## Two Incumbents, Schmidt Win Village Posts Trapp, Horner Win School Board Race

By GERRY MUELLER  
Statesman Staff Writer

The good weather and the hotly contested Kewaskum Board of Education race apparently had some effect on electors as almost all polls reported a good turn-out for Tuesday's spring election.

### Use Caution When Burning

Seeing spring has once again arrived and we are having some nice weather it is once again that time of the year when people are cleaning up their yard of brush and other debris that has accumulated over the winter.

If you reside in an area where burning is permitted, please use caution when burning, making sure that conditions are right such as wind direction, wind velocity and distance from buildings and other exposures is adequate.

Also when doing work around the house and yard use extra caution when using the various power tools that are in use today.

Let's all work together to have a happy, safe and fire-free summer.

Thank you.  
Kewaskum Fire Dept.  
Don Ehnert, chief

Clara Trapp topped the field of four school board candidates receiving 993 votes, followed by former school board member Ralph Horner with 778, Ruth Schmitt 728, and Donald Nowak last with 518 votes.

Trapp and Horner will fill the two posts of incumbents Lynn Dieringer and Neal Weare who were defeated in their attempts for re-election in the February primary election.

A breakdown of the voting by township shows the Village of Kewaskum giving Trapp 223 votes, Horner 162, Schmitt 237, and Nowak 155. In the Town of Kewaskum, Trapp 128, Horner

99, Schmitt 93, Nowak 78. Town of Barton, Trapp 12, Horner 17, Schmitt 34, Nowak 17. Town of Farmington, Trapp 260, Horner 230, Schmitt 226, Nowak 140. Town of Wayne, Trapp 153, Horner 119, Schmitt 50, and Nowak 67. Town of Auburn, Trapp 88, Horner 50, Schmitt 47, Nowak 37. Town of Scott, Trapp 128, Horner 101, Schmitt 41, Nowak 24.

There were no votes cast in the townships of Ashford or Mitchell.

In the four-man race for three seats on the Kewaskum Village Board, incumbents Howard Laubenstein and Thomas McElhatton retained their positions. Former village board member Richard Schmidt defeated newcomer Gary Moody to win the third post, vacant as the result of Trustee Donald Mlodzik's decision not to seek re-election.

Laubenstein received 358 votes, McElhatton 343, Schmidt 289, and Moody 167.

In the Washington County Board of Supervisors contest, District Eleven incumbents Norbert Dettmann was defeated by challenger Hilbert Scheunemann, 262 to 224. In supervisory districts No. 9 (Town of Wayne) and No. 10 (Town of Kewaskum), Harold Westerman and Daniel W. Stoffel were re-elected without opposition, respectively.

Unusual shorts and shirt sleeve 75 degree weather made the Easter Egg Hunt a big success on Saturday at River Hill Park. The American Legion, Robert G. Romaine Post 384, boiled and colored six cases of eggs [over 2,000] on Friday morning for the event. They also handed out 16 boxes [384] of candy marshmallow Easter eggs. The older children ages 7-9, hunted eggs on the east side of the river, while the smaller ones, ages 6 and under, searched on the west side of the river in the park.

## Walter's, Southern Mills Carpet Businesses Merge

Leonard V. (Bud) Walter and Steven A. Walter of Walter's Carpet Gallery Inc. and Joseph C. Mrazek, Sr. of Southern Mills Carpet Inc., announce the merger of the two floor covering sales and installation businesses. The merged companies will operate as Walter's Carpet Gallery Inc.

At the time of the merger, the operation of Walter's Carpet Gallery Inc., now located at 7003 Hwy. 144, West Bend, will expand to the Southern Mills location at 5469 Hwy. P (old Hwy. 45) south of West Bend and will carry the Walter's Carpet Gallery Inc. name.

The new location will offer an expanded product line of carpeting, ceramic floor and wall tile, inlaid no-wax vinyls, hardwood flooring and vinyl floor tile representing additional quality brands, enlarged professional installation services and a greater variety of floor care products. The Walter's stated that they will service all of the installation warranties of Southern Mills.

The present Walter's Carpet Gallery located at 7003 Hwy. 144 NE, will continue operations as a carpet and vinyl remnant and mill end outlet featuring odd-sized carpeting, vinyl remnants, roll-ends and factory cutoffs from some of America's major carpet and vinyl manufacturers at popular outlet prices. The store will feature residential, commercial and recreational carpeting and vinyl products. This store will be known as Carpet Remnant World.

