil War Santa bringing gifts to the homesick soldiers.

In Alaska, Santa has been pictured riding on a sled pulled by huskies, while in Hawaii, he sometimes arrives by surfboard. Santa acquired an airplane when airplanes took to the skies. Then, when satellites started circling the Earth, Santa took off in a rocket.

Wherever Americans have traversed the world, Santa Claus has also migrated.

**Dance Slimnastics
New Session to Start**

Dance Slimnastics Ltd. will offer aerobic dance / exercise classes in the area starting January 6, 1986. The new session will be titled, "Lookin' Hot," and will run for seven weeks.

Classes in Kewaskum will be held Monday and Wednesday at 5:15 p.m. Classes at St. Michael's Church Hall will be held on Tuesday and Thursday at 6:30 p.m., and on Saturday morning at 9:30 a.m.

An exciting new feature has been added to classes this session. An exercise band will be distributed free to each student. The bands are used to increase the toning and firming benefits of exercise.

New students can save \$3.00 by clipping out the Dance Slimnastics ad and bringing it to class. A maximum of one ad per person can be used and expires 1/31/86. It cannot be used in combination with any other promotion and is valid for aerobic classes only.

In addition, our "Recruit a Rookie" feature enables eligible students to earn a discount on future class fees by sponsoring new students. Sponsored students also receive the discount.

By using the clubs' unique Free Class Option, members can attend class as many times per week as desired. The class fee covers the cost of two one-hour sessions per week.

Exercise can make you feel better mentally as well as physically. It can strengthen our hearts, tone muscles, lose inches and more; but it can also ward off depression and anxiety and help you cope with stress. So, if you're feeling a little let down after the holiday or just plain tired of being indoors, try exercising - it'll do wonders for your mind not to mention what it'll do to all those extra

calories hibernating with you! For more information on classes, fees and to pre-register, please call Jacquie at 338-6754 or Donna at 334-0268.

CHILDREN LEARN WHAT THEY LIVE

By Kandi Veal
County 4-H and Youth Agent

Have you ever wondered why two children can respond so differently to the same situation? Why does one student feel good about a test score and another feel discouraged about a test score that is exactly the same? What makes one boy or girl able to respond positively to a reasonable explanation for not getting a date while another boy or girl almost crumbles when they think of rejection?

What is this thing that can have such a great impact in our

lives? It is called self-concept. All of us, including children, have a mental picture of ourselves. We see ourselves as short or tall, a leader or a follower, a doughnut or a hole. This picture we have of ourselves is our self-concept.

A positive self-concept represents strong self-approval. Such people like themselves, are self-confident and self-assured. People with positive self-concepts do not necessarily think of themselves as perfect or better than others, but are satisfied with themselves the way they are.

Here are five steps to help build your child's self-concept:

- P - Praise yourself, and help others to do the same
- R - Respect children

- A - Accept children
- I - Invest time in children
- S - Set reasonable goals
- E - Evaluate your accomplishments realistically

Helping children develop a positive self-concept may be one of the most difficult tasks of parenting or teaching. There is no easy, fool-proof formula for accomplishing this. It takes a lot of time and effort from concerned adults like you. Remember what each letter of PRAISE stands for and that "Children Learn What They Live."

CHILDREN LEARN WHAT THEY LIVE

- If a child lives with criticism, He learns to condemn.
- If a child lives with hostility, He learns to fight.
- If a child lives with ridicule, He learns to be shy.
- If a child lives with shame, He learns to feel guilty.
- If a child lives with tolerance, He learns to be patient.
- If a child lives with encouragement, He learns to appreciate.
- If a child lives with fairness, He learns justice.
- If a child lives with security, He learns to have faith.
- If a child lives with approval, He learns to like himself.
- If a child lives with acceptance and friendship, He learns to find love in the world.

Town of Scott OKs 1986 Budget

By GERRY MUELLER
Statesman Staff Writer

At its Annual Meeting Wednesday, December 11th, the Town of Scott approved a budget of \$242,496.00 for 1986.

Following its public hearing, the budget was okayed with only minor modifications concerning funding for the Random Lake Library and additional monies to continue first responder assistance from the two fire departments which provide service to the township.

At Scott's regular town board meeting Monday, there was considerable discussion of illegal use of the township's landfill site. Officials are concerned about the abuse of the

site by non-residents, especially people residing in the Town of Sherman.

Scott's landfill attendant noted the problem has apparently risen because the Town of Sherman has cut back its own landfill hours to two Saturdays a month, from November to March.

The matter came to the board when a Town of Sherman farmer, who also owns land in Scott, brought a truckload of refuse to Scott's dump. The individual was informed he could not dump there since he does not reside in the Town of Scott. However, the refuse was dumped against the attendant's protest. The supervisors have turned the issue over to its legal

counsel for investigation.

The township is also having problems with people scavenging the landfill for salvage when there is no attendant on duty. The board noted such action is considered trespassing and anyone caught may be subject to a fine.

The board also approved a rezoning request from Dennis LaFever with the stipulation that the waterway north of the property must be maintained.

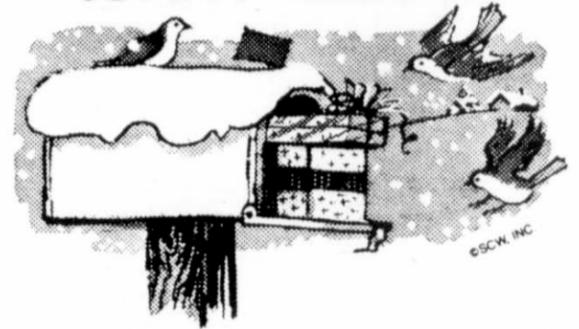

At its January meeting, the board will consider the process of changing from an elected, to an appointed assessor for the township.

It Takes Much More

It takes much more than candlelight or shining tinsel or sparkling snow. It takes a hand clasped tight—a smile, love, kind thoughts, wrongs made right and heartfelt prayer to prove we care.

Let this holiday season be filled with true care!

Time for a good old-fashioned holiday, with the family gathered together, out of the cold, sharing good times. Here's to the merriest Christmas ever!

Superior Trucking Co., Inc.

The Academic Table Introduced at KHS

The Academic Table is a program designed to help academically struggling basketball players keep their grades at an acceptable level. It also stresses the importance of an education in high school.

The program involves notes being sent to the teachers of the basketball players. They then indicate only areas of trouble that individual may be having and hand them in to the head coach, Perry Koth. If a player on the team is having troubles in a class he is required to be in attendance of the next meeting of the Academic Table. The penalty for missing a meeting is suspension from the team for one practice.

The Academic Table meets every Monday immediately after school. Perry Koth evaluates each player's problem. With the help of teachers that volunteered their time, he tutors the players to get them back into good standing in the classroom. The session lasts about an hour and then practice begins.

At present, twenty percent of the high school basketball team are involved in the table. This includes all three teams: freshmen, junior varsity, and varsity.

This is the first time a program of this type has ever been tried at Kewaskum High School.

Dip sugar cubes into orange or lemon juice and add to hot tea for a lovely treat.

Have A Merry Christmas

It's Been Our Pleasure To Serve You

Season's Greetings

More than a Merry Christmas
 We wish you this year.
 More than a Happy Christmas
 With your loved ones dear.
 More than the precious hours
 With friends who are true.
 More than the gifts you treasure
 That others give you.
 We wish for you the blessings
 Of that Christmas day
 When angels sang the story
 And stars marked the way.
 We wish you joy unending
 With much love and cheer.
 We wish you peace on Christ-
 mas
 And through all the year.

THE FARMINGTON 4-HER'S

For the December meeting, the board members of our club decided to have a Christmas party in the Farmington school gym. Mike Arndt, chairman of the Christmas party planning committee, planned everything for the party with the help of the board members and Mrs. McGee and Mrs. Degnitz.

We started out the party with a potluck. Everybody brought a dish to pass. After that, we had a short meeting and installed the new board members. Next we sang songs and played games. There were prizes given to each of the winners of the games. We concluded the party by exchanging gifts and singing. "We Wish You A Merry Christmas."

More and more good cooks are turning to classic American pecan pie as a favorite dessert. The one below is not only easy to make, but easy to remember. Three eggs and then one of everything else. It's a recipe you'll never be without.

PECAN PIE

- 3 eggs
- 1 cup Karo light or dark corn syrup
- 1 cup sugar
- 1 tablespoon butter or margarine, melted
- 1 teaspoon vanilla
- 1 cup pecans
- 1 unbaked (9-inch) pastry shell

With fork slightly beat eggs, add corn syrup, sugar, butter or margarine, and vanilla; stir until well blended. Stir in pecans. Pour into pastry shell. Bake in 350°F oven 50 to 60 minutes or until knife inserted halfway between center and edge comes out clean. Cool. Makes 1 (9-inch) pie.

Make the Holidays Special — Visit An Older Friend

What does the holiday season mean to you? Family, friends, good times and laughter?

Loneliness and holidays are frequently synonymous for many older people. The period from Thanksgiving through New Year's is an especially busy time for most people. In trying to keep pace with a hectic holiday schedule and a demanding social calendar, many well-intentioned people will simply overlook the special needs of elderly relatives and friends during this time of the year.

Yet during this season many older people are most vulnerable to loneliness and depression as they are bombarded, through television, newspapers and magazines, by reminders of earlier, merrier times when they themselves were at the center of holiday festivities and gatherings of loved ones.

The Methodist Manor/-Wesley Park retirement complex in West Allis reminds us that most residents of nursing homes and those who live in independent housing or retirement communities are in their 70s, 80s and older. Many are independent, active individuals who have family and friends who visit often and who they can visit.

Yet, many others have friends who have died, and some of their own children, themselves advanced in age,

may already have died or are not able to visit frequently or easily.

It is easy for these people to be forgotten when so many other attractions vie for our attention and time toward the close of the year.

The Methodist Manor/-Wesley Park complex, a member of the American Association of Homes for the Aging, the national organization of nonprofit homes and services for the elderly, urges the public to "Visit An Older Friend" during this holiday season. Remember a relative or friend not seen for a while. Or stop by a nursing home, senior citizen complex, or retirement community and ask to spend a little time with someone who

especially needs to be reminded that someone cares.

No gift means as much as a little time spent listening to an old or new friend.

Visit An Older Friend this holiday season!

Holiday Hangover

To avoid the holiday "hang over the belt deluge," at parties, indulge in conversation instead of the food. Position yourself away from the food and drink areas. When you want to nibble, choose the fresh vegetables sans dip and one or two other appetizers. However, if you do find yourself eating too much during the season don't let the guilty feeling tell you to abandon your diet for the holidays. Get some exercise and cut down on (but don't omit) the next few meals.

Happy Holiday

In the true Christmas tradition, we'd like to wish all our good friends and patrons a warm, wonderful day!

Letters to the Editor

Dear Editor and Staff:

With warm appreciation we the Senior Citizens Nutrition Program, would like to thank the Kewaskum Statesman's personnel for all the nutrition articles over the past six years. It is people like you and our community and surrounding area community who bring forth the good spirit of people and their children, who give so willingly and generously of their time and talents for our Elderly Nutrition Program.

