Ambassadors of Snowmobiling Ride Kewaskum Area Trails

Left to right — Ambassador of Snowmobiling Don Schulpus, George Lendved of Kewaskum, Vice-President of the Association of Wisconsin Snowmobile Clubs [seated], and Keith Vreeland. Missing — Art Sherren, who was attending a legislative session in Madison.

By GERRY MUELLER
Statesman Staff Writer

Three distinguished international snowmobilers known as the "Ambassadors of Snowmobiling" were guests in the Kewaskum area recently.

Don Schulpus, Art Sherren, and Keith Vreeland have put thousands of miles on their machines, traveling throughout the United States and Canada working with local clubs, state organizations, civic clubs, charitable groups and government agencies in an effort to assist and support them while promoting the positive image of

snowmobiling.

The ambassadors' goal is to present the true picture of today's snowmobiler, one of respect earned from years of hard work, growth, community involvement and a sincere desire to change the negative view shared by many people who are not familiar with the sport and the really dedicated people of every age who participate in it. A sport which has seen tremendous changes in every facet over the past decade.

Vreeland, 50, of Mosinee, is a self-employed land surveyor and developer who believes that

more visibility and promotion must be given to the sport. In the past, what publicity we received was mostly negative, noted Vreeland. Snowmobilers are now well organized, environmentally aware and conscious of all aspects of the sport and industry. There are always a few bad apples in any activity but their actions should not be used to judge the thousands of good apples who live by the rules.

Vreeland's comments ring true reflecting upon the recent negative media coverage by Milwaukee papers and TV

Newport Ski Spree Is Scheduled at Sunburst

The 1985-86 Newport "Mountains of Pleasure" Ski Spree is scheduled at Sunburst, Kewaskum, on Feb. 1-2.

This is Newport's sixth consecutive year of the Ski Spree. "We are delighted with the success of this promotion. There are events for skiers of all abilities and non-skiers," said Roland Hammer, Newport senior brand manager. "We are anticipating our most fun-filled Spree to date."

The skiing weekend will be one of several promotions at various participating ski resorts in the Northeast and Midwestern United States.

A variety of special day and

nighttime events and activities are scheduled on and around this popular ski area for adult participants who are over the age of 21.

Ski hats and T-shirts are some of the many prizes that will be presented to winners of the various contests and events which include: slalom races, obstacle courses, tug o' wars, three-legged races and 30 second/60 second races.

Nighttime activities include dance competitions at local bars and discos. For further information on locations and contest schedules, contact the base lodge at Sunburst.

Permit Burning Could Still Result in Fines

By GERRY MUELLER
Statesman Staff Writer

Approved fires which get out of control was a concern addressed by Fire Chief Donald Ehner at Monday's Village Board meeting.

Ehner told the trustees he was worried that the fire department could end up in the middle of a difficult situation by giving permission for controlled fires and then being called out if they get out of hand.

The Town of Kewaskum now fines its residents \$500 for negligence in such cases, Ehner noted, and some people might refuse to pay the fine on the basis that they had permission to burn.

The board backed Ehner's request to draw up a formal letter explaining that, even with a permit, if a fire gets out of control and fire department aid is required the individual will still be liable to pay the fine.

More Wild Turkeys Sighted, Released in Kettle Moraine

The Leo Thull family reported this week that they sighted 18 wild turkeys north of their home on Monday morning, Jan. 20, on Kettle Moraine Drive.

The wild turkeys were introduced to the Kewaskum and Greenbush areas of the Northern Unit of the Kettle Moraine a year ago by the DNR (Department of Natural Resources) after an absence of almost 150 years. Dale Katsma, who is stationed at Plymouth, area wildlife manager for the Northern Unit was one of the DNR people directly responsible for restoration of the turkeys in this part of the state.

Katsma is a happy man these days, one year after the release of transplanted birds in the Northern Unit. The turkeys are thriving, he says, and there have been frequent sightings from Greenbush on the north to Kewaskum on the south. "Things are looking pretty good," he says. "They're tough

birds and they can handle Wisconsin weather. It's a good feeling when you see something positive like this happen."

As a result of last year's "planting," the DNR says there are now more than a hundred turkeys in our Northern Unit today, and the breeding season is sure to boost the number substantially. Katsma is confident hunters will again stalk turkeys in the Kettle Moraine. "If the birds continue to thrive, we could see a turkey hunting season in 1989 or 1990," Katsma says.

Turkeys from the established population in the southwestern corner of the state are also being introduced to the Southern Unit of the Kettle Moraine near Eagle in Waukesha County this winter. More than two dozen were released Jan. 9 in a cornfield in the Town of Eagle.

Open Bids for Fire Dept. Tanker

Village Opposes Legislation To End Cable Franchise Fee

By GERRY MUELLER

The Kewaskum Village Board, Monday night, adopted a resolution opposing passage of State Assembly Bill 506.

The bill contains an amendment which would repeal the authority of municipalities to require cable operators to pay a franchise fee for general revenue purposes.

The village's resolution states, "there has been no apparent abuse of franchise fees collected by the municipalities from the cable opera-

tors." Presently the village receives approximately \$3,000 annually, of which 50% is paid to the City of West Bend's broadcasting service for the televising of Kewaskum's sports events. The balance, said Village Administrator Dan Schmidt, is used to cover the costs of mailings, public notices and ads regarding any cable TV business such as rate increase requests.

The board also approved a resolution supporting the "Derouin Plan" for changes in the Department of Natural

Resources. The six changes recommended are: 1. The DNR's Secretary should be a member of the Governor's cabinet. 2. Permit approvals or denials should be contested case hearings. 3. The DNR should be required to issue necessary permits on a timely basis recognizing the costs that delay causes the public and private businesses. 4. The DNR should have to give back applicants their fees if deadlines or time limits are passed or the agency should

(Continued on Page 2)

Ambassadors

(Continued from Page 1)

stations. Area clubs have noted on several occasions that when they have sought media coverage on community or charitable activities, there has been little or no response. But just let an unfortunate incident occur and the media carries stories for weeks, "like beating a dead horse."

Over the years state snowmobilers have raised thousands of dollars for dozens of charities including Multiple Sclerosis, Muscular Dystrophy, the Heart Fund, Cancer research and the March of Dimes, but these items usually end up rating a few small paragraphs on the back pages of the paper.

"It's time we come out of the closet and make the public aware of our success story," said Vreeland, who was recently named "Most Valuable Snowmobiler," a special award sponsored by Chevrolet Truck Division of General Motors Corporation.

Schulpius, of St. Germain, is president of a general contracting firm and manufacturer of trail grooming equipment. He supports Vreeland's position, noting snowmobiling has seen tremendous changes, all for the betterment of the sport. The new machines are quieter, more dependable and comfortable. Clothing has also made great improvements with its warmth and style being enjoyed even by those who do not snowmobile.

As far as the sport itself, the snowmobilers have done a great deal in policing themselves, from working with government agencies to promote better legislation and build better trail systems, to running safety programs, to voluntarily increasing their own registration

fees to provide the necessary funding to support every aspect of snowmobiling including law enforcement. It's very doubtful that any other sport can say that.

Schulpius was named the first "U.S. Snowmobiler of the Year" in 1981-82, at the International Snowmobile Congress.

Art Sherren, 61, also of St. Germain, is the full-time executive secretary of the Association of Wisconsin Snowmobile Clubs. "My duties keep me on top of the legislative scene." The state association's affiliation with the International Snowmobile Congress and its mid-west chapter give us a keen insight into solving problems and maintaining proper communications with various units of government. Communication and legislation are the backbone of our "self-funded" trail systems. Without it, no one rides.

Sherren was named "U.S. Snowmobiler of the Year" in 1982-83.

Last season the trio traveled in sixteen states and two provinces. During the 1985-86 season, the men, who are sponsored by Bombardier Corporation, will be riding their Ski-Doo snowmobiles all across North America's snow-belt, including the United States, Canada and Iceland.

Just to name a few events, the ambassadors will be attending the Northwoods Festival in Northern Wisconsin, the Iowa State Charity Ride, the Wertz Ride for Special Olympics at Detroit, Michigan, the International Festival at Valcourt, Quebec, and the Governor's Ride at Black Hills, South Dakota.

Snowmobiling continues to be a very significant part of winter tourism and yields great economic benefits to countless areas across the snowbelt concurred the ambassadors. The men sincerely hope state, regional and local tourism groups accept more responsibility in promoting the sport which means so much in economic benefits. We stand ready, willing and able to do all we can to inform the public and challenge every snowmobiler to do the same.

Schulpius, Sherren and Vreeland will wind up their season snowmobiling on the glaciers of Iceland as guests of the Reykjavik Snowmobile Rescue Club Meidur.

While they were in Kewaskum, the ambassadors stayed with Mr. and Mrs. George Lendved, Hwy. D, Kewaskum. Lendved is the Vice-President of the Association of Wisconsin Snowmobile Clubs.

Turkeys

(Continued from Page 1)

Moraine are descendants of the Missouri stock obtained by the DNR in a 1974 trade of Wisconsin's prized ruffed grouse for that state's turkeys. Wisconsin sent 135 grouse to Missouri and received 45 turkeys in return. Those 45 turkeys have expanded into a population of 18,000 to 20,000 in southwestern Wisconsin and have provided the breeding stock that will restore the species to woodlots throughout the state.

The gobble of wild turkeys again reverberates along the rolling hills of the Kettle Moraine.

DRIFT UPON DRIFT — Mother Nature has done her best to give us enough snow to make up for the past few winters. After a drought last summer, heavy rains and muddy conditions in fall, an early heavy snow and cold weather starting in November, this area finally received some relief from the elements over the weekend when the temperatures rose into the spring like low 40's and remained mainly on the mild side during the week. This warmup brought out many volunteers from cities and villages to help farmers hand pick their acres and acres of corn still standing in the fields due to the wet fall and early snow.

Cable

(Continued from Page 1)

lose a portion of its budget. 5. The Secretary of the DNR should be a part of the Governor's team for business development. This team approach would make Wisconsin competitive with other states in which Governors can use the whole cabinet to get permits approved expediently. 6. The Office of Public Intervenor should be eliminated because it is unnecessary. The Attorney General's office is capable of being the watchdog for DNR enforcement actions.

