Electors Vote Overwhelmingly to Keep Beechwood School Property

Even with seating in the hallway, it was a "standing room only" crowd for the Beechwood School meeting. Those who could not find seats, stood at the back of the cafeteria or in the hallways.

By GERRY MUELLER
Statesman Staff Writer

In one of the largest turn-outs in recent years, electors of the Kewaskum School District voted a resounding 224 to 56, Monday night, to keep the Beechwood Elementary School property and not put it up for sale as recommended by the Beechwood School Disposition Committee.

The special electors' meeting had only one purpose and that was to decide whether or not the residents would give the school board the power to put the

property up for sale. The electors, however, made quick work of the job at hand. As soon as discussion was opened, Melvin Moths, Town of Scott, made a motion to keep the property for at least five years and Irene Gnacinski of Beechwood seconded the motion. A few comments in favor of keeping the school property were made and none against.

Had it not been for the time it took to pass out and collect ballots in voting to elect a meeting chairman and then vote on the motion, the meeting

probably would have been over in fifteen minutes. As it was, the meeting which started at 8:30 p.m., was adjourned by 9:12 p.m.

In addressing the motion prior to the vote, Michael Spector, the district's legal counsel, said that while the first portion of Moth's motion was proper, the second portion setting a time restriction would not be binding on future meetings. He also noted that if electors were not satisfied with the outcome, another meeting

DNR Says Chlorination Won't Help

School Board Okays New Well For Wayne School

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum School Board, during a special meeting Monday night, approved the drilling of a new well at the Wayne Elementary School in the hope that it will finally solve its contaminated water problems.

In a January 14, 1987, letter to District Administrator Penny Kleinhans, Chad Czarkowski, DNR Water Supply Specialist, said he did not feel cleaning and massive chlorination of the existing well would provide a long-term solution to the need for a safe water supply at the school.

Czarkowski indicated that the well has a "fundamental design

deficiency which makes it susceptible to periodic re-contamination." His letter noted, over the past eight years, from April 1978, to December 6, 1986, the well recorded fourteen unsafe water tests, and this was only a partial history of the well.

Czarkowski referred back to the recommendation in his December 19th letter in which he suggested a new well with an 8" casing down to 120 feet, and a hole to 250 feet. He noted that was a recommendation for a minimum acceptable design which should provide safe water. In his latest letter, he suggested the district could go to a deeper well of 300 to 500 feet into the sandstone layer which would almost assure

hitting bacteria-free water.

The board asked Jerry Zielieke of Zielieke Well Drilling, who was present at the meeting, for his comments. He indicated that there was a very good chance that his recommendation to the Finance Committee for an 8" well with 125 feet of casing would provide good water but he stressed neither he, or any other driller could guarantee that. Zielieke said going down to sandstone was a pretty sure bet for good water but there would be considerably more expense in drilling a 6" casing, 400-500 foot well as compared to an 8", 250 foot well. He also noted the deeper well would require a new pump because the present

Village Board Reviews Sidewalk Extension Program

By GERRY MUELLER
Statesman Staff Writer

The Kewaskum Village Board again reviewed its sidewalk extension program and after some discussion formulated a timetable for the laying of new sidewalks through the village.

Administrator Dan Schmidt said he would be working with the Village's engineers in developing specifications to be used for bidding in March. He said awarding of contracts would probably take place in April with construction to begin in May.

Schmidt said the village would be seeking bids both on the completion of the entire project at one time as well as broken down into sections in the event the village decides to do the work one phase at a time. He said the board will make a final determination on just how the village will proceed with the project at the time the bids are opened.

In other action, the board authorized Schmidt to meet with the engineers to plan and develop bid specifications for a new baseball diamond on the northeast side of the Kiwanis Park.

Schmidt said plans are to shorten up the present north end Little League diamond which will allow for the construction of the new ball diamond. The board also gave Schmidt the okay to purchase two new bleachers for the diamond.

The board discussed the Department of Natural Resources' proposal to develop canoeing facilities on the west

Week's Wit

Marriage is like a poker game. You start with a pair of hearts, he shows a diamond, she shows a flush, and they end up with a full house.

side of the Milwaukee River in River Hill Park. Schmidt said the plan has been put on hold for the time being because the DNR's available funds of \$7,000 would not cover the entire cost of the project. Besides the landing and walkway, the DNR wants the village to construct toilet facilities at the landing. Schmidt said he would be getting bids on the cost of the entire project which would be reviewed with the DNR.

The board gave Schmidt authorization to print up a pamphlet profiling the Village of Kewaskum and what it has to offer in the way of attracting prospective new businesses, industry and residents. One highlight of the booklet will be the new Kewaskum Industrial Park which will be located north of Regal Ware, on the former Selma Backus property which the village recently acquired.

The trustees also authorized Schmidt to advertise for summer park help. Schmidt said that would be done during the school spring break.

Fire Chief Donald Ehnert made his annual department report to the board. His department answered a total of 26 calls, 10 within the village, 9 in the Town of Kewaskum, 5 in the Town of Auburn, and 2 mutual aid calls. There were no structure fires within the village.

Board president David Nigh read a proclamation recognizing the 20th anniversary of the Kewaskum Junior Women's Club.

The meeting then adjourned.

League of Women Voters Sponsoring Political Forum Here

The League of Women Voters of Washington County invites you to attend their Political Forum on Thursday, February 5, 1987, at the West Bend Public Library, 230 S. 6th Street, West Bend, at 7:30 p.m.

The opposing views of candidates seeking the 18th Senate District will be discussed at this forum. Albert Timm, Carol Buettner and Jerald Loggins are seeking the nomination for the Republican

Party. The Democratic Party candidates are Mary Brickle and Todd Guy Wieseman.

Your written questions during the forum will present an exciting forum, and your individual concern may be addressed to the potential candidate after the forum over refreshments.

As always there is no charge for this program, and remember election day is Tuesday, February 17.

unit would not have the capacity to bring the water up from the greater depth.

The board considered going ahead with the deeper well from the start, but then opted to stay with the original specifications for the shallower well. The basis for that decision was the cost factor and if good water was

found at that level, the district would avoid the added expense of the deeper well and new pump. As Zielieke explained, with the 8" well, the district, if it had to, could go deeper using 6" casing, but if the well were drilled using 6" casing from the beginning, it could not be

(Continued on Page 2)

Beechwood

(Continued from Page 1)

The high school cafeteria folding walls were opened up to allow for seating in the hallway for people attending Monday night's special elector's meeting on the disposition of the Beechwood Elementary School.

could be held for the same purpose. "I'm just alerting you that another special or annual meeting could reverse the decision" stated Spector. He informed the people that

according to state statutes, two special meetings can be held in one year on the same subject in Washington County.

The school, which was closed

effective this school year, will remain the property of the district unless the recommendation to sell the property is again addressed in the future and the electors reverse their decision.

School Bd.

(Continued from Page 1)

extended later on.

Board member Ron Theusch said he thought making the decision would be easier if he had at least a ballpark price for the deeper well, to compare against the cost of the shallow well.

Because the district had already passed the DNR's thirty-day deadline for submitting plans, the board felt a decision had to be made. Mr. Charles Wagner of Wagner Well Drilling, Mount Calvary, asked the board if he could submit a bid on the job. Board member Kim Peterson indicated he did not feel it would be ethical to consider Wagner's bid because the other closed bids had been made public prior to his submitting a bid which was approximately \$100 lower than the low bid. I don't think it would be fair, Peterson noted, since Mr. Wagner knew what the other bids were when he submitted his bid. He thanked Wagner for coming to the meeting and wanting to bid on the project. Wagner had been contacted by board member Clara Trapp after the bids were opened.

The district received four bids for the job. Groth of Cedarburg was high bid at \$10,187; Hyink of Sheboygan Falls \$9,215; Zieliekie \$6,720, and Teschendorf of Theresa \$5,000. The board voted to accept the Teschendorf low bid. Because the district was able to get an extension for the actual construction, work will not be done until June.

Buildings and Grounds Superintendent Fred Boehlke also noted this bid acceptance covered the well drilling only. The district will again go out for bids on the installation of lines from the well and other related work.

Board member Ralph Horner asked where the money for the work would come from. Board

member Perry Ankerson said using Fund 40, the state trust fund money, had been considered. Kleinhans informed the board that, because the work would not be done until June, it might want to consider placing the project in next year's budget. The board voted to use Fund 40 money for the well repair.

Panzer to Join Sensenbrenner At Town Meeting

State Representative Mary Panzer (R-West Bend) will join Congressman Jim Sensenbrenner (R-Menomonee Falls) at a town meeting at the West Bend Marine Bank, 801 E. Washington Avenue, in West Bend starting at 10:00 a.m. Saturday, January 24.

People in the area will have a chance to talk to the legislators and express their views on both national and state issues.

Congressman Sensenbrenner will talk about the upcoming session of the 99th Congress while Representative Panzer will be interested in the views of her constituents on such issues as a state lottery, pari mutuel betting, state prisons and a proposal to switch to an annual budget.

Anyone who would like to stop in and talk to Congressman Sensenbrenner and/or Representative Panzer is welcome to do so.

SHEPSSHEAD WINNERS

5 handed winners on Thursday, Jan. 8th were: Irene Dreher, 62-3-59, 21-2-19; Tom Jaeger, 59-3-56, 19-3-16; Walter Bartelt, 52-5-47, 13-3-10; Vivian Bartelt, 47-7-40, 18-3-15; Jean Becker, 40-13-37, 16-6-10.

Wednesday, Jan. 14th winners were: Judy Lickman; 52-6-46, 13-4-9; Rosie Ritger, 46-7-39, 19-5-14; Walter Bartelt, 46-7-39, 14-4-10.

GIRL SCOUTS Cookie Time

The Kewaskum Area Girl Scouts will again be selling cookies this year starting Wednesday, Jan. 28 and ending Feb. 9. The cost of the cookies are \$2.00 a box. There will be Mints, Scot Teas, Hoedowns, Savannahs, Golden Jangles, and Classic Cremes (chocolate and vanilla). New this year will be Jubilees (chocolate carmel cookies topped with toasted coconut and chocolate stripes).

The cookies will be delivered Mar. 16 thru 30. Girl Scouts are working for incentives and cookie dough. Incentives are cookies, pens, flippy flyer, bald eagle stuffed toy, carry sport pack and pink sweatshirt.

