Parade to Feature Several Bands, Many Other Units

Annual Picnic Here This Weekend

The annual Kewaskum Firemen-Legion picnic will be held in River Hill Park this Saturday evening and Sunday, July 12 and 13.

The park opens at 6:00 p.m. Saturday. Water fights this year are scheduled for Saturday evening at 6:30 o'clock with many surrounding fire departments competing. Live music will be supplied in the beer garden by Gypsy from 7:30 to 11:30 p.m. All of the rides, refreshment and good stands will be in operation.

Starting off the festivities on Sunday will be another excellent parade, one of the best in the area, at 12:00 noon sharp. The parade, always one of the highlights of the event, will feature several marching bands and a drum and bugle corp, including the Wisconsin Lutheran Adult Band, the Top Hats Drum and Bugle Corp,

Hartford City Band and Kewaskum High School Band.

The parade will again be led by the Milwaukee Civic Riders Motorcycle Club and also feature the Georgie Girls baton twirlers, plus dance bands riding on trucks, beautiful floats, novelty and military units, drill teams, children's specialties, comic and clown entries, clubs and organizations, visiting fire departments with equipment, Legionnaires, antique cars, riding horses, and many, many more units.

The theme of this year's parade is "A Salute to Miss Liberty." The parade will form at the high school campus and adjacent streets, from where it will proceed to the park. All participants should be present to line up no later than 11:30 a.m. Prizes will be awarded for the best floats and children's specialties.

Immediately following the parade there will be performances by some of the musicians in the park. There will be continuous music in the afternoon and evening. On the bandstand music will be by the Buchel's/Joey Class Orchestra from 1:00-5:00 p.m. and Annie and the Playboys from 6:00 - 10:00 p.m. In the beer garden music will be the Bill Thull Orchestra from 1:30 - 5:30 p.m. and "LP" with Brian Merlin (formerly of Ukiah) from 7:30 - 11:30 p.m.

Tickets are on sale for numerous cash and merchandise prizes to be given away. They can be purchased from any Fire Department or Legion member, some business places and in the park.

Attend the Kewaskum picnic for a weekend of fun and entertainment, good food, refreshments, games and rides.

Grass Clipping Problem Shows Some Improvement

No Parking Restrictions for This Year's Fire Department Parade

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Village Board Monday night heard a request by Robert Kirst that it approve temporary parking restrictions along the route of the annual Fire Department parade.

Kirst presented a petition asking the village to prohibit parking of cars along the route from 11:00 a.m. to 2:00 p.m. He based his request on his observations of a parade he attended last year in Wisconsin Dells. He said the request was not made for the benefit of residents along the route but rather to open the road up for the parade's participations and viewers. Many of the units, such as the bands and the Civic Riders Motorcycle Club, could

use the extra room as well as allowing viewers to set up chairs along the curb to watch the parade without cars in the way.

Kirst noted he had observed in the past that, no one sits in the cars because it is usually too hot and people end up standing along the parade side of the cars for a better view which results in taking away more room from the parade. It would also be an increased safety factor for the children who in the past, would run out to pick up candy thrown from the various floats.

While the board agreed with Kirst's idea, it felt it was too late to put such a plan into effect for this year's parade since alternate parking and a plan to barricade the parking

spaces would have to be set up. Kirst agreed, noting he should have come to the board with the plan much earlier. He asked, however, that the trustees consider the idea for next year's parade. "Kewaskum puts on a good parade and I think this could make it even better," said Kirst.

In other action the board approved the replacement of the wooden dam railing at a cost of \$3,600. Due to constant vandalism and deterioration of the wood, the board accepted the recommendation that the new railing be made of two-inch pipe. It's a shame that we have to do away with the wood railing, noted Trustee Mary Krueger, it fit in with the

Lack of Quorum Cancels Meeting

By GERRY MUELLER
Statesman Staff Writer

According to District Administrator Penny Kleinhans, there were five important items on the agenda for Monday night's meeting for the Finance-Transportation-Buildings and Grounds Committee but, after twenty minutes of waiting, only one of the newly appointed members was on hand to conduct business.

Because the administration had been informed that one or two of the five-member committee would be absent, former chairman Perry Ankerson had been enlisted on a last-minute basis to attend the meeting in an attempt to assure the needed quorum for any voting. However, after the lengthy wait by a half dozen citizens, administrators, the media, and Chuck Johnson of Johnson Bus Ser-

vice, Ankerson called the meeting off and instructed Kleinhans to place the items on the agenda of next week's school board meeting.

Among the subjects which were to have been discussed were the bussing bids, a wheel chair lift for Kewaskum Elementary, walls at Farmington Elementary, evaluation reports on the underground storage

Krazy Daze

Friday, July 18

The twenty-fourth annual Krazy Daze sidewalk sale, sponsored by the Kewaskum Area Chamber of Commerce will be held Friday, July 18. The big event of the year runs from 8:00 a.m. to 8:00 p.m. and features super discounts and special buys.

On Krazy Daze everybody gets in the act of either selling or buying. Merchants, clubs, churches, organizations and individuals set up their stands on the sidewalk or on lots in the village as well as offer sizeable discounts in the stores and shops.

Krazy Daze always offers a wide variety of food with the many outdoor stands and specials offered at the restaurants and taverns.

In the evening there will be outdoor live music at one of the local taverns.

Whatever your needs or desires, whether it be bargains for yourself, your home, a gift or to take advantage of all the goodies offered — you'll find it all at Kewaskum Krazy Daze, Friday, July 18.

See the many Krazy Daze ads in this week's issue.

Kewaskum to Be Represented in Circus Parade

Kewaskum will be represented in the Great Circus Parade in Milwaukee Sunday as follows:

Unit No. 40 — MOUNTED RINGLING EQUESTRIENNES OF 1908. Sixteen horses and mounted women portraying the troupe of equestriennes of the Ringling circus parade of 1908. A select mixed group of female riders from Neenah, Milwaukee, Kewaskum, Baraboo, Eagle, Hartland, Colgate, Bay Biew and Iowa. Wardrobe by Circus World Museum, Peg Coburn designer and creator.

Unit No. 136 — TABLEAU, THE STATUE OF LIBERTY, four Belgian horses by Lewis and Dean Schmidt, Kewaskum.

The Circus Parade will begin at 2 p.m. and will consist of 142 units. It will be televised live on WMVS-TV (Channel 10), WISN-TV (Channel 12) and WITI-TV (Channel 6). WTMJ-TV (Channel 4) will delay its broadcast until 6 p.m. Channel 6 will repeat its parade broadcast at 10:30 p.m.

Bid Awarded for Wayne Town Hall, Garage and Salt Shed

Bids were awarded at the Town of Wayne meeting on Monday evening for the construction of a Town Hall, Garage and Salt Shed. Jack Walters and Sons of Allenton was awarded the contract for \$118,200.

The new Town Hall will be

located at 6030 Hwy. H, about ¼ mile west of Wayne.

The pole type town hall building will be 24' x 60'; the garage size will be 60' x 80' and the salt shed will be 30' x 40'.

Construction is expected to be completed about October 1.

The Changing Face of America's Children And the Challenge of Our Schools

Compiled by: Superintendent of Schools, Penny J. Kleinhans

"TODAY'S NUMBERS, TOMORROW'S NATION": There is a new demographic "look" emerging across our nation according to many recent reports. One man, in particular, Harold Hodgkinson, of the American Council of Education, has put together many interesting facts in his recent works.

The face of the future is being shaped more by geriatrics (elderly) than by babies. There are now, for the first time, more Americans over age 65 than under age 18. Their numbers will grow dramatically when the generation of so-called "baby-boomers" begin to retire.

In the wake of that, a very different generation of Americans is developing. It will be smaller, and it will be more racially and ethnically diverse than any other generation in American history. Our country is currently experiencing one of the biggest waves of immigration in its history. Unlike the past, many newcomers are from nations outside Western Europe, particularly Asian and Hispanic.

The demography of that emerging generation will impact substantially the nation's family and class structures, the immigration flow, the workforce, social-support systems and regional concentrations of people. Social and political institutions-beginning with the schools - will need to deal with drastic changes brought about because of it.

This coming fall, more than 3.6 million children will begin their formal schooling in the U.S.

- 1 out of 4 of them will be from families who live in poverty.
- 14 percent will be the children of teenage mothers.
- 15 percent will be physically or mentally handicapped.
- 14 percent will be children of unmarried parents.
- 40 percent will live in a

broken home before they reach age 18.

- 10 percent will have poorly educated, even illiterate, parents.

• Between one quarter and one third will be "latchkey" children with no one at home when they return from school.

- And a quarter or more of them will not finish school.

These children clearly reflect the forces at work in American society today. Educators understand that all of the pressures associated with family, racial, ethnic and socio-economic stress will be coming to school along with these children as individuals. Unfortunately, if the trends continue (as outlined above), the proportion of children "at risk" for school failure will continue to grow each year. And yet, this is the generation we must turn to as replacement for the productivity and skills of the retiring baby boomers. If our record of past experience in dealing with children of great need is any indication, they may not be equipped to fulfill the need.

Today, it is our country's educational system that faces the awesome challenge. Although "at risk" students represent a minority of school enrollments, their impact on the system is great. Witness the newly enacted state mandate here in Wisconsin for a program to accommodate these students.

The high price of poverty to our nation is well documented by reviewing the statistics on illiteracy, unemployment, teenage pregnancy, violence and crime - all linked to impoverished conditions.

"The eroding power of the United States in the world marketplace and the declining number of young people in the society have led to a growing awareness that the U.S. can no longer afford to waste a sixth or more of its human resources. If the nation is to prosper and be secure, business, the military

and academe must have an expanding supply of well-educated young people.

Translation: the schools must do a better job, must find ways to meet the demand.

Schools are in the vanguard. They have always been expected to cope: to fuel the various social and economic revolutions, to assimilate the waves of immigrants, to integrate the races, to uplift the handicapped, to substitute for the family - all the while instilling the common values and preserving the common culture. And as the stabilizing and socializing influence of home and church has waned, our reliance on the school has grown.

