KHS Class of 1936 Celebrates 50th Reunion

June 15, 1986, was a memorable date for the Kewaskum High School Class of 1936 as they celebrated their 50th reunion at the Hon-E-Kor Country Club. A cocktail hour preceded a family style dinner followed by each classmate giving a brief resume of their life. Door prizes were awarded and a musical treat rounded up the evening.

Bottom Row [left to right] — Doris [Rosenheimer] Blake, Elaine [Schleif] Mayer, Walter Schmidt, Lucille [Romaine] Hopkins, Eleanor [Schleif] Mayer.

Middle Row — Janice [Koch] Honeck, Marion [Petermann] Erdmann, Viola [Backus] Spoerl, Ruby [Menger] Hohlweck, Dolores [Horning] Peters.

Top Row — Kilian Honeck, Carl Kohlschmidt, Clyde Darmody, Armand Mertz, Otto Weddig.

Absent Members — Vilas Bartelt, Howard Schmidt, Norma [Hawig] Wietor. Deceased — Delbert Backhaus, Ray Pfenning, Dean Stern, Anthony Uelmen, Marie [Beilke] Rate, Dorothy [Backhaus] Pieper, Paul Schmitt, Frances [Bunkelman] Diener, Pirmin Kohler and Earl Bartelt.

Land to Be Purchased for Reigle Drive Extension

No Beer License for Shefond Self/Serve

By GERRY MUELLER
Statesman Staff Writer

Bill Lenz, owner-operator of the Kewaskum Shefond Self-Serve quik mart and gas station said he was applying for a Class 'A' fermented beverage license because of the tremendous call for beer by customers and not to intentionally slight other businessmen. The Kewaskum Village Board, however, decided that two Class 'A' licensed businesses were enough for the village at this time.

Owners Jim Boegel of J & N Liquor, and Sylvester Keller of Uptown Liquor were present at Monday night's public hearing on the application and spoke against granting a third Class 'A' license. Boegel asked what the limit was on the number of that type of license which could be issued. Village Administrator Dan Schmidt said there was neither a state or village limit.

Boegel told the trustees, "I have tremendous calls for milk, cheese, bread, cameras, film, and bait, but I don't carry those items, I send them to the

businesses that handle them." Both Boegel and Keller indicated it was difficult enough trying to earn a living without more competition. Keller felt the self/serve should stick to selling its main items, gas. Trustee Tom McElhatton, however, reminded Keller that, as a side line, he had also sold paint from his liquor store. "You were in direct competition with other merchants who were in the business of selling paint. I'm just making the point," said McElhatton, "that if I vote against the request it is not to hold down competition but to stand behind the board's earlier decision that two Class 'A' licenses are enough for the village at this time."

Trustee Howard Laubenstein told the two men, "why should we protect you, everyone in business faces the same problem, nobody protects mine, that's competition."

Trustees Mary Krueger and Paul Blumer had a different concern. Their objections to granting the licenses were based on the large number of minors in the store because of

the video movie rentals. "I agree with Tom and Howard, said Krueger, "it's not the business of this board to try and keep the competition down." It would be the same problem if more plumbers or doctors came into the village to go into business, we cannot base our decisions on whether or not they would mean more competition, noted Krueger.

McElhatton told Krueger and Blumer he thought they were blowing the point of minors in the store out of proportion. "As a board member I do think, at this time, we do have enough Class 'A' licenses," stated Board President Dave Nigh. The board voted 6 to 0, one absent, to deny the application.

As the three men left the meeting, Lenz shook hands with Boegel and noted there were no hard feelings over the decision.

In other action the board approved resolutions permitting the purchase of land from the Selma Backhaus estate, at a cost of \$24,000, to be used for the development of the Reigle Drive extension, open space

Plane Crash Kills Two

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Fire Department rescue squad, along with emergency personnel and equipment from several neighboring communities responded to the Sheboygan County airplane accident Sunday which claimed the lives of two people and injured two more.

The plane crashed shortly after takeoff in a wooded area on the border of the towns of Sherman and Scott, about three miles northwest of Silver Creek, near the extreme northeast corner of Washington County.

Killed in the crash of a Cessna 172 private plane were the owner and pilot Edward B. Verbanac, 55, Route 1, Random Lake, and his niece Alonna D. Verbanac 36, of 711 E. Summer Street, Hartford. Injured were Craig Verbanac 17, of Neosho, and Michael Bonney, 14, of Hartford.

Craig was taken to St. Joseph's Hospital, West Bend, where he was treated for multiple injuries and fractures. He had been knocked unconscious in the crash but was

found wandering around the area when rescuers arrived.

Bonney, who was trapped in the wreckage for about four hours, was listed in critical condition at the Milwaukee County Medical Complex. Initial attempts to free him with a jaws of life were abandoned when rescuers determined the equipment might ignite the leaking fuel.

The bodies had to be removed from the plane before Bonney could be freed from the wreckage. He was transported to Milwaukee by the Flight for Life helicopter.

The crash occurred as Verbanac, who had flown for at least 10 years, gave pleasure rides to several people who had been attending a family reunion for about 50 relatives. Verbanac had made other flights during the morning. The crash site was about half a mile north of the Verbanac home. Those at the reunion were not aware of any problem with the plane after it took off.

A Sheboygan County Sheriff's Department spokesman said a report had

All Day Open House at State Parks

Kettle Moraine Northern Unit 50th Anniversary Ceremony at Ice Age Center Near Dundee Sat.

Ancient Wisconsin lands, once covered by the icy fingers of Canada's glaciers, will be celebrated July 26 for what they are today: recreation meccas composed of lakes and hills, woodlands and swamps, plains and kettles and ridges.

The Kettle Moraine State Forest's more than 45,000 acres of scenic diversity will be the focus of a 50th anniversary ceremony the afternoon of July 26 at the Henry S. Reuss Ice Age Visitor Center near Dundee on Highway 67.

Both forest units — the 27,500-acre northern forest in the Kewaskum area and the 17,600-acre southern forest near Eagle — will participate in the program. So also will members of the public who turn out annually in the millions to ski the glacial hills, hike the nature trails, camp, and hunt deer and small game.

An all-day open house at the northern unit on July 26 will be followed July 27 by open house at the southern forest. Vehicle admission fees will be waived for each open house but camp-

ing fees will remain in effect.

Speakers at the 2 p.m. program will include Roy Sebold of Sheboygan, a national director of the Izaak Walton League; John Zillmer of Milwaukee, president of the Ice Age Park and Trail Foundation and a member of the Ice Age Trail Council; Pat Miller, superintendent of the National Park Service's Apostle Island National Lake Shore; and Bruce B. Braun, deputy secretary of the Wisconsin Department of Natural Resources which operates the forest.

Bruce A. Chevis, superintendent of the Southern Unit - Kettle Moraine, will preside at the ceremony. Invocation and benediction will be given by the Rev. Gerald T. Schmitz, pastor of St. Matthew Catholic Church at Campbellsport. Band music will be provided by Syl's Polka Dots of Dundee. Refreshments will be served, and gifts will be distributed by Smokey the Bear, according to Walter Adams, superintendent of NU - Kettle Moraine.

Village of Kewaskum NEWS NOTES

The Village of Kewaskum, Municipal Code addresses a particular hazard or public nuisance the Village Board wishes to review with all property owners. This hazard or public nuisance is in reference to TREE LIMBS. As stated in Chapter 10.5 (5), All limbs of trees which project over and are less than 10 feet above any public sidewalk, street or other public place are considered a public nuisance.

Any property owner in violation of this section is asked to correct the situation to alleviate any further action required by the Village. Your cooperation is appreciated in the maintenance of safety for all residents.

300 Attend Stern Family Reunion

The third family reunion of Gottlieb and Fredricke Stern was held Sunday, July 20, at River Hill Park, Kewaskum, with about 300 people in attendance.

The welcome address was given by the chairman, Dan Ebert. David Stern said grace and after a delicious meal, a memorial prayer was given in memory of the deceased since the last reunion, namely Bernadette Dettman, Sabena Stern, Harold Stern, LeRoy Seehaver, Lorenz Backhaus, Edward Stern, Alice Klein, Wilbert Kutz and Arthur Tainen.

A special recognition was given to the following: The oldest person, Elsie Kolber, 92 years. The longest married couple, Mr. and Mrs. Hilbert Roell, 59 years. The newest married couple, Mr. and Mrs. Randall J. Kemp, May 31, 1986. The youngest person, Jacob Alan Stern, March 16, 1986, son of Mr. and Mrs. David Stern. The person with the most children, Hazel Seehaver of Rockford, Ill. with eleven. The person with the most grandchildren was also Mrs. Seehaver with 30 grandchildren. The person who came the farthest was also Mrs. Seehaver.

The day was spent visiting and reminiscing and playing games by young and old. An enjoyable time was had by all.

The reunion committee for this year was Daniel Ebert, Grace Maciejewski, Lucille Fellenz, Bernice Sternitzky and Syl Stern.

The committee for the next reunion are Daniel Ebert, Lucille Fellenz, Bernice Sternitzky, Lucy Wagner and Bernice Scannell.

The next reunion will be the third Sunday of July, 1987.

Marriage Licenses

Michael Marvin Wiesner and Carla Rose Stroh, both Town of Ashford.

James Barth Zimdahl and Judith Ann Kaehne, both Town of Ashford.

Thomas Albert Toth, Fond du Lac, and Donna Mae Prochnow, Town of Ashford.

BANNS OF MARRIAGE

Marriage banns were announced in the Holy Trinity Church bulletin for the first time Sunday for Dave Goeden and Suzanne Harlow.

Holy Trinity Parish Council Officers Elected

At the last Parish Council meeting of Holy Trinity Church, the following officers were elected for the 1986-87 term:

President, Gerald Stollenwerk; Vice President, Mrs. Mary Ellen McElhatton; Secretary, Mark Jansen.

The meeting also discerned liaison people to the Council Committee. They are: Spiritual Life and Worship Committee, Mrs. Midge Swanson; Education Committee, Allen Amerling; Human Concerns Committee, Gerald Stoffel; Building and Grounds Committee, Dennis Bingen; Administrative Services/Finance Committee, the two trustees, Mrs. Gloria Rodenkirch and Roy Swanson. Also Mrs. Clare Lehmann (consult by-laws of Holy Trinity Parish Council Constitution - Article 1, Section 2) will fulfill the unexpired term of Gerald Kiefer.

Sensenbrenner Staff Office Hours Here

Ninth District Congressman Jim Sensenbrenner's District Office staff will hold a series of open office hours in Waupun, Brownsville, Campbellsport, Kewaskum, and West Bend on Tuesday, July 29th.

At five different locations a staff member will be available on behalf of Sensenbrenner to discuss problems with federal agencies, to hear views of residents on issues of concern, and to receive requests for information or copies of government publications.

The schedule of office hours is as follows: Waupun City Hall ... 9:00 to 9:45 a.m., Brownsville Village Hall ... 10:15 to 11:00 a.m., Campbellsport Village Hall ... 11:30 to 12:15 p.m., Kewaskum Municipal Building ... 1:30 to 2:15 p.m., Washington County Court House ... 2:45 to 3:30 p.m.

The public is invited and Sensenbrenner encourages area residents to attend. No appointments are necessary, and everyone will be seen on a first come, first served basis as time permits.

If you want your children to keep their feet on the ground, put some responsibility on their shoulders.

Brandon Jared Kuhfuss Baptized

Brandon Jared was the name received by the son of Ronald and Janelle Kuhfuss, 252 Cty. Trk. SS, R.1 Adell, in a private baptismal service, on Saturday, July 12, performed by Rev. Paul Hoenecke at St. Lucas Lutheran Church, Kewaskum. Godparents are Larry and Sue Schulz of North Fond du Lac and William Kuhfuss of Burnett.

Grandparents are Ivan and Byrdell Schulz of R. 1, Kewaskum, and Arvin and Anita Kuhfuss of Howard Grove.

Kewaskum Floral to Exhibit at State Fair

Kewaskum Floral Shop will be one of the flower show exhibitors at the 1986 Wisconsin State Fair.

The general theme for the 1986 flower show exhibited at the Flower Building at the Wisconsin State Fair is "Go West Young Man, Go West."

Floral presentations will be given on the stage in the Flower Building three times daily, 11 a.m., 1 p.m., and 2:30 p.m. The 1986 Wisconsin State Fair runs from Thursday, July 31, through Sunday, Aug. 10.

Friday, July 25, 1986,

WORDS OF WISDOM

While cleaning out dresser drawers, Mary Miller, Kewaskum, found a fifth grade report card from her late husband, Charles. It was from the Kewaskum Public School, 1919-1920, and the teacher, Elsie Guth, had the following inscription on the report card. "When the heart of the home is in league with the school, it is well with the child."

A Nightmare ON ELM STREET • 2 FREDDY'S REVENGE

"THE FILM IS SCARY...Clever special effects...Fast and nerve-racking...Startling!"

—Janet Maslin, THE NEW YORK TIMES

"AS MUCH FUN AS THE ORIGINAL...Good scares, a sense of humor and a classic character."

—Joel Siegel, ABC-TV

Jesse — the new kid on Elm Street — hasn't been himself lately . . . he has been Freddy Krueger! For Freddy — a monstrous, local child-murderer — has gained possession of Jesse's body with his hell-spawned soul, so that he can return from the dead to kill again. And again! And again!

Plane Crash Village Bd.

[Continued from Page 1]

been received at 3:45 p.m. that the plane had taken off at 12:15, and not returned.

Dr. Andrew Cyrus of Adell, another private pilot, heard a radio call regarding the plane and took off in his plane to search the area. Cyrus spotted the downed plane and was able to report the general location of the wreck.