Steven Walter will be the president and chief operating officer of both stores. Steven will manage Walter's Carpet Gallery at 5469 Hwy. P, while Bud will supervise Carpet Remnant World at 7003 Hwy. 144NE.

The Walter family has served the Washington County area

since Bud came to West Bend in 1949 to work for a local furniture store. Bud operated Walter's Furniture on Division (now Washington) St., later operating at 134 N. Main St. in downtown West Bend. In 1970 the Walters moved to their present location concentrating on the sale and installation of carpeting and vinyl floor covering. Steven joined his father in 1972 after graduating from the University of Wisconsin-Madison and has been responsible for the expansion of Walter's Carpet Gallery.

Mrazek is the owner-operator of Mrazek-Rudan Floor Covering, Racine, Wis., one of Wisconsin's largest and finest floor covering stores.

The newly enlarged Walter's Carpet Gallery will offer to the public and builders major brand floor and wall covering products at competitive pricing, while continuing the 37 year history of customer service and satisfaction.

Prior to the May 1st merger, both Walter's Carpet Gallery and Southern Mills will be holding pre-merger sales events offering special bargains to the carpet, floor and wall covering buyers.

## Friends for Battered Women of County Seeks Building for Domestic Abuse Victims

Friends for Battered Women of Washington County, Inc. is actively searching for a large house or other building located in the City of West Bend suitable to be used as a shelter for domestic abuse victims.

Within 30 days it is planned to have narrowed the search for a shelter to three options. The FBW Board of Directors will then select the shelter.

The agency has received a grant totaling \$108,500 for 1986-1987 to open a domestic abuse shelter. (Most of that amount is budgeted to cover salaries of employees).

Your help is needed in locating a suitable shelter facility.

Space is needed for:

12 beds (75% are likely to be children of clients: there can be more than 1 bed per room).

Storage area for clients' belongings, food, supplies, etc.

Kitchen (to serve at least 12 people at once)

Facilities for food preparation Laundry

Bathroom facilities including toilets, showers, baths, etc.

adequate for 12 residents, staff and visitors

Office space for 6 to 8 employees (including area for conducting counseling for clients on an individual basis)

Living room(s)

Playroom(s) - nursery

Visiting area

Space for outdoor recreation

Garage, if possible

Parking space adequate for 12-15 cars.

The State of Wisconsin DILHR health and safety codes for buildings of this type must be met. The grant includes a limited sum for bringing the shelter into compliance with such codes.

It would be an advantage if the property did not have to be rezoned - as it is planned to open the facility this summer.

Opening a shelter will enable the agency to expand and improve Friends for Battered Women's services. Those services include a 24 hour crisis line, one-to-one counseling, legal advocacy, support groups, sexual assault advocacy, public education, and provision of safe homes for domestic violence victims.

Please let Battered Women know as soon as possible

whether you know of any buildings in the City of West Bend which would be suitable for use as a domestic abuse shelter.

Volunteers are also needed to serve on the Shelter Committee. Please tell the agency whether you would be willing to do so.

As this project progresses, the following additional types of help from the Washington County community will be needed:

Volunteers for the crisis line, fixing up the building, transporting clients, office work, telephoning, writing the newsletter, etc.

Donations of items to stock the shelter such as furniture, dishware, appliances, food clothing.

Contributions of funds to help support FBW.

Any help you can provide will be deeply appreciated.

Knowing how the Washington County Community supports the services which "Friends" provides, it is felt you will be concerned and anxious to respond to this need. Please contact Sara Johann at 334-5598 as soon as possible.

If you are not heard from by April 8th someone from the office will be calling you regarding this vital issue.

"So many things to fit into our budget, retirement was the last thing we saved for. Our Valley IRA is fixing that."

### Get the tax shelter you need, and turn taxes into savings with an Individual Retirement Account at Valley Banks.

Even though your family's doing great, it's hard to make your budget cover everything. What you really need is a tax shelter now and an investment plan for your retirement. Now, you can get both with a Valley IRA, which, if the two of you are working, lets you take \$4,000 off your taxable income each year. No taxes until you actually use your money at retirement.