Carrying the problems of society, the children come, ready or not. And the schools must deal with them, ready or not.

In the past, they have

succeeded remarkably well by any measure. Indeed, it is a testimony of progress that at risk children are in classrooms at all.

It was not so long ago that many of them did not attend and their absence went unremarked. But now they are there, and the schools become for them the "first hope - and perhaps the last."

The challenge to us all is truly great!

Free High Blood Pressure Screening

The Washington County High Blood Pressure Control Program is offering free blood pressure screening at the following sites during the month of July. This program is sponsored by the Washington County Community Health Nursing Service and the American Heart Association.

July 12 - West Bend Fire Department, 320 N. 7th Avenue, 1:00 - 4:00 p.m.

July 19 - Hartford Rescue Squad, N. Johnson Street Behind City Hall, 10:00 a.m. - 12 noon.

July 19 - Washington Square Mall, N112 W15800 Mequon Road, Germantown, 10:00 a.m. - 12 noon.

July 26 - West Bend Fire Department, 320 N. 7th Avenue, 1:00 - 4:00 p.m.

Questions about the program may be directed to Doris Dauer, Coordinator, at 338-4462 or 644-5204 or 342-2929.

Births

FLASCH - A daughter to Roland and Cindy Flasch, 1102 A Fond du Lac Ave., Kewaskum, on July 2.

PROM - A son to Patrick and Debbie Prom, Route 1, Adell, on July 3.

BRUNNER - A son to Kurt and Emily Brunner, 9695 County W, Campbellsport, on July 4.

surroundings, but it appears no matter how nice you try to keep things someone has to damage them.

Trustee Tom McElhatton asked Public Works Superintendent Augie Bilgo about the status of the grass clipping problem. Bilgo indicated that it was better, about half of what crews had been picking up. Bilgo felt that was due in part, to the drier weather. President David Nigh indicated it's tapered off but this was temporary and the village must consider a permanent solution. McElhatton suggested the Public Works Department set up some type of schedule with a dump truck. Village Administrator Dan Schmidt suggested that the issue be made part of the budget sheet work-up for next year. "We can give you options on the budget sheet and it can be discussed at the public hearing," said Schmidt. McElhatton agreed with Schmidt's proposal, "that way the residents will have a chance to give us their input."

McElhatton informed the board that 495 swim passes had been sold so far and that work on the new Kiwanis Park shelter was expected to begin this week.

The board discussed glass insurance but voted against taking the policy which would provide coverage only for damage caused through vandalism. The insurance would have covered the first floor of the Municipal Building and Fire Department. Trustee Howard Laubenstein felt from his own business experience, the \$404 a year premium was a good investment. Krueger noted the village had already spent a lot of money on insurance coverage and while it might be a good thing, the village could become insurance poor with all the premiums. Schmidt told the board \$40,000 had been budgeted for insurance, however, the village had already spent \$49,478.

Administrator Schmidt reviewed the lease with the Washington County Sheriff's Department for the installation of their communications tower behind the Municipal Building. As part of the agreement, the village will receive free fire and police dispatch service.

The board also approved a building permit request from Robert Krewald for the construction of a garage, and several bartender license applications.

The board issued a proclamation congratulating Washington County on its 150th anniversary.

The board then adjourned to closed session.

HISTORICAL SOCIETY MEETING CANCELED

The Kewaskum Historical Society, Inc. regular scheduled meeting for Tuesday, July 15, will not be held due to the Washington County Fair.

The next regular meeting will be Tuesday, Aug. 19, at 8:00 p.m.

If you can't say no, you can't expect to live within your income.

Stern Family Reunion July 20

The 3rd Stern family reunion will be held in Kewaskum at River Hill Park. The gathering will take place on July 20, 1986, starting at 12:00 noon with a picnic type luncheon.

All descendants of Gottlieb and Fredricke Stern are invited to attend.

An enjoyable afternoon is assured to those attending with plenty of food, music, games for young and old, meeting the young as well as the old or just talking over old times. Refreshments will be made available.

Those planning on coming are asked to bring their own silverware as well as a dessert, sandwiches and relishes or a dish to pass.

Two years have past since last we met

And this year proves even better yet

We have some additions to make to our list

Also some people who are sadly missed

So please come this year and meet people in turn

Because deep down we're all a Stern.

Additional information may be obtained by contacting any of the committee members, namely Dan Ebert (692-2739), Lucille Fellenz (628-1592), Bernice Sternitzky (458-9540), Grace Maciejewski (677-3230) or Syl Stern (334-3279). See you at the park.

NOTE — See "Memories" on page four.

[Continued from Page 1]

tanks, and electrical modifications for a room at the high school.

Ankerson told the group he did not like putting the items on the school board agenda without any committee recommendations but time and their importance did not allow for them to be postponed for another month.

As the people were leaving, newly appointed chairman Ron Theusch arrived. He said he had contacted the administration office informing them he would be late and had asked to be called back if there was a problem. Theusch said no one called back and later calls by him to contact the administration were unsuccessful.

THEODORE STERN FAMILY TREE

Theodore was born April 2nd, 1854, in the Town of Kewaskum, Washington County Wisconsin. He was the son of Gottlieb Stern and Friedricke Reimer Stern. His father Gottlieb was born November 9th, 1818, in Germany and was a sheep herder in that country. He died March 22nd, 1898, in the Town of Kewaskum. His wife, Friedericke Reimer Stern, was also born in Germany on March 17th, 1822, and died on August 6th, 1900, in Kewaskum, Wisconsin. Theodore had two sisters, Minnie and Hannah, four brothers, August, Otto, Julius, and Herman.

Theodore was married to Bertha Ebert on June 28th, 1880, in the Town of Kewaskum. She was the daughter of Fred and Wilhelmina Ramthun Ebert, whose birth and death record is not able to be found or traced anywhere. Bertha was one of the oldest of this union. She had three sisters named Hannah, Amelia and Matilda and five brothers, Fred, Carl, Willie, Albert and Henry. Bertha was born September 26th, 1859, in Germany, coming to this country at the age of eight years. Her mother, who's maiden name was Ramthun before she married Fred Ebert, died quite young leaving Bertha to look after all the younger sisters and brothers. After Theodore and Bertha's marriage on June 28th, 1880, they lived on farms in different counties in Wisconsin. Later they took over the homestead of his father and lived there until they both passed away. Theodore died November 16th, 1931, Bertha died January 2nd, 1945. Theodore was a hard worker, always willing to help out neighbors and relatives. Bertha was always making large gardens and did a lot of canning. They both were fond of house parties, dancing, singing and always had lots of company. Theodore and Bertha were blessed with ten children, named Emma, Herman, Anna, Ida, Katie, Fred, Lilly, Henry, Fredia, and Edna.

The Stern family reunion will be held in River Hill Park, Kewaskum, on Sunday, July 20.

Former Resident, Retired Police Chief Bullette Commended

State Rep. Dwight York (R-Lomira) presented a citation to former Horicon police chief, Erwin Bullette, commending him for his "outstanding service to his community, state

and country." The award was presented at a retirement banquet for Bullette in West Allis. Bullette retired recently after serving as police chief at Horicon for nine years.

The Bullette family formerly resided in Kewaskum. At that time he was a member of the State Traffic Patrol.

Surplus Food Distribution to Eligible Households on July 19

Washington County has received surplus commodity food items that will be distributed to eligible households on Saturday, July 19, between 9 a.m. and 11:30 a.m. at the following seven locations.

West Bend, St. Frances Cabrini Church, 615 Hawthorne St. (lower level parking lot); On July 19 ONLY!! Distribution will be held from 8:00 - 10:30 at West Bend only! Hartford, Municipal Recreation Department, 525 N. Main St.; Germantown, Senior Activity Center, W162 N11960 Park Ave.; Slinger, Village Hall, 220 Slinger Road; Allenton, Addison Town Hall, Village of Allenton; Kewaskum, Kewaskum High School, north entrance; and Jackson, Jackson Fire Department, S. Jackson Dr.

Eligibility is based on the current monthly gross income (before taxes) of all household members with the following limits: Household size 1, income limit \$670; 2, \$905; 3, \$1,140; 4, \$1,375; 5, \$1,610; 6, \$1,845; 7, \$2,080; 8, \$2,315; 9, \$2,550; 10, \$2,785.

Eligible households will receive butter and processed cheese. In addition they may choose rice and one of the following: honey, corn meal, flour, or dry milk. Home delivery is available for Elderly and Handicapped if there is no one in the household who can get to a distribution site. To

make arrangements, call the distribution site in your area. West Bend residents please call 338-4671.

Due to a schedule conflict at St. Frances Cabrini Church, the distribution in West Bend will begin at 8:00 a.m. The early start applies to July only at the West Bend site only.

Although no income verification information is required, a self declaration form must be signed by the recipient and is subject to state audit. You may also be asked to provide proof of residency.

This program is being coordinated by the Washington County Department of Social Services, and handled locally by various volunteer groups in each community.

COUNSELORS NEEDED

Girl Scout Summer Day Camp Scheduled in August

There are still openings for the Girl Scouts Summer Day Camp at Ridge Run Park, West Bend, which will be held August 11-15 and August 18-22. "Look Back to the Future" is this year's theme.

Volunteers for counselors are needed and must be 18 years old. Moms, sisters, brothers or grandparents are urged to volunteer their time. Seventeen are needed and only five have signed up at this time. If a parent of a scout going to camp volunteers as a counselor for the week, the daughter will not have to pay the tuition of \$25.00. Meals are included for the counselor.

If you cannot volunteer for the full week you can sign up for a day or two. The daughter's tuition is based on \$5.00 a day.

There will be a babysitting unit for mothers with children who are volunteering. Volunteers need not be in scouting.

Free bus transportation will be provided at Farmington School, Honeck Chevrolet,

Wayne School and several places in West Bend for August 11-15.

Volunteers are also needed for the second camping session, August 18-22, which includes Allenton, Jackson, Slinger, West Bend, Horicon, Hustisford and Mayville. There will also be bus stops. Check with the co-directors.