Firefighters from Random Lake and Batavia searched the area and found Craig calling for help. The youth was able to lead the rescuers back to the crash site which was in a swampy area on the farm of one of Verbanac's neighbors. The plane reportedly went down approximately a half mile from the private homemade runway on Verbanac's farm where it had taken off. Rescuers had difficulty reaching the plane due to waist deep mud. The plane was lying on its side, partially in the water of the north branch of the Milwaukee River.

No one realized the plane had gone down until about three hours after its take-off. People began searching and then they heard what turned out to be Craig's cries for help.

The National Transportation Safety Board and Federal Aviation Administration are investigating the crash, cause of which was not known. Federal investigators were at the scene of the crash Monday and the plane's engine was removed for close inspection as part of the search for the cause of the accident. The engine was taken to Sheboygan to be torn down and examined.

Births

MISKE — A daughter to Connie and Steven Miske of Burnsville, Minn. on July 10. Paternal grandparents are Mr. and Mrs. Edgar Miske of Allenton and maternal grandparents are Joyce Hendrickson of Burnsville and the late Neal Hendrickson.

SHULKA — A son to James and Janet Shulka, 205 Main St., Allenton, on July 11.

RAMTHUN — A daughter to Kenneth and Carol Ramthun, 7730 Forest View, West Bend, on July 17.

SCHOOFS — A son to Tom and Lori, 2348 Rustic Road, Campbellsport, on July 20.

ANDERSEN — A son to James and Bonnie Anderson, Brookfield, on July 2. Grandparents are Harriet Andersen of South Milwaukee and Earl and Marie O'Brien of Kewaskum.

ROSENTHAL — A daughter to Paul and Lisa Rosenthal, Plymouth, on July 3. Grandparents are Earl and Marie O'Brien of Kewaskum and Corabelle Rosenthal of Plymouth.

It is often surprising to find what heights may be attained merely by remaining on the level.

and industrial/commercial use for the village.

A resolution stating the village's support of action to complete the second roadway portion of the highway 45 by-pass as soon as possible was also approved and will be sent to the Department of Transportation. A public hearing on the by-pass has been scheduled for July 29th in Madison.

The board approved the purchase of a replacement copy machine and service contract at a cost of approximately \$5,800 for the Municipal Building office. The old copy machine will be placed in the library.

Parks Committee Chairman Tom McElhatton informed the board that the new Kiwanis Park shelter building construction was in progress.

Building permits were issued to Michael Doherty, 1333 Midland Avenue, for the construction of a two-car garage, and Ed Staehler, 523 Keller Street, for a shed to be used as a coop for homing pigeons.

The board received budget updates for the sewer and water departments. Schmidt told the board both departments should have their rates reviewed to see if there is a need for changes. Neither department has had an increase for several years, noted Schmidt.

The board also approved a reimbursement policy when members must take time off from their work to attend official meetings during a normal work day. The fee was set at \$40 per full day, or \$20 per half day, which equals \$5 per hour.

The board then adjourned to closed session.

Kettle Moraine

[Continued from Page 1]

The Izaak Walton League's gift to the state of about 840 acres of land around what is now Mauthe Lake marked the beginning of the Kettle Moraine in 1936. Funds were appropriated in 1937 for the southern unit. The northern forest covers parts of Sheboygan, Fond du Lac and Washington Counties, while the southern unit encompasses parts of Waukesha, Jefferson and Walworth Counties.

John Zillmer, one of the anniversary speakers, is a son of the late Raymond Zillmer who started the state Ice Age Park and Trail Foundation which has sponsored the Ice

Memories...

Kewaskum has had baseball teams for many years, which is proven by this old photo of the 1908 village team. At that time the teams played their games on a then vacant lot across from the old high school building on East Main Street. You're an old timer if you can recognize any of the above faces. With some outside help, we were able to identify some of the players and officials.

Campus Notes In the Service

The University of Arizona College of Engineering and Mines has announced the Dean's List for the Spring Semester of 1986. Among those listed was Scott A. Prost - Domasky, formerly of Kewaskum.

To be eligible for the Dean's List, a student has to have a grade point average greater than 3.5 on a 4.0 scale and take more than 15 credits. Approximately only 5 percent of the students in the College of Engineering and Mines earn this academic achievement.

Scott, a 1979 graduate of Kewaskum High School, is a graduating senior in aerospace engineering with a 4.0 grade point average. He is the son of David and Marlene Domasky and the son-in-law of Willard and Dolores Prost, all of Kewaskum.

Sgt. Paul R. Mondloch, son of James F. and Bernadette Mondloch, of 411 Bates Road, Adell, has participated in Cardinal Point III, an 8th Infantry short-term field exercise held in West Germany.

The objective of the exercise was to test soldiers in a combination of weapons qualifications and Army Readiness Training Evaluation Program (ARTEP). Included in the training was annual tank gunnery, squad and platoon qualification courses and individual weapons qualification.

Mondloch is a team leader with the 8th Infantry Division in West Germany.

Balloons Released Here Arrive in New York in 14 Hours

Heather Amerling, 8, daughter of David and Cindy Amerling of Kewaskum, released three helium balloons, tied together with a taped name and address attached, on Sunday, July 13.

On Monday, July 14, at 6:00 a.m., the balloons were found in New York.

The following letter was received on Friday, July 18, from Brocton, N.Y.:

Brocton, N.Y. 14716
July 16, 1986

Dear Heather,

My husband went out Monday, at 6 a.m. and found your balloons on our front lawn. Two blue ones were still floating, the white one was in shreds. It was a dark rainy day so the picture I'm sending isn't too good. If you look close you can see them.

I looked up Kewaskum on my map and found it has a neighborhood of Fredonia. We live about seven miles from Fredonia, New York. Quite a surprise.

Would like to hear from you, the reason for sending the balloons and a little about yourself.

Sincerely,
Ada Wadsworth

I'm a grandmother of 7, great-grandmother of 12, a mother of 3.

ONGOING, FREE CAREER CONSULTATION AT MPTI

Are you currently unsure about which field to enter, thinking of changing careers, reentering the job market, or laid off with little chance of rehire? Moraine Park Technical Institute offers ongoing, free career consultation. Assistance is provided in resume preparation, job-seeking, skills, and interview skills.

For more information and/or an appointment, call MTPI - West Bend campus at (414) 334-3413.

from Tom Leitzke, R.P.H.

LAUGH FOR HEALTH

"Good belly laughs can add years to your life," says Dr. Abner Weisman, a NYC obstetrician. "Laughter stimulates circulation, rejuvenates digestion, and helps to lower blood pressure." "You must learn to laugh. Unless you do your body reacts to 'negative poisons' that can destroy your health," says Weisman. "The laughing habit can heal many conditions."

We wish you good health

Kewaskum 626-8001

Registration at UWC-Fond du Lac

An early advising and registration session is scheduled for July 30 at the University of Wisconsin Center - Fond du Lac. The sessions are for students who have been admitted.

New students must complete all admission procedures prior to July 30 before being able to register. Contact the Admissions Office at the campus in person or call 929-3606.

The registration sessions begin with a math placement test at 2:10 p.m. and an English placement test at 3:00 p.m. if students are enrolling in certain math and English composition courses.

An orientation session will start at 3 p.m. followed by a tour of the campus and informational sessions.

Advisement will begin at 4:30 p.m. in the Student Center Lounge where the students will visit with advisors and select courses for the fall semester.

Campus officials recommend attending this session to avoid encountering closed sessions that occur for students registering later in the summer.

Conceit is a disease that makes everybody sick except the person who has it.

Receive UW-Oshkosh Master's Degrees

More than 125 students received master's degrees from the University of Wisconsin-Oshkosh at the end of the spring semester.

The degrees were awarded in elementary education, guidance, special education, reading, biology, mathematics, business administration, accounting, history, public administration, curriculum and supervision, library science, nursing psychology and speech and hearing.

Degree recipients from Kewaskum were: John Baitinger, 311 Prospect Ave., Master of Science in Education, Guidance; Kathryn A. Charland, 9318 Kettle Moraine Dr., Master of Science in Education, Special Education.

Mona M. Anderson Wins Scholarship

Mona M. Anderson, 8183 Broadview Lane, Kewaskum, has been awarded the Vicky Lee Hirsh scholarship for the 1986-87 academic year, according to George W. Sledge, associate dean in the College of Agricultural and Life Sciences, University of Wisconsin-

Madison.

Anderson is a sophomore majoring in wildlife ecology.

The scholarship has been provided annually since 1968 by the estate of the late Vicky Lee Hirsh, a former Milwaukee school teacher with a deep interest in nature. The awards are made to Wisconsin natives enrolled in conservation and natural resources studies.

Richard Staehler Wins Scholarship

Richard Staehler, 8639 Boltonville Rd., Kewaskum, has been awarded the Wisconsin Livestock & Meat Council scholarship for the 1986-87 academic year, according to George W. Sledge, associate dean in the College of Agricultural and Life Sciences, University of Wisconsin-Madison.

Staehler is a freshman

majoring in meat and animal science.

The scholarship is awarded to students in good academic standings who are majoring in meat and animal science. It was established in 1968 by the Wisconsin Livestock and Meat Council.

BEECHWOOD SUMMER LIBRARY PROGRAM HAS GOOD RESPONSE

The Beechwood summer library program is doing great! There are 62 children, preschool through sixth grade, that have signed up this summer. The children have read and reported on a total of 948 books this summer. The summer goal is 1,000 books and there are two weeks left in the reading program.

The library is open Tuesday mornings from 10:00 a.m. to noon.

Two new film strips are shown each week at 10:45 a.m.

Meilahn - White

Kristine L. Meilahn and Bruce T. White are pleased to announce their marriage on March 29, 1986, in Seattle, Washington.

Kris graduated from Kewaskum High School and is the daughter of the late Mr. and Mrs. Carl Meilahn Jr. of Kewaskum.

Bruce is a native of California and has lived in Seattle for the past several years.

Many friends and relatives traveled to Seattle to make their wedding a very special occasion for them.

Liz Henry is New Alice in Dairyland

Liz Henry of Dane is Wisconsin's new Alice in Dairyland. She succeeds Lisa Hoesly-Behnke to become Wisconsin's 39th "Alice."

Ms. Henry was selected from 12 finalists by an interview panel during the finals program in Platteville on July 12.

Ms. Henry is a U.W. - Madison meat and animal science and dairy science graduate. In 1984, she did international agricultural research at the Technische Universität Berlin in West Berlin. She also held several research assistantships in the schools of medicine and veterinary science.

Before becoming "Alice" she worked, with her husband Joe, at Henry Seed Farms as office manager.

During her year of employment with Wisconsin's Department of Agriculture, Trade and Consumer Protection, Ms. Henry will work as a public relations spokesperson promoting Wisconsin agriculture. She will travel approximately 100,000 miles and make up to 1,000 appearances.

Ms. Henry, 24, is the first married woman selected as "Alice," although two previous "Alices" were married during their employment. Her maiden name was Liz Cunningham. She was born in Cuba City and raised in Racine.

"Alice" wears a gold tiara during her tenure, created and provided by the Wisconsin Jewelers Association. Each "Alice" also receives a mink jacket from the Kettle Moraine Mink Breeders and flowers from Wisconsin - Upper Michigan Florists Association. Patricia Stevens College and Finishing School in Milwaukee provides a scholarship.

New Graphic License Plates to Be Issued Starting in August

Approximately 25,000 Wisconsin auto owners whose current license plates expire in August will be the first to receive new graphic license plates next month.

Norbert K. Anderson, administrator of the state Department of Transportation's Division of Motor Vehicles, said the recipients are auto owners whose plates were originally issued in August 1979 and bear numbers between Q10002 and Q63105.

The recipients are being notified on their renewal notices that they will receive new plates. They are about a third of the vehicle owners with August expiring plates which date back to 1979, Anderson said. The other two-thirds, as well as other August-expiring plate types issued from 1980 through 1985, will receive a sticker this year with instructions to affix it to the rear plate. The front license plate must remain in place, but will not have a sticker.

Anderson said people who are not scheduled to receive new graphic plates may want to exercise an early replacement option, in which they can pay an extra \$10 (in addition to the registration fee) and receive their plates this year. They must also send in their certificate of title, and address the request to Graphic Plate Processing Unit, P.O. Box 7911, Madison 53707.

Requests for the early issuance will be accepted by the department after August 1, 1986.

All-Terrain Vehicles Must Be Registered

Another reminder to owners of all-terrain vehicles which will be used in Wisconsin that they must be registered with the state. That requirement is included in a law which became effective on July 1 of this year.

There are two types of registration available depending on the use to be made of the ATV and where it will be used.

If the vehicle is used only for commercial or agricultural purposes or is used only on private property, it can be registered for a \$6.00 one-time fee. If, however, the vehicle is to be used for recreational purposes or used on public trails designated for ATV use, a two-year, \$12 registration fee is required. Applications to register the vehicles are available at Department of Natural Resources offices, the offices of County Clerks, and at ATV and snowmobile dealerships.

Other provisions of the law prohibit the operation of ATVs by children under the age of 12 years unless closely supervised by an adult. Another provision, which becomes effective on July 1 of 1987, will require young people between the ages of 12 and 16 years to have a valid safety training certificate or be closely supervised by an adult in order to operate an ATV. This provision of the law was delayed for one year to give the department an opportunity to set up a network of instructors to provide the safety training.

The law defines an ATV as a motor driven vehicle weighing 500 pounds or less, and no wider than 46 inches. It is designed to operate on three or more low pressure tires and has a set straddled by the operator.

A reminder to ATV owners that registering your vehicle for recreational use, the two-year, \$12 fee, limits your operation to designated ATV trails and routes, private lands with permission, and ice covered public waters.

Dettmann - Uhlig

Sylvester Dettmann of Kewaskum, announces the engagement of his daughter, Christine Marie to Michael Steven Uhlig, son of Mr. and Mrs. Gunther Uhlig of Kewaskum.