In other action, the board opened three bids for construction of a tanker on an existing chassis for the Fire Department. Oshkosh Fire and Police Equipment bid \$15,995, Carl Groth, Inc., West Bend, \$20,505.50, and Marion Body Works, Marion, bid \$21,959. The bids were turned over to the department's Equipment Committee for review and a recommendation at the February 3rd Village Board meeting.

Board President Dave Nigh also issued a proclamation recognizing the week of February 9-15, as "Vocational Education Week."

The board approved a request to advertise the position of a part time public works/custodian employee. The 16-20 hour a week job will receive minimum wage.

The board then adjourned to closed session.

Boltonville Fire Dept. Elects Officers, Board of Directors

Shown above [top photo] is Boltonville Fire Chief, Joe Enright [right], congratulating Ron Petermann, 1st Assistant Fire Chief, and [lower photo] Marvin Garbisch, [left], Honorary Member for 25 years of service with the Boltonville Fire Dept.

On December 5, 1985, the Boltonville Fire Dept. held its annual meeting. Election of Officers and Board of Directors was conducted and the following elected:

Fire Chief - Joe Enright
1st Assistant Chief - Ron Petermann
2nd Assistant Chief - Ken Ramthun
Captain - Ken Theusch
Lieutenant - Dennis Fechter
Lieutenant - Kevin Fay

Births

KAROSSES - A daughter, Jamie Lea, to Randall and Colleen Karoses, 259 Forest St., Campbellsport, on Thursday, Dec. 26.

GELLINGS - A son, Beau Daniel, to Daniel and Janet Gellings, 1945 Vista Drive, Route 3, Campbellsport, on Sunday, Jan. 5.

WALSH - A son, James Gerald, to Mr. and Mrs. Randal Walsh, Route 1, Campbellsport on Wednesday, Jan. 8.

SCHANEN - A daughter, Katie Elizabeth, to Chris and Barb Schanen, 419 Ladwig Street, Campbellsport on Saturday, Jan. 11.

KREWALD - A daughter to Robert and Tracy Krewald, Box 174, 111 Prospect, Kewaskum, on Wednesday, Jan. 15.

EBERT - A daughter to Greg and Susan Ebert, Cascade, on Saturday, Jan. 11.

Lieutenant - Bob Backhaus
Lieutenant - Jim McChain
Board of Directors:
President - Bob Backhaus
Vice-president - Jim McChain
Treasurer - James Peterson
Secretary - Craig Garbisch.

New Officers Elected By Beechwood Fire Dept.

New officers for the Beechwood Fire Department for 1986 are: Larry Krahn, promoted from Second Assistant Chief to Assistant Chief replacing Leander Kempf, who retired as Assistant Chief. Leander will continue to serve the department as a fireman. James Vetter was promoted from First Lieutenant to Second Assistant Chief. Allen Kreif was elected to the Board of Directors. Roger Vetter continues to serve as Fire Chief.

The annual Beechwood Fire Department appreciation party was held on January 11, 1986, at the firehouse for all members and persons who helped at the picnic this past year. A catered meal was served followed by dancing to the music of the Ralph Buchel band.

Sue Buechel, president of the Beechwood Fire Department Auxiliary, presented the Fire Department with a check for \$1,000 to be used for the fire department equipment fund. Terry Heberer, president of the Beechwood Fire Department,

accepted the generous donation and thanked the Auxiliary for their continuing support.

There is no pillow so soft as a clear conscience.

Would you like to buy Girl Scout Cookies?

When you open your door and say "yes" to that all-time favorite question, you're saying "yes" to more than just buying all-time favorite cookies. You're helping Girl Scouts in your own community to discover new worlds . . . and remember, Giving Never Tasted Better.

I'd like to talk to you about a visitor you're going to get in the very near future. One of these days a little girl is going to knock on your door. She'll be a Girl Scout and you guessed it, she'll ask you to buy Girl Scout cookies. And because she's a neighbor and because you don't want to disappoint her, you'll buy some. And if you happen to think back to last year, you'll remember they were surprisingly good cookies, so, maybe you'll buy some more.

Well, as you're about to order those chocolate thin mints or golden yangles consider this: Those boxes of cookies that you buy from that little girl are the biggest single source of income

for the Girl Scouts. The cookies help pay for all the wonderful things the Girl Scouts do. Believe it or not, without those cookies, the Girl Scouts just wouldn't be the Girl Scouts as we've come to know them. So, when that little girl from down the street comes knocking, think about what those cookies mean. You'll find giving never tasted better.

This year the Kewaskum area Girl Scouts will be selling cookies from January 29 to February 11. The cost of the cookies will be \$1.75 per package. The price is the same as last year. REMEMBER: GIVING NEVER TASTED BETTER!

MPTI Here to Offer Upholstery Class

MPTI will offer a 10 week course in Upholstery starting Wednesday, Feb. 5th, 7:00 p.m. at Kewaskum. This course is designed for students to work on their own furniture. Call 626-2166 to register.

Kempf, KHS Grad, Addresses MPTI Graduates

"Reach out and search for anything that's out there," urged Moraine Park Technical Institute graduate Wayne Kempf in addressing MPTI's recent mid-year graduation. A total of 149 students received diplomas or degrees at the end of MPTI's fall semester.

Kempf, a son of Mr. and Mrs. Delmar Kempf of Beechwood, is a Kewaskum High School graduate.

Kempf, a 1985 graduate of the technical school's Electro-mechanical Technician Program, is now employed by Honeywell, Inc., in the Chicago area. He spoke to 38 graduating students and their guests at the ceremony, held at the Fond du Lac campus.

District Director John Shanahan indicated this was the first time a former student had been asked to give the graduation address — Kempf filled the bill well. He told the graduating students not to wait to get started on the task of "selling yourself." Kempf pointed out that he had sent out 300 resumes in the six months before he graduated. He eventually received 10 job interviews and from them, two job offers.

"We all have a common enemy — it's not terrorism or the Russians — the enemy is time. It never retreats."

Kempf also told the graduates they might have to relocate in order to get jobs. "How flexible are you willing to be?" he asked.

The young speaker also warned his audience not to measure their own success by other people's definitions. "If power is a measure of success, then Libya's Khadafy could be called successful," he explained. "Howard Hughes was very successful, if measured only by his wealth, but he died an unhappy man. Your measure of success should be of your own design."

Kempf closed his speech with three concluding remarks:

"Build success on wisdom; wisdom is experience."

"A positive anything is better than a negative nothing."

"Success may be getting what you want but happiness is wanting what you get."

Slots Are Drawn for Village Election Ballot

By GERRY MUELLER
Statesman Staff Writer

Three of the four candidates were at the Kewaskum Village Board meeting Monday to draw for their positions on the April 1st ballot.

Gary Moody, making his first bid for public office, drew the top spot. Following Moody on the ballot will be Tom McElhatton, Richard Schmidt and

Howard Laubenstein.

McElhatton was absent due to a conflict of meetings.

The terms of McElhatton, Laubenstein and retiring trustee Donald Mlodzik will expire this spring assuring three of the four candidates a seat on the board unless a write-in candidate appears on the ballot and garners enough votes to take one of the top spots.

Washington County Agri-Business Counsel to Be Formed at Meeting

A Washington County Agri-Business Counsel will be organized at an organizational meeting scheduled for Thursday, January 30, 1986. The event will be held at the Knights of Columbus Hall in West Bend, starting at 8:00 p.m.

Many counties throughout the state have established agri-business counsels to provide support for agriculture and agri-business. A steering committee has outlined some purposes for organizing an agri-business counsel in Washington County. They include: 1) to promote an active agricultural interest in the community, 2) to unify and strengthen the agricultural businesses in the community, 3)

to establish beneficial producer-consumer relationships, 4) to provide a place for members to freely express themselves on ideas and problems in the agricultural business field, and 5) to enable members to speak with a common voice on matters pertaining to the agricultural business world.

Membership in the organization will be open to anyone with an interest in agriculture or agri-business.

The January 30 meeting will begin with a dinner starting at 8:00 p.m., followed by a discussion of the purposes and proposed by-laws for the Washington County Agri-Business Counsel, election of individuals to the position of Board of Directors and providing an opportunity for individuals to join the organization. Tickets for the event will be \$6.00 and can be obtained from the Washington County Extension Office. Reservations should be made by Friday, January 24.

Campus Notes

At the conclusion of the fall quarter, the Milwaukee School of Engineering registrar's office announced that a total of 488 students had made the college's quarterly Dean's List. The list consists of those students who earned a minimum cumulative grade point average of 3.2. They must have completed a minimum of 30 total credits by the end of their second term to become eligible.

Students from this area include: Duane Douglas Krahn, Adell, Electrical Engineering Technology; Patrick James Griesemer, Electrical Engineering, high honors, and Todd Michael Matthies, Industrial Management, both of Campbelsport.

Southeastern Wisconsin Has Busiest Year of Highway Construction Ever

1985 was the busiest year ever for highway construction crews in southeastern Wisconsin, according to state Department of Transportation (DOT) officials.

More than \$80 million worth of contracts for work in the eight-county southeastern Wisconsin District No. 2 area were let to contract. The counties include Milwaukee, Racine, Kenosha, Walworth, Waukesha, Washington, Fond du Lac and Ozaukee. Work took place on 160 different highway and bridge projects. A total of 95 projects were completed.

A considerable amount of the work begun in 1985 will not be completed until late in 1986. Work on bridges, in particular, typically stretches over two construction seasons.

Construction work done in southeastern Wisconsin during 1985 included:

West Bend Bypass. Completing and opening to traffic Nov. 21 the southernmost eight miles of the 13-mile bypass. A total of \$12,438,281 in construction costs was involved in the first section. Considerable marshland was left in place and covered with geotextile blankets before building road embankments over the marsh areas. In the past, marshland would have been removed and replaced with material that would form a better roadbed. Environmental concerns over preserving wetlands led to the different construction technique.

DOT awarded about \$260 million worth of construction contracts statewide in 1985.

For the last several years, the total dollar value of DOT highway and bridge construction contracts statewide has been increasing.