For more information call Janet Panzer, 626-4001 or Joy Kuhnke, 626-2506, co-directors.

MAYER NAMED TOWN INSPECTOR

The Town Board of the Town of Trenton has named Frank Mayer as its new building and zoning inspector. Mayer, who is from rural Kewaskum and is on the Farmington Town Board, will begin his duties following the completion of certification testing.

"Truly absurd is the man who never changes."

HOME AND HARDWARE

985 FOND DU LAC AVENUE KEWASKUM, WISCONSIN 626-2164

STORE HOURS: Monday & Friday 7:30am-8:00pm, Tuesday, Wednesday & Thursday 7:30am-5:30pm, Saturday 7:30am-2:30pm, OPEN SUNDAYS 9am-1pm

Presents \$500 Check to County Sheriff's Dept.

Harold Heidtke of rural Jackson presented a check of five hundred dollars (500.00) to the Washington County Sheriff's Department. Heidtke received this check as a reward from the Wisconsin Farm Bureau Federation for aiding the department in solving a crime, by providing the department with information that led to the arrest and conviction of the individual responsible for stealing gas from his farm.

This reward is available to all

Farm Bureau members under their Crime Deterrent Program. The program provides an incentive to citizens to work with law enforcement agencies in solving crimes.

Presenting the check to Sheriff Clarence Schwartz (center) are Heidtke and Elaine Linstedt, Washington County Farm Bureau President.

One of the most difficult things to give away is kindness; it is usually returned.

Church Women United Plan Summer Tea

The Church Women United of Washington County will meet for their annual Summer Tea on Friday, July 18, at Zion United Methodist Church at Colgate. The event will begin at 1:30 p.m. with a short business meeting and announcements. Tea, coffee and dessert will be provided by the hostesses of Zion Church. Members are reminded to bring sewing necessities which will be sent to Nicaragua.

The Summer Tea is the fun event of the CWU year because of the auction where many fabulous "buys" are made. Valuable donations are given each year to auction off as a fund raiser to maintain the work of the group. Homemade goodies, bread, baked goods, produce and crafts will also be donated for the sale. A nursery for small children will be provided. Directions to Zion Church. Follow Hy. 41 to the Lannon Road exit. Turn right on Lannon Road for about 1/4 block, turn left on Willow Creek Road for about 3 miles. The church is on the right side of the road on top of the hill. The Church Women United welcome the public to all of their events.

Praise is like perfume — it is just fine as long as we don't swallow it.

Ray Reysen, F. Murphy Die

Ray A. Reysen, 74, of Adell, formerly of the Town of Auburn, passed away on Friday evening, July 4, 1986, at St. Nicholas Hospital in Sheboygan, where he had been a patient for two days.

He was born on December 13, 1911, in Town Scott to the late Henry and Mary Braun Reysen. On April 3, 1938, he married Edna E. Gessner in St. John Lutheran Church in New Fane. He farmed in the Town of Auburn for 27 years and was employed by the Adell Foundry in Adell for 11 years before retiring.

Mr. Reysen was a member of St. John Lutheran Church in New Fane, a member of their Men's Club, a past Church Council member, was retired from the Adell Fire Department and was a member of the Adell Senior Citizens Club.

Survivors include his wife; four daughters, Mrs. Marleen (Ira) Heberer of New Fane, Mrs. Mardell (James) Schulz of Random Lake, Mrs. Mary (George) Kelin, and Mrs. Raylene (Melvin) Cook, both of Adell, and one son Russell at home; 12 grandchildren; his twin brother, Roy of Town Scott, brothers Lloyd and Orville, both of Beechwood; one sister, Mrs. Harold (Edna) Scholdt of Milwaukee; other relatives and friends. One brother preceded him in death.

Services for Mr. Reysen were held on Tuesday at 2 p.m. in St. John Lutheran Church, New Fane, with Pastor Charles Reehl officiating. Burial was in the church cemetery.

Visitation was after 4 p.m. Monday at Miller's Funeral Home in Kewaskum and on Tuesday at the church from 12 noon to time of services.

...

FRANCIS [FRANK] MURPHY

Francis W. (Frank) Murphy, 83, of the Town of Wayne passed away at the Menomonee Falls Nursing Home in Menomonee Falls on Sunday, July 6, 1986.

He was born in the Town of Wayne on July 24, 1902, to the late John and Anna McCarty Murphy. Mr. Murphy farmed all of his life. He never married.

He was a member of St. Bridget's Catholic Church in Town Wayne. He served with the Navy during WWII.

Survivors include nieces, nephews, other relatives and friends. Four brothers and one sister preceded him in death.

Services for Mr. Murphy were held on Wednesday, at 10:30 a.m. in St. Bridget's Catholic Church in Town Wayne, with Fr. Robert Berghammer officiating, burial in Holy Trinity Cemetery in Kewaskum.

Visitation was at Miller's Funeral Home, Kewaskum, after 4 p.m. Tuesday.

Memorials for Masses or Cancer Fund appreciated.

Many Old Crafts to Be Demonstrated at The Galloway House

Old crafts from yesteryear will be demonstrated by over 40 craftsmen throughout the grounds at the historic Galloway House and Village, 336 Old Pioneer Road, Fond du Lac, on Sunday, July 13, from 1-4 p.m. Last year over 1,000 people attended.

It will be the Fond du Lac County Historical Society's Fifteenth Annual Old Crafts Day. Kerry and Kathy Perkins are co-chairmen of the event.

Here visitors will not only get to see the 100-year-old Galloway House mansion, a village of over 20 buildings of the late 1800's, all furnished as if in use, and the new Blakely Museum, but they will also see in action the crafts of spinning and carding of wool and flax,

loom work, folk art painting, chair caning, rope knotting, duck carving, doll making, blacksmithing, pottery, tatting, knitting, milling, rosemaking, china painting, miniature steam and gasoline tractors belted to a wood cutter and threshing machine, oil painting, rug braiding, wheat weaving, basket weaving, stuffed toys, pioneer herb preparation, and others. Some of the work will be for sale.

Period costumes will be worn by guides. In case of inclement weather, the event will still be held, in which case craftsmen will then function inside the buildings.

The usual admission fee for entrance to the grounds will be the only charge to view all the activities, as well as the buildings. Adults pay \$3.00, students 18 years and under 50 cents and no charge to preschool children. The site is located on the south city limits.

Tired of peeling carrots? Drop them into boiling water. Let stand five minutes then drop them in cold water. The skin should slip right off.

REAL ESTATE TRANSFERS

Comparing the real estate transfers of June, 1985 to June, 1986.

In June, 1985 the Washington County Register of Deeds recorded 181 transfers with a fee. A total of \$33,498.50 was collected in transfer fees. This amount reflects \$11,255,170.00 in real estate transferred.

In June, 1986 the Washington County Register of Deeds recorded 276 transfers with a fee. A total of \$49,157.20 was collected in transfer fees. This amount reflects \$16,460,530.00 in real estate transferred.

Exceptionally large transfers included the following:

Residential - 10+ Acres - Town of Richfield ... \$162,-

500.00.

Single Family Residential - Single Family - Town of West Bend ... \$153,000.00.

Industrial - One+ Acres - City of Hartford ... \$540,000.00. Single Family - Residential - City of Hartford ... \$135,000.00.

Single Family - Residential - Town of West Bend ... \$156,500.00.

June, 1986, brought Washington County's Register of Deeds office the largest single month's revenue with a total of over \$63,000.00 in recording and filing fees as well as the transfer fees collected.

Common sense is genius, dressed in working clothes.

The Bank of Vernal in Vernal, Utah, is the only bank in the world built from bricks sent through the mail. In 1919, the people of Vernal discovered that it would cost less to mail the bricks from Salt Lake City, seven to a package, than to have them shipped commercially.

Special Concert by Gene Heier Orchestra

The Gene Heier 10-piece orchestra of Manitowoc will present a special concert at City Park in Plymouth Thursday evening, July 10, from 7:30 - 9:30 p.m. The concert will be of the variety type, including music and theme songs of the big name bands of the 40's, also waltzes, polkas, marches, Viennese waltz medleys and speciality selections which will feature instrumental and vocal soloists in the group.

Many of the elderly people do not get a chance to hear Heier's music as they no longer are able to dance and to get out to hear their type of variety concert would be a great treat for them.

There is no admission and the City of Plymouth invites the public to see their new band shell.

Campus Notes

An area student is among young men and women who visited the University of Wisconsin-Madison recently to begin registration for studies starting with the opening of the 1986 fall semester on Sept. 2.

The young people took advantage of the university's summer advising orientation program for new freshmen and transfer students. Under this program, students-to-be visit the campus for at least a day, often with one or both parents,

arrange for housing, take placement tests, meet student leaders and faculty persons, and begin the registration process.

The student is: Adrienne Jean Thull, 2342 Hwy. 28E, Kewaskum, Music.

BOOM BOX TAKEN

Campus Notes

Robert Thompson, dean of the University of Wisconsin Center-Washington County, has announced the Dean's List for the spring, 1986, semester. Students from Kewaskum on the Dean's List include:

Full-time students (12 credits or more):

High honors — Jeff Eisenmann and Susan Maki.

Honors — Victor Sese and Ricky Steiner.

Part-time students (at least 15 credits with a 3.5 average and carrying a minimum of 3 semester credits):

Highest honors — Susan Survis.

CARRIAGE RIDE DAY CANCELLED

The Cedar Lake Home Campus Carriage Ride Day slated for Saturday, July 12 has been cancelled. It will resume in 1987.

State Law Still

Requires 2 License Plates on Autos

The state Department of Transportation believes that some people may be removing their front license plates on the erroneous assumption that Wisconsin has gone to a single license plate.

Norbert K. Anderson, administrator of the Division of Motor Vehicles, said the confusion apparently stems from legislation adopted last year which retained two plates, but ordered the DOT to issue a single renewal sticker.

"People are finding only a single sticker in their envelopes with instructions to mount it on the rear plate," Anderson explained. "Some are erroneously interpreting this to mean that they don't have to display the front plate," he added.

The State Patrol has reported stopping motorists without their front plate and being told "but they only sent me one sticker." The Patrol has been issuing citations for the violation.