Cookie dough for the girls is \$5.00 for 75 boxes and \$5.00 for every 25 boxes over 75. This can be used for Day Camp, Resident Camp, Winter Opportunities, any Council Wide Events and Special Events.

Of the \$2.00 per box, 20c stays with the girl's troop, and in addition, \$1.08 per box benefits girls in troops thru girl awards, cookie dough, council services, camp maintenance and development and special girl events.

If no girl has contacted you for orders please call 626-4555 or 626-4001.

Please support the Local Girl Scouts, we have 11 troops in Kewaskum, 9 in Farmington and 3 in Wayne, ages 5 thru 18. They appreciate your help. Thank You.

Elementary Teacher of the Year Of Oshkosh School District

June Kocken

June Scannell Kocken was named the Oshkosh School District Elementary Teacher of the Year. She teaches at Jacob Shapiro School.

"Having been raised in Kewaskum and having graduated from our local schools, we are proud of her and her interview in the Oshkosh Northwestern daily paper," her parents, Mr. and Mrs. Robert Scannell, Kewaskum, stated.

The following item appeared in the Oshkosh Northwestern paper:

By JINNY SOKOLOWSKI
of the Northwestern

Oshkosh teacher June Kocken wants her second grade students to like coming to school.

To do this, she doesn't rely on computers or colorful videos to make learning appealing to the 26 students in her class at Jacob Shapiro School. She believes it's her responsibility to get her modern-day students excited about learning.

"My goal is to make the children feel good about themselves, about what they're doing," Mrs. Kocken said. "I always find something good to say about them."

Kind words, a smile, a pat on the soft-spoken teacher uses to gain the trust and respect of her students. "I want them to know if there was a problem, they could come to me," the 33-year-old teacher said.

The personal interest Mrs. Kocken shows in her students is one of the main reasons she was nominated and named the Oshkosh Area School District elementary teacher of the year, according to Joyce Lloyd, principal at Shapiro School. Mrs. Kocken was presented with a plaque from the state Department of Public Instruction by

James Henderson, Oshkosh superintendent of schools, on January 14.

Many teachers have a lot to offer children, Mrs. Lloyd said, but unless they establish a rapport with their students, it does no good.

"Mrs. Kocken establishes that rapport between students and teachers that makes learning effective," the principal said.

Although she considers her job a lot of fun, Mrs. Kocken said she takes it very seriously. She believes elementary school teachers are important role models in the "very impressive, imaginative and honest" minds of young children.

"I had some real good teachers when I was growing up," she said. "My teachers had a lot to do with what I turned out to be."

Today, especially, teachers play an important role in the life of young children because many more students come from broken homes. When she started teaching at Shapiro 10 years ago, Mrs. Kocken said, about two children in her class had divorced parents.

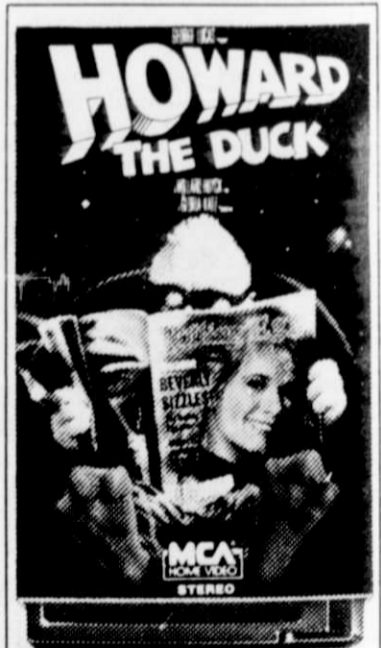

Now about half of her students have separated parents.

Also, because of television and other media, many of the role models children have today are negative influences, she said - "I feel I can be a positive force for them."

Mrs. Kocken said she usually spends about 12 hours a day doing some type of work related to teaching.

Kewaskum Juniors' Time Capsule... THE SECOND TEN YEARS 1976 - 1986

Three Kewaskum Juniors served two year terms as president, Ann Enright ('76-'78), Mary Gutjahr ('78-'80) and Karen Keller ('80-'82) before the club changed to a one year term. Under these three presidents many interests remained the same, namely the dedication to community service, while programs and projects varied.

Energy resources was the topic of a joint meeting with the Kewaskum Woman's Club. Other programs featured "Effects of TV on our Kids," speakers from the Washington County Council of Alcoholism, Friends for Battered Women, Tom Hooper of Channel 6 TV, Kewaskum AFS students and the high school swing choir. Juniors sponsored Shannon Waite through the Christian Children's Fund, collected Betty Crocker Coupons for Southern Colony, developed the Block Parent Program, arranged a tour of homes in Kewaskum, continued with scholarships for youth, sponsored an appreciation luncheon for village employees, developed a poison prevention program for elementary school children, held a bicycle safety clinic, preschool story hour and were co-sponsors of a Mini-olympics.

Considerable work was put into making a Mr. and Mrs. Easter Bunny for use at luncheons and visitation of hospital pediatric wards. Juniors participated in an inter-faith Bible study.

From the October '78 newsletter came this exercise in use of "Personal Pronouns." "Instead of the impersonal use of 'us' or 'we,' try substituting the pronoun 'I' or 'me' in the sentence. Suddenly thoughts take on a different perspective. We should really do something about pollution... becomes I should really do something about pollution. We should do more for Kewaskum... becomes I should do more for Kewaskum. 'WE' is made up of many 's' and without 'I,' 'WE' could not exist." Perhaps we could all take a lesson and say "WHAT CAN I DO?"

With village board approval to proceed with plans for a natural walkway and nature trail in the new park, Juniors undertook one of its biggest projects in Kewaskum. Partial funding of playground equipment in the park came from the Kewaskum Juniors, and in four years 1974-1978 the recycling center had grown from one woman's dream to a community project. When interviewed by the Milwaukee Sentinel, Nancy Malvick stated her commitment to preserving the environment, and wasted no time in channeling Junior manpower in the area of recycling conservation. Over 45,000 pounds of glass, 20,000 pounds of tin and nearly 200 pounds of aluminum had been recycled through the center in four short years, and May of 1979 was declared recycling month in Kewaskum.

The next four years would see four presidents of the local club; Joan Stoffel ('82-'83), Beth Stoffel ('83-'84), Gayle Van Ess ('84-'85) and Debbie Lettow ('85-'86). Juniors continued recycling, story hour, Easter Bunny brunch, and other tried and true programs and projects,

but continued to add others. A Polaroid camera was donated to St. Joseph's hospital obstetric department for photos of babies taken to other hospitals immediately after birth. A "Back To School" Scholarship was given.

A detailed booklet on the nature trail was published and in September of 1983 the ribbon cutting ceremony for the nature trail was held, tours were given and an outdoor festival of arts and crafts drew hundreds to the new park. 4-H birdhouses were hung throughout the trail. Juniors donated funds to the Statue of Liberty restoration project, sponsored an Indian child, assisted the Washington County Sheriff's Dept. in fingerprinting children and hosted a "Woman To Woman" evening with guest speaker Sheila Earl.

Conferences attended highlighted stress management and parenting skills as well as leadership workshops and health issues. Juniors held a "Walk for Mankind," donated to the Kewaskum Police Department stranger and abuse materials, and presented "Patch the Pony" materials in the schools.

PAL, "Protect A Life" county-wide car seat rental program, sponsored by the West Bend Police Department, was assisted by Juniors who continue to run a monthly seminar for those interested in low cost rental of toddler and booster seats.

"Fashion Fantasy" caught the interest of area residents as Juniors hosted a winter fashion show. Child abuse material was displayed at the Washington Co. Fair, McGruff and Smokey Bear visited the schools and Kewaskum club members assisted in the formation of two new Jr. Woman's Clubs in Hartford and Slinger. Clubmembers have become more active on the district and state levels, taking executive positions.

The Kettle Country Christmas art and craft fair held in November '86 was a big project for the club under current president, Shirley Ogi. Juniors continue to serve Kewaskum, the state and the world through contributions of time and money in the six major emphasis areas of the arts, conservation, education, home life, international affairs and public affairs. Next week's paper will feature goals for the future, as well as highlights of the 20th Anniversary celebration for the club.

Kewaskum Area Youth Cited In Bus-Car Collision

Keith Bartelt, 17, of 5831 Beechnut Drive, Wayne, driver of the car which collided head-on with a Threshold Bus, Wednesday, Jan. 14, has been issued a citation for reckless driving by the Washington County Sheriff's Department.

The bus driver and four passengers, who were wearing seat belts received minor injuries.

Bartelt and the four passengers in his car received serious injuries and remain hospitalized. Bartelt, his brother Kevin 15, and Shelly Hug 15, of 5772 Main Street, Kohlsville, are listed in satisfactory condition at St. Joseph's Community Hospital, West Bend. The two Bartelt boys have broken legs and head injuries, Hug has a broken arm.

Bruce Troller, 17, of 6471 Beechnut Drive, Wayne and

Tamara Hug, sister of Shelly, were transported to Froedert Memorial Lutheran Hospital, Milwaukee. Troller is in satisfactory condition with a fractured pelvis and facial injuries. Tamara Hug was listed in serious condition with a broken leg and facial injuries.

None of the teenagers were wearing seat belts at the time of the accident.

BIG BROTHERS/SISTERS ORIENTATION MEETING

Big Brothers/Big Sisters of Washington County are holding an orientation and information meeting on Thursday, Jan. 29, at 129 A. South 7th St., West Bend, at 7:30 p.m.

All those who would like to volunteer to learn more about the program are welcome to attend.

Booster Club to Meet Feb. 28

The Kewaskum Indian Booster Club will meet on Wednesday, Feb. 28, at 7:30 p.m. in the high school cafeteria.

We will be making plans for the Lakeshore Symphonic Band Concert in Rose Hall on Feb. 15. Plus, we'll be working on our Booster Basketball Classic schedules for March 21.

Be a Booster! Be There!

Soil Conservation Technician 'Ike' Kumrow Retires

Ike was the pilot for taking aerial pictures of conservation practices for the annual Kewaskum and West Bend Kiwanis and Slinger Rotary outstanding conservation farmer programs.

Pictured is the Roger Neumann farm, located one mile west of Kewaskum on Hwy. H.

League of Women Voters Sponsoring Political Forum at West Bend

The League of Women Voters of Washington County invites you to attend their Political Forum on Tuesday, February 3, 1987, at the Kewaskum High School, 1510 Bilgo Lane, Kewaskum, at 7:00 p.m.