The department awarded \$173 million worth of construction contracts in 1982, \$232 million worth of contracts in 1983, and \$236 million worth of contracts in 1984.

State officials say it is difficult to precisely translate dollar amounts of contracts into estimates of the number of jobs created. One benchmark often used is approximately one job created for each \$50,000 worth of construction work. If one uses the \$50,000 figure, that would mean approximately 1,700 new construction jobs were created in Wisconsin due to the increase in DOT construction contracts since 1982.

Construction crews completed work on 416 state highway and bridge projects in Wisconsin in 1985.

Hard rains last fall threw construction schedules off, and prevented some highway projects from being completed as planned.

Of the 416 highway and bridge projects completed in 1985, 115 (27 percent) were in western or northwestern Wisconsin; 136 (33 percent) were in northern, northeastern or north central Wisconsin; 70 (17 percent) were in south central or southwestern Wisconsin; and 95 (23 percent) were in southeastern Wisconsin.

DOT officials head into the New Year with a list of approximately 325 additional highway and bridge projects statewide on which contracts have already been awarded. Work will be continuing or will be ready to begin on these projects in 1986.

DOT Mails Highway Aid Checks; Village Gets \$9,048.54

The Wisconsin Department of Transportation has mailed checks totaling \$42.8 million to counties, towns, villages and cities throughout the state for the January 1986 quarterly payments of shared transportation aids.

The basic payments included \$9.5 million to 1,267 town governments, \$2.6 million to 392 villages, \$18.1 to 189 cities and \$12.5 million to Wisconsin's 72 counties, according to Julie A. Davis, DOT aids analysis chief. An additional \$2.1 million in connecting highway aids was distributed to 119 of those communities to pay the cost of maintaining portions of state trunk highways within urban areas.

The totals are about \$3.2 million above January 1985 when \$39.6 million was distributed. The increase reflects a legislative increase in basic aids formula.

Basic aid payments to governmental units in this area include:

Washington County \$185,044.24; Town of Addison, \$9,052.96; Town of Barton, \$6,365.10; Town of Erin, \$7,869.97; Town of Farmington, \$8,972.89; Town of Germantown, \$673.83; Town of Hartford, \$7,407.66; Town of Jackson, \$7,720.40; Town of Kewaskum, \$5,693.97; Town of Polk, \$9,122.46; Town of Richfield, \$14,850.07; Town of Trenton, \$9,362.68; Town of Wayne, \$6,974.04; Town of West Bend \$6,326.68; Village of Germantown, \$70,459.27; Village of Jackson, \$3,687.49; Village of Kewaskum, \$9,048.54; Village of Newburg, \$2,173.31; Village of Slinger, \$6,967.61; City of Hartford, \$69,044.16; City of West Bend, \$149,620.16.

January 1986 payment on connecting highways included: City of Hartford, \$8,060.50; and City of West Bend, \$16,977.53.

The quarterly transportation aids payments help local units of government pay the cost of building and maintaining county and local roads, streets and bridges. Over a year's time, approximately 30 percent of state motor vehicle and fuel taxes are returned to local governments in these two forms of transportation aids for local road and bridge expenditures.

Coupled with several other forms of state transportation aids, more than 42 percent of state transportation revenues are returned to local governments in Wisconsin.

Indian Booster Club Will Meet on Tuesday

The Kewaskum Indian Booster Club will have its regular monthly meeting on Tuesday, Jan. 28, at 7:00 p.m., in the high school cafeteria.

Please plan to join us as we have a very busy couple of months ahead of us, and need all the Booster members we can muster.

On our agenda: Boys Basketball Parents' Night - January 31; Lakeshore Symphonic Band Concert - February 16; Fourth Annual Basketball Classic - March 22.

The Booster club needs your help to support these projects, so plan to attend and become one of the Kewaskum Indian Boosters.

27 Town of Barton Households Advised Not to Drink Well Water

Twenty-seven households in the Town of Barton, Washington County, have been advised not to drink their well water.

The Department of Natural Resources issued the advice in letters sent January 15 to well owners warning them of varying amounts of volatile organic chemicals (VOC's) in their water supplies.

The advisories were based on data gathered during a West Bend well water sampling program in September 1985 and additional monitoring in 1984 and 1985, according to the DNR letter signed by Southeast District Director Gloria McCutcheon. Homeowners previously were notified by the City of West Bend of well contamination.

VOC's are highly evaporative chemicals that are widely used as solvents and cleaning agents. Thirteen VOC compounds were detected in Town of Barton wells in the vicinity of County Highway B and Schuster Drive. The most commonly detected was trichloroethylene, found in concentrations ranging from less than one part per billion (ppb) to 210 ppb. The state standard for the chemical is 1.8 ppb. Also commonly detected was 1, 2-dichloroethane, found in concentrations as high as 6.5

ppb. The standard for that substance is .5 ppb.

The City of West Bend is preparing to file a municipal claim for eligible property owners under the state well compensation program.

Real Estate Transfers Down In County in '85

In all of 1985, the Washington County Register of Deeds recorded 2,011 real estate transfers with a fee. A total of \$343,788.20 was collected in transfer fees, reflecting \$117,509,200 in real estate transferred.

In all of 1984, the register of deeds recorded 2,211 real estate transfers with a fee. A total of \$347,666.20 was collected in transfer fees, reflecting \$121,796,200 in real estate transferred.

In December of 1985 the register of deeds recorded 168 transfers with a total of \$40,102.70 collected in transfer fees, reflecting \$13,652,250 transferred.

In December of 1984 the register of deeds recorded 160 transfers with a fee. A total of \$27,977 was collected in transfer fees, reflecting \$9,746,100 in real estate transferred.

Exceptionally large transfers included the following:

- Parcel 2 of Certified Survey Map No: 2405 — City of West Bend — \$259,000;
- Parcel 1 of Certified Survey Map No. 2836 — City of West Bend — \$308,000;
- Parcel 2 of Certified Survey Map No. 2405 — City of West Bend — \$259,000.

The above three parcels were exchanges among Continental Properties, William and Kenneth Knackert; and John W. Roth, Sr., and C. Louise Roth. The real estate is located on State 33 West in the City of West Bend.

- Lot 10, Block 11 and parts of lots 2 and 9 in Block 11 and parts of lots 1 and 10 in Block 11, all in the City of Hartford — \$290,000;

- Lots in Block 2 of Catie Vista Subdivision in the Village of Germantown — \$1,257,200;

- Decorah Shopping Center — \$862,500;

- Decorah Annex Shopping Center — \$350,000.

Fond du Lac KFIZ Radio Converts To AM Stereo

Effective January 10, 1986, KFIZ Radio in Fond du Lac passed a new horizon in the broadcast field with conversion to AM Stereo. KFIZ continues in the tradition of being in the forefront by introducing this new technology to the lower Fox Valley.

Listeners to AM stereo notice and enjoy a significant increase in sound quality and hear a stereo effect similar to FM. AM stereo can only be received on AM stereo radio/receivers which are available in both car and home units from any electronics outlet. Purchasers of AM stereo receivers should ask for C-QUAM stereo.

Extensive modification to existing transmitting facilities completed KFIZ's conversion to AM stereo. Ten percent of all AM radio stations in the United States (400) are currently broadcasting in stereo. KFIZ is proud to be one of Wisconsin's innovating stations by adapting to this new technology.

Life is short. Make the most of the good moments, the least of the bad ones.

Sensenbrenner Town Hall Meeting at WB

Ninth District Congressman Jim Sensenbrenner will hold a "Town Hall Meeting" for residents of the West Bend area at the West Bend Marine Bank on January 25, 1986 from 10:00 a.m. to 12:00 noon.

Sensenbrenner has invited area state legislators to join him for this meeting, and during the first hour they will respond to questions and comments from residents on federal and state issues.

The second half of the meeting will be devoted to individual problems and concerns. Sensenbrenner will meet with persons on a one-on-one basis to assist them with any

problems they may be having with federal agencies, or to help them obtain copies of government publications.

The public is invited and Sensenbrenner encourages area residents to attend.

**MPTI Offers Courses
In Wardrobe and
Color Analysis**

Wardrobe & Color Analysis, six week courses at Moraine Park Technical Institute, West Bend, will be held on Monday nights and Tuesday mornings starting Feb. 3.

These beginning courses organize and coordinate wardrobes on the basis of color, fabric, and shape. Color and style are analyzed for each individual.

Advanced Wardrobe & Color Analysis courses start the last week of March, and develop a personal packet of styles, color combinations, fabrics and textures, necklines and accessories. Pre-requisite is the beginning class. Fee for each six weeks is \$11.80.

Classes meet at the MPTI Annex B, 1700 East Washington, West Bend. Instructor is home economist Barb Shaw, a graduate of UW-Stout, who is also in charge of Wisconsin State Fair Clothing Preview for 4-H and FHA Programs.

Registrations are by telephone only, and deadline is one week prior to class start. Call MPTI 334-0909.

Letters to the Editor

1-18-86

To the Editor:

As I discussed in my last letter, I will continue to question what I feel are a series of BAD decisions made by the Kewaskum School Board. So here goes-

Volume II, Far From Great Decisions as made by the Kewaskum School Board.

Chapter 1. The Board Ignores the Will of the People.

After the resolution to levy a tax for a budget of \$3,993,-188.00 was turned down by the people at the annual meeting by a margin of 3 to 1, the board passed just such a levy in October. In so doing, the board ignored those people on layoff from Regal Ware, West Bend Company, Gehl Company, and other county businesses. They ignored those residents who have received little or no pay increases and in many cases pay cuts as they continued to give HUGE salaries to the top administrators. They ignored the concerns of our senior citizens worried about frozen benefits. They ignored the farmers reeling from the effects of falling prices, bad weather conditions, and a disastrous marketplace. They even ignored their own Board Policy #8100. This policy states that the purpose of the Board shall be "to provide education of the best obtainable quality for residents of the Kewaskum School District, within limitations imposed by the TAXPAYERS ABILITY TO PAY AND HIS WILLINGNESS TO SUPPORT THE EDUCATIONAL PROGRAM."