Anderson said his division has developed an insert which will be sent with the renewal sticker reminding drivers that they still are required to display both plates in order to comply with registration laws.

The penalty for violations is a forfeiture of \$33 plus court costs and penalty assessment.

BANNS OF MARRIAGE

Marriage banns have been announced in the Holy Trinity Church bulletin for Joseph Strassburg and Tara Russell.

An estimated 125 million cars are on U.S. roads these days.

Projects Receive Governor's Award for Energy Innovation

Governor Anthony Earl honored a project in Germantown and Franklin that uses landfill gas to generate electricity and awarded the project a 1986 Governor's Award for Energy Innovation.

Waste Management of Wisconsin, Inc. won the award for its landfill gas to electrical energy plants at the Metro Landfill in Franklin and Omega Hills Landfill in Germantown. The two plants use methane gas, a byproduct of decomposing garbage, to produce electricity for sale to a local utility. With a combined capacity of 9.9 megawatts, the plants save the equivalent of about 205,000 barrels of oil a year and produce enough electricity to serve 15,000 homes.

Presenting the award, Governor Earl noted that conservation and development of Wisconsin's renewable resources are the state's best defenses against the inevitable decline of traditional energy resources and escalation in energy prices. "The people here and their organizations represent the energy pioneers upon whose trail-breaking work we intend to build our state's

future energy security," Earl said.

Waste Management's project, believed to be the world's largest system of its type, is Wisconsin's first electrical generation project involving a landfill operator and a utility, and is also the state's first full-scale landfill gas to energy venture.

The project, according to a company spokeswoman, is an efficient method of controlling landfill gas, cost effective for the company, and a boon for utility rate-payers. She said Waste Management is considering similar projects at other landfills the company owns throughout the nation. An estimated 25 landfills in Wisconsin could potentially use the same technology, according to the Department of State Energy.

Waste Management, Inc. is the world's largest comprehensive waste services company. In Wisconsin, the company operates five landfills and seven waste transportation companies serving many of Wisconsin's largest cities, including Appleton, Beloit, Green Bay, Janesville, Kenosha, Madison, Milwaukee and Racine.

Other projects receiving Governor's Awards for Energy Innovation include Biondyne Chemicals, Neenah, for developing a low-energy paper

pulping process; Intex Inc., Mequon, for designing an energy control system for manufacturers; the city of West Bend, for its recycling program; and the Glenwood City Community Action Agency, for developing a new insulating technique for mobile homes. Governor Earl has nominated all five projects for the National Awards for Energy Innovation, sponsored by the U.S. Department of Energy.

The man skipped into the psychiatrist's office wearing shell-pink earrings with strips of bacon dangling from them, a fried egg on top of his head and an olive in each ear. The psychiatrist look him over and asked softly, "Now, what is bothering you?" "Oh, I'm all right," the man replied, "I came to see you about my brother."

Landlord/Tenant Rights and Responsibilities

By Joyce Albrecht
Washington County
Extension Home Economist

About one-fourth of all Wisconsin residents and 1/5 of Washington County residents live in rental housing. Many landlord/tenant problems come up simply because neither party understands their rights and responsibilities. Wisconsin has a residential rental practices rule that sets guidelines for both landlords and tenants to help outline the rules and regulations.

If you are a landlord, you have a right to set rules and regulations and to determine the amount of rent you'll charge. Landlords do have the right to enter to inspect the unit, make repairs or show the unit to prospective tenants. However, the landlord must give tenants advance notice and ask to come in at reasonable hours. This protection is only waived if the landlord explicitly negotiated the terms with the tenant.

If you are a tenant, you have the right to know the name and address of your landlord or your landlord's agent. You have a right to live in your home without unjust interference from your landlord. You also have the right to expect the landlord to maintain the property and complete any repairs that you have been promised. You have the right to

complain to a government agency or building inspector or attempt to organize or join a tenant's union without threat or eviction.

A provision of the landlord/tenant rule states that landlords must disclose conditions affecting habitability prior to entering into a rental agreement. This means that tenants have the right to know about lack of hot or cold running water, poor plumbing or sewer facilities or unsafe electrical systems. Landlords must let tenants know if heating facilities aren't safe or if the furnace can't maintain an apartment temperature of 67° during all seasons.

The rule doesn't require written rental agreements, but if the agreement is written, the landlord must furnish tenants with a copy of their inspection before they rent the premises. And landlords are required to keep any repair promises. If these promises are made before the tenant agrees to rent, the promises must be given to the tenant in writing.

The law allows the landlord to collect rent when it's due. If your rent is overdue, the landlord can give you a "5-Day Quit or Pay Rent Notice" that requires that you pay all the rent due within 5 days or move. Any other violations of the rental agreement usually require a 14-day notice to you to move from the property. If the landlord wants you to move when no violations of the lease exist, you are allowed a 28-day notice, from the beginning of the rent

period, on a month-to-month lease.

If you have any questions or would like a copy of the landlord/tenant rule, call the Wisconsin DATCP toll-free consumer hotline at 1-800-362-3020.

Change in Tax Refunds Of People Who Owe Back Child Support

Gayle Moeller, Director of the Washington County Child Support Agency, reports that the Income Tax Refund Intercept Program, which allows the state and federal tax refunds of people who owe back child support to be intercepted and applied to the child support arrears, has been changed.

It is now necessary that a specific request form for this service be filled out by families who are not receiving AFDC benefits and filed with the Child Support Agency before August 15, 1986.

The forms are available at the Child Support Agency. Requests that the forms be mailed will be honored if the request is accompanied by a stamped self-addressed envelope.

The African grosbeak builds communal nests with sometimes as many as 200 birds making their homes in a single tree.

The fellow was pretty worried, and with good reason, so he finally went to consult a psychiatrist. "Doc," he said, "something's going wrong with me. I just can't remember a thing." The doctor gave him a sympathetic look and said, "Now, now, nothing is as bad as it seems. How long has this been going on?" The patient looked up with a puzzled frown and asked, "How long has what been going on?"

Your HEALTH TIP

from Tom Leitzke, R.P.H.

SAVE SKIN

"The worst enemy to youthful skin is excess sun exposure. A suntan gives the illusion of health and vitality; in 15-20 years the cumulative effect brings wrinkling, aging, irregular skin color, and higher incidence of cancers. Apply a sunblock lotion each day for 10 days before going on a sunshine holiday. It builds up your skin's tolerance level. Avoid the sun from 10 a.m. to 4 p.m. in summertime.

Filling your prescription is our most important work

Backyard Zappers Get Bugs, But Not Many Skeeters

That electric insect zapper in your backyard may make a lot of noise but it isn't killing many mosquitoes.

Less than 1 percent of the bugs that die on the circuits of an electric bug killer are mosquitoes, says Phillip Pellitteri, University of Wisconsin-Madison entomologist.

"You cannot expect an electric bug zapper in the backyard to control the mosquito population to the point that you will not get bit," says Pellitteri, of the UW-Extension Cooperative Extension Service.

Electric bug zappers use ultraviolet light to attract insects to an electrical grid. If the bug touches the grid in two places, an electric current runs through the bug and kills it.

"Ultraviolet light attracts a lot of insects, including beneficial insects," Pellitteri says. Mosquitoes, however, use heat, carbon dioxide and other information to home in on targets more than they use ultraviolet light.

"If you look carefully, many advertisements for electric zappers do not guarantee mosquito control," Pellitteri says. Bug zappers may have more psychological attraction for people than they have physical attraction for mosquitoes, he adds.

"For some people, when they hear bugs getting zapped they think at least they're getting back at some of them," Pellitteri says. "On the other hand, we're hearing complaints of the noise in some communities. If you get big moths in a zapper, for example, they fry for about four or five seconds."

Entomologists routinely collect insects for samples by using ultraviolet lights, Pellitteri says.

"They've been known as good sampling devices for a long time," he says. "They're just not good mosquito control devices."

Campus Notes

Mary S. Sleger, 2193 Valley View Drive, is among students honored as outstanding members of the Army Reserve Officers Training Corps at the University of Wisconsin-Madison annual awards ceremony held recently.

Sleger received the National Sojourners Award presented to cadets representing the highest attributes of Americanism as demonstrated through moral character, outstanding qualities of leadership, and high aptitude for military service.

A 1984 graduate of Kewaskum Community High School, she is the daughter of Edward J. and Diane J. Sleger, Kewaskum.

....

Doreen Jacobs is among 159 students named to the Ripon College Dean's List for this past semester. Jacobs is the daughter of Roger and Darlin Jacobs, 9585 Townline Road, Kewaskum, and attended Kewaskum High School.

In order to qualify for this distinction, students must achieve a 3.40 grade point

average (on a 4.0 scale) while registered for at least 12 hours of course work. Ripon College Vice President and Dean of Faculty Dr. Douglas A. Northrop noted that maintaining this high grade point at a competitive college like Ripon

merits special recognition by faculty, family and friends.

The College's student-teacher ratio is 12:1, demonstrating its commitment to intense instruction in the liberal arts and sciences.

FACIALS

Our REDKEN full facial treatment consists of two massages: a cleansing massage followed by a relaxing, deep penetrating, treatment massage.

See how the results of REDKEN research can give your skin the special care and nourishment it needs to look fresh and smooth, and overcome the signs of aging.

- REDKEN'S Skin Analysis Scope will help to identify your skin type and any special problems.
- REDKEN'S Thermal Beauty Facial Line Minimizer Treatment visibly diminishes facial lines, smoothes and softens skin texture, and gives the skin a radiant, natural glow.

Picnic in the Park

Friday, July 11, 1986, Kewaskum Statesman, Page 17

Take a warm, sunny day. Combine it with a few good friends; add a picnic basket packed with savory, easy-to-eat foods; you may even want to add a special touch with a bottle of wine and a blanket. Find a pretty patch of grass -- and you've got the makings for one of life's

greatest pleasures. And before you set off for the countryside, be sure to pack your picnic basket with several varieties of Wisconsin cheese and a loaf of crusty French bread. Try sharp cheddar, muenster and string. Don't wait for an excuse, plan a

portable feast today and enjoy any or all of the following recipes with your picnic guests.