The Primary election will be held on Tuesday, February 17. Opposing each other for Kewaskum Village President will be Tom McElhatton and Paul Blumer; for Kewaskum Village Trustee - Mary Krueger, Richard Schlice, Charles Boegel, and Kenneth Bonlender; and for Kewaskum School Board, there will be Jean Goeden, Neal Weare, John Spoerl, Ruth Schmitt, Donald

Nowak, Ronald Beimborn, and Richard Schulteis.

Your written questions during the forum will present an exciting forum, and your individual concern may be addressed to the potential candidate after the forum over refreshments.

As always there is no charge for this program.

IN MEMORY

In loving memory of my dear husband, MYRON PERSCHBACHER, who passed away ten years ago, January 21, 1977:

Loving and kind in all his ways,
Upright and just to the end of his days,
Sincere and true in his heart and mind,
Beautiful memories he left behind.

Sadly missed by his wife Lazeda.

By Donald C. Kurer

It was Washington County's loss when Ivan Kumrow, better known as "Ike" by everyone that knows him, left the drawing board when he retired on January 3, 1987.

Born and raised on a dairy farm in Sheboygan County, it was a "natural" for accepting a position with the U.S. Soil Conservation Service back in August of 1965. Ike recalls the first day on the job as a soil conservation technician in the field when the farmer said "the reason why I got you guys out here is because you are experts." Ike's face turned red and he didn't say a word. But today, he is a soil conservation expert and has a lot of advice to offer. However, installing conservation practices weren't entirely new to him since he did design and construct two beautiful spring fed trout ponds on his property before working with SCS.

During his 23 year career, he has earned four special achievement awards for his outstanding quantity and

quality of work which resulted in conservation "on the land." Hundreds of Washington County farmers he worked with will attest to that. "Not a day went by that I did not look forward to coming to work," Ike said. "I enjoy working with people who are looking for help." Don Kurer, Ike's supervisor for 19 years, agrees. "Ike's helpful attitude toward the people who want help has been a positive force in getting conservation on the land. He was a great guy to work with."

In his years as a conservation technician, he estimates he has laid out over 4,000 acres of contour strip cropping 40,000 feet of diversions and terraces, over 200 acres of grass waterways, 200 fish and wildlife ponds and 285 miles of tile drainage. This tile laid end to end would almost reach from West Bend to St. Paul, Minnesota.

In 1983, Ike was nominated with Don Kurer for the USDA's

highest honor award, The Superior Service Group Award, for superior performance in providing leadership and technical guidance in developing a model erosion and sediment control ordinance, and the successful completion of the Big Cedar Lake Inland Lake Project.

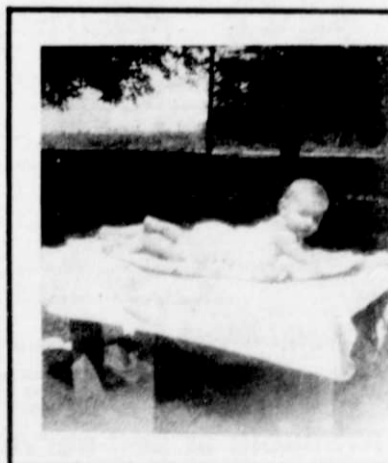

Ike and his wife Jan have been married for 34 years and have three daughters and four grandchildren. Ike is a member of the Aircraft Owners Association and president of the VIR Flying Corporation. With this interest in flying, it is no accident that he has been the pilot for taking the aerial pictures for the Kewaskum Kiwanis and Slinger Rotary outstanding farmer awards programs each year.

When he is not busy working at Ike's Repair Shoppe, Ike will be participating in parades as a member of the Milwaukee Civic Motorcycle Rider's Club.

Perkins - Amerling

Mr. and Mrs. Harold Perkins of Kewaskum, are happy to announce the engagement of their daughter, Tracy, to Scott Amerling, son of Mr. and Mrs. Allen Amerling, Kewaskum.

Tracy is a 1986 graduate of Kewaskum High School. She is currently employed as assistant manager at Shefond Self/Serve, Kewaskum.
Scott is a 1984 graduate of

Kewaskum High School. He is employed at Jack Walters, Allenton.

No wedding date has been set.

To Teach Guitar, Dulcimer at UWWC

A musician described as Wisconsin's "major link" to the folk music revival will teach beginning courses in guitar and dulcimer at the UW Center - Washington County, starting in February.

Fritz Schuler of Manitowoc said that by the end of the eight-week classes, the average person "should be able to have a lot of fun with the instruments. For example on the guitar, he said, a student will be able to do some finger-picking and strumming and 'have enough chords to provide a good solid accompaniment for 1,000 songs.'"

Since leaving elementary teaching in 1972 to open his Golden Ring Folklore Center, Schuler estimates he has taught more than 1,500 people how to play the guitar, dulcimer and banjo.

He feels his six years as a school teacher have been "very important" to his success. "A lot of people try to teach but don't have the logical teaching viewpoint that you get in a school situation," he said.

Tom Martin-Erickson of "Simply Folk" on Wisconsin Public Radio called Schuler the state's main link to folk music, adding: "His (total) contributions to folk music probably are more significant than any other single person (in Wisconsin)." Schuler believes the folk revival is still underway although "not as huge as the top-40, popularity wise."

Students in Schuler's classes are due for a bonus - some insights into American folklore. "I not only teach the instruments," he said, "but an appreciation of the history the instruments came from. And I like to talk about the people who wrote the songs. Songs do not exist in a vacuum." He has found that children are especially receptive to learning about the background of the music. "It opens up a door to history for them," he said.

Schuler has spent all of his life in Manitowoc except for six years in Kewaunee elementary

schools and his studies at UW Oshkosh. His interest in music began in junior high school. "A teacher turned me on to music, and I just never got away from it," he said.

When he finished high school, he used his graduation money to buy his first guitar. Ten years later he got a banjo. For the last five years he has played the dulcimer "seriously," he said.

Both the five-stringed banjo and dulcimer are native to the U.S., he said.

The dulcimer, he explained, is an hour-glass shaped instrument that is held on the lap. Forerunners of the instrument can be found in Germany, France and Norway. Dulcimer music, he said, is "very English-ballad" in nature and related to the fiddle-tune style.

Schuler has dozens of performances to his credit. He will play during a noon-hour program at UWWC on Feb. 18. During an interview he talked about some of his more memorable appearances including two that were real challenges.

One was a presentation on black music in some Illinois schools. "But they didn't tell me they were putting me in black schools," he said. "I felt like a French person brought in to teach English."

The other was an assignment to perform for children in a nuclear plant between the acts of a puppet show where a free petting zoo also competed for attention. "That was one of my worst jobs," he said, "but the pay was good."

Those bad experiences with children were the exception. Schuler has performed in many

schools, libraries, and museums and on educational radio and television. He has written articles and recorded music.

In the summer of 1981, he teamed up with eight midwest folk artists on the album "In Came That Rooster." Gary Peterson, writing in Madison's *Capitol Times*, said the album provides "an idea of what a children's album ought to be."

Schuler's courses begin Wednesday, Feb. 11, at UWWC and run for eight weeks each. Guitar is offered from 7 to 8:30 p.m.; dulcimer, from 8:30 to 10 p.m. For further information call Jack Anderson at 338-5233.

No musical experience is required for the course. Schuler provides personal reassurances for anyone who doubts their qualifications by listing his only early musical claim to fame. "My mother used to be a pretty good uke player," he laughed.

IN MEMORY

In loving memory of my husband, our father and grandfather, FRANK HERRIGES, who passed away six years ago, Jan. 20, 1981:

Loving memories never die As years roll on and days pass by.

Deep in our hearts memory is kept Of one we loved and will never forget.

Sadly missed by the family.

Schladweiler - Weyker

4-H NEWS

Friday, Jan. 23, 1987, Kewaskum Statesman, Page 7

Liz Schladweiler and Steve Weyker exchanged wedding vows during a 2 p.m. ceremony on December 5, at St. Michael's Catholic Church, St. Michaels. Father Ralph Wagner officiated. Music for the ceremony was provided by Mary Ann Bichler, organist, and Cathy Rassel, soloist. Parents of the couple are Mr. and Mrs. LeRoy Schladweiler, 8966

Wescott Rd., Kewaskum, Mrs. Clara Weyker, 3134 Hwy. K, Random Lake, and the late Lawrence Weyker.

The bride chose her sister, Sue Cotter, Random Lake, as her matron of honor. The bridesmaids were Judy Melius, Batavia, sister of the bride, Jane Ries, Lomira, sister of the bride, and Jane Stadler, Fredonia, sister of the groom. The miniature bridesmaids were Katie Schladweiler, niece of the bride, and Carla Schmit, niece of the groom.

Chuck Weyker, Random Lake, brother of the groom, served as best man. The groomsmen were Dave Weyker and Paul Weyker, both of Random Lake, brothers of the groom, and Gary Schladweiler, Kewaskum, brother of the bride.

Ushering duties were shared by Ron Weyker, Belgium, and Steve Cotter, Random Lake.

A reception and dance at the Hilltop in Batavia followed the ceremony.

The bride is a graduate of Kewaskum High School and is employed by Moebius. Her husband is a graduate of Random Lake High School and is employed by The Milwaukee Journal.

The newlyweds will spend their honeymoon on a Caribbean cruise in February and are now residing at N6081 Valley Hts. Rd., Fredonia.

KEWASKUM 4-H'ERS

The January 8th meeting of the Kewaskum 4-H'ers came to order at 7:30 p.m. at the Kewaskum Middle School. The 4-H pledge was led by Jenni Carron and the Pledge of Allegiance was led by Julie Yahr. The secretary's report was read by Michelle Etta. Beth Schaefer made a motion to accept it and Joanne Lemke seconded it.

The treasurer's report was read by Jean Holtz. Beth Schaefer made a motion to accept it and Michelle Schaub seconded it.

For old business Annie Mertz

reported on the Madison trip. We went to the State Capital and to the Governor's Mansion. We had fun.

For new business it was voted upon that when we go bowling Jan. 18 at Lighthouse Lanes the club will pay for two games of bowling for each member coming. Joanne Lemke made a motion to accept it and Pat Schmidt seconded it.

Diane Horlamus, Lori Horlamus and Jenni Carron did a demonstration on what they wear to the horse shows.

AT next month's meeting, we will be having foreign exchange students coming to our meeting and talking about their countries. Refreshments will be

furnished by the Robert Friedemann and William Butzlaff families.