The levy, I was told, would mean an increase of 14% on my taxes. When I received my all too high tax bill, town officials included an explanation that the net tax rate for the school district was up 25.9%.

Couldn't this budget have been cut without hurting programs that directly affect the children of this community? Why does the board keep on adding administrative personnel? (Remember when there was only a superintendent? Now there is a superintendent, plus a business manager, plus a maintenance manager, plus a director of instruction. What position will be added next?) Why is it that everyone who is hired, is hired at such high starting salaries? Like \$44,200 plus benefits for a new superintendent? Like \$29,500 plus benefits for a new business manager? Like \$32,000 plus benefits for a new director of instruction? Why does the board have to give out raises as high as 25%? Like the business manager's raise from \$29,500 to \$37,000? Why can't they remember that our school system is created to benefit our children, not to act as an employment service?

Watch for Volume III of Far From Great Decisions next week.

Ralph Horner

To: All Residents of the Kewaskum School District

My name is Ruth Schmitt, and I am a candidate for the Kewaskum School Board. Because there are so many

Schmidts and Schmitts living in the area, I will try to tell you which Schmitt I am.

I grew up in Decorah, Iowa, where my father was a farm implement dealer for over 40 years. Our family has shared the good times as well as the bad, as the farm economy has hit its highs and lows through all the years.

I graduated from Luther College with a degree in elementary education in 1963 and came to Milwaukee to teach. I quit teaching when I met and married my husband John twenty-one years ago.

My husband's parents (Max) bought the farm where we now reside about 30 years ago from the Bandle family. We built a house on the land and became residents of the Kewaskum School District eleven years ago. One daughter has graduated from K.H.S. and we have two children currently attending Kewaskum schools.

My husband has been self-employed at Tri County Blueprint in Menomonee Falls for nearly 25 years. Not only has the farm economy had difficulty, but the building business has been hard hit, too. My husband's close association with builders has made us aware that more than one sector business has been hurt by high taxes.

I know that if taxes are not kept in line that businesses and farms will fail. I also know that high taxes make it impossible for people to find and keep affordable housing. If we hope to sell property or to expand the tax base with new housing, we must have a balance of quality education and reasonable taxes.

If taxes stay in line, young people can afford to buy and invest in our community. If we have a good school system, young families will stay and share the tax burden. It's quite a challenge to keep the balance fair between the two, but I'd like an opportunity to try by serving as a member of the School Board. Non-educational spending must stop now!

Ruth A. Schmitt
Kewaskum School
Board Candidate

1-20-86

Letter to the Editor:

My wife Kay and I and our children, Lisa and Joseph, would like to sincerely thank all you wonderful people for your generous gifts and help in making the Harry Pritzkow Van Fund a great success. The Van Fund reached \$17,100.00 on January 19th. I'm confident that this fund will make it financially possible for me to purchase a special equipped van with the automated lift and needed accessories for a Quadraplegic. With the purchase of a special van, my family and I will now have the opportunity to visit friends and relatives and also participate in picnics and other outside activities.

We would also like to express our appreciation to the Briggs and Stratton AIW-Local 232 Union, the Kewaskum, Jackson, Hartford, Allenton, Germantown and Richfield Lions, the Kewaskum Statesman, the West Bend News and

the Jackson-Slinger Herald for help in promoting this successful Van Fund.

On Sunday, January 19, the 98 ticket sale winners were announced at the Briggs and Stratton AIW Local 232 Union Hall. (All prize winners have been notified by either telephone or mail). It was also announced that the Harry Pritzkow Van Fund will be temporarily continued at the Briggs and Stratton Credit Union, P.O. Box 424, Butler, Wisconsin 53007 for remaining donations.

Thanks again and best wishes to all of you. We really appreciated this very special gift.

Harry Pritzkow and Family

1-16-86

Letter to Editor:

I'm looking for a speech therapist who loves people so much that they won't quit easily, and would walk the second mile again and again.

You see, my wife, Lorene can't talk. And all the doctors and hospitals have given up on her. But, I don't believe it. I believe she can talk again and that out there is somebody who can and will help. In 1979 she had a stroke. As a result she is paralyzed on the right side and cannot read or write. We have also run out of medicare funds and are living on SS. We can't pay the going rate, but we can pay something.

We're looking for somebody out there who perhaps is retired, but wants to continue to help. Or someone who is learning and wants the experience. We could travel about 50 miles from the southwest corner of Sheboygan county where we live. We would need wheelchair accessibility.

Is there someone out there who simply by trying, can bring new life to a beautiful person who would rather not be alive?

Sincerely,

Jim Martin
Rt. 1, 2881 Brazelton Dr.
Random Lake, WI 53075
Phone 414-994-9181

TO THE EDITOR:

As the New Year begins, I, 1986, was brought in, and it dawned on me how many people were out "celebrating" it by going on a drinking binge; be it socially with the family or in a tavern with their good friends. Then I thought of how few were on their knees in prayer thanking the Lord for providing for their needs in the past, for just what they have, and asking the Lord to bless the upcoming New Year.

What is happening to America? It's not the drugs such as heroin, cocaine, or marijuana, that make up our nations drug addiction - it's alcohol. Because people have alcohol so readily available, they have wrapped their lives around that one drink for a baptism, a funeral, a wedding, or Christmas...things that are clouded over by this addicting drug.

Ethanol - a drug - is not to be consumed contrary to popular belief. It pulls not only the lower-class families apart, but middle and upper-class families

are also included in it. It costs the taxpayers billions of dollars to rehabilitate alcoholics, clean up their repair lost productivity, and kidney and liver transplants aren't cheap.

Admit it America! You're addicted and society says it's better then pot - it's legal! Can you imagine the ads on our billboards if pot was legal?

That one relaxing drink at home (which can easily lead to four) shows the child if it's good to do at home, why not in the bars or at a friends house? Good thing for A.A. huh?

Do we depend on God to help us with our everyday needs, or do we depend on temporary pleasures to over come our problems? You're not taking that bottle to heaven - think about it.

Better yet, pray about it.

Pam Last,
Campbellsport

January 14, 1986

To the Editor:

The 21 NOW Coalition will make an intense effort to persuade the legislature to enact a drinking age of 21 during the final floorperiod of the 1985-86 Session which begins January 28. Given the opposition of the Governor and the key legislative leaders, the 21 NOW Coalition faces formidable odds in achieving its goal. We are writing to request assistance for our efforts.

Membership of the 21 NOW Coalition includes the Wisconsin Federation of Women's Clubs, Wisconsin Chiefs of Police, Wisconsin School Administrators, Wisconsin Parent-Teachers Association, MADD, American Automobile Association of Wisconsin, State Medical Society, Wisconsin Retired Teachers Association, Allstate Insurance and more than a dozen church groups. Our membership is increasing, as evidence by the recent addition of the Wisconsin Insurance Alliance and the Transportation Development Association of Wisconsin.

Statistics continue to mount which show that states which have acted to raise the legal drinking age have experienced a dramatic decrease in the number of alcohol-related traffic accidents and fatalities among the age group affected. The message is clear: raising the drinking age to 21 in Wisconsin will save young lives.

Although the 21 NOW Coalition is able to pool its talent and leadership resources, our financial resources are extremely limited. In order to launch a coordinated and highly visible campaign to raise the drinking age to 21, we need help from the vast majority of Wisconsin people who support our goal.

Whether it's 21c, \$2.10, \$21 or more, 21 NOW will be grateful for the assistance. These funds will be used primarily to finance statewide mailings and perhaps commercial statements. Donations should be made to: 21 NOW Coalition, Ina Trummer, Treasurer, Route 2, Box 272, Watertown, WI 53094.

21 NOW is a citizen coalition,

a truly grassroots group of dedicated people who want to save the lives of young Wisconsin drivers. Those who would like to help by sending "21 for 21," be it 21 pennies or 21 dollars, will become members of our coalition.

Sincerely,

Mae Meldgaard, Chair,
21 NOW
Wisconsin Federation of
Women's Clubs
Walter John Chilsen,
Senator
29th Senate District

Editor:

Re: Campaign Financing

Now that tax time is coming up again, citizens need to be reminded that they may use the \$1 check-off on their income tax returns to provide public funding for state campaigns. The League of Women Voters has supported public funding of campaigns for many years and it is essential that the campaign fund be adequate if public funding is to be effective. As campaign costs rise, there is less incentive to use public money, if the amount available declines, because candidates are then limited in how much they can spend. If candidates do not accept public money, the courts have ruled that they may not be limited in expenditures. Reliance on private sources of funding means that candidates must seek more PAC money as the most readily available source of funds.

Challengers, who already have a disadvantage in name recognition and access to the press, have another handicap in seeking PAC funds. PACs will generally support an incumbent financially just to be on the safe side, even though they may also give to a challenger. Incumbents also have access to more PACs and can raise money from them through fund-raisers held over their entire term of office. Thus, a large pool of public funds is needed if there is to be real competition for elective state office.