There are many who volunteered over the years to help with congregated meals, deliveries to the elderly confined more or less to their homes, transportation back and forth to the nutrition site, entertainment for the holiday parties, and so forth.

The Nutrition Program wishes to thank the Girl Scouts, the Sweet Sixties singers, Mr. Dave Bertelsen of Kewaskum High School for singers, St. Lucas Lutheran School for children's chorus, American Legion, KHS Key Club for their annual Holiday Dinner invitations and the manager of the Meadow Creek Housing for the Elderly.

A sincere thank you to Otto Weddig for five years of volunteerism for the site.

May the meaning of Christmas be deeper, its friendships stronger, and its hopes brighter as it comes to you this year, and may the joy of Christmas abide with you throughout the New Year.

Dolores Kleinke, Manager,
and the Nutrition Program

VILLAGE SNOW REMOVAL

We can all be glad to live in a small town that takes care of all our needs so well. The weatherman provided us with much snow recently and some piles of snow developed too, but the village crew moved the snow off the streets rapidly as possible so we all could travel safely.

As the storms ceased, the crew began to load the snow on trucks to be hauled away, leaving the curbs bare as in the summer time. My turn came on Monday morning, with the front-end loader raising its half-ton shovel full of snow high above the trucks to dump the snow. The men even had a truck with a blade to help push the fragmented snow so the big shovel could do a real good job.

I was very glad because on Saturday morning, I drove out on to the street in front of a car approaching from the north that I had not been able to see on account of the pile of snow. Now my driveway is like in summer.

Thank you village workers. I do believe you must have a real good organizer for a boss.

Letter to the Editor:

December 10, 1985

Mr. W. J. Harbeck, Editor
Kewaskum Statesman
250 Main
Kewaskum, WI 53040

Dear Mr. Harbeck:

The purpose of this letter is to share with you and your readers information concerning a recent policy decision of the Moraine Park VTAE District Board relative to avocational education. This policy will affect courses such as Painting, Decorative Stitchery, Arts and Crafts, and Crocheting, which MPTI has previously offered.

From its earliest beginnings, Wisconsin's Vocational, Technical and Adult Education System has been concerned and involved with the board area of adult education, including avocational programming. The mission of the Wisconsin VTAE System presently provides for the offering of avocational education to VTAE System presently provides for the offering of avocational education to state residents. However, the Wisconsin Legislature has specified that no state funds may be used to finance any portion of the costs associated with these offerings. In fact, on numerous occasions legislation has been introduced that would require participants to pay for 100 percent of the associated avocational costs.

In establishing avocational course fees, the Moraine Park VTAE District Board has acted on the premise that participants should bear the full direct applicable costs associated with these offerings. In keeping with this practice and to assure the most effective use of limited resources, the Board, at its October 1985 meeting, adopted a policy to "recover 100 percent of the direct applicable costs associated with avocational programming." The policy will be in effect with the beginning of the 1986-87 school year. The Board further directed the MPTI administration to phase in the policy during the current school year.

As a result of this action, beginning with the 1985-86 Winter semester, for each avocational course, five of the minimum of ten students enrolled will be required to pay total fees before the course may begin. The Board policy, which exempts program fees for students 62 years of age or older enrolled in avocational courses, remains unchanged.

Rest assured, it is our intent to continue to respond to the educational needs of our District's residents by making these offerings available. However, to assure them most efficient use of limited resources, we must continue to apply appropriate cost-effective

strategies in the provision of course offerings and services to all District residents.

Sincerely,

Eugene J. Beck,
Administrator

To The Editor:

My roommate is from Kewaskum, and occasionally he gets a Kewaskum Statesman, which I occasionally read. This letter is in response to Dr. Edwards' letter, which appeared in 11/8/85 issue.

Dr. Edwards - WAKE UP AND SMELL THE FOLGER'S. It's 1985. The witch hunts are over. The COMMIE PLOT that you cited, as taken from the Congressional Record, is TWENTY-TWO YEARS OLD. Times have changed, and the times, they are a-changing. To print "CURRENT Communist Goals" as factual evidence of how the COMMIES are destroying us from within is absolutely ludicrous. Is 1963 CURRENT? Don't get me wrong. I'm as American as hotdogs and apple pie. I would not like to blow up. I would like to have a future. Instead of passing off RED-SCARE ERA "facts" on people in rural communities, someone should warn us all of the dangers of racism, hatred, and bigotry. What is important is that the citizens of the United States stop diluting themselves with PINKO-COMMIE red scares, as did Wisconsin's own McCarthy in the 1950's, and rechannel that mental energy into constructive thought and prayer on how to ensure PEACE, UNITY, HUMAN RIGHTS, and happiness.

I don't have the solution on how to prevent nuclear war. However, I wish that people like you would stop trying to scare people with wrong or out-of-date issues.

Sincerely,
Gary Stella

P.S. I can't believe that the people of Kewaskum let that bank building be demolished.

Washington County Holstein Association Awards Presented

By Jack Trzebiatowski
Co. Agricultural Agent

The Washington County Holstein Association met recently for their annual meeting and banquet. One of the major items for the evening was the presentation of both junior and adult awards.

The organization presents an award to the outstanding dairy project member from each of the three county FFA chapters. Andy Degnitz, the son of Mr. and Mrs. Jim Degnitz, was selected as the winner from the Kewaskum FFA Chapter. The recipient from the Hartford FFA was Scott Lepien, the son of Mr. and Mrs. Ned Lepien. Karen Mayer, daughter of Mr. and Mrs. Fred Mayer, was selected as the recipient of the award from the Slinger FFA Chapter.

An award is also presented to the Outstanding Holstein Boy and Girl from Washington County. Keith Watson, the son of Mr. and Mrs. Bob Watson of Hartford, was selected as the County Outstanding Holstein Boy for the past year. The County Holstein Girl award was presented to Laurie Rate, the daughter of Mr. and Mrs. Gerald Rate of Allenton.

A special award was presented to Doug Mayer, son of Dick and Marilyn Mayer of Slinger. Doug has been selected as one of nine statewide winners of the Distinguished Holstein Boy Award which is presented by the Wisconsin Holstein Association. He received recognition for this award at the countywide meeting.

Production awards were presented to cows that were purebred Holsteins on official DHIA test in each of the age categories and for cows with 200,000 pounds or more lifetime production records.

In the "Under 3 Year Old" category, the award was presented to Marvin Rusch for Ruslan Bell Robena which produced 21,349 pounds of milk, 4.3%, 938 pounds of butterfat. In the "3 Year Old" category, the award was presented to Mayers Farms for Mayers Tri Zaza for her record of 22,352 pounds of milk, 4.6%, 1,044 pounds of butterfat. In the "4 Year Old" category, the award was presented to Ernest Anthony Holsteins for Mt. Glen

Starlite Capri with a record of 23,584 pounds of milk, 5.3%, 1,241 pounds of butterfat. The award in the "5 Year and Older" category was presented to Mayers Farms for Joseph Wilbers Citation Amy with a production record of 24,261 pounds of milk, 5.0%, 1,214 pounds of butterfat.

The "200,000 Pounds Plus" Lifetime Certificates were presented to the following: Mark Proeber for Acmland Dekol Goliath Marsha for a lifetime production of 209,137 pounds of milk, 3.3%, 6,923 pounds of butterfat; Ernest Anthony Holstein for Curtis Haven Star Millicent for a lifetime production of 202,655 pounds of milk, 3.7%, 7,414 pounds of butterfat; and Mayers Farms for Avlon Fury Laury for a lifetime production of 221,884 pounds of milk, 3.7%, 8,147 pounds of butterfat.

Wisconsin's Alice in Dairyland Lisa Hoesly was the speaker for the evening's program.

Mark Proeber and Dennis Kuhaupt were elected to new positions to serve on the Board of Directors for the Washington County Holstein Association.

Outstanding Conservation Farmers Receive Kewaskum Kiwanis Award at Banquet

Left to right — Mr. and Mrs. Leroy Butzlaff, Don Kurer, SCS.

Mr. and Mrs. Mark Haack, Mr. and Mrs. Martin Haack.

The Leroy Butzlaff and Martin and Mark Haack families were honored as outstanding conservation farmers for 1985 by the Kewaskum Kiwanis at a November 8th banquet held at the Glacier Inn. Awards are presented annually to the farmers in the Kewaskum school district who are doing an exceptional job in applying and maintaining conservation practices on their land.

The program was initiated in 1958 by Orv Behnke who was the Kewaskum High School vocational teacher and Kiwanis at that time and carried on by Roy Esser since then.

A slide presentation of this year's winning farms was given by Don Kurer, District Conservationist, Soil Conservation Service. A film entitled "Conservation From Seed to Feed" was also shown. Roy Esser conducted the program and Kiwanian President Chuck Wilgenbusch presented the awards.

with their two children own a 180 acre, 60 cow, dairy farm 5 miles west of Kewaskum in the town of Wayne. They rent an additional 80 acres.

The Butzlaffs have been cooperators with the Land Conservation Department since 1960. Since then over 100 acres of contour strips were applied to control sheet and rill erosion on the steep drumlin topography of the area. A grass waterway was constructed to safely dispose of excess runoff water from the land without causing gully erosion. Wildlife is encouraged on this farm by preserving 15 acres of wetland and construction of a fish and wildlife pond. Leroy is part of a conservation minded family, his father, Ervin, was honored by the Kiwanis in 1963.

The Haacks became involved with the Washington County Land Conservation Department in 1983 on 174 acres of steep rolling land in the Town of Farmington through a long-agreement with the ASCS office.

Since then, Ivan Kumrow assisted them in laying out:

- 68 acres of contour strips;
- 40 acres of conservation tillage;
- 25 acres of timberstand improvement;
- 10 acres of tree planting for woodland and wildlife production.

"Within my hand a bit of moist earth I hold, fresh from the new turned furrow. As I pause to rest, my idling fingers gently press the fertile mold, whose mysteries have challenged long and earnest quest. I fain would know the story of these grains of sand, the silent legends buried with the silt and clay, and hear the rush of phantom rivers through the land to meet the vanished oceans of forgotten day. Despised earth, thy grimy blackness is a shroud for struggling forms that pulsed and perished in the past, that man might tread and till a soil with life endowed and garner stores of wealth that centuries amassed. Holy earth, we pledge to our heritage and hold its conservation as a trust sublime. Our husbandry will not condone the sacrilege of wasting from thy fields the precious gifts of time." (Taken from the writings of E. M. Tiffany, University of Wisconsin-Madison, author of the FFA Creed).

The holiday season is just around the corner. To help get into the holiday spirit, the Dramatics Club of Kewaskum High School is presenting its third annual Christmas dance on December 17. Advance tickets are being sold by girls in the club. The five girls selling the most tickets will be members of the royalty. One of these five will be chosen queen. Chairmen for the dance are: Larry Gundrum, general chairman; Bonnie Butzke, decorations; Elaine Bruessel, tickets and programs; David Hanselman, band; Judy Oelhafen, refreshments, and Diane Becker, publicity.