That's why we offer special rates on Certificates of Deposit just for your IRA.

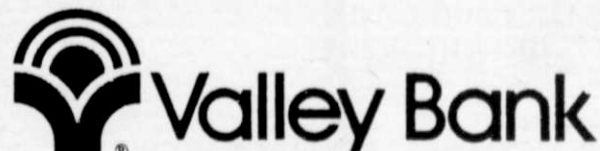

**Build your IRA easily, automatically**

Starting your IRA early in the year is the best way to assure yourself of maximum savings at tax time. For as little as \$25 a week, you can start building your IRA easily, painlessly with automatic transfers from your Valley Checking account into your Valley IRA.

**Check out our preferred rates on CDs**

At Valley, we know the importance of Insured Deposits in building a sound IRA investment plan.

Fitting an IRA into the budget is a smart move for a young family today, for it's a tax shelter now and an investment plan for the future.

## LETTERS TO THE EDITOR...

3/3/86

Editor: Kewaskum Statesman

By the time you read this letter, the election for Kewaskum School Board will be over and hopefully the pre-election rhetoric.

It's puzzling sometimes, when I hear comments about the letters to the editor, and how the board doesn't listen to the taxpayers. Unfortunately, the letters contained more fiction and gossip, than fact and reality, and most people are willing to believe the many innuendos that were in the letters.

I believe the board has listened to the people that were at last year's annual meeting, who wanted lower taxes. In February the present board voted to set a goal of 3 1/2% increase on the tax levy. This board also suggested to the administration to try for a minimal increase in the budget. I know that this is a step in the right direction.

Even though there is disagreement on how to cut the budget, we must all have respect for each other's opinions, and continue to work together for the welfare of our children.

I understand that the school tax is a burden on some people and I sympathize with them. However, as a school board member, my first responsibility is to see that the education of our students is the best possible.

During their campaigns, all four candidates were critical of the current board's decisions. It seems to me, they only sought out negative items and distorted the facts when making any comments.

In the aftermath of the election, it's difficult to understand how the two new members, who ran negative campaigns will be able to work together with the existing school board.

During my nine years on the board, I've learned that one must work with people who have different opinions. I would hope that the two new members, whoever they are,

will show a spirit of cooperation, a positive attitude and work with the remaining five members to continue the progress we've made in the past year.

I stand behind the decisions the school board has made to meet the goals that were set. We must continue to make the best, not always the easiest decisions that will be good for both our students and this community.

Sincerely,

Jean E. Goeden  
Member of the  
Kewaskum School Board

### April Proclaimed As Motorcycle Safety Awareness Month

The 1986 motorcycling season is officially underway, launched this week by Governor Anthony S. Earl in a proclamation declaring April to be Motorcycle Safety Awareness Month in Wisconsin.

The month will mark the opening of rider training programs across the state, and will be observed at open houses at many of the Vocational Schools which will offer cycle instruction this summer, as well as at many dealerships across the state.

Ronald Thompson, motorcycle safety program manager for the state Department of Transportation, said training courses are scheduled in April to update motorcycle course instructors and to train about 30 new instructors for the 1986 season.

Cycle training will be offered at 36 locations across the state, sponsored by the 16 Vocational, Technical and Adult Education districts, the Port Washington Police Department, and two high schools in the Milwaukee area.

Thompson said 1,452 beginning riders enrolled in the training courses last year, and about 1,800 will be trained during the 1986 season.

Other new programs on tap for 1986 include a new motorcycle skill test which will test cyclists in traffic instead of on off-street sites. The Motorcycle In-Traffic (MIT) test will be offered as the standard skill test in all Division of Motor Vehicles driver licensing

districts.

Governor Earl's proclamation focused on motorist awareness as a key factor in enhancing motorcycle safety. Thompson said 90 cyclists were killed in traffic crashes last year, the lowest annual death toll since 1977 when 68 cyclists were killed. The highest motorcycle death toll on record was 1980 when 124 fatalities were recorded.

counties of the Archdiocese of Milwaukee. The greatest number of requests came from Fond du Lac and Dodge counties.

Response of those receiving a loan range from "glad to get any help we can" to "we understand that there is only so much money to go around but we are grateful for any help we can get."