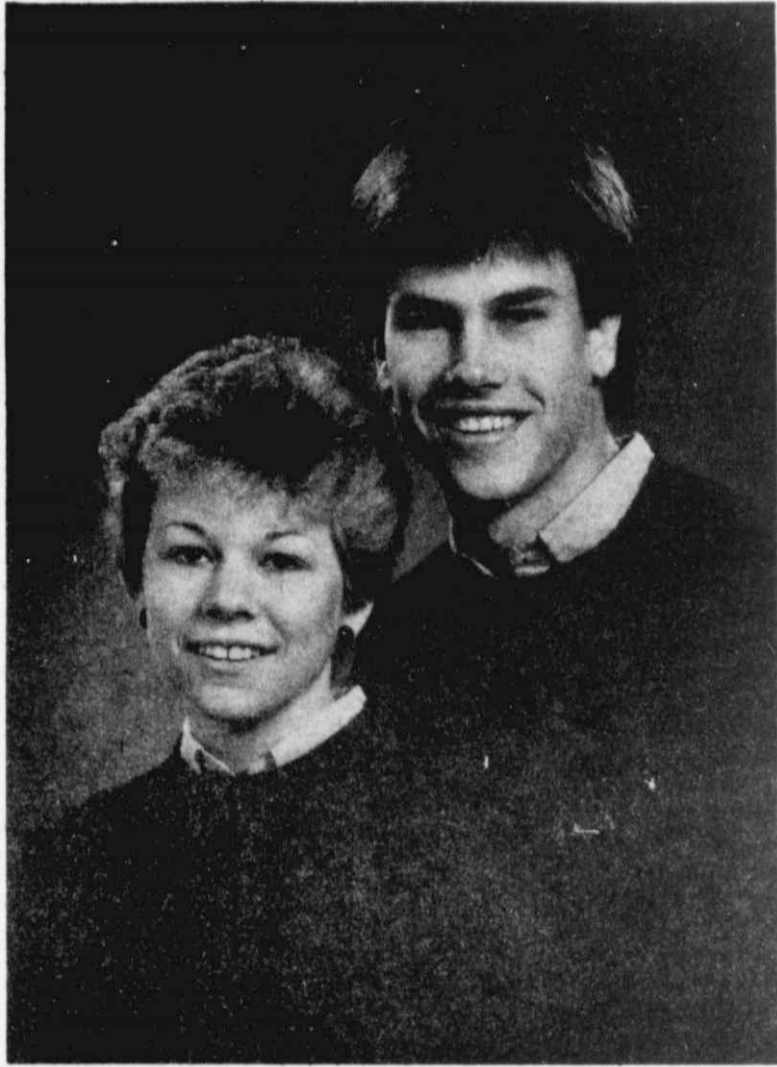

During the past few years, the number of citizens participating in the tax check-off has declined from 17% to 14%. At the same time, the number of PACs has grown and the cost of campaigns has risen. More citizens must be encouraged to participate. The check-off does not increase taxes, but simply designates where \$1 of the already figured tax liability goes. It is the one place where taxpayers can specify how some of their tax money may be used.

Sincerely yours,

Jacqueline Hansen
President,
League of Women Voters
Washington County

The mail roads in early England were higher because earth was thrown from the side ditches toward the center. They were called "highways". Smaller private roads became known as "byways."

Mr. and Mrs. Richard Geldreich of 1720 Highway H, Kewaskum, announce the Christmas Eve engagement of their daughter, Lynn Marie to Daniel Gerhartz. He is the son of Mr. and Mrs. Gary Gerhartz of 3419 County Line Dr., Kewaskum.

Lynn is a 1983 graduate of Kewaskum High School and attends Marian College

pursuing a degree in Social Work. She is employed part time at the Samaritan Home.

Dan is a 1983 graduate of Kewaskum High School and a 1985 graduate of the American Academy of Art in Chicago, Illinois. He is employed as an illustrator at Directions, Inc. in Neenah.

No immediate wedding plans have been made by the couple.

Area Drivers Getting Real Thing When They Fill Cars With Unleaded Gasoline

Drivers are getting the real thing when they fill their cars with unleaded gasoline, according to first results of a Department of Natural Resources study.

Since October 1985, the Southeast District DNR air program has been doing random sampling and testing of unleaded gasoline dispensed by service stations in the district.

Of the first 44 samples collected and tested, every sample has been found below the federal lead limit for unleaded gasoline, according to Dale Crouse, DNR environmental specialist.

The highest lead content found in a sample was .03 gram of lead per gallon, well below the permissible federal level of .05 gram, Crouse reported. The samples came from service stations in Milwaukee, Racine and Washington Counties.

Wednesday, February 5 - 2:00 to 3:50 p.m. - ETN Program on "Groundwater Management Issues, UWWC Campus, 400 University Drive, West Bend.

Thursday, February 6 - 8:30 a.m. to 3:00 p.m. - Pesticide Applicator Certification Program, Addison Town Hall, 127 First Street, Allenton (Pre-registration required).

For more information, contact the Washington County UW-Extension Office, 515 East Washington Street, West Bend, WI 53095; phone 338-4479; 644-5204 or 342-2929.

To defrost ground beef quickly, sprinkle with the salt you planned to use for seasoning. It speeds the thawing processing.

Caution Urged When Entering Highway 45 Bypass

Washington County Sheriff Clarence Schwartz is concerned about the safety of some motorists who are not being careful when entering the new Highway 45 Bypass. His concern is based on the fact that merging traffic must yield the right-of-way to traffic already on the highway.

"Most drivers are used to on-ramps when they are used on divided, controlled access freeways, like Highway 41," the Sheriff observed. "But the new bypass isn't really a divided highway. When you merge onto Highway 41, cars on the highway can change lanes to let you enter, but on the new Highway 45 Bypass they can't. They would be on the wrong side of the road as it is only a two lane highway!"

Most of the on-ramps for the 45 Bypass have "Yield" signs posted near their junction with the highway. This means that a driver who is attempting to merge onto Highway 45 must yield the right-of-way to the highway traffic. If there is too much traffic to allow entry, the vehicle must stop and wait for an opening. If, on the other hand, there is room as the vehicle comes down the ramp, it is permissible to proceed without stopping.

"The problem is that some drivers are barreling down the on-ramp, taking it for granted that people already on the highway will make room for them. They don't understand that they could force a car to cross the centerline and cause a head-on crash," the Sheriff cautioned.

Kudek - Eiting

Mr. and Mrs. Robert Kudek of 825 Kilbourn Ave., West Bend, announce the engagement of their daughter, Kathryn Ann of 3652 S. Wolcott, Chicago, Ill. to Mark Eiting. He is the son of Mr. and Mrs. Max Eiting of 3917 W. 69th St., Chicago.

Kathy is a graduate of Dr. Martin Luther College, New Ulm, Minn., and has a master's degree from Chicago State University in special education-learning disabilities. She

teaches first and second grade at St. Andrew Lutheran School in Chicago.

Mark is a graduate of Southern Illinois University, Carbondale, Ill., in the field of criminal justice. He is a patrolman for Claredon Hills Police Department.

An Oct. 11, 1986 wedding is being planned by the couple.

1985 FFA Fruit Sale a Huge Success

Over 1500 cases of fruit await sorting by anxious FFA members.

A special thanks goes out to Patsy Panzer for being our chairman of the sale. Here she is shown sorting fruit.

The Kewaskum FFA fruit sale was once again a great success thanks to the support of the community. The chapter sold over 1500 cases of fruit. Overall, about 900 cases of navels, 35 cases of juice and 580 cases of grapefruit were ordered. This represents the largest volume sale in the history of the chapter.

The top salespeople for the year are as follows: Agriculture 1 class, Dave Steger, \$350; Robby Reysen, \$172; Shawn McFarland, \$119. Agriculture 2 class, Bob Friedeman, \$859; Richard Wilkens, \$438; Keith Bartelt, \$418. Agriculture 3 class, Pat Ruplinger, \$1490; Brian Oelhafen, \$1207; Deb Pamperin, \$1170; Randy Gindt, \$1090. Agriculture 4 class, Joe Schmitt, \$1315; Patsy Panzer, \$862; Jim Wesenberg, \$689.

The top five fruit salespeople will receive cash prizes as well

as points toward awards. They are:

- First, \$30 — Pat Ruplinger
- Second, \$25 — Joe Schmitt
- Third, \$20 — Brian Oelhafen
- Fourth, \$15 — Deb Pamperin
- Fifth, \$10 — Randy Gindt

Cheese was also a very successful item again this year with the chapter selling 150 blocks of cheddar, 315 packs of string cheese, 50 small gift packs and 30 large gift packs. Top salespeople from each class were: Agriculture 1 — Dave

Steger, Agriculture 2 — Bob Friedemann, Agriculture 3 — Deb Pamperin, Agriculture 4 — Patsy Panzer and Tim Limberg.

The top three salespeople will receive cash prizes and points. They are:

SENIOR CITIZENS

The Kewaskum FFA wishes to thank all of our customers for their support, as well as the members' efforts in making our sale successful. Profits from the sale will be used for various FFA activities as well as community development projects.

ACP Signup Now at County ASCS Office

Farmers in Washington County planning to install conservation practices in 1986 are encouraged to signup for cost-sharing anytime thru January 31st. The 1986 ACP (Agricultural Conservation Program) provides cost-sharing to promote practices to protect soil from erosion and reduce water pollution.

Practices approved must be installed according to specifications provided through referrals to Soil Conservation Service. Tree planting, pruning and thinning practices are handled by the Forester. Technical services are provided with no cost to the participants.

Cost-sharing rates vary from 40% to 70% of the cost a farmer incurs. Each person is limited to a maximum of \$3500.00 per year.

Funding for the county is limited with an allocation. After the close of signup the ASC County Committee will review and screen all requests on file. Approvals will be directed first to problems with the most severe erosion and/or pollution problems. Further details are available at the county ASCS office in West Bend.

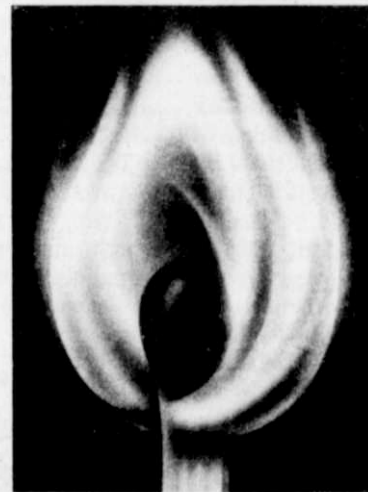

NOTE TO ALL CUSTOMERS

After delivering this year's fruit, it seemed that some people received poorer quality fruit or fruit that spoiled easily. As always we have tried to deal with these problems by replacing the fruit with better quality produce. Spoilage problems need to be brought to our attention as soon as possible. We have shared these concerns with our supplier, and certainly do not expect this problem to occur in the future. Thanks to all for their patience and understanding. We hope to maintain a quality sale, and ask for your continued support in the future. The rewards of the sale are given back to the community through the members' actions and activities. Hopefully everyone benefits!