The meeting was adjourned by Karie Reichert and Jenny Bauer.

Our next meeting will be Feb. 12. Hope to see you there!

Reporter, Michelle Schaub

Campus Notes

WINONA, Minn. — Delegates from 12 foreign countries, more than 150 American universities, a Winona State University professor and two WSU students will attend a Christian Science Monitor international conference on "Media and the Third World." It will take place in Boston on March 27-28.

Ajit Daniel, mass communication department instructor, was invited to attend and possibly lead a discussion group.

The conference stems from a Monitor videoconference, held last spring, which Winona State took part in.

Senior mass communication students Julie Larson and Paul Marszalek will accompany Daniel. All expenses are being paid for by the newspaper.

Larson is the daughter of Richard Larson, Kewaskum.

According to folklore, a ring worn on the forefinger is supposed to indicate a naughty person, on the long finger a dignified one, on the marriage finger an affectionate one, and on the little finger a masterful one.

IN MEMORY

In loving memory of our son, brother and brother-in-law, **WILBERT KUTZ**, who passed away one year ago, Jan. 26th, 1986:

Those we love go out of sight,
But never out of mind;
They are cherished in the hearts,
Of those they left behind.
The happy hours we once enjoyed,

How sweet the memory still;
But death has left a loneliness,
The world can never fill.

Sadly missed and loved by
Lorena Ramel and family.

Your
HEALTH TIP

from Tom
Leitzke, R.P.H.

EXERCISE vs DEPRESSION

A group of middle-aged men [age 40 to 60] who routinely jogged several miles at least 3 times a week displayed little evidence of mental depression, compared to a group of sedentary men, same age group "doing nothing more than walking the dog." [Purdue Univ. researchers]. "People should learn to exercise and take more responsibility for their health, instead of just waiting for their bodies - or minds - to break down, and then running for a doctor," say the researchers

Valley Equityline

A whole new way to borrow money.

Why is VALLEY EQUITYLINE Unique?

It's a checking account... it's a personal line of credit... and it gives you cash value to the equity in your home. All in one simple account. Only from Valley Bank.

Who should consider VALLEY EQUITYLINE?

Frankly, Valley Equityline isn't for everyone. It's specifically designed for homeowners who have built up equity.

What are the advantages of VALLEY EQUITYLINE?

Financial freedom... and convenience. Once you've established a Valley Equityline, you have ready access to a significant line of credit simply by writing a check.

Are there restrictions?

No. You can write a check for whatever you want... or need. From rec. vehicles to remodeling to college tuition. The decision is yours. But checks must be written in amounts of \$500.00 or more.

How do I establish a VALLEY EQUITYLINE?

Simply come into Valley Bank. Your credit line will be based on your home equity, credit record, and personal borrowing needs. Pending approval, you'll receive special checks that access your Valley Equityline funds.

What are the limits?

Whatever your home equity allows... even up to \$100,000. But the minimum line of credit is \$5,000.00.

How do I repay my credit in use?

Similar to other forms of credit, you pay monthly installments based on funds in use. The repayment plan is based on a minimum of \$100, or 2 percent of your outstanding balance (whichever is greater). And as you repay these funds, they revolve back to your line of credit.

What about interest rates...or fees?

The Annual Percentage Rates will be quoted based on market conditions. Administrative and closing fees will be similar to conventional equity loans.

What about....?

For the whole story about Valley Equityline, call Valley Bank.

Slippery Lanes Will Challenge Bowlers At Fond du Lac's Lakeside Winter Celebration

The popular indoor sport of bowling will be an entertaining outdoor spectacle at the Lakeside Winter Celebration at Fond du Lac Jan. 24 and 25.

Wisconsin Ice Bowl Challenge, as it is called, has grown in popularity every year at the Fond du Lac festival, and this year more than 300 bowlers are expected to participate, according to Gary Hilbert, who each year helps organize the event.

"I think people really enjoy it. It's one of the 'funnest' activities at the festival as far as participation goes," explained Hilbert, a former festival general chairman. "Everyone can play."

The rules and scoring for ice bowling are similar to those for its indoor counterpart - with a few important exceptions. Because of the wooden frame structure of the ice bowling

lanes, it is possible to make "bank shots" for strikes and spares. In other words, there are no gutter balls.

And of course, the lanes are glare ice, making the games even more entertaining as bowlers slip and slide while trying to toss the balls. During the weekend festival teams of four will be competing on six slick lanes and will roll only the seventh, eighth, ninth and tenth frames to shorten the matches.

As Hilbert jokingly points out, "The lanes will be blocked to guarantee higher scores." Plenty of bowling balls will be available for the competitors, although bowlers are also allowed to bring in their own "lucky" balls. The pins are reset by young volunteers - sometimes, Hilbert notes, they are young draftees.

Open tournament slots will be scheduled from 10 a.m. to after

3 p.m. both Saturday and Sunday, in addition to youth ice bowling sessions and the annual Celebrity Bowl.

The Celebrity Bowl, featuring several media representatives of the area, will be held on Saturday from 11 a.m. to noon. Youth segments are slated for Saturday and Sunday from 9 a.m. to 10 a.m.

An Ice Bowling Committee, headed by Jim Manthey, Terry Penning and Scott Amrhein, is coordinating the competition. Hilbert, who serves as a member of the Winter Celebration steering committee has taken on an advisory role.

Wisconsin Ice Bowl Challenge is being sponsored by Pepsi-Cola Bottling Company of Oshkosh, Inc. Teams will win \$1,200 in cash prizes through 20th place with \$250 offered for first place.

Ledgeview Lanes is providing "on lane" prizes: \$10 for a bowler rolling three strikes in a row; \$25 for 4 consecutive strikes; \$50 for 5 straight strikes; and \$100 for a perfect six-strike game. Any team that has the good fortune of sharing four strikes, all four bowlers rolling strikes in the same frame, will take home \$20.

Now in its fourth year at the Lakeside Winter Celebration, ice bowling continues to draw an enthusiastic crowd of participants and spectators. Hilbert, who has helped make the event an annual tradition, believes that ice bowling is well suited for the Lake Winnebago festival.

"Bowling is a pretty popular sport, and it's just a natural thing for this area. In the summer it's softball and in the winter, it's bowling," Hilbert pointed out. "On the ice, they just have a ball."

In addition to ice bowling, the celebration also features snowmobile events including racing, free demo rides and radar runs, ATV events, broomball, sno-volleyball, chili

Friday, Jan. 23, 1987, Kewaskum Statesman, Page 8

cookoff, sled dog weight pulls, free park hayrides, soccer on ice and cross country ski events.

For more information, contact, Lakeside Winter Celebration headquarters at 414-923-6555 and Fond du Lac Convention & Visitors Bureau at 414-923-3010 for visitor assistance.

Senior Citizens May Audit UWWC Courses Free

If you are 62 years of age or older, you can take a University of Wisconsin course free when spring classes begin Jan. 22 at the UW Center - Washington County.

Older students have an option of auditing a course at no-charge, provided space is available and with the consent of the instructor.

Auditing means that a course is taken for enrichment purposes rather than credit. Auditors usually take no exams and do not have their work evaluated by the instructor but often may do so if they choose.

Younger students may audit a course at half the current cost of \$52 per credit. Audited courses may be taken along with

for-credit courses but do not affect a student's grade-point average.

Last fall, 391 students audited courses at the 13 two-year UW centers including 16 at UWWC. Of these students, 152 were over age 62 or disabled including 7 at UWWC.

Special parking privileges are available at UWWC for students with disabilities that make walking difficult. An elevator in the main building provides access to all campus classrooms.

Audited courses do not count toward full-time status for veteran's or social security benefits.

Students who enroll on an audit basis can decide to take a course for credit during the first two weeks of a semester. Students who enroll for credit can change to an audit status until the tenth week of the semester.

A spring semester registration session will be held Jan. 20, from noon to 4 p.m. For further information call the UWWC Student Services office at 338-5201.

In 1908 a two-cent stamp was enough postage to mail a letter from the U.S. to Great Britain.

VOTING BY ABSENTEE BALLOT

Any qualified elector, unable to get to the polling place on election day for any reason, may ask to vote by absentee ballot. A qualified elector is a person who is a U.S. citizen, who will be 18 years of age or older on election day, who has resided in the ward or municipality where the person wishes to vote at least 10 days before the election. If the voter resides in a municipality which requires voter registration, then registration is also required for the voter to receive an absentee ballot.

To obtain an absentee ballot, the voter should contact the clerk of the city, village or town in which the voter resides. A written request must be made by the voter for the absentee ballot. If the voter contacts the clerk by telephone the clerk will send the application form to the voter. If the voter requests an absentee ballot by mail, a written request, signed by the voter which indicates that the voter resides within the municipality, will be honored. Written requests may be made beginning six months before the primary election. The deadline for receipt of the written request by mail is 5:00 p.m. on the Friday before the election. If the voter goes to the clerk's office to complete a written request, the request must be made no later than 5:00 p.m. on the day before the election.

If the absentee voter resides in a nursing home, the absentee ballot will be delivered to the nursing home by two special voting deputies appointed by the municipal clerk. The special voting deputies will present the absentee ballot to the voter and provide assistance in marking or punching the ballot if necessary. At the request of an absentee voter a relative may provide the assistance. After voting at the nursing home is completed, the special voting deputies will return the absentee ballot to the municipal clerk.

With one exception, the voter who wants to cast an absentee ballot, must make a separate written request before each election. If a voter is indefinitely confined to his or her home or a care facility because of illness, age, or disability, the voter need not make a request before each election. There is a special statement on the application which is provided by the municipal clerk which can be completed asking that an absentee ballot be automatically mailed to the voter before each election if he or she is indefinitely confined. If the indefinitely confined voter fails to vote and return the ballot sent to the voter, a separate written request for the next election must be made before the voter can obtain a ballot.

The municipal clerk will send the absentee ballot to the voter once the request is received and the ballots are prepared. Absentee ballots are available thirty (30) days before the fall elections and three weeks before a special or the spring elections. The municipal clerk keeps a public record of all individuals requesting an absentee ballot indicating when the ballot is requested, sent, and returned to the municipal clerk.