### SNO-CHIEFS SAY THANKS TO LANDOWNERS AT PARTY

On March 29, the Kewaskum Sno-Chiefs held their annual "Landowners Party" at the Amerahn. The evening started with a buffet supper, followed by music and dancing.

Many landowners and club members enjoyed the party geared at showing appreciation from the Sno-Chiefs for the use of their land. Without these people, snowmobiling would be impossible to enjoy.

We hope everyone had a good time. Again "landowners" a sincere thanks.

**THE TRUTH ABOUT HERB**

**BY STATE SENATOR SUSAN ENGELEITER**  
[R-Menomonee Falls]

The national media has been poking fun at a small town guy from Wisconsin. His name is Herb, who hails from South Bexley, Wisconsin, population 45.

Herb was being called a nerd. Why? Because he has never visited a Burger King. That startling fact led to a nationwide search for Herb, who was later found and given a media tour of America by the folks at the hamburger chain.

But an absence of Whoppers does not a nerd make. I've looked into Herb's life. I've known a lot of other people just like him. He is a good person, a stout midwesterner, a man of virtue. South Bexley is Wisconsin's Lake Wobegon, a place the fast-food world forgot and time has not improved.

It's true, as Burger King publicists maintained, that Herb has led a quiet life. His mother was a gardener and his father the only pea viner in South Bexley. Herb has never seen a punker or a surfer.

A Whopper isn't the only food he hasn't tried. He's never tried pink tofu or sprouts, either. He was brought up mainly on good Wisconsin dairy products and his mother's homegrown vegetables with an occasional piece of beef raised locally by farmer Walt Bexley, whose paternal grandfather built most of the village of the same name.

That doesn't make Herb a nerd. That makes him healthy.

Herb has enjoyed some of the finer aspects of life in Wisconsin. He has cheered for the Milwaukee Brewers and backed the Bucks. He has been known to partake of Wisconsin's own delicacies of beer and brats. He has spent his summers in the great outdoors of Northern Wisconsin where he savors Friday night Fish Boils.

Today, it's difficult to tell who the true nerds are. Are they America's small town folk who've never known life in the fast lane or the fast food chain, the folks who have never lost touch with the earth and continue believing in neighborliness and love, qualities that grow best in quiet places?

Or are they the urban throngs suffering from indigestion, stress, two-minute lunches and surly dispositions toward people because there are simply too many of them?

And who is to say that South Bexley, Wisconsin is a worse place than New York or Los Angeles? Should we ask all the urban sophisticates who spend their Saturday nights listening to tales from Lake Wobegon?

The truth is that the East Coast and West Coast come up with most of the new trends in America, being the ports of entry for the influence of Europe and Asia, respectively. That makes them trendy.

But it is in the Midwest, in little hamlets like Bexley, that the best of those new ideas -- the ones able to survive the journey inland -- take root and are nurtured. Without the Midwest, and without people like Herb, America would be an unstable place, a place without lasting values, a nation in danger of getting lost in its fads.

No, Herb isn't a nerd because he comes from a small place and because fast food has never passed his lips. He's the kind of guy there should be more of.

I only hope that all his new-found fame doesn't spoil him.

**New Haemophilus Influenza Type B Vaccine Licensed, Now Available**

A new vaccine to protect against Haemophilus influenzae type b disease was recently licensed by the Food and Drug Administration. Haemophilus influenzae b, is a major cause of childhood bacterial meningitis which in turn can result in mental retardation, hearing loss and seizures in up to 50 percent of the 12,000 children affected each year. Death occurs in 5 percent of individuals with meningitis caused by Haemophilus influenzae type b. Other complications of the illness can include epiglottitis, (inflammation of the throat that restricts breathing), pneumonia, and arthritis.

According to the Washington County Community Health Nursing Service, Haemophilus influenzae b, is not a flu virus, but rather a bacteria which is transmitted among children much like the common cold, with younger children in day

care centers at highest risk. This disease can be treated with antibiotics, but some strains are resistant to the commonly used antibiotics.

The vaccine is recommended for use in children two years of age through five years, although highest priority should go to younger children and children in day care centers. Children 18-23 months of age in day care centers can also receive the vaccine, however, the protective level is not as good as in older preschoolers. The vaccine is not recommended for children under 18 months. Side effects of this

vaccine are fewer than one percent, usually a mild fever for less than 24 hours.