After a successful record of nine wins and three losses at the West Bend debate tournament, the Kewaskum High School debaters spent the past Saturday debating at West Allis. There the "B" team won five and lost one while gaining a tie for second among the 28 competing schools. The "C" team split even in six debates. Leading debaters in class "B" have been Nancy Held and Robert Kroncke, who have yet to lose after winning six debates. They are closely followed by the team of Ralph Albrecht and Richard Groh, who have won five and lost one. Helen Schaefer and Celine Simon are also undefeated in the "C" division.

In a ceremony which took place in St. Michaels, on December 3, Miss Eileen Marie Laatsch, daughter of Mr. and Mrs. Lawrence Laatsch, Route 1, Kewaskum, became the bride of Gerald R. Yearling, son of Peter Yearling Sr., also of Route 1, Kewaskum, and the late Mrs. Yearling.

A daughter was born to Mr. and Mrs. William Kober, Milwaukee, on December 9. Mr. Kober and his wife, the former Beverly Ramthun, are former residents of Kewaskum. A daughter was also born to Mr. and Mrs. Leroy Becker, Route 2, Kewaskum, on December 7. A son was born to Mr. and Mrs. Robert Schlamer, Kewaskum, on December 12. A son was also born to Mr. and Mrs. Ralph Schoofs, Hubertus, on December 10. Mr. Schoofs is a son of the late Mr. and Mrs. Joseph Schoofs of Route 2, Kewaskum.

with Rose Theusch, Dolores Vorpahl, Marie Bremser, Francis Bremser, Clayton Coyer, James Hogan, Werner Hoerig and Edward Cechvala. Musical numbers include the students, Eleanor Smith, Angeline Schneider and Agnes Thull. Musical selections between scenes by Bernice Roden, Lucina Thull and Rita Fellenz.

The community of Elmore will receive a Christmas present from the Wisconsin Gas and Electric Company in the form of electric lights. Power lines from Campbellsport are being extended by the company to serve the village with electric light service by Christmas and thereafter.

A very pretty wedding was performed at Dundee on December 12, uniting in marriage Miss Eunice Rosenbaum, daughter of Mrs. Ella Rosenbaum of Fond du Lac, and Paul Seefeld, youngest son of Mrs. Emma Seefeld of here.

Work on the new village park, which is Kewaskum's project under the WPA, is going ahead rapidly at the present time with a total of 35 men now being employed on the site. These are divided into two shifts, with two local men, Jos. Uelmen and Hugo Vorpahl, acting as foremen of the two shifts.

The high school this year has a ten-piece orchestra composed of the following: String section - Viola Backhaus, Russell Belger, Clyde Darnody; brass section - Armond Mertz, Betty Jane Petri; reed section - Rosemary Haug, Lester Borchert, Sylvester Harter; piano - Janice Koch, Lucille Pfening and Audrey Koch are now learning to play clarinets while Curtis Romaine is taking cornet lessons in preparation for membership in next year's orchestra.

To get into the Christmas spirit attend the program which will be presented by the pupils of St. Michael's school at the parish hall on December 22. The program will include a skit

Melius Brothers of the Town of Erin were successful on December 4th in bagging a timber wolf which weighed 37 pounds.

The following 200 scores were rolled on Eberle's alleys the past week: Geo. H. Schmidt, 212,200; Jos. Eberle, Sr., 222; W. Eberle, 200; Jos. Mayer, 207; Alex Klug, 203; Otto Lay, 204, 212.

A sleigh load from New Prospect attended a surprise party at Waucousta Saturday evening which was given in honor of Mr. and Mrs. Richard Hornburg.

A marriage license was issued at the county seat this week for Otto Theis of the Town of Sherman, Sheboygan County, and Miss Lillie Stark of this village.

Jacob Hassinger of the Town of Ashford marketed to L. Rosenheimer's last Thursday a load of dressed geese for which he received \$94.15. The load

consisted of 44 of the very choicest geese and weighed 670 lbs. These were the best and largest consignment ever received at Rosenheimer's. The market price paid Mr. Hassinger was 14½ cents per pound.

Mrs. Peter Geib, living near Boltonville, sold one potato for 55 cents. The potato brought such a price on account of its enormous size and shape, and was considered quite a curiosity. It closely resembled the head of a person. It was purchased by a traveling man who insisted on having it.

Pieces of Christmas

Pieces of Christmas come in a diamond sparkling in the snow, a cardinal in an evergreen tree singing, "Joy to the World," jeweled icicles hanging from the eaves, twinkling Christmas lights, the smell of fresh baked cookies and a snowflake landing on one's nose.

It's here—this season of peace and joy. Enjoy it and pass the happy feeling on!

CARD OF THANKS
I would like to thank our relatives, friends and neighbors for their many acts of kindness during the hospitalization and recent death of our loved one, JAMES R. AUPPERLE. A special thank you to Rev. W. Robinson, the staff and doctors at St. Joseph's and St. Agnes hospitals, Miller's, Kewaskum Floral, donors of floral and memorial tributes, those that included us in their prayers, and to anyone who helped us and showed their respect.
Mrs. Carol Aupperle

IN MEMORY
In loving memory of our husband, father and grandfather, LORAN L. BACKHAUS, who passed away one year ago, Dec. 23, 1984:
God saw he was getting tired,
And a cure was not to be,
So he put his arms around him
And whispered "Come with Me."
With tearful eyes we watched him suffer,
And saw him fade away,
Although we loved him dearly,
We could not make him stay.
His golden heart stopped beating,
Hard working hands to rest,
God broke our hearts to prove to us
He only takes the best.
Sadly missed by the family.

KEWASKUM TOWN BOARD TO MEET MONDAY

The Kewaskum Town Board will meet Monday, Dec. 23, 1985, 9:00 A.M., at the Tompkins Mobile Home Park, to check the variances in effect for the mobile home ordinance.

Barbara Hinz, Town Clerk

REMINDER TO TOWN OF KEWASKUM RESIDENTS

A reminder to Town of Kewaskum residents, that a new ordinance, effective August 1985, is in effect regarding fire calls. Property owners will be charged up to \$500 per fire call for fires originating from any other than a natural cause.

Barbara Hinz, Town Clerk

CARD OF THANKS

We would like to express our sincere appreciation for all the love and support from our relatives, friends and neighbors during the recent sudden death of my beloved husband and our dear father and grandfather, HAROLD HINN. A special thank you to Pastor Reehl, donors of memorials and floral tributes, Kewaskum Rescue Squad, Miller's and to anyone who showed their respect and helped us in any way. It will long be remembered.

Mrs. Harold Hinn and family

IN MEMORY

In loving memory of our father and grandfather, Jacob Kuehl, who passed away seven years ago, Dec. 24, 1978:

God took him home, it was his will,
But in our hearts, we love him still,
His memory is as dear today,
As in the hour he passed away.

Sadly missed by his wife, Elda, children and grandchildren.

Indian Gymnasts Have Good Outing At Beaver Dam

By Chuck Voge

Both the varsity and junior varsity gymnastics teams from Kewaskum had a very good first outing for their season opener at Beaver Dam last week.

In spite of having to compete with only three girls making up the Indian varsity team, three of their best performers being out with injuries and an athletic code violation, the girls put on a very good show losing out to Beaver Dam by a mere 3.13 points.

Of the 14 places awarded in the match the Kewaskum girls took eight, however, only three of those were firsts with Sherri Batzler taking all three in floor, beam and all around.

Final score for the varsity was the Golden Beavers 64.06 - Kewaskum 60.93. Placing for the Indians was as follows:

FLOOR — 1st, Batzler; 2nd, Kapp.
BARS — 2nd, Batzler; 3rd, Voge.
BEAM — 1st, Batzler.
VAULT — 2nd, Batzler; 3rd, Voge.

The junior varsity match was equally as close with the Indians giving a 4.25 edge to Beaver Dam with a final score of 59.15 to 54.90, Beaver Dam.

Lakeland Wins Volleyball Title; Koepke on Conference All-Star Team

Sheboygan — The Lakeland College women's volleyball team has selected freshman Lisa Thompson, Abbotsford, who excelled in hitting and defensive play, as its most valuable player of the 1985 season.

"Lisa is an excellent all-around athlete who made key plays at critical times during a number of matches," said Coach Carla Biwan.

Diane DeBruin, a freshman from Kaukauna, was named the team's most improved player. Her blocking, according to Biwan, contributed greatly to the team's success.

Three players — sophomore Julie Koepke, Kewaskum; freshman Char Carson, Salem; and Thompson — were chosen to the Wisconsin Independent College Women's Athletic Conference (WICWAC) all-star team.

Letterwinners include: senior

Tina Inger, Manawa; junior Patty Kaestner, Howards Grove; sophomores Janet Lenz, Kaukauna; Lori Christel, St. Nazianz; Dena Falk, Howards Grove, and Koepke; freshmen Janet Shane, Salem; Sue Daily, Holmen; Thompson, DeBruin, and Carson.

Lakeland completed its most successful volleyball season ever. The Muskies improved their regular season record from 5-24 in 1984 to 19-6 in 1985. Lakeland captured the northern division WICWAC title with a 6-0 record and won the WICWAC overall championship by beating Concordia and Milwaukee School of Engineering in the playoffs. Competing in the National Association of Intercollegiate Athletics tournament, the Muskies ended their season with a win over Concordia and losses to UW-Parkside and UW-Green Bay.

JV Wrestlers 3rd In Tourney Here

By Chuck Voge

The Kewaskum junior varsity wrestling team did well in the JV tournament held here on Saturday, Dec. 14th. Of the schools competing the Indians finished third with the outstanding performance of the day being turned in by Kewaskum wrestlers Daryl Landvatter and Kyle Vogt. Vogt wrestling at 105 lbs. won three for three for the tourney and Landvatter at 138 lbs. was also perfect for the day winning all four of his matches.

OTHER RESULTS

Honey Buckets' Ehler Buckets 67 to Tip Lakers

Mike Ehler's amazing 67 points carried the Menomonee Falls Honey Bucket to victory Sunday night at the Falls over Kewaskum, which lost its second consecutive game in Land o' Lakes play. The score was 154-127. That's a total of 281 points scored by two teams in one game.

Honey Bucket led at the half, 78-62, and never looked back.

Trailing Ehler for scoring honors were Mark Sievers with 30 points and Ron Plahmer with 25. Kewaskum was paced by Clark Eichstedt with 35 points and Leon Laatsch with 30. Bill Gonwa added 21.

Last week, in the Port Washington game, it was neglected to mention that Kewaskum's Bob Nigh made a shot of about 70 feet at the end of the third quarter. Bob launched the ball around the Port free throw line and it swished through the net.

This week Kewaskum will play its first home game, hosting Thiensville-Mequon Sunday at 7:00 p.m.