DELUXE EGG SALAD SANDWICHES

- 1 3-ounce package Cream cheese with chives, softened
- 2 tablespoons butter, softened
- 2 tablespoons chopped celery
- 1 tablespoon mayonnaise or salad dressing
- 1 teaspoon finely chopped onion
- 1 teaspoon sugar
- 1/2 teaspoon horseradish
- 1/2 teaspoon lemon juice
- 1/4 teaspoon salt
- 1/8 teaspoon pepper
- Dash garlic powder
- 6 hard-cooked eggs, finely chopped
- 1 to 2 tablespoons mayonnaise or salad dressing
- 8 slices rye bread

In a medium mixing bowl combine the Cream cheese and butter. Stir till smooth. Stir in celery, 1 tablespoon mayonnaise, onion, sugar, horseradish, lemon juice, salt, pepper and garlic powder. Fold in hard-cooked eggs. Cover and chill in the refrigerator at least 1 hour. Let stand at room temperature about 15 minutes before preparing sandwiches. If desired, stir in 1 to 2 tablespoons additional mayonnaise.

For each sandwich, spread about 1/2 cup egg mixture on 1 slice rye bread. Top with another slice of bread. Makes 4 sandwiches. Preparation time: 30 minutes plus chilling.

HEARTY VEGETABLE SALAD

- 4 cups torn fresh spinach
- 1 15-ounce can garbanzo beans, drained
- 1 cup cherry tomatoes, halved
- 1 cup cauliflower flowerets
- 1 cup sliced mushrooms
- 1 small cucumber, sliced
- 1/2 small red onion, thinly sliced and separated into rings
- 1/2 cup coarsely chopped walnuts
- 1 small avocado, peeled, seeded and cut up
- 1 8-ounce carton plain yogurt
- 1/4 cup milk
- 1 tablespoon honey
- 1/4 teaspoon garlic salt
- milk

In a large mixing bowl combine the spinach, garbanzo beans, tomatoes, cauliflower, mushrooms, cucumber, onion rings, and walnuts. Cover and chill.

For dressing, in blender container or food processor bowl combine the avocado, yogurt, 1/4 cup milk, honey, and garlic salt. Cover and process till smooth. If necessary, stir in additional milk till of desired consistency. Cover and chill.

Just before serving, pour dressing over vegetable mixture; toss gently to coat. Makes 4 main-dish servings or 8 side-dish servings. Preparation time: 40 minutes.

WISCONSIN CHEESE PACKETS

- 2 to 2 1/2 cups all-purpose flour
- 1 package active dry yeast
- 1 teaspoon dried sage, crushed
- 1/2 teaspoon salt
- 3/4 cup warm water (115 to 120)
- 1 1/2 cups shredded Wisconsin Mozzarella cheese (6 ounces)
- 6 ounces salami, chopped
- 1 small tomato, peeled, seeded and chopped
- 1/2 cup grated Wisconsin Parmesan cheese
- 1 egg
- 1 teaspoon water

In a large mixer bowl, combine 1 cup of the flour, the yeast, sage and salt. Add warm water and oil. Beat with an electric mixer on low speed for 30 seconds. Beat on high speed for 3 minutes. Stir in as much of the remaining flour as you can. On a floured surface, knead in enough remaining flour to make a moderately stiff dough that is smooth and elastic (6 to 8 minutes total). Place dough in a greased bowl; turn once. Cover; let rise in a warm place till double (45 to 55 minutes).

Meanwhile, make filling. In a small mixing bowl combine the Mozzarella cheese, salami, tomato, and Parmesan cheese. Toss till well combined; set aside.

Punch dough down; divide into 6 pieces. Cover; let dough rest 10 minutes. Roll each piece of dough into a 7-inch circle. Spoon about 1/2 cup of filling onto half of each circle. Combine egg and water; brush over outer edges of dough to moisten. Fold circle in half; use the tines of a fork to seal edges. Place on a greased baking sheet. Prick tops; brush with egg mixture. Bake in a 375 degree oven for 25 to 30 minutes or till golden. Remove from baking sheet; cool on wire rack. Makes 6 servings. Preparation time: 1 1/2 hours.

Blue Cross & Blue Shield Plans to Open Fond du Lac Office

At the annual subscribers meeting of Blue Cross & Blue Shield United of Wisconsin on Wednesday, May 28, in Milwaukee, Plan President and Chief Executive Officer E. Everett Edwards announced the opening of the company's first regional service center in Fond du Lac later this summer.

"This is the first time in our 46-year service to Wisconsin that we will have a service center outside of Milwaukee," Edwards said. The insurer does have a number of marketing offices throughout the state.

Edwards noted the reason he and company officials made the decision to open the Fond du Lac office is "to get closer to our customers."

The new office will be located at 500 North Park and will primarily serve the expanding needs of dairy farmers insured by Blue Cross & Blue Shield United and its subsidiaries. (Blue Cross & Blue Shield United insures the largest number of dairy farmers in the state).

City Council President Barbara Mendlesky said, "Fond du Lac City government welcomes Blue Cross and is pleased that more than 20 new jobs in customer service, claims and membership will be available to the people of this area."

State Senator Scott McCallum congratulated Blue Cross management for bringing a service center for a large portion of its dairy farm

business to the heart of Wisconsin's dairy country.

"We are not only encouraged that Blue Cross & Blue Shield United is bringing more than 20 new jobs to Fond du Lac County, but the possibility of 40-plus jobs by the end of 1987 is a real credit to our economic development efforts and our Vocational, Technical and Adult Education system," McCallum said.

Associated Milk Producers Incorporated (AMPI) Mid-States President Gregory Blaska said, "AMPI members have had a close working relationship with Blue Cross & Blue Shield United for many years. They've really met the health insurance needs of dairy farmers and AMPI members. This is another sign of good faith on their part to bring a service center to the heart of dairy country here in Fond du Lac."

Edwards announced the appointment of an area native, Thomas M. Bartz, as the business manager of the new center. Bartz has worked for Blue Cross in Milwaukee for 15 years and has held several management positions in the company's Customer Service Department.

Bartz said employment interviews are currently being conducted and training of the new staff will begin in mid-June with the opening date scheduled for the first week of September.

Edwards said that Bartz was chosen to manage the new center because he grew up on a dairy farm between Plymouth and Fond du Lac "and of all of

our customer service staff, Tom best knows the health, life and disability insurance needs of Wisconsin's dairy farmers."

Blue Cross & Blue Shield United of Wisconsin has 1900 employees, most of whom are located at the corporate headquarters in downtown Milwaukee. Its subsidiary, Compcare, is the state's largest HMO, and Blue Cross offers life and disability insurance through its United Wisconsin Group subsidiaries. The company is the state's largest health insurer and employee benefits provider with 1.3 million subscribers.

People once believed that agates could render them invisible.

Lac Lawrann Offers Special Program on Reptiles, Amphibians

Have you ever seen a snake play dead? There is only one snake specie that does roll over and play dead and he does this as a defense when disturbed in his natural woodland habitat. This specie is called the Hog-nose snake and we find them right here in the state of Wisconsin.

The Lac Lawrann Conservancy is offering a special tour Saturday morning, July 12, to explore the world of reptiles and amphibians found here in the West Bend area and also an introduction to the species found throughout the state. Don Reed, Staff Biologist for the Southeastern Wisconsin

Regional Planning Commission, will be the guest authority, with live specimens for participants to view and handle - if they dare.

The tour is free of charge and children and adults are welcome. Call the West Bend Park Department at 338-5080 for tour reservations.

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Firemen's Hall on Tuesday, July 1, were: Willie Blecher, 22-2-20 net; Ralph Laux, 17-0-17 net; Arnold Bechler, 15-1-14 net; Bob Fabian, 10-2-8 net; Willie Blecher, Club Solo vs 4; Marvin Martin, Club Solo vs 4.

The Kewaskum Businessmen's Association has decided to sponsor another Bargain Days and Number Hunt event on Friday and Saturday, July 21 and 22, similar to the one held in spring. Special bargains will be offered and extra bonus numbers will be posted by the businessmen.

Kewaskum's annual Firemen - Legion picnic to be held in the village park this Saturday evening and Sunday, July 8 and 9, will offer everyone who attends a most enjoyable time and is sure to be one of the finest in years. A special attraction Saturday night will be a square dancing exhibition, which will be followed by music furnished by Les Schneider and his orchestra for the remainder of the evening. Sunday's festivities will begin with the big parade at 12:30 p.m. sharp which will be one of the main attractions of the event. Free entertainment acts Sunday afternoon and evening will feature Suzie the Chimp and Tershay and Connie.

A Northern Kettle Moraine Recreation Association was organized recently. Officers elected are Fred Ramer, Crooked Lake, president; John Zwick, Lake 7, secretary, and Jack Mott, New Prospect, treasurer.

Winferd H. Walvoord, 58, of Kewaskum, a custodian at the Kewaskum public school for 15 years, passed away on July 1, at St. Joseph's Hospital, West Bend, following an illness of several months' duration.

Gerald C. Opgenorth of Route 2, Kewaskum, is presently attending the Air Force ROTC Summer Training Unit at Sewart Air Force Base near Nashville, Tenn.

A son was born to Mr. and Mrs. Wesley Krahn, Route 2, Kewaskum, on June 29. A son was also born to Mr. and Mrs. Ronald Krempasky, Route 1, Kewaskum, on July 2.

50 Years Ago

July 10, 1936

The Village Board of the Village of Kewaskum met in regular monthly session with President Rosenheimer presiding. Motion was made by Trustee Seil and seconded by Trustee Van Blarcom that the Village Board purchase that parcel of land lying along the east bank of the Milwaukee River, within the park area and owned by the August Backus Est.

The extreme heat and dry weather which has prevailed for the past few days has been doing countless damage. The mercury has reached the top of the thermometers during the daytime and remained there while in the shade recordings of 102 degrees have been made.