Christine is the daughter of the late Bernadette Dettmann.

Christine is a 1984 graduate of Kewaskum High School, and is employed at West Bend Mutual Insurance Company.

Michael is a 1980 graduate of Kewaskum High School, and is a truck driver for B & T Mail Service of New Berlin.

A 1987 wedding is being planned by the couple.

Mr. Rosenzki took his boy to a restaurant last week to get a bowl of soup. Jakey commenced to eat it, and he grabbed his father by the coat and he says, "Papa, there's a fly in der soup."

Papa says, "Eat der soup and wait till you come down to der fly, tell de vaiter and he'll give you another bowl for nothing."

Nothing is impossible to a willing heart.

Obituaries

MARY C. HEITJNG

Mary C. Heiting, 75, of 413 N. Wisconsin St., Port Washington, passed away unexpectedly on Sunday, July 20, 1986, at the home of her daughter and son-in-law, Pauline and Donald Underhill, at N99W5820 Oxford Dr., Cedarburg.

Mary was born March 20, 1911, in the Town of Ashford, to the late Jacob and Anna Peter Felix. She married Norbert Heiting on June 18, 1935, at St. Kilian Catholic Church, St. Kilian.

He survives her along with six children, John (Jo Anne) Heiting of Columbia, South Carolina, Mary Ann Fechter of Grafton, Merin "Bud" Heiting of Sussex, Pauline (Donald) Underhill of Cedarburg, Gerard Heiting of Milwaukee, and Marilyn (Dennis) Duffy of Oklahoma City, Oklahoma; seven grandchildren; two great-grandchildren; three brothers, Frank Felix of Kewaskum, her twin brother Leo Felix of St. Kilian, and Alphonse Felix of West Bend; three sisters, Rose Felix of St. Kilian, Catherine (Edward) Hawig of the Town of Wayne, and Anna (Gilbert) Reindl of the Town of Kewaskum; two brother-in-law and five sister-in-law; other relatives and friends.

Two brothers, John and Kilian, and one sister, Elizabeth, preceded her in death.

Mrs. Heiting lived in the St. Kilian, West Bend and Random Lake areas before moving to Port Washington.

Visitation was at the Poole Funeral Home, Port Washington, from 4 to 8 p.m., Tuesday, July 22. Mass of Christian Burial was held at St. Mary's Catholic Church, Port Washington, at 8 p.m. the same day with Father Rolland Glass, pastor, officiating. Entombment was at St. Mary's Cemetery, Port Washington.

Mary was a member of St. Mary's Christian Mother's Society and Third Order of St. Francis.

In lieu of flowers, memorials appreciated.

him in death on March 25, 1968.

Mr. Gnacinski was a member of St. Matthias Catholic Church, Town of Auburn, and was an avid fisherman.

Survivors include two sons, Norbert (Sophie) and Leroy (Irene), both of Beechwood; a daughter, Mrs. Virginia (Elmer) Ebert of Beechwood; a daughter-in-law, Mrs. Jeannette Gnacinski of Antigo; 13 grandchildren and 18 great-grandchildren; two sisters, Mrs. Polly Brandt of Tomahawk and Mrs. Anna Kostrzewa of Milwaukee, and a brother, Alex Gnacinski of Milwaukee.

In addition to his parents and wife, he was preceded in death by a son, Eugene "Mike," six brothers and a sister.

Visitation for Mr. Gnacinski was on Tuesday, July 22, from 3:00 p.m. to 8:00 p.m. at Miller's Funeral Home, 215 Forest Ave., Kewaskum. Father Cletus Kaiser officiated at the 8:00 p.m. service on Tuesday at the funeral home. Burial was at 9:00 a.m. on Wednesday, July 23, at Holy Trinity Cemetery in Kewaskum.

MARIE W. BEISTLE

Marie W. Beistle, nee Van Beek, of the Samaritan Home, West Bend, died Wednesday, July 16, at the Samaritan, at the age of 87.

She was born May 16, 1899, in the Town of Barton, where she lived until her marriage to John Beistle on Oct. 13, 1923, at Sacred Heart Catholic Church, Allenton. Following their marriage they lived in Allenton. He passed away Feb. 5, 1957.

Survivors include nine children, Jeanette (John) Weinberger of West Bend, Ramona (Ruben) Pfeifer of St. Lawrence, Rayner (Lois Mae) of West Bend, Howard of Allenton, Peter (Marlene) of St. Lawrence, Paul (Helen) of Slinger, James of St. Croix Falls, and Rita (Ralph) Eisenmann of Kewaskum; 23 grandchildren; 17 great-grandchildren; one sister, Elizabeth Van Beek of West Bend; two sisters-in-law, Helen Klein and Marie Smith, both of Milwaukee, and other relatives and friends.

Preceding her in death were

three sons, three sisters and nine brothers.

A Mass of Christian Burial was held Friday, July 18, at 8 p.m. at Sacred Heart Catholic Church, Allenton, with Rev. Alois Van Beek the celebrant. Burial in Sacred Heart Cemetery, Allenton, was officiated by Rev. Roger Zens. She was a member of Christian Mothers Confraternity of Sacred Heart.

The Myrhum Funeral Home, West Bend, was in charge of arrangements.

ANNA MARY RUDOLPH

Funeral services for Mrs. Anna Mary Rudolph, 80, of 223 N. Elm St., Campbellsport, were held Wednesday at 8 p.m. at St. Matthew's Catholic Church, Campbellsport.

The Rev. Gerald Schmitz officiated. Burial was Thursday at 10 a.m. in St. Matthew's Cemetery, Campbellsport.

Friends called Wednesday from 4 to 7:30 p.m. at the Twohig Funeral Home, Campbellsport.

Mrs. Rudolph died Tuesday, July 22, 1986, at Heritage Nursing Home, Port Washington.

She was born Jan. 14, 1906, a daughter to John and Mary Roddler Schramm in Fond du Lac. On May 28, 1927, she was married to Edward Rudolph in Fond du Lac. She was a member of St. Matthew's Catholic Church and had worked at Regal Ware, Kewaskum, for many years.

Survivors include her husband; one son, Edward Jr. of Port Washington; three granddaughters; three brothers, Charles, Anthony and Louis Schramm, all of Fond du Lac; and three sisters, Mrs. Mary Sauve, Frances Schramm and Mrs. Henry (Martha) Woschnick, all of Fond du Lac. She was preceded in death by three brothers and two sisters.

Multiple Sclerosis to Benefit from Best Dam Bike Tour Aug. 16 & 17

The beaver has been busy! He's getting ready for the Best Dam Bike Tour, August 16 & 17, a benefit for the Wisconsin Multiple Sclerosis Society. The destination of this year's 150-mile round trip tour is Waterloo, Wisconsin.

The beaver has been the official mascot of the Best Dam Bike Tour since its origination in 1984 when 156 cyclists rode to Beaver Dam. The BDBT has continued to grow in popularity, and last year's tour to Horicon attracted more than 250 participants. Organizers of the 1986 Best Dam Bike Tour are expecting over 350 cyclists to join the fight against multiple sclerosis.

Riders will follow a scenic route on many of Wisconsin's scenic back roads, including Southern Kettle Moraine Forest. Cyclists ride at their own pace and the tour has been carefully designed to accommodate both experienced and more leisurely riders. As a full service cyclist's mini-vacation, the Best Dam Bike Tour includes fully marked routes, indoor or outdoor camping, swimming, all meals, snack and refreshments, luggage transportation, tours of the TREK factory, sagwagon and mechanics, and Saturday barbecue and bash featuring live music. Each rider must raise a minimum of \$150 in pledges to join the tour and all participants will receive a BDBT T-shirt and patch. Riders who raise \$250 or more will also be eligible for prizes ranging from a Smokey Joe Weber Grill to a compact disc player.

Multiple sclerosis is a chronic progressive disease of the central nervous system with, as yet, no known cause, effective treatment or cure. In its first two years the Best Dam Bike Tour has raised over \$125,000 for the Society. Proceeds from the tour assist over 5,000 Wisconsin residents who are af-

ected by multiple sclerosis as well as fund national research.

For further information about the Best Dam Bike Tour, call the MS Biker's Hotline, 414-276-4607 or 800-242-3358 outside metro Milwaukee.

Panzer Receives Law Enforcement Award

Representative Mary E. Panzer (R-West Bend) was selected by the Wisconsin Chiefs of Police Association as a recipient of its "Statesman for Law Enforcement Award" during the 1985-86 Legislative session.

"It is a privilege to be recognized by this statewide organization for my efforts to promote law enforcement issues as a member of the Joint Committee on Finance during this past legislative session," stated Panzer. "I have always maintained open lines of communication with law enforcement officials in the 53rd Assembly District and have always tried to best represent their views and concerns in the State Assembly."

The plaque recognizes Representative Mary Panzer for her Leadership, Advocacy and Courage in Promoting Law Enforcement Causes in the 1985-86 Legislative Session.

Mary Kay Salutes West Bend Woman at National Seminar

Dallas, Texas, July 15, 1986 — The spotlight was on Julie Lepak of West Bend, Wisconsin, this week as she was honored for being one of the top saleswomen in the more than 100,000 - member Mary Kay Cosmetics sales organization.

Company founder and Chairman of the Board Mary Kay Ash named Ms. Lepak to the prestigious Director Court of Personal Sales, placing her among the top one percent in Mary Kay nationwide. As a member of the Directors' Court of Personal Sales, Ms. Lepak was awarded a 14K gold ring with diamonds and rubies

totaling 1.59 carats. Approximately 6,000 beauty consultants and sales directors attended the gala awards event, the climax of Mary Kay's national Seminar.

Four consecutive three-day meetings were needed this year to accommodate the nearly 25,000 independent business-

women arriving at the Dallas Convention Center for product and sales training, motivation and recognition. This year's theme, "Starting Here, Starting Now," celebrates the company's 23-year tradition of recognizing women for their business achievements. More than \$4 million was spent to stage and produce the elaborate meeting, including \$2.5 million worth of minks, diamond jewelry and all-expense - paid luxury vacations.

Ms. Lepak joined Mary Kay Cosmetics as a beauty consultant in May 1978.

Social Security Checks to Be Earlier

Monthly social security checks which are normally delivered on the third of August will be delivered on August 1st instead, according to Dave Becker, manager of the West Bend Social Security office.

"Benefit checks are mailed early when the usual delivery date falls on a Saturday, Sunday or Legal Holiday," Becker said. "In these instances, the checks are dated and delivered on the first day before the third of the month that is not a Saturday, Sunday or Holiday."

Becker stated that this procedure helps reduce the problems that people have when they receive their checks and their banks are closed. These situations occur several times during the year, and Becker advised that SSA would provide similar information about future early check delivery dates as they occur.

"Never mind the dramatics, just read the verdict."

Bucks Coach Don Nelson Appears in Slinger Parade

A specially-modified Gehl forage box carries the giant piggy bank used by Milwaukee Bucks Coach Don Nelson in his efforts to help Wisconsin's farmers. Nelson, and the pig, appeared in the Sesquicentennial Parade in Slinger on July 22.

(WEST BEND, WI) — Milwaukee Bucks coach Don Nelson planned to drive a tractor in the Washington County Sesquicentennial parade in Slinger on Tuesday, July 22, at 6:30 p.m.

It was all part of "Nellie's Farm Fund," Coach Nelson's drive to help financially troubled Wisconsin farmers. Nelson, who decided to combine weight loss with fund raising, has dropped 17 pounds since the end of the basketball season and hopes to trim 50 pounds by the start of next season. He is now taking pledges per pound of weight loss, with the proceeds going to the Farm Fund. Pledge cards were distributed along the parade route.

Pledge cards and cash donations were deposited in a huge, nine-foot piggy bank mounted on a specially modified Gehl forage box that was pulled behind Nelson's tractor. The forage box was "sold" to Nelson for \$1 by the Gehl Company which is one of the major sponsors of Nellie's Farm Fund.

"Gehl Company is pleased to be part of this worthwhile project to raise funds for financially troubled Wisconsin

farmers," says Bernard Nielsen, Gehl President/CEO. "Our participation in Nellie's Farm Fund is in keeping with the Gehl corporate motto, 'Investing today in the future of

agriculture.' There's no better investment than helping deserving farmers stay in business."

Coach Nelson planned to be available at the County Fair

Grounds after the parade to visit and sign autographs. Special "Nellie's Farm Fund" caps and T-shirts were on sale with all proceeds going to the Farm Fund.

Immunization Clinics Offered

All recommended immunizations are available to children and adults of Washington County at the immunization clinics offered by Washington County Community Health Nursing Service. August clinics are:

August 5 — Community Health Nursing Service, Courthouse, 432 E. Washington St., West Bend, 2 - 5 p.m.

August 12 — Germantown Senior Citizen Center, W162 N11960 Park Avenue, Germantown, 2 - 4:30 p.m.

August 19 — Hartford City Hall Community Room, 109 North Main St., Hartford, 3 - 5 p.m.

August 26 — Community Health Nursing Service, Courthouse, 432 E. Washington St., West Bend, 9 - 11 a.m.

Parents must bring their records of each child's past immunizations to clinics. Immunizations will not be provided without past records.

For further information call 338-4462 or 644-5204 or 342-2929.

Scouts Successfully Complete J.L.T. Course

The scouts pictured are: Back row [l to r] — Philip Lettow, Gerald Sese, Jeff Kissinger; front row — Jim Gildersleeve, Glen Kirst.

During the week of June 29 to July 5 scouts from troop 744 attended the Annual Junior Leader Training course offered at Camp Maywood - Wilderness, near Wautoma. Over forty scouts from all over northeast Wisconsin worked to gain

leadership skills through book work and practical knowledge. The five scouts from Kewaskum and troop 744 received good to excellent scores in the knowledge of skills and attitude.