**Questions and Answers**

**Q. What is Haemophilus influenzae b (Hib) disease?**

A. Hib disease is the most common cause of bacterial meningitis (inflammation of the membranes around the brain) in children below six years of age. This condition can result in mental retardation and other neurologic disorders such as paralysis, seizures and loss of hearing. The illness can also cause a variety of other problems such as inflammation of the throat (resulting in possible suffocation), pneumonia, and arthritis. The disease is fatal in five percent of cases.

**Q. Is Hib disease a type of influenza (flu)?**

A. No. This disease is not caused by an influenza virus at all, but is actually caused by bacteria. It was misnamed in 1892 when it was mistakenly thought to be associated with an influenza outbreak at that time.

**Q. How is the illness spread?**

A. It is spread from person to person by tiny droplets given off through the nose and mouth.

**Q. How common is Hib disease?**

A. Haemophilus influenzae b is most common in children under six years of age. In Wisconsin, approximately 100 cases are reported each year. Estimates for all the United States indicate 12,000 cases occur annually.

**Q. Who is at risk?**

A. Generally children below six years of age, especially younger preschoolers and those in day care centers. The risk of Hib disease decreases after five years of age. This is because most children have developed antibodies by then and are protected. Current U.S. estimates indicate that Hib attacks one out of 200 children before they reach five years of age.

**Q. Is Hib preventable?**

A. Yes, a vaccine against Hib disease was licensed in 1985.

**Q. At what age is the vaccine recommended?**

A. Generally the vaccine is recommended for children two years through five years, with increased emphasis on immunizing younger children (who are at greater risk of illness) as well as children in day care centers. The vaccine may be given to children 18-23

months, especially those in day care centers, however, it is not as effective as in older children and a booster may be needed at a later date.

**Q. Is the vaccine safe?**

A. Yes. Fewer than one percent of immunized children develop a fever greater than 101°F. Most reactions are mild local reactions, or low grade temperatures within 24 hours of the immunization.

**Q. Is the vaccine effective?**

A. Yes. In vaccine trials, 90% of children 18 months of age and older developed protective antibody levels.

Haemophilus influenzae type b (Hib) vaccine is available at the regularly scheduled immunization clinics offered by the Washington County Community Health Nursing Service in West Bend, Germantown and Hartford. There is a charge of \$7.00 per dose of Hib vaccine.

For further information, call the Washington County Community Health Nursing Service at 338-4462, 644-5204 or 342-2929.

**Engleiter Honored by West Bend Savings for 25 Years of Service**

**Naomi R. Engleiter**

The officers and directors of West Bend Savings and Loan Association and its Financial Resource Group expressed their congratulations to Ms. Naomi R. Engleiter for 25 years of service at a reception held in her honor on Tuesday, March 19, 1986 at the West Bend Country Club.

Engleiter, Senior Vice-President and Corporate Secretary of the Association and President of Citizens Financial Service Corporation, began her career with West Bend Savings in 1961 after graduation from Kewaskum High School. Her first assignment was as a Savings Teller.

Today Engleiter is one of the few senior women executives in the West Bend area. She has held a wide variety of posts at West Bend Savings over the past 25 years and, at one time or another, has supervised almost every department within the Association.

In 1968, after serving as a teller for over 6½ years, she was promoted to an Assistant Mortgage Loan Officer. Two years later she was named Assistant Secretary and Loan Officer responsible for FHA loan processing and administration. In 1971 she was promoted to Assistant Vice-President and

Assistant Mortgage Loan Department Manager.

In 1974 Engleiter switched to a completely new supervisory

area and was named Corporate Secretary and Branch Coordinator. She was named Vice-President in 1979 and accepted additional duties which included the supervision of all service corporation activities, secondary market operations and the Association's personnel section. Her promotion to Senior Vice-President and Corporate Secretary came in 1980 at which time she was made responsible for the direct supervision of the mortgage loan department. When the Association developed its commercial lending division in 1983 it was placed under Engleiter's supervision.

The Association restructured its operating culture in 1985 into a sales and administrative format, and Engleiter was named to the executive group responsible for managing the Association's real estate investments, special projects and secondary marketing. Also in 1985 she was named President and Chief Executive Officer of Citizens Financial Service Corporation, a wholly owned Association subsidiary that has controlling interest in Realty World - West Grove Realty, Inc. in West Bend; Realty World - Wisconsin Real Estate, Inc. in Beaver Dam; Citizens/Weis Corporation; CFS Appraisal Division; CFS Maintenance Division; and A.C. Larson & Co.