The weather seems terrifically hot, especially after a cool summer up to this time. The heat, along with the lack of rain has burned up and is still burning crops at this writing to such a degree that many of them will be total failures. Fish in the Milwaukee River here are turning up and dying in large numbers due to the heat of the shallow water. Many of the pickerel, bass and other fish recently planted in the river have already been removed from the top of the water. The fish are starved and large catches are being made daily as they bite on almost any bait. Bullheads are biting on minnows and monstrous carp are even being caught with hook and line. Some Kewaskum residents have been sleeping on their lawns and porches to escape the heat and a group of young men have been sleeping under the stars on the high school grounds the past few nights.

Van's Hardware and Gamble Store this week Monday and Tuesday changed locations by moving out of the Heppe building and into the former Wm. Ziegler Tavern building on Main Street several doors east of the former site, directly across from the Holy Trinity School, which Mr. Van Blarcom has leased.

Announcement has been made of the marriage of Miss Emilie Opperman, Town of Auburn, and Paul William Sprenger, Sheboygan, June 20, at St. John's Lutheran Church, New Fane.

Shoes shined at Wietor's Barber Shop every Saturday evening. White shoes - 15c, all others - 10c.

75 Years Ago

July 8, 1911

The Town Board of Wayne met last Friday to grant liquor licenses to Ph. Illian and A. Renk of Kohlsville, Frank Wietor and C.C. Schaefer of

Wayne, Andrew Strobel and George Ruplinger of St. Kilian.

Independence Day this year was celebrated in this village in a very sane way on last Tuesday, Fourth of July. The auto parade held in the afternoon was a decided success, 12 autos being in line, all being very prettily decorated with the nation's colors. The line of procession was formed at Jos. Eberle's place. First in line was

a decorated carriage containing four old soldiers, then came the band, next in line were the autos. The procession was ended with the decorated bus containing all children. Quite a number of people were attracted to the village to witness the parade. After the parade a

picnic was held at the North Side Park where enjoyment was to be had for all, both young and old. The dance in the evening was the main feature of the day which was attended by a very large crowd.

A baby girl was born to Mr. and Mrs. Julius Dreher last Friday.

Washington County Represented at 66th Annual State 4-H Congress

Friday, July 11, 1986, Kewaskum Statesman, Page 20

Back Row [L to R] — Jackie Twiford, Roger and Linda Margelofsky, Steve Klein, Philip Filber. Middle Row — Lynn Frase, Tracy Fechter, Linda Schulz, Jodie Hann, Bill Butzlaff. Front Row — Jim Doll, Lora Margelofsky, Brent Johnson, Pam Hetzel, Kerri Sauer. Not pictured: Carla Anderson, Pam Gundrum, Todd Wessing.

State 4-H Congress was a four-day experience in which 840 delegates from across Wisconsin came to Madison to have fun, meet new friends, and to learn new ideas to take back to our 4-H clubs.

Tracy Fechter, Lora Margelofsky, Linda Schulz, Kerri Sauer, Jackie Twiford, Lynn Frase, Jodie Hann, Pam Hetzel, Bill Butzlaff, Philip Filber, Jim Doll, Brent Johnson, Steve Klein, Carla Anderson, Pam Gundrum, and Todd Wessing, and our chaperones, Linda and Roger Margelofsky, represented Washington County at Congress. Our trip was sponsored by the Washington County Bankers Association, Washington County 4-H Leaders Association, and the

West Bend Kiwanis Club.

Congress began on Monday, June 9th, and lasted until Thursday, June 12th. In that time, we saw the State 4-H Drama Company perform its production of the play "Silent Voices," met the Council, and enjoyed a taste of other cultures from the music brought to us by the 4-H Folk Arts Ensemble. Carla Anderson was a member of the Council, and Pam Gundrum and Todd Wessing performed in the 4-H Folk Arts Ensemble.

Congress also gave us a chance to receive hands-on learning experience in courses that varied from figure drawing to understanding small engines or from song leading to cloning plants. You could even take an inside look at the Capitol. Wednesday evening we danced the night away with live rock'n roll and polka music.

Congress truly was a super experience, filled with excitement, fun, and new and

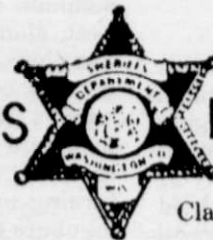

challenging leadership opportunities. We shall never forget it!

Kasten Candidate For Reelection

BROOKFIELD — Citing a "three-point program for growth, opportunity and leadership for Wisconsin's future," U.S. Senator Bob Kasten officially announced his candidacy for reelection to the U.S. Senate Tuesday, July 1.

The Brookfield rally for Kasten and his wife, Eva, was the final in a series of 10 rallies held Tuesday and Wednesday across the state. The Kastens kicked off their statewide swing in Senator Kasten's hometown of Thiensville. They also attended rallies in Green Bay, Schofield, Superior, Chippewa Falls, La Crosse, and Waunakee, Oshkosh, and Serb Hall in Milwaukee.

washington county, wis. SHERIFFS

DEPARTMENT

Clarence A. Schwartz, Sheriff

Seatbelts

The use of seatbelts has gotten a lot of attention recently due to a debate in Madison over a law that would make wearing the devices mandatory. Washington County Sheriff Clarence A. Schwartz reminds county residents that whether or not a law is passed, they should make a point of wearing the belts not because of a law or threat of penalty, but because it just makes sense.

"Seatbelts save lives. Despite stories to the contrary, there is no doubt about it," the sheriff declared. "There will always be a one-in-a thousand case of someone who survived because a belt wasn't used, such as the driver who was able to duck down before his car rear-ended a semi. But these incidents are extremely rare. We see cases every year of victims who could be saved needless injury and even death if they had just worn a seatbelt."

Deputies are required by the department's regulations to wear seatbelts anytime a county vehicle is used, and must also have passengers wear seatbelts. The Sheriff cited this as an illustration of how the department views the issue.

"Have you ever been punched in the nose? It hurt didn't it? In minor accidents we have had people get their faces smashed against the windshield or a steering wheel. If they had been belted in they could have walked away without a scratch, but now they face plastic surgery. What a waste!", he said.

"If adults won't buckle up,

we wish they would at least insist that their children do. Auto accidents are the biggest killers of children under age five. I wish parents could see the films we have showing mannequins the size of children being tossed around inside test vehicles that have been crashed. That would really drive the point home," the sheriff observed.

THE HEALTHY BACK BOOK AVAILABLE FROM BLUE CROSS & BLUE SHIELD

Blue Cross & Blue Shield United of Wisconsin, Milwaukee, is offering an illustrated guide to the prevention of back problems called **The Healthy Back Book**. The company offers several publications and films on important health subjects such as proper eating, fitness, and dealing with stress, as part of a continuing effort to help people maintain good health.

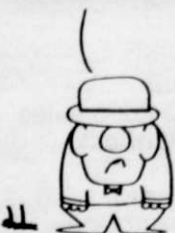

The Healthy Back Book teaches people a positive approach to back care. The booklet has suggestions for making important and lasting lifestyle changes that can help prevent back pain. Exercise tips on how to strengthen the back and how to alter daily habits to protect the back are included in the book.

A copy of **The Healthy Back Book** can be purchased for 50 cents by writing to Blue Cross & Blue Shield United of Wisconsin, Public Relations Department, 401 W. Michigan Street, Milwaukee, Wisconsin 53201. For further information, call (414) 226-5378.

SENSENBRENNER PROPOSES 'TRUTH IN PACKAGING' LEGISLATION

(Washington, D.C.) — REP. F. JAMES SENSENBRENNER, JR., (R-WI) announced that he has introduced H.R. 4950 which amends the Perishable Agriculture Commodities Act (PACA) to require country of origin labeling on all fresh produce.

Sensenbrenner said, "This legislation will help ensure consumers are better informed when shopping for produce." H.R. 4950 will stop the commingling of foreign and domestic produce in supermarkets without proper labeling. Imports from Mexico, Canada, the Caribbean and other countries are often times inferior and are purchased at prices far below domestic produce. Sellers then mix the often inferior imports with high quality domestic fruits and vegetables and set their retail price on the basis of the higher quality U.S. commodity. "This practice is cheating the consumer," charged Sensenbrenner.

From a cost perspective, the State of Florida has shown that fresh produce can be labeled in supermarkets with virtually no impact on cost or manpower and without serious problems of enforcement.

Another issue which concerns the Congressman is the pesticide issue. "Foreign countries do not have the same pesticide standards observed in the United States and often use poisons which are banned in this country," said Sensenbrenner. The Congressman cited a Government Accounting

Office (GAO) Study which provides evidence that up to 20% of the fresh produce coming into the United States may be laced with toxins or cancer causing chemicals which have been outlawed in this country.

"By changing the PACA," said Sensenbrenner, "Congress will give Americans the freedom of choice to choose imported produce over domestic crops which meet EPA standards. Undoubtedly, many consumers will also appreciate the option to 'Buy American.'"

H.R. 4950 has been endorsed by National Coalition for Fair Trade, the Maine Potato Council, the Washington Raspberry and Strawberry Commissions and the Florida Tomato Exchange, among others.

Loan Record Set by West Bend Savings

With over \$9 million in residential mortgage loans closed during the past 60 days, West Bend Savings bested its prior record by several hundred thousand dollars.

Richard A. Larson, Chairman, indicated that because the organization had anticipated the high loan demand and instituted several administrative changes, borrowers have been able to avoid the lengthy delays reported by many other lenders. Larson said closings are still possible within 2-4 weeks after taking a mortgage application.

by the municipal attorney and the forfeitures were collected by the municipalities.

"Since the fines were just increased, * this charge represents a significant yet unintended shift of revenue from municipalities - especially the City of Milwaukee - to the counties. The Legislature did not know of these consequences at the time of passage, and I intend to author legislation which would return at least a portion of these revenues to the municipalities. This legislation could then become part of the trailer bill during the next legislative session," Senator Stitt concluded.