24 Free Throws Help Plymouth Beat Indians

By Chuck Voge

The Plymouth boys basketball teams completely dominated their Friday, the 13th, contests with the Indians here Friday night, taking all three games from Kewaskum with the varsity losing by their biggest margin of the season at 68-48 Panthers.

High scorer for Kewaskum was Tim Rohlinger with a total of 10 points for the evening and Todd Steger and Don Menzel sharing second place honors with 9 apiece. For the Panthers Andy Horstman had 20 and Chris Dellger and Jeff Brinkman 17 each.

The loss dropped the Indians to 2-2 for the season and 1-1 in Eastern Wisconsin conference play.

The nine point total for Menzel is a season high for the first year varsity guard and was the one bright spot of the evening for Kewaskum.

The Panthers made good on 20 of 28 free throws attempts while Kewaskum sank only 6. It seemed they were at the free throw line most of the time in the second half, where they really made good and hurt the Indians. Turnovers were also costly for the losers, who got just one free throw attempt in the second half.

The junior varsity took their second loss for the season dropping the contest 61-47. Joel

Fleury led Kewaskum with 17 points. The freshmen also lost, 54-39. Mike Struebing scored 12 for the Indians.

Next the Indians take on Two Rivers, another tough opponent, at home on Friday, Dec. 20th, at 6:15 and 7:45 p.m. Two Rivers beat Plymouth a week earlier.

Indian Girls Feel Panther Claws, 53-44

By Chuck Voge

The Kewaskum girls basketball team lost their third straight here Thursday night, Dec. 12 to a Plymouth team that they were very evenly matched with. In the 53-44 loss to the Panthers the Indians won the first half and the Panthers the second, however, the Panthers won their half by a much greater margin and picked up the win for the evening.

High scorers for Kewaskum were Lisa Fusek with 19 points and Brenda Theusch and Lisa Schneider with 8 apiece. For Plymouth Kay Langemak had 18 and Julie Matzdorf 12. The loss dropped the Kewaskum girls to 2-3 for the season and to 0-2 in conference play.

Brenda Kober and Brenda Vetter started at guard for the Indians and Fusek and Schneider at forward. Terri Schmidt was at center in place of injured Jodi Yearling. Laurie Blum, another regular for the Indians, also sat out most of the game due to an injury.

In the first period Schneider broke the ice for Kewaskum with two from the base line. Fusek added two more off of an offensive rebound and Hintz scored on a long shot from the outside. The Panthers 1-2-2 zone didn't seem to give the Indian girls much of a problem, as they got inside quite often and played very steady and confident ball. Just before the buzzer sounded Theusch went all the way on a nifty looking break-away lay up and gave the Indians a 14-12 first period lead. The second quarter was a see-saw battle with the lead

changing hands several times before the half.

Kewaskum did an outstanding job of staying out of the bonus situation, didn't foul anyone in the act of shooting during the entire half and as a result of it the Panthers never went to the free throw line once during the entire first half. The see-saw battle ended with Kewaskum holding a narrow 25-24 halftime lead.

As the second half started the Panthers went into a full court press and Kewaskum just couldn't seem to handle it very well. The press forced a lot of Kewaskum turnovers, however, Plymouth failed to take full advantage of them, and only scored 8 points in the quarter. The Indians bogged down equally as much scoring only 6, and the period ended at 32-31 Plymouth with the Indians still very much in the game.

The fourth period had the Panthers still pressing very hard on defense only this time the turnovers paid off as Plymouth outscored Kewaskum 21-13 in the quarter with Plymouth's Matzdorf picking up 9 of her 12 point total to lead the Panthers on to the 53-44 final score in the contest.

In other action the Kewaskum freshmen won over Plymouth, 46-40, and the JVs also beat the Panthers, 27-23. Next the girls take on Two Rivers at home on Thursday, Dec. 19, at 6:15 and 7:45 p.m.

Plymouth 31, Kewaskum 26

By Chuck Voge
The Kewaskum varsity wrestling team lost out in a close one on the road on Thursday, Dec. 12, against Plymouth by a score of 31-26. Just one more three point win

On that night in Bethlehem so long ago, the guiding light of a great star led shepherds and Wise Men to a humble stable where the Child Jesus was born in fulfillment of prophecy.

Since time began, and as it shall someday end, no greater story will ever be told. This night in Bethlehem was the beginning of 33 years upon earth which were to shape the eternal destiny of mankind through One Solitary Life dedicated to the principles of love, brotherhood, and sacrifice.

Let us celebrate the Christmas with great joy. . . because Christ was born, died, yet lives. . . because the spirit of Christianity dwells within the hearts of men of good will.

Find the Christmas Spirit . . .

We hear so much that Christmas is too commercial and that the spirit is gone from this ancient holiday observance. Nothing can be more distant from the truth.

Let us begin the search for the Christmas spirit by looking into the eyes of a child. Let us listen for the sounds of laughter and joyous greetings. Let us consult with the less fortunate, with the sick, the shut-ins, the lonely and the poor to determine if the spirit of Christmas has not brought some ray of sunshine, some glimmer of hope into their lives.

Then, let us turn our thoughts and our steps to the church by the side of the road. Here, in solitude, or in the echo of familiar hymns and traditional services we must find the unescapable truth. The spirit of Christmas continues on as another Yuletide season marks the birth of Jesus and signals again a message of hope and peace for all the world.

Don't Put It In The Attic

As soon as the Christmas decorations are put back up in the attic and the last crumbs of the fruitcake are eaten, then usually comes the after-Christmas let-down. The lavishly displayed love and concern for our fellowmen is often also put away in the attic—abandoned for another year. But the Gift to mankind, given to us by a loving Father, is not limited to a season. This Gift continues to be given down through the ages.

Two of the most beautiful words in our language are "love" and "kindness." May they be developed in our lives not only during this Christmas season but throughout the whole year.

Peace on earth

In Malaysia, it's *Aman*. In Sweden, it's *Fred*. In Italy, it's *Pace* and in Costa Rica, *Paz*.

Wherever you travel, every nation will have a word for it, and people everywhere a prayer for it.

We call it Peace.

"I hope we're not starting something with this gift giving that will get out of hand...!"

The land of Jesus' birth, then and now

"O little town of Bethlehem, how still we see thee lie..."

Bethlehem! The very word calls to mind an image of verdant pastures and sheep grazing under shepherds' watchful eyes...dusty streets trod by donkeys laden with water jugs...and whitewashed dwellings clustered about the village well.

Here it was that Ruth gleaned barley in the fields belonging to Boaz. It was here that the young David tended his father's sheep and where he was anointed king of Israel.

In the time of Jesus, Bethlehem was just a small village in the province of Judea. Yet the prophet Micah foresaw its future eminence. Had he not prophesied, "But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall he come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting."

This prophecy and the Star of Bethlehem led the Wise Men to the place where Jesus lay. Today, the towers of many faiths dominate the landscape, just as the star must have on that night almost 2000 years ago. And, instead of Three Wise Men, thousands of pilgrims will descend upon the town where the Savior was born.

But, instead of a humble stable, they will find a basilica built over the cave where Mary and Joseph are said to have found shelter. A silver star marks the exact spot where Jesus is believed to have been born. Fifteen lamps surround it, donated by various Christian communities, demonstrating that here, in the land of Jesus' birth, differences fall away before a common faith.

Most pilgrims to the Holy Land will also travel to Galilee, where the town of Nazareth lies. Although the distance between the towns is short by today's standards, in the time of Mary and Joseph, the journey from Nazareth to Bethlehem must have been a hardship for them — especially for the young woman, heavy with child. As it was, Jews resented the census greatly; it was a humiliating reminder of their subservience to Rome.

When Jesus lived in Nazareth, the countryside was composed of wooded hills, each with its little plain. Galilee was one of the most beautiful of the provinces. In fact, Galileans were suspected of being too easy-going and not strict enough in observing the laws; perhaps this was attributed to their pleasant surroundings.

Here, in Nazareth, the growing Jesus would become familiar with such commonplace sights as the fig trees, the mustard plants, and fields of grain, all of which he would draw

upon later in his parables.

Since it was the practice for sons to follow in their father's trade, undoubtedly Joseph trained the young Jesus to be a carpenter, like himself. He probably taught Jesus the Sh'ma: "Here, O Israel, The Lord our God is One Lord; and you shall love the Lord your God with all your heart, and with all your soul and with all your might."

As the Bible reveals, Mary and Joseph were devout Jews, following the traditions of their ancestors. In accordance with Jewish custom, they traveled to Jerusalem every year at the Feast of the Passover.

What an impression that city must have made on the young Jesus! It was the holy city to all believing Jews, the city that God Himself had chosen as the place for His worship. Here was the Temple, the center of Jewish tradition. The psalmist describes the feelings of pilgrims as they went up to the Temple:

"I was glad when they said unto me, Let us go into the house of the Lord.

Our feet shall stand within thy gates, O Jerusalem.

Jerusalem is builded as a city that is compact together;

Whither the tribes go up, the tribes of the Lord, unto the testimony of Israel, to give thanks unto the name of the Lord.

For there are set thrones of judgment, the thrones of the house of David."

Today, only the Western Wall, the Wailing Wall, remains of the Temple. But, visitors can still see the pool of Siloam, where the blind man washed his eyes to regain his sight, as Jesus had told him to do. And, from the Mount of Olives, travelers can look down upon the Holy City, just as Jesus did.

Although Nazareth is no longer the humble village it must have been when Jesus lived there, its narrow, roofed streets and colorful marketplace evoke Biblical times, and today's Galileans still harvest their wheat in much the same manner of their ancestors. Along the shores of the Sea of Galilee, fishermen still cast their nets into the lake, just as Peter, Andrew, James and John must have done.

There have been many changes in the land where Jesus once walked, but

the thoughts of Christians will be turning back to that wondrous event that took place there in another time, in a small Judean town called Bethlehem.

Christmasy Boxes

Christmas boxes with the lid and box wrapped separately are really neat and what's more, you can use them later as storage boxes!

Create your own Christmas boxes by measuring the height and perimeter of your box (without

the lid), leaving 1" all around for overlap. Brush rubber cement on the box and on the paper. While cement is still wet, apply the wrap to the box—one side at a time, smoothing out wrinkles or bubbles.

Slit the wrap at the corners and glue top and bottom edges down. Measure underside of box. Cut the paper to its size, and cement in place.

To cover lid—measure its depth and the perimeter of the lid sides. Add 1" all around for overlap. Cut paper to size. Measure top of box and cut paper to its size; cement in place. Glue on bright geometrical designs made of contrasting paper. They are pretty enough *without* ribbon.

Holiday Hints

The sweet smell of success may grace your gift-giving efforts this holiday season if you choose a present that matches your man's unique personality traits.

Fragrance gift sets are appreciated by many a man these days. The scents you select...the scents he prefers...say a lot about both gift-giver and recipient. It's a gift that will make that special someone think of you each time he uses it.

A gift for that special someone should be one that calls you to mind each time he uses it.

There's a scent to suit any man's personal style these days. If the man in your life personifies rugged masculinity, he may prefer a gift set that includes HAWK® Cologne and stick deodorant by Mennen.