An absentee ballot can be voted at home any time after it is received in the mail. An absentee ballot can also be voted in the clerk's office if the voter appears in person and fills out the written request. The voter should make sure that the certificate-affidavit is properly completed and witnessed by two persons. The voter and the witnesses must sign the certificate on the absentee ballot carrier envelope. If the absentee elector receives assistance in marking the ballot, the person providing the assistance must sign the statement on the back of the ballot which provides that the person giving assistance marked the ballot as directed by the absentee voter. The municipal clerk will make sure that the certificate-affidavit is properly completed by the voter when the absentee ballot is voted in the clerk's office.

The completed absentee ballot must be in the possession of the issuing municipal clerk no later than the close of the polls on election day. Voted absentee ballots may be delivered in person to the municipal clerk. Any absentee ballot where the certificate-affidavit is not properly completed can not be counted.

UWWC Casting All-Woman Show

For the first time in his theater career, UWWC's Brad Ford will be casting an all-woman show. He said he finds that challenge "intriguing."

Ford's Jan. 22-23 casting call is for "Quilters," a musical set for production in late February and early March at the UW Center - Washington County. During tryouts, he will be looking for seven actresses to play a pioneer woman and her six daughters.

Ford, an assistant professor of communications arts at UWWC, admits he finds it "different to exclude men from a show," but does not find that unfair. "Historically," he said, "the greater percentage of stage roles are men's roles."

He views the all-woman cast as appropriate for a musical that focuses on the strength of the American woman and tells her story through the quilts she left behind. "This focus" he said, "provides a very interesting historical perspective for our audiences as well as the women acting in the show."

Molly Newman, who wrote the play, said many people have an unrealistic picture of frontier women as dance girls or prostitutes. She said she hopes to change that through "Quilters," which she finished after completing extensive research.

"These women traveled in unbelievably crude wagons," she said, "lived in dirt caves, bore 12 children and lived through hardships and odds we can't even imagine."

"These women lived in a world that was brown, dusty and dirty. But they made these colorful quilts. It was their way of expressing themselves. Out of that harsh environment had to come celebration of warmth and beauty."

"Quilters" takes place in 20 dramatic movements, each following a quilting pattern, Ford said. The quilts become part of the action on stage - billowing like water as a woman is baptized in a stream, turning into covered wagons as the hoop frames are raised overhead and serving in a variety of ways to highlight the changing action.

Ford said he believes American have an abundance of "documentation of the daring of the frontiersmen - people like Kit Carson or Buffalo Bill." But, he added, "there are very

few women whom we see in history books. The quilt is the history book documenting many of their struggles."

Tryouts run from 7 to 10 p.m. each evening in the Student Union. Women are needed who can sing, act and move well, Ford said. An ability to play musical instruments would be helpful.

For more information, call Ford at UWWC, 338-5200.

RIVERSIDE 4-H CLUB

On January 10th Leona Thull called the meeting to order at 2:11 p.m. The meeting was held at Randy and Michelle Thull's house. Then we heard the secretary's report by Randy Thull. It stood as read. There wasn't any old business. The new business discussed was the Music and Drama Festival; also a contest for the prize winning cover for the County Fair Book. The meeting was adjourned at 2:40 p.m.

Refreshments and social time was then enjoyed.

The February meeting will be held at Shelly Wenninger's home.

Reporter, Lynn Thull

Bread will retain its original quality for two to three months if left in the wrapper and stored in the home freezer.

... about your Social Security

By David Becker, Social Security Branch Manager in West Bend

Medicare Medical Insurance Enrollment Period Runs to March 31

The general enrollment period for the medical insurance part of Medicare runs from now through the end of March. During these three months, people who passed up the chance for this protection or who had it and dropped out can again enroll. Protection for people who sign up during the general enrollment period will start next July 1.

The Federal Government pays about three-fourths of the premium costs from Federal general revenues. Enrollees pay the rest.

Medical insurance complements the hospital insurance part of Medicare. Hospital insurance helps pay for medically necessary inpatient hospital care and certain follow-up in a skilled nursing facility or at home.

Medical insurance helps pay for doctor's services no matter where they are received in the U.S., including surgical services, diagnostic tests and X-rays that are part of the treatment, medical supplies furnished in the doctor's office, services of the office nurse, and drugs that are given as part of the treatment and which cannot be self-administered.

Medical insurance also covers

outpatient hospital services received for diagnosis and treatment and other services and supplies not covered by hospital insurance.

Medical insurance pays for 80 percent of the approved costs or changes for covered services and supplies after the patient has met the \$75 annual deductible.

More information about Medicare medical insurance can be obtained at any Social Security office or by calling 1-800-242-9946.

KM Audubon Society Featuring Slide Program

"A Visit to the Hawaiian Islands," a slide program accompanied by Hawaiian music and Hawaiian refreshments, will be presented by Karen Wolf and Bernice Popelka at the Kettle Moraine Audubon Society meeting on Tuesday, January 27, at 7:30 p.m. Topics that will be covered will include volcanology, birding, plants, ecology, history and culture.

The program will be held at the Friess Lake School on the east side of Highway J just north of Highway 167 in Hubertus. It is open to the public and free of charge.

For more information, please contact Jean Palm at 414-334-3956.

25 Years Ago

January 19, 1962

On January 24 something excitingly different will take place right here in Kewaskum ... the doors will swing open on a new concept of food merchandising. That day will mark the opening of Washington County's finest "one stop shopping" center at the new, large, ultra-modern Marx IGA Foodliner at 140 Main Street. The new Foodliner covers 6,000 square feet, a very large store for a town the size of Kewaskum. It is surrounded on three sides by a large paved parking area with room for 65 cars. This superb modern food facility has all of the features of a brand new supermarket. The store will be operated by the owners, Mr. and Mrs. Harold Marx and other members of the Marx family, who have 50 successive years of food retailing in Kewaskum.

A grand opening will be held January 24 to 27 at the H.J. Lay Lumber Company's attractive new store and office building, lumber yard and storage sheds, located at the rear of the Bank of Kewaskum building on Main Street. The opening will be held on the same days and evenings as the new Marx IGA Foodliner next door. The new lumber company store, which faces east, is 76 feet long and 60 feet wide. The store is surrounded on three sides by a horseshoe or U-shaped lumber yard containing 472 linear feet of storage sheds. The lumber yard has been operating in Kewaskum for 86 years. It was purchased 88 years ago by H. J. Lay, who operated it until his death in 1906. Otto E. Lay then conducted the business until his death in January of 1940. Since then the lumber yards have been operated by his son, Henry J. Lay.

The Kiwanis Club of Kewaskum held their regular meeting at the Republican Hotel. New officers of the local club were installed. They are: President, Walter Wesenberg; immediate past president, Ernest Mitchell; vice-president, Orval Behnke; secretary, John Stellpflug; treasurer, John Battaglia; directors, Ed "Pat" Miller, L.N. Peterson and Burns Nelthorpe.

John E. Kleineschay, 77, Kewaskum, a retired dairyman, passed away on January 17 at his home.

Joseph F. Sukawaty, 84, died at his home in Kewaskum on January 19.

A daughter was born to Mr.

and Mrs. Wyman Gessner, Route 2, Kewaskum, on January 15. A daughter was also born to Mr. and Mrs. Ronald Schultz, Kewaskum, on January 16.

50 Years Ago

January 22, 1937

Moon Lake in the Town of Auburn, located several miles northeast of this village, is to have its name changed to Mauthe Lake, in honor of William Mauthe of Fond du Lac, pioneer in the field of conservation throughout Wisconsin, according to action taken by the Fond du Lac county board of supervisors last week at the suggestion of the state geographic board. Mr. Mauthe, who is now vacationing in Texas, was the first chairman of the state conservation commission. H. W. MacKenzie, present director of the state conservation commission and secretary of the state geographic board, recommended the change in name as an "appropriate, enduring memorial" to Mr. Mauthe to commemorate the great service which he has given the conservation cause in Wisconsin. It was desired by the commission to make an enduring memorial while Mr. Mauthe is still living, and as Moon Lake is located in Mr. Mauthe's home territory, its name was chosen to be dedicated to him. The lake is completely surrounded by the newly state-acquired Kettle Moraine forest, formerly a refuge operated by the Milwaukee Izaak Walton League.

A big modern dance will be held by Al Naumann at the Kewaskum Opera House on January 31st, featuring a local orchestra leader, Earl Etta and His Music of Distinction, a popular 11 piece organization. Admission will be 25c per person with lunch and refreshments served.

The engagement of Miss Loretta Huiras, daughter of Mr. and Mrs. Peter Huiras of Random Lake, to Melvin Reilly, son of Jos. Reilly of Boltonville, has been announced. Mr. Reilly is engaged as a school instructor.

A marriage of much interest to residents of this village was performed at Rockford, Illinois, on January 11, when a Kewaskum young man, Franklin Kohn, a son of Mr. and Mrs. Matt Kohn, was joined in wedlock with Miss Myrtle Hodge, daughter of Mr. and Mrs. Richard Hodge of

Campbelsport.

The slot machines and pinball machines which were allowed to be operated freely in all parts of Washington County, have been halted upon order of Dist. Attorney Meister and Sheriff Burg, perhaps permanently.

Good conduct leaders in the primary room in the grade school for the last six weeks are: Audrey Bruessel, Richard Edwards, Betty Ann Rose, August Bilgo, Bernice Kober, Ruth Manthei, Ray Keller, Lizzie Lubitz, Arthur Marquardt and Gerhard Kaniess.

75 Years Ago

January 27, 1912

Last Sunday afternoon while playing with a double barrel 12 gauge shotgun near the house of F.W. Ramthun, east of this village, Alfred, the sixteen year old son of Mr. and Mrs. F. W. Ramthun, accidentally shot his cousin Herbert, the sixteen year old son of Mr. and Mrs. August Ramthun. Both boys were playing with the shotgun and frequently loaded the gun, took out the shells and passed it to one another. Finally while Herbert was going to go in the house, his cousin, Alfred, picked up the gun, not aware that it was loaded, and in some manner was discharged. Part of the charge entered the boy's both legs. Medical aid was at once summoned. The unfortunate lad at the present is doing very nicely.

"The Prince of Liars," a farce comedy in three acts, will be given by Kewaskum Home Talent under the direction of Floyd Covell, will be held at Groeschel's Opera House in Kewaskum on January 28. The cast of characters includes Arthur Schaefer, Fred Buss, Franklin Backus, Alvin Gottsleben, Mrs. Covell, Francis Ockenfels, Edna Guth, Floyd Covell and Wootsy as the kid.