Sen. Stitt Says, New Drunk Driving Law To Cost Municipalities \$1 Million

Madison. . . According to a study made at the request of Senator Donald K. Stitt (R-Port Washington), the bipartisan Legislative Fiscal Bureau found that the new Wisconsin drunk driving law will cost state municipalities up to \$1 million. "This revenue loss was unexpected and a result of unnecessary haste in preparing the legislation," Senator Stitt stated.

Because the new drunk driving law requires all first offense drunk driving cases (above .2 blood alcohol) to be prosecuted by the county district attorney, the fines are paid to the counties. In the past, these offenses were prosecuted

Riebe Completes Law Enforcement Training

Deputy Sheriff Michael F. Riebe of the Washington County Sheriff's Department completed two months of formal training at Fox Valley Technical Institute (Appleton) and has been granted his state certification as a law enforcement officer by the Wisconsin Department of Justice's Law Enforcement Standards Board. Deputy Riebe was class valedictorian with a final test grade of 95%. He was also high scorer in bulls-eye target qualification, scoring 99%. Deputy Riebe was also elected president of his class by his fellow recruits.

Deputy Riebe is a resident of West Bend, where he lives with his wife, Paula, and two children, Stephanie and Heather. He had been a Wisconsin State Patrol trooper for ten years before leaving that position to operate a small business in Jackson. After ten years, he decided to return to law enforcement and was appointed as a sheriff's deputy after scoring well in written and oral tests.

Adult Family Home Needed

In Washington County there has always been a need for adult family homes. Currently however, the Washington County Department of Social Services is desperately seeking a home for Jean (not her real name), a 35 year old woman that is nursing home bound if a resource is not found within a short period of time.

Jean currently lives with her elderly parents. They are now finding it very difficult to give her the physical and emotional support necessary to maintain her in the community. Jean needs a wheelchair to get around. Her eyesight is not what it used to be, and she does not have complete control of her arms. Jean is a wonderful talker and loves to shop. She is a real bargain hunter.

Jean is not a defeated woman. She is enthusiastic and pleasant. Jean works 4 days a week at Threshold, a sheltered workshop in West Bend. She is an ambitious woman. She

doesn't have to go to work but she does.

The foster household for Jean would have to be certified by the county's Department of Social Services. To qualify the home or apartment would have to be in good condition and the providers in good health. Foster adults like Jean are not boarders. However, the family does receive a monthly stipend of approximately \$600. Foster adults generally become a part of the family and in many situations they become a loved companion.

The Department is not looking for a savior nor does it want a hard hearted person. They want a level headed, level tempered person who is willing to learn. It doesn't always work. However, many foster adults become a part of the family.

If anyone is interested in taking in Jean or in getting involved in foster care they should call the Washington County Department of Social Services at 228-4610 or 644-5282 and ask for the Foster Care Coordinator.

OFFICIAL NOTICE

AGENDA

There will be a Regular Meeting of the Kewaskum School District Board of Education beginning at 7:00 p.m. on Monday, July 14, 1986. The meeting is to be held in the commons area at Kewaskum High School.

Anticipated agenda items will include the following:

- I. Call to Order-President Brigham
- II. Roll call
- III. Pledge of allegiance-Clerk Goeden
- IV. Approval of agenda; deletions and corrections
- V. Student government representation; reports or questions
- VI. Audience to visitors; receiving of delegations
- VII. ACTION ITEMS
 - A. Approval of minutes of past meeting(s)
 - B. Old Business:
 - 1. Acceptance of "Quest" program from Lions Club for use at KMS-Ms. Backus

IN MEMORY

In memory of Elmer E. Nigh
 who passed away five years
 ago, July 9, 1981:

You left and we never said
 goodbye.

These past five years I've often
 wondered why.

Between us there were too
 many words left unsaid,
 Too many deeds left undone.

But in my heart I loved you as a
 father,

And I know you loved me as a
 son.

Missed, Loved and Remembered

**Wisconsin Residents Spend Almost \$100 Per
 Month for Summertime Outdoor Recreation**

Wisconsin residents spend on
 an average almost \$100 per
 month for summertime outdoor
 recreation activities, according
 to results of a survey conducted
 for the Wisconsin Department
 of Natural Resources. DNR
 commissioned the survey to
 determine how important
 outdoor recreation is to Wiscon-
 sin residents and to determine
 outdoor recreation trends.

Pam Foti, outdoor recreation
 planner for the Bureau of
 Management and Budget, said
 survey results will be used to
 help DNR develop its 1986-91
 Statewide Comprehensive
 Outdoor Recreation Plan
 (SCORP).

Wisconsin is required to have
 a SCORP to be eligible for
 federal money from the Land
 and Water Conservation Fund.
 Foti said that last year Wiscon-
 sin received about \$1.4 million
 and forty percent of these funds
 were allocated to local com-
 munities to help them meet
 their outdoor recreation needs.

Almost 500 people were
 polled by phone about their
 outdoor recreation activities
 during the entire month of
 August 1984.

Overall, 70 percent of those
 people who participated in out-
 door recreation activities had
 some expenses. Dollars spent
 per person ranged from nothing
 to more than \$2,000. The
 average monthly expenditure
 for everyone who participated
 was \$99.54.

The \$99.54 in expenditures
 was divided as follows: 30
 percent for transportation, 25
 percent for restaurants and
 bars, 25 percent for groceries
 and household items, 10
 percent for lodging and 10
 percent for user fees.

Survey results also showed
 that Wisconsin residents are
 willing to pay more for outdoor
 recreation. When asked if they
 would still participate in their
 favorite activity if total costs
 were doubled, 60 percent said
 they would continue at the same
 level. Nine percent replied they
 would continue the activity less
 frequently, and 12 percent
 would "maybe" continue to
 pursue their favorite outdoor
 activity. Seventeen percent of
 the respondents said that they'd
 give up their favorite activity if
 costs were doubled.

mail to the Department of
 Natural Resources' License
 Section in Madison at the above
 address. For you to be eligible
 for a bear harvest permit, your
 application for a bear hunting
 license must be received by the
 department no later than July
 11. The 860 harvest permits will
 be awarded to hunters whose
 applications for a bear hunting
 license were received by the
 July 11 deadline on a random
 selection basis.

3. Successful applicants will
 be notified as soon after July 11
 as possible, but no later than
 August 10. They will have until
 August 25 to submit the harvest
 permit fee (\$25.50 for residents
 and \$100.50 for nonresidents) to
 the department. Failure to
 submit the fee by the deadline
 will result in forfeiture of the
 permit which be awarded to the
 next hunter in line on the
 random selection list.

The hunting license fee will
 not be refunded to unsuccessful
 applicants for a harvest permit,
 but they can use that license to
 assist a harvest permit holder
 fill his permit. That includes
 pursuit of the bear, but not the
 actual shooting of the animal
 which must be done by the
 holder of the harvest permit.
 After the July 11 deadline, bear
 hunting licenses will be avail-
 able at all Department of
 Natural Resources offices which
 sell hunting licenses and will be
 also available at County
 Clerk's offices for purchase by
 hunters who plan to assist a
 harvest permit holder in the
 hunt.

Bear harvest permit appli-
 cants will receive continuous
 preference as long as they
 continue to purchase a bear
 hunting license prior to the
 deadline each year. That means
 that individuals who receive a
 harvest permit this year will not
 receive a harvest permit in
 future years until all other
 applicants who keep their appli-
 cations up to date by applying
 by the deadline each year have
 received a permit.

The bear season again is from
 September 13 through October
 10 for hunters using methods
 other than with the aid of bait or
 dogs. The season for hunters
 using bait only is from Septem-
 ber 13 through October 3 and
 for hunters using dogs, the
 season opens September 20 and
 continues through October 10.

**32 Acres of County
 Wetlands at Theresa
 Marsh Donated to DNR**

A donation of 32 acres of
 wetlands in Washington County
 has been welcomed by the
 Department of Natural
 Resources.

The parcel, donated by
 Wetlands for Wildlife, Inc., at
 West Bend, is within the pro-
 posed boundaries of the 5000-
 acre Theresa Marsh, managed
 by the DNR.

The new wetlands acquisition
 is important, DNR staff said,
 because it provides excellent
 habitat for waterfowl produc-
 tion, offers nesting cover, and
 provides additional recreational
 opportunities close to urban
 areas.

"In a time of very restricted
 budgets, these people (Wet-
 lands for Wildlife) stepped in
 and helped out," said Richard
 DeYarman, Southeast District
 DNR real estate officer.

The donation comprises part
 of a wetland corridor adjacent to
 the Rock River. It is bounded on
 the north and east by state land.

**New Trout Fishing
 Regulations**

New trout fishing regulations
 are in affect for southeastern
 Wisconsin anglers.

Those fishing the stocked
 inland trout lakes and all the
 trout streams in southeastern
 Wisconsin will be limited to
 taking no more than three trout
 at least 9 inches long daily.

The new limits will result in
 release of more undersized
 trout. The Department of
 Natural Resources urges that
 those trout be released in a way
 that will enable them to survive.

"Anglers are encouraged to
 release hooked trout by clipping
 the leader on the hook rather
 than trying to remove the
 hook," according to James
 McNelly, Southeast District
 DNR fish manager.

A Wisconsin study shows that
 65 percent more fish survive if
 the leader is cut and the hook
 left in the fish, while 25 percent
 die if the hook is pulled out.
 Hooks usually dissolve in a fish
 in a short time without harming
 it.

The trout lakes under the new
 regulations are: Lower
 Nashotah Lake, Lannon Pond
 and Lower Genesee Lake in
 Waukesha County; Sheboygan
 Quarry, Butler Lake and Big
 Elkhart Lake in Sheboygan
 County; Rock Lake in Kenosha
 County and Lake Geneva and
 Lake Beulah in Walworth
 County.

Trout streams in the South-
 east District include: the Mullet
 River and Nichols, La Budde,
 Schuett, Ben Nutt and Melius
 Creeks in Sheboygan County;
 Allenton and Stoney Creeks in
 Washington County; Genesee
 Creek, the South Branch of
 Scuppernong Creek, and
 Paradise Springs and Rosenow
 Creeks in Waukesha County;
 Tichigan Creek in Racine
 County; Palmer Creek in
 Kenosha County; and Van
 Slyke, Potawatomi and Bluff
 Creeks and Steel Brook in
 Walworth County.