Insurance.

Engleiter is a member and past president of the West Bend PACE unit, a former board member of the American Red Cross, a current member of the West Bend Fire and Police Commission, and a former officer of the Washington County Republican Organization.

Starting in March, customers of Wisconsin Electric Power Co. and its subsidiary, Wisconsin Natural Gas Co., are once again being notified of the opportunity to participate in the stock plan.

Customers can buy WE common stock in small amounts without paying brokerage fees. Presently, more than 365,000 shares of common stock are owned by customers, representing almost a \$12 million investment in Wisconsin.

"The plan allows our customers to become more involved in the companies that provide them with electric and natural gas service," said Charles S. McNeer, WE chairman of the board.

Since the plan has been extended through 1987, information is again being sent to WE and WN residential and farm customers with utility service bills. The mailings began March 19 for WE customers and started April 1 for WN customers.

"Investments may be as small as \$25 or as large as \$3,000 a month," McNeer pointed out. "Investments do

not have to be made on a monthly basis—they can be made only once, every month or occasionally."

He said the customer receives a stock ownership statement each time a purchase is made, and dividends are reinvested automatically in additional shares of common stock.

The stock for the program consists of existing shares purchased in the open market. No new shares are being issued.

To find out more about the plan, customers may call 277-2100 in the Milwaukee area or 800-242-9686 in other areas of Wisconsin. WE's Michigan customers may call 800-558-9663.

## 25 Years Ago

March 31, 1961

Kewaskum's third annual Dairy Day program sponsored by the Business Association last Saturday at the high school drew a record crowd and was a tremendous success. Crowds estimated at between 2,000 and 3,000 persons attended the event. Over 600 persons were on hand to be served the free noon dairy lunch in the cafeteria, which opened the day's program. Two of the many highlights were the presentation of Kiwanis conservation awards and the crowning of the dairy queen. Ed Hawig and Allen Reindl, Kewaskum area farmers were presented conservation award plaques by Ernest Mitchell, Kiwanis club president. Miss Elaine Bruessel was selected as Kewaskum Dairy Queen of 1961 in a penny ballot and she was crowned by Miss Wisconsin. Miss Bruessel, a senior in Kewaskum High School, is a daughter of Mr. and Mrs. Clarence Bruessel, Route 2, Kewaskum.

The village board of Kewaskum has granted the Milwaukee Gas Light Company an exclusive franchise to distribute and serve natural gas in the Village of Kewaskum. On April 3, 4 and 5 six market research interviewers from the Milwaukee Gas Light Company will be in the village interviewing the residents. By doing this, interviewers will get an indication of the number of residents interested in the future use of natural gas, when they would desire service, and for what appliances the fuel would be used.

High winds, between 30 and 40 miles an hour, with gusts up to 60 miles an hour, which swooped into this area Monday afternoon and evening caused some damage. At the Fair Variety Store in this village, a plate glass window was shattered, when a door, caught by the force of the wind, blew against it. On the Elroy Pesch farm in the Town of Auburn, northeast of New Fane near St. Matthias Church, a wooden silo was torn loose from its foundation by the twisting wind. The silo landed partly in the farmyard and nearby highway, with parts of it blowing across the road.

Raymond J. Goss, West Bend, was not injured Saturday evening when the light Stearman Navy-trainer bi-plane he was flying developed engine trouble and he landed the plane on the John Youngbauer farm a half mile east of Boltonville.

Daughters were born to Mr. and Mrs. Wilmer Felten, Route 1, Kewaskum, on March 23; to Mr. and Mrs. Leslie Ostrander, Route 1, Kewaskum, on March 24, and to Mr. and Mrs. Ivan

## 50 Years Ago

April 3, 1936

Actuated by the same high minded, patriotic motives, which have always prompted their efforts, a group of our leading business and professional men have signified their willingness to give of their time and money to promote a campaign of economic education to improve the general welfare and development of Kewaskum. Communities do not stand still. They must prosper and progress or suffer and decay. Every resident of Kewaskum should be vitally interested in its future. What will be the future of Kewaskum? The answer depends upon the degree of success which this campaign enjoys.