Sincerely,
The Kewaskum FFA Chapter

Two girls were wounded in a shooting at Steve and Mary's minor bar on Hwy. 45 a short distance north of Kewaskum last Sunday night. The girls, one of them from Kewaskum and the other from Random Lake, were victims of a shot fired by a Barton youth who sat next to them at the bar. Wounded were Miss Bonnie Carroll Stahl, 18, of Random Lake and Miss Maureen Borchert, 20, of Kewaskum. The bullet passed through the thighs of both of Miss Stahl's legs and then entered the calf and lodged in the bone of Miss Borchert's left leg. Witnesses claim the Barton youth entered the minor bar shortly before the shooting with a companion. According to Steve Rahn, who operates the bar with his wife Mary, the youth apparently drew the gun from his belt and fired from his seat at the bar. The bullet struck the two girls who were seated to the man's left. Authorities were summoned and helped to quell the suspect and remove him to jail. The wounded girls were helped to a kitchen off the tavern and after being given medical aid at the scene by a physician, they were removed to St. Joseph's Hospital, West Bend, in the ambulance. They submitted to surgery at the hospital Monday morning when the bullet was also removed from Miss Borchert's leg. Both were reported later this week as doing fine. Miss Borchert is a daughter of Mr. and Mrs. Milton Borchert, Kewaskum.

All residents of Kewaskum and surrounding area are cordially invited to attend a public meeting to be held at Kewaskum High School on January 26. It will be sponsored by the Kewaskum American Field Service Club. The purpose of the meeting is to familiarize residents of this area with the Foreign Exchange Student Program.

At a meeting of the Kewaskum Business Association held Monday night, officers and directors were elected for the next year. Fourteen members of the association attended the meeting. Frank Felix was elected president to succeed Roger Strack, Dick Edwards was elected vice president to succeed Felix, Leroy Bier was named secretary to succeed Kilian Honeck, Wayland Tessar was re-elected treasurer, and the new directors are Harold Marx, Roman Miller, Mrs. Jean Ramthun and Jack Jadro.

Ronald O. Reigle has been promoted to the position of sales manager of its newly created Direct Sales Division according to an announcement by Regal Ware, Inc., Kewaskum.

A daughter was born to Mr. and Mrs. Kenneth Rochwite, Route 1, Kewaskum, on January 11.

January 24, 1936

This village and state was gripped with a severe snowstorm and one of the coldest waves ever recorded here this week when snowdrifts piled up higher than automobiles in many places and on Thursday morning the temperature dropped to a mere 30 degrees below zero, according to the thermometer at the local post office. Schools were closed, highway crews gave up the task of fighting snow drifts in the unbearable weather, hospitals, and doctors were kept busy treating frost bites, fire departments moved continuously to battle blazes caused by overheated stoves, train service was delayed, trucking service was stopped completely, mail carriers were unable to make their routes and a number throughout the state are dead as a result of freezing.

In a recent statewide intelligence test administered to high school seniors, those listed below did exceptionally well, namely: Dorothy Backus, Delbert Backus, Viola Backhaus, Marie Beilke, Clyde Darmody, Kilian Honeck, Janice Koch, Armond Mertz, Ray Pfenning, Doris Rosenheimer and Howard Schmidt. Of the 29 seniors who took the test, 19 ranked higher than the average for the state. Five students ranked in the upper ten percentile. This is indeed a creditable showing for the school.

Lehman Rosenheimer, Jr., son of Mr. and Mrs. L. P. Rosenheimer, who for the past six months has been employed with Marshall Field and Co. Wholesale in Chicago, left last Monday for Watertown, South Dakota, where he has been promoted to assistant manager of a Marshall Field store in that city.

Othmar Bonlender of St. Kilian, a graduate of Kewaskum High School and the Marquette University, Milwaukee, is now employed in the offices of Gehl Bros. Mfg. Co. in West Bend, as traffic manager.

The Kewaskum Public School will receive \$96 as its share of the school fund income as apportioned by State Supt. Callahan on December 30. The amount apportioned as calculated on the basis of 50 cents for each person of school age. The local school has 192 pupils and at 50 cents each the total is \$96.

Word was received here Thursday by Jac. Meinhardt that his father, Jacob Meinhardt Sr. had passed away in death at his home 1/2 mile south of Kohlsville in the Town of Wayne on January 23.

The infant son of Mr. and Mrs. Earl Dreher was baptized on January 12. He received the name Jules Knowles.

"Experience is a dear school but fools will learn in no other."
Benjamin Franklin

January 21, 1911

Carl Brandstetter, butter-maker at the local creamery, had the misfortune of having his arm wrenched last Monday morning while in the act of placing a belt upon a pulley. That the arm was not taken off is a miracle. Carl had started the pumpjack working and had placed the belt on the pulley with one arm, when in some manner his other arm became entangled in the shafting and was wound around the shafting.

A very pretty wedding took place at the Lutheran Church at New Fane last week Saturday when Rev. Gutekunst pronounced the words that made Henry Ramel and Miss Anna Falk man and wife.

A bean picking bee was held at the home of Mr. and Mrs. Math Kohler in Boltonville on Tuesday evening.

Ice harvesting was finished by Henry Garbisch this week.

Mrs. Henry Krueztzinger passed away at her home in Beechwood on January 8, 1911.

Honeck's concertina band furnished the music for the dance at Beechwood last Sunday evening. They will also furnish the music at the Old Settlers dance at said place Saturday. Joe's music is becoming very popular.

Mr. and Mrs. H. E. Henry are the proud parents of a baby girl, which arrived at their home on Thursday evening. A ten pound baby boy was born to Mr. and Mrs. John Weddig on Thursday.

Obituaries

MAMELTA FREUND

Funeral services for Miss Mamelta "Mel" Freund, 80, a former Campbellsport resident, were held Tuesday at 7:30 p.m. at St. Ann's Catholic Church, St. Anna.

Friends called Tuesday after 4 p.m. at the church.

The Rev. Jim Bretl officiated. Burial was in the church cemetery.

Miss Freund died Sunday, Jan. 19, 1986, at St. Agnes Hospital where she had been a

patient the past week.

She was born May 3, 1905, a daughter to John and Mary Stephany Freund at New Holstein. She attended Catholic schools in St. Anna and was employed at American Motors Co., Milwaukee, for 23 years until her retirement in 1970 when she moved to Campbellsport. She later resided in Fond du Lac for a short period of time. She was a member of St. Matthew's Catholic Church, Campbellsport.

Survivors include three sisters, Mrs. Alma Meyer of St. Anna, Mrs. Marcella Sippel of Eden and Eulalia Schaeffer of Hilbert; and one brother, Ervin of Plum City. She was preceded in death by two sisters and one brother.

The Meiselwitz Funeral Home, Kiel, was in charge of arrangements.

EDWIN J. POLLARD

Edwin J. Pollard, 75, a former resident of Kewaskum, died of cancer on Monday, Dec. 23, at his home, 4470 N. 146th St. in Brookfield. He was a resident of Brookfield for 31 years.

A retired machinist, he was a charter member of Christ the King Lutheran Church, Brookfield.

He is survived by his wife, Marcella (nee Ludwig); two sons, Ronald of Wichita, Kas., and Eugene (Jann) of Burlingame, Calif.; nine grandchildren, and three great-grandchildren. Other survivors include a brother, Lewis (Edith) Pollard, Brookfield; his mother-in-law, Florence Mumm, Kewaskum; a sister-in-law, Myrtle Kohn, Kewaskum, a brother-in-law, Arthur Ludwig, Campbellsport, and other relatives and friends.

Services were held Friday, Dec. 27, at Christ the King Lutheran Church, 4600 N. Pilgrim Rd., Brookfield, at 7:30 p.m. Entombment was at Wisconsin Memorial Park, Brookfield. Friends called from 5 p.m. Friday until the time of service. Harder Funeral Home, Brookfield, made the arrangements.

ARNOLD F. NICHOLS

Visitation for Arnold F. Nichols, 77, of 118 N. Berger Parkway, Fond du Lac, were held from 4 to 9 p.m. Monday at Candlish-Mach Funeral Chapel, Fond du Lac.

Funeral services were scheduled for 1:30 p.m. Tuesday at Salem United Methodist Church, Fond du Lac, where he was a member. Friends also called at the church from noon Tuesday until the time of services.

The Rev. Anthony J. Farina officiated and burial was in Rienzi Cemetery. Memorials may be directed to the American Heart Association or Salem United Methodist Church Building Fund.

Mr. Nichols died Sunday, Jan. 19, 1986, at St. Agnes Hospital.

He was born May 3, 1908, in Bismarck N.D., to Guy and Etna Hayes Nichols. On June 20, 1931, he married Agnes Richter at Oakfield Methodist Church, Oakfield.

Mr. Nichols was employed by the Jacob Brenner Co. for 20 years before he retired in 1978. He lived in Lomira, Campbellsport and Mount Calvary before moving to Fond du Lac in 1985. Mr. Nichols was a former member of Tabor United Methodist Church, Eden.

He is survived by his wife, two daughters, Mrs. David (Phyllis) Hensen Sr. and Mrs. Paul (Wilma) Halfmann Jr., both of Campbellsport; one son, Ronald G. of Fond du Lac; nine grandchildren; 10 great-grandchildren; two sisters, Mrs. Beulah Zuelsdorf of West Bend and Mrs. Wesley (Vineta) Marks of Menomonee Falls; and one brother, Lester of Lomira. His parents and two sisters preceded him in death.

Pesticide Applicator Certification Program Will Be Held in County

Washington County Cooperative Extension Service, in cooperation with the Wisconsin Department of Agriculture, Trade and Consumer Protection, will be offering a Pesticide Applicator Certification and Recertification Program. The session will be held on Thursday, February 6, 1986 at the Addison Town Hall, 127 1st Street, Allenton. Registration will start at 8:30 a.m., with the Program starting at 9:00 a.m. to about 4:00 p.m.

Recent changes in registration of many pesticides as "restricted use" will require users of these products to be trained and certified. Most of the corn rootworm insecticides and other products are now classified as "restricted use." Individuals that were certified in the past and have allowed their certification to expire will need to be recertified.

This program will be for private applicators, not commercial applicators. A private applicator is an individual that applies pesticides on land owned or rented by

himself and on an agricultural crop.

Growers who do not become certified will not be able to use "restricted use" products, as dealers will be prohibited from selling "restricted use" products unless the certification card is shown. Growers are encouraged to participate in certification programs early in the year to allow adequate time to receive their certification before they need to purchase their products for the 1986 growing season.