The young ladies of this village have organized two bowling teams, which are as follows: Holy Jiggers - Mabel Klug, Mabel Koerble, Adelaide Schaefer, Mayme Rimmel, and Mathilda Mayer; Holy Jumpers - Elsie Eberle, Rose McLaughlin, Nellie McCullough, Lorena Rimmel and Leona Backhaus.

Geo. Kippenhan, who is district agent for the Ford Automobiles, while in Milwaukee last week purchased a steam vulcanizer, which cost him \$250. Mr. Kippenhan states that he will attend a

vulcanizing school in the near future to learn all about vulcanizing and upon his return will be really to do all kinds of that class of work.

The Village Board, at a special meeting last Thursday evening purchased 500 feet of new hose, a new nozzle and a "Y."

The West Bend Roller Mills was totally destroyed by fire last Friday evening. The total loss is estimated at \$25,000 with \$17,000 insurance. This is the second fire West Bend has had in that neighborhood within the past few weeks. The fighting of the fire was very disagreeable for the thermometer registered 10 below zero at the time. Whether or not the mill will be rebuilt has not been learned.

Last Monday the books, money and vouchers of the Citizens State Bank were transferred to the new bank building of the Bank of Kewaskum, as the directors of the aforementioned banks have decided to consolidate and run one institution under the name of the Bank of Kewaskum.

Miss Meta Faber and John Jung, both popular young people of Wayne were united in the holy bonds of matrimony in the parsonage of the Reformed Church on January 23.

Miss Ida Weber, age 14 years, died on January 17. She had been ill for a few days with appendicitis. She was the daughter of Mr. and Mrs. Gustav Weber of Beechwood.

Obituaries

LESTER STEVENS

Lester John Stevens, 80, of 231 Mill St., Campbelsport, died Thursday, Jan. 15, 1987, at St. Agnes Hospital.

He was born Dec. 27, 1906, in Manawa, a son of John and Francis Desharm Stevens. On Feb. 8, 1946, he married Eileen Priest in Appleton.

For many years he was a farmer in the Lomira area. Prior to retiring, he was employed as a farm building salesman. He was a past member of the Lomira Lions Club, a member of Trinity United Methodist Church, Lomira, and a member of the Campbelsport and

Beechwood Senior Citizens.

He is survived by his wife; one son, Duane of Sheboygan; three grandchildren; and one brother, John of Green Bay. Preceding him in death were two sisters and two brothers.

Funeral services were held Monday at 10 a.m. at Trinity United Methodist Church, Lomira. The Rev. Roger Clapp officiated. Entombment followed at Shrine of Rest Mausoleum, Fond du Lac.

Friends called Sunday from 5 to 9 p.m. at Kietzer Funeral Home, and Monday at the church from 9:30 a.m. to the hour of service.

HEIDI THEISEN

Heidi L. Theisen, 16, of Route 1, St. Cloud, died Saturday, Jan. 17, 1987, following a traffic accident.

Miss Theisen was born Jan. 27, 1970, in Fond du Lac, a daughter to Joseph and Sharon Lahner Theisen.

She was a graduate of Our Lady of Angels Grade School and was currently a junior at Campbelsport High School. She was a member of FFA, and the Catholic Youth Organization at Our Lady of Angels Church, Armstrong.

Survivors include her father and stepmother, Cheryl, of St. Cloud; her mother of Del Rio, Tex.; two brothers, Chad and Kyle of St. Cloud; one sister, Danielle, also of St. Cloud; and paternal grandparents, Mr. and Mrs. Henry Theisen of Eden.

Funeral services were held Thursday at 10:15 a.m. at Twohig Funeral Home, Campbelsport, and at 11 a.m. at Our Lady of Angels Church, Armstrong. The Rev. Michael Shea officiated.

Friends called Wednesday from 4 to 9 p.m. at the funeral home.

Memorials may be directed to Our Lady of Angels School, Armstrong.

NEWS EXTRA

BE SAFE ON THE ICE

With the mild weather so far this winter, ice in many areas of Wisconsin is not safe for travel, and ice anglers, snowmobilers and others should exercise caution before proceeding out onto ice-covered lakes and streams.

Breaking through ice and plunging into cold water is a life-threatening situation, and Don Bush, Fish Manager at the department of Natural Resources Neville Station in Rock County offers some safety tips, especially for ice anglers.

1. Remember, without proper clothing, your body will give up heat ten times faster in water than it does in air. Most people who fall through ice die from hypothermia, the body's loss of heat, rather than drowning. During early stages of hypothermia, the body will try to protect the internal organs by shutting down the supply of blood to the body's extremities, making it difficult for victims to rescue themselves.
2. Hypothermia can still be a factor even if you don't break through the ice, if you stay out in cold temperatures long enough without proper clothing. The most dangerous situation would be getting lost on the ice in fog, heavy snowfall or after dark. Always carry a compass. There are several models that clip to your collar, or can be carried in a pocket. A friend of mine who fishes Lake Michigan frequently keeps one in his tackle box. Take a reading before going onto the ice, and if fog, darkness or a storm should set in, take a reading on the path you will have to take to get back to shore.
3. Alcoholic beverages and smoking increase the blood supply to the surface of the body, and may cause you to lose your ability to keep warm. Hot coffee, cocoa or soup are better for helping you stay comfortable.
4. Some equipment that is easy to carry along and may make your trip easier are the small charcoal fired pocket hand warmers. Also a stocking-cap-type ski mask will fit snugly into a pocket and can make the trip back into a cold wind more pleasant.
5. Most everyone who ice fishes carries a plastic bucket to sit on and carry their fish in. Stuff a boat cushion into the bucket...it's definitely more comfortable to sit on or kneel on, and you will have it available as a flotation device if needed. Another item that will fit in the plastic bucket is a floaty foot length of light nylon rope with a large loop at each end. It could be thrown to another angler if you fall through the ice, or could be used by you to help another angler who has fallen through the ice. (Some anglers also carry a couple of old screw drivers for use to claw their way back onto the ice should they fall through).
6. People often ask how much ice is safer than old ice, but when there are still open areas subject to erosion from river currents or wave action, there is no "safe" ice. Ice that is "black," honeycombed or rotten is never safe no matter how thick it is. Generally ice that is four inches thick is safe for walking, and six inches is enough to hold up a snowmobile or all terrain vehicle. Some people say there is no ice that is safe to drive on, and I won't argue with that. It is simply a risky practice and your auto insurance policy may not cover losses sustained while driving on lake ice.
7. If you do drive on the ice, don't follow closely behind another car and when parking, distribute the weight by keeping cars up to 300 feet away from one another. If you plan to fish from your car, don't trust your life to it. If your car should get stuck, run out of gas, or fail to start, have warm clothing and blankets available or be prepared to walk to shore.
8. Be aware of the dangers of carbon monoxide poisoning. Whether you are fishing in a tent or shanty, make sure that all heaters are properly ventilated. If fishing from a vehicle, be sure that exhaust system is in good condition and keep a window open. Carbon monoxide poisoning can occur with very little warning, but one should be suspicious if feeling fatigue, nauseated or experiencing headaches.
9. If you should fall through the ice, don't panic. In many cases, your clothing will float you for enough time to get back up on the ice. Also, many areas of some lakes are shallow enough that you can stand on the bottom while awaiting help. Yell for help, even if you think you can get yourself back onto the ice. Once your clothes are weighted down with water, it may be difficult to get out by yourself, and you may also need help getting back to shore to get warm and dry.
10. In getting out of a hole you've broken through, distribute your weight over as wide an area as possible. It may be easiest to get your chest area onto one side of the hole and lift yourself onto the surface of the ice with your feet on the other side. Once back on the ice, roll away from the hole as far as you can. If your car starts to break through the ice, remember most of the time a car will sink slowly enough for the occupants to shut off the engine and get out without getting wet. Once out of the car, shut away from the hole as quickly as possible. Vehicles will sink engine end first. Always keep a window open or a door ajar to aid in your escape should you have to ride your vehicle to the bottom of the lake.
11. In rescuing another person, always yell for help. Even though you may not see anyone else, there may be people in shanties or on shore who can see you, and remember, voices carry a long way over the ice. When you attempt an ice rescue, you are putting yourself into a high risk situation. Notifying someone else may improve your chances for survival should you fall into the water also.

Ice fishing is a rewarding outdoor activity and just a little care and preparation in advance can make the experience a truly enjoyable one. Don't let a lack of preparation or a careless act turn your outing into a tragedy.

PRAYERS THROUGH APPLICATION TO THE HOLY SPIRIT.

Holy Spirit, You who solve all problems, light all roads so that I can attain my goals. You who give me the divine gift to forgive and forget all evils against me and that in all instances of my life. You are with me. I want in this short prayer to thank You for all things as You confirm once again that I never want to be separated from You even and in spite of all material illusions. I wish to thank You in eternal glory. Thank You for Your mercy toward me and mine. The person must say this prayer for 3 consecutive days. After 3 days the favor requested will be granted. Even if it may appear difficult. This prayer must be published immediately after the favor is granted.

Letters to the Editor

To the Public of Kewaskum,

Members of the GFWC Kewaskum Junior Woman's Club would like to thank you for your continued support and encouragement of our club over the past twenty years. From its inception, the club has been dedicated to public service and volunteer efforts in Kewaskum, Wisconsin, and all over the world. Without your support, however, our projects and money-makers would not have been successes. We are proud of the General Federation of Women's Clubs, the largest non-denominational volunteer women's service organization in the world. We are proud of the projects and contributions we have completed, and look forward with renewed enthusiasm to the next twenty years, but owe a big THANKS TO YOU, KEWASKUM!!

Juniors, Past and Present

.....

Dear Editor:

On behalf of my fellow members of the G.F.W.C. Kewaskum Woman's Club, I wish to extend our congratulations to the G.F.W.C. Kewaskum Junior Woman's Club for twenty years of dedicated service to our community. The Kewaskum Junior Woman's Club has contributed in so very many ways to making Kewaskum an even better place to live.

Thank you to all "juniors," past and present, for the many hours you have all so willingly donated. We wish you continued success in the many years ahead.

Sincerely,
Ruth A. Schmitt,
President

.....

To the Editor:

I was very pleased to see the large number of people at the special meeting of our school district Monday evening. It definitely shows that our district residents are concerned about the education of the children. I was also glad to see that the majority of the electorate (eighty percent) shares my feelings on the value of ALL the schools in our district.

Sincerely,
John H. Spoerl

.....