Election of village officials will be held next Tuesday, April 7, in the village hall. Following are the candidates on the village ballot: President - A. L. Rosenheimer, Jr.; Treasurer - John Marx; Clerk - Carl F. Schaefer; Assessor - Joseph Mayer, Frank Quandt; Trustees - Walter Belger, Bernard Seil, John Van Blarcom, Arnold Martin; Supervisor - Emil C. Backhaus. There are no candidates on the ballot for Constable and Justice of the Peace.

Confirmation will be administered to a class of six at the Peace Evangelical Church next Sunday, Palm Sunday, by the pastor, Rev. Gadow. Those to be confirmed include: Frederick Buss, Marlin Dreher, Curtis Romaine, Oliver Petermann, Russell Belger and Harold Manthei.

The sportsmanship trophy, which is awarded to the city or village showing the best sportsmanship throughout the season in basketball in the Land o' Lakes league each year, has been awarded to Kewaskum this year, according to the league director.

Thousands of sea gulls moved

in from Lake Michigan the last few days to feed on dead fish that smothered in lakes in this vicinity, including Long Lake, Mud Lake, Moon Lake, Round Lake and Lake Fifteen. It is the first time that any number of these birds have been seen so far inland. It is thought that nearly all, if not all of the fish in Moon Lake, in the Wild Life Game Refuge, perished, as the shore was lined with bass, pickerel and smaller fish. Some of the pickerel found weighed as much as 15 pounds. Death of the fish was due to the intense winter, when the ice froze unusually deep and the fish smothered from lack of oxygen.

Mr. and Mrs. Harold Mehring of Port Washington are the proud parents of a baby boy which arrived on April 1st. He will receive the name Richard Edward. Mrs. Mehring is better known here as Margaret Miller, daughter of Mr. and Mrs. Edw. F. Miller of this village. A baby boy arrived at the home of Mr. and Mrs. Walter Meilahn of the Town of Kewaskum on March 27.

Rev. Motzkus, who has been pastor of the Ev. Luth. church in Dundee, since 1896, has resigned his pastorate and will leave for his new field of labor in the western part of the state, within a week or two. Rev. Greve of Kewaskum will conduct services until another pastor is appointed.

Otto Luedtke of Kewaskum has bought a Model - T Ford touring car. Mr. Luedtke is an up-to-date practical young farmer, having only last summer put up a new dwelling house with all modern improvements.

Joe Eberle and Barney Demarest killed the former's pet bear last Monday. Mr. Eberle will serve a bear lunch tonight.

Geo. Reindl last Monday purchased the Henry Rummel farm near Kewaskum, consisting of 120 acres for \$13,500, including personal property.

Papers were drawn up Tuesday whereby Fred Martin purchased a half lot of Mrs. Aug. Wagner on lower Main Street.

### Credit Card Scheme Still Around County

There's no doubt that the outfit that is trying to bilk county residents by obtaining their credit card numbers, and then use the numbers to make unauthorized charges on the accounts, is still in operation. They recently tried the scam on a county resident...who happened to be a sergeant on the Sheriff's Department!

According to Sheriff Clarence A. Schwartz, the calls are being made from the west coast. It is not known how the con artists select phone numbers. In this case, the woman making the call hung up in the middle of the conversation after the deputy tried to stall her for more specific information on who was behind the scheme.

They told the sergeant that he had won his choice of a micro-

wave oven, a stereo system, or a free vacation. The woman said that his credit card number was needed to "verify the prizes," according to the sheriff.

Based on this report and others received by the Sheriff's Department, the persons making these calls do not waste any time if they suspect something is amiss or if they do not get total cooperation from their target. They hang up and try again with someone else.

"It would be nice if they would try again in the area and a resident would tell the caller to pass the word to his or her boss that they might as well give up making any progress in Washington County. They can tell the con artist that the local Sheriff's Department has been issuing press release and radio announcements regularly and that everyone knows about what is going on," the sheriff remarked.

### Tax Tips...

#### COMMON ERRORS

[Seventh in a series]

Each year there are somewhat predictable errors which account for the slower processing of tax returns. The Internal Revenue Service has compiled the following list of common errors:

-Missing Signature. Make sure the return is signed. If it's a joint return, both spouses must sign.