Individuals that would like to register for the February 6 session should contact the Washington County Cooperative Extension Service no later than January 28, 1986. Registration for this program will be limited to the first 1000 persons. Additional sessions will be held if needed.

Individuals having questions about the need to become certified or the Pesticide Certification Program can contact the Washington County Cooperative Extension Service.

Schedule Two County Meetings for Programs Involving Soil and Water Conservation

Soil erosion and nonpoint pollution have been identified as two major concerns facing our environment. Farmers, landowners, public officials, and the general public have been concerned about ways to reduce the effect of these problems. A major effort is being made throughout Washington County to address these concerns through a variety of methods.

Everyone benefits when we reduce nonpoint pollution and the effects that it has on our waterways. Therefore, legislators have chosen to develop programs providing cost share dollars and incentives to address the problems. Washington County is participating in many of these programs and they are being coordinated through the Washington County Land Conservation Committee.

Farmers, landowners, public officials, and others in Washington County are invited to attend two informational meetings to become informed about the new programs involving soil and water conservation in the county and how they will affect rural landowners. The informational meetings will be held on Tuesday, Jan. 28, at the Washington County Courthouse Auditorium in West Bend at 8:00 p.m. and on Wednesday, Jan. 29, at the Richfield Town Hall, located at 4128 Hubertus Road, Hubertus, at 8:00 p.m.

The programs to be discussed include the priority watershed and the soil erosion control programs. Other topics that will be discussed at the informational meetings will be the new

soil conservation requirements for the farmland preservation program participants, the conservation reserve provisions of the new farm bill, and the 1986 ACP program.

All of these programs are presently in the early stages, but promise to have a large impact on rural landowners in the near future. They all represent a growing seriousness at all levels of government to control soil erosion and reduce nonpoint source water pollution. Large amounts of tax dollars are associated with each program in order to accelerate the local soil and water conservation efforts.

For more information on the above programs, contact the Washington County Cooperative Extension Service Office.

Schedule of Events For Parents Without Partners Chapter

Friday, Jan. 24 - TGIF, 9 p.m. Call Jerri 625-3813, Rich 673-2186 or Glenn 334-3529.

The Red Cross Needs Your Help

West Bend and the surrounding area has been very fortunate to have the Red Cross. Remember the ice storm of 1976 and the tornado? The Red Cross was on the scene immediately setting up and maintaining shelters and meals for the victims. The people of this area know first hand what it means to have help from the Red Cross.

In 1985, there were an unprecedented number of major disasters stretching the American Red Cross resources to their limits. Six hurricanes alone hit the United States mainland. In addition there was record flooding and mudslides. Over 900,000 people were given shelter; 4.1 million received food and care and 31,000

families were given financial assistance.

To help the victims of disaster, the American Red Cross is conducting a nation wide emergency disaster relief campaign. The West Bend chapter has been asked to raise funds to contribute to this campaign. The first people who have contributed are the members of West Bend chapters Board of Directors. United Way will not be providing any funding for this campaign so the West Bend Chapter of Red Cross is asking for your support, individual or group. Contributions should be sent to American Red Cross c/o West Bend Chapter, 18 E. Washington Street, West Bend.

Now, more than ever, we need you.

Our disaster relief reserves are gone. We need your help. To raise at least \$20 million in emergency funds. To make sure our volunteers' hands aren't tied when the next disaster strikes.

GIVE TO THE AMERICAN RED CROSS DISASTER RELIEF CAMPAIGN TODAY.

State Winter Road Maintenance System in Effect

CLASS 1 OVER 5,000 ADT

CLASS 2 1,000-5,000 ADT

CLASS 3 LESS THAN 1,000 ADT

MAINTAINED BY OTHERS

1985-1986 WINTER SEASON

Map of the snow removal priority classifications in our transportation district.

Early snow and ice on state highways put the state Department of Transportation's winter highway maintenance system into full operation.

Harvey Shebesta, director of the Waukesha transportation districts, said the snow removal priority system, established several years ago by the state Transportation Department, is being continued this winter with few changes.

During the 1985-86 winter maintenance season, about 1305 miles of the busiest highways in the district are receiving top priority around-the-clock road maintenance, with pavements being cleared of ice and snow as soon as possible, the DPT official said. Lesser traveled highways receive reduced service during

late evening and early morning hours and on Sundays.

Shebesta said a total of \$22.6 million has been budgeted to clear snow and ice from the

11,380-mile state highway system this winter.

Last year, winter road maintenance cost \$23.2 million. In 1983-84, the total cost statewide was \$21.5 million.

Shebesta said county maintenance crews, who maintain the highways for the state, were well prepared for this year's snowplowing, sanding and salting. County crews attended special maintenance training programs conducted by DOT in the fall.

Other pre-season preparations included clearing side ditches, making shoulders smooth and flush with the pavement to assist snowplows, and erecting snow fences. Sand, salt, equipment parts and other supplies were stockpiled well in advance so that when the 'crunch' came, these items were 'ready to go,' he said.

Because of concern for the environment, DOT restricts the use of chlorides to a minimum, applying just enough to ensure safe driving conditions, he said.

The department's policy is that the orderly movement of traffic during a storm takes precedence over other operations. During severe storms, the district office and the State Patrol are authorized to close a highway and advise the public of the condition through news media and the statewide road report telephone system.

To receive up-to-date, statewide road condition information 24 hours a day, seven days a week, travelers from outside the Madison and Milwaukee areas, and from Iowa, Michigan, Minnesota and northern Illinois, can call a toll-free number: 1-800-ROAD-WIS (762-3947). The number to call in Madison is 266-7040 and in Milwaukee, 342-2211. The same recorded report is given on all three numbers.

In addition, the report is broadcast four times a day over Wisconsin public radio stations—hourly when bad driving conditions develop—and the National Weather Service's NOAA weather radio stations broadcast the report

continuously in Wisconsin.

Following are the statewide snow removal priority classifications:

Class 1 Highways — 5,000 vehicles or more daily (2660 miles in the state, 661 in the Waukesha district); receives around-the-clock service; bare pavement as soon as possible after the storm; includes all Interstate highways.

Class 2 — 1,000 - 5,000 vehicles daily (6060 miles in the state, 612 in the Waukesha district); receives reduced service between 8 p.m. and 4 a.m. on weekdays and all day Sunday; bare pavement as soon as possible after a storm.

Class 3 — Fewer than 1,000 vehicles daily (2660 miles in the state, 52 in the Waukesha district); receives no service between 8 p.m. and 4 a.m. on weekdays and none on Sunday except to keep them passable in all types of storms; bare pavement near center of highway sufficiently wide for traction in all types of storms, with full-width bare surface on hills, curves, and intersections.

PUBLIC NOTICES

LIQUOR LICENSE APPLICATION

To Whom It May Concern:

I hereby certify that the following applicant has applied to the Village Board of the Village of Kewaskum, Washington County, Wisconsin, for a Class "B" Fermented Malt Beverage License for the period commencing February 4, 1986, and ending June 30, 1986.

David R. Stern, 143 Main Street, Kewaskum, WI

The above application will be heard and considered at a public hearing to be held at the Municipal Building, 204 First Street, in the Village of Kewaskum on the 3rd day of February, 1986, at 8:00 P.M. All interested persons will be given an opportunity to be heard.

KEWASKUM'S LISA FUSEK fighting for control of the opening jump against New Holstein.

Leading Meno. Falls Badgers Tip Lakes Team

The unbeaten Menomonee Falls Badgers (5-0), leaders in the Land o' Lakes League, won easily over Kewaskum Sunday night, 143-120, at Falls East High School gym.

The Badgers again jumped out to a big lead in the first quarter, 45-26. Kewaskum played them on pretty even terms the rest of the way, getting as close as 11 points in the second half.

Veteran Bob Wolf again was a one man gang as he racked up 47 points all by himself to lead the Badgers and take scoring honors. He received a lot of help from Bill Gardner with 26 points and Jim Gardner with 22. Wolf, former Marquette ace, goes on and on.

This time out Clark Eichstedt bested Leon Laatsch for top honors for the losers. Eichstedt scored 35 points to Laatsch's 33. Manager Bill Backhaus chipped in 20.

Kewaskum plays at Oconomowoc Saturday night at 7:00 p.m. in a game that was moved up from Sunday because of the Super Bowl football game.

Kewaskum - Laatsch 15-3-4, Eichstedt 16-3-4, Nigh 5-0-2, Backhaus 10-0-1, Gonwa 4-0-2, Rondorf 5-0-2, Thomas 2-0-0, Brendemuhl 0-0-2. Totals 57-6-17.

Menomonee Falls Badgers - Wolf 21-5-3, Riehle 6-0-2, G. Gardner 11-4-3, J. Gardner 9-4-2, Magedanz 2-0-3, DeLany 7-1-0, Marcou 7-1-2, Kaeske 1-0-1. Totals: 64-15-16.

Hunter Safety Course Starts On February 12

Make hunter education a family affair. Ken Stuart, Bill Prost and Rick Heisler, Wisconsin DNR Certified Hunter Safety Instructors, invite all people interested in hunting and recreational shooting to enroll in a Wisconsin Hunter Education Course. The course will be held each Wednesday at 6:30 p.m. at the Sportsman Clubhouse in Elmore, and is sponsored by the Campbellsport Sportsman Club, assisted by DNR Warden Doug Bilgo.

Students must be 12 years old to enroll (or reach 12 prior to fall hunting season). There is no maximum age, and parents are also encouraged to enroll and participate.

Advance registrations are requested. Please contact Ken Stuart at 533-8470, or Bill Prost at 626-4686, or Rick Heisler at 533-4955 for details. The course fee is \$5.00 and covers all necessary materials. Students

must be accompanied by one parent on the first night of the course.

Persons successfully completing the course will receive a distinctive embroidered emblem and a hunter safety graduate certificate. The certificate is valid in lieu of a small game hunting license for one season and is a lifetime certificate required for hunting in many states and provinces. Young students certified will also be able to hunt and use firearms without parent or guardian presence at age 14 instead of age 16.

Classes will cover responsibilities of hunters, firearms safety in the home and afield, knowledge of firearms and hunting equipment, wildlife identification and management, marksmanship and outdoor skills.