Indians' 8-Game Winning Streak Ended by Leading New Holstein in 3-2 Duel

After winning four games last week and extending their winning streak to eight straight, including two non-conference contests, the Kewaskum Indians' Eastern Wisconsin title chances were as well as eliminated when they lost a 3-2 heartbreaker to the leading Huskies at New Holstein Monday. It was the Indians' third loss to the Huskies this season.

The Indians resumed their winning ways at Two Rivers Tuesday with a 10-3 victory to give them a 9-5 conference mark (14-6 overall) but the loss at New Holstein gave the Huskies a 13-2 record, not including any other games they may have played this week.

With standout pitcher Don Menzel on the shelf at the beginning of the season, the Indians got off to a bad 2-4 start. Then they won six straight to put them back in the title race before losing to New Holstein Monday. Details on this week's defeat at New Holstein and victory at Two Rivers will be published next week, along with the scheduled contest at Chilton Thursday.

Last week's four victories included impressive 16-3 and 13-3 wins over Chilton and Sheboygan Falls respectively and a 4-0 and 11-10 doubleheader over a strong Plymouth team. The Indians found their batting eyes by scoring 44 runs in these four games. In three previous games they had scored 31 runs for a total of 75 in the last seven contests. That's a lot of runs.

In their home game against Chilton last Monday, lefty Menzel was on the mound for the Indians, limiting the Tigers to just three hits, and boosting his record to 3-1 since returning to the team. Menzel struck out 12 batters and issued three walks.

Kewaskum went right at against Chilton, scoring five times in the first inning, two in the second and seven in the third when 11 batters went to the plate. The Indians got six hits in the first inning, singles by Mark Schlosser, Tim Dettmann, Jeff Newhauser, Jack Aupperle and Troy Zimdars and a double by Menzel. In the third inning, which brought in seven runs, there were only three hits, singles by Schlosser, who went 3x4, Menzel and Newhauser. Bob Yahr had 2x3 and three RBI.

The game against Sheboygan Falls was also decided early as the Indians jumped off for eight runs in the first three innings in their 13-3 victory. Aupperle lashed out with his first home run with two on base. Yahr and Troy Zimdars again came through on the mound, limiting the Falcons to eight hits. Yahr tired in the sixth after giving up three runs and Zimdars came in to finish the job.

Dettmann, the Indians' all-conference catcher, came through with three hits and two RBI, including two doubles and a single. Tim Rohlinger also had an extra base hit.

In the doubleheader wins over Plymouth here Thursday, 4-0 and 11-10, Menzel hurled the first game shutout, a makeup of a rained out contest of June 23. He responded with a three hitter.

Kewaskum got a pair of runs

in the third and two more in the fifth. The first runs came on a triple by Bingen, sacrifice fly by Rick Staehler, walk Schlosser, single by Dettmann and sacrifice fly by Yahr. The two runs in the fifth came after back-to-back triples by Schlosser and Dettmann. Dettmann scored later on a ground out.

Up to this game slugger Dettmann, senior catcher, had five doubles, three triples and two home runs in Kewaskum's 18 games. Menzel struck out seven and walked four in picking up his fourth victory against only one loss, including a two hitter and a three hitter.

Believe it or not, the Indians committed 11 errors in the second game and still won, 11-10. Ordinarily Kewaskum is strong defensively. A big help to the Indians was the fact that several Panther pitchers issued a total of 18 walks. The Plymouth starter, Jeff Pietsch, failed to last an inning, hitting the first batter and then walking several Indians, who scored six runs before the inning was over.

Still the score was tied, 8-8, at the end of regulation play. Neither team scored in the eighth but in the ninth the Panthers got two unearned runs. Down by two runs, Kewaskum tied it up with two in their half of the ninth on a walk, two fielder's choices and a two-run double by Menzel.

The Indians got their winning run in the tenth on a single by Bingen and three straight walks. Kewaskum had seven hits in the second game.

Rock River Baseball Oldtimers Hall of Fame Balloting Close

Seven years of balloting by Rock River Baseball Oldtimers to elect members to the league Hall of Fame never have produced as close a margin as counted last week.

Six of the 12 nominees were elected and will be installed in ceremonies at the Oldtimers' 7th annual Hall of Fame Dinner set for the Mayville Golf Club on Saturday night, Oct. 18.

So tight was the mail ballot competition that one nominee lost out by a single vote, and four others were less than ten short to receive the honor.

Association Pres. Carl Heimerl, Jackson, and Sec.-Treas. Bud Bellon, Horicon, counted the ballots.

Successful were Brownsville's talented alumni, Les Beitz and Verner "Prof" Spielman, Wally Goetsch, Lebanon's outstanding pitcher for 10 Rock seasons starting with its 1929 beginning, John Kling, who anchored Rubicon's outfield during its 1960's glory years, and Wayne Neuberger, Clyman's slugging first baseman for 18 years.

The sixth is Eddie Wendorf, Ashippin southpaw, who spent more time in the Land O' Rivers than in the Rock league in the 1930's and 40's, but whose winning record was recognized by his peers to gain a notch in the Hall.

Unsuccessful candidates to be carried on the '87 ballot are Al Buchta of Mayville,

Theresa's Bud Hembrook and Fritz Lautenschlager, Roy Maass of Lebanon, Randolph's Claude McCormick and Ray Messer of Burnett.

Six Rock River veterans will join them when nominated from the floor at the Oldtimers' Annual Meeting next April.

Lakes Team Loses To Cedarburg, 15-6

Heberer All-Star

The Kewaskum Land o' Lakes team lost to Cedarburg Sunday, 15-6. The loss dropped Kewaskum's record to 1-5 in league play and 1-6 overall.

The Athletics held a 6-3 lead going into the bottom of the 5th inning when starting pitcher Steve Muench was forced to leave the game due to illness. Kewaskum was forced to use two pitchers who had never been on the mound in Lakes action before Cedarburg scored four runs in the 5th, 6th and 8th innings to win going away.

Tim Leitheiser and Steve Muench with two hits apiece and Ron Theusch with three led the Kewaskum attack.

Kewaskum's next game is scheduled for Saturday, July 12, at home against Grafton. Starting time is 1:30 p.m.

Tim Heberer will represent Kewaskum at the all-star game to be played Sunday, July 13, at Grafton, starting at 1:30 p.m. Tim is currently hitting an even .500, along with doing a good job on the mound for the Athletics. The game will pit the Northern Division all-stars against all-stars from the Southwestern Division of the Land o' Lakes. The rain date is scheduled for Saturday, July 19, at Grafton.

Attend Football Camp At UW-River Falls

Twenty-seven members of the West Bend West football squad traveled by chartered motorcoach to spend several days at the Mike Farley Wishbone Camp at UW-River Falls last week in June.

Also attending the River Falls camp were three coaches from Kewaskum High School, Dale Schatz, Clark Pearson and Joe Harlow, and West coaches, Bob Clingan and Lance Hittman.

All the boys paid for their own camp fees, but the West Football Parents arranged for the transportation to the site. The group was the largest the Spartans have ever sent to the camp.

Las Vegas Days at Hon-E-Kor July 26

Las Vegas Days will be held at Hon-E-Kor Country Club on Saturday, July 26, starting at 2:00 p.m.

Golf, dinner (tax and tip included), a simply "gambling" time, and possibly a "dip in the drink" are included for the price of \$20.00 per couple and \$10.00 single for this fun event.

Members guests and any interested parties are welcome! Call 626-2520 or sign up in the pro shop at Hon-E-Kor.

'No. 1' Grand Nat'l. Tractor Pull at Tomah July 11-13

TOMAH, WI - The Wisconsin Grand National Class A Tractor Pull will be held in Tomah, WI July 11-12-13.

The Tomah pull, voted the number 1 pull in the nation by competitors in 1985, will draw pullers from all over the US and Canada to compete for a purse and trophies totaling \$110,000.

Friday evening, Saturday afternoon and Sunday afternoon and evening sessions will be a mixture of super stocks, modified, pro stock, mini rods and the exciting 4-wheel and 2-wheel-drive truck classes.

In addition, there will be a spectacular semi pull featuring the "Killer Mack" of Ray Collins of Chardon, OH and the "Liberty Belle" and "The General Lee" semis of Ernie Metzgar of Silver Lake, Ind., the 1985 National Semi Pulling Champion!

There will be a free dance at the Recreation Park pull site Friday night and a parade in downtown Tomah at 10 a.m. Saturday. Also planned are an art and craft show, flea market, carnival, commercial booths and food and refreshment concessions.

An all new attraction this year is the 3 track pulling arena. It will be the first time ever for 3 competing tracks at a Grand National Pull Event.

The event is sanctioned by the National Tractor Pullers Association and promoted locally by the Monroe County Fair Assn. Anheuser-Busch, under the Budweiser label, is the sponsor of the tractor pull.

Admission to the grounds and parking will be free. Grandstand tickets will be available at the park each day of the pull.

HON-E-KOR COUNTRY CLUB TUESDAY NIGHT MEN'S LEAGUE July 1

Top teams this week were: Trail's End (5), Dave's Pudders (5), Sodbusters (5), Doc's Wild Ones (5), Berndt's Bums (5), Regal Ware (5), Par-Nons (3), Gehl Balers (3), Marine Bank (3).

WEST BEND COUNTRY CLUB WOMEN'S ASSOCIATION

West Bend Country Club's women golfers played Pick a Partner - best ball on July 2.

Winners in the 18-hole groups were: First with 61 - Linda Stonebraker and Betty Lewis; second with 62 - Peg Ziegler and Ginny Greer.

Winners in the 9-hole groups were: First with 27 - Sue Schumacher and Sandy Nielsen.

On July 9 women golfers drew blind partners for the scheduled event. Hostesses posted were Mickie Lees and Katie Mulvihill.

Play in the July tournament will continue.

Members are reminded of Derby Day on July 30 and Guest Day on August 12. Sign-up sheets for these two scheduled days are in the women's locker room at the club.