McCallum Will Fight for Four-Lane Hwy. 45 Bypass

MADISON... State Senator Scott McCallum (R-Fond du Lac) announced today he would renew and continue his efforts for a new four-lane Highway 45 Bypass. Currently, the Department of Transportation has installed a two-lane highway with markers and signs directing the flow of traffic.

The veteran senator said over the holiday weekend, many people expressed concern about the safety factor on the bypass. "Without a doubt, it was a top issue of concern. The most recent fatalities have again highlighted the safety issue even though alcohol was cited

This is why I will be renewing my efforts to get a new system built, not only at Monday's Transportation Projects Commission meeting, but beyond that as well."

McCallum is a member of the Commission. as a reason for the accident," said McCallum.

He continued by adding, "and as West Bend grows, both

in size and economically, traffic will increase. Obviously, as traffic increases, so will the number of accidents. I believe a four-lane highway will avoid this possibility.

Three slightly deaf men were motoring from the north to London in an old, noisy car, and hearing was difficult. As they were nearing the city, one asked:

"Is this Wembly?"
"No," replied the second, "this is Thursday."
"So am I," put in the third.
"Let's stop and have one."

Letters to the Editor

Letter to the Editor:

At the last school board meeting the school board and the administration were discussing hiring an additional aide. Someone asked about volunteer help and the reply was that either no one volunteers or the volunteers are not dependable.

This is very interesting considering that Beechwood Elementary School had 2,500 hours of volunteer work during the past school year.

Everyday, Monday through Friday, a volunteer parent came from 9:00 a.m. to noon doing volunteer work. The schedule began in the 5th and 6th grade room, helping students with their math, correcting papers, or running copies. From 9:50 to 10:30 the volunteers listened to the first graders read on a one-to-one basis. The volunteer got plenty of exercise and fresh air during morning recess duty. After recess the volunteers helped the 3rd and 4th graders with their math, utilizing the music/art room they worked with flash cards, helping the students learn their multiplication and division, or they helped students correct their math papers on a one-to-one basis. The last half hour of the morning was divided among all the teachers, including the Chapter One teacher; each day one teacher had the volunteer help. One parent helped catalogue the computer disks and checked into ordering new disks.

Every Tuesday afternoon a volunteer librarian came and did all the librarian duties. She checked out books, returned books to the book shelves, ordered new books, filed new cards in the card catalog, etc.

Wednesday afternoon a parent came later in the afternoon and listened to the first and second graders read.

Thursday afternoon another volunteer came and spent a half an hour listening to the first graders read, again on a one-to-one basis. The remainder of the afternoon the volunteer helped the kindergarten teacher.

Thursday evening volunteers had a story time for the kindergarten and pre-school children. The children checked out books, a volunteer read stories and they sang songs; 24 children signed up.

Volunteers cut all the Campbell's soup labels,

counted the labels and packaged the labels for mailing.

Another parent drew pictures for the bulletin boards in the hallways.

Volunteers did the eye screening, the height and weight, and hearing tests.

Several years ago one parent came everyday during the school year and helped the kindergarten teacher.

A year ago volunteers planted flowers in front of the entire school and in the bell planter. This year volunteers have planted some annuals and are caring for the perennials.

Why was Beechwood School closed? Beechwood does not have declining enrollment. The average enrollment of Beechwood area students has been 93; this fall the enrollment would be 91. There certainly was enough parent involvement and tax dollars saved at Beechwood.

The Beechwood PTO

••••

July 16, 1986

To the editor:

The public deserves an explanation of what happened on the floor of the state Senate and Assembly on Tuesday. Yes, we legislators increased the Department of Development's labor training fund by \$3 million so AMC workers can go back to work to make Chrysler cars. But we also realized that, at least with that fund's current resources, Wisconsin is unprepared to compete in the future with other states offering large incentives to business to relocate, stay or make new products here.

In the debate, many of us objected not to putting 3,500 people to work, but to transferring money from general purpose revenue for such deals in a piecemeal way. Instead of a costly Special Session for single companies, every applicant for state training money should know the criteria by which it will be judged. Some of the charges that sprang from the AMC debate were that Republicans didn't like the proposal because it helps the workers, not the wealthy, and that legislators made noise only to further their campaigns. That's ridiculous. The clear mandate now is for Republicans and Democrats to keep taxpayers foremost in mind as we adopt reasonable and flexible guidelines for all

the companies Wisconsin will attract in the future.

4-H a Big Part of County Fairs

By KANDI VEAL

County 4-H and Youth Agent

Don't spend all your time at the tilt-a-whirl at the County Fair this summer. There's much more to see at the 4-H displays and demonstrations.

4-H youth projects range from the familiar livestock-raising to creating home floor plans and taking and developing photographs. The County Fair competitions offer young people a chance to present the best of their work.

The fair is great learning experience for the kids. In fact, it's the highlight of the year for kids in 4-H. It's also the most visible 4-H activity of the year, because in many counties in the state, the County Fair is the biggest public event of the year.

Although the County Fair contests and activities are organized and sponsored by 4-H, they are open to any youth organization supervised by adults. Boy Scouts, Girl Scouts and church youth groups, among others, enter the contests as well.

The 4-H youth projects at the County Fair emphasize education, not competition. All entrants win a ribbon for their efforts, and the judges usually take the time to explain what's good about each entrant's project, and how it can be improved. Judges are registered with the State Department of Agriculture and Consumer Protection, and usually have expertise in the area they're judging.

The judging gives the kids a feel for how well they've done; but everybody gets some recognition for their work.

But the fact that 4-H projects are educational doesn't make them any less fun. They're more loosely structured than a school setting.

4-H supplements school activities. It's a great summer pastime.

Come see Washington County youth in action July 22-27 in Slinger, at the Washington County Junior Fair.

One Visit to State Park Worth 1,000 Pictures; DNR Sponsors Photo Contest

One visit to a Wisconsin State Park is worth a thousand pictures, and your challenge is to capture some of those pictures on film and submit them to the photo contest sponsored by the Department of Natural Resources and the Department of Development's Division of Tourism.

"What we are looking for in the state park photo entries is pictures of people enjoying the many activities available in our parks," said Dave Weizenicker, director of the Bureau of Parks and Recreation in the Department of Natural Resources. "While you're exploring and enjoying your state parks, record your activities on film and enter your best picture or pictures in the contest," he continued.

There are three other categories in addition to the state parks photos. They are people, places and things. One grand prize will be awarded for the best picture in the people, places and things categories and another grand prize will be awarded for the best state park photo. In addition, a first prize will be awarded in each of the four categories in each of the seven tourism regions of the state, plus some special prizes making a total of 41 prizes in all.

The contest is open to anyone 18 years of age or older, resident and nonresident, and professional as well as amateur photographers are eligible to submit entries. However, employees of the Department of Natural Resources, the Wisconsin Department of Development and its advertising agencies, photo judges and their immediate family members are not eligible.

The contest is now in progress and the deadline for submitting photos is November 5 of this year. Send your entries to: Wisconsin Tourism & State Park Photo Contest, P.O. Box 7970, Madison, WI 53707.

The two grand prizes are week-long vacations at favorite Wisconsin locations and the first place and special prizes are weekend or two-day vacations in popular areas of the state.

1986 PHOTO CONTEST RULES

1. Contest is open to amateur and professional photographers 18 years or older. Employees of the Wisconsin Department of Development, its advertising agency, employees of the Wisconsin Department of Natural Resources, photo judges, and immediate families of the above are not eligible.

2. Each print or slide must be labeled with the name and address of the photographer, the appropriate category (people, places, things, state parks), and post office name of the nearest town where it was taken. (DOT staff will determine the regional location of each entry). Entries that are illegible or unidentifiable will be discarded. There should be no other correspondence in the envelope.

3. Enter as many times as you wish, but each envelope must only contain a maximum of three entries.

4. All photos and slides entered must be previously unpublished. Photos may be taken with any make of camera or any type of film (color print, black and white, color slides,

instant, etc.).

5. Black and white and color prints must be no larger than 8 inches by 10 inches. Prints may be flush-mounted, but not framed or over-matted. Color slides must be in cardboard or plastic mounts.

6. Contestants must be able to furnish original negatives if requested.

7. Entries will not be returned.

8. All entries and rights to photos become the property of the Wisconsin Department of Development and the Department of Natural Resources. Entrants must be able to get written consent of recognizable people in photographs to permit publication of that photo.

9. Entries will be judged on interest, appeal, and attractive depiction of Wisconsin. Judges decisions will be final.

10. Department of Development and Department of Natural Resources will assume no responsibility for negatives, prints or transparencies entered in the contest.

11. Entries must be post-marked no later than October 31, 1986, and received no later than November 5, 1986.

New State Rustic Roads Publication Is Now Available

Just in time for summer travelers, the Wisconsin Department of Transportation has published a new edition of its Rustic Roads brochure containing small maps of all 40 routes throughout the state officially designated as rustic roads.

Rustic roads are back-country or side roads where traffic volume is low, but historical, cultural and scenic values are high.

The 40 rustic roads pictured in the brochure are located in 25 counties and range from 2 to 13.5 miles in length. Some roads pass through thickly wooded lake country, abounding with wildlife. Others wind through open farming areas offering pleasant agricultural vistas. A few of the roads are gravel, most are paved, some are curved, others hilly, but all of them offer enjoyable sights for the leisurely traveler.

The roads are identified by brown and yellow signs with a one-to-three digit identification number prefixed by the letter "R," assigned by the state Rustic Roads Board. The maximum speed on any rustic road is 45 mph.

Wisconsin's Rustic Roads System was created by the 1973 state Legislature to preserve what remains of the state's scenic, lightly traveled country roads for the leisurely enjoyment of bikers, hikers and motorists.

For a free copy of the new brochure, "Wisconsin's Rustic Roads, a Positive Step Backward," or for information about how favorite roads may be placed on the Rustic Roads system, write to the state Rustic Roads Board, Department of Transportation, P.O. Box 7913, Madison, 53707, or call Steve Coons at (608) 266-0639.

Second Half of Real Estate Taxes in County Due July 31

Washington County Treasurer, Fredric A. Seefeldt, today reminded county taxpayers that second half real estate tax payments are due in his office on or before Thursday, July 31.

Seefeldt directed his reminder to those taxpayers who chose to pay one half of their taxes last winter to their local treasurer with the balance to be paid to the county treasurer by the last day of July. City of West Bend taxpayers represent the one exception. They make their payments to the city treasurer at the West Bend City Hall.

Payments can be made in person or mailed to his office, Seefeldt said. The Treasurer's office is Room 226 of the Courthouse, 432 E. Washington St. (Hwy. 33, East), West Bend. Office hours are 8 a.m. to 5:00 p.m., Monday - Friday. Payments by mail should be addressed to: Washington County Treasurer, P. O. Box 1986, West Bend, WI 53095.

Seefeldt cautioned those people waiting until the last minute to mail their payments to mail early enough to insure a July 31 postmark. "If you wait until the 31st, then ask the postoffice to hand cancel your envelope to protect yourself," Seefeldt advised.

"The late charge payment charge on delinquent taxes is computed at the rate of 1 1/2 %

per month retroactive to January 1 of this year. For example, if the July 31 deadline is missed and the payment is made in August, the charge would 1 1/2 % times the eight months from January 1 to August 31 for a total of 12%. The charge is for the month or any part of the month, it is not prorated. The method of computing the late charge is set by Wisconsin State Law and County ordinance," Seefeldt pointed out.

Transportation Aid Checks Mailed; \$9,048.54 to Village

The Wisconsin Department of Transportation has mailed checks totaling \$42.8 million to counties, towns, villages and cities throughout the state for the July 1986 quarterly payments of shared transportation aids.

The basic payments included \$9.5 million to 1,267 town governments, \$2.6 million to 392 villages, \$18.1 million to 189 cities and \$12.5 million to Wisconsin's 72 counties, according to Julie A. Davis, DOT aids analysis chief. An additional \$2.1 million in connecting highway aids was distributed to 119 of those communities to pay the cost of maintaining portions of state

Friday, July 25, 1986,

Kewaskum Statesman, Page 11

trunk highways within urban areas.

Basic aid payments to governmental units in this area include:

Washington County, \$185,044.24; Town of Addison, 9,052.96; Town of Barton, 6,356.10; Town of Erin, 7,869.97; Town of Farmington, 8,972.89; Town of Germantown, 673.83; Town of Hartford, 7,407.66; Town of Jackson, 7,720.40; Town of Kewaskum, 5,639.97; Town of Polk, 9,122.46; Town of Richfield, 14,850.07; Town of Trenton, 9,362.69; Town of Wayne, 6,974.04; Town of West Bend, 6,326.68; Village of Kewaskum, 9,048.54; Village of Germantown, 70,459.27; Village of Jackson, 3,687.49; Village of Slinger, 6,967.61; City of Hartford, 69,044.16; City of West Bend, 149,620.16.

The quarterly transportation aids payments help local units of government pay the cost of building and maintaining county and local roads, streets and bridges. Over a year's time, approximately 32 percent of state motor vehicle registration fee and fuel taxes are returned to local governments in these two forms of transportation aids for local road and bridge expenditures. In fact, coupled with several other forms of state transportation aids, more than 40 percent of state transportation revenues are returned to local governments in Wisconsin.

Identification Requirements to Obtain Driver Licenses Tightened

The Washington County Register of Deeds office has received information indicating that the Wisconsin Department of Transportation is becoming more strict with regard to documents used for identification when applying for a Wisconsin driver's license.

The state Department of Transportation will no longer accept uncertified photocopies of birth certificates as proof of identity and age for purposes of obtaining driver licenses or identification cards.

Norbert F. Anderson, administrator of the Division of Motor Vehicles, said the step is necessary to combat a growing number of fraudulent applications in which the applicant submits a photocopy of an altered document. The problem is expected to get worse because the drinking age goes to 21 on Sept. 1.