Dr. Anthony Schlaefer of Campbellsport will conduct hunter vision screening tests for all students as a public service.

Eisner Scores 33 But Indians Edge Chilton

By Chuck Voge

The Kewaskum boys' basketball teams scored another clean sweep here Friday night by taking all three games from the Chilton Tigers. In the triple victory, the varsity barely won by a score of 71-70, and the freshmen and JVs by 52-42 and 63-53 respectively.

The winning basket for the varsity came, when with only two seconds left to play, Kewaskum center Ron Theusch came to the free throw line with the Indians trailing by one. Theusch played a hero's role by making good on both chances to put the Indians ahead, 71-70, and the rest is happy Indian history.

Starters for Kewaskum were Rohlinger, Theusch, Yahr, Steger and Coulter. High scorers for the Indians were Mike Coulter with 19 points and Tim Rohlinger with 17.

Prior to the opening tip the pre-game tension and excitement were magnified when the Kewaskum band played the Budweiser song and had the crowd at the edge of their seats before any basketball had even been played.

Another added attraction in the game was a "good old fashioned cheering and shouting match" between both student bodies that erupted in the final period. Here Kewaskum won again, as school spirit seems to be reaching new high levels at each home game.

In the first period the Indians outscored Chilton 16-14 with half of those points coming from Rohlinger. Two of those points stood out, however, when Todd Steger set a pick for Rohlinger, and after wiping his man off on the way in Tim put up another of his "soft, soft jumpers" from about 15 feet out. Steger added four of his own and Coulter and Yahr two apiece.

In the second frame the Indians outscored Chilton again, 19-14. Theusch was the big gun for Kewaskum, picking up 5 of his evening's total. Otto Ramthun scored a four-point play when he was fouled on a steal and lay up combo. Score at the half, 35-28 Kewaskum.

The Tiger giants, Bob Krupp at 6'6 1/2", Scot Bruckner 6'5" and Todd Eisner at 6'6" just weren't able to contain the MUCH MUCH SMALLER Kewaskum line up. Using a new strategy, coach Perry Koth had his team speed up the tempo of the game and they did just that. Also very noticeable was the way that the Indian offense operated. They didn't come down the floor and stall at 15 feet out as they have on many occasions in the past. They came down the court and didn't waste any time in shooting over the top of the GIANT TIGER ZONE. It was a good strategy and it worked well.

In the third period the Tigers gained a lot of ground as Indian shooting cooled off. They outscored Kewaskum 18-12 with all of their points coming from the floor.

As the fourth and final period started Chilton trailed Kewaskum by just one at 47-46 Indians. In the wild and frantic fourth period the lead changed hands on almost every trip up and down the floor. Neither team led by more than one or two points and the seven point halftime spread turned into a

real see saw battle.

Coulter did a lot of damage for the Indians in the period, scoring 8 points with Yahr adding another 6. Four of Coulter's points came on four straight successful free throw attempts, and that's quite a change for Mike at the line. His usual routine is to waste the first one getting the range and then sinking the second shot.

Both Rohlinger and Coulter went perfect at the free throw line, as the Indians made good on 17 of 19 attempts for an unbelievable free throw percentage of 89%.

High scorers for the Tigers were Todd Eisner the conference's leading scorer, with 33 and brother Mark Eisner 16. Todd Eisner made 15 or 17 field goal attempts. The Indians next home game will be on Jan. 31 against Kiel with tough road games in between, against second place Plymouth Friday and leading Two Rivers Tuesday.

Girls Win First in Kiel Makeup, Lose to Huskies

By Chuck Voge

The Kewaskum girls' basketball team came out on top in their make up game with Kiel Tuesday night, Jan. 14th. The game was originally scheduled for Jan. 9th, however, it was cancelled due to bad weather conditions.

It was the first EW Conference victory for the Indians and broke a three-game losing streak.

High scorers for the Indians in the 49-39 win were Jenny Hintz with 12 points, Jodi Yearling with 13 points and Lisa Fusek with 10. For the Raiders Brocker had 16 points and Wemecek and Weiskopf 5 apiece.

In the contest Kewaskum starter Lisa Fusek hauled down 12 rebounds, almost half as many as the entire Raider team.

The JVs won a 32-31 squeaker with Debbie Felix as high scorer with 10 points. The freshmen lost their first conference game, 37-23 after three straight wins. Cindy and Debbie Donath scored 15 and 8 respectively, which was all of Kewaskum's points.

Kewaskum — Fusek 5-0-4; Kober 1-0-3; B. Theusch 1-1-2; Schmidt 0-1-2; Schneider 0-0-2; Yearling 5-3-2; Vetter 3-2-2; Beck 0-0-0; Hintz 5-2-5; T. Theusch 0-0-0. Total — 10-9-22.
Kiel — Broecker 5-6-3; Wemecek 0-5-4; Kutz 1-0-0; Mueller 1-2-2; Weiskopf 2-1-0; Nikolaus 2-0-3; Robichaud 0-0-2; Keuster 0-1-1; Klauk 1-0-0; Laun 0-0-1. Total — 12-15-16.

New Holstein 40, Kewaskum 37

The New Holstein Huskies proved to be downright un hospitable on Thursday night, Jan. 16, by taking all three games from the Kewaskum girls' basketball teams.

The varsity lost by a score of 40-37 and the freshmen and JVs by 33-28 and 41-31 respectively.

High scorers for the Indians were Jodi Yearling with 17

points and Brenda Theusch with 8. For the Huskies Chris Wordell had 16 and Janet Steiner 8.

The Kewaskum girls had one of their best defensive efforts of the season when they held New Holstein scoreless until only 00:54 seconds remained to be played in the first period. Then the Huskies not only got on the board but scored six quick points to take a 6-4 first quarter lead.

In the second period New Holstein came to life and both teams battled their way to a 17-17 halftime tie.

Yearling scored twice from the floor in the period, once on a short base line jumper and again on a lay up. Theusch picked up four of her evening's total, two on a long jump shot from above the top of the key and two more at the free throw line.

The third period was a little less than dead even with a two point advantage going to the Huskies at 27-25 New Holstein. Both teams cleaned house in the turnover department and played some good offensive ball.

In the final period New Holstein came on strong and had Kewaskum down by 7 with only 1:32 left to play. Good shooting by Fusek, Hintz, Theusch and Yearling pulled the Kewaskum girls to within three before the final buzzer sounded but the effort was too little, too late. Final score 40-37 Huskies.

The girls next home game will be against Chilton on Thursday, Jan. 23 starting at 6:15 and 7:45.

Kewaskum — Vetter 1-1-2-3; Hintz 0-1-3-1; B. Theusch 3-2-2-8; Schmidt 0-0-2-0; Kober 3-0-2-6; Fusek 1-0-5-2; Yearling 5-7-2-17.

New Holstein — Steiner 4-0-4-8; Lautenschlager 2-0-1-4; Wordell 7-2-2-16; Hoffman 0-0-4-0; Rose 2-0-1-4; Jacobs 1-3-3-5; Turner 0-0-1-0; Bowe 1-1-3-3.

Indian Gymnasts 11th in Very Strong Green Bay Invitational

By Chuck Voge

The Kewaskum varsity gymnastics team traveled to the Green Bay invitational tournament this past Saturday, Jan. 18, and placed 11th out of the twelve schools that competed in the event. In doing so the Kewaskum girls had the opportunity to compete against some pretty heavyweight competitors from as far south as Nicolet to as far north as Menominee, Michigan.

Although the Kewaskum girls didn't finish very high they had the opportunity to compete against gymnasts that came from some very affluent areas such as Nicolet. Some of the girls that the Indian gymnasts competed against have been financed in private lessons by their parents since they were four and five years old.

They also had the benefit of having belonged to suburban

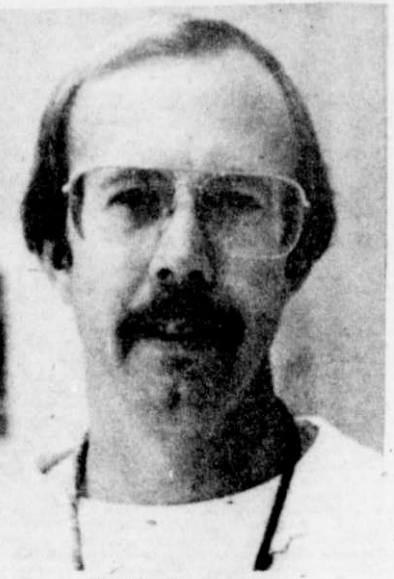

gymnastics clubs, and that's pretty stiff competition in anyone's book. Their next tournament is the Chilton Invitational on Saturday, Jan. 25th.

Tournament Results

1. De Pere - 109.775
2. Stevens Point - 109.475
3. Nicolet - 109.4375
4. Neenah - 102.2625
5. Kimberly - 101.0875
6. Wis. Rapids - 100.8125
7. Green Bay S.W. - 96.275
8. Green Bay East - 89.35
9. D.C. Everest - 87.025
10. Preble - 86.25
11. Kewaskum - 83.96
12. Menominee Mich. - 79.47.

Jack Dempsey fought only 138 minutes as world champion. During that time he made \$2,137,000— or \$15,000 per minute.

Amundson in 4th Year As Coach

Keith Amundson

By Chuck Voge

Kewaskum High School industrial education teacher Keith Amundson is presently in his 14th year as a coach in the Kewaskum system.

Amundson, of 1377 Lakeview Dr., West Bend, is coaching the girls' junior varsity basketball team through their 1985-86 season. Prior to this season Amundson coached 7th grade boys' basketball for 5 years and both freshmen and junior varsity girls for four years each. He has also coached in track at the high school level for 8 years.

Amundson is a 1968 graduate of Eau Claire Memorial High School. He received his degree in Industrial Education from the University of Wisconsin at Stout in Menomonee, Wis. in 1972. Amundson has no formal training in coaching and learned what he knows the hard way, "By Doing."

Amundson believes that sports in the high school help students to advance in ways that they are unable to in the classroom setting, that is PHYSICALLY, PSYCHOLOGICALLY and SOCIALLY.