- Incomplete Schedules and Forms. Make sure all lines entries are made on all forms and schedules.

- Missing Forms and Schedules. Attach the neces-

sary forms and schedules to the return before mailing. Form W-2 is the most common missing form.

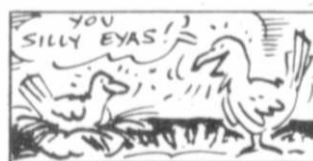

- Math Errors. Double check your math.

- Wrong Tax Return. (Forms 1040, 1040A, 1040EZ). Be sure you qualify to use the return before filing.

Taxpayers should carefully read the instructions and review their returns before mailing them to the service center.

# Girls, Boys Basketball Awards Banquets Held

The girls' and boys' basketball award presentation banquets were held recently at Kewaskum High School.

Girls' coach Milt Dickens recognized his three senior starters, Jodi Yearling, Brenda Kober and Lisa Fusek, all of whom earned their third letters. Yearling was the top scorer on the team with 181 points in 16 games for an 11.3 average. She also led the team in free throws, hitting 53 of 89 attempts. Fusek was tops in rebounding with 100, 37 offensive rebounds and 63 on defense. Kober was second in assists with 26, one behind Brenda Vetter, and she also was runnerup in steals with 35.

Yearling was the Indians' only representative on the Eastern Wisconsin Conference's all-conference second team. Fusek had the top field goal percentage, 44 percent, by hitting 60 of her 137 attempts.

Although the girls finished sixth in the conference with a 3-9 record, Coach Dickens said they never gave up. He said he was anxiously looking forward to the team returning to Class B next year.

Eight other girls, six juniors and two sophomores, were awarded letters, namely Michelle Beck, Jenny Hintz, Terri Schmidt, Lisa Schneider, Tracy Theusch, Brenda Vetter, Brenda Theusch and Debbie Felix.

The JVs were 6-6 in the conference and 7-12 overall. Kristie Kougl led the team in scoring with 105 points. They were coached by Keith Amundson. The freshmen, coached by Michele Wiedmeyer, wound up 5-5 and 6-8. Jenny Schneider was scoring leader with 129 points including a school record 31 in a game with Plymouth.

At the boys' banquet on March 25, Coach Perry Koth said his team played well even though it doesn't show in their record. The Indians ended up 4-8, good for fifth place in the conference and 8-13 overall. It was a senior dominated team.

Highlights of the season were victories over Chilton, which went on to win the Class B state championship, and Mayville, co-champions of the Flyway Conference. Koth said his team showed marked improvement as the season went on after a slow start.

Koth praised Todd Steger, the team's best defensive player, who had 54 steals, and the top rebounders, Mike Coulter (171) and Ron Theusch (136). The team had five different players who scored 20 or more points in a game, namely Tim Rohlinger, Steger, Bob Yahr, Theusch and Coulter.

Steger and Yahr shared MVP honors and Yahr was also named senior captain and received the Dedication Award.

Besides his steals, Steger scored 194 points, an 11.6 average, and led the Indians with a 51 percent field goal percentage. Yahr led the team in assists with 54 and scored 243 points, and 11.5 average.

Otto Ramthun was named Mr. Hustle. Don Menzel had the best free throw percentage, 83 percent, by hitting 29 of 35 attempts. Coulter led the team in scoring with 249 points.

Other letterwinners include juniors Bruce Troeller and Mark Schlosser.

## Leong Starts 9th Year As Track Coach

Coach Leong

By Chuck Voge

Kewaskum's head girls track coach, Denise Leong, is starting her ninth year as a coach in the Kewaskum track program, and from the look of things this could be one of Leong's best years ever.

After three meets in the young season Leong has coached her girls to a perfect 3-0 record, and none of the scores have even been close to date.

Leong and her husband, John Koll, live in Horicon. She is a graduate of Washington High School in Milwaukee, and also a 1974 graduate of the University of Wisconsin - Milwaukee, where she received her degree in English and history.

Leong has no formal studies in the field of coaching, however, she did receive her degree in coaching from the school of hard knocks and bumps by spending five years as a track coach in the middle school before moving up to the high school level.

When asked about her most memorable moment in coaching, she responded with, "all of the moments when the girls felt successful and happy." Her hobbies are running, talking, skiing and traveling.