The DOT requires applicants to produce two forms of identification. The primary documents include a copy of a birth certificate certified by the issuing governmental agency. Applicants who are unable to produce a certified birth certificate may present other documents such as passports, naturalization papers or hospital or baptismal certificates which establish their date and place of birth.

In addition to the primary identification, applicants are required to produce one or more supporting identifying documents such as military discharge papers, school transcripts, marriage or divorce papers, credit cards, etc. These

documents must be originals or certified copies.

Anderson said the changes have been incorporated into the department's administrative rules, effective June 24.

The rule change has also tightened requirements for issuing duplicate and renewal licenses, Anderson said. People applying for a duplicate of a lost license will be required to present proof of identity, as will people applying for license renewals who do not possess the original license or the renewal notice.

These changes are for the protection of the license holders, preventing someone else from receiving an unauthorized license which could be used for check cashing or other fraudulent purposes, Anderson added.

The state is stepping up efforts to teach driver license examiners how to spot fraudulent applications and documents, and the procedures to follow in prosecuting the offenders.

"The penalties for making false applications and false statements are substantial," Anderson said. "In addition to possible fines or forfeitures, there is provision for six months imprisonment and a year's revocation of the person's operator's license," he added.

Certified copies of birth certificates may be obtained at the Register of Deeds office in the county of birth or from the Bureau of Vital Statistics in Madison. By Wisconsin Statutes, certified copies of birth records cost \$7.00.

25 Years Ago

July 21, 1961

A meeting of representatives of all veterans posts of Washington County was called for July 10, at the courthouse in West Bend, to obtain the views of World War II and Korean veterans particularly regarding the erection or establishment of a memorial for Washington County. During World War II a fund was accumulated and collected by the Lt. Ray Dickop Post of The American Legion, and that fund with interest has grown to almost \$5,000.

Miss Geraldine Guttman, daughter of Mr. and Mrs. Gerhard Guttman, Kewaskum, will graduate from St. Agnes School of Nursing, Fond du Lac, on July 23.

Boy Scout Troop 44 of Kewaskum sent 22 boys to Camp Shaginappi at Pipe village from July 9 through 15. Boys who were at camp included the following: William Backhaus, Mark Belger, Allen Bohn, Paul Buczek, Lee Bunkelman, James Casper, Joe Fehlhaber, Neal Hirsig, Lloyd Hron Jr., Joe Key, William Key III, John LaMarche, Richard Laubach, James Manthei, Richard Marx, Michael Miller, Robert Miller, Terry Reitz, John Stellflug, David Teeselink, Scott Waranius and Dick Wietor.

Merrill W. Haug, son of Wesley Haug, Route 2, Kewaskum, who left at the end of June for four years of active training in the U.S. Air Force, now is stationed at Lackland AFB, Texas.

50 Years Ago

July 24, 1936

State Treasurer Robert K. Henry has placed in the mails the sum of \$1,418,441.46 in 1,784 checks payable to a like number of Wisconsin cities, towns and villages representing their per capita shares of the net proceeds to the State for the period January 1 to June 30, 1936 from the occupational tax on intoxicating liquor and wines. The Town of Kewaskum will receive \$352.62; the Village of Kewaskum, \$385.95.

A force of men were busy the past week at the West Bend Theatre at West Bend, installing new air conditioning equipment in the theatre which will absorb the humidity in the building and keep the theatre comfortably cool in the very hottest of weather.

"The College Inn Revue of 1936," sponsored by the businessmen of Kewaskum, held at the high school auditorium last Thursday evening was very well received by the small audience who greeted the local talent who

took part in the audition put on by the College Inn of the Hotel Sherman of Chicago. The winners of the audition here were the Misses Linda Rosenheimer and Charlotte Romaine, who will represent Kewaskum at a similar contest to be held in the near future at Manitowoc.

Mrs. Anna Rimmel of this village passed way at the home of her daughter, Mrs. Fred Groth, in the Village of Jackson on July 21, 1936.

Emil Gessner, 85, passed away in death at the home of his daughter, Mrs. Chas. Backhaus, in the Town of Scott, on July 15th.

Work was started this week on the new home being built by John F. Schaefer in the village at the north end of West Water Street.

a band and the firemen in a body at 1:30 p.m. One feature of the picnic in the afternoon will be a tug of war between the Hook & Ladder Boys and the Firemen. Games of other sorts will be on hand for the enjoyment of all. The day will close with a grand ball in the evening.

At the special meeting of the County Board held at West Bend last week Friday it was decided not to build the proposed County Home for Washington County to replace the old poor house and farm.

The engagement of Miss Clara Heinemann of the Town of Scott to Austin Clark of Richland Center was announced last Monday.

A baby girl was born to Mr. and Mrs. Otto Lay last week Friday.

75 Years Ago

July 22, 1911

Considerable excitement prevailed here last Tuesday evening when fire broke out in the Grell & Wollensak creamery. The damage done was very slight, the fire being checked before it made any headway. The origin of the fire was the burning out of the smoke stack, sparks of which set fire to the roof of the boiler house. No one was in the building at the time of the fire: Herman Backhaus was the first one to notice the blaze. After turning in the fire alarm he drove to Mr. Wollensak's home to notify the latter, who hurriedly drove back to the fire. Grabbing a fire chemical which is always in readiness in the building and with the aid of a ladder, Mr. Wollensak soon had the fire extinguished. Only a few minutes more and the whole building would have been afire which would have meant a severe loss to the owners.

The fourth annual picnic and dance of the Kewaskum Firemen will be held in the North Side Park on Sunday, July 30. The committee has made arrangements to make the affair a decided success. There will be a street parade composed of

Monday, July 28 — Meatloaf w/rich brown gravy, whipped potatoes, corn mexicane, 7 grain bread, special dessert.

Tuesday, July 29 — Tenderloin tips w/celery, onions & mushrooms, mashed potatoes, buttered green beans, lemon pudding.

Wednesday, July 30 — Chilled tomato juice, braised Swiss steak w/gravy, whipped potatoes, lime gelatin salad with vegetables, dinner roll, sugar cookie.

Thursday, July 31 — Bratwurst or braised liver w/onions & gravy, whipped potatoes, buttered sliced beets, rye bread, fresh seasonal fruit.

Friday, Aug. 1 — Baked chicken w/gravy, rice florentine, carrots and raisin salad, whole wheat bread, chilled applesauce.

All meals served with milk and coffee.

The video cassette recorder was invented in 1961.

In the Service

KENNETH H. REHBEIN ENTERS AIR FORCE

KENNETH H. REHBEIN, son of Kenneth Rehbein, of 706 Pleasant Wood Drive, Kewaskum, enlisted in the Air Force's Delayed Enlistment Program, in July, according to TSgt Ron Devroy, Air Force Recruiter, 1605 S. Main Street, West Bend.

Kenneth, a 1987 graduate of Kewaskum High School, is scheduled for enlistment in the Regular Air Force on June 26, 1987. Upon graduation from the Air Force's six-week basic training course near San Antonio, Texas, he is scheduled to receive technical training in the Law Enforcement Specialist Area.

Kenneth will be earning credits toward an associate degree in applied sciences through the Community College of the Air Force while attending basic and technical training schools.

Pvt. Toby C. James, son of Jerome J. James and stepson of Linda James of 9361 Bolton Drive, West Bend, has completed basic training at Fort Leonard Wood, Mo.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

Navy Petty Officer 2nd Class Michael Paul, son of Jim and Kathleen Paul of 320 First St., Kewaskum, recently departed on a six-month deployment to the Mediterranean Sea.

Paul is stationed aboard the repair ship USS Vulcan, homeported in Norfolk, VA. While deployed, the Vulcan will provide intermediate level maintenance to fleet ships on the deployment.

A 1982 graduate of Kewaskum High School, he joined the Navy in October 1982.

'Quiet' Is the Word In State Parks

Wisconsinites want nature, not noise, in their state parks. That was the strongest message sent by the first 3,142 persons who responded to a questionnaire published in 14 state newspapers last month by the state park system.

More than 90% approved, most of them strongly, of "more quiet places set aside for non-motorized use," and 84.1% approved of "more hiking and nature trails."

On the other hand, 79.1% disapproved, most of them strongly, of "more trails for ATVs, motorcycles and snowmobiles."

A majority of respondents indicated that noise is sometimes a problem in the parks, and some people added that boom boxes, radios, and stereos are the most frequent sources of noise.

"Too many rules and regulations" is never a problem, according to 59% of the respondents. Some people added requests for more enforcement.

A total of 65.3% opposed resort-type facilities like lodges and motels in state parks and 63.5% opposed small game hunting in state parks.

Survey respondents supported the state parks' out-door education programs. A total 73.5% approved of "more written materials about parks and trails (nature, geography and history), and 60.4% approved of "more guided nature hikes."

The respondents agreed there should be more parks on lakes and rivers (77.6%) and in rural areas (61.7%), but were neutral about more parks away from lakes or rivers or in urban areas.

A total of 60.8% favored more campsites, but they were almost evenly divided on "more campsites with electricity," with 36.7% for and 36.8% against.

The respondents preferred user fee increases to tax increases or service cuts to balance park budgets. A total of 61.6% favored raising camping fees, 57.9% favored raising bike trail fees, and 54.1% favored raising park entrance fees. Many people added that nonresident fees should be increased more than those for Wisconsin residents.

A total of 64.6% opposed closing the parks with the least use, 61.6% opposed cutting back on outdoor nature education programs, and 53.8% opposed closing parks earlier in the evening.

A total of 60.2% opposed raising state sales taxes and 59.3% opposed increasing state income taxes for parks.

The responses came from 406 ZIP codes in 71 of 72 counties, plus a few Wisconsin's from other states.

Results of the poll will be used in a long range strategic plan for the state park system. The questionnaire also is being distributed in the state parks since July 3. Anyone wishing a copy of the questionnaire may write to State Parks Poll, P.O. Box 7921, Madison, WI 53707-7921.

... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

NEW BRIDES NEED NEW SOCIAL SECURITY CARD

New brides, along with anyone else who has had a recent name change, should contact any Social Security office to arrange to have their names changed on Social Security records and to apply for a new Social Security card showing their new name, Dave Becker, Social Security manager in West Bend said recently.

Unless the bride plans to use her maiden name after marriage, the record should be changed so that earnings are correctly reported to the correct record. There is no charge for this service.

Evidence showing the person's identity under both the new and old names must be submitted. Possible evidence includes:

- Marriage records, driver's license, state identity card, voter's registration, divorce decree, work badge or building pass, passport, court order for name change, welfare case record, insurance policy, or any other document showing identification data such as a physical description, photograph, or signature.

Only original documents or copies certified by the issuing agency are acceptable, Becker said. Uncertified photocopies are not acceptable.

It takes about 2 weeks to get

the new card after acceptable evidence has been submitted.

For more information about applying for a Social Security card, ask for a copy of the leaflet, Applying for a Social Security Number, at any Social Security office.

Save Your Child's Sight

Could your child be clueing you that he or she has trouble seeing? Some signs may be excessive rubbing of the eyes, shutting one eye, difficulty with close work, frequent blinking, squinting or frowning, undue sensitivity to light, inflamed or watery eyes, and recurring styes.

Free Booklet

It's easy to learn how to take care of your child's eyes. For a free booklet send a SASE to your state Society to Prevent Blindness or the National Society to Prevent Blindness, 79 Madison Avenue, New York, NY 10016.

447,000 Head of Cattle Slaughtered Under Dairy Termination Program

An estimated 24,200 head of dairy cattle were slaughtered in federally-inspected plants during the week ending June 2, 1986, as a result of the Dairy Termination Program, the U.S. Department of Agriculture announced.

This total includes all cows, heifers and calves identified as dairy animals designated for disposition in compliance with the program requirements.

The cumulative total of cattle slaughtered under the program from April 1 through June 2 is an estimated 447,000 head.

The purchases of meat in addition to normal purchases are to help offset the effects of the DTP on the domestic meat market. These purchases, which totaled 11,884,264 pounds during the week ending June 21, consisted of 3,529,764 pounds of canned beef and 8,354,500 pounds of frozen bulk ground beef. The cumulative purchases total 148,718,852 pounds.

Dairy cattle reported for export under the program for the period April 1 through June 21 totaled an estimated 11,675

head. Live cattle exported under the program are expected to increase as countries develop tenders to participate in the export enhancement programs. Live cattle exports are in addition to meat-purchase requirements.

Workshop on AIDS At Cedar Lake Home

Aids has been called the disease of the decade. Its quick epidemic like spread has been phenomenal. Though most people have heard of Acquired Immune Deficiency (AIDS), it is often misinterpreted and misunderstood.

The Cedar Lake Home Campus, West Bend, will gather experts on AIDS on July 30 to share their expertise about the disease and report on research currently being done. The workshop will be at the Cedar Lake Home Campus.

The ethical question and legal

Kewaskum Statesman, Page 13
Friday, July 25, 1986

considerations of the patient's right of confidentiality is becoming an increasingly important concern for health care providers. Educating care givers about the disease and how to provide nursing services without endangering themselves or others will also be discussed.

Program leaders at this one day workshop include: Atty. Steven Byers, JD. and Brother Ben Johnson of the Milwaukee AIDS Project, Holly Dowling, Health Education/Epidemiologist for the State of Wisconsin and Jacqueline Michaels, Nurse Epidemiologist at the Milwaukee County Medical Complex.

To register for the workshop which will be held Wednesday, July 30, from 9:00 a.m. to 3:45 p.m., contact the Cedar Lake Home Campus, 5595 Highway Z, West Bend, WI, (414) 334-9487 or Milwaukee 276-4370. Registration of \$40.00 includes noon meal and all materials.