A gift set of fragrances that could be right on the nose for the man who's climbing the career ladder—or one who's already reached the top rung—is one that includes MILLIONAIRE® Cologne and matching stick deodorant, also by Mennen. Both sets are sold in leading drug, food and mass merchandiser stores in sleek gift boxes that convey the different image of each type of scent.

Long after the holiday season is past, your good "scents" in gift choices may linger on.

Ever notice that a man never gets too old to be in the holiday mood and pack a snowball and throw it at a garage wall, a mailbox post, etc.! But, after a certain age, have you noticed he starts looking around to make sure no one is looking!

MERRY CHRISTMAS

SHEFOND SELF/SERVE

Christmas is a time for joy all around the world

Christmas customs are as varied as the many cultures that encircle our globe, ranging from parades in the Philippines to love offerings in the Congo.

In the Congo, Christmas Day begins with groups of carolers going about the villages. Later, a worship service is held, during which a love offering is made by each worshiper to the Infant Jesus. However humble, no person would dream of attending Christmas services without bringing a birthday gift to Jesus.

In Austria, emphasis is placed on Jesus as the light of the world in a beautiful ceremony held in the home. On Christmas Eve, three large wax candles are prepared. As the family gathers around, singing hymns, the father lights the first candle. On Christmas Day, the second candle is lit and the third candle is lit on New Year's Day.

In this country, children receive their gifts from Knecht Ruprecht, a Santa-like figure who rewards good behavior.

Christmas is the occasion for a parade in South Korea. Christians in this country hold parades on Christmas Eve, during which they carry paper lanterns decorated with red crosses. (These paper lanterns also adorn Christian homes on Christmas Eve.) As they march, they sing Christmas carols. Later, they attend

church services, which are followed by a late-night supper. Gift-giving is an important part of the festivities here.

French Canadians begin their Christmas with a midnight mass on Christmas Eve, after which the *Reveillon*, an elaborate dinner, is held in the home. Here, the holiday season does not end until the 6th of January, feast of the Epiphany. It is a time of merriment, in contrast to the religious aspect of Christmas itself.

In the Phillippine Islands, children wear colorful wreaths and chains made of tropical flowers as they parade and sing after services on Christmas Day. Here, homes are decorated with flags, bunting, palms, flowers and candles. Family dinners follow the parade, with dancing and music adding to the festivities.

Down under, in Australia, the warm

December days are the reason for that uniquely Australian custom, the Christmas Day picnic. Another tradition on this continent is the big community sing, when huge crowds gather outdoors to sing carols from nightfall to midnight, by the light of torches and candles.

In Italy, children eagerly await the coming, not of Santa Claus, but of *La Befana*, a witch who rides her broomstick from house to house, leaving presents of coal for any misdeeds. Every home in south Italy has its *presepio*, or creche, while in the North, Christmas trees are central to holiday celebrations.

On Christmas Eve, Italian children traditionally write a "Christmas Letter," wishing their parents a happy holiday and promising to be good.

As one would expect, singing is an important part of Christmas in Wales. This is reflected in the *Eisteddfoddes*, where townspeople and caroling choirs gather in the marketplace to sing carols. Contests are held during the *Eisteddfoddes*, with the winning song performed by the winner's choral group. Plum puddings and mince pies, and Christmas stockings hung at the foot of the bed are the other Welsh traditions at Christmas.

Although customs may differ from land to land, throughout the world the spirit of Christmas is ever the same — one of joy and goodwill go all!

Use Christmas cards to decorate big boxes that are awkward and expensive to wrap. Cut the illustrations of cards and glue them to boxes.

Health Caring

Everyone should have their eyes examined every one to three years depending upon their age and the condition of their eyes. Young children and older adults need to have examinations more often than young adults and middle-aged persons because their eyes may change more frequently.

However, there are also early warning signals which may indicate that you may be developing an eye problem and need a check-up before your regularly scheduled visit. They include: loss, blurring or change in vision, halos or rainbows forming around lights, seeing flashing lights or dark spots, sensitivity to light, and persistent pain.

If you experience any of these symptoms or haven't had your eyes checked within the last three years you need to make an appointment to see an ophthalmologist. An ophthalmologist is a doctor of medicine or osteopathy who specializes in the treatment of eyes and vision care. Aside from being trained for complete physical care for

his or her patients, an ophthalmologist's education has included extensive knowledge of the muscles, diseases and other abnormalities of the eyes. A complete vision exam is not only a test of your vision, but also an examination of all the components of the eye which may affect your vision and general health. As an M.D., an ophthalmologist has had some formal education as a family practitioner or surgeon plus has undergone an additional three to five years of training in a hospital to study the eye and its related systems.

Most common eye problems can be corrected. Under normal conditions, your eye works very much like a camera. As light enters the eye, it is bent by the cornea and lens to focus the image on the retina. However, the eye's ability to change to focus on near or distant objects is rarely perfect.

Nearsightedness (myopia) is a condition which does not allow the eye to focus on distant objects. Blurred vision results from the eyeball being too long and light rays reaching a focus point short of the retina. Corrections can usually be made by using concave lenses to spread the light before it enters the eye.

Farsightedness (hyperopia) means that the eyeball is too

short to focus on close objects. Blurred vision can be corrected by using convex lenses to bend the light rays for focusing exactly on the retina.

Another common eye problem is astigmatism. Objects at all distances are blurred because the shape of the eye's cornea is not uniform. Special corrective lenses can compensate for the curve in the cornea.

Presbyopia occurs when, through the normal process of aging, the eye's lens gradually become less flexible and unable to change to focus on close objects. Convex lenses can be used to correct the problem, and bifocals may be prescribed for reading and close work.

Lights Without Electricity

Cut a tree shape from a piece of green construction paper, green foil wrapping paper or silver paper. Cut out little holes where you'd like your "lights" to shine through. Tape pieces of different colors of cellophane candy or florist wrap behind these holes. Place the tree in front of a window or a light to cause the lights to shine!

In old Austria, a twig of mistletoe laid on the threshold was believed to prevent nightmares.

May your homes be filled with all the joys of the season. Thanks and Merry Christmas.

From stately saint to jolly gent:

How St. Nicholas became Santa Claus!

" 'Twas the night before Christmas and all through the house..."

So begins one of the most famous poems in the English language, one that has influenced American tradition greatly. For it is because of Dr. Clement Clarke Moore's "The Visit of St. Nicholas" that we enjoy our concept of Santa today.

In his classic poem, Moore described St. Nicholas as having "a broad face, and a little round belly that shook when he laughed, like a bowl full of jelly. He was chubby and plump — a right jolly old elf."

This picture of a jolly and plump fellow is a far cry from the stately St. Nicholas of Europe, where the tradition of a holiday gift-giving actually began.

Little is known about St. Nicholas other than that he was born in Asia Minor and eventually became a much-loved archbishop of Myra, where he died in the year 324.

After his death, numerous legends sprang up about his charitable deeds, especially in regard to children. He became the patron saint of boys and girls, and his feast day, December 6th, became the occasion for giving children small gifts of toys or gingerbread. The association of St. Nicholas with gift-giving probably came about through a legend that credited him with bestowing money upon a penniless nobleman who had three daughters to marry off, but no dowries with which to do so.

The Church, seeking a way to Christianize pagan customs, turned to St. Nicholas for assistance. For the giving of presents during the winter months is an ancient tradition. The Romans exchanged gifts during their Saturnalia festival in December, and the people of Northern Europe had the god Woden, who brought gifts to them in the middle of winter, as well as Berchta, the hearth goddess, who paid visits to homes in December.

Thus, St. Nicholas became the Christian replacement for both Woden and Berchta, although vestiges of the latter are still in evidence with the Italian Befana and the Russian Boboushka.

Accordingly, a new ritual came into being; on the eve of his feast day, St. Nicholas was supposed to ride across the sky on a white or pale grey horse, just as Woden and Berchta had done in pre-Christian lore.

For the good child, the saint brought gifts; for the naughty youngster, there were rods and switches. Retaining aspects of Berchta, he was still associated with the hearth in various ways. Either the children's shoes or

stockings would be placed there, or hay or grain would be left there for his horse. And, he was accompanied by a decidedly pagan-like creature. Sometimes this small, ugly elf or dwarf was given the task of sliding down the chimney, a feat too undignified for the good saint.

With the reformation, St. Nicholas began to be supplanted by the Christ Child as a gift-giver in Protestant Europe. And, with the demise of St.

Nicholas' Day, gifts began to arrive on Christmas Eve.

There were many other substitutions for St. Nicholas, such as *Pere Noel* in France and *Knech Ruprecht* in Bavaria and Austria.

But, in Holland, St. Nicholas still retained his popularity, for which our modern-day Santa can be thankful. For it was the Dutch who brought St. Nicholas to the New World in 1624. They called him *Sinter Claes*.

In 1809, Washington Irving vividly described St. Nicholas as the patron saint of the Dutch colony of New

Amsterdam. He wrote of the saint's annual ride over the tree tops in a wagon filled with gifts.

We can only surmise that Dr. Moore had read Irving's popular history containing the account of St. Nicholas. For instead of describing the saint as tall and stately, Moore echoed Irving's description of him as a sturdy Dutchman who smoked a pipe.

Moore was also probably inspired by an illustration published in 1821, showing St. Nicholas in a sleigh pulled by one reindeer.

Moore's poem was published in 1823 and many years later, Thomas Nast, the well-known illustrator, gave us his version of St. Nicholas, based

on Moore's poem. However, he called the jolly gent Santa Claus.

Through the years, successive illustrators have added other dimensions to Santa's appearance until he has become totally unrecognizable from the tall and dignified St. Nicholas who preceded him.

Although their appearance may differ greatly, Santa Claus and St. Nicholas do have several traits in common; they both love children and they both love to give presents!

The world's tallest known cut Christmas tree was a 221-foot Douglas fir erected at a shopping center in Seattle in 1950.

How to Relieve Holiday Heartburn

The holidays are coming . . . so are golden-brown turkeys, steaming sweet potatoes, mounds of stuffing, chocolate after-dinner mints . . . and, if your eyes are bigger than your stomach, heartburn.

"Heartburn or acid indigestion can be caused by eating too much or too quickly, eating certain foods or wearing clothes that are too tight around the waist. You can see why it's a common complaint this time of year!" said Raul Gallo, a pharmacist in Miami with Walgreens, the nationwide drug chain.

Heartburn is a burning discomfort in the chest occurring within an hour or so of eating. It's caused by the acidic contents of your stomach "backing up" into your esophagus (swallowing tube), irritating its sensitive lining.

Peptic ulcers and other ail-

ments can cause heartburn. More frequently, it's caused by diet. Greasy or spicy foods, chocolate, onions, garlic, tea or coffee, tobacco and alcohol have all been linked to indigestion. Even aspirin causes heartburn in some people.

"Overeating anything can lead to acid indigestion," said Gallo. "You can make it worse if you lie down in bed to 'digest' — or slouch in a recliner after a big meal to watch the football game!"