To the Editor:

I attended the Special Meeting of the Kewaskum School District that was held on Monday night of this week. I was surprised at how unorganized this meeting was set up. As controversial as the Beechwood School issue has been over the years, they should have been prepared for even greater than the amount of people that did attend. As Perry Ankersen, board member and chairperson for the Beechwood School Disposition Committee, was passing out ballots, he was asked why we were not in the gym or the multi-purpose room like we are for the annual meeting and his comment was "we weren't expecting this many people."

As the meeting started a question was asked from the audience about sign in sheets. We were told that one sheet was started on the left hand side of

the room and would travel through the crowd, but that we really don't need to sign in. If that's the case then why must we sign in at the annual meeting. At the annual meetings the sign in sheets are laid on tables as you sign in before you enter the room. If, as Mr. Spector - school district lawyer - stated, this Special Meeting is run the same as the annual meeting, why were there not enough sign in sheets available. There were at least 20 people that signed in after the meeting was adjourned and that should not have happened.

Why could we have not moved this meeting to one of the two gyms or the multi purpose room, these would have accommodated the 280 people that attended. It would have only taken a few minutes to do this. There were at least 50 people either sitting in the hall to the side of the cafeteria or standing in the back of the room. What an insult to those taxpayers, some of whom have never attended board meetings before, to not be able to see or hear what was going on at the front of the room. Must Roger Wingelaar, managing editor of the West Bend News write another article and title it "How To Treat Your Bosses?"

As you may know the vote was 224 to keep the Beechwood School for 5 years and 56 to sell it. Being the mathematical genius that I am - that is exactly 4 times more people wanting it to be kept than wanting it sold.

Earlier in the meeting Mr. Spector informed the crowd that just because the motion stated to keep the school for 5 years doesn't mean that it would stay that way. The law allows the school board to have an annual meeting and two special meetings a year. We've had our annual meeting and one special meeting already. I would hope that we would not have to attend another special meeting on this issue. Clearly last night's vote should tell the school board and administration how the people of the district feel on this subject. I'm sure some will say that there weren't a lot of people there considering the size of the Kewaskum School District and my answer to those people is that the people that were really concerned on this issue were there to have their say by voting.

And last, but certainly not least, I wish to thank Mr. Meyer, the elected chairperson for that night, for a well run meeting and also to Mr. Melvin Moths for a well written and well presented motion to keep Beechwood School for 5 years.

Sincerely,
Sue Buechel

.....

To All Kewaskum School District Residents, And In Response to Mrs. Schmitt's Letter:

In your Jan. 15th letter in this paper you responded to Mrs. Goeden's letter. Mrs. Goeden wished that the CAMPAIGN would be positive, upbeat and progressive. Not as you interpreted it.

It only takes common sense to realize that if an issue or item is looked into as far as price comparing, longevity, warranty, etc., the person/administrator/business manager/or the chairman of the

committee (such as Ron Theusch) is asked what is their recommendation, I would hope that the board would rely on the expertise on an issue before making a decision.

Here in the village, board members ask Dan Schmidt, Administrator, what he would recommend because he had checked on various items. This is his job and they have to rely on him - just as the school board members must rely on administrators. That's what they get paid for!

Yes, I think the board should ask questions about an issue or item and vote accordingly. However, I don't think they should question the credibility of the answers.

We need other young parents who will have children attending our Kewaskum schools to take an interest NOW in the educational system. What our system does now will reflect on our children's future education.

Young Mother of the Village

.....

Letter to the Kewaskum Statesman, to Ruth Schmitt:

Ruth:

Take a look at Mrs. Jean Goeden's letter again. She didn't say anything about the school or it's educational programs.....She was writing about the campaign.

You are apparently trying to down-grade and denounce the (her) positive campaign with negative and misinterpreted statements.

Maybe you should go to Interpretational Reading Classes instead of the Knitting Classes.

A reader of this column

Editor:

Subsidize anything and you get more of it. Subsidies give birth to surpluses. And the surpluses create more problems. Farm surpluses such as milk, corn, and wheat are not the worst cases of market interference. Welfare for some favored group - such as college students, while not as visible as food giveaways or food stamps, is silently doing harm to our economy.

Let's focus on college student subsidies. First, Wisconsin students attending our University of Wisconsin campuses pay

only about one-fourth of the cost of operating the system. Taxpayers pick up the seventy-five percent or more balance. Student loans are another class of subsidies - with many of them never repaid.

Common sense tells me that these encouragements to attend college are going to produce an over-supply of graduates who will have difficulty in finding suitable employment, or they will be forced to accept jobs for which they are over-qualified. Some will be forced to invent problems to be solved - such as government bureaucrats do. And surplus lawyers will find more fault-ridden "deep-pockets" to sue, by demanding perfection in everything.

Following these ideas to their logical conclusion, I say: **SUBSIDIES DO NOT SOLVE PROBLEMS - THEY CREATE MORE OF THEM.** If you, my fellow Wisconsinites, want taxes cut, the high cost of liability insurance reduced, or a better business and employment climate, the solution is to **PRIVATIZE, NOT SUBSIDIZE.** Let the market determine prices, not politicians and police. More user fees means lower taxes and fairness.

Frank J. Meinen

.....

Letter to the Editor

Flesh Peddling
[Pandering our youth]

The recent suggestion by government officials to pass out contraceptives to teenagers as a means of preventing unwanted pregnancies turns my stomach. From a social standpoint, it's akin to cutting off your nose to spite your face. When the unthinkable becomes thinkable,

we better start doing some self-examination. An immoral response to immorality is, and always has been social suicide.

With the divorce rate at 45%, the advocates of this sort of tripe are witlessly shooting for 100%, and rampaging fornication, not to mention a soaring illicit birth rate, because most kids would sooner or later decide not to use them. Good homes and families are breaking up because of loose moral behavior of responsible parents, but a child born out of wedlock is instant trouble for a great number of people, not to mention the unwanted or unaffordable child. Let's tell these kids **right now**, that human beings are not animals, and let's do everything we can to educate, and discourage them from trying to satisfy youthful sexual desires simply because they experience them. If parents of problem teens would prevent their kids from watching every sordid and lascivious television program that comes along, we wouldn't have half the problem with our youth that we have today.

Passing out contraceptives to teens is giving them a passport to lifelong misery. With over two million children missing from their homes in America today, nobody needs to encourage child prostitution. Let's stop giving this kind of stupidity respectability. Our job as responsible citizens is to prevent abortions, child abuse and human suffering; not encourage it. Fornication is a sin, and if people aren't aware of it, they better wake up! Sin destroys lives.

Signed:
CHRISTIAN CONSCIENCE

OFFICIAL NOTICE AGENDA

NOTICE TO ALL WASHINGTON COUNTY DOG OWNERS

Pursuant to Section 174.052, Wisconsin Statutes, notice is hereby given to all owners of dogs in Washington County that dog licenses and rabies vaccinations are required.

Vaccination by a licensed veterinarian against rabies is required of all dogs (Section 95.21(2)) within 30 days after the dog reaches 4 months of age and revaccinated within one year after the initial vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian when the certificate expires or within three (3) years of previous vaccination. The certificate of rabies vaccination must be presented to the collecting official before a dog license may be issued.

All dogs five (5) months of age or older require a license. The minimum license fee for neutered males or spayed females is \$2.00, upon presentation of evidence attesting to the same, and \$5.00 for the unneutered male or unsplayed female dog or one-half of these amounts if the dog became five (5) months of age after July 1 of the license year. The governing body of any town, village or city may raise the minimum dog license tax. Any person who keeps or operates a kennel may apply for a kennel license. The fee is \$30.00 for twelve (12) dogs or less and an additional \$3.00 for each dog in excess of twelve (12).

Dog licenses can be obtained from your local town, village or city treasurer or designee during the course of any given year. Dog owners should notify their treasurer if their dog is given away or has died, so that you will not be considered delinquent. An affidavit of death is available.

PENALTY
 Every owner of a dog 5 months of age or older who fails to obtain a license by April 1 will be assessed a late fee of \$5.00

Albinger Sparks Kewaskum to Rout of Port

By Bob Pick II

Steve Albinger scored 45 points and the Kewaskum Lakes Basketball team took command with a 21-7 spurt in the second quarter and routed the visiting Port Washington team, 157-133, in a Land O' Lakes game Sunday night.

Albinger made 20 of 29 shots from the field and also added 9 assists, 5 steals and 10 rebounds.

Leon Laatsch added 38, with 13 coming in the third quarter, and Tim Wagner accounted for 27.

The 157 points scored by Kewaskum was the most points they have registered in a game since March 25, 1984 in which they gave Mayville a 161 to 115 working over.

Tim Greisch scored 38 and Dave Ross added 27 to lead Port. It was the 5th consecutive defeat for the Lakers. Furthermore, Port Washington is the only team remaining without at least one victory.

Kewaskum's next outing will be at home against Menomonee Falls Hebbing Hotel. The game will be played at 1:00 p.m. in the Kewaskum High School Gym so it won't conflict with Super Bowl XXI.

Kewaskum — Laatsch 17-4-6; Albinger 20-5-4; Wagner 13-1-4; Backhaus 12-1-4; Gonwa 9-2-2; Thomas 1-0-1. Totals 72-13-21.

Port Washington — Mueller 3-0-3; Murphy 10-3-2; T. Greisch 17-4-2; Kitt 10-2-2; Ross 10-7-4; B. Greisch 7-3-2; Ziebell 0-0-4. Totals 57-19-19.

Wisconsin Hunter Education Course To Start Feb. 18

Make hunter education a family affair. Ken Stuart, Bill Prost and Rick Heisler, Wisconsin DNR Certified Hunter Safety Instructors, invite all people interested in hunting and recreational shooting to enroll in a Wisconsin Hunter Education Course.

The course will be held each Wednesday, starting February 18, at 6:30 p.m. at the sportsmen's clubhouse in Elmore, and is sponsored by the Campbellsport Sportsmen's Club, assisted by DNR warden Doug Bilgo and Jeff Lindsley.

Students must be 11 years old to enroll (or reach 12 prior to fall hunting season). There is no maximum age and parents are also encouraged to enroll and participate.

Advance registrations are requested. Please contact Ken Stuart at 533-8470, Bill Prost at 626-4686 or Rick Heisler at 533-4955 for details. The course fee is \$5.00 and covers all necessary materials. Students must be accompanied by one parent the first night of the course.