So what's new about automatic checkwriters? They've been around ever since spouses were invented.

THEY MAY LOOK THE SAME ON THE OUTSIDE,

BUT INSIDE IT'S A DIFFERENT STORY!

The one on the left is our standard Whirlpool 50,000 BTUH upflow pilot gas furnace. Its efficiency rating is 65.9%. That means that 34.1% of the energy it takes to run the furnace is wasted. Totally wasted!

The 50,000 BTUH furnace on the right is the new Whirlpool Tightfist® II high efficiency furnace. Its efficiency rating is 96%!* That means only 4% of the energy is wasted.

The difference is obvious. And remember, you're going to be charged for

all the energy you use, whether it's wasted or not. To really get what you're paying for, why not install a high efficiency Whirlpool Tightfist II furnace in your home today. That way you're sure to get your money's worth.

*Based on D.O.E. test procedures, NUGK050.

Relationships of the Heart Only One Aspect of Citizen Advocacy of County

By Susan W. Sauer

Citizen Advocacy (CA) of Washington County is beginning its eighth year serving our community. Citizen Advocacy does work that no other agency covers in Washington County. Their unique nature, coupled with the fact that there are several facets to their function, can easily confuse those who are not familiar with the agency or who have not been involved with CA.

Sue Moser, Director of CA, responds to this confusion sympathetically, but also says, "we've thought about a new title for this work, but it just keeps coming back to 'Citizen Advocacy,' because that's what our mission is all about.

Moser explains, "the people of this society who happen to have disabilities are set apart from community life. Relationships and support from others is a given fact in most of our lives. We sometimes take them for granted. But people with disabilities often have their rights and needs overlooked. Often they have no one who can 'advocate' for them. For instance, if I have a friend who got a bad deal at a store, I would work with them to straighten out the misunderstanding. If a person with a disability had trouble with the same thing, they don't have the same kinds of support that others have. Often they have no one to support them in their requests to be treated respectfully. Thus, often their most fundamental rights are ignored. We strive to match people with disabilities to the person or persons who can support them in making career decisions, rental decisions, draw them into the community and generally improve their quality of life."

Sue Moser says, "all areas of the CA program are puzzle pieces that interlock to make sure that people with disabilities become an interdependent part of our community. That interdependence leads to relationships of the heart - matches that couple people with disabilities with persons in the community who are willing to embark on a relationship which includes drawing the person with a disability into community life, supporting that person with encouragement when a hard decision is faced, advocating for that person's rights when they are denied or infringed upon, and generally including a person in their lives who ordinarily would be excluded due solely to a 'disabled' label."

Matches are needed for the following people, according to Moser. As described above, their needs are personal.

A young woman is very unhappy where she's living because of how restrictive it is.

An advocate is needed who can help her make a move to a home where life gives her more to live for.

A man who has a hearing impairment which isolates him from community life may thrive with an advocate who can sign with him and communicate in written form.

More matches are needed for people who have moved to institutions against their wishes, and an advocate's interest and concern for their right to choose where they live may mean the difference between their having to say in institutions, or moving into the community.

Assistant Director of CA, Susan Goebel, says, "self advocacy is a natural by-product of CA philosophy. While we do have people with disabilities who need advocates, there are people with disabilities who have the potential for being self advocates. It is our goal to encourage people to be more independent by introducing them to basic community involvement that we take for granted. Our Self Advocacy program developed from a coordinated effort by the Wisconsin Association for Developmental Disabilities (WADD). The initial training effort was geared to provide people with the knowledge they need in order to advocate for themselves in our community. Self Advocacy issues covered by approximately 80 people in a class at MPTI included the answers to questions like: Who are the people who make decisions for us? How does government work? Who makes the decisions that affect my life and how do I talk to them? Discussion of self-worth, human and civil rights and the disabled person's responsibilities to their community were also included."

Sue Goebel continued, "one woman completed the classes, and went on to serve on a committee which met in Madison. She reported that her experience had 'made her feel like a real person'."

Goebel explained that "the people who participated in the training and classes had such good feelings from what they learned that they decided to keep up their interest in local affairs by organizing their own group, the Opportunity League of Washington County. These are people who recognized that by sharing their goals and knowledge of how to attain them, there would be more chances for them to improve the quality of their lives in the community."

Doug Quinn-Gruber is the third staff member of CA, and coordinates the Community Advocacy Project. This project, in consort with the Opportunity League, is designed to assist people in implementing the

skills previously learned. The objectives of this program include action on issues that were raised initially by people with disabilities in the first year project. The project's goal is to encourage involvement in decision-making, whether in their community, personal lives or government.

Quinn-Gruber says, "it is an enhancement of participatory democracy, rather than strictly representative democracy. We try to make sure that people have input in decisions that affect their lives, and that in turn insures that the community's money for services is spent effectively."

Quinn-Gruber cited three areas of concentration for the Community Advocacy Project: "Housing issues include trying to open up doors for more affordable, accessible housing. Transportation in Washington County could be more consumer oriented. What better way to spend transportation funds for disabled persons than to listen to the needs of people with disabilities? And third, citizen participation would include attending public hearings, gathering facts about issues and deciding upon the most effective method of getting their needs heard and met," he said.

Another facet of CA's supportive services is their Educational Advocacy program. Volunteer advocates assist parents and their children with disabilities in insuring that children receive any special education they require. Any difficulty with what rights are due to them are straightened out with Citizen Advocacy's Educational Advocacy program, parents, and the school authorities.

Moser has always felt that "the staff people of CA are not the program. The advocates are the program." And Sue Goebel adds, "the philosophy of the CA program is the impetus that gets people involved with one another." Says Moser, "we don't see life as a totally independent opportunity to fulfill oneself. It is that delicate 'interdependence' among supportive people that is the mainstay of an individual's personal life. CA is here and staffed to provide the base for community involvement with people who have traditionally been excluded."

Moser says that "our budget

is \$46,000.00 for 1986. We are funded at 28% by United Way. All other monies come from the community we serve: donations from clubs, individuals, foundations and businesses. There are purposeful efforts made to remain independent of governmental funds. Our fund raising efforts continue year-round in an attempt to counteract the pitfalls of the scarcity of funds. The danger is that, with so few staff people, we have the potential of getting bogged down in coordinating our many fund raisers to stay solvent. Any money that we receive is channeled into the community; for every dollar donated, perhaps as much as two dollars of services are provided to the citizens in the Washington County area. This is because the 'work' of Citizen Advocacy is really done by community

volunteers. Our networking system to find willing matches for people with disabilities is the foundation of our program, and the time and effort needed to nurture that networking is what receives the community's donations. I think the thought I stress most when explaining what we do at CA is that without community support, our purpose suffers. In both donations of time and money, community support is crucial."

Moser paraphrases George Durner to sum up CA's human focus: "People need both personal and functional relationships in their lives. The personal ones are those that are most important to us. Our relationships tell us who we are. In relationships of the heart, people are valued highly for simply being who they are."

Area Joins Senior Citizen Discount Directory Program

The Milwaukee area has joined the nationwide network of cities receiving the Silver Pages discount directories for senior citizens, it was announced today by Ronald M. Jennings, executive vice president of Southwestern Bell Publications.

"Approximately 176,000 area seniors have recently received their Milwaukee Silver Pages discount directory and personalized Silver Savers' Passport identification card," he said.

The Silver Pages, a free discount directory for seniors 60 years of age or older, is published by Southwestern Bell Media, the publishing subsidiary for Southwestern Bell Publications. The company plans to produce localized Silver Pages directories in more than 90 U.S. cities by the end of 1986.

The directory contains three sections:

- a classified advertising section that includes local businesses (those in Milwaukee, Kenosha, Ozaukee, Racine, Washington and Waukesha Counties) that provide discounts or special offers to seniors age 60 or older;

- "Silver Scene" - a full-color section that includes informative reference materials on topics such as health, finance and travel; and,

- a community resources guide describing programs and services made available to older adults by national, regional and local agencies on aging.

For easy reading, the directory features type larger

than that found in most classified advertising directories.

Jennings said the free Silver Savers' Passport identification card will be used by seniors to show eligibility for discounts and special offers. It will be honored by participating business in the Milwaukee area, as well as in every U.S. city that has a localized Silver Pages directory.

Those seniors who have not yet enrolled can do so at any First Wisconsin Bank or Marine West Bank. Enrollment is also being conducted at The Republic Bank locations in Kenosha County.

FOND DU LAC COUNTY NUTRITION PROGRAM FOR THE ELDERLY

Campbellsport community center

Monday, July 28 - Hamburgers, potato salad, peas, dill pickles, shortcake.

Tuesday, July 29 - Chop suey, rice, green beans, lettuce salad, baking powder biscuits, creole yam pie

Wednesday, July 30 - Baked chicken, mashed potatoes, corn, sliced tomatoes, chocolate pudding.

Thursday, July 31 - Ham & noodle casserole, carrots, pickled beets, anadama bread, pumpkin bars.

Friday, Aug. 1 - Macaroni & cheese, spinach, tuna salad, muffins, plums.

Coffee, 2% milk, bread and butter are served with meals. Special Diets possible.

New Tax on Refinancing Home

By Senator Donald K. Stitt
[R-Port Washington]

Home mortgage interest rates are currently at their lowest levels since the mid-70's. This plunge has led many citizens to attempt to refinance their houses at a lower interest rate to decrease their monthly payments.

For many people, their home is their largest investment, and therefore, their mortgage payment is their largest monthly expense. With so much money at stake, many homeowners should investigate what refinancing opportunities are available at various local lending institutions.

Refinancing is by no means a "free" service provided by your lender. There are many costs associated with refinancing

which involve "points" and "out-of-pocket" expenses, such as attorney fees. These costs are generally the same as those encountered in your original mortgage and should carefully be considered when evaluating the various options available in a possible mortgage refinancing.

Since points really represent additional interest disguised as an up-front fee, they have been tax deductible in the year of refinancing. Recently, the Internal Revenue Service ruled to eliminate that income tax deduction. On the federal level, Congressman F. James Sensenbrenner Jr. is seeking to restore deductibility of refinancing points and, on the state level, I too, will fight to restore the deductibility.

All citizens should be allowed

to take full advantage of the low market interest rates. The government tax bureaucracies should not discourage this activity by independently reversing a rule that in effect, increases taxes for homeowners everywhere who had to unfairly bear the costs of high interest rates in previous years.

Please feel free to write me, Senator Don Stitt, P.O. Box 7882, Madison, WI 53707 or call me at (608) 266-7513 or leave a message with the Legislative Hotline 1-800-362-9696.

The sun is three million miles closer to the earth during our winter than in our summer.

Lack of Calcium Poses Health Threat to Women.

Girls not yet in high school may already be facing a bleak future from bones that break at the slightest bump — all because they're not consuming enough calcium-rich foods, experts say.

The latest data gathered by the federal government point to a serious calcium deficit among women of all ages. The U.S. Health and Nutrition Examination Survey (HANES 11) 1978-80, conducted by the Department of Health and Human Services, indicates that this deficit starts as early as age 11.

Between the ages of 18 and 30, two-thirds of all women on any given day don't get enough calcium in their diets, the statistics show. And the older women get, the less calcium they consume.

"These statistics are shocking when you consider that adequate calcium consumption may help ward off osteoporosis," said Robert P. Heaney, M.D., vice president of Health Sciences at Creighton University in Omaha.

Osteoporosis, which literally means "porous bones," is a debilitating bone loss disease that strikes primarily white, postmenopausal women. By age 65, one in four of these women will have experienced a fracture related to the disease, experts advise.

"During the years 18 to about 35, a woman's peak bone mass is developing," he explained. "It's reasonable to assume that without adequate calcium intake, her bones will never reach their maximum strength and mass."

The HANES data also reveal that after age 35, more than 75 percent of U.S. women have calcium intakes below the Recommended Dietary Allowance (RDA) on any given day. To make matters worse, many calcium experts now think that even the 800 mg. adult RDA for this mineral may be too low.

"It's not possible to say with certainty to what level the calcium RDA should be raised," Heaney said, "but the evidence is compatible with allowances of at least 1,200 to 1,500 mg. a day."

Men have less to fear from osteoporosis, Heaney explained, because they generally have a greater bone mass than women. Men, up to age 35, also

get enough calcium in their diets, according to the HANES data. They're also more physically active than women and don't face menopause with its accompanying hormonal changes — two more factors that protect men from the disease, Heaney said.

The calcium consumption statistics for women are particularly troubling because they reveal that even girls aren't eating enough calcium-rich foods. "The time a woman should be concerned about osteoporosis is when it's probably the last thing on her mind — before she even enters high school," Heaney warned.

Teen-age girls should learn life-time nutrition habits, he said. They should be taught the foundations of good nutrition and the importance of calcium-rich foods as part of the four food group approach to eating. They should also avoid severe weight-loss diets.

"Unfortunately, peer pressure among these young women often wins out when it comes to diets," he added.

Dairy foods, according to the U.S. Department of Agriculture, provide more than 70 percent of the calcium available in the American diet. Good sources of calcium are milk, yogurt, cheese and other dairy foods as well as canned salmon, sardines and green, leafy vegetables.

For more information and a free brochure entitled, "Are You At Risk For Bone Disease," contact the Dairy Council of Wisconsin, 13000 W. Bluemound Rd., Elm Grove, WI 53122.

All's well that ends well!

Everyone likes a happy ending, be it the ending to a love story, a fairy tale or a Little League season. When it comes to eating, people like their meals to have happy endings, too, and that's why serving a satisfying dessert is so important.

Many cooks have found that the best way to assure a contented conclusion to a meal is to serve a dessert that complements the entree, appeals to the eye and palate, and adds a dash of fun. After all, the purpose of dessert is to top off a good and satisfying meal.