Antacids are most often recommended to relieve heartburn. They work mainly by raising the pH of your stomach's contents — in other words, by neutralizing acid. Antacids also increase the tone of the sphincter (valve) between the lower esophagus and stomach, helping it shut more tightly and keep acid in the stomach, where it belongs.

There are four major types of antacid ingredients:

- **Sodium bicarbonate** is fast-acting and very effective in neutralizing acid, but it's high in sodium; good for occasional use.

- **Calcium carbonate** is fast-acting; good for occasional use.

- **Magnesium salts** — unless you have kidney problems, this ingredient generally can be used long-term. It does have a laxative effect.

- **Aluminum salts** are slower-acting, relatively weak antacids which can cause constipation; this ingredient is usually used with magnesium salts to counteract the magnesium's laxative effect.

"Although antacids are over-the-counter products, they're not for everyone. Check with

your doctor if you have any special health conditions or if you're taking a prescription," said Gallo. "For example, if you have high blood pressure or suffer from fluid retention, you want to stay away from antacids with a high amount of sodium. And if you're taking tetracycline, avoid antacids that contain aluminum, calcium or magnesium."

"Liquid antacids taste better if they're refrigerated. Tablets work best if chewed thoroughly, not swallowed whole. And even though tablets are more convenient, liquid antacids are more effective for long-term use."

You shouldn't use any antacid for more than two weeks without your physician's guidance, Gallo warned. "Persistent heartburn symptoms can mean serious digestive or heart conditions — so it's important to have these symptoms checked out by your doctor."

A few additional tips to prevent or decrease heartburn:

- Sleep with your head elevated about six inches. Don't lie down right after eating.
- Avoid foods that cause heartburn; don't wear tight-fitting clothes.
- When picking something up, stoop down instead of bending over.

Serve a holiday punch with pizzazz

For holiday entertaining, a delicious punch can add a special touch that is festive, convenient and easy on your budget.

Traditionally, the holiday punchbowl signifies a gathering of friendship and good cheer. And because it is pleasing to both palate and eye, a holiday punch lends the occasion a sense of celebration complete with all the trimmings.

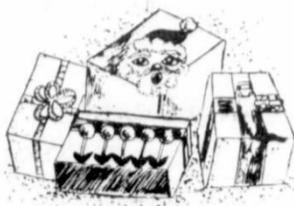

Many flavorful punches can be made with high-quality vodka. That's because the purity and smoothness of a first-rate vodka such as Smirnoff will underscore the flavor of any mixer, without adding a conflicting taste note of its own. It's the perfect blender and a great base for any holiday punch.

If you feel that some of your guests may want to mix their own drinks, buy an economical, 175-liter bottle of premium vodka and a variety of sodas, juices and other mixers in addition to your punch. Then you can feature the punchbowl and keep vodka, "the one-bottle bar," set up to the side. That's gracious entertaining — variety to please every taste, plus a dramatic centerpiece to make the evening memorable.

HOT AND SPICY PUNCH

- 3 cups cranberry juice
- 2 quarts apple juice
- 4 sticks (2 inches, each) cinnamon
- 1 teaspoon whole cloves
- 2 1/2 cups Smirnoff Vodka
- Lemon slices studded with whole cloves
- Cinnamon sticks

Combine cranberry juice and apple juice. Place spices in a cheesecloth bag and tie tightly. Add spice bag to juice mixture in a saucepan and heat to boiling over medium heat. Simmer over low heat 3 minutes. Remove spice bag. Cool slightly. Add Smirnoff Vodka. Serve hot, garnished with lemon slices and cinnamon sticks. Serves 28.

Personalized Christmas Wrap

Have fun with these easy but cute ways of wrapping gifts for each member of the family:

FOR MOM: Wrap the gift in pretty paper, then use a tape measure as a ribbon, tied around the box and in a bow at the top.

FOR DAD: Wrap Dad's gift in red paper. In one corner, glue a pink triangle. Cut out black felt eyes, red felt nose and mouth, and glue in place. Glue on balls of cotton for hair, moustache, and beard.

FOR SISTER: Wrap the present in pretty paper. Tie a ribbon around it if you wish. Arrange lollipops like flowers. Cut out green paper or felt leaves and glue at lollipop's base.

FOR BROTHER: Criss-cross the gift's bright paper with a wide ribbon. Tape a couple of new, tiny cars to the ribbon road.

MUM'S THE WORD

Clay-potted chrysanthemums make especially appealing Christmas gifts. They are long-lasting, and their vivid colors add to the festivity of the season. Keep mum plants in bright light or full sun, and never let the soil in their clay pots dry out completely.

Spanish children receive their Christmas presents from the Magi kings on January 6. They leave their shoes out for the kings to leave the presents in.

State Parks Package Deal Offered for Christmas by DNR

Wouldn't you love to have beautiful regions of Wisconsin as outdoor retreats for everything from afternoon picnics to week-long camping vacations?

Well, you already do. Wisconsin has set aside more than 60 picturesque natural settings as state parks. And a special offering from the Department of Natural Resources will help people learn the location and individual attractions of each park, and then reserve get-away vacation campsites.

"Until recently there was no comprehensive source of information on the entire park system," says Dave Weizenicker, Director of the Bureau of Parks and Recreation. According to Weizenicker, that was a problem for people who wished to try new state parks, because it was difficult to learn which parks had desired features.

"We corrected that problem by publishing a guidebook to the state parks," says Weizenicker. "Now we want to help people get the books."

As a result, the Department of Natural Resources is repeating its popular state park vacation planning package starting December 1, in time for Christmas. The package, which Weizenicker hopes will be a popular gift, includes a 100-page state park guidebook at a reduced price, an annual Wisconsin State Park vehicle admission sticker, and campsite reservation forms.

The 100-page guidebook explores 60 state park properties, including parks, recreational forests and a Wisconsin pioneering effort, 339 miles of bicycle, horse and snowmobile trails converted from former railroad grades.

Each park has a separate article in the book describing its geology, facilities and history. Hundred of photographs illustrate park plants, wildlife and activities. The guidebook, normally \$6.00 by mail, is \$4.00 when purchased in this package.

The annual vehicle admission sticker allows a vehicle and all passengers to enter state parks.

The cost of annual admission stickers is \$12.00 for residents, and \$20.00 for non-residents.

Free campsite reservation forms, needed to reserve campsites in state parks, are also included in the package. It is important to many people to get campsite reservation forms early, since thousands of campsite reservations are made in early January for later in the year.

Weizenicker says people who buy the sticker early will get a bonus. "To allow people to get the most enjoyment from the annual park sticker, December 1 is the official start of the new park season and the stickers remain valid till December 31, 1986, a total of 13 months," he said.

The vacation - planning package is available at many

state parks, or by sending a \$16.00 (\$24.00 for non-residents) check or money order, payable to Department of Natural Resources, to Parks Deal, Box 7921, Madison, WI 53707. To purchase the 100-page guidebook only, send a check or money order for \$6.00 to the above address.

CANDLE CARE

Light up your life this holiday season with the warm glow of candles. Research conducted shows that red candles are the number one seller during the holidays, with white second, green third.

Some helpful tips for candle care:

•Candles last longer when they are refrigerated. Wrap

them in plastic or foil so that the wicks do not absorb moisture while in the refrigerator.

•Store candles in a cool, dry, dark place so that the colors will not fade. Sunlight fades candle color and detracts from their festive appearance.

•Before placing a candle on furniture, use a pillar pan or other safe holder. Furniture may be damaged if care is not used.

A TASTY HOLIDAY SANDWICH WREATH

Sometimes the simplest ideas are the most effective. Everyone knows about Pepperidge Farm's little party breads, but how many have thought of filling them with easy-to-prepare spreads and arranging them in the shape of a Christmas wreath?

This Holiday Sandwich Wreath is as delightful to the eye as it is to the palate, and can therefore double as an attractive centerpiece as well as a scrumptious appetizer. By simply alternating Pepperidge Farm Party Rye, Party Pumpkin and Party Dijon Rye sandwiches, you get the contrast necessary to create a decorative wreath. Just place the mini sandwiches upright in a circle and add a bright satin bow for the festive finishing touch.

20 Pepperidge Farm Party Rye bread slices
Softened butter or margarine

CREAMY PATE SPREAD

1/4 pound liverwurst
3 ounces cream cheese
2 tablespoons finely chopped scallions
20 Pepperidge Farm Party Dijon Rye bread slices
Softened butter or margarine

Combine first three ingredients of each recipe. Spread bread lightly with softened butter. Spread half of bread slices with meat spread mixture; close sandwiches with remaining slices. Each recipe makes 10 sandwiches. To form wreath, arrange sandwiches, on edge, on a large round platter to form a circle. Decorate with a ribbon bow or garnish with holly or parsley and raw cranberries. Wreath contains 30 small sandwiches.

HOLIDAY SANDWICH WREATH RECIPES

DEVILED SPREAD

1 can (4-1/2 ounces) deviled ham
1/4 cup finely chopped celery
1/2 teaspoon Worcestershire sauce
20 Pepperidge Farm Party Pumpkin bread slices
Softened butter or margarine

CHICKEN APPLE SPREAD

1 can (4-3/4 ounces) chicken spread

McCallum Supports Getting Jobs for Welfare Recipients

Workfare legislation, passed recently by the Wisconsin Senate, is a major step toward reducing unnecessary spending and helping welfare recipients get jobs, state Sen. Scott McCallum (R-Fond du Lac) said.

However, McCallum said, the bill does not go far enough.

"My only reservation about this bill is that it should require all able-bodied welfare clients to participate in the workfare program," he said.

The bill, passed unanimously, includes funding for county job training and search assistance for certain aid recipients, and pilot programs for 5 to 10 counties for short-term mandatory "workfare" public service jobs.

The workfare jobs would apply only to aid to Families with Dependent Children (AFDC) recipients with children over age 6, or AFDC families with two unemployed adults.

McCallum said the bill would develop 1,500 short-term public service jobs for about 5,000 AFDC recipients per year.

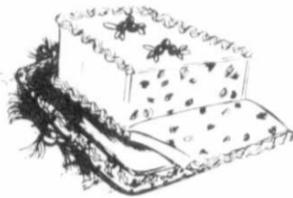

"I would like to see all able-bodied aid recipients participate in the pilot workfare program," he said.

"Taxpayers are tired of footing the bill for handouts to able-bodied welfare recipients, and yet many of these people really do need help.

"This bill provides a kind of

help that is designed to get these people off of the welfare rolls and into private-sector jobs. It will give them an opportunity to get real job experience so they can get real jobs."

Assembly action is pending.

Make Ahead Dessert

You can make this frozen mousee-like delight ahead of time and seal it right in a half gallon, plastic container that's designed for keeping ice cream. Then, when you're ready to serve this delicious dessert to your guests, it can easily be unmolded, ready for frosting and slicing. Any leftovers can go right back into their original, sealed keeper and stored again.