Persons successfully completing the course will receive a distinctive embroidered emblem and a hunter safety graduate certificate. The certificate is valid in lieu of a small game hunting license for one season, and is a lifetime certificate required for hunting in many states and provinces. Young students certified will also be able to hunt and use firearms without a parent or guardian present at age 14 instead of age 16.

Classes will cover responsibilities of hunters, firearms safety in the home and afield, knowledge of firearms and hunting equipment, wildlife identification and management, marksmanship and outdoor skills.

Dr. Anthony Schlaefel of Campbellsport will conduct hunter vision screening tests for all students as a public service.

Kewaskum Finishes with Good Results in 2 of 3 Ski Races

Kewaskum opened up its ski racing schedule with a second place finish, but fell to a fifth place the next week. This week Kewaskum finished with an impressive first place.

The race of Jan. 7 was a six team meet with Marquette first with a time of 179.29; Kewaskum second, 184.78; West Bend third, 189.49; Fond du Lac Red fourth, 195.46; Fond du Lac Blue fifth, 198.10, and Waukesha South sixth with a time of 207.69.

The winner overall of the race was Shawn Sutton with a time of 42.46. Kewaskum's top finishers were Jess Mueller with a second place, 43.8; Sonny Sison seventh, 46.16; Adam Miklas ninth, 47.17, and Eric Pearson tenth, 47.6.

In the race of Jan. 14, a five team meet, Kewaskum finished fifth. Kewaskum had a third place wrapped up but two of their four top races failed to finish the course. Winner of the race was Jim Young and Kewaskum's top finisher was Jess Mueller, taking fourth.

This past week Kewaskum had taken a first place by a winning margin of only 1.65 seconds. Second place went to Fond du Lac Red with a time of 246.37; Puis third, 267.46; Hartland Arrowhead fourth, 321.04, and St. John's failed to qualify enough racers.

The overall winner of the

race was Adam Finger of Hartland Arrowhead with a time of 50.56. Jess Mueller finished .98 seconds off the pace to take second place with a time of 51.54. Other Kewaskum finishers were Eric Pearson fifth place, 59.23; Adam Miklas eighth place, 62.32, and Jim Piwowarczk, who had a solid run to clinch the win for Kewaskum.

Hon-E-Kor Men's League to Meet

The annual meeting of the Hon-E-Kor Tuesday Nite Men's League will be held at 2 p.m. on Sunday, February 15, at Hon-E-Kor Country Club, Kewaskum.

Kettle Riders Elect Officers

The New Fane Kettle Riders Snowmobile Club held its annual meeting Sunday, January 18th.

Officers for 1987 were elected. Kevin Thull will serve as president, Dennis Seideman vice-president, Lois Thull secretary and Sharon Krell, treasurer.

Leroy Peterson was re-elected to a three-year directorship. Directors Paul Marquardt and Glen Mueller make up the balance of the club's board.

Glen Mueller informed his club that the Fond du Lac County Snowmobile Association had elected him to the post of Association of Wisconsin Snowmobile Clubs Director of Fond du Lac County. Mueller will serve a two-year term in that position. He will also serve as club representative to Fond du Lac County Association.

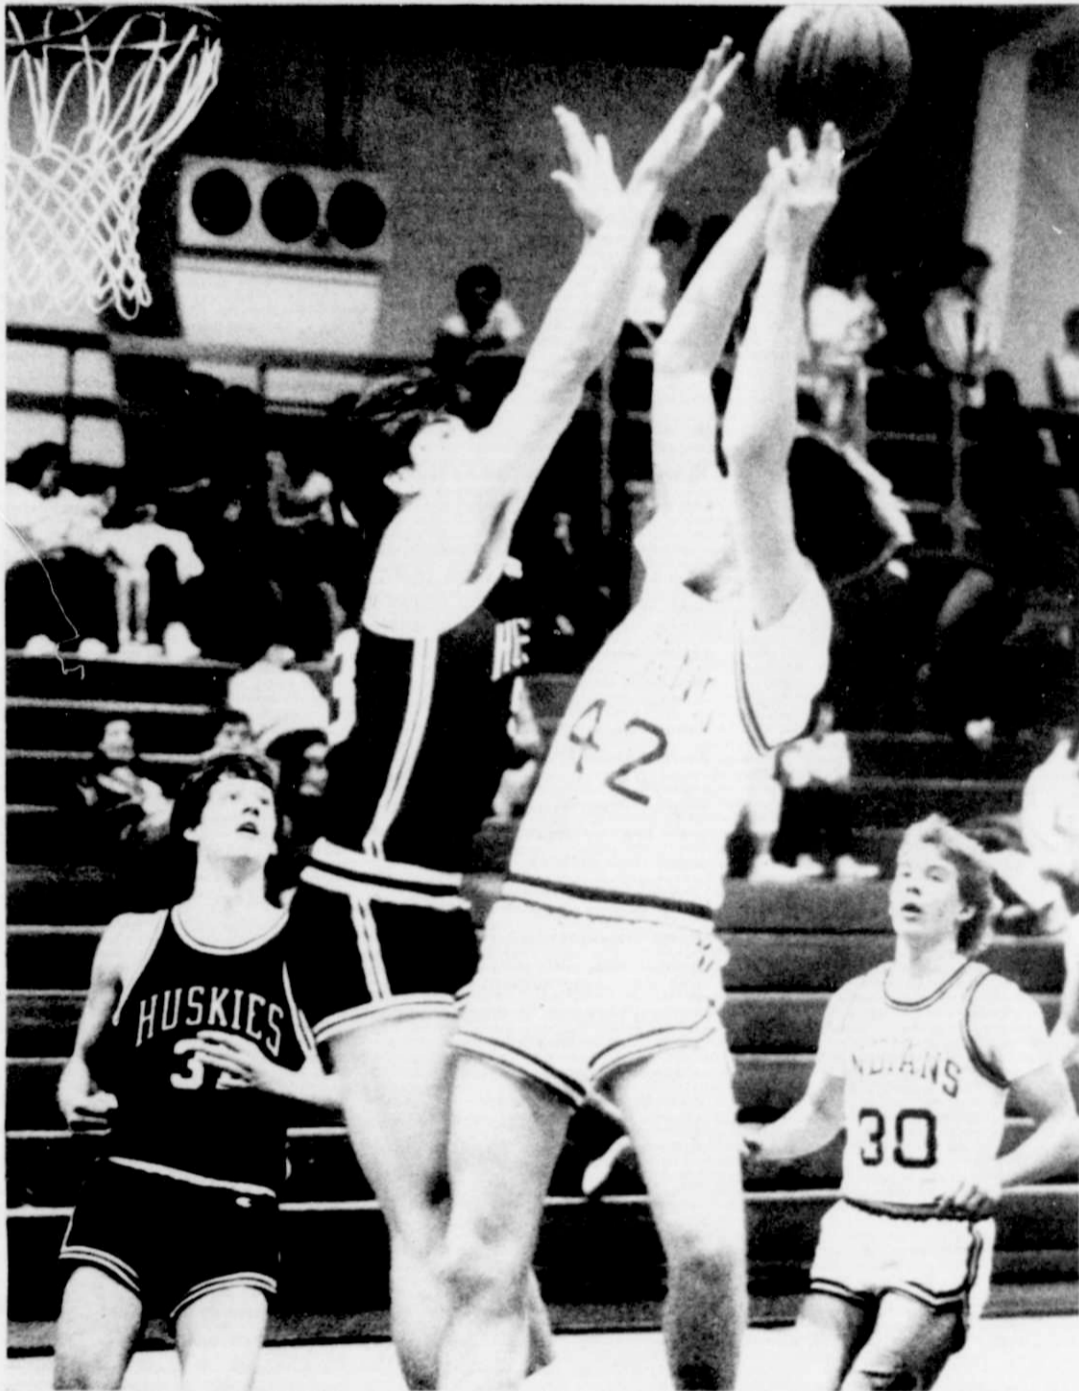

George Lendved was appointed club representative to the Northern Kettle Moraine Snowmobile Association, Dennis Seideman will serve as alternate.

The Kettle Riders would like to thank outgoing officers Gene Bohn and Mark Martin for their service to club as secretary and treasurer respectively.

Marilyn Bohn will serve as the Club's Sunshine Lady, Lora Nitschke, Club Photographer, and Gerry Mueller, Publicity and Legislation Representative.

The club meets the third Sunday of every month. Anyone interested in joining a club is invited to attend the meetings.

Indians Bow to Huskies, 76-67

JUNIOR CENTER Ted Anderson No. 42 being heavily guarded as he tries for two in the Indians January 13th contest with New Holstein in which they were defeated, 76-67.

(Chuck Voge Photo)

After showing improved play the past few games, the Kewaskum boys basketball team regressed and did not play very well in a game last Wednesday, Jan. 13, against New Holstein. The Huskies took a 17 - 11

lead after the first quarter and were never threatened again.

The lead was as much as 26 points in the fourth quarter when both teams emptied their benches with 4:30 remaining. Kewaskum's reserves did a fine

job as they cut the margin of victory to 9 points.

Kewaskum was led in scoring by Eric Pearson while Mike Coulter pulled down 8 rebounds. Final score Kewaskum 67, New Holstein 76.

Indians Lose to Chilton, 69-50

Last Friday night the Kewaskum boys traveled to Chilton to take on the Tigers. Chilton, last year's state class B champions, are having a surprising year this year as they are currently in second place with a 4-1 record. The Tigers continued their winning ways Friday night with a 69-50 win over the struggling Indians.

Kewaskum started slow again by only scoring 6 points in the first quarter. Chilton used a 2-3 zone defense to contain the taller Indians, while Dean Schmitz a 6'3" forward was scoring 7 points for a 16-6 first

quarter lead.

Kewaskum played Chilton even the second quarter and found themselves down at half by 31-19.

The third quarter saw the Indians outscore the tigers by 3 with Greg Dean coming in to hit some much needed outside shots. Greg, after missing his first 2 shots of the game, hit his next 5 in a row for a season high 10 points.

The fourth quarter saw Chilton come out of its' zone defense and apply full court pressure. The move proved to be a good one as Kewaskum turned the ball over several times to allow the Tigers to build a 20 point lead and secure the victory.

Kewaskum was led by Mike Coulter, Joel Fleury, and Greg Dean with 16, 10, and 10 points respectively. Joel Fleury led the Indians in rebounding with 7 while Mike Coulter presently leads the conference in rebounding with 42 and is 7th in scoring with an 18 point average.

Chilton won over the Kewaskum JVs 54 to 45 and also won over the freshmen 54 to 43.