Well here's a great idea to add to your recipe repertoire for delicious desserts that are as quick and easy to make as they are to enjoy — Pumpkin Wafer Dessert.

A refreshing break from ordinary dessert fare, Pumpkin Wafer Dessert combines the flavorful favorites of Libby's Pumpkin in a fluffy chiffon with the delicate crunch of crisp chocolate wafers.

Together they make a treat that's neither too heavy nor too sweet but just right for menus with a happy ending.

PUMPKIN WAFER DESSERT

- 1 can (16 oz.) Libby's Solid Pack Pumpkin
- 1 cup firmly packed brown sugar
- 4 egg yolks
- 2 envelopes unflavored gelatin
- 1/2 teaspoon salt
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon ground ginger
- 1/2 teaspoon ground nutmeg
- 2/3 cup milk
- 2 cups whipping cream, whipped
- 1 package (8 1/2 oz.) crisp chocolate wafers

FINISH DINNER WITH A FLOURISH that's "Love at first bite!" Pumpkin Wafer Dessert combines layers of fluffy pumpkin chiffon filling with crisp cookie wafers. Create this sweet menu finale the easy way, with Libby's Solid Pack Pumpkin. Conveniently canned and ready to use, its natural goodness brings a fresh, delicate flavor to desserts that delight. More good news for busy cooks — the recipe "bakes" in your fridge until serving time. Feathery-light, flavor-rich, it's a luscious idea with no last-minute fuss.

In large saucepan, combine pumpkin, sugar, egg yolks, gelatin, salt, cinnamon, ginger and nutmeg; mix well.

Gradually add milk, stirring until blended.

Cook over medium heat until mixture boils, stirring occasionally.

Chill until slightly thickened. Fold in whipped cream.

Line bottom of lightly-oiled 9x13x1 1/2-inch pan with wafers.

Pour 1/2 pumpkin mixture over wafers; repeat layers.

Top with final layer of wafers. Chill until set. Cut into squares.

Garnish with additional whipped cream, if desired.

Yields 12 servings.

Not just for after dinner, it's perfect for after school or bridge, and makes a great go-together with late morning coffee or afternoon tea.

It's a special treat that can be enjoyed any time!

Uncle Ed says he still is looking for that happy medium somewhere between being totally informed and blissfully unaware.

**Congressman
JIM
SENSENBRENNER
Reports**

**SENSENBRENNER INTRODUCES LEGISLATION
TO ENSURE SHEBOYGAN HARBOR CLEANUP**

(Washington, D.C.) — REP. F. JAMES SENSENBRENNER, JR. (WI-9th District) announced he has introduced H.R. 5049, a bill to provide a timetable and mandate for the clean-up of Sheboygan Harbor.

Sensenbrenner said, "H.R. 5049 sends a signal to the bureaucrats at EPA of our frustration surrounding their inaction concerning the Sheboygan Harbor Project. There is no cause for additional delay. It is time to act."

Congressman Sensenbrenner said, "I am pleased the Sheboygan Harbor has been placed on the Superfund National Priority List, however, that is not enough. Being placed on the list does not ensure clean-up will become effective immediately." H.R. 5049 would alleviate any lengthy delays in starting the clean-up of the harbor. Several weeks ago, Sensenbrenner wrote to EPA expressing his concern about

the lack of action on the Sheboygan Harbor. To date the EPA has not responded.

Congressman Sensenbrenner explained his bill establishes an effective timetable and deadline for clean-up. H.R. 5049 proposes that the EPA complete the Sheboygan Harbor Project no later than three years after the date of enactment. Another provision requires a permanent disposal facility for the toxic chemicals.

The Sheboygan Harbor Project is not only important to the economy of Sheboygan, but also the greater Sheboygan area. Sensenbrenner said, "It's for this reason the harbor is distinguished from the other Superfund projects. An issue of such economic importance deserves special attention."

The bill was referred to the House Committee on Energy and Commerce which has oversight over Superfund matters.

**Wisconsin Agri-Business Council
Forms Speakers Bureau**

Looking for a speaker for your club or organization? The Wisconsin Agri-Business Council, with its diversity and wealth of knowledge in Wisconsin agriculture, can help you find one. The WA-BC Speakers Bureau Directory provides you with easy access to a speaker for your meetings, seminars or conferences...at little or no cost to your club or organization.

The WA-BC speakers all work directly in and for Wisconsin agriculture. Each brings a unique and knowledgeable message about the agricultural industry. Wisconsin Agri-Business Council speakers will compliment your meeting, and give your group added insight into what agriculture means to the economy of Wisconsin and our nation.

The WA-BC is a statewide, non-profit organization which supports the agricultural industry through education, public relations and legislative efforts.

It is comprised of farmers, agri-business people, researchers, financiers, advertisers,

public relations personnel, marketers, food and fiber producers, legislators, educators, and others interested in the promotion of Wisconsin's #1 industry.

To arrange for a speaker, contact: Wisconsin Agri-Business Council, Inc., 1400 E. Washington Avenue, Suite 185, Madison, WI 53703. 608/255-7976.

IN MEMORY

In loving memory of my husband, our father, grandfather and great-grandfather JOHN HAMMES, who passed away three years ago, July 29, 1983:

You left a beautiful memory,
A sorrow too great to be told.
But to us who loved and lost you,
Your memory will never grow old.

There is always a silent heart-ache,
Many a silent tear.
But always beautiful memories,
of one we loved so dear.

Sadly missed by the family.

IN MEMORY

In memory of LLOYD J. ERDMANN who passed away four years ago, July 25, 1982:

As time unfolds another year
Loving memories keep you near
No longer in my life to share
But in my heart you always there.

Loves and missed by wife,
Leona

ABC CLUB SKAT RESULTS

The winners at skat played by the ABC Senior Citizens at Beechwood Firemen's Hall on Tuesday, July 15, were: Willie Blecher, 20-3-17 net; Ruth Egerer, 23-6-17 net; Harold Eggert, 19-3-16 net; Jack Beck, 17-2-15 net; Lester Stevens, 11-1-10 net; Julius Yahr, Club Turn vs 5.

CARD OF THANKS

A very warm and sincere thank you to our relatives, friends and neighbors who shared in the loss of my beloved husband, our dear father, grandfather and great-grandfather, FERDINAND WEILAND. A special thank you to Fr. Berghammer, organist, choir, pallbearers, donors of floral and memorial tributes, food, Kewaskum Rescue Squad, doctors and nurses of St. Joseph's Hospital in the ICC Unit, traffic officer, Miller's and to anyone who showed their respect and helped us in any way. May God bless you for your kindnesses.

Mrs. Ferdinand Weiland
and family

THANK YOU

My special thanks to the Blessed Mother and St. Jude for many favors received.

A. K.

CARD OF THANKS

A warm and sincere THANK YOU to relatives, friends and neighbors who shared in the loss of my dear wife, our mother and grandmother, and my daughter, ROSELLA GESSNER. A special thank you to Rev. Kesting, organist, soloist, pallbearers, donors of floral and memorial tributes and food, those who served the food, the staff at the Heritage Nursing Home, Miller's and to anyone who showed their respect and helped us in any way. Your kindnesses will long be remembered.

Mr. Byron Gessner
and family
Mrs. Margaret Dobke

TODAY'S AGRICULTURE

By Jack Trzebiatowski, Washington County Agricultural Agent

AGRICULTURAL LAND SALES DECLINING

Agricultural land values have been declining since peaking in the early 1980's.

A recent publication of the Agricultural Reporting Service indicates that in Wisconsin agricultural lands averaged \$1,111.00 per acre, three percent lower than 1983. Land with buildings and other improvements sold for an average of \$1,240.00 per acre, just slightly more than 1983. Land without buildings or improvements sold for an average of \$865.00 per acre, six percent below 1983.

In Washington County, land without buildings and improvements continuing in agricultural use sold for \$1,351.00 in 1984, a slight increase over \$1,246.00 in 1983. Land without buildings and improvements converted to nonagricultural uses sold for \$2,158.00 in 1984, a decline from \$2,463.00 in 1983. Land with buildings and improvements continuing in agricultural use sold for \$2,164.00 in 1984, a slight reduction from \$2,272.00 in 1983. Land diverted to nonagricultural uses with buildings sold for \$7,103.00 in 1984, and \$4,590.00 in 1983.

These amounts need to be interpreted with some caution as they are averages for the entire county. This is especially critical when looking at the land diverted to nonagricultural uses, as some of this land may

have been diverted to very high value areas such as industrial parks or other urban uses.

Washington County continued to remain a strong agricultural county with 1,150 farms, a slight decline from the 1,180 farms reported in 1983.

**OFFICIAL NOTICE
AGENDA**

There will be a meeting of the Finance - Transportation - Buildings and Grounds Committee of the Kewaskum School District beginning at 7:00 p.m. on Wednesday, July 30, 1986 in the library at Kewaskum High School.

Clarence A. Schwartz, Sheriff

**ONLY ONE RENEWAL STICKER
CAUSING CONFUSION**

The decision by the State of Wisconsin to issue only one renewal sticker for vehicle license plates is causing some confusion, according to Washington County Sheriff Clarence A. Schwartz.

To save funds, the Department of Transportation will issue one renewal sticker, which is to be affixed to the back license plate. The front plate will appear to be expired, because no new stickers will be used on it. "But you must keep that front plate on the vehicle," said Schwartz. "Some people think that the front plate isn't required anymore, and are removing it," he said.

DOT Announces

License Plate

Replacement Schedule

Automobile owners whose license plates date back to 1979 will be among the first to receive the new graphic license plate, the state Department of Transportation said today.

Norbert K. Anderson, administrator of the Division of Motor Vehicles, said the new plates are being phased in over a seven-year period to conserve materials, equalize workload, and reduce costs. In the past, license plates were replaced during a single year. The current black-on-yellow plates were issued beginning in 1979.

Under the replacement schedule, auto plates issued in 1979 will be replaced in 1986, 1987 and 1988. Plates issued in 1980-81 will be replaced in 1989; those issued in 1981-82 will be replaced in 1990; 1982-84 plates will be replaced in 1991 and those issued from 1984-86 will be replaced in 1992.

All personalized auto license plates will be replaced during 1987.

Anderson said the new graphic plates will also be issued to people who register their cars for the first time and have a date of first operation on or after Aug. 16. These include people moving to Wisconsin, and those purchasing vehicles without license plates to transfer from another vehicle.

Anderson said registration renewal notices will inform vehicle owners whether or not they are scheduled to receive new graphic plates. Those persons not receiving new plates will have their black and yellow plate validated by a year validation sticker at the time of renewal. However, an early replacement option is available for those motorists who wish to receive their new plates ahead of the planned schedule. This has been possible, Anderson noted, by a change in state law which provides that for a separate fee of \$10.00, a motorist's black on yellow plates can be replaced with the new design plates. The \$10 fee is an early issuance fee as prescribed by state law, and is an addition to the payment of regular annual registration

Deputies are noticing a significant increase in the number of vehicles on the road with only one plate. Two plates are still required, and deputies will stop and issue correction notices to drivers who remove the front license plate.

"There has been much discussion in Madison about eliminating the front plate. Law enforcement officials, myself included, oppose this because it hinders the identification of suspects' vehicles by not only officers, but also on the part of witnesses to crimes and other incidents," the Sheriff said.

Until a change is made, if it ever happens, keep the front license plate on vehicles.

renewal fees.

Placing early orders for the new plates is a simple procedure. A request for the new plates, along with a \$10 check or money order and the vehicle's title should be sent to the DOT Graphic Plate Processing Unit, P.O. Box 7911, Madison 53707.

Anderson said the Division of Motor Vehicles will begin accepting applications on August 1, the effective date of the new law. Depending upon the demand for the new plates, motorists should anticipate receiving them by return mail with a few weeks of making application.

Polar bears use only their front legs for swimming, yet they have been spotted eighty miles away from any ice floe or land.

"You call yourself a plant manager? You haven't produced a winning bowling team in four years!"

**Prep Baseball's
Best to Be Featured
At County Stadium**

MILWAUKEE...You can be sure that professional baseball scouts will be traveling to Milwaukee on July 26 and 27 to view a unique assembly of the best high school baseball athletes playing in the first-ever Great Lakes High School All Star Classic. All Star teams representing the states of California, Illinois, Indiana and Wisconsin will be competing in the two-day round robin tournament scheduled for Milwaukee County Stadium.

The general public can expect to see some of the best in baseball action by outstanding high school players, many of whom have already been recruited by professional ball clubs. In fact, 12 out of 18 members of the California team have already been drafted by major league teams for next season. With the popular belief that California serves as the best training ground for professional baseball athletes, this tournament will provide an excellent proving ground. The Indiana team alone already has 11 out of 18 players drafted to play pro ball next season; guaranteeing exciting, highly competitive play.

Fans will also be able to view at close hand players who by the age of eighteen have already compiled some impressive statistics:

-Bryan Johnson from Skyline High School in Oakland, California has had 39 home runs with 143 hits and 164 RBI's during his high school career.

-Joe Golembiewski from Milwaukee's Pulaski High School has a .510 batting average.

The Milwaukee County Department of Parks, Recreation and Culture is sponsoring the tournament with the support of the Milwaukee Brewers and Pepsi-Cola. Also participating are the Wisconsin Baseball Coaches Association

and the Optimist Club of West Side Milwaukee.

"We're pleased to be able to bring this caliber of play to Milwaukee," said Parks Director Dave Schulz. "By showcasing these outstanding high school athletes, we hope to encourage the development of youth baseball in Milwaukee. I wouldn't be surprised if there aren't some kids playing in this tournament who'll go on to be stars in the majors. It'll be a definite thrill to say you saw them play at County Stadium."