Holiday Nesselrode Loaf

- In a small saucepan combine:
 - 1/2 cup raisins
 - 1/2 cup orange juice
 Simmer 2-3 minutes to plump the raisins. Set aside to cool.
- In a small mixing bowl, beat with your electric mixer until it's very thick and falls off the beaters in sheets:
 - 3 egg yolks
 - 1/2 cup sugar
 Gradually stir in 1 cup scalded

milk.

3. Return the mixture to the top of the double boiler, cooking over boiling water and stirring constantly until the mixture thickens and coats a metal spoon. Cool to room temperature.

4. Stir in:

- 1 teaspoon vanilla
- 1 teaspoon grated orange peel

5. Place the 3 egg whites in a small bowl and beat until frothy. Gradually add 1/4 cup sugar and beat until stiff but not dry.

6. Fold the egg whites. Add the 1 cup heavy cream that has been whipped; the raisin mixture; the 1/2 cup chopped nuts; and the 1/2 cup mixed candied fruits into the egg yolk mixture.

7. Line the 1/2-gallon plastic container with ladyfingers. Spoon in the custard mixture. Seal and store in freezer.

8. When you are ready to serve your dessert, let the container stand at room temperature 10 minutes. Run a knife around the inside. Turn out into a serving platter.

9. Whip 1/2 cup heavy cream with a bit of sugar. Smoothly frost the loaf, then spoon whipped

cream into a pastry tube. Use the star tip to pipe the cream around the base and around the top. Decorate with whole red maraschino cherries. Split green maraschino cherries and spread them open for leaves.

**Good Planning Makes
Holiday Entertaining Easier**

With the holidays near-
ing, you're probably already
thinking about your season-
al parties and dinners. Now
is the time to attend to de-
tails—good planning will al-
low you to relax and enjoy
your family and guests.

Now is the time to:

- Get out your silver-
ware and serving pieces and
check for tarnishing. Polish
items that need it, and store
pieces in sealed plastic bags.
If stored this way, silver will
remain bright and shiny and
will be ready to use when
the holidays arrive.

- Choose centerpieces or
special flower arrangements.
Most florists become ext-
remely busy around the
holiday season and might
not be able to give you the
time and attention they can
offer now.

- Make your upholstered
furniture look fresh and
clean with a do-it-yourself
cleaning and protecting
product like Scotchgard Up-
holstery Cleaner+Protector.
You'll be able to relax and
enjoy your parties more if
you know that spills will
wipe away easily.

- Make preliminary in-
vitation lists so you can de-
termine how many chairs
and tables you will need to
seat your guests. If you
need to rent or borrow
chairs or tables, make plans
to do so now. They are
sometimes scarce at holiday
time and, if you're renting,
you'll have left yourself am-
ple time to compare prices.

- Protect your table-
cloths, napkins, placemats,
aprons and even your up-
holstered dining chairs by
using Scotchgard Fabric Pro-
tector. You'll be able to
bring out the linens you've
been afraid to use and holi-
day clean-ups will be quick-
er and easier.

- Check your crystal for
spots or dust and store
glasses upside down in a
covered, dust-free place.

FACTS & FALLACIES

There are myths we cherish at Christmas time, like the one about Santa coming down the chimney, or kissing under the mistletoe, but there also are myths we'd be better off without.

One of those widely believed but dangerous myths says that if you drink wine or beer at a holiday party, you're less likely to get drunk than if you drink liquor. Debunking that myth can save your life. The truth is that a glass

of beer (12 ounces), a glass of wine (5 ounces), and a serving of liquor (1 1/4 ounces), all contain the same amount of alcohol. So if you think you're safe driving home after the festivities because you stuck with wine or a few beers, you're not — and you may be sorry.

Another common myth that revelers want to believe during the holiday season is the one about calories. The fact is, a common serving of wine contains 114 calories; a bottle of regular beer contains about 148 calories, and 1 1/4 ounces of liquor, the amount commonly found in mixed drinks, contains 88 calories, according to the U.S. Department of Agriculture. Puncturing this myth may dampen your holiday "spirits" but it can't harm much besides your waistline!

And don't think that a cup of coffee will help if you have already had too much to drink. The black coffee might

wake you up — but it won't sober you up. The effect of alcohol only wears off with time — about one hour of abstinence for every drink you've had.

You can give yourself—or your friends—a gift of knowledge this year by sending for a free booklet, *The National Alcohol Awareness Test*, available by writing to Dept 8009, Ronks, PA 17573.

The Christmas card sending record, it is believed is held by Werner Erhard of California, who, in 1975, sent 62,824.

Gift Ideas

Bundle of Joy or Basket of Trouble?

Planning to give your children a pet for Christmas? These suggestions from the American Veterinary Medical Association can help to make the gift a joy for the entire family.

Consider why you want the pet. Will it be a companion,

protector, hunter? Or is it to help teach a youngster responsibility and gentleness? Some animals are better suited than others for certain roles, and some do not make good pets at all. Raccoons, skunks, and reptiles, for example, belong in their na-

tive habitat or in zoos, not in your home.

There are several sources of reliable information in the community. Most public libraries, pet shops, and book stores have books on domestic birds and the various breeds of dogs and cats. Humane societies and animal control agencies may have helpful brochures and booklets. A few hours at a dog or cat show is time well spent. Many full-grown animals are on display and their knowledgeable owners can answer your questions about the characteristics of each breed. Local veterinarians can help you find healthy pups and kittens, and provide information about the health and nutritional needs of animals.

In addition to selecting your pet carefully, be sure you are prepared to pay both the initial cost of the animal and day-to-day expenses for food, health care, and other essentials. Even adopting a "free" pet from an animal shelter or humane society involves some expense. The animal should be thoroughly examined by a veterinarian and properly vaccinated against infectious diseases. It will also need a license and an identification tag.

Remember that animals are not toys. A pet requires

proper treatment and daily care. Don't forget that after the novelty wears off someone still has to feed the pet, clean up after it, and exercise it, if necessary, even when you go on vacation.

Decide before the animal arrives where it will sleep, what it will eat, and where it can play and exercise. Be sure you have enough space in your apartment, house, or yard to accommodate a pet, and be careful with potential hazards such as pesticides and cleaning agents. Begin training early. The cute antics of youth can become annoying habits in an older animal.

Good health depends on regular medical attention, proper nutrition, and correct treatment and handling. A veterinarian should give your pet regular medical checkups, and can advise you on planning a properly balanced diet. Be sure family members do

not mistreat the pet. Very young children may unknowingly injure a young animal, often by "over loving" it.

Unwanted dogs and cats are a health and safety problem. Don't add to it. Unless you intend to breed your pet, plan to have it spayed or neutered as soon as your veterinarian thinks the animal is ready.

Pet ownership can be one of life's greatest pleasures.

But before you let a cuddly puppy or furry kitten melt your heart, consider the duties as well as the benefits of owning and caring for a living creature. Be sure the gift you give is a bundle of joy and not a basket of trouble.

Schools' Energy Efforts Pay Off

By Mary E. Panzer
State Representative
53rd Assembly District

Implementing energy saving equipment and methods has paid off for the West Bend School District. The district is among 85 schools and hospitals from around the state that will receive federal funding to help pay for energy conservation improvements to buildings.

The state received an allocation of \$1.38 million through the

Institutional Conservation Program (ICP). West Bend will be awarded \$98,100 for their energy saving efforts.

According to Marty Olle, ICP Manager, institutions that have employed energy conservation improvements have reduced their energy consumption an average of 25 percent. The average annual energy bill for a school in Wisconsin is \$53,000, but records show that schools receiving grants have had considerably lower bills since completing conservation work.

The average grant for schools was \$20,000 this year, the West Bend district being on the high end of grants awarded. All together the ICP program has provided grants to more than 600 schools and 100 hospitals, but that is only 17 percent of all

eligible schools in the state, Olle said, and 40% of the hospitals.

Olle pointed out that the federal government is allowing the state to change some of the funding rules to make the program easier to participate in.

"Some of the smaller schools and hospitals in the state are going to find the ICP program much more worth their while now," Olle continued, "and in many cases it is the smaller institutions that need the help most. Applications are being accepted as early as October 1."

The Division of State Energy and Coastal Management can answer questions about the ICP program application process. Their address is: Box 7868, Madison, WI 53707.

CAMPBELLSPORT BUILDING SUPPLY CENTER

It's no surprise that Christmas is the "season of the nutcracker"—and the walnut. This is the time of year when more nuts are cracked—at home and at California's major packing plants—than at any other.

According to the California walnut industry, 100 million pounds of walnuts are cracked—at a speed of about 600 per minute—just to meet the demand for holiday baking. That's over 3 billion walnuts!

But cracking walnuts wasn't always this speedy. As recently as 1939, the country's major walnut packers hand cracked nuts—at about 2 walnuts per minute, per worker.

Today, the industry utilizes two major types of mechanical crackers that can crack up to 300,000 walnuts a day—kernels intact and shells discarded. But while industrial

crackers have made walnuts more convenient for holiday baking, as much as sixty percent of each year's crop is sold inshell—for at-home cracking and eating, or decorative use.

As a salute to Christmas and this American holiday tradition, add a bowl of freshly-harvested inshell walnuts and a colorful nutcracker to your holiday centerpiece. To enjoy the good taste of walnuts in holiday baking, cook up a batch of these delicious Walnut Shortbread cookies.

Walnut Shortbread
1 cup butter or margarine, softened
3/4 cup sifted powdered sugar
1 1/2 teaspoons grated lemon peel
1/2 teaspoon vanilla

1/2 teaspoon salt
2 cups flour
1 cup ground walnuts

In mixer bowl cream butter and sugar. Beat in peel, vanilla and salt. Combine flour and nuts; stir in, mixing to blend thoroughly. Press dough evenly into 10 x 15-inch jelly roll pan. Bake in 325 degree oven 25 to 30 minutes just until shortbread begins to brown. Cut into 2-inch squares while warm. Remove to racks to cool completely. Store in airtight container.

Makes about 3 dozen squares.

Topping Suggestions:

- Spread top of uncut shortbread with melted semisweet chocolate; sprinkle immediately with finely chopped walnuts. Cool; cut into squares.
- Spread top of uncut shortbread with a thin layer of raspberry jam. Let jam set; cut into squares.

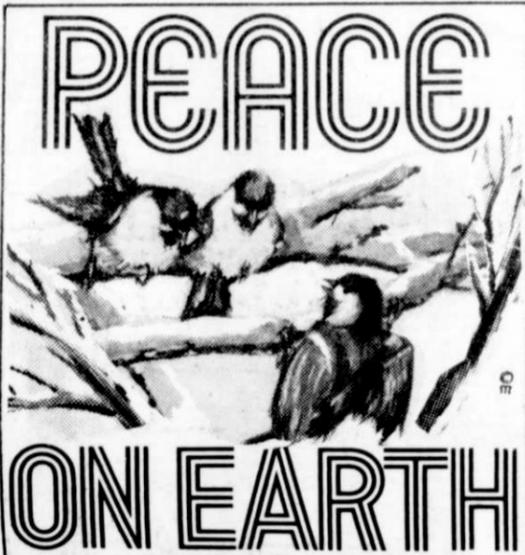

For a cookbook filled with delicious walnut baking ideas, plus valuable walnut storage and handling information, send \$1.00 (to cover postage and handling) to: Walnut Cookbook, 1540 River Park Drive, Suite #101, Sacramento, CA 95815.