Tickets for the tournament are now on sale and are \$4.00 per person for one session (two games) or \$6.00 per person for an all-session pass (six games). A \$1.00 discount coupon will be available in newspaper ads on July 20 or by calling the Parks Department at 257-6100. Tickets are available by cash or check via mail to the Milwaukee County Parks Department, 9480 Watertown Plank Road, Milwaukee, WI 53226. In person sales are available at the Parks Department, County Stadium Manager's office (not the Brewers ticket office) or at the gate.

The purpose of the tournament is to encourage development of youth baseball (50% of net profits will be donated to a specially designated fund; remainder to serve as seed money for '87 tournament).

SCHEDULE OF EVENTS

Friday, July 25 — Cook-out at Dretzka Park, followed by swim at either Noyes Pool or Hoyt Pool. For players, coaches, media and sponsors.

Saturday, July 26 — Session I: 12:00 noon, Illinois vs. California; 2:30 p.m., Indiana vs. Wisconsin. Session II: 6:00 p.m., Illinois vs. Indiana; 8:30 p.m., California vs. Wisconsin.

Sunday, July 27 — Session III: 12:00 noon, California vs. Indiana; 2:30 p.m., Illinois vs. Wisconsin.

Parking is free at the stadium during the tournament.

Lose 19-12 Slugfest to Cougars

Indians Win Final Two EW Games, Finish Second

The Kewaskum Indians finished the Eastern Wisconsin Conference season with two victories at home last week, 19-0 over Sheboygan Falls Tuesday and 10-5 over Kiel Thursday, to cop second place in the conference with a fine 12-6 record. They then ended the regular season Friday with a 19-12 slugfest loss to Campbellsport in a non-conference contest before entering regional tournament play. The Indians had defeated the Cougars in an earlier game.

Kewaskum finished second with runnerup honors behind New Holstein's champions (who defeated the Indians twice

Indians Tip Cougars In Regional; Face WB East in Sectional

The Kewaskum Indians defeated Campbellsport, 7-4, in WIAA regional play at Campbellsport Tuesday to advance to the sectional at Port Washington Thursday. It was the Indians' second win over the Cougars in three games this season. Kewaskum will next face West Bend East's North Shore Conference champions [23-5], who edged Slinger Monday, 3-2, at Port at 5:30 p.m. Thursday. The finals will be played Friday.

The Indians, who placed second in the Eastern Wisconsin Conference, have defeated some giants during the successful season. Besides beating West Bend East twice early in the season, they also defeated Random Lake's Central Lakeshore Conference champs badly in a shutout and won two out of three from Campbellsport, [16-3].

during the season). Next in line were Chilton, Plymouth, Kiel, Two Rivers and Sheboygan Falls.

The Indians had an easy time in handing Sheboygan Falls a 19-0 shellacking with Bob Yahr pitching a two-hitter. The game was close at 2-0 until the fourth inning when Kewaskum exploded for seven runs. Way ahead at 11-0, the Indians had an even bigger inning in the sixth when they scored eight more to bring the final count to 19-0.

Kewaskum got three hits and three RBI from leadoff batter Rick Staehler. Tim Dettmann also got three hits. The Indians blasted out 14 hits in all compared to Falls' two. Each team had several errors.

Don Menzel fanned nine in Kewaskum's 10-5 win over Kiel. Trailing 4-1 after three and a half innings, the Indians came back with two in the fourth, one in the fifth and six in the big sixth to ice the victory. The winners combined five singles and three walks in the fateful sixth. Staehler, Dettmann, Jeff Newhauser, Menzel and Troy Zimdars each got a rip off starter Ken Zorn in the frame.

The Raiders jumped out front 1-0 in the first and a lone Kewaskum tally tied the score at one each in the bottom of the first. Kiel bounced back to add three in the second, sending eight men to the plate. Kewaskum added two in the fourth to close within 4-3 on a double by

Zimdars and a single by Yahr.

Kiel rapped Menzel for their fifth run in the fifth but Kewaskum tallied one more in the sixth, setting the stage for their big inning. The Indians pounded out 13 hits, with Zimdars having a perfect day 4 for 4 and two RBI. Dettmann contributed with three hits. Zorn had two hits for Kiel. Menzel checked the losers with six hits, striking out eight and walking four. Kiel allowed 10 walks and did not strike out a batter.

A very hot day produced some very hot bats in Campbellsport's 19-12 power drive over the Indians Friday. The two teams lashed out a total of 33 hits in the contest, 25 by the Cougars and nine by Kewaskum. Campbellsport built up an 11-0 lead in the first three innings and then hung on for the victory.

Neither team went with a regular starting pitcher, saving them for their WIAA regional game when the two teams met again Tuesday. Junior Troy Zimdars started for the Indians and the Cougars blasted him early, sending nine players to the plate in the first, and scoring four runs. In the second Zimdars faced 10 men and the visitors tallied five times on six hits. Two more in the third made it 11-0.

Finally in the fourth, the Indians got to starter Brian Hintz and broke loose for six runs. They also sent 11 batters to the plate with key hits by Jack Aupperle, Zimdars, Tim Bingen and Yahr. Rick Grahl came in to pitch and finally got the side out, thanks to a double play. Kewaskum came closer with three more in the fifth but the Cougars clinched the win with five in the sixth.

Shortstop Staehler came in to pitch the last inning and was greeted by Jeff Narges with a home run as the Cougars scored three more times. Narges was 4 for 4 and Pat Goebel also had four hits, while Grahl went 5 for 6. Leading Kewaskum was Mark Schlosser with three hits.

Campbellsport ended its regular season at 16-3, while Kewaskum finished with a 16-7 overall record.

Port Shuts Out Lakes Team, 12-0

The Kewaskum Land o' Lakes team was shut out by Port Washington Sunday, 12-0, suffering its sixth loss of the season, and falling into last place behind the West Bend Benders.

Lakes standings: Plymouth 11-0; Thiensville-Mequon 8-2; Barton 9-4; Port Washington 7-4; West Bend Lithias 6-5; Saukville 5-7; Grafton 3-8; Cedarburg 3-9; West Bend Benders 2-10; Kewaskum 1-6.

KEWASKUM WOMEN'S VOLLEYBALL LEAGUE

Amerahn 20-4, Valley Bank 17-7, Shefond 14-10, Kewaskum Saloon 11-13, My Little Friends 10-14, Mad Spikers 7-17, LR Trophy 5-19.

End of first half.

Football Practice to Begin at KHS

ATTENTION all boys interested in going out for football this fall. You should report to Rose Hall at Kewaskum High School between 9:00 and 11:00 a.m. on Friday, August 8, 1986, to pick up the equipment.

You should have your physical examination completed by Monday, August 11. The physical exam is required before you may participate in the practices.

All junior and senior candidates should be at the high school at 9:00 a.m. for proper fitting and freshmen and sophomores should report at 10:00.

Remember to increase your running program this week so you come to practice in good physical condition ready to work.

The first day of practice is Monday, August 11, from 8:00 a.m. until noon. Be sure to bring football shoes and work out clothes to practice on Monday.

We're looking forward to seeing all of you on the eleventh.

Husband-Wife Golf Tourney Won by Hrons

Al "Dotzie" and LaVerne Hron won the Husband-Wife Golf Tournament held at Hon-E-Kor Country Club Sunday. The Hrons, who are from Kewaskum, had a net of 72 and topped 29 other couples who participated.

Second place ended in a tie between the Art Lastofkas and Wayne Ericksons with net scores of 75. In low competition Harlan and Joyce Gruber scored a 94.

WEDNESDAY NIGHT TRAPSHOOTING LEAGUE

Sentry 11-2, Dick's Welcome Inn 11-2, Kettle Moraine Electric 10 1/2-2 1/2, Waala's Wheel & Tire 8 1/2-4 1/2, L & R Trophy 8-5, Toppel In No. I 8-5, Regal Ware 7-6, Barney's 6-7, R.T. Speed Shop 4 1/2-8 1/2, Toppel In No. II 4 1/2-8 1/2, King Pin Lanes 4-9, C & R Catering 3-10, Moose's Waterin Hole 2-11.

75 straight was shot by Al Muench of L & R Trophy.

50 straight was shot by John Amerling of Kettle Moraine Electric, Don Schmitt of Dick's Welcome Inn and Dave Buslaff of Waala's Wheel & Tire.

25 straight was shot by Janet Melzer of Regal Ware, Don Brath of Kettle Moraine Electric, Kelly Rauch of Kewaskum Saloon and Steve Muench of L & R Trophy.

HON-E-KOR LADIES ASSOCIATION

On Wednesday, July 16, the Bartelt Cup was played. Due to the extreme heat, some ladies who started in the Bartelt Cup play dropped out and did not finish the eighteen holes. The winner for eighteen holes was Judi Tiegelman with a net score of 69. There was a tie for second place with Jean Dolde and Gen Albiero coming in with a net of 71. A playoff will take place to decide who won second.

Thiemerdome Thursday Goodtime League

BJ & Co.	4	0
A&M Const.	3	1
Bartelt Ins.	2	2
Barrel Haus	1	3
Thornton	0	4

Final 2nd half standings

HIGHLIGHTS

Last week was the first hot summer evening of the year and both games were like the weather, hot and short tempered. A&M Const. defused Thornton's Bombers once again by a large margin. Dennis Thornton, the General Manager and Owner of Thornton's Bombers once again had a very competitive team early in the season. However, he lost team members due to transfers, etc. He did indicate that they will be loaded for bear for the Round Robin Championships later this season. In the 2nd game Bartelt Ins. overcame an eight strikeout performance by Daryl Waechter to defeat Barrel Haus 3-2. That's right folks, eight strikeouts in slow pitch softball. Maybe certain players on the Bartelt squad should be fitted with bi-focals. Rollie "Road Runner" Maul had the game winning hit for Bartelt Ins. It was Rollie's 3rd hit of the season. The former All-Pro from Theresa Station has been having the kind of season that is very east to forget.

This week is the championship game between 1st half winner A&M Const. and 2nd half winner BJ & Co. The game was originally scheduled to be televised on cable thru WGN out of Chicago as it was going to pre-empt the normally scheduled Cub game. However, Dome management got into a contract squabble with announcer Harry Carey. Dome management wouldn't allow Harry to shout HOLY COW for each excellent play or home run. Reason being that the Dome is in the heart of the dairy belt and they didn't want some announcer from Chicago slandering our precious bovines. So the live broadcast fell thru. Fans are advised to arrive early and season ticket holders will be able to use their preferred VIP parking passes. Overflow parking will be handled by Clara Weiss' backyard or in Star Auto Salvage, formerly Hefter's Salvage lot. There will be NO valet parking in the last 2 locations. Fans arriving from the south are urged to take the Myra bypass and ones coming from the north should take the Waucousta cutoff. No reserved seats for this game. A&M Const. had better be on their toes as their previous game was scouted by John Kleinke and his lovely young bride Dee accompanied by a Coleman cooler. John, by the way, was the chief scout for General George Custer many years ago.

SPECIAL. Local prominent car dealer Killy Honeck, the authorized Kaiser - Fraser franchised dealer for this area, has offered a slightly used 1949 Nash Kelvinator Metropolitan to the 10,000th fan to enter the Dome this season. The car is a clean, one owner, low mileage beauty owned by a local school marm used to drive to church on Sundays and occasional discreet midnight trips to the Panda Bar for a wee nip of the Irish. The

winner will be announced later this year at the league awards banquet which will be held in the plush Bohemian Room at Barney's Bar in downtown Wayne.

Attendance 412.

VIP Lounge 9. No sweet corn.

Fish Eating Advisory Available

Copies of Wisconsin's new advisory warning people to limit the amount of fish they catch and eat from 63 Wisconsin waters may be obtained from the Department of Natural Resources' Bureau of Information and Education, 101 S. Webster Street, P.O. Box 7921, Madison, WI 53707 by calling 608/266-6790.

State natural resources and health officials, who issued the new advisory on July 3, recommended that pregnant women avoid eating mercury-contaminated fish from some lakes as a health precaution.

WEST BEND COUNTRY CLUB WOMEN'S ASSOCIATION

On July 16, women golfers of the West Bend Country Club competed for the most one or two putts.

Winners among the 18-hole golfers: Class A - Dorothy Parlow, 10-one putts; Class B - Gladys Gall, 11-one putts; Class C - Mary Lou McPhillips, 14-two putts; Class D - Winnie Kowske and Sally Ratzsch, 14-two putts each.

Winners among the 9-hole golfers: Class A/B - Judy Johnson, Rose Johnson, Kay Anderson, and Mary Bursack, each with 6-two putts; Class C - Jeri Bowerman, 7-two putts.

Because of state tournament play, no women's event was scheduled for July 23.

On July 30, Derby Day will be held. Bets may be placed from 7:30 to 8:30 a.m. A Florida Scramble, with a shotgun start, will begin at 8:30 a.m. The sign-up deadline was July 20.

On August 12 women golfers may invite a guest to Golf On The Orient Express. Guest day will begin with ticketing at 11:30 a.m., the all-board at 12:30 p.m., club-car cocktails at 6:00 p.m., and the dining-car opens at 7:00 p.m. Afternoon golfing will consist of 18-hole best ball. A chart of entering guest handicaps is posted in the women's locker room. Chris Ciske and LeaFon Ronyak are in charge of Invite-A-Guest Day.

NEW FANE SPORTSMAN CLUB WEDNESDAY NIGHT TRAP LEAGUE

Hon-E-Kor 9 1/2-2 1/2, Shefond Oil 9-3, Village Sport Shop 8-4, Amerahn 8-4, Mija's #2 8-4, Ace Business Machine 7-5, T.J. Construction 7-5, West Bend Hobbies 7-5, Heberer Brothers 7-5, Bar-N-Annex 6-6, Mija's #1 4 1/2-7 1/2, M & R Bar 3-9, Rolling S 0-12.

25 straight was shot by Jon Ramthun.

A domestic cat can run as fast as 30 miles an hour.