Home Energy Improvements Put Cash in Your Pocket

By Joyce Albrecht
County Extension
Home Economist

Families interested in making tax-free investments may be overlooking some golden opportunities.

If you would like to put money aside for a rainy day but never seem to get around to it, maybe the way to do it is to make an energy improvement in your house.

Several home improvements can put money in homeowners' pockets. For example, insulating the attic of a ranch-style home, at a cost of about \$600, could yield \$400 in savings the first year, according to figures from the Wisconsin Energy Conservation Corporation, a non-profit organization.

That's about a 66% rate of return. Even if you don't get quite that high a return, the savings will be significant, since most home heat is lost through the ceiling. In addition, the insulation will last the life of your house.

Think of the savings as cash in your pocket, or as money you don't spend for heat. This kind of savings, unlike a pay raise or money earning interest in a bank, isn't taxable, so your actual return is somewhat higher than the energy savings.

An added incentive for energy conservation is the likelihood that fuel prices will continue to go up. It's only a matter of time until we see another steep escalation in energy prices.

Furnances are another good

investment. Have your existing furnace checked to see if it can be tuned up inexpensively—an investment that could pay for itself in a year. For those who want to purchase a new furnace, consider a fuel-efficient model.

The average furnace in use today has a fuel utilization efficiency of about 60%. New furnaces go from 80% to 96%. Basically, if you have a 60% furnace and you go up to 90%, you'll reduce your fuel use by one-third.

Although a fuel-efficient furnace is more expensive to purchase than a conventional one, it can quickly pay for itself. The Congressional Research Service (CRS) figures indicate that the average household in the north-central region of the United States spent over \$700 for heat in 1981. Even if a fuel-efficient furnace costs an extra \$500, its efficiency will save the difference in price in less than four years.

So few people have invested in energy improvements. CRS figures for 1981 show that more than one-third of homes in the

north-central region do not have storm windows or a second layer of glazing on all windows, and more than one-fourth don't have insulation in all parts of the attic.

As a possible explanation, the average turnover in a home is seven years. Homeowners contemplating sealing their homes in the future may be reluctant to invest in improvements because they think someone else will reap the benefits.

Such homeowners will reap more advantages than they think. It's clear that for some investments you'll get all your money back and more in three to four years.

In today's market, energy improvements are the best kind of home improvement because they'll increase the value of your home and make it more marketable in a tight market.

Homeowners can get a 15% federal tax credit (up to a maximum credit of \$300) for certain energy conservation investments until the program expires at the end of this year.

Check Refund Policy Before Buying Gifts

"Consumers should find out what a store's exchange or refund policy is before buying Christmas gifts," advises Jane Jansen, assistant administrator of trade and consumer protection with Wisconsin's Department of Agriculture, Trade & Consumer Protection (DATCP).

According to Jansen, consumers often call the DATCP for help after the holiday season when they discover a store will not allow credit, exchange or refund. Many stores have a policy that "all sales are final."

Jansen points out that a store is not obligated to accept items for refund, exchange or credit, except in cases where the item is defective or was misrepresented.

Many stores have three basic types of return policies including "exchange," "return for credit," or "return for refund." These privileges may vary from store to store.

If a store limits its policy to exchange, an item may be returned and substituted with another comparable item of equal value. If a store on the other hand, has a credit policy, the customer is given a credit slip which can be used for future store purchases.

To ensure customer satisfaction, many stores have a refund policy. In this case, the customer simply gets his or her money back.

"Consumers should keep in mind that stores permitting refunds, exchange or credit, usually expect the goods to be returned within a reasonable time and in new condition. They also require a sales slip or some other evidence that the article was actually purchased there and not some place else," Jansen emphasizes.

Evergreen Cards

1. Fold a stiff piece of paper into fourths.
2. Glue small sprigs of evergreen on the front.
3. Tie a piece of ribbon into a bow and paste it to the bottom of the sprig.
4. Dab glue on the spots where you'd like glitter to sparkle. Sprinkle the glitter on the glue. Shake off the excess.

Those Xeroxed Christmas Letters

There's a big uproar by some who for one reason or another abhor Christmas xeroxed newsletters; however, in this day and age few have the time to write the same thing by hand over and over to friends and relatives, so why not xerox them! It's probably the only way we'll hear all the news of the year from those who are parted by miles.

Maybe we could decide on a code of ethics for newsletters:

1. Let's get together on the point if we're going to exaggerate about jobs and how big Bob and Sue are getting, etc., etc. (Fact or fancy!)
2. Are we going to work so hard

on putting out a "clever" newsletter telling how organized we are, and then don't get it out until the last day of December?

3. Could we at least personalize our envelopes enough to spell names correctly!

Hey-ho! Write, however you wish -- just send me one!

"A Visit From St. Nicholas" ("Twas the night before Christmas...") was written by Clement Moore in 1822 as a Christmas gift to his children.

They Look "Good Enough to Eat"

While the bright red holly berries, pearly white mistletoe berries, and Jerusalem cherries add beauty to the Christmas season, it is well to remember that if chewed or swallowed, they can cause serious illness. For a safe holiday, plan these decorations to have a special place high above the reach of small children who naturally like to taste what "looks good enough to eat."

Holiday Trees That Really Feed Birds

This season I'm making a special holiday tree for the birds. I'm by-passing the usual evergreen decorated with strings of cranberries or popcorn or stale cookies. Those traditional "bird trees" do look festive and inviting, but, to tell you the truth, I've never noticed birds eating the decorations. Have you? That's why, this year, I'm going out on a limb or two to experiment with a real bird banquet. You might like to follow suit:

Instead of festooning an evergreen, I'm adorning the bare branches of a deciduous tree. You could decorate either a tree growing in your yard or a cut one placed where birds are most apt to notice it.

Choose a sturdy, sparsely-branched, 5 to 10-foot tree. Gather several kinds of berry-bearing clippings. Using small-gauge copper wire, attach the clippings toward the ends of the tree branches, making it look as if the clippings belong there.

Berry-bearing plants (both native and non-native) vary from area to area. Here in Virginia, I'm selecting mine with one eye on design and color scheme, the other on bird-feeding. Here's my choice:

The color red is, of course, a must in any holiday decorating, and I'm using several red-berried plants: mountain ashes and staghorn sumac, for instance. Then some deciduous hollies (especially possum haw or winter-berry), plus multiflora rose sprigs. (I dip the freshly cut tip of all sprigs in molten paraffin to keep the fruit from drying out too fast). Magnolia berries are among the best foods for robins and other thrushes that may winter with us.

Along with the reds, orange-toned bittersweet and pyracantha make bright splashes of color, balanced attractively by gray or gray-green juniper berries and the blue or black berries of large viburnums. Snowberry fruit provides a contrasting white accent. I'm including a few wild grapes, not for their looks (dry and shriveled) but because I know that over-wintering bluebirds, mockingbirds and robins eat them.

I'm not entirely throwing tradition out the window. My tree includes several cones: pine and spruce cones filled with a suet-peanut butter mixture for chickadees, nuthatches and maybe a titmouse or two.

If you can't obtain pine cones in

your area, perhaps you'll be able to use the conelike structure from large magnolia trees. Once the red berries are gone, the big cones (plus 4 or 5 inches of stem) can be dipped in suet-peanut butter mixture and hung by wire, like single tree ornaments. The small, conelike fruits of the sweetgum tree *Liquidambar* can be plucked of their gumball "points" to make attractive cratered structures which can be packed with a suet mixture and wired to the tree.

A holiday tree isn't complete without a string of something twined through some branches. But instead of popcorn, I'm hanging short strings of high-sugar-content, pitted dates, food for bluebirds and mockingbirds. I'm also wiring a few small containers of raisins to the tree trunk.

With our bird tree complete, my family can really celebrate the holidays, watching from the window to see which birds eat what from the feeder tree we built for them. If you make a special holiday tree for the birds, let me know what you see!

Visit Your State Capitol During the Christmas Season

By Senator Don Stitt

Wisconsin's State Capitol is often referred to as the most beautiful State Capitol in America. During the Christmas season, this reputation rings true as visitors flock to the Capitol.

One of the most exciting attractions at the Capitol during the holiday season is the English tree placed in the rotunda. The warm glow emanating from the 43 foot tree will surely put you in the holiday spirit.

The tree will be ready for viewing on December 8th and will remain in the Capitol through the first week in January. The traditional tree lighting ceremony was scheduled for Thursday, Dec. 5th, and the Capitol Christmas Pageant performances will take place on Sunday, Dec. 8th at 4:15 and 5:15 p.m.

A tour through the Governor's mansion is also a must at this time of year as it is beautifully decorated for Christmas. Tours are available on December 8th from 12:30 to 3 p.m., December 10th from 7:30 to 9 p.m., December 15th from 12 to 3 p.m., December 17 from 7:30 to 9 p.m. and December 19 from 12:30 to 3 p.m.

If you are planning a visit to the Capitol City during the holidays, these are just a few of the attractions you'll see. The Capitol grounds are decorated and many choral and instrumental groups perform throughout the holiday season.

In addition to the special attractions this time of year, the regular Capitol tours will be taking place Monday through Saturday at 9 a.m., 10 a.m., 11 a.m., 1 p.m., 2 p.m., and 3 p.m. and Sundays at 1 p.m., 2 p.m., and 3 p.m. If your group is larger than 10 people, you should contact the Capitol Information and Tour Service at 608-267-9092 or contact my

office at 608-266-7513 and my staff will be glad to assist you.

Tours include a variety of interesting facts about the Capitol as well as a visit to the Governor's office, the Senate and Assembly Chambers and the Supreme Court.

After your Capitol tour, you may be interested in a visit to the G.A.R. War Museum and the State Historical Society. Further information regarding a visit to Madison can be provided by the Greater Madison Convention and Visitors Bureau, Inc. at 608-255-0701.

I would be pleased to meet with you during your visit to Madison if my schedule permits. Prior to your visit, please write me, Senator Don Stitt at P.O. Box 7882, Madison, Wisconsin 53707 or call my office at 608-266-7513 or leave a message with the Legislative Hotline at 1-800-362-9696.

Discarding your Christmas tree — a happy ending

Wondering if there is any tradition concerned with when a Christmas tree should be dismantled and taken down? January 6th, Epiphany or Twelfth Night, marks the traditional end of the holiday and used to be observed by the burning of the tree and greens.

However there can be a happier end for your tree... one you will enjoy and find rewarding. Setting your tree up outdoors and hanging it with popcorn strings and suet makes a beautiful, natural bird feeder. Think of the fun you'll have observing your lively feathered friends through the months to follow!
